Wholesale Bulb, Seed and Plant Catalogue

Autumn of Nineteen Hundred and Thirteen

These Prices are for Florists and Dealers Only

ONCE more, with the arrival of the Fall Bulb Season we present our Wholesale Catalogue and respectfully solicit the orders of all particular buyers. We list herein an excellent line of Bulbs of every kind, so that Florists and Dealers can secure a wide range in variety and color, all of which, in their respective classes, will give abundant satisfaction.

Our Wide Experience enables us to secure for Florists and Dealers the very best quality of Bulbs, which we import direct from the most careful and experienced growers in Holland. Our French and Bermuda bulbs are selected with the greatest care.

Our Trade continues to grow steadily each year, thus showing that we are caring for the wants of our customers satisfactorily. Florists and Dealers who once use VICK QUALITY stock seldom after risk their success by purchasing elsewhere.

Our Prices are very reasonable for the quality of stock we offer. By reason of the immense quantity we import, we are able to offer the highest quality of stock at low prices.

Our Terms are liberal. To parties of approved credit we allow 60 days time, or 2 per cent. discount if paid in 10 days from date of invoice, or 3 per cent. if cash is sent with order. Orders from new or unknown customers should be accompanied by cash; or, if credit is desired, satisfactory reference. No goods will be sent C. O. D. unless a partial remittance is made as a guarantee that goods will be accepted. *These prices are subject to change without notice.*

Our Facilities are unsurpassed. With splendid freight and express accommodations we can handle orders rapidly. Nine railroads enter Rochester, whose numerous fast freight and express trains enable customers to secure their shipments promptly. Seeds, Bulbs and Plants are entitled to a special express rate which enables customers to save from 20 to 50 per cent. of the regular express charges.

At prices here quoted we deliver all goods to the freight or express companies in Rochester, with no charges for boxes, packing or carting. With our excellent equipment for shipping we can be depended upon to send out bulbs in good condition; after that our responsibility ceases.

Special Notice. Customers should give on every order, full name, postoffice, freight or express station, county and State; and also advise whether goods are wanted by express or freight. In the absence of such instructions we will ship according to our best judgment, but will not be responsible for the consequences. WE USUALLY SHIP BY EXPRESS, believing that course to be safer and more satisfactory. But sometimes, in the absence of instructions, we ship by freight, especially in cases of heavy shipments, to points easily reached. We have no fixed rule, however, and advise that customers give their preference.

A Final Request. Customers should advise whether they desire the varieties shipped when ready, or the entire order held until it can be shipped together. If not advised, we will ship when each kind of bulb is ready. The early Bulbs—Roman Hyacinths, Paper White Narcissus, Freesias, Candidum, Harrisii and Calla Lilies—can be furnished at once; nearly all of these have already arrived. Hyacinths, Tulips, Crocus, etc., in September, while Lilies of the Valley and nearly all other hardy Lilies cannot be shipped until late in October or November.

Lilium Harrisii (True Bermuda Easter Lily)

Invaluable for florists. Can be forced into bloom by Christmas. Our stock comes direct from one of the best growers in Bermuda, to whom we pay special prices to secure extra good bulbs. Our stock this year is the best in appearance we have seen in a long time.

9-11 inches, per dozen, \$8.75; per 100, \$23.00.

7-9 inches, per dozen, \$1.35; per 100, \$8.75.

BULBS FOR FORCING

Not less than six Bulbs of a kind at the dozen price, 25 at the 100, or 250 at the 1000

Early Roman Hyacinths

One of the most popular varieties for florists and gardeners. Can be brought into bloom in November if planted in August, and a succession of blooms can be had the entire winter. Pure White, 12 to 15 centimetres ($4\frac{3}{4}$ to $5\frac{3}{4}$ inches). Per dozen, 50 cents; per 100, \$3.00; per 1000, \$29.00. Pink, per dozen, 35 cents; per 100, \$2.25. Blue, per dozen, 40 cents; per 100, \$2.50.

Narcissus, Paper White Grandifloros

Superior in every way to the ordinary Paper White. Very popular for forcing. Can be brought into flower in about 30 to 40 days. Will do well in ordinary house temperature and with no special care. For growing in shallow dishes in pebbles and water they are superior to the Chinese Lilies. Flowers are larger, more attractive in color and possess a more pleasing fragrance. Pure White, 13 centimetres or over, per dozen, 25 cents; per 100, \$1.10. per 1000, \$8.75.

Double Roman Narcissus

One of the best varieties for forcing. Flowers white, with yellow centers. Deliciously fragrant. Per dozen 20 cents; per 100, \$1.25; per 1000, \$10.00.

Freesia Refracta Alba

A very valuable and desirable bulbous plant for forcing, rapidly gaining in favor. Each spike bears from five to eight flowers which last a long time after being cut. The flowers are pure white, with a touch of yellow at the inner base, and delightfully fragrant.

Extra large size bulbs, ($\frac{3}{4}$ inch and up). Per dozen, 25 cents; per 100, \$1.25; per 1000, \$10.00
First size bulbs ($\frac{1}{2}$ to $\frac{3}{8}$ inch). Per dozen, 20 cents; per 100, 90 cents; per 1000, \$7.50.

Freesia Purity

The finest strain grown. First size; per dozen, 35 cents; per 100, \$1.50.

Extra choice; per dozen, 40 cents; per 100, \$2.00.

Lilium Longiflorum or Japanese Easter Lily

This magnificent lily is a great favorite both for forcing and outdoor planting. It resembles *L. Harrisii* in color and shape, and while it cannot be brought into flower as early as *Harrisii*, it is a great favorite to follow *Harrisii*. Flowers are pure white, trumpet shape and exquisitely fragrant. We offer only the best imported stock.

Price, 7 to 9 inches, extra selected, per dozen, \$0.90; per 100, \$6.00; per 1000, \$55.00.

First quality, per dozen, 75 cents; per 100, \$5.00; per 1000, \$48.00.

Lilium Longiflorum Formosum

Strong healthy bulbs, peculiarly unsusceptible to disease. Forces readily. Free bloomer. Especially recommended for florists. A growing favorite.

6 to 8 inches, per dozen, 60 cents; per 100, \$5.00; per 1000, \$45.00.

7 to 9 inches, per dozen, \$1.25; per 100, \$7.00; per 1000, \$65.00.

Lilium Longiflorum Multiflorum

7 to 9 inches; per dozen, 85 cents; per 100, \$5.75; per 1000, \$50.00.

Lilium Giganteum

Extra fine. Very popular. 7 to 9 inches; per dozen, 90 cents; per 100, \$6.00.

Lilium Candidum

This variety is sometimes called the Annunciation Lily, or Madonna Lily. Good for forcing, also used for outdoor planting. Its snowy white flowers are borne aloft by long, slender stems. Unsurpassed in stateliness and beauty.

Choice selected bulbs, per dozen, 60 cents; per hundred, \$4.50; per thousand, \$40.00.

**Vick's Extra Selected 'Lilies of the Valley
Are the most Profitable Kind for Florists**

Best imported. Will force quickly and flower abundantly. Pips ready in November.

Vick's extra selected Berlin, per dozen, 25 cents; per hundred, \$1.60; per thousand, \$15.00

Vick's extra selected Hamburg, per dozen, 25 cents; per hundred, \$1.50; per thousand, \$13.00

Do not be persuaded to buy a cheap grade of lilies by a few cents difference in price.

HYACINTHS

First Size Bulbs, Especially Selected for Our Trade

THE growers from whom we import our Hyacinths are famous as Hyacinth specialists all over the world; Our instructions to them are to send us bulbs which are free from disease, true to name, of good size, well cured,—in short, bulbs of best quality regardless of price. And yet you will not find very much difference between our prices to you and those of most other catalogue concerns, because we are apparently selling our bulbs on a closer margin of profit. We import more bulbs into Rochester than all the other Seedsmen, Nurserymen and Florists combined. Already we have had a number of letters from former customers advising us that they intend to increase their orders this year,—all because we endeavor to furnish “The best the earth produces.” The quality will be remembered when the price has been forgotten.

6 at dozen rate, 25 at hundred rate.

Where less than 6 are ordered, 8 cents each

LATE VARIETIES

While there has been a rapid increase in the popularity of all kinds of bulbs during the last few years, among no other classes have there been such an increase in demand as for the Late Flowering kinds. We are devoting considerable attention to these various classes and recommend them to the careful consideration of gardeners, florists and dealers.

Vick's Superfine Strain Darwin Tulips

Too much praise cannot be given to this new Late Flowering class, which excel in brilliancy of colors and perfection of flowers. They are very robust and will grow anywhere and produce splendid results. While they are especially adapted for outdoor growing, they can be grown for cut flowers under glass if forced slowly. We recommend these named varieties as our selection of over fifty kinds.

Late or May Flowering Tulips

During the last few years there has been an immense sale on many of these varieties. They surpass the earlier kinds for outdoor growing because of their length of stems. Many of them have large, open flowers, while others, especially the so-called "Botanical Tulips," though small, are exquisitely beautiful.

Scillas

The Scilla is the brightest prettiest and hardiest of the early spring flowers. When the Croci are in bloom the little modest Scilla Sibirica may be seen throwing up a little cluster of flowers of the most intense blue imaginable. The *S. alba* should not be missed wherever the blue variety is planted; either in design or mixed, the effect is most striking. No bulb is more hardy or more competent to take care of itself.

Amœna (*Siberica*) bright intense blue, per dozen, 20 cents; per hundred, 85 cents; per thousand, \$7.50.
Præcox alba, pure white, per dozen, 20 cents; per hundred, \$1.00; per thousand, \$8.00.

Sparaxis

A very distinct and interesting group.

The mixture is conspicuous by the brilliant colors, almost every shade of crimson, scarlet and white being found.

Fine mixed, per dozen, 10 cents; per hundred, 50 cents; per thousand, \$3.75.

Ornithogalum Arabicum

When grown in the garden they make an interesting and pretty sight. They also make an elegant greenhouse or window decoration, and florists grow them largely for their value as cut flowers. Being robust and hardy the bloom remains perfect for many weeks. Per dozen 25 cents; per 100, \$1.50; per 1000, \$12.00.

PLANTS AND BULBS

LIMITED SPACE does not permit us to enumerate our entire list of Plants and Bulbs. Prices on other varieties will be furnished on request. It is our aim to offer the best stocks obtainable—strong, true to name, and free from disease and insects. We prefer to furnish the Best, not the Cheapest. No charge for packing. Unless so requested, we never ship plants by freight. To insure safe packing, greenhouse plants are always removed from the pots.
