SUBJECT: Use of APO Facilitie's by Missionaries

TO : Commanding Officer, Nagasaki Mil Govt Team, APO 24-5

1. Reference:

a. Letter, GHQ, FEC, Office of the Postal Officer, dated 25 January 1949, Subject: Memorandum to - Religious Missionaries who are authorized to use APO Facilitie's.

2. The Missionairies in your prefecture have in the past and are continuing to overburden the limited message center facilitie's of this headquarters and the periodical courier service between this and your headquarters. The continual bogging down of the limited space and personnel arrangements of this headquarters and the couriers has long been a bone of contention. Great volumes of boxes and packages continue to arrive at this headquarters destined for Nagasaki despite repeated requests that the Nagasaki Missionairies change their mailing address to APO 24 Unit 3. It is pointed out that this headquarters is reduced in strength to 6 EM, one of which of necessity handles the 8000 pieces of official correspondance passing to and from this headquarters each month in addition to handling the personal mail and packages for this headquarters, Fukuoka Mil Govt Team, Saga Mil Govt Team and for your headquarters. Further, this EM makes all the rounds of the local APO's in the area, units in the area, RTO and assists the 7 Team couriers arriving and departing to and from this headquarters.

3. From time to time, packages and boxes addressed to missionaries of Nagasaki Prefecture arrive at this headquarters with the containers broken and/or damaged and must be re-packed and re-wrapped. This has been done in the past as a courteousy without mention being made of the time it has taken.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Ltr, Kyushu Mil Govt Region, dtd 10 June 1949, subj: "Use of APO Facilitie's by Missionaries", cont'd

4. Several violation's of postal regulations has been noticed. Canned goods has been sent through the mail to Missionaries. This is a violation of postal regulations. Huge boxes of clothing have been sent and addressed to a specific individual. All of this clothing could not possibly be used by one individual so it is assumed that the clothing was sent for distribution. This is also a violation of postal regulations in that clothing sent over here for redistribution must be sent to Welfare agencies and not to specific individuals.

5. In that the Nagasaki Missionaries have failed to change their address to APO 24 Unit 3 as requested and considering the fact that they have flagrantly continued to bog down this and your headquarters without regard to the honest effort that was being expended despite serious personnel and space shortages, this headquarters has informed the Postal Officer and personnel of APO 24 Unit 5 (Formerly APO 929) that boxes and packages for Nagasaki Missionaries will no longer be accepted under any circumstances.

6. It is requested that you inform said missionaries that APO 24 Unit 3 will from now on be their mailing address for all boxes and/or packages of any type and description.

1. Attached as inclosure #1 is ltr, APO 929 Postal Unit, dated 31 December 1948, subject: "Postal Memorandum #28, 1948".

2. The attached inclosure is an indication that missionaries located on Kyushu are again imposing upon the mail facilities of the Occupation Forces and placing an undue burden and unnecessary responsibility on Military Government mail clerks and couriers.

3. It is pointed out that all mail facilities operated by Military Government were withdrawn from the missionaries in the summer of 1947. At that time, missionaries were informed that mail and packages would no longer be handled by Military Government. This was due to overburdening of Military Government mail facilities by numerous boxes and packages of all sizes and weights. All missionaries should be informed that their mail and packages must be handled by agencies other than Military Government and it is suggested that the international mail facilities be their source of mail contact and delivery.

31 December 1948

SUBJECT: Postal Memorandum # 28, 1948

TO : Theater Postal Officer, GHQ, FEC, APO 500

THROUGH: Command Postal Officer, Fifth Air Force, APO 710

1. Reference subject postal memorandum, your headquarters, dated 30 November 1948, the following situation has arisen at this APO:

a. Missionaries located on the Island of Kyushu are numerous and well scattered throughout the island. Most of these missionaries have been securing their mail through the various military government teams and detachments thereof on Kyushu. These teams were formerly served by APO 929 and are presently partially served by various units of APO 24. The military government teams concerned secure their mail from the APOs by means of soldier couriers who, perforce, must either travel by local railroads or by whatever motor vehicle transportation is available. Complaint has been received that the bulk of the mail being received by the missionaries consists of canned food packages which are heavy and bulky. Because of their weight and size these parcels, in addition to the ordinary load of military mail causes an unusual load on the part of the courier being guarded. While it is not felt that the missionaries should be deprived of receiving packages of this nature, it is felt that the heavier parcels should be mailed from the United States through international mails rather than through the domestic service.

b. While Circular specifically states that names of missionaries, not US citizens, who have heretofore been authorized the use of APO facilities, will be furnished to Postal Officers of APOs concerned, such lists have not been forthcoming to date.

c. Missionaries either have not been oriented on the use of change of address cards or they ignore their use completely. To date, no missionary has ever supplied this APO with a proper address card nor has any missionary ever called at this APO to render a proper address. Mail from the United States is usually improperly addressed to the missionary, showing only the missionary's name at the number of the APO, not giving any organization where the mail is to be delivered. This lack of a proper address usually causes considerable delay in delivery and complaing on the part of the addressee.

d. Complaint has also been received from various MG teams that missionaries are failing to call at the organization at frequent intervals for their mail. This failure not only

overtaxes mail room facilities but also places the additional burden of safeguarding this mail over considerable periods of time.

2. The above complaints are but a few of the more general complaints being received. In view of the situation, it is requested that, if APOs are to continue to serve the missions, a more definite policy be set by higher headquarters and that closer liaison between higher headquarters and the heads of the various missions be maintained. Orientation of the missionaries as to the proper use of APO facilities should be published and made available to all missionaries and especially to newly arriving missionaries who are not fully acquainted with proper postal procedure.
