## MAY RETAIN HIS SEAT IN HOUSE

**HON. F. D. MONK NOT LIKELY TO GO ON BENCH**

**Tired of Wearisome Load and Disagrees With Colleagues on Naval Question**

Ottawa, Oct. 18.—That the resignation of Hon. F. D. Monk is now in the hands of Premier Borden and that it will shortly go into effect is practically certain. The probable early retirement of the Minister of Public Works has been the subject of much speculation in the capital, and while there is a general agreement to the effect that he will cease to be a minister, there is nothing definite as to just when the resignation will go into effect.

The reason for Mr. Monk's retirement from the cabinet is that he believes the government should submit its emergency naval proposals to a plebiscite of the members of the cabinet are opposed to such a proposal, Mr. Monk will seek retirement.

The general impression is that the minister will not accept a place on the bench, but will retain his seat in parliament. Apart from his disagreement with the majority of his colleagues on the navy question, it can be safely stated that Mr. Monk has never been enamored with his position as Minister of public works. A man of fine scholastic attainments and a student, he has found the burden of detail of the department of public works a wearisome load which he will not be sorry to lay down.

The cabinet council met yesterday afternoon and again last evening. There was no announcement as to the date of the opening of parliament, but it was definitely stated that the House would open November 21, the announcement being delayed until to-day.

The impression is growing that Hon. W. B. Xantus, minister of inland revenue, will not follow Mr. Monk's example, but will stick to his post. Hon. I. P. Pelletier, postmaster-general, has already intimated that he will remain in the government. T. L. Marchall, K. C., of Montreal, is almost certain to enter the cabinet on the formal retirement of Mr. Monk. Louis Coderre, Conservative member for Hochelaga, will resign in order to provide Mr. Marchall with a seat.

**WILL NOT VISIT CANADA.**

Ottawa, Oct. 18.—The proposed visit to Canada of the Rt. Hon. Winston Churchill, First Lord of the Admiralty, has apparently been abandoned. It is known here that Mr. Churchill is not coming, unless unofficially, and that in view of the present European situation, it is improbable.

**CANADIAN CRUISERS.**

Admiralty Invites Petty Officers and Men to Volunteer for Service.

London, Oct. 18.—It is understood that the Admiralty has invited twenty petty officers and men on active duty to volunteer for the Canadian navy cruisers, Niobe and Rainbow, which are expected here next month. The men will be drawn from the Chatham port division.

**MAY FORM NEW ANGLICAN SYNOD**

Conference to Discuss Proposal to Create Ecclesiastical Province of Ontario

Montreal, Oct. 18.—The twenty-first session of the provincial synod of Canada (Church of England) convened in this city yesterday and was opened with a sermon delivered by the Lord Bishop of Huron in Christ Church cathedral. At the conclusion of the religious services the delegates adjourned to synod hall for the first of the business sessions. The meeting is regarded as the most important that the provincial synod has held in years. Before final adjournment it is taken it is expected that definite action will have been taken for the formal division of the province into two metropolitan sees. At the present time the provincial synod embraces all of Canada from the Atlantic to Manitoba. The growth of the church and the consequent increase in the amount of work now called for a division into two synods. In the opinion of the church leaders, it is proposed to create a new ecclesiastical province of Ontario, to embrace the dioceses of Toronto, Huron, Ont., Niagara, Algoma and Ottawa. This would leave to comprise the dioceses of Nova Scotia, Quebec, Montreal and Fredericton. The division would necessitate the appointment of a new archbishop for the Atlantic and the consequent increase in the amount of work now called for a division into two synods.

The present Bishop of Quebec, being the senior prelate, is prominently mentioned for the position.

## BLAMES MERCHANTS FOR CAR SHORTAGE

**RAILWAY OFFICIAL ON SITUATION IN WEST**

**Declares Consignees Cause Trouble by Delay in Unloading Merchandise**

Winnipeg, Oct. 18.—If Western Canada experiences a car shortage this year the railway companies will not be to blame, as the merchants of Winnipeg alone at the present time are detaining cars which would carry nearly 200,000 bushels of wheat, while other cities of the west are in the same position.

Such is the statement made by a railway official. The railroads, he says, are trying to cope with the great demand for cars for grain shipments, but to a large extent their efforts are hampered by the action of merchants, who will not release the cars consigned to them, although the railroads are continually urging action on the merchants' part.

In the Winnipeg terminals the trouble is most acute, as there are so many cars on the sidings with merchandise that it is interfering with the traffic of empty cars westward. One of the most surprising acts is that the alleged culprits are some of the principal firms in this city. Knowing that the railroads are in need of these cars they still keep them loaded with their own merchandise, it is said, and on several occasions the railway companies have been compelled to haul the cars out to allow others in and afterwards have had to put them back for the consignees to unload.

Some of these cars have been there since the 19th of last month, while a few were on the sidings before that date. Cars which were placed at the consignees' disposal between the 25th of last month and 3rd of this month are numerous.

The loss of cars for grain traffic is severe, for each of these cars would carry 1,000 bushels of grain. At the present time there are over 173 cars being delayed in the terminals of Winnipeg because of the merchants not emptying their cars. This means that the railroads could move nearly 200,000 bushels of grain immediately if the merchants would release the cars standing in Winnipeg alone. This extra amount of wheat would greatly facilitate the handling of the crops at a later date.

Not only is car detention prevalent in Winnipeg but in all the cities of the west in a lesser degree. The railway companies are allowed to charge \$1 a day demurrage on each car. In the hope of getting the merchants to unload their merchandise the car service bureau is very active at the present moment in assessing and collecting this demurrage money, but the merchants seem willing to pay their \$1 a day as long as the cars remain on their sidings for a short time longer.

The Edmonton industrial bureau realizes this and at a meeting held the other day it was suggested that the railway companies increase the demurrage rate from \$1 to \$5 a day per car so as to force the merchants to release them.

This condition is prevalent to a certain extent across the line, and the other day the head of a large firm which has several branches, appealed to the business community to release railway cars as soon as possible to avoid a shortage in the States.

**GIVEN LIFE IMPRISONMENT.**

Sentence Passed on Indian Who Killed Mounted Policeman.

Calgary, Alta., Oct. 18.—Life imprisonment was the sentence imposed yesterday upon Jim Ham, an Indian, who was found guilty of killing Francis Davis, a member of the R. N. W. M. P., near Bassano, on June 2, last. The jury was out less than an hour and found the defendant guilty of manslaughter.

**LAKE NAVIGATION.**

Toronto, Oct. 17.—The Dominion government will be asked by steamship companies to keep the waterways open this year as long after the usual date of closing for the season as safety will permit. The regular date for closing is November 30, but with the harvest nearly a month later than usual, serious freight congestion is feared. This condition, however, would be relieved if the steamship freight lines are enabled to operate for several weeks after the regular close of the season.

**INDUSTRIAL FATALITIES.**

Ottawa, Oct. 18.—Industrial accident figures for September for the Dominion, show that 89 workmen were killed and 419 injured, a total of 508. Compared with the record for August, this is an increase of one fatal accident and 114 non-fatal accidents. The trades and industries in which the greatest number of accidents occurred, were: Steam railways service, in which there were 24 fatal and 123 non-fatal; metal trades, with three killed and 78 injured; mining, with 18 killed and 42 injured; and the building trade, with 10 killed and 23 injured.

## HAS ADVANTAGE OVER GERMANY

**GREAT BRITAIN READY FOR ANY EMERGENCY**

**British Naval Architect Says the Germans Are Struggling Under Burden of Taxation**

Vancouver, Oct. 18.—George Sharer, one of the four most famous British naval architects and assistant constructor and designer of H. M. S. Conqueror, Great Britain's greatest and latest dreadnought, in company with his brother, Edmund Sharer, who is also a prominent figure in the shipbuilding across the Atlantic, arrived in Vancouver yesterday. The Sharer brothers, who come from Glasgow, Scotland, are the sons of Great Britain's most famous shipbuilder, and for many years have been managers of Beardmore yards on the Clyde, the scene of the birth of many an ocean leviathan.

Asked last evening if the present trip was for the purpose of "inspecting the Canadian navy," George Sharer laughingly remarked that while his presence in Canada was in the nature of a pleasure trip only, he would be glad to make use of any valuable features that might happen to be incorporated in the makeup of the Niobe or the Rainbow.

Questioned on the possibility of war between Great Britain and Germany, Mr. Sharer stated that he was not qualified in his position to express an expert opinion on the question. It was universally admitted, however, that there was something behind the action of the powers in providing for additional armament. Great Britain was thoroughly prepared for any emergency and would be ready to contest the last ditch for the title of supremacy on the seas.

In the event of war being declared, Mr. Sharer's opinion was that Great Britain would hold a tremendous advantage over Germany from a financial standpoint. The latter country was staggering under a load of taxation at present which the people were scarcely able to bear, dissatisfaction was rife, and political unrest was being supplemented to the unsettled state of national affairs.

In England, on the other hand, the country was never more prosperous; labor troubles, which had loomed large at the beginning of the year, had now been satisfactorily settled, while political differences and suffragette riots were on the ebb. The English people were not overtaxed in order to provide naval armament as were the Germans, and consequently no particular dissatisfaction was being directed against the government in this regard.

"One can scarcely conceive the terrible disaster of a war between two great nations such as Great Britain and Germany," said Mr. Sharer, "taking into consideration the enormous character of modern fighting craft and the terrible destructive force of naval guns, the loss of life and the demolition of property would be almost incalculable. The Conqueror, for instance, had a displacement of approximately 22,500 tons, carrying ten 13.5-inch guns and 16 6-inch guns. The armorplate used on this ship is 12 inches thick. It is easy to imagine

## RAIN AND SNOW ON THE PRAIRIES

**Inclement Weather Has Forced Farmers to Stop Threshing Operations**

Winnipeg, Oct. 18.—Snow and rain over many parts of the three prairie provinces have put a stop to threshing operations. An unusually long spell of fine weather for this month has enabled farmers to catch up a great deal of ground lost through inclement conditions in September, but fine weather for the balance of the month is badly needed if threshing is to be anywhere near completed before winter.

## WILL BE SENT BACK TO CANADA

**Two Brothers, Accused of Fraud, Bound Over Providing They Leave England**

London, Oct. 18.—William Baker, director of the Barnados homes, told the Imperial Trade Commission that he strongly favored the emigration of children about seven years of age, so they might grow up Canadians from childhood. Canada offered children better conditions than South Africa or Australia, he said, and could absorb all they could send.

The light in which some people regard Canada as an emigration field is shown by an incident yesterday at the petty sessions at Wakefield, Yorkshire. Two brothers charged with fraud were bound over on the understanding that their uncle would send them back to Canada, whence they came. "It was the best way to get rid of the two young fools," the magistrate said, and hoped the prisoners would be carted off to Canada immediately, for it would be better for England.

## COL. ROOSEVELT'S CONDITION.

Doctors Report His Convalescence is Progressing Rapidly.

Chicago, Oct. 18.—The following bulletin was issued by Col. Roosevelt's surgeons at 9:30 a.m.:

"Pulse 85; temperature 98.4, respiration 18, pain in chest diminished. Breathing freer. General condition so good that he will be allowed to sit up for an hour to-day. His convalescence is progressing favorably and unless some latent infection manifests itself this progress should be rapid."

It is said the colonel now suffers no pain because of the pressure of the bullet against his fractured rib. The rib itself is believed to be mending rapidly.

When he awoke this morning the colonel wondered whether the attending physicians would decide to remove the bullet. He said if it was extracted he would have it gilded and made into a pocket piece.

## COMPLETES TRIP ACROSS CANADA

**AUTO DRIVER REACHES SHORE OF PACIFIC**

**Thomas Wilby Entertained at Alberni at End of Long Journey**

Alberni, Oct. 17.—With P. Bannerman and C. Mellor, of Victoria, leading the way in a Cadillac car, Thomas Wilby, the transcontinental pathfinder, reached here at 1 o'clock yesterday, and amid the cheers of the assembled people brought up his Reo car before the first post in the Canadian highway. A start was made from Nanaimo yesterday morning after the mayors, Mrs. Shaw, had presented Wilby with a Nanaimo pennant, and had fastened it to the bonnet of the automobile.

The last stage of the long journey was accomplished without mishap. At the first post Mr. Wilby was met by J. F. Bledsoe and J. R. Motion, president of the board of trade. Both gentlemen spoke a few words of welcome, and three cheers were given for the intrepid motorist and for the Canadian highway. After the ceremony of welcome Mr. Wilby drove his car down to the water and dipped his wheels in the Pacific. He then took a flask full of Atlantic water from his pocket and solemnly poured half into the sea, filling the flask up afterwards with Pacific water. Later the party was entertained by the Alberni board of trade at a luncheon in the Alberni hotel.

## THREE KILLED ON RAILWAY.

Massillon, Ohio, Oct. 18.—Three persons were killed and three injured, one fatally, near Harmon last night, when the party they constituted was run down by a Wheeling and Lake Erie train. The dead are John Abel, 28 years of age; Marc Smith, 16; and Mrs. Lena Smith, 27. Mrs. Grace Abel, one of the injured, suffered the loss of both legs and she will die.

## TORONTO FINANCIER DEAD.

Toronto, Oct. 18.—P. H. Burton, a director of the Northern Crown Bank, died yesterday after a short illness, aged 73 years. He was born in London, England, coming first to Brockhill and later engaging in business in Montreal and Toronto.

## ACCUSED OF LIBEL.

Portland, Ore., Oct. 18.—Indictments have been returned by the Multnomah county grand jury against the group of alleged Socialists admitting responsibility for writing, printing and circulating a vile pamphlet defaming Theodore Roosevelt and his family, while he was in Portland recently on his presidential campaign. All the men who signed the pamphlet have been embraced in the indictment and two others not joining in this committee work but charged with complicity are also named by the grand jury.

Arrests are being made on the warrants issued upon the indictments and the Socialists involved declare that all of their people who are charged will come forth and stand trial for criminal libel and slander.

## BULGARIANS AND TURKS ADVANCING

**BATTLE PROBABLE IN MOUNTAIN PASS**

**Report That the Montenegrin Army Has Suffered Severe Defeat**

London, Oct. 18.—Turkish and Bulgarian forces are both advancing today, and it is thought probable they may meet somewhere in the vicinity of Mustapha Pasha, one of the few passes through the mountains leading from Bulgaria to Macedonia. At the same time the Serbian army is on the way to Uskup, where another big battle is expected.

The report reached here from Vienna that the Montenegrin army suffered a bad defeat at Podgoritza on Montenegrin territory to-day.

Military authorities express the belief that the Montenegrins have been checked both to the north and south of Lake Scutari, or that they have found it necessary to give their men rest after the hard and continuous fighting since the outbreak of hostilities.

It is also likely that the delay in their advance has been necessary because of lack of ammunition and provisions which the primitive transport of the Montenegrin troops has been unable to keep up to the requirement of the army in the field.

Notification that Bulgaria, Serbia and Greece had declared war against Turkey was given to the British foreign office to-day by representatives of those countries. They handed the foreign secretary copies of the notes which had been dispatched to Constantinople.

The only formally new lacking is the declaration of war by Turkey against Greece.

The whole of the Turkish garrison of Berana, consisting of 4,000 regulars and 3,000 bashibazouks (irregulars) took flight in the night before the capture of the town by the Montenegrins, according to an official dispatch from Cetinje. The Montenegrins pursued them and took several hundred prisoners and three field guns.

Greece Declares War.

Athens, Oct. 18.—Greece, not wishing to detach herself from her allies, sent instructions yesterday to the minister at Constantinople to communicate a declaration of war to the Porte, Greece, at the same time sending a fraternal greeting to the allied states.

Serbia was the first of three states to declare war. Last night Bulgaria followed with a similar declaration.

Serbia's Declaration.

Belgrade, Oct. 18.—War against Turkey was formally declared last night by the Serbian government. The declaration was transmitted to the Serbian minister at Constantinople with instructions to present it to the Porte to-day. The minister will leave immediately for Belgrade. The great powers will receive notification of Serbia's declaration to-day.

King Ferdinand's Proclamation.

Sofia, Oct. 18.—A striking proclamation to the Bulgarian nation has been issued by King Ferdinand. In it he recounts the suffering of Macedonian Christians and efforts of European powers to obtain better treatment for them, and finally says he has called his people to arms only after the patience of the Balkan nations had been exhausted.

The proclamation opens with reference to King Ferdinand's peaceful reign of 25 years, and says he "hoped that it would have so continued, but Providence judged otherwise. The moment has come when the Bulgarian race is called upon to renounce definite peace and to have recourse to arms for the solution of the great problem beyond the Rilo and Rhodope mountains, where our brothers in blood and religion have not been able until this day, thirty-five years after our liberation, to obtain conditions of life that are bearable.

"The tears of the Balkan states and the groaning of millions of Christians could not but stir our hearts and the hearts of our co-religionists.

"Our love of peace is now exhausted. To succor the Christian population of Turkey there remains to us no other means than to turn to arms. Our work is just, a great and a sacred one. With faith in the protection and support of the Almighty, I bring to the cognizance of the Bulgarian nation that this is a war for human rights.

"I order the brave Bulgarian army to march on Turkish territory.

"Forward, my God be with you.

To-day special services are being held in all churches in the kingdom for the success of the Bulgarian army. The Queen, ministers and other dignitaries were among the large congregations at the cathedral when a "Te Deum" was sung.

The government has ordered the Bulgarian minister to Constantinople to communicate the foregoing note to the Ottoman government. The Bulgarian minister at Constantinople also has been ordered to inform the Porte when he presents the note that Bulgaria considers herself at war with Turkey and his mission has concluded. He is to leave Constantinople at the earliest moment.

Turks retreating in Bulgaria who wish to leave the country may do so, while the Bulgarians advance.

## ACCUSE MAGISTRATE OF CONSPIRACY

**OUTCOME OF MACDONALD ELECTION CASES**

**Liberals Will Bring Action Before Manitoba Court of Appeals**

Winnipeg, Oct. 18.—Liberals to-day served papers on Magistrate Alexander McMillen, of the provincial police court, in an action to be brought before the Court of Appeals charging him with conspiracy to defeat the ends of justice in connection with the Macdonald election cases. This is a unique case in Canada, and conviction means imprisonment. The Liberals have many affidavits to support their charge.

This is the first of many startling developments in connection with this bye-election.

Charge Dismissed.

Morden, Man., Oct. 18.—The case against R. J. A. Prince, of Winnipeg, who was arrested at Cardinal a week ago in connection with the Macdonald election, was dismissed here yesterday by the magistrates. In dismissing the case the magistrate stated emphatically that the young man should not have been arrested at all, and that it was time to put a stop to such proceedings. Prince is a Liberal.

## GUARDING GOVERNOR JOHNSON.

Chicago, Oct. 18.—Twenty-five policemen escorted Governor Hiram W. Johnson from the Grand Central railway station to-day to his hotel. The large guard was ordered by Chief of Police McSweeney as a result of the attempt to assassinate Col. Roosevelt. Chief McSweeney said no chances would be taken of a similar attack on the colonel's running mate.

The governor intended to rest during the morning, deliver a noon address in a downtown theatre, hold conferences with Col. Roosevelt and the Progressive managers this afternoon and speak in South Chicago to-night.

## WILL GIVE UP RACING.

Report That King George Will Dispose of His Horses.

London, Oct. 18.—King George intends retiring from the turf, according to a statement appearing in the Pall Mall Gazette.

The King, who kept up his father's stable after his death, is said to intend disbanding it as soon as the present racing season is over.

## NEWFOUNDLAND'S GOVERNOR.

London, Oct. 18.—Walter Edward Davidson, C. M. G., who has been governor of the Seychelles since 1904, has been appointed governor and commander-in-chief of Newfoundland in succession to Sir Ralph Williams, who is retiring on February 3 next.

## SEARCH PARTIES ARE REINFORCED

Twenty Constables Taking Part in Hunt for William McLaughlin

Vancouver, Oct. 18.—Posses, which have now been recruited to the number of 20 constables, are to-day systematically exploring the hills to the north-east of De Roche in search of William McLaughlin, the alleged murderer of the two Jaspers and George McNeil.

That the provincial police are not to be permitted to relax their pursuit of the man, who for several days has eluded their vigilance, is made patent in a telegram of instructions from Superintendent Campbell, of Victoria. This telegram was received in the Vancouver offices yesterday, and directs that five additional constables be added to the pursuing force. It is also significant to note that the orders provide for the immediate dispatch to Nicomen of one dozen carbines of .33 calibre. These carbines were, as a matter of fact, shipped last night, while three constables from Yale are joining Senior Constable Gammon's posse to-day.

McLaughlin is an old-timer in the Mission district, and is said to have a complete knowledge of the hills. The country is beset with difficulties for the pursuers, who are alternately travelling on horse and foot as the conditions permit. Information in regard to the manhunt has been meagre in the extreme, the only report received at the provincial headquarters here being that McLaughlin has succeeded in getting away to the hills. Armed with a repeating rifle and plenty of ammunition, it is possible for him to resist on game for a number of weeks, and should he be cornered and show fight, it may be impossible for the police to take him alive.

A photograph of McLaughlin was reported as having been secured by the pursuers.

Vancouver, Oct. 18.—Charged with attempting to murder J. K. Gray by stabbing him in the back Wednesday, Charles Badas yesterday pleaded not guilty. Owing to the fact that Gray is lying dangerously ill in the general hospital the case was adjourned for a week. The trial was adjourned for a week. Late this afternoon the authorities at the

hospital stated that Gray's condition was anything but satisfactory, and that he may die. In this event the charge against Badas will be altered, say the police.

**MEMBERSHIP OF PROTESTANT CHURCH**

Large Increase Since Beginning of Laymen's Missionary Movement

Toronto, Oct. 18.—The comparison of the total Protestant church membership in Canada between the figures at the commencement of the laymen's missionary movement three and a half years ago and the present time, has been made by H. C. Caskey, secretary of the Canadian council of that body. At the commencement of the movement there were nine hundred thousand church members in the Dominion, but now it is estimated that the communicants total nearly 1,100,000. The total number of places of worship, self-sustaining and supported, total 15,000. The figures summarized are as follows:

Church	Places	Members
Anglicans	2,500	185,000
Baptists	1,307	135,000
Congregationalists	159	12,650
Friends	32	1,100
Lutherans	500	100,000
Methodist	5,600	338,000
Presbyterians	4,442	288,000
Other bodies	324	1,000

**HOSPITAL STAFF RESIGNS.**

Prince Albert, Sask., Oct. 18.—The entire staff of the Victoria hospital severed their connection with that institution yesterday when their month's notice expired. Promptly as the old members walked out an almost entire new staff took charge. The new matron, Miss C. L. Shaw, of Hamilton, brought with her two assistants from the east, while the rest are being secured locally and from nearby points. This is the sequel to the recent charges of lack of discipline. An investigation was made and while the board of directors set aside the charges, the entire staff from the matron to the cook, quit because the board would not come out flatfooted with a broad public denial.

**WOMAN DRINKS POISON.**

Trifling Quarrel Over Pet Dog Leads to Suicide.

Seattle, Wash., Oct. 18.—Dependent on account of her inability to effect a reconciliation with her intended husband, Miss Lulu Montgomery, a dressmaker, 27 years of age, ended her life by taking poison in her room at the Haledale hotel, 105 Fourth avenue. Miss Montgomery wrote two notes, one to J. V. Nelson, who lives on the same floor in the Haledale, and the other to the finder of her body. The quarrel which caused the estrangement over two months ago between Miss Montgomery and Nelson is said to have been over a pet Spitz dog owned by the young woman.

**MEXICAN REVOLT IS SPREADING**

F. DIAZ PROCLAIMED PROVISIONAL PRESIDENT

Revolutionists Select Cabinet—Ministers Include Frances de la Barra

Mexico City, Oct. 17.—A crisis has been reached in the affairs of Mexico, and President Madero's administration is at a critical point. The resignation of his cabinet was demanded in the chamber of deputies Wednesday night by Deputy Querindo Moheno, but the president of the chamber refused to permit discussion and the motion will come up again.

With General Felix Diaz, nephew of the ex-president, in undisputed control of Vera Cruz, Mexico's most important seaport, reports have reached here also of new uprisings in various parts of the republic, including the city of Pachuca, only 55 miles from the capital. Besides this the loyalty of the army is questioned.

Doubts as to the specific object of the Diaz revolt were removed when he was proclaimed provisional president by Col. Jose Diaz Ordaz, his cousin, and commander of the Twenty-first Infantry, stationed at Vera Cruz. So far advanced are the plans of Diaz and his supporters that they are said to already have selected a provisional cabinet.

Among those composing it is General Bernardo Reyes, who is now in the military prison of the capital as the result of the failure of an attempted revolution a year ago. He has been named minister of war. Ex-Provisional President Francis de la Barra has been slated for the portfolio of foreign affairs and Alberto Garcia Grandados as minister of the interior, which portfolio he held under de la Barra. The department of communications, according to the rebel plan, is to go to Alberto Toboies Gil, now governor of Jalisco, who, it is said, may formally throw his state into rebellion because of a sharp altercation with President Madero, who recently demanded his resignation.

Commodore Anzuela appears to be the only government officer at Vera Cruz holding against Diaz. His fleet, including the gunboats Bravo and Morelos, the only formidable vessels in the Gulf, are now tied up under rebel banners at the pier. On each of them will be left two guns of heavy calibre, but from each were taken Wednesday the four quick-firing guns which have been added to the battery captured by the rebels.

Commodore Anzuela made efforts to induce captains and crews of the boats to remain loyal, but failing in that he went to the island of Ulua, which is close to the shore, and entered a military prison and there he defied Diaz to come and take him. The town of Pachuca, in the state of Hidalgo, has been added to the list of places taken by Diaz through the action of Francisco Chavez, former chief of the secret service when Felix Diaz was chief of police.

The Mexican government, insisting that Commodore Anzuela is still able to control the gunboats, has ordered him to bombard Vera Cruz, held by General Felix Diaz's rebels. Anarchy has reached such a state in Mexico that the state legislature in an informal message asked federal protection against the "daily growth of the revolt." A similar plea has been sent the legislature by Nichoacan.

**TWO MEN KILLED IN STRIKE RIOT**

Fatal Fight Outside Gates of Smelter Stockade in Nevada

McGill, Nev., Oct. 18.—In a clash yesterday at the gates of the Steptoe Smelter stockade, where sympathizers had gathered, Nick Pappas and George Barnosa, Greeks, were shot and instantly killed. Another Greek was shot through the shoulder.

Warrants have been sworn out charging officers of the Nevada Consolidated Mining Company and the Steptoe Valley Mining Company with the murders. Thirty-five John Doe warrants also have been issued.

The dead men are members of a party of two or three hundred foreigners who met the train from Ely and marched toward the office of the smelting company. The crowd was halted near the office by mounted deputy sheriffs. The shooting took place near one of the gates to the smelter enclosure. Sheriff Crain declares that the shooting was not done by his deputies.

C. L. Spiegel, acting for the Ely Central Labor League, swore to warrants charging C. B. Lakeman, general manager of the Nevada Consolidated and C. V. Jenkins, business manager of the Steptoe Company and 35 others, names unknown, with murder or accessories.

Martial law was proclaimed in the Ely district yesterday by Governor Odde.

Until the state police arrive the force of deputies will be relied upon to preserve order. Governor Odde has stated that he will insist on the arrest of Guy Emilius, member of the executive committee of the Western Federation of Miners on the charge of inciting a riot.

**WIFE OF GUNMAN ON WITNESS STAND**

Denies She Gave Evidence in Order to Assist Her Husband

New York, Oct. 18.—The state rested its case yesterday in the trial of Police Lieut. Charles Becker on the charge of instigating the murder of the gambler, Herman Rosenthal.

Justice Goff refused to permit the state to introduce evidence to show that Becker had large sums of money on deposit in local and suburban banks. The state charged that this money was graft, collected from gamblers by Rose and Becker.

Mrs. William Rosenberg, wife of "Lefty Louie," one of the four men charged with shooting Rosenthal, was a witness for the state. The district-attorney's intention to place her on the stand was announced and Becker's counsel made vigorous, but futile attempts to bar her testimony from the records.

Mrs. Rosenberg's testimony was corroborative of a portion of the testimony of "Bald Jack" Rose. She said that Rose had come with Sam Schepes to her home on May 12 to see "Louie" about helping to get bail for Zelig, the gang leader killed the other day, who had just been created on a charge of carrying concealed weapons.

Witness testified that she had been at Rockaway Beach until July 14, and there met "Gyp the Blood," his wife, "Dago Frank," "Whitey" Lewis and others she did not recollect. At her home in Southern Boulevard she had met Jack Rose, Schepes, "Dago Frank," "Gyp the Blood," and "Whitey" Lewis, who was living with her husband and her.

"Where was your husband the night of the murder?" Mr. McIntyre asked in cross-examination.

"I don't know."  
"Where were you?" "At home."  
"Since your husband's arrest have you mentioned in letters that you would testify for the state?" "Yes."  
"Where did you see Schepes?" "In June I saw Jack Rose and him at my house."

"Did you hear any talk between your husband and Schepes that day?" "Yes. They were talking about twenty minutes. Louie was sick in bed and Schepes came to see him with Jack Rose."  
"When did you see Schepes again?" "Never."

Mrs. Rosenberg added on cross-examination that she was not testifying to help her husband or with the hope of his receiving leniency.

Two telephone operators, one at a public station, the other at the apartment house where Becker lived, testified that Becker received a call in the early morning hours of the day of the murder.

Max Margolis, who described himself as a "Hiper" for newspapers, testified that he had known Becker for five months and was present at the so-called "fake" raid made by Becker on Rosenthal's gambling house and saw Becker there. Becker had asked him to enter the house and be ready to swear out affidavits, he said.

On cross-examination Attorney McIntyre forced from Margolis a flat admission that he committed perjury when he swore in his affidavit that he made bets in this poolroom.

Mr. McIntyre asked the court to commit the witness to jail on the ground that he had admitted the commission of perjury. Margolis, however, was excused.

Decision of Suffragettes Results in Secession of Mr. and Mrs. Pethick Lawrence.

London, Oct. 18.—A mass meeting of suffragettes held last night at Albert Hall under the auspices of the women's social and political unions endorsed the policy of exceptional militant methods. This resulted in the secession of Mr. and Mrs. Pethick Lawrence from the union of which in the past they have been the financial heads. Mr. and Mrs. Lawrence said they were unable to approve of the exceptional measure and withdrew from the organization in a friendly manner. Mrs. Pankhurst presided at the meeting. She gratefully thanked Mr. and Mrs. Lawrence for their past support and then exhorted the audience to violent attacks on the sacred idol of property.

**SAWMILL DESTROYED BY FIRE.**

Princeton, Oct. 18.—The mill owned by the Princeton Lumber Company, situated about four miles southeast of Princeton, on the Wolf Creek road, has been burned to the ground. The fire is supposed to have been caused by smoldering remains from the previous day's stoking, and was purely accidental. Some 15,000 feet of lumber were destroyed, the total loss of plant, etc., being a matter as yet of conjecture, since it is presumed the boilers and possibly some of the machinery may be restored to use.

The estimated value of the mill building and machinery was \$12,000. At times from twenty-five to thirty men were employed. In the yard three-quarters of a million feet of merchantable lumber are piled and ready for delivery. There was no insurance.

**HUNT FOR MURDERER.**

Condon, Ore., Oct. 18.—Although searches are out in every direction, no word has been received of the capture of Bob Morgan, who shot and killed Miss Virginia Hart and probably fatally wounded U. T. Crane, who attempted to take his revolver away from him. Morgan is about 30 years old, and it is generally believed that he will not be captured without a fight.

**SEYMOUR NARROWS BRIDGE UNDERTAKING**

G. H. Barnard, M. P., Does Not Think Anything Can Be Done This Year

The city member, G. H. Barnard, M. P., failed to arouse much enthusiasm at the meeting called together yesterday by the citizens' committee to forward the Seymour Narrows bridge project. He did not say much, but he remarked that "Mr. Borden had had business, since the deputation met him in June, of much greater importance to the Empire and Canada." He thought probably it was a misfortune that the deputation had gone at the time it did, owing to developments in politics which had since taken place, occupying the premier's time. Probably next year more attention could be devoted to the matter, and if, in the meantime, any assistance could be given by himself in forwarding preliminary work he would be glad to do so.

The chairman, Alderman Cuthbert, Beaumont Boggs and C. H. Luzzin reported on behalf of the deputation to Ottawa, and all bore tribute to the courtesy of ministers, although Mr. Boggs said "there seems to be a strange ignorance about Victoria and Vancouver Island on the part of the Ottawa ministers." He thought the more deputations which went there the better it would be for the island and city.

Alderman Cuthbert read telegrams showing how attempts had been made, and he believed effectively at last, to put the eminent bridge engineer, Dr. J. A. L. Waddell, in touch with Ottawa in order that he might be instructed by the cabinet to make surveys. The alderman said the committee would go on till they had a definite statement from the government whether the bridge would be built or not. He wished to acknowledge the assistance of Mr. Shepherd during the deputation, and of Mr. Barnard since his return from Europe.

Mr. Luzzin referred to the loss of Marcus Smith's data on the bridge collected years ago, and said since that time a great advance had been made in bridge building. Mr. Borden had shown a desire to accomplish as much as could be expected of him before full information was before the government. He wished to acknowledge the assistance of the minister of agriculture, Mr. Burrell, who had shown great interest in the scheme, and had taken it up with the board of trade when in this city recently.

Mr. Barnard, in making the statement already referred to on the cause of the delay, said until he heard the chairman (Alderman Cuthbert) read the telegrams he thought the premier was already in communication with Dr. Waddell in New York.

H. B. Thomson, M. P. P., and Henry F. Behnsen, M. P. P., endorsed the action of the deputation, and declared that the scheme had materially advanced since the bridge proposal was launched.

Resolutions thanking Mr. Borden and Mr. Burrell for their interest shown in the matter, and endorsing the action of the executive, were then adopted unanimously.

Alderman Cuthbert, in conclusion, said he wished to call their attention to the courteous way in which the minister of public works, Hon. F. D. Monk, had received them, and trusted they would see the minister on the coast shortly. It would be for the citizens to show him what Victoria's destiny would be, geographically, and commercially.

Among those present, in addition to the speakers, were F. Davey, M. P. P., H. G. Wilson, Aldermen Okell and Anderson, and James Eozman.

The meeting then adjourned to the call of the chair.

**CAMPAIGN CONTRIBUTIONS.**

Washington, D. C., Oct. 18.—Frank A. Munsey, the publisher, testified yesterday before the Clapp committee that his total contributions to Col. Roosevelt's campaign this year had been \$118,000.72. His pre-contributions to the national campaign totalled \$27,000 and the balance was given to the state committee.

Thomas W. Lawson, of Boston, told the committee he understood that the Standard Oil Company had "contributed heavily" to Alton B. Parker's campaign for the presidency in 1904. He said he had once supplied "proof in a general way" that the company had spent \$500,000 to \$700,000 in Mr. Parker's behalf.

Mr. Lawson testified he had spent \$100,000 for advertising for Col. Roosevelt's pre-convention campaign and that he "knew in a general way" that Wall street had subscribed \$1,000,000 to nominate "a dark horse" at the Baltimore convention.

DEMOCRATIC SOCIALISM.

While it is easy to force from the average citizen the confession "we are all more or less socialists," it is not difficult to see that the reason why many are "less" and few "more" socialist in their economic and social creeds and practices is because of the inherent peculiarities of the human constitution.

PATRIOTISM.

The chief government organ, forced to abandon the contention of the premier that \$12,000,000 now due the provincial treasury on account of land sales is properly reckonable as "liquid assets" falls back upon its usual practice. Whenever the shams, deceptions and prevarications of that highly moral political organ are exposed to the world by the Times newspaper, its best answer is a charge of "unpatriotic" conduct against the Times.

"May we suggest to our contemporary that, while it may be good politics to make every real or imaginary point against the McBride administration, it is hardly patriotic to seek to convey the impression that the Crown lands of British Columbia are worth less than the selling price. We do not really suppose that our contemporary does any harm by such a course, because no one takes it seriously. Nevertheless it does not seem quite right to insinuate that first-class agricultural land in British Columbia would not bring \$5.00 an acre at public auction."

The Colonist cannot dispute that "first-class" land in the province of British Columbia is not "worth" \$5 per acre if such value is to be reckoned as a "liquid asset" by the premier when that august and knightly person is bragging about the state of the treasury. Much of the agricultural land in the province is worth more than double that sum. But much Crown land has been on the market for several years and it has not realized that sum. Nor could the government of British Columbia, with all its prestige as an organized concern for the exploitation of Crown lands, immediately realize \$5 per acre for the millions of acres which it has alienated to speculators and the arrears for which it is now carrying on credit as a favor to these syndicates.

Should the government attempt to enforce collection of arrears on these lands, as it is obliged to do under the stipulations of the statutes of the province which the government is sworn to enforce, the lands for which \$12,000,000 are now due would revert to the government. No one, not even the speculators whose credit the government has guaranteed at the expense of the province, would pay this sum in cash for these lands to-day. That is why the money is still due the treasury. If these lands were "worth" the money due in the sense in which the premier used the term when boasting of the liquid assets of the province, they would have been paid for long ago. Land is "worth" what can be realized for its sale. If the speculators are prepared to pay up their obligations and make good their titles to this land, it is the duty of the government to collect that money forthwith and no longer protract the credits of syndicates, alleging their debts as liquid assets.

The more the Colonist newspaper elucidates this question the more it exhibits the purpose of its existence. Its idea of "patriotism" is that it is quite right for Sir Richard McBride to carry the credit of his friends, secure them in their assaults upon the resources of the Crown, allow them to retard agricultural settlement within the province and frustrate the ambitions of bona fide settlers who come to British Columbia to take up their abode. So long as speculators—most

with the principles of voluntary self-sacrifice culminating in human equity can human society be reformed. Socialists should be convinced that society can be reformed only by the reformation of the individual, and with socialists, as with everyone else, the obligation is incumbent to begin that reform at home.

VICTORIA'S MEMBER.

Mr. G. H. Barnard, M. P., told the Board of Trade yesterday that a mistake had been made in sending a delegation to Ottawa about the Seymour Narrows bridge this year. The reason he gave for this opinion was that Hon. R. L. Borden is so busy with more important matters that not enough time could be given the Seymour Narrows project until these are out of the way. What Mr. Barnard probably would have said, had he the courage, would have been that it was a mistake for interested Victorians to make any effort to secure parliamentary assistance for an important project while he (Barnard) was in England "studying Imperial problems at first hand."

Mr. Barnard has also been engaged in affairs which he considers of more importance than the Seymour Narrows bridge even when these affairs amount to no more than a well-earned holiday for Victoria's overworked representative in parliament.

Mr. Barnard, of course, made the usual promises that "next year," etc. It looks pretty much at present as though next year will be too late to approach the Borden government for anything for Victoria. Anyway there is a consensus of opinion in Victoria that Mr. Barnard's interest in his constituency has been at pretty low ebb since the last ballot declaring his election was tallied. Mr. Barnard's most successful role is that of a demagogue.

A TRUE TORY.

A Mr. Wylie, one of the few Tories elected to the legislature of Saskatchewan, is in the city, and has been telling the Colonist some secrets about the late election. According to this fine specimen of Toryism as we have it in Canada, the reason why the election in the prairie province indicated so strong a feeling for reciprocity was that too many people were allowed to vote. The redoubtable Mr. Wylie is going to see that such a state of things is remedied. He is going to ask the Dominion government to fix it up, probably after the manner that ornament of Canadian knighthood, Sir Rodmond Roblin, carried on in Manitoba, by having everyone active in the cause of Liberalism and freedom arrested, cast into jail and honorably acquitted after the elections are over.

But may we be permitted to suggest to Mr. Wylie, whose feelings we appreciate, that such methods of strangling public opinion cannot be permanently effective. The Hon. "Bob" Rogers appeared as representing the Dominion government in the Saskatchewan elections, and his system, combined with the recent political goings-on in Macdonald, Man., have accomplished a great deal in emphasizing the antagonism of the prairie provinces towards the Dominion government and towards the "interests" which elected that government to power. It would be far better for Mr. Borden were he to set about the work of conciliating the farmers by conceding their demands in the way of larger markets than to attempt to strangle public opinion by coercive methods such as Mr. Wylie hints at. Trade returns show that Canada is importing one million dollars' worth of goods daily from the United States. The values thus represented are mostly in raw materials imported by Canadian manufacturers. What harm could possibly result if the farmers were permitted to sell more largely to the people of the United States, thus adjusting to some extent the unfavorable balance of trade between the two nations?

The convention of municipalities in British Columbia is to open in Revelstoke on Tuesday morning next, and last a couple of days. Immediately after it rises the provincial Conservative convention will be held in the same city and in the same hall. It would be unkind not to compliment the government on the exceedingly clever arrangement by which delegates to the municipal convention can have their expenses paid by their respective municipalities and on the same trip attend the Conservative convention. This is not only killing two birds with one stone, but it is saving money to the provincial treasury. Wise heads!

CONSUL GENERAL FOR JAPAN RETURNS

MR. NAKAMURA ON FAR EASTERN QUESTIONS

Thinks That Flow of Japanese Emigration Will Be to Their Own Colonies

"The Japanese people," said Consul-General T. Nakamura, who arrived today on the Canada Maru, "greatly appreciate the resolution of sympathy passed by the British government, and the dispatch of Prince Arthur of Connaught to Tokyo on the occasion of the funeral of the late Mikado, and the investiture of his successor with the Garter."

The consul-general after spending the morning with prominent local Japanese left in the afternoon for Vancouver, en route to Ottawa to take up his official duties. He had been on a visit to the homeland to see his children, who are at school there. "Conditions in Japan," he told a Times man, "are much better, the shortage of the rice crop being now relieved, and the famine conditions which prevailed in certain districts are much better. Our relations with foreign countries are improved. The principal subject occupying attention is the situation in Manchuria, where Japan is becoming active in peaceful pursuits, as Russia is in Mongolia."

"There will not be much further immigration to the Pacific Coast of America, as the Imperial government is turning its attention to the development of the northern portion of Japan, to Korea and Formosa. The government desires to see the development of its colonies rather than that settlement should be directed to overseas, where the emigrants are not welcomed. The government will discourage the emigration of coolies except to their own possessions. In connection with Korea, the plot for an attack on Count Teruchi, governor-general, for which a number of persons have been tried, was instigated by a few, and I am confident that the general mass of the Koreans are not hostile to Japanese domination in the peninsula."

"I have no special instructions this time, and am simply resuming my duties at the capital," Mr. Nakamura was met by prominent Japanese residents, including J. N. Nagano and K. Ichii.

Saturday Brings a Special for Men in the Shape of a Special Sale of Gloves

WHEN the wind is high and the rain comes down in sudden torrents, a man appreciates the warmth and comfort of a good pair of gloves; the fact is that he wears them for their serviceable qualities rather than as a finish to his dress.

Now comes a special sale of useful gloves at an appropriate time. We guarantee that every pair is a quality that will give you entire satisfaction.

- DOGSKIN GLOVES FOR MEN—These come in tan shades, are very strong, and being wool lined are specially suited for rough wear. They are neat in appearance and as all sizes are to be had, there should be a lively demand for this line on Saturday at \$1.50.
HEAVY DRIVING GLOVES are to be had in tan color only. They are made of a heavy dogskin and are unlined. A good value at, per pair, \$1.00.
DARK TAN DOGSKIN GLOVES are to be had in all sizes. They are lined with silk and are a glove that will stand steady wear and give entire satisfaction. Per pair, \$1.25.
MOCHA GLOVES in a nice grey color and well lined with wool, is another good line. They are to be had in all sizes and the price is only \$1.25.
MOCHA GLOVES, with wool linings. These are excellent gloves for the cold weather, have a good appearance, are durable and very comfortable. No better value to be had at the price. All sizes are here and the prices are \$1.00 and \$1.50.
ENGLISH KHAKI TAN DOGSKIN GLOVES, wool lined, are serviceable gloves for men. They are well made, smart in appearance and well worth a higher price than you'll be asked to pay on Saturday. Per pair, \$1.75 and \$2.00.
WOOLLEN AND KID GLOVES FOR BOYS—Here is a fine assortment to choose from and you'll find that our values are well worth considering. We have them at prices ranging from 85c a pair down to as low as 25c.

Men's Hard Hats in the Newest Shapes for \$1.50

BUT there are only ten dozen to be sold at this price. If we hadn't purchased them at a special discount it would have been impossible to sell them at such a low figure, but as the matter stands, you are to have the benefit of the low cost.

They are made of a good black felt and represent the latest ideas in Men's Hats for Fall and Winter wear. You should see this lot and not judge the quality of the Hats merely by the small prices at which they are marked.

YOUR CHOICE, WHILE THEY LAST, AT \$1.50

Thanksgiving Day.—The British Columbia Gazette, issued yesterday evening, reproduces the proclamation from Ottawa, declaring Monday, October 23 to be Thanksgiving Day, as noted in press despatches some time ago.

Court of Revision.—A court of revision for the purpose of hearing objections against the retention of names on the voters lists for Victoria and Esquimalt electoral districts, will be held at the court house, Victoria, on November 18.

Arbitrators' Award.—The arbitrators have awarded William Payne \$5,200 for property taken at Humplack for the reservoir site. The land is about 12 acres in extent, the city offering \$3,775, and the owner claimed \$9,000 for expropriation. There is still one claim unsettled.

Sacred Concert.—A special quartette under the leadership of M. Nagel has been engaged for the sacred concert on Sunday in the Victoria theatre. Miss Marie Burnett and J. H. Ullmann will sing, and altogether a very good programme is being arranged, details of which will appear in to-morrow's issue. The concert begins at 8.15 p. m., doors opened at 7.45.

Will Represent the Province.—Miss Alice Ravenhill, of Shawinigan Lake, passed through Victoria to-day on her way to the International Congress of Farm Women to be held at Lethbridge, Alberta, during the coming week. Miss Ravenhill has been appointed to represent this province at the congress, in which she will take an active part, giving two addresses during the proceedings.

British Campaigners.—At the meeting of the Campaigners last evening it was announced that Hon. Dr. Young would speak on the war of 1812 at the annual banquet next month, which will commemorate the centenary of the Battle of Queenston Heights. At future meetings there will be addresses delivered by different speakers on the second Riel rebellion, and the Egyptian campaign of 1885.

Interesting Order.—The last session of the Fraternal Order of Eagles, Aerie No. 12, which was held in lodge rooms, Government street, was the occasion of the uniting in the holy bonds of matrimony of a brother Eagle. The contracting parties were Bro. J. R. Bradley, of the local order and Mrs. Annie Johnson also of this city. The ceremony, which was performed in the presence of a large number of the brothers and friends took place at the residence of the regular and business sessions, and was conducted by the Rev. Joseph McCoy. The lodge room had been beautifully decorated for the occasion. Among the numerous presents received by the happy couple was a silver chataleine bag containing gold pieces.

### TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, Tuesday, October 18, 1887.  
London, Oct. 18.—A problem scarcely inferior to the Irish question most shortly call for the consideration of the government, namely, what to do with the unemployed population of London, which is constantly increasing in number. All who cannot find employment in other parts of the country flock here filled with the spirit of the old legend: "London's streets are paved with gold." Too soon they find the truth of De Quincey's saying: "Oxford street is a stony-hearted stepmother."

A. K. Delaney, as counsel for the United States, in a brief now filed at Sitka in regard to the recent Alaska seizures, supports the claim made by the United States for sole control of the Behring Sea, that the sea is not a portion of the open high sea, but is an inland water cut off from the ocean and essentially land-locked.

A memorial fountain to Shakespeare, presented by George W. Childs of Philadelphia, was unveiled to-day at Stratford-Upon-Avon where the poet lived, in the presence of a large concourse of people. Dr. Oliver Wendell Holmes has written a poem for the occasion. It was read during the dedication ceremony.

Mr. A. Maitland Stenhouse, ex-M. P. for Comox, is in the city. His card of retirement appears in the Free Press. The statement made of his having joined the Mormon church are quite true.  
The fur cape advertised in the Times a few days ago was found by J. Rogers and left at this office. The owner will please call for it.

### WILL OPEN A LARGE BRANCH IN VICTORIA

Chicago Store and Office Furniture Company of Seattle to Be Represented Here

Attracted by the growth of Victoria, and predicting that this city would outdistance other Pacific northwest cities for rapid advancement, A. J. Slidder, president and general manager of the Chicago Store and Office Furniture Company, of Seattle, one of the largest establishments of its kind in the northwest has announced that he is going to open a large branch here immediately.  
"I have found that our firm can no longer handle" our rapidly growing business in Victoria without personal representation in that city, and to this end, have instructed my Victoria attorneys, Tait, Brandon and Hall, to secure the necessary papers of incorporation permitting us to do business in that city," said Mr. Slidder, who was in the city a few days ago.

"The forward jump of Victoria in all lines of growth has been one continuous surprise to me, much as I have become accustomed to rapid advancement since our firm became a dominating factor in our line throughout the Northwest.  
"I personally am in close touch with the trend of business affairs in Victoria, and I am not stretching the truth in the least when I state that there are no dollars in Victoria where there are only pennies in certain other Northwest cities. Ready money is plentiful in Victoria, much more so than in any other cities in the territory created by us, and the business to be had there is of the most desirable kind.

"Now that our attorneys have attended to all the legal details necessary to our inception of business in Victoria, I intend to complete arrangements in so far as I am able, looking towards the opening of a Victoria branch at the earliest possible date."

School Board.—The board will be required to take up shortly the question of finances, which are becoming of importance in view of the new work now in progress, and the imperative necessity of making provision to pay for the new school buildings. A committee has already been asked to report on the situation, which is complicated by the debentures for the last two by-laws not having yet been offered to the public, and it is doubtful whether they will be sold when turned over to the fiscal agents, on account of the money stringency.

Weather Bulletin.

### Will You Enjoy the Long Winter Evenings?

With the COLUMBIA GRAFONOLA the Keenest Pleasure You Ever Realized is Assured. You Can Prove It

By ordering a COLUMBIA to-day. There is no superior machine. The COLUMBIA does everything possible in a high-class talking machine, and in the GRAFONOLA the modern talking machine finds its highest expression.

Imagine your cosiest room on a night this winter, when the family is gathered about with newspaper and book and fancy work. One of the youngest of the children—so simple is the COLUMBIA—winds the Grafonola and places one of the big double discs on the table. Immediately the soft, sweet tones of a world-wide melody, as clear and fresh and resonant as if the singer were in the room, steal forth. The singer is a real artist, the song pleases as it has never pleased before. And this all in your own home, by your own fireside. Other selections, grave and gay, as the mood dictates, follow. All are produced at their best on the wonderful COLUMBIA.

Then, when the young folks and their friends want an informal dance, the COLUMBIA is again to the rescue. None need toil at the piano while others play. The COLUMBIA is efficient and ready always, and the couples sway and dance, not to amateur music, but to the accompaniment of America's finest orchestras.

AND YET THE COLUMBIA IS NOT EXPENSIVE

# NEWS OF THE SEVEN SEAS

## HAD BAD SEAS FOR FIVE DAYS CROSSING

### CANADA MARU COMES IN FROM ORIENTAL PORTS

Just Missed One Typhoon—K. Nakamura, Consul-General at Ottawa, Aboard

During the first five days out from Yokohama misty seas were experienced by the Osaka Shosen Kaisha liner Canada Maru, Capt. Hori, which docked here this morning from the Orient, and she was delayed slightly owing to the fact that several times her speed had to be cut down. At times the sea was running very high and the Japanese steamship pitched badly as she plunged into the rollers. Her decks were constantly flooded and her upperworks withstood considerable battering. After crossing the Meridian, however, the Canada experienced favorable winds, and it was not until she neared the coast of Vancouver Island that another stretch of cross seas were met.

All the saloon accommodation on the

## TENDERFOOT STARTS ON HER RETURN TRIP

Little Yacht is Coming Back to Victoria—Will Have Hard Run Up Coast

On his return voyage to Victoria Capt. Dick Bird has set sail from San Francisco in his thirty-five-foot yacht Tenderfoot. He passed through the Golden Gate four days ago with his craft well equipped for a hard run north. When Capt. Bird announced that he would sail the Tenderfoot south to San Francisco many shipping men thought that he was foolhardy, as it was impossible to depend upon the weather conditions and the craft was very small. His attempt to come north at this season of the year, however, will be far more difficult than the trip southward. The Tenderfoot was nine days making the trip from this port to San Francisco and encountered some nasty weather. Writing to some of his friends Capt. Bird says he expects it will take him about 25 days to run north. It is his intention to head off-shore with a hope of evading much of the bad weather, which is now prevailing all along the coast. In his letter he said that he had a full supply of

## STRONG FAIR WINDS HELPS PEUBLA ALONG

Frisco Steamship Made Good Run Up Coast—Light List of Passengers

Tipped up the coast by the strong southeast winds of the past few days the Pacific Coast steamship City of Puebla, Capt. Paulsen, made a fast trip from San Francisco, and was berthed at the outer docks before midnight last night. Although she had favorable winds and a following sea the passengers thought the trip a very severe one. The ship rolled and pitched considerably in the big seas. Passenger travel northward from San Francisco has gradually been falling off. The Puebla came in with the smallest passenger list of the year. She had but forty-one saloon and thirty-one second cabin passengers, of which number about twenty disembarked here, including the following: E. B. Beemer, Mrs. A. Bowhill, Sarah Bowhill, M. Foster, Mrs. Henry, Wm. Hickox, A. J. McAllister, A. Madson and wife, Arthur Madson, Geo. Madson and three children, B. Hanson and wife, L. D. Smith, M. Urquhart, N. Williams and wife.

The Puebla had a very small cargo for Victoria, putting off but 140 tons here. This included principally cement, plaster, vegetables and fruits.

Montara Coming Here. The steamship Montara, also of this line, is now on her way north to Victoria from the Golden Gate. She is expected in on Sunday night. Her cargo for this port amounts to 367 tons, 175 tons of which is cement and 50 tons of plaster.

LARGEST FLOATING DRY DOCK IN THE WORLD. This huge dock was built to the order of the British Admiralty by Messrs. Cammell & Co., at Birkenhead, and is capable of lifting 32,000 tons. The overall length is 680 feet and the greatest width is 144 feet. The dock has been towed to Portsmouth, where it will be permanently stationed.

Canada was taken, and she had 119 Orientals as stowage, 81 of which number disembarked at this port. Among those who came across on the steamship was Hon. K. Nakamura, consul-general at Ottawa. Mr. Nakamura has been on a three months' holiday to his native land. Other passengers included Mr. and Mrs. Takito, of Yokohama, who are bound for Chicago; Miss Penrod, a missionary who has been in Japan for some time, and Mr. Okuda, of Kobe, who is on his way to Seattle on business.

Yokohama Delayed. Capt. Hori said this morning that the steamship Yokohama Maru, of the Nippon Yusen Kaisha, was three days late in reaching Yokohama from Victoria. The vessel was held back by winds and heavy seas, but sustained no damage. The Canada just missed falling in with a typhoon in the Orient, leaving Shanghai the day following one of these violent storms and encountering only the edge of it. Capt. Hori is expecting bad weather on his outward trip, and may use the Behring Sea course, which he took last year during the bad weather. The Canada has 513 tons of general freight for Victoria, and will not get away for the Sound until late this evening. She has a silk shipment of 1,300 bales, which is consigned to New York.

Sinking of Umegaka Maru. Considerable comment is being held in Japan about the sinking of the volunteer steamer Umegaka Maru, which lay at anchor at Shimonsaki. The Umegaka, which is a vessel of 3,600 tons, rolled over on her side and settled. It has been impossible so far for divers to ascertain the cause of the sinking, but it is understood that several of her ports were left open. There was not a soul aboard the vessel when she sank.

## SHIP IN DISTRESS.

A bottle, tightly corked, containing a simple message, was picked up by an inhabitant of St. Brevin, France, who at once took it as his duty, to the maritime authorities. A solemn council of officials opened the bottle, but found the message was written in English on paper belonging to the Prince Line. They hastily sent for the British consul, who was ushered into the room with much solemnity, and handed the message, which read as follows: "Ship in distress. No whisky on board. Fill the bottle and return it."

The fishing schooner Washington has reached Seattle from the fishing banks with a catch of 40,000 pounds of halibut, which brought \$ 1-4 cents.

## VADSO IS STILL HARD AND FAST

Union Bay, B. C., Oct. 18.—The wrecked steamer Vadso, which went ashore at No. 1 buoy, Baynes Sound, is still hard and fast on the beach. The salvage scow Skookum No. 2 is alongside and is keeping down the influx of water. The Skookum, No. 1, which is reported as leaving Vancouver on Tuesday with additional pumps, has not yet arrived. Bad weather has prevailed and the wrecking crew is having difficulty.

## THREE NEW SCHOONERS FOR COASTWISE TRADE

San Francisco, Oct. 13.—Building of ships for the coastwise trade shows no signs of slackening. The Union Iron Works having announced to-day plans for three new steel steam schooners. In addition to these buildings, there are now two freight and passenger steamers on the way from the Atlantic coast—the Admiral Farragut, a sister ship of the Admiral Sampson, for the Alaska Pacific S. S. Co., and the Columbia, which is expected to ply on the San Francisco-Seattle run. Three big square-rigged vessels are loading at, or en route, from Philadelphia, with cargoes for this port.

## NOTHING HEARD OF MARIA.

Nothing has been seen of Victoria of the Italian full-rigged ship Maria Teresa, which left Vancouver yesterday at noon for this port in tow of the tug Doia. It was expected that she would have arrived early this morning. It is more than likely that the Doia took shelter last night from the stiff easterly gale which was blowing and will be along here some time to-night. One of Capt. Gardner's tugs was out in the Straits all day waiting for the sailor.

To begin loading for San Francisco, under charter to the Alaska Pacific Steamship Company, the steamship Edith, of the Alaska Steamship Company has shifted from Seattle to Tacoma.

## LOCAL LAUNCH HAS TRYING EXPERIENCE

J. G. Cox Almost Swamped off West Coast—Rudder Broke—Refused Help

Late last week negotiations were completed for the purchase of the well-known launch J. G. Cox by the Canadian Northern Railway Company, for service on the Alberni canal to replace the launch Lebricator. On Saturday the Cox, in command of Capt. Morris and W. Hillier, left Victoria, and during her run down the west coast she had a narrow escape from foundering. Details of the trying trip of the Cox have just been received here. While off Carmanah, in a heavy sea, the launch lost its rudder and, for a short time, was in danger of being swamped as she was thrown herself about badly in the trough of the sea. The rudder of the schooner was torn down and used in turn as a rudder while headway was made slowly towards anchorage. About half way between Carmanah and Cloosoo the distressed seamen hailed a party of Indians who were paddling a canoe close to shore, and asked them to call at Carmanah and have assistance summoned, but the Indians refused to oblige. Anchorage was finally found and held till daylight when progress was made, with difficulty, as far as Cloosoo. From this point the Handfield life saving station was called up. The life boat crew promptly responded, and the J. G. Cox was taken in tow and landed safely at Handfield where it was temporarily fixed up to continue its journey to this port. The Cox was one of the best known launches in the harbor. She was used for some time by E. B. Marvin & Co. She was built on very fine lines, and is capable of reefing off over 12 knots. The Cox was a familiar boat in the harbor, and used to attract much attention owing to her speed and graceful lines.

## INSPECTORS PASSING NEW TENDER ESTEVAN

Steamer is Ready to Leave Collingwood for Victoria—Will Be Out Shortly

Government inspectors are now at the Collingwood shipyards passing upon the new steamer Estevan, for the Marine and Fisheries service on this coast, and it is expected that almost any day she will be ready to sail for this coast. Word was received by the Times yesterday stating that the vessel was completed and that she will easily leave the Great Lakes before the ice sets in. A short time ago it was understood that the Estevan would be unable to pass out of the St. Lawrence before the river was blocked with ice, but in response to a wire word has been sent here contradicting this. Nothing has been arranged yet as to which route the steamer will take on her passage to this port. It has been said that she will make the long voyage to Victoria via the St. Lawrence canal and not the Straits of Magellan. It will take the Estevan three months to make the trip here and after undergoing a thorough overhaul she will be placed in service. The Estevan, it is understood, will work in connection with the new Digby Island marine depot, which is in charge of Capt. Frank Saunders. With the rapid development of shipping on the British Columbia coast the marine department has found it necessary to increase its fleet of lightship tenders. The steamers Quadra and Newington, with the chartered steamer Leebro, have in the past been assigned to this work but so many ails have been established during the last two years that these vessels have had difficulty in handling all the work. With the Estevan in service the task will be much easier and there will not be such a strain on the ships and their officers and crews.

## VICTORIA, LAST OF NOME FLEET, SAILS FROM SOUND

Seattle, Oct. 18.—The big steamship Victoria, the last vessel for Nome during the present season, sailed to-day with a heavy cargo, including mail, fruit, groceries, hay, grain and Christmas presents for the people who will winter in the gold camp. Returning, the Victoria will bring a big load of passengers and the season's last shipment of gold. The number of persons wintering in Northern Alaska will be smaller than for many years, but steamship men report that the number of men who have come out of Alaska this fall with gold is very large. The new camps having yielded well. The ice is floating south from the Arctic into Behring Sea, and the polar bear and the walrus rejoice over the disappearance of men and ships.

## PILOTHOUSE ON PATRICIA.

This morning the new pilothouse for the C. P. R. steamer Princess Patricia was whittled down. The turbine vessel went alongside the Princess, May, which lifted the house from the dock with one of her booms and swung it around on to the bridge of the Patricia. The pilothouse is being placed on the steamer to protect the officers from the heavy rains and chilly blasts of winter. The Patricia will be hauled out of the ways to-morrow.

Bedsteads**

Good fortune has certainly treated us with her sunniest smiles in a recent purchase of Bedsteads —though we had to fight for it. We have been "dickering" with the manufacturers for months to close a deal for bedsteads at last July's prices—and landed here. Bedsteads, you know, have taken a big jump upward since then.

Recently a man wanted to know if a bed sold at a very little price was strong enough to hold him. He was very heavy. He was informed that we never sold any bed that would not hold any man short of a monstrosity. Indeed the wonder is our Brass and Enamelled Bed prices, as well as in all other lines, is not so much that the prices are small as that the goods we mark are so unusually worthy in every way.

## MCGRAW AS A TACTICIAN HAS FALLEN BELOW THE MARK

Eastern Sporting Editor Says That McGraw's "Ivory" Tactics Cost Giants the Series—Made Glaring Mistakes

Already the eastern sport writers are out with hammer against J. J. McGraw, the Giants' clever manager, for errors of judgment in the recent world's series. Billy Hewitt, writing in the Toronto Star, has the following to say: "McGraw's reputation as a baseball tactician has suffered greatly during the present series, and followers of the Giants are disposed to put him in the Merkle class so far as his judgment is concerned. McGraw tossed away a couple of golden opportunities yesterday, and the criticism that followed was fully justified. The manager has not risen to the occasion; as a matter of fact he has fallen away below the standard of a minor league manager, and unless he changes his tactics in the games to come he must be written down as a rank failure. McGraw assumes responsibility for the attack of

his team; on the defence they naturally must look after themselves. "The plays that evoked condemnation last Friday happened in the sixth and seventh innings, when Wood showed unmistakable signs of weakening. Boston led by two to nothing, but New York could have tied the score, and maybe won the game, had McGraw adhered to the first principles of good baseball. Hewitt might have also mentioned the first game in which McGraw allowed Fletcher to go to bat in the ninth, when a hit of any kind would have won the game. There were runners on second and third with but one out, when Wood fanned Fletcher and Crandall. Fletcher had not made a hit all day, while he froze twice. New York failed to get the "breaks," but it also looks as if McGraw had fallen down on a couple of splendid chances.

## VICTORIA ELEVEN ARE CALLED TO WIN

Expected That Professionals Will Down Nanaimo United, in To-morrow Fixture

To-morrow's professional soccer fixture at the Royal Athletic Park will give the local football followers an opportunity of sizing up the Capital City club's chances of holding the Island championship. The addition of several new stars to the Victoria eleven shows how determined the locals are to retain their honors. Another fact that makes the game of interest is the decision of the Victoria club to challenge for the Nanaimo cup, now held by the Coal City. Teams for tomorrow's game have been selected. Victoria—Goal, Dougan; backs, Newlands and Milner; halves, Thomas, McAdam and Wilson; forwards, Wilkie, Allen, Pickering, Whittaker and Murr; reserves, Josh and Conlin. Nanaimo United—Goal, Shepherd; backs, Murray and Hewitt; halves, Adams, Mitchell and McCullough; forwards, Waddle, Brown, Gibson, Stobart and Lightfoot; reserve, D. Flockhart. Referee, J. R. Allen.

## MAGNATES PREPARED TO PROTECT UMPIRES

President Lynch Asks for Investigation of All Charges

New York, Oct. 18.—Magnates of the National League, meeting here yesterday, decided that the secretary should formally draw up charges against President Fogel, of the Philadelphia club, for his alleged remarks reflecting on the integrity of National League umpires. Mr. Fogel is to have an opportunity to defend himself and explain his stand at a further meeting to be held here November 25.

"If the charges can be proved," said President Lynch, "then the umpires in question should be blacklisted, and the president of the league should step down in disgrace. If the charges are not true, some step should be taken to see that this man no longer represents a club in the National League." Mr. Fogel had no statement to make.

Out Murphy Also. National League magnates, it is said, are going to have a thorough house-cleaning, and it is not unlikely that they will severely punish both Fogel and C. W. Murphy, owner of the Chicago Club. Just what they can do to Murphy they do not know, but they intend to call him to account for his action in the anti-drinking and chance cases, and to bring pressure upon those whom they believe own the club to close Murphy up or close him out. At least five of the owners, it is said, will vote to oust Horace Fogel from the league, and if the pressure they are talking about brings upon the owners of the Philadelphia club falls to bring the desired result, they may threaten the charter rights of the Philadelphia team to compel the removal of Fogel.

## BRUSH WILL FIGHT. Does Not Want to Give Share of His Profits to the National League.

New York, Oct. 18.—President John T. Brush, of the Giants, has no intention of turning over to the National League without a fight, a share of his profits from the world's series games. At the annual meeting of the league last winter a resolution was adopted providing that 25 per cent. of the money received by the club which represented the league in the world's series should be turned into the treasury of the organization.

Motion Illegal. Mr. Brush now contends that the motion was illegally passed and is unconstitutional. An arbitration committee will consider the case and report back to the league at its annual meeting next December. It is said of the American League that no question had been raised by the Boston club on a resolution of the same order and that the owners of the Red Sox will turn over to the league 25 per cent. of the total amount earned.

## REMEMBERED FORMER WORKING MATES

Before Joe Bayley became Canadian lightweight champion, he was a member of the local Shinglers' Union. That he has not forgotten his old comrades was demonstrated on Wednesday evening, when he accepted the invitation to box at the Shinglers' smoker.

## SOUTH AFRICANS WIN.

London, Oct. 18.—In the Rugby football match yesterday the South Africans beat Glamorgan, 35 to 2.

"Who's Your Tailor?"—The Commonwealth, 720 Yates Street, will open their doors Saturday, October 19. Blockade Sale starts Saturday, October 19.

## LITTLE BITS OF SPORT GOSSIP

Kitty Bransfield, who took the management of the world's team with the understanding that he should not be held to the job more than one season, is now said to be willing to continue as team leader for the Royals and Montreal wants him back, for the team made a great showing in the final month of the season.

Carl Zamloch, the Missoula pitcher sold to Detroit for spring delivery, is now writing sports on the Missoula Sentinel. It is a regular job he has, not just a bluff to hand out dope on the world's series or anything like that.

Now comes a denial that Arthur Devlin said he would not go to the Pacific Coast as Manager of the Sacramento team. According to the latest report Devlin said he would like nothing better than the job next year, but would not consider it this season, because he already had his plans made for the fall and early winter.

Baltimore leads the International League in fielding, with a slight margin over Toronto, but fielding alone does not win pennants.

There will be no controversy over Veau Gregg's contract for next year. He signed it before departing for his home in the Northwest.

There is standing reward of \$5,000,000 for the man who discovers a New York or Boston baseball writer who is not so prejudiced that he can give an unbiased account of the World's Series.

When Packer McFarland hooks up with Jack Britton he will find he is up against a stiffer proposition than the usual marks he has been battering up.

These heroes of the "battle of the Century" are taking awful chances in playing regularly. Suppose some off them had their fingers smashed. How could they write up their thrilling stories of the world's series?

Bob Groom, the elongated pitcher who used to hurl ten over for the Beavers, recently signed up his contract for next year with the Washington team and was given a substantial boost in salary without asking for it in consideration of his sterling work on the slab this year.

Edward Leeb Fox says that John McGraw is the greatest general baseball of any other sport has ever known.

So far, save at Bolton, McFarland, the old Falkirk player, has failed to produce his best form with Newcastle United. He seems too anxious to excel. If he would play his ordinary game he should get along splendidly with Rutherford.

Somebody are still waiting for that victory. Everybody is asking "What's the matter with the team?" and it's a natural enough question when a team of "underdogs" reputation only receives two points out of a possible 12.

Manchester City are certainly going strong. Out of five games not a single point has been lost, and their opponents have only been able to score on one occasion. This is a direct change from the misfortune of last season.

London's First League clubs will have to buckle in earnest. All three have so far cut a sorry figure. The Southern League can afford to laugh a bit just now.

The return of Livingstone to the ranks of Manchester United, together with the fact that he scored the first goal of the season for them, provides food for reflection. He, like many of the footballers who scintillated a decade ago, believes in first time shooting. In these days forwards are too

# "Proper Clothes" Have Quality That You Will Look Up To

From the fabric to the finished garment they are designed strictly to meet the requirements of men who demand distinction in their dress. They are meant to stand the hard wear that clothes are subject to in the fall and winter seasons, and they are meant to have style and character distinctly suited to critical dressers. In "Proper Clothes" you get the best that skill and honest endeavor can produce—at the same price you would pay for ordinary styles.

## BOYS

Nearly every woman who brings her boy upstairs to our boys' department is astonished at the extraordinarily large display of Boys' Clothes that we have. They didn't know that we have the largest stock of Boys' Garments of any store in Victoria. They didn't know that this stock represents \$10,000. Their astonishment is probably due to our not bringing out, before, these facts more strongly. However, don't you think, as these women did when we explained things to them, that this is quite an achievement, when you take into consideration that our boys' department was only inaugurated with the opening of our new store?

We are specializing for to-day and Saturday our Boys' Corduroy Suits, in fawn, blue, brown and green, with leather-belted coats and fancy fronts, at \$5. Also 2-Piece Norfolk Suits and 2 and 3-Button, Double-Breasted Suits, with bloomer trousers, in blue serges, clay worsteds and tweeds, at \$5, \$6.50, \$7.50, \$8, \$10, \$12.50 and \$15. Remember, we have Suits and Overcoats for every boy from 3 to 17 years of age. Inspect our boys' department to-day or to-morrow.

## MEN

Ready-to-Wear Garments that possess all the desirable features of fine custom clothing. In fit, quality, tailoring and in their tasteful style they are identical with the custom tailor's most finished product.

Men of all ages will find Fall Garments ready in a comprehensive showing of the season's late models and fabrics. Get your Suit or Overcoat here. It will be an economical purchase. Attractive values are offered at \$15, \$20, \$25 and \$30.

## Furnishings

Do not disregard your Collars, your Neckwear, your Shirt, your Hosiery, your Gloves, etc. They are a very important item of your dress. Our line of Furnishings are extremely smart—they are for men who prefer low prices and high quality. W. G. & R., Manhattan and Arrow Shirts, \$1.50 up. Thoroughbreds owned by Americans were factors in the races at the Newmarket October meeting in England. The first triumph was scored by Waldorf Astor's Periwinkle in the sixty-fifth running of the Triennial Produce Stakes of ten sovereigns each for starters, 400 sovereigns added and 100 sovereigns for the nominator of the winner. Lord Harewood's Cantilver was second and Sir John Robinson's Arab was third. The distance was five furlongs and seven horses faced the starter.

H. P. Whitney's color, also were conspicuous. His colt, Whisk Broom, walked over in the Snailwell Stakes for three-year-olds at five furlongs. Erin Go Bragh, also owned by Mr. Whitney, took third money in the selling plate of 200 sovereigns for two-year-olds, Madgeford winning and Razor Back being second.

Mr. Whitney's Mixup was successful in the Thursday Nursery Plate, a handicap for two-year-olds in which there were eighteen other starters.

Lord Howard de Walden's Playman ran second and Final Shot, owned by J. B. Hargis, also an American, was third.

McGill English Rugby team are at present negotiating with Dalhousie, New Brunswick, Mount Allison universities, and Acadia College for matches in the eastern tour which McGill proposes to take this month. Nothing definite is arranged yet, but correspondence is going on. Dalhousie will visit McGill this fall, probably on November 2.

### GIANTS ANXIOUS TO FORGET SERIES

#### National League Champions Abandon World Tour and Are En Route to Homes

New York, Oct. 18.—Most of the members of the New York National League baseball team were on their way to their homes to-day, each one with a cheque for \$2,865 in his pocket as his share of the world's series receipts. Sobored by their defeat at the hands of the Boston Red Sox, the players are anxious to forget baseball for a while. Mayor Snowgrass and Schaefer will leave together for California next week. Herzog will spend a brief vacation at his farm in Maryland and plans later to take a winter course in agriculture at Cornell. Mathewson expects to put in a fortnight hunting in the Carolinas. The destinations of other players range all the way from Cuba to Indiana.

### WANDERERS MAY SPRING SURPRISE

#### BIG GAMES SCHEDULED AT OAK BAY TO-MORROW

#### Barnard Cup Rugby Teams in Fine Fettle for the Week-End Contests

That the Wanderers will give the Victoria Welsh Rugby fifteen a great contest to-morrow at the Oak Bay grounds, is the opinion of those who are in close touch with local Rugby affairs. The Wanderers have yet to play a scheduled game this season, but they possess the team, and are out to beat the Welsh club, if that is possible. This game alone ought to be sufficient to draw a big crowd, while the Law Students and James Bay clubs will provide a second game that will also prove a thriller. Capt. Carstairs, of the Wanderers, will have several international stars in line to oppose Dai Thomas and his stalwarts, the Wanderer team being:

Fullback, C. Williams; three-quarters, D. M. Grant, A. M. Hush, G. C. Grant and G. Day; halves, F. H. B. Chapman and A. F. Hudson; forwards, G. Carstairs (capt.), T. C. Reed, K. Denington, H. S. Beckton, A. L. Chalk, E. W. Welsh, E. A. Rootham and A. F. Willis. Reserves, three-quarter, M. K. Milton; half, A. R. Richardson; forwards, A. F. Collison and C. H. Stock.

The Law Students' team for Saturday against the J. B. A. A. team is as follows: Steele, Gallther, Boggs, Ogden, Scott, Morton, Shires, R. Gillespie, McCallum, Milligan (capt.), H. Ross, Norris, Pemberton, McIlree, O'Halloran.

J. B. A. A.—Morton, Vincent, Newitt, Gibson, Gallon, Ross, Newcombe, McKinnon, Brown, Jeffs (capt.), Straker, Day, Newmarsh, Baylis, Wilson and Tuck.

The latter club has been compelled to cancel their dance to the Vancouver McGill Rugby Club, and will tender the visitors a banquet instead.

The following players will represent Oak Bay in their match against the Algerine at the Canteen grounds, Esquimalt, at 3:30 p. m.: Fullback, MacDonald; three-quarters, Dixon, Tushy, Schneider, Nason, Halves, Yates, McInnes, Forwards, Helmick, Houston, Scott, McInnes, Williams, E. MacDonald, Brynjolfson, F. Sweeney, Mosses, W. C. Morley and A. D. B. Scott have been selected to referee Saturday's Rugby games at Oak Bay between the James Bays and Law Students and the Wanderers and Welsh club. The first game starts at 2:15 and the second at 3:30.

#### WAR-CRY OF THE WARATAH TEAM

A ra to tehana. E inar whahine. I one one tonga. Hopokina takai ana. Ana ana aowoi. Ah

That is the yell given by the visiting Australians that has been puzzling the Stanford rooters, and which still has them guessing as to its meaning. Jim Wylie, the only member of the British team, who understands the cry, will not divulge its meaning. The yell is used by the native tribe of New Zealand, the Maoris, on all state occasions, and is generally given by 100 members of the clan, who form in a square ten deep. The natives become excited when they hear this cry, and it is sometimes dangerous to remain near a group when they are yelling it.

#### ENTERS TWO TEAMS.

Victoria Has Splendid Chance to Win Lord Desborough Cup.

Victoria will enter two teams in the Desborough Cup competition which will be held at Vancouver on Saturday, October 26. P. R. Pomfret, secretary of the R. C. branch of the Royal Life-Saving Society, has completed arrangements for the competition. The events consist of time tests in rescue and release, swimming 100 yards on breast and back without the use of the hands. The winning team will receive gold medals and the Desborough Cup, while the second team will receive silver medals. Victoria's representatives are as follows: A. Brown, L. Warmicker, J. Brown, T. Heyland and C. Landry.

### SPORT NOTES

It is just possible that an intermediate Rugby series between Vancouver and Victoria may be arranged.

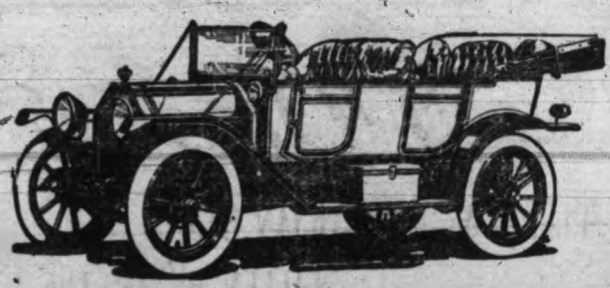

Victoria West ought to win the Sidney ten-mile modified marathon. A. Goulding and C. Brown, the club's crack distance gallopers, having entered for that event. R. Foster, of Sidney, is handling the race.

All arrangements have been completed for an artificial arena at New Westminster this winter. The ice machinery will be installed next month.

The Dominion Football Association appears to have as much control over soccer as club owners have over lacrosse players. It's an association in name only.

### The Engine is Perfect in the Russell "30"

It has every known improvement that engineers have yet devised to make the poppet valve engine supreme.

Simplicity in construction, and economy and quietness in operation, are its dominant features.

In it, you get that most necessary feature—maximum power with a minimum of weight.

But, besides its wonderful engine, the 1913

Russell "30," as compared with the 1912 model, has \$325 worth of new and high grade

equipment, including electric self starter, electric lighting throughout, demountable rims, spare rims, power pump and electrically lighted speedometer and clock.

In brief, the Russell "30" is the ideal—the ultimate—type of valve engine car.

### MANN CUP HOLDERS WILL MAKE TOUR OF ENGLAND IN FALL OF 1913

Although it had been proposed to take the Vancouver A. C. lacrosse team, world's amateur champions, for a tour of the Old Country during December and January, the proposition has been abandoned owing to the inability of the English Lacrosse Association to arrange a sufficient number of matches, but it is altogether likely that arrangements will be completed shortly for a trip abroad next year.

Mr. Con. Jones, president of the Vancouver professional team, offered a few days ago to manage a British tour for the Mann cup holders, and cabled to Mr. Harry Allingham in London, England, inquiring whether it was possible to arrange for matches during December and January. Yesterday a reply came to hand stating that owing to the short notice it would be impossible to entertain the proposal this year, and suggesting that the trip be arranged for next season. A British team will tour Canada early next summer, and should the Athletic Club's champions be successful in their defence of the Mann cup they will most likely cross the pond later in the season.

#### OFF FOR VANCOUVER.

Four James Bay boxers left for Vancouver this afternoon to compete to-night in an intercity tournament at the new home of the Vancouver Athletic Club. They are Albert Gerard, 115 lbs.; Jack Clements, 125 lbs.; Scotty McKay, 135 lbs., and Chris Georges, 155 lbs. Seattle boxers will be seen here on November 15.

#### SELL THE CUBS.

Chicago, Oct. 18.—A report is current here that Charles W. Murphy, president of the Chicago National League Club, is negotiating for the sale of his stock in the team, and that a New York man is the prospective purchaser. The Easterner's name was not disclosed.

#### MRS. CHASE DIVORCED.

The family troubles of Hal Chase have been settled by Mrs. Chase being given an uncontested divorce, custody of their three-year-old child and alimony of \$100 a month.

#### FOUGHT A DRAW.

Indianapolis, Oct. 18.—Young Sailor, of Indianapolis, and Harry Donahue, of Pekin, Illinois, fought ten rounds to a draw here. Both were badly bruised in hard mauling in the last round.

#### FRANK BOWSER, OF THE J. B. A. A., IS THE ONLY VICTORIA ENTRY FOR THE GOLD SEAL RACE AT VANCOUVER ON OCT. 20th.

#### BULGARIANS AND TURKS ADVANCING

(Continued from page 1)

#### French Views.

Paris, Oct. 18.—Now that war in the Balkans has been formally declared the French press insists on the necessity of a complete accord among European powers. The fear is expressed that should antagonism develop among the nations of Europe as a result of opportunities for aggrandizement arising out of the trouble in the Balkan peninsula, the world may see the bloodiest war in history.

#### Will Mobilize Troops.

Bucharest, Roumania, Oct. 18.—The Roumanian government has decided to prepare for mobilization of the first, third and fifth army corps at once upon Bulgaria gaining an important victory.

### PATRICK AROUSES ANGER BY SUCCESS

Victoria Magnate Signs Eastern Stars, Which Peeves Montreal Hockey Mogul

Toronto, Oct. 18.—Trouble is coming in hockey circles. Sammy Leichtenheln of Montreal has thrown down the gauntlet to Lester Patrick, of Victoria, who has been negotiating to have a hockey commission with the aim of holding a world series. Patrick was in Montreal a few days ago, and has signed several players which the Montreal magnate objects to. Leichtenheln intends to get all the best players he can get and to smash Patrick. The letter, who is here, denies signing any players signed by any other club.

The players whom manager Patrick undoubtedly has signed include Ernie Johnston, Ode Cleghorn, Jimmie Gardner, Didier Pitre, all of Montreal; Goldie Progers, of Quebec, together with Fred Taylor and Carrol Kendall, of Ottawa.

Fire Wardens Meet.—There was a meeting of the fire wardens this morning to take up the question of the by-law to regulate dry cleaning establishments where gasoline is used.

Court of Assize.—Notice is given in this week's Gazette that the sittings of the court of assize at Greenwood fixed for 10-day are cancelled. The court of assize will sit in the city of New Westminster on October 28.

Foresters at Home.—Mrs. Croghan, 2529 Vancouver street, will be at home to all members of Comp. Court Far West No. 275, Independent Order of Foresters, on Monday evening, 9 to 10. Important business will be transacted and a social evening enjoyed by companions and visiting Foresters.

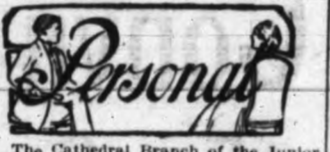

All Under Contract.—Supt. Beasley, of the E. & N. railway, said this morning that with the letting of the contract to Moore & Pethick for about 20 miles of line in the Comox extension, the whole line to Courtney would be under contract, and it was expected to open it next July. About 20 miles are already graded of the 45 miles from McBride Junction. Several steel bridges would be required, for which contracts would be let in due course.

I. O. G. T.—Nulli Secundus lodge No. 93, I. O. G. T., held their weekly session last evening in the lodge room at 721 Caledonia avenue. The programme for the evening was "Chief Templar in a Fix," and the questions asked were many and varied, the chief templar losing his chair twice. A most enjoyable and profitable evening was spent. Members please note that a deputation leaves corners of Yates and

Douglas streets at 7 o'clock for a visit to Cedar Hill lodge to-morrow evening.

"Who's Your Tailor?"—An important question. We represent the House of Hobberlin, Ltd., Tailors to the "Canadian Gentlemen," 720 Yates Street. Blockade Sale starts Saturday, October 19.

County Court Cases.—Judgment was given by Judge Langman this morning in the case of Hardwick against List, the plaintiff getting \$135 and costs. The suit arose out of the settlement of a partnership dispute, the plaintiff and defendant having been in a real estate partnership. In the suit brought by Fletcher Brothers against Mrs. Fremonto, of Cowichan, for a bill of goods, judgment was given for the plaintiff.

The Cathedral Branch of the Junior W. A. is attending their annual sale of work on Tuesday, December 3, in the Cathedral school room.

Frank M. Chapman, editor of the "Farmer's Magazine," Toronto, is in the city. Before returning to his home Mr. Chapman will attend the dry farming congress at Lethbridge.

Dr. and Mrs. T. J. Jones returned to Victoria last Saturday after a most delightful five-months holiday spent in Europe, during which they visited London and various other cities in England, Ireland and Scotland, their trip on the continent embracing Paris, where they visited for some weeks; Marseilles, Lucerne, Interlaken and Rome also being points in their itinerary where they remained for more prolonged visits extending in some instances to several weeks. The most perfect weather was met all over the Continent, but the visit to the British Isles was marred by the unprecedentedly bad weather from which the mother country has been suffering during the past summer. Both the doctor and Mrs. Jones have returned in the best of health.

COL. ROOSEVELT. May Leave Chicago for His Home Early Next Week.

Chicago, Oct. 18.—Col. Roosevelt will leave Chicago for Oyster Bay Monday or Tuesday next. This was decided upon to-day, with only the qualification that it depended upon the colonel's condition and uninterrupted improvement, which his physicians now confidently expect.

## A Man and Price

A man choosing clothes has a good deal of sense—more than most women give him credit for. Usually his first question deals with quality and durability. "How long will it wear and still look decent?" is a question we've often heard. It's because we know so well what Victoria men expect and demand that we have been so successful in gaining their confidence—and their business.

The question of price, however, while it may take second place, is hardly of less interest and to-night we indicate some of the prices at which a man can buy Cuming Clothes—the kind that measure up to a man's ideals.

### CUMING SUITS

We're proud of our Indigo Serge Suits and we know they can't fade. We give a written guarantee to that effect. At \$22.50, \$25.00, \$27.50 and \$30.00 there are no better Suits made. Let us remind you of our All-Wool Vests at \$3.50 to \$6.00. Fine for the winter.

### CUMING OVERCOATS

We are showing some beauties in Tweeds at \$12.00, \$15.00 and \$18.00. There's style, durability and comfort in every one. Talking of Coats, let us remind you that we are sole agents for the world famous SANSEAU RAIN-COAT.

### CUMING SHIRTS

We have the kind of Shirts the business man wants. Any style you like and scores to choose from. See those at \$1.25 and \$1.50.

### CUMING HANDKERCHIEFS

Mr. and Mrs. J. W. Dawson have arrived in the city from Tacoma, and are guests at the Prince George hotel.

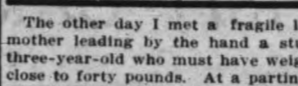

Mrs. H. H. Emerson and Mrs. William Keating, of Santa Ana, California, are guests at the Strathcona hotel.

A honeymoon couple at the Empress hotel, who left to-day for the mainland, having in view a trip through the western states as guests of a theatrical company, are Mr. and Mrs. Harry Tidy, of New Westminster. Mrs. Tidy was Miss Alice Emily Masters, daughter of Mr. and Mrs. Thomas Masters, and they were married a few days ago at St. Barnabas church in the Royal City. Mr. Tidy is manager of the opera house in that city.

A quiet wedding was celebrated in the Metropolitan Methodist church yesterday, when Miss Bertha Watson, daughter of the late Thomas H. Watson, naval architect, of Newcastle-on-Tyne, was united in marriage to Albert Burdon, of this city. The ceremony was performed by the pastor of the church, Rev. Dr. Scott. The bride, who was attired in a gown of cream satin and wore a bouquet of orange roses, was given away by Mr. John W. Stobart, Edward Parsons presided at the organ. The happy couple received the congratulations of the personal friends who were present, and left on the afternoon boat for a wedding journey.

One of the prettiest weddings of the whole year was solemnized in Christ church at 115 East water, when Miss Almira Florence Holmes, daughter of Mr. and Mrs. A. W. S. Holmes of this city and granddaughter of Mr. William Marshall Holmes, M. D., of Devonshire, England, was united in marriage to Dr. Ralph Carmichael Bamford of this city, son of Mr. and Mrs. Thomas Bamford, of Victoria, says yesterday's News-Advertiser. The church was decorated with palms, autumn leaves and dahlias in great profusion, and the autumnal shades under the glimmer of the lights made a pretty setting for the ceremony. The guests included only the relatives and immediate friends, but the church was well filled with the many friends of this popular couple. The bridal party entered the church as the chords of the Lohegrin wedding march were sounded. First came the maid of honor, the bridesmaid and ushers, and then the bride, who entered with her father, by whom she was given away. She was attended by her sister, Miss Ida Holmes, and a maid of honor, Miss Mabel Burrill, as bridesmaid. The groomsmen were Mr. Cyril Brydson-Jack, the ushers were Mr. Harold Farnford and Mr. C. B. Garland, and Mr. Jack Sweet, who escorted the bride's mother to her seat. The ceremony was performed by Rev. C. C. Owen. The bride looked beautiful in an Empire mode gown of ivory milled and satin. The bodice was draped low over the bust with a spray of orange blossoms. A heavy pearl necklace, with pearl and bugle pendants adorned the front of the bodice, and outlined the square neck, which was finished with a narrow chiffon band. Wide bands of beautiful old Hamilton lace trimmed the sleeves, and were carried up over the shoulder, forming a pointed yoke effect in the back, and tiny sprays of orange blossoms were caught in the lace on the sleeves. The skirt opened in front over an undershirt of elegant old family lace, over a century old, and a frill of the same handsome lace was carried around the bottom and draped up with the satin under a spray of orange blossoms at the right side of the train. The left side of the overskirt was trimmed with Parisian pearl embroidery, and the other side was sewn with large pearls. The skirt fell in graceful folds to the end of the round train, which was edged with old lace. She wore a lovely veil of Michlin net embroidered in white silk, and arranged over her hair under a coronet of orange blossoms, myrtle and white heather. She carried a shower bouquet of white roses, sweet peas and fern. Her maid of honor, Miss Beatrice Holmes, wore an elegant imported gown of pink satin made en traine, with overdress of white chiffon, handpainted in a wild rose design in shades of pink. The tunic was edged down the front with crystal embroidery, and finished around the bottom with crystal bugle trimming. The bodice was made with wide girde of the pink satin fastening high on the left side under a tiny wreath of pink silk rosebuds, and tiny wreaths of the same were apped on each shoulder. With it she wore a white beaver hat trimmed with pink marabout, and white aigrette, and she carried a bouquet of Caroline Testout roses and pink carnations. Miss Mabel Burrill made a pretty bridesmaid in her graceful gown of old gold satin. The young couple received many beautiful gifts, not only from a wide circle of friends in Vancouver and Victoria, but from friends in England and Paris. The groom's gift to the bride was a gold watch and chain, and to the bridesmaid he gave pearl brooches, and to the best man and ushers pearl tie pins. Dr. and Mrs. Bamford left on the night boat for a short trip to the Sound cities, and on their return will take up their residence in their beautiful new home at Esquimalt Island. The bride wore a travelling suit of Saxe blue serge, with large blue velvet hat, faced with black velvet and trimmed with pink velvet poinsettias and pink and white ostrich plumes.

**The Evening Chit-Chat**  
By Ruth Cameron

The other day I met a fragile little mother leading by the hand a sturdy three-year-old who must have weighed close to forty pounds. At a parting of the ways, the youngster decided to take the wrong road. His mother pleaded; he insisted. Finally he sat down on the curbing and howled. Whereupon that frail little woman, who could not have weighed over a hundred pounds herself, picked up that howling, kicking child and carried him towards home.

Although I knew her but slightly I could not help offering my assistance and protesting against the injustice she was doing herself. "He's altogether too heavy for you to carry," I said; "You'll certainly injure yourself."

"I suppose I ought not to do it," said the little mother, as she wearily put him down, "but it's the easiest way."

The easiest way, the easiest way—for how many follies, for how many mistakes and failures, for how much wasted power and inefficiency is that our feeble excuse.

There is a play called "The Easiest Way." You have probably heard of it; the mayor of Boston by banishing it from the stage in his city, most successfully press-agented it for the rest of the country. This play deals with one notorious kind of Easiest Way, but not the only kind by any means. Believe me, The Easiest Way is on the sign-board of more than one path to failure and unhappiness.

When a baby throws his toys from his high chair to the floor and then cries for them, the foolish mother picks them up because "it's the easiest way"—so much easier than teaching him that he must not throw them down.

As he grows older and learns to cry and tease for things she gives in again because that is "the easiest way."

Later she tries to teach him to be orderly about his room but he is so impatient of rebuke that she soon ceases trying to teach him this invaluable habit and picks up after him because "it's the easiest way."

And then, after she has followed this line of procedure all through his childhood, she wonders why he grows up headstrong, disobedient and selfish and generally a spoiled child: "There isn't much room for wonder, is there? For the children brought up in 'The Easiest Way' are pretty likely to be spoiled children."

A friend of mine often complains that she can never get good service from any maid more than a few months. "No matter how good they are at first," she says, "they soon get sloppy." I rather wondered at her difficulty until I visited her for a few weeks, and then I wondered no longer. For every time that the maid was careless or incompetent about anything, this woman would do the task herself rather than make the girl do it right. "It's the easiest way," she said.

Whisper, while I tell you a secret. There's a very queer thing about all

paths marked "The Easiest Way." When you start down them, everything looks pleasant and the path is broad and smooth. But before you have travelled very far, the landscape begins to grow ugly and dismal and the road gets very rough and toilsome. And then you come to a sign-board and look up, and what do you think has happened? Why, "The Easiest Way" has become "The Hardest Way."

# Stormy Weather has no Terrors for the Woman who wears one of these Coats

NOT only are they showerproof, but they are stylish, comfortable, well made and will stand a very severe test. To judge their quality merely by the small prices would be to sadly underestimate their value; they look good and are equally as good as they look.

Coats with the Raglan or the ordinary sewn-in sleeves, military, or a new and serviceable two-way collar that shows neat reverses or can be fastened close up to the throat are here to choose from, while browns, greys and fawns are the colors.

Turn-back cuffs of those with a strap fastening and the plain styles are represented and the pockets are either the patch style with a cover, or the popular side slit kind. Prices \$6.50, \$8.50, \$10.75, \$12.50 to \$18.00.

See our showing of new and stylish Costumes from \$12.50 up to \$35.00. They are the best your money can buy.

## MAYOR MEETS HERO OF TRANSCANADA TRIP

### Preparing for Revelstoke Meeting—The Paving and Boulevard Situation

Mayor Beckwith went to Duncan this morning in company with other gentlemen to meet Thomas Wilby, the transcontinental motorist, and will lunch there with him. The welcome of Victoria automobilists will be given in the form of a dinner to-night to the hero of the great trip.

There seems some doubt whether the V. & S. railway agreement will be taken before the city council on Monday, to which it is set for reconsideration, for the mayor and Alderman Stewart will have to leave earlier in the day, possibly on Sunday night, if they are to reach Revelstoke in time for the opening of the convention of the B. C. Union of Municipalities. They may, however, wait for the night boat on Monday, in order to attend the council session, and miss the earlier portion of the proceedings of the union. City Solicitor Robertson is the third member of the delegation from the city.

There will not be much more paving or boulevard work done this year. Both the Canadian Mineral Rubber Company and the Worwick Paving Company are busy closing up the works already let to them. On Capt. Worwick's return from California he has taken occasion to deny emphatically the rumour which has been current for three weeks that the company would sell out its plant at the conclusion of the present contracts, and close down as a competitor in the paving world.

RE MUNICIPAL ELECTION, 1913.

The attention of persons desiring to qualify as "HOUSEHOLDERS" or "HOLDERS OF TRADE LICENSES" to vote at the Municipal Election to be held on the 2nd Thursday of January, 1913, is drawn to Section 3 of the "Municipal Elections Act," which provides that "in the case of the holder of a Trade License, or in the case of a Householder, he, or she shall during the month of October in each year, make and cause to be delivered to the Clerk of the Municipality, a Statutory Declaration made and subscribed before a Supreme or County Court Judge, Stipendiary or Police Magistrate, Commissioner for taking affidavits in the Supreme Court, Justice of the Peace, or Notary Public, in form, and to the effect of Form 1 in the schedule to the said Act, and of Form 2 in said schedule in the case of a householder."

"HOUSEHOLDER" shall extend to and include any person of the full age of 21 years who occupies a dwelling, tenement, hotel or boarding house, who has been a resident in the Municipality from the first day of January of the current year, and who shall, unless exempted by the provision of the proviso at the end of subsection (137) of Section 33 of the Municipal Act (which exempts certified efficient militiamen and persons over the age of 60 years from paying road tax), have paid directly to the Municipality all rates, taxes or assessments, which are not chargeable on land, which rates, taxes or assessments so paid shall amount to not less than two dollars, due to the municipality for the current year, other than water rates or taxes, or license fees for dogs.

Section 5 of the said Act further provides that "No declaration shall be accepted by the Clerk of a City Municipality unless it is delivered within 48 hours after it is made."

Section 5 further provides that "No person who is not a British subject shall have his name placed upon any municipal list of voters."

Forms of declaration may be obtained and the necessary declarations made at the office of the City Assessor, 2nd floor, City Hall, Douglas street.

**YOUTH NARROWLY ESCAPES A TERM**

Robert Harford Makes Protest Against the Frequency With Which He Appears in Court

Charged with seduction in the police court this morning a young man named Peter Palumbo, escaped a trial on the statement of the city prosecutor that the girl involved in the case did not come under the provision of the code in regard to being of previous chaste character. The girl is not yet fifteen years of age. In lecturing him severely this morning and advising him to return to Seattle Magistrate Jay remarked: "This is no place for you. You have had a narrow escape; you might have gone to jail for a long term. You had better be more careful."

John W. Sharpe, who went to the Turkish baths on Fort street last night is alleged to have broken the front window out of spite for being charged what he thought to be an excessive figure for a bath. Fifty cents was too much, he said, and he had only washed his feet. Another customer heard the window smash in, and going to the door saw the accused running down Fort street. The man was brought back to the baths but denied having broken the window. It is also charged against him that his behavior while in the baths was most objectionable. The prosecution having another witness to call obtained a remand until to-morrow. Sharpe applied for bail and was given the opportunity to get his freedom until to-morrow morning on deposit of \$50.

Robert Harford protested vigorously, while sitting in the dock at the fact that he had been arrested. He asked constantly in court which one arrested him, and was told to take his hat off. When his name was called and he was charged with drunkenness, he pleaded to know "The cop who ran me in." He said he was being persecuted, having been brought into the police court frequently. Looking round the court with a Mutt and Jeff expression in his eye he lighted on a constable and exclaimed, "That's the dog."

"Remanded until to-morrow," said Magistrate Jay.

**AMBULANCE CLASSES.**

Start Will Be Made in Three Centres to Instruct Teachers Not Yet Qualified.

A commencement will be made as soon as arrangements have been completed for classes at the North Ward, Central, and Sir James Douglas schools, to impart to the teachers who are not already qualified, instruction in first aid.

The classes will be under the auspices of the St. John Ambulance Association, and in accordance with the arrangement made with Dr. Donald some months ago. Some of the teachers are already qualified, through instruction in their class of emergency work at their Normal school course.

The benefits of this course cannot be exaggerated, and it will enable all teachers to act promptly in case of minor injuries, or sudden attacks of illness.

**PAVING OF RITHET STREET IS EXPENSIVE**

Department States That Cutting Out of Boulevards Has Accounted for High Rate

The residents of Rithet street, in James Bay, are protesting against what they regard as the heavy cost of paving, which works out at \$6.75 a foot frontage.

This figure is excessive for a residential street compared with other streets in the district, but the cause is that the paving embraces the whole area from the sidewalks, and the expense is about double what the normal residential street costs. Frontage assessments on these streets are usually from \$3.50 to \$4, but boulevards of considerable width are the rule. These, however, the residents of the street would not have. Rithet street, again, is an unusually wide street for the residential district.

However stormy weather for the officials is promised by the owners unless the department can show detailed statements of the cost. The work was done by the Canadian Mineral Rubber Company. They have made application through Ald. Dilworth, of the fifth ward, in which Rithet street is situated, for particulars of the bill, and Ald. Dilworth has promised the matter his attention.

The property owners declare that the amount charged them was not, and could not be, spent in paving Rithet street. They say there was no grading of any account to be done, and that the street was free from rock, making an entire absence of heavy work for the contractors.

When the bills were sent in recently the property owners were astounded, and joined together to enquire the reason of the high charge. They now say they will refuse payment and will go one step further. They will demand an investigation if the details of the cost cannot be shown satisfactory.

**SHIPBUILDING ON COAST.**

Secretary of Board of Trade Receives Replies From Various Bodies on Mainland.

In connection with the proposal which was before the board of trade with regard to shipbuilding on the coast, and the inducements to be held but to operate and improve plants on the Pacific Coast, the secretary of the board, F. Edworthy, stated this morning that several boards had replied to his letter asking for an expression of their views.

The North Vancouver board, who are interested in the matter as to the location of an important shipyard, have taken the matter already under consideration, and referred it to a committee. The Vancouver board are considering the subject, the Westminster board have a committee working on the question, and it is expected shortly to hear from the Nanaimo board. The intention is to obtain a joint action on the part of the maritime cities on this important subject.

**VELIE TRUCK.**

Tests Being Made To-day—Will be Brought Into Use When Bunkers Are Ready.

The first test of the new Velie truck, which is to be used for collecting garbage from the various stations, is being made to-day. The chassis arrived from the manufacturers some months ago, but the contract for the wagon part was not let to John Moston for some time owing to a wrangle in the council on the matter.

The completed truck, which is painted green and black, is a handsome addition to the civic apparatus, and will be brought into service when the bunkers at the various substations have been built. Meanwhile, after the tests have been completed, the wagon will be stored.

**MAJOR LABEL EXPECTED**

Field Ambulance Officer is to Visit Victoria.—Took Part in Rebellion.

Dr. E. A. Lebel, of Quebec, commanding officer of No. 7 Field Ambulance, who holds a major's commission, and a former president of the Association of Medical Officers of the Dominion, is expected in the city shortly, probably to-day. He owns considerable properties at Melville and Watrous and came west in connection with them. Having come so far west he decided to come on to the coast. He has been connected with the Canadian militia for 30 years.

Away back in 1854, when the troops were sent out to quell the Rebellion, among the number were two companies comprised of students from Laval University. The doctor was a member of the Ninth Regiment, which was commanded by the late Lt.-Col. Amyot, M. P.

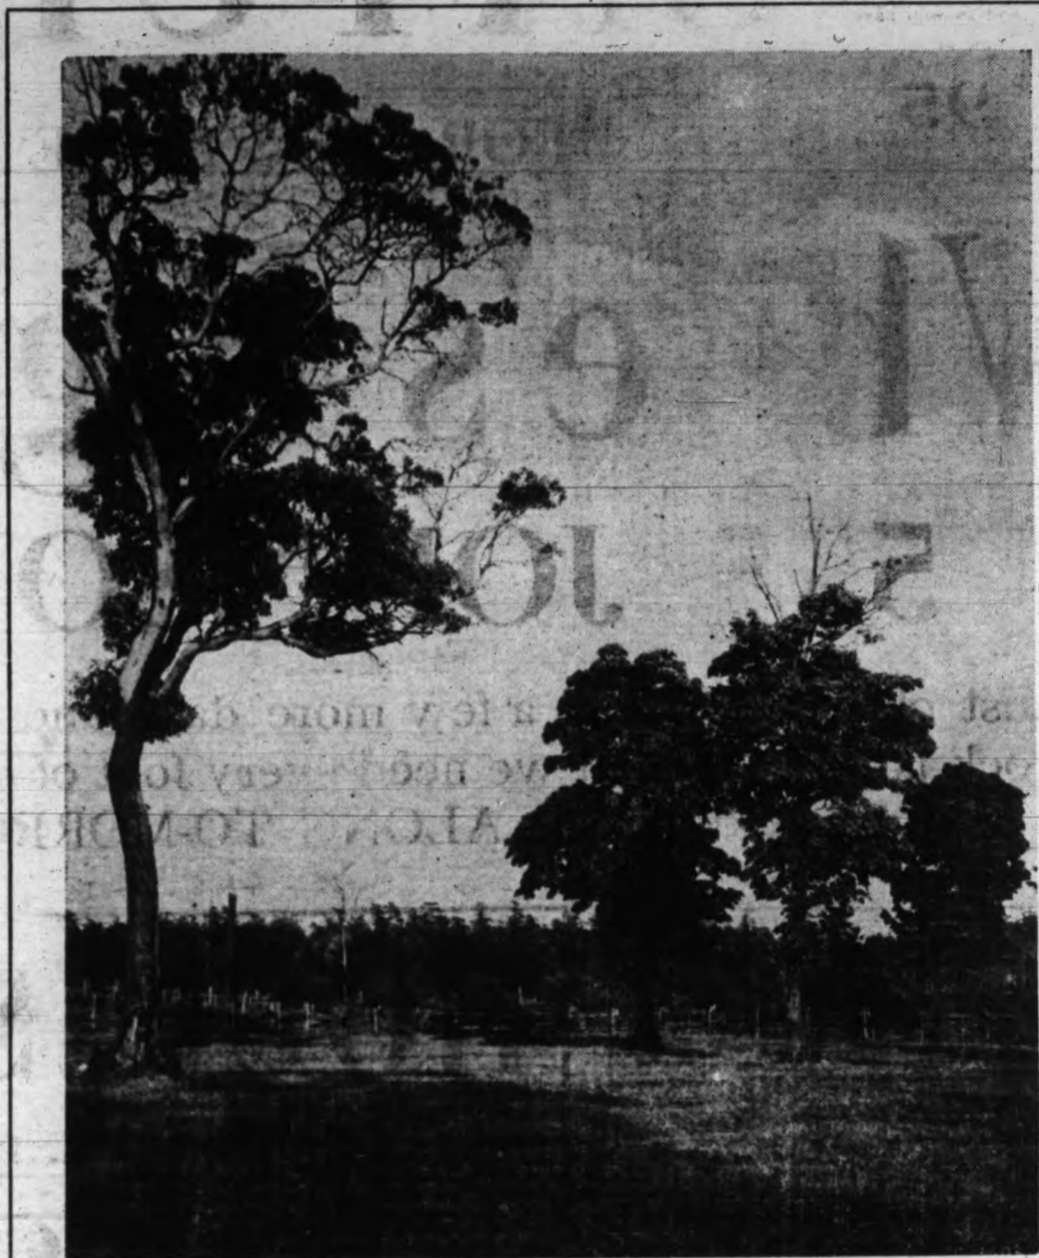

"The chances since that time," he said in an interview, "have been marvellous. Calgary then was only a small trading town, while Moose Jaw consisted of a station and a few houses surrounded by an Indian reserve. Vancouver was a tiny village. I am greatly impressed with the western cities, especially Calgary, Edmonton and Vancouver. This city is much larger than I expected and built on substantial and beautiful lines. Everywhere there is the spirit of optimism and progress."

**Here's What You Get** You get (on completion of payment) an indefeasible title to a one-third-of-an-acre lot in the finest location on Cadboro Bay, a lovely valley, so situated that it has been known for years to those familiar with the district, as unusually sunny and sheltered and beautiful. The lots look out of a frame of charming greenery on Cadboro Bay, and beyond to the broad Gulf and to the distant, though sharply-outlined, Olympics.

**Two Homes Already Built** Two nice homes have already been built in "Cadboro Vale," and others are being planned by delighted owners of lots.

**Snappy Pointers For You** "Cadboro Vale" has been cleared and fenced, but numbers of magnificent oak and maple shade trees have been preserved. The property is blessed with plenty of pure, cold water. It is near the new Cadboro Bay hotel, near the beach and just beyond the famous "Uplands." The surrounding neighborhood is well built up with bungalows of a high standard, and good transportation is assured, as the "Uplands" line now nearing completion, is, but a few minutes' walk distant. However, it is more than likely that within a short time a line from the terminus of the "Uplands" line will be extended to the B. C. Electric Company's new park which lies just to the north of "Cadboro Vale," with only a line fence separating the two properties.

IT DOESN'T COST MUCH TO OWN A LOT IN "CADBORO VALE" NOW. THERE IS ABSOLUTELY NO QUESTION ABOUT THE FUTURE OF THIS DISTRICT AND OF THIS PROPERTY. THERE IS NO QUESTION ABOUT ITS VALUE AS AN INVESTMENT, ESPECIALLY AT OUR PRICES.

### ART GALLERY TO BE OPENED HERE

### DR. YOUNG SAYS PLANS HAVE BEEN DRAWN UP

Will Begin With Collection of  
Local Pictures as Far  
as Possible

Dr. Hasell, president of the Island Arts and Crafts Club, who presided at the opening of the third annual exhibition of this society which was held yesterday afternoon, introduced the speakers of the afternoon, and expressed his sense of gratification at the wonderful improvement, both in quantity and quality, over the previous exhibitions of the society. It was, he said, a splendid exhibition and testified to the growing interest which was being taken in art in Vancouver Island.

Dr. Young, in the absence of Sir Richard McBride, performed the actual ceremony of declaring the exhibition open, saying that it was three years since he had had an opportunity of being with the Arts and Crafts Club, and adding that what he saw there demonstrated to him the wonderful advances that had been made by the club in the interval.

"The exhibition of pictures which I see on the walls is a great credit to the country," said the speaker, "and I am glad indeed that we are starting the nucleus of what may in time develop into a part of the life-work of the people. I hope in a short time to be able to begin the erection of a museum in connection with the government buildings. I may say that I have the plans already drawn up to have an art gallery erected, and at the present time I am looking about with a view to purchasing several paintings to form the nucleus of this gallery. In the furtherance of this work I hope to have the assistance of the Arts and Crafts Club, so that the museum when completed will be one of which we may well be proud. It is my intention to begin with a collection of local pictures as far as possible, and only recently I had the pleasure of seeing some paintings by one of British Columbia's artists, showing some of the characteristic scenery of the province, and hope to purchase three or four of these."

"I am confident," he proceeded, "that this work will enlist the sympathy and support of the members of this club, especially at this time when it is alleged that we are becoming so very materialistic. We are making such tremendous progress in material and it is not right that some-

thing of this nature should be accomplished in order to counteract the tendency of the hour—and I am sure you will agree with me that it would be very regrettable indeed if the present spirit should continue unchecked."

Dean Doull moved a cordial vote of thanks to the honorable minister, who had not only consented to open the exhibition but had in a sense voluntarily associated himself with the Arts and Crafts Club. The dean congratulated the last speaker upon his expression of the government's intentions to start a picture gallery, and said that he felt sure that this action on the part of the government would be welcomed not only by the members of the Arts and Crafts Club, but by all who were interested in the true development of the people. A visitor to our city whom he had met last year had expressed to him the idea of the utter failure of the people of this country to talk or think about anything at all except money. That, said the speaker, was not a happy state of affairs, and he was glad to think that such a magnificent effort was to be made by the provincial government to counteract it.

The motion of thanks was seconded by Mayor Beckwith, who said that, as the executive head of the city, it was extremely gratifying to find such an excellent exhibition of pictures. It was a good thing for the city that there should be such an organization as the Island Arts and Crafts Club to carry on and encourage important work of this kind, and it was with the greatest delight that he heard of the efforts which were to be put forth by the provincial government on behalf of the development of art in the city.

J. J. Shallock supported the motion, saying that he felt that the proposed action of the government would go a long way in attracting artistic people to the city. Thanks were due not only to the members of the club, but to all those who had exhibits on the walls or on the tables, and there was no gainsaying that the exhibition was a surprise to everyone. Every exhibit in the room was the work of local talent—talent either born and bred here or of those who had come to make their home in Victoria. The establishment of a school of art in our midst would be a most responsible undertaking and the provincial government had already shown that it was not concerned entirely with the material welfare of the people of this province, having recently set aside a great area of land in the island as a recreation ground for its people.

The motion of thanks was endorsed by the visitors, who heartily applauded Dr. Young and the speakers who had supported the motion.

### ENTHUSIASTIC RALLY.

### Of Adult Bible Classes—Address on "Civic Righteousness."

A very enthusiastic and successful rally of the Adult Bible classes of the city and district was held on Wednesday evening last at the Congregational church. The attendance was most gratifying, almost all the organized classes being represented. The "Shake-spear" class from Esquimalt proudly carried off both banners this time. The blue one, for highest percentage of membership present, being the third time of winning. It was much regretted that Rev. Dr. Scott, who was to have given the address of the evening, was not able to be present owing to a slight motor breakdown, but the very able and stirring address on "Civic Righteousness" given by Mr. McEwan, who was called on without any notice whatever, was conceded by all present to be no mean substitute.

The soloists of the evening were Miss Parsons and J. G. Brown, who delighted the audience with very well chosen selections. Edward Parsons very kindly acted as accompanist.

"Down with Saloons" is the watchword adopted by the Adult Bible classes for the next three months, all being urged to make it practical by the right use of the ballot at the coming elections.

"Who's Your Tailor?"—The Commonwealth, 720 Yates Street, will open their doors Saturday, October 19. Blockade Sale starts Saturday, October 19.

# You Can't Coax a Man Into Ordinary Clothing When He Wants Good Tailoring

The old scarecrow of "the steep cost tailor" doesn't scare the customer any more. Advertising has educated him to know that good clothes, ready to wear, cost no more than ordinary hand-me-downs. You can't coax him into "hand-me-downs" when he knows he can get the "best clothes ready to wear, tailored."

To demonstrate what we mean by "good clothes well tailored," we are going to place on sale Saturday a special buy of "Fit-rite" Suits, which is the standard of quality from coast to coast, at much reduced prices. These suits are all hand-tailored.

Special Buy of 50 Suits

### The Slaughter Beggars Description!

I stand alone, and have no connection with any firm or firms who advertise their reputation as the means of my large business; enmity is the sole cause of their talk. My reputation is too good to exchange for theirs, which is what they have made it. I practise no deceit in showing goods at prices I have no idea to sell them for. What I show and advertise I sell. Any article taken from the window and money returned on any purchase should customer desire it, which in my experience is a rare occurrence. Patronize the man with seventeen years' practical experience from mill to wearer. Why patronize firms which hide or are ashamed to use their own name; I know not which!

## OUR LETTER BOX

NOTICE TO CORRESPONDENTS.

Letters for publication in Daily Times must be received before 10 a. m. When received after that hour they will go over until next day.

### DOG NUISANCE.

To the Editor: Can you spare a space in your paper to me? If so I wonder if there are others beside myself who are worried by other people's canine pets, who, without warning, suddenly dash out at one and if allowed to would no doubt bite a person or tear one's clothes. If there is no inspector of nuisances in Victoria there should be one. They told me at the police station that you could not prevent people keeping dogs. Well, if the law will not prevent these dogs from becoming public nuisances the sooner some one destroys the dogs the better. If I could shoot, this letter would not be written and I should feel justified in seeing the dog become harmless. The dog is on Eiford, near Fort street. Hoping you will publish my letter.  
A PERSECUTED CITIZEN.

## THE ADVANCE MAN

"The Chocolate Soldier."  
Oscar Straus' opera, "The Chocolate Soldier," which the Whitney Opera Company will present at the Victoria Theatre to-night and to-morrow night, has already won for itself an immortality that will be as lasting as that now held by its famous predecessors of the last forty years. In its wide popular appeal this gem of Viennese composition has duplicated the profound success which attended, "Arms and the Man," the famous comedy-satire, by George Bernard Shaw, from which the story of "The Chocolate Soldier" is derived. And to its vogue among the millions whose musical tastes are not regulated by critical knowledge, must be added the high esteem in which the superb little opera bouffe is held by the proudest arbiters of musical opinion everywhere.

Mr. Whitney's production of the opera ranks as high in scenic annals as does the opera itself in the history of musical art. It is a vivid little cross-section of life in Bulgaria that is disclosed by the rising of the curtain, and every detail of costume and scenery is faithful to the country celebrated by Shaw and Straus. None of Mr. Whitney's companies had ever been charged with mediocrity, and the present organization upholds the Whitney standard with distinction. A special company of picked musicians assures one of excellent performance from the orchestral standpoint; vocally Mr. Whitney has left nothing to be desired.

Prominent in the cast are: Rena Vivienne as Nadina; Ilon Berere as Mascha; Lucille Saunders as Aurelia; Charles Purcell as Lieutenant Bumeril; J. Russell Powell as Massakroff; Olive Randolph as Louka; Sylvan Langlois as Colonel Kasimer Popoff; George Ogil as Stephen; and J. F. McDonough as Alexius.

### THE COST OF LIVING.

Ottawa, Oct. 18.—The department of labor returns show that wholesale prices continued to decline during September, standing at 122.5, as compared with 123.4 in August and 124 in September last year. These numbers show a comparison of the prices prevailing at the present time with average prices during ten years, 1899-1909, some 257 articles being entered in the estimates. The downward movement during September was due chiefly to declines in the price of fresh vegetables, especially potatoes, while there were slight increases in several commodities, notably dairy products, fish, iron, hides, boots, shoes, anthracite coal and miscellaneous building materials. In regard to the retail prices the chief feature of the month was the rise in the price of anthracite coal in many cities of western Canada.

Trouble Between Hammerstein and Miss Lyne, Operatic Star.

New York, Oct. 18.—Broadway has learned that the quarrel between Hammerstein and his newest operatic star, Miss Lyne will be aired in the federal court in Kansas City. The trouble had its inception in London when the Kansas City prima donna said she struck the great producer in the face with a roll of music because, as she charges, he insulted her. Suit has been brought by Hammerstein to recover one-half of the receipts of Miss Lyne's Convention hall concert under the direction of the Mystic Shrine. He also asks an injunction restraining her from making further appearances except under his direction.

## PASSING SHOW

Majestic Theatre.

A very interesting set of photoplays has been secured for to-day and Saturday. "The Bank Cashier" is a strong drama in which a stenographer is instrumental in capturing a burglar who had robbed the bank safe where she was employed. This picture is very exciting and full of action. "So Near Yet So Far" is one of those delightful biograph productions where a bashful youth misses many opportunities to be introduced to the girl he loves. On several occasions he almost succeeds in being introduced to her, but always when he is nearest the goal of his desire he is hurried into the depths of despair. "Manufacture of Paper in Maine" is an absorbingly interesting offering, a picture that is worth while, for it gives excellent photographs of big-undertakings. "Terrible Teddy" is a breezy-comedy abounding in rip-roaringly funny escapades.

The Empress Theatre.

The three Italian troubadours at the Empress theatre offer one of the classic singing numbers heard in this city for a long time. They possess good voices and they blend splendidly. The falsetto of one of the three is a treat. They sing some classical numbers and also some ragtime, the classics including operatic numbers from Verdi, Donizetti and other composers.

Collins and Hart, a comedy couple, offer an entertainer built for laughter purposes only. The two gymnasts, both of them clever performers, are the originators of the burlesque strong man act, and the travesty they put on of the physical culture and head and hand balancing turns which have had such a vogue is laughable from start to finish.

Arthur Whitelaw, an Irish comedian, does a monologue which keeps the audience in good humor. He has a fine budget of Irish jokes and stories, sings well and includes a recitation which shows his wonderful reading power.

The dancing Maddens, a clever boy and girl, offer a good dancing and singing number, and Madame Bessee's cockatoos open the show with an exhibition of various feats, indicating how well they have been trained.

In addition to the pictures by the Empresscope, a series of slides are being shown of the more important plays in the world's series of baseball games recently concluded at Boston.

#### BIRTHDAY CALENDAR

**IF THIS IS YOUR BIRTHDAY**  
You will lose by quarrelling. If you cannot act with calmness, avoid other people until you can control yourself. A desire for the strength that comes from harmonious adjustment of the faculties and a meditation on higher aims in life will help you.  
Those born to-day will need strong guidance, for they are inclined to yield weakly to impulse and temper, and unless taught strength will always be unfortunate. Their talents will be marked enough to make their training well worth while.

#### Birthday Congratulations TO

#### CENSOR OF PLAYS PROPOSED.

Toronto, Oct. 18.—The board of control yesterday received the following resolution passed by the police commissioners:  
"That the board of control be requested to appoint a censor of plays, whose duty will be to supervise all plays in theatres of this city, and to give the police from such duty, which does not properly belong to them."  
Mayor Geary spoke strongly in favor of the change.

#### IDEAS OF A PLAIN MAN BY DR. FRANK CRANE

Some one alluded to me the other day as a liberal thinker. But I think I am narrower than the narrowest sectarian. For I only believe a part

of his creed, whatever it is. That is to say, I believe all I (or he) understands of it, which is not much.

I see the good in every religion. Its ideals are captivating. It is soundly practical and Utopian, and I love Utopia. Pure anarchy simply means every man so highly developed that he needs no outward laws, and surely this is the very aim of Christianity and of all culture.

The single-taxers make out their case perfectly, and show how their programme would cure a thousand ills. So I acknowledge the truth at the core of every religious sect. The fundamental ideas of Catholicism, Christian Science, Methodism and all the rest, are rational enough.

But all of these cults and isms carry along with them so much dead timber, so many implications, connotations and inconclusive consequences, that they lose me. Couldn't somebody start something containing just the juice and sweet reasonableness of each, omitting the

### ENGINEERS APPEAL TO HON. R. L. BORDEN

#### MR. GAMBLE WOULD NOT EMBARRASS GOVERNMENT

F. C. Gamble Interviewed on Strathcona Park Job and Victoria Society's Protest

"I don't want to embarrass the government," said F. C. Gamble, chief engineer of the department of railways this morning, when interviewed as to the current report that the society of civil engineers, of which he is the executive head, has wired to Right Hon. R. L. Borden, prime minister of Canada, a protest in regard to the appointment of American engineers on Canadian public works.

Mr. Gamble was then asked if it was by a resolution of the society that he was authorized to give out information for the society, and replied: "No, it is not. It is by my own order as executive head of the society."

"I do not approve," said Mr. Gamble, "of the newspapers printing anything regarding the society of civil engineers. I do not wish our society to be made political capital of. We are a private body. When we have any news for the press I will give it to the papers, and the papers will not have to come for it."

Mr. Gamble referred in the interview to the article printed in the Times this week in reference to the appointment of Americans on British Columbia government works, and the appointment of Col. Thomson at Strathcona Park on a five-year contract at a salary of \$15,000 per annum. Mr. Gamble referred to the article as "that squib," and in reply to an enquiry if the statements made were incorrect, and if he would like to issue a contrary statement, he replied: "I don't want political capital made out of the society. I don't want to embarrass the government."

The article referred to was an account of the appointment of Col. Thomson at the salary mentioned, and his engagement of a number of Americans to work at Strathcona Park. The article also referred to other posts the provincial government has filled with Americans at high salaries, and it compared the \$15,000 per annum paid to Col. Thomson with the salaries of the prime minister of Canada, the premier of British Columbia, eminent Canadian railway engineers and others, all receiving from twenty-five to fifty per cent. less than Col. Thomson.

Since the appearance of the article in the Times last Monday night comment has increased regarding Col. Thomson's appointment. It is stated that the work he has been appointed to undertake is the simplest form of field work known to engineering men, and that there is absolutely nothing in connection with it to warrant a salary of \$15,000 per annum. Civil engineers and surveyors say it is work similar to that being done on contract elsewhere for the government by the regular staff engineers.

Despite the refusal of Mr. Gamble to either affirm or deny that the society of civil engineers has protested to the Prime Minister of Canada, it is known to be the fact. Members of the society have had the temerity to disobey the command of the executive head. They have in fact resisted the attempt to keep news from the press.

### HOUSE OF HOBBERLIN

#### Marks Opening of New Emporium With Big Sale.

Canada's big clothing firm, The House of Hobberlin, will open its spacious new tailoring emporium on Yates street to-morrow with a sale that will equal in excellence of quality offered, anything that has been offered in the province. This firm, in opening up its new premises, has been handicapped to a great extent by the building operations that have been going on. A. M. Sommer, of Toronto, who was sent out to Victoria for the express purpose of catering to the coast trade, has taken charge, and together with D. W. Quinlan, will endeavor to please the most fastidious dressers. A stock valued at \$100,000, the most valuable collection of woolen goods on the coast, is now located at the new store, and there is a wide variety for the Victorians to choose from.

It is hardly necessary to go into details regarding the House of Hobberlin, which is without exception the most complete clothing house in the east. A special workshop, containing 400 workmen, has been allotted to attend to the coast trade, and patrons may rest assured of a speedy tailoring service. As a starter, the House of Hobberlin is featuring its opening with a reduction sale that is remarkable for the values given.

Late to-night the C. P. R. steamer Princess May, Capt. McLeod, will depart for Prince Rupert and Skagway. She is taking out a number of passengers and some cargo.

MARKET STEADY AT THE OPENING

Stock Bought During Foreign Decline Are Now Offered for Sale

(Courtesy F. W. Stevenson & Co.) New York, Oct. 18.—While the stock market gave a good account of itself most of the session in the face of early London weakness it seemed the market was again meeting sales of stocks bought on Monday during the foreign decline. The increase in outside participation still appears to be lacking, and good news which in normal times warrants enthusiasm does not stimulate the public to come in with their old-time activity, they rather prefer to look on with caution, the doubt being in mind that on the eve of a presidential election is not a propitious time to enter into new commitments. The increased dividend in Amalgamated Copper did not cause the advance in that stock which some people anticipated. Amalgamated dividend is payable November 25 to holders of record October 26.

INTERNATIONAL COAL THE FEATURE

Shares Sold at 38 Cents on Local Exchange—Portland Tunnel Proposal

Victoria, Oct. 18.—It is now generally known and officially confirmed that the Portland Canal Tunnels, Ltd., has secured the necessary funds, and it now remains for the issues concerned to acquire themselves according to new developments shall warrant. The proposition submitted to holders of International Coal & Coke Co., offers 65 2/3 per cent. of the par value of stock in bonds and 10 per cent. of par value in a company to be incorporated by Dominion letters patent having \$1,000,000 common stock issued paid up, and \$2,000,000 of 5 per cent. 40 shilling fund bonds, releasable at par. Such bonds to be used solely in the purchase of shares of the International Coal & Coke Co., Ltd., at the price and upon the terms herein above set forth. If this should be accepted by the majority of the shareholders, the effect should be favorable on the stock. Meanwhile the market for the shares is likely to be quiet and easy. Five hundred shares sold at 38 cents on the local exchange to-day.

HEAVY BUYING IN CHICAGO PIT

Follow Display of Weakness in Wheat Market—Recovery in Prices for Corn

(Courtesy F. W. Stevenson & Co.) Chicago, Oct. 18.—Early in the session wheat traders were badly mixed on the news. There was heavy buying by leading interests all morning, but it was needed to overcome the bearish feeling in the trade. Display of weakness in stocks early was an incentive for buyers. There was persistent buying of May by La Salle street leading interests, on the little break. Minneapolis reported very moderate hedging sales considering the movement. Increase in stocks there for five days, 890,000 bushels. There was a recovery in prices for corn. Cash houses claim country offering new corn moderately. Eastern demand is fairly well supplied. The most bearish influence is the very fine weather all over the corn belt for preparing new crop for market.

DELICIOUS "SYRUP OF FIGS" FOR A BAD LIVER OR SLUGGISH BOWELS. This gentle, effective fruit laxative thoroughly cleanses your stomach, liver and 30 feet of bowels of sour bile, poisons, gases and clogged-up waste. A harmless cure for sick headache, for biliousness, for a sour, gassy, disordered stomach, for constipation, indigestion, coated tongue, sallowness, pimples—take delicious Syrup of Figs. For the cause of all these troubles lies in a torpid liver and sluggish condition of your thirty feet of bowels. A teaspoonful of Syrup of Figs to-night means all poisonous waste matter, the undigested, fermenting food and sour bile, gently moved on and out of your system by morning, without griping, nausea, or weakness. It means a cheery day to-morrow—many bright days thereafter. Please don't think of gentle, effective Syrup of Figs as a physic. Don't think you are drugging yourself, for luscious figs, senna and aromatics cannot injure anyone. This remarkable fruit preparation is a wonderful stomach, liver and bowel cleanser, regulator and tonic, the safest and most positive ever devised. The day of violent purgatives, such as calomel, pills, salts and castor oil is past. They were all wrong. You got relief, but at what a cost! They acted by flooding the bowels with fluids, but these fluids were digestive fluids. Syrup of Figs embodies only harmless laxatives, which act in a natural way. It does what right food would do—what eating lots of fruit and what plenty of exercise will do for the liver, stomach and bowels. Be sure you get the old reliable and genuine. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by The California Fig Syrup Company. Hand back with scorn, any Fig Syrup imitation recommended as "just as good."
