ST. JOHN GREETS THE PRINCE OF WALES

ROUMANIANS PROMISE TO STOP TAKING FOOD FROM THE HUNGARIANS

Pledge Given at Conference With Allied Commissioners; Not Known Yet When Roumanian Troops Will Depart From Budapest

Budapest, Aug. 14.—Via London, Aug. 15.—(Associated Press).—As a result of the first day's conference between the Allied Commissioners and Constantine Diamandy and General Marghasca, commander of the Roumanian troops here, a promise was made by the Roumanians that they would cease requisitioning food in Budapest and certain other localities. It is not clear when the Roumanian troops will leave the city. Many roads leading from Budapest to the frontier are lined with families fleeing from the city. Copenhagen, Aug. 15.—The military command at Budapest has ordered the rounding up of the dispersed troops of the Communist Government, who have taken to wooded sections of Hungary in small parties, according to advices received here from Budapest.

A NEW OFFER TO LOCOMOTIVE MEN

Geddes Will Communicate British Government's Plan to Men Monday

Port Workers of Liverpool Decide on Three-Day Strike

London, Aug. 15.—The threatened strike of locomotive engineers and firemen which would have disrupted the railway system of the whole country, has been averted for the week-end, the executive committee of the engineers and firemen stated today, after receiving from Sir Auckland Geddes, Minister of Re-Construction, a communication regretting it was impossible to arrange a meeting to-day to consider the wage question. Sir Auckland promised to communicate to the men on Monday a new offer which the Government is preparing.

General Judenitch's Forces Advancing Against Petrograd

Copenhagen, Aug. 14.—An advance on Petrograd by anti-Bolshevik forces which, it is hoped, will be decisive, is announced in messages which have reached here from Helsinki. The attacking forces are commanded by General Judenitch, whose Russian volunteer troops will be supported by Estonians.

PERSIANS TO BE ASSISTED BY BRITISH EXPERTS IN REBUILDING THEIR STATE

London, Aug. 15.—Official announcement was made today that the Persian and British Governments have concluded an agreement by which Great Britain will be enabled to provide Persia with expert assistance and advice toward the rebuilding of the Persian state. The negotiations were in progress for nine months.

Paris, Aug. 15.—In connection with the proposed visit of the Shah of Persia to Europe, The Temps says that his departure from Teheran has been hastened by feelings aroused in Teheran by the signature of an agreement with Great Britain which, while recognizing Persia's independence and integrity, seemingly will result in Great Britain being the only power to exercise influence in Persia.

INVITE MOTORISTS TO VOLUNTEER CARS

Committee Wants Editors to Be Taken Care of During Convention

Every newspaper on the Pacific Coast is giving public recognition to the fact that the visit of the National Editorial Convention will prove one of the most valuable advertising features which has ever presented itself to the cities of the West.

King Gives Assent to Bill Ratifying Peace With Germany

London, Aug. 15.—King George has given his assent to the bill passed by the House of Commons ratifying the German power treaty. The act has thus become law.

A Baby With Four Arms and Four Legs Born in Brooklyn

New York, Aug. 15.—A baby with four arms and four legs was born at St. Mary's Hospital, Brooklyn, last night to Mrs. Mary Pietrafesa, of 1704 East New York Avenue, Brooklyn.

GERMAN OFFICERS IN HANDS OF ALLIES NOW FOR TRIAL

Paris, Aug. 15.—German soldiers accused of crimes in formerly occupied regions are beginning to arrive at Lille, according to dispatches from that city to La Liberté. The men are being incarcerated in the citadel, where they will be held until trial.

Britain May Share Indemnity Italy Gets From Germany

Rome, Aug. 15.—(Havas).—The newspapers here announce that through a recent financial agreement between Italy and Great Britain, Italy may cede to the British Government part of the indemnity due her from Germany.

SOME CZECHS WANT HIM TO BE KING; DUKE OF CONNAUGHT

Winnipeg, Aug. 15.—The Canadian mails will be carried exclusively by aeroplane in the near future, according to Major John Inwood, former secretary of the Aero Club of Canada, who is on a visit here. He added that the Canadian Pacific Railway already had applied for an extension of its charter to allow the use of aeroplanes for mail carrying.

ATTORNEY-GENERAL BACK FROM ENGLAND

Hon. Mr. Farris Describes Conditions in Old Country; B. C. Prospects

Vancouver, Aug. 15.—"England is going through a very trying and critical period. The labor situation is a very perplexing one."

VISIT OF PRINCE OF WALES TO DOMINION BEGAN THIS FORENOON

Heir to Throne Warmly Welcomed in City of St. John, N. B., Where He Landed From Cruiser Dragon After Voyage From Newfoundland

St. John, N. B., Aug. 15.—A royal welcome was extended to the Prince of Wales as he set foot for the first time on Canadian soil here at 11 o'clock this morning. The weather was not auspicious, rain commencing to fall shortly before the Prince left his ship, but the adverse conditions in no way affected the warmth of his reception nor lessened the enthusiasm of the greetings extended to the heir to the throne. It was eminently fitting that the Prince's first glimpse of Canada should be the city founded by the loyalists who sacrificed so much to remain beneath the British flag, and the heartiness of the welcome showed that the same spirit still animated those who have come after them. From all parts of New Brunswick and from

Gen. Currie Will Land at Halifax To-morrow Morning

Halifax, Aug. 15.—Lieut.-Gen. Sir Arthur Currie will land here to-morrow morning. The steamship Caronia, on board which Sir Arthur is traveling, is expected to arrive here to-morrow morning at 9 a.m.

STATES ATTITUDE OF CHINA COUNTS

Japanese Premier Says Japan Will Restore Shantung Soon As Possible

Tokyo, Aug. 12.—Delayed.—(Associated Press).—Restitution to China by Japan of those parts of Shantung province, including Kiaochow, now occupied by Japanese forces will be made without unnecessary delay, but the time required will be dependent upon the attitude of China, said Takashi Hara, Japanese Premier, today in answer to a question as to when actual restoration would take place. The Premier, in answering the Associated Press correspondent here, made the following statement: "My colleagues, Viscount Uchida, Minister of Foreign Affairs, made a statement on August 2 in explanation of our policy respecting the Shantung question. That statement represents the considered opinion of this Government, and I have little to add in dealing with the same subject. (Viscount Uchida in his statement, which was referred to the Premier, said Japan was willing to restore Shantung to China, and would enter into negotiations with the Peking Government as soon as possible after the Versailles Treaty should be ratified by Japan.)

STRIKE OF ACTORS STILL IN PROGRESS

New York Managers Refuse Mediation; Benefit Performances by Actors

New York, Aug. 15.—The theatrical managers of New York have given a flat refusal to an offer of mediation in the actors' strike made by a volunteer committee of playwrights, headed by George V. Hobart, George Ade and Irvin S. Cobb.

COUNCIL FINDS DIVISION OF THRACE KNOTTY PROBLEM

Paris, Aug. 15.—The Supreme Council of the Peace Conference is industriously studying various plans suggested for a division of Thrace in such a manner as to be acceptable to Greece and Bulgaria as well as Great Britain and France, which are vitally interested in the disposition to be made of European Turkey.

AUSTRALIAN SEAMEN TO RESUME WORK

Government Has Made Concessions After Two Months of Strike

Vancouver, Aug. 15.—A special dispatch from Sydney, N.S.W. to The Vancouver Province says: "After two months of struggle, during which many millions of pounds sterling in wages and after-the-war industrial development were lost, the strike of the Australian seamen has now come to an end. Ships will be manned by the seamen on Monday next and commerce resumed. "The Government conceded: "1.—Better seagoing accommodation as demanded. "2.—An adequate scheme for insurance against death and sickness. "3.—A six-hour day while vessels are in port. "4.—An increase in wages proximating \$1 a month."

Luxemburger's Angry

Cost of Living So High; Troops Called

Luxemburg, Aug. 15.—The Parliament Buildings here were stoned yesterday by a crowd of 7,000 workmen, who were protesting against the high cost of living. Some of the manifestants succeeded in entering the chamber, but were driven out when fired upon by gendarmes. The Burgomaster called out troops, who cleared the square in front of the Parliament Buildings. Calm has been re-established.

But German Army Command Forced Situation; Hindenburg Discloses

Berlin, Aug. 14.—Via London, Aug. 15.—A letter from Field Marshal von Hindenburg to ex-Prince Maximilian of Baden (German Chancellor at the time of the signing of the armistice) concerning the beginning of the unrestricted German submarine warfare, printed here to-day, seeks to show that Dr. von Bethmann-Hollweg, who was the Chancellor at that time had little confidence in President Wilson's peace intervention and that the submarine warfare directly crossed efforts then going on to bring about peace.

FINE IMPRESSION MADE BY PREMIER

J. A. Robb, M.P., Speaks of Mr. Oliver's Share at Liberal Convention

F. H. Mobley, M. P. P. For Atlin, Says Big Gathering Perfectly Satisfactory

Vancouver, Aug. 15.—"It must be acknowledged by all that Hon. W. L. Mackenzie King, the new Liberal Leader, is the choice of representative Liberals throughout Canada," said James A. Robb, M.P., Chief Liberal Whip in the House of Commons, who is spending a few days in this city and is a guest at the Hotel Vancouver. Mr. Robb arrived yesterday and will confer with local Liberal leaders on questions affecting the party in this Province.

"The new Leader is a strong man, with all the qualifications for leadership," said Mr. Robb. "He sat at the feet of the grand old chief, Sir Wilfrid Laurier, for many years, and will follow the policy of the great leader in his new appointment."

Mr. Robb brought with him to the west a reflection of the splendid impression made by British Columbia's Prime Minister," he said. "He left us expecting a great future for British Columbia and brought to the convention the strength and force of character we admire."

That the Liberal Party probably will be deprived of the advantage of having the new leader in the House during the coming short session was the opinion expressed by the Liberal Whip.

"The Bye-Election Franchise Act will scarcely permit of an election in time to give the party his services during the session, particularly if, as is expected, it proves to be a short session," said Mr. Robb. "The weight of opinion in political circles in Ottawa is that the session will be short and will not be by any means an important one. It is regarded as very unlikely that very important matters will be brought up this session. In my judgment this extra session has been called to appease the demands of certain supporters of the Government who wanted an increased indemnity. The holding of this session will permit of a solution of this question."

Promise Carried Out.

"In calling the recent national convention the Liberal Party carried out the promise of Sir Wilfrid Laurier who, speaking at a convention held at London, Ontario, not long before his death, intimated his intention of calling such a convention. The lack of a cut-and-dry programme, or any attempt to influence delegates in their choice of a leader left it absolutely clear that Mr. King is the undisputed choice of Canadian Liberals."

F. H. Mobley.

Vancouver, Aug. 15.—The thirty-three delegates from British Colum-

ma to the Liberal Convention at Ottawa are drifting back to the "Province. The latest to arrive in Vancouver is Frank H. Mobley, M.P., for Atlin and Liberal Whip in the Legislature.

"How do you feel about the convention?" asked a reporter.

"Perfectly satisfied," said Mr. Mobley. "As far as the British Columbia delegation was concerned there was no fact perfect harmony with the aims and achievements of the Convention."

"And the party leadership?" asked the reporter.

"Also perfectly satisfactory. Although opinion on the leadership was naturally divided during the first days of the convention and during the balloting, there was none of the opinion tinged with animosity. As for Mr. King, he is a young man and we must now wait and see. Give him a chance to show what he can do."

Tariff.

As for the free trade sentiments of the convention, Mr. Mobley stated that the British Columbia delegates did not take as much interest in tariff questions as did the prairie men, to whom the subject was more vital. He was of the opinion that ample room was left in the Liberal creed to take care of what tariff protection British Columbia industries might need and that there was no danger of disagreement on that score.

GIRLS! USE LEMONS FOR SUNBURN, TAN

Try it! Make this lemon lotion to whiten your tanned or freckled skin.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quartet pint of the best freckle, sunburn and tan lotion, and complexion whiteners, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands and see how quickly the freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

SUGAR AVAILABLE FOR B. C. FRUIT

Ottawa, Aug. 15.—Immediate relief in the difficult sugar situation in the West may be looked for as a result of a conference between representatives of the British Columbia Fruit-growers' Association, Eastern sugar refiners and members of the Cabinet, held at the invitation of the Canadian Trade Commissioner.

The outcome is that sugar, literally in trainloads, will be sent forward by special arrangement with the refiners and the railways. No doubt exists that the supply will reach its destination in time to save the British Columbia fruit crop from being wasted.

It was reported that there are at present in British Columbia 16,000 tons of preserving fruits, chiefly plums, prunes, peaches, pears and crab apples. These fruits are not actually preserved by the fruit growers' association, but are shipped fresh to the prairie provinces, where they are bought by the consumers, usually in case lots.

Distribution of the Eastern supplies will be undertaken by the refiners' agents.

HORTICULTURISTS' 100-YEAR PROGRAMME

Winnipeg, Aug. 15.—Bough outlines of a 100-year programme of work to be undertaken by the Association were discussed yesterday by the Great Plains Horticulturists, gathered in convention here. It is believed that definite action will be taken before the meeting disperses Saturday morning. The campaign to be staged involves development of many plans peculiarly suited to the prairie land of Canada and the United States.

SINN FEIN BODIES IN COUNTY CLARE TO BE SUPPRESSED

London, Aug. 15.—The Government announced yesterday that owing to the increase in crime in County Clare, Ireland, it had been decided to suppress all Sinn Fein and kindred organizations in that county.

AVIATION A NEW BOND OF EMPIRE

Maj.-Gen. Seely Speaks of Part Played by Canadian Aviators

Statesmen of Dominions May Travel to London by the Air

London, Aug. 15.—(Reuters)—The influence of aviation as a bond of Empire is still but dimly apprehended. The successful crossing of the Atlantic by both heavier than air and lighter than air machines, has revealed to the dulled imagination, however, the truth that aviation has brought Toronto as near to London as Rome or Berlin. Since the development of air navigation is thus drawing Great Britain and Canada close together, it is a matter of congratulation that the British Air Ministry should have at its head one so sympathetic to the Dominion and its people as Major-General J. E. B. Seely.

General Seely's knowledge of the Canadians is based on intimate association on the battlefields of the Canadian Cavalry Brigade, which he commanded, that they were never driven by the enemy out of any position they held, and never failed to take a position they were ordered to attack.

To a press representative who asked if he thought that comradeship in the trenches had cemented the relations of Britishers and Canadians, General Seely returned an emphatic affirmative.

"The war and the victory that concluded it," he said, "certainly has brought Canada and Britain closer together. I realize this better than most as, so far as I know, I am the only British General who was in command of Canadian troops in the field on the Western Front for more than three years. The war has brought us closer together because we have seen each other, and we Britishers have learned to value not only the tenacity, but also the outstanding valor of our Canadian fellow soldiers."

Grew Rapidly.

"Particularly is this the case in the air force," General Seely proceeded. "Flying was in its infancy when the war began, but it is probable that the air reconnaissance in the first stages of the war saved the British army, probably Paris, possibly France, and the civilization of the world. But very soon the air service developed, not only reconnaissance, but also spotting for the artillery, photography, bomb dropping and machine gun fire from the air all became a vital part of every operation, offensive or defensive. Then came the moment when it was seen that all this was dependent on obtaining the mastery of the air by actual combat in the sky. From that tremendous day when the flying men of the British Empire did not shrink."

"Perhaps of all the records of self-devotion and daring in the war none stand out more remarkably than the record of the Canadian flying men. The instances of outstanding bravery in air fights by officers of the Royal Air Force hailing from Canada are so numerous that only a large volume could contain even a curtailed description. Taking a few cases at random as I speak, we find Lieut. Colonel Bishop, V. C., D. S. O., M. C., D. F. C., truly a star of the first magnitude. Seventy-two machines destroyed, five of them 'done in' on the last day of his service in France—and he was under twenty-two when he was recalled to London. Major Barker, V. C., D. S. O., M. C., was a gunner, having shot down fifty enemy machines. It is gratifying to know that this gallant officer has made a good recovery from a severe wound he sustained in his last fight, and that he is now at home engaged in a civil capacity with Colonel Bishop developing aviation in the Dominion. Major Raymond Campbell, D. S. O., D. F. C., shot down fifty-one enemy machines, and the Commander-in-Chief when awarding him the bar to the D. S. O. said that he was an exceptional commander and efficient leader, and his daring was unequalled. The records for immediate awards for valor on the Western Front alone show the mighty share taken by Canada. It is securing the victory above the ground, on the ground, and even below the ground. All this will never be forgotten, and perhaps it may well be that Canadian flying which did so much to win us the war, will be a prime factor for keeping us close together in the days of peace."

MESSAGE TELLS OF HIGHER PENSIONS

Vancouver, Aug. 15.—That Imperial pensioners residing in Canada will receive supplementary allowances beginning their pensions up to the Canadian standard, and that the recent statement regarding the twenty per cent. increase in pensions throughout Canada is official, was learned last night by officials of the G. W. V. A. here, who received a telegram from the Dominion command in Ottawa.

The wire stated that the two matters had been settled, but gave no details beyond mentioning that full information was going forward to all branches of the association.

This announcement had been eagerly awaited by the many thousands concerned.

"My wife and I are thinking of chartering a yacht for the summer. 'Won't that be pretty expensive?' 'Not so long as we confine ourselves to thinking about it.'"

CHICAGO TRIBUNE TO PAY FORD SIX CENTS AS DAMAGES

Mount Clemens, Mich., Aug. 15.—The jury in the Henry Ford case last night awarded Ford damages of six cents against the Chicago Tribune for calling him an anarchist.

Grey Hulet, foreman of the jury, said the jury had taken "nine ballots that I can remember."

"The first one, according to Leonard Mease, another juror, stood eight to four in favor of awarding Mr. Ford some damages."

Attorney Alfred J. Murphy, for Mr. Ford, said:

"The important issue in this case has been determined favorably to the plaintiff. He has been vindicated."

"Money damages were entirely subordinate, and were not sought by Mr. Ford. He stands not only vindicated, but his attitude as an American citizen has been justified after a trial which raised every issue against him which ingenuity and research could present. His friends are entirely satisfied."

Weymouth Kirkland, of counsel for the Tribune, said:

"We consider it a victory for the reason that Attorney Alfred Lucking in closing for Mr. Ford, stated that anything less than substantial damages would be a defeat for his client."

The jury had been out ten hours when the verdict was reached.

CELLULOSE CO. IS CLEARED BY REPORT

British Commissioner Finds No Wrongful Relations With Government

London, Aug. 15.—The report of the Commission which inquired into the British Cellulose Company and its relations with various Government Departments was issued last night. The promoter of the company was Colonel Grant Morden, who is well known for Canadian general financial enterprises. Lieut.-General Sir Sam Hughes, Sir Eric Long, son of the former Colonial Secretary, and F. W. Ashe, manager of the London branch of the Union Bank of Canada, were shareholders and the name of Col. Bryan, formerly Canadian assistant Red Cross Commissioner, also is introduced through his connection with the Prudential Trust.

Public interest in the matter was first aroused last year when a select committee of the Commons on public expenditure criticized the transactions between the company and the British Ministry of Munitions.

With Swiss. The report goes minutely into the formation of the company, which sprang originally from a visit to Switzerland by Colonel Morden, who entered into negotiations with a Swiss chemical firm. After reviewing the whole steps of the financial arrangements, including the original issue of 150,000 six-penny shares, the report proceeds:

"In the events which happened the matter of capitalization appeared of but slight public importance, having regard to the fact that the parties who could be prejudiced thereby were represented on the board of directors.

Uncertain. "What the parent company's shares are really worth is a matter of complete uncertainty. Neither company ever had its shares quoted on the Stock Exchange. During 1917-18 there were dealings in six-penny shares at prices from one pound to ten guineas sterling. They took place

within a narrow circle, and although it is plain that on some ground or other buyers fancied the company's prospects to be very encouraging, we have not been able to discern the basis of this hope. In one case at any rate, according to the evidence, the whole transaction was a mere gamble in a club.

"It may be that a chemical product of which most people knew little or nothing, but of which it could be said that it was indispensable to aeroplanes, would seem to some minds to offer illimitable prospects. We have investigated the transaction chiefly to see if it contained any ground for suspecting that persons whose influence might be supposed to be useful to the company were being illicitly exploited, or that persons who put such value on shares did so because they believed the company would have the benefit of such illicit influence. We failed to discover any ground for such suspicions."

The report proceeds to deal in detail with the company's relations with the Government Departments. "We are of the opinion that nothing amounting to favoritism of the company has been shown by the Aircraft Department," says the report.

GREY TO STATES IN SEPTEMBER

London, Aug. 15.—Viscount Grey, former Secretary of State for Foreign Affairs, will leave for the United States to assume his post as temporary Ambassador probably early in September. He will be accompanied by Sir William G. Tyrrell. A large staff also will go with the Ambassador to take routine affairs out of his hands, thus permitting him to devote his time to larger questions.

Viscount Grey, whose health had been a subject of concern, now is enjoying excellent health.

Sir William Tyrrell was private secretary to Viscount Grey for eight years, retiring in 1915. He visited the United States in the Fall of 1912 to discuss the Mexican situation with the Government.

TWO DROWNED.

Grand Forks, B. C., Aug. 5.—Dorothy Hunter, twelve years of age, daughter of Sam Hunter, master mechanic at the Kettle Valley round-house here, and Charles Mitchener, aged twenty-five years, a returned soldier, were drowned in the Kettle River near the city park yesterday afternoon.

COMMERCE BOARD TO VISIT CITIES

Hastening to Hold Inquiries in Principal Centres of Canada

Ottawa, Aug. 15.—The Board of Commerce held its first session yesterday and issued an order, the effect of which is that the office of the Cost-of-Living Commissioner be abolished and the system of investigation established by W. F. O'Connor in 1916 and continued by him until his resignation two years later, is fully restored and will be augmented in scope. So far as possible, the former staff will be gathered together under the jurisdiction of the Board.

Rigorous compliance with the requirements of the new Act and the Board's orders will be enforced, according to the statement issued at the close of the session yesterday afternoon. "All the records made under the previously prevailing investigation system will be secured and taken over by the Board, and, in addition, as soon as the Board can make the arrangements and before the lapse of many weeks, the full Board will, in joint session, visit all the principal cities of Canada and conduct therein open courts of inquiry into the cost and price conditions and the means of remedying these conditions. Only such delay will ensue before the Board sets out as is barely necessary in order to enable intelligent inquiry," says the statement.

"In the meantime the Board is organizing its personnel and preparing its itinerary. "When the intended sittings are held they will be open to all who wish to complain or testify or defend allegations made. No formality whatever, nor any notice, will be required. Afterward, from the information on hand and to be gained, the Board will take such action as seems proper by way of a general remedy. Special remedies will be applied as the occasion for the application arises."

Seizures in U. S. Washington, Aug. 15.—Indications of the real punch behind the Government's campaign to reduce the high cost of living throughout the United States were given yesterday in unmistakable fashion in many cities.

While Attorney-General Palmer was telling the Senate Agricultural Committee that he intended to prosecute every dealer guilty of selling at higher prices than those listed by the fair price committee of each county, word came from Chicago, St. Louis and Birmingham that seizures of great quantities of foodstuffs by federal officials, who recently were instructed to proceed under the Food Control Act to stop hoarding.

In Chicago, 1,232 tubs of butter, worth \$50,000, was seized; in St. Louis 284,184 pounds of coffee, which has been showing rapid advances in price, and in Birmingham 100 barrels of sugar.

BYE-ELECTIONS AFTER END OF THE SESSION

Ottawa, Aug. 15.—In view of the fact that it has been definitely ascertained that it will be practically impossible to hold bye-elections before the probable date of the termination of the approaching session of Parliament, it is regarded as altogether likely that the issuance of writs will be deferred at least until a day subsequent to the return of the Prime Minister to Ottawa. As an effort is being made to confine the seasonal programme to legislation which can be dealt with in a period of from four to six weeks, it is not improbable that the bye-elections will be deferred until after the session is over.

It is practically certain therefore that the new Ministers and the Leader of the Opposition will not participate in the sessional proceedings. D. D. McKenzie is likely to lead the Opposition forces again in the House, although the name of Hon. W. S. Fielding also is being mentioned in this connection.

BELGIANS AND DUTCH AND TREATY OF 1839

Paris, Aug. 15.—The Belgian delegates have finished the presentation of their case before the Commission which is considering Belgium's demands for a revision of the Treaty of 1839. The Dutch representatives are to be heard on the subject August 20. In the meantime, the commission will take a recess.

Although nothing has transpired thus far concerning concessions by either Belgium or Holland, it can be said on good authority that the Belgians are in a position to demand for a new regime for the Scheldt River, and are likely to remain intransigent on that point, even if they later may be disposed to modify their territorial demands.

The Dutch view is understood to be unchanged regarding the Scheldt, which they are willing to be free for navigation in times of peace only. They insist that they cannot consider any revision of the treaty involving modification of territorial boundaries. The final issue probably will be one with the Belgians stoutly maintaining their demand for the opening of the Scheldt and the Dutch refusing any concession of territory. A compromise between these two viewpoints, however, is considered probable.

ONE BIG UNION BODY IN VANCOUVER

Vancouver, Aug. 15.—The new constitution of Vancouver Trades and Labor Council No. 1 in conformity

with One Big Union principles was read for the second time last evening, and will receive the third reading next week. The only argument developed over whether a special meeting of the Council should be called to consider the plans of calling general strikes on a 55, 75 or 51 per cent majority of the vote cast by affiliated unions.

The committee recommended 55 per cent. Older heads thought that the last strike should have been a lesson on calling strikes on small majorities, and proposed for 75 per cent. The more advanced thinkers were strong for 51 per cent, as enough to justify considering a strike. The 51 per cent men won.

CASUALTIES AMONG CANADIAN SOLDIERS

Ottawa, Aug. 15.—The following casualties have been announced: Infantry. Previously reported missing; now presumed to have died: Pte. T. M. Stewart, Nanaimo; Pte. G. P. Brecker, East Vancouver.

III—Pte. A. Potter, Vancouver.

EXTRADITED.

Olympia, Wash., Aug. 15.—Extradition papers were granted yesterday to bring D. M. Delmas from Texas to answer a charge of jail-breaking in Gray's Harbor County. Delmas is alleged to have escaped from the Gray's Harbor jail four years ago while awaiting trial on a charge of forgery. He is said to have served two anti-lapses in the Canadian army.

WAS WORTH WEIGHT IN GOLD TO HER, MRS. PROCTOR SAYS

Winnipeg Woman Gains Twenty-five Pounds Taking Tanlac

"I just think a medicine that will do as much for a person as Tanlac did for me is worth its weight in gold," said Mrs. Sydney Proctor, of 524 College Street, St. James, Winnipeg, Manitoba, Canada, while in the Liggett Drug Store in Winnipeg, recently.

"It was so badly run down and weak last winter I was scarcely able to get about," continued Mrs. Proctor, "and this awful weakness continued, although I tried all sorts of medicine in the hope of regaining my strength. I wasn't able to do a bit of housework; in fact, it was just about all I could do to move from one chair to another, and the condition my stomach was in had a great deal to do with keeping me weak. I didn't have any appetite at all, and even the little food I did manage to force down kept me in misery, as it just seemed to lay in my stomach and ferment, and cause me awful pain, and the gas formed so badly at times my heart palpitated, and I could hardly get my breath. Sometimes I had terrible dizzy spells, and was so nervous I was easily upset by any sudden noise, and I also suffered a lot with headaches and a severe pain right across my back. I hardly knew what a good night's sleep was like, but would just lie awake for hours at a time, so restless and nervous that when I got up in the morning I was completely worn out, and felt worse than if I had done a hard day's work. That was just the condition I was in following an attack of the 'flu,' and none of the medicines I took seemed to do me a particle of good.

"I started taking Tanlac because I had heard it highly recommended, and it has certainly proved a boon to me. I have already gotten back my lost strength, and can do all my household work with ease now. My appetite is fine, and my stomach is in such good condition I can eat and enjoy anything I want, and never suffer with indigestion, gas or palpitation of the heart, and don't have any of those awful dizzy spells. I have been entirely relieved of head aches and backaches, and my nerves are in such splendid condition that when I go to bed now I fall asleep as soon as my head touches the pillow, and I sleep as soundly as a child all night long, and get up in the morning feeling bright and refreshed and ready for my household work. When I started taking Tanlac I was so thin I don't believe I weighed ninety pounds, but now I weigh something like 115 pounds, having gained about twenty-five pounds in weight and I weigh more than ever did before in my life. I am certainly glad to recommend and praise Tanlac to anyone."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas. Advt.

MIDGLEY ACCUSES MOUNTED POLICE

Vancouver, Aug. 15.—Charges against the Royal Northwest Mounted Police were made by Victor Midgley at a meeting of Vancouver Trades and Labor Council No. 1 last night. Referring to the disclosure of the evidence against Wasey Zveroff, a Russian, who was ordered deported by the special immigration board now sitting, this evidence alleging plans to blow up the city of Vancouver and other radical activities, Midgley said that only the evidence of the prosecution had been given by the press.

The police officers who had given this evidence, Midgley said, had then taken him on a tour of the banks and suggested to him that he rob banks, and offered to aid him. Police officers, Midgley said, had sent the Russian for two revolvers that figured in the evidence, and had given him money to buy them. Regarding Zveroff's alleged statement regarding bombs to be used in Vancouver, Midgley said that the Russian had made the statement when "doped" with intoxicating drugs.

Following this, Midgley asked for support in securing funds for the defence of the Russians arrested in Vancouver and the strike leaders now being tried in Winnipeg for sedition.

NO CEREMONY WHEN SIR ARTHUR CURRIE LEFT FOR CANADA

London, Aug. 15.—The Yorkshire Post's London correspondent says that the fact of Lieut.-General Sir Arthur Currie being allowed to embark for Canada without any leave-taking or any ceremony has occasioned considerable surprise among his compatriots and has been the subject of much comment. The correspondent adds: "It is no great secret that recent events have a little upset the smooth working of the Canadian administration here and though too much may easily be made of this in connection with the Liverpool incident, it is not strange that it should be recalled by commentators who keep particularly in mind the feeling aroused over the proposed exclusion of Canadian troops from the peace march."

AEROPLANE PRIZES OFFERED IN BRITAIN

London, Aug. 15.—The British Government will offer prizes amounting to £24,000 for aeroplane competition in order to develop safe types of machines. Major-General J. E. B. Seely, of the Air Ministry, announced in the House yesterday. The prizes will be distributed among three classes of aircraft—small aeroplanes, large aeroplanes and seaplanes. Details of the competition, the general added, would be announced in a few days.

THE NATIONAL EDITORIAL ASSOCIATION.

In many respects the National Editorial Association which will arrive in Victoria Sunday night to hold a business session and visit points of interest in the ensuing day and a half is the most important organization of its kind that ever has come to this Province.

The Dominion Government quickly recognized this aspect of the Association, and when it learned that the Annual Convention was to be held on the Pacific Coast this year it took steps to bring the members through western Canada.

Every community in Manitoba, Saskatchewan, Alberta and British Columbia where the special train stopped has taken the fullest advantage of this unique opportunity of making known its attractions to millions of people south of the international boundary line.

Victoria next week will have a similar opportunity. It has certain natural advantages such as few other cities possess in situation, climate and charm. In common with the Island as a whole it has marked industrial potentialities about which the world cannot be told too much.

Victoria next week will have a similar opportunity. It has certain natural advantages such as few other cities possess in situation, climate and charm. In common with the Island as a whole it has marked industrial potentialities about which the world cannot be told too much.

VICTOR'S YARN.

We wonder if Victor Midgley really believes the grotesque story of the Northwest Mounted Police conspiracy against the Russian, Wasy Zveroff, who was ordered to be deported, with which he regaled the Vancouver Trades and Labor Council at a meeting yesterday evening.

The recital of that fantastic tale was no compliment to the intelligence of those to whom it was told. But supposing the deportee had actually thrown a bomb, would Mr. Midgley have excused the act on the ground that it was done while the thrower was under the influence of "dope" and that, therefore, it was outrageous that he should be sent to jail?

THE FORD VERDICT.

The verdict of the jury in the libel action instituted by Henry Ford against The Chicago Tribune awards the plaintiff six cents damages. Both sides claim a victory. Ford's counsel says the verdict is a complete vindication of his client, while one of the counsel for The Tribune points out that Ford asked for substantial damages.

The automobile magnate undoubtedly sought substantial damages from The Tribune, for his action was for \$1,000,000. The cause of his complaint was an editorial calling him an anarchist. The Tribune and other American newspapers had called Ford many things which failed to arouse his resentment, but when he found himself described as an anarchist in the great Chicago daily he decided that he was injured to the extent of a cool million dollars.

The trial caused a big sensation owing to the prominence of the plaintiff and the standing of the defendant newspaper, while interest was intensified by the wide disclosures the hearing involved including the history, details, profits, management of Ford's vast business organization and the methods, convictions and principles of its founder. Ford's evidence showed that however great a genius he may be in his own particular line he is child-like in his ignorance of the big questions in other fields he tried to deal with, and left the impression that he was the victim of individuals who had better information but were swayed more by designs upon his money than by principle.

BRITISH LABOR LEGISLATION.

The British Minister of Labor forecasts the introduction of legislation making strikes and lockouts illegal unless one week's notice in writing is given, to permit an inquiry into the cause of discord and an attempt at settlement.

This appears to be a modified adaptation of the Canadian Industrial Disputes Act. Its provisions, however, will have to be much more drastic than those outlined in the London dispatch if the law is to be in any way effective. A week is altogether too short for an adequate inquiry into an industrial disturbance of any magnitude. The Canadian Industrial Disputes Act makes strikes and lockouts illegal until a Board, appointed by the Government on the initiative of either party to the dispute, has conducted an investigation and made its finding, and not infrequently such inquiries have lasted many weeks.

The Canadian law, however, while it has been effective in settling strikes and lockouts in many instances, often has been violated and, although it provides for prosecution and the infliction of penalties in such cases, no steps ever have been taken under these provisions. In late years it has become, in consequence, very much of a dead letter.

MUTT AND JEFF. (London Express.)

To-morrow The Express will introduce to England a humorist whose work is the delight of millions of his fellow-countrymen in America. The learner of the busy, the young, the old, even the illiterate, delight in Mut and Jeff, for the pictures of these two inseparables make an irresistible appeal, even apart from the accompanying stories. What is it in Captain "Bud" Fisher's art that gives it so wide a hold? The answer is not far to seek. He has the human touch. The things that happen to Mut and Jeff and the things that they say to one another might happen to or be said by us all.

CITY'S BRIGHT LIGHTS DIMMED.

From the news columns of The New York Sun. Reports received by The Sun indicate that in Chicago, Philadelphia, Buffalo, Boston and Baltimore establishments that depended for their profits on the sale of hard liquor these common human experiences just that touch which makes a humorous story or an excruciatingly comic picture out of an ordinary incident. That is why "Bud" Fisher's success is so wide and so deserved. His art is clean and it is human. What does a man not deserve who can make a continent laugh and not be ashamed.

NOT IN WESTMINSTER HALL.

The ex-Kaiser will, it appears, not be tried in Westminster Hall. In spite of the trials of the past in which kings and princes have stood at the bar in this historic hall, and which would seem to culminate appropriately in the trial there of an Emperor, it is perhaps a good thing that Wilhelm II. is not to be accorded the privilege. It would, in any case, be the coping-stone of his ambition. Here is a man who was always more than half an actor. The limelight well on him and all the world gazing were the conditions of his choice. Westminster Hall would give him too fine a theatre. Indeed, it would be the most acute punishment probably if he were ignored and allowed to slink through the rest of his days unnoticed in Amerongen or any other obscure locality. Justice, however, demands his trial, but wisdom will place it outside Westminster Hall.

THE ENGLISHMAN'S MAINLAND.

Private X, still undemobilized, had returned from a touch of "flu" at the nearest C. C. S. "I wish they'd sent me down to the base," he remarked sadly. "Why?" "Well, you see, sir, down at the base you're so much nearer the mainland, and there's all the more chance of getting over there and out of the army."

VISIT OF PRINCE OF WALES TO DOMINION BEGAN THIS FORENOON

(Continued from page 1.)

I valued deeply the opportunity afforded me for forming a real and close acquaintance with my Canadian brother officers and men. I share your pride in their achievements and I mourn with you in the heavy losses which Canadian homes have incurred, and I am deeply touched by the warmth and loyalty of your address.

To New Brunswick. The reply to the address from the Government of New Brunswick follows: "Mr. Foster and Gentlemen:—Your is the first official welcome which I am privileged to receive on Canadian soil."

"I greatly appreciate your reference, too kind although it be, to my own services as a junior officer in the war. My first real knowledge of the splendid nations of the British Empire was formed, gentlemen, in the trenches, camps and billets of the Western front. Comradeship in the field is the surest of all roads to understanding between men of different climes and ways of life, and I have come whereby to know my brother Canadians in all the conditions incident to service in the field, in and out of the line. New Brunswick gave its sons in generous measure to the great cause for which the Empire fought and I share to the full in the pride they have shown of those founders of your province who sacrificed their all to loyalty to British institutions and the British throne.

Unity of Empire. "I agree with you, Mr. Premier, that common service and common sacrifice have drawn the nations of the Empire even more closely together than before. We have seen our British principles and ideals sharply outlined before us in the burning light of a supreme emergency and we have learned more what the unity of the British Empire means to both to ourselves and to the world at large.

"I much regret that the time does not allow me to travel up the beautiful St. John river to visit Fredericton, your seat of government. I beg that you will convey to the people of the capital my greetings and my regrets. I thank you sincerely, gentlemen, for welcoming me so cordially to Canadian soil and for your loyalty to my father, the King, which I will not fail to convey to him on my return. In his Majesty's name I wish new progress and prosperity to the city of St. John."

Not Changed.

The address to the Prince from the Province of New Brunswick, after referring to the affectionate interest and concern shown in the Dominion by the present King and Queen, stated that the City of St. John, founded 100 years ago by United Empire Loyalists, has just none of its devotion to the throne and Empire. The royal visitor, it said, was greeted with the same fervor and affection to loyalty as caused the founders of the city to establish it. He expressed admiration for the noble and strenuous part played by the Prince in the war for the cause of justice, liberty and truth.

The address of the City of St. John referred to the happy termination of the war and mentioned the part played by Canada in the great struggle.

"As a result of this visit," it said, "your future will be followed with greater interest, and through you we now take opportunity of again renewing our sincere professions of loyalty and devotion to His Majesty, and beg that you will be graciously pleased to convey to him this expression of our feelings."

Procession. The procession from the landing place to the Armories was in the following order: The local police. First automobile, the Governor-General, the Prince of Wales and Lord Hamilton.

Second automobile, Dominion police car containing Chief of Police and his son.

Third automobile, Lieutenant-Governor Pugsley of New Brunswick, Sir Lionel Halsey and Captain Leigh.

Fourth automobile, Sir Robert Borden, Major-General Burstall and Commander Dudley North.

Fifth automobile, Governor Milliken of Maine and his staff.

Sixth automobile, Premier W. E. Foster of New Brunswick, Lieutenant Colonel Gregg, Sir Geoffrey Thomas and Equerry, with an A.D.C. of the Governor-General.

Seventh automobile, Colonel Henderson, Sir Joseph Pope and Major-General Macdonnell.

Eighth automobile, Robert Murray and Hon. W. F. and Mrs. Roberts.

Ninth automobile, Hon. E. A. Smith and Hon. C. W. Robinson.

Tenth automobile, Hon. J. E. Hetherington, Hon. J. F. Tweeddale and Hon. J. O. Ryan.

Eleventh automobile, former Governor Wood and the leader of the New Brunswick Opposition, Hon. J. A. Murray.

Twelfth automobile, Major Alexander McMillan, Major W. Vassie, Major C. H. McLean and R. S. Barbe, secretary of Lieutenant-Governor Pugsley.

FIRE IN PORTLAND. Portland, Ore., Aug. 15.—Fire last night destroyed the factory of the Northwest Box Company in South Portland, and damaged the sheds and stock of the Portland Lumber Company adjoining. The loss is estimated at \$50,000.

(Continued from page 1.)

would be given a strip eastward from Dedegatch extending from the Aegean to the Black Sea, including the port of Midia. The territory immediately about Constantinople would go to the country receiving the mandate there. The internationalized zone would be under the administration of the League of Nations.

Like Crazy Quilt. This plan violates the rights of majorities and separates districts to be given to Greece, but apparently it is impossible to reach an agreement on any plan which would make this region less of a crazy quilt. The plan gives Adrianople to Greece, which is regarded as unsatisfactory by the Mohammedans. There is a great difference of opinion regarding the exact size of the proposed international zone, and new suggestions are offered at every meeting of the Council.

ROMANIANS PROMISE TO STOP TAKING FOOD FROM THE HUNGARIANS

(Continued from page 1.)

speech with the Commission Monday afternoon, the first time when he was asked if he recognized the authority of the Allied generals and later when asked if he realized the Rumanian occupation was starving Budapest. He said to have replied with generalities.

The Commission informed him that requisitioning by the Rumanians must cease by Wednesday. He was warned that the Allies had a full list of the goods already taken by the Rumanian and that these must be restored.

A dispatch from Paris Wednesday night said Dismandy had informed the members of the Allied Commission that he would not consider its instructions as orders. He was quoted as saying that he was authorized to carry on negotiations with the Inter-Allied Commission, but would not obey its orders.

Statement by Ex-Archduke. Budapest, Aug. 14, via London, Aug. 15.—Ex-Archduke Joseph, the head of the new Hungarian Government, in a letter to the correspondent of the Associated Press here to-day, said he has no desire to be King, but wants to see the country tranquil.

"I would not move my little finger to be King," the ex-Archduke said. "It is not true that I worked in collusion with the Rumanians to establish myself as head of the Government. I have a real heart interest in the country. I want to see a Parliament elected, after which the people's representatives can do what they like."

A Protest. Paris, Aug. 15.—A protest to the Peace conference from the Government of Czechoslovakia against the restoration of the Hapsburgs was before the Supreme Council at its meeting yesterday.

Reports from Prague in the last week had indicated that the Czechoslovak Government looked upon the choice of ex-Archduke Joseph as the head of the Hungarian Government as a step to replace the Hapsburgs in power.

PRICE OF WHEAT. Winnipeg, Aug. 15.—Declaring that it is imperative, in the interests alike of the consuming public and the producer to make the amount of the advance on the Canadian wheat crop of 1919 at least equal to the minimum price now being paid in the United States, the executive of the Council of Agriculture has sent a statement to the Canadian Wheat Board elaborating a resolution forwarded by the Council to the Dominion Government on August 1.

If It's for the Kitchen— You Can Get It at Weiler Bros. Form the habit of coming to Weilers' for your household necessities. You will find that the values here are second to none in the city, nor is the selection excelled by other displays. INVITE MOTORISTS TO VOLUNTEER CARS TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, August 15, 1894. Two lepers were sent over to D'Arcy Island yesterday. They were Sing, the Nanaimo Chinaman, and a Kamloops victim. Alderman Dwyer will move at the next meeting of the City Council for the regulation of the proceedings of the Council and committees. He is not pleased with the present indiscriminate manner in which business is taken up.

DEPORTATION.

Winnipeg, Aug. 15.—Recommendation that Moses Charitonoff, radical Socialist editor of The Working People, which was banned by the Censor last October, be deported to Russia was made yesterday afternoon by the Immigration Board of Inquiry sitting here.

M. Hyman, counsel for accused, said he would appeal from the decision at once on the ground that the evidence was insufficient. In announcing the decision of the Board, Magistrate R. M. Noble, chairman, declared that Canada was not ready for the activities of radicals of Charitonoff's kind.

NOT IN ONE BIG UNION.

Vancouver, Aug. 15.—The latest Vancouver union to feel the presence in the city of an international officer is that of the electrical workers. E. Engels, second international vice-president of London, Ont., is in the city straightening out various tangles arising out of the recent strike.

Mr. Engels stated that there was no One Big Union question among the electrical workers to bother him, but that he was engaged chiefly in settling disputes of jurisdiction. The question of agreements with the employers also was being investigated, as various agreements were violated at the time of the strike. The electrical workers earlier in the year voted in favor of the One Big Union. They have now reconsidered their action, and have voted to withdraw from the One Big Union Trades and Labor Council.

TWO WASHINGTON BRAKEMEN KILLED

Vancouver, Wash., Aug. 15.—Allen Stewart and Dan Huges, brakemen employed on the Twin Falls Logging Company's railroad, were instantly killed last yesterday when a runaway flat car jumped the track near Yacolt and crushed them. Word of the accident was brought here to-day.

The brakemen had taken an empty flat car to a spur on a grade and left it. As they were going away on the switch engine, the flat car's brakes failed to hold, and it followed the engine down the hill. The brakemen jumped just as the car and engine collided, but the car fell upon them. Stewart's home was in Clewwater, Ky., and Huges formerly lived at Washburn, Mich.

HOW AND WHEN THE PRINCE WILL CROSS CANADA

The Prince of Wales during his forthcoming visit to Canada will live on a train more or less for two months. There will be of course, frequent social events, when His Royal Highness will be absent from that train, but his visit will be principally an educational one, undertaken that he may acquire a first-hand knowledge of all parts of the Dominion, most of his time will be spent in travelling, so that for practical purposes a train will be his permanent headquarters.

This special train is now being assembled at the Angus Sheds by the Canadian Pacific Railway, to whom has fallen the honor of providing the rolling stock to carry His Royal Highness from the Atlantic coast to the Pacific and back again. In deference to the implied wish of the King that there should be no undue elaborateness or ostentation during any part of the trip, this rolling stock with the exception of two cars, will consist of ordinary Canadian Pacific cars. Some of them will be brand new, the first completed of some new types which will shortly be adopted throughout the system, and as spotless and beautiful as the famous Angus car-builders can make them. But outside of a few minor interior changes they will be without any frills whatever, and after the completion of the journey will be drafted into regular, so that some time soon somebody is going to travel in what was till then part of a Royal train.

The exceptions mentioned consist of two private cars. The "Killarney," belonging to Lord Shaughnessy, and the "Cromarty," belonging to Commander J. K. L. Ross. Each of these has been loaned by its owner. His Royal Highness will personally occupy the "Killarney." All the cars are of steel construction, equipped with all the most recent devices to secure comfortable travel. The train consists of the "Killarney," the "Cromarty," the compartment car "Empire," the dining car "Canada," two sleeping cars, the "Carnegie" and the "Chester," the tourist car "Chinook," and the two baggage cars.

The itinerary of His Royal Highness, so far as it can be definitely announced, is as follows:

The Prince will arrive in Quebec August 21, and will stay there until the 24th, when he will go direct to Toronto. On August 27 he will proceed to Ottawa, leaving there on September 1, visiting, in succession, North Bay, Cobalt, September 2, and Timmins, September 3. Returning to North Bay he will travel over the Soo branch of the Canadian Pacific to Sault Ste. Marie, reaching there September 4, thence northward to Oba, and thence from that point to Nipigon, where His Royal Highness will fish that famous trout stream.

Port Arthur and Fort William will be reached September 8, and Winnipeg September 9. Leaving Winnipeg the following day the Royal Party will proceed in a northwestern direction to Saskatoon, September 11, and Edmonton September 12, thence southward to Calgary, arriving September 13. Four days will be spent in Calgary and its vicinity, including a visit to the celebrated horse ranch of George Lane. Leaving Calgary on September 17 stops will be made at Banff, Lake Louise and Field in the Canadian Pacific Rockies, the programme at Field including a visit to the beautiful Yoho Valley. Revelstoke will be reached September 20, and Vancouver on September 22.

A Canadian Pacific steamer will carry His Royal Highness across to Victoria on September 23. Visits will be made to a number of points on Vancouver Island, returning to Vancouver September 28. From Vancouver the Prince will motor to New Westminster, and thence take the Kettle Valley route through Southern British Columbia, reaching Penticton, September 29, and making a steamer trip on the Okanagan Lake. Nelson will be reached October 1 and Lake Kootenay crossed. The routes next move will be through the Crow's Nest Pass into and across the prairies, stopping at Macleod, October 2, Lethbridge, October 3, Medicine Hat October 3, Moose Jaw October 4 and Regina October 4. A little beyond Regina, three days will be spent in duck shooting.

Resuming the journey at Qu'Appelle, stops will be made at Brandon October 19 and Fort William October 11. Rounding the north of Lake Superior, a four-day stop will be made at Biscotasing, to afford an opportunity for some moose hunting. The journey being continued October 17, the route will be along the Georgian Bay to Toronto and thence to Hamilton which will be reached October 18.

From Hamilton His Royal Highness will visit in turn Niagara Falls October 20, Guelph October 21, Stratford October 21, Woodstock October 22, Chatham October 22, London October 22, Windsor October 23 and Galt October 24. Thence the route is through Toronto to Kingston, October 25 to 27, Brockville October 27, and Montreal October 27. The party will remain in Montreal until October 30, thence proceeding to Ottawa.

The total length of the Prince's seventy-day journey, from Quebec to the Pacific Coast and back to Ottawa by the route detailed, will be over 4,500 miles.

TWO KINDS OF DUCKS

The cricketers of Sharpfield drove over to Mudmere, determined to give the locals a lesson in batting and bowling.

One of the team was accompanied by a canine of murderous men and doubtful breed. The Mudmere captain, a poultry farmer by profession, visited his ducks during the luncheon interval, and returned to the cricket ground with a baleful gleam in his eye.

"People as brings savage dogs out should look after 'em," he snapped at the canine's owner. "That there mongrel o' yours 'as been playing smash with my ducks."

"E ain't been in the pavilion," declared the Sharpfield man. "I don't keep ducks in the pavilion," roared the man of poultry. "E's been down at the pond yonder."

"Now I see what you're a-gettin' at," returned the owner of the dog. "I thought you meant as 'ow 'e'd been tearin' the score-book to bits!"—Tit-Bits

The Men's and Boys' Furnishings and Clothing Departments Are Replete With Newest Styles and Fancies of the Season

A BEDTIME STORY

Uncle Wiggly and Croakie
Copyright, 1919, by McClure Newspaper Syndicate. (By Howard R. Garis.)

One day, when Uncle Wiggly was on his way home from the five and six cent store, where he had bought a new gold dishpan for Nurse Jane Wuzzy, his muskrat lady housekeeper, the rabbit gentleman saw the lady mouse teacher standing in front of the hollow stump summer school.

Sober Personal

J. R. Copeland, of Pittsburgh, is among yesterday's arrival in the city.

Mr. and Mrs. J. S. McIntyre, of St. Louis, are guests at the Empress Hotel.

Mr. and Mrs. D. D. Coulson, of Portland, Oregon, are guests at the Empress Hotel.

Mr. and Mrs. Frederick M. Gaig, of Ann Harbor, Mich., are guests at the Empress Hotel.

Mr. and Mrs. James Kennedy, of Moose Jaw, Sask., are registered at the Empress Hotel.

Mrs. J. Herrick McGregor and family have returned home after holidaying at their summer cottage at Comox.

Mrs. Janion has returned to her home in this city after an absence of several weeks in Vancouver, during which she was the guest of her son, H. C. Janion.

Mr. and Mrs. Thos. J. Irvine, whose marriage took place in Vancouver recently, have taken up their residence at Duncan. The bride was formerly Miss Verna Cairns, of Vancouver.

Mrs. Wm. C. Paterson, Selkirk Avenue, Burleigh, with her daughter, Helen, left by yesterday's boat for the mainland, on her way to Alberta for a five weeks' visit with relatives.

Miss Geraldine Cambie, of Vancouver, has arrived in the city on an extended visit to her sister, Mrs. R. G. Tallow, who is spending the summer months at her country home at Pinnery Bay.

Miss Grace Young, of King's Road, has left for a two weeks' holiday. She will spend a week visiting her brother, T. C. Young, at Nanaimo, before crossing to Vancouver to be the guest of her sister, Mrs. N. Keown.

The many friends of Lieut.-Col. David Donald, A.D.M.S., of this district, will be glad to hear that he is seriously ill. Inquiries this morning, however, elicited the information that he is making favorable progress towards recovery.

From The Vancouver Province: "Mrs. William Roper, formerly of Oak Bay, Victoria, has been visiting Mrs. George Barclay, at Ashcroft, and is now at the Hotel Vancouver for a few days before proceeding to Victoria, where she will be the guest of Mrs. Hodder, Oak Bay."

Nursing Sister Annie Lauder, one of the original members of Number 5 "Base" Hospital, who recently returned from a year's nursing service in Salonica and England, is a guest at the Overseas Nurses Club, Courtney Street, while awaiting her discharge. Miss Lauder has been a patient at Resthaven Military Hospital for the past few weeks.

Major-General and Mrs. A. D. McRae gave a dance last night at their residence at the "Shaughnessy Heights" in honor of their house guests, the Misses Bryan, of Washington. Among the Victorians invited were Major and Mrs. John Hume, Miss Muriel Dunsmuir, Mrs. Rae Green, Mrs. E. V. Bodwell, Col. R. M. Humble and Dudley Gheoghan. While in Vancouver Mrs. Green is the

threw it in the pan and Croakie dived in after it.

"Now I have learned to dive!" joyfully cried the frog boy, and so he had. And if the rice pudding doesn't run out in the rain and lose all its raisins in the umbrella stand, I'll tell you next about Uncle Wiggly and the nutmeg grater.

VICTORIA.
Sea salt and roses,
Bees in the dovecot,
Joy on the wind,

Wild scent brimming over,
A soft pearl-tipped peak,
A soft mystic veil,

On foam-burnished waves,
A white winged sail,
Grim gray warship,

Stately and bold,
Rides triumphant,
Right Royal Road,

High in the air,
Swift aeroplane,
Shouts to sea-gull,

"We'll meet again,"
Gold gilt of broom
On old Beacon Hill,

And one with the breeze,
Flag of Empire—athrill!
Victoria,

A little gem,
Tucked away,
'Neath earth's green hem,

LAURA LEWIN.

PLAN CHILD WELFARE NATIONAL CONVENTION

Vancouver Association Considers Holding of Big Rally in October

Vancouver, Aug. 14.—Initial plans for a national convention to be held in Vancouver on October 29, 30 and 31 were outlined at a meeting of the Child Welfare Association last evening.

Arrangements were also made last night to have addresses and lectures delivered at the convention by some prominent child welfare workers and educationists who took part in the international child welfare convention held in San Francisco last May.

The following committees were elected: Convener, programme, A. M. Stephen; programme, D. B. Brankin; convener, Mrs. C. S. Arnold; Mrs. J. Marstrand; Miss C. M. Menzies and E. Day; resolutions, George Harrison; Mrs. Carson; Mrs. H. J. K. Labrik; J. J. Dougan and J. Blackwood; and entertainment, Mrs. T. Chippendale, Mrs. R. Townsend, Miss Maud Capon, Madame Edith Stuart, A. R. A. M., Helen Badgley and Madame Estie Avery; reception and transportation, Mrs. Gott; press and publicity, J. J. Dougan, Mrs. Hazelton and L. J. Mahler; finance, J. Blackwood, A. Cannon, George Harrison and A. S. Mulholland.

LEARNING TO BE BLIND.

Does blindness make the brain more acute? Undoubtedly. That is the only conclusion one can arrive at after reading of the achievements of blind heroes told by Sir Arthur Pearson in his wonderful story, "Victory Over Blindness" (Hodder and Stoughton).

Not only has the thousands of men blinded in the war, nearly every one of whom has passed through St. Dunstan's, the hostel for blinded soldiers and sailors, learned new trades and occupations and succeeded in overcoming their big handicap so successfully that they have been able to take up their old positions, but in some cases they have actually gained bigger appointments.

One blinded officer who has returned to his employer is now not only in entire charge of the correspondence of his firm, but is solely responsible for the buying of one of the largest departments. He has also started a new business for himself and obtained a Government contract.

A brilliant example of the manner in which a man who had lost his sight can carry on in an important business position is afforded by a captain who occupied the position of director of the foreign and colonial part of his firm's business. After studying at St. Dunstan's he is now able to carry out his duties as though nothing had happened.

Furthermore, his fellow directors are dispatching him upon a world tour to rebuild their foreign business, which has suffered from the war. As masseurs, research chemists,

To those who are really particular about the Coffee they drink, there is one brand that always pleases particularly well because it is particularly good—Chase & Sanborn's "SEAL BRAND" COFFEE.

In ½, 1 and 2 pound tins. Whole—Ground—Pauperized—also fine ground for Perculators. Never sold in bulk. CHASE & SANBORN, MONTREAL.

ANGLO-RUSSIAN ATTACK BIG SUCCESS

Archangel, Aug. 14.—Via London, Aug. 15.—The successful offensive of British and Russian troops along the Dwina River, southeast of Tulgas, August 13, resulted in the capture of 1,500 prisoners, according to reports received here. It is believed that no Soviet troops remain north of Kotlas.

The Allied casualties in the fight were light. The attack was undertaken in order to stiffen the morale of the young Russian troops, as agitators recently had been busy among them. Elaborate preparations were worked out, and the Bolshevik were unaware of the impending attack.

WANTS FACTS ABOUT SEINE LICENSES

Vancouver, Aug. 15.—The members of the Vancouver branch of the G. W. V. A. last night passed a resolution that the meeting exonerate the members of the executive from any suspicion of wrongdoing in the matter of the granting of fishing licenses to returned soldiers.

The question was brought up at the meeting, and President Whitaker, who occupied the chair in the first part of the evening, gave place to Vice-President Paige while the matter was being discussed. The report of the committee appointed to investigate the question was followed by President Whitaker's statement on behalf of himself and the executive and his offer of resignation if his conduct did not meet with the approval of the meeting. Without an instant's delay the meeting voted unanimously to refuse

A NEW PLAN FOR RAILROADS OF STATES

Washington, Aug. 15.—A plan devised by S. Davies Warfield, of Baltimore, under which the Government, in the reorganization of railways of the United States, would provide a minimum return of six per cent. on invested capital, with division of all surplus over that amount among the employees, the public and the carrying roads, was outlined before the House Interstate Commerce Committee yesterday.

BETTER EMPLOYMENT SITUATION REPORTED

Vancouver, Aug. 15.—All reports from points in the interior of the Province show a great improvement in the employment situation, according to statements of officials of the S. C. R. Department. At many places, indeed, there is not sufficient labor to fill the demand. In Vancouver itself it is estimated that there are approximately 1,200 men out of employment, according to statistics of the employment branch of the S. C. R.

HUTTERITES BARRED.

Winnipeg, Aug. 15.—A colony of twenty-eight Hutterites from South Dakota, on their way to Ell, Manitoba, were stopped at the border line by Canadian immigration officials, and are now located in the detention house at Emerson, Man. Their legal adviser tried to secure their admission as settlers, but did not succeed. They will have to appeal to Ottawa for admission now.

WINNIPEG STRIKERS ARE REFUSED BAIL

Winnipeg, Aug. 15.—Bail was refused the eight Winnipeg strike leaders by Mr. Justice Cameron, of the Court of Appeal, yesterday. The accused, William Ivens, R. B. Russell, John Queen, A. A. Heaps, R. E. Bray, W. A. Fritchard, R. J. Johns and Geo. Armstrong, accordingly were taken into custody by the Royal Northwest Mounted Police and escorted to the provincial jail, where they will remain until they appear for trial at the October assizes, unless defence counsel can obtain their freedom from one of the other judges of the higher court.

A SOVIET ELECTION.

Stockholm, Aug. 15.—A Bolshevik press dispatch received here from Petrograd gives the results of the last Soviet elections in Petrograd. Of the 1,275 Deputies elected, 896 were communists.

REPORT DENIED.

Washington, Aug. 15.—Denial of the report that the Carranza garrison at Chihuahua City had mutinied with the intention of going over to the Villa forces was made in a statement to-day by the Mexican Embassy here, which adds that no conspirators have been executed. Only petty officers who are implicated in the movement, it is declared.

Quality and Range in Boys' Wash Suits

The washing qualities of these Suits are in every instance the best we could find at the different prices.

Blue and White Wash Suits, in Oliver Twist styles, of good material; nicely made and excellent design. To fit boys 3 to 5 years. Prices, \$1.75, \$2.75 and \$3.00

Middy Wash Suits, in white trimmed with blue, has full sailor collar, ornaments, and black bow tie. A clean looking little suit, to fit boys 3 to 7 years. Price \$3.50

Russian Blouse Wash Suits, with or without belts. Some with fashionable slash pockets; all suitably trimmed, in all-white, blue and white galateas. Very up-to-date. Sizes 3 to 7 years. Price \$4.50

Don't forget, we carry a large range of Rompers and Overalls, suitable for rough and tumble wear. Ask to see them.

GARDEN FETE AT ROCKSIDE.

AT ROCKSIDE FARM, the other day, a Garden Fete took place. Where thousands of the feathered tribe, all elegance and grace, in gorgeous summer plumage were most fashionably attired. There, even "Brigham-Young's" old hens were very much admired.

Proud, dainty cockerels paid their court to pullets young and gay. They wore no waisted, corset coats, least so the papers say; for music, Madame Holstein loved a most melodious tune. While in his sty Sir Roger Bacon played the deep bassoon.

When all was perfect harmony, a whirring sound was heard. And in the air appeared a most gigantic, dreadful bird. It scared that goodly company, it seemed a weird reminder: "An awful message borne to RYLANDS by the great 'Pathfinder.'"

"Seattle was in fearful straits, and could Joe Rylands send Ten thousand chickens, nicely dressed, for certain, each week end?" Ah! Then was hurrying to and fro, and cheeks yet paler, grew, As terror stricken, they all feared a second "Waterloo."

Then Rylands' face grew stern and grim. Quoth he, "Send this reply: The Elite of Victoria I've promised to supply. The C. P. R., the best hotels, the great Grand Trunk as well. Seattle, you had better send your order straight to—Heaven!"

CHINESE CREW.
Vancouver, Aug. 15.—At a meeting of the Vancouver branch of the Great War Veterans Association last night considerable discussion arose over the employment of Chinese crews on vessels built in local shipyards, and it was reported by the committee investigating this question that the local representatives of the owners of these ships had promised

LETTERS

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

THE BONUS QUESTION.

To the Editor.—The local secretary of the G. W. V. A., Mr. Gunn, certainly went off with a bang in his reply to my letter of August 9. But I do not think he hit the mark in his misrepresentation of me.

His letter was designed to make me appear like Landseer's little dog in "Dignity and Impudence." After attempting to show my lack of logic and ability to reason and elements of truthfulness, he waxes hot because I might create dissatisfaction by suggesting a re-opening of the peace negotiations with Germany for the purpose of inserting a clause covering the cost of Canada's payment of a war bonus to her soldiers.

Now this is pure nonsense and calculated to have more of a boomerang effect than the writer intended. However, to get down to the bone of contention, I did not state in my letter that Col. Purney had made a statement to the effect that he was willing to accept \$100 on behalf of the returned men, and the other two-thirds might have something to say on this matter.

Mr. Gunn took my attack upon the existing Government as an attack upon the G. W. V. A. He says, "The profiteers have not been overlooked by the G. W. V. A., but by the Government." Continuing, he says, "The cost of administration of the various departments has been paraded before the official eye." Why? He admits the Government machine is a slow moving mechanism. So, after all, he pretty well agrees with me, at any rate, on the question of Governmental inertia. My letter was never intended as a constructive speech—someone has described a speech as a collection of fine words constructed to convince you of something that isn't—criticism was my intention—criticism of the destructive variety. There are great evils that exist in our midst that need destroying—at least the root of them. We have just crushed the greatest in Prussian militarism. It is sometimes necessary to destroy before you can construct. When we see millions of dollars of the public funds wasted upon defunct railroads, members of Parliament's salaries raised on a permanent basis, Royal Commissions absorbing huge sums—without producing tangible results—millions made annually out of the coffers of the Government and pockets of the people, and many other leakages I could mention, one might be excused for using an expression like "clap-trap" when one hears arguments that the country's finances cannot bear the strain of a just obligation.

Mr. Gunn says Comrade Waistell will not overlook any sums of money that may be paid to Canada out of the German indemnity to Great Britain. If I am not mistaken the amount of the indemnity has yet to be computed—but I stand being corrected on this point. Therefore, it will not be a matter of any great surprise to hear that the Germans did not test the bill after all without resorting to the necessity of re-opening the peace negotiations.

I had no intention of creating any erroneous impressions on the integrity of the G. W. V. A. as a body, or casting any aspersions upon any of its members. But I have to say this, "It is a poor dog that cannot stand being stroked backwards." Nevertheless I apologize for having given

DOMINION
What would a Rex Beach drama be without a violent physical conflict? No author can so logically bring about a fight as the popular American novelist. He did it superbly in "The Brand," "The Spoilers" and in

almost every other picturization of his books. It is done again in "The Crimson Gardenia," newest of his photodramas now playing at the Dominion Theatre. Climax is pitted against unassum- ing courage instead of brawn against brawn. The locale is not Alaska or the Northwest, but colorful and charming New Orleans at the height of the carnival. Yet the struggle is as terrific as any ever seen on the stage. The participants were Owen Moore and Sydney Rains. The scene of the fight added to the risk. It occurred in the loft of a stable with an open trap door yawning near the combatants. A made-

to-order fight may seem comparatively easy to the spectator, but it involves as much danger and uncertainty as a real one, as any player will tell you.
Roland Van Dam and Madelon (Hedda Nova) seek refuge from their pursuers and conceal themselves in the loft. They are followed by Francis "The Spider" (Sydney Ainsworth), who engages Roland in deadly combat. The men lurch dangerously near the trap door, all the while straining every muscle to deal the knockout blow. Neither did the watching girl or anyone in the audience can tell which can be the victor. The fight ceases to be a mimic one almost as soon as it commences. Both men are in grim earnest as, in

fact, the players were—almost. Neither Moore nor Ainsworth remembered what Director Reginald Barker had planned. Once they fought all though they are. The conclusion was highly satisfactory to that stickler for realism, Rex Beach, but must be seen to be thoroughly enjoyed. The end should be witnessed rather than read about.

PRINCESS
Last evening's dress rehearsal of "The Private Secretary" occasioned much satisfaction as a most excellent interpretation of this famous comedy was displayed. Mr. R. N. Hincks has again selected a sure winner as well as once more proving his genius in obtaining the assistance of those ladies and gentlemen whose fitness for their respective parts is unquestioned. An evening of fun and merriment is guaranteed the play containing numerous situations of the side-splitting variety, whilst the dialogue is of the cleverly humorous type. A play written solely to amuse Charles Hawtrey, the author, has certainly achieved his object to thousands of audiences. Mr. Hincks, who will appear in the title role will be assisted by a most excellent company including Mrs. Taylor, Mrs. Thornborrow, Major Taylor, Lieut. R. R. Webb, Mr. A. M. D. Fairbairn and others whose abilities are too well known to require elaborate mention. "The Private Secretary" will prove by the excellence of the production to be its own advertising agent and crowded houses are predicted every night during the run.

ROMANO
A picture of arresting achievement, "Blind Man's Eyes," in which Bert Lytell is starred, was seen yesterday at the Romano, where it played to a large and appreciative audience.
This popular young actor, who has shot, meteor-like, into the path of fame, plays a role which brings out in a remarkable manner his unusual skill in both heavy emotional drama and light and sympathetic comedy. He is seen in the character of Hugh Overton, a man falsely accused of a crime committed by another. How this is the means of almost completely wrecking his life and of those dear to him is dramatically shown, as is also his manner of unearthing and bringing to justice the real criminal. A refreshing contrast is given in the cleverly introduced sympathetic comedy, which is done in the actors' happiest vein, while a heart-gripping romance lends to the charm and unusualness of the play. The serial, "The Hand of Vengeance," is an added attraction for to-day.

COLUMBIA
"Satan Junior," the Metro romantic comedy-drama, which was the feature at the Columbia yesterday, is a play that can be numbered among the most pronounced successes of Viola Dana's screen career. The clever young star is seen in the role of Diana Ardway, a spoiled child of fortune who is the despair of the prim and proper maiden aunt, her temporary guardian.
Adventure follows adventure in quick succession until Diana finds herself launched upon a sea of romance—a sea which proves a stormy one for the man in the case as the irresistible young heroine proceeds to lead him through an endless maze of feminine perverseness where he finds it's hard to follow. The action of the play is rapid and entertaining and the many complicated situations are cleverly handled

and result in many unexpected surprises. The serial, "The Lure of the Circus," will also be shown on the same programme.

VARIETY
Miss Beatriz Michelena is starred in "The Unwritten Law," which will be the screen attraction again to-day at the Variety. In this picture Miss Michelena discloses herself as an authentic actress of the emotional school. Her tears are as real as her beauty. She carries the realism of agony and hysterical grief to that line beyond which the grotesque grins—but she never crosses the line.
Miss Michelena is a daughter of Fernando Michelena, a famous tenor of his day, and herself won a distinct place on the light opera stage in the productions of Henry W. Savage, the Shuberts, and others. Miss Michelena stepped to the screen with considerable success. Her most recent photoplays are being released by the Robertson-Cole Company.

PANTAGES
Morey Barton of Creamer, Barton and Sparring playing at Pantages this week, has come out flat-footed with the assertion that in a brawl or argument, sympathy is not always with the smaller participant. Barton bases his views upon the fact that every time (to use his own words) one of those big guys j work with applies his foot to my anatomy,

ZAM-BUK HEALS
ZAM-BUK stops the burning and prevents blistering. Just as good for tender or blistered feet, itching muscles, mosquito bites, cuts, bruises, and all skin injuries. A sure cure for eczema and all skin diseases. All druggists 50c. box.

SUNBURN

the gang out front always laughs. Creamer and Sparring who are six foot tall in their stockings to Barton's four feet ten, never fail to tell about meeting Barton's father who had not seen him in ten years and who was anxious to see his son act. The old gentleman took in the performance and when introduced to them later, by his son made the remark I would like you fellows better if every time my son says something funny you wouldn't abuse him so much. But the act keeps working and as Barton says they seem to like it out front and anyway it is easier than driving a truck.

ORPHEUM CIRCUIT
WILL BEGIN TO-NIGHT
Bessie Clayton, Famous Danseuse, Will Be Attraction Two Nights

Of interest and import to votaries of the dance is the announcement that Bessie Clayton, who opens the season of Orpheum Vaudeville at the Royal Victoria to-night in her Nineteen-Nineteen Dance Creations, assisted by The Caninos, James Clemons and a company of clever artists, is about to begin the writing of a book to be entitled, "The Law and Legend of Dancing."
Several years ago Miss Clayton conceived the idea of writing a book on the genealogy of the dance. In other words, she desired to find out exactly wherefrom had originated the fox trot, the two-step, the bunny hug, the tango, the maxixe, the Texas Tommy, the shimmy, the jazz, and the various other dance creations that have come and gone during the past few years. But owing to business pressure she has been unable to give much time to the work. However, immediately after she completes her present Orpheum engagements she is planning to make a sojourn in the west and southwest with a view to delving into every hidden nook and cranny of the Indian countries for information, legendary and true, on the birth and growth of the various dance steps that have graced and disgraced this country's ball rooms for these many years.
Miss Clayton's plans include an

expert cinematographer and a phonograph record man whose duty for one will be to film the dances and for the other to record the music. She will present a set of films to the Smithsonian institute.
What investigation she has been able to make during the past few years has disclosed the fact, according to Miss Clayton, that the grizzly bear dance originated with the high mountain Indian of the North Pacific; the fox trot with the Chilean Indians; the Texas Tommy with the Orgapalla Sioux; and the tango with the Gehenrimo Indians.
Miss Clayton, whose love for writing is exceeded only by her love for her art, intends to write her book as she goes along. She will sift her information on the spot and write a chapter on every dance. In this way she does not anticipate any difficulty in her construction.

LIFT OFF CORNS WITH FINGERS

Doesn't hurt a bit and costs only few cents

Drop a little Freezone on a aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Freezone cost but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Community Club Entertained—The members of the Community Club of West Saanich, and a number of their friends were the guests of Mr. and Mrs. H. L. Knappenberger at their summer home, Cordova Bay, on Wednesday afternoon. A pleasant time was spent during the day in watching the regatta and in meeting with acquaintances from Victoria who were also out to enjoy the sport. After partaking of the excellent supper provided by the ladies the guests all repaired to the beach, where songs, recitations and stories helped to pass away the time. The remainder of the evening was spent in dancing, and with many expressions of thanks to the host and hostess for their kind hospitality a tired but happy crowd proceeded home.

DOWED DAUGHTERS DESIRE TO SETTLE

Attractive Girls From Old Country Seek Homes in Province

"I have at present a list of thirty-six women between the ages of 25-35 years who have from \$1,000 to \$12,000 and who are very keen on coming to British Columbia, but must have the facts and something to show from headquarters." So writes an Ontario woman at present in London, England, to the Land Settlement Board in connection with inquiries respecting the possibility of settling on land in this Province. The lady was born in Great Britain, and has farmed all her life.

After four years' war service she interviewed F. G. Wade, K. C., Agent-General for British Columbia in London, and he advised her to communicate with the Land Settlement Board here.

In a previous letter to the local Board she suggested that a colony of fifty or one hundred women might be established under the same conditions as the men—160 acres to each settler. "I would like to a great settlement," she writes.

"I will guarantee to give you the right class of women with experience and money. I will send out women that our country will be proud of. We want a better class of immigrants than what we have had in the past ten years, not the scum of the country, but the best of it."

"I have met a great many British women, English and Scottish, who have the money and want to go out to farm. These women have good experience; they can plough with any man; get up in the morning at 5 o'clock and milk eight or ten cows; they have all belonged to the Land Army and have done work that any country would be proud of." Needless to say, every endeavor will be made to assist the Women's Land Settlement in British Columbia.

PROCTOR-WARBURTON WEDDING AT ST. JOHN'S

Yesterday evening St. John's Church was the scene of a very pretty wedding when Sarah Amy, eldest daughter of Mr. Warburton, 2533 Grahame Street, became the bride of John Charles Proctor, son of Mrs. John Proctor, 523 David Street, the Rev. P. A. P. Chadwick officiating. The bride, who was given away by her father, was becomingly dressed in a pearl grey suit, with a white picture hat, carrying a bouquet of pink and white bridal roses. The bride was attended by her sister, Miss Emily Warburton, who was supported by Harry Warburton, brother of the bride. After the ceremony a reception was held at the home of the bride, when a buffet supper was served, the rooms and table being prettily decorated in pink and white. The groom's gift to the bride was a gold brooch set with garnets, and black fox fur, the bridesmaid a cameo necklace and the best man a pearl tie pin. The young couple were the recipients of a number of presents, among them being a case of silver from the superintendent and officers of the naval yard, where the groom is employed. Mr. and Mrs. Proctor left in the midnight hour for Vancouver en route for Seattle. On their return they will reside at 523 David Street.

GAME ASSOCIATION MEETING THIS EVENING

NO VICTORIAN AS OFFICER OF BIG MUNICIPAL BODY

Other British Columbia Cities Represented in Union of Municipalities

BECAUSE COUNCIL DID NOT SEND A DELEGATE

While representatives of Vancouver, Point Grey, and Vernon were elected as officers, no Victoria man was chosen on any committee of executive of the Union of Canadian Municipalities which held its annual convention in Kingston this week. No Victoria man was chosen for good reason. No Victoria man was there because the City Council had decided previously that it would not have a delegate at this gathering of nationwide importance at which questions affecting every municipality in the Dominion were discussed and acted upon. The other cities at the convention derived not only the advantage of having their ideas brought before the Union, but also the publicity which the names of the officers was given in the press of all Canada. Some of the city aldermen who urged that British Columbia's capital be represented at the convention are not a little dissatisfied that other cities should have got ahead of Victoria. They believe that to send a delegate would have been money well invested, and would have returned to the city like bread cast upon the waters. Not only that, but they point out that the Union held its convention in this city last summer. The Union comes here again after that, particularly as other and smaller towns were represented. It is certain, they observe, that a Victoria man would get his name in the office as it was necessary under the by-laws that British Columbia have a fixed number of officers. Instead, Vancouver, Victoria, Grey and Fernan got the positions, the influence and the publicity.

Council Could Not See Idea

When the question of sending a delegate to Kingston was discussed by the City Council, Alderman Patrick led a vigorous attack in favor of representation, and guaranteed personally that the expenses of one delegate would not exceed \$200. Mayor Porter and Alderman Johns supported him in his contention, but the other aldermen apparently concluded that the Council did not require to be represented. Last Monday night the Council decided to send a delegate to the convention of British Columbia Municipalities to be held in North Vancouver in the near future. On that occasion Alderman Patrick warmly criticized the Council, declaring that it had let the big chance go by and now proposed to send delegates to the smaller gathering. The Council, he declared, ought at least to be consistent and might as well allow the thick coat of moss which already covered its back to grow and spread over its whole anatomy. There was no use in pretending that the corpse of the city was still capable of stirring when the Council had done its best to kill it. However, the Council decided to send the Mayor and the Chairman of the Legislative Committee, who happened to be Alderman Patrick—to represent the city.

Victoria Is Not Mentioned

The election of officers at the concluding session of the Canadian Union of Municipalities resulted as follows: President: Mayor Harold Fisher, Ottawa; First vice-president, Arthur Robert, K. C., Brigwater, N. S.; second vice-president, H. H. Grant, Edmonton; third vice-president, Mayor Harry Newman, Kingston; honorary secretary-treasurer, W. D. Lighthall, K. C., Westmount, Quebec.

Provincial executive committee, Ontario—City treasurer, C. M. McCrack, Sault Ste. Marie; Mayor Elson, S. C. Charities, and a representative to be appointed from Toronto. British Columbia—Mayor Gale, Vancouver; Reeve F. W. Fletcher, Point Grey, and Mayor Shatford, Vernon. Nova Scotia—Hiram Goulder, Yarmouth; Warden W. G. Clarke, Annapolis; Mayor A. C. MacCormick, Sydney Mines. Quebec—Mayor Thurber, Longueuil; Alderman C. R. Rondeau, Westmount; Alderman P. H. Bedard, Quebec.

Alberta—Fred Roeman, Lethbridge; Alderman W. P. Adams, Calgary; Alderman H. M. Martin, Edmonton. G. S. Wilson, of Quebec, was re-elected as assistant secretary.

A number of resolutions were adopted at the concluding sessions. One was that the Union of Canadian Municipalities respectfully petition the Provincial Governments recommending that a uniform system be established and adopted by all Municipalities in their respective provinces.

A resolution condemning the practice by Municipalities of subsidizing industries by granting of land, money or exemption from taxes and declaring that money raised by taxes should be applied for the administration of municipal affairs was carried.

The convention resolved to "urge public persons in all responsible positions, the press and other moulders of opinion to try to educate citizens to produce more of every needed commodity in order to overcome critical defects, also to promote a spirit of frugality and thrift." It was decided that the annual convention should be held alternately in the West and in the East, the division line being the Ontario and Manitoba boundary. Various amendments to the constitution, regarding the election of officers and members of the executive were carried.

"So you consider him misleading and disappointing? Why?" "Well, he had me on the gulch live last night in the expectation that he was going to ask me to the theatre." "And he didn't?" "No; he only asked me to marry him."

The Man Who Banished Corns

Blue-jay was invented by a scientist of distinction. By a man whose lifetime has been spent in the study of surgical dressings.

This is a master's method—correct, complete and efficient. And the millions of people who know it, never think of enduring a corn.

All in One

The first step is to stop the pain. This is done by removing all pressure—by the soft protecting ring marked A.

The next step is to gently cause the corn to disappear.

This is done by the remarkable B & B Wax, which no corn can resist.

This bit of wax—marked B—is centered on the corn. It cannot spread. So, unlike old-time methods, it acts on the corn alone.

C is rubber-coated adhesive. This snugly wraps the

application, protecting everything.

You apply this Blue-jay in a jiffy. The corn pain stops at once. The wrapping is comfortable and you forget it.

In two days you remove it and the corn can be lifted out. Only rare corns need a second application.

This is the scientific way, the easy, sure and right way to end corns. You will never return to any wrong method when you try a Blue-jay once. Try it tonight.

Stops Pain Instantly Ends Corns Completely

OVER TWO THOUSAND HEAR ARION CLUB

Mrs. Fahey, Soloist, at Successful Concert Last Night; Collection \$182.50

Over two thousand people gathered in the grounds in front of the Parliament Buildings last night for the open-air concert of the Arion Club—an annual event of the popularity of which waxes with the passing years. The night was ideal for such an event, the voices carrying well in the stillness. From the spectacular point of view the affair was striking, the rays of the setting sun against the foreground of velvet greenward, fine old trees and glimmering sea giving place later to the diffused glow from the illuminations on the buildings, which threw into strong relief the upturned faces of the huge audience.

Attractive Programme.
Many old-time favorites from the repertoire of this veteran choir figured on the attractive programme, the numbers including: "O Canada," "Strike the Lutes" (Cook), a "Thuringian Folk Song," "Estudiantine" (Laeome), "The Archers' Marching Song" (Thayer), Kremser's "Prayer of Thanksgiving," "Hunter's Joy" (Aschely), Foster's "Old Folks at Home," "Mynheer Vandunck" (Bishop) and "Winter Song" (Bullard). Herbert Kent wielded the baton for the major part of the programme, Frank J. Sehl conducting "Estudiantine" and "Mynheer Vandunck."

Mrs. Fahey.
Mrs. Macdonald Fahey, the well-known soprano, was the only soloist and her magnificent voice was heard to advantage in the open air. Every note rang out with full, well-rounded flute-like quality, allied with the charm which is one of this singer's most delightful assets. Mrs. Fahey's numbers included: "O Love but a Day" and "The Year at the Spring" (Mrs. Beach), "So Saran Rose" (Arday), "Wake Up," Montague Phillips' beautiful composition, and "Open Thy Blue Eyes" (Massenet).
Mrs. Irene Walsh Nasmith officiated as accompanist for Mrs. Fahey. Mrs. C. C. Warn, the club accompanist, ably filling that role for the choral numbers. One of the most popular numbers was "The Long, Long Trail," in the chorus of which the audience joined with evident enjoyment.
During the interval the Girl Guides under Capt. Leighton took up a collection, the proceeds of which, amounting to \$182.50, have been handed to the Ladies' Musical Club.

TURKS MURDERED GREEK BOY SCOUTS

London, Aug. 14.—Nicholas Avgeridis, a scoutmaster, and twenty Greek boy scouts have been murdered at Aidin, Asia Minor, by Turks, according to Greek official sources.
Avgeridis was tortured before he was killed, and the boy scouts lost their lives in endeavoring to save him.

OAK BAY TO MAKE PROFITABLE FINANCIAL DEAL BY PURCHASE OF PROVINCIAL BOND ISSUE

Will Sell Victory Loan and Buy Provincial Bonds, Making Profit—Many Advantages Achieved by Transaction Authorized Last Night

The exchange of \$50,000 worth of Victory Bonds for bonds of the latest Provincial Loan was decided on by the Oak Bay Council last night, following thorough consideration of the transaction by the councillors. As the Victory Bonds will be sold at a sum considerably more than their purchase price, and as the provincial bonds will be bought at par, the municipality will gain in the transaction.

When the last Victory Loan drive was in full swing Oak Bay invested about \$50,000 of its sinking funds in the bonds, buying them, of course, at par. Since that time the Loan has risen in value until it now stands four and a half above par. Thus the sale of \$50,000 worth of bonds at present will mean a profit of \$250. The Provincial bonds stand at par but they bear the same interest as the Victory Bonds, namely, five and a half per cent. It will be seen, then, that the exchange of Victory for Provincial bonds means a substantial financial gain for Oak Bay.

One of the chief advantages of the recent Victory Loan was, of course, the fact that it was not taxable. But in the purchase of Provincial bonds Oak Bay has not suffered in this regard, for municipalities have not been taxed for their investments in Provincial bond issues. Another great advantage which the municipality has gained by its exchange is the fact that the Provincial bonds are payable in New York instead of in Canada, and the rate of exchange between the two countries will mean an added gain for Oak Bay.

MANY APPLICANTS FOR HOUSING FUNDS

Numerous Soldiers Desire to Build Homes in Oak Bay Municipality

Following its decision to accept its housing allocation, the municipal authorities of Oak Bay have received about forty applications from returned men for loans with which to build houses in the municipality. The Oak Bay Council is at present engaged in investigating all these applications, and a decision on the matter is expected in the near future. Before the loans are finally made, it is thought, there will be more applications that can be filled. It has been suggested to the Council that it should show preference to returned men who own lots on which they would build the houses as there would then be an added inducement for them to meet their payments. With the same end in view it has also been proposed that some of the soldiers might be able to invest some of their own money in the houses and land.

The appointment of a supervisor to look after the housing scheme in the municipality is also under consideration by the Oak Bay authorities, and it has been suggested to them that they employ Major K. Spurrin, who has undertaken these duties in Swanich and who, it is thought, would be able to assume the housing supervision in both municipalities. The major has just returned from the front.

HOW HIS GARDEN GREW.

The lord of Acacia Villa was more than angry. For the fourth time this summer the seeds which he had sown had been scraped up. He therefore dispatched his servant to the Lilacs to inform the lady thereof that her cat should be shot.
"It's not my cat," said the lady of the Lilacs. "It's the dog from the Willows that scratches up your seeds."
The owner of the flower-bed waited for further evidence. In time he got it, and once more his retainer called upon the lady of the Lilacs.
"Please, ma'am," said the girl, "master thought you'd like to know that the dog from the Willows has had kittens in our biocade, and he's given your cat the job of nursing them!"—Tit-Bits!

ESQUIMALT WATER SUPPLY CRITICIZED

Council Again Faces Question of Improving Service in Township

The waterworks situation in Esquimalt is one that has troubled successive councils for several years. It is again persistently coming to the fore, both as it affects the supplying of water to new residents, and for the providing of ample fire protection.

In some quarters it is felt that ultimately the municipality will acquire the rights of the Esquimalt Waterworks Company. From the standpoint of the Reeve and Council, a great deal will have to be done to put the water supply on a satisfactory basis. It is intimated that the succeeding councils may stick to the policy of watchful waiting, on the supposition that the waterworks company may sooner or later be willing to talk terms of purchase.

There was considerable discussion at Monday's night council meeting about the difficulty of getting new connections for householders, while it was held that the company was entirely justified in charging for the laying of new pipe to isolated dwellings. It was pointed out that the company would rebate to the first consumer the proportionate cost of piping his residence as such new-comer paid for a new connection, but at the same time it was agreed that for a new resident located two or three hundred yards away from the nearest pipe-line it was a rather heavy burden to have the water installed.

As far as water for fire-fighting is concerned, the Council expressed the opinion that it would have to provide for the installation of more hydrants, as recent fires have demanded the laying of a very great length of hose in order to connect up with existing hydrants.

Where the railway tracks are laid the roadway remains uneven and heavy with dust which rises in a cloud with the suction of each passing car. A suitable roadway leading to the temporary Municipal Hall is still in the visionary stage, pending some decision on the building itself.

H. R. SHARPLES, M. A., IS NEW PRINCIPAL

Esquimalt School Board Makes Appointments For New Term

The following appointments to the staff have been made by the Esquimalt Board of School Trustees: H. R. Sharples, M.A., to be Principal of the High School in place of J. M. Paterson, resigned.

Harold L. Campbell to the position of Assistant Principal in the Lamson Street School, in place of D. J. Anderson, resigned.

R. H. Bassett to be Assistant Janitor in place of Mr. Young.

Mr. Sharples the newly-appointed Principal of the High School, is a teacher of long experience and is a graduate of the University of Manitoba.

Mr. Campbell is a son of Mr. J. M. Campbell, Principal of the North Ward School, and was for three years Vice-Principal of the Richard McBride School, South Vancouver, leaving there to go overseas with the University Battalion, serving with this unit for three years in France.

Mr. Bassett is also a returned soldier, having seen service in France with the 2nd C. M. R. Battalion.

THE POSSIBILITIES OF HELIUM IN CANADA

Gas at 2,000,000 Cubic Feet Per Month and at Low Cost

The possibilities of helium in Canada form the subject of an interesting article in The Christian Science Monitor from its Ottawa correspondent. The prominence of this discovery of gas, the writer points out, has been made more outstanding owing to its great value for lighter-than-air machines, and with a view of obtaining a comprehensive account of it from an expert's point of view the Canadian News Office sought the assistance of Mr. S. J. Cook, B. A., A. L. C., chemist in charge of the census of chemical industries, domestic bureau of statistics, from whom the following valuable facts were obtained.

Mr. Cook started by saying that "the year 1918 certainly marks the beginning of a new era in the history of helium, the element which more than any other has held the interest of the theoretical scientists since its discovery fifty years ago. The development in this year of immense fractionating plants for the separation from natural gas of helium in quantities sufficient to supply a fleet of airships has aroused the attention not only of natural scientists and engineers, but of the general public as well, and the interest in the unique properties of this gas has become very widespread, due largely to the fact that most of the later work done on this subject has been carried on by the leading men of science in Great Britain, Canada, and the United States, co-operating to an extent undreamed of before the outbreak of the war.

Helium on Huge Scale. "This pooling of effort, found so essential in the direction of international enterprise, made possible the production of this hitherto rare and costly gas on a scale which, had the war lasted until June of the present year, would have enabled us to produce helium at the rate of 2,000,000 cubic feet per month and at a cost of from 10 to 20 cents per cubic foot. The magnitude of this accomplishment is indicated by the fact that up to 1917 not more than 100 cubic feet of this gas had been produced in the world and the price for the small lots in which it was sold was at the rate of \$1,700 per cubic foot.

Helium, said Mr. Cook, was discovered in 1868 by Janssen in France, who observed new lines in the spectrum of the sun, and in the same year by Frankland and Lockyer in England, who announced the fact that new lines in the sun's spectrum had been discovered and that they represented an element unknown on the earth, to which they had consequently given the name "helium." Interest among the scientists of the world was keen, as it is over every such discovery, and the study of this interesting gas has been carried on ever since in the laboratories of the world.

Dangers of Hydrogen. The usefulness of helium is due to the fact that it is inert, non-inflammable and, next to hydrogen, the lightest gas known. Lighter-than-

air balloons and dirigibles are ordinarily filled with hydrogen, which is comparatively easy to obtain in large quantities. It is, however, extremely inflammable and explosive, and consequently its use in aircraft has always been attended with danger, and a considerable number of aircraft disasters have been due to this rather than to any other cause. The advantages of helium are obvious. It has 92 per cent. of the ascensional power of hydrogen, it is non-explosive and it will not burn. Further, it diffuses through the envelope of a balloon only about one-half as fast as does hydrogen, and it is therefore more easily conserved.

Referring to the discovery of this valuable gas, Mr. Cook said that early in 1915, Sir William Ramsay, who, in 1895, had discovered the presence of helium in the mineral cleveite, wrote to Dr. R. B. Moore, of the United States Bureau of Mines: "I have been investigating blowers, i. e. coal damp ruses of gas, for helium for our government. There does not appear to be any in our English blowers, but I am getting samples from Canada and the United States. The idea is to use helium for airships." Nothing immediately came of this suggestion in the United States, but later the suggestion came again through the work of Professor Satterly of the University of Toronto, where considerable research on helium had been carried on during the war, in co-operation with the British Admiralty through the good offices of Dr. J. C. McLennan, Professor of Physics in the University of Toronto, and one of Canada's ablest natural scientists, who had been invited to act on the Admiralty Inventions Board. On June 1, 1917, Messrs. Moore and Burrell of the United States Bureau of Mines explained the subject to Colonel Chandler, in charge of the balloon service for the United States Army. He was intensely interested and asked that a report be made to him giving all available details. He also took up the matter with Mr. G. O. Carter in charge of the hydrogen plants for the navy, who had had several years' practical experience in the Lindo Air Products Company, with the liquefaction and separation of gases by their process.

Aircraft Board's Interest. About this time, Dr. Cottrell, Chief Metallurgist of the Bureau of Mines, was called into the conference, and shortly afterward a special commission from the British Admiralty, headed by Commander Cyprian D. C. Bridge, arrived in America to collect data and exchange ideas in what was being done in the resulting conference the possible importance of the work in hand became so evident that the Aircraft Board on October 17, 1917, recommended that an allotment of \$1,000,000, in addition to \$100,000 already given, be made jointly by the army and navy to permit of immediately starting the construction of complete plants under all three of the processes known to be workable.

ROUTED BY FLAMES: WASPS ARE ANGRY

Two Bad Conflagrations in Esquimalt Within Forty-eight Hours

It was a coincidence that two bad fires should strike Esquimalt in the same place this week. On Sunday the pretty little home of Mr. Watson on Esquimalt Road was completely gutted by fire, which it is believed started from a spark in the roof.

On Monday afternoon a blaze that might easily have ended disastrously, had it not been for the valiant efforts of the fire-fighters, most of whom were volunteers, was started by a lighted match or cigarette stub in the lot directly across the road from Mr. Watson's ruined residence. Flames were not the only hazard

that the brave fire-fighters had to contend with. Somewhere among the stumps and rotting logs on the property a huge nest of wasps found the flames and smoke too much for their everyday routine of life, and they seemed to fancy that the fire-fighting force had something to do with it.

IMPROVEMENT IN ESQUIMALT ROAD

Benefits From Grading and Hard Surfacing Becoming Apparent

Already the repairs to Esquimalt Road opposite the Municipal Hall are beginning to show the beneficial results in appearance and service to motorists and drivers of other vehicles. When the grading and hard surfacing is finished, the work will be one of which the Council may feel justly proud.

The only drawback, in the opinion of a good many of Esquimalt's residents is the fact that the street railway double tracks are jammed over on one side of the street abutting on what will some day be the curb of a handsome thoroughfare having concrete sidewalks on both sides of the roadway.

Where the railway tracks are laid the roadway remains uneven and heavy with dust which rises in a cloud with the suction of each passing car. A suitable roadway leading to the temporary Municipal Hall is still in the visionary stage, pending some decision on the building itself.

BRITAIN STILL FINANCIALLY STRONG

From The Wall Street (New York) Journal.

A 12 per cent. discount on sterling in this market leads people to think that British credit is at a low ebb and it has been expected that the English Government or London bankers will have to take some far-reaching step to bolster up exchange. The sensational decline in sterling measures the general idea entertained as to the extent of the credit operations necessary.

But Great Britain is by no means hopelessly involved or embarrassed in her international finances, notwithstanding her huge war-time debt and the position of sterling in New York.

We have come to regard the United States as holding a unique position as creditor in the world. Our loans to the Allies approach \$10,000,000,000 and England we hold indebted to us for \$4,300,000,000. But people overlook the fact that Great Britain has also made loans to the Allies, to an aggregate amount of \$5,500,000,000. She is, therefore, more than covered. The United States is only measurably better off than Great Britain in the inter-allied financing.

And as regards the position of foreign exchange, a similar situation exists. It has been declared recently that sterling at a discount of 10 or 12 per cent. is less a concern of the British Government than it is of ours. The discount protects the British trade balance. In the House of Commons recently an official of the Government announced that they did not propose to try to improve British and American exchange by further borrowing from the United States.

What England is going to do is to bring the favorable position which sterling enjoys in the other foreign markets to remedy the abnormal situation at New York. London is simply the Clearing House of the world's finances. On one side of her bankers' ledgers are the credits of the European countries. On the other side are the United States debts. The United States is drawing on London for what the continent of Europe owes the United States.

Great Britain's developing plans in conjunction with banking and trading interests to provide credit facilities in Europe for countries which cannot otherwise buy British exports. We are developing similar schemes, and when they are in force, it may be expected indirectly to improve British-American exchange. The pressure will thus be lifted from sterling in New York.

In short, the United States and England are the two great nations that emerge from the war well protected and better off than ever before. It is the smaller allied nations that will feel the burden of the war most.

CINCY PUT GIANTS FURTHER IN REAR

Took Both Games of Double-Header; Northwestern Leaguer Wins First

New York, Aug. 14.—The pennant hopes of the New York Giants received a crushing blow here to-day when Cincinnati won both games of a double header and increased its lead to six and one-half games.

Dutch Reuther, former Northwestern Leaguer, stopped the Giants in the first game, 4 to 3, and Slim Sallee made in two in a row when he allowed his old team mates but a trio of safeties in the second game, winning 2 to 1.

New York faced a Red lead of four and one-half games when they took the field for the first time to-day, and were up against the task of having to take five of the six contests to wipe out the distance to first place. Their hopes receive a sad blow, though, when they were trounced in both tilts, which put them six and one-half games to the rear. The Giants will have a man-sized job now to overtake the flying Redlegs, who will be filled with renewed confidence after their two victories, and are certain to finish the series with a lead over second place.

The best the Giants can do by taking the next four games, which is hardly likely, is to cut Cincinnati's advantage to two and one-half games. Should they break even on the next two double headers, the Reds will still have a comfortable lead, and with the advantage of meeting weak teams while New York plays Chicago, Pittsburgh and St. Louis, each of whom have been giving the Giants trouble, would increase their hold on the top rung.

FIVE CRICKET GAMES SET FOR SATURDAY

Four League Fixtures and a Friendly at the Canteen Grounds

Four league games and a friendly game will provide the cricket attractions to-morrow, with the most promising match of the day picked at the Albion and Victoria game at Beacon Hill. The Foundation Amateurs will play a friendly game against the Navy Yard on the canteen grounds. Teams are announced as follows:

Albion v. Victoria. At Beacon Hill—

Victoria—H. A. Goward, (Capt.), J. W. D. York, L. S. V. York, J. R. Matson, J. H. Gillespie, S. M. Gillespie, D. I. Gillespie, G. C. Grant, F. Wright, R. H. Vaughan and H. Lethaby.

Five C's v. Congregationalists. At Jubilee Hospital—

Congregationalists—G. Austin (Capt.), R. J. Ferris, S. Davies, H. Gardiner, J. Collett, B. Cox, H. Lock, T. Howland, A. Adams, W. E. Sweet-

BRYNJOLFSON TO TAKE HIS CHAMPIONS EAST

Vancouver, Aug. 15.—The Terminal Lacrosse Club finally learned this morning that they could not get "Cotton" Brynjolfson of Victoria to join the team for the rest of the season.

Brynjolfson, wired Manager Pickering announced to-day, that he would be taking the Victoria amateurs, the new amateur champions of British Columbia, to Winnipeg, within a few weeks, when there will still be at least one more game with Westminster for the Terminals, so if the local club must have another team they will have to get him elsewhere.

Friendly Game.

Foundation Amateurs v. Navy Yard—W. W. Goode (Capt.), R. Atherton, W. Baker, A. Barnes, T. E. Burtholme, W. Bradley, J. H. W. Fidler, H. Ruffelle, J. Tindall, G. J. Smith, Fred Sketchley, Chas. Thomas, H. Woods, A. Gardiner, Wm. Hind and W. Daniell.

EASTERN CHAMPIONS TAKE FIRST SOCCER BATTLE FOR TITLE

Montreal, Aug. 14.—A crowd of 4,000 persons at the national grounds this evening saw the Grand Trunks, champions of Eastern Canada, defeat Winnipeg war veterans, champions of Western Canada, by two goals to one, in the first of two games for the Dominion football championship and the Connaught Cup trophy. The game was well contested throughout. Worsley replaced Adamson of Grand Trunks, at centre, otherwise the Trunks were represented by the same men who defeated the Old Country by 5-0 Saturday.

Play was fast and clever and active, changing rapidly from one side to the other.

At half time the score was Grand Trunks 1, Winnipeg 0.

Early in the second half McLeish scored the second goal for Trunks, but the score did not represent the run of the play. Winnipeg veterans were the most aggressive all through the period. From a foul in midfield, the ball went toward Harris, Grand Trunks' goalkeeper, and Howell, for the veterans, tipped it into the net for the veterans' only tally.

The second and final game of the series will be played on Saturday. The line-up: Grand Trunks—Harris, McLaggan, Frier, Rae, Craigie, Jones, Woutrens, McLeish, Worsley, Stott and Smith. Veterans—W. Simpson, A. Simpson, McDonald, Milne, Ashmore, McLean, Neighbour, Howell, Gillies, Price and Walker.

VICTORIA NORTHWEST WORLD

SEVEN DAYS' CRICKET HERE FOR CHAMPIONSHIP NEXT WEEK

Calgary Team Unable to Come, But Other Clubs Will Have Representative Elevens for Tournament

Arrangements are practically complete for the opening of the full week of cricket in Victoria to start Monday. With two Vancouver teams and a Nanaimo team entered there is the outside competition that will make the tournament additionally interesting. It was hoped that a Calgary team would be taking part, but they were unable to get here in time for the opening, and a four match schedule has been drawn up.

Five-Hour Games.

The committee in charge of the tournament demand that five hours actual cricket shall be played, the games being due to commence at 1.15 o'clock.

Points will be awarded on a percentage of games played on the system adopted by the M. C. C. in England this year.

Teams will be provided on all grounds, but play will not be stopped as a consequence. This is for the convenience of the spectators.

Collections will be taken up on all grounds where tournament games are played, proceeds to go to "improvement of grounds fund." This has been decided on by the committee as the past four years proceeds from all matches at Victoria have been given to the Red Cross Society and other charitable funds.

Official score sheets of all matches played must be in the hands of the secretary, at 2644 Quadra Street, not later than the morning's post of day following match.

The Games.

The schedule is as follows: 18th August—Five C's v. Nanaimo at Jubilee Hospital; Vancouver Oils v. Mr. Lethaby's XI, Beacon Hill; Garrison v. Vancouver Military, Work Point; Incogs v. Congos, University Grounds; Foundation v. C. bye.

19th August—Congos v. Nanaimo, Beacon Hill; Vancouver Oils v. Incogs, Jubilee Hospital; Vancouver Military v. Foundation, Work Point; Garrison v. Mr. Lethaby's XI, University Grounds; Five C's, a bye.

20th August—Garrison v. Five C's, Work Point; Incogs v. Nanaimo, University Grounds; Mrs. Lethaby's XI v. Vancouver Military, Jubilee Hospital; Congos v. Vancouver Oils, Beacon Hill; Incogs, a bye.

21st August—Garrison v. Foundation, Jubilee Hospital; Vancouver Military v. Nanaimo, Work Point; Mr. Lethaby's XI v. Incogs, Beacon Hill; Five C's v. Vancouver Oils, University Grounds; Congos, a bye.

22nd August—Vancouver Oils v. Vancouver Military, Jubilee Hospital; Garrison v. Five C's, Beacon Hill; Foundation v. Five C's, Beacon Hill; Incogs v. Nanaimo, University Grounds; Mr. Lethaby's XI, a bye.

23rd August—Match will be played at the Jubilee Hospital on Saturday, August 23. If necessary a full day's cricket will be played. If more than two teams are entered, the actual cricket to be played.

All tournament games will start at 1.15 p. m., players to be on grounds at 1 p. m., sharp. Five hours' actual cricket to be played.

LACROSSE TITLE SERIES ASSURED

Plans Proceeded With on Receiving Word From Victoria Team

Winnipeg, Aug. 15.—That the proposed lacrosse tournament to settle the amateur championship of Canada will be held in Winnipeg Saturday, August 30 and Monday, September 1, was practically decided upon at a meeting of the Winnipeg Lacrosse Association last night. With the sanction of the Foundation team of Victoria, probable champions of the Pacific Coast League, and word from President Washorne, of the Ontario League, that the winners would likely make the trip, the local officials decided to go ahead with the project. The Winnipeg League is guaranteeing expenses to the Foundation team of Victoria, and the Ontario League is guaranteeing expenses to the Winnipeg team, hoping to revive the game here and settle the dispute for the Mann Cup.

Trustee Lally has been asked to allow the position to Judge for the championship, but if this can not be done, a new cup will be offered and it will represent the championship of Canada.

BIG LEAGUERS DECIDE ON THOROUGH CLEAN-UP

New York, Aug. 15.—A thorough house cleaning in organized baseball has been decided by the club owners of the National and American leagues according to reports current here last night. The programme calls for the ousting of Garry Hermann as chairman of the national commission and the offer of the position to Judge Kenesaw Mountain Landis of Chicago at a salary of about \$50,000 a year.

BILLIARD HANDICAP

A billiard handicap is being arranged by the Commodore of the Great War. All members wishing to participate are asked to register with the billiard marker.

TOOK HER AT HER WORD.

"Really, Mr. Hansom," said the fair girl, "I'm shocked to hear you confess such behavior in your business dealings. You should always do unto others as you would have others do unto you."

"You wouldn't have me do that always?"

"Certainly," she replied, "always."

"All right. Here goes!" he replied, and kissed her.

HEAVY ENTRY FOR SATURDAY'S GALA

Sixteen Are entered For Half-Mile Swim; Other Events

Sixteen entries are shown for the half-mile swimming championship of British Columbia to be decided at the Foundation Club's gala from the Clubhouse below the Gorge Bridge Saturday. All the competitors are local men, Vancouver or the up-island swimmers not yet having entered a representative of their clubs.

There is a heavy entry in each of the other events. Eight divers have announced their intention of going after the provincial championship crown. Lots of variety is provided for in the programme, and spectators will undoubtedly find plenty of entertainment until the last event is decided. Entries in addition to those published yesterday are as follows:

Half-mile Championship of B. C.—Gordon D. Young, Y.M.C.A.; John L. Larson, Y.M.C.A.; John Barclay, Y.M.C.A.

One Hundred Yards—Breaststroke, Men.—John Barclay, Y.M.C.A.; Louis A. Godfrey, V.I.A.A.; Percy Humber, F.O.S.C.

Diving Championship of B. C.—Mrs. Robt. W. Hiberson, V.A.S.C.; Miss Gracie Wellburn, V.A.S.C.; Gordon Young, Y.M.C.A.

Plunge for Distance, Men.—Louis Godfrey, V.I.A.A.

Plunge for Distance, Ladies.—Mrs. J. Nyquist, F.O.S.C.

Centipede Race.—A team from V.A.S.C. and a V.I.A.A. team as follows: Cyril Dadds, V.I.A.A.; H. J. Calder, V.I.A.A.; W. Stanton, V.I.A.A.; D. N. Grubb, V.I.A.A.

Twenty-five Yards, Boys Under 12.—Pelle, McLernan, F.O.S.C.; Kenneth Darbyshire, F.O.S.C.; Colin Ford, F.O.S.C.; Geo. Williamson, V.A.S.C.; John Williamson, V.A.S.C.; J. Buchanan, V.A.S.C.; Jack Kinsman, V.I.A.A.

Fifty Yards, Boys Under 15.—Jack Kinsman, V.I.A.A.; Tom Wellburn, V.A.S.C.; Cyril Dadds, V.I.A.A.

Pillow Fight on Logs.—Wm. Muir, F.O.S.C.; H. J. Calder, V.I.A.A.; Percy Pitts, V.A.S.C.; F. Woodley, F.O.S.C.; D. Stuart, F.O.S.C.; Jas. Wood, V.A.S.C.; Greasy Pole.—Angus McKinnon, Y.M.C.A.; Archie McKinnon, Y.M.C.A.; A. A. F. Woodley, F.O.S.C.; Wm. Muir, F.O.S.C.; P. Humber, F.O.S.C.; C. P. Lord, F.O.S.C.; Jas. Wood, V.A.S.C.; E. Squire, V.A.S.C.

Girls Under 15 Years.—Molly Hibben, V.A.S.C.; Cathie Robertson, V.A.S.C.; Nellie Catterall, V.A.S.C.

Judges.—D. R. Finnick, Dave Clark, Geo. H. Woyland, Mrs. Atterall, Hon. Mr. Justice Martin, Louis Larsen, W. Long.

Starter.—E. E. Goldsmith. Secretary.—L. D. Lord.

Clerk of Course.—Jas. Masher. Timekeepers.—Mr. Kilburger, Mr. Little, Mr. Wilkerson.

Announcer.—Geo. I. Warren. Referee.—Geo. W. Stott.

Stewards.—Sam Shaw, Mrs. Richards, Mrs. W. Curry, Mrs. Harding, Chas. Harding, Wm. McNeill, Jack Moore, Al. High, Roy Seymour.

JAMES BAY STAR CANNOT COMPETE

Sickness Prevents Billy Kennedy Making Trip to Indian River

After weeks of strenuous training, during which he showed that he possessed all his old-time form, Billy Kennedy, the star oarsman of the James Bay Club, has found himself unable to make the trip for the Indian River Regatta Saturday. Since April Kennedy has been working assiduously to get into condition and his clubmates were confident that he would carry off the honors at Indian River, but the effect of the cool winds at night after a strenuous row up the Gorge has placed him under the care of a doctor, and he has been advised to make the effort.

The other members of the club left last night for Vancouver. In the fours the team will be Travis, stroke; Billy Dads, No. 2; Wickson, No. 1, and Simpson, bow, in the doubles H. and V. Brendroff will carry the James Bay colors. It is doubtful whether the James Bay Club will be represented in the singles.

INJUNCTION AGAINST INTERFERING WITH MAYS

Detroit, Mich., Aug. 15.—Colonel T. L. Huston, part owner of the New York American League club obtained an injunction in circuit court here to-day, restraining President B. B. Johnson, "or any of his agents," from interfering in the use of Pitches Carl Mays, in the series which opens here this afternoon between the New York and Detroit teams.

LOOKING THINGS OVER

Like Real Entry Lists.

Entry lists on sports programmes now are beginning to look like they used to do before it was found necessary to put championship trophies on the shelf, while the boys were taking part in a bigger game. All of the sportsmen who will resume their place in sport are rapidly coming back again, and nearly all those who are in any shape for competitive events seem to have had their appetite whetted for the battles for superiority.

Team work necessary in soccer, rugby, lacrosse, and so on, has its thrills, and more especially for the spectators, but the old individual work done to the offer of the club to which a sportsman still belongs has some attractions which nothing else seems to offer. Swimmers, track runners and so on claim that it takes something to beat the satisfaction attained when, after a great struggle in which four or five men are breasting the tape or touching the raft so nearly together that the competitor hardly knows where he is placed, the judge taps on the shoulder before he turns to any other swimmer or runner and says "name, please!" As the cartoonist says, "It's a grand and glorious feeling."

Saturday's Championship Swim.

In the half-mile handicap at the Foundation Club's swimming gala, Saturday, will be found the names of several of the men who used to wade a lot in swimming circles, sportsmen who have been overseas and have just got back into the game. Lou Godfrey, who has just returned, is one of the sportsmen who have entered for the race. Lou used to be good on the three-mile distance and swimming fans are talking of the great fight for first position that would have undoubtedly taken place if he had been in Victoria in time to take part in the race from the Causeway to the Gorge. Audrey Griffin has created an innovation by entering for open championship which without any particular reason, except that ladies usually have no chance, have previously been purely men's races. President Stott of the B. C. section of the C. A. S. A., however, says that open to British Columbia means open to any swimmer.

FRAGMENTS WILL HAVE ANOTHER STRONG TEAM

The Fragments' football team met Wednesday evening at the Commodore's clubroom. By all appearances there will be a strong team for the coming season, most of the old players being available. Several good soccer players have returned lately from France, and difficulty will be found in selecting the best eleven to carry the Fragments' colors. The old players realize that they will have to show their best form to hold their positions. Another meeting will be held to-night.

OTHER TABLETS NOT ASPIRIN AT ALL

Only Tablets Marked with the "Bayer Cross" are Genuine Aspirin—Others Acid Imitations

'Bayer' Now Canadian Made—No German Interest—All Rights Purchased from U. S. Government

Aspirin means made by Bayer—has meant this for over eighteen years. The only genuine Aspirin!

The world's greatest physicians, jealous of their own reputation and careful of the health of their patients, prescribe "Bayer Tablets of Aspirin."

Aspirin is not German but is made in Canada, by Canadians, and is owned by a Canadian company. Unless you see the safety "Bayer Cross" on package and on tablets you are not getting Aspirin at all!

Look for the "Bayer Cross"! Then it is real Aspirin.

Don't accept Aspirin in a pill box. Buy a "Bayer Package"!

There is no substitute for genuine "Bayer Tablets of Aspirin," which have been proved safe by millions for Pain, Headache, Neuralgia, Toothache, Earache, Rheumatism, Lumbago, Colds, Grippe, Joint Pains, Neuritis.

Proper and safe directions are in every "Bayer" package.

Boxes of 12 tablets—Bottles of 24—Bottles of 100—Also Capsules.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monacero-Aspirin of Salicylic acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

BRITISH CRICKET GAMES

SOLD TO ST. LOUIS.

London, Aug. 15.—(Canadian Associated Press)—British cricket results yesterday were: Middlesex beat Lancashire by nine wickets; Sussex drew with Somersetshire; R. Relf, for Somerset made 111; Hampshire beat Essex by 194. For the winners—Mead scored 122 not out and Brown 103 not out; Leicester beat Derby by four wickets.

Joplin, Mo., Aug. 15.—Pat Collins, catcher, and Rolla Mapel, pitcher, for the Joplin Western League club, have been sold to the St. Louis American League club. The players will remain with Joplin the remainder of the season.
Student (writing home): "How do you spell 'financially'?"
Other: "F-i-n-a-n-c-i-a-l-l-y, and there are two r's in 'embarrassed.'"

Automobile Racing To-morrow Will Draw Record Crowd to Willows Park During Afternoon

When the steamer Sol Duc docked this morning five strange looking cars were landed at the C. P. R. dock, and they created a tremendous amount of interest as they passed through the city streets. They were the speedy aggregation of cars which will take place in Saturday's big automobile race, and included a Stutz Special, driver Gus Duray, Lott Special, Bill Giddings; Ross Special, Jack Ross; Mercer Special, Walter Blumer; and a Maxwell Special.

A Record Meet.
Prominent race fans say that in the past seven years there has never been such a high class list of cars and drivers entered in a racing event. The Victoria meet is looked upon as producing the best programme of events and racers that has ever been staged in the Pacific Northwest.

It will be a difficult matter to pick the winners in the several events. All the racers are experienced men who have furnished many a thrilling demonstration of expert driving and daring.

The Victoria Automobile Dealers' Association, under whose auspices the race meet will be held, is enthusiastic over the successful conclusion of arrangements whereby all the fastest drivers have been secured as entrants.

The dealers have had a big run on the sale of tickets, which indicates that the races will be very largely attended. "Each event is worth \$1 to see and there are seven events," said C. H. Willis, chairman of the executive committee looking after the details of the race meet.

Sale of Tickets.
The ticket sales down town, which have been conducted by the various automobile dealers and accessory men, will close promptly at 10 o'clock to-morrow morning and the box office at the grounds will open at 1 o'clock. The races begin at 2:30.

The public is urged to secure reservation if possible from the dealers in order to avoid a great deal of rush and confusion at the grounds. The Dealers' Association is anxious to have everything go as smoothly as possible, and to have everyone in his or her place by the time the starting signal is given for the first event.

George Lillie of Lillie & Woods, 1316 Douglas Street, is looking after the sale of tickets and reservations may be made by calling or telephoning number 594.

The Vulcan Kewpie.
The Vulcan Kewpie to be driven by Harry Hooper is a car that has had some very strange and thrilling experiences. It was the first Stutz racer turned out and was at one time owned and raced by M. Wightman of the Pacific Motor Company, View Street. Earl Cooper used to race in the car.

second on the dirt track there." Mr. Wightman sold the car to the accessory firm of John Millen & Sons, Vancouver, who turned it over to the Vulcan Iron Works and they named it the Vulcan Kewpie.

The Victoria Special.
Louis Nelson, foreman of the Revercomb Motor Company, has thoroughly overhauled his "Victoria Special" in which he will contest all of the professional events to be run off at the Willows on Saturday. The car is very high powered and Louis is an expert and daring driver. The faith of all local race fans is pinned on Louis and the "Victoria Special," and great things are expected of them.

Nearly Missed Race.
"Had it not been for the assistance rendered by the Hook Wire Wheel Service of Seattle, the Lott Special would not have arrived in Victoria to-day, nor would it have been possible for me to take part in Saturday's race," said George Lott, who will drive the Lott Special here to-morrow.

"I was very anxious to get into the Victoria race. New wire wheels were necessary following our tire trouble in the Vancouver races, and was impossible to get them in time. The Hook people tore down my old wheels and a complete set of new Marmons out of which they assembled the wheels you see on this car." Since the Vancouver races Mr. Lott has spent over \$1,000 on his racer, fitting it for the local event.

Three This Afternoon.
Three cars arrived in the city this afternoon, the Romano Special, the Comet Special and the Chandler Special. Henry North will drive the Romano, Charlie Latta the Chandler and James Batiera the Comet Special. The local dealers have shown great enterprise in arranging the local event and no less than six entrants have been secured from among their own ranks.

All the final arrangements have been satisfactorily concluded and the various committees in charge of the race meet report everything in excellent shape for pulling off a very successful race.

At 10:30 to-morrow morning a parade of racing cars and local dealers, headed by pipers will leave upper Yates Street and proceed through the principal streets of the city. At the races a band will be in attendance.

CHIP OF THE OLD BLOCK

A Vancouver paper, describing a recent trapezoidal contest in the Terminal City, says: "Billy Cameron, eight years old, made his debut at the traps Saturday with a twenty-lb. double-barrel gun and killed seven out of twenty-five. He shows the aptitude of Cameron, Sr. Billy was born in Victoria, and is a son of E. J. Cameron, formerly of this city."

CARL MAYS RE-INSTATED

New York, Aug. 15.—Three members of the board of directors of the American League, constituting a majority of the board, ordered Pitcher Carl Mays reinstated at a special meeting here yesterday, thus nullifying the action of President Ban Johnson in suspending him.

REDS HAVE CHANCE

TO GET GOOD LEAD

Last of a Series of Three Double-headers With Giants To-day

New York, Aug. 15.—With only four and a half games separating them from first place in the National League pennant race, the Cincinnati Reds and New York Giants meet to-day in the last of a series of three double-headers in as many days. The result of to-day's games is expected to have an important bearing on the outcome of the league race. A double win for the western team will give it a commanding lead, while a similar success by the New York club will put it within striking distance of the league leadership. An even break would leave the teams in virtually the same position as at the start of the series. Of the four games played in the series each club has won two games, three of which were closely contested resulting in small scores. By heavy hitting in the second game of yesterday, however, New York was enabled to defeat Cincinnati 5-3, after the first game had resulted in a 2-1 victory for the home team in fourteen innings. Barnes and Benton probably will be the pitching selections for New York, while Fisher and Eiler were expected to hurl for Cincinnati.

TWO CANADIANS ENTER GOLF CHAMPIONSHIP

New York, Aug. 15.—Secretary Howard F. Whitney of the United States Golf Association announced to-day the entries and pairings for the national amateur golf championship, play for which will begin next Saturday morning at the Oakmont Country Club, Allegheny County. There are 132 entrants, but more are expected by mail from distant clubs before the tournament starts. Only two Canadian players are among the aspirants for the title, but nearly all the prominent golfers in the country are on the list. Among these are six former winners of the title, including Charles ("Chick") Evans of Chicago, who won the last championship played for in 1912 at Philadelphia.

A SEASIDE HOME IN THE CITY.

TWO ACRES OF GROUND, laid out with large tennis lawn, big and small fruits, well stocked vegetable garden and attractive flower beds and lawns, summer house, garage and chicken house, with a fine view of a fine bathing and boating beach, the whole beautifully fitted with paved streets, for doors, car and school. A commodious, well built, modern house of 9 rooms, bath and attic, large reception hall with granite fireplace, beamed ceilings, built-in effects, large closets and fireplace in five rooms, cement basement and furnace, commanding uninterrupted view of sea and mountains, in one of the best residential parts of Victoria. Over leaving town by immediate possession, at a very reasonable price. It is seldom we find an office family home with so many combined attractions and it would be well to act quickly. Price and terms on application.

\$5,500—ARTIFICIAL 6-ROOM SEMI-BUNGALOW, built on the hillside, has been made into beautiful lawn and practical garden, with a fountain and mountain ash trees. The house is exceptionally well built and the finish throughout is of the best and in perfect condition. There is reception hall and living room, both bright and with a first-class outlook; kitchen with pantry, three good bedrooms and a large sleeping porch all finished in. The basement is all concrete, with furnace, laundry tubs, etc. There is also a newly built conservatory and large garage. We particularly recommend this property as a first-class buy, and can arrange terms on the purchase.

PUBLIC NOTICE.

NOTICE IS HEREBY GIVEN OF the filing of plans for the laying of three submarine telephone cables across the Inner Harbor in Victoria, B. C., between points located approximately 80 feet north of the centre line of the proposed Johnson Street Bridge and the Wharf of the Marine and Fisheries Department Depot, respectively.

It is proposed to proceed with this work thirty (30) days after the first publication of this notice in the **BRITISH COLUMBIA TELEPHONE COMPANY, LIMITED.** Vancouver, B. C. No. 6799.

DEPARTMENT OF PUBLIC WORKS. NOTICE TO CONTRACTORS.

Albion Bridge—Dawdney District, Highway Bridge on River Road, Near Haney, B. C.—Maple Ridge Municipality. Sealed Tenders, endorsed as above, will be received by the undersigned up to noon on the 30th of August, 1919, for the erection and completion of a bridge on RIVER ROAD, near HANEY, B. C.

Sealed Tenders, endorsed as above, will be received by the undersigned up to noon on the 30th of August, 1919, for the erection and completion of a bridge on RIVER ROAD, near HANEY, B. C.

Tenders must be accompanied by an accepted bank cheque or certificate of deposit, made payable to the Honorable the Minister of Public Works, for a sum equal to ten per cent. (10%) of the tender, as security for the due fulfilment of the Contract, which shall be forfeited if the party tendering declines to enter into Contract when called upon to do so, or if he fails to complete the work contracted for.

The lowest or any tender not necessarily accepted. **A. E. FOREMAN,** Public Works Engineer, Department of Public Works, Victoria, B. C., August 13, 1919. No. 6771.

NOTICE OF CANCELLATION.

NOTICE IS HEREBY GIVEN that the reserve existing over Lot 28, Otter District, by reason of a notice which appeared in "The British Columbia Gazette" on the 2nd January, 1919, is cancelled. The said Lot has been subdivided into two parcels, viz.: Blocks A and B of Lot 28, Otter District, and the said parcels will be open for pre-emption to returned soldiers only. Applications for same should be submitted to the Deputy Minister of Lands, at Victoria, between the 22nd and 24th September, both days inclusive.

Applicants must confine themselves to one parcel. The allotment of the Blocks will be made on the 25th September at the office of the Deputy Minister of Lands, Victoria, by drawing in a manner to be determined by the Minister of Lands.

Forms for application and further particulars may be obtained at the Department of Lands, Victoria, B. C.

ATTORNEY-GENERAL BACK FROM ENGLAND

(Continued from page 1.)

to-day as never before. Her burden of debt is colossal and her rate of taxation is staggeringly heavy. She demands the utmost service and co-operation of her capital and labor, the united efforts and skill of employer and workman and natural and individual economy and thrift.

"While in London I spent a good deal of time at British Columbia. We have a magnificent building, well situated on Regent Street. I was highly pleased with the good work of Mr. F. C. Wade in doing as Agent-General. Mr. Wade is ably assisted by W. A. Blair, whom we appointed as his assistant, and who was for many years the secretary of the Vancouver Board of Trade. Since Mr. Wade has taken over the office the general business as indicated by the number of visitors, interviews and correspondence has increased nearly 500 per cent. I think all British Columbians who are returning from London will gladly corroborate my statement that our Agent-General is making good and that British Columbia will continue to receive the utmost benefit from the work of that office.

"I was especially gratified at the assistance that has been given to British Columbia soldiers in London. The reading and writing rooms have been kept open Sunday and week day. The basement floor of the building has been fitted up with beds, and over 4,000 soldiers have slept there without charge since December last. A large number of soldiers have been assisted in many ways, and it was through Mr. Wade's activities that the SS. Empress of Asia returned with western troops by way of the Panama Canal.

"I am convinced that there is a great field in Britain for British Columbia enterprises and settlers of the right type. We are suffering to-day very seriously because of our past sins. There are many painful instances where the British investor has been led into doubtful or inflated schemes which never should have been permitted, and we are paying the penalty to-day. I believe that as a province and as individuals in British Columbia we should increase our activities in Britain to do three things: "First—To prevent and stop up any more attempts at 'skin games' on the British investor. "Secondly—To interest capital in the legitimate development of our great natural resources and to secure and make provision for the right kind

The Value of Saving

All successful men began by saving. Later perhaps they invested, but they first had to accumulate capital. The first step towards wealth is to open a Savings Account. The second is to save regularly. Come in and ask about our simple, convenient, Savings Accounts. Interest compounded every six months up.

Paid-up Capital \$ 9,700,000 Reserve Fund 18,000,000 Resources - 20,000,000

THE BANK OF NOVA SCOTIA

J. W. CORNING, Manager, Victoria Branch

Taylor and myself argued the cause on behalf of the province, and were successful in establishing the very important principle that the province can legislate to provide compensation for British Columbia workmen even though they are killed outside the province.

Alarmed Germans Shipping Much Money to Switzerland Now

Berlin, Aug. 14.—Via London, Aug. 15.—German exchange fell to-day by 30 francs per 100 marks for the first time in its history. The decrease is due, according to German newspapers, to heavy exports of German money to Switzerland, it being added that such transactions are being carried out through occupied territories. It is said that from 60,000,000 to 70,000,000 marks are reaching Switzerland daily.

CHICAGO GRAINS ERRATIC TO-DAY

Chicago, Aug. 15.—The grain market opened today on a nervous note, reports and extreme weakness in bonds. Fluctuations were violent within a four-cent range. Shortly before close shorts tried to cover, but found the market bare of offerings. Gains ruled with independent strength through the session. All grains closed strong. Last Close: Corn—Open 147 1/2, High 147 3/4, Low 147 1/4, Close 147 1/2. Wheat—Open 141 1/2, High 141 3/4, Low 141 1/4, Close 141 1/2.

URGE EXEMPTION OF COASTING BOATS

Shipping Bureau Advocates Changes in Pilotage Recommendations

Vancouver, Aug. 15.—Changes in the recommendations contained in the Royal Commission report on Vancouver and Nanaimo district pilotage...

age, were suggested in a report made at the special meeting of the shipping bureau of the Board of Trade on Wednesday afternoon. The report was added to by the bureau in a recommendation that provision be made for the exemption of coasting vessels from pilotage charges. The bureau will ask the council of the board to take up the suggested amendments with the Ottawa authorities. The report submitted by the committee read, in part: "Recommendation on Clause 5: If the present secretaries of authorities at Nanaimo and Vancouver are in a position to do, they should be permitted to carry on as assistants to superintendents. There appears to be no necessity to appoint ex-master mariners and incur unnecessary expense for secretaries. The positions do not require these as its devoting their full time to the work."

C.P.R. NOW ENTERS SINGAPORE TRADE

Steamship Methven Will Inaugurate New Freight Service on October 15

Commencing with the October 15 sailing of the British steamship Methven, the Canadian Pacific Ocean Services, Ltd., will inaugurate a direct freight service between Vancouver and Singapore, according to an announcement this forenoon by the local agents. The steamship will touch at intermediate ports as cargo offers. The tentative itinerary will include Yokohama or Kobe, Nagasaki will be touched at for bunker replenishment, and from there the steamship will go to Shanghai, Manila and Singapore, returning to the British Columbia coast via regular ports in the Orient. The Methven is a large cargo carrier capable of handling any class of freight, especially automobile. For some months past the Methven, which was brought out to this coast from the Atlantic, has been operating in the Oriental freight service of the C. P. O. S. Ltd. Capt. Douglas, formerly with the larger Empress, and who during the war commanded the commandeered Dutch liner Prinses Juliana, is master of the Methven.

LA SALLE WENT AFLOAT FINELY

Fourteenth Ship of French Fleet Successfully Launched by Mrs. James Forsythe

FOUNDATION GLEE CLUB WAS FEATURE

Slipping away with the east and grace that has marked former launchings during the course of the French contract the wooden steamer La Salle was successfully put afloat at 5:15 o'clock yesterday afternoon from the Point Ellice yard of the Foundation Company. The La Salle, which is the fourteenth ship of the contract, was charmingly sponsored by Mrs. James Forsythe, the blushing bride of James Forsythe of the French office staff. The event also commemorated the lady's birthday. A pleasing innovation at the launching ceremony was the vocal contribution by the Foundation Glee Club, whose efforts were roundly applauded by a large and appreciative crowd gathered about the ship to witness her flight. The Foundation Band in full uniform played appropriate music during the preliminaries.

The signal for the launch was given by James Forsythe, and punctually to time the big hull, duly christened by Mrs. Forsythe, got away on her downward course. To those on board the start was almost imperceptible, and gradually increased as the La Salle cleared the foot of the ways nicely, and swung out into the stream. Within a ship's length of the bottom of the ways the ship was most effectively checked by the stern bulkhead and heavy Manila hawsers run out forward and eased on the forecastle and well-deck bits. As the vessel settled down in the water and at the conclusion of the stirring strains of the Marchaisse played by the band, Edw. E. Jenkins, Assistant Northwest manager of the Foundation Company, presented the sponsor with a gold vanity case upon

DRASTIC CHANGES IN PERSONNEL OF STEEL YARD STAFF

Drastic changes have been made in the personnel of the engineering staff of the Harbor and Marine Co., was learned yesterday. Those released from the company's employ are: H. J. Brinkman, chief engineer; W. C. Bailey, chief draughtsman; L. Ommundsen, architect; R. Spicer, foreman; machinist; A. R. Hessel, supervising architect; and W. Robson, architect's assistant. Several of these officials have been in the employ of the Victoria Machinery Depot for a number of years.

AUSTRALIAN BOATS MAY SAIL SHORTLY

Settlement of Strike Will Release Makura and Niagara at Sydney

The news from Melbourne yesterday to the effect that the Australian Seamen's Union had advised the government to accept the terms of the government and settle the strike, may mean the early departure from Sydney of the Canadian-Australasian liners Makura and Niagara on return voyages to this port. The Makura is expected to arrive at the Victoria port for several weeks by the strike. The British Columbia agents of the Union Steamship Company of New Zealand have received word that prospects for the settlement of the strike are much brighter. The steamship Tahiti left Wellington on Monday last for Vancouver and is expected to arrive on September 4. She is a passenger ship that before the war ran on the San Francisco route, but was taken off and fitted up for Admiralty work. While awaiting her turn for refitting she is making the run to B. C. with cargo. She will call at Honolulu on the way and pick up a large consignment of canned pineapples for this port.

WIRELESS SILENT ON INBOUND SHIPS

Several Large Steamships Are Expected in Port During the Week-End

Probably at no time since the lifting of the war restrictions on wireless communication has there been so much mystification concerning the arrival of offshore shipping as at the present time. Several large Oriental liners are scheduled to reach Victoria this week-end but up to the time of going to press to-day no direct information has been received from seaward regarding their movements with the exception of the O. S. K. liner Manila Maru, which failed to give her position. It is considered unlikely that the Manila Maru will reach here before Sunday. She was expected to make port to-day from the Far East. The liner Arabia Maru, of the same fleet, is due here to-morrow, but further than that the agents have no information. Another big liner that is expected soon to get in touch with the coast station is the Froelich of the Blue Funnel Line. Dodwell & Co. have received no word of the ship, which left the Orient behind schedule. The Nippon Kaisha liner Katori Maru is looked for at this port on Monday, the vessel having sailed from Yokohama two days late.

ADVISES CANADA TO SEEK TRADE

Capt. Robt. Dollar Tells Alberta Congress of Opportunities in Orient

Calgary, Aug. 15.—Captain Robert Dollar, head of the Dollar Steamship Company, was one of the speakers at the Alberta Industrial Congress here yesterday. He advised Western Canada to seek trade opportunities in the Far East. More trade was necessary, he said. "The war, increased taxes and the results of the war, have intensified the situation. The war tax must be paid, and how can it be paid? Certainly not by us trading amongst ourselves—to use a common expression 'swapping jackknives'—but by selling our products to other countries and receiving from them new money, or by exchange of commodities which is as good, especially if it is raw material from which we can manufacture and export the finished product, and anything we can do to make all classes of the community see and understand this vital question will be time and money well spent."

CREW OF CONQUEROR WILL BE PAID OFF

Capt. Hersey, master of the American schooner Conqueror, is in the city to-day from Genoa, Bay. The Conqueror arrived at the B. C. lumber port yesterday from Port Angeles in tow of the tug Swell. Capt. Hersey is here to arrange for the paying off of his crew. The Conqueror is a new vessel and is owned by Hind, Rolph & Co., of San Francisco. She will load lumber at Genoa Bay for South Africa.

USE SCANDINAVIAN SHIPS

French Ships Will Not Be Used in New Service to Operate From Here

Henri Moreau, who is the French representative of the steamship company, which proposes to inaugurate a steamship service between British Columbia ports and France, has notified the Provincial Government through the Agent-General in London, that the line will fly the Scandinavian flag and not the Tricolor as previously reported. The line will only operate one way. The ship will arrive in British Columbia ports from various parts in the world and will load directly for Calais and Havre.

MUTTON AND BEEF PRICES HAVE BEEN CUT CONSIDERABLY

Substantial cuts in the price of meat have been made by the wholesale houses during the past six weeks. According to information available this morning the price of beef has dropped between eight and nine cents a pound and mutton had dropped around fifteen cents a pound. There is a prospect of a further drop, especially in beef. A report from Winnipeg states that a large quantity of cold storage beef will be sent to the coast markets from the prairies.

SIR ARTHUR CURRIE IS DUE ON CARONIA

Passengers by the Cunard liner Caronia include: Lieut.-General Sir Arthur Currie, G. O. C. Canadian Forces in France; Lady Newborough, Capt. E. W. Briscoe, C. D. Brown Hadenborough, M. J. Fraser, Mr. Peter Campbell, Maxim P. Lowe, Miss E. Rosenbaum also number reported. The headquarters for the day will be in the room over Terry's Drug Store, kindly loaned for the occasion, corner of Fort Street, and anyone desirous of helping is requested to telephone to Miss Macklem, 2644 L.

SCENIC VIEWS WILL APPEAR IN MANUAL

W. W. Baer Supplies Danish Official With Beautiful Photographs. Some excellent views of British Columbia scenery will appear in a Manual of Geography which G. Hatt, a State Official of the Government of Denmark, is at present engaged in preparing. Some time ago a prominent resident of this province received a request from the Danish Government requesting a reference to someone here who could best supply the views that were needed to represent British Columbia in the Manual. W. W. Baer, secretary to Premier Oliver, was consulted in the matter, with the result that he made a selection of twelve of his finest scenic pictures, and addressed them to Mr. Hatt, as requested. Mr. Baer has just received a letter from Mr. Hatt thanking him for the very beautiful and instructive photographs. In his letter, Mr. Hatt characterizes the scenery of British Columbia as very beautiful, and referring to the views he says: "I find them very useful for my purpose."

MILK WILL RISE IN PRICE ON SEPTEMBER 1

Some of the retail milk producers have decided to increase the price of milk to a rate of six quarts for one dollar, the change to go into effect on September 1. The reason given for the increase is that the feed situation is worse now than it ever was, prices being higher than ever before. Hay that cost \$16 a ton before the war now costs \$40. It is claimed that while milk sold at ten cents a quart before the war and has increased only fifty per cent in price, an increase of 250 per cent is noted in the price of hay. The retailer producers who met last night expressed a desire to have a commission appointed to investigate the whole situation, as they feel they cannot continue in the milk business under present conditions.

DAY STEAMER TO SEATTLE THE S.S. "SOLDUC"

Leaves C. P. R. Wharf daily except Sunday at 11:30 a.m. for Port Angeles, Dungeness, Port Williams, Port Townsend and Seattle, arriving Seattle daily except Saturday at midnight, arriving Victoria 1:30 a. m. Secure information and tickets from PUGET SOUND NAVIGATION CO.

ONE BIG UNION DECLARED ILLEGAL

Calgary, Aug. 15.—The One Big Union is held to be illegal under the Criminal Code of Canada, which holds it to be an offence to support any movement which has for its object the overthrow of constituted authority. This statement was issued last night by the mine operators and the officials of the District No. 15 of the United Mine Workers and Fuel Commission Armstrong. The Commission issued orders for sixteen mines to open this morning in the district, these to be ready to accept workmen who are willing to come under the international union authority. The One Big Union will not be tolerated or recognized. Is Now Only Survivor.—The death of George S. Wheeler, of the office of the House of Lords, leaves Walter, of this city, the only survivor of the special correspondents that accompanied Edward VII. when Prince of Wales, on his visit to India.

HIRING VEHICLES' RATES REVIEWED BY MEETING

To discuss with them the revision of the Hired Vehicles By-law, which is proceeding at present, a number of operators of cabs and hired cars met the Hired Vehicles Commissioners last night. The whole question was considered and debated generally, the Commissioners stating that information which will be of valuable assistance in their revision of the present by-law. The ordinance governs the rates to be charged by hired motors. It is thought there must be considerable change from prevailing conditions. VISITING PILOT COX. Gavin Stairs, of Halifax, is visiting his brother-in-law, Pilot William Cox. Mr. Stairs is the head of the hardware firm of Stairs & Sons, of Halifax, N. S.

STEWART'S

The Store of Big Shoe Values. Whether you want to spend one dollar or ten, you'll find more actual worth for your money in a "Stewart Shoe" than in any other. We sell more than shoes merely. We insure you "long wearing shoe service."

TRIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Nitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force. Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust and getting ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness. Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as nitro-phosphate, which is inexpensive and is sold by Cyrus H. Bowes in Victoria and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphorus, nitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing. Increase in weight also carries with it general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten, and pale cheeks glow with the bloom of perfect health. Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Nitro-Phosphate has brought about a magic transformation with me. I gained 15 pounds and never before felt so well."

A Good Jack Knife in Every Man's Pocket

Of hand, we don't know of a thing that is more useful in a man's pocket than a good Pocket Knife, unless it be the money to buy one with, and right here let us tell you that for the small sum it costs, there are plenty of times you'd gladly give more for a good knife than the little price we are asking for these.

There's a full assortment of splendid Knives here now and we want every mother's son of you to come in and pick out your particular knife at these low August prices.

Prices from 60c. to \$3.75.

A drop of oil placed on the springs at both ends occasionally will keep your jack knife in good working condition and you'll enjoy its use a whole lot more because of its opening and closing easier.

OPENING FOR TRADE WITH WEST INDIES

A. Edward Roberts Has Just Returned From St. Lucia, B. W. E.

There is a great opportunity for trade between British Columbia and the British West Indies, particularly in lumber and fish, in the opinion of A. Edward Roberts. Mr. Roberts has just returned to this province, where he formerly made his home, from Castries, St. Lucia. He was away in the island group in the interests of the lumber business.

Discussing the matter with The Times last evening, Mr. Roberts who is staying with Mrs. Roberts at the Dominion Hotel, stated that while Douglas fir was greatly in demand in the West Indies, it is not easy to break the connections made through generations with the southern lumbermen. At present there is a small quantity of British Columbian wood, principally from the interior, passing through to the British West Indies, but the opening which the Panama Canal has made is not utilized to any material extent.

Mr. Roberts thinks that tropical fruits, particularly the banana shipments, should be reduced in cost, and that there is opportunity for trade in several other lines between this province, and the other islands of the Caribbean seas.

He plans to leave the city this evening.

COMING TO COAST

Professor Rice, of Cornell University, Noted Poultry Expert, to Visit.

Considerable interest has been aroused among British Columbia poultrymen by the announcement that Professor Rice, of Cornell University, one of the most noted authorities on poultry problems on the continent, will visit the Coast early next month. Prof. Rice has been secured by the Vancouver Exhibition Association to deliver a lecture at the big gathering of poultry breeders at this year's exhibition, and has promised to discuss the numerous questions confronting them daily. He will address the gathering of poultrymen on Friday evening, September 12, but the Association is also endeavoring to obtain his promise to speak before the convention of poultrymen at the grounds on Thursday afternoon, September 11.

That the poultry exhibit at this year's exhibition will be one of the greatest displays of birds ever gathered together at one time, is the confident prediction of Manager H. S. Rolston, who points out that despite the provision made for accommodation for nearly two hundred birds over last year, every inch of space in the poultry building will be occupied.

In addition to the exhibits of well known British Columbia poultry breeders quite a large number of entries have been received from outside points, among them many prize-winners at other exhibitions. The prize list includes not only the usual classes but also a very attractive list of specials.

During the show, H. G. Stewart, statistician for the department of agriculture, will be present and will gather facts and figures from some of the leading breeders on the results achieved by them during the year.

The canary show will be housed in the northeast corner of the pavilion where special provision will also be made for exhibits of singing rollers, there being no less than 100 of these little songsters entered already. There will be about twenty-five special prizes offered for rollers alone. In all there will be 300 birds in the other competitions and every well known bird fancier in the city is preparing his pets for the various events, the birds being put through sweating processes, kept in darkened cages and subjected to other courses of treatment. Without doubt the show will be by far the greatest display of canaries ever presented on the Pacific coast.

FAREWELL SOCIAL

A number of the young people of the Wallace St. Methodist Church, Nanaimo, gathered at the Bible Class Room to give a farewell social to the Misses Ida, Olive and Eve Lawrence, who will take up their residence in Vancouver. The evening was spent in games and amusements. Before parting presentations and addresses were given to each of the members about to leave, expressing regret at their departure and appreciation of their faithful and cheerful services in the past. The Misses Lawrence each replied in suitable way, and thanked all for the kind remembrances.

TO WED FRENCH BRIDE.

John J. Dunn, who has been visiting his brothers J. S. Dunn and Frank Dunn in Nanaimo, left Tuesday for England and from thence to France where he will be united in marriage to a charming daughter of France, who Mr. Dunn met during his four years' service with the Canadian Army in France.

Private Dunn is a First Contingent man, having enlisted from Vancouver in 1914 with the First Division of the Supply Column. He trained for a time in Valcartier and then left for England, where he remained only about three weeks, when he was sent to the front lines. Here he was almost continuously until the armistice was signed and during all that time escaped unscathed. He spent three years in Belgium and the remainder of his soldier career in France. After leaving England Pte. Dunn was transferred to No. 3 Tunneling Company which was attached to the Imperial Army. At the time the armistice was signed he was at Lille, France.

Pte. Dunn is a Woodstock boy, which city he left twenty-one years ago when quite a lad and since that time he has had quite an experience in the American and Canadian West. Since returning from overseas he has visited the old home in Woodstock, subsequently coming west on a visit to his two brothers in Nanaimo. It is Mr. Dunn's intention to settle down in England.—Nanaimo Herald.

"Bunpus, your old enemy informs me that he is ready to bury the hatchet. I suppose that will mean a cessation of hostilities?"

"Hardly. You see, he wants to bury the hatchet in me."

SHE SUFFERED FIVE YEARS

Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Key West, Fla.—"For five years I suffered from irregularities, with terrible cramps, pains and an awful weakness in my back. The doctor gave me the best medicine he could find but they did me no good. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I found it to be the best medicine I ever tried because it made me well, and I can now do my housework. I am telling my friends about it."—Mrs. J. M. Camus, 723 Caroline St., Key West, Florida.

Many women at some period in their life suffer from ailments peculiar to their sex and which in most cases may be readily relieved by this famous root and herb medicine, Lydia E. Pinkham's Vegetable Compound, just as Mrs. Camus found it helped her after suffering for years and trying everything else in vain.

If you have any annoying symptoms you fall to understand, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The results of their 40 years' experience in advising women on this subject is at your service.
