## MANY PAPER MILL EMPLOYEES ARE IDLE

Albany, N. Y., May 13.—Approximately forty thousand men in the paper-making industry now are on strike in the United States, Canada and Newfoundland, it is estimated by J. T. Carey, president of the International Brotherhood of Paper-makers, one of the organizations which has called out its membership to enforce a demand for ten per cent. increase in wages. He said no further conferences between representatives of the unions and of employers were in immediate prospect.

Sudbury, Ont., May 13.—Approximately seven hundred men ceased work Wednesday morning at the Espanola mill of the Spanish River Pulp and Paper Company, pending settlement of differences with the com-

## MAXWELL MOTOR FIRM SOLD UNDER HAMMER

Detroit, Mich., May 13.—Sale of the Maxwell Motor Company by auction, as ordered by the district court some time ago to provide for reorganization of the company with the Chalmers Motor Company was consummated yesterday. The property was acquired by Walter P. Chrysler, of New York, chairman of the reorganization committee of the two concerns, and Harry Broner, of New York, a member of the committee. The sale price was \$10,915,190. The court stipulated that the property must not be sold for less than \$10,000,000.

## DEFENDS EXPENDITURE IN SERVICE BRANCHES

Minister of Militia Maintains Naval and Military Costs Comparatively Low

Ottawa, May 13.—Naval and military expenditures of the Government were defended in the House of Commons yesterday when Hon. Hugh Guthrie, Minister of Militia, participated in the budget-debate. Mr. Guthrie, who represented Canada at the financial conference held under the League of Nations at Brussels last Summer, quoted statistics to show that Canada's expenditures on naval and military defence were lower than any country in the world. In fact, in Mr. Guthrie's view, they were so low as to be almost ridiculous. On a basis of a population estimated at 8,000,000 people, the per capita expenditure for defence, including that for militia, navy and air forces, was only \$1.88. The percentage of annual revenue to be devoted to defence purposes this year was 3.5 per cent.

The first contribution to the debate to-day was a speech by F. L. Davis, Neepawa, who occupies a seat in the House. Mr. Davis suggested an amendment to the income tax act which would provide for a surtax on the profits of corporations who failed to pay their income tax within three months. Mr. Davis criticized the Government for not getting rid of the national shipping at the close of the war; deplored the fact that the budget made no specific provision for taking care of maturing war bonds, and declared that the economy in military expenditure.

There was at the opening an entertaining sequel to the imaginary letters which A. R. McMaster read the other day. Speaker Rhodes announced that he had given instructions that the letters were to be deleted from the revised version of Hansard.

Referring to the Speaker's decision, D. D. McKenzie, Cape Breton, asked why then, if imaginative literature were banned, should the Finance Minister's reference to a surplus not be struck from the records? Was not such a surplus imaginary? He queried to the amusement of the Opposition. Mr. McKenzie criticized the Government for its railway financing and declared that loans of the Province of Nova Scotia found a more ready market in New York and sold higher than did the securities of the Canadian National Railway backed by the Dominion Government. Why should the Government continue business in the name of "this old housewife, the Mackenzie & Mann concern?" he asked. It was a glaring piece of incompetence to transact business in name of such a bankrupt, defunct organization.

## FOREST FIRES SWEEP RUSSIAN-TIMBER BELTS

Riga, May 13.—Forest fires are sweeping the timber belts of Central Russia with such frequency and in such magnitude that catastrophe for the forests is threatened, says The Moscow Ivestia, which places the responsibility for these conditions on the drought, the carelessness of the peasants, and the disorganization of the forest service. These statistics are incomplete, but in twenty-four provinces 11,364 fires have been reported, destroying or damaging 5,400,000 acres of timber.

## BEST MARKET FOR AUTHORS.

Ottawa, May 13.—J. M. Gibbon, president of the Canadian Authors' Association, notified the general secretary, agent of the Canadian Pacific Railway, told the copyright committee of the House yesterday that the United States was the market for Canadian authors, and that the Canadian market was too small to consider. He said that proposed amendments to the Copyright Act would seriously interfere with the United States market.

## JUDICIAL DECISION ON SOVIET TRADE

Finding Is Reversed by British Court of Appeal

London, May 13.—The initial judicial decision affecting the British Government's tacit recognition of the Soviet Government as the de facto government of Russia was rendered yesterday afternoon when the Court of Appeal reversed a previous finding of the High Court in the disputed ownership of a quantity of veneer and other material shipped from Russia under a contract made by Leonid Krassin, the Soviet trade commissioner. The goods concerned had been confiscated by the Soviet Government in 1919, and were sold to a firm of British importers last August. The British High Court found the original owners entitled to the material, as the Soviet Government had not been recognized by the British Government, and consequently had not the right of confiscation. The Court of Appeal found, however, that since the Soviet Government had been recognized as the de facto government of Russia, it was not within the jurisdiction of the British court to consider the justice or morality of the confiscatory order, "although such principles," said the court, "are repudiated by the vast majority of the citizens of Great Britain and are not recognized by its laws."

## ARABS DESTROY TOWNS IN SYRIA

New York, May 13.—Arabs led by Sheik Salam have destroyed thirteen towns in the Syrian territory, said a dispatch received yesterday by the Near East Relief Society and read at a meeting of the executive committee. A well-organized system of warfare by the tribesmen caused the French commander to withdraw troops from threatened town and call for reinforcements. Grave anxiety for the safety of the Christian population was expressed. With the exception of 300 Algerian Mohammedans, the French were said to have withdrawn all troops from Aintab.

## SHOOTING OCCURS IN WEST VIRGINIA

One Killed and Others Wounded in Coal-Strike Area

Williamson, W. Va., May 13.—Guerrilla warfare was being waged last night in the mountains of the strike-torn West Virginia coal fields. Shots were poured from the mountain side into Merrimac, Rawl, Sprigg and Watwan, West Virginia, and McCarr, Kentucky. All available state police and deputy sheriffs were rushed to the scene, but are unable to check the shooting. The strike-torn state prohibition officer and merchant at Sprigg, was killed, and Noah Phillips and a young man named Calvert, at Merrimac, were seriously wounded during the shooting. Rumors of other killings and wounding have been received. Last night about twenty state policemen were working the way over the mountains between Merrimac and Rawl, seeking to outflank their hidden foe. Yesterday's outbreak, the worst since the Matewan battle of last May 19, in which ten persons were killed, had all the appearance of a pre-arranged attack. The towns under fire are within seven miles of each other, and lie in a narrow valley on the banks of the Tar River, which separates West Virginia from Kentucky. The firing came from the mountains on both sides of the river. Terror reigned in the towns in the zone of fire as night fell, and it was learned that the authorities had failed to apprehend any of the attackers. Lights were extinguished and residents kept close under cover. The police were helpless during the day, as the attacking forces in the mountains were screened by foliage and boulders, while the police, in order to attempt to direct attack, would have been obliged to trace the open valley and climb steep slopes in view of the hidden marksmen. Several hundred passengers on a train found themselves under fire when they reached the battle zone. Bullets came peppering down from the mountains; women and children screamed, and the passengers fell to the floors of the coaches for protection.

## IMPROVEMENT SHOWN IN EXCHANGE RATES

International Money Markets Stimulated by Germany's Acceptance of Terms

New York, May 13.—International money markets, as represented by foreign exchange, were further stimulated by Germany's acceptance of the Allied reparations ultimatum. Demand sterling, or bills on London, rose to \$4, the highest level reached by that remittance since April of 1920, when they made an extreme rise to \$4.97.

French and Belgian francs at 8 1/2 cents showed an overnight gain of about 20 points, and were at maximum levels for any period since the armistice.

Dutch, German, Greek and Scandinavian exchanges also made gains. The general opinion of the Canadian bankers here and of business men interested in the trade between the two countries is that the recent budget announcement of Sir Henry Drayton is not likely to have any immediate effect upon the exchange situation.

The discount rate on Canadian dollars has gone up a point in the last 24 hours, being quoted at 10 1/2 per cent. this morning, but representatives of the Canadian bank agencies here could offer no explanation other than that the rate has been subject to frequent fluctuations of late. Sterling exchange was practically unchanged to-day. According to Canadian financial men here, the tariff changes which are forecast in the budget are not of a nature likely to affect the exchange market, and the announced change in the method of estimating values under the new immediate influence upon trade.

## SUGGESTS AMENDMENT TO CONSTITUTION

R. B. Bennett Would Block Laws Impairing Sanctity of Contracts

Winnipeg, May 13.—An amendment to the Canadian constitution which would make it impossible for any Legislature to pass any law impairing the obligation or sanctity of contracts, was suggested by R. B. Bennett, K.C., Calgary, when speaking at a banquet held under the auspices of the Canada Mortgage Loan Association, last night. He had been studying the constitution in connection with the history of Canada, and had been greatly impressed by the splendid condition of the nation as a whole. "Committee on the movement for a definite understanding as to the future constitutional place of Canada in the Empire, Mr. Bennett said this might well settle itself in the days to come. It is not a matter of order that the world might know and not misjudge when Great Britain was going through the greatest crisis in its history. Canada must take every opportunity to show that their hearts beat true to those 'over yonder' who had faced great problems and had saved civilization for mankind. Some people were surprised when they heard that Great Britain was ready to trade with Germany, but that Britain must sell or die. That should not be forgotten. Speaking of the problems that confronted Canada, Mr. Bennett said they were largely due to the fact that so little had been done in the way of developing the country's remarkable natural resources, and he appealed to the Canadian people to play their part in achieving natural prosperity by doing their utmost to assist in the development necessary."

## MANIFESTO ISSUED BY LONDON BANKERS

Protest Measures Tending to Check Exchange of Goods

London, May 13.—A manifesto signed by a score of leading bankers was published here yesterday protesting against any legislative or administrative measures tending to check the free exchange of goods with foreign countries, and declaring the policy of trying to exclude foreign commodities to be a mistaken one. "We cannot limit imports without limiting our export trade and striking a blow at world-wide commerce, on which this kingdom depends," the manifesto says. Expressing the opinion that all government controls, licenses and tariffs can only retard improvement in continental exchanges and prevent the natural recovery of trade, the manifesto continues: "We desire to respectfully protest against every restrictive regulation of trade which tends to diminish the resources of the state. The signers include Lord Avebury, partner in Coutts & Co.; Lord Chalmers, former Joint Secretary to the Treasury; Frederick C. Goodenough, chairman of Barclay's Bank, Ltd.; Sir Everard A. Hambro, a director of the Bank of England; Lord Inchcape, director of the London City and Midland Bank, and former Chancellor of the Exchequer. The manifesto is a move aimed at the present Government's trade policy as exemplified by two resolutions passed in the House, although the resolutions are not mentioned in the manifesto, and also at public expenditure, the manifesto says "threatens to cripple the country's resources and impair its credit abroad."

The document, in protesting against trade barriers, declares: "We have to build up the markets we need by encouraging the continental nations to export to us, for it is only by exports that they can re-establish their credit and provide funds for the payment of their debts. The banking community is said to be in favor of repealing the 50 per cent. levy on German exports, which, according to an official statement made in Parliament, only produced in the first five weeks nine thousand pounds, and, in the opinion of business community will be of no great hindrance to trade with Germany, driving it into the hands of neutrals."

Statistics recently published show that while in 1913 of the total British trade done with Germany, France, Russia, Holland, Belgium and Denmark, fully half was done with Germany and Russia, only one-fifth of the trade was done with Germany and Russia in 1920.

Former Chancellor McKenna, Lord Inchcape, Walter Leaf and Frederick Goodenough, as well as other signatories of the manifesto, have all emphasized in speeches to their respective shareholders of their respective banks, the urgency of reopening European trade for the purpose of finding markets for the huge accumulation of stocks in British warehouses.

### STRIKE AS PROTEST.

Oppeln, Upper Silesia, May 13.—The Germans have declared a general strike in Oppeln in protest against the so-called armistice, which is interpreted by them as recognition of Adelbert Korfanty, head of the Polish invasion. All the telephone and telegraph wires and the gas, water and light services were cut. The populace is greatly excited. Many civilians are appearing armed in the outskirts of Oppeln.

### LABOR LAWS WATCHED.

London, May 13.—Asked in the House of Commons yesterday whether in consequence of industrial disputes, he would appoint a committee to inquire into the industrial arbitration acts in Canada and other Dominions, Premier Lloyd George said that the industrial legislation of other countries was continually receiving attention, and the experience of the Dominions was utilized in framing the Industrial Courts Act of 1919.

## LETTERS

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter the chance of insertion. Communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

### THE CANON'S SPEECH.

The the Editor:—In the report in to-day's issue of your paper of my meeting at the Princess Theatre there are one or two slight errors which I feel I must correct.

Later he learned that the Rev. Mr. Menzies had resigned his pastoral work because of the attention he had to give to his work as representative. What I said would be better represented if the latter part of the quotation, after the word "work" read as follows: "And this was possibly because he found he had to give so much attention to his work as representative."

Further on when I was speaking of the liquor act as it was originally brought in your report makes me say that "The Act was an honest attempt to fulfill the promises to the electors before the election." What I really said was that the Bill, as brought in, seemed to me to be "a fair and honest attempt to give effect to the wishes of the people as expressed at the plebiscite."

Also your note on page 14, in which you give my opinions in regard to Tranquille, is liable to be misunderstood. What I wanted to emphasize was the fact that running Tranquille Sanatorium will be almost "without effect in the fight against St. B. unless there is extensive preventive work throughout the province, and a thorough follow up system in the cases of patients who are discharged from Tranquille as being on the way to recovery.

And why, O Editor, darlint! did you say just in this particular place, that I was going into hospital? This will tend to make people think I am entering Tranquille as a patient, which fortunately, is not the case.

Thanking you for your fair and just report, and also for your kindness in inserting this correction.

J. HINCHLIFFE.

### A PATRON SAINT FOR CANADA.

To the Editor.—St. Andrew's Day and St. Patrick's Day are probably known to every Scot and Irishman, and St. George's Day and St. David's Day to most Englishmen and Welshmen as their national saints' day. The Canadian, however, has so far had no national saints' day, although in Quebec, St. John the Baptist and Ste.

**WHEN CHILDREN NEED Zam-Buk**  
THE bruised forehead, trapped finger, cut hand, sprained foot, or smarting burn or scald, is quickly and safely healed with Zam-Buk. On the other hand, there isn't another remedy can compare with it for the treatment of eczema, ringworm, or other eruptive skin diseases which children catch from playmates. Zam-Buk comforts the skin at the tenderest stage for the balm is just a scientific blending of Nature's purest herbal extracts. There's nothing so mild and soothing as Zam-Buk in pain and irritation, yet it possesses a great antiseptic power. It cures itching and contracts merely clog up the skin. But Zam-Buk, owing to its extraordinary refinement is readily absorbed into the tiny pores, whence its purifying healing influence is carried into the underlying tissues.

That is why Zam-Buk is so wonderfully effective in dealing with deep-seated ulceration or inflammation. Mrs. T. D. Ruston, Children's Aid Society, Belleville, Ont., writes: "I have used anything but Zam-Buk for my children's cuts, burns, bruises and sores. Experience proves it superior for soothing pain and quick healing. We really could not afford to be without Zam-Buk."

Anne have in some measure filled the niche.

The possible reason for this omission is the fact that Canada, in the past, which has been solely that of an integral part of the British Empire. The war, however, has changed all this, and has caused Canada to be recognized by other nations, is now that of one of the nations of the British Empire.

Under the circumstances, it would not be out of place that Canada, who has her national emblem, should also have her national saint, one recognized as such, and attached to the Pacific Coast and throughout Christendom.

On April 22, 23 and 24, 1915, at the Battle of St. Julien, Belgium, Canada may be considered to have received her baptism of nationhood, when she held back the German forces at the time when the first gasping attack had rendered the French troops hors de combat. Of this engagement the British commander-in-chief stated in dispatches, that their heroic stand had saved the situation and a generalissimo Foch, on being asked which he considered was the most critical engagement of the war, stated, that in his opinion it was the Battle of St. Julien. What more fitting than that the memory of this glorious action should be forever commemorated in Canada by the adoption of St. Julien on April 22 and 23, as the Canadian Patron Saint.

St. Julien was born about the year A. D. 100, was the son of St. Symon, the husband of St. Getulie, martyr. St. Julien, with his mother and six brothers were put to death by the order of the Emperor Adrian at Fivoli, about the year A. D. 120, before the time heresies or schisms had crept into the Universal Church, consequently he cannot be identified with any dogmas not universally held.

### TREATMENT OF CHINESE.

To the Editor.—As a teacher in one of the Chinese missions in Victoria, please permit me to say a few words on the above subject. In a letter written by Mr. Mead in your issue of May 9, he (Mr. Mead) says that the Chinaman is a privileged citizen. I do not know where Mr. Mead got his information, but I do know that he has been misinformed. The Chinese have no vote, more's the shame, and therefore cannot in the strict sense of the word be considered privileged citizens. Mr. Mead's statement will also answer Mr. Mead's first question about the \$500 head tax. I certainly think that if the Chinese have to pay \$500 to come into the country, they should be entitled to a vote. Now concerning gambling amongst the Chinese. What is wrong for the Chinaman to do is also wrong for the white man. If gambling is wrong for the Chinese it is most certainly wrong for the whites, and no discrimination can be made between the two. To put this whole subject in a nut shell, the Chinese are hated in this country. Why? Because they are a different nation and have a different colored skin! Its a poor reason I must say. Another reason I often hear given is that they are getting all the work. Do you blame them? The white man is for ever striking for higher wages. You never hear of a Chinaman striking. He may work for small wages, but he is always reliable. The Chinese are just a simple, law-abiding people, who keep themselves to themselves; yet because of that their premises are systematically raided and their sins yelled out from every house, top and street corner. The whole thing is an absolute disgrace. If Europeans in China were treated the same way as the Chinese are treated here, there would soon be a squadron of British battleships off the Chinese coast. People talk about the "yellow peril," yet these same people do their level best to bring it on. It is high time that this treatment of the Chinese were put a stop to. These people are just as much God's people as we are, and should be treated as such, and you can take it from me that Almighty God intends that they shall be. There have been nations before now engulfed in dire disaster for ill-treating other nations. In conclusion I appeal to all Christian men and women of this city to stand shoulder to shoulder and demand that these, our brethren from China, should have as much liberty and be treated like ourselves.

"Wasn't it sad about Robinson's failure? 'What! has he gone smash?' 'Yes, lost everything he possesses.' 'That's too bad. He promised me something yesterday, but now in his trouble I shan't hold him to it.' 'That's generous of you. What was it?' 'His daughter.'"

BRITAIN'S TROUBLES.

Above all other considerations related to the miners' strike in Great Britain is the determination of the Government to resist the men's demands beyond that point at which it considers it would be safe to recommend the negotiation of an agreement between the men and the owners.

In other words the develop- ments of the last few days are gradually bringing Great Britain face to face with an industrial condition very little removed from that which would have followed a joint strike by the three organizations which comprise the Triple Alliance.

There appears to be one re- ceiving feature in an other- wise serious and complex situation. It may be taken for granted that the recent split between the Miners' Federation and its two partners of the Triple Alliance is regarded by the more moderate elements to be sufficient to discourage a general strike.

At any rate the day may be near when the average and un- organized worker who owes the absence of his pay cheque to the attitude of the Miners' Federa- tion and its partnership will be ready to jettison his respect for Trades Unionism and re- member his right to live by the toil of his hands and the sweat of his brow.

DISARMAMENT.

As the subject of disarmament is treated to wider discus- sion it will gradually dawn upon the peoples of the world that a substantial reduction in naval and military organizations would guarantee relief from the oppressive burden of taxation which their maintenance in- volves.

which his utterance will attract to the subject. He sets the pat- tern which could be profitably emulated by prominent men on this and on the other side of the Atlantic. Only by pegging away with every sort of propaganda will it be possible to awaken popular sentiment to a realiza- tion of its own power to lighten the burdens which are taxing the national and the individual purse out of all proportion to the need.

THE TWENTY-FOURTH.

Victoria never expected to escape some part of the disloca- tion of the world which fol- lowed the outbreak of war and its years of weary progress. But there is no reason why this city should not begin to remember some of the things it did in "the good old days."

EDUCATIONAL WEEK.

Too much emphasis cannot be laid upon the importance of what is popularly heralded as Educational Week. It is not a novelty. It is neither political propaganda nor sectional prej- udice. It is a studied attempt on the part of the promoters to interest the general public, the student of every grade, and the teaching profession generally, in the need of the hour from a purely educational standpoint.

GIVE HER A CHANCE.

It is only natural that France should mistrust Germany until she has been convinced that her age-long enemy will keep her word. But no good purpose will be served by continually harp- ing upon the uselessness of the German signature to the condi- tions of the ultimatum. It is quite true that the debtor na- tion will be subject to judgment by her acts and not by her words or her pledges.

performances are punctual. Evasion of any kind should be followed by an imposition of the penalty which Wednesday's submission postponed.

BRITISH FAIR PLAY.

When the general secretary of the National Union of Railway- men of Great Britain reached New York the other day an assemblage calling itself the rep- resentatives of the Irish-Ameri- can Labor League did its best to greet him with an appropriate amount of concentrated hate in recognition of his wise counsels during the recent threatened strike of the Triple Alliance in England.

NOTE AND COMMENT

According to an official of the Anti-Saloon League it will take twenty years to make New York dry. Can the proponents of disarmament do better than this in their job?

Anybody would think from some of the criticism of French newspapers that Germany ac- cepted the ultimatum because she took a fancy to its provisions. She agreed because there was no alternative to suit her: she will be made to pay by the same power.

There is an economic value to Victoria's Empire Day celebra- tion. If the people support it and noise it abroad there should be a fair-sized influx of visitors—and dollars.

SANGSTER DEFENDS BRIDGE POLICIES

Wants City Engineer Backed Up to the Limit

In view of criticism which has been leveled at the civic authorities in connection with the installation of the new Johnson Street Bridge, Acting Mayor George Sangster this morning gave a statement in which he warmly defended the City Council's bridge policies and the work of the City Engineer.

"I do not pretend for a moment to be an engineer or a bridge expert," said Alderman Sangster. "I have every confidence in the present en- gineer, however, and I have every reason to believe in his ability to carry out successfully and at the lowest possible cost the work he has undertaken. It is certainly my duty, and the duty of every other member of the Council to back up the En- gineer to the limit, instead of criticiz- ing him at street corners and other public places.

"As for the idea that we are not giving the Council and the public generally full information on the progress of the bridge, I may say that it was impossible before now to re- port on the work with any degree of completeness as no one unit of the work had been completed. Now one abutment has been built and it is possible to frame a reliable, intelli- gible progress report. Some days ago I instructed the Engineer to sub- mit to the Council a progress report as soon as he was able to do so and this he will do in due course.

"It is stated that the bridge work so far has cost us \$100,000. That is true in one sense but it conveys an entirely erroneous impression. That sum includes large purchases of equipment which had to be bought at the outset. When the work is completed it will be possible to dis- pose of that equipment so that it is really a credit.

"As a matter of fact, so far the work has been within the estimated cost—sufficiently beneath the esti- mate, I believe, to surprise a number of aldermen.

HALF GOLF BONDS HAVE BEEN TAKEN

United Services Golf Club Greatly Pleased at Re- sponse to Bond Issue

When the members of the executive of the United Services Golf Club gathered last night they were agreed that half the debentures for the new golf course had been subscribed for.

The members of the club are greatly inspired at the manner in which their enterprise has taken in the city and they feel quite confident that within another week but a very small amount of the required \$12,500 will remain to be raised.

SPLENDID TRIBUTES TO LOCAL SINGER

Ontario Newspapers Enthusi- astically Praise Madame Lugin-Fahey

Madam Lugin Fahey is winning golden opinions during her tour of Ontario, as will be observed from press notices, extracts of which ap- pear below.

The Brantford Exposition says in part: "If any or all of the musicians present at the final concert, given on Saturday afternoon, of the Wo- man's Musical Club in the Collegiate hall were asked just how he or she enjoyed the song offerings of Madame Lugin-Fahey, who was chosen to come to Brantford as a special closing treat, the answers might be many, all a part of the truth: "She was so charming in her manner"; "Her attitude to her audience was so gracious"; "Her tones were so rich and full"; "She was so delightful in the spontane- ous dramatic"; "Her opera numbers gave scope for her high, true notes"; "There really has not been a better singer in Brantford this season." Naturally everyone discussed the concert, but everyone was in accord in granting liberal, glowing and high praise to Madame Fahey for who was a soloist of a very high order, yet with characteristics in her pro- duction that won the hearts of every listener. One seemed to carry away something lasting from her offerings; she touched an inner note of con- sciousness that only the true artists reach.

song groups charming. It was char- acteristic of the singer as well as her audience, that she asked for a vote for her request group, and the call was for "more songs" in preference to opera pieces. Each song she made a living presence, a real message, a something to be re- membered. Whenever there was a story connected with a song, or a joining link with its composer, Madame Fahey made use of them to bring her songs out in relief in a wonderfully interesting way of her own. She seemed to enjoy singing the numbers or telling about them—that everyone else enjoyed them too. The attitude soon came to be one of intense and delighted at- tention.

Kitchener Telegraph. The singer's noble art, with all its wonderful entrancing possi- bilities, found delightful and altogether satisfying expression at the opening recital of the Kitchener and Waterloo Music Club, when Mme Lugin- Fahey, an eminently gifted and charming Canadian vocalist, ap- peared before an unusually large and warmly appreciative audience, re- presentative of the musical culture and talent of the Twin City at the fine new Capitol Theatre on Monday evening.

DEPRECATES FROZEN EGG IMPORTATION

Vancouver Firm Sends Data to Minister of Agriculture

McLellan and McCarter Ltd., the well-known feed merchants of Van- couver have addressed a letter to Hon. S. F. Tolmie, Minister of Agri- culture, on the question of the im- portation of Oriental eggs into Can- ada.

The letter says: "As you are doubtless aware, we are one of the largest manufacturers of chick and poultry foods in B. C., and daily come in contact with poultry raisers of all classes. The question of the importation of Oriental eggs and its consequent ef- fect on the prices obtained for Can- adian eggs is constantly being brought up. For our own information and also in order to be able to satisfy our customers, we would ask you if it is the intention of the Government to take immediate action to check this importation, either by means of an increased customs duty or in some other way. We understand from W. H. Fairley, Dominion Bone Representatives of this city that very few Oriental eggs are now arriving here, but what is as bad or even worse is that Chinese eggs in a frozen condition are com- ing in very freely and are being bought by confectioners and others with the result that it is impossible to sell here a case of "crackers" of the highest grade, which formerly were sought after by the hotel and confectionery trades. If the Eastern produce houses were in favor of a duty on both eggs and frozen eggs (Oriental) being adopted, and we cannot see that anyone with

the real interest of Canada at heart could do otherwise. There is very little consolation to poultry raisers in pointing out that most of these eggs pass into the United States or to Eastern points; for the fact remains that were these Oriental eggs not available, a similar number of Canadian eggs would be required.

Apart from the fact that Oriental eggs are produced under unsanitary conditions, a very great hardship is being inflicted on all poultry raisers in B. C. and in Canada generally by the admission of eggs from the Orient under the present regulations.

As you yourself know, poultry raising has made great strides dur- ing the past few years, a very large number of newcomers having engaged in the business, to say nothing of the returned men who have taken up tracts. These people are all in

a serious state financially and con- sider that it is the duty of the Government to do something to prevent what they consider unfair competi- tion. We are glad to see that you are in accord with these views, for we have noted what you stated, some months ago before the Ottawa Poultry Association. We trust you can give us some as- surance that the matter is receiving the serious attention of the Govern- ment and that some steps will be taken forthwith to prevent the regular deluge of eggs which may be ex- pected from the Orient so soon as the egg laying season starts there again. Efficiency Experts Use The Times Classified Columns Continually.

KENT'S EDISON STORE 1004 Government St. \*That only 22 singers, out of 3000, sing pure notes, has been revealed by the New Edison. We understand from W. H. Fairley, Dominion Bone Representatives of this city that very few Oriental eggs are now arriving here, but what is as bad or even worse is that Chinese eggs in a frozen condition are com- ing in very freely and are being bought by confectioners and others with the result that it is impossible to sell here a case of "crackers" of the highest grade, which formerly were sought after by the hotel and confectionery trades. To Hold Sale.—A rummage and apron sale in aid of Hampshire Road Methodist Church will be held tomorrow, Saturday, morning, at 642 Cormorant Street, near the Public Market. Explains Titillium Plans.—Declaring that the two story addition to Titillium School was the best solution available for school accommodation with the money the Council had granted, and that the plans had been approved by the Fire Underwriters, the Saanich School Board last night wrote a warm letter to the Saanich Council, protesting against their criticism of the work. The Board pointed out that they were, equally with the Council, representatives of the people of Saanich, and they felt that, as they gave their whole attention to school matters, "any protest of the Council, as a Council, must cease." The letter was received and filed.

Social Personal The Ladies' Musical Club added still another triumph to their long list of successes in their final recital given on Wednesday afternoon at the Empress Hotel. The two instrumental trios given with Mrs. Green, violin; Mrs. Jamie Cameron, piano, and Mr. Balazgo, cello, were the most noteworthy features of the programme, Mrs. Stevens and Mrs. Gertrude Holmraek Erick in well-chosen vocal numbers, and Miss Broley at the Piano, and unusually gifted artists, maintained the high standard of the opening number, and were very greatly appreciated. Mrs. A. J. Gibson and Miss Springer were the accompanists. The recital formed a fitting close to the club's activities for the season.

Mrs. A. A. Mahary, Howe Street, was a hostess yesterday afternoon in connection with the St. Andrew's Ladies' Aid. Mrs. R. M. Phillips helped to receive the guests, who were charmingly entertained by a musical programme, including vocal solos by Mrs. Archie Willis and Mrs. C. H. Dennis, and pianoforte selections by Miss M. Judd. The tea tables, artfully arranged with bowls of room-pansies, were presided over by the Misses May Clay, Archibald and G. Scott.

Mr. and Mrs. E. J. Norris, of Cowichan; A. Richardson, of Aldergrove; Mr. and Mrs. P. Murphy, T. M. Beaumont and J. C. Spencer, of Vancouver; Miss Gowan, of Buccanear Bay; C. A. Critten, J. Warrick and J. F. Clark, of Port Renfrew; B. C. Kincaid, of Shawanigan Lake; Arthur Crane, of Parksville, and Mr. and Mrs. G. W. Bazett, of Duncan, are registered at the Strathcona Hotel.

Mrs. Jacklyn, a popular member of Victoria Review, No. 1, Ladies of the Maccabees, was the recipient on Tuesday of a handsome silver fern dish presented to her by her sister Mrs. Maccabees in celebration of the twenty-fifth anniversary of her wedding day. Mrs. Hodgson, provincial commander, made the presentation.

Mrs. L. M. Cass, of the Alisa Mansions, announced the engagement of her daughter, Sybil Crawford, to Bruce Marlowe Willoughby, of Mill Bay, B. C., the marriage to take place shortly.

Major Duncan MacCalman, of San Francisco; Mr. and Mrs. W. J. Taylor, of Seattle; Mr. and Mrs. A. C. Tomkins, of Regina, and A. F. Dufferin, of Toronto, are guests at the Strathcona Hotel.

A "show" was held yesterday afternoon at the home of Mrs. Stewart G. Clark, Saratoga Avenue, in honor of Mrs. Stone, the bride of Captain Stone, M.C., who arrived last week from the Old Country.

FOR CHILDREN THE SANDMAN STORY FOR TO-NIGHT THE WITCH'S TASK Once upon a time there lived in a queer little cottage a very queer old woman who was known as a witch. Not far off in the edge of the same woods was a home where an aged grandmother dwelt with her two grandsons, Ivan and Hans. She was fond of both boys, but Ivan was the one who did most to help her, while Hans was idle and selfish. "Now, boys," she said to them early one warm August day, "before long the cold weather will be coming and we must prepare. Both of you go to the forest this morning, gather all the wood you can, then put it away in the shed. But beware of the witch. If she sees you she will make you work for her." "The boys scampered away. In an hour or so they were trudging back when they heard a rustling in the bushes. "Maybe it is a rabbit," said Hans, "I will get it." "If I jump quickly." "But it was the witch. As soon as she had seen the children she decided to get one to come to her house. So taking Hans by the hand, she led him to her hut. "Sweep the floor, now, Hans," said the witch. "Then I will give you some hot gingerbread and cool milk for your supper." "I do not intend to work," replied Hans. "I don't like this place and mean to leave." With these words he darted out of the door and raced home as fast as his feet could carry him. There he told breathlessly of the horrid place in which the witch lived, of how cross she was and what an awful life it would be to have to remain. The next morning the grandmother told the boys to return to the same woods and get the rest of the fagots. Hans refused to go, as he feared the witch, but Ivan decided to venture. About noon he was coming slowly down the path bending under the weight of his load, when he heard again the rustling in the bushes and felt a hand laid on his. But he held on to his load of wood. "It was the old woman called the witch. She seemed a neat old person and the cottage not an ugly place. Ivan swept the floor when told brought fresh water from the spring and aided in cooking the nice gingerbread. Very cosy, it seemed, not a bit ugly, thought Ivan, as he sat en-

joying a cheerful blaze and munching the fairy gingerbread. "Could you help me bring in my hay?" the old woman asked, kindly. Ivan got busy tossing the fragrant hay into the attic. As he did so he noticed that the place was not only far from being repulsive, but really pretty. The grass seemed very green, the flowers to be growing rapidly around the walls, the whole but was actually changing and becoming a pretty home. As he worked he noticed vines growing up the walls, the old woman herself changed and was no longer a hag. Harder and harder he worked till it grew late in the day, and each moment the place grew more attractive and the witch a more charming person. At last all was stored. "Ivan," said the witch as she stood making a pretty picture in the doorway of her cottage, "you seemed surprised—and no wonder—at the change. But it was not really in me, but in you. You came prepared for ugly things and thought me a witch and my home a hut. But your own true and kind nature made you soon see things in the light of your own goodness. I am, in fact, not a witch, but a fairy. Those of selfish, lazy natures view me with malicious eyes, and to them I am a witch—to them my home is a hut. To you, who see me as I really am, I appear a fairy and my home a pretty cottage." Ivan turned to start home but the fairy called him back. "This is the reward for your day's work," she said, placing in his hand a bag of gold. "Take this to your grandmother. It will aid you all in making the home comfortable for the winter. But teach Hans that if he wishes to see a pleasant nature in others he must have one himself. Show him that he will meet in

## DECLARES VICTORIA HAS BASIS FOR LARGEST INDUSTRY

Herbert Cuthbert Speaks to Chamber of Commerce Last Evening

Addressing a well-filled auditorium at the Forum meeting of the Chamber of Commerce rooms last night, Herbert Cuthbert, executive secretary of the Pacific Northwest Tourist Association delivered an interesting review of the possibilities of Victoria, through the development of her tourist trade.

The speaker prefaced his remarks with a brief review of his work for the Tourist Association in the past few months of the other side of the line. He referred to a movement on foot in Seattle, fostered by the press of that city to put a stop to the habitual practice of "knocking." "Stop knocking," and "damn the knockers," were two slogans that were in force in Seattle now, he stated.

**Object in Speaking.** "I am here to-night, not in the interests of the Pacific Northwest Tourist Association, but to help you to get some punch into the Chamber of Commerce, some punch into the Victoria and Island Development Association and some punch into the city of Victoria.

"What is the destiny of Victoria? Come down out of the clouds. The cry has been 'industries—industries and more industries' and payrolls—and when I hear that I always say how are you going to get them?" "There is not a single industry that comes 'ready made,' nearly every permanent industry starts in the kitchen and grows from that, and there is not a single industry every brought by publicity or a publicity commissioner.

"I spoke with a group of twenty-five men who had managed publicity campaigns for cities in the south, some of them having spent \$150,000 on a single campaign—they had to admit that their campaigns were failures.

**Raw Materials and Market.** "They said the Pacific Northwest Tourist Association had the right kind of campaign, and would get publicity campaign—so I say to you to-night come down out of the clouds. Industries will settle here when there is the raw material and the market.

"To my mind there is only one industry capable of being started in Victoria, but that can be made the biggest possible industry—some may scoff when I say that this is the tourist industry—but they would do so without the knowledge of the facts or an eye on the possibilities of our natural attractions here. The largest city on the Pacific Coast was built by the tourist trade.

"A tourist is a self-made man, he can't travel on a shoe string—he has money, and nine times out of ten he has his eyes open for new opportunities and investments—he is a keen business man—and can see these opportunities without their being advertised; he can find them for himself once you have got him here.

"Los Angeles is perhaps the largest city on the Coast, and real estate there is worth \$1,000 a foot more than in any other city on the Coast. They invited the tourist, went after him, industries and factories followed—to-day in Los Angeles there are more new factories than in any other city on the Pacific Coast.

"What must we do then to get this tourist travel—first let us get the population, get the tourist here and let him see what we have got. Industries will follow as night follows day. Our vacant places are the raw material of this industry—but we must not leave it at that—we must provide some amusement for the tourist once he is here, or he will not stay.

**A Crystal Palace.** "I was in the City Council in 1912, and 1913 we built roads and boulevards then for a city of 150,000 population. We have not got the population. If Victoria had built a Crystal Palace twenty-five years ago it would be larger than Vancouver to-day. The time is most opportune now, and it is not too late.

2,000 people cross on the ferry boats every day. "You can get half a million dollars annually from the tourist trade now, and if you can get that you can get five times that by going after it. "Three essentials are required for every industry, first the raw material, then capital to develop it, and then labor. You have the raw material, you have some of the finest scenery in the world, backed by one of the most wonderful climates in existence. You must expend capital to develop your raw material. Even a gold mine is useless without the capital to develop it, and you must have labor to help in the development if you are going to put Victoria on the map.

"Some believe that the Liquor Control Act will give you the tourist travel and population you need, but believe me, the natural assets and attractions that God gave you will do more for you by far, and do it in a better way.

**Praises Proposal.** "You need to develop your amusements. The idea of the amusement centre is fine, if you go out and build such a place as the Chamber of Commerce has in mind, in less than three years you will have a population of over 100,000 here. You should have bands in the parks in the afternoon and evening, children's bathing pools, skating rinks, bathing beaches, and golf courses. Don't let them shelve the golf question again; you must have a municipal golf course here.

"Gentlemen, take the obvious way, develop what you have, even if it cost you \$50,000 for the next three years, what would happen? You will increase your population, increase your revenue and decrease your taxation. You will pay off the two and a half million municipal debt, and cease to pay out for capital account, and there will be more people to pay taxes, more revenue and less taxation.

"Is that not well worth going after? Get to co-operation of labor and get the influence of the ladies, and with these three elements you can do anything, and you can carry any by-law in the city.

**Look After Automobiles.** "Don't say things can't be done; they can. They told me that the real estate market was not so bright, they said, 'Cuthbert, it can't be done' when I suggested that they build the C. P. R. Hotel where it now is. When I went to Seattle to try and start the Pacific Northwest Tourist Association and get the three states to contribute funds to the organization they said, 'it can't be done,' but it was 'don't say it can't be done.' There is one thing more, your transportation. They can drive 5,000 cars into Vancouver in a day, but 50 cars can get into this city. You need ferries, and it is up to you to get them if you want to develop this great industry, the tourist industry."

An excellent series of colored stereoscopic views of British Columbia, Oregon, Washington and California were shown. Mr. Maynard operating the lantern in the afternoon collection of Victoria and Island views were displayed, and presented a very convincing argument to back up the remarks of the speaker of the evening. J. T. Scott presided, and tendered a very hearty vote of thanks to the speaker on the conclusion of his remarks. C. T. Curran and Alderman Sargent formally moving and seconding the vote of thanks. A large number of members of the Forum were present, with an equally large number of ladies.

## VETERANS ELECT NEW OFFICIALS

Army and Navy Veterans Choose Officers For Year

The following officers were elected at the monthly meeting of the Army and Navy Veterans in their Hamley Building headquarters last night: President, Comrade S. Rowlinson; Comrade S. Petch, first vice-president; Comrade G. N. Morris, second vice-president; Comrade C. F. L. Money, secretary; Comrade Ernest Down, treasurer; executive council composed of Comrades Hardisty, Jones and Brown.

Comrade Rowlinson, Dark and King were appointed to represent the Army and Navy Veterans at a meeting to be held May 17 to consider the amalgamation of all ex-service organizations in a body which will preserve the identity of each.

The Association endorsed the views expressed in a letter from the Great War Veterans complaining that several aliens had been employed in the Chelsea shipyard and requesting the Army and Navy Veterans to take a determined stand on the matter. At the suggestion of Comrade Fullerton, it was decided also to advise the Federal Government that the unemployment situation was very acute here and urging that shipbuilding be continued.

The veterans went on record as deprecating the amount of the Civil Service bill at present before the Dominion Parliament. The organization urged that, in the interest of returned men and the people as a whole, political patronage in ex-service appointments should not be approved.

**HISTORY HOWLERS.**

William ordered his archers to shoot at the thickest part of the English, so they shot upwards, so that their arrows might fall on the Englishmen's heads.

This is a specimen of the amusing mistakes made in a recent history test. Among other "howlers" were the following:

Sir Walter Scott wrote Quentin Durward, Ivanhoe and Emulsion. Many ships use Calcutta as a coal station—hence the term "Black Hole of Calcutta."

Charles-IL told the people they would get drunk or gamble or do what they liked. This was called the Restoration.

Magna Charta said that the King was not to order taxis without the consent of Parliament.

Simon de Montfort was a true Englishman because he fought against the King and put him in prison.

The Duke of Marlborough was a great general who always commenced a battle with the fixed determination to win or lose.

The fire of London did a great deal of good. It purified the city from the drugs of the plague, and burnt down eighty-nine churches.—Tit-Bits.

MANY LAWYERS IN CASE HEARD HERE

Neuhaco Land Dispute Proves of Considerable Interest

Six lawyers appearing as counsel, two lawyers as principals, briefs larger than most appeal books and running to about 600 pages, and nearly 150 exhibits already are the interesting features of the Supreme Court trial of Greenlee vs. Twigg and others, now being heard by Mr. Justice Clement.

The case deals with a land purchase in 1912 at a location where it was thought the Grand Trunk Pacific was about to establish a station, but it turned out that the depot was located four miles from the site where it had been proposed to be on the townsite.

The plaintiff is Isaac Greenlee, a lawyer of Petrolia, Ontario. He is represented by Messrs. W. J. Taylor, K.C., and John R. Green. The defendants are H. Despard Twigg, barrister and solicitor of Victoria, for whom E. C. Mayers, of Vancouver, appears; Wilfred A. Lanry, represented by H. R. Robertson, and Mrs. E. F. Moore, an executrix of the estate of the late Capt. J. Herrick McGregor, represented by H. A. Maclean, K.C., and J. B. Clearhise.

The plaintiff claims \$24,800.95 as interest since 1913, alleged to be due on a mortgage executed by Mr. Twigg, and payment of which was guaranteed by the other defendants. It is claimed. It is alleged that a syndicate of 475 acres of land, including 600 acres of land at the mouth of Neuhaco River at the rate of \$75 per acre, that \$25 an acre was paid and the balance remains unpaid, and is now claimed.

The case is proceeding. The case is proceeding. The case is proceeding.

IN BROGLIO OVER UPPER SILESIA

(Continued from page 1.)

German Troops on Oder.

Oppeln, May 13.—German forces on the left bank of the Oder River are being gradually augmented by the arrival of former German soldiers from Breslau and a number, it is known, are coming from Germany.

Several hundred security police from Hamburg and Kiel, and a few other German cities, have reached Brieg, 20 miles northwest of here and are reported to have placed themselves at the disposal of German authorities there. There are rumors here that the Germans will take the offensive, probably within a week when their preparations are complete.

The Poles, in the meantime, are known to be strengthening their position with artillery, although they are not advancing. French sources declare that Adolbert Korfanty, leader of the Polish insurrection, has "heeded General Broglie's instructions for the first time and suspended his operations."

The French deprecate statements published by the Poles that the Allies have accepted the present battle lines as the new frontier between Germany and Poland. They declare that German statements tend to excite the German population, making re-establishment of order more difficult.

A German counter-offensive, it is believed, can not be prevented unless the Poles evacuate their positions. The impressions prevailing among German leaders that if the Poles are permitted to hold territory they have occupied, the Germans would have similar rights, should they succeed in driving out the invaders, and occupying the same regions themselves.

The inter-Allied Commission is holding frequent conferences, but it is said there is no intention to reinforce Allied troops here, and there has been no recent redistribution of these forces.

A provision train which was bound from Oppeln for Gleiwitz has been cancelled, the German crew refusing to operate it, fearing that the supplies would be confiscated by the Poles.

Reports from the industrial districts say the food shortage is becoming serious there. The situation is much complicated by the fact that the workmen were not paid to-day their semi-monthly pay, as the Reichsbank, which usually ships the money, refused to take chances of plundering by Poles.

German circles express belief that this may precipitate a financial crisis as Korwany's followers are largely dependent upon these shipments for means of sustenance from day to day.

MARCONI STANDS BY WIRELESS TELEPHONY

Only Satisfactory Method, Opinion of Italian Wizard

London, May 13.—Signor Marconi, inventor of wireless, pins his faith to telephony by wireless instead of by cable, despite the recent successful experiments in America connecting Cuba with the mainland in a telephone circuit extending 5,000 miles.

"I still think," he said, "that the only satisfactory method of telephoning across the Atlantic is by wireless. At present we can only do a short distance by cable telephone—from London to Paris is as far as we can do now. In attempts to communicate with Spain we have failed. Up to 100 or 200 miles of cable it works. With 1,000 miles or more of cable it won't work."

"Wireless telephony, of course, has not yet been developed to the same extent as the wire telephone, but it is being rapidly improved. We have not done anything like 5,000 miles thus far. We have spoken successfully from London to Rome, and we have got words through to America, but not in a commercial or practical way. At present there are certain disturbances of the waves in space, the cause of which has not yet been discovered."

**BRIEF LOCALS**

**Approve Joint Cemetery.**—On motion of Councillor Kingwell the Saanich Council last night expressed approval of the Inter-Municipal Cemetery scheme, subject to the final agreement yet to be prepared proving satisfactory.

**Organ Recital Programme.**—According to the numerous requests received by the organist of St. John's Church, G. Jennings Burnett, the following organ numbers will be given at the next Monday's recital at 8 o'clock: Fifth—Symphony, Widor; march, Fugere-Bethoven; the great storm, Fantasia in Eminor-Lemmens. The Barcarolle and two Preludes by the organist with his own chord setting to "Pierce Was the Wild Willow."

**Victoria West Parent-Teachers.**—The next meeting of the Victoria West Parent-Teachers' Association will take the form of a social, and will be held in the assembly room of the school on Tuesday next, at 7.30 o'clock. The programme, consisting of music and games, has been arranged, and all parents and others interested in education are invited to attend.

**For Animal Lovers.**—Bills before the British House of Parliament include The Plumage Bill, a bill to prohibit showing of performing animals and birds in England, a bill to make docking of horses illegal unless operation is certified by a veterinary as necessary for the benefit of the horse, a bill to exempt dogs from the provisions of a bill to prohibit performing animal shows is before the Legislature of Massachusetts.

**A Welcome.**—M. B. Jackson, K. C., M. P., claimed the attention of the Saanich Council last night, protesting against the adherence of the Council to certain proposals regarding a subdivision plan, regarding which Mr. Jackson could not see eye to eye with the Council. The writer complained that the action of the Council "dumbstruck" with previous correspondence and the Councillors guessing that this meant they had not changed their mind, decided to confirm this fact, and will so notify Mr. Jackson.

**Elks Entertain.**—Over two hundred people attended the entertainment given last evening by the Ladies of the Royal Purple, Women's Auxiliary of the Elks, in connection with the Victoria B. P. O. E. No. 2, of D. C. Darrell W. Spence acted as chairman. The first part of the programme was devoted to music. Dancing took up the greater part of the evening, and Heaton's orchestra supplied the music. A buffet supper was served during the evening. Special credit is due the committee, which was composed of Mrs. Champion, Mrs. Chas. Brooke, Mrs. D. W. Spence, Mrs. M. C. Sands, and the social committee of the B. P. O. E.

**For Horses' Comfort.**—There is a new invention for cart horses and other beasts of burden which enables them, in any country, when working in single harness to feed in comfort and at a walk. The feed is suspended in front of them, not from their heads, as in nosebags. The bag is supported by iron rods from the shafts, and can be pulled forward when required and pushed in again when done with. In bad weather, or on slippery roads, a sort of sleeve can be suspended from which sand, gravel, or ashes are sprinkled in front of the animal's feet to give it a firm footing. The cost is moderate and the apparatus can be fitted to any single horse vehicle and will last for years.

**Dollar Library Fee in Offing.**—"I'm going to see if the Library card fee for next year cannot be raised to a dollar instead of two-bits," said Councillor Ormond last night, after the Saanich Council had once more refused to authorize the issuance of library cards to the Gordon Head school children. A show of hands aligned Councillors McWilliam and Kingwell in favor of allowing library cards to the children, and Councillors Simpson, Horner and Ormond opposed. Reeve Watson remarking he was with the majority. This item of business took place just before 8.30 o'clock, new time, and Councillors Yant, Heist and Brooks, stalwart supporters of standard time, arriving a few moments later.

**To Present the May Queen.**—The programme to be presented by the First Congregational Church choir at their fourth annual Spring concert which will be given on Tuesday evening, May 21, will include the pastoral cantata, "The May Queen," by William Sterndale Bennett. This work is a beautiful setting to a text which portrays the old style May Day festivities, interwoven with a theme of romance between the May Queen and a lover, and will be rendered by a chorus of forty-five voices, assisted by soloists and orchestra. The soloists will be Mrs. E. G. Morrison, soprano (May Queen), Miss Ethel Edwards, contralto (Queen), W. Draper, tenor (lover), J. W. Petch, baritone (Robin Hood), Miss Nora Atkinson, the well known violinist will also appear on the programme.

"Six days before the hearing of this notice, suppose we had not at ready heard of the proceedings," he commented as the letter was ordered filed.

**May Appeal Pounding Case.**—Describing as a "legal quibble" the point on which the municipality lost a recent pound by-law prosecution in the police court, the Saanich Council last night decided to ask the opinion of the municipal solicitors as to the advisability of appealing the case, which involved the speed of cows being driven on the highway. The by-law has hitherto been effective since it was drawn up in 1914.

**Must Have Light Raised.**—The Saanich Council last night refused to consider the location of the newly installed light at Dysart and Cowper Streets as satisfactory, and again will ask the British Columbia Electric Railway Co. to raise the lamp several feet up the pole before taking the light over. The company had stated that, but two feet of elevation was possible, and asked the Council to pay the cost of the change. Councillors familiar with the location maintained at least four feet of height could be added.

## Caps Introduce Punch And Cop Another Game

### Victoria Players Wielded Their Bats With Vengeance Yesterday and Beat Tacoma 11-8; Handley Starred at Bat With Triple and Two Doubles; Outfield Doing Much Better.

Tacoma, May 13.—Another heart-breaking start snowed the Tigers under yesterday and Victoria made it two straight from Tacoma to the tune of 11 to 8.

If only the Felines could get off to an even start they might be recording another tale. Yesterday's was the worst first inning ever played here and before the smoke had cleared away Victoria had seven large, juicy runs tallied on the scoreboard.

It was a free-slugging contest, Victoria turning in fifteen safeties at the expense of Eley and Edwards, while the Bengals combed the veteran Edgar Willets for fourteen blows.

"If the team starts hitting nothing in this league will stop them," was the remark made over the phone a few days ago by Cliff Blankenship, manager of the Capitals. Since the Capitals landed in Tacoma they have been punching the ball right on the seam.

Handley was the hitting wonder of the day. The local sportstop has a free style of hitting and should be one of the wonders of this league. Yesterday he straightened out three curves for a total of seven bases. He collected a triple and two doubles.

The Victoria outfield certainly loomed up with a vengeance yesterday. Shots continued his hard slashing by cutting loose with three singles. Light, who had not hit a safe ball for a week, checked in with two singles, while Toots Bankhead connected with one safe blow. The outfield yesterday hit for an average of .400. That's the kind of hitting that will win ball games.

Willets is a wise old bird. He has won both games in which he has worked and in both he has been content to go along easily holding the opposing batters in check when his means runs. Willets never over-works himself, but if a tight situation arises he is always able to rise above it. A veteran head like Willets possesses is a valuable asset to any team.

Rego has shown some nice pegging while on the road. There has been no base-pilfering while this youngster has been stepping about behind the plate. Rego is also hitting well.

Willets is a good hitter as well as a pitcher. Yesterday he collected two safeties and did the same thing in the previous game.

By the time the Capitals return to Victoria for the opening game they should be looking better than ever.

Yesterday's box score follows:

## President Says Everything Is Ready For Amateur Ball Season

DAVE MACFARLANE who is this year head of the Victoria Amateur Baseball League. Dave predicts a bumper season and hopes that the fans will patronize the efforts of the amateurs at the Stadium. The opening games will be played tomorrow. There are twenty-four games on the schedule.

## Con Jones Here to Talk Over Lacrosse Situation

Vancouver Promoter Arrives With Ernie Murray to Arrange Playing Schedule for New Professional League

Vancouver, May 13.—Con Jones and Ernie Murray will tote their note pads and pencils to Victoria this morning, and go into conference with the lacrosse interests in the capital with a view to drawing up the playing schedule between the team which Billy Fitzgerald is bringing out from the East and the Vancouver club.

The announcement was made last night, and on the face of it suggests that there is little promise of any settlement between the opposing faction in the local split.

With the B. C. L. A. preparing to open their campaign on May 21 and the new league making ready for the inter-city series, the fans should have a most delectable menu over which to enthuse this season.

Ernie Murray has been appointed manager of the Vancouver club, which he signed all the former Terminal players with the exception of Howard, Crookall and Lalonde. Howard and Lalonde will be out in green shirts again.

Billy Fitzgerald has been keeping the wires hot with nominees for the new team that will undoubtedly be a select aggregation," said Con to-day.

Lalonde Due Next Week. From the Terminal camp last night there was issued a bulletin to the effect that the new talent which Neway Lalonde has aligned will be here early next week, and the first full practice will be held on Tuesday night, or Monday, if possible.

### JACK M'MILLAN IS STILL CUE-CHAMP

Vancouver, May 13.—Jack McMillan, retained the title in the titular series concluded Wednesday night when he defeated Frank Pettley by a score of 600 points to 307. Percy Worral was scheduled to play Johnny Park, but in view of the dissemination stirred up in cue circles over the use of certain balls for tournament play, he declined to play. McMillan and Pettley went on instead, using the former's set of balls. The champion turned in his best game of the series, making high break for the tournament, 135. While McMillan has won the honors in the tournament, it is argued that the affair was not in accordance with championship play, and that neutral balls should have been used throughout the competition.

### GEORGES TRAINING QUARTERS ARE READY WITH THE QUOTERS

The Quoit League will be inaugurated tomorrow. All players are expected at the Willows not later than 2 o'clock, as the entries for the first round are still open. A large turnout is expected.

Players are reminded that the grand slam foursome and 41 shots to count. Medals will be given to the winners of the league. Games can be played any night during the week if players desire to do so.

### Col. Peck Will Command Bisleley Team Which Leaves Montreal on June 16

Ottawa, May 13.—Colonel C. W. Peck, V. C. M. P., who will command the Canadian Bisleley team this year, will have Major C. W. Butler, Western Ontario regiment, London, as adjutant.

Colonel Peck is still colonel of the 16th Canadian Scottish battalion, with which he won the most coveted of all military honors, and it is interesting to note that one of the shots in the Bisleley team is Major Fred Richardson, of Victoria, also a veteran of the 16th Battalion, who has made a record at previous Bisleley meets.

### Ten Days' Practice.

The team will leave Montreal June 15. After ten days' practice in England, the competitions will cover some two weeks.

Colonel Peck then hopes to visit France, and again review the old battle areas. He will make a special point of inspecting the burial ground over the entire Canadian corps line, in which lies so many men of the 16th Battalion.

## Amateur Baseball Opens With Keen Doubleheader

### Ball-Tossers Start Their Season To-morrow at Stadium; Elks Will Meet Conservatives and Yarrow's Will Play K. of C.; All Managers Are Confident of Tight Race For City Championship.

Amateur baseball has the right of way in Victoria to-morrow. All arrangements for the opening of the Victoria Amateur Baseball League have been completed and it is expected that the double-header which is to be staged at the Stadium will attract a large gathering of fans. The first game will be called sharply at 2.30 o'clock. Yarrow's and the K. of C. will hold the boards in the opener and as soon as they have settled their argument the Elks and Conservatives will rustle along through nine innings.

The amateurs this year are keen on providing a much faster brand of ball than has been seen here before. Every effort is to be made to have the four teams as evenly balanced as possible, so that the race will not be confined to two teams.

President Dave MacFarlane is very optimistic over the season. This is his first season as the executive head, but he has already shown considerable ability and energy in getting the league going. His scheme to have each team sell twenty-five season tickets has borne full fruit and there is no doubt but that the league will finish up with coppers in its pocket.

### Promised Good Ball.

"We hope to provide the fans with a splendid brand of ball this season," remarked the genial Dave this morning. "All the managers have assured me that they have strong line-ups which are capable of holding up their end in the race. A number of new players will be introduced to the public with the opening line-up. Some of the intermediates who showed good form last year have been signed by the seniors this year and are expected to give a good account of themselves. We hope for a bumper crowd at the Stadium to-morrow."

Walter Lorimer will again try and lead the Elks to a championship. The Elks delivered for Walter last year and he is beset with confidence. He has a line-up that would inspire anyone.

### The Elks' Outfit.

Ray Parfitt, Norm Clapp, Forbes and Woodhouse comprise the hurling staff of the Elks, while Theo Tinsley, "Rudy Robert" Ross and Good-Jackson, the fence-buster, will play first; Poke Gravin, second; Alex Straith, third, and Art Minnis, shortstop. In the outfield Harry Copas, Roy Copas and Bob Whyte. The members elected the popular player Bob Whyte as their captain for this season.

Yarrow's, last year's runners-up, will present a very formidable line-up, and Manager George Beck, while not claiming any championships, is sure that they will have a good season. The rest of the teams stepping pretty lively to keep from being stepped upon. George realized that the other teams will be strong and has bolstered up his nine.

### Yarrow's Are Ready.

Eddie Brown, last year's twirling marvel, and C. M. P., who will command the shipbuilders, while Harold McIlvride and Bob Milne will do the turns behind the bat. Jimmie Cummings will play first, Smiler Pettigrew, second; Hag Gandy, third, and Edna Cummings, shortstop. In the outfield there will be Cy. Migne, Ed. Hall, Cooksley and Percy Fitzsimmons.

Manager Beck will introduce a Babe Ruth into the league. He has B. Thomas ready for pinch-hitting duty. Thomas is reported to be the hardest slugging ever seen in amateur baseball circles.

### Other Pair Just Waiting.

Both Frank Moore, who is managing the Conservatives, and Cliff Steele, in whose hands lie the fate of the Knights of Columbus in the race, are confident that they will have a good season. They are waiting for an announcement as to the players they intended to use in tomorrow's games.

"Just tell the fans we'll be out there to give the other team a tough run for their money," announced both Frank and Cliff.

### To Put Down Rowdiness.

President MacFarlane has issued strict instructions to the umpires to speed up the games from the start, so the fans can look forward to some real snappy ball this season. Rowdiness by coaches or players will not be tolerated and any who seek this means of gaining their points will be banished from the game.

## ELKS' SWIMMERS HOLD MEETING ON MONDAY

There will be a general meeting of the members of the Elks' Swimming Club in the club's summer quarters at the Gorge on Monday evening, May 16 at 8 o'clock. All past and present members are specially invited to attend this meeting as matters of considerable importance will be up for discussion. The clubrooms are being comfortably fitted up, and will be in readiness for Monday night's meeting. The tennis court has been in continual use for the last month, and is now in first-class condition. Any of last year's members who have not renewed their membership and who would like to do so can obtain renewal forms from the secretary, J. Stewart, phone 491, or from any member of the executive committee.

## TIGERS AND YANKS IN GRIM OLD GAME

### Ruth's Triple Decided Game; Kelly and Ruth Each Batted Out Homers

Detroit, Mich., May 13.—Babe Ruth of the New York Yankees made his tenth home run in the first inning of yesterday's game against the Detroit Americans, then won the game in the ninth with a triple that scored two runs. The score was 11 to 10. Ruth and Schang also hit home runs. New York used five pitchers.

### Browns Drop One.

St. Louis, May 13.—Burwell weakened in the eighth yesterday, Philadelphia scoring two runs after two were out and defeating St. Louis, 6 to 6. The locals worked in a triple steal, Slizer reaching home and trying the score.

### Philadelphia Wins.

Philadelphia, Pa., May 13.—Washington came back to form yesterday and defeated Cleveland, 4 to 1. The locals outbatted the Senators but were unable to bunch their hits except in the seventh.

SPLENDID WORK ON SAILORS' BEHALF

Local Institutes Hold Annual Meeting; Rev. W. D. Spence New President

Considerable interest was displayed at last night's meeting in the Belmont Building in the various reports read in connection with the work carried on for the Connaught Seamen's Institute and the Sailors' Club, Esquimalt, the local institutions of the British and Foreign Sailors' Society.

Rev. H. T. Archbold relinquished the position of president of the Victoria Seamen's Institute and Rev. W. D. Spence was elected for the next year, Reeve Lockley, of Esquimalt, being elected vice-president.

The reports were very encouraging and the excellent work carried on by the various committees was the subject of eulogistic comment, the various ladies and gentlemen connected with the organization having accomplished wonders in the face of financial stress and hard times.

Election of Officers. The election of officers resulted as follows: President—Rev. W. D. Spence. Vice-president—Reeve Lockley, of Esquimalt.

Treasurer—Arthur Lee. Committee of Management—Miss A. Pooley, Rev. Father Silver, Captain J. W. Troup, A. J. Dallain, W. J. Spencer, Arthur Coles, D. Leeming and J. Kingham.

Representatives of the British and Foreign Sailors' Society—R. H. Pooley, M.P.P., and H. T. Ravenhill.

Reports on Work. The report of the retiring president, Rev. H. T. Archbold, on behalf of the officers and committee of management of the past year, set forth the steps taken consequent upon the visit to Victoria last May of Judge Craig, representative of the National Council of the British and Foreign Sailors' Society, whereby the Victoria Seamen's Institute severed their connection with the Navy League of Canada, a separation taking effect as from July 1, 1920.

The work of organization to meet the new conditions was arranged upon the work having been carried steadily on. The report points to the fact that local support does not maintain the work of the institutes, a fact which, it states, will call for serious consideration of the new committee in framing a future policy.

Suggestions contained in the report were the revision of the constitution and by-laws, provision for an advisory committee to meet at least once quarterly; future policy and scale of expenditures having regard to the existing conditions of shipping and possible future developments, both naval and mercantile.

By a new arrangement this year, the report set forth, the headquarters in London have placed all Canadian branches under the Canadian National Council, and direct communication with London has ceased, all business being transacted through Toronto, headquarters for Canada. The hope was expressed that this arrangement will make for increased efficiency in the work.

Missionary's Report. The report of the Port Missionary, E. T. Archbold, emphasized the spiritual phase of the work of the institutes and the work done in visiting the sick sailor boys, pointed to the fact that twelve sailors have joined the Sailors' Christian Brotherhood, seven of them belonging to the Boys' Naval Brigade.

Regret at the deaths of four sailors was expressed. During the year there were distributed five Bibles, six Testaments, 134 Bible portions; 234 tracts, as well as nine parcels of magazines. One ocean library was loaned to the oil tanker "Tarleton" Meeting, a number of 427; ships visited, 62; shipping offices, docks and wharves, 55; hospitals, 92; sick sailors, 235 families, 123; attendance at reading room, 214; letters received and posted, 154; S. C. B. new members, 12; seamen clothed, 6; free beds, 99; number staying at institute, 202; free meals, 472; situations obtained, 4.

Financial Statement. The financial statement of the Women's Guild presented by Mrs. Gordon Smith, showed receipts of \$2,598.57, and expenditures of \$2,164.36. The many activities of that organization in behalf of the sailors were referred to, as well as the work done in entertaining the members of the Canadian squadron on its arrival here and during the stay of the men.

The report of Miss Pooley, chairman of the committee named to entertain the men of the squadron, was also a satisfactory one, and many eulogistic references to Miss Pooley's work in this connection were voiced, a hearty vote of thanks being extended to her.

Water Supply. The city has its own electric plant, paying a handsome dividend each year, and it is expected that when the water is laid on not only will it in a year or two prove a source of revenue, but will be a great factor in the beautification of the city and the lowering of insurance rates.

May Queen Contest. Nanaimo—in the second count for May Queen Miss Georgina Marsh continues in the lead, the poll now standing: Miss Marsh, 1,329; Miss Nellie Clark, 1,024; Miss Lizzie Brough, 286; Miss Helen Ruby, 223; Miss Jean Stannard, 82. For Page, Billie Bell, 1,222; Sherman Stewart, 813; Ronald Malone, 55.

Ladysmith, May 13.—One of the most successful whist drives of the season was held at Ladysmith on Friday by the Loyal Order of Moose. The dance was held below in Odd Fellows Hall.

A dainty supper was served. This is the first whist drive and dance held here by the Moose Order.

MY TIRED FEET ACHE FOR "TIZ" Let Your Sore, Swollen, Aching Feet Spread Out in a Bath of "Tiz."

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath. When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions. There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture. Get a box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

Too Wet or Too Dry.—Because work on improving Haliburton Road near Elk Lake had been stopped, a delegation composed of T. Amos, S. Vantreight and Major Wm. Barton, last night protested to the Spanish Council. Councillor Kingwell defended the stopping of work, arguing that the clouds of dust arising would damage the berry crop and that 4,000 cords of wood will be hauled over the new road this Winter, therefore fixing it up now would be "just throwing \$500 into Elk Lake." Reeve Watson maintained that the work had been promised last Fall and held up by wet weather, whereupon Mr. Amos remarked, "Always some excuse, last Fall it was too wet, now it is too dry," after Councillor Ormond had declared he would withdraw his opposition if assured the residents would not come back for more work in the Winter, the Council authorized completion, believing that it is now able effectively to prohibit haulage of destructive loads in wet weather.

### FOUR DOCTORS GAVE HER UP

Through a Neighbor's Advice This Woman Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Kenosha, Wis.—"I suffered with a female trouble and at last was in bed for six weeks with what the doctors called inflammation of the bowels. Four of them said I could not live. A neighbor told me to use Lydia E. Pinkham's Vegetable Compound and it helped me from the start. When the doctor came I told him what I had taken and he said 'Throw my medicine away and keep on with the Pinkham medicine.' I did and it relieved me. If more women would take your medicine they would not suffer so. I have recommended the Vegetable Compound to lots of people and they have been satisfied. Mrs. E. Rhinastor, 270 1/2 Wisconsin St., Kenosha, Wisconsin.

### PREPARE FOR LAND SALE IN NEAR FUTURE

On Historic Ground Irrigation Project Will Locate

The British Columbia Government Irrigation Project, in which a number of tracts of from ten to twenty acres of fruit and garden lands provided with a modern irrigation scheme with charge of \$500 per year per irrigable acre will be offered for sale by public auction to all who attend at Pentiction, B. C. at 2 p. m. on Wednesday, May 26; special terms being provided for returned British Columbia soldiers included among the bidders, was in the earliest days of the Province part of vast estate of Thomas Ellis, known to pioneers as the "Cattle King."

Pioneer Settlers

The Ellis estate occupied 31,000 acres and included the upper part of the irrigation project. The southern part which was in the Haynes Estate, was the earliest settled. J. C. Haynes was the collector of customs for the colony British Columbia at Osoyoos when the colony established its customs house there in 1864 on the overland route by which miners came from the States points en route to the gold-bearing bars of the Fraser and also en route to Cariboo. Haynes was impressed with the southern Okanagan and secured a large tract of land in the southern part near the U. S. Boundary, which is the lowest part of the southern interior. Two years afterward, in 1866, Thomas Ellis came and located south of Okanagan Lake, acquiring a small tract of land near Lake Okanagan brought 127 cattle over the trail from Oregon, the nucleus of a cattle-raising business in which he utilized the nutritious forage of the alfalfa fields and the valley to fatten stock for the mining camps. The cattle were driven over trails for hundreds of miles to the mining camps of Cariboo. Ellis' stock increased his holdings until he had acquired 31,000 acres and his cattle were practically on a hundred hills. He was known to old-timers as the Cattle King of Okanagan.

Planted First Orchard

Ellis was not only a pioneer of the southern Okanagan valley—so much of which is now the site of Government Irrigation Project in which tracts of orchard and garden lands will be offered for sale by auction—but also a man of business enterprise. He planted the first orchard in the Okanagan Valley in 1874. In 1892 he, always impressed by the location on the southern shore of Okanagan Lake, laid out the town-site of Pentiction, which has developed into a modern business city of 3,500 people, well equipped with business houses, and popular with tourist travel, the Canadian Pacific Railway having provided an excellent hotel for this trade. Ellis was also a pioneer in the transportation business of Okanagan Lake. He built the first steamer in use on the lake in 1890. It was a small vessel twenty-three feet long, burning coal oil as fuel. This vessel operated between Pentiction and Okanagan Mission, where French priests, the earliest settlers of the district had established a mission south of Kelowna in 1861. Although Mr. Ellis was the pioneer steambot man on the lake he was not the first to engage in transportation on the lake. "Cap" Shortt, of Shortt Point, who died in 1920 at Hope, one of the prospectors who wandered from placer to placer in the early days after his arrival from California settled on the lake shore after tiring of the search on Skagway River and began fruit-growing. He then carried on freight and passenger business with a large open boat, which he sailed of rowed between Pentiction and O'Keese as far North end until the coming of the steamers made his business no longer profitable, and he then heard the call of the Yukon.

**VARIETY**  
Few stars of the screen have had a more interesting career than Louise Glaum, hailed by critics everywhere as one of the few truly great emotional artists of the silver screen. The star of J. Parker Read, Jr.'s, "The Lone Wolf's Daughter," by Louis Joseph Vance, a W. W. Hodgkinson release, which is at the Variety Theatre, made her first public appearance when but twelve years old at a church entertainment in a small Maryland town. The praise of the townspeople had its effect, and four years later she was a prominent member of a Baltimore stock company.

**PRINCESS**  
"The End of the Trail," now playing at the Princess, is a comedy drama full of the big melodramatic moments with which real life abounds. The comedy is well handled by Arthur Elton, Lee Jaxop and Wm. Campbell, also the singing scattered through the play adds much to the success of the splendid production, which is delighting the crowds attending.  
James Coats sings "Little Gray Home in the West," and though you may have heard it before you have never heard it as James Coats sings it.  
Miss Page is wearing some stunning gowns, and her small sister graces the part of Pequita with the air of a real Western girl, and her riding costume is most becoming. Byron Aldern as a half-breed Indian has a good part which suits him and which he plays to perfection. All the players are well cast, and are doing excellent work in their respective roles. The scenic production is all it should be, and from start to finish there isn't anything lacking. "The End of the Trail" is a real treat for young and old.  
"Going Up" was promised as the next musical comedy offering, and Miss Page secured the manuscript.

**ROYAL VICTORIA**  
Belief is growing here that Hugh Colman, the young lawyer charged with the murder of Israel Hart, the wealthy Jewish banker, is facing the charge which may cost him his life, rather than betray a woman. The strongest point against the prisoner is his refusal to explain his whereabouts at the time the murder was committed, and rumor has it that such an explanation would involve the good name of a well-known society woman.  
The trial has been set for next week despite the continued serious illness of Miss Minna Hart, the only daughter of the victim. The Crown Prosecutor has announced that her testimony is not vital to the case against the prisoner. While little is known of the plans for the defense it is inconceivable that the daughter of the murderer's victim would be called by his counsellors.  
Although the public did not know it, Minna Hart was the only person in the world who could honestly save Hugh Colman. The lawyer is leading up to the reasons for Colman's silence, and the result of it, make the dramatic story of "The Oath," the R. A. Walsh production, distributed by Associated First National Pictures, Inc., which will be at traction at the Royal Victoria Theatre again to-day.

**PANTAGES**  
One of the most lavish and expensive musical comedies ever that have been brought to Victoria in many months is the top-line attraction this week at Pantages Theatre, and has created a big impression with vaudeville fans. It is a Brooks & Scoblella production, fresh from New York, with Nat (Chick) Haines in the leading role and a chorus of beauty and "swag." "Southern Love Types" is the name given to the offering of Jones & Jones, two gentlemen of color, who have made a big hit on the Pantages circuit with their dark-face antics and patter. Ethel Gray, assisted by Bernice Askin, formerly of the Century Roof Revue, appears in classical and popular song numbers. "A Gypsy," "Southern Love Types" are some of the most amusing sketches in vaudeville. Fern, Biglow & King being the principals. There are two other acts of unusual attraction, the whole bill being full of entertainment of so many varieties that there is something for everyone.

**AT DOMINION NEXT WEEK.**  
David Smith, who has won an enviable reputation for directing big films in which animals play an important part, has achieved another triumph in "Black Beauty," which will be shown at the Dominion Theatre next week. It is a visualization of Anna Sewell's famous novel which has been translated into every language and after forty years still maintains a place among the world's best sellers.  
Many magnificent and spectacular scenes have been made for this production, including a stirring fox hunt, a spectacular fire in the stable, a terrific storm in which a bridge is swept away, a gorgeous ballroom scene and a thrilling race between horse and locomotive.  
The picture is one that will hold attention from the first flash, and will appeal to all ages and classes. It is told in a simple way and maintains all the quaint and picturesque manners and customs of the period in which the story was written.  
The minut, pirouette and dances of 1870 are illustrated and they made such a hit with the players that in the motion picture colony at Los Angeles these dances are included as part of every dance programme this year.  
An enormous technical staff of camera men, mechanics, grooms, teachers, clerks, painters, blacksmiths, technicians and the like was engaged during the making of the film. Several new buildings were added to the Vitagraph studios to house the production.  
To Anna Sewell's famous story has been added an inside story, written by Lillian and George Randolph Chester.

**Showing at Dominion This Week**  
**Wallace Reid and Agnes Ayres in "The Love Special," showing at the Dominion all this week.**

**COMING TO VARIETY.**  
It is Douglas Fairbank's faith that at times, when reading a book, or watching a stage performance or viewing a motion picture, should not always be kept in entire suspense throughout the whole period. It is obvious that strong element of suspense is vitally necessary for us to focus our attention; but on the other hand, we are not able to maintain our interest in the characters of a story if we cannot, at least, surmise the solution of the plot. Must we inject in all of our stories the greatest suspense and have that as the primary factor? Of course, it behooves us to infuse some suspense or to enhance the interest in our play, story or motion picture would lag.  
A case in point is Fairbank's latest United Artists Production, "The Mark of Zorro," showing at the Variety Theatre all next week. In it Fairbanks impersonates two roles. One is that of the mysterious Senor Zorro, a crusader in the interests of Don Diego Vega, a wealthy, supine, inactive individual. Amongst the protagonists the greatest secrecy as to Zorro's identity is enshrouded. No one appears able to fathom the mystery. As a result of which the whole audience had become apprised of his activities.  
The narrative tells the story that Black Beauty could not see. By a clever use of a patent dignity even in defeat. In "Othello," as in all the creations of this actor, his Moor is dominated by brain rather than brawn. Kellard gives a beautiful portrayal of the simple hearted soldier, who has no room for deceit in his own big mind and heart and does not recognize it in others. A noted critic said in referring to Kellard's career on the stage, "He may walk with the best of our tragedians past and present and not be ashamed in that august company."

**UNIQUE PRESENTATION OF STORY**  
"The Woman God Changed," is Cosmopolitan Production which is soon to be released through Paramount, is unique in that the entire story is told in the first person in a court room, and the pictures flash back to the incidents of which the witnesses are telling. Seena Owen and E. K. Lincoln play the leading roles. The story was written by Donn Byrne, the well-known short story writer and novelist, and was adapted for the screen by Doty Hobart. Robert G. Vignola directed it. The cast includes besides Miss Owen and Mr. Lincoln, Lillian Walker, Henry Sedley, H. Cooper Chiff, Paul Nicholson, Brian Darley, Joseph Smiley and Tempier Saxe.

**PILES**  
Are Generally Caused by CONSTIPATION  
There are few, if any, complaints more common than hemorrhoids, or piles, as they are commonly called, and scarcely any which cause more trouble, annoyance and misery. Ninety per cent. are troubled with them at some time or other, owing to allowing the bowels to become in a constipated condition.  
Piles are caused under three headings i.e., itching, bleeding and protruding, and the excruciating pains which accompany them cause misery which is beyond description. Ointments and suppositories may help and relieve for a while, but to get rid of them, it is necessary to have a free, easy and natural motion of the bowels at least once or twice a day, and by doing this the cause will be quickly removed.  
Milburn's Laxa-Liver Pills regulate the flow of bile to act properly on the liver and bowels, thus removing the constipation and all its allied troubles. They contain no calomel or drastic mineral ingredients, being purely vegetable. They are small and easy to take, and do not grip, weaken or sicken.  
Milburn's Laxa-Liver Pills are 25c. a vial at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. (Adv.)

**JOHN E. KELLARD WILL BE HERE IN TWO ROLES**  
John E. Kellard, the eminent Shakespearean and classical actor will be seen at the Pantages Theatre on Monday and Tuesday, in "The Merchant of Venice" and "Hamlet."  
To us Shakespeare is the mighty creator of character and the reader of the human soul. Johnson sets Shakespeare above Lily, Kyd and Marlowe and beside Euripides, Aeschylus and Sophocles. For the interpretation of his mighty characters it is essential that the actor must be a man possessed of high intelligence. The great power of John E. Kellard lies in a mystic temperament coupled with a keen conception of each tragedy as a whole. In his skillful hands "Hamlet" is released from the chains of Academic psychology and becomes alive, animated by natural impulses and a real man, human and understandable. In "Macbeth" he gives us a dignified figure, big voiced, primitive in reasoning, stalking toward his ambition through bloody deeds, haunted by ghosts of innocent victims. Other Macbeths are in memory but none more deeply significant of the man and time. His "Shylock" is a remarkably sympathetic interpretation, far above all question of race and creed, the Venetian Jew is

**FAMOUS MUSICIAN BACK IN VICTORIA**  
Michel Cherniavsky Plans Recital Here Before Next Tour  
Michel Cherniavsky, one of the famous Russian trio of musicians who formerly resided here, was in Victoria Wednesday. Mr. Cherniavsky, in the course of a chat with The Times, announced that he would appear in recital here with Mrs. Gertrude Huntley Green at the end of this month, under direction of Concert Manager George J. Dyke.  
Mr. Cherniavsky is staying in Vancouver, where he will appear on May 19, and is awaiting the arrival of the R.M.S. Makura, when he will join his brothers Leo and Jan at Auckland, New Zealand, the trio then making a tour through Australia. Mr. Cherniavsky has just concluded a tour of the British Isles, and appeared there in notable concerts, two of which were with the Queen's Hall Orchestra, under Sir Henry Wood, and with the London Symphony Orchestra under Albert Coates, at the Albert Hall Sunday concerts. He speaks of the two English conductors in the most eulogistic terms, and is quite enthusiastic of musical development in England. Vocal organizations and orchestras are springing up in every community. English composers is now sought after and played by his own countrymen.  
Mr. Cherniavsky says organizations of the German pattern are conspicuously absent, and that what has been with German music, a wonderful growth, and an "over-organized existing commercialism, an unhealthy state of things," he says, is rapidly decaying.  
**Cherniavsky Tours**  
For the first three years the Cherniavsky trio toured their native land; in 1904 they toured Germany, Holland and France; in 1906 they visited London for the first time, and toured the British Isles, meeting with great enthusiasm everywhere they went; the next three years found them in South Africa, returning to London in 1912; two years later they set out for India, New Zealand and Australia. They visited Canada and the Western States of America in 1916, and visited New York in January four years ago. Since when they have toured South America, visiting every State there—the Panama, China, and Japan. So far they have toured over thirty different countries and have appeared before kings, queens, Emperors, the late Czar, presidents, governors, rajahs and grandees. To show their popularity they have played fourteen times in Melbourne, twelve in Sydney, ten in Tasmania, and in New Zealand; so much are they in favor that all "houses" are sold out before their concerts begin. Their experiences have been manifold and varied, and their journeys over land and sea have brought them in touch with many of life's incidents, and with many remarkable occurrences.

**A Memorable Event**  
"One of the events which happened to us whilst touring India I shall never forget," said Mr. Cherniavsky. "Often had we to travel through the jungle to reach the most important place of concert, and on one occasion we were rehearsing on the stage when a huge snake made its appearance near the piano. We bolted but became somewhat appalled when the native caretaker of the hall came in and called out, 'It's all right sahib, it's only my pet snake, he hasn't got out of his box.' Of some of the rajahs of India and their appreciation of artists, Mr. Cherniavsky amusingly says: 'It was frequently the case that the bigger the fee charged the greater the artist. They have given over 275 concerts in South Africa, including the former German Emperor and are the only artists who have visited those sections.'  
**A Japanese Audience**  
He says that the audiences of Japan are simply marvellous; they will listen eagerly and patiently to a Beethoven trio of four movements, and that their enthusiasm became boundless. One of the most important melodies were played. They have also played in the Holy Land, and in Jerusalem; on one occasion whilst he was playing the Jewish national air, 'Kol Neidrei,' the whole audience received the number as if it were a prayer being said. He will never forget the evening and ever since including and playing this number in his programmes he receives the inspiration from the circumstance. Mr. Cherniavsky says it is planned after the present Australian visit to return to California next November for a Western tour, which will include British Columbia, then proceeding to England where the trio are engaged to play next May.

### Splendid Houses Greet Excellent Production

Crowded houses are greeting the Victoria Dramatic and Operatic Society at the Little Theatre, Oak Bay Avenue, Oak Bay for the production of the popular opera "Erminie," one of the finest ever staged in Victoria. Everything about this opera is attractive and charming. The Little Theatre is one of the coziest, and the audience thoroughly enjoy the splendid music and the clever acting of the various local artists who are taking part in the production. The seats up to next Tuesday are practically sold out, and those who are anxious to hear this popular opera are advised to make their reservations early. Tickets are on sale at Kent's Music Store, Government Street and at the theatre after 6 o'clock each evening. It has been decided to continue the performance each night next week. Owing to the fact that there has been such a tremendous demand for tickets it was felt that it would be necessary to continue the production for the entire week in order that no one should be disappointed. "Erminie" is one of the funniest as well as the most popular from a musical standpoint. Repeated spontaneous applause has greeted the performers every night and the opera has been so greatly enjoyed that many have attended more than one performance. There are seven pieces in the orchestra under the leadership of Herbert Kent, musical director of the opera. The makeup of the artists has been the subject of much favorable comment and several changes are entailed. Harry Stewart, Stewart's Barber Shop, and Percy Fox are to be commended on their excellent work in this connection. Their services have been given gratuitously.

### ST. ANDREW'S TENNIS CLUB OPENING SEASON

Arrangements have been made to open the St. Andrew's tennis courts tomorrow afternoon. For several weeks past the committee has been busy getting the courts into shape and they are now reported to be in the very best condition. Play will open at 2:30 o'clock and will progress throughout the afternoon. Tea will be served during the afternoon. All members of the club are invited to attend. A Clean Sheet.—To-day's docket at the police court presented a clean sheet, not a single case having been called for hearing before Magistrate Jay.

## HOSPITALS WERE THROGGED YESTERDAY

### St. Joseph's to Have Own Auxiliary

Hospital Day, the first observance of which caused considerable interest in the city yesterday, resulted in an influx of visitors to the foremost nursing institutions here, both the Jubilee Hospital and St. Joseph's being the scene of successful functions. The Florence Nightingale Chapter, J. O. D. E. at the Jubilee Hospital were guests to 300 people who evinced the greatest interest in the different departments, and partook of delicious tea served by the order in the long corridor of the hospital. Mrs. H. P. Crowe, regent of the Florence Nightingale Chapter, Mrs. A. B. Hudson, Miss Lovell, Mrs. Haell and members of the Daughters of Pitt, assisted Miss Mackenzie, the hospital's lady superintendent, in receiving the numerous guests. In addition to the very delightful vocal and instrumental programs a Pathe gramophone lent by the manager, A. L. Jenkins, and operated by P. J. Balagno, discoursed sweet music during the afternoon. Tea was served to the patients in honor of the event. A large reception committee was in force at St. Joseph's Hospital to assist the Sisters and nurses in entertaining the five hundred visitors who viewed with the greatest pleasure and admiration the various departments of the hospital. The "X-Ray plant," demonstrated by Dr. Pontz, was the object of considerable interest, while the beautifully appointed kitchen, laundry and other offices came in for much housewifely approval. The nursery with its row of tiny inmates was also a favorite rendezvous during the afternoon. Afternoon tea at the Nurses' home, Osborne Court, was enjoyed by three hundred visitors. Sister Mary Anna was in general charge of the arrangements, assisted by a willing crowd of helpers. An inspiration during the afternoon resulted in the formation of a St. Joseph's Hospital Auxiliary in which many members enrolled their names.

### CITY SAVES \$6,461 ON BRIDGE ALREADY; LABOR COST CUT

By doing the work by day labor instead of contract, the city has saved \$6,461 on the installation of the eastern abutment of the Johnson Street Bridge, according to the progress report made to the City Council this afternoon by City Engineer Preston. Installation of bridge foundations so far has cost \$58,971, which includes \$15,000 spent by the city for equipment. The total balance in favor of the city so far is \$5,388.

## MINIMUM SET FOR CHILD HEALTH

### Provincial Health Board Fixes Lowest Point for Well-being of School Pupils

The "irreducible minimum" for the health of school children in British Columbia, which the Department of Public Health in its public health child welfare work is seeking to put into effect as a Provincial standard, was made public to-day by Dr. Henry Eason Young, chairman of the Provincial Board of Health. The plan of work also includes a registry for expectant mothers and of all children of pre-school age in order that mothers may be supplied with proper diet information. The irreducible minimum for school children is set as follows: (a) That every child shall periodically come under direct medical and dental supervision and if found defective shall be followed up. (b) That every child mal-nourished, shall, somehow or other, be nourished, and every child dull, verminous, shall, somehow or other, be cleansed. (c) That for every sick, diseased, or defective child, skilled medical treatment shall be made available either by the local education authorities or otherwise. (d) That every child shall be educated in a well ventilated school room or classroom, or in some form of open-air school room or classroom. (e) That every child shall have daily, organized physical exercise of appropriate character. (f) That no child of school age shall be employed for profit, except under approved conditions. (g) That the school, environment and the means of education shall be such as can in no case exert any unfavorable or injurious influence upon the health, growth and development of the child.

### NEW PARKING RULES Regulations Effective to Prevent Blocking of Roadways at Parliament Square

Orders have been issued that provincial civil servants must not park their cars at all on the eastern back entrance to the Parliament Buildings, Barriers and signs notifying them of this rule have been put up. As cars cannot be parked along Superior Street, they must be parked along one of the side streets. To-day there was such a big line-up of cars on both sides of Elliott Street that persons passing stopped to inquire whether a wedding, funeral or an auction was in progress. Some time ago orders were issued to prohibit civil servants from parking their motor cars along the main driveway in front of the Parliament Buildings, as it was stated the cars were parked in so tightly as to impede mode public access to the buildings.

### PIERROT PERFORMANCE WILL BE COMMENCED

The amusements at the Gorge Park have been so widely patronized that the announcement from the Gorge Park Amusement, Limited, of extensive improvements will be welcomed by a wide circle of Victoria people. Pierrots will start their performance, says Eric Hamilton, manager of the company, on May 21, with two appearances daily. Extensive improvements have been made in the theatre. Right opposite the theatre the tea room will be available, where refreshments, both solid and liquid, may be obtained. This will be a substantial improvement on the past, as the refreshment booth has been on a limited attempt to satisfy the cravings of the hungry people. The food will be re- Mr. Hamilton announces that the dance floor has been improved, and the floor will be in fine shape this season. Everything will soon be in readiness for the comfort of the patrons of the park.

### "A GAMBLE IN BEAUTY"

Next Saturday The Times will print the first instalment of a new serial story entitled "A Gamble in Beauty," written by Narcisselle Hale, a deservedly popular writer of fiction. An excellent report on social work was given by Miss Rye, followed by a most interesting address by Miss Bunn, W. A. social service worker from Vancouver.

## SUBMIT BRIDGE QUESTIONS TO ACTING MAYOR

### Aitken Wants Facts; Alleges Attempt to Forestall Him

Full publicity on all important facts in connection with the construction of the new Johnson Street Bridge has been demanded by Alderman A. M. Aitken. When announcing this morning that he had prepared a list of questions to be answered by City Engineer F. M. Alderman Aitken declared that an attempt had been made to block his move for full publicity by the preparation of a progress report, which will be submitted to the Council tomorrow. He added, however, that his questions must be considered when the Council meets in formal session Monday night. Acting Mayor George Stewart this morning denied any attempt to forestall Alderman Aitken, and said that he would lay the alderman's questionnaire before the Council Monday so that they could be answered formally. The Questions. Alderman Aitken's bridge questions are as follows: 1. Total number of men employed in connection with the construction of the Johnson Street Bridge. 2. Number employed at each trade or calling. 3. Nationality. 4. Place of residence. 5. Method of payment. 6. How long resident of city? 7. Number of hours employed per day. 8. Rates of wages paid under different trades and callings. 9. Total amount expended to date and the difference between the amount estimated for the work as far as carried out. 10. Amount of time and money saved by the accidental sinking of one of the caissons; if no saving, amount of loss. Charges Attempt to Forestall Him. "I submitted these questions to Acting Mayor Stewart Wednesday," Alderman Aitken stated this morning, "but a progress report, outlining certain facts concerning the construction of the bridge, was prepared to forestall me. The report to be laid before the Streets Committee this afternoon but, as a matter of fact, it cannot be laid before the Committee legally as the rules of the Council, which I looked up to-day, prevent it. My questions will not be answered in this report, I suppose, but I will see that they are brought before the Council Monday, so that they can be answered later. I intend to get the information I seek."

### Wants to Back Engineer.

"I want it understood that I am not in any way attempting to discredit the City Engineer. If he can show us that the bridge work is proceeding satisfactorily and within the estimated cost no one will be better pleased than I. I want to assist the Engineer to bring the work to a successful conclusion, and I do not wish to put obstacles in his way. The ratepayers, I believe, however, have a right to know the facts. "Alderman Sangster intimates that we aldermen know nothing about bridges. That is quite true. I do not propose to know anything about them. If I probably would not have to ask these questions."

### Issues Denied.

"It is quite true that Alderman Aitken submitted questions on the bridge question to me, but I must lay them before the Council in formal session," Alderman Sangster declared this morning. "That I intend to do, and the alderman will get the information he desires. There has never been any intention of holding back the facts from him or any other member. They are always available to the Engineer's office. The Engineer is preparing a progress report on the bridge work to be laid before the Streets Committee to-day, but the preparation of it was not an attempt to forestall Alderman Aitken at all. His questions and the report are two different things altogether."

## DIOCESAN BOARD NOW IN SESSION

### Columbia Auxiliary Deals With Numerous Matters

The Women's Auxiliary of the British Columbia Diocesan Board met this morning at 10 o'clock in the Cathedral Schoolroom, Mrs. Nelson presiding. The presentation of a life membership of the W. A. to Mrs. Bishop, with gold badge and an illuminated address in affectionate recognition of her years of faithful service, was an event of considerable interest to all present. Mrs. Bishop, in thanking the members, expressed her surprise and extreme gratification at such an honor being conferred upon her. An interesting report on new additions to the library was read by Mrs. Norrish, literature secretary, who also gave a full report on the Summer school, outlining programme and speakers. Miss Gill, leaflet secretary, reported. Mrs. Watson, for the Little Helpers, spoke of the disappointment entailed by some branches letting it lapse. This being Mrs. Watson's last term of office, Mrs. Nelson spoke in appreciation of her six years' service. The Extra Cent a Day secretary's report was given by Mrs. Hawkins, and showed total receipts for the year at \$165.73. Mrs. Andrews, reporting for the construction camps, said that six sacks of books had been shipped to Port Alice Hospital and the construction camps and thanked the Carnegie Library for books and Mrs. Norrish for magazines. An excellent report on social work was given by Miss Rye, followed by a most interesting address by Miss Bunn, W. A. social service worker from Vancouver. Mrs. Schofield moved and Mrs. Goepel seconded a hearty vote of thanks to Miss Bunn, expressing a hope that the Victoria diocesan soon have their own social service worker. Mrs. Bishop moved a vote of sympathy with the widows of the branch in the loss of their president, Mrs. Godfrey, who passed away suddenly two weeks ago. Noonday prayers and an inspiring address on "The Holy Spirit" was given by Dean Quainton. Organization Grows. Reports submitted at yesterday's session of the Women's Auxiliary reflected an excellent growth in the size of the organization. Several fine addresses were delivered during the course of the day. The Love of Christ Cometheth the subject of an address by the Rev. T. E. Rowe, delivered after the Rev. Bishop of Columbia had celebrated communion at Christ Church Cathedral, Rev. Principles of the Anglican Theological College, of Vancouver, described the work of that institution, and Mrs. Cook gave an interesting resume of her work during the last eight years. Mrs. Quainton delivered the address of welcome to the visiting delegates. Mrs. Christmas, of Duncan, responded. At the afternoon session Mrs. Nelson delivered the president's annual address. She urged the members to do all in their power to disseminate the knowledge of missions in their respective parishes. The annual report of the secretary, Mrs. Bishop, was stated that there were now twenty-six senior branches of the organization in the Diocese as well as fourteen girls' branches and sixteen junior branches, with a total membership of 1,253. Mrs. Charles Bishop was made a life member of the organization. Rev. Neville L. Ward, of Vancouver, spoke on the Oriental problem in Canada.

## OBITUARY RECORD

### On May 10, at the residence of his parents, Mr. and Mrs. James Thorley, Carey Road, Saanich, there passed away Little James Gordon Thorley, aged three years and eleven months. The funeral will take place to-morrow, Saturday, leaving the residence at 1:30 o'clock. Services will be conducted in St. Mary's Church of England, Royal Oak, at 2 o'clock, by the Rev. Mr. Lattier. Interment will take place in St. Mary's Churchyard.

The death took place at his home, yesterday, of Chong Sue, a prominent Chinese Freemason, Victoria. The deceased was born in China, 65 years ago. The funeral from the B. C. Funeral Parlor will take place on Sunday, interment being made at the Chinese cemetery.

At the Vancouver General Hospital on Sunday there passed away James Knappett, aged 74 years, residing at Capital Hill, Burnaby. Besides the bereaved widow he is survived by two sons, Arthur and Herbert G., also three daughters, Gertrude M., Louise M. and Alice M., all residing in Victoria. The funeral took place on Tuesday afternoon, May 10, interment was made in Ocean View Burial Park.

The funeral took place yesterday of Robert MacLaren Coombs, late of Cordova Bay. The Rev. W. Leslie Clay read the impressive service at the Thomson Funeral Home. The hymns sung being "Jesus, Lover of My Soul" and "Nearer, My God, to Thee." A large gathering of friends were in attendance and the many beautiful floral offerings were indicative of the esteem in which the late Mr. Coombs was held. The following were pallbearers: A. McIlwride, Dr. L. M. More, J. G. Fenwick, H. Sword, E. Calvert, F. C. Patterson. Interment was made at Ross Bay Cemetery.

A death which will meet with much regret in the city is announced in the passing last evening at St. Joseph's Hospital of Francis Giles, Mr. Giles who was 73 years of age, was born at Birmingham, England, and had been a resident of Victoria for 25 years. He was well-known for his energetic work in aid of the B. C. Protestant Orphanage having conducted an annual collection for the institution through the city. Mr. Giles had been organist for many years at the Reformed Episcopal Church, and for the B. C. Funeral Co. He had also acted in that capacity for over eighteen years, for Court Victoria, A. O. F., of which he was a valued member. He is survived by his wife, Mrs. Giles, who had made her home here with J. S. Fowler, 2542 Rosebery Avenue. He had a host of friends in Victoria and was universally honored and respected. He was taken suddenly ill a week ago, following the Friday night choir practice, and was removed to the Hospital. The remains rest at the B. C. Central Chapel pending further arrangement.

Montreal, May 13.—Premier Taschereau, of Quebec, speaking last night at the banquet of Quebec branches of the Canadian Manufacturers' Association, said he did not know what would be the result of the conference between representatives of the United States and the United States in connection with tariff matters, "but so long as I remain head of the Quebec Government, the Order-in-Council prohibiting the export to the United States of the health of the Province will remain in force."

## OPPOSES EXPORT OF RAW WEALTH

Dusseldorf, May 13.—French authorities here have declined to transmit to the United States the Council the request of President Gutzberg, of the Provisional Government, asking that this city and zone about it be evacuated by the Allied troops. President Gutzberg was informed yesterday that Allied occupation of Dusseldorf is likely to be maintained until Germany pays the one billion gold marks due June 1.

## ALLIED OCCUPATION OF DUSSELDORF WILL STILL BE MAINTAINED

Paris, May 13.—The amount of foreign wheat in elevators in French ports on April 1, totalled \$25,282 tons, says a statement issued by the Minister of Commerce yesterday. In addition to this there were 70,543 tons of hard wheat on hand. Ward VII, Cottage Gardeners.—The Ward VII, Saanich Cottage Gardeners' Society, while naturally favoring all reasonable enforcement of the Pound 85-law by the Council, desires it to be known that it has taken no part in the recent discussion held in the Ward, but having written the Council on the matter, says a statement issued to-day. New Bakery.—Peter Schmeick, the well-known restaurateur, will open to-morrow his electric bakery adjacent to the White Lunch premises, at Kates Street, and will make a specialty of all classes of delicacies. New Phosphate Increases Weight and Strength of Frail People in Two Weeks Time in Many Instances. Nothing like Bitro-Phosphate, says Dr. Harrigan, of New York, to make thin, delicate, nervous, discouraged men and women take on needed weight and quickly exhibit a new vigor and radiance of health, energy and ambition. This remarkable nerve force product was first brought to the attention of the celebrated Dr. Robin. It is known to be such a wonderful aid to frail, run-down people that Cyrus H. Bowes and other leading druggists sell it under a guarantee. CAUTION: Although Bitro-Phosphate is an excellent aid in relieving weak, nervous conditions, its use is not advised unless increased weight is desired.

## COAL OPERATORS IGNORE COMMITTEE

### Fuel Committee Takes Measures to Compel Attendance

Ottawa, May 13.—(Canadian Press)—The refusal of the Nova Scotia coal operators to produce their cost sheets before the Parliamentary Fuel Committee, voted on their behalf this morning by F. H. Chrysler, K. C., Ottawa, led to a drive this morning by several committee members to have the offending operators haled before the bar of the House. The committee eventually decided to refer the problem to F. H. Gaborne, parliamentary counsel, to decide as to its powers to compel attendance of witnesses and the proper course to pursue.

That the committee would take sharp action was evidenced immediately after the meeting commenced when Dr. Steele, chairman, read a telegram from H. McDougall, Montreal, first vice-president of the British Empire Steel Corporation and president of the Nova Scotia Coal Company, that his company was not prepared to produce the cost sheets, that it was doubtful if all the sheets were in existence and that he had referred the matter to his legal advisers for a decision.

Dr. Cowan declared this action constituted contempt of the committee and in this he was supported by several members. The committee had asked the coal operators to send their auditors as witnesses and to produce cost sheets.

J. C. Scott, Quebec, head of a company developing coalfields on the Skeena River, B. C., described these coal fields to the committee. This was a fine grade of coal and suitable for ships and all other uses. But the field was 150 miles from the railways and 100 miles from nearest water.

**TO-DAYS TRADING IN WINNIPEG MARKET**  
Winnipeg, May 13.—Immediately after the opening, on reports of damage in the winter wheat belt in the United States and reports of frosts in Western Canada, wheat prices here began to ascend and at the peak had shown an advance of about eight cents. Trade volume in the pit was not large, but selling pressure was very meagre. Around the high of 18 1/2c, the market turned very dull and was waiting for further news. The futures closed 1/2c to 3/4c higher.

### TO START WORK ON MEMORIAL AVENUE

Commence Ploughing of Half Mile of Boulevard

Definite action toward the establishment of a Memorial Avenue in honor of British Columbia soldiers who fell in the Great War was taken by the Victoria-Saanich Beaches and Parks Committee yesterday afternoon. The committee decided to com-

mence immediately the ploughing of half a mile of boulevard along Shelbourne Street, at the Cedar Hill end. This section will be prepared for the planting of trees, each of which will commemorate the service of one soldier.

This section will form the first unit in the general plan of creating an avenue lined with boulevards to perpetuate the deeds of British Columbians on the battlefield.

The committee ordered an immediate start on work after the whole scheme had been outlined to it by a delegation from the Chamber of Commerce composed of James H. Beatty, President; Dr. F. T. Stanier, Chairman of the Memorial Avenue Committee; J. W. Spencer, General R. E. Clark, and A. Gordon Scott, General Secretary. The deputation outlined the plans as approved by the Chamber and asked that a definite start be made.

The committee ordered the work to proceed at once at a cost not to exceed \$500 for the first section.

### COUNCIL KILLS CARNIVAL GRANT

#### Saanich Reconsiders Subsidy to Broom Carnival After Refusing Camp Donation

Saanich will give no contribution towards the Broom Carnival of Victoria Day, having last night formally reconsidered the previous decision to grant \$250, made recently when A. E. Hall, jr., appeared before the Council as delegate from the committee in charge of the celebration.

This action was taken after the failure of a motion to grant a subsidy to the Y. M. C. A. Summer camp at Beaver Lake which was openly advocated by Reeve Watson.

Councillor Kingwell having moved that the request of the Y. M. C. A. for \$250 be not entertained, Councillor McWilliam protested that something should be done in a worthy cause and moved for a grant of \$50, which was seconded by Councillor Ormond.

Reeve Watson declared that the camp at Beaver Lake would be more valuable to Saanich lads than more youth of Victoria.

Councillor Vantreight then declared that there were "an awful lot of applicants for donations" and that it was hard to come to terms with them down, "as the taxes were getting to be too many mills on the dollar."

Reeve Watson then stated that he did not mind a refusal, but in such a case he would return for reconsideration the vote of \$250 for the Carnival.

Councillor McWilliam remarked that a \$50 grant was certainly small and the chances were that if parties wishing grants found that the Council persistently donated but a portion of what was asked "they will soon get onto us and ask for double what they expect."

Councillor Simpson then moved that the amount be made \$100, remarking that the Salvation Army would possibly be the next applicant for money. Reeve Watson retorted that if Saanich had the money he would take the greatest pleasure in seeing the Salvation Army given \$10,000, whereupon Councillor Brooks declared the Council was not elected for voting donations to everybody.

Councillor Horner seconded the motion for a \$100 grant. Councillor Kingwell secured support for his proposal that no grant at all should be made, which had withdrawn in the face of the \$50 proposal of Councillor McWilliam, and on the vote this carried, only Messrs. Simpson and Horner being in favor of the grant. Councillors Ormond and McWilliam disapproved of the enlarged vote.

Carnival Vote Dies. Reeve Watson then formally reintroduced the Broom Carnival vote, those in favor being Councillors Brooks, Kingwell, Simpson and McMillan, with Reeve Watson and Councillors Vantreight, Ormond, and Horner against making the grant. Councillor Simpson claimed that on reconsideration a motion securing an even break should pass—instead of suffering the customary defeat, and it was not until after the evening's session was concluded that Reeve Watson discovered to his surprise that his action had defeated the grant to the Carnival. "This is the best news of the evening," he then remarked, explaining that he could see no merit in giving \$250 to a Carnival fund if a smaller sum was not available to "Give the lads the time" of their young lives.

NOT SATISFIED WITH SERVICE TO WILKINSON ROAD

The Saanich Council was last night informed by Manager A. T. Goward, of the British Columbia Electric Railway Company, that no improvement can be made in the Interurban service to Wilkinson Road at this time, basing this refusal of a request by the Council upon the statement that the Saanich lines are giving extremely poor returns.

Councillor Kingwell argued that such poverty cannot be expected when numbers of passengers daily are unable to find seats in the cars, and his motion criticizing Mr. Goward's explanation as unsatisfactory was adopted.

Having need for some small change, the mistress of the house stepped to the top of the back stairs. "Bessie," she called to the maid below, "have you any coppera down there?" "Yes'm—two," faltered Bessie, "but they're both my cousins, please, m'm."

### FEAR TOURISTS WILL QUICKLY END LIFE OF HIGHWAY

#### Saanich Council Cannot Find Means to Finance Upkeep of Beach Road

The Saanich Council last night in Works Committee, debated long as to what could be done to put Beach Road into proper condition for the Summer traffic to Cordova Bay, without unduly burdening the finances of Ward Three.

The ward estimates prepared by Superintendent Girling showed that of the \$2,970 immediately required for this highway, no less than \$2,070 would have to come out of Ward Three funds unless the rest of the municipality came to its aid. Councillor Kingwell was willing to see the expenditure of general revenue on this section of Saanich, and was prepared to add to the \$200 allocated to his ward if found necessary.

Aid Was Withheld. It was explained by Councillor Vantreight and Reeve Watson that a grant of \$1,500 had been expected from the Province for this highway, but was not forthcoming, this explaining the fact that the estimates for Ward Three this year total \$3,543 as against an appropriation of \$3,000.

Existence Imperilled. Reeve Watson declared that if a substantial amount was spent on the road at once, before the expected Summer traffic started, and converted the existing holes into impassable gullies, the highway would be saved for years to come, whereas if nothing was done it would cost a fortune next year to rebuild the road.

The Council being reluctant to draw on the slender contingent fund so early in the season, the matter was shelved for the time being, the estimates for the ward being passed with the elimination of all provision for filling in the district, this bringing the total down to about \$3,000.

Appeal For Support. The Councilors then passed a resolution calling upon the City Council, the Chamber of Commerce, the Victoria and Island Development Association and the Victoria Automobile Club to reinforce the application of Saanich to the Provincial Government for aid, the Councilors considering that, as the Beach Road passes through a section of Saanich comparatively unsettled and is mainly a scenic drive for campers, tourists and tourists, these bodies have an even greater interest than Saanich in the maintenance of this highway.

### G.W.V.A. APPEALS FOR RELIEF FUND

#### Distress Cases Compel Re-opening of Fund

Once more the generosity of Victorians will be appealed to in aid of the many distressed families in the city.

It was anticipated by the Relief Committee that as the Summer advanced the needs would diminish, and the fund would automatically cease, but that is not the case, and the distress is just as bad now as during the Winter.

Long ago the Relief Fund was exhausted, and the veterans have been straining on the general funds of the association to such an alarming extent that it has been deemed advisable by the executive to re-open the fund, and ask the citizens to respond once more.

Many times daily distressed mothers come to the G. W. V. A. offices seeking the means of existence for their children, many of whom have never known the want of food before.

The choice farm produce and clothing which was donated during the Winter was to many a gift from Heaven. Fires were lighted in cheerless homes, babies were given nourishing food and warm clothing, nurses attended sick beds, and one mother thanked the G. W. V. A. with her last breath for kindness to her children. Automobiles were supplied for delivery of the comforts.

All contributions should be addressed to H. P. Thorpe, secretary G. W. V. A., 712 Fort Street, Victoria. Previously acknowledged—\$3,882.02
