- - - NEW YORK CITY.

1887.

ESTABLISHED 1852.

CHARLES GRAHAM & SONS,

ARCHITECTS AND BUILDERS,

Nos. 305, 307 & 309 EAST FORTY-THIRD STREET,

New York, June, 1887.

In presenting our Illustrated Catalogue of Private Residences for the selling season of 1887, we announce that it is one of the largest assortments of Private Dwellings in strictly choice locations, ever offered to the public in this City.

*The Houses are entirely new, or in course of erection. * None carried over. All previously Built are now sold.*

The location is unsurpassed for Healthfulness and First-Class Surroundings. The Houses are situated near the Grand Entrance to Central Park, Fifth Avenue and 79th Street, and within sight of the Metropolitan Museum of Art, which, when completed will contain the most Beautiful Collection of Paintings and Art treasures on this Continent.

In close proximity to our improvements, some of our most wealthy and influential citizens are now erecting handsome residences for their own occupancy.

Owing to our greatly increased business, we have been compelled to enlarge our Factory. This enables us to manufacture and execute all work as heretofore, with our own skilled and experienced mechanics, so that we are still able to obtain the best results at the lowest possible cost.

Parties desiring Special Houses built can always be accommodated on very favorable terms.

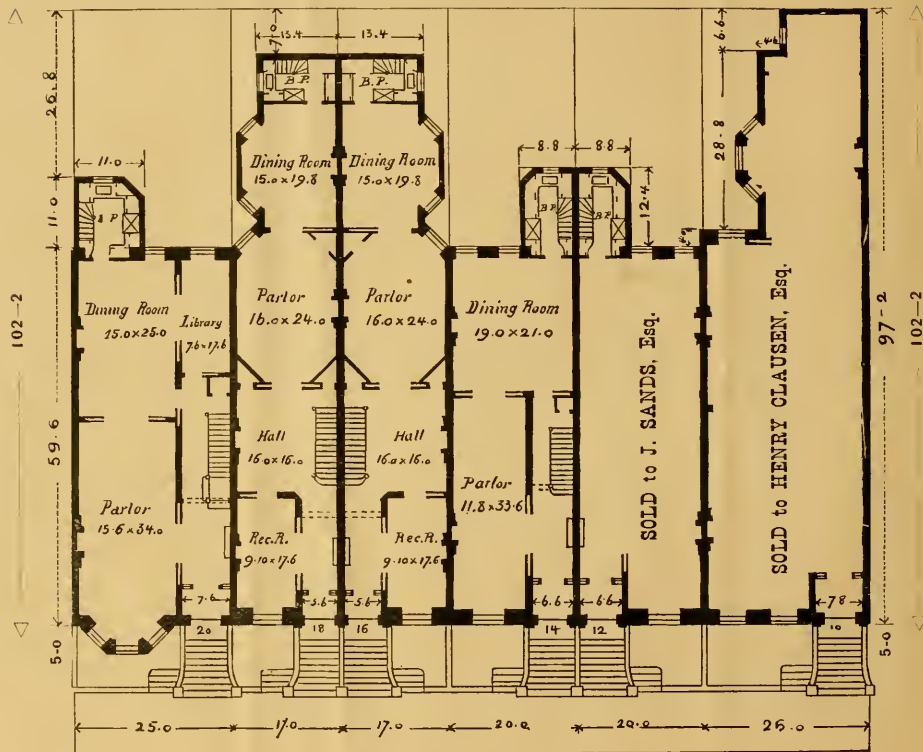

*The absorption of vacant land for immediate improvement in this section has reduced the amount of choice lots to so small a quantity, that it will be completely built upon within one or two years. **We can now inform the public that we have no outside Houses adjoining vacant property.***

All of the larger Houses are Steam Heated by the most approved system of Indirect Radiation.

Full particulars can be obtained, and plans of Houses seen at our Office.

COMPLETED HOUSES ALWAYS OPEN FOR INSPECTION. NO PERMITS REQUIRED.

House-Buyers requiring Dwellings more moderate in price see page 16 of this Catalogue.

DESCRIPTION OF THE CONSTRUCTION AND FINISH OF OUR HOUSES.

PLUMBING AND DRAINAGE.

The very best workmanship and materials throughout. Each fixture securely trapped and trap vented, and properly safed with lead underneath, drained to the cellar. (Not connected with sewer). Iron drain pipes calked with lead hung on cellar walls connected with fresh air inlet at base, and the pipes carried above roof for ventilation. All faucets numbered and printed list specifying the object of each furnished. Double Plumbing, with large Tank supply to each house. Laundries provided with Porcelain Washstubs.

WARMING AND COOKING APPARATUS.

Houses not heated by steam will have a moist warm air Furnace (with automatic water supply) heat will be carried to all extensions, bath rooms and up to fourth floor. All Kitchens will be supplied with French wrought iron ranges with metal hoods, cheeks and plate warming shelves. A separate vent flue built in walls over each range to carry off odors arising from cooking. Separate laundry ranges in Houses having dining room extensions. All of our larger houses heated by the most complete system of Indirect Steam Radiation,

FLUES.

Extra care taken in building and constructing flues.

BELLS AND SPEAKING TUBES.

Speaking tubes and pneumatic bells throughout.

CEILING VENTILATION.

A separate vent over gas outlets of large rooms carried to roof. All gas outlets wired for Electric gas lighting.

CABINET WORK.

Parlors, Second Stories and Front Basements throughout trimmed in hardwood, our own design and workmanship. Stairs Hardwood from Basements to Fourth Stories, also Hardwood finish on Third Stories.

MANTELS, GRATES, FENDERS AND HEARTHES.

All mantels hardwood throughout, furnished with handsome hearths. Open fireplaces on 1st and 2d Stories. All of tasteful designs, the remainder have latest styles of grates, fenders, etc. extra care taken in selections. Only the very best quality of goods used.

FLOORS.

All floors DOUBLE THROUGHOUT, deafened between each floor.

SIDEWALKS AND CEMENT WORK.

A stone and cement foundation built under curb, five feet below level of Street to give a solid foundation to flagstones, and prevent settlement of sidewalk. Areas, yards and cellars carefully cemented and drained.

MIRRORS.

Beveled mirrors on Parlor Stories throughout. Mirrors over all Wash Basins and 2d Story mantels.

All other details carefully attended to making our Houses when completed the best constructed, and most carefully planned Sanitary Homes in this City.

Houses always open for inspection. (No Permits required.)

SPECIAL NOTICE.

We have commenced to erect twelve Four Story and Basement Moderate Priced dwellings on the North-West corner of Lexington Avenue and Forty-fifth Street, ranging in size from 16 ft. 6 in. to 21 ft. wide. They will contain every modern improvement including the Best System of Sanitary Plumbing, abundant water supply, &c. And for Central location and price cannot be duplicated in this City. The surroundings are all built up with private Residences. A complete description of this property will be published in our Fall Catalogue. Further particulars can now be obtained by applying at our office.
