ELEVATION
DETERMINATION AND
JUDICIAL REVIEW

Final and Proposed Base Flood Elevation
Determinations for Various Communities

[4210-01]

Title 24—Housing and Urban Development
CHAPTER X—FEDERAL INSURANCE ADMINISTRATION, DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

SUBCHAPTER B—NATIONAL FLOOD INSURANCE PROGRAM

[Docket No. FI-2976]

PART 1917—APPEALS FROM FLOOD ELEVATION DETERMINATION AND JUDICIAL REVIEW

Final Flood Elevation Determination for Village of Limestone, Cattaraugus County, N.Y.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: Final base (100-year) flood elevations are listed below for selected locations in the Village of Limestone, Cattaraugus County, N.Y.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

EFFECTIVE DATE: The date of issuance of the Flood Insurance Rate Map (FIRM), showing base (100-year) flood elevations, for the Village of Limestone, Cattaraugus County, N.Y.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the final elevations for the Village of Limestone, Cattaraugus County, N.Y., are available for review at the Town of Carrollton Municipal Building, Main Street, Limestone, N.Y.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll-free line 800-424-8872, room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of his final determinations of flood elevations for the Village of Limestone, Cattaraugus County, N.Y.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a)). An opportunity for the community or individuals to appeal this determination to or through the community for a period of ninety (90) days has been provided. No appeals of the proposed base flood elevations were received from the community or from individuals within the community.

The Administrator has developed criteria for flood plain management in

flood-prone areas in accordance with 24 CFR Part 1910.

The final base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet above mean sea level
Tungwawant Creek.	Confluence of Limestone Brook.	1,400
	Confluence of Nichols Run.	1,400
	Limestone Run Rd. Corporate limits.	1,403 1,405
Nichols Run.	Con Rail.	1,402
	B. & O. RR.	1,403
	U.S. Route 219.	1,406
	Main St.	1,408

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: October 21, 1977.

PATRICIA ROBERTS HARRIS,
Secretary.

[Docket No. FI-2831]

PART 1917—APPEALS FROM FLOOD ELEVATION DETERMINATION AND JUDICIAL REVIEW

Final Flood Elevation Determination for Village of Wilson, Niagara County, N.Y.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: Final base (100-year) flood elevations are listed below for selected locations in the Village of Wilson, Niagara County, N.Y.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

EFFECTIVE DATE: The date of issuance of the Flood Insurance Rate Map (FIRM), showing base (100-year) flood elevations, for the Village of Wilson, Niagara County, N.Y.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the final elevations for the Village of Wilson, Niagara County, N.Y., are available for review at the Village Hall, 375 Lake Street, Wilson, N.Y.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll-free line 800-424-8872, room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of his final determinations of flood elevations for the Village of Wilson, Niagara County, N.Y.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a)). An opportunity for the community or individuals to appeal this determination to or through the community for a period of ninety (90) days has been provided. No appeals of the proposed base flood elevations were received from the community or from individuals within the community.

The Administrator has developed criteria for flood plain management in flood-prone areas in accordance with 24 CFR Part 1910.

The final base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet above mean sea level
East branch. Twelvemile Creek.	Lake Rd.	256
	Youngtown Rd.	259
	Upstream study limit.	264

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Administrator 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: October 21, 1977.

PATRICIA ROBERTS HARRIS,
Secretary.

[Docket No. FI-3012]

PART 1920—PROCEDURE FOR MAP CORRECTION

Letter of Map Amendment for Township of Wyckoff, N.J.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: The Federal Insurance Administrator published a list of communities for which the Federal Insurance Administration (FIA) published maps identifying Special Flood Hazard Areas. This list included the Township of Wyckoff, N.J. It has been determined by FIA, after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the Township of Wyckoff, N.J., that certain property is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within

the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or Federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: December 6, 1977.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll-free line 800-424-3872, room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or Federally-related financial assistance for construction or acquisition

purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year: *Provided*, That no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained from the National Flood Insurers Association (NFIA) through the agent or broker who sold the policy.

The map amendments listed below are in accordance with § 1920.7(b):

Map No. H&I 340084A Panel 0001, published on June 29, 1977, in 42 FR 33224, indicates that Lot 5, Block 75-J, Manchester at Wyckoff, Wyckoff, N.J., recorded as Map No. 6589, in the office of

the Clerk of Bergen County, N.J., is within the Special Flood Hazard Area.

Map No. H&I 340084A Panel 0001 is hereby corrected to reflect the existing structure on the above property is in Zone B and is not within the Special Flood Hazard Area identified on August 1, 1977.

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Administrator 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: October 21, 1977.

PATRICIA ROBERTS HARRIS,
Secretary.

[Docket No. FI-3677]

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations
for Town of Carrollton, Pickens County,
Ala.AGENCY: Federal Insurance Adminis-
tration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or
comments are solicited on the proposed
base (100-year) flood elevations listed
below for selected locations in the town
of Carrollton, Alabama.These base (100-year) flood elevations
are the basis for the flood plain manage-
ment measures that the community is re-
quired to either adopt or show evidence of
being already in effect in order to qualify
or remain qualified for participation in
the National Flood Insurance Program
(NFIP).DATES: The period for comment will be
ninety (90) days following the second
publication of this proposed rule in a
newspaper of local circulation in the
above-named community.ADDRESSES: Maps and other informa-
tion showing the detailed outlines of the
flood-prone areas and the proposed base
(100-year) flood elevations are available
for review at Town Hall, Carrollton,
Alabama.Send comments to: Mayor C. L. Gates,
P.O. Box 169, Carrollton, Alabama
35477.FOR FURTHER INFORMATION CON-
TACT:Mr. Richard Krimm, Assistant Admin-
istrator, Office of Flood Insurance,
202-755-5581 or toll free line, 800-424-
8872, Room 5270, 451 Seventh Street,
SW., Washington, D.C. 20410.SUPPLEMENTARY INFORMATION: The
Federal Insurance Administrator gives
notice of the proposed determina-
tions of base (100-year) flood elevations
for the Town of Carrollton, Alabama, in
accordance with section 110 of the Flood
Disaster Protection Act of 1973 (Pub. L.
93-234), 87 Stat. 980, which added section
1363 to the National Flood Insurance Act
of 1968 (Title XIII of the Housing and
Urban Development Act of 1968 (Pub. L.
90-448)), 42 U.S.C. 4001-4128, and 24
CFR 1917.4(a).These elevations, together with the
flood plain management measures re-
quired by § 1910.3 of the program regula-
tions, are the minimum that are required.
They should not be construed to mean
the community must change any existing
ordinances that are more stringent in
their flood plain management require-
ments. The community may at any timeenact stricter requirements on its own,
or pursuant to policies established by
other Federal, State, or regional entities.
These proposed elevations will also be
used to calculate the appropriate flood
insurance premium rates for new build-
ings and their contents and for the sec-
ond layer of insurance on existing build-
ings and their contents.The proposed base (100-year) flood
elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Stream 1	County Road 35	217
	Alabama Highway 17:	
	Upstream	217
	Downstream	212
Stream 2	St. Louis, San Francisco RR:	
	Upstream	210
	Downstream	205
	Spring St.	204
Stream 3	Alabama Highway 17:	
	Upstream	211
	Downstream	206
	St. Louis, San Francisco RR:	196
Stream 3	Alabama Highway 17:	
	Upstream	216
	Downstream	209

(National Flood Insurance Act of 1968 (Title
XIII of Housing and Urban Development Act
of 1968), effective January 28, 1969 (33 FR
17804, November 28, 1968), as amended (42
U.S.C. 4001-4128); and Secretary's delega-
tion of authority to Federal Insurance Ad-
ministrator 34 FR 2680, February 27, 1969, as
amended (39 FR 2787, January 24, 1974).)

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations
for City of Tuscaloosa, Tuscaloosa Coun-
ty, Ala.AGENCY: Federal Insurance Adminis-
tration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or
comments are solicited on the proposed
base (100-year) flood elevations listed
below for selected locations in the City
of Tuscaloosa, Tuscaloosa County, Ala.These base (100-year) flood elevations
are the basis for the flood plain manage-
ment measures that the community is
required to either adopt or show evi-
dence of being already in effect in order
to qualify or remain qualified for partic-
ipation in the National Flood Insur-
ance Program (NFIP).DATES: The period for comment will be
ninety (90) days following the second
publication of this proposed rule in a
newspaper of local circulation in the
above-named community.ADDRESSES: Maps and other informa-
tion showing the detailed outlines of the
flood-prone areas and the proposed base
(100-year) flood elevations are avail-
able for review at City Hall, 2201 Uni-
versity Boulevard, Tuscaloosa, Ala.Send comments to: Mr. Alvin Du-
Pont, Director, Community Planning and
Development, City of Tuscaloosa, P.O.
Box 2089, Tuscaloosa, Ala. 35401.FOR FURTHER INFORMATION CON-
TACT:Mr. Richard Krimm, Assistant Admin-
istrator, Office of Flood Insurance,

8872, room 5270, 451 Seventh Street
SW., Washington, D.C. 20410.SUPPLEMENTARY INFORMATION: The
Federal Insurance Administrator gives
notice of the proposed determina-
tions of base (100-year) flood eleva-
tions for the City of Tuscaloosa, Ala., in
accordance with section 110 of the Flood
Disaster Protection Act of 1973 (Pub.
L. 93-234), 87 Stat. 980, which added
section 1363 to the National Flood Insur-
ance Act of 1968 (Title XIII of the
Housing and Urban Development Act of
1968 (Pub. L. 90-448)), 42 U.S.C. 4001-
4128, and 24 CFR 1917.4(a).These elevations, together with the
flood plain management measures re-
quired by § 1910.3 of the program regu-
lations, are the minimum that are re-
quired. They should not be construed
to mean the community must change any
existing ordinances that are more string-
ent in their flood plain management
requirements. The community may at
any time enact stricter requirements on
its own, or pursuant to policies estab-
lished by other Federal, State, or regional
entities. These proposed elevations will
also be used to calculate the appropriate
flood insurance premium rates for new
buildings and their contents and for the
second layer of insurance on existing
buildings and their contents.The proposed base (100-year) flood
elevations for selected locations are:

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for City of Camden, Ouachita County, Ark.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the City of Camden, Ouachita County, Ark.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at the City Manager's Office, City Hall, 206 Van Buren Street, Camden, Ark.

Send comments to: The Honorable Robin Nix, Mayor of Camden, Conus Inc., Cardinal Shopping Center, Fairview Road, Camden, Ark. 71701.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll-free line 800-424-8872, room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION:

The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the City of Camden, Ouachita County, Arkansas in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet above mean sea level
Ouachita River	South corporate limit	116
	U.S. 79	116
	St. Louis South western R.R.	117

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for City of Lakeport, Lake County, Calif.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the City of Lakeport, Lake County, Calif.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood insurance Program (NFIP).

PROPOSED RULES

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at City Hall, 445 Main Street, Lakeport, California.

Send comments to: Mr. Jim Sheppard, City Engineer, City of Lakeport, City Hall, 445 Main Street, Lakeport, Calif. 95453.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll-free line 800-424-8872, room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the City of Lakeport, Calif., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are most stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Forbes Creek.....	State Highway 20:	
	Upstream side	1,357
	Downstream side	1,354
North Branch Forbes Creek.	Martin St.....	1,337
	Main St.....	1,334
	Compton St.....	1,351
	Russell St.....	1,347
10th St. drainage ditch.	Armstrong St.....	1,342
	Estep St.....	1,337
	17th St.....	1,366
	Pool St.....	1,349
Rumsey Bay drainage.	Tunis St.....	1,342

[Docket No. FI-3681]

NATIONAL FLOOD INSURANCE PROGRAM
Revision of Proposed Flood Elevation Determinations for Sacramento County, Calif.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in Sacramento County, California.

Due to recent engineering analysis, this proposed rule revises the proposed determinations of base (100-year) flood elevations published in 42 FR 45122 on September 8, 1977, and in "The Sacramento Bee" published on July 25, 1977, and July 26, 1977, and hence supersedes those previously published rules.

DATES: The period for comment will be ninety (90) days following the second publication of this notice in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed flood elevations are available for review at County Administration Building, 827 7th Avenue, Sacramento, California.

Send comments to: Mr. Fred Wade, Chairman, Board of County Supervisors, Sacramento County, County Administration Building, 827 7th Avenue, Sacramento, California 95814.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, room 5270, 451 Seventh Street, SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: Proposed base (100-year) flood elevations are listed below for selected locations in Sacramento County, California, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a)).

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is

required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations are:

[Docket No. FI-3682]

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for Town of Wiggins, Morgan County, Colo.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the Town of Wiggins, Morgan County, Colorado.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second

publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at Wiggins Hardware Store, 218 Main Street, Wiggins, Colorado.

Send comments to: Mr. Michael Kelly, Town Administrator, Town of Wiggins, P.O. Box 287, Wiggins, Colorado 80654.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll-free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the Town of Wiggins, Colorado, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirement on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Kiowa Creek	Burlington Northern R.R.	* 4,552
	do	** 4,547
	U.S. Highway 6	* 4,545
	do	** 4,544
	Interstate 76	4,543

* Upstream side.
** Downstream side.

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Adminis-

trator 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: October 21, 1977.

PATRICIA ROBERTS HARRIS,
Secretary.

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for City of McCammon, Bannock County, Idaho

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the City of McCammon, Bannock County, Idaho.

These base (100-year) flood elevations are the basis for the flood plain manage-

ment measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at City Hall, 302 Center Street, McCammon, Idaho.

Send comments to: Mayor H. Fielding, P.O. Box 26, McCammon, Idaho 83250.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll-free line 800-424-8872, room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION:

The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the City of McCammon, Idaho, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Portneuf River.....	North St.....	4,762
	Business 91.....	4,718
	Highway 30N.....	4,717

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; (42

U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Administrator: 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974.)

Issued: October 21, 1977.

NATIONAL FLOOD INSURANCE PROGRAM
Proposed Flood Elevation Determinations
for St. Joseph County, Ind.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in St. Joseph County, Ind.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at the County/City Building, 227 Jefferson Boulevard, South Bend, Ind.

Send comments to: Mr. Richard L. Larrison, President of the Board of Commissioners of St. Joseph County, County/City Building, room 722, 227 Jefferson Boulevard, South Bend, Ind. 46601.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll-free line 800-424-8872, room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for St. Joseph County, Ind. in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

NATIONAL FLOOD INSURANCE PROGRAM
Proposed Flood Elevation Determinations
for City of Merriam, Johnson County,
Kans.; Correction

AGENCY: Federal Insurance Administration, HUD.

ACTION: Correction of proposed rule.

SUMMARY: This document corrects a proposed rule on base (100-year) flood elevations that appeared on page 42 FR 38530 of the FEDERAL REGISTER of July 28, 1977 (42 FR 38530).

EFFECTIVE DATE: July 28, 1977.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll-free line 800-424-8872, room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

The following corrections are made:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Turkey Creek.....	1,900 ft downstream of 75th Street Bridge.....	950
	75th Street Bridge.....	966

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator (34 FR 2680, February 27, 1969), as amended (39 FR 2787, January 24, 1974).)

Issued: October 21, 1977.

[Docket No. FI-3686]

NATIONAL FLOOD INSURANCE PROGRAM
Proposed Flood Elevation Determinations
for City of Neodesha, Wilson County, Kans.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the City of Neodesha, Wilson County, Kans.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at Office of the Building Inspector, 114 South 4th Street, Neodesha, Kans.

Send comments to: Mayor Charles Koger, 114 South 4th Street, Neodesha, Kans. 66757.

PROPOSED RULES

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll-free line 800-424-8872, room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the City of Neodesha, Wilson County, Kans., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Verdigris River....	Corporate limits, just downstream from St. Louis-San Francisco RR.	791
	Mill Street Bridge.....	793
	Intersection of Osage and 5th Sts.	796
	Intersection of 4th and Idaho Sts.	796
Fall River.....	Intersection of U.S. Highway 75 and 13th St.	802

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Administrator 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: October 21, 1977.

PATRICIA ROBERTS HARRIS,
Secretary.

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for City of Sterling, Rice County, Kans.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the City of Sterling, Rice County, Kansas. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified or participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at the City Hall, 114 North Broadway, Sterling, Kans. 67579.

Send comments to: Mr. Roger Hoehn, City Manager, City of Sterling, City Hall, 114 North Broadway, Sterling, Kans. 67579.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll-free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the City of Sterling, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any

time enact stricter requirements on its own, or pursuant to policies established by other Federal, State or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected location are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum	Depth in feet above ground level
Bull Creek.....	At Garfield Ave.....	1,638	
	At 11th St.....	1,640	
	At Atchison, Topeka and Santa Fe RR. Bridge.	1,644	
	1,100 ft upstream of Cleveland Ave.	1,645	
	9th and Jefferson.....		2
	Broadway and Main..		2
	4th and Monroe.....		1

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968) as amended (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: October 13, 1977.

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for Jessamine County, Ky.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in Jessamine County, Kentucky.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a

newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at Jessamine County Clerk's Office, Main Street, Nicholasville, Kentucky.

Send comments to: Honorable Milton Wilson, County Judge of Jessamine County, Main Street, Nicholasville, Kentucky 40356.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll-free line 800-424-8872, Room 5270, 451 Seventh Street, SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for Jessamine County, Kentucky in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Kentucky River	Lock and dam No. 7	548
	Confluence of Hickman Creek	564
East Hickman Creek	Lock and dam No. 9	561
	Mackoy Rd.	863
West Hickman Creek	Tates Creek Rd.	896
	Beaumont Rd.	870
Town Fork	Ash Grove Pike	879

NATIONAL FLOOD INSURANCE PROGRAM
Proposed Flood Elevation Determinations
for Calcasieu Parish, La.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in Calcasieu Parish, La.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at Parish Building, Lake Charles, La.

Send comments to: Mr. Charles Liggin, President of the Police Jury, Calcasieu Parish, P.O. Box 1027, Lake Charles, La. 70601.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll-free line 800-424-8872, room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for Calcasieu Parish, La., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are re-

quired. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for City of Lake Charles, Calcasieu Parish, La.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the City of Lake Charles, Calcasieu Parish, La. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at City Hall, Lake Charles, Louisiana.

Send comments to: Mr. James Hoffpauir, Director, Office of Planning, City of Lake Charles, P.O. Box 119, Lake Charles, La. 70601.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll-free line 800-424-8872, Room 5270, 451 Seventh Street, SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the City of Lake Charles, Louisiana, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-2347), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are re-

quired. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Calcasieu River	Interstate 10	6
	Southern Pacific RR.	10
English Bayou	Highway 171	11
Bayou Contraband	Prien Lake Rd.	8
	Ryan St. (upstream side)	12
	Kirkman St.	14
East Branch Bayou Contraband	East McNeese St.	14
	Common St.	15
South Branch Bayou Contraband	West McNeese St.	12
	University Dr.	14
Pithon Coulee	Lakeshore Dr.	8

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for Town of Boxborough, Middlesex County, Mass.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the Town of Boxborough, Middlesex County, Mass.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to

qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at the Town Hall, 29 Middle Road, Boxborough, Mass. 01719.

Send comments to: Ms. Jean Kangas, Chairwoman, Board of Selectmen, Town of Boxborough, Town Hall, 29 Middle Road, Boxborough, Mass. 01719.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll-free line 800-424-8872, room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the Town of Boxborough, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Beaver Brook	At corporate limit	225
	320 ft upstream of corporate limit.	228
	1,060 ft upstream of corporate limits.	230

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for City of Southgate, Wayne County, Mich.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the City of Southgate, Michigan.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participa-

tion in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at City Hall, 13763 Northline Road, Southgate, Michigan.

Send comments to: Mr. William Valusek, City Administrator, City of Southgate, City Hall, 13763 Northline Road, Southgate, Michigan 48195.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street, SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the City of Southgate, Michigan, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Frank and Poet Drain	Pennsylvania Ave.	394
	Southgate Kennels:	
	Footbridge No. 1 ..	395
	Footbridge No. 2 ..	395
	Dir-Toledo Highway ..	396
	Allen Rd.	398

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Ad-

ministrator 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: October 21, 1977.

PATRICIA ROBERTS HARRIS,
Secretary.
