DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

15-11.

List No. 1 Wood Working Mach. & Equipments

No. (Yellow Marking)	Name of Mach.	Bldg. No.	Condition	Remarks
420	Wood Drilling Machine	5	Good	
421	Wood Drilling Machine	5	Good	
422	Circle Saw	5	Good	
423	Circle Saw	5	Good	
424	Machine Saw	5	Good	
425	Band Saw	5	Good	
426	Hand Plane	5	Good	
427	Hand Plane	5	Good	
428	Auto Plane	5	Good	
429	Auto Plane	5	Good	
430	Wood Lathe	5	Good	
431	Wood Lathe	5	Good	
432	Cutter	5	Good	
452	Wood Drilling Machine(Bench Type)	5	Good	

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

List No. 2 Casting Machinery

No. (Red Marking)	Name of Mach.	Bldg. No.	Condition	Remarks
433	Cupola(2.5 ton)	2	Good	
434	Cupola(Koshiki) 2 ton	4	Good	
	Cupola(Koshiki) 1.5 ton	4	Not good	
436	Testing Cupola (Koshiki)		Good	
437	Sand Mill	2	Good	
438	Sand Mill	2	Good	
439	Sand Mill	4	Good	
440	Sand Sieve	2	Good	
441	Sand Sieve	4	Good	
442	Water Pump	2	Good	
443	Core Drying Furnace	2	Good	
444	Core Drying Furnace	4	Good	
445	Moulding Machine	4	Good	
446	Moulding Machine	4	Good	

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

447	Moulding Machine	4	Good	
448	Moulding Machine	4	Good	
449	Moulding Machine	4	Good	
450	Moulding Machine	4	Good	
451	Tambling Machine	15	Good	
453	Sand Mix	4	Good	

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

List No. 3 Small Motors

No.(Red Marking)	Name of Mach.	Bldg. No.	Condition	Remarks
455	Motor 2 HP	1	Good	
456	Motor 3 HP	2	Good	
457	Motor 2 HP	7	Good	
458	Motor 3 HP	Transforming Station	Good	
459	Motor 2 HP	11	Good	
460	Motor 2 HP	11	Good	
461	Motor 1 HP	11	Good	
462	Motor 3 HP	1	Good	
463	Motor 3 HP	16	Good	
464	Motor 0.5 HP	Testing Room	Good	
465	Motor 0.5 HP	Testing Room	Good	
466	Motor 3 HP	Reserve	Good	
467	Motor 3 HP	Reserve	Good	
468	Motor 1 HP	Reserve	Good	
469	Motor 2 HP	Reserve	Good	
470	Motor 0.5 HP	Reserve	Good	
471	Motor 2 HP	3	Good	

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

List No. 4 Miscellaneous Equipments

No. (Red Marking)	Name of Mach.	Bldg. No.	Condition	Remarks
472	Buff Drying Furnace	7	Good	
473	Buff Drying Furnace	5	Good	
474	Carbide Drying Furnace	9	Good	
475	Carbide Tank	9	Not good	
476	Carbide Tank	9	Not Good	
477	Head Tank	9	Not Good	
478	Boiler	Dining Room	Good	
479	Chain Brock 5 ton	1	Good	
480	Chain Brock 5 ton	1	Good	
481	Chain Brock ½ ton	1	Good	

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

List No. 5 Exempted Machines

No. (Red Marking)	Name of Mach.	Bldg. No.	Condition	Remarks (Date of Permit from Ishikawa Mil. Govt Team)
482 ✓	Lathe (ベルトつき)	1	Good	29 Oct. 1947
483 ✓	Lathe	1	Good	29 Oct. 1947
484 ✓	Lathe	1	Good	29 Oct. 1947
485 ✓	Lathe	1	Good	29 Oct. 1947
486 ✓	Lathe	1	Good	29 Oct. 1947
487 ✓	Lathe	1	Good	29 Oct. 1947
488 ✓	Lathe	1	Good	29 Oct. 1947
489 ✓	Lathe	1	Good	29 Oct. 1947
490 ✓	Lathe	1	Good	29 Oct. 1947
491	Lathe	7	Good	21 May. 1948
492 ✓	Shaper	1	Good	29 Oct. 1947
493 ✓	Shaper	1	Good	29 Oct. 1947
494 ✓	Milling Machine	1	Good	29 Oct. 1947

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

495 √	Drilling Machine	1	Good	29 Oct. 1947
496 √	Grinder	1	Good	29 Oct. 1947
497 √	Grinder	1	Good	29 Oct. 1947
498	Sawing Machine	1	Good	29 Oct. 1947
499	Sawing Machine	1	Good	21 May. 1948
500	Sawing Machine	1	Good	21 May. 1948
501	Grinder	3	Good	21 May. 1948
502	Grinder	3	Good	21 May. 1948
503	Bench Drill	5	Good	29 Oct. 1947
504	Bench Drill	11	Good	29 Oct. 1947
505	Travelling Grinding Apparatus	11	Good	31 Mar. 1948 自家
506	Hoist	2	Good	21 May. 1948
507	Hoist	4	Good	21 May. 1948
508	Crane	4	Good	21 May. 1948
509	Crane	4	Good	21 May. 1948

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

510	Air Hammer	14	Good	3 May, 1948
511	Motor 5 HP	1	Good	29 Oct., 1947
512	Motor 5 HP	1	Good	29 Oct. 1947
513	Generator	3	Good	21 May, 1948
514	Generator	3	Good	21 May, 1948

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

List No. 6 Supplementally by application

No. (Red Marking)	Name of Mach.	Bldg. No.	Condition	Remarks
515	Condensor	in front of Transforming Station.	Good	This equipment belong to the Hokuriku Haiden Kabushiki Kaisha.
516	Condensor		Good	

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

15-11

Daido

SUBJECT: Installation of Non-Reparation Machinery and Equipment

THRU: Liaison Office, Ishikawa-ken

TO: Daido Kogyo K.K., Code No. 15-11
Ishikawa Prefecture

1. This headquarters has no objection to the installing of one (1) switch board, oil switch, metal water tank and rotary positive blower (non-reparations).

2. The machinery and equipment will be marked with an "EX" to indicate that is exempted from reparations.

BY ORDER OF THE COMMANDING OFFICER:

JOSEPH D. GILMORE
Major, FA
Economics Officer

3 Incls:
One (1) copy, application for installation of electric switch board and oil switch
One (1) copy, application for installing metal water tank
One (1) copy, " " " rotary positive blower

oil switch ×
Steel box

Date: 30. Nov. 1948.

Application for installation of receiving electricity equipment.

TO: The Commanding Officer,
Ishikawa Military Government Team.

A. Name of Company. Daido Kogyo Kabushiki Kaisha.

B. Location No,1-197,Aza-Kumasaka, Miki-Mura, Enuma-Gun, Ishikawa-Ken.

C. Reasons why installation is required.

Our Co., has been received the electricity from Hokuriku Haiden Co., Ltd. Our Co., have been received the electricity without equipment of receiving electricity in the past, but our Co., was given the command for complete equipment of receiving of electricity.

We hereby request ofr your anthority on your additional installation.

D. Description of the installation.

Receiving steel box.	1 set	Inoue Danki Sesakusho.
Oil swich.	1	Nakamura Danki Sesakusho.

End.

K. Kuroyo
Managing Director
Daido Kogyo K. K.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Date: 15, Nov. 1948.

Application for new installation of water tank:

TO: The Commanding Officer,
Ishikawa Military Government Team.

A. Name of the Company. Daido Kogyo Kabushiki Kaisha.

B. Location. No,1-197, Aza-Kumasaka, Miki-mura, Enuma-gun, Ishikawa-ken.

C. Reasons why the new installation is required.

Our Co., was given the Permission of installation of rotary elactric heating furnace by Ishikawa Military Government Team APO. 301.(Date 11, Oct. 1948.)

We hereby request authority on your additional installation, as tank of cooling water for cool type terminal of erema heater of the furnace.

D. Description of the installation.

Item	Number	Manufacturer
Water tank metal	2	Daido Kogyo K.K.

K. Araya

Kumakichi Araya, President,
Daido Kogyo Kabushiki Kaisha.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Date: 15. Nov. 1948.

SUBJECT: Application for Installation of Positive Rotary Blower.

TO: The Commanding Officer,
Ishikawa Military Government Team.

A. Applicant: Daido Kogyo Kabushiki Kaisha.

B. Address: No,197, Aza-Kumasaka, Miki-Mura, Enuma-Gun, Ishikawa-Ken.

C. Reasons why the installation is required:

The heating process of our chain production is worked by crude oil as fiel, in the course thereof for inducing oil to the burner positive rotary blower is used.

The oil of distributing in present is C class and one blower in use,(15-11-698) has a little power in compressing.

We hereby request for your authority on our additional installation of same in order to burn the oil of C class.

We hereby request for your authority on our additional installation of same.

D. Description of the installation:

Item	Number	Manufacturer
Rotary Positive Blower (motor driv)	1	Higashida Air-Compressor Manufacturing Factory.

K. Araya

Kumakichi Araya, President,

SUBJECT: Installation of Rotary Electric Heating Furnance

THRU: Japanese Liaison Office, Ishikawa-ken

TO: Daido Kogyo K.K. Code No. 15-11

1. Permission is hereby granted to install and put into operation one (1) (non reparations) electric heating furnance, as listed in attached application.

2. The subject furance will be marked "EX" to indicate that it is exempt from reparations.

3. This does not authorize the use of any additional reparation machinery.

FOR THE COMMANDING OFFICER:

JOSEPH D. GILMORE
Major, FA
Economics Officer

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Date: 3rd, October, 1948.

SUBJECT: Application for Installation of Rotary Electric Heating Furnace.

TO: The Commanding Officer,
Ishikawa Military Government Team.

A. Applicant: Daido Kogyo Kabushiki Kaisha.

B. Address: No.1-197,Aza-Kumasaka,Miki-Mura,Enuma-Gun, Ishikawa-Ken.

C. Reasons why the installation is required:

In the course of manufacturing chain the heating process has been solely relied on crude oil as fuel, however, under the present circumstances the quantity of allocation or same falls far short of our requirements, moreover its quality is also very inferior, constituting serious bottle neck in the way of production, whereupon our technicians had been for several months in the past studying electrification of the heating process, and recently our study has born fruit, we are successful in trial construction of rotary electric heating furnace.

We hereby request for your approval for installation of 4 sets of same equipments as our minimum requirements.

D. Description of the installation:

Item	Number	Manufacturer
Rotary Electric Heating Furnace	4	Self Made
Transformer 100 K.W.A.	3	Mitsubishi Denki K.K.
Voltage Regulator 30 K.W.	4	Kurosawa Denki Kogyo K.K.

23 July 1948

SUBJECT: Installation of Private Siding

THRU: Liaison Office, Ishikawa-ken

TO: Daido Kogyo KK, Code No. 15-11
Daishoji-machi, Enuma-gun

There is no objection by This Headquarters to the installation of a private siding as discribed in attached application, provided proper authorization is obtained from the prefectural construction Board.

BY ORDER OF THE COMMANDING OFFICER:

JOSEPH D. GILMORE
Major, FA
Economics Officer

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

June, 1948

SUBJECT: Application for Installation of Private Siding.

TO: The Commanding Officar,
Ishikawa Military Government Team.

A. Name of the Company. Daido Kogyo Kabushiki Kaisha.

B. Location. No,1-197, Aza-Kumasaka, Miki-mura, Enuma-gun, Ishikawa-ken.

C. Reasons why the installation is required.

Since during the War-time our company being pressed the necessity of private siding had been in contemplation of its construction, however, in the war-time allocation of railroad materials and installation of siding in private factories were under restriction, so we could not realize our plan. In the meanwhile we had been gradually providing with chain material finishing apparatus since just before the end of war. Even after the end of war our bicycle chain has been holding its importance both in inland and abroad market, we are undertaking the entire production of export chain, as results our taking delivery of staple and supplementary materials as well as forwarding our production via rail are ever increasing, whereas at the Daishoji station so many cargoes are congested, moreover the storage facilities at the same station is very inadequate, most of our materials are sensitive to weather by open-storage.

It is needless to say simplification of cargo trarric is one of the most important part in the way of increased production and industrial rehabililation.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

On the strength of the above mentioned reasons we have applied to the Nagoya Railway Administration for the installation of the private siding for which we have received unofficial approval, we would like to start the construction work as soon you authorize us to do so.

D. Qutline of the proposed plan.

The private siding to be bifurcated form the siding of No. 2 westward track. Total distance to be 400 m. long. A loop live to be constructed for 120m at 235m point from the bifurcation point. (ref. attached diagram.)

The plan well not affect on the maintenance of reparation plant, it only affect shifting of fence by 50m. in length.

SUBJECT: Installation of Boiler in Reparation Factory

THRU: Liaison Office, Ishikawa-ken

TO: Daido Kogyo KK, Code No. 15-11
Daishoji-machi, Enuma-gun

1. Approval for installation of boiler as requested in attached application is hereby granted.

2. This does not authorize the use of any additional reparation machines.

3. Boiler will be marked with "EX" for exempt machinery.

BY ORDER OF THE COMMANDING OFFICER:

JOSEPH D. GILMORE
Major, FA
Economics Officer

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

June, 1948

SUBJECT: Application for Installation of Additional Boiler.

To: The Commanding Officer,
Ishikawa Military Government Team.

A. Name of the Company. Daido Kogyo Kabushiki Kaisha.

B. Location. No,1-197, Aza-Kumasaka, Miki-mura, Enuma-gun, Ishikawa-ken.

C. Reasons why the installation is required.

Our existing boiler has been equipped since after the end of war through purchase of second hand boiler, as it had been overstrained for a considerable time before it came into our possession, it is now in such a condition that it is unable to furnish required steam.

The said equipment being indispensable in the first process of bicycle chain productuon, its inefficiency frings forth most detrimental factor in chain manufacturing, so we are pressed for the installation of a spare boiler in order to practise major repair to the time-worn boiler. We should be happy if you appreciste our difficulty and grant theabove-mentioned installation.

D. Sescription of the new boiler.

Building in which it is installed:	14

SUBJECT: Installation of Additional Chain Making Machines in Reparation Factory

THRU: Liaison Office, Ishikawa-ken

TO: Daido Kogyo KK, Code No. 15-11
Daishoji-machi, Enuma-gun

1. Installation of additional chain making machines as requested in attached application is hereby approved.

2. This does not authorize the use of any additional reparation machines.

3. Machines will be marked with "EX" for exempt machinery.

BY ORDER OF THE COMMANDING OFFICER:

JOSEPH D. GILMORE
Major, FA
Economics Officer

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

June, 1948

SUBJECT: Application for increased Installation of Chain Making Material Finishing Machinaries.

To: The Commanding Officer.
Ishikawa Military Government Team.

A. Name of the Company. Daido Kogyo Kabushiki Kaisha.

B. Location. No,1-197, Aza-Kumasaka, Miki-mura, Enuma-gun Ishikawa-ken.

C. Reasons why the increased installation is required.

In the past our company had been depending on outside undertakers for rolling and wire-drawing of chain making materials, however, as results of the progress of the war we began to feel many difficulties in obtaining materials such as depression or transportation and various other causes, we decided to install our own means of material finishing, but in the course of such installation we came across the end of the war, and we had to suspend the plan half done, so our existing material finishing equipment is very inadequate.

Since the end of war the material supply has become of very coarse quality we could obtain no desirable quality nor uniform size.

Our existing equipment can never handle these coarse materials satisfactorily unless they are reinforced.

In material adjusting annealling process (enfeebling process by heating) we have practised various technical devices and finally arrived at that we need electric annealling furnace for this purpose,

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

consequently we are now constructing the undermentioned finishing machinaries and anilling apparatus within our own plant, and intend to set up as each of them complete. In view of enabling us to accomplish the designated amount of chain export we shall be happy if you grant the present application favourably.

D. The particulars of the proposed installation.

Daishoji-machi, Enuma-gun

1. Approval for installation of additional chain making machines as requested in attached application is hereby approved.

2. This does not authorize the use of any additional reparation machines.

3. Machines will be marked with "EX" for exempt machinery.

BY ORDER OF THE COMMANDING OFFICER:

JOSEPH D. GILMORE
Major, FA
Economics Officer

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

June, 1948

SUBJECT: Application for Increased Installation of chain making Machinaries.

To: The Commanding Officer,
Ishikawa Military Government Team.

A. Name of the Company. Daido Kogyo Kabushiki Kaisha.

B. Location. No.1-197, Aza-Kumasaka, Miki-mura, Enuma-gun, Ishikawa-ken.

C. Reasons why the increased installation is required.

As is known to your good self a some part of our chain making machinaries were compelled to surrender as scrap steel and iron during the war under the strict order of the military authority being treated as unnessary wartime equipment, in consequence thereof our existing apparatus is considerably unbalanced consisting a big stambling block in the way of production.

Making things worse the difficulty in obtaining both main and auxiliary materials coarseness of such materials and curtailed labour hours are rendering us decreased production of half the pre-war amount.

Nowadays the demand for chain is increasing not only within the country but we have received order from G. H. Q. via Foreign Trade Bureau for the exportation of 30,000 pcs. per month, in addition to which we have also been ordered to produce 10,000 per month for the use of assembled bicycle. These big demands are beyond the capacity of our existing unbalanced equipment,

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

wherefore resumption of well balanced equipment is of immihent necessity. With this object in view we are now constructing the undermentioned machineries in our own plant, we shall be obliged if you authorize us to install them as each of them complete.

D. The particulars of the proposed installation.

14 July 1948

SUBJECT: Installation of Sulphuric Acid Reservoir

THRU: Liaison Office, Ishikawa-ken

TO: Daido Kogyo KK, Code No. 15-11
Daishoji-machi, Enuma-gun

1. Installation of a sulphuric acid reservoir as requested is hereby approved.

2. This does not authorize the use of any additional reparation machines.

3. Sulphuric acid reservoir will be marked with "EX" for exempt machinery.

BY ORDER OF THE COMMANDING OFFICER:

JOSEPH D. GILMORE
Major, FA
Economics Officer

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

June, 1948

SUBJECT: Application for Installation of Sulphuric Acid Reservoir.

To: The Commanding Officer,
Ishikawa Military Government Team.

A. Name of the Company. Daido Kogyo Kabushiki Kaisha.

B. Location. No.i-197, Aza-Kumasaka, Miki-mura,
Enuma-gun, Ishikawa-ken.

C. Reasons why the installation is required.

Our Company requires stock of sulphuric acid in good quantity for chain manufacturing. To this purpose we have been using many small size china jars capable of 35kg. up to the present, however, these china jars are fragile and risky. In conformity with the regulation on restriction of handling dangerous goods it requires more complete and safer method of storage, so also these jars are susceptible or breakage, during transportation which implys danger, we have to trnsport it on tan-car. Under these circumstances we sincerely request you would permit us to install the sulphuric acid reservoir as applied for.

D. The description of the proposed installation.

Name of the equipment: Sulphric Acid Reservoir.

Number to be equipped: 1

Maker: Kaga Seikan Kabushiki Kaisha.

APO 710

TO: General Headquarters
Supreme Commander for the Allied Powers
APO 500
ATTENTION: Office of the Executive for Reparations

1. Reference is made to SCAPIN 1134 which places the Daido Kogyo KK, No 197 Kumasaka, Miki-mura, Enuma-gun, Ishikawa-ken on reparations list.

2. Authority for operation, 6th Army Permit No 157 dated 29 Nov 45. Permit continued by 6th Indorsement dated 28 Jan 47 to letter this Headquarters subject "Recommendation for Removal from Reparations List" dated 15 Oct 46.

3. This headquarters recommends that approval be granted for the removal of the machines as shown in enclosed application, for the following reasons.

a. This factory produces about 70% of the domestic and export chains in Japan. Attention is invited to Par J, K and P of enclosed application.

b. Factory employees over 600 full time workmen.

c. The production of bicycle and transmission chains is essential to the economic recovery of Japan.

1st Ind GNM/ss

Hq Tokai-Hokuriku Mil Govt Region, APO 710, 7 May 48

TO: Commanding General, I Corps, APO 301
ATTN: Mil Govt Section

1. The Daido Kogyo K.K., Ishikawa Prefecture, is listed for reparations as a Privately-Owned Munitions Plants, under code number (15-11).

2. The plant has a long record of prewar production of bicycle chains and rims, and no machines now being used for chain production, were used at any time for the manufacturing of munitions. The machines that were used for the manufacturing of munitions are at present stored in a building separate from the plant where chains are produced. They are not being used and the maintenance is excellent.

3. The production of bicycle chains and transmission chains is essential to the economic recovery of Japan. Therefore, this headquarters recommends that favorable consideration be given this application and that the machines required for the manufacturing of bicycle chains and rims be excluded from the reparations list.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Date: 16th, January, 1948

Subject: Petition for Exemption of Materials from Surrender.

To The Commanding Officer,
Ishikawa Military Government Team.

Company's Name:	Daido Kogyo Kabushiki Kaisha.
Address:	197, Kumasaka, Mikimura, Enuma-gun, Ishikawa-ken.
Plant's Name:	Daido Kogyo Kabushiki Kaisha.
Address:	197, Kumasaka, Mikimura, Enuma-gun, Ishikawa-ken.

Dear Sir,

We have duly been notified by the 8th. Army as per MG-P-71, to the effect that the undermentioned articles should be surrendered as materials required for building of the Occupational Force dependants' residencial quarters, however, some part of the materials have been consumed as repainting of reparation machinaries for upkeep of same as well as recoating of the warehouses where reparation machinaries are stored, and the enamel has been consumed as stated in the attached paper as antiseptic paint of hand-pull-cart which is produced by this Plant as an authorized reconversion factory; the small quantity now on hand is also indispensable in future, hence we hereby apply for your special consideration of exemption thereof from surrender.

(1) Particulars of materials required for surrender:

Description.	Unit.	Number.	Quantity.
Paint, assorted	kg.		3,000
Screaning wire	kg.		100
Safe switch 3p,300A			77 *

* The actual balance of this article should be 7 but it has been reported 77 by mistake; the application for the amendment of this figure has been placed under The 8th. Army authority via the Japanese Industrial Reconstruction Association(or Nippon Kensetsu Kogyo Kai).

1. Reference: Letter, Ishikawa Mil Govt Team, Subject: "Recommendations for Removal from Reparation List and Review of Operations Permit", dated 15 October 1946, and 6th indorsement thereto from General Headquarters, Supreme Commander for the Allied Powers, APO 500, dated 28 January 1947.

2. Section III, paragraph 1 (c) 1 and 2 of Operational Directive Number 5/5, Headquarters Eighth Army, dated 24 September 1946, states in part that those plants and establishments primarily engaged in the manufacture of war munitions are subject to reparations claim. The present applications states that the peak year of munition production was in 1944, and but 12% of plants out-put was for fuse parts. However, the 6th indorsement as referred to in paragraph 1 above, and attached as inclosure 2, quotes, "76% of this company's production was military in nature and more than 100% increase was made in installed machines".

3. The information available at this headquarters and as stated in the applications indicates that the Daido Kogyo K.K., was not primarily engated in production of war munitions. Therefore, this headquarters recommends that favorable consideration, by Higher Headquarters, be given this application.

1. Petition for exclusion from reparations claim previously submitted by the Daido Kogyo K.K.(15-11 Nam Fl) was denied by the Supreme Commander for the Allied Powers in correspondence referred to in paragraph 1, 1st indorsement, for the following reasons:

a. Number of lathes was increased from 62 to 324.

b. General purpose metal working machines were increased from 133 to 558.

c. 76% of this company's production was military in nature, and more than 100% increase was made in installed machines.

2. Information contained in the present petition is not in accord with the "Report of Munition Manufacture" previously submitted by this company and referred to in the 6th indorsement, reference correspondence paragraph 1, above. The company states in its present petition that the firm operated as a producer of bicycle chains continuously since 1920. The company claims that only 12½ percent of the output of this plant during the peak of munition production, 1944, consisted of parts of fuses. Production figures contained in the petition indicate that the company remained active in the production of chain equipment throughout the period of war. Of the total of 870 machines, 521 were in the possession of the company by the end of 1938, and the majority of the balance (140 in 1939, 102 in 1940) were acquired prior to the outbreak of war with the United States.

3. In view of the conflicting information supplied by the subject company in its various petitions, it is the opinion of this headquarters that the plant should remain subject to reparations. Available evidence indicates that the facilities of the subject plant were expanded to such an extent during the war years, that the peacetime identity of the plant was lost. It is recommended that this plant remain as presently listed.

SUBJECT: Application of Daido Kogyo K.K. for Removal from Reparations List

TO : Commanding Officer,
Tokai-Hokuriku Military Government Region,
APO 710.

1. Reference: Letter, Ishikawa Military Government Team, subject: "Recommendation for Removal from Reparation List, and Review of Operating Permit", dated 15 October 1946, and 3rd Indorsement thereto, dated 7 November 1946.

2. This headquarters has forwarded the basic communication to Headquarters Eighth Army, with recommendation that the Daido Kogyo K.K. be removed from the list of plants subject to reparations. Your headquarters is authorized to permit continued operation of this plant under its present permit, pending action on the application of this company from higher headquarters.

BY COMMAND OF MAJOR GENERAL WOODRUFF:

NA 23960

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

0044

ISHIKAWA
MILITARY GOVERNMENT TEAM
APO 713

15 October 1946

SUBJECT: Recommendation for Removal from Reparation List, and Review of Operating Permit.

TO : Commanding General
Hq., I Corps, APO 301
(Kyoto, Honshu)
ATTN: Mil Govt Section

1. Reference is made to SCAPIN 1134 which places on the reparations list the following concern:

Daido Kogyo K.K.
No. 197 Kumasaka, Miki-mura
Fnuma-gun, Ishikawa-ken

2. The Daido Kogyo K.K., under the name of Kokueki Chain K.K., and at the present location, began the manufacture of bicycle chain in 1933. In April 1935 an amalgamation with the Kaga Chain K.K. was effected under the name Daido Chain K.K. - increasing both capacity and capital. During the same year the concern established the Kamata Plant in Tokyo for the production of transmission chains. (The Kamata Plant was destroyed 15 April 1945.) Taking advantage of accumulating metal waste and surplus machine capacity, the company undertook steel casting and machine finishing in 1938, and in harmony with the development changed the name to Daido Kogyo K.K.

3. Between 1935 and April 1945 the capital increased from ¥650,000.00 to ¥8,500,000.00 in accordance with the expansion. The company admits neither advance payment from the Government nor outstandin g loans. The Araya Kogyo K.K., Osaka-shi, which holds 33% of the capital, is the only stockholder owning more than 10% of the shares.

4. This headquarters recommends that the Daido Kogyo K.K. be removed from the reparations list for the following reasons:

a. The plant was organized as a peace time industry.

b. During the period 1937 to 1945 the plant underwent no major change of machinery, or of volume or character of production.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

BASIC: Ltr. Ishikawa Mil Govt Team, Subject: Recommendation for Removal from Reparation List, and Review of Operating Permit, dated 15 October 1946.

c. Although 76% of the production was used by the military, the actual munitions production (fuses) did at no time exceed 12.7% of the overall out put.

d. The future production of bicycle and transmission chain is essential to the peacetime economy of the country.

5. The Daido Kogyo K.K. is presently operating under 6th Army Permit No. 157, dated 29 November 1945. In view of the facts presented in paragraphs 2, 3 and 4, this headquarters further requests the plant be issued a permit for continued operation.

1. In view of recent changes in criteria for munitions plants, it is directed that further investigation of the activities of the Daido Kogyo K.K. No. 197 Kumasaka, Miki-mura, Enuma-gun, Ishikawa-ken, be made. You are directed to apply the criteria given in paragraph 1 (c) 1 & 2 of section III, operational directive No. 5/5 Headquarters Eighth Army 24 Sept 46 to this company and then make recommendations.

2. It is the opinion of this headquarters that major changes in both volume and character took place due to the large increase in capital between 1935 and 1945.

Hq. Ishikawa Mil Govt Team, APO 713, 29 Oct 46

TO: CO, Tokai-Hokuriku Mil Govt Region, APO 710

1. Correction: Sentence 2, Paragraph 3, Basic Communication. Reads: "The company admits neither advance payment from the Government nor outstanding loans." Should read: "The company admits neither advance payment from the Government nor outstanding snares."

2. Reference is made to Paragraph 1, 1st Ind, and to section III, Par 1 (c) (1) and (2), OD 5/5, Hq. Eighth Army, 24 Sep 46.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

BASIC: Ltr, Hq Ishikawa Mil Govt Team, APO 713, dtd 15 Oct 46, Subj: "Recommendation for Removal from reparation list, and Review of Operating Permit."

3. Your attention is drawn to the fact that the criteria outlined in the above references, which this headquarters was directed to apply to subject company was fully complied with by Paragraph 4, Basic Communication; viz: the concern was not primarily engaged in the manufacture of weapons, missiles, ammunition or military explosives; neither were the facilities originally organized for munitions production, nor were they converted to munitions production through major change in volume and/or character of the equipment.

4. Approximately one quarter (¼) of the capital of the company was obtained through the amalgamation of three companies in 1935, and an additional two companies in 1935, and an additional two companies in 1936. As appears to have been common in this Prefecture, the three last increases in capital (total ¥6,500,000) were effected by the combining of numbers of individual loans undertaken by shareholders at their own risk. An outline of the capital increase is shown as Part A of Inclosure 5. Outstanding loans against the company are shown as Part B of Inclosure 5. In addition to the outstanding loans, the destruction of the Kamata Plant caused a material loss estimated at ¥1,800,000.

5. Due to bomb and fire damage to similar plants the Daido Kogyo K.K. presently holds more than eighty percent (80%) of the chain potential of this country, and for that reason is vital to the economy of Japan.

AG 004 - EA 4th Ind NEN/mem

Hq I Corps, APO 301. 15 NOV 1946

TO: CG, Eighth Army, APO 343

1. The Daido Kogyo K.K., Main Plant, is included as plant no. 11, Ishikawa Prefecture, on the list of installations subject to reparations. It is the opinion of this headquarters that this plant is improperly described as a munitions plant, and that the criteria established in Section III, paragraph 1 c, (1) and (2), Operational Directive No. 5/5, Headquarters Eighth Army, 24 September 1946, does not apply to this plant. Information contained in the two applications indicates that the Daido Kogyo K.K. had a long record of prewar operation, and was not converted into war production through any major change. The manufacture of munitions in this plant represented a diversion, rather than a conversion, from the normal activities of the factory.

2. This headquarters has authorized the Daido Kogyo K.K. to remain in operation under authority of the permit issued by Sixth Army, 29 November 1945. It is the recommendation of this headquarters that this plant be removed from the list of plants subject to reparations.

SUBJECT: Daido Kogyo K.K. 197 Kumazaka, Miki-mura, Enuma-gun, Ishikawa Prefecture.

TO: Commanding Officer, Tokai-Hokuriku Military Government Region, APO 710.

1. Subject company is listed on inclosure to General Headquarters, Supreme Commander for the Allied Powers, Memorandum for the Imperial Japanese Government, AG 387.6 (13 Aug 46) ESS/IN (SCAPIN - 1134), subject: "Reparations Selections Within Private Owned Munitions Plants".

2. This headquarters is in receipt of information, that subsequent to publication above mentioned memorandum, subject company removed a quantity of turret lathes, drilling machines, milling machines, and other machines tools to concealed locations, with intentions of avoiding inventory of reparations machines. Concealed locations are not stated in the information supplied this headquarters, but it is assumed to be in the vicinity of Yamanaka-machi. If this information is correct, it would constitute a violation of the surrender terms. Movement of machinery designated for reparations is not authorized.

3. Application for conversion of subject plant, submitted under date of November 1945, indicates that plant has 525 machines tools, 104 chain manufacturing machines and 1 furnace.

4. Request matter be investigated by your headquarters to verify this information.
