Roster of Officers and Enlisted Personnel of the
Philippine Police Force (Docs 2800, 2787, 2801)

The information shown in this report was extracted from rosters maintained by the Japanese Military Police in the Philippines and provides a comprehensive list of Filipino Police who served under them on Luzon, Leyte and Samar from early 1943 to November 1944.

All relevant personal details concerning individual Filipinos are produced wherever possible. These details will be of value in identifying any of these Filipinos who may have since disappeared and who may be considered guilty of cooperating with the Japanese Military Police to a criminal extent during the occupation. Though no details of actual cooperation activities are mentioned in the documents, Japanese comments on personalities, such as "pro-Japanese", are shown against individuals concerned. These Japanese remarks are made on only 23 persons, however, out of the considerable number of Filipino Police listed in the rosters.

The report consists of extracts from three documents, Nos 2800, 2787 and 2801. Doc 2800 lists officers and enlisted personnel of the Iloilo, Antique and Capiz Detachments of the Philippine Constabulary, Feb-Nov 1944, giving name, rank, date of promotion, birthplace, age, assignment and remarks. Doc 2787 lists officers (from the commanding major general downwards) and warrant officers of the Philippine Police Force, 26 Feb 1944. Doc 2801 lists Filipino Police Personnel serving on Leyte and Samar during 1943, giving name, position, age, birthplace, date and other details of police school graduation and remarks (family, etc.)

PARTIAL TRANSLATION

ROSTER OF OFFICERS AND ENLISTED PERSONNEL
OF THE PHILIPPINE CONSTABULARY

Editor's Notes

1. The following information was extracted from a file of handwritten and typed personnel reports belonging to the office of the Senior Inspector, Iloilo Detachment of the Philippine Constabulary (KEMPEITAI). The reports were issued by the Iloilo, Antique and Copiz Detachments of the Constabulary, Feb-Nov 1944, and names, ranks and other items of information which might serve to identify personnel have been extracted from these reports. Some reports were written in English, others in Japanese.

2. The English version of some of these Filipino names could not be determined. In these cases, an exact ROMAJI transliteration of the original KANA is given, followed by an asterisk. Where the English version was doubtful, a probable rendering is given, followed by a ROMAJI transliteration in parentheses.

3. Certain discrepancies were found in spellings of names, etc. where the names were mentioned more than once. Such alternate information is shown in parentheses, preceded by the word "or". Example: BEDANO (or BODANO). In other cases where the alternative names have different initial letters, both versions are listed alphabetically with a cross-reference. Example: DABALINAS Valeriano See PABALINAS Valeriano.

4. All names are arranged in alphabetical order and most recent assignments have been underlined.

EXTRACT TRANSLATION

ROSTER OF FILIPINO POLICE PERSONNEL
SERVING ON LEYTE AND SAMAR

Office of Military Administration
for the Visayan Islands,
Tacloban Branch
1943

Editor's Note

1. The names of Filipino personnel serving with the Leyte and Samar Constabulary, together with items of personal information which might offer a clue to their identity, have been extracted from a typed and handwritten file of miscellaneous correspondence. They have been arranged in a single alphabetical list.

2. Some of the original lists were written in English. In other cases, where an English version could not be determined, an exact ROMAJI transliteration of the original KANA is given, followed by an asterisk. Where the English version was doubtful, a probable rendering is given, followed by a ROMAJI transliteration in parentheses. (Compare Doc 2800)
