

PIPE LINE COMPLETE

PUBLIC SERVICE DEPARTMENT CONTINUES TO IMPROVE SYSTEM

The big cast iron pipe which the Public Service Department has been laying, has been completed to the pumping plant on San Fernando road.

This line is twenty inches in diameter and is about fourteen thousand feet long and contains over thousand tons of cast iron. It runs from Glendale avenue at Doran street to the San Fernando road and from there to the pumping plant.

The city has ordered machinery for its new electric pumping station, which will be in operation early in the summer. This consists of two motor driven well pumps for lifting the water from the wells and a large centrifugal booster pump which will throw 333 miner's inches of water, or 3000 gallons, per minute into the reservoirs on Glendale avenue. The cost of the big booster unit will be less than \$3000, which is exceedingly low for a unit of this capacity.

The two new wells on the property are 16 inches in diameter and 500 feet deep and each yields more than 2000 gallons per minute. The wells draw their water from a depth of from 250 to 500 feet and are not subject to any contaminating influences that may be present on the surface.

The cost of operating this plant will be very low, and this plant is one of the largest factors in the new water rate of two cents a hundred cubic feet.

The department is now busy in erecting the pole line from the substation to the pumping plant. The poles for this are the highest that have been used in this section. The poles on San Fernando road are 60 and 65 feet high, and will overtop the poles which have been used on this street by 20 feet.

When the pumping plant is in operation it will furnish a vastly larger flow of water than has heretofore been available, at a cost that will permit the profitable planting of all of the vacant property in Glendale.

RETURNS FROM HONOLULU TRIP

Mrs. Isabel J. Jordan of 918 West Fifth street has returned from a three months' trip to the Hawaiian Islands, and is at present visiting at the home of her daughter, Mrs. W. S. Althouse of 347 North Isabel street. Mrs. Jordan returned on the Great Northern and was accompanied to San Francisco, where she spent three days, by her son, W. L. Jordan, who has been to the islands on a business trip. Mr. Jordan will return to his home in Glendale next week, but expects to leave shortly on an eastern business trip for the company which he represents. Mrs. Jordan had a very delightful trip and says the islands are an ideal place to go for a few months' pleasure or vacation trip. She brought home with her many interesting photographs of the islands and the volcano, which she visited first after arriving at Hilo, and which she considers worth making the trip for alone. It is quite active at present and while she was there came to within forty feet of the top, and caused some little fear that it might overflow. The one big floating island on top of the burning lava has divided into two islands, which at night burst into flame, making a scene impossible to imagine unless one has witnessed it. Mrs. Jordan spent the most of her time in Honolulu and found that a very interesting city, with the many different races of people mingling and doing business side by side. The tropical scenery of the island she describes as being most beautiful, and the hills and mountains are always green. The bathing is another fine feature, the water being so clear you can see the bottom anywhere, and the fish are so beautifully and harmoniously colored one would almost think they were painted. Mrs. Jordan has many interesting things to tell her friends about the wonders of the islands and a fine collection of pictures to help them realize the beauties she describes.

MURDOCK FUNERAL

Funeral services for Mrs. Lee Murdock who passed away Thursday evening, March 29, at her home, 1476 West Second street, will be held Sunday afternoon at half past two at the parlors of the Pulliam Undertaking Company, followed by cremation in Los Angeles, Monday.

WEATHER FORECAST—Fair to night. Sunday fair and warmer. Westerly winds.

CASA VERDUGO GUARD

CAPTAIN W. B. KELLY WILL ORGANIZE NORTH GLENDALE MEN

A meeting of citizens between the ages of 18 and 50 years has been called for Wednesday evening at 7:30 p. m. at Central avenue school, North Central avenue, Casa Verdugo, to organize a Home Guard company. The object of this organization is to receive military instruction and to be prepared for any emergency that may arise locally for the protection of our homes, our country and our flag. Capt. W. B. Kelly of Casa Verdugo will be in charge, assisted by able drill masters who understand all the rudiments of military tactics and discipline.

Capt. Kelly's military experience dates back to the Spanish-American War, where he received honors as a military instructor, and he also holds a medal as a sharpshooter.

This opportunity for Casa Verdugo citizens who wish to obtain a knowledge of military tactics should be taken advantage of. Drill grounds will be obtained and instruction will begin inside of ten days. A large crowd is expected.

CHAPTER L MEETING

The first meeting of Chapter L, P. E. O., under the newly elected officers, held Wednesday afternoon at the pretty home of Mrs. Warren Roberts, 707 West Seventh street, was an especially happy occasion. Twenty-six members of the Chapter were present and Mrs. N. S. Douglas of Mill Valley, formerly Mrs. Elizabeth Brown, a past president of the Chapter, was the special guest of honor, and gave a talk that was greatly appreciated by her former co-workers in this philanthropic work.

The topic for the afternoon was South America and the program was ably handled by Mrs. Lida M. Border, assisted by Mrs. Arthur C. Brown and Mrs. A. L. Bryant. After the program and the business of the day had been disposed of, the charming hostess served dainty refreshments during a happy social hour.

Members of Chapter L are enthusiastically taking up the work of their order for the coming year and feel that this first meeting which was so interesting and happy was an auspicious beginning for a successful year.

MEMORIAL SERVICE

The members and friends of Rev. Dr. A. B. Morrison will hold a memorial service at the West Glendale church next Sunday afternoon at 3 o'clock. A memorial has been secured and will be unveiled at this service. The speakers for the occasion will be Dr. J. B. Green of Los Angeles, a long time friend of Dr. Morrison. He will speak on the subject, "Dr. Morrison a Minister of God." Rev. Norton of Glendale will speak of his "Soldier Life." Mr. J. W. Durham, who is a member of the West Glendale church and who stood with the doctor during his ministerial career in this city will talk on "His Life as a Citizen." Dr. J. H. Henry will sing one of his appropriate selections. Lillian Seibel Carr of Pasadena will also assist in the service as soloist. All friends of Dr. Morrison will be welcomed.

RIFLE CLUB MEETING

The Seven Hills Rifle club, of which W. E. Palmer is secretary and promoter, will hold their opening meet on the government range in Scholl canyon to-morrow. The club has recently received from the government 15,000 rounds of ammunition 25 new rifles. Superintendent Durand of the Baker Iron Works is president of the club. A large tent has been donated and has been erected on the range. This club consists of 270 members and a very large attendance is looked for at the opening meeting. Mr. Palmer is also the promoter of the Glendale Rifle and Revolver club.

HOW TO FLY THE FLAG

Harry Lee King, deputy commissioner of the Boy Scouts of America, is anxious to have country editors teach every one in the country how to fly the stars and stripes. Here are the rules:

The proper time for raising the flag is sunrise or after, never before. The flag must be lowered at sunset.

In draping the flag against the side of a room or building the proper position for the blue field is toward the north or toward the east. It is a mark of disrespect to allow the flag to fly throughout the night.

PLANS TO FINANCE WAR

COMMITTEE SEEKS TO LAY BURDEN OF EXPENSE ON THOSE WITH LARGE INCOMES

(Special Service to Glendale Evening News)
NEW YORK, March 31.—It has been learned that government officials have approved the plan of a government war finance committee. It is planned to finance the war by laying the burden on persons earning over \$5000 a year. The committee is getting signatures to a demand for such legislation. Active participation in the war will be by those of the poorer classes and it is planned to lay the financial burden on those most able to bear it. The committee's plans also include legislation to diminish profits on munitions and other war materials and on foodstuffs. Many pacifists are in this movement. It is planned to graduate the tax on incomes, the surplus to be used for pensions, etc.

GERMANY RECOGNIZES STATE OF WAR

MEXICO IS OBJECT OF MUCH ATTENTION AS U. S. PARTICIPATION IN WAR DRAWS NEARER

(Special Service to Glendale Evening News)
WASHINGTON, March 31.—Germany may recognize a state of war existing now between America and Germany according to the State Department's interpretation of foreign secretary Zimmerman's speech explaining the Mexican-Japanese plot, in which he said, "America cannot deny our right to seek allies when she has practically declared war on us." Wilson may use this in his message to show that Germany already holds that war is existing. Because Carranza has never disclaimed being approached on the question of a German-Mexican alliance, Mexico is the object of as much attention as German as the hour of America's inevitable entrance in the war approaches. It is believed that Germany will renew activities in Mexico.

SHERIFF ORGANIZES DEPUTIES

NUCLEUS OF EMERGENCY FORCE FOR PROTECTION OF OUTLYING DISTRICTS

(Special Service to Glendale Evening News)
LOS ANGELES, March 31.—Sheriff John C. Cline to-day asked all special deputy sheriffs throughout Los Angeles county to telephone him regarding the number of rifles they own and the amount of ammunition they possess. The sheriff is figuring on using these men as the nucleus of an emergency force of 500 men to be organized in various districts for the protection of parts of Los Angeles county outside of the city of Los Angeles.

SEA ADDER WORKS HAVOC

SURVIVORS OF THE CREWS OF VESSELS SUNK BY RAIDER DESCRIBE METHODS OF ATTACK

(Special Service to Glendale Evening News)
RIO DE JANEIRO, March 31.—The new German raider is named the "Sea Adder," according to the survivors of the eleven ships it sunk. The raider left Germany December 20 and most of its victims were sunk in the vicinity of Trinidad. Its method was to fly the Norwegian flag and signal to vessels that it wished to speak. When in range of the intended victim, the German flag was run up, the raider opened fire, imprisoned the crew and sunk the vessel.

REPORTS SUBMARINE ACTIVITIES

CONSUL STATES SIXTY-EIGHT AMERICANS WERE ON TORPEDOED BRITISH VESSEL

(Special Service to Glendale Evening News)
WASHINGTON, March 31.—Consul Frost at Queenstown reports that 68 men of the crew of the British freighter, Crispin, were Americans. The unwarranted torpedoing of this vessel occurred Thursday. The torpedo explosion killed five men, two of whom are believed to be Americans. Two boatloads of men are missing. The vessel was armed but the submarine was not seen. The British steamer, Snowden Range, that recently escaped the German raider off the South American coast, was torpedoed without warning Wednesday. The submarine was submerged when it attacked the vessel. The explosion killed four men. The remainder of the crew including four Americans are safe.

POSTMASTERS UNDER CIVIL SERVICE

WASHINGTON, March 31.—Postmaster General Burleson has officially announced President-Wilson's executive order placing postmasters of the first, second and third class under civil service.

BRITISH ADVANCE IN WEST

(Special Service to Glendale Evening News)
LONDON, March 31.—The British have advanced over a seven-mile front and are occupying five cities on the French front. The advance in the Hencourt region is a serious menace to the German base at St. Quentin.

WAR AND PEACE

SAGES OF ALL AGES OUTLAW WAR AS A FACTOR OF CIVILIZATION

From before the fall of Babylon to the battle of the Marne the annals of history are largely the blood-spattered chronicles of the wars of mankind. Wars have blotted out nation after nation time and again and at the point of their highest civilization; and as often have the arts and industries of peace from the ashes of devastation, rehabilitated humanity. If by this time no lessons have been learned from the dire experiences of war, the conclusions of the thinkers of the race are all awry. Unless hell is a factor of civilization, the following sayings are meaningless, but if so, why have they lived so long?

"War is hell." Gen. W. T. Sherman.

"War is the son of hell." Shakespeare.

"A foreign war is preferable to one at home." Petrarch.

"Every milder method is to be tried before a nation makes an appeal to arms." Chancellor Kent (author of the "Commentaries" known to every law student).

"But war's a game which, were their subjects wise, kings would not play at." Cowper.

"He that preacheth up war when it might well be avoided is the devil's chaplain." Anon.

"In time of war the devil makes more room in hell." German proverb.

"Mad wars destroy in one year the works of many years of peace." Franklin.

"To die or conquer are the terms of war." Homer.

"There never was a good war, nor a bad peace." Franklin.

"Many return from the war who cannot give an account of the battle." Italian proverb.

"Talk of war but do not go to it." Spanish proverb.

"War begun, hell unchained," Italian proverb.

"War is death's feast." Anon.

"When wars are raging the laws are dumb." Cicero.

"When you go to war every man you meet is an enemy; kill all." North American Indian.

"Wars bring scars—national scars."

"A certain peace is to be preferred to an expected victory." Hannibal.

"A disadvantageous peace is better than the most just war." Erasmus.

"Better keep peace than make peace." Dutch proverb.

"Peace and a well built house cannot be bought too dearly." Danish proverb.

"Peace would be universal if there were neither mine nor thine." Italian proverb.

"They make a desert and call it peace." Tacitus.

"Peace must be bought even at a high price." Danish proverb.

"Peace hath her victories no less renowned than war." Milton.

"That valor which is not founded on prudence is rashness." Don Quixote.

"When valor preys on reason it eats the sword it fights with." Shakespeare.

And finally the proverb says: "Wisdom is the principal thing. Get wisdom."

That editorial of the 29th inst in the Los Angeles daily, strongly advocating "A world peace league" states as a condition precedent that there must be "a universal agreement to STOP FIGHTING. That agreement reached, the rest would follow." Nothing wiser could have been written.

Now modern civilization is denominated Christian. It was St. Paul who declared that "the weapons of our warfare are not carnal, but mighty to the pulling down of strongholds" (of evil war). There is really no new human experience under the sun. As it stalks across the world's stage today in terrible array, so has been the pageantry of carnal warfare since the dawn of material history, picturing terror and dismay to mortal vision. But there are two kinds of warfare, and they are epitomized in an account of a war between the king of Syria and the king of Israel in the year 894 B. C. During the course of the conflict the superior forces of the Syrians were many times eluded and thwarted by the Israelites and the king of Syria was much mystified until he learned that the prophet Elisha was the spiritual adviser of King Jehoram. Then King Mesha attempted to capture the prophet and sent against the place of his abode "horses and chariots and a

MODERN CAFE

TO BE ESTABLISHED IN AMBROSINI BLOCK BY MRS. HAFNER GINGER

The buildings in the Ambrosini block at the northwest corner of Glendale avenue and Broadway have been placed in the hands of Contractors Retts & Boyd, who will remodel the front and construct the interior of the rooms suitable for a beautiful and modern cafe which is to be conducted by Mrs. Haffner Ginger of 430 South Adams street and her daughter, Miss M. A. Haffner, who is a teacher of domestic science in the Los Angeles public schools.

The part of the building facing on Broadway and Glendale avenue will be constructed of glass with beautiful supporting columns at suitable intervals. The portion of the building above the glass front will be finished in a white marble effect. The interior of the building will be finished to imitate a real garden, with walls elegantly decorated.

Mrs. Ginger is a professional teacher of domestic science, and it is her purpose to conduct a cafe that will be a fore-runner to the mammoth Ambrosini Inn which is in the near future to be erected on the opposite side of the avenue.

REST HOME PLANNED FOR EAGLE ROCK

A new enterprise of interest and benefit to this city is being worked out and arrangements have about been completed for the establishment of a rest home here that promises to assume large proportions. An organization known as the Christian Workers' Rest has been effected and incorporated, with some strong backing. Looking around for a location they decided on Eagle Rock and have purchased the 4-acre foothill tract known as the Wicked place at the west end of Park avenue. They purpose to build a headquarters office and manager's home and then erect small bungalows where Christian workers, home or foreign, of any evangelical denomination, may find a pleasant home at moderate cost with opportunity for rest and fellowship, service or study, also a home for children of missionaries.

Dr. Mary S. Smiley and Miss Hester Alway, returned missionary in Africa are the prime movers. Some of those interested in the movement are: J. F. Pearson, R. and D. Morte, Dr. J. H. Haddon, W. A. Brown, Mrs. Dr. Royal Dye, all of Los Angeles.—Eagle Rock Sentinel.

ENID DANCING CLUB

One of the youngest and happiest social clubs in Glendale is the Enid Dancing Club, an organization consisting of eighty young people who have banded themselves together for the purpose of enjoying the ever-popular Terpsichorean art. Many of the members have been receiving instruction for some months past and the first dance given by the club last Saturday night was a truly brilliant affair from every standpoint. The executive committee in charge of the first affair given by the club consisted of Mr. and Mrs. Warren Q. Roberts, Mr. and Mrs. A. L. Weaver, Mr. and Mrs. Walter Stamps, Mr. and Mrs. Albert D. Pearce, Mr. and Mrs. Harry H. Parker. Mrs. Parker is secretary of the club.

great host and they came by night and compassed the city about. And when the servant of the man of God was risen early and gone forth, behold, an host compassed the city, both with horses and chariots. And his servant said unto him, alas, my master, how shall we do? And he answered Fear not, for they that be with us are more than they that be with them. And Elisha prayed and said Lord, I pray thee, open his eyes that he may see. And the Lord opened the eyes of the young man and he saw, and behold, the mountain was full of horses and chariots of fire round about Elisha.

We pray that the eyes of Woodrow Wilson, president of the United States and servant of the American people and Christian civilization, may be opened so that he may have the vision to see that the spiritual weapons of righteousness are mightier than the horsemen and chariots of the hosts of carnal warfare, and that he may clearly see the paths leading this nation into peace and away from the bloody highways of war.

If this prayer is answered Woodrow Wilson will not be required to write a supplemental chapter to his "History of the American People" and that one a chapter on War!

The H. L. Miller Co., 409 S. Brand, are conducting free trips to Van Nuys Wednesday of each week in connection with W. P. Whitsett, owner and developer of Van Nuys model five-acre farms. There is considerable building activity in and near Van Nuys just now and much interest in the poultry ranches and model farms has been created by this company. These little ranches have the advantage of being located where an abundance of cheap aqueduct water is available.

The program arranged for the excursionists Wednesday includes a visit to the model hatchery, where 10,000 baby chicks may be seen. The spring activity in this fertile, well-watered valley is an inspiring sight.

This service will be continued each Sunday and Holiday during the Summer months as long as the travel demands.

BASE BALL AT TROPICO

The Hogue Giants and the Albert Cohn's baseball clubs of Los Angeles will play an exhibition game on the Tropico public playground Sunday. Game to be called at 2:30 p. m. The Hogue Giants will be remembered as the colored club that put up the fine exhibition on Verdugo Park grounds two years ago. The Albert Cohn's are a fast team and have been playing good ball this season. The indications are that the contest to-morrow will be a very lively one.

A Long Journey

If you were starting on a business trip, to be away from your home for three months, how careful you would be to leave your checking account and your other affairs in such shape that your family would have the least worry and trouble in your absence.

Yet there are men in Glendale who, if they were suddenly to start on that longer journey, would leave their dear ones with very inadequate provision.

Be consistent! The short journey you may never take—the long one you must. Let me help you to provide for it in the only sure way, by an income policy.

Don't delay—next month, next year may be too late.

AT THE HIGH SCHOOL

GLEE CLUB PLEASES—TENNIS TEAM CHAMPION OF L. A. COUNTY

At the weekly assembly held yesterday in the eighth period, the first part of the program was turned over to the girls' glee club. They rendered three beautiful selections, the first of which was written by Janet Wilson, a member of the harmony class. It was a spring song and was very appropriate for the occasion. Miss Wilson should be complimented very highly upon her wonderful musical talent.

The girls then sang "Glendale High," after which they led the entire school in singing the new school song. As this was "the first time on any stage" for this new song hit, it met with an enthusiastic response from the entire student body.

Mr. Moyses then gave a little speech, wishing every student a pleasant vacation during the next week. This was followed by Mr. Wight's announcement that Glendale High School's tennis team, by virtue of their victory over South Pasadena Thursday, had won the championship of all the suburban high schools of Los Angeles county. This was met with tremendous applause from the students, it taking fully ten minutes for the enthusiasm to subside. Speeches were then called for, but the boys were all modest and could not be coaxed to speak a little for themselves. However, Mr. Moyses, who was present at the championship tournament Thursday, described the match from A to Z. He particularly stressed the consistent playing of the two younger members of the team, Puffer and Crandall. As this is Puffer's first year on the school team, he should be nothing less than a star during the next two years in school. He is the only sophomore on the team, the rest being all seniors.

Miss Fish's two biology classes yesterday wrote up their excursion to Verdugo Park Thursday afternoon. Some of the reports were very interesting, and unearthed several coming scientists. The purpose of the expedition was to collect butterflies, and many beautiful types of orthoptera were found.

Don't forget the baseball game to-day at 2:30 between Glendale and Monrovia.

IMPORTANT MEETING

Hon. L. W. Klinker of Los Angeles will address the people of Glendale Tuesday evening, April 3d, at 8 o'clock at the High School auditorium upon the subject of the Federal Farm Loan, 5 per cent interest, on long time and the Torrens Land Law, titles guaranteed by the state for \$1.00 per transfer, and tell you how to register your property to avoid the probate courts. This able speaker will not only tell you of the good features of these laws, but answers all objections against them. He is well posted on these topics and will give the public much valuable information. Come and bring your friends. It's free to all.—Adv.
