STRONG MEASURES TO END ERIN'S STRIFE

Policy to Employ Force to Restore Order in Ireland

British Lord Chancellor Declares Country's Entire Resources Will Be Brought to Bear to Render Impossible Campaign at Secession.

London, May 19.—The Government's policy, whether the struggle be short or long, would be to employ the whole available force and resources of the kingdom to restore law and order in Ireland, Baron Birkenhead, the Lord Chancellor, announced in the House of Lords to-day.

Considerable military reinforcements have been sent to Ireland, the Lord Chancellor stated, and more would be sent as required. He was speaking with authority and on behalf of the rest of his colleagues, he declared, when he said that if the existing military forces were insufficient the Government would hesitate as little to ask the country for more as it hesitated in the late war.

GRAVE SITUATION IN JUGO-SLAVIA

U. S. Officers Report Economic and Political Conditions As Serious

Vienna, May 19.—Economic and political conditions in the western states of Jugo-Slavia are very grave, according to Dr. C. N. Leach, of San Francisco, and Major Philip Carroll, United States army, who have just returned from an extended automobile trip in those regions in connection with American relief work.

The whole land is full of soldiers and officers openly express the belief that demobilization was only temporary. In Croatia they found food conditions fair, except along the coast but bad in Bosnia and worst in Herzegovina. In Mostar they found actual starvation. Dissatisfaction and unrest are widespread because the people realize the situation is due largely to lack of organized transport and to the extended and growing smuggling and profiteering trade.

SUGAR GOES UP AT SAN FRANCISCO

Trade Price Increased From \$22.75 to \$23.25 a Hundred

San Francisco, May 19.—The price of sugar was increased to-day to \$23.25 a hundred pounds to the trade, it was announced by the California & Hawaiian Sugar Refining Company.

The recent announcement by Attorney-General Palmer that a fair profit under the Lever Act would be one cent a pound on sugar to jobbers and two cents to retailers, would indicate a "fair price" on this allotment to be twenty-six and one-quarter cents a pound.

BOLSHEVIKS CLAIM IMPORTANT SUCCESS ON DVINA RIVER

London, May 19.—The Bolsheviki won important successes over the Poles in passing the Dvina River at Pibotek, in the government of Vitbeck, according to an official statement sent out by the soviet government at Moscow to-day.

FURTHER DECLINE ON PARIS MARKET

Bank of France Official Predicts Reversion to Old Conditions

Paris, May 19.—Another marked decline in foreign currency occurred in the Paris market this morning. The pound sterling opened at 48 francs and the American dollar at 12 francs 50 centimes.

A high official of the Bank of France expressed the view to-day that the sharp decline of the exchange rates meant the beginning of a return to the old conditions, ruled by the law of supply and demand. He considered that the French Government decree prohibiting importations of luxuries from Great Britain and the United States was the starting point, and that other reasons were the result of the Hythe conference, where the settlement of the German indemnity question began to take definite shape.

The exchange market opened to-day with a rush, speculators who had been playing for the rise of the dollar and the pound unloading, while others were busily engaged in trying to stem the tide of the decline.

The dollar closed at 13 francs, 44 centimes and the pound sterling at 51 francs, forty centimes, after the heaviest day's transactions in foreign exchange since the armistice.

Superior Council Will Direct French Railways

Paris, May 18.—The Government's proposed law for the reorganization of its State system of railroads and the five systems operating under Government concession, presented in the Chamber of Deputies to-day, provides for a Director-General, to be appointed by the Minister of Public Works, the director to preside over a Superior Council which will control all the systems, unify the time tables and standardize wages, equipment, rates and operating methods.

Each system is to maintain autonomy under its present management, but is to be subject to control. The Superior Council will be composed of a director-general, less one-fortieth depreciation for each year's operation. If the State-owned systems become a majority members representing the public. There will be financial solidarity through the creation of a common fund for surpluses, to make the deficits and losses. Each system will be allowed a fixed amount of net income and bonus based on earnings above a pre-determined minimum.

Switzerland First Country to Declare Directly for League

Berne, May 19.—The Swiss Government has decided to notify immediately the General Secretary of the League of Nations of the result of the referendum and of Switzerland's definite adhesion to the League.

REVISION OF ANGLO-JAPANESE AGREEMENT

Britain Protecting Herself Concerning Arbitration Treaties

Montreal, May 19.—The Montreal Star publishes the following London cable: "The new Anglo-Japanese agreements will prevent any possibility of Great Britain being drawn into war with the United States in the event of trouble between Japan and America, according to statements from an authoritative source.

The amendment over which Great Britain is mostly concerned is one covering Article Four. This article provides that Great Britain and Japan decline to go to war, in defence of the other, against nations with which they have arbitration treaties.

Enormous Losses Attributable to Strikes in States

New York, May 19.—An incomplete list of direct losses due to strikes in 1919 places the cost to labor in wages at nearly \$75,000,000 and to industry at nearly \$100,000,000.

ULTIMATUM BY POSTMEN

Toronto, May 19. Letter carriers of this city, at a meeting last night unanimously decided to give the Government 48 hours from next Tuesday noon to make the proposed changes in their wages retroactive to April 1, 1919.

REFUSED HEARING

Chicago, May 19.—The United States railway labor board to-day flatly refused to hear petitions for increased wages presented by John Grunau, president of the Chicago Yardmen's Association and officers of other organizations which went on strike recently in defiance of orders from the national railroad brotherhoods.

RUMORS ARE FLYING REGARDING ODESSA

Constantinople, May 19.—(By the Associated Press)—Odessa is still claimed by the Russian Bolsheviki, and rumors of its capture by Ukrainian forces have not been supported by subsequent messages. Allied commissioners here are without official information.

Capture of Odessa by the Ukrainians was reported May 13 and what purported to be official confirmation was received in Paris and London the next day. The British War Office issued a statement, May 14, declaring that reports that Ukrainians had captured Odessa had not been substantiated.

FINANCE MINISTER IS PRESENTED WITH NEWLY MINTED CENTS

Ottawa, May 19.—Canadian cents of the new size were struck at the mint for the first time yesterday. The first two coins minted were presented by the master of the mint to Sir Thomas White, who, as Minister of Finance, brought in the necessary legislation last year.

Poincare Gives His Reasons for Quitting Reparations Committee

Paris, May 19.—M. Poincare's letter of resignation follows: "The conversations which have just taken place between the heads of the British and French Governments seem to me bound to result in relieving the reparations committee of the most difficult part of its task. I do not think, under these conditions, that my presence as head of the French delegation can henceforth be of much use.

DUBOIS SUCCEEDS POINCARÉ AS MEMBER OF REPARATION BOARD

Paris, May 19.—Raymond Poincaré has resigned his membership in the reparations commission. Louis Dubois has been appointed French delegate in his place. As soon as the financial experts in London have attained definite results as to reparations, Premier Millerand and Finance Minister Francois-Marsal will go to London and come to a full agreement with Premier Lloyd George and Chamberlain, says The Echo de Paris, and when Mr. Lloyd George and his colleagues start for Spa, where the conference with the Germans is to be held, Premier Millerand will meet them in Ostend and they will draw up their final plans on the way to Spa.

War Criminals of Germany Summoned to Leipzig Court

Berlin, May 19.—German war criminals on the list recently presented the Government by the Allies have been summoned by the chief imperial public prosecutor to appear before the Supreme Court at Leipzig between June 7 and June 20, according to Tageblatt.

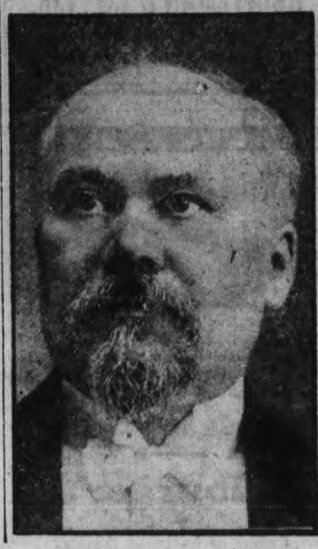

AERIAL CONTESTANTS IN WORLD DERBY MUST FOLLOW COURSE

Paris, May 19.—Aviators and aeronauts taking part in the proposed around-the-world aerial derby will not be permitted to take advantage of the rotundity of the earth and lay their courses far to the North. They must make their flights between the fifteenth and sixteenth parallels of latitude and the prize will be given the flyer who covers the longest distance, according to rules laid down by the committee in control of the race.

IMPORTED MUTTON SLASHES PRICES ON CHICAGO MARKET

Chicago, May 19.—Chicago, meat centre of the world, is eating meat imported from Australia and New Zealand. The price of lamb has been forced down two cents in the Chicago market, packers say, by large importations of frozen lamb from the Antipodes.

HAS RESIGNED FROM REPARATION BOARD; RAYMOND POINCARÉ

Poincare Gives His Reasons for Quitting Reparations Committee

Paris, May 19.—M. Poincare's letter of resignation follows: "The conversations which have just taken place between the heads of the British and French Governments seem to me bound to result in relieving the reparations committee of the most difficult part of its task. I do not think, under these conditions, that my presence as head of the French delegation can henceforth be of much use.

DUBOIS SUCCEEDS POINCARÉ AS MEMBER OF REPARATION BOARD

Paris, May 19.—Raymond Poincaré has resigned his membership in the reparations commission. Louis Dubois has been appointed French delegate in his place. As soon as the financial experts in London have attained definite results as to reparations, Premier Millerand and Finance Minister Francois-Marsal will go to London and come to a full agreement with Premier Lloyd George and Chamberlain, says The Echo de Paris, and when Mr. Lloyd George and his colleagues start for Spa, where the conference with the Germans is to be held, Premier Millerand will meet them in Ostend and they will draw up their final plans on the way to Spa.

War Criminals of Germany Summoned to Leipzig Court

Berlin, May 19.—German war criminals on the list recently presented the Government by the Allies have been summoned by the chief imperial public prosecutor to appear before the Supreme Court at Leipzig between June 7 and June 20, according to Tageblatt.

AERIAL CONTESTANTS IN WORLD DERBY MUST FOLLOW COURSE

Paris, May 19.—Aviators and aeronauts taking part in the proposed around-the-world aerial derby will not be permitted to take advantage of the rotundity of the earth and lay their courses far to the North. They must make their flights between the fifteenth and sixteenth parallels of latitude and the prize will be given the flyer who covers the longest distance, according to rules laid down by the committee in control of the race.

IMPORTED MUTTON SLASHES PRICES ON CHICAGO MARKET

Chicago, May 19.—Chicago, meat centre of the world, is eating meat imported from Australia and New Zealand. The price of lamb has been forced down two cents in the Chicago market, packers say, by large importations of frozen lamb from the Antipodes.

COMMENT UPON TAXATION PLAN

Press Generally Admits Necessity of Drastic Measures to Increase Revenue

Predictions Made That Tariff Revision Proposals Will Interest Budget Debaters

Toronto, May 19.—The result of the form of excise taxation introduced by Sir Henry Drayton will be the retention in the pockets of many already rich beneficiaries of the tariff of large sums that should have been diverted to the public treasury.

Calgary, May 19.—There is little indication of change in the customs tariff. The only assurance we get from Sir Henry Drayton's announcement is that there will be a scientific inquiry immediately after the prorogation of Parliament, to be followed by a scientific revision of tariff in the next session. We may take it for granted that the Unionist and cross-bench representation from Western Canada will draw from the Government something very definite on this subject during the budget debate.

Vancouver Province. Vancouver, May 19.—It is a serious, and in some ways, a brave effort to meet vast financial obligations of those least able to bear them, and without crippling industries and business activities or weakening public or private credit. Half the current expenditure grows out of the war, which implies double taxes, national resources, increased production and population and moderation in unproductive public and private expenditure.

Vancouver Sun. Vancouver, May 19.—The Canadian people have been expecting drastic measures of taxation. They recognize their necessity. Pending detailed analysis the proposals put before the House of Commons by Sir Henry Drayton do not appear excessive. They may actually have a beneficial effect in bringing realization of the gravity of the financial and economic conditions everywhere prevalent. Thrift and economy are the only safeguards against collapse.

Nelson News. Nelson, B. C., May 19.—The Nelson Daily News says that while taxes are seldom popular the new budget should receive the general approval of the country. "It is fair in its incidence, it bears as lightly as is practicable on necessities of life and more heavily but not harshly on so-called luxuries and it is founded on the unquestionably sound policy of making both ends meet," says the News. "It is the same courageous and far-sighted policy as that which is enabling Great Britain to rehabilitate its finances after the enormous stress of the war."

PEACE RESOLUTION

Washington, May 19.—Republican leaders in the House agreed to-day to accept the peace resolution adopted by the Senate as a substitute for the House resolution, and decided tentatively to call it up Friday for final action.

"LIFE FOR A LIFE," SINN FEIN THREAT

Dublin, May 19.—The Evening Telegraph publishes a statement that several Sinn Fein members of Parliament have received letters declaring "an eye for an eye, a tooth for a tooth, therefore a life for a life."

German Police Now in Possession of Frankfurt Barracks

Berlin, May 19.—Security police, consisting of 400 men and forty officers have taken possession of the barracks at Frankfurt as a result of the withdrawal of French and Belgian troops from that city, according to advices received here.

FRANCO-BELGIAN MILITARY CONVENTION

Brussels, May 19.—Conversations relative to a military convention between France and Belgium will begin immediately after the conclusion of the Franco-Belgian agreement concerning the railways of Luxembourg. Marshal Foch will submit a memorandum to the Belgian general staff, it is understood and after preliminary conversations, the Belgian government probably will ask Great Britain to name an officer to participate in the negotiations.

New Tax Revenue is Estimated at About \$80,000,000

Purpose of Government Levy Is Additional Revenue and Prevention of Extravagance; Instructions Issued For Levying of Taxes Now in Force.

Ottawa, May 19.—Instructions for the levying of the new taxes in force to-day have been sent to tax collectors throughout the Dominion. What the revenue will be, Finance Department experts make no attempt to estimate in anything like exact figures, although it is thought that the additional revenue will be between \$75,000,000 and \$80,000,000. The luxury tax is the difficulty. It is admitted that any estimates of revenue from this tax would, in all probability, be wide of the mark. The turnover of goods now liable to tax is not known nor is it known how far the tax will tend to reduce prices within the exempted limit. The purpose of the tax is twofold: more revenue; prevention of extravagance.

LABOR DENOUNCES ATTACK BY POLAND

British Complicity Alleged By Leaders in the Manifesto

London, May 19.—Denunciation of the Polish attack on Bolsheviki Russia and what is claimed to be "Great Britain's complicity in that offensive," is contained in a manifesto issued here by a number of labor leaders, including John Robert Clynos, William Brace, and William Crooks, Labor members of Parliament. The manifesto states the attack of Poland on Soviet Russia means a prolongation of war and chaos, the victory of secret diplomacy and the defeat of the League of Nations.

It concludes by saying: "The temper of the whole labor movement is rising rapidly and labor should see that attacks upon Russia are ended."

WEST SHOULD HAVE VOICE IN OPERATION

Calgary Conference Urges Representation on Railway Board

Calgary, May 19.—"In the opinion of this conference there should be good representation of Western Canadian interests on the board of directors, who may be appointed to govern the affairs of the Western Railway," is the policy of the Canadian National Railways. Moved by W. E. Milner, Winnipeg, seconded by J. F. Kilgour, Brandon.

"In the opinion of this conference freight rates westward should be based on apparently the same mileage rates as those eastward and full advantage should be taken in fixing the rates of the reduced cost of operating Government lines which have easy grades to the Pacific coast." Moved by W. E. Payne, Vancouver, seconded by G. B. Armstrong, Merritt, B. C.

By almost unanimous vote the foregoing resolutions were carried yesterday afternoon by the conference of Boards of Trade of Western Canada in session in this city. A resolution urging the establishment by the National Railways of Western executive offices was withdrawn.

Finland to Meet Agents of Soviet at Danish Capital

Copenhagen, May 19.—Finland will soon send a peace delegation to this city to meet representatives of the Russian Soviet Government, according to the Berlingske Tidende.

ELECTION OF BISHOPS

Des Moines, Ia., May 19.—Election of white bishops for the Methodist Episcopal Church was completed to-day by the general conference. Dr. C. E. Meacham of Denver, was chosen on the ninth ballot, his vote being 553 with 546 necessary to elect.

Foch Warns France to Be Prepared for War

Paris, May 19.—Warnings that France must, in the midst of peace, make preparation for future wars was uttered by Marshal Foch, who presided at the annual meeting of the Polytechnical School for army engineers to-day.

BRITAIN IN CONTROL OF OIL RESOURCES

Control Increased. From 12 to 56 Per Cent. During the War

Washington, May 19.—Interest of the United States in the race for the oil supply of the world, as embodied in the report of the State Department submitted by President Wilson to the Senate has arisen from the alarming depletion of oil reserves in the United States.

While this country contributed 69 per cent. of the oil supply of the world, 40 per cent. of its producing wells are permitted to produce, according to official estimates, oil reserves remaining in the United States are not expected to last twenty years.

Of the reserves in this country foreign interests control but four per cent. despite the fact that the United States is the only oil-producing country in which citizens and foreigners are permitted to participate in oil production on even terms.

Notwithstanding this "open door" policy, officials said American interests are excluded in Australia, Barbados, British East Africa, British Guiana, Burma, Dutch East Indies, Egypt, France, Algeria, India, Japan, Mesopotamia, Palestine, Persia, Trinidad and the United Kingdom. In Mexico, which ranks second in oil production in the world, and thereby controls the "balance of power," according to official estimates, American concerns hold controlling interests in 50 per cent. of the producing fields.

Potential interests of the British, however, have shown a steady increase throughout the world since 1914. At the beginning of the war British control was estimated at only 12 per cent., while to-day the British Admiralty is said to reckon it at 56 per cent.

CENSUS DISCLOSES EXCESSIVE BREAD RATION IN VIENNA

Vienna, April 28.—(By Mail. Associated Press)—While the recently completed city census showed Vienna to have a population of approximately 1,800,000, it has been discovered that over 2,000,000 bread tickets are in circulation. The loss on this excess ration is estimated at 1,000 car-loads of flour a year.

The explanation is that families fail to report deaths or departures of members to obtain the additional ration for themselves or sell the tickets to the left-hand trade. The matter has been placed in the hands of the police for investigation and remedy.

MADRID INTERESTED IN FAN EXPOSITION

Specimens Show Development of Art in Three Centuries

Madrid, May 1.—(By Mail.—Spanish cities are intensely interested in an exposition of fans to be held here this month. More than 400 beautiful specimens showing the development of the art of fan making in the last three centuries have been entered in the exposition. Queen Victoria was among the first to offer her support for the exposition and to participate in it. Others of the Royal House, including the Queen Mother, the Infants Isabel and Luisa, the Duchess of Talavera and nearly every titled woman in Spain followed her example.

CANADIAN REPRESENTATIVE.

Ottawa, May 19.—In reply to P. R. Du Tremblay Laurier-Outremont, in the House yesterday afternoon, Sir Robert Borden announced that Canada would have a representative present at the final conference to determine the disposal of war indemnities to be paid by Germany.

GENEVA SEAT OF LEAGUE ASSEMBLY

Permanent Commission Appointed to Regulate Armaments

Rome, May 19.—As a result of the Swiss referendum the Council of the League of Nations decided Monday to select Geneva as the seat of the league assembly.

The Council appointed a permanent commission on armaments to formulate regulations which all nations proposing themselves for membership in the league will be required to conform.

Bolivia and Pacific. Buenos Ayres, May 19.—Responding to a Bolivian memorial to the Council of the League of Nations which Bolivia has granted a pacific port, the Council has decided that it will not intervene because it is a purely American question, says a dispatch from Rio de Janeiro, quoting the Journal do Commercio. The dispatch adds that the Council has advised the three nations concerned—Bolivia, Chile and Peru—to seek arbitration of Brazil.

NAVY TO ENSURE COUNTRY'S SAFETY

First Lord of Admiralty Defends Government's Naval Policy

London, May 19.—(Canadian Associated Press)—Navy estimates for the new fiscal year under discussion in the House of Commons Monday, answered a running criticism from a comparatively small number of members anxious to secure reduction of the various votes. Hon. Walter Long, first lord of the admiralty, in reply declared that, "our sea command showed the same reduction as the Admiralty, but the Government was determined to do nothing to risk the navy being brought down below the margin which the Admiralty had laid down for the country's safety. He also said the Admiralty was considering removing obstacles in the way of promotion from the lower deck to commissioned rank, to which Rt. Hon. George Barnes, a former Labor member of the Cabinet, retorted:

"A lower deck boy has as much chance of getting commissioned rank as I have of entering the Kingdom of Heaven."

Almost simultaneously, Admiral Lord Jellicoe at the Guildhall, was referring to his tour of the Dominions. He said: "It is an Empire of which not only the inhabitants of these islands are proud, but those of the Overseas Dominions also. Our sea command depend on the British navy and the navies of the Dominions which may be brought into existence to help the British navy. It is our duty to see that we are supplied in every weapon calculated to safeguard our communications."

Faint and Dizzy Spells Weakness and Shortness of Breath

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak, sinking, all-gone feeling, choking sensation, etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy condition as Milburn's Heart and Nerve Pills.

Mrs. G. A. S. Drake, Paris, Ont., writes:—"I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto.

DEPRIVES POWER TO FIX REPERATION, SAYS PARISIAN PAPER

Paris, May 18.—The San Remo and Elysee Conferences, says L'Éclair, to-day, resulted in depriving the reparations commission, in fact if not law, of the sovereign power to fix the amount of damages to be paid by Germany.

"It was indeed what Mr. Lloyd George was aiming at," the newspaper adds. "The British Premier saw with discontent and anxiety M. Poincaré, whose prestige and authority he feared, accept the presidency of that commission."

RAILWAY NORTH OF GREAT SLAVE LAKE

Ottawa, May 19.—(By Canadian Press)—Permission for the construction of a railway north of the Great Slave Lake to take care of reported oil finds, was agreed to by the railway committee of the Commons yesterday.

CARRANZA SAW CAUSE WAS LOST

"We Are Lost," Final Words on Taking Flight

México, May 19.—"We are lost! Goodbye Gentlemen." These were Carranza's final words before his flight from the besieged trains in the early afternoon of May 14 while pausing momentarily before a crowd of terrified civilian refugees a few miles east of San Marcos, accompanied by a few intimates and guarded by what the special dispatches term "a very small cavalry force."

The fugitive President crossed the narrow valley, stopped for a few moments to watch the liberal revolutionary forces occupy the stalled trains, then disappeared among the mountains. It is believed certain that Carranza is heading northeast toward the coast by way of Coahuila de Perote, with the intention of boarding a steamer at some small port and escaping from the country. An inventory of National funds aboard one train shows a great quantity of gold and silver bars but scanty stores of little minted coin. A motor truck load of gold coin which the Carranza party attempted to carry off broke down and the soldiers appropriated most of it.

With more than 2,500 prisoners already counted, it is believed that the strong force which Carranza took from the capital has been completely scattered.

EX-SERVICE MAN ADMITS ROBBERY IN SOUND CITIES

Tacoma, May 19.—T. C. Harley, an ex-service man, yesterday confessed to the robbery of twenty-one homes and stores in Tacoma and four in Seattle the police said. He has promised to make a tour of the city with officers and identify the places he robbed. Harley was recently arrested and charged with assaulting his wife. A note to his wife sent from the jail and intercepted by the police led to the finding of several thousand dollars worth of loot in his home. He is thought to have disposed of many valuables, including numerous diamond rings.

Cleans Thoroughly—
Polishes Brilliantly

THE remarkable, beautiful effect obtained from the O-Cedar treatment, is due to the fact that O-Cedar "cleans as it polishes."

It is important that all dust and grime be removed from any surface, in order to give it that lustre which is something more than a mere surface polish.

This O-Cedar accomplishes. A few drops of O-Cedar on a wet cloth will form a soft lather that removes all scum and dust.

The final operation consists of a brisk rub with a dry cloth. The result is all that could be desired—a hard, dry lustre on furniture and floors; a dazzling radiance on your automobile.

O-Cedar Polish, 25c. and 50c. a bottle; \$1.25 and \$3.00 a can.
O-Cedar Polish Mop, without handle, \$1.50. The handle, 54 inches long, is 25c. extra.

Both Polish and Mop at your Hardware or Grocery Shop.

BRUSILOFF REPORTED NOW IN AUTHORITY

Military Coup Rumored at
Russian Soviet
Capital

London, May 19.—General Alexis Brusiloff, former commander-in-chief of Russian armies under the Imperial regime, has for the time being virtually assumed the supreme authority formerly wielded in the Russian soviet government by Nikolai Lefine and other people's commissaries, according to a statement printed this morning by The Daily Telegraph.

This would seem to confirm a recent dispatch to the Associated Press that the military authorities in Russia were about to assume the powers formerly in the hands of officials of the Bolshevik regime in Moscow. Rumors that a military coup had been sprung at the Russian capital have been current several days.

BILL TO RESTORE FREE PRIVILEGES TO AMERICAN COASTERS

Washington, May 19.—Senator Borah, Republican, Idaho, yesterday introduced his bill to restore free toll privileges to American coastwise vessels using the Panama Canal. It was referred to the inter-oceanic canals committee without discussion.

The bill would repeal the law passed at President Wilson's request in 1914 placing foreign and American vessels on an equality in toll charges.

SOCIALIST PARTY ASKS RELEASE OF OBJECTORS

Washington, May 19.—A committee appointed by the Socialist party called on Secretary Baker yesterday to present a memorial asking for the release of conscientious objectors still held in prison.

MURDERER ENDED LIFE.

Greenville, Ill., May 19.—Harley O. Beasley, twenty-five years old, alleged murderer of his wife and two boy babies, yesterday committed suicide over his wife's grave in Bethlehem cemetery three miles north of here.

Beasley had been hunted by about thirty possesmen almost continuously since last Friday.

The Portuguese Government, on the proposal of the Minister of Commerce are starting rapid works preparatory to the establishment of a line of steamships between Portugal and the ports of North Brazil, utilizing the tonnage of the Portuguese fleet.

WORKING TO RELEASE CONVICTED STRIKERS

Aim More Likely to Be Accomplished by Reasonable Action

Winnipeg, May 19.—Speaking at a meeting of the Trades and Labor Council last night, Ernest Robinson, secretary, stated that Hon. Gideon Robertson, Minister of Labor, had declared there was more chance of the convicted strike leaders being released as a result of calm, reasonable action on the part of organized labor than as a result of wild resolutions and acts.

Mr. Robinson said he could quite well imagine that this was a logical course for the Government. He would make bold to say that in the event of any organization which had the law as it was behind it, being attacked, it too would prefer to wait until the storm had spent itself and the critics were in a good mood for calm and quiet discussion.

NEWS AND NOTES OF THE MINES

To Supply Belgium
A contract has been concluded between the Belgian and British Governments by which Belgium will receive from Australia 240,000 tons of raw zinc to be delivered within a maximum period of two years.

Kootenay Mining Activity
With water plentiful, and the season now advancing, the mining properties on Kootenay lake are getting under way for the season, one after the other, and as the snow recedes, the area of active operation will constantly enlarge.

The Florence mine at Princess creek is running its mill two shifts, and is working a big mine crew to provide the ore.

At Riondel, the Blue Bell has also got under way, and will soon be operating full force.

It is understood the Cork-Province, on Kaslo creek, is preparing to start up about June 1.

A season's work on the Panama, which H. Gieserich has under development, will also commence about the same date, Nelson News.

Trail Shipments
During the 16 days ending with May 7, receipts of ore at the Trail Smelter amounted to 12,191 tons, bringing the total receipts for the year to date up to 98,741 tons of ore and concentrates.

The concentrates in the total amounted to 3,358. New shippers during the period, so far as the present year is concerned, were the Kirby and the Blue Bell, of Riondel, the McAllister, of Three Forks, the Wellington of Beaverdell, J. Beber, of Alamo, and a Washington property, the Paragon, of Rock Cut.

Losses on Appeal
A decision given the Federal Mining & Smelting Company, of the Coeur d'Alene lead and silver district in Idaho, title to \$500,000 worth of ore alleged to have been extracted from beneath certain holdings of the Star Mining Company, was reversed by the United States circuit court of appeals at San Francisco, Monday.

The Star Mining Company had sought in the lower court to enjoin such extraction, holding that its Evening Star and Mary R. properties were being encroached upon. The lower court decided against the Star company and the case was appealed.

The defendant company had held that the ore vein in question had apexed in its own Grouse and Iron Crown holdings. The court held today, however, that the priority of the Grouse patent did not determine the question of the priority of the discovery of the vein. The Grouse patent was held to have determined only a surface right.

Leading mining experts from all parts of the country had participated in the action. It developed in the course of the hearing that one claim of the Federal company, which had no connection with the case had produced between \$25,000,000 and \$30,000,000 since it was opened up.

WHAT THE CLUBS ARE DOING

Milk Question.
The Vancouver Rotary Club at their weekly luncheon yesterday were the guests of J. W. Berry, president of the Fraser Valley Milk Producers' Association, and Rotarian Guy Clark. At the company's plant, over 200 members being in attendance. Following a luncheon which closely resembled that of Christmas in abundance of eatables, President Berry gave a long talk on the work of the farmers in supplying the public with fresh milk, after which Miss Master, dietitian of the company, spoke on food values.

MOTHER SUPERIOR OF ROSARY HILL HOME

Tells How Vinol Restores
Strength and Vitality
to Weak, Run-down,
Nervous People

She says: "For eighteen years I have been at work among the sick and poor and have used VINOL for weak, run-down, emaciated people with excellent results. One young woman when she came to me was so weak she could hardly creep to my door, and so changed in a month by taking VINOL I hardly recognized her, she had improved so much. I cannot recommend VINOL too highly for such conditions. These words are uttered from my heart in order that more people may know about VINOL."—Mother M. Alphenssa Lathrop, O.S.O., Hawthorne, N. Y.

Such testimony as this should convince every one of the value of VINOL. The reason it is so successful in such cases is because it contains the finest building and medicinal elements of cods' livers, without oil, aided by the blood making, tissue building and strength creating properties of iron, beef peptone and hypophosphites.

It creates hearty appetite, aids digestion, enriches the blood, with thousands of red blood corpuscles, and in this natural manner imparts health, strength and vitality to every organ, muscle and tissue of the body. Why not try VINOL on your druggist's guarantee?

VANCOUVER ISLAND NEWS

New Alderman.
Nanaimo—By ballot of the aldermen, E. H. Stannard, who is proprietor of a feed warehouse on the wharf front and resides on the Townsite, has been elected alderman of the North Ward to take the place of Alderman Thos. Hodgson, who resigned to contest the Mayoralty. The other applicants were: Evan D. Jones, Charles Wilson and E. C. Barnes.

Local Council.
Nanaimo—At the monthly meeting of the Local Council of Women held Monday afternoon in the G.W.V.A. Hall, Mrs. McMillan gave a report of the Provincial Executive meeting in Victoria, and Mrs. T. W. Martindale and Mrs. T. Spencer of their visit to the Boys' Industrial Home at Point Grey. A resolution of appreciation of Mr. Brankin, the superintendent, was heartily passed, as also commendation of the Government of its recent legislation regarding women and children. Meetings of the Council will be discontinued during July and August, the first business in the Fall will be the registration of women voters.

Memorial Hall.
Tenders are invited for the construction of the Memorial Hall for the Great War Veterans, to be built on the corner opposite The Islander office, Cumberland.

The plans as prepared by Architect W. A. Owen, C. E., calls for a one-story building having a frontage of thirty-eight feet on Dunsmuir Avenue and extending back forty-four feet.

Visit Collieries.
Cumberland—James M. Savage, General Manager of the Canadian Collieries (Dunsmuir) Limited, accompanied by Mrs. Savage, Mrs. Thomas Gore and Mrs. A. C. Flumserfelt, arrived from Victoria on Friday and are guests at Beaufort House, the official residence of the Canadian Collieries.

Inflammatory Rheumatism Cured by B. B. B.

Rheumatism is a constitutional disease, caused by the uric acid in the blood. It manifests itself by pain and lameness attacking the muscles and joints of the body, which often swell and become hot and inflamed. Anyone who has suffered month after month, and perhaps year after year, with rheumatism, and who has tried remedy after remedy in the hope of relief, and without success, should not give up hope.

Burdock Blood Bitters, by invigorating the digestive organs and eliminating the uric acid from the system, will give prompt and permanent relief.

Mrs. D. Barry, Furibrook, Ont., writes:—"I feel it my duty to let you know of the great benefit my husband derived from using your Burdock Blood Bitters. He had been suffering for the past two years with inflammatory rheumatism. He tried many medicines but got no better. A friend advised him to take B. B. B. He did so, and after taking five bottles he felt like a new man, and was able to go to work the same as ever."

Burdock Blood Bitters has been on the market for over 40 years. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

A negro doughboy was clad in white pyjamas one night, when the camp was surprised by German bombers. Everybody headed for his own dugout, and Sam had some distance to travel. "What did you do?" he was asked the next morning. "Oh, dat was easy," he replied. "De good Lord, dis is sinime de bes' cammyfadge in de world. I dropped dem pyjamas right when I stood an' made de res' o' de trip in my birthday clothes."

And well it should, for water sports number among the most healthful of outdoor exercises.

Offered at moderate prices in this timely display are scores of chic bathing suits in many gay colorings and good qualities.

At **\$3.90 to \$9.75**

DR. TREUB DEAD.

Dr. Hector Treub, accounted the most eminent gynaecologist in the Netherlands, is dead. Dr. Treub published numerous articles during the war in the Amsterdam Telegraaf, in which he condemned the German action in the most scathing terms. He also initiated a movement in the Netherlands to free Dutch science from German influence and to do away with German scientific books.

Dr. Treub was born in 1856, and studied at Leyden University, where he received his degree as doctor of medicine when only 22. Before his 30th year he had received two offers of a professorship, one for skin diseases, the other for ophthalmology. In 1886 he became lecturer in obstetrics at Leyden University, where he made the women's clinic very noted. In 1895 he accepted a similar appointment of the Amsterdam University on condition that a new clinic for women was established.

There were so many applicants at Westbury, Wiltshire, England, for houses erected by the authority that a draw took place from a captured German helmet to decide who should be tenants.

Bears the Signature of *Dr. H. Treub*

GASTORIA For Infants and Child. In Use For Over 30 Years.

Victoria Daily Times

WEDNESDAY, MAY 19, 1920. Published every afternoon (except Sunday) by THE TIMES PRINTING & PUBLISHING COMPANY, LIMITED

NEW TAXATION.

In the House of Commons yesterday Sir Henry Drayton outlined his proposals for the ultimate reduction of this country's gigantic financial obligation.

But there will be divided views as to what may be rightly designated luxuries. For instance, we are of the opinion that the figure at which shoes and men's clothing must yield the ten per cent. for the State should be higher.

There are many commodities included by Sir Henry which very properly should bear the additional impost if only to discourage a brand of extravagance which appears to have become an obsession with a large number of people.

Indeed, in connection with the enormous increase of imports from the United States during the fiscal year under review it would be interesting to know how much of that increase is represented by automobiles.

With these exceptions, however, the new imposts must be taken as part of the price Canada had expected to pay. To a very large extent, Sir Henry's proposals may jolt the public conscience into a realization that rigid economy on the part of the private individual as well as the nation as a whole are the primary remedies essential to reduce the load under which the country is now staggering.

TARIFF REVISION.

Immediately after prorogation of the Dominion Parliament public sittings for tariff revision will be held throughout Canada.

From Sir Henry's statement it will be observed that the estimated revenue for the current fiscal year is placed at \$388,000,000 and the estimated expenditure, including that required for demobilization purposes, at \$550,649,428.

when conditions were very largely influenced by the more immediate needs of demobilization.

How urgent is the need for tariff revision is reflected in the fact that customs receipts are expected to provide no less a sum than \$169,000,000 towards the aggregate estimated revenue from all sources.

Only by the adoption of a policy of more direct taxation will Canada's dependence upon her customs for revenue be relieved.

WAR CUSTOMS DUTY REMOVED.

Sir Henry Drayton announced to the House of Commons yesterday that he proposes to remove the seven and one-half per cent. war customs duty from all the remaining items unaffected by last year's partial elimination of this particular source of revenue.

One effect of its removal should be the development of more active trade relations between this country and the Motherland, in spite of the equal application of relief to the United States and Great Britain.

Indeed, in connection with the enormous increase of imports from the United States during the fiscal year under review it would be interesting to know how much of that increase is represented by automobiles.

NOTE AND COMMENT

When the people of the country have fully digested the proposals made to the House of Commons by the Minister of Finance yesterday it very probably will be patent to the majority that the older systems of taxation are rapidly becoming obsolete.

OTHER NEWSPAPERS' VIEWS

POLITICAL CHANGES IN CANADA.

The crust of the political globe seemed to have caked, on the whole, almost as hard and cool as that of the elderly earth. It would not be common sense to suppose that no psychological change of any moment has been wrought by a passage from that substantially stable world into a world in which the three great empires of Continental Europe have been ground to dust like Ypres.

LARGE INCREASE IN PLACEMENTS MADE

Report on Labor Conditions Throughout the Country

Reports from over 5,000 employers in the Dominion Headquarters of the Employment Service of Canada, the Department of Labor, indicate that during the week ending April 17, as compared with the week ending April 10, there was a large increase in the volume of employment during the week ending April 17, as compared with the preceding week.

When analyzed by Provinces the returns indicated a marked increase in New Brunswick, only, the decline there being nominal in character.

The following industries registered net increases in the number of persons employed during the week of April 17, as compared with the returns for the preceding week were as follows: Logging, building and railway construction, lumber and its products, clay, glass and stone products, far goods, n.e.s., pulp and paper products, rubber goods, textiles, wood distillates, miscellaneous manufacturing industries, hotels and restaurants, personal services, telegraph operation, retail and wholesale trade, local and railway transportation.

Plus Industries. The following industries registered net increases in the number of persons employed during the week of April 17, as compared with the returns for the preceding week were as follows: Logging, building and railway construction, lumber and its products, clay, glass and stone products, far goods, n.e.s., pulp and paper products, rubber goods, textiles, wood distillates, miscellaneous manufacturing industries, hotels and restaurants, personal services, telegraph operation, retail and wholesale trade, local and railway transportation.

Minus Industries. The following industries registered net declines in the number of persons employed during the week of April 17, as compared with the returns for the preceding week were as follows: Edible animal products, edible plant products, leather and leather goods, non-ferrous metal products, metallic ores, telephone operation and water transportation.

Increased Staffs. In comparison with the figures for January 17, the base week, (which it should be noted, practically coincides with the close of the fiscal year, 1919-20) increased staffs were reported in building and railway construction, lumber and its products, clay, glass and stone products, far goods, n.e.s., pulp and paper products, rubber goods, textiles, wood distillates, miscellaneous manufacturing industries, non-metallic minerals other than coal, hotels and restaurants, personal services, telegraph operation, local, water and railway transportation.

Grade 1—Those who had attained the full normal standard of health and strength and were adjudged capable of enduring physical exertion suitable to their age. They amounted to 38 per cent. of the total.

Grade 2—Those capable of only such exertion as does not involve severe strain. They amounted to 22 per cent.

Grade 3—Those presenting marked disabilities or such evidence of past disease that they were not considered fit to undergo the physical exertion required for the higher grades. They amounted to 21 per cent.

Grade 4—Those totally and permanently unfit for any form of military service. They amounted to 19 per cent.

Influence of Occupation. An analysis of examinations of different groups of men between 18 and 25 years of age in one large and important district (Yorkshire) was made with a view to revealing the influence of occupation. Miners and agriculturists showed the best results. In the London area it was found that respiratory diseases, particularly pulmonary tuberculosis, showed an enormously high percent-

**G. W. V. A. OPEN
NEW HOME HERE**

Musical Programme and
Dancing; Form Langford
Branch

Returned soldiers members of the G. W. V. A. are formally opening their new club rooms in the old five-story Knights of Columbus Hut on Fort Street, just above Douglas, today.

Lieutenant-Governor Prior and Brigadier-General Ross, G.O.C., gave the opening addresses this afternoon. Mrs. Horace Hamlet and Miss Dorothy Horrell sang. The president of the women's auxiliary and the president of the G. W. V. A. also spoke.

To-night a musical programme with soldier dancing is to be the feature. Comrade W. G. Stone will be in charge. Mrs. Foot's children's orchestra has been assembled for to-night by Mrs. Palmer and Secretary Roberts. Miss Isobel Taylor, Tom Kelway, Mrs. J. B. Weston, Tom Obee, Miss Beatrice McDonald, Miss P. Palmer, H. Roberts, Miss Carter will all give musical numbers.

Comrades Axon and Stone, with Comrades Tait and Food as alternates, were appointed last night as delegates from the Victoria G. W. V. A. to the provincial convention at Fernie on June 4 and 5. The Victoria delegates will be instructed at a meeting next Tuesday night.

A branch of the G. W. V. A. is being organized at Langford by Walter Drinnan, provincial secretary, of Vancouver, who is here.

CONSERVATIVES LINE UP

New Organization Completed With
Old Guard Eliminated.

Conservatives of Victoria completed their party reorganization and the elimination of the "old guard" at their headquarters in the Arcade Building last night.

In the reorganization the ward system is abolished and a central executive of fifteen, under J. O. Dunford, president, put in charge of the destinies of the party in the city as a whole. An advisory committee of fifteen with the officers will assist in the administration. The annual meeting date is to be the first Tuesday in February.

Meetings with social features to attract the crowds will be started when W. J. Bowser, K.C., Conservative leader, returns to Victoria.

These committee chairmen were appointed: Finance and hall, H. R. Savage; organization, Col. Lorne Ross; press and advertising, W. Duck; speakers and meetings, J. L. Beckwith.

Those who spoke last night were: Col. Lorne Ross, R. W. Perry, R. Jenkins, Maj. Bullock Webster, Alderman Andros, Frank Andrews, H. W. R. Moore. Fathered by R. W. Perry, a resolution of confidence to the widow of Peter Gardner, a long-time Conservative, was passed.

**SAYS ITS HER DUTY
TO TELL THE FACTS**

Mrs. Shaw Would Help Others
By Giving Her Experience
With Tanlac

Mrs. Frank Shaw, who lives at Jubilee, near Vancouver, is yet another British Columbian woman whose deep sense of gratitude and desire to benefit others will not permit her to remain silent regarding the wonderful results she has obtained from the use of Tanlac, Mrs. Shaw said:

"When I started to take Tanlac a few weeks ago I was so weak and nervous that I would jump and tremble at the least bit of noise, and the sudden slamming of a door would almost make me scream. I had been ailing more or less for about six years, and on two occasions had complete nervous breakdowns. I had little or no appetite, and scarcely eat enough to keep a child alive, but the little I did eat would sour in my stomach, and the pressure of the gas that formed caused sharp pains in the region of my heart especially when I breathed. I was always constipated, and also had such pains across the back that I could hardly move around the house to do my work. I hardly ever had a good night's sleep; often I would be awake for hours and next day would be limp as a rag. Although I tried many different kinds of medicine I never found anything to do me any good until I took Tanlac.

"But from the time I took the first dose of Tanlac I picked up rapidly, and now after taking six bottles I can honestly say that I haven't enjoyed such good health for years past. I am hungry all the time, and always glad when mealtime comes. I can eat just anything I wish, and never have any signs of indigestion. Headaches and pains in the back are things of the past, and I really feel like an entirely different woman. I am not at all nervous now; no matter how much noise goes on around me, it never worries me the least bit. I sleep soundly every night, and get up in the morning feeling just fine. I shall always be grateful for what Tanlac has done for me, and am glad of this opportunity of recommending it to others."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

Y.W.C.A. CONFERENCE TO BE HELD AT BANFF

The first western city Y. W. C. A. conference to be held west of Winnipeg will take place at Banff on July 1-10. It is expected that a number of the opportunities offered to make the trip, and participate in a very interesting gathering.

HEARS ADDRESS ON MILK DISTRIBUTION

School Nurse Presents a Report to Dr. Jones Chapter

The value of the distribution of milk at the new lunch room at the Boys' Central School was shown in an interesting report submitted by Miss Grimmer at the monthly meeting of the Dr. O. M. Jones Chapter, I. O. D. E., on Tuesday night.

A report on the distribution of milk in needy homes was given by Mrs. P. M. Bryant, showing the benefit to ill-nourished children. The April expenditure was \$88, and the collection from milk cans \$34. The hope was expressed that the public would continue to support this worthy fund.

Plans for a garden fete on the first Saturday in July were discussed. Members were urged to sell tickets for, and to attend, the Students' Welfare League dance, part of the proceeds of which will be given to the much-needed milk fund.

The next sewing meeting will be held on Tuesday evening next, May 25, at the house of Mrs. M. W. Thomas, 235 Howe Street. All members are urgently requested to be present.

VIVID SKETCH OF "SOUL OF FRANCE"

Splendid Patriotism of 'Her Women Told by Madame Sanderson-Mongin

"The Soul of France," embodied in the talent, wit, patriotism and charm of the French woman was the subject of a delightful address by Madame Sanderson-Mongin before the Women's Canadian Club at the Empress Hotel on Tuesday afternoon.

Famous Names. Sketching briefly the history of such outstanding names as Jean d'Arc, Genevieve, Mme. Roland, Marie Antoinette, Catherine de Medici, Diane de Poitiers, Mme. de Maintenon, Mme. du Pompadour, Mme. de Stael, Mme. Juliette, and Sarah Bernhardt, the women of earlier days to those of modern times, the speaker touched briefly on their influence on the affairs of their day.

In regard to the feminist movement Madame Sanderson stated that the principles had always existed in France where the woman in support of her contention the speaker dwelt on the business ability of the Frenchwoman, and told how the industrial world she was partner with her husband.

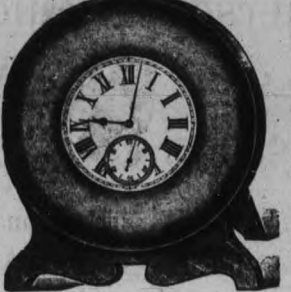

Her Intense Femininity. How the French woman had kept pace with the evolution of her country, still keeping her intense femininity, from peasant girl to queen, concluded the speaker's theme. No matter if at one time the country had become decadent, she said, there was always a glimmer of soul, when France emerged heroes, and her women heroines. In the war—it was always "la guerre sacrée," the sacred war, said Madame Sanderson, referring briefly to the terrible time when with clenched teeth and blanched faces French women of all classes watched their men entrain for the fighting line.

In the French social world Madame Sanderson referred humorously to the conservatism encouraged by the advent of the salon. It is talk, not chatter, and there is a difference," said Madame, while her audience smiled appreciatively.

Value of Bicycle. How the bicycle had to a certain extent been a medium for more companionship between boys and girls was another point dwelt upon by the speaker. In connection with the equality of the sexes, the speaker noted that practically all professions were open to Frenchwomen.

A cordial vote of thanks was extended to Madame Sanderson, proposed by Mrs. Whitty, and seconded by Mrs. Kaye. Mrs. Jenkins, who presided, added a few words of appreciation on behalf of those present. An appropriate and well-sung rendition of La Marseillaise was given by Mrs. Shearer. Miss Clarissa Davies sang acceptably Madame's "Elegie" and Mrs. Downard and Miss Shirapel were accompanists.

WERE GUESTS OF HONOR AT VANCOUVER

Lady Kindersley and her daughter Miss Margaret Kindersley were guests of honor at a large gathering of the Women's Canadian Club in Vancouver at luncheon on Tuesday at the Hotel Vancouver.

men had never forgotten their ideals and traditions, but had proved wherever they went that Britain stood for order. The toast was seconded by Mrs. A. U. de Pencier, wife of the Bishop of New Westminster.

PLAN DRIVE FOR Y. W. C. A. BUILDING

A public campaign to raise funds for a fine new Y. W. C. A. building which will provide the accommodation for the increasing activities of the association greatly need will shortly be inaugurated. It is understood that definite plans to lay before the public with a view to enlisting popular support will be included in the work of the association for the year following the annual meeting which will be held next Friday night.

The board of directors realize that the association is worthy of a home which will offer the members more facilities for recreation, and the social intercourse which forms so large a part of the association's policy. The members are anxious to see that it is determined that with the liberal support and sympathy which the Victoria public has always shown that it will not be long before Victoria will see fit to provide for the young women of the city as fine a building as that enjoyed by the Y. M. C. A.

The girls at present have no gymnasium, and no swimming pool of their own. They are using to capacity the limited accommodation now available, and there is no doubt about the demand for extended quarters. There is also a need of increased housing accommodation for residential girls. This in particular is felt to be a very necessary provision for young women coming to the city, and in view of the probability of an influx of immigrants at this summer the shortage of rooms will be acutely felt.

At present the "Y" quarters in the Stobart-Pease block can only give sleeping accommodation to thirty-five women. The Edmonton branch has launched a campaign for a \$150,000 building to keep pace with the needs of the association. Not only the present, but the future must be considered, say those who have the plan in hand. While Victoria may not need so large a building as do the bigger cities, the directors feel that there should be afforded all the recreational and physical benefits which accrue from a modern, up-to-date building.

MISS ALICE OLIVER TO MARRY SHORTLY
Hon. John Oliver and Mrs. Oliver announce the engagement of their eldest daughter, Alice, to Mr. Charles E. Callow, of Seattle, and formerly of Victoria. The wedding will take place on June 26 at the First Presbyterian Church.

BRIEF LOCALS

Saanich Health Centre. - The Saanich Council last night examined a number of plans for the proposed Health Centre at Royal Oak, but deferred action until a later meeting, in order that the views of Dr. H. E. Young, Secretary of the Provincial Board of Health, and representatives of the Victorian Order of Nurses, may be secured.

School Sports at Willows. - The Saanich Council last night agreed to donate \$50 towards the prize list of the Children's Sports which will take place at the Willows on Friday, May 21. It was for this purpose that the action of the Board of School Trustees, and the application was referred to them when Councillor Pim's amendment to that effect carried over Councillor Dooley's motion that a grant be made.

Lectures on Ireland. - J. G. Brown delivered a most interesting lecture at St. Columba's Presbyterian Church, Oak Bay, last night on the subject of "Ireland, in Song, Picture and Story." Mr. Brown's remarks showed a wide knowledge of his subject, gained by extensive travels in Ireland. Besides giving his audience an excellent idea of the habits and customs of the people and of conditions in the country he also dwelt for a time on the Home Rule question. A large number of beautiful lantern slides added much to the lecture.

Forward Movement Meeting. - A meeting of St. John's Church congregation will be held this evening in the schoolroom, Mason Street, for the purpose of organizing to carry on the work of the Forward Movement. It is expected that there will be a large attendance on the part of the members of the church, and each parochial organization is asked to have representatives present. Mr. Ross Sutherland, chairman of the Diocesan Laymen's Executive Committee, will be present and address the meeting, outlining the various methods and plans for continuing the spirit of the Forward Movement.

Public School Magazine. - Announcement of the prize winners in the latest issue of The Public School Magazine now off the press. The winners are Winifred Durrant, Winnie Dodd, Phillip Kitley and Miriam Campbell. Their poems, which display a great deal of real ability, are also published. Considerable space is devoted to sports, especially the athletic competitions to be held at the Willows, May 21. The domestic science section of the admirable paper is particularly interesting at this season, containing as it does hints on the preparation of picnic baskets.

Expression of Thanks. - The trustees of the Victory Relief Fund beg to thank the Ex-Service Council, representing the A. and N. Veterans, G. W. V. A., British Campaigners and officers to be Lieutenant-Colonel and command the brigade, March 9, 1920, 50th Regiment, Infantry-Lieutenant O. V. Bovill, is transferred to the Corps Reserve. Cable Censorship Section of the Corps of Guides, December 1, 1919, 2nd Motor Brigade, Canadian Machine Gun Corps, to be adjutant with the rank of Captain, Lieut. A. E. Baker, M. C., Canadian Militia, June 1, 1919, Canadian Army Medical Corps, to be Captain, Lieutenant E. C. Whitehouse, M. C., May 11, 1918.

PLAN DRIVE FOR Y. W. C. A. BUILDING

Hope to Place Branch in Their Own Quarters

A public campaign to raise funds for a fine new Y. W. C. A. building which will provide the accommodation for the increasing activities of the association greatly need will shortly be inaugurated. NOISY KIDDIES CAUSE AUTHORITIES ANXIETY

Police Commission Worried Over Complaints of Childish Exuberance

The Police Commission, to which complaints have been made on the subject, is fully alive to the "noisy-children nuisance," Mayor Porter, Chairman of the Commission, stated to-day.

"It certainly is awful in some districts; the row the children make," His Worship remarked. "Everyone, I hope, likes to see the kiddies enjoy themselves, but the noise they are making while doing it in some districts, according to complaints we have heard and verified, is distressing, to say the least."

"In all cases we have investigated it has been found—and this is the worst feature of the whole thing—that the more you try to keep them quiet the noisier they get. And they persist in gathering around at one particular corner or rendezvous and there making noise enough to startle the whole neighborhood."

"The Police Commission has the matter in hand, but it is very difficult to know just what to do to curb this youthful exuberance. Indeed, I don't know what relief we can give to people who are complaining of the noisy child menace like J. A. Shanks, for instance."

"It has been suggested to me that the enforcement of the Curfew Bylaw might afford a solution, and, as a matter of fact, a delegation from the Local Council of Women will meet the Council Friday to urge the enforcement of the Bylaw. It seems to me, however, that the kiddies will just continue to make a noise before the curfew bell rings, and little relief will be forthcoming."

BRIEF LOCALS

Fire Call.—The Fire Department extinguished a small blaze at 1749 Lillian Road at a quarter to six last night.

Permit Use of Elk Lake.—The civic authorities have granted permission to the James Bay Athletic Association to hold a regatta on Elk Lake this summer.

To Form G. W. V. A.—For the purpose of forming a branch of the G. W. V. A. for the district, J. W. Phillips, of Langford, B. C., has called a meeting of all returned men of that section. Organization and election of officers will be effected immediately.

Princess Players to Meet.—Members of the Princess Dramatic Society will meet to-night at 723 Courtney Street to hold one of their enjoyable reunions. Mrs. A. J. Gibson has some musical treats in store, and a one-act sketch will add much to the pleasure of the evening.

Asks For Liquor.—R. C. Lowe, acting for Jack Ferguson, asked Magistrate Jay, in the Police Court this morning, to restore to his client a quantity of liquor seized recently when Ferguson was fined for allowing drunkenness on premises situated at the corner of Blanshard and Herald Streets.

Auto Dealers Luncheon.—Members of the automobile and accessories dealers section of the Board of Trade will meet at the Dominion Hotel tomorrow at 12:15 p. m. for luncheon, when the officials in charge of Saturday's race meet at the Willows, and all the contestants who have arrived in the city, will be present to discuss final arrangements for the afternoon's sport.

Band Concert Next Sunday.—A public band concert will be staged by the city in Beacon Hill Park next Sunday. The first concert of the year will thus be earlier than usual, but it was the desire of the Civic Parks Committee in fixing this date, to hold the affair on a day when it will be enjoyed by the numerous visitors who, it is expected, will be in the city soon to see the Hudson's Bay Company pageant.

WILL APPOINT A NEW POLICE COURT CLERK

The City Council will be asked immediately to appoint a new Police Court Clerk in succession to the late Peter Gardner, Mayor Porter, chairman of the Police Commission, announced to-day. "I understand that the appointment must be made by the Council," His Worship stated, "and it is desired that it may be made immediately."

At present A. M. Jones, secretary of the City Housing Scheme, is acting as Clerk of the Police Court and may be appointed permanently.

The incumbent of an old church in Wales asked a party of Americans to visit his parochial school. After a recitation, he invited them to question the scholars, and one of the party accepted the invitation. "Little boy," said he, to a rosy-faced lad, "can you tell me who George Washington was?" "He, surr," was the smiling reply. "E was a 'Merican gen'ral." "Quite right. And can you tell me, what George Washington was remarkable for?" "His surr," was the remarkable 'oos'e was a 'Merican an' told the truth."

PIONEER OWNER OF MOVIE HOUSE DEAD

Mrs. Bettis Controlled Orpheum; First Picture Theatre Here

The funeral of Mrs. Martha A. Bettis was held at E. R. Butterworth & Sons Undertaking Parlors, Seattle, this afternoon.

Mrs. Bettis was the owner about 1900, of the Orpheum Theatre, the first moving picture theatre ever opened in Victoria, and the fourth house on the coast.

She was born near Louisville, Kentucky, December 23, 1853, and passed away May 16 at the age of sixty-six at 1327 8th Avenue, Seattle.

She leaves a son, Ralf M. Morris, in Durban, Natal, South Africa. He was in the British Service with the Royal Flying Corps, and also a daughter, Kate E. Warner, formerly Kate E. Rockwell.

SNUFFS OUT A COLD IN A FEW MOMENTS

Clears the Nostrils, Stops Sneezing, Heals the Throat Quickly

Cattarrhazone Works Wonders

Lots of people used to let their colds "work off" — they suffered a whole lot, sneezed around the house, till the whole family finally caught the infection.

Nowadays colds are cured by Cattarrhazone before they really get a good start. This healing vapor, full of pure essences, gives instant relief. It fills the breathing organs with a healing, soothing vapor that relieves irritation at once. Ordinary colds are cured in ten minutes. Absolutely sure for Catarrh, and in throat and elsewhere of substitutes. The dollar outfit is guaranteed, and small size 50c; trial size 25c, at all dealers.

OBITUARY RECORD

The funeral of the late Joseph Victor Astle took place on Tuesday afternoon from the B. C. Funeral Chapel, where the service was conducted by Rev. J. W. Flinton. There was a large attendance, and a large and beautiful floral tribute covered the casket and hearse. Two hymns were rendered, "God Moves in a Mysterious Way," and "O God Our Help in Ages Past." Interment was made in Ross Bay Cemetery. The following acted as pallbearers: C. Chivers, W. Stubbs, H. G. Berke, C. Vey, G. R. Ford and W. H. Gibson.

The funeral of the late Peter Gardner, clerk of the police court, was held from the family residence, 1063 Chamberlain Street, on Tuesday afternoon. There was a large attendance of friends of the deceased, whose death occurred on May 15 at St. Joseph's Hospital. The Rev. J. G. Inkster officiated, and the hymns sung were "O God, Our Help in Ages Past" and "Nearer, My God, to Thee." The pallbearers were D. R. McCrimmon, R. W. Perry, W. Barroclough, J. Beveridge, A. Sebold and Kemp. Interment took place in Ross Bay Cemetery.

The usual Confucian rites marked the funeral ceremony of Quan Saog, which took place on Tuesday morning from the B. C. Funeral Parlors. Interment took place in the Chinese Cemetery and the casket was covered with floral offerings.

The death occurred recently in England of Mrs. Baker, widow of Col. James Baker, well-known in British Columbia and member of Provincial Parliament for the Kootenay and a Minister. Mrs. Baker was the first president of the Local Council of Women in Victoria, and was, for many years a resident of Victoria West. Three sons survive, one of whom is now a resident of the Kootenay District.

Meeting of Rifle Association—A meeting of the Canadian Scottish Rifle Association is called for Friday evening, at 8 p.m., in the New Drill Hall, Bay Street. All members are requested to be present and those desiring to join the association can do so that evening.

LOGGERS ASK FOR RATE REDUCTION

Seek Adjustment of Compensation Board Charges on Railways

Efforts to have rates charged them by the Workmen's Compensation Board reduced, are being made by the members of the B. C. Loggers' Association.

Premier Oliver, who returned late yesterday from Vancouver, met by appointment members of the Association while he was on the Mainland. The loggers made representations in respect to rates of insurance charged workmen by the Compensation Board in connection with logging railways. Commissioner Gilmour, of the Board, attended the meeting.

According to the regulations of the Board a reduction in the insurance rate is made where the logging railways are fully equipped with safety appliances, such as air brakes and automatic couplers. The loggers declared that where they have 80 per cent. of the equipment specified, there should be some interme-

diatory rate so that they would get some benefit through being partially equipped with the safety devices.

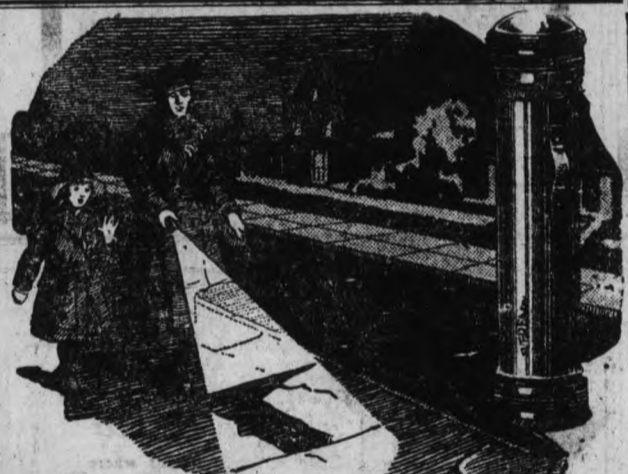

Mr. Gilmour pointed out that the Board is collecting data on accidents on these logging roads with a view of adjusting the rates.

It was decided that it would be better to let the Board work out its plans, as it is doing efficient work and, anyhow, the Government has no power to interfere with it.

The loggers also took up with Premier Oliver the time limit for equipping their logging trains with safety appliances, asking that the demands be reduced for trains that are operated on level lines where there are no grades. It was pointed out that the Government does not permit the operation of any trains in this Province unless their equipment is 85 per cent. efficient.

This question was left with the inspector of railways, under the general feeling that all trains should be equipped with safety appliances according to Government requirements within a reasonable time.

To Consider Labor Issue.—Affiliation of civil servants with the Trades and Labor Congress is to be again taken up at to-morrow night's meeting of the Victoria Branch of the Provincial Civil Service Association at the Comrades Hall. Other matters to be discussed include: amendments to the constitution; election of two members for the executive; election of three delegates to the Provincial convention; superannuation; sports clubs and general business.

Daylo is Your Night Protector

THE clear, penetrating beam of the Eveready Daylo points out the obstacles in your path—a hole here—a step missing there—treacherous places to come upon suddenly and unwarned. Eveready Daylo's timely warnings prevent hours of pain from sprains or falls.

Daylo is ever ready to protect you faithfully, it is a night necessity. Use its protecting light.

Look at a Daylo today. From the many styles select the one that best meets your needs. Carry it when you go out after dark. You will find it useful in the house during the day.

The life of a flashlight is its battery. There's longer life for all flashlights in Eveready Tungsten Batteries. Insist on the genuine.

Coming soon—Another great Eveready Contest. \$10,000 in cash Prizes!

How Local Merchants View New Luxury Taxes of Budget

New Taxes Mean Greater Cost of Doing Business

Merchants Must Add More Than Mere Tax Percentage to Prices; the Music Dealers' Dilemma.

Cost of living as far as it is affected by many manufactured articles will be enormously boosted by the new consumption taxes proposed in the Dominion budget yesterday by Sir Henry Drayton, according to many Victoria merchants.

Taxes from ten to twenty per cent. paid by the manufacturers of the articles will not mean that the cost of these articles to the consumer will be boosted only ten to twenty per cent. The increase will be much greater, merchants explain, as there will be percentage added to the cost of doing business, as it passes through the hands of each dealer.

Merchants explain that an article sold for \$100 by the manufacturer will now cost the wholesaler \$120, under the twenty per cent. tax class. If a wholesaler were working on 10 per cent. margin, up until now he has been charging \$110 to the retailer for this article. Under the tax he will charge 10 per cent. on his total outlay, which will amount to \$12, or an extra \$2 on the article as it passes through his hand, bringing it up to \$132.

When the article reaches the retailer he must charge his profit percentage on the taxes paid to the Government as well as on what actually goes to the manufacturers. If the retailer were doing business on a 25 per cent. basis, his addition

to the final cost of the article has been \$27.50. Under the tax it will be 25 per cent. of his total outlay, or \$34.

Thus an article which has been sold for \$137.50 retail will now cost \$166.

Merchants Hard Hit.

Just why the line of musical instruments and accessories in which the biggest business is done should be singled out for one of the largest taxes, 20 per cent. in the Budget instead of the general 10 per cent., is what is puzzling James H. Fletcher, head of Fletcher Bros., music dealers.

"If I believed that this tax would go into effect I would be worried

about it," said Mr. Fletcher to-day. "But I don't think they will ever bring it into effect."

A similar tax was proposed in the United States when luxury taxes were up at Washington. It was proposed to single out musical instruments for an extra, heavy assessment, on the grounds that they were luxuries. There was such an emphatic protest from the country that the proposals were withdrawn and musical instruments escaped the tax. It was shown that these instruments were not luxuries at all, but necessities.

"The same thing is likely to happen at Ottawa. The Canadian musical instrument makers will take up the question and see that such proposals which will bear so heavily on the ordinary man, who craves a little musical recreation in his home as a necessity, are not put through."

"The most effective and direct way of dealing with business sales taxes is to assess each business one or two per cent. of its total business for the year. Each firm could be instructed to present an audited statement of its business for the year. As it is now, with complicated taxes and schedules that vary from article to article, it requires a number of officials prying around in your pocket to see what you really should pay. Such a practice is the most expensive and burdensome way of collecting taxes."

NEW TAX TO RAISE PRICE OF CLOTHES BY TEN PER CENT.

Will Effect Practically All Purchases of Suits, Dealers Say

The sole result of the Government's new financial policy as far as the tax on clothing is concerned, will be to increase the price of clothes ten per cent., local clothiers declared to-day.

J. D. O'Connell, one of the best known of Victoria clothing merchants, was most emphatic in his assertions on the matter. "It is absurd to think," he said, "that a tax on suits costing \$45 and up as decided upon by the Government is a luxury tax. It is far from being that. No suit costing \$45 to-day, dealers here have to make a suit. Thus the cloth alone costs \$35, and the manufacture also costs that much. Thus the cost of a suit at which imported worsted suits can be sold is \$70."

"In other words, the tax will hit practically every person buying a suit. Nor is there any prospect of immediate relief, because replacement prices now are twenty-five per cent. that present prices."

While press dispatches from Ottawa state that the new taxes go into effect to-day, dealers here have not heard what arrangements the Government has made for their collection nor when they will be collected. Until they hear more definite news they will continue to sell at present prices and will not charge their customers any tax.

Mr. Mitchell pointed out that similar stories were published when last year's taxation changes were announced and that some time was required in hearing deputations and considering representations from various interests before the details were finally settled. "And so I feel that we should wait a while before commenting. There is no doubt that the country must have the money, and the jewelry business has in the past quietly borne its share of the burden and will continue to do so without complaint," he concluded.

WEARABLE FOOTGEAR ALL WILL BE TAXED

G. D. Christie Believes Taxation Will Bear Heavily on Working Men

"Practically every working man who wants a pair of boots, which will wear with satisfaction, will have to pay a surcharge to the Government if this Budget is adopted," said G. D. Christie, the well-known shoe dealer to-day. "It is quite to my mind that the bulk of the new taxes should be levied on luxuries, but under present conditions shoes most decidedly are quite out of the luxury class except in a few isolated cases," he said.

"Let me give but one example, a personal one," said Mr. Christie. "These shoes I have on cost \$4 wholesale before the war, and retailed for \$5.75. They now cost \$12 wholesale at Montreal. I haven't the nerve to ask the usual percentage of profit, they are sold to workmen and business men as a good, solid, well-wearing shoe for \$16 per pair. You can see that the tax makes them cost \$17.80."

I need say nothing more, the shoes the average man buys are not in the luxury class, and shoes below the tax limit are not nowadays the quality which will give a man either service or comfort.

"The ordinary man is going to be hard hit in his shoe purchase if the report is correct that the tax will be levied on the whole cost. Personally I think that the plan at present enforced in the United States is the proper method: Over there they charge a tax on the excess value over the minimum, and such a charge would be reasonable. A shoe which thus would cost \$14 would pay a tax of 50 cents per pair as a 10 per cent. tax on the excess over the minimum, and none would mind the imposition," he summarised.

"MUST WAIT AND SEE" OBSERVES JEWELER

A. H. Mitchell Refers to Last Year's Budget; Used to Heavy Burdens

The advance stories from Ottawa regarding the new taxation proposals are not sufficiently clear for the formation of any opinions," said A. H. Mitchell, of Mitchell & Duncan, Ltd., when discussing the new budget this morning. "The jewelry trade is used to bearing impositions such as are not levied on other lines of business, and we expected some additions, but until we have more definite word. I do not think it right to make comment. There is one point, however, which I notice, and that is the statement that the new taxes go into effect immediately, and as this is obviously incorrect because of the absence of information as to details, it may very well be that many of the other items are also in error," he said.

Mr. Mitchell pointed out that similar stories were published when last year's taxation changes were announced and that some time was required in hearing deputations and considering representations from various interests before the details were finally settled. "And so I feel that we should wait a while before commenting. There is no doubt that the country must have the money, and the jewelry business has in the past quietly borne its share of the burden and will continue to do so without complaint," he concluded.

AVERAGE TRAVELLER IS NOT AFFECTED Elaborate Trunks and Bags Feel New Taxes; Exemption Favors Average Man

The new taxation proposals will not bear heavily on trunk and suitcase merchants, according to H. F. Norris, of Government Street, who points out that the exemption has been set well above the figures generally used by the average man for a serviceable article.

"Of course there are fitted travelling bags and wardrobe trunks which would bear heavily on the exchequer whenever they are purchased," Mr. Norris said, "but the ordinary citizen finds that his serviceable grip or trunk will be taxless."

"To my mind those who can afford \$150 for a fitted wardrobe trunk can also be afforded to contribute \$15 additional to the national treasury, and the purchaser of a fancy handbag does not consider the price and should pay towards the country's needs more proportionately than the working man who is satisfied with a strong grip or trunk to accommodate his apparel. The proposals apply to me to be distinctly favoring the purchaser of the serviceable goods, as against the buyer of fancy equipment."

decreasing," he said, "and at least with the present system the customer has been satisfied the Government is getting the tax. Now he will not know whether the manufacturer, the wholesaler, or the retailer will be profiting thereby, and the retailer will be blamed, as the only one with whom the public comes in contact. It was a consumer's tax and irritating as it was to the druggist, at any rate the purchaser saw the stamps affixed, and knew what the Government was getting from the levy."

PLEASED WITH PLANS FOR WATERWORKS

Saanich Council Considers New Bylaw; Gordon Head Service to Pay Quickly

The Saanich Waterworks Extension by-law, which will be the means of providing a service to Gordon Head residents and many extensions of the already existing system, was last night placed before a special meeting of the Saanich Council for informal consideration, and tabled pending the opinions of the municipal solicitors and the inspector of municipalities.

All the Councillors expressed themselves as well pleased with the financial estimates which accompanied the by-law, Councillor Clark voicing the general opinion when he said: "This seems a quite reasonable proposition. No one should have any objection to its being undertaken."

The gist of the estimate was that the whole water scheme will be self-supporting in 1922, and thereafter should yield a profit, the figure on earnings on which this calculation was based being so markedly conservative that Councillor Henderson expected them to be greatly exceeded, basing this opinion on the growth of the present system during the past three years.

A Partial Issue.

The by-law provides for \$200,000 of debentures, of which only \$150,000 will be issued at the present time, the balance being reserved for extensions during the coming years.

The frontage charges which it is proposed to levy on those served by the new work will be 8 cents per front foot for the first year, 6 cents during the second, and the 5-cent rate in force in the districts now served will be put in operation in the third year. It was the opinion of several of the Councillors that these charges should also be made on all extensions of the present system, as well as on the new work proposed.

The expected cost of operation of the whole waterworks system during the years 1920, 1921 and 1922 are set as follows, respectively, \$46,036; \$59,157, and \$59,356; the revenue on a conservative basis being for the same years, \$47,050; \$56,500, and \$59,200 respectively.

Wiping Out Deficit.

It was pointed out that the existing system is now pulling even with the deficit which accumulated during the first few years of operation, and that the end of 1921 would see the profit accruing. Councillor Henderson opined that the new undertaking should raise no objections to the municipality undertaking the new work.

He also considered that, as taxes for the present system were charged on the cash years against the whole frontage of those benefited, instead of against a portion as at present, likewise for equality's sake the beneficiaries of the new construction should pay on their whole frontage.

Other Councillors objected, pointing out that the original scheme had been fough a hardship, and the limited frontage charge will be put into effect should the by-law pass.

Canadian Funds Only.

An interesting sidelight on finance came when the Council was discussing the terms proposed in the by-laws as to the payment of interest. It was unanimously agreed that Canadian funds should be specified, including admitting payment in sterling was deleted and the omission of any reference to New York funds was strongly endorsed.

JUDGMENT RESERVED.

Ottawa, May 19.—(By Canadian Press)—Judgment was reserved by the Canadian Railway Commission in the application of the Canadian Manufacturers' Association, the Winnipeg Board of Trade and the Western Canada Flour Mills for an order restraining the railway companies from increasing the stop-off charge on grain in Winnipeg yards for storage and milling in transit.

Counsel for the Winnipeg Board of Trade and the other applicants stated that the proposed increased stop-off charge was not justified.

GARDENERS WILL PAY FOR SPRINKLERS

Saanich to Require Permits Before Hose May Be Used

The Saanich Council last night took action to secure a greater equality between domestic household water users, instructing Clerk Hector Cowper to prepare a by-law changing the charges to a flat basis of \$1 net monthly for household service, with an addition of 50 cents net per month during the Summer, where a hose or sprinkler is used, a permit being required of all users of these for garden purposes.

Engineer Milne reported that in many cases the sprinklers and irrigators are using much more water than had been contemplated or was fair to those who only used water for domestic purposes, and he was instructed to get meters for three-quarter inch and larger services, and to commence their installation in the Ruby Road district, and in several other areas where the water consumption is heavy.

The Council also considered the advisability of limiting the times when irrigation may be practised in the lower levels, in order that the service to the high levels may not be impaired. No immediate action was taken.

AEROPLANE WING AREA REDUCED

Following a line of extensive experimentation the Handley Page Company, makers of the larger machines, are now exhibiting a wing section that is but half of the normal wing or "rail" area of these colossal biplanes. It is stated that the reduction in area has been gained by the addition of camber in such a manner as not to interfere with the speed of the machine. Formerly additional camber meant loss of speed, but it is thought the Handley Page Company has obviated this defect by experiments just completed at the National Physical Laboratory. The department of aeronautics in the National Physical Laboratory, England, it will be remembered, is the clearing house for all British patent devices as applied to aircraft. Grueling tests are here given to the innovations before the latter can be incorporated on any machine in use.

Last week the first two civilizing missions left Portugal for Angola. Two other missions are organizing to start for Mozambique in May, and others are planned to leave in June for Angola and Mozambique, directed by the Institute of Colonial Missions.

Saanich to Require Permits Before Hose May Be Used

The Saanich Council last night took action to secure a greater equality between domestic household water users, instructing Clerk Hector Cowper to prepare a by-law changing the charges to a flat basis of \$1 net monthly for household service, with an addition of 50 cents net per month during the Summer, where a hose or sprinkler is used, a permit being required of all users of these for garden purposes.

Engineer Milne reported that in many cases the sprinklers and irrigators are using much more water than had been contemplated or was fair to those who only used water for domestic purposes, and he was instructed to get meters for three-quarter inch and larger services, and to commence their installation in the Ruby Road district, and in several other areas where the water consumption is heavy.

The Council also considered the advisability of limiting the times when irrigation may be practised in the lower levels, in order that the service to the high levels may not be impaired. No immediate action was taken.

BASIS OF PAYMENT FOR SEWERAGE PLAN

Saanich Council Orders By-law Prepared; Undertaking to Cost \$240,889

The Saanich Council last night considered a supplementary report from Municipal Engineer Milne on the proposed sewerage system for Saanich, with special reference to the work which it is suggested should be put in hand forthwith, and instructed the clerk to prepare a by-law for submission to the ratepayers.

The eventual cost of the whole scheme, comprising 262,556 feet of mains and laterals, is set at \$800,524, inclusive of \$54,508 which Saanich is to pay the city of Victoria, but only \$186,381 is proposed for immediate expenditure on construction, the payment of the city's outstanding charge bringing the total up to \$240,889.

In the reduced area contemplated is comprised five main services, Burnside district requiring 1,940 feet of mains, costing \$5,434; the Gorge low level, with 2,084 feet main and 22,246 feet of lateral pipe is set at \$7,107; the Cloverdale low level requires 7,107 feet of main and 6,092 feet of laterals, costing \$6,935; the Cloverdale high level is set at 6,500 feet of main and 4,872 feet of laterals, requiring \$47,724, and the Gorge high level will call for 5,328 feet of main in the Burnside, 1,962 feet mains in the Portage and 835 feet in the Donald Street areas, costing in all \$43,640.

The Yearly Cost.

Finances were carefully gone into in the report, the estimated yearly cost of operating the work now proposed being set at \$20,235, and the revenue available at \$20,206.

This amount is derived from a six mill tax on the assessment value of the sewer area, set at \$2,200,000 and producing \$18,200; a frontage tax, on 35,575 feet served, at 15c per front foot, which brings \$5,336, and sewer rental charges of 35c per connection from 334 residences, that being the number at present erected in the area to be served.

As examples of the charges which will be incurred, Engineer Milne set out the payments, which these figures would bring from owners of lots assessed at \$500 and having a fifty-foot frontage. The six mill rate would call for \$3 yearly, and this would be all the owners of lots not fronted by the sewer would pay towards the promotion of the health of the district.

Lots having sewer frontage would pay a charge of 15 cents per foot per annum, this for a fifty-foot lot being \$7.50, and making the total yearly cost for a vacant lot \$10.50.

Where connections are made the sewer rental of \$5 yearly will bring

EXPERT WHO PRAISED B. C. LAND EFFORTS REPORTS TO INSTITUTE

Christopher Turner Has Now Completed Empire Tour

At a meeting of the Royal Colonial Institute at the Central Hall, Westminster, London, recently, Christopher Turner read a paper on "The Organization of Migration and Settlement within the Empire." Sir H. Rider Haggard presided.

Among those on the platform were Sir Archibald Weigall (Governor-Designate of West Australia), Sir Arthur Stanley, J. G. Jenkins (late Premier and Agent-General, South Australia), Sir Henry Bovell (late Chief Justice of British Guiana), J. D. Connelly (Agent-General, Western Australia), and Sir Charles Lucas (Chairman, Royal Colonial Institute).

Sir Rider Haggard.

The chairman referred to his tour of the Empire during the war in connection with the Dominions, and that he interviewed at least a score of Governments, and from every one he received the most cordial promises of support. Anglo-Saxon blood was as precious that every drop of it should be preserved within the Empire.

He brought home with him great offers from the various Dominions, but Governments changed very quickly in the Dominions and these offers, he was afraid, for the most part had lapsed. But there was a great opportunity to act in connection with the Dominions in making sure that every fit and proper person who left these shores should have the opportunity of making good for himself and his family, and incidentally strengthening the land to which he went and the home country that he left.

Mr. Turner speaks.

Mr. Turner pointed out that we must be in the main, a self-supporting Empire if we were to readjust the adverse international exchange, and must produce the maximum amount of new wealth from the land if we were to recuperate rapidly from the effects of the war.

In the whole Empire we had an agricultural population of white race of only 12 1/2 millions. The first aim of the Imperial and overseas Governments must be to encourage the development of the agricultural population by creating conditions of settlement which should be as favorable as, and more favorable than, those offered by foreign countries.

An Imperial Authority.

In the present crisis, not only did we want thousands of new settlers, but we must have successful settlers, who would become successful producers of food, with the least possible delay. With haphazard and unguided settlement the percentage of failure was high. To secure the needed organization the Imperial Government must take the initiative in creating an Imperial policy, and the first step should be the creation of an Imperial migration and settlement authority, with the powers necessary for dealing with the overseas Governments, the shipping companies, and the great number of private concerns now handling migration.

There were two main principles on which the new policy should rest—principles which had not been considered or acted on in the past: (1) Migration should be guided in the first instance to that part of the Empire where, from the strategic point of view, population was most wanted; and (2) migrants should be settled in districts where, under properly organized conditions, they would become successful producers of food in the shortest possible time.

The Community Spirit.

It was our duty to see that the men who had fought for the Empire were placed on the land under the best possible conditions. The fundamental principles underlying organized and scientific settlement were: (1) Settlers should be placed on the land in groups or communities, rather than as isolated units. Experience had proved that less than 200 in a group was not fully economic; (2) settlers should own their farms, rather than rent them; (3) adequate access to capital should be provided; (4) expert guidance and supervision should be provided from the outset; (5) cooperative buying and selling should be developed from the beginning; (6) organized transport was essential to the success of the community; and (7) the community spirit should be encouraged.

The Welsh Black Cattle Society at a meeting at Bangor last week decided to approach the Prince of Wales with a view of inducing him to buy Welsh black cattle for his ranch in Alberta.

You Save Sugar

Whether it be scarce or expensive or both, when you choose for your cereal

Grape-Nuts

the total cost of a complete sanitary service up to \$15.50 a year.

Would Increase Rentals.

These charges were only suggested by Engineer Milne as suitable and fair, but they were immediately the subject of broadsides from Councillor Henderson, who considered that the rental from connections should be \$10, and every effort made to lower the frontage rate.

Councillor Dooley maintained that the charge should be kept down to as low a figure as possible, charging that the yearly rental would have no perceptible effect on the frontage rate and a higher charge might have a deterring effect on the number of connections made.

Councillor Henderson claimed that he was interested in seeing that any increase in taxation should not be sufficient to cause any large number of lots to be thrown on the hands of the municipality at tax sales, and when instructing the clerk to prepare a by-law the Council decided that the question of charges should be left open for later settlement, Engineer Milne having pointed out that, considering the cost of materials at the present time, the proposed frontage rate of 15 mills was very reasonable.

Victoria Looked Badly In Yesterday's Opener

Rough Voyage From Seattle on Sol Duc Took All Pep Out Of Capitals; Lawson Went Good For Few Innings, Then Gave Way to Morton, Who Was Easy For Beavers; a Poor Beginning.

Vancouver, 15; Victoria, 3.

If Bob Webb in his painstaking preliminary announcements had only imparted the information that the Victoria ball players had made the trip from Seattle in the morning on the steamer Sol Duc and that the water had been very rough, the four thousand fans who gathered in the Stadium yesterday afternoon to witness the opening game in the Pacific International League would have been far easier in their criticism of the inactivity of Bill Leard's crew in the field and at the bat. Many Victorians know to their sorrow the general depression and disarrangement of the system which follows a passage on the Sol Duc when the waters of the Sound and Strait are disturbed by a southwest wind. Bob Webb took great pains to introduce the players as they stepped to the plate, but he omitted to explain the reason why many of them looked limp and languid. Alibis to excuse defeats are quite often looked upon with indifference, but there is a certain amount of consideration due to the Capitals. After their games at Yakima on Sunday they entrained and reached Seattle in time to connect with the little ship which loves to row and wallow in the briny billows. On the other hand Bob Brown's Beavers enjoyed a rest after their Sunday game at Tacoma and were able to relish their meals yesterday.

A Poor Beginning. The fans always like to see the home team win the opening game.

Vancouver club and, like a lot more of his team-mates, he has quite a few years behind him but still is young enough to gallop around in the outfield. Cy celebrated his re-appearance here by driving in Vancouver's first run in the first inning with a hissing double to right field. The Capitals made their only show of life in the second inning. Carmen drew a base on balls and Zienke knocked out the first home-run in the new park. The ball was low drive but easily cleared the right field fence. Dempsey was hit by a pitched ball and scored on Leard's hit. Lawson pitched nicely for four innings. He had a little trouble locating the plate but his fast breaking curve ball caused seven of the Beavers to take the count by striking out. In the fifth he started to wobble and a home-run clout by Tobin started his landslide. A base on balls and two hits gave Vancouver another rally.

Morton Had Nothing.

After granting a pass and yielding a hit in the sixth Leard hustled the southpaw to the bench and called upon Harry Morton. With their old favorite on the mound the fans settled back for a comfortable three innings, believing that the Beavers would be able to get a few runs. But it wasn't many minutes before the crowd was leaning forward in their seats and taking the most intense interest in the drama which was being enacted in the diamond. Morton started to show his generous nature by "dead-heading" three Beavers to first. Then Cy Forsythe cracked one on the nose that drove two runs and Wilson's sacrifice fly scored another.

The seventh was a repetition of the sixth. Morton could not find the plate and when he did put one over it was rapped to the outfield. Zienke helped to mull up the proceedings by dropping a high fly from Scott's bat. Tobin flew out to Carmen, who picked up the ball and threw it to Rapp sacrificed Scott along to second and Messner pulled a single which scored Scott. Purcell was the next recipient of Morton's kindness and walked to first and then Thompson singled scoring Messner. Forsythe got a walking ticket and Wilson chased three runs in with a triple to left field.

Two more runs went to the Beavers' credit in the ninth when Forsythe doubled and got home on Wilson's circuit-drive. Rapp Was Good. Rapp, who appeared unsteady in the early innings, settled down as the game progressed and pitched superbly. He fielded his position in a brilliant manner, being credited with no less than seven assists and figuring in two double plays.

On the day's play it is impossible to judge who is the better pitcher. The Capitals are capable of doing it. The pitching was bad. The infield had little to do. The outfield looked fast. Cunningham caught a splendid game but his ham caught up to him in the second. It was in mark contrast to the speedy throw of Tobin, which cut off all the Capitals who tried to piffle second.

Vancouver has a very fast infield. The outfield is made up of hard hitters. Hinkle has been slow in rounding into play with the stick but he has the ability and will be a consistent hitter before long. The Box Score.

Box score table with columns for team, AB, R, H, E, P.O., A, E. Includes totals for both teams.

Score by innings table with columns for inning and runs for both teams.

Summary: Home runs—Wilson, Tobin, Zienke. Three-base hits—Wilson. Two-base hits—Forsythe (3), Elliott. Sacrifice hits—Wilson, Rapp, Church, Stolen bases—Messner, Forsythe, Wilson. Struck out—By Lawson; 7 by Morton, 2 by Rapp, 5 by double play—Purtell to Purcell; Rapp to Scott to Thompson. Bases on balls—Off Lawson 5; off Morton 5; off Rapp 6. Hit by pitcher—Wilson twice by Lawson, Dempsey, Brown and Elliott by Rapp. Time of game—2:15. Umpire—Held. Five hits and four runs in seven in 3-2 innings; seven hits and eleven runs off Morton in 3-2-3 innings. Charge defeat to Lawson.

Wen With Rally. Tacoma, May 19.—With Spokane leading, 4 to 0, in the seventh inning yesterday, Tacoma batters fell on Crepi and Russell for seven runs and clinched the game. Crepi had allowed but one hit until the seventh. Poor fielding and a couple of opportunistic hits gave Spokane a quartette of runs in the fourth.

Table with columns for player name and statistics (R, H, E).

Eastley Wins Again. Seattle, May 19.—Pat Eastley and Hank Cunningham fought a great pitchers' duel yesterday, the Yakima twirler winning his game from Seattle 2 to 0. The game was the fastest of the year, and was played in one hour, and fifteen minutes.

Table with columns for player name and statistics (R, H, E).

RIFLEMEN MEETING. A meeting of the Canadian Scottish Rifle Association is called for Friday evening at 8 o'clock, in the new Drill Hall, 612 St. James. All members are requested to be present, and those desiring to join the association can do so that evening.

THIRD DIVISION IS ASKED IN FOOTBALL

London, May 19. — (Canadian Press)—The Southern Division of the football league is approaching the second division with the proposal for a third division league with northern and southern sections of the southern to be composed of the present southern division clubs.

NEW SCHEDULE DRAWN UP FOR CITY CRICKET

Dropping of Comrades Makes Necessary Re-arrangements of Games

Owing to the withdrawal of the Comrades from the Victoria Cricket Association it was found necessary to re-draft the schedule. Seven teams are now left in the fight for the Virtue Cup.

The revised schedule is as follows: May 22—Albion v. Victoria, Garrison v. Incocks, Five Cs v. Army and Navy, Congos a bye. May 23—Victoria bye, Five Cs v. Incocks, Albion v. Army and Navy, Garrison v. Congos. June 5—Victoria v. Garrison, Army and Navy v. Incocks, Congos v. Five Cs, Albions a bye. June 12—Army and Navy v. Victoria, Congos v. Incocks, Five Cs v. Albion, Garrison a bye. June 19—Victoria v. Congos, Albion v. Incocks, Garrison v. Army and Navy, Five Cs a bye. June 26—Incocks v. Victoria, Five Cs v. Garrison, Army and Navy v. Congos, Albion a bye. July 3—Victoria v. Five Cs, Incocks v. Garrison, Army and Navy v. Albion, Congos a bye. July 10—Albion v. Victoria, Five Cs v. Congos, Army and Navy v. Garrison, Incocks a bye. July 17—Victoria v. Army and Navy, Incocks v. Albion, Five Cs v. Garrison, Five Cs a bye. July 24—Garrison v. Victoria, Incocks v. Five Cs, Albion v. Congos, Army and Navy a bye. July 31—Incocks v. Army and Navy, Albion v. Five Cs, Garrison v. Congos, Victoria a bye. August 7—Congos v. Victoria, Incocks v. Albions, Five Cs v. Army and Navy, Garrison a bye. August 14—Garrison v. Five Cs, Wednesday League.

June 2—Congo Wednesday v. Five Cs, D. Spencer, Ltd., v. Broad Street Hall. June 9—Broad Street v. Congos, Five Cs v. Spencer's. June 16—Congos v. Spencer's, Five Cs v. Broad Street. June 23—Five Cs v. Congos, Broad Street v. Spencer's. July 7—Congos v. Broad Street, Spencer's v. Five Cs. July 14—Spencer's v. Congos, Broad Street v. Five Cs. July 21—Congos v. Five Cs, Spencer's v. Broad Street. July 28—Broad Street v. Congos, Five Cs v. Spencer's. August 4—Congos v. Spencer's, Five Cs v. Broad Street.

Junior League. May 29—University School v. Collegiate School, at Jubilee Hospital. June 2—University School v. Collegiate School, at University. Third game to be arranged. In the senior and intermediate schedule all games to be played on the ground of the first-mentioned club.

FOUL TIPS

There'll be no alibis for today's game. The Sol Duc story will only be good around once.

Forty-two hundred and seven people, admission to see the game. About four hundred stayed to see the ninth innings.

Dempsey made a circus catch, in the second innings when he picked a foul ball from Tobin's bat off the netting of the right-field bleachers. Dempsey looks pretty neat at the first sack.

Wilson got a lucky home-run in the ninth. The ball just struck the top of the boards and rolled over.

Cunningham made a hard try to cut off the Beavers' tally in the first inning. Carman made a wide throw to the plate from right field in trying to catch Messner. Cunningham got the ball and hurled himself at Messner.

Lawson has got the stuff to win games. He is a warm weather pitcher though. He had more on the ball than Rapp.

Mayor Porter is to be sent back to the bay leagues. He missed a beautiful throw from Hon. "Billie" Sloan. It would not have looked so bad had the press agents of His Worship not given out so much advance information as to his condition.

It is rumored that Manager Leard offered a contract to Mr. Sloan after the game.

WILDE WILL GIVE ALL A CHANCE ON RETURN. New York, May 19.—Jimmy Wilde, the world's flyweight champion, yesterday said that he will have to sail for England after his bout with Patsy Wallace at Toronto, on May 24. His manager, Ted Lewis, has several bouts arranged for him in Paris and London, and he hopes to sail on May 29. He will be back in August, he says, "and then any American can take a crack at my title at 112 pounds or have a chance to 'uplift me at 115 pounds.'"

Cowichan Bay as Centre of Great Yacht Racing

Victoria Will Share in Honors This Year; Big Regatta to Be Held Between July 1 and 5; Pacific International Yachting Association Likes Island Waters.

Victoria and Cowichan Bay are to share the honors of holding the first regatta of the new Pacific International Yachting Association. The first half of the regatta will be held at Cowichan Bay on July 1 and the second half at Victoria on July 3, 4 and 5. The Vancouver Island centres have not only been chosen through being centrally located between Vancouver, Seattle and Tacoma but owing to the good winds. It is expected that next year Cowichan Bay will be made the permanent racing base as a result of the steady winds there and non-tidal waters. The winds off Victoria are fluky and gusty at times and there are strong tides, which are a serious handicap in yacht racing.

This year will witness a great boom in the development of yacht racing. The war practically eliminated this popular pastime from the sports calendar, but last Saturday night the first signs of the revival were noted by the gathering at the Royal Victoria Yacht Club of a large coterie of yachting men from Vancouver, Seattle and Tacoma. It was unanimously agreed to merge the Pacific Northwest Yacht Racing Association and the International Power Boat Association into the Pacific International Yachting Association.

Finer Racing. The new organization will hold its first regatta in July on Dominion Day, the yachting fraternity from the Northwest will gather at Cowichan Bay. There will be two Lipton Cups at stake, one being for Class R sloops, which were specially constructed for this event before the war, but have been kept idle during the tragic days. Two boats are entered in this race, the Sir Tom, of Seattle, which is a product of Ted Geary's brain, and the Pacific Northwest, Vancouver, which was designed by Edson B. Shock. Victoria will not be represented in this race as much as local yachtsmen would like to be. Before the war the Victoria Yacht Club used to raise funds for a boat, but this drive had to give way to more important calls. It is possible that some interested in the sailing game will build a boat to race against the Sir Tom and Puresse.

There will be races for five other classes at the Bay. There will be two for stickers of 32-foot waterline and over, two for stickers of under 32-foot waterline and under one single sticker of 32-foot waterline and over. These races will all be run under the handicap system.

Important Dinghy Race. Considerable interest will be taken in the dinghy races. Victoria will have six boats in the races, all built to a certain design. Vancouver will have 15 boats and Seattle five, all built to another design. The race will be conducted as follows: On July 3 the yachting party will open the second part of the regatta at Victoria. The dinghy races will be held in the morning. The Sir Tom and Turonga will resume their duties for honors, the course being from the Breakwater to Albert Head and Constance Bank.

Many Visitors Coming. Management of the yacht races in island waters will attract large numbers of visitors. About 2,000 people will be here from Seattle and several big schooner yachts are coming up from San Francisco. This is the first time that the annual regatta in the history of the Northwest. The officers of the new Association who are keenly interested in the revival of the sport are as follows: Admiral, James S. Griffiths, Seattle Yacht Club; vice-admiral, H. Bell-Irving, of the Royal Vancouver Yacht Club; rear-admiral, Commodore Turner, of the Royal Victoria Yacht Club; secretary, Daniel L. Pratt, of the Seattle Yacht Club; treasurer, B. F. Jacobs, of the Tacoma Yacht Club; fleet captain, G. W. Richardson, of the Queen City Yacht Club; measurer, Frederick S. Brinton, Seattle Yacht Club; J. Winslow, Royal Vancouver Yacht Club, and J. R. Templeton, Royal Victoria Yacht Club. Committee heads were also elected. Ted Geary, of the Tacoma Yacht Club, being made chairman of the sailboat rules committee; Alex. Marshall, of the Royal Vancouver Yacht Club, chairman of the power boat rules committee; J. W. Musgrave, of Victoria, chairman of the power boat regatta committee, and Capt. Hotham, of Victoria, chairman of the sailboat regatta committee.

Nets, from \$3.00
Posts, from \$2.50
Tapes, from \$14.75
Re-Stringing Racquets—Complete or single string.

Maybe You Can't Play Like You Once Did

The new Stadium is open and the "Welcome" sign is out. Even though you haven't played a game of "ball" in many years, you can still look on—and enjoy the game. As it is with baseball, so it is with English Billiards. Come in—you're entirely welcome—and watch a game or two. Who knows?—perhaps you can still handle a cue with your old-time skill. Try it to-day.

TWO JACKS' DOPE, Ltd. "The Workingman's Club" Billiards—Pool—Tobacco—Cafe 1313-15 Government Street

It's Your Break, Tom

Crash! and the fifteen balls scurry around the table and into the pockets! It's a game that refreshes the mind and rests the nerves. Wholesome play builds character and self-control. It cleanses tired brains. Play a game of billiards to-night and to-morrow morning at nine you'll be back at your desk, keener as a fighting cock.

SPORTING NEWS

MAY FORM ISLAND FOOTBALL LEAGUE

Efforts to Be Made to Place Soccer Back on Basis of Ten Years Ago

Efforts are to be made to put soccer football back on the same plane that it was ten years ago. At a meeting of the Victoria District Football League held last night plans for next winter's work were discussed. Suggestions were offered that the City Senior League be completed by next Christmas, and that then an Island League be formed. Several of the best teams in the city would enter and all the up-Island teams.

A committee consisting of J. Adam, President of the League, Bob Livingston, President of the local board of the B. C. F. A., J. Sullivan, Arthur Manson, W. J. Lynn and A. Baker was appointed to draw up a programme for next winter's soccer, and prepared a report on the advisability of the Island League for presentation at a meeting to be held on Wednesday evening, June 2.

Arranging For Grounds.
J. Mesher, W. Livingston and George Williams were appointed on a committee to arrange for grounds for the various games. The league is anxious to have all preliminary details arranged before the football season is again ushered in.

The meeting was to have taken action on the report presented by Archie Baker, Secretary of the Asso-

ciation, on the annual meeting of the B. C. F. A. held in Vancouver recently when the question of affiliation with the B. C. F. A. was discussed. The matter was adjourned until the meeting on June 2 owing to the poor representation at last night's gathering.

GIANTS BEATS CUBS IN THRILLING GAME

Went Into Extra Innings; Cobb Steals Home; Ruth Has to Leave Game

NATIONAL LEAGUE.

Chicago, May 19.—New York broke Chicago's winning streak yesterday by defeating the locals, 8 to 6, after a thrilling twelve-inning game. The visitors came from behind and tied the count in the ninth and forged ahead in the tenth, only to be tied by Chicago, but won out in the twelfth. Pitcher Douglas went in and stopped Chicago by fanning Paskert, knocked down Barber's liner which Lear recovered, and forced out McCabe at the plate. Then Douglas tossed out Robertson.

Young started the last rally with a single. Fletcher sacrificed. Pitcher Vaughan replaced Martin. Doyle filed out, but Kauff and Lear followed with hits which gave New York the game. The score:

R. H. E.
New York 8 17 2
Chicago 6 14 1

Batteries—Benton, Winters, Hubbell, Douglas, Nehf and Smith; Hendrix, Martin, Vaughn and Kilfer, O'Farrell.

Won on Two Hits.
St. Louis, May 19.—St. Louis held Philadelphia to two hits, but lost the opening game of the series yesterday, 1 to 0. A triple by Stengel in the fifth, followed by a wild throw by Dillhoefer allowed the run. St. Louis got only one man past second. The score:

R. H. E.
Philadelphia 1 2 1
St. Louis 0 6 1

Batteries—Smith and Withers; Faines and Dillhoefer, Clemons.

Pirates Win.
Pittsburgh, May 19.—Pittsburgh defeated Boston yesterday, 7 to 2, by bunching hits with bases on balls in the first, fifth and sixth. Scott relieved Oeschger in the seventh inning and stopped further scoring. Hamilton was steady and never in danger after his team had taken the lead. The score:

R. H. E.
Boston 2 7 2
Pittsburgh 7 10 1

Batteries—Oeschger, Scott and Gody; Hamilton and Schmidt.

WITHIN THE ROPES

Los Angeles, May 19.—Johnny McCarthy, of San Francisco, won a decision over Steve Dalton, of Los Angeles, in a four-round bout fought at 145 pounds at the Vernon Arena here last night. Perry Lewis, of Denver, and Frankie Denny, of San Francisco, fought a four-round draw at catch weights.

Wheeling, W. Va., May 19.—Bob Martin, heavyweight champion of the A. E. F., knocked out Tom McMahon, of Newcastle, Pa., in the fifth round of a scheduled ten-round bout here last night.

MANN WINS HANDICAP

Charles S. Mann ran out winner in the Empress billiard handicap last night at the Empress. He defeated Frost by 85 points.

Mann played a very brilliant game, getting five breaks of over 40, four breaks of over 30 and several breaks over 20.

The match between Hinson and Lamb was postponed until a later date. They are to play for third place.

LACROSSE BOYS IN ACTION EACH NIGHT

Another practice of the Victoria lacrosse team will be held this evening at 8.30 at the Royal Athletic park. To-morrow night and Friday the boys will work out at the Stadium to get accustomed to the new grounds. The opening game will be played there on Monday between Victoria and New Westminster.

Manager Patrick asks all the players to be on hand on time to-night.

ELKS AND KNIGHTS TO PLAY BALL TO-NIGHT

Babe Fortin will lead his romping Knights against Hi Green's Elks at the Royal Athletic Park this evening at 8.30 o'clock. These two teams have a lot in common and the outcome of the tussle is awaited with interest.

Of course everyone is optimistic and there are various predictions.

Ray Parfitt will work for the K. of C. and Balcom will more than likely be on the mound for the Elks.

The Knights will line up as follows: Catcher, Ben Davis; pitcher, Ray Parfitt; first base, Ross Oatman; second base, Jimmy Thompson; short-stop, Pete McQuade; third base, Bob Acreman; left field, Geo. Millard; centre, Neway Lalonde; right field, Babe Fortin.

The game on Friday evening between the Colliers-Vets and Yarrrows will be played at the Stadium.

For a long time he had worshipped a fair girl at a distance, but his shyness prevented him proposing. Then one evening a charity performance took place, in which his fair one was leading lady, and was more charming than ever. Afterwards he drew near, his love overcoming his shyness. "You are the Star of the Evening!" he exclaimed. "You are the best to tell me so," she said, with a happy blush. "Then may I claim my reward as an astronomer?" he asked. She looked puzzled. "What reward?" she asked. "The right to give my name to the star I have discovered," he replied.

Fourteen Consecutive Hits.
Washington, May 19.—Washington won a slugfest from St. Louis yesterday, 17 to 8, three visiting pitchers being touched for a total of thirty-eight bases. Judge's home run marked the fourteenth consecutive game in which he has hit safely. The score:

R. H. E.
St. Louis 8 18 6
Washington 17 23 2

Batteries—Yanggilder, Leffield, Burwell, Bayne and Severeid; Schacht, Shaw and Gharrity, Torres.

Ruth Hurt Again.
New York, May 19.—The New York Yankees won an easy victory from Cleveland yesterday, 11 to 0. Shawkey pitched a strong game, shutting out the visitors with three hits. Ruth was out of the game with a strained groin, and Vick, who substituted for him, doubled with the bases full in the third, scoring all three runs. The score:

R. H. E.
Cleveland 0 3 2
New York 11 12 0

Batteries—Meyers, Uble and O'Neill; Shawkey and Hannah.

Won On Home Run.
Boston, May 19.—Felsch's home run in the sixth inning yesterday gave Chicago a 4 to 3 victory over Boston. The home team did little with Williams until the ninth, when Menosky's single, Hendrix's triple and McInnis' hit through Weaver yielded two runs. The score:

R. H. E.
Chicago 4 8 0
Boston 3 9 1

Batteries—Williams and Schaik; Bush, Russell and Walters.

Coast League.

At Salt Lake—R. H. E.
Vernon 2 8 1
Salt Lake 7 11 0

Batteries—Smallwood, Houck and Devormer; Leverenz and Byler.

At Los Angeles—R. H. E.
Seattle 2 11 2
Los Angeles 0 5 0

Batteries—Gardner and Adams; Aldridge and Bassler.

At San Francisco—R. H. E.
Portland 1 6 0
San Francisco 2 9 2

Batteries—Ross and Baker; McQuade and Agnew.

At Sacramento—R. H. E.
Oakland 3 8 1
Sacramento 2 6 2

Batteries—Arlett and Mitze; Malls and Cady.

HOLD FAST TO HEALTH

With The Mighty Strength-Giving Power of NUXATED IRON

Nothing slips away so easily as HEALTH. Unless YOU hold fast to HEALTH by your own efforts—by keeping your blood pure, red and rich in iron—the day may come when all you can do is to WISH you had acted sooner. Nuxated Iron helps strengthen the blood, restores wasted tissue and builds red blood, strength and endurance. Over three million people use it annually. At all druggists. Sold in this city by C. H. Bowes and other good druggists.

TAKEN TO ANCHORAGE.

Port Townsend, Wash., May 19.—Hullings from Cape Flattery up the Straits, the ship William I. Lewis could not make this port, as the wind died out as she was off the entrance of this harbor. There being no tug available the tide carried her past Marrowstone Point, and fearing that she might drift ashore, the United States coastguard cutter Arcata was sent to her assistance, towing her to an anchorage here last evening. As she came from England via Balboa, she is required

to undergo quarantine inspection, after which she will proceed to Seattle as soon as a tug is available.

FREIGHT BOAT BURNED.

Prince Rupert, B. C., May 19.—The Wallace cannerly freight boat P. & W. was burned near Claxton with a loss of nets, tin and equipment totalling \$150,000. The hull was beached in shallow water. The tender Wywassa assisted in driving the freighter landward as well as in fighting the flames.

In Ye Olden Time

hoop' skirts were worn by those who first asked the druggist, and insisted on having the genuine Golden Medical Discovery put up by Dr. Pierce over fifty years ago. Dress has changed very much since then! But Dr. Pierce's medicines contain the same dependable ingredients. They are standard today just as they were fifty years ago and never contained alcohol.

Dr. Pierce's Golden Medical Discovery for the stomach and blood cannot be surpassed by any remedy today.

Every spring most people feel "all out of sorts"—their vitality is at a low ebb—the blood becomes surcharged with poisons! The best spring medicine and tonic is called Dr. Pierce's Golden Medical Discovery. It puts vim, vigor, vitality in the blood. Try it. This is what folks say about it:

LINDSAY, ONT.—"Doctor Pierce's Golden Medical Discovery is the best medicine I have ever taken for stomach trouble. For many years I suffered with gastric stomach trouble and nervous indigestion. I would be so bad at times that it was necessary for me to be in bed two or three days at a time. I have doctored and taken many different medicines with little relief. Just recently I began taking the 'Golden Medical Discovery' and it has given more relief than all the other medicines I have ever taken. My stomach does not bother me and I have not had any indigestion since taking this medicine. I can highly recommend the 'Discovery' to others who suffer with this ailment."—MRS. GEO. WELLINGTON, No. 6 John Street.

THE GIANT SHIPYARDS AT HOG ISLAND, PHILADELPHIA, ARE CONVINCING EVIDENCE OF "DIAMOND CONSTRUCTION FOR STRENGTH."

An Automobile Starting Battery Guaranteed for Two Years!

A GUARANTEE is the measure of a manufacturer's faith in his battery—based on past performance. If he guarantees his battery for only ninety days or six months or a year, he is probably sure that it will last that long. But beyond the period of the guarantee he is asking you to take a risk which he is not willing to take himself. It is unbusinesslike for you to take such a risk when you can buy a Philadelphia Diamond Grid Battery that is guaranteed for TWO YEARS.

The Diamond Grid is the framework on which each of the plates is formed. Its Diamond Construction is similar to the Diamond Construction used on the ways and cranes at Hog Island and in most other strong structures. In your battery the Diamond Grid means strong plates and is your insurance against plate trouble.

EXONERATES MASTERS IN ALBERT COLLISION

Findings of Court of Inquiry Brings Commendation to Crews

Completely exonerating both skippers and offering the highest commendations of the actions of the crews under their control, the Court of Inquiry sitting recently on the collision of the Prince John and Prince Albert off Skidegate, has made its findings public. The report, which is signed by Wreck Commissioner Capt. J. D. Macpherson, with assessors, Capt. G. E. Bridge and James R. Stewart, reads as follows:

"The court, having carefully inquired into the circumstances attending the above mentioned shipping casualty, finds for the reasons stated in the annex hereto, that the collision between the Prince John and Prince Albert took place in such a manner and under such unusual circumstances as not to have been capable of being prevented by ordinary skill on the part of those in charge of either vessel, and therefore that no blame is imputable to Mr. Walter Scott Morehouse, the master of the Prince John, who holds a foreign going certificate of competency No. 034264, nor to Mr. Harold Langhorne Roberson, the master of the Prince Albert, who holds a similar class of certificate, No. 032254, or to any of the officers or crew of either vessel. The court is of the opinion that both masters exercised considerable care and nerve, when placed in such an unpleasant and difficult situation, and that after the impact had occurred, the conduct of all concerned was of such a nature as to be worthy of the highest commendation, for in the opinion of the court there can be no doubt that the Prince John would have foundered in comparatively deep water, with a probable loss of life, had it not been for the presence of mind, resource, energy and coolness displayed by the masters, officers and crews of both vessels.

The court reviewed in detail the circumstances of the case, and adds much commendatory remark on the action of both skippers. Stating that was taken, it lauds the resourcefulness and courage of both crews. It was due to the coolness and daring of all that the Prince John did not founder in deep water with probable loss of life, it states. After striking the Prince John, the Albert by keeping her engines going full speed ahead, saved a large trawler of water and made beaching possible.

TO COME TO SEATTLE.

Seattle, May 19.—All six steel steamships of 10,000 tons, building for the United States Shipping Board in China, are to come to Seattle for alterations, and these ships, together with four more building at Japanese plants, will complete contracts made in the Orient by the Government during the war. They will come to Seattle, manned by Oriental crews and on arrival here will be delivered to the Shipping Board. The alterations will involve expenditure of close to \$1,500,000.

PREMIER MAKES FASTEST TRIP

The fastest water trip between Squamish and Vancouver, yet officially recorded, was made by Premier Oliver Monday morning. The Premier covered the 42 miles in slightly under two hours in the gasoline speed boat of J. Claman, of Vancouver. He was the guest of Mr. Claman on the trip to Squamish, which he made to inspect the dykes there which protect the town.

Extensive repair work to the dykes is necessary, the Premier announced to-day. This work will be done during the Summer months by the Public Works Department and under a departmental engineer.

CHANGE MASTERS ON ADMIRAL FARRAGUT

Capt. Thomas Gives Place to Capt. G. A. Harris, Due to Illness

Seattle, May 19.—For the purpose of benefiting his health, which has been ailing for the last several months, Capt. H. C. Thomas, master of the Pacific Steamship Company's liner Governor, has gone to Soap Lake for an extended stay, and his ship is now commanded by Capt. George Zeh, another Admiralty line veteran, who recently in command of the steamship Admiral Farragut.

Because of this change in masters the Admiral Farragut sailed last evening with Capt. G. A. Harris in command. Capt. Thomas, who is retiring temporarily as master of the line Governor, is one of the best known mariners on the Pacific coast, and has been in command of the same vessel almost from the time that ship was placed in commission in the service of the old Pacific Coast Steamship Company. Capt. Thomas is not seriously ill, but his physician deemed it his duty to advise for an extended leave of absence, which was granted.

Capt. Zeh, who succeeds him during his leave, was formerly master of the liner President at the time the old Pacific Coast Steamship Company operated the liner Congress, which later burned at sea off Coos Bay.

Capt. N. E. Cousins, now master of the President, was commander of the Congress at the time, and this accident resulted in the latter sale of that vessel to the China Mail Steamship Company.

The many friends of Captain Thomas along the coast feel confident that he will soon return to service and once more occupy the bridge of one of the Admiralty line's popular steamers.

SHIP LAUNCHED NEARLY OUTFITTED

Margaret Coughlan Takes Water Almost Completed

Vancouver, May 19.—The 8,800-ton steel steamer Margaret Coughlan was launched at the Coughlan yards on Tuesday evening. There were no formal ceremonies, Mrs. J. H. Smalley, eldest daughter of the head of the firm, acted as sponsor. The boat was the most nearly completed of any launched by this yard, being externally finished in all respects, masts and smokestack. Even the lifeboats hung from the davits.

VICTORIA DAY IS JONAH DAY

Waterfront Foresees Prospect of Much Labor on Annual Holiday

The weird fate that hangs over the docks of those who go down to the sea in ships is the subject of much rueful comment on the waterfront this morning. Every shipping office and staff had a groan over the fact that from all indications the great holiday, May 24, was going to be their Jonah Day, the day on which they would be compelled to work on some vessel or other.

Over the week-end there is a fine collection of ocean-going vessels due to arrive here or leave on the first of their long journeys. One Blue Funnel liner will be here for unloading, the Niagara is due from the Antipodes, an Empress liner from the Orient as well as the Manila Maru and others are due at this port during holiday period.

STEAMER WARNED OFF FROM SECEDING MEXICAN STATES

San Mateo's Crew Reaches San Francisco After Wreck

San Francisco, May 19.—Chief Officer Hae, and fifteen members of the crew of the Pan-American Steamship San Mateo, which was wrecked at Salina Cruz, Mexico, on April 29, arrived Tuesday as passengers on the Admiral steamship Caracac, which brought a general cargo from the south coast.

The steamer was warned to keep away from all Mexican ports controlled by the revolutionists on pain of being shot at. On this account her sailing schedule will be delayed. The Oceanic Line steamer departed yesterday for Australian ports with passengers and freight.

The Mason liner Manoa arrived from the Hawaiian Islands yesterday with a large cargo and large list of passengers. A large portion of the cargo is raw sugar, consigned to the local refiners.

STEEL STEAMERS PROGRESS WELL

Number One Hull at Harbor Marine Ready For Decking

Number one hull of the Harbor Marine is nearing completion, and number two is well advanced, the decking being laid on the first vessel. Major Bullock Webster states that no work has been received from the delegation to Ottawa, who wired last to the effect that they had got into touch with the authorities, and were arranging interviews. The results of the conference are being awaited anxiously.

Social activities have been arranged to enliven the work of the members of the company, commencing with a large and successful dance last night at the Alexandra Club, which continued to a late hour. Four hundred guests made merry until assisted by Heaton's orchestra.

Another social has been planned in two weeks' time, to be followed by the last dance of the season early in June. A colossal picnic has been engaged the entertainment committee, which has drawn up preliminary plans for the event to be given for the wives and ladies of the marine workers.

STRIKE HELD UP SPRING CLEANING

The after effects of the Winter and the general slackness of conditions me it a slow season for the marine repair plants. Yarrows, Limited, report that the strike has held up all the work they had in sight, as the vessels have to be kept in service. In this class was the Prince Albert, for repairs to bow, suffered in collision with the Prince John, estimated as a ten days job.

The Princess Adelaide was to have been hauled out for cleaning and repairs, but had to be kept on when the Royal was taken off.

The Canora got off last Saturday after an extensive list of repairs. Repairs on the gasoline launch Washburn, which pounded her bottom on Trial Island recently, was completed yesterday. Yarrows, in default of immediate work have taken to cleaning their own craft.

VESSEL MOVEMENTS

Dominion at Quebec from Liverpool.
Lapland at Southampton from New York.
Haverford at Halifax from Liverpool.
It was announced at the annual celebration of the foundation of the South African School of Mines that the Central Mining and Investment Corporation, Limited, and De Beers Consolidated Mines, Limited, had each made donations of £10,000 to the Chamber of Mines £25,000 towards the building fund for the establishment of a university on the Rand.

VICTIMS RESCUED

Kidney, liver, bladder and uric acid troubles are most dangerous because of their insidious attacks. Heed the first warning they give that they need attention by taking

GOLD MEDAL MARBLE OIL CAPSULES

at the Theatre

ROYAL VICTORIA

Scores of Nellie Jones office associates were shocked one autumn night to see her step lightly into the brilliant Palais Royal, clinging tenderly to the arm of her boss and head of the Crownfield Insurance Company.

The Value of Knowing How.
Couples who were used to seeing Nellie tap a typewriter eight hours per day nodded significantly to one another and opined that Nellie had "vamped" the prize of the entire office. But Nellie merely smiled innocently and examined the shimmy

dance of Gilda Gray, the celebrated New York dancer.

This is the situation in "A Virtuous Vamp," Constance Talmadge's second production for First National Exhibitor's Circuit, which will be seen for the last time to-night at the Royal Victoria Theatre. John Emerson and Anita Loos have adapted "A Virtuous Vamp," from Clyde Fitch's popular play, "The Bachelor," and their work on this production is rated as among their best.

The management of the Royal Victoria Theatre promises one of the most delightful pictures of the year.

DOMINION

No one has succeeded better than Mark Twain in portraying on the printed page boy life along the Mississippi River in the old slavery days. His immortal books, "Tom Sawyer" and "Huckleberry Finn," are packed with rich local color. No wonder the movie-makers have found them admirable screen material. Already

CABARET CRITERION BELMONT HOUSE

two notable pictures have been produced with "Tom Sawyer" as the basis. And now the beloved vagabond, Huckleberry Finn, perhaps even a more interesting and sympathetic character than the famous Tom himself, has been made the hero of a photoplay that is said to surpass in elaborate scale of production and faithfulness of detail even the earlier Mark Twain picturizations.

"Huckleberry Finn," which is showing at the Dominion theatre, was directed by William D. Taylor, the man who handled "Tom Sawyer" and "Huck and Tom."

VARIETY

"The Glorious Lady," Olive Thomas's third Selznick picture shown this week at the Variety Theatre, tells the tale of the love of the Duke of Loame for beautiful Ivis Benson (Olive Thomas), a peasant girl. This love is fanned into a strong flame when Ivis rescues the Duke at the risk of her own life during the running of the annual "point-to-point" race. This race is similar to the American custom which had its origin far back in the baronial days. In this event all are permitted to compete—high and low-born alike—and fierce is the rivalry and strong the enthusiasm as the contenders strive for victory. "The Glorious Lady" was written by Mary Muriel and Edmund Goulding.

COLUMBIA

Joie Sedgwick, who appears in the leading feminine role in Jack Dempsey's Pathe serial "Daredevil Jack," which will be seen at the Columbia Theatre all this week, had a noteworthy career on the vaudeville and legitimate stage before entering the films. But as the screen actress, Joie Sedgwick scored her greatest success, and motion picture patrons need not over-estimate her fame for her numerous screen impersonations of the typical American girl of the athletic type. Miss Sedgwick has portrayed leading roles in scores of photoplays, among which are "The Eagle's Nest," "Ashes of Hope," "The Evil Dodger," "The Strange Weakening," "The Maternal Spark," "Fighting Back" and "Jubilo." She has been leading woman for such stars as Fred Stone, Will Rogers, Roy Stewart and William Desmond.

PANTAGES

Miniature musical comedies have been numerous at The Pantages in recent months, but "You'd Be Surprised" fulfills its promise as the feature attraction of the lively new bill that opened Monday afternoon. It is surprising these days to find girls in a chorus who are as attractive as those who decorate this offering, and it is something of a surprise to find principals also live up to the credentials of their press reports. The act is breezy, wholesome and tuneful, with Billy Zeck carrying the comedy honors and Gladys Randolph and Jack O'Malley sharing the vocal successes. Zeck, as the youth who braves the lion den to marry a pretty girl and pay a board bill, is genuinely funny.

Laurie Ogilvy, eccentric comedienne, already well known and popular with Pantages audiences, repeats her former success in a repertoire of comedy song recitations and keeps the audience in an uproar. She is assisted by Irene Fisher at the piano.

Pantages audiences have yet to see a finer and more thrilling exhibition of gymnastics than that given by the Four Danubes this week. Of remarkable physique, they display skill and daring in aerial casting. There are three other excellent supporting acts and a new chapter of "The Adventures of Ruth."

CITIZENS SHOULD APPLY SOON FOR ADMISSION TICKETS

Tickets for the special performance of the Hudson's Bay Company's fur trading pictures will be obtainable at the Kent's Edison Store to-morrow, Friday and Saturday. The pictures will be shown on Monday and Tuesday, May 24 and 25, at the Royal Victoria Theatre. On the first day there will be four or five performances, and probably the same number on the succeeding day. On Tuesday the school pupils, marshalled by their teachers, will be welcomed at the theatre.

One of the features is the film showing the trip of the Hudson's Bay factor from the company's offices in

Women Are Careless!

This has been proved over and over again during the war. They over-estimate their physical strength and overtax it. Their ambition is commendable, but does not compensate for the hours and days of misery which they suffer from symptoms caused by female ills brought on by overwork. Women who are weak, nervous, despondent, with headaches, backache and dragging-down pains should remember there is one tried and true remedy, that is Lydia E. Pinkham's Vegetable Compound now recognized everywhere as the standard remedy for such ailments.

STRIKE SITUATION REMAINS DORMANT
Coastwise Vessels Running Nearly on Schedule; Centre of Activity in Vancouver

There was no change in the strike situation to-day it was intimated at the local steamship offices. Captain Troop, Manager of the B. C. Coast Service, says that his company is running a regular service fairly well on schedule. The Princess Adelaide, which was to have been taken out and painted has been kept for Skagway to-night, after a brief call here yesterday.

With the exception of the curtailment of the transfer service, and the Prince Rupert route the entire schedule is being kept up. It is expected that settlement will be reached shortly. The Summer schedule to the end of May has been practically fixed, and shows little change in the usual routine.

In Grand Trunk Pacific Railway circles the situation is much the same, the Prince George is operating north once a week, but the Rupert is still tied up.

The centre of the striking activities appears to be in Vancouver with the Union Steamship Company, which has been completely tied up. It is expected that the Union Steamship Company will get one boat away from Vancouver to-night, as the showings are more promising. As a result of the strike the boats running to the north are packed to capacity, and carrying the full tide of the northerners returning for the Summers work. The strike has had little affect locally where the men seem to be contented, and giving willing service.

ARRANGEMENTS MADE FOR CLUB LUNCHEON

The executive of the Canadian Club announces that arrangements are proceeding satisfactorily for the luncheon to be tendered on Friday next, to Sir Robt. M. Kindersley, the Governor of the Hudson's Bay Company, at the Empress Hotel at 12 o'clock noon.

His Honor the Lieutenant-Governor yesterday signified his intention of being present at the luncheon, and Premier Oliver and members of the Provincial Cabinet will occupy seats at the guest table.

In addition to the distinguished guest the following members of his party will participate in the luncheon: Sir Augustus Nanton, Messrs. G. P. Galt, E. Fitzgerald, Hugh Kindersley, Sir Robert's son; H. E. Burbidge, J. E. Braidwood, L. E. Wilson, and C. H. French, Local Manager.

Announcement is made by the executive of the club that the members of the women's club are cordially invited to be present on this occasion, without admission tickets, other than their membership tickets in the Women's Club. No restriction is being placed upon the number of members of the Women's Canadian Club who desire to attend to hear the address on this occasion.

The ladies are invited to be in attendance at 12.30 p. m. on Friday.

DR. WM. EVANS
