VICTORIA, B.C., FRIDAY, FEBRUARY 29, 1924

PRICE FIVE CENTS

EARTH SHOCKS FELT IN EUROPE

Six in Spain in Few Days; One Last Night in Italy

People in Italian Town Hurried into Streets

Madrid, Feb. 29.—Six distinct earthquake shocks have been felt in Spain within the last few days. The Toronto Observatory registered a shock, but the time is not given, and the town of Lerida reports a tremor in that vicinity at 10 o'clock last night.

Mondolfo, Italy, Feb. 29.—A sharp earthquake shock was felt here at midnight. It lasted several seconds and drove the population into the streets. No material damage was reported.

SAYS TROUBLES OF SOVIET NOT ENDED

Zinovieff, an Internationale Leader, Warns Russians Against False Hopes

Moscow, Feb. 29.—Speaking in Petrograd yesterday, C. S. Zinovieff, chairman of the executive committee of the Third Internationale, said he wished to throw cold water on the belief prevailing in some Russian circles that recognition of the Soviet by several important foreign powers indicated that Soviet Russia's troubles were over. The victorious struggle was still going on, he declared, and the campaign between the Socialist state and the bourgeois countries was not ended.

Recently a federation of British Industrialists had presented Premier MacDonald with certain demands upon Russia, including recognition of all debts. "It was quite clear the Soviet answer would be 'No.' To-day is the fifth anniversary of the Third Internationale."

BAKER MEMORIAL UNVEILED IN OTTAWA

Statue of M.P. Killed in War Stands in Lobby of House of Commons

Ottawa, Feb. 29.—The memorial to the late Lieut.-Colonel George Harold Baker, M.P., killed in action at Sanctuary Wood on June 2, 1916, which was erected by the Parliament of Canada and unveiled by the Governor-General, Baron Byng, former commander of the Canadian Corps, to-day on the centenary of the House of Commons. The ceremony was impressive and affecting and was the occasion of eloquent tributes to the heroic young soldier at the outset of his parliamentary career gave his life in the service of his country and the Empire. The unveiling was attended by members of Parliament, many of whom were colleagues of Colonel Baker in the House at the time he went to the front, by Senators and by other invited guests.

LEMIEUX SPOKE

The proceedings were opened by the Speaker of the House of Commons, Hon. Rodolphe Lemieux, who after the gathering had sung "O Lord Help in Ages Past," recalled the circumstances in which Parliament had met under the shadow of war and how Colonel Baker, the youngest member of the House of Commons, felt it his duty to go to the front.

"This memorial," said the Speaker, "will stand here at the threshold of the House of Commons for all time to come as a supreme lesson of the dead to the living that love of country and devotion to duty are not empty words or vain phrases."

The Governor-General was then called upon to unveil the memorial, which is a life-sized statue of Colonel Baker, and stands in a niche at the right of the lobby as one enters the House of Commons.

DEATH SENTENCE

Welland, Ont., Feb. 29.—William Albert Camfield was sentenced yesterday to be hanged May 8 for the murder of Albert Morningstar on Christmas Day. He was convicted of beating the farmer insensible with a shovel, setting fire to the house and burning him to death.

DUTCH SHIP WAS BATTERED BY BIG ATLANTIC STORM

Plymouth, Eng., Feb. 29.—The Royal Netherlands steamship *Stuyvesant*, from Central American and West Indian ports, arriving here yesterday, had been battered by a hurricane which reached its height on February 22. Her boats were smashed and the smoking room, saloon and cabins stamped.

HEADQUARTERS IN MONTREAL SOON FOR BOY IMMIGRANTS

Montreal, Feb. 29.—In anticipation of a large volume of juvenile migration from Great Britain to Canada in this and succeeding years, the immigration committee of the Montreal Kiwanis Club has secured and is equipping a local hotel to be used as a clearing house for such boys on their arrival here. The building will be ready for occupancy March 10.

Cargo of Cows' Shinbones Sent to China From Chicago

Galveston, Texas, Feb. 29.—Three cartloads of select shinbones from cows slaughtered at Chicago packing house were exported from Galveston in the steamship Patrick Henry to Japan, where they will be re-exported to China for the manufacture of fish-bone ash. The popularity of the game in the United States and South America is said to have caused a large demand for the bones.

DEADMAN'S ISLAND AT VANCOUVER IS FEDERAL PROPERTY, JUDGE RULES

Vancouver, Feb. 29.—Deadman's Island is awarded to the Federal Government under a judgment handed down this morning by Mr. Justice D. A. McDonald. The recent trial lasted four days and the case has been before the Privy Council three times.

The decision involves the ejection of the Vancouver Lumber Company and twenty-one squatters from the property. The island, which is just off Stanley Park in Coal Harbor, is of enormous value. As an addition to Stanley Park it would prove highly valuable as Summer resort property.

Save-the-Forests Week is Arranged April 27 to May 3

Ottawa, Feb. 29.—To further organization of forest protection in Canada, a "Save-the-Forests" week is proclaimed by Order-in-Council. The dates are fixed as April 27 to May 3.

TO SPEAK IN VICTORIA

Dr. W. A. Riddell, of the International Labor Bureau, Geneva, who is touring in Western Canada, and is now in Winnipeg, will speak here under the auspices of the Victoria branch of the League of Nations Society towards the latter part of next month.

PRINCE REGENT AND BRIDE GREETED IN CITY OF TOKIO

Tokio, Feb. 29.—Prince Regent Hirohito and his bride were greeted by throngs to-day on their return from a week's wedding trip. While away from the capital they visited the national shrine and imperial tomb where, in accordance with the ancient Japanese custom, they formally reported their wedding to the spirits of their ancestors.

SEND EQUIPMENT FOR WORLD FLIGHT

U.S. Aviators Ship Spare Aeroplane Motors to Alaska and Far East

Santa Monica, Cal., Feb. 29.—Fifteen complete Liberty airplane engines are in shipment to Alaska and Far Eastern points as emergency equipment for the four United States army aviators who have here in Alaska, one to Siska—one to Dutch Harbor and the third to Chicago, a small island. The other twelve engines are on their way to Amot, Yakobsk—Nagasaki, Japan.

SHANGHAI, Saigon, French India, China, and Calcutta, India. These engines are in condition for instant replacement should they be needed by the round-the-world fliers.

In addition to the engines the supply shipments include everything that may be needed in the way of tools, supplies and replacement parts.

FIRE LOSSES

Toronto, Feb. 29.—Fire losses in Canada for the week ended February 27 are estimated by The Monetary Times at \$438,100 as compared with \$1,122,100 for the previous week and with \$2,251,200 for the corresponding week last year.

Physician and Surgeon in France Fought a Duel

Chantilly, France, Feb. 29.—General Messimy, former Minister of War, presided over a duel yesterday between two leading lights of the French medical world, Professor Bernard Cuzco, a surgeon, and Elie Broca, a physician.

As soon as the general gave the signal, the two eminent specialists fell upon each other with rare ferocity. They lunged, thrust and parried for a good half-hour. Both were pretty well winded when in one seventh bout Professor Cuzco was run through the sword arm and this ended the encounter.

The quarrel was not on a point of scientific interest. It was of a private nature.

Youths Robbed Cafe Man While Awaiting Food

Los Angeles, Feb. 29.—Two youths entered a downtown cafe here last night and while waiting for sandwiches they had robbed the proprietor of \$52 and a \$1,000 diamond ring. By the time they had looted the safe and cash register their sandwiches were served. They took them and made their exit munching on the bread and meat.

URGES ONTARIO TO LIVE WITHIN ITS INCOME

Liberal member for West Ottawa, during the debate on the budget in the Ontario Legislature, pressed the Ferguson Government to live within its income, even if it should be necessary to impose new taxation to achieve that end.

Swiss Flag May Be Flown Soon on Merchant Ships

Geneva, Feb. 29.—Measures with a view to permitting the Swiss flag to be flown on the high seas are under discussion by the Federal authorities to enable Switzerland to maintain a merchant marine. The question of a navy to protect a possible merchant marine has not been raised.

KINGSTON ARENA DESTROYED BY FIRE; LOSS IS \$95,000

Kingston, Ont., Feb. 29.—Fire of undetermined origin, but supposed to have been caused by a lighted cigarette stub, completely destroyed the Hartley Arena early to-day. The building was valued at \$95,000.

U.S. CONSULATE IN HONDURAS GUARDED

Building in Ceiba Was Fired on by Revolutionists During Uprising

Washington, Feb. 29.—The States consulate at Ceiba, Honduras, was fired on by revolutionists and a detachment of marines from the cruiser *Acton* has been landed to act as consulate guard.

Consul Waller reported to-day that fighting had been in progress in the streets for four hours and that some bullets "had penetrated the consulate."

DEPORTATION FROM SPAIN PROTESTED

French Writers Expulsion of Unamuno Insult to Intellectuals

Paris, Feb. 29.—The action of the Spanish Government in expelling Professor Unamuno of the University of Salamanca on charges which included his attacks against the present Government has brought a protest in the name of French writers which is printed to-day in *Les Nouvelles Littéraires*. It is signed by Valery Larbaud.

The protest says Professor Unamuno's sentence of deportation "is an insult not only to one of the greatest personalities in Spain and in Europe, but to all intellectual workers in all countries."

DR. F. O. NORTON DIED IN PENNSYLVANIA

Chester, Pa., Feb. 29.—Dr. Frederick O. Norton, authority on the New Testament and a professor at the Crozier Theological Seminary, died to-day after an operation. During the World War he was registrar of the American Army Educational Corps in Paris.

Mild Epidemic Of Smallpox in Perth, Ontario

Perth, Ont., Feb. 29.—There is a mild epidemic of smallpox in this town, ten cases having been reported during the present week. The authorities are taking every precaution to prevent its spread.

Paris Robber Tried To Steal Standard Metre and Failed

Paris, Feb. 29.—An attempt to steal the international standard metre was foiled last night by the janitor of the International Weights and Measures Bureau. The burglar managed to escape over a fence, leaving an elaborate kit of tools behind.

BANK CLEARINGS SHOW ADVANCE

Business in First Two Months of Year Indicate Substantial Gain

Ottawa, Feb. 29.—(Canadian Press)—Steady improvement in the employment situation since January 1 is recorded by the Dominion Bureau of Statistics. In the maritime and prairie provinces employment declined.

SAFEGUARDS IN DAVARIAN STATE

President Eberts Decree Does Not Remove Extraordinary Measures There

Berlin, Feb. 29.—President Ebert's decree abolishing the state of siege in Germany and withdrawing restrictions on personal liberty and freedom of the press will not be applied fully to Bavaria. An ordinance issued by Minister of the Interior carries Bavaria from the obligation to cancel her special decrees concerning "protection against illegal alteration of the Bavarian constitution" and the prohibition of public meetings and demonstrations.

Home Bank Depositors Ask Ottawa to Provide Counsel for the Inquiry

Ottawa, Feb. 29.—With a request that the Government provide counsel to represent depositors of the Home Bank during the sittings of the Royal Commission which will investigate the collapse of the institution, a delegation from the depositors committee waited on Hon. J. A. Robb, Acting Minister of Finance, this morning.

SAYS MUCH PROMISE IN OPENING SPEECH AT OTTAWA SESSION

Leader of the Progressive Party, described the King Government's outline of its plans yesterday as "the most hopeful speech from the Throne since I have been in Parliament." He said he and his followers were waiting to see what the Government would be able to do.

PROVINCIALS MAKE FAST EXAMINATION OF RAILWAY BOOKS

McRae Forces Prepare to Fight For Existence Before Royal Commission

Auditors and lawyers representing the Provincial Party started an exhaustive examination of books and documents of the Provincial Department of Railways to-day in preparation for the reopening of the Royal Commission on Pacific Great Eastern Railway affairs next week. Production of all estimates of cost in the construction of the railway since the present Government took office was requested by the Provincial Party representatives. These documents will be laid before the auditors, but that they will be able to go through even a part of them carefully before the re-opening of the investigation appears doubtful.

TARIFF CUTS TO BE A FEATURE OF DEBATE

NEXT WEEK IN OTTAWA

Indication of Government's Intention Given in Speech From Throne Will Cause Party Declarations in Commons; Conservatives More Likely to Move Amendment to Address Than Progressives

Ottawa, Feb. 29.—(Canadian Press)—Conservative and Progressive members of Parliament alike will spend the week-end in consideration of the Speech from the Throne at party caucuses. Their attitude will be formally determined and decision reached whether or not an amendment to the address is to be presented. Any such amendment, it is felt, is more likely to originate from Conservatives than from Progressives.

The debate on the address next week will no doubt turn to a large extent on tariff reductions as indicated in the Speech from the Throne. In the parliamentary corridors the mention of reductions is the feature of the speech giving rise to most comment and there is much speculation how far the reference in the Speech will be given effect. Progressives regard it as a veering towards their point of view, although they are waiting to see the actual proposals of the Government before definitely committing themselves either to approval or criticism.

It is the most hopeful Speech since I have been in Parliament," Robert Forke, Progressive leader, observed to a Canadian Press reporter to-day. "The speech holds out promise of a good deal, but we are waiting to see what the Government intends to do. The Speech may mean much or it may mean very little."

AUTO EVIDENCE AT DELORME TRIAL

Only Priest and Two Others Owned Cars in Delorme's Neighborhood

Montreal, Feb. 29.—Evidence as to the cars which were owned in the neighborhood of the Delorme home was put in at this morning's session of the trial of Rev. Adelard Delorme on a charge of murdering his half-brother, Augustus, on January 8, 1922. Crown Prosecutor Calder called Paul Beauchamp, who had not previously testified in the case.

Mr. Beauchamp said he owned an automobile at the time of Raoul Delorme's death, but it was not used in the Winter. In the Summer he kept it in a yard immediately opposite the Delorme garage.

"Witness was asked of produce in the court a receipt showing when he put his car in storage in the Winter of 1921-22."

LEAP YEAR DAY WAS NOT ALWAYS ON FEBRUARY 29

How Calendar Reform Has Failed to Touch This Phase of Solar Reckoning

This is the day which every four years reminds thinking citizens of the ancient theories in which are rooted the common-place acts of this generation. Calendar reform has been the sport of kings, philosophers, and legislators during the long period of recorded human history. Even the number of days of the month, which were established in the Julian calendar on a scientific basis, were disturbed by Augustus to gratify a whim, and prevent the month of August, named in his honor, being shorter than its predecessor called after the great Julius Caesar.

It was not always that the odd day of adjustment to keep the calendar running parallel to the solar year was set between February and March because as a matter of fact February was originally planned had thirty days but the last day was taken by Augustus to make his month as long as July. For many years the odd day was placed between February 24 and 25, and had a special name, signifying its connection with the calendar adjustment.

The Julian calendar, upon which the present Christian record is founded, and as recorded by the Gregorian system adopted into England in 1534, is still slightly in error, astronomically, hence the necessity of periodic adjustment.

Mr. Woodworth has another motion that the governing powers of Canada ought to possess under the British crown "the same powers with regard to Canada, its affairs and its people, as the Parliament of Great Britain possesses in regard to Great Britain, its affairs and its people."

Mr. Woodworth has another motion that the governing powers of Canada ought to possess under the British crown "the same powers with regard to Canada, its affairs and its people, as the Parliament of Great Britain possesses in regard to Great Britain, its affairs and its people."

PEACE AND WAR

Mr. Irvine takes up the question of peace and war. He intends to move that no act of war shall be committed directly or indirectly against a foreign state without the consent of Parliament; that no international treaty shall be ratified till it has been submitted to Parliament; that there shall be no diplomatic arrangement with a foreign state involving military obligation without the consent of Parliament.

London, Feb. 29.—A concert broadcast by station KDKA, Pittsburgh, last Saturday night and relayed from London, was heard clearly for thirty-two minutes in Calcutta, India. This information was contained in a cablegram from The Calcutta Statesman to its London office yesterday.

SCHOOL PUPILS APPRECIATE VALUE OF INDUSTRIAL VISITS

In line with the policy of the City School Board to encourage interest in industrial matters, the students of the Girls' Central School paid a visit to the Victoria Steam Laundry on Friday last and took a keen interest in the mechanical wash day of the Twentieth Century. The camera caught them as they lined up in front of the premises on North Park Street. The Victoria Steam Laundry is one of many institutions which have found it necessary to set special days aside for the entertainment of students in this manner.

MAJOR JOHNSTONE CONTESTS ALBERNI

Conservative Leader Speaks, Following Convention Enemies For Life With Oliver, He Says

Special to The Times
Port Alberni, Feb. 29.—Major James C. Johnstone will be the Conservative candidate in the Alberni riding at the next Provincial general election. He was chosen at a party convention here yesterday afternoon. In the evening a public meeting was addressed by W. J. Bowser, the Conservative leader, Major Johnstone and others.

Premier Oliver and W. J. Bowser have mutually come to a decision that they will be lifetime political enemies, declared Mr. Bowser at the evening meeting.

The Leader of the Opposition in the House indulged in a biting criticism, both of the Oliver Administration and the Provincial Party. The P.G.E. Railway could have been completed for six millions, according to an agreement that his government had, if the Oliver Government had lived up to it, he asserted. Mr. Bowser criticized the Oliver Government for extravagance, particularly referring to traveling expenses.

THIRD PARTY
Dealing with the third party he implied serious motives against General Meates. As a heavy owner of timber lands he wanted to get in power Mr. Bowser said, because of the increased scale of timber charges which was due to come into effect next year.

The levy on timber he claimed, was too high, and stated that he was prepared to revise the tariff, if he was elected to power.

Major Johnstone also addressed the meeting which was attended by about one hundred people.

TARIFF CUTS TO BE A FEATURE OF DEBATE NEXT WEEK AT OTTAWA

(Continued from page 1)

sent of Parliament, and that no preparation for co-operation in war with the fiscal or military staffs of a foreign state shall be lawful without parliamentary sanction.

Mr. Woodsworth also will present a resolution opposing the privilege of issuing currency and controlling financial credit being granted to private corporations.

MURDOCK'S POSITION
When asked yesterday afternoon if he intended to resign from the Government because of charges made against him in connection with his deposit in the Home Bank, Hon. James Murdock, Minister of Labor, merely smiled. It has been alleged that Mr. Murdock withdrew \$4,000 from the Home Bank just before it failed and that to this end he used knowledge of the bank's condition obtained as a Minister.

Mr. Murdock declares his deposits and withdrawals were ordinary banking business and his cheque book is open to inspection if necessary.

AUTO EVIDENCE AT DELORME TRIAL

(Continued from page 1)

SAW MEN IN CAR
Eduard Depocas, a new witness at the trial, testified yesterday afternoon that he had seen a man, dressed like a priest and wearing a collar, driving an automobile of the same make as that owned by Rev. Adelaire Delorme at 2 o'clock on the morning of the murder. He was seated at his window overlooking the street car tracks after they had left. It was about 2 o'clock on the morning of January 7 that he had seen an automobile run along the tracks for seventy or forty feet and slow down opposite his window. A man dressed like a priest was driving and there was another man in the rear of the car, "who drew back as if to hide himself when he saw me looking."

BRITISH SHIPPING IS MORE ACTIVE

Competition From U.S. in Transpacific Service is Felt

New York Feb. 29.—The British national income from shipping services in 1923 approximated \$53,560,000, according to figures received by the Bankers Trust Company of New York from its English Information Service.

PROVINCIALS MAKE FAST EXAMINATION OF RAILWAY BOOKS

(Continued from page 1)

MINISTERS CONFIDENT
In any case the Government will enter the final stages of the investigation with complete confidence, as the suspect of a "king" mis-spent dollar has been discovered by Price, Waterhouse and Company's audit of Railway Department books. It is understood that Ministers who have gone fully into the numerous and involved charges leveled by the Provincial party in its organ, The Searchlight, have been unable to find basis for any of them.

When the Provincial Party starts its attempt to prove its charges of dishonest administration of railway affairs under Premier Oliver, when he was Minister of Railways, it will be fighting for its existence, according to political observers. As Sir Charles Tupper, K.C., one of the party's chief leaders, admitted in a recent speech, unless it can get somewhere with its charges, it will cease to be a factor in British Columbia politics.

Diary of a Fashion Model

By GRACE THORNCLIFFE
Madame Designs a Novel Cloth Frock

"Rep" will undoubtedly be one of the best materials for the Spring frock," Madame informed me this morning.

"At least it will at this shop," she added.

"I gather you're fond of rep as a material," I said.

"Especially so, because so effective or practical for the Spring frock," she assured me.

"It is light in weight and most attractive in appearance," I agreed.

"I believe I enjoy designing cloth frocks of the semi-tailored variety even more than evening gowns," Madame remarked, with her head on one side.

She was sitting in an easy corner of her favorite big chair, running through a batch of sketches that she had made in the last few days.

"But more than sketching, I enjoy going to the big cloth and silk houses in this country, and abroad, and simply basking in the beauty of their materials," she continued.

"That's where most of my inspiration comes to me," she went on.

I listened attentively, for I have hopes myself of someday becoming a designer.

"When I see lovely material, immediately nothing comes into my mind's eye a vision of just the kind of frock that it would make," Madame said.

"Even when the material is just a plain cloth like rep?" I asked.

"Even so," said Madame.

"Take this, for instance," she said, drawing a sketch from the lot.

I looked and saw an adorable frock with a series of loops that seemed to be made of braid, for trimming.

"I had that sort of frock in several lovely colors for some time," Madame told me. "Somehow the right material and frock for it never seemed to come along at the same time."

"You mean the narrow little satche you have in navy and those heavenly shades of purple?" I asked.

OTTAWA TO CONSIDER REQUEST FOR B.C. MAN ON RAIL BOARD

Premier Oliver's suggestion that a British Columbia man be appointed to the Railway Commission as soon as possible will have full consideration by the Federal Government. This assurance reached Mr. Oliver today in a telegram from Premier Mackenzie King.

NEW KING'S PRINTER TO TAKE CHARGE OF BUREAU TO-MORROW

Charles F. Banfield, newly appointed King's Printer, will take charge of the Government printing department to-morrow morning. It was announced at the Parliament Buildings today. Mr. Banfield is replacing William H. Cullis, who is retiring at the superannuation age after many years of successful administration of the printing bureau.

OPPOSE EXTENSION OF HORSE RACING

Members of Anglican Synod Resolution to Governments

Vancouver, Feb. 29.—The Synod of the Anglican Diocese of New Westminster, which concluded its session here last evening, went on record as opposed to the granting of any further facilities for horse racing in British Columbia.

The motion was brought in by the social service committee and on its recommendation it was resolved to petition the Federal and Provincial Governments protesting against the gambling connected with horse racing and opposing further concessions.

Paris, Feb. 29.—M. Heibel, Minister of Liberated Regions, told the Chamber of Deputies yesterday that 52,500,000 francs already had been paid by the French Government for reconstruction in the devastated regions. Final estimates bring the amount to be expended to \$2,800,000,000 francs, thus leaving 9,420,000,000 to be found.

Diary of a Fashion Model

By GRACE THORNCLIFFE
Madame Designs a Novel Cloth Frock

"Rep" will undoubtedly be one of the best materials for the Spring frock," Madame informed me this morning.

"At least it will at this shop," she added.

"I gather you're fond of rep as a material," I said.

"Especially so, because so effective or practical for the Spring frock," she assured me.

"It is light in weight and most attractive in appearance," I agreed.

"I believe I enjoy designing cloth frocks of the semi-tailored variety even more than evening gowns," Madame remarked, with her head on one side.

She was sitting in an easy corner of her favorite big chair, running through a batch of sketches that she had made in the last few days.

"But more than sketching, I enjoy going to the big cloth and silk houses in this country, and abroad, and simply basking in the beauty of their materials," she continued.

"That's where most of my inspiration comes to me," she went on.

I listened attentively, for I have hopes myself of someday becoming a designer.

"When I see lovely material, immediately nothing comes into my mind's eye a vision of just the kind of frock that it would make," Madame said.

"Even when the material is just a plain cloth like rep?" I asked.

"Even so," said Madame.

"Take this, for instance," she said, drawing a sketch from the lot.

I looked and saw an adorable frock with a series of loops that seemed to be made of braid, for trimming.

"I had that sort of frock in several lovely colors for some time," Madame told me. "Somehow the right material and frock for it never seemed to come along at the same time."

"You mean the narrow little satche you have in navy and those heavenly shades of purple?" I asked.

FEW IMMIGRANTS FOR U.S. TILL JULY 1

Barring Small Numbers, Quotas of Nations For This Fiscal Year All Filled

Washington, Feb. 29.—No more immigrants, barring a few scattered handfuls will be admitted to the United States during the current fiscal year which ends June 30 next, according to information made public by the Department of Labor. All Europe, except Scandinavia and France, with a sprinkling of a few scores of hundred of immigrants elsewhere, has exhausted its quota for the current year.

The list of admissibles stood fifteen days ago—latest date on which figures were compiled—at 922 persons, Denmark 1,562, from Estonia 799, from France 1,180, from Norway 1,291 and from Sweden 1,082. The remaining 1,290 who may be admitted to the country prior to June 30 are divided among Armenia, Austria, Hungary, Iceland, Latvia, Yugoslavia and Turkey.

REMAINING QUOTAS FILLED
Within the next five days, it is expected, the remaining quotas will be exhausted so that from then on until July 1, about four months, immigration to the United States will have ceased entirely.

It will be the first time in the history of the country, it is believed, that the human tides will have ceased to roll again to the shores of the United States.

Under the present immigration law, which will expire June 30 next, the number of admissibles is restricted to three per cent of the nationals of any country in the United States at the time the census of 1919 was taken. The total which may be admitted in any one year has been figured out by the Department of Labor at 357,842.

BRITISH QUOTA GREATEST

The total is apportioned among the various European and other nations affected by the law. In the United States (not affected), in quotas fixing the limit of immigration from each country: The highest is the quota of 42,057, Sweden with 23,942, Czechoslovakia with 14,557 and Norway with 12,202 following in the order named. Each of the remaining thirty-six nations affected has an annual quota of less than 10,000; seventeen have quotas of less than 1,000.

Sweden alone of the eight nations named above has not exhausted her 1924 quota, and even in her case the quota is ninety-five per cent exhausted.

ONE-FIFTH EACH MONTH

Under the Labor Department's ruling, not more than one-fifth of a nation's annual quota may be admitted in any one month. Because of this ruling no nation can exhaust its quota in less than five months.

The ruling was made to prevent an overflow of immigrants, in that 17,842 persons, the next Germany with 67,587, while Italy with an annual quota of 42,057, Poland with 30,947, Russia with 24,405, Sweden with 23,942, Czechoslovakia with 14,557 and Norway with 12,202 following in the order named. Each of the remaining thirty-six nations affected has an annual quota of less than 10,000; seventeen have quotas of less than 1,000.

Sweden alone of the eight nations named above has not exhausted her 1924 quota, and even in her case the quota is ninety-five per cent exhausted.

QUICKLY EXHAUSTED

An evidence of the pressure abroad to obtain admittance to the United States during the current fiscal year that during the current fiscal year Great Britain exhausted her quota within two days after the earliest possible date, of November 18; Poland December 18, and Germany January 27. No more immigrants from any of these nations will be admitted.

Reduction of One-Fourth in U.S. Income Tax

Washington, Feb. 29.—A one-fourth reduction in all personal income taxes payable this year was approved today by the House. A proposal to eliminate the entire section of the revenue bill carrying this provision was defeated, 181 to 145.

MR. BRYAN TO VISIT

Word has been received by the Secretary of the Edmonton Board of Trade, that A. E. Bryan, Canadian Trade Commissioner in Japan will be in Edmonton on March 12, and will address the Board on the possibilities of this Province trading with the Orient which could be supplied from Alberta.

FARMERS CRITICIZE \$50,000,000 BILL

Many Leading Figures in U.S. Say Farmers' Burdens Would be Heavier

Washington, Feb. 29 (Canadian Press)—Proposed legislation to appropriate \$50,000,000 to provide for diversification of farming in the northwest and other states of the United States, which would be a relief to the farmers, is being criticized by many leading figures in the U.S. who say the bill would be a heavy burden on the farmers.

George Hancock, twenty-three, owner of the car, opened a door of the coupe as it left the ends of the wharf and the three got free. Capt. Charles Gilbert heard their cries at his home a mile away on Mercer Island and hurried to the rescue on his tugboat, his wife accompanying him. Miss Abernathy and Hancock were clinging to the piles of the wharf. Miss Abernathy was endeavoring to hold Miss Gray's head above water, but Miss Gray was dead.

Hancock, on his way home from work last evening, saw the girls waiting for a street car to take them to their home. He offered to carry them on their way, and the trio concluded afterward to have an excursion to the other side of the lake.

GIRL IN AUTOMOBILE DROWNED IN LAKE

Seattle, Feb. 29.—Edna Gray, nineteen years old, of this city, was drowned after an automobile containing her and two companions had run off a wharf at Newport, east of here, into Lake Washington in the night. Helen Abernathy, eighteen, drove the car on the wharf in the belief that she was taking a short cut across a slough. She discovered her error in time to apply the brakes, but not to stop.

George Hancock, twenty-three, owner of the car, opened a door of the coupe as it left the ends of the wharf and the three got free. Capt. Charles Gilbert heard their cries at his home a mile away on Mercer Island and hurried to the rescue on his tugboat, his wife accompanying him. Miss Abernathy and Hancock were clinging to the piles of the wharf. Miss Abernathy was endeavoring to hold Miss Gray's head above water, but Miss Gray was dead.

Hancock, on his way home from work last evening, saw the girls waiting for a street car to take them to their home. He offered to carry them on their way, and the trio concluded afterward to have an excursion to the other side of the lake.

H. A. GREER HEARING IS SET FOR MARCH 19

No Further Delay in Dines Shooting Case, Says Los Angeles Judge

Los Angeles, Feb. 29.—Legal procrastination reached the end of its tether in Justice J. Walter Hanby's court yesterday when he granted what he termed the "final continuance" in the hearing of Horace A. Greer, former chauffeur for Mabel Normand, film actress, charged with shooting and wounding Courtland S. Dines, Denver oil operator, at a New Year's afternoon-and-night party in Dines's apartment here.

Dines is still in a hospital nursing his punctured lung and unable to testify, according to physicians' affidavits presented when the case was called yesterday.

"The long procession of 'I don't know's' and 'I can't remember' from witnesses who already have been heard in the case, together with the periodical parade of medical certificates at each hearing (Dines still was unfit to take the stand, stirred Justice Hanby to remark that the postponement granted yesterday would be the last and that on March 19 the hearing would go on.

Dines, although reported to be still confined to his hospital cot, has been under bond of \$2,000 for some weeks to insure his appearance as a material witness.

A number of other witnesses already have testified, including Miss Normand and Edna Purviance, also a film actress, both of whom were in Dines's apartment when the shooting is said to have occurred, but who deny being in that particular room at the time.

CRIMEAN VETERAN DIED

Patrick Duane Was Inmate of Hospital For the Insane

Anacanda, Mont., Feb. 29.—Patrick Duane, hero of the Crimean War, where he won a British medal and the Crescent of Turkey, a member of the British contingent that marched on Peking in the early 60's, trail blazer, miner and finally a state charge, died yesterday at the Montana State Hospital for the Insane, to which place he had been removed two weeks ago after having made an attack on an inmate of the Deer Lodge County Poor Farm, where he has been confined for several years.

Duane was eighty-nine years of age. He was with the British at Balaklava when the Light Brigade rode into the valley of death and was at the Siege of Sebastopol. His conduct at Balaklava won for him the British War Cross with Clasp and the Sultan's medal conferred on the Crescent of Turkey for heroism at Sebastopol. Duane arrived in Montana about 1845 and mined at Virginia City, Nev., and all early day diggings.

ELECTION CHANGES ARE SUGGESTED

Canadian Parliament Asked to Arrange For Permanent Returning Officers

Ottawa, Feb. 29 (Canadian Press)—The appointment of permanent returning officers to simplify the work of organization at election time is recommended by the Chief Electoral Officer of Canada in his report to Parliament, tabled yesterday. An amendment to the Elections Act is suggested empowering the naming by the Government, either of an individual or a public officer such as the sheriff by virtue of his position, to act at all times as a returning officer in his county. The report remarks that the time required for preparation for an election in Canada is very much longer than the period consumed in Great Britain, where the system of permanent returning officers is in vogue.

The Chief Electoral Officer also recommends that urban registration for electoral purposes should not be required, except in certain communities where the population of an electoral district is less than 5,000, present urban registration being required in all communities of more than 2,500. Exception would have to be made in the case of a few small communities which are essentially urban, but the majority of them could be registered as rural communities and effect economy in registration. The increased population limit, says the report, would reduce the number of communities now requiring urban registration from 185 to 80.

HAWAII BARS CATTLE FROM CALIFORNIA NOW

San Francisco, Feb. 29.—The Territorial Board of Agriculture and Forestry of Hawaii has placed an absolute embargo on all shipments of livestock, poultry, hay and grain from San Francisco as a result of the epidemic of foot and mouth disease in Central California, the headquarters of the Matson Navigation Company here has been advised by cable. The board will act later on like shipments from Los Angeles, the cable message said.

WEEKLY REST DAY

Regina, Feb. 29.—Scripture was quoted in support of a plea that city firemen should have one full day of rest in seven when W. G. Baker, Labor member for Moose Jaw, sitting on the Government side in the Saskatchewan Legislature, yesterday successfully piloted two bills through the second reading stage.

Both bills were referred to the committee on municipal law.

SPECIAL FARES FOR EVENTS ON PACIFIC COAST

Spokane, Feb. 29.—Special round-trip fares for six municipal entertainments of the Northwest were determined upon by passenger agents of the railroads operating in this section who met here yesterday at a conference. Railroad men here represented roads operating in Washington, Oregon, Idaho and British Columbia.

MANITOBA FARMERS HEAR A. SAPIRO

Portage la Prairie, Feb. 29 (Canadian Press)—"No business is sound in which money is taken out of the hands of the producers and poured into the hands of the rich," said Aaron Sapiro, co-operative marketing expert, in addressing his first Manitoba meeting under the auspices of the United Farmers of Manitoba wheat pool committee. Again he advocated a change in the present system of handling grain on the Winnipeg Grain Exchange, but stated he was not anxious that the farmers should abolish the exchange in its entirety. It was however, not accomplishing anything that the producers could not accomplish themselves. The business of the Exchange was legal, but his opinion was that the dealing in futures worked against the producers and heeding was "one of the worst instruments of deceiving the public."

LAND SELLING PLANS DECLARED FAILURES

A. D. Foster Says That is the Wrong Way to Attract Settlers to Prairies

Montreal, Feb. 29.—Land selling campaigns to colonize Western Canada were termed "doomed to failure" by A. D. Foster, minister of the United States, by A. Dewitt Foster, ex-M.P. for Kings, N.S., and former superintendent of the colonization and development department of the Canadian National Railways at Chicago, in an address here yesterday.

Action by the Canadian National Railways to bring settlers into Canada from the United States by these means was severely criticized by the speaker, who also referred to attempts in the same direction by the Western Canada Colonization Association. Mr. Foster alleged that the latter body, during its activities in the United States, had brought to Canada 224 prospective settlers of all kinds and had made thirty-four sales totalling slightly more than 5,000 acres. He stated that the cost of the operation was about \$58,000, or nearly \$12 an acre. He submitted that this experiment proved that the time was not opportune to colonize Western Canada on a land selling basis.

HIGHER WAGES FOR WOMEN PRINTERS IN TORONTO PLANNED

Toronto, Feb. 29.—That wages paid to experienced female workers in the printing, paper and bookbinding trades in Toronto have been found in a number of cases to run as low as \$7 a week was evidence produced by Chairman J. W. Macmillan during the review of the situation in the industry, previous to the public hearing of the Minimum Wage Board here last night.

Mr. Macmillan outlined a proposed order providing for a minimum for experienced female workers of \$10, and for inexperienced workers of \$10, to increase at the end of six months to \$11 and at the end of the second period to \$12.50.

HON. P. ROY WILL REPRESENT CANADA AT LABOR MEETING

Ottawa, Feb. 29.—Hon. Philippe Roy, Commissioner General for Canada in Paris, has been appointed to represent Canada on the Governing Body of the International Labor Conference which will open in Geneva on April 8 next. Owing to pressure of parliamentary duties the Minister of Labor will be unable to attend.

EFFORTS TO ENHANCE PRESTIGE OF EMPIRE

London, Feb. 29.—J. H. Thomas, Secretary for the Colonies speaking at a Canadian Club dinner here last night, referred to the differences between the North and the South on Ireland, and announced that the Government had accepted the Irish Treaty in the spirit and in the letter desired, to give full effect thereto. Irish differences, he continued, could not be satisfactorily settled by any outside body and therefore he held that the boundary question should be settled by Irishmen themselves.

Referring to the Empire generally, Mr. Thomas said he believed that when Labor eventually laid down the reins of office they would be able to say they had done nothing to weaken the prestige of the great Empire to which they belonged.

VANCOUVER HEALTH DEPARTMENT NOW BEING REORGANIZED

Vancouver, Feb. 29.—Resignations of the entire staff of inspectors of the civic health department were called for by Dr. F. T. Underhill, Medical Health Officer, yesterday preparatory to complete reorganization of the department. This is the culmination of a recent investigation by a committee of the City Council whose report referred to lack of coordination and harmony within the department. Dr. Underhill's action is taken to mean that when the department is reconstructed some members of the present staff will be eliminated.

ARTHUR HENDERSON WINS BY ELECTION

London, Feb. 29.—In the Burnley by-election yesterday, Rt. Hon. Arthur Henderson, Secretary for Home Affairs, received 24,571 votes, against 17,554 for Mr. Camps, his Conservative opponent. In the general election of last December, Mr. Henderson was defeated in East Lancashire. For fifteen years he represented the Barnard Castle division of Durham, in the House, and in 1919 was elected to represent Widnes. He was a member of the War Cabinet without a portfolio.

Mr. Camps, the Conservative opponent of Mr. Henderson, was the unsuccessful candidate in the last general election. Victory then going to the Labor candidate, Daniel Irving, who died a few weeks ago. In the last general election the result was, Irving, Labor, 16,849; Camps, Conservative, 14,197; Whitehead, Liberal, 13,543, the total vote being 44,589.

The total vote yesterday was 42,105. The bulk of the Liberals in the constituency voted for Mr. Henderson.

Mr. Henderson's victory is taken by his friends to show, among other things, how little concern was aroused among the public by his resignation that the Government aimed at revision of the Treaty of Versailles.

It is figured that about 7,000 Liberal votes were cast for Mr. Henderson and about 3,000 for Mr. Camps, but there were many abstentions.

Mr. Henderson now is in the unusual position of sitting in a House of which two of his sons are also members. There is said to be only one precedent for this in parliamentary history.

EDUCATIONISTS OF U.S. PLAN PROGRESS

Chicago, Feb. 29.—Declaring that "the destiny of the public schools is the destiny of the republic," the department of superintendent of the National Education Association adopted resolutions at the closing session of its convention by its yesterday calling for a broadening programme of education to be offered the boys and girls of the United States.

Increased educational costs must be expected by the American public if proper training is to be given the youth of the land, the resolutions state.

They outline at the same time the department's endorsement of American education work, its support of a plan to make the school system of Washington, D.C. a model for the nation, its backing of the Sterling-Reed Bill pending in Congress providing for a Cabinet Department of Education, its support of plans to better rural education, to avoid war through education of youth, and to bring law observance through education.

SYNDON URGES LIQUOR CHANGE IN SASKATCHEWAN

Regina, Feb. 29.—By a standing vote of almost the entire Anglican Synod of Qu'Appelle, in session at Regina yesterday, the report of the committee on temperance, submitted by Canon Pratt, was adopted. The report embodied a recommendation that in view of the deplorable conditions under the Saskatchewan Temperance Act, and the proved impossibility of enforcing such an Act, now rendered doubly difficult by the laws in force in Manitoba and Alberta, a resolution be submitted to the Government urging that a bill be presented providing for Government vendoship of liquor, or in the alternative, for an immediate referendum of the people of the Province upon continuing the present legislation.

Bishop Harding, of the Diocese of Qu'Appelle, concurred in the resolution, stating that the Synod should assist the Government in bringing about a sane policy of temperance in the province.

M'ADOO U.S. CANDIDATE

Columbus, Ohio, Feb. 29.—Formal declaration of the candidacy for the Democratic nomination for President of the United States was filed yesterday by William Gibbs McAdoo.

THE DEATH PENALTY

The proposal of the Labor Government to abolish the death penalty for murder in Britain will revive in English-speaking countries animated discussions as to the efficacy of capital punishment as a deterrent to crime.

The death penalty in early society was exacted as a matter of vengeance on the part of the family of the person injured by a killing or other crime. This attitude survives in the vendettas of parts of Southern Europe.

One hundred years ago there were nearly 200 crimes for which the punishment was death. Largely as a result of the work of such men as Bentham and Sir Robert Peel the severity of the law has been mitigated.

The abolitionists in Britain urge that the state has no right to take the life of any of its members, that homicide is often evidence of mental disease or irresponsibility, that the sentence is irrevocable and does not fit the case nor effect the reformation of the offender.

In Britain punishment for capital offences has been drastic and prompt. If a change in the law is made it will be possible to settle on the basis of fact the question of deterrent effect.

FIND OUT FIRST

Somebody erected a good lumber mill on one of the Mainland inlets, equipping it with up-to-date machinery and all the best accessories. He also built a wharf for loading ships with the products of his mill.

HELIUM

Lecturing before the Colonial Institute, London, Eng., Commander F. L. M. Boothby, well-known airship expert, and commander at different times of naval airships and airship stations, said there were indications that a beginning would shortly be made with an airship service between Great Britain and Australia.

quire capital of £6,000,000. Commander Boothby pointed to the fact that the only known helium gas supply in the Empire was located in Alberta, Canada. Professor McLennan, of Toronto University, had informed him that 10,000,000 cubic feet of helium was bubbling to waste annually, and that there might be other supplies in the territory still unexplored.

WHEN WILL SHE PAY?

Experts estimate that within two or three years Germany will be able to pay at least 4,500,000,000 gold marks annually on reparations account. This is seven per cent of France's claim of more than 70,000,000,000 marks.

Note and Comment

Anyway, Home Bank depositors can console themselves that it might have been worse. They might have been double liability shareholders.

King Foad of Egypt is a canny potentate. He allowed Lord Carnarvon and Mr. Howard Carter to do all the work in connection with the disinterment of King Tut and now he steps in and grabs the spoils.

Perhaps the Provincial Party would have preferred an adjournment for a year, or better still a new Royal Commission to be appointed every spring: Sooner or later at that rate they might be able to furnish enough evidence to justify the cost of the proceedings to the taxpayer, even if they did nothing else.

A plan to bring about the participation of Victoria school children in the Maytime Frolic ought to receive every encouragement. Last year's celebration was a great success, but the participation of the school children would complete the community aspect this year.

One of Mr. Ramsay MacDonald's Ministers referred the House of Commons to the Sermon on the Mount during a discussion of national defence, and some of the members were horrified at the irrelevance of his reference.

Some Thoughts for To-day

A nickname a man may chance to wear out; But a system of calumny, pursued by a faction, May descend even to posterity. Isaac Disraeli. Hannibal, as he had mighty virtues, so had he many vices. He had two distinct persons in him. Burton. No great genius was ever without some mixture of madness. Nor can anything grand or superior to the voice of common mortals. Be spoken except by the agitated soul. Aristotle.

Our Contemporaries

Another Sex Difference. Ohio State Journal.—Another thing that stands in the way of perfect equality of the sexes is that when a man buys a new hat he always tries to get one just exactly like the old one. MAY LIVE TO DO IT YET. Philadelphia North American.—Just as everybody is wondering whether he ever will be able to meet his income taxes, comes along the announcement that they have discovered a new serum that may prolong life.

This Day In Canada's Past

By Selwyn P. Griffin, B.A. Copyright, 1924

FEBRUARY 29, 1704

By the beginning of the eighteenth century the struggle between the English and the French colonists in America was squarely joined. As yet each side was too poor and unorganized to fight with Nature for an existence to be able to root the other out, but each could set out the Indian allies, and each could reach out to prevent the other from penetrating the western valleys.

KILLED BY ROBBERS

Detroit, Mich., Feb. 29.—Thomas Strothers, sixtieth, alleged bookmaker, was shot dead in a gaming house here yesterday when he attempted to beat off two men who held up a card game in which he was playing. Police believe that fear for a watch given him by his brother led Strothers to take the action which cost him his life.

NOTABLE HAPPENINGS ON PRAIRIES DURING THE WEEK

THE HUDSON'S BAY

"In view of the fact that over \$20,000,000 have been spent on the Hudson Bay railway, and the people of western Canada are practically unanimous in demanding its completion, we petition the Dominion Government to take steps towards the earliest possible completion of the road as necessary."

Premier Bracken opened the meeting, but owing to the session of the Legislature, had to leave immediately. He was strongly in favor of the early completion of the road.

Mr. Campbell pointed out that the road was already built to the bay, but steel was only laid for 332 miles and for the past five or six years only 214 miles of this had been laid.

Speaking to Saskatchewan pool trustees Aaron Sapiro forecast within three years a pool at Liverpool would be selling the wheat of Canada, United States, Australia and New Zealand and perhaps Argentina.

EDMONTON ASSESSMENT

The total assessment of Edmonton for the year is \$1,060,000 less than last year according to the figures submitted by Assessor Thomas Walker to the assessment committee of the City Council.

STRATHMORE MINE

The Strathmore mine, Greenwood, has made a shipment of very fine smelter silver ore to the Trail Smelter lately. This property is being run by a local syndicate, and it is understood that the mine is being operated successfully for several years.

"Blossom Time" Contains Actors of Social Note

A revelation of the sociological change in the personnel of the stage is exemplified in an analysis of the membership of the "Blossom Time" company which, seen during their recent long run at the Century Theatre, New York, came to the Royal Victoria Theatre, Friday and Saturday, March 7 and 8, with a matinee on Saturday.

Whereas a casting director of one or two decades ago would recruit his chorus and the minor roles largely, if not entirely, from candidates who had been born or drafted in the theatrical line from industry propinquity with Broadway and its sides of player folk, the man who engages "people" today is dealing largely, or almost entirely, with quite different types.

International Egg-Laying Contest

Thirteenth International Egg-Laying Contest held under the auspices of the poultry branch of Department of Agriculture, at the Exhibition Grounds, Victoria, B.C., from October 23, 1923, to September 22, 1924—eleven months.

Table with columns: Pen No., Name and Address, Breed, Legband, Mts., 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40. Includes names like A. Adams, R.M.D. Duncan, W. Leg, etc.

SCHUMANN AS RECITAL THEME

Gideon Hicks Presents Delightful Programme

Last evening in the second of a series of "Evenings with Schumann" given by Gideon Hicks in his studio, the large gathering of musical people served to show two outstanding features, the one in testimony of the superlative gifts of the recitalist, the other manifesting the keen interest in such important and too-seldom heard programmes taken by numbers of discerning and musically-equipped fellow citizens.

There is no denying the fact that as an interpreter of the art-lyric, the baritone, Mr. Hicks, stands alone in the community, or for that matter it is doubtful if his equal is known in Western parts. In these intellectually imaginative songs of Schumann the piano part is a most important one, and to give this composer's songs successfully the accompaniment must be associated fully with the singer's part and the singer with the accompaniment; constantly and readily they must supplement and fulfill each other.

Mr. Hicks had a well selected and well-rehearsed understanding and unanimity of purpose between the singer and his talented and skillful accompanist, Mrs. Clifford Ward, and this, combined with the well-prepared and ably delivered explanations of the songs by Prof. Howard Russell, tend to make such evenings not only delightful and interesting, but musically beneficial.

WHEAT POOL

There will be no increase in wheat insurance rates this year, according to a statement made by H. M. Campbell, of Regina, secretary at conclusion of the Canadian Wheat Insurance Underwriters' association convention.

LIQUOR VENDERS IN ALBERTA

R. G. Dinning, the new Alberta liquor commissioner, is making a tour through the southern part of the province, visiting Calgary, Lethbridge and other likely locations for vendors.

The percentage of the largely preponderating element being removed from footlight glare. Thus in this one company there are daughters of doctors, lawyers, soldiers and ministers, as well as other professional men and a fair proportion of merchant and other business fathers.

Whereas the typical chorus of twenty years ago was entirely made up of girls, the chorus of the present day is made up of boys and girls, and the girls are making their entrance into the theatre from the same homes of comparative wealth, or, from what, in the absence of a better term, might be called the social classes.

That Boy or Girl of Yours

YOU realize, of course, that youth is the period of great development. Bones must grow. Muscles must expand. Building of tissues and cells is a necessary growth.

You must feed your children foods that will help this body-building process and at the same time give them strength and energy. Grape-Nuts will do it.

example of the art-lyric. In this Schumann has employed the national anthem of France, and it seems strange that two such Teutons as Heine and Schumann should have given to the world a song which expresses the national patriotism of France.

GUINARD LINE WILL GIVE CANADA BEST KIND OF PUBLICITY

G. M. Warren, of Liverpool, Here Inspecting Situation

G. M. Warren, of the Cunard Steamship Company offices at Liverpool, England, was a visitor in the city to-day with C. A. Whitelock, of Vancouver, British Columbia manager for the Cunard Line.

Mr. Warren is visiting all the Pacific Northwest cities with respect to the development of the transpacific service from New Zealand, Australia and the Orient.

Four months will be spent on this coast by Mr. Warren, who will go over the field and report back to his office in the Old Country.

Much advertising of this route will be done at the British Empire Exhibition among passengers who are returning to Canada and British Columbia particularly as the company will make a special exhibit at the exhibition.

Mr. Warren is visiting all the Pacific Northwest cities with respect to the development of the transpacific service from New Zealand, Australia and the Orient.

SHIP REPAIR YARD OWNS CLAIM IN ADMIRALTY COURT

Owners of Ss. Pacific, Norwegian Craft, Must Pay \$4,846 and Interest

Arising out of a repair contract under which the Norwegian ship Pacific was made ready for sea in March, 1923, judgment for the Winslow Marine Railway Company, of Winslow, Wash., was handed down yesterday afternoon by Mr. Justice Martin, Judge in Admiralty.

The judgment traverses the points raised at the trial where plaintiff contended that a balance of \$4,846 was owing on a repair contract in the neighborhood of \$12,500, of which the sum of \$7,500 was admittedly paid, and finds for the plaintiff in the balance with leave to speak further as to the date from which interest will be reckoned.

The Ss. Pacific made her first voyage to this coast over a year ago and lay in the port Winslow awaiting charter for an extended period. Finally her owners, the Bank of Italy, by virtue of a mortgage, or, this was in March, 1923, the Winslow Marine Railway Company put the work in hand and presented a bill for approximately \$12,500 in so doing.

The owners claimed that the repair work had exceeded the order and paid the portion of the bill, stated the plaintiff firm sued for recovery of the balance, and now succeeds in full. In his judgment Mr. Justice Martin states that interest will be allowed but gives leave to counsel to speak further on the point as to when this interest became effective.

The trial of the action took place in Victoria on January 3 and 4, with E. C. Mayers for the plaintiff, and Ghent Davis with Sherwood Lett for the defendant. Costs follow the judgment.

LABOR DELEGATES. Winnipeg, Feb. 29.—J. S. Woodworth, I.P.O. for Central Manitoba, will represent the Manitoba branch of the Independent Labor Party at the Imperial Labor Conference to be held in London, England, next Summer. Another delegate will be selected later.

Crew of Wrecked Taijana Arrive From West Coast

Wreck of Norwegian Freighter Described by Members of the Crew Landed by Armentieres; Captain Molvig Unaware Pachena Direction Finding Station Existed and at No Time Asked for Position

The first authentic story of the wreck of the Norwegian freighter Taijana was told by members of the crew who landed here this morning from the patrol steamer Armentieres, in command of Captain Barely Barnes. The Armentieres and the Banfield power lifeboat were the first to reach the scene of the wreck. The Snohomish arrived later.

Leaving Yokohama on January 26, bound for Vancouver in ballast, the Taijana encountered fair weather coming across the Pacific. Three days off this coast the vessel ran into foggy weather, which prevailed until the time of her crashing on the rocks on Village Island.

At no time did the Taijana seek to determine her position through the B.C. coast wireless stations. The ship's officers, in fact, were unaware of the existence of a direction finding station at Pachena. On account of the fog the ship had been running on dead reckoning for forty or fifty hours prior to the disaster. About 12:45 a.m. on Wednesday the ship struck on Village Island.

Prior to crashing on the rocks she stopped and sounded, obtaining forty-five fathoms depth. This was done at midnight. After this she ran very slowly ahead until she hit the rock. The officer on watch, Chief Mate Anson, saw breakers close ahead and swung hard to starboard full speed endeavoring to avoid the unseen reefs behind the breakers. A submerged rock snapped off the ship's propeller. The swell finished the work of piling her up. The ship was very light, being ballasted with approximately 1,800 tons of water and oil.

TRANSFERRED BY LINE. The Armentieres and lifeboat eventually found the wrecked ship about 2 o'clock on Wednesday afternoon. The lifeboat got as close to the wreck as possible. Six of the crew were transferred by a line to the Armentieres. The remainder of the crew were left on shore for the night.

As daybreak some of the crew were sent aboard to make more lines fast and to secure canned food and canvas for shelters. The Armentieres and lifeboat returned to the straggle, but went out to the wreck again yesterday morning, taking back the remainder of the crew, except Captain Molvig. First Officer Anson and the chief engineer. These three are staying with the steamer Tees, which is making an examination of the damage, sizing up the possibility of floating her.

The Tees, which is stationed at Point Effingham, reported to the Pacific Salvage office this morning that the vessel could not be salvaged. The eastern side of the basin is marked by two red wooden spar buoys, one at the southern end of the basin and the other about midway between the north and south ends of the basin. The western side of the basin is marked by three five-pile dolphins placed south of the scow loading wharf.

LIQUOR MOVE IN U.S. Washington, Feb. 29.—Forty members of the House have joined in an announcement that next week they will introduce a bill to legalize the manufacture and sale of beverages with an alcohol content of 2.75 per cent. by volume.

IYO MARU BRINGS 614 PASSENGERS

Brought Party of Students of Agriculture From Japan to Study

With one of the largest passenger lists that she has brought from the Orient for some time, the Nippon Yusen Kaisha liner Iyo Maru docked at the Outer Wharf at 9:30 o'clock last night after completing an uneventful voyage.

Of the sixty-eight passengers aboard the ship ten departed here. Four of them were first-class passengers while the remainder traveled at steerage. Twenty-two first-class passengers went on to Seattle, as also did sixty-six steerage.

Among the passengers aboard the liner was a party of forty Japanese students of agriculture who have been sent to this continent and Europe by the Japanese Government to study agriculture. They will tour California and the United States and proceed to the United Kingdom and Europe studying methods of husbandry.

Cargo aboard the ship was comparatively light, one hundred and fifty tons were discharged here, while for Seattle there were 3,500 tons, including ten carloads of raw silk, valued at \$150,000.

Notice to Mariners. British Columbia. (15) Vancouver Island, South Coast—Victoria Harbor Submarine Cable Crossing—Caution. Mariners are notified that there are six submarine cables crossing Victoria harbor in the area between Johnson Street bridge and a point 600 feet northward from the bridge, and are warned not to anchor in this vicinity as they will likely foul these cables.

MANY HERE QUICKLY RELIEVED AFTER USING VEGETABLE SYRUP

It is necessary to keep one vital organ of your body in condition if you expect to feel your best.

This organ is your liver! When working properly it aids digestion, prevents constipation and purifies your blood. When your liver is clogged up with impurities it cannot do these things until it is properly cleansed and toned. Consequently you often wake up mornings feeling dull and tired, frequently bothered with one or more symptoms such as lack of appetite, poor digestion, coated tongue, sick headache, stuffy cold, nervous and upset.

Get quick relief! Take just a spoonful of Dr. Thacher's Liver and Blood Syrup after the next few meals. Notice the quick difference in the way you look, eat, sleep and feel. This vegetable syrup contains only ingredients known to the medical profession for the corrective and health-building properties. Dr. Thacher's Liver and Blood Syrup is pleasant to take and you will be completely satisfied; otherwise druggists are authorized to return the small cost.

Dr. Thacher's Liver and Blood Syrup is sold and recommended by Cyrus H. Dows and the Owl Drug Company in Victoria, A. G. Palmer in Esquimalt, and by leading druggists in every city and town.

New Planing Mill Planned in City. Plans are in hand for the erection of a planing mill in connection with the Shawanigan Lumber Company, on a site on Tilgoverly Street near the property of the B.C. Electric Railway Company. The specifications are now awaiting approval at the Building Inspector's office.

NEWS IN BRIEF

Two permits for private garages have been issued, to A. M. Young, 1114 Chapman Street, and W. H. Lawson, Denman Street.

Miss Elizabeth W. Ludlow, of Rock Island, Ill., has written to the Victoria and Island Publicity Bureau for information on the Island to use in a series of syndicated articles on North American cities.

Rev. E. W. Stapleford, Principal of Regina College, and well-known in this city, is staying at the Stratford Hotel. He is here on an occasional visit on personal business, and will remain over the week-end.

Mining operations in British Columbia, and the general mineralogy of the province, was the subject of a lecture given by H. Nelson, of the Mines Department, Tuesday before the Vancouver Island Prospectors' Association.

Two hundred and fifty copies of the latest Victoria folder are asked for by W. Higgins, advertising agent of the Canadian National Railways at Winnipeg. He desires the folders to be sent to important points of the system.

Congratulations in Order—Mr. and Mrs. H. Woodburn, 2557 Graham Street, are receiving congratulations on the birth of a daughter at the Beecher-Nursing Home yesterday. Her mother and child are doing nicely.

While it stood parked at the curb in front of the Capitol Theatre last night between 9:30 and 10 p.m., a Studebaker automobile owned by Dr. George Hall was driven off by thieves. The car, No. 2464, is being sought by the city police.

Information on farms for sale in Victoria offering good pasture land for dairy cattle is sought from the Victoria and Island Publicity Bureau by S. Scouter, Veteran P.O., Alberta. F. G. Bridger, of Hughton, Sask., wishes to purchase a small grocery store. The bureau asks that agents or owners of suitable property communicate direct with the applicants.

The Puget Sound Navigation in a folder entitled Automobile trips de luxe, features the ferry service from Port Angeles to Victoria and a reproduction of five excursions of Vancouver Island, "Little England" is the description applied to Victoria in one article while in another it is described as "a bit of old England." The Island is highly commended to tourists as an ideal vacation venue.

EVENTS TO COME

A good programme of songs, recitations, interspersed with dancing, has been arranged for to-night under the auspices of the New Thought Temple. It will be held in the Conservative rooms, Campbell Building, at 8 o'clock.

The regular monthly meeting of the Lake Hill Women's Institute will be held on March 4 at 2 p.m. in the Community Hall, Quadra Street. A military five hundred march will also be held on March 3 at 8 p.m. Refreshments will be served.

A sale of home-cooking will be held by the Sunshine Club of Victoria Chapter No. 17, O.E.S., in the basement of Spencer's store, on Saturday morning, March 1. Money collected from the sale will be used by the club for their charitable work.

The Assay office and Mint at New Westminster will be the subject of an address by R. L. Reid, K.C., under the auspices of the I.C. Historical Association to be given in the Provincial Archives quarters at 8 o'clock.

ISLAND WANTED FOR BLACK FOXES

Idaho Man Thinks Island Climate Ideal For Raising Fur Bearing Animals

Is there within easy reach of Victoria an island of not less than one hundred acres where valuable black foxes could be raised? That is the question addressed by a prominent business man of Idaho to the Victoria and Island Publicity Bureau to-day.

The inquirer operates an extensive fox farm in Idaho and hearing of the phenomenal success of similar ventures in this climate wishes to settle here.

He asks if a suitable island is available, and if it could be leased immediately for this purpose. The Victoria and Island Publicity Bureau will forward correspondence broken to the prospective settler, or give his name and address to responsible parties with a genuine offer.

ARE MOUNTED POLICE LEAVING VICTORIA?

Offices in Pemberton Building Said to be Taken Over Shortly

Though no official announcement has been made upon the point, it is understood that the Victoria office of the Criminal Investigation Branch of the Royal Canadian Mounted Police will be closed at the end of March.

It was formerly reported that the Victoria office maintained by that department was to be discontinued. At that time it was stated that the local office would be given up if consent were received from Ottawa to the plan.

Now arrangements are under way, it is understood, whereby the rooms used by the Mounted Police in the Pemberton Building will be relinquished at the end of March when H. H. Livesey, a local chiropractor, will take over the suite on April 1.

Inspector Shoebottom was in the city this week, his visit being interpreted as one arranging for the winding up of the affairs of the C.I.B. branch in Victoria. Inquiries at the local headquarters of the R.C.M.P. and to the Pemberton Building management, brought a refusal to discuss the matter.

For the past few years the R.C.M.P. has been represented here by a staff of non-commissioned officers and men.

Think these Points Over with Care

They may apply to you. Beecham's Pills have been, for seventy years, used by thousands of people and are today considered very useful in safeguarding health.

Beecham's Pills help to overcome disorders of the stomach, liver and bowels, prevent biliousness, constipation, indigestion, sick-headache.

City Hall Gossip

The Reverted Lands Committee, while transacting a great deal of routine business yesterday afternoon gave brief consideration to the important question of the offer by a syndicate to take an option on the whole of the lands for development purposes. There was not the opportunity to reach a recommendation so important a matter, and therefore the subject will not be taken up with the aldermen this afternoon.

A deputation in connection with athletic grounds was expected to be received by the public works committee of the Council this afternoon.

Quite a large committee-room will be afforded when the structural alterations in the city solicitor's office have been carried out.

PROTEST RATES ON GRAIN USED BY B.C. PEOPLE

Oliver Told of Serious Discrimination Against This Province

Numerous protests against existing freight rates on grain shipped to British Columbia for consumption here have reached Premier Oliver during the last few weeks.

"Our fight for lower rates includes the rates on grain to be consumed here as well as on grain for export," the Premier explained this morning. "The summer of grain in this Province suffering from serious rate discrimination to-day.

It costs 41¢ cents per hundred pounds to bring grain from Alberta to the coast, it was pointed out to the Premier in a resolution passed by the New Board of Trade. The excess charge represented in this rate is \$3.80 a ton for 114 per cent, the resolution added. These rates, it was asserted, represent a serious burden upon the grain and poultry producers of British Columbia, and the Premier was urged to seek their removal.

It is expected now that the Premier will go to Ottawa in the Spring to take up the rate question with the Royal Commission on Pacific Coast Eastern Railway affairs, has completed its investigations.

Here, the Premier will last the months at least, so that Mr. Oliver will have ample opportunity to reach a capital before adjournment.

WILLIS M. DEAN DIED YESTERDAY

Had Been in Drug Business Here Thirty-Three Years

A pioneer druggist of the Willis Melford Dean and Hiscox passed away yesterday morning at the age of fifty-eight years. Dean had been in poor health since a severe attack of influenza six years ago, but remained at his duties a few weeks ago, when his condition became aggravated, finally resulting in his death yesterday. His most of the age of eighty-nine years, he died on March 27, 1923.

The late Mr. Dean was a native of Port Hope, Ontario. He came to Pacific coast nearly forty years ago, and entered the drug store of side of the Strathcona Hotel, acquired this business in partnership with Mr. Cryderman, and on the retirement of the latter was joint proprietor of the business. He passed away last year.

One of the most widely-respected business men of the city, Mr. Dean was survived by his widow, who is president of the Alexander Club, a prominent member of the L.O.M. and the King's Daughters, a Curtis M. Dean, B.Sc., of the tannin mining and smelting industry; one daughter, Dorothy, home, and two sisters, Mrs. George Watson, of Port Hope, and Mrs. A. B. Roberts, of Cobourg, Ont.

The funeral will be held from B.C. Funeral Chapel to-morrow (Saturday) at 11 o'clock, at the B.C. Funeral Chapel, 2301, proceeding to the Church of the Holy Trinity, where services will be conducted at 2:30. Interment will be made at Ross Cemetery.

The remains of the late J. Sacht were laid at rest in Ross cemetery yesterday morning. Services conducted at the B.C. Funeral Chapel at 11 o'clock by the Rev. A. Owen. Messrs H. Kelson, A. Larsen, Johnson, H. Anderson, E. Olsen and A. Jennings.

The funeral of the late Mrs. F. Blaine Girard will take place from B.C. Funeral Chapel to-morrow (Saturday) at 11 o'clock, proceeding to the Church of the Holy Trinity, where services will be conducted at 2:30. Interment will be made at Ross Cemetery.

The remains of the late J. Hankin were removed to the B.C. Funeral Chapel, 2301, yesterday morning at 11 o'clock to his late residence, where he died on March 27. The funeral will be held at 11 o'clock at the B.C. Funeral Chapel, 2301, proceeding to the Church of the Holy Trinity, where services will be conducted at 2:30. Interment will be made at Ross Cemetery.

The remains of the late J. McEwen were removed to the B.C. Funeral Chapel, 2301, yesterday morning at 11 o'clock to his late residence, where he died on March 27. The funeral will be held at 11 o'clock at the B.C. Funeral Chapel, 2301, proceeding to the Church of the Holy Trinity, where services will be conducted at 2:30. Interment will be made at Ross Cemetery.

WEEKLY PASS SYSTEM PLANNED

Something New in Interurban Fares to be Attempted Here

B.C. Electric Will Try Out System Successful Elsewhere

Determined to give the unsatisfactory passenger business on the Saanich interurban a try-out from a new angle, officials of the B.C. Electric Railway yesterday afternoon approved a plan for the introduction of the weekly pass system.

This system, which it is proposed to make effective on April 1, would enable the purchaser to buy his pass at the interurban depot, or at agency points along the route and use it an unlimited number of times either by himself or by members of the family. The company is protected by the retention of the hat check, which on leaving the car is dropped in the fare box. Thus a person with a pass to any point on the line, who boarded a car in Victoria (No. 1) would have shown on his pass the number of the station which formed his destination, and the hat-check would also have the number of destination marked thereon, and punched. The system to be applied here will be of the simplest character, and based on plans tested out on several lines, Tacoma being the nearest city where it has been a success. There has been a considerable experience gained with this plan in Terry Haute, Ind., and in Youngstown, Ohio, and the manager of the Terre Haute Street Railway is the most enthusiastic for its success of whom the B. C. Electric officials have knowledge.

Claims for the new system are that it makes occasional travelers become regular, in cases where there is competition with stage routes, that the passenger can make plans for his whole family at once, that transportation is ordered in advance (for colored slips are varied each week), and that the public has taken kindly to the innovation where it has been the subject of experiment.

PROVINCIAL BAR ASSOCIATION IS NEW PROPOSAL

Separate Body to Permit of Freer Discussion of Legal Matters is Planned

The organization of a British Columbia Bar Association is forecasted in a dispatch from Vancouver under today's date giving word of a convention of British Columbia lawyers on several lines, Tacoma being the nearest city where it has been a success. There has been a considerable experience gained with this plan in Terry Haute, Ind., and in Youngstown, Ohio, and the manager of the Terre Haute Street Railway is the most enthusiastic for its success of whom the B. C. Electric officials have knowledge.

Claims for the new system are that it makes occasional travelers become regular, in cases where there is competition with stage routes, that the passenger can make plans for his whole family at once, that transportation is ordered in advance (for colored slips are varied each week), and that the public has taken kindly to the innovation where it has been the subject of experiment.

ASKS CO-OPERATION IN CAMPAIGN FOR LINE EXTENSION

Members of Committee Put Case to Wholesalers and Manufacturers

Manufacturers and wholesalers of Victoria will be asked to co-operate with the Chamber of Commerce committee for Up-Island development, led by J. H. Griffith, in pressing the appeal for an extension of the E. & N. line beyond Courtenay to the northern end of the Island.

They have been invited to attend a conference to be held at the Chamber of Commerce Tuesday when additional data strengthening the committee's case will be presented and reference will be made to Reging and other developments on the Island which might be taken into consideration by the Canadian Pacific Railway when dealing with the request that an appropriation be made for purpose of laying down the rail.

Prospective developments in the neighborhood of Port Hardy, the proposed terminus are pointed to. It is claimed that the Dominion Government will soon start work on a six hundred foot dock there. The telegraphic news of the reorganization of the Whalen Pulp & Paper Company which will open the big sawmill at Swanson Bay March 1 and cut up 35,000,000 feet of lumber, is also referred to. Power plant extensions running into a large figure are contemplated by the company. Also in the vicinity of the proposed terminus greater operations are planned by the Consolidated Mining & Smelting Company.

MUNICIPALITIES PROMISE AID

Two Committees Prepare For Work of Special Service Squadron Entertainment

Preparator for the general executive meeting of the British Special Service Squadron Entertainment committee, which will be held next Wednesday, several committees met yesterday and advanced proposals for the welcome of the fleet next June.

The finance committee met in the afternoon under the chairmanship of Capt. F. James, R.N. (retired), when Lieut. P. A. Rayner—one of the special delegation visiting the municipalities, under the leadership of C. Drummond-Hay of the Chamber of Commerce—spoke of the warm reception which had been accorded to the deputation by the reeve and councillors of Esquimalt, and also of the promised co-operation and financial assistance from the reeve and councillors of Oak Bay. This delegation will wait upon the municipal council of Saanich on Friday at 7:30 o'clock.

Yesterday evening the programme committee likewise met at the committee room, Metropolitan Building under the chairmanship of Arthur Manson, and many details relating to the formation of sub-committees were gone into and recommendations prepared for the executive meeting.

The secretary already has a number of names on file of both ladies and gentlemen willing to assist in various ways upon the same sections to be handled by special sub-committees, which are now being formed, and will be glad to hear from others who may be able to give their assistance either by a call at the committee room, No. 616, between the hours of 10 a.m. and 1 p.m., or from 2 to 5 o'clock. The telephone number is No. 1905.

LADIES' HOOP GAMES

Three games are scheduled in the city ladies' basketball league for tonight at the Trades Hall. The V.A.S.C. will meet the college girls, the Normal team will take on the High School "B" quintette, while the Normal aggregation will clash with the High School "A" girls. The first game is scheduled to commence at 7:30 o'clock. Bill Erickson and Bob Whyte will referee the games.

CANADIAN LEGION

There will be a meeting of the executive council of the Canadian Legion on Monday, March 3, in the club rooms, at 8 o'clock. The general meeting of members will be held on Wednesday, March 5, at the same hour. As important business is to be dealt with, large attendance of members is requested.

Our Spring Millinery Display Will Be Intensely Interesting To-morrow

See Our Spring Exhibition of New Style Suits and Coats

Saturday Will Be An Interesting Day

—IN OUR—

Millinery Department

The Last of Our Three-Day Special Display, Introducing the New Spring Models for the First Time This Season

Nothing has been disregarded by our milliners and Buys that would tend to make this Millinery display one of the most attractive we have attempted for years. All the new styles for Spring 1924 are on view and displayed in such a manner that every feature that goes to make up the beauty of each model may be viewed to best advantage.

You will surely enjoy the display where the world's best and newest are shown. Hats from such makers as Rawak, Gainsborough, Pande, Gage and many by Catalino, San Francisco, and Peggy models.

There are hats in small and large effects, small and medium pokes, slight and broad roll off-the-face, with floral, goose and Osprey trimming. There are large hats for afternoon wear, in black and black and white, with Milan and fancy Milan-top crowns with side flange of tulle.

You are cordially invited to visit this beautiful display to-morrow.

Saturday Is Women's and Children's Day

In the Hosiery Department
