

## "TRIUMPHS OF PEACE" SUNDAY TO BE CLIMAX

**IMPRESSIVE ADDRESS BY MARK KEPPEL WORTHY OF INTERNATIONAL CIRCULATION**

Before a large and attentive audience in Central avenue school Thursday night, Mark Keppel county superintendent of public schools, ably presented his lecture, "The Triumphs of Peace."

The speaker elaborated a line of thought tending to utterly demolish the pseudo glory and false halos heretofore surrounding the calling and destructive arts of warfare, and put before his hearers in place thereof the high and everlasting benefits to humanity of the constructive achievements of peace.

Millions of the common people, establishing and beautifying happy homes in all nations, are accomplishing more for the betterment of human-kind than the most celebrated military leaders in all history.

It was clearly shown that the armies and navies, perfected to the last syllable by the nations now engaged in the most stupendous and devastating war the world has ever known, were the inevitable causes of the struggle, because armed preparation as an assurance of peace has been fully proven by experience to be a profound mistake. This policy was ridiculed in the illustration of two men, with innate human suspicion, meeting. One buckles on a belt and sticks a seven-shooter in it. The other does likewise. The first puts on a second belt and shooter, and the other follows suit. They both continue to add armor until they can only stagger under the load. One stubs his toe and falls against the other, and the fight is on. Thus is graphically shown the lack of real national security by armed preparation, and how accidents may start a world conflagration.

But the blame is not put on the educational systems of the belligerents, which are the most thoroughgoing in the world. Their extreme efficiency being sources and factors of modern civilization, the fabrication of a modern battleship proudly riding the ocean's waves is a triumph of peace through trained efficiency in mechanical engineering and skill in manufacture. Military discipline when applied to industrial endeavor, even proves a superior education, as in the case of the Panama canal, constructed by United States army engineers, with a speed, economy and success unsurpassed in the annals of the peaceful triumphs of the world. And its benefits to humanity are not for a day, nor a year, nor ten years, but for as long as humans shall occupy this earth.

The "red-hell" of warfare destroys the warp and woof of all nations—the common people. The sending of a battleship to the bottom in a recent conflict in the North sea and the loss of 1600 human lives, blotted out \$11,000,000 of the world's wealth in the case of the warship, and (if a monetary price can be placed on human life), an economic value of at least \$25,000 for each drowned sailor. The triumphs of peace are all constructive, conservative and contribute to the security of life and happiness under increasing intelligence and enlightened civilization.

The ideals and demands of war hold up death in the place of life. Even the Pilgrims, landing on Plymouth Rock, first fell on their knees—then fell on the Aborigines. But we find in the Good Book that the "Prince of Peace" came that we might have life—life more abundantly. And when standing before Pilate, and in answer to his question stated, "Ye shall know the truth and the truth shall make you free."

There is no slavery comparable to that of ignorance; the truth shall indeed make us free, through the higher education of intelligence. So lucid was the speaker's handling of his subject that even the "kiddies" present joined in intelligent applause at the telling periods during the hour of delivery.

The occasion was the first anniversary of the Parent-Teacher association of the Central avenue school, and the "fathers" of the district were the honored guests.

The presiding officer, Mrs. N. C. Kelley, disposed of the business before the meeting and gave a brief talk on the work and purposes of the organization.

Mrs. Charles H. Toll, federation president of the Glendale Parent-Teacher associations, was invited to the platform and suggested the desirability of adorning the walls of the rooms with reproductions of the masterpieces of art. As a start and an incentive in this direction, she then turned to a beautiful picture placed upon an easel and offered it as a prize to the school-room securing the most new members to the Central avenue Parent-Teacher association. ## MIGHTY WORK OF SPIRITUAL GIANTS IN THIS VALLEY TO COME TO FOCUS

(By Pub. Com.)  
Friday night, school night. Saturday, at 10 a. m., children's chorus practice; 2:30, children's service and musicale.  
Saturday night; big feature. Sunday afternoon, sermon-lecture to men only, "Chickens Come Home to Roost."  
Sunday evening, 7:30, young people's rally.  
Special service for women at 6:45 this evening at Baptist church. Mrs. Curry, speaker.

All plans have been made for the closing services of the Brown and Curry campaign. The special services for the children Saturday afternoon to which grown folk are invited as guests of Mr. Curry and his matchless chorus of nightingales will be a fine treat for lovers of children and music. Sunday afternoon another special service for men only at which Mr. Brown, according to his promise, will deliver his celebrated thriller, "Chickens Come Home to Roost."

The men would do well to call up friends on the phone, not forgetting the neighboring cities and remote ranches. One brother has already lined up all of his employees for the services of the tabernacle and every man of the bunch enjoyed the spiritual treat.

The three big services on Sunday will close the Brown and Curry union revival services in which three towns and ten churches have harmoniously co-operated. The gatherings have broken all records and never has there before been such an interest in religion as now prevails throughout the San Fernando valley. Sunday will be the climax of a mighty work under the leadership of spiritual giants. Under a clear sky as ever arched the pastors and their flocks upon many mountain sides, again we seem to hear in the beautiful language of St. Luke "more exquisite than any idyll to Christian ears" the echo of those ancient angelic accents which announced the birth of Christ the Lord, "and the glory of the Lord shone round about them." In many hearts has the Christ been born and to hundreds more who have not formally yielded wholly to their Lord have been lifted up the gates of unconditional surrender that the king of glory might come in.

Brother Brown led in the afternoon prayer ending with the simple words, "Jesus did it all." "If I may walk with Thee," was symphonized with many hearts by the famous gospel singer and great was the blessing of that message in song.

The sermon entitled "Thinking White" is based on Phil. 4:8.

"Finally, brethren, whatsoever things are true, whatsoever things are honorable, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things."

The study was along the line of practical biblical psychology. That we are thinking beings, that thought is the basic fact of human activity, that as the thinking is so will be the character, the soul being compounded of memory and habits of thought, that we all live on the level of our thinking, for according to the ancient aphorism, "As a man thinketh in his heart, so is he," that the psycho-physical ruts are actually furrowed into the brain as the direct effect of our thinking, so that one can not think on a high plane and live on a low plane, and that character is the sum total of all our thinking; these and many more helpful propositions were handled with great skill by the evangelist.

Things took an entirely new turn Thursday evening. The team of gospel workers from Long Beach gave good report of themselves in testimony and song. It was great. One thoughtful man well known in Glendale remarked to his pastor, "This is a fine meeting. There is something concrete about these testimonies."

It is certain that every pastor in Glendale, Tropico and Casa Verdugo feels the need of support in the work from consecrated laymen from all walks of life. Last night on the tabernacle platform were men of varied occupations, bankers, prominent merchants, college bred gentlemen, real estate men, mechanics, etc. and men gloriously saved from drink and rum, one, Happy, they call him having been converted from the lowest plane of human depravity. Some one has aptly said, "We need more sermons in boots than in books."

Tonight is school night. A big rally is expected on this last Friday of the big meeting. Let the children remember the practice, Saturday morning promptly at 10 o'clock.

## FEDERATION MEETING

**DELIGHTFUL AFTERNOON GIVEN AT HIGH SCHOOL BY PARENT-TEACHERS**

Thursday afternoon about a hundred and fifty women responded to the invitation sent out by the executive board of the federation of Parent-Teacher associations. These women represented the local P.T.A., those of Eagle Rock, Tropico and La-Crescenta, besides the Tuesday Afternoon club of Glendale, the Thursday Afternoon club of Tropico and the Twentieth Century club of Eagle Rock.

Mrs. Charles H. Toll presided, introducing the high school orchestra who gave very pleasingly, the Lustspiel overture, under the direction of Mrs. Dora L. Gibson.

A pleasant surprise came to the audience when Mrs. Toll introduced Mrs. H. N. Rowell of Berkeley, the president of the California Congress of Mothers, who briefly addressed the audience on the main topic for consideration before the congress at the present time. She told of some of the things that the Congress of Mothers has arranged for the Exposition, which are to be enjoyed especially at the time of the state convention in May. An announcement was made of the free correspondence course in training for better mothers which is soon to be inaugurated with the assistance of the state through its universities.

Miss Ednah A. Rich charmed the audience with her fine talk on the "Efficiency of the Home." One of the chief delights of Miss Rich's address was her informality. In spite of the remainder of the audience it seemed to each one that the talk was an intimate and private affair. With a fine sense of humor which provoked many a hearty laugh, Miss Rich led her hearers through the story of domestic life as it is in the ordinary home; and she spoke of what schools like hers, the Santa Barbara Normal school, are doing to increase the value put upon proper home keeping. A fine tribute was paid to the house mother, who claims no accomplishment, and says that all she can do is to keep house and cook.

Miss Rich invited her hearers to appeal to the school of which she is the head, for help in any vexed question of domestic affairs, from the arrangement of the furniture and the lighting of the rooms, to the ordering of the wardrobe and the selection of the materials. "The Santa Barbara State Normal school is the property of the people, and is for their use," she said.

After the program the audience adjourned to the domestic science and art departments of the high school which are situated in the west building. Here was shown a fine exhibit of the work done in both departments, and the rooms were bright with artistically arranged flowers. The model rooms including a living room, dining room, bath, kitchen and p ntry were inspected and much admired for their equipment and arrangement.

Delicious tea and home-made cake were served by Mesdames H. A. McPherson, S. C. Packer, L. Morehouse, A. S. Chase, J. W. West, W. D. MacRae, A. R. Chappell, L. L. Frazer, C. E. Howell, Blake Franklin and M. E. Kinnaman.

## MOORES VISIT CORONA

Mr. and Mrs. P. A. C. Moore of 116 W. Fifth street with their sons, Walter and Ralph and Mrs. Anna Knapp motored to San Bernardino Saturday, returning Sunday via Corona, where they stopped and attended church in the morning, then took dinner with Mr. and Mrs. Melvin Powell, formerly of Glendale. In the afternoon they attended the baptismal services at the Christian church of which Dr. Utter is pastor. Forty five received the ordinance of baptism. This is a direct result of the evangelistic services which Messrs. Price and Guice have been holding in Corona, and which have been so very successful. About a hundred new members were received into the Baptist church, a hundred into the Methodist, 45 into the Christian and about 55 in other churches of the city, and the indications are that all of the conversions are real and will be of lasting good to all concerned.

There are so many Glendale people in Corona that one of the evangelists said he was afraid when some of them died they would ask to go to Glendale instead of heaven.

A bunch of Elks motored to Verdugo Road on Wednesday to see the rushing waters from the cloudburst and their machine was almost buried in the sand and water. By the strenuous efforts of Mr. King Booth and others, the machine was extricated without loss.

## SATURDAY BARGAINS

**LOCAL MERCHANTS ADVERTISE MANY MONEY SAVING SPECIALS IN TONIGHT'S NEWS**

The merchants of Glendale and Tropico have ads in tonight's News that speak for themselves—in that prices quoted are as low as can be found in any California city. Every bargain offered is a bona-fide special, if any reader finds any item that is misrepresented the management of the Evening News wants to know of it.

On the last page in the bargain department and in other ads on pages two and three you will find over a hundred extra special price reductions in nearly every line of merchandise sold in Glendale. Show your home spirit and encourage the advertisers by taking advantage of their money saving reductions. When you order or purchase any article advertised—mention the fact that you read the ad in the Evening News and thus enable us to place additional bargains before you.

## MISSIONARY MEETING CLOSED

The sessions of the annual meeting of the Home and Foreign Missionary society of the Los Angeles Presbytery closed Thursday afternoon after a three days' meeting at the First Presbyterian church in Los Angeles. Many towns and cities were represented. Several delegates were in attendance from San Diego and San Francisco. Mrs. B. H. Phinney, president of the Occidental board was among those present from San Francisco. One of the pleasant features of the meeting was the dedication of the new Spanish school for Mexican girls in Los Angeles, "the Forsythe Memorial." Many from Glendale attended the meeting. Music was furnished by children from the Chinese school, the Forsythe Memorial and Occidental college.

## NORTH GLENDALE

Mrs. J. E. Eckles of 920 North Central avenue was the guest for the day of Mrs. Howard P. Alston, and Mrs. W. H. Spinks of West Avenue Twenty-nine, Los Angeles, last Wednesday.

Mr. Frank Winslow of 1629 Ruth street is now at Long Beach where he is superintending the construction of the pier, being put in by the Mercereau Bridge Building company of Los Angeles.

Mrs. A. A. Schonfeldt of Maple avenue is the guest of Mrs. R. F. Pittman of 1001 North Pacific avenue today.

Mrs. Robert Parnell of 1636 Ruth street spent the mid week in Eagle Rock, where she was the house guest of her sister, Mrs. James Wells, of that place.

Mrs. L. W. Lohmann of Los Angeles was in North Glendale Thursday looking after her property interests here.

Mrs. R. D. Jones of 908 Dryden street entertained a party of friends from Santa Ana the early part of the week.

Mr. and Mrs. Sam Campbell of East Twenty-ninth street, Los Angeles, motored to Glendale last Sunday and were guests of Mr. and Mrs. James Wilson of 1648 Ruth street.

Loyalty to home is a good thing— and sometimes to be true to home you cannot tell everybody all you know about some of your home citizens.

## WHAT IS WRONG?

**LADY GIVES TESTIMONY TO THE JOY EXPERIENCED THROUGH THE C. S. TRUTHS.**

I am not a Christian Scientist nor do not know that I shall ever have enough of the mind which was in Christ Jesus for them or myself to consider that I am worthy to become one of their members, but I think I do know that when we as Christians are as busy as we should be about Our Father's business, we will be entirely too busy to be trying to pull down other people's religion and when methods are employed which drive people away from hearing the truth, when they go earnestly seeking for it, there must be something radically wrong with those methods.

I have never had a physical healing through Christian Science, for God has blessed me with good health, but I believe He is as ready and willing to heal us today as He ever was, if we are spiritual enough to have the faith to ask aught, and I know that the truths taught by them have given me when in great trouble the "peace which passeth all understanding" by showing me the relation of God to man and how I can know what comes from Him and what does not and has made material life worth the living, God nearer and Christ dearer than ever before. Although I have been interested in religious things as long as I can remember, and was a member of a Congregational church for over 25 years, it never gave me the "spiritual" food and drink, meat and bread, as I have been able to find it through their teachings, and I can truthfully say as I have also heard many others do, that it has made me better spiritually, mentally, morally, intellectually, physically and I might add, financially, for although I may have no more of earthly things or even not as much as I did before, I realize that I am much richer in spiritual possessions and as I grow in faith, these material things will be added as I need them.

Christian Science is not only a curative but also a preventive. If the Christian gentleman whom I heard say that they consider physical healing the most important thing, will take the trouble to ask some of them about it, I am sure they will one and all say that although they value the physical healing, the spiritual uplift which they have received is of far more value to them. They have been called the refined and cultured, but not the profound thinkers. Where can one find more profound thinking than in listening to the still small voice? Also that they do not believe in any evil one. They believe evil has no power if one understands the truth of being. The poor are as welcome in their church as the rich. Their lectures are their missionaries and they are sent to every part of the world. They contribute to charitable purposes but do not publish their deeds to the world. They are the only organization which I know of that publishes a strictly pure daily newspaper. Mrs. Eddy freed her slaves after the death of her husband at a financial loss to herself and lived for a time on twenty dollars a month. She was divorced once on the only ground which Jesus said one has a right to obtain one on, and I have it from good authority that she was never divorced a second time. Any one can get her biography from the libraries. Her writings and life work show neither backwardness nor indulgence, and certainly not impurity.

There have always been evil minds ready to attack character and even Jesus and John the Baptist and every one since that time, all down through the ages, who have done anything worth the doing, have been accused. When people become more spiritually minded they will not stoop to such things, but will know that judgment is of God, for even Jesus said He came not to judge the world, but to save the world. So let us be willing to comply with Christ's command to "Judge not, that ye be not judged"

Sincerely yours,  
MRS. M. H. CARD  
416 South Louise Street.

## FOLLOW UP MEETINGS

Special services, preaching, testimony and prayer, will be held in the Casa Verdugo M. E. church, Wednesday, Thursday and Friday at 7:30 p. m., March 17, 18 and 19. All members and friends of the church especially those who have attended the Brown and Curry meetings, are earnestly invited to be present and bring friends.

Mr. and Mrs. I. H. Pearson of 490 West Fifth street were agreeably surprised, Thursday by a visit from Mr. and Mrs. John Bell of Fayette Mission, their old home. Mr. and Mrs. Bell are charmed with Glendale.

## WANT JOINT ELECTION

**SCHOOL TRUSTEE TO BE CHOSEN—DISCUSS THE PURCHASE OF A SCHOOL SITE**

The school trustees of the City of Glendale met Thursday evening at 7:30 at their office in the Intermediate school, with all members present.

The using of a cheaper grade of fuel oil was ordered in the Third street and Central avenue schools, but on account of the furnaces, it is impossible to use the cheaper grade of oil in the other buildings.

Trustee Todd, who had been instructed at a previous meeting to interview owners of property in the southern part of the city in view of purchasing a school site, reported that the McElroy property was probably the best located and best suited for school purposes, but the price seemed to be prohibitive, as Mr. McElroy holds his tract at \$8,000, and reserves the row of five lots facing Adams street. It seemed to be the general understanding when the \$8,000 bonds were voted that this entire tract could be purchased for this amount. The board decided to continue the investigation further before any action is taken.

Mr. White was authorized to have a motor repaired and rigged up for use in the Manual Arts school.

The matter of liability insurance for the teachers and janitors was discussed at length and in order to obtain the cheapest possible rate Mr. White was ordered to communicate with the state bureau of insurance as to rates, etc., and Trustee Echols was authorized to inquire as to rates of private companies who handle such insurance.

Mr. Clem Moore was present and addressed the board on the merits of the Toledo Gas Furnace for the heating of school buildings. The heating of the Sloyd rooms was up for consideration and Mr. Moore explained the way in which these rooms could be heated with the Toledo furnace and quoted the probable cost of same, but as it is only a question of a short time when a more extensive heating plant will have to be installed at the Intermediate school, it was thought advisable to erect chimneys and use wood stoves for the present.

Mr. Todd was instructed to install a lavatory in the domestic science room and to have the grounds in the rear of the Third street school leveled off so they can be used as a play ground.

May Bros., contractors of the Pacific avenue school, were ordered to complete the work on the flag pole at that place and also to repair the concrete base around the court which is found to be defective.

A communication was received from the county superintendent notifying the board to call an election on Friday, April 2, to elect one school trustee to succeed Trustee Heacock, whose time will expire then.

Mr. White was requested to confer with the trustees of the high school and arrange for a joint election, as there is to be one high school trustee elected on the same date. If this can be arranged it will only be necessary to have one polling place for both elections.

All claims were laid over until the next meeting.

## COMMITTEE WILL REPORT

The executive committee of the Chamber of Commerce will make a report this Friday evening at the Chamber of Commerce meeting to be held in the city recorder's room of the Fire House, 915 West Broadway.

The report will be complete and recommendations will be made which will be up to the Chamber of Commerce to adopt or vote down, as that body may see fit.

The Evening News believes that the members of this committee have uppermost in their minds being fair to the citizens of Glendale. Their purpose has not been to condemn or praise the doings of the city officials, only as in their opinion they think justice demands praise or censure.

Fortunately the committee is made up of a class of men who do not see things through colored glasses, and the report will undoubtedly show that characteristic in these gentlemen.

The members of the executive committee of the Chamber of Commerce are J. W. Usilton, chairman; Frank L. Muhleman, Stephen C. Packer, Geo. T. Paine, M. P. Harrison, T. W. Preston, J. N. McGillis, with J. F. Lilly, secretary of the Chamber of Commerce, serving as secretary.

Ladies as well as gentlemen are invited to attend this Chamber of Commerce meeting, at the Fire House at 8 o'clock.

Mr. McGowan, the Kalem director, is at his post of duty again after a long stay in a Los Angeles hospital.

**EDITOR'S PRICES FOR "PUFFS"**  
An eastern editor comes to the conclusion that those desiring "puffs" in his paper must pay for them, and has established the following prices:  
For telling the public that a man is a successful citizen, when everybody knows he is as lazy as a hired man, \$2.70.  
Referring to the deceased citizen as one who is mourned by the entire community, when we know he will only be missed by the poker circle, \$10.13.  
Referring to some gallivanting female as an estimable lady whom it is a pleasure to meet, when every business man in town would rather see Satan coming, \$8.10.  
Calling an ordinary pulpit pounder an eminent divine, 60 cents. Sending a doughty sinner to heaven, \$5.  
Referring to a deceased merchant who never advertised in his life as a progressive citizen \$4.99.—Exchange.

Uncle George Washington couldn't tell a lie—but in these days a lot of folks seem to be a sight more clever than "the father of his country."

NOT AT BROWN AND CURRY MEETINGS

Two men were discussing the service as they made their way home from church.

"What was that sentence the choir repeated so often?" asked one.  
"As nearly as I could make out, it was, 'We are all miserable sinners,'" replied his companion.

### Why You

should do business with the  
**BANK OF GLENDALE**

California's laws regulating this bank are among the strongest in the United States.

In these laws are defined just what loans a bank may make.

Regular examinations are made by the State Banking Superintendent, and as a further protection to our depositors, and to ourselves, we secured connection with the Los Angeles Clearing House and are examined by the Clearing House Examiner.

The funds are protected by a good screw-door safe in a vault fortified with electric burglar alarm, in addition to being insured against burglary and hold-up.

All officers are bonded.

The Bank of Glendale makes no loans to any of its officers.

Disinterestedness in those having care of your money is thus assured.

Keep in mind that we do a Commercial and Savings bank business; that we are provided with all that is desired in safety and service.

Better Living at Less Cost

The person who is always accusing somebody of "something awful" is a proper party—yes, a proper party to watch!

### PERSONALS

The crop of oranges and lemons appears to be very large this season, and of excellent quality.

Mr. Earl S. Patterson of Riverdale drive has gone with the U. S. C. baseball team to San Francisco, where they will play.

Mrs. C. H. DuBois of Long Beach will be the week-end house guest of her daughter, Mrs. A. M. Beamon of 245 Maryland avenue.

Mrs. Douglas Newell of Kenosha, Wis., a sister of Mrs. H. R. Boyer, is visiting Dr. and Mrs. Boyer and will probably be here for several weeks.

The X. V. I. club, which was to have met with Mrs. Warren Roberts on the 20th of this month, will meet with Mrs. Edward Daniels instead.

Miss Mattie Belle Provolt of 608 North Central avenue will spend this afternoon and night with her friend, Miss King, of Park View avenue, Los Angeles.

Mr. and Mrs. James A. Farrell will be the guests of Mrs. Mary Edwards of 1411 West Colorado boulevard at the Lyric club concert in Los Angeles this evening.

Mrs. Susan Nethery and Mrs. J. Glenwood Jones are among a party of Glendale people who have motored to Riverside and surrounding cities today.

Mrs. C. D. Roach of 1428 Lomita avenue will attend the Lyric club concert this evening in Los Angeles, with other members of the Glendale Choral club.

The Cherokee club has engaged Prof. Cannaday, a Los Angeles dancing teacher, to give them lessons in the new dances and will have a lesson tomorrow evening in the Masonic temple.

Mrs. C. E. Hutchinson of 200 Orange street had as luncheon guests on Thursday Mrs. P. S. McNutt, Mrs. A. L. Weaver and Mrs. Frank Grosvenor. After luncheon the ladies attended the lecture given by Miss Ednah Rich at the high school.

Mrs. C. F. Parker of 227 Central avenue had as luncheon guests on Thursday Mrs. Bledsoe, wife of Judge D. F. Bledsoe of Los Angeles, Miss Lottie Tolliver, also of Los Angeles, and Mrs. Lyman of San Bernardino, daughter of Mrs. Parker. The ladies came in the afternoon and remained for the day.

Mr. and Mrs. A. C. Oliver of 124 Howard street have returned from a pleasant motor trip to Hesperia, where they visited their daughter and family, having left here last Sunday. They found the roads in excellent condition and the trip through the pass was very beautiful at this time of the year.

Glen Eyrie chapter, O. E. S., held their regular meeting Thursday evening in Masonic hall. Miss Carrie Cornwall and Mr. W. E. Evans were initiated, and after the regular work plans were made for a big card party to be given by the chapter in the near future.

Mr. and Mrs. A. J. Porter and Miss Porter, from the East, who have been visiting Southern California for several months, are in Glendale today as the guests of Mrs. Anna Hare of 1543 Oak street. They will remain here for several days before returning to Los Angeles.

Mr. Frederick Baker of 109 North Maryland avenue left Thursday night for Sacramento, where he will represent the San Gabriel Land Owners' league with regard to the flood control legislation. The line which the league is taking and for which Mr. Baker is working is to arrange the matter by bond issue instead of by the assessment plan, as they feel this is more fair and will be easier on everyone concerned.

Mr. Bert L. Sacre and Mrs. Morowitz of Minneapolis spent Thursday afternoon with Mrs. Wilnot Pacher of 728 West Eighth street and Mrs. Morowitz remained to visit several days in Glendale, with which she is so much delighted that it looks very much as if she and Mr. Morowitz would finally locate here.

Mr. Morowitz is connected with the largest furniture house in Minneapolis and is seriously considering selling his interests there and moving to Glendale.

A number of friends came in and surprised Mr. Chas. I. Peirce, Sr., on Thursday evening, the occasion being his sixty-eighth birthday. They brought ice cream and a fine birthday cake with candles upon it. Mr. and Mrs. Peirce have been here for several months, having come from Boston the early part of the winter. They have been staying with Mr. and Mrs. Theodore F. Peirce of 809 South Central avenue, but are about to move into their new home at 1428 West Seventh street.

Mrs. C. E. Hutchinson, who is the state historian of the California Congress of Mothers, found a very agreeable surprise awaiting her at the high school Thursday in the presence of Mrs. H. N. Rowell, president of the California Congress of Mothers. Mrs. Rowell, Mrs. A. M. Lord of Glendale and Mrs. Noble of Los Angeles all went with Mrs. Hutchinson for dinner and a very happy evening was enjoyed by all. Mrs. Rowell will spend about ten days in the Southland and is a guest of Dr. and Mrs. Noble in Los Angeles.

### NEW STORE ENJOYING A GOOD PATRONAGE

The branch of Sauter's Bakery established at 336 1/2 Brand boulevard by H. Lee has enjoyed a most generous patronage ever since the opening, which was last Saturday, March 6th. The store sells Sauter's bakery products exclusively, including Sauter's All-Milk bread, high class pastries, cakes, etc. adv.1t.

### TOURIST TRAVEL HEAVY

SAN DIEGO, Mar. 12.—Every railroad passenger official and steamship agent visiting the San Diego exposition gives out word of the enormous travel coming into the California Southland at this time. Since the inauguration of the reduced fares from the East the travel westward has shattered all records. Despite the great influx into San Diego, the hotels are able to care for all visitors several new hotels being opened up recently.

### CANCEL THE UNKIND WORDS

Some of the older boys and girls have doubtless studied cancellation in school. But there is another kind of cancellation that can be used by boys and girls of all ages. For example, two boys were speaking of another boy:

"He is so slow in games," said one.

"Yes," replied the other, "but he always plays fair."

"He is so stupid in school," said the first boy.

"But he always studied hard," answered the second.

Thus, you see every unkind word spoken by the first boy was cancelled by a kind word from the second. Suppose that the next time we hear an unkind word we try to cancel it by putting a kind one in its place.—Exchange.

### TROPICO

Relatives and friends very pleasantly surprised Mr. and Mrs. E. P. Tresslar at their home, 607 North Brand boulevard, Wednesday evening. This delightful affair was in celebration of the fortieth wedding anniversary of Mr. and Mrs. Tresslar. A most delightful evening was enjoyed in music, Mrs. O. L. Olshansen, daughter of Mr. and Mrs. Tresslar, who is a noted vocalist, adding much to the evening's pleasures by rendering several vocal numbers. The room was fragrant with violets arranged in low bowls and vases. Those who assisted in this joyous celebration were Mr. and Mrs. E. H. Cordery and Miss Marie Carlson of Los Angeles, Mr. and Mrs. O. L. Olshansen, Mr. and Mrs. Will Hedges, Mr. and Mrs. R. L. Milligan.

Mr. R. L. Milligan of East Park avenue received word Thursday of the passing away of his sister, Mrs. S. V. Owen, at her home in Pittsburg, Kans. Mrs. Milligan, who spent three months last summer visiting in Kansas and other eastern states, enjoyed a most delightful visit in Pittsburg, Kans., as the guest of Mrs. Owen. A legion of friends extend their sympathy to Mr. and Mrs. Milligan in the passing of this loved sister.

Mr. and Mrs. O. W. Andressen arrived from Elgin Ills., this morning for an indefinite visit with relatives and friends. Mrs. Andressen will be remembered as Miss Grace Kapus and is the granddaughter of Mrs. Mary West and niece of Mrs. John Hobbs, Mrs. Andrew Stephenson and Mrs. John A. Logan. The many friends of Mrs. Andressen are pleased to welcome her return to Tropico and will endeavor to render her and Mr. Andressen's visit here a most delightful one.

A meeting of the executive committee of the Tropico branch of the Parent-Teacher association was held at the home of Mrs. Hartley Shaw on West Park avenue and a splendid program arranged for the April meeting, which will be held the first Friday in April in the Cerritos street school.

Mr. and Mrs. F. D. Silvis of 509 West Park avenue are entertaining this week Mr. Oliver P. Yellen of Sheffield, Iowa; Mrs. H. H. Scribner and son of Long Beach, and Mr. and Mrs. James Lefevre of Portland, Oregon.

The regular semi-monthly meeting of Chapter A-H of the P. E. O. Sisterhood was entertained at the home of Mrs. John A. Logan on North Central avenue this afternoon.

Mrs. O. L. Olshansen of Glendale avenue left for San Diego Thursday where she will spend several days visiting friends and the exposition.

Mrs. Eustace Benton Moore of Blanche avenue will give readings Wednesday evening at a large social function in East Los Angeles.

NEVER WAS ALIVE

To term state division a dead issue would be to flatter. To be dead implies the previous presence of life. There never was a trace of life in state division. Therefore it was not even an issue. It is lifeless not by reason of anything that has departed from it, but by reason of the continuing absence of qualities it never possessed.

Why there was an attempt made to raise a futile question has not been explained. The San Francisco Chronicle affirms a belief that the agitators were paid, but without attempting to say who were the easy marks. To try to get something for nothing is wrong, but the studied endeavor to get nothing for something argues a stupidity beyond all analysis. There will be no division, principally for the reason that the people at neither end of the state desire it. If they had desired it, the grotesque plan of hewing Southern California to the Tehachapi line, let the chips fall where they may, would have set them laughing so hard that they would have forgotten to vote. Besides, the South admires and loves the North too well to let it get adrift. It would not have its other half left to the mercies of the red ink or the red light specialists. The southern end knows the frailties of the northern, but does not rebuke. Rather it is stirred by the sweet impulse of pity. Too bad some of the papers there have permitted themselves to get all het up. For instance, the Sacramento Bee says the people of the South are narrow and bigoted, and that they attempt to make others conform to their standards. Plenty of buzz, no sting. Waste of energy, dear Bee. Try to make honey. It is comparatively easy for one section to find fault with another, but when all is done and said, there isn't much in it. The North claims to have certain material advantages over the South. Stick to it. The South claims superior advantages, and doesn't propose to weaken, either. There's no place like home, and people live in each part of this glorious commonwealth. Every consistent husband affirms that he has the best wife in the world, and does so without treading on the toes of any other husband. This pleasing freedom of opinion should be enlarged so as to embrace the rights of a state. There has been no argument about division, because no reason for quarreling, and the only excuse for quarreling must be individual ill temper, a weakness that may be overcome.—Pasadena News.

### EVERYTHING HARMONIOUS

Nangle—I hear there was a disturbance at th' meetin' last night.

Flummery—Ye heard wrong th'n; for whin McGowan hit th' chairman in th' eye, we threw him out o' the windy an' that stopped all trouble. Oh, no; everything was harmonious an' quiet.—Chicago News.

Blessed be the booster—he will either inherit the earth or make it better for the fellow that does come into possession.

It is good luck to talk favorably about the weather—that helps the weather-man, and he always needs your encouragement.

# Quality-Compare Prices

## The Goodrich Tire, like the trained athlete is all brawn and muscle—no fat

THE old Olympic Game promoters were great for what we call "form." Symmetry, proportion, soundness and proper balance out-bid bulging muscles for favor—yes, and out-won, too, just as they will today.

Mere bulk never was synonymous with endurance—and the truth of this statement drives home with a bang, when you apply it to tires.

IF thick, heavy tires were the last word in tire construction, we could wipe out of existence a Goodrich Research and Test Department employing seventy people. We would take off the road a battalion of ten automobiles, that run twenty-four hours a day and every day in the year, grinding tires of all makes to pieces, just for the sake of information to us and eventual economy to the user of Goodrich Tires.

There is where we learn to cut out of a tire the material which gets the user nothing.

Of course, when we stripped tire price lists of their padding—fictitious values—we expected rivals to say we had stripped our tires.

Note the following table of comparative prices on non-skid tires. Columns headed "A," "B," "C" and "D" represent four highly-advertised tires:

Size	Goodrich Safety Tread	OTHER MAKES			
		"A"	"B"	"C"	"D"
30x3	\$ 9.45	\$10.55	\$10.95	\$16.35	\$18.10
30x3½	12.20	13.35	14.20	21.70	23.60
32x3½	14.00	15.40	16.30	22.85	25.30
34x4	20.35	22.30	23.80	31.15	33.55
36x4½	28.70	32.15	33.60	41.85	41.40
37x5	33.00	39.80	41.80	49.85	52.05

If you are charged less for any other make than Goodrich, they are taking it out of the tire; if you are charged more, they are taking it out of you.

IT was their only "come-back." They had to say that, in stripping down prices to the point where they were fair to dealer and consumer and left no room for injurious price-cutting tactics, we had stripped our tires of some quality, too.

THE Goodrich Tire, like the trained athlete, is all brawn and muscle—no fat. It represents an achievement—the ability to cut out the extra costs of manufacture, the extra costs of labor, of extra, needless material, and to give you the best, long-mileage, high-standard tire in the world.

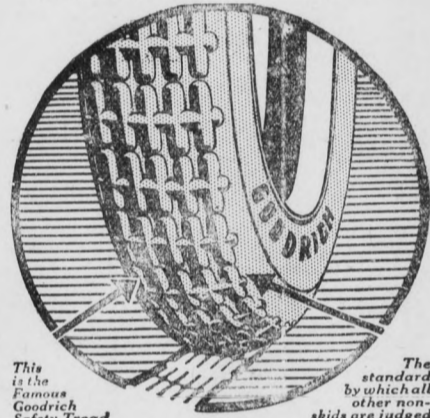

There are padded tires as well as padded price lists.

### Don't pay for padding.

Now don't forget this—we are talking in the main about Goodrich Safety Tread Tires, for they represent ninety per cent of our factory output for resale.

Furthermore, while we have put the padded prices on smooth tread tires on the run, the evil of padded prices on non-skid tires still is in evidence, as shown in table below:

THE B. F. GOODRICH CO., Akron, Ohio

This is the famous Goodrich Safety Tread. The standard by which all other non-skids are judged.

### "TRIUMPHS OF PEACE" (Continued from Page 1)

election in the next six weeks, and further stated that all who were interested in work for child welfare were eligible for membership, as it was not confined to parents and teachers alone. As the result of the appeal, ten new members joined after the meeting.

A social "get-together" hour was then enjoyed and the merits of certain "triumphs of peace" in the form of tempting cakes with coffee were 'exhaustively discussed' by the assemblage and all pronounced masterpieces of the culinary art.

### DON'T LOSE YOUR TEMPER

When you get mad you lose.

The blood rushes from your stomach to your head. Your body is weakened. Your brain is packed with blood so it can't work right.

Keep cool!

A horse that gets mad and runs away hurts himself and his best friends.

A dog that gets mad is shot. Two boxers evenly matched enter the ring. One gets mad—goes crazy. If the other one keeps cool he outwits the crazy man.

Anger makes your nose red—and this should be enough to prevent any woman from getting mad.

Also, when a woman is angry she quarrels with her lover, her husband or her child—and any one of these happenings is a calamity for a woman.

When a man gets mad he is a wild man. Look at yourself in a mirror when you are in temper. Your face isn't the same face at all. Your eyes glitter. Your mouth is cruel. Your fists are clenched and your body trembles.

Keep your head; it means a longer life and more happiness.—New Orleans States.

### BULLS IN CHINA SHOPS

If the allied fleets shoot their way through the Dardanelles, the price of wheat in the United States will drop or at least quit rising. The reason, of course, is that the opening of the straits will release millions of bushels of Russian wheat and automatically diminish Europe's demand for our crops. Consequently poor people will get their bread a little more cheaply and we won't have to fall back on potatoes or sawdust.

It took the Pilgrim Fathers sixty-three days to cross the Atlantic and now it takes only a few minutes for an international shooting affray a few miles from Constantinople to be reflected in prices in the Chicago grain markets. A bull in a china shop is a mild problem compared with a great war in a world so bundled together.—San Francisco Bulletin.

### DOG BARKS

A dog is a pet, a friend and a helper.

The confidence of a dog once lost is hard to gain.

There are occasions when it is up to the man to apologize to the dog.

In teaching tricks always reward the dog with some eatable when he accomplishes the trick properly.

A dog is a farm-hand, works for merely his board and keep, and he never asks for a raise in wages or for a day off.

Every family should have a dog; it is like having a perpetual baby; it is the plaything and crony of the whole family. It keeps them all young.

A dog can be so trained that he will watch a cat eat without attempting to touch the food himself, and will not allow anything else to molest it. Who says dogs have no sense?

When you go in a place and a dog comes around growling, don't pick up a fistful of stones. If you do, whatever be his nature, the dog will distrust you at once. Speak kindly, act as though you are not afraid of him, and he will reconsider and regard you as a possible friend, not as an enemy.—Farm Journal.

### SHE JUST KNEW!

Subsequent to the extensive publicity given by the Schlitz, Milwaukee brewing interests to the fact that beer in brown-glass bottles is the more desirable, there comes the following story from Denver: A woman entered a Denver jewelry store and announced her intention of purchasing a topaz ring. She was shown a variety of stones, and after spending more than an hour in pensive contemplation of the assortment, she selected the brownest brown of the lot, saying to the jeweler, "Brown glass, you know, keeps best."
