DECREASE SHOWN IN GRAIN STORAGE

Ottawa, June 24.—(Canadian Press)—According to returns received at the Department of Statistics for the week ended June 11, 1920, the quantity of grain in storage at the different public elevators in Canada has decreased by 1,487,565 bushels as compared with previous weeks; wheat, oats, barley and rye show decreases of 279,245, 217,533, 208,623 and 23,656 bushels respectively. Flax shows an increase of 42,347 bushels. Stocks in store on June 11, 1920 were: wheat, 19,080,359 bushels; oats, 4,271,977; barley, 2,717,992; flax, 562,741 and rye, 236,066.

MONTREAL REJECTS MAJORITY AWARD

Montreal, June 24.—At a meeting of the local division of the Canadian Brotherhood of Railway Employees held last night, to which all Grand Trunk employees in Montreal were invited, about 800 attending, it was decided to reject the report of the majority award regarding wages of office employees. It was said that a vote will now be taken from the employees of the whole Grand Trunk system as to whether or not they will accept the majority award. This will be taken by mail and sent to headquarters at Ottawa.

ASQUITH ATTACKED ARMY ESTIMATES

Lloyd George Points to Britain's Responsibility in Mesopotamia

London, June 24.—The army estimates coming up again in the House yesterday, gave the Commons an opportunity of discussing at length British policy and operations abroad, special attention being directed to proceedings and expenditure in Mesopotamia.

Former Premier Asquith led the attack by moving a reduction in the vote. He declared there was no legal right for a British footing in Mesopotamia, and urged the withdrawal of troops.

Premier Lloyd George defended the vote, pointing out that Britain has responsibility for establishing order and good government in Mesopotamia and, were they to withdraw now, they would later have to reconquer the country. The motion was defeated.

Ex-Premier Asquith and other members of the House claimed that the question of mandates for former Turkish territories was one for the League of Nations. Premier Lloyd George repudiated the claim in behalf of the league. He said that none of the signatories of the Versailles treaty, even President Wilson, held that view.

Mr. Lloyd George said the news from Anatolia was much more favorable than it had been last week. He was unable to give details of the projected operations, except that some would be undertaken independently by the Greeks, while others may be undertaken jointly by Greek and British forces.

The War Office intends almost immediately to appeal for reservists, according to The Daily Mail. The newspaper says it probably will ask for discharged soldiers and men who served for at least one year during the war and have not since joined the Territorials to enlist in the army reserves.

RAILWAY STRIKE IN MEXICO NOW

Mexico City, June 24.—All machinists in the railway shops of Tampico have struck, demanding higher wages, according to a dispatch to the Excelsior.

A boy digging in his father's garden in Kenmore Road, Hackney, unearthed a Queen Anne shilling, 1711, excellently preserved.

MEDICAL BOARD ELECTS OFFICERS

Canadian Public Health Convention Terminates at Vancouver

Vancouver, B. C., June 24.—Following are the officers elected on Wednesday by the Canadian Public Health Association, in convention here:

President, Dr. Amgot, Deputy Minister of Public Health Department, Ottawa; vice-presidents, Hon. Dr. W. F. Roberts, St. John, N. B.; Dr. Gordon Bell, Winnipeg; Miss Helen R. Y. Reid, Montreal; secretary, Dr. H. D. Defries, Toronto; treasurer, Dr. Fred Adams, Winnipeg; executive, the past presidents, including Dr. H. E. Young, Victoria; and Dr. F. P. Underhill, medical health officer, Vancouver.

Life membership was accorded Dr. F. S. Montzambert, for the past fifty-four years chief medical officer of the government quarantine station.

The National committee for combating venereal diseases re-elected Mr. Justice Riddell as president.

Nursing Problems. Vancouver, B. C., June 24.—Nursing problems occupied the attention of the B. C. Hospitals Association at the first day of its annual meeting yesterday. Much consideration was given to the difficulty of obtaining an adequate number of young women of the desired type to enter the profession.

Miss Pauline Rose, of Nanaimo, leading the discussion on a paper read by Miss N. P. MacMillan, Kamloops, thought increased pay would lower the standard of nurses and would introduce too many girls of the menial classes.

On the other hand, Miss Helen Randall thought it absurd to expect a nurse to dress and equip herself properly, especially in the matter of shoes, on \$3 a month. This lady also read a paper on the survey of the training schools, and urged that these should be financed by the Government.

At the session of the public health association child welfare received much attention, a strongly worded resolution being passed condemning artificial methods of birth control.

PENSION BILLS THROUGH HOUSE

State Insurance For Returned Men and Other Measures Passed

Ottawa, June 24.—Four bills to give legislative effect to the recommendations of the special committee on pensions and re-establishment went through the House yesterday.

Criticism was devoted to the bill affecting pensions. Capt. Power, Quebec South, had a couple of amendments to propose. In one case he wished to prevent a pension from being subject to review; in the other, he wished to strike a sub-section from the bill. The sub-section provides for a reduction from a widow's pension in the event of her having a son living at home capable of contributing to her income. Both amendments were lost.

The other bills, passed on the special committee's report, dealt with state insurance for returned soldiers, with militia and mounted police pensions. There was some considerable discussion also on the enfranchisement and education of Indians, and subsequently on amendments made by the Senate to the civil service bill. With an amendment made by the Senate to take its force much more favorably, the control of the civil service commission the House did not concur. Another Senate amendment cancelling certain religious holidays was held over.

SURPRISE CREATED IN BUENOS AYRES

At Announcement U. S. Government Not Connected With Sugar Purchase

Buenos Ayres, June 24.—The statement by Howard Fitz, special assistant to the Attorney-General at Washington, that the United States Government is not connected with the recent purchase of 14,000 tons of Argentine sugar beyond lending its influence to obtain the removal of export restrictions, was received with surprise in Government circles. When President Irigoyen granted the American ambassador, Mr. Stimson, permission to export sugar without certain restrictions which are imposed on private exporters, an announcement to this effect appeared in the Government organ, La Epoca, with the explanation that the sugar was for the United States Government.

The Associated Press is informed by the highest authorities from this explanation was correct and that the sugar was bought through an American trading company here directly for the account of the United States Department of Justice, and it was only on the ground that it was a United States Government transaction that President Irigoyen removed the restrictions.

Liver Trouble and Heartburn

All liver diseases of whatever character are diseases of the highest importance and demand close attention. The liver is the largest and one of the most important organs of the body. Its duty is to prepare and secrete bile, and serve as one of the filters of the body, cleansing it of all impurities and poisons. Therefore, when the liver gets out of order it is the starting of trouble in nearly every part of the body.

Keep the liver active by using Milburn's Laxa-Liver Pills and you will have no heartburn, constipation, biliousness, sick or bilious headaches, dull, yellow eyes, brown blotches, salivary complexion, coated tongue, jaundice, catarrh of the stomach, or the painful protruding, internal or bleeding piles.

Mrs. John Kadey, Chipman, N. B., writes: "I have used Milburn's Laxa-Liver Pills for some time and can recommend them to any one suffering from heartburn and liver trouble. I tried other remedies, but they only relieved me for a short time. I always recommend Laxa-Liver Pills to all sufferers as I think they are a valuable remedy."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price to The T. Milburn Co., Limited, Toronto, Ont.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. To avoid any possibility of giving your child opiates, or narcotics of any kind, keep Fletcher's Castoria in the house, and Save the Babies.

Children Cry For Fletcher's CASTORIA Let's Think It Over.

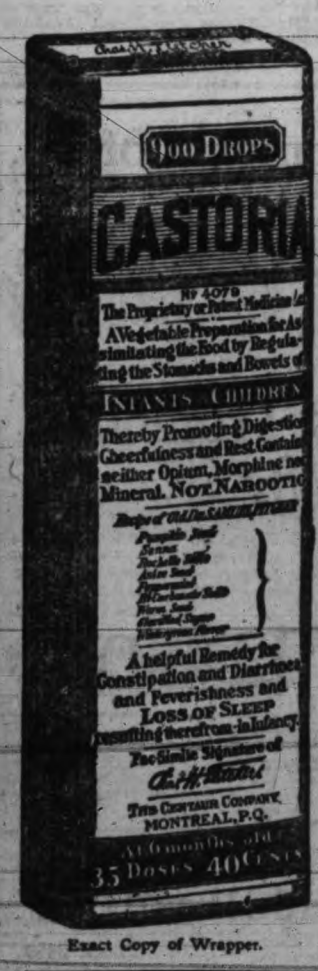

There is such a thing as saying too much on any subject, and the "grand-stand" talker sooner or later becomes a bore. The truth is always welcomed, and the truth reiterated and confirmed is more than welcome—it reaches your innermost soul.

Fletcher's Castoria is all its advertising has claimed for it. Scrutinized by the microscope of public opinion and used for over thirty years it stands without a peer in the hearts of thoughtful, cautious, discerning Mothers. And once used, mother love—there is no substitute for mother love—will scorn to try a "substitute" or a "just-as-good".

Masquerading under many names drugs that are injurious to the tender babe have found their way into some households, but the light of experience soon casts them out. Are they cast out before it is too late?

**Plea For Foreign Field.**—Rev. L. M. Orchard, of Brandon, Man., former Baptist missionary for India, made a plea for the support of foreign field work in Southern India at last year's session of the Baptist Annual Convention. "Churches we get the home behind the church will never prosper," declared the minister in an eloquent address. "The worker should have the table of Rev. F. O. Erb, of Philadelphia, whose address contained many suggestions for the expansion of church work in the Indian continent." "I have the hand 20 month kind of church work, and urged the need of better organization in a programme of church activities."

**Dr. William Russell, of Victoria, presided at the evening session, and Rev. William Stevenson pronounced the benediction. An excellent musical programme was rendered by the choir and soloists.**

### Aerial League Meeting.

—A general meeting of the Aerial League of Canada, Victoria branch, has been set for Tuesday at 8.30 p.m. Mr. Crockett, the secretary announces, it is expected that Major MacLaurin, on the Air Board staff of Vancouver, may be over to deal with the various points that have arisen in connection with the recent regulations in control of air traffic and the establishment of air stations on this coast.

**Local Boy Named Sergeant.**—At the commencement exercises at Hill Military Academy, June 16, at Portland, George Gardner, of Victoria, was appointed a First Sergeant of a Company. Awards of this character are made for high averages in scholarship, military drill and deportment. At the close of the exercises a competitive drill was held, after which a reception and dance was given for the graduates and the newly elected officers.

**In Supreme Court.**—The suit of Walls versus Nicholson, with Sheriff Richards intervening, was resumed in the Supreme Court this morning before Mr. Justice Macdonald. R. C. Lowe appeared for the plaintiff, H. A. MacLean, K.C., for the defendant. Mr. Hansen is cited as party claimant for the property now in the hands of the sheriff. The action is in connection with loss of security on a mortgage, with respect to the vessel Seabird, which is now in the hands of authorities. The hearing will be resumed later.

**Firemen's Dance.**—The Firemen remind their many patrons that they are still holding their weekly dances every Thursday evening at Headquarters, Cormorant Street. Owing to these dances having been such a great success, a system of electric fans have been installed which keep the dance hall delightfully cool in the warmest of evenings, and will enable the committee to continue this delightful custom indefinitely. Next week's dance will be held on Wednesday evening, June 23, with dancing from 8.45 to midnight. Admission by invitation only, which may be had through any member of the Department.

**Garden Fete at "Mountjoy"**—It is announced this morning that by the kindness of Mr. and Mrs. F. B. Pemberton, the garden fete and sale of work arranged by ladies of Christ Church Cathedral parish in aid of taxes on the Cathedral and Bishop's Close property, will take place at their residence at Mountjoy, 691 Fowl Bay Road, on Wednesday afternoon, June 30, instead of a "Gonzales." The beautiful grounds of "Mountjoy" are not so well known to Victorians as the more frequently visited estate at "Gonzales" and many will welcome the opportunity provided for seeing them on Wednesday next. In charge of some of the many stalls and booths in connection with the sale of work, are the following ladies, many others

### J. Harry Flynn Explains Political Platform of Grand Army of United Veterans

On a trans-Canada organizing mission, J. Harry Flynn arrived in Victoria yesterday afternoon and will speak to ex-soldiers, sailors and civilians at the Pantages Theatre on Sunday evening on the need for a political organization or returned soldiers and the objects which will be attainable by such action.

As president of the United Veterans' League, Mr. Flynn was the centre of much of the agitation which has been carried on in the Eastern Provinces in favor of increasing the pensions paid to widows, orphans and cripples.

When the United Veterans' League and the Grand Army of Canada affiliated last April under the presidency of Major William Morrison, Mr. Flynn was released for organizational work, and has since been speaking in practically every city with over 5,000 population throughout Canada.

Interviewed at the Empress Hotel this morning by The Times, Mr. Flynn outlined the programme of the Grand Army of the United Veterans as follows:

**Politics Only Panacea.**

"One thing is sure, the returned men will not get fair treatment from the Government without political action. The Grand Army has therefore been organized in order that the returned men and their friends may present a substantial front whenever they make representations to the Government or to political candidates at elections," said Mr. Flynn.

"Understand me clearly, the Grand Army is not proposing to start a returned soldiers' party. We are organizing a power, emphatically not a party. We plan to draw up proposals to be practically every city we receive our support. We will submit these proposals to Governments and candidates. Those who accept our platform and pledge themselves to work sincerely for their passage, will receive our solid support, no matter what party they may represent. Should we be unable to secure satisfactory pledges from the regular party candidates, we purpose naming independent candidates to run. That is the full extent to which the Grand Army may be described as a political party, and no further."

**Want Ideals Realized.**

"Our proposals are simple indeed. We are not merely preparing to speak for the returned soldier, we are planning for the common people of Canada. All Canada fought the war. The boys at the front worked for ideals, the workers at home strove to munition them with same ideals, Liberty, justice, and no class legislation is our motto. These were the ideals we kept in sight as coming about the war, and had passed, and now we want them and are organizing to get them."

"First and foremost, we want fairness in the provision which the nation should make for the widow, the orphan and the war cripple. Is it right that in these days a cripple should receive less than a bare bread living for his sacrifice? Should the widow with children exist on a starvation pittance when the country took her man? Simple questions, indeed, but a simple answer comes, no. The boy who can Canada, justly paying a certified 100 per cent. crippling \$60 a month? That is what is being done by the Borden Government, and they claim to represent Canada!"

**The Grand Army Pledges.**

"The Grand Army is firmly opposed to the Unionist Party and to its leaders," said Mr. Flynn. "On countless occasions I have heard Sir Robert Borden pledge his Government to undertakings which he has since flouted."

"They were supported on conscription, they enforced just as much of their power as they chose. They took the living working man from his home to fight for his country, and we supported that action. They left untouched the war-created wealth which we also instructed the Union Government to conscript. The common people they conscripted, their friends pocketbooks suffered not at all."

**Financing Re-establishment.**

"Our stand on the financing of all re-establishment costs is simple and easy to comprehend," continued Mr. Flynn. "More money must be spent, but the worker should not pay the bill. All too often the final paper of taxes, collected from the businessman and the well-to-do, is the working man who but a few months before was a soldier. We say we do not have this condition exist in regard to re-establishment. The soldier fought; his wife prayed and worked; the worker slaved overtime; the rich, well, they pulled up the profits into mountains of cash and property."

"Who gained from the war? The rich. Who should pay for the war? Those who gained from the war. Excess profits should be returned to the country which sweated to produce them."

"And until drastic war profits legislation is passed and enforced the Grand Army will not be satisfied, neither will it be satisfied with any scheme of re-establishment which is financed by any taxation other than a scheme levied against war profits."

"I have been called a Bolshevik, a Red, and a host of other names, and I just want to make plain that, if advocating action by the ballot to bring about the improvements suggested by the 'National' and 'The Star', named as the redder of Reds."

**PICNIC TO PORT ANGELES.**

The Sunday School of St. Andrew's Church has arranged to hold its annual picnic at Port Angeles, the American port on the other side of the Straits, and in the heart of the Olympics. The steamer, Princess Adelaide will transport the excursion. Arrangements have been made for picnic grounds at Port Angeles, and the Mayor has promised the excursion a most hearty and cordial welcome. There will be a sport programme, and in all likelihood a ball game. The boat will leave Victoria at 9 a. m., and return at 9 p. m. on Thursday next.

A boy named Philip Harper, while birdnesting at Blockwich, near Walla Walla, found a linner's nest in the construction of which a Kinglet, Treasury note had been used, and the note was cashed at the post office.

### ROTARIANS STAGE HUSH-HUSH FUNCTION

Tremendous Enthusiasm and Laughter Attends Novel Luncheon in Empress

Only the highest officials were acquainted with what the programme was to be, and so it was with great surprise that the assembly heard Clifford Denham rise to his feet and denounce the club for failure to function in a live and progressive manner. Before he had fairly commenced, however, he was cut short by Past President Frank Higgins, who took exception to the remarks from the chair, and commenced to tell the gathering of the benefit he had been when in that office, when however he, in his turn, was interrupted by James Hunter, he gathering began to suspect that there was a joke connected with the mystery meeting somewhere, and quickly realized that this was a novel and intensely comical way of describing the activities of the Rotary Club of Victoria during the past five or six years. Mr. Hunter was followed in turn by Percy C. Abbott, J. D. O'Connell, and finally by J. P. Scott, all of whom carried out the supposed distrust against the former speaker, and kept the meeting convulsed with laughter. In this manner the gathering was treated to a complete list of accomplishments that the Rotary Club has fostered since its inception.

**"Rotary."**

The present and past presidents lined up, each with a letter of the printed word "Rotary." Mr. Higgins the exposition which followed. "R" stands for Resurrection of the best interests in life, and the ridiculousness of roasting the other fellow. James Hunter took up the tale "O stands for Optimism, without which no one can achieve anything of permanent good." "T" stands for training, in self reliance, self effacement, and tolerance. "Y" stands for "You" stands for activity." J. D. O'Connell took up the story, to be followed by Mr. Scott with "R" stands for reputation, and the reputation of the Rotary Club rests with the reputation of the individual member and in his hands. "Y stands for YOU" concluded Mr. Benham. "This club is what YOU makes it. Then followed the Rotary "yell," delivered with immense enthusiasm by the assembled past and presiding presidents. The singing of loyal toast concluded the luncheon, which was the most entertaining and well attended ever staged by the club.

## Zienke Mounts Fence and Catches Home Run Hit and Cy Young, Relieving Kelley and James, Pitches Fine Ball, But Yakima's Early Lead Too Big.

Victoria, 7; Yakima, 11.

AFTER knocking wee Kelley and long, lean James out of the box, the Yakima ball team yesterday took their second game of the present series at Yakima, and this in spite of Cy Young's almost faultless hurling for the last seven innings and Zienke's marvellous performance in climbing the fence and catching what appeared to be a circuit clout. Yes, it was a sorry affair and brought scrappy Bill Leard's Capitals perilously near the second team in the league standing. However, Bill announces that he expects to win to-day and tuck away the tip-top position for another little while anyway.

ENTER CY YOUNG.

Veteran Cy Young mounted the box in the third and settled down to pitch a wonderful game of ball. He allowed no one to reach home in the third, but let one runner slip across the pan in the fourth, and another in the sixth. Outside of that he was fairly air-tight.

But it was too late. Yakima had a lead of nine before Cy stepped into the box, and with two more they were ahead and out of sight. The Capitals worked like demons to catch up after the two primary tragedies. Dempsey managed to soak out a three-ger, and he also got a two-base hit. Young and Zienke likewise trotted out round to second, after connecting with the apple. Elliott and Church got a brace of hits as did Brown. Indeed, everyone on the team managed to massage the globe, but Bill Leard himself. As a result of this tremendous slugging,

# SCOTT HAS PLAYED IN 579 BALL GAMES WITHOUT A LAY-OFF

Chicago, June 24.—Everett Scott, shortstop of the Red Sox to-day, held the record for all time for participation in consecutive baseball games. When he took the field against Cleveland yesterday, Scott extended to 579 the number of games in which he has played without interruption. Scott, having played consistently since 1916, has made his record in five playing seasons, including 55 games this year with no lay-off in prospect.

### STRAWBERRY VALE WINS BALL GAME

The opening match of a season's series of baseball games was played on the Wilkinson Road Diamond last night, between Strawberry Vale and Royal Oak. Both teams played a splendid game, but as the light faded the contest, finished at the eighth inning with Strawberry Vale well in the lead. Judging by the good sporting spirit of the opposing team, and the keen interest taken by the crowd of spectators, the coming games will be looked forward to with interest and pleasure by residents of the district.

# NEW GOLF RULES IN REGARD TO STYMIES

New York, June 24.—The rule which the Royal and Ancient Golf Committee will recommend on stymies, was received here on Wednesday in a cable message. From Harry F. Wilton, vice-president of the United States Golf Association.

The message says: "In match play, when both balls are on the hole or on the edge of the hole, the player whose ball is nearest the hole may play first if he so elects. Failing to play, the player whose ball is furthest from the hole may lift his opponent's ball, thereby conceding his putt."

# PLAY GOOD TENNIS DESPITE WEATHER

Local Racquet Weilders Defy Weather Demon in Club Tournament

Notwithstanding wind and cloudy weather some very good tennis was played at the Willows courts yesterday afternoon in the Victoria Club Handicap.

A number of very close matches were played, four going into three sets and one, which was particularly interesting between Mrs. Robinson and Miss Long, ending, Mrs. Robinson winning on 5-6, 7-5.

Dr. Young and Nairne Robertson's three set singles was also well fought. Mrs. Robinson, taking two duce sets, eventually defeated Davis and Brown in three sets, the veteran secretary of the club and his partner going to pieces in the third set.

### TWO WEDNESDAY CRICKET GAMES

Garrison 2nd XI won from the Congo Wednesdays, and Broad Street Hill beat Spencers in the two Wednesday League cricket matches yesterday.

In the Garrison-Congo match some good play was provided, the Garrison finally winning by 110 to 27. Fletcher did well for the Congo with an inning of 63, while Bradbrook played a good game for the Garrison making 37, going in first and losing his wicket by being run out.

### IS ACTIVE BOWLER AT NINETY-SEVEN

London, June 24.—Benning Arnold, of Bournemouth, is claimed to be the oldest lawn bowler in England. Mr. Arnold recently celebrated his 97th birthday by entertaining his club to tea. When the little party was over a "rink" was formed in which Mr. Arnold took part. The aggregate ages of the eight bowlers amounting to 587, an average of 73 for each player. A game was played against younger men and ended in a narrow win for the veterans.

## PARKE DEFEATED BY AMERICAN IN ENGLISH TENNIS

Tilden Is Victorious in Three Straight Sets

**PHILADELPHIA MAN HAS EASY MARGINS**

Wimbledon, Eng., June 24.—William T. Tilden, of Philadelphia, defeated J. C. Parke, the British star, in straight sets, in their match here to-day in the British lawn tennis championship tournament. The score was 6-2, 6-2, 6-4.

Wimbledon, June 24.—The third day's play in the British championship tennis tournament brought forth a number of astounding reverses of expected results, chief among them the defeat of two of France's most skillful players, Andre Gobert and William M. Laurents, who have been mentioned as France's representatives in the Davis Cup matches.

All the American players except one came through the day's play successfully. Three of them defeated opponents in singles matches, while two others went through the first round of the doubles, disposing of their opponents in straight sets.

Three of the defeated opponents in singles matches, while two others went through the first round of the doubles, disposing of their opponents in straight sets. The sole defeat of an American was due to default.

William T. Tilden, of Philadelphia, won against S. Franklin, of Surrey, 6-1, 6-1, 6-0, completely outclassing the Englishman with his brilliant drives and cut strokes. C. S. Garland, of Pittsburgh, won in straight sets from Charles Winslow, winner of the Olympic tournament in Stockholm and former champion of South Africa, while Axel Craven, of California, forced Erik Tegner, of Denmark, to lower his colors.

The default was made by Samuel Hardy, of Chicago, captain of the American team, to Stanley Daut, of Australia. It came when each player had won two sets.

Interest in the continuation of play to-morrow centres in the match between J. C. Parke, who defeated Johnston, the American singles champion, Tuesday, and Tilden. The Englishman is in fit condition and the American was confident to-night that he would be returned the winner.

Shimizu, it is thought, has a great chance of reaching the final, as he will have to meet only one first-class player—the winner of the Brugnott-R. Norris Williams match in the next round. Consequently Tilden is expected to have an excellent chance of reaching the final.

**TO ALTER LINKS.**  
Changes in the Oak Bay golf links will be made immediately, following discussion of the matter at the last meeting of the Victoria Golf Club. Eight holes will be laid out afresh.

## GUILFORD WILL PLAY WITH OUMET AGAINST BRITISH GOLFERS

Belmont, Mass., June 24.—Francis Oumet has chosen Jesse Guilford as his partner in the match to be played with Harry Gordon and Edward Ray, the British professionals, July 30. The match will be a thirty-six hole affair at the Belmont Spring Country Club.

## NOT SCARED ABOUT LALONDE'S COMING

New Westminster, June 24.—"Scared at the news of Lalonde? Not a bit of it. 'Ticked to death." This statement comes from Tommy Gifford as he was directing his lacrosse stars in the art of baseball last night when the topic of Newsy's signing with Vancouver cropped up.

## "BABE" RUTH HITS TWENTIETH HOMER

St. Louis, June 24.—Ruth hit his twentieth home run of the season in the New York-St. Louis game here yesterday.

## BRITISH GOLFERS MAY COME TO U. S.

Philadelphia, Pa., June 24.—The announcement that Abe Mitchell will be permitted by Lord Northcliffe, his employer, to have a sufficiently long leave of absence to play for the open championship of the United States at Toledo in August, is taken by the committee at Liverpool to mean that the British star will come over.

And if Mitchell comes, his particular chum, George Duncan, will doubtless accompany him. They are a pair of golf inseparables, even if they are the most eager of rivals in competition.

An announcement has been made on Duncan so far. But his brother, Alec Duncan, while teaching golf in Philadelphia during the winter, produced a letter in which George stated that he was taken care of in bookings through August, but that he was about to confer with Mitchell on the subject of coming to America for the open. Mitchell then put the matter up to Lord Northcliffe, who put his foot down on the trip at that time.

But now that Mitchell is free to come, Duncan, who was anxious to make it, will doubtless arrange his plans accordingly.

**NEW BOXING RULES.**  
Seattle, June 24.—Hereafter in local boxing contests none but the boxing commissioners will know who will referee the main events. The local commission will put in practice a new ruling which will make it necessary for every club to use two officials in each show. The referees will alternate, and not until the bouts start will the fans know who will work in the main contest.

This action was taken in order to do away with the squabbling that often precedes a big match. It also will put an end to the talk about "fixing" referees, although the game has been free from taint as far as officiating is concerned at the meeting. Boxes will be examined before entering the ring by Dr. Hanley, chairman of the commission. No contestant can weigh more than ten pounds more than his opponent. All bouts must be put on as advertised. These and many other reforms are included in the draft of the new regulations explained at the meeting of the commission last night.

## V.A.S.C. OPENS SEASON WITH BIG WATER HANDICAP

Miss Gracie Wellburn Wins Out in Race Staged in Biting Cold

The Victoria Amateur Swimming Club started the summer season at its fine Gorge quarters last night with a 50-yard club handicap. Despite the bitter cold, the good sports of the V. A. S. C. were out fifty strong to watch and compete with the following results:

First, Miss Gracie Wellburn; second, George Silburn; third, tie between Barratt and G. Wellburn. The handicap was a most interesting race and chiefly due to the wisdom of the new handicapper, Mr. Dunn, the result was almost a dead heat, though there were twelve entries.

## RESOLUTE WINS SEVENTH TRIAL

Newport, R. I., June 24.—The sloop Resolute added the seventh win to her string of victories in the C. A. America's Cup defence elimination yesterday, defeating the Vanitie by one minute seven seconds, corrected to one minute seven seconds, a time of the series, was over a twenty-mile course with windward and leeward legs.

## STAGE INTER-CLUB TENNIS COMPETITION

The Kingston Street Tennis Club and a team representing the B. C. Electric Tennis Club will play an inter-club tennis contest on the Kingston Street courts Saturday. The Kingston Street Club will be as follows:

Mixed doubles—Mrs. Gardner and Gardner, Miss Dudgeon and Swayne, Miss Parkyn and Lamb, Miss Severs and Parkes; reserves, Mrs. Sayer and O'Halloran. Men's doubles—Swayne and Griffith, Lamb and Gardner, Sayer and Parkes.

Play will commence at half-past two. Those participating are asked to be on hand not later than a quarter past two.

After a new clay court has been laid out the Kingston Street Club will be able to accept another twelve or fifteen members. Persons wishing to join should communicate with the secretary at P. O. Box 303 or telephone 2089.

The club has issued a challenge to the James Island club and expects to play an "away" match with it soon. B. P. Schwengers and Robert Peden have consented to act as honorary president and vice-president of the club.

## HARVARD IS NOT TRYING TO KEEP BIG ROWING CUP

But Harvard Crew Rowing Under Different Colors Will Compete

Boston, June 24.—Harvard University will not defend its possession of the Grand Challenge Cup, won at the English Henley regatta of 1914, but a Harvard crew rowing under the colors of the Union Boat Club, of this city, is training for an attempt to keep the trophy in this country.

All indications now are that this crew will be America's only representatives at the classic English aquatic meeting to be held July 1-3 except for possible entries in individual and doubles events. Financing of the trip is assured, it is understood, and only an upset in form at the last moment would prevent the participation of the Americans.

To comply with the Henley conditions requiring that no professional coaching for candidate crews be employed for three months prior to the race, the direction of the crews preparation has been placed in the hands of Robert F. Herrick, chairman of the Harvard graduate rowing committee. Mr. Herrick was the coach of the Harvard crew which won at Henley in 1914.

In material for the eight he has eighteen oarsmen of college experience, all but one of whom are former Harvard athletes. The prospective Henley crew as now seated is exclusively a Harvard graduate combination. Its substitutes, forming a second eight, include Arthur Pew, who rowed here on the winning navy eight of last year.

The Henley candidate eight is now boated as follows: Stroke, C. C. Lund, Harvard '16, weight 162 pounds. Harvard 1914 junior crew which won Grand Challenge Cup. Member of varsity crews of 1915, 1916. Now in Harvard Medical College.

No. 7—Amory Jeffries, Harvard '16, weight 174. Rowed on class crews at Harvard and on Union Boat Club eight which won at American Henley in 1916. Rowed on A. E. F. crew at Paris and Henley.

No. 8—Henry Parkman, Harvard '15, weight 185. Rowed on freshman eight in college. No. 5—Amory Coolidge, Harvard '17, weight 175. On 1915 class crew an 1915 varsity. No. 4—Bartlett Harwood, Harvard '15, weight 170. Rowed on freshman and 1913, 1914 and 1915 varsity crews. Struck in United eight which won American Henley in 1916.

No. 3—Captain Henry A. Murray, jr. Harvard '15, weight 163. Varsity eight in 1914, captain in 1915. No. 2—James A. White, Harvard '17, weight 145. Rowed on class crews and 1914 varsity. Bow, Robert F. Herrick, jr. Harvard '16, weight 161. Harvard junior crew, 1916.

Coxswain, H. L. F. Kregar, Harvard '16, weight 118. Coxswain 1914 Harvard junior crew which won at English Henley. Coxswain 1915, 1916 varsity crews.

## FRENCH THINK GUILLEMET WILL BE BIG WINNER

Expect Him to Carry Off Honors in Olympic Games

Paris, June 24.—A. C. Guillemot, French, Belgium and English cross-country champion, is expected to be a big winner at the Olympic games. His performance recently has been high for experts to predict that the great little French runner will have an easy time of it in the 8,000 meter runs. Unless some unknown comes to the front in the next few months, and Guillemot fails to show the form he is capable of, he looks like a cinch for the French wonder.

Guillemot, who is a corporal in the French army, will not be mustered out for ten months. He is twenty years of age and up until a few months ago was practically unknown.

## RUTH'S HOME RUN STREAK.

Babe Ruth has only to make a home run off some member of Connie Mack's pitching staff and his tour through the various American League clubs will be complete. Up to Sunday Babe had not manufactured a circuit club against Cleveland, but he added Bostons' team to his list in the rout at Cleveland.

## BOATING COSTS MORE.

London, June 27.—Boating will cost more on the Thames this summer. The conservators advertise the scale of increased charges, arranged according to the recommendations of the Rates Advisory Committee. Long notice has been given of the advance, so river parties will not be caught unawares.

## SEND POLO CHALLENGE.

New York, June 22.—The executive committee of the Polo Association decided to-day to issue a challenge for the international polo cup, held by England, with the matches to be held in June, 1921.

## EASTERN TENNIS.

Toronto, June 24.—The Eastern Canada tennis championships, interrupted since Saturday by rain, reopened at the Toronto courts yesterday with games for ladies' open singles class. Miss Sturgeon, of Boston, defeated Miss Greening, of Toronto, 6-0 and 6-1.

## DIDN'T WANT DUCKS.

In a village in Staffordshire a lady started a poultry farm with one hen and thirteen eggs. Not having had the least experience in keeping poultry, she inquired of a friend how long eggs generally took to hatch. She received the reply: "Three weeks for chickens and four for ducks."

The old lady met her friend some time later, and on being asked how the poultry farm was going, replied: "Oh, I've finished. At the end of three weeks there were no chickens so I took the hen off, as I didn't want ducks."

A nugget of almost pure gold, weighing 12 pounds, has been discovered near the Charters Towers Mine, in Queensland.

## Why Gladstone Valued his Razor

**THE Grand Old Man of English politics might well have had in mind the present aspirations of small peoples under the League of Nations when he said: "I ask that we practise what we have so often preached, namely, that the concession of a local self government is not the way to sap or impair but it is the way to strengthen and consolidate a unity."**

And the razor which Gladstone used was as sound in principle as his own views on the Rights of Man—dependable, keen and perfectly balanced, lacking only the safety and extra convenience of the guarded, two-edged

## SEVEN HORSES ARE ENTERED IN RACE

New York, June 24.—The thirty-seventh running of the historic Brooklyn Handicap on the Aqueduct Course to-day brought out a fast field of seven horses. The race is for one mile and a furlong. Among the entrants was Willis Sharpe Kilmer's Extremist, the five-year-old gelding which won the Kentucky Derby two years ago.

The only three-year-old named to start was Harry Payne Whitney's Wild Air. Edward McLean's The Porter, will carry top weight. He has been assigned 126 pounds.

According to word received here by George I. Warren, of the Victoria and Island Athletic Association, there is a possibility of the Olympic Club water polo team, of San Francisco, taking part in the Pacific Northwest polo championships to be held here in August.

# Stern Wheeler Wrecked, By Explosion of Boiler

Six in Hospital and One Missing As Result of Serious Explosion on State of Washington Off Tongue Point, Oregon.

Astoria, Ore., June 24.—The stern-wheeler steamer State of Washington is a total wreck, one man is missing and it is thought to have sunk with the wreck, and six others are in a hospital here to-day as the result of a boiler explosion here last night aboard the vessel. The missing man is Frank Howe, fireman, who was on watch at the time.

All of those injured suffered severe scalds, but none is believed to be dangerously burned.

The explosion occurred off Tongue Point, but considerable time had elapsed before word of it reached here and aid could be sent. The State of Washington was towing oil barge 93 en route to Portland. The pilot house and texas were blown to atoms and it is thought the hull must have been damaged, for the steamer sank quickly at the stern. It is thought the vessel's machinery may be salvaged. Pearly Crawford, pilot, was in charge at the time of the explosion, Captain H. L. Chase having just gone off watch.

### SECRETARY DANIELS WILL VISIT SEATTLE

To Alaska Following the Democratic Convention

Seattle, June 24.—Secretary of the Navy Joseph Daniels, Secretary of the Interior John Barton Payne, Admiral Hugh Rodman, two dreadnoughts and twelve destroyers will visit Seattle and the Pacific Northwest early next month.

Admiral Rodman and the two cabinet members, with a division of six destroyers, will cruise to Alaska, leaving here July 10, to obtain a close-up view of the Alaskan situation in its relation to the development of the Pacific fleet, which will leave the Democratic convention city July 7. Secretary Payne will arrive here about the same time.

The destroyers are coming north to take part in Independence Day celebrations, leaving San Francisco July 1. Two each will go to Port Angeles, Port Townsend, Everett, Aberdeen, Coos Bay and Grays Harbor.

The division assigned to Puget Sound will rendezvous in Seattle July 7 to take on stores here and at Bremerton Navy Yard for the trip to Alaska.

### A DANGEROUS WARNING —BLEEDING GUMS

Are your gums tender? Do they bleed when brushed? If so—watch out for Pyorrhea.

This disease of the gums, which afflicts four out of five people over forty, not only destroys the teeth, but often wrecks the health.

In Pyorrhea the gums become spongy, then recede; the teeth decay, loosen, and fall out—or must be extracted to rid the system of the infecting Pyorrhea germs which breed in pockets about them. These germs lower the body's vitality and cause many diseases.

You can keep Pyorrhea away. Visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums.

Forhan's For the Gums prevents Pyorrhea—or checks its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean.

Start using it today. If your gums have receded, use Forhan's according to directions, and consult a dentist immediately for special treatment.

50c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

### RETIRE FROM NAVY, AFTER HALF CENTURY OF SERVICE

ADMIRAL SIR CHARLES E. KINGSMILL  
Director of Naval Service of Canada

### ADMIRAL KINGSMILL RETIRES AFTER FIFTY YEARS

Telegram Gives Word of Retirement of Eminent Naval Authority

Toronto, June 24.—Admiral Sir Charles Kingmill, who formally opened the first Naval Veterans Club in Canada here yesterday, announced that he was retiring from service in the Royal Navy after fifty years' service, and was today officially notified of his retirement.

Admiral Sir Charles Edmund Kingmill was born at Guelpch, Ontario, July 7, 1855, and served in the Royal Navy until 1905, when he accepted command of the Marine Service of Canada. He was appointed a flag captain in 1908, became a rear-admiral in 1909, vice-admiral in 1913, and was appointed full admiral on retirement to the reserve list in 1917. For several years he has been the Director of Naval Service for Canada. He is well known here, having visited the naval yard at Esquimalt on a number of occasions.

His retirement next week will remove from the service one who has paid a prominent part in the naval affairs of the Dominion, and who has been intimately connected with naval science for the past half century.

### DR. VAN DYKE'S BACK TO ORIENT

Famous Author Has Made Tour of Hawaii and Japan

Dr. Henry Van Dyke, former American Minister at The Hague, arrived on the Kashima Maru from the Orient. Dr. Van Dyke has completed a brief visit to Hawaii and Japan, where he has delivered a series of lectures. He is accompanied by his daughter, Miss Paula Dyke.

One of the chief objects of the present trip of Dr. Van Dyke was to attend the one hundredth anniversary of the landing of American missionaries in the Hawaiian Islands and at that interesting event, celebrated in Honolulu April 10-15, he was the chief speaker. He spoke on "The Message of To-morrow for To-day."

In Japan Dr. Van Dyke delivered several lectures, the first being at the Imperial University at Tokio where he talked on "The House of Representatives." Other lectures were given at the Waseda University and the Woman's University at Tokio and at Doshisha University, Kyoto.

Delighted With Japan.

Speaking in Japan Dr. Van Dyke said: "This is my first visit to Japan, and I am delighted with what I have seen. It is a wonderful country. I am not surprised that the Japanese love it. Splendid mountains, fine valleys and streams, wonderful waterfalls and scenery. But the finest thing in Japan is the Japanese people."

Japanese people are industrious, they are cheerful, they are polite. They are ambitious and they are intelligent. They have some faults, so have the Americans some faults, but I see no reason to judge people not by their faults, but by their virtues. My short experience in Japan has taught me that there is a great deal in common between the two nations of our virtues and in our faults. Let us try to inspire one another in our virtues so that we can overcome our faults."

No Trace of Feeling.

On his return here he stated: "In Japan I see no trace of the anti-Chinese feeling. The chief difficulty at present is that of finding a stable Government in China to deal with. The Chinese will be glad to do with China on a perfectly fair basis in my belief and this can be done when a stable Government is established in China."

### COAST ORIENTAL TARIFF BUREAU WILL MEET FRIDAY

Existing Freight Schedules to Form Main Discussion, to Avoid Rate War

A Vancouver dispatch of yesterday's date states that the chief item to come before the conference of the Pacific Coast Oriental tariff bureau, to be held in Vancouver Friday, is expected to be the consideration of the practicability of maintaining the existing freight schedules with the possible exception of the cotton rate, according to local shipping men.

If an agreement is reached on this matter, the rate war in trans-Pacific shipping, which has been hinted at during the past few months by operators from ports to the south, is expected to be avoided.

The Jones bill, or United States Merchant Marine Act, will probably not be touched, as with Pacific Coast operators expressing so much dissatisfaction, especially foreign lines, it might prove a source of contention.

### SHIPOWNERS MAKE NEW ARRANGEMENT

Japanese Report States They Are to Divide With Charterers

According to exchanges from Japan to hand on the Kashima Maru, the freight market has led to the appearance of a new practice among shipowners and charterers—division of profits or losses between the owner of a ship and the one who has chartered it. This is an entirely novel practice and is attracting particular attention in Japanese shipping circles. It is primarily due to the difficulties from which some shipowners are suffering for want of cargo.

Hit By Depression.

Those shipowners who have no arrangements for the operation of their ships by themselves have been hit particularly hard by the depression. The position of the owners who have such arrangements is far better. Depression does not mean non-existence of cargo, and though there is much less cargo available than formerly, the shipping companies are busy with their operations after all. On the other hand, the shipowners whose only interest consists in obtaining profits or losses between the owner and the charterer. In such cases, a charter contract is concluded at the current rate with the provision that the steamer chartered shall be operated on the joint account of the owner and the charterer. Suppose a steamer is chartered at 7.50 yen for the North American service; whether the freight receipts of the charterer exceed or fall short of the total expenses, including charter money, the excess or deficit is to be equally shared by the shipowner and the charterer. For such charter contracts the current rates are not usually charged, but it is understood that the actual rates paid are lower.

### WIFE OF MINISTER WILL SPONSOR SHIP

Mrs. S. F. Tolmie to Christen Canadian Winner on Tuesday

In connection with the launching next Tuesday at the Harbor Marine plant, when the Canadian Winner will take the water, Mrs. S. F. Tolmie, wife of the Hon. S. F. Tolmie, M. P., as already announced in The Times, will christen the vessel. The Canadian Winner will be the first Victoria-built steel freighter to be launched under the Government plan of merchant shipping, and the occasion will be one of memorable significance.

The steamer will be launched without her engines and boilers on board, as the engines, which were to have arrived here in January last, are not yet to hand. The engines will have to be lowered into the hull, while the ship is alongside the yard wharf, later. The Canadian Winner will be the largest vessel to take the water in this port yet.

The ceremony will commence at 5.30 p. m. on Tuesday evening next, and will be attended by much merrymaking on the part of those who appear to accomplish the task of building Victoria's first steel freighter of that tonnage. The scene will be decorated by flags, the Harbor Marine band is to be in attendance and refreshments are to be provided.

"Added to a marked decrease in shipments from Japan and other Oriental countries to the Pacific coast of America," according to the report of the Nippon Yusen Kaisha for the last half year, "was an excess in the supply of tonnage owing to the operation of an increased number of foreign steamers and the supply of extra tonnage by the United States Shipping Board ships built in Japan. As a result, there was a heavy decline in freight rates. On the return voyage from America there were abundant shipments. Hitherto the Government subsidy for the present shipping service was shared with another company, but since January of this year the company is the sole recipient of the subsidy. As a result, the number of steamers devoted to this service has been increased from two to six, and while there was formerly only one sailing every six weeks, a fortnightly regular service will be maintained hereafter."

Royal Victoria—"The River's End."  
Dominion—"His Royal Snyness."  
Variety—"The Woman in the Suitcase."  
Columbia—"The Better Wife."

### ROYAL VICTORIA

Probably one of the most pathetic characters worked into a photo-play of recent months is that of Miriam Kirkstone, played by Jane Novak in "The River's End," a Marshall Neilan production written by James Oliver Curwood and distributed by First National Exhibitors' Circuit, which will be shown again to-night at the Royal Victoria Theatre.

The role played, by Miss Novak calls for a combination of dramatic fidelity and noncommittal humanness, all of which Miss Novak is able to instill into the character without losing the tone of her own personality. In Miss Novak's work, more than in the portrayal of other roles in the production, can be seen the superb direction of Marshall Neilan, whose first independent effort as a producer shows extreme brilliancy and a definite knowledge of human nature.

The combination of Mr. Neilan's direction and Miss Novak's interpretation has made the role of Miriam Kirkstone one of the high-lights of the photoplay season.

### DOMINION

At the Dominion Theatre is May Allison in one of his new Screen Classics, Inc. Specials, "Fair and Warmer," the Selwyn and Co. success, by Avery Hopwood. The picture is an adaptation of one of the most successful farces ever presented on the American stage. Its run in New York for two years, and elsewhere for fully as long, and its extended vogue in London pronounce it that. The advent of Miss Allison as easily one of the most captivating of motion picture comedienne, in a new picture is event enough; but in so celebrated a piece as "Fair and Warmer," those who follow the screen here will be given an exceptional treat. Harold Lloyd is also seen in his newest comedy special. There are a lot of wise guys who are going to be puzzled when they see a certain scene in "His Royal Snyness," Harold Lloyd's newest laugh-provoker. This scene is that in which Lloyd, as the energetic young American book agent, gets into the room of the young Prince of Razzamatrazz and they are found to bear a striking resemblance to one another.

### VARIETY

Thomas H. Ince broke one of his pet rules when he produced the new Enid Bennett starring vehicle, "The Woman in the Suitcase," which will be shown at the Variety Theatre for three days, commencing to-day. Generally Mr. Ince insists upon filming scenes upon the exact location named in the script. This picture called for a short episode in a New York hotel lobby. It was hardly worth while to send the whole company East, so the "set" was constructed on the Ince lot and is said to be one of the most elaborate ever made as well as an exact reproduction. Several elevators in which people really ride and a large fountain are among the details, not to speak of expensive rugs, plants and

movie screen depicting the wild animal life of the northern British Columbia coast, issued under the direction of Attorney-General Farris. The coastline shown is in the vicinity of Cape St. James, Queen Charlotte Islands. Herds of sea lions and other animal and bird life of the rugged coast, make a very interesting picture.

The ninth episode of the film serial, "The Adventures of Ruth," completes a good bill.

### COLUMBIA

The cast for Clara Kimball Young's Select Picture "The Better Wife," which is showing at the Columbia Theatre, is one of the most remarkable.

one of the strongest champions of her nationalism.

His career was romantic. He was born in 1858, the son of a peasant farmer, and he went to the national

school at Llanuvchlyn, where he became later a pupil teacher under the Merionethshire Education Authority. Then he went to Bala Grammar School, beginning there a close friendship with the late Tom Ellis, M.P. He passed to the University College at Aberystwyth with his friend, and began there a series of brilliant successes. He gained practically all the chief prizes, and secured his scholastic triumphs by winning first place in all England and Wales in the intermediate examination for the London B.A., later securing the full degree. After a short stay at Glasgow University he went to Balliol College, Oxford, carrying with him the Scottish University's medals for literature and philosophy. Before he left Oxford he had won the Stanhope, Lothian, and Arnold historical essay prizes, a Brackenbury scholarship, and a first class in modern history. He was afterwards elected to a Fellowship at Lincoln College, and in 1889 was appointed lecturer in modern history.

The same year, on the death of his friend, he succeeded Tom Ellis as Liberal M.P. for Merionethshire, but his bent was not for politics. His "History of Wales" is a standard work; he edited Welsh classics, besides publishing books from his own pen written in pure, idiomatic Welsh. He also founded and carried on four or five Welsh magazines, and did

much to realize his great objective, namely, to place the best books of the native tongue at the disposal of the poorest Welsh laborer.

In 1907 he was appointed Chief Inspector of the Welsh Department of the Board of Education, and seven years later his services to education were rewarded with a knighthood. Owen Edward's name is honored in every cottage and homestead of rural Wales, as well as in the great industrial towns—London towns.

As Mrs. Lushington tossed to and fro one night the clock struck three and the voice of a little child came plaintively from a crib.

"Mamma!" it said.

"Yes, love."

"Mamma, I can't sleep. Won't you please tell me a fairy story, mamma dear?"

"Wait, my love," said Mrs. Lushington. "Your father will soon be home now, and he will tell us both one."

"Edward," said the young man, his prospective brother-in-law, aged 5, "will you be sorry when I marry your sister?"

"Yes," answered the little fellow. "I'll be sorry for you."

## CHINESE WONDER WORKERS AMUSE

Good Vaudeville Offering on Pantages Board This Week

Long Tack Sam and his company of Oriental artists presenting an amazing variety of illusionist wares and feats of skill and endurance hold the premier position in the current Pantages show. There is not a weak number in the entire bill. The opening act is a gem, and is worthy of top-line honors in any Chinese show. A dancing innovation in a charming setting is the offering of Jack De Winter and Ivy Rose. Ivy enchants with her interpretation of the ballet, aided by her skilful partner. The drop curtain of this scene is particularly effective. "The Indian Idyll," which is a feature by this clever team, is an elaborate effort, magically executed. The Russian dance by Ivy is also very acceptable. Long Tack Sam has been over the circuit before, but on this occasion he is packing along a lot of new and mystifying tricks. Long Tack himself is an illusionist, magician and comedian. In his company are to be found skilful acrobats, contortionists and jugglers. The work of the acrobats is truly marvelous. The rich silken costumes and elaborate Oriental setting add greatly to the success of the performance. The tinsel glamour of the stage is brushed aside by Jessie Hayward and Company, presenting "Air Castle Kate," in which is revealed a human note of the "back stage."

Jessie Hayward stars in this offering as the old-timer in vaudeville extending sympathy and aid to the green performer. Merla Corty and Edith Althoff are billed as "Two Little French Girls," and these petite danseuses certainly make a hit. One plays the piano and the other pleases with her inimitable singing. The "Fifth Nocturne" played by the left hand, is undoubtedly the best effort of the pianist's contributions.

A very laughable skit is presented by Pete Pinto and Boyle, which they are pleased to call "The Mysterious Freak." These fellows work hard to amuse, and they have a novel way of presenting their act. Margaret Straub is billed to appear in "Her Own Original Offering." This week an interesting and educational picture is thrown on the

## Tango Salad

3 Ripe Juicy Pears.  
Cream of Roquefort Cheese.  
Lettuce.  
1/2 cup Mayonnaise.  
1/4 cup NAPOLEON OLIVE OIL.  
1 teaspoonful Vinegar.  
1 teaspoonful Salt.  
1 teaspoonful Mustard.  
1/2 teaspoonful Paprika.  
1/4 cup Chile Sauce.  
Pimentos.  
Lemon.

Pare, halve and core the pears; squeeze lemon juice over them to keep them from discoloring. Place a ball of cream cheese or a few cubes of Roquefort Cheese in the cavity of each half pear. Set these on heart-leaves of lettuce and pour the dressing over them.

For dressing: mix together the olive oil, vinegar, salt, mustard, paprika and Chile sauce; beat and blend well, then gradually beat this mixture into the Mayonnaise. Garnish the salad and dressing generously with Juliennes strips of pimentos. Upon opening a can of pimentos, rinse them in cold water and dry on cloth, then cut with scissors into strips. Large pears canned in halves may be used in this salad.

## Tango Salad for Six

Try the recipe at the left. Once you really know Olive Oil as an aid to better, tastier, more nourishing meals, you'll never go back to the old way. Really good Olive Oil has a delicious flavor—nothing bitter nor sticky, nor unpleasant about it at all. What was called the "Golden Oil" in the old Tuscan proverb, and used for thousands of years, was the identical product you get in

## NAPOLEON EXTRA VIRGIN OLIVE OIL

From the Olive trees on the hills of the Riviera, the first tender tree-ripened Olives of Spring are gathered and given a light crush, and this first flow produces the rarest of pure oil—we call it "Extra Virgin." Sealed at the Olive Grove in the can that carries it to you. Is it any wonder that the wise men, and famous beauties of old used it extensively? It matters little what you think of Olive Oil at the present time. Try "Napoleon Extra Virgin"—if you're doubtful, get a very small quantity. There are three grades of pure Olive Oil. Perhaps you've tried the second or third grade—but unless you have used "Extra Virgin" you have missed many of the delightful benefits found only in Napoleon Olive Oil.

YOUR GROCER AND DRUGGIST Can supply Napoleon Olive Oil—or they can get it for you. Order some to-day. Sold in all sized tins—never sold in bulk. Ask for one of our books "A Guide to Health," which also contains recipes.

Phone Your Classified Ads

For the convenience of classified advertisers The Times has inaugurated a new system in this department. In future, all transient classified advertisements will be absolutely on a cash-in-advance basis, but all those advertisers who cannot conveniently come to The Times office may phone in their ads, and The Times Want Ad Boy will immediately call for the money. This will avoid book-keeping charges, and at the same time place every advertiser within easy reach of The Times office. INSIDE TYRES. Don't throw away your old tyres. ### WARD SIX, SAANICH, DISCUSSES FINANCE

Meeting at Keating Opposed Central Road Work Fund Scheme Last Night

At a meeting of Ward VI ratepayers of Saanich, held last night in the Keating Temperance Hall, the proposal that the ward system of expending road work appropriations in Saanich should be abandoned in favor of a central fund, was warmly discussed, the meeting deciding that Ward VI would be the loser by such a change, and going on record as favoring the present system.

## BERRY SHIPMENTS START TO PRAIRIES

### Carload of Strawberries Dispatched East; Record Export Demand

With the shipment last night of the first car of local strawberries for Eastern consumption the greatest export season ever experienced by Saanich strawberry growers has actually started.

The car left the E. & N. Railway yards billed to Winnipeg, and from now on a steady stream of cars will be leaving for all parts of prairies, daily shipments for the balance of this week being expected to run to a car a day, with an increase to two cars daily next week.

The demand for Vancouver Island berries from Eastern points is stronger than ever previously experienced, and as the plants are well laden there is every expectation among the growers that exportation will pass last year's high mark by no less than five carloads.

The season is fully a week later than last year, the cool winds and lack of strong sunshine having slowed up ripening considerably. The berries have meanwhile been growing to unusual size, and with a few days of warm sunshine a flood of remarkably fine berries will be ready for picking.

The supply of girl pickers has up to the present been ample, but there is a possibility that next week will bring such a demand for help that fresh registrations will be called for, as many of the growers who in previous years have employed Chinese pickers, are this year employing white girls as a result of the excellent work performed by them last year.

### EXPLAINS ACT TO REALTY MEN

Registrar-General Addresses Exchange on Land Registry Statutes

Frank J. Staepole, K.C., Registrar General of the Province of British Columbia, in an address to the members of the Real Estate Exchange at a luncheon yesterday afternoon, outlined some important considerations in the registering of titles in this Province. He emphasized the fact that land registration was not a mere form, but an agreement amounting to an oath sworn, as in an affidavit or any other legal document of a like nature.

The present Land Registry Act was virtually the system in vogue in Australia some sixty years ago, he continued, which was originated by Sir Robert S. Torrens in South Australia, being enacted in this Province in 1874. This system was very different to that of the mere registration of deeds, which is still in vogue in many parts, the speaker averred. Up to July of last year the registration of absolute titles was also in effect. Then an order-in-council closed the books to absolute titles, and now land must be dealt with under the provisions of the Land Registry Act before an application for registration will be considered by the department, he explained. He believed further that the system had created a much needed improvement, as the department now guaranteed in effect every title certificate issued.

Indefeasible Titles.  
Indefeasible titles were unassailable, continued Mr. Staepole, and an assurance fund had been created to take care of anyone that lost out as a result of a title dispute under the new regulations. The Registrar-General emphasized the importance of absolute accuracy in applications for titles, and went on to tell of the results of careless worded statements in that connection. "You are dealing with a statute," he warned them, and told that the department was going to adhere to the very letter of the law in future, though it might cause trouble in certain cases.

Briefly, he reminded his auditors, was a cardinal point, and suggested information supplied along the lines of letter of designation, sub-division, lot number, block, section, district, and what was often forgotten but quite essential—the number of the map. He stated that changes must be resurveyed to become effective with the department.

Payment of Taxes.  
That article in the Act that stated that all taxes must be paid up before registration was granted was not generally understood, and in fact most of the troubles of the land registry department came under this head, averred the speaker, and again warned the members of the Real Estate Exchange that they were dealing with the Act and not with the man. Valuation of property and other phases of his subject were dealt with in passing by Mr. Staepole, who stated that where trouble arose in that connection it was possible to have a valuator appointed whose decisions would be binding to all parties, with the courts for a final ruling in the event of further disagreement. At the conclusion of his address the Registrar-General was accorded a hearty vote of thanks.

towards the provision of more school facilities in Ward VI, more accommodation being already needed at West Saanich and Keating. He claimed that as Ward VI had for many years aided the inner wards with its money, construction, it would be poor business to make a change just at the time when the northern ward was about to require extensive school additions within its own borders.

CURED JUST THE SAME.  
A patient who had sent for the doctor remarked that "he had not the slightest faith in modern medical science."

"That doesn't matter in the least," replied the doctor. "You see, a mule has no faith in the veterinary surgeon, and yet he cures him all the same."
