

**BOARD OF TRUSTEES**

**CITY ENGINEER LYNCH, WHO RECEIVED CAPTAIN'S COMMISSION, RESIGNS.**

The Board of Trustees assembled at 8.05 p. m. November 7, 1918, all members present. The minutes of the last meeting were read and approved.

A communication was presented from the City Engineer, being a resignation of his office, to take effect November 21, 1918, on account of the fact that he has received his commission as captain of engineers and has been ordered to report at Fort Douglas, Utah, for service. On motion of Trustee Henry, his resignation was accepted, and on motion of Trustee Shaw it was ordered that a committee be appointed to draw up resolutions in connection with the resignation of E. M. Lynch, and the chair appointed on this committee Trustees Shaw and Muhleman.

A communication was received from the City Clerk stating that he had received a letter from the auditor of Los Angeles county to the effect that the fees collected by him as registrar of births and deaths for furnishing certified copies should be turned into the treasury of the county instead of, as heretofore, into the city treasury. He had also received another letter from the auditor stating that it would be impossible to send him his warrant in payment of fees due until the sum shown in his report to the county as having been received for this service in the six months ending October 1, 1918, had been turned into the county treasury. The communication requested that, as the matter seems to be one for adjustment between the city and county and may have to be settled in court, the return to him of the sums paid into the city treasury for the term stated is requested. On motion the matter was referred to the City Attorney.

The motion of Trustee Muhleman was adopted that when the board adjourned it would be to meet on Saturday, November 9, at 8 A. M.

**RED CROSS NOTES**

Two packing cases were dispatched to the Pacific Coast Division from the Glendale Red Cross Chapter the first of the week. In one were products manufactured by the Hospital Garments Department, under the chairmanship of Mrs. Helen Sadler, the list including:

- 59 pajama suits, complete, made of outing flannel,
- 6 surgeons' operating aprons,
- 18 petticoats for 4-year-old girls,
- 96 serge dresses for 8-year-old girls.

In the other case were 176 pairs of socks turned out by the Knitting Department, which is under the chairmanship of Mrs. Helen Campbell.

The Surgical Dressings Department is finishing its quota of 100 pneumonia jackets, 25 of which have been shipped. Mrs. C. L. Bullard is directing this work.

Just before the "flu" epidemic broke out in this city statements of all delinquent accounts on pledges given in the second Red Cross drive had been prepared to be placed in the hands of collectors. When the ban was declared it was deemed best not to carry out this plan. The money is needed for the work of the chapter and all persons in arrears are gently reminded that their installments will be welcome.

**BELGIAN RELIEF WORK**

Thursday morning Mrs. Charles Barker, Mrs. John Hobbs and other representatives of Chapter A. H. of the P. E. O., motored to Los Angeles for a call at "Little Belgium," where they left a consignment of garments which members have been making at home since the "flu" put a ban on their regular meetings. The inventory showed:

- 1 large comforter and 8 small ones
- 12 boys' pants and waists, complete
- 9 girls' dresses
- 2 dozen knitted hoods
- 3 skirts
- 6 miscellaneous garments donated, which included six apron dresses.

The ladies were in time to get their work into a shipment nearly ready to start, and they and their donation were made very welcome. Especially appreciated were the boys' garments. For some reason which the Belgian Committee has not fathomed, the public seems to forget there are little boys over there and confine its work largely to making clothing for little girls.

"Little Belgium" is on Hill street above Ninth, not far from Hamburgers, and consists of a shop, workroom, storeroom and lunchroom and is quite an interesting place to visit.

**ALTON M. BROOKS**

**MAY BE PERSUADED TO STAY IN FRANCE FOR EDUCATIONAL WORK**

Alton M. Brooks was in Paris when last Mrs. Brooks heard from him under date of October 6. He wrote:

"I do not know how long I shall remain. They have tried to induce me to go into educational work here. Superintendent Spalding, of Cleveland, Ohio, is in charge of the work. There is no question but what there is a great field, and a great opportunity for work. I will know by morning, as there is a conference to be held at 8.30 a. m.

"I presume you think the war is nearly closed, but we do not think the Kaiser has had enough yet. It would be a blessing if proper terms could be made now, but most people who seem to know think it is not possible.

"We have found prices so far very high both in London and here, but there seems to be little or no suffering for lack of provisions. I am now at the Normandy in company with many other Y. M. C. A. men.

"Yesterday being Sunday, we went to the American Church. There were quite a few present. I spent the rest of the day walking. I was at the War Museum, where I saw captured pieces of artillery shown, such as tanks, mortars, rapid-fire and cannon. I visited Napoleon's tomb, which is one of the finest buildings in the city."

**MRS. MATTIE J. ESHOM**

The funeral of Mrs. Mattie J. Eshom was held yesterday at 2 p. m. under the direction of the Pulliam Undertaking Company. The service was held at the grave on account of the restriction incident to the epidemic and was conducted by Rev. Clifford A. Cole of the Christian Church.

Mrs. Eshom was the wife of J. M. Eshom and lived at 312 East Colorado street. She had been ill for several weeks, but her recovery had been expected until a few days before her death last Sunday. She was born near Keokuk, Iowa, June 8, 1862. Early in life she became a member of the Christian Church at Marceline, Ill. In a faithful and unassuming way she performed all the duties of the Christian life and of motherhood.

Besides the husband, there remain three children—Mrs. Iva M. Deering of Houston, Texas; Frank E. Jefferson City, Mo., and Bert R., who is a soldier for his country in France. Of the children, only Frank was able to be at the funeral, and he arrived just a few hours before the service.

In the midst of the tragedies of these days and in the presence of death, to have faith in the final outcome of life and of things is the finest type of character. This Mrs. Eshom had and her memory will be a benediction to friends and loved ones alike.

**CHRISTMAS CARTONS GOING OUT**

Mrs. H. E. Bartlett, chairman of the Christmas Package Committee, reports that the first cartons sent from Glendale were mailed yesterday. The first one was brought in by Mrs. E. A. Bode of 138 North Orange street to be sent to her son, Corporal William G. Bode, of the One Hundred and Forty-third Regiment, Field Artillery. The second box was sent by Mrs. R. C. Plume of 123 Arden avenue to her husband, Lieutenant Plume, of the One Hundred and Sixtieth Infantry.

The headquarters, which are just north of the Postoffice on Brand Boulevard, will be open until November 20 and cartons will be mailed until that date. Any information about the Christmas cartons for soldiers overseas can be secured by calling at the headquarters, where members of the committee will be in attendance daily to serve all who come.

**NEWS OF LAWRENCE CRAMER**

Mrs. Lorena Cramer of Acacia avenue, who has recovered from influenza and whose daughter Blanche has been quite ill with it for the past week, has had another letter from her son, Lawrence Cramer, who has been in some of the big battles on the Verdun front, advising her that he has been transferred to a school of artillery at Saumur, France, where he expects to be located for three months to come. He enjoys the change very much and is especially enthusiastic about having a real bed to sleep in instead of a shell hole and a pile of rocks, and also the chance to take a bath. His mother is relieved to have him out of the danger zone and hopes by the time he has completed his course the war will be absolutely over.

**ADMIRAL HENRY B. WILSON EXPLAINS**

**COMMANDER OF AMERICAN FORCES IN FRENCH WATERS EXONERATES UNITED PRESS FROM ALL BLAME FOR PREMATURE ANNOUNCEMENT OF SIGNING OF ARMISTICE**

(Special Service to Glendale Evening News)

BREST, France, November 8.—Admiral Henry B. Wilson, U. S. naval commander of the American forces in French waters, today made the following statement:

"The statement of the United Press relative to the signing of the armistice was made public from my office on a basis of what appeared to be official and authentic information. I am in a position to know that the United Press and its representatives acted in perfect good faith, and that the premature announcement was the result of an error for which the agency was in no wise responsible."

(Special Service to Glendale Evening News)

NEW YORK, November 8.—President Roy W. Howard, of the United Press, today cabled the New York office that the announcement yesterday that an armistice had been signed was made by Admiral Wilson at Brest, and was filed with the United Press with the admiral's approval. At practically the same time that today's cable from Howard arrived, a second cable came saying Admiral Wilson made the announcement at 4 o'clock yesterday afternoon, but later was informed that the news had not been confirmed. Both cables showed that Wilson acted in good faith.

There is reason to believe that the second cable, saying the news could not be confirmed was filed yesterday shortly after the cable announcing the armistice news, and that it was badly delayed. The United Press has asked the government to investigate and determine how long the message saying the announcement could not be confirmed, was delayed.

**ADVANCE SOUTH OF MONS-CONDE CANAL**

**FRENCH ARMIES HAVE RENEWED THEIR ADVANCE ON THE WHOLE FRONT AND TAKEN FRANCOIS.**

(Special Service to Glendale Evening News)

LONDON, November 8.—Field Marshal Haig today announced that sharp fighting occurred yesterday in the neighborhood of Ecailles and Limon-Fontaine, south of Hautmont. The British captured all three villages and continued their advance south of the Mons-Conde Canal.

The Paris war office announced that the French renewed their progress on the whole front, and that advance French elements had reached Liart and taken Francois.

**COMMISSIONERS TO ASK FOR TIME**

**GERMAN ARMISTICE DELEGATION TO REFER CONDITIONS TO GOVERNMENT AT SPA BY SPECIAL COURIER**

(Special Service to Glendale Evening News)

PARIS, November 8.—The German delegates commissioned to negotiate an armistice have arrived at General Foch's headquarters and this morning they made a positive request for an armistice.

The text of the Allied conditions was read aloud to them and they asked for an immediate suspension of hostilities. The request was refused.

It is understood the Germans have been given seventy-two hours ending at 11 o'clock Monday morning, to make a reply.

PARIS, November 8, 5:55 p. m.—The German armistice delegation, it was reported today, asked permission to refer the conditions to their government and send a courier to Spa to notify the German grand headquarters. The Eiffel Tower wireless informed Spa of the request.

The delegates remarked on the difficulty of the journey by courier, which they thought might take some time. Monday at 11:00 o'clock a. m. has been set as the maximum time for the German reply.

**REVOLUTION IN NORTHERN GERMANY**

**REVOLUTIONISTS IN CONTROL OF GERMAN NAVY AND PROGRESS OF REVOLT SAID TO BE COMPARATIVELY PEACEFUL**

(Special Service to Glendale Evening News)

COPENHAGEN, November 8.—The German revolution is reported today to have spread into East Prussia and Mecklenburg-Schwerin, extending over practically all of northern Germany.

Dispatches said the cities of Schwerin and Pilsit (the latter in east Prussia) have joined the revolt and that the North Sea parts of Wilhelmshaven and Bremshaven have also joined the revolt.

The revolutionists are said to control the entire German navy. The progress of the revolt is said to be comparatively peaceful.

**"FLU" A HINDRANCE**

**WORK OF MILITARY COMMITTEE FOR REGISTRANTS MUCH RESTRICTED**

Capt. D. Ripley Jackson of the Military Committee reports that on Wednesday night two classes were held at the new headquarters under the direction of Captain Kelly.

Captains Henry, Nash and Jackson and Sergeant Poston were detailed to San Fernando and Newhall, authority to hold classes having been obtained from the Board of Health of San Fernando and authority for drilling having been obtained in the Newhall district. Owing to a lack of means of publicity, the attendance at Newhall was somewhat limited, but the enthusiasm of the registrants present was not limited.

Captain Wattles was not able to assist in the work on account of illness, but is recuperating and will probably be on duty soon.

It is desired that instructors report for classes in instruction Wednesday and Friday evenings until the ban on drilling is lifted, and unless orders to the contrary are received by the instructors the same classes will meet at the same hours on the respective nights.

For the information of registrants, the following instructions from the Manual are quoted:

**To Mark Time**

65. Being in march: 1. Mark time, 2. MARCH.

At the command march, given as either foot strikes the ground, advance and plant the other foot; bring up the foot in rear and continue the cadence by alternately raising each foot about 2 inches and planting it on line with the other.

Being at a halt, at the command march, raise and plant the feet as described above.

**The Half Step**

66. 1. Half step, 2. MARCH. Take steps of 15 inches in quick time, 18 inches in double time.

67. Forward, half step, halt, and mark time may be executed one from the other in quick or double time.

To resume the full step from half step or mark time: 1. Forward, 2. MARCH.

**Side Step.**

68. Being at a half or mark time: 1. Right (left) step, 2. MARCH.

Carry and plant the right foot 15 inches to the right; bring the left foot beside it and continue the movement in the cadence of quick time.

The side step is used for short distances only and is not executed in double time.

If at order arms, the side step is executed at trail without command.

**Back Step.**

69. Being at a halt or mark time: 1. Backward, 2. MARCH.

Take steps of 15 inches straight to the rear.

The back step is used for short distances only and is not executed in double time.

If at order arms, the back step is executed at trail without command.

**FIRST IN PEACE**

Glendale demonstrated yesterday that she is no laggard. "First in war, first in peace," is her motto, and though she is ready to shed the last drop of blood or the last penny in her purse to win the war, she is no less ready to celebrate the cessation of hostilities when the cause for which she has been fighting is won. It was not surprising, therefore, that our community, in common with sister cities of Southern California who received the message that Germany had signed the armistice, should rise to the occasion and express her joy by the ringing of bells, tooting of whistles and a noisy, spectacular parade on her business streets, in which about forty automobiles joined, decorated with flags and in fantastic ways. Behind one auto trailed the flag of Germany in the dust. Another from the Ford Agency, carried the Kaiser in effigy with a rope around his neck. Glendale is no clam, and her immediate response was to her credit. Even after later dispatches announced that confirmation of the news was not to be had from the Department of State at Washington, the confidence of the people in the essential fact that peace is soon to succeed the most bloody war of history was not to be shaken. They declared if the armistice had not been signed at the hour announced, it very soon would be. Glendale's conclusions cannot be far wrong, and yesterday's demonstration was only the first installment of the joy festival we will have when final confirmation is received.

WEATHER FORECAST—Fair; heavy frost Saturday morning.

**AN EVENTFUL YEAR**

**ASA W. BOTT WRITES HOME THAT HIS SOLDIER LIFE IS LIKE A DREAM.**

FRANCE, Oct. 1, 1918.

Dear Mother: By the time you receive this letter it will be one year since I departed for the big war. It hardly seems possible, but looking at it from my standpoint I can hardly imagine myself being in civilian life—all seems like a dream. I don't know how I'm going to act next summer when I come home.

I have received your letter written about August 28. I am not with the company now, so I don't have the letter handy. At present I am on detached service with the Five Hundred and Twenty-fourth Service Engineers as material man on the road. It is a very nice, easy job and probably will last all winter, if the present plans are carried out. There are three of us living in the officers' quarters and eating fine meals. It is great to have a colored boy come in and make the bunk after breakfast; also no mess kits to wash. What do you know about that? My work is the compiling of daily work reports on two roads, besides the placing of material on roads under construction. It is a treat to have a "soft" job after so much hard work.

Your last letter spoke of Walter thinking of enlisting. This is a little advice from a big brother as well as an experienced army man: Walter is just a little over 17 years old and below the draft age. I admire his patriotism in wanting to enlist in the marines, but Uncle Sam is not looking for men over or under the ages of 18 or 40. At present there are enough men in the cantonments in the United States to wipe Germany off the map, if they were over here. His work as postal clerk is doing a great service for Uncle Sam, and he can feel himself proud that he was doing his duty during the world war. Please tell Walter to wait for further war developments.

A week ago Sunday I was weighed and found my weight to be 75 kilos 500 grams, which equals 167 pounds. That's just a little more each time, isn't it? I am feeling fine—as well as ever.

How are all the folks at home? I truly hope this finds all O. K.

Am inclosing recent copy of The Highwayman for your inspection. Hope you will enjoy reading same.

Don't forget your soldier boy is always looking for the daily mail.

Lovingly your son,

ASA.

**NO MORE SUGAR PERMITS**

Mrs. Charles Hutchinson, local representative of the Food Administrator in this city, reports that she has been advised by Food Commissioner Merritt that after November 9 no more permits for sugar for canning purposes will be given out, and everyone must depend upon the two-pounds-per-month allowance.

While there have been announcements published of an increased allowance, there has been no official confirmation of any such increase. Mrs. Hutchinson has been informed, however, that in cases of illness where there is reason to believe that more sugar is needed for a patient, a permit may be issued for a small additional amount.

Peace will not lessen the demand for sugar, nor will it increase the available supply at present, and rigid economy and patriotic effort to conserve must continue until the Food Administration gives the word for a change.

The Food Administration extended the period during which permits for sugar for canning would be granted in California one month longer than in the Eastern States to allow for the longer period of crop gathering.

**WORDS OF APPRECIATION**

GLENDALE, Nov. 8, 1918.

Mr. A. T. Cowan, Publisher Glendale Evening News: Dear Sir—

I have just received the complete election returns for assemblyman in the Sixty-first district, as follows: John Robert White, Jr., Rep., 6,575 A. G. Lindley, Dem.-Pro., 5,866 Majority..... 709

As you know, the largest part of this majority came from our own home people of Glendale, of which fact I am very proud.

Will you kindly announce in your paper my great appreciation of the loyal support of the many friends of both Mrs. White and myself, through whose efforts my election was assured. I also wish to express to you my appreciation of the favorable publicity given my campaign.

Yours truly,

JOHN ROBERT WHITE, JR.

## When the Engine Stalls on Dead Man's Curve!

THEY climb aboard their loaded truck at sundown, fifteen miles behind the lines. They rumble through the winding streets, out on the white road that leads to Germany!

The man at the wheel used to be a broker in Philadelphia. Beside him sits an accountant from Chicago. A newspaper man from the Pacific Coast is the third. Now they all wear the uniform of one of these organizations.

The road sweeps round a village and on a tree is nailed a sign: "Attention! L'Ennemi Vous Voit! The Enemy Sees You!"

They glance far up ahead and there, suspended in the evening light, they see a Hun balloon.

"Say, we can see him plain tonight!" murmurs the accountant from Chicago.

"And don't forget," replies the Philadelphia broker, "that he can see us just as plain."

The packing cases creak and groan, the truck plods on—straight toward that hanging menace.

They reach another village—where heaps of stone stand under crumpled walls.

Then up they go, through the strange silence broken only when a great projectile inscribes its arc of sound far overhead.

They reach a turn. They take it. They face a heavy incline. For half a mile it stretches and they know the Germans have the range of every inch of it. The mountain over there is where the big Boches' guns are fired. This incline is their target.

The three men on the truck bring up their gas masks to the alert, settle their steel helmets closer on their heads.

At first the camion holds its speed. Then it slackens off. The driver grabs his gear-shift, kicks out his clutch. The engine heaves—and heaves—and stalls!

"Quick! Spin it!" calls the driver. The California journalist has jumped. He tugs at the big crank.

"Wh-r-r-r-r-r-r-room!"

The shell breaks fifty yards behind. Another digs a hole beside the road just on ahead.

And then the engine comes to life. It crunches, groans and answers. Slowly, with maddening lack of haste, it rumbles on.

"Wh-r-r-room!" That one was close behind. The fragments of the shell are rattling on the truck.

Now shells are falling, further back along the road. And the driver feels the summit as his wheels begin to pick up speed.

Straight down a village street in which the buildings are only skeletons of buildings. He wheels into the courtyard of a great shell-torn chateau.

"Well, you made it again I see!" says a smiling face under a tin hat—a face that used to look out over a congregation in Rochester.

"Yep!" says the driver glancing at his watch. "And we came up Dead Man's Curve in less than three minutes—including one stall!"

\* \* \* \* \*

Later that night two American boys, fresh from the trenches bordering that shattered town, stumble up the stairs of the chateau, into a sandbagged room where the Rochester minister has his canteen.

"Get any supplies tonight?" they ask.

"You bet I did!" is the answer, "What will you have?"

"What's those? Canned peaches? Gimme some. Package of American cigarettes—let's see—an' a cake of chocolate—an' some of them cookies!"

"Gosh!" says the other youngster when his wants are filled. "What would we do without you?"

\* \* \* \* \*

You hear that up and down the front, a dozen times a night—"What would we do without them?"

Men and women in these organizations are risking their lives tonight to carry up supplies to the soldiers. Trucks and camionettes are creeping up as close as any transportation is permitted.

From there these people are carrying up to the gun-nests, through woods, across open fields, into the trenches. The boys are being served wherever they go. Things to eat, things to read, things to smoke, are being carried up everywhere along the line.

With new troops pouring into France, new supplies must be sent, more men and women by the hundreds must be enlisted. They are ready to give everything. Will you give your dollars to help them help our men?

**Personals**

Mrs. Roy King of 308 North Jackson street and baby daughter are home from the Los Angeles hospital and will be glad to see their friends.

Mervyn Mills of 314 North Jackson street, who came down with the "flu" last week, is out again and will probably be able to resume his work next week.

Roy Creighton of Los Angeles, president of the County Christian Endeavor, was the dinner guest Thursday evening of Mrs. Warner and her daughter Nellie of 320 North Orange street.

Comrade T. M. Barrett was recently bereaved by the death of his brother, which occurred at his home in Los Angeles about a week ago. The deceased had been an invalid for a long time.

Reports from the home of Dr. T. C. Young bring the encouraging news that although he is not able to sit up, he is resting comfortably and doing nicely. Dr. Young was suddenly stricken down with influenza a few days ago.

A party of Glendale high school teachers, which includes Misses Bessie Field, Dorothy B. Poppy, Ellen J. Hanson, Mrs. Daisy W. Wilson and Miss Perry, has gone to Monrovia Canyon to spend the day in the foothills.

M. P. Harrison had a little excitement, but suffered no injury, when a Montrose freight car ran into his automobile at the junction of Broadway and Glendale avenue Thursday evening about 5.20 o'clock. Neither the car nor the auto was damaged.

In the Turner household at 322 North Jackson street, three members are ill of influenza, Mrs. Turner and her daughters Muriel and Alma. Miss Violet Turner, the only well member who is able to be on her feet has found it impossible to get a nurse or other assistance and is nearly worn out with work and anxiety.

Mrs. Hogue, wife of Dr. R. V. Hogue, has had word that her sister, Mrs. W. N. Allen, of Santa Ana, who has been critically ill for the past week of pneumonia, is better. Her temperature has dropped to 99 and physicians have strong hopes of her recovery, although she is by no means past the danger point.

Quite a party of girls left Glendale Thursday morning for Fern Lodge, where they will camp until this evening. They will find it tolerably frosty in the mountains, but nevertheless an exhilarating trip. The party included Carrie and Ruby Stone, Helen Beach, Gladys Alwell and Misses Alpha and Pearle Adair of Los Angeles.

Members of the Tuesday Afternoon Club mourn because of the good meetings they are losing on account of the "flu." Next Tuesday is "charter day" in their organization, for which a fine musical program of wartime melodies presented in appropriate costumes was to have been given under direction of Mrs. Dora Gibson and Mrs. L. N. Hagood.

The war and the "flu" combined have made great inroads upon the supply of doctors and nurses, particularly in the East. In letters which he has written to his sister, Mrs. Charles Barker, Glendale avenue, Dr. Morse, who is connected with a large sanatorium in the East, tells of being the sole physician for the 800 men patients in the institution, while another physician has the care of 700 women patients. It has been a decidedly strenuous life for him.

Willard Learned, whose home is about two miles west of this city, between Glendale and Burbank, and who has been a student at Occidental College, has gone to the officers training camp at Waco, Texas. He is generally regarded as a Glendalian, for his social and church affiliations have been here. He was superintendent of the Christian Church Sunday School, and will be greatly missed there. He is a decidedly popular young man.

was so tickled when he heard the good news that peace had been declared, that he put his clothes on the wrong way and did not know whether he was going to work or going home.

Such is life. Not half so bad as the young lady who ate the home of her sister in Glendale, so the paper said.

Well never mind, be happy and drink more of BOOTH'S Special Blend Coffee, 3 pounds for 85c. Not in a can.

FREE DELIVERY  
PHONE SUNSET 1434

Charles H. Sanders of North Brand Boulevard, who has been quite ill of the "flu," has so far recovered as to be able to be out yesterday.

Mr. and Mrs. Fred J. Wheeler have returned from San Francisco and are again at home on Maryland avenue, in Casa Verdugo. They have been away for a year. Mrs. Wheeler's son is in an officers' training camp in the East.

Perce Curtis of North Maryland avenue, is leaving for Kelly Field, near San Antonio, next Monday, with the big quota of troops which are being sent from Los Angeles county. From Glendale about 2 will be entrained. Mrs. Curtis will remain here during her husband's absence.

Miss Bess Byrkit, who has been teaching in Corona, and who spent last week in Glendale, returned to Corona in the expectation of resuming her work there, but the schools did not open and she volunteered her services as a nurse in the emergency hospital, which the city found it necessary to establish to take care of the "Flu" cases.

**SUNLIGHT FOR "FLU"**

The new sunlight hospital for the pneumonia patients among the men in the student army training corps at the university of Kansas was completed today. The men who are in barracks No. 1 on account of pneumonia will be moved into this hospital tomorrow. The building has been made to accommodate about 50 patients.

In this place the patients are exposed to the air and sunlight all day. The building is made so that each compartment has a sun porch upon which the men will be moved during the day. At night in a room adjoining where they are not exposed.

The sunlight hospital which has just been completed at the camp is the first of its kind at any army camp, according to Dr. S. J. Crumbine, secretary of the state board of health. "This is one of the best improvements that could have been made to help things," said Dr. Crumbine "and I believe the death rate among the pneumonia patients will decrease."

It has been discovered by eastern physicians that pneumonia patients improve more rapidly when they are exposed to the sun and air. In this way the number of deaths caused by pneumonia in Boston alone was cut from 3 per cent. to 13 per cent.—Exchange.

**CARD OF THANKS**

We wish to thank the friends and neighbors, and especially the Red Cross, for their kind assistance and sympathy during the sickness and at the death of our loved one.

## Only One-twelfth of the Country's Sugar Goes Into Candy!

THE TRUTH ABOUT CANDY

*Do you realize that this is only 8 per cent of the total amount of sugar used in normal times? And now this amount has been cut squarely in two.*

Such a small amount if divided equally among the American people would give each person less than one-third of a pound of sugar a month in addition to what they now receive.

When a pound of sugar goes into candy its food value is in no way lessened, but greatly increased. The sugar is not wasted or destroyed, but is converted with other ingredients such as nuts, fruits, etc., into a larger and more palatable and very healthful form of food.

One pound of good standard quality chocolate creams has twice the food value of a pound of beefsteak and three times that of a pound of eggs.

The U. S. Food Administration knows the high food value of candy. It also knows that the candy industry is a large one and deserves protection for its 200,000 employes (mostly women) and \$110,000,000 of capital invested, just the same as any other industry.

You can eat candy and still be patriotic if you eat it moderately and use care in selection. Be careful not to waste it so that all may have their share.
