

TRUSTEES' MEETING

EDISON COMPANY'S PROPOSITION ACCEPTED AND PROPERTY TO BE TAKEN OVER

The Board assembled at 8:10 p. m., March 6, 1919. There were present at roll call, Trustees Henry, Shaw, Woodberry; absent, Trustees Jackson, Muhleman. The minutes of the last regular meeting were read and approved.

Communication was read from Mr. D. S. Phillips thanking the Board for his appointment as Auditor of the Public Service Department and promising his co-operation with the Board in working for the best interests of the City.

Communication was read from the City Tax Collector accompanied by a demand for the payment to P. O. Lucas of the sum of \$22.80, previously authorized by the Board to be refunded; the property being exempt from taxation under the Soldiers' Exemption Act. Communication ordered to be filed.

Reports were presented from the City Treasurer and Tax Collector, Health Officer and City Recorder, all of them being filed.

The City Manager reported that the Glendale-Montrose Railway Company wished to shift its track on Wilson avenue, east of Glendale avenue, to the center of the street. On motion of Trustee Henry, it was ordered that all members of the Board and the City Manager meet at the City Hall at 9 a. m., March 7, 1919, and proceed to Wilson avenue to investigate the situation in regard to the advisability of granting the request of the Railway Company.

The City Attorney reported that he had received the following communication from the Southern California Edison Company:

Southern California Edison Company, Law Department,
Los Angeles, Cal.,
March 5, 1919.

Mr. W. E. Evans,
City Attorney of Glendale,
1007 Van Nuys Bldg.,
Los Angeles, Cal.

Dear Sir:

The Railroad Commission having given its approval to the transfer by Southern California Edison Company to the City of Glendale of a portion of the distributing system of the
(Continued on Page 4)

AUCTION BRIDGE PARTY

Mrs. John Robert White was hostess at a very pleasant little auction bridge party at her pleasant home Wednesday afternoon, at which a yellow color scheme was carried out in floral decoration, in place cards, which were suggestive of spring and decorated with yellow butterflies, and in dainty refreshments served at the close of play. Ladies entertained were: Mesdames Frank Gonzales, James Watts, A. A. MacIntyre, Maurice Boudreau, C. O. Pulliam, Helen Campbell and W. W. Ramsay. Mrs. Boudreau was the prize winner.

HOPES TO BE HOME SOON

Mrs. H. Glazier of 320 East Lomita avenue had a letter recently from her son, Harry, in which he said no passes are to be given in March to any one. He thinks that means an early discharge. He is at Rockwell Field, engaged in assembling parts for new planes. He has not been allowed to do any flying since his fall a few months ago.

EXPANSION FORCED

The Burd Cookie Co., with its bakery at Glendale and Wilson avenues, is now turning out ten different kinds of cookies, and so great is the demand for them that the management is forced to put in another oven. Glendale products are certainly forging to the front.

A SOCIAL EVENING

TEACHERS OF INTERMEDIATE SCHOOL WERE ENTERTAINED AT HOME OF MISS DUNCAN

Women teachers of the Intermediate School were entertained Thursday evening by Miss Carol Duncan at her home on San Fernando Road, which was decorated with purple iris and violets in honor of the occasion. It was an informal social evening of games and music, with dainty refreshments served at the close. The guest list included Miss Carrie Noble, Miss Clara Midealf, Miss Edna Jones, Miss Jane Robertson, Miss Woolbridge, Miss Vera Sinclair, Miss Elsa Breneman, Miss Helen White, Mrs. H. V. Brown, Miss Margaret McPherson, Miss Frances Jackson, Miss Elizabeth Jackson, Miss Anna Stewart, Miss Candelott.

COMMUNITY SING

LEADER DRILLS FOR COMING CONTEST WITH HOLLYWOOD CHORUS MARCH 20TH

A big audience in which young people were more largely represented than at some of the previous gatherings, assembled Thursday evening for the Community Sing at Union High School.

Professor Kirchoffer explained the contest which will take place between a big delegation of singers from the Hollywood chorus and the Glendale chorus at the High School, March 20th, and the urgent need for strenuous practice and preparation for the event. He said the Hollywood people are much enthused over the affair, but he also made some very complimentary remarks about the Glendale organization encouraging it to expect a verdict in its favor if it does as well as it has shown itself capable of doing and if it carefully observes the instructions of the director. Particularly did he impress upon it the necessity of watching and following his leadership, as a break by a single voice would score against the whole chorus. He said the judges would consider "attack," quality of tone, shading, and facial expression. The program that night, he said, would include "Old Black Joe," "Dixie," "Old Folks at Home," "My Bonnie," "Hail Columbia," and as a special number, "Believe Me If All Those Endearing Young Charms," which would be off-set by a special number to be sung by the Hollywood people.

At an intermission a talk was made by Blake Franklin, setting forth the necessity for funds to continue the Community Sing only about \$50 per month having been pledged to date, of which \$10 per month had been given by the city. He quoted the opinions of Alexander Stuart of the War Camp Community service and others who are greatly impressed with the work which is being done in the west in the instruction given at these sings instead of merely leadership in singing for amusement. Nowhere has the community singing achieved such success or secured such a hold on the people as here and the representatives of the government have approached Mr. Kirchoffer with offers to enter service and go wherever they see fit to send him.

Mrs. Hagood spoke most appreciatively of the services of the leader and her hope that the community would not allow this enterprise to fail for lack of funds, also her earnest hope that Mr. Kirchoffer would not be enticed away from us. He responded in a fitting manner and received quite an ovation of applause when he returned to the platform after Mr. Franklin had finished speaking, saying he preferred to stay in the South and continue the work he was doing if the people wanted him to remain and lead them.

GLENDALE TO BE ADVERTISED

While the test was on Friday morning of the new fire engine purchased by the city under the supervision of the Fire Underwriters of the Los Angeles district, films for a moving picture of the scene were taken by Walter Parkes, who has been for many years in this line of business and is one of the oldest moving picture operators in the United States, having made and sold many films to the Edison Company, the Universal Film Co., and the Hearst-Selig Weekly News Company. Mr. Parkes states that these pictures together with other scenes in Glendale will be shown with their proper titles all over the United States and will be a big advertisement of the city.

SELF-RELIANCE

About fifty-six members were present at the home of Mrs. C. H. Toll on Kenneth Road Wednesday for the new term of the Mutual Benefit Reading Circle which is just beginning a new book. Its manual is "Self-Reliance" by Dorothy Crawford Fisher. The chief point brought out was the need to develop the self-reliance of the child by letting him do things. Too often the mother finds it easier to perform the task herself than to have it done by the child, thus robbing him of the training and discipline he should have.

FINE RESIDENCE IMPROVEMENT

A fine improvement is to be made on Lexington Drive at the head of Orange street. Kent & Son have a contract for the building of a model Colonial bungalow which will be in its way a display residence containing every modern convenience and appliance. They are constructing it for Frank May of Pasadena who is building for investment.

PROPOSED RAILWAY LEGISLATION

CHAIRMAN CUMMINS OF THE SENATE INTERSTATE COMMERCE COMMITTEE OUTLINES PROGRAM

(Special Service to Glendale Evening News)

Washington, March 7.—Chairman Cummins of the Interstate Commerce Committee today outlined the following program of railway legislation he expects to see passed by the next Congress:

- Return of the lines to private ownership.
- Consolidation of the railways into a few great systems.
- Government guarantees to the roads of a certain return on their investment.
- Increased powers to the Interstate Commerce Commission.

MILITARY TERMS COMPLETED AT PARIS

NAVAL TERMS OF TEMPORARY PEACE DELAYED TO MAKE THEM MORE STRINGENT

(Special Service to Glendale Evening News)

Paris, March 7.—Andre Tardieu, commissioner of Franco-American affairs, declared today that the war council had practically agreed on the military terms of a temporary peace, but had delayed agreement on the naval plans because they must be made more stringent.

FIGHTING RESUMED IN BERLIN

REVOLUTIONISTS AGAIN THREATEN THE GOVERNMENT WITH PROSPECT OF SUCCESS

(Special Service to Glendale Evening News)

Berlin, March 7.—Street fighting was resumed late yesterday with greater violence, and it is evident that the government won the upper hand in the revolution only temporarily. The radical leaders have dropped their pessimistic attitude and are threatening to develop a revolution which will accomplish what the Spartacan revolution failed to do. Many Republican guards have been wounded in the fighting.

PLAN TO MAKE BREAD CHEAP

GOVERNMENT TO BUY FLOUR AT \$8 AND SELL AT \$6 PER BARREL TO THE BAKERS

(Special Service to Glendale Evening News)

Washington, March 7.—Food administration officials today declared that the five-cent loaf of bread may soon return to the market. They are formulating a plan to use the billion dollar wheat guarantee fund to reduce bread prices. The plan embraces government purchase of flour at about \$8 a barrel. It is believed the millers can sell flour made from wheat which costs them \$2.26 a bushel at that figure. The government would then resell the flour at approximately \$6 a barrel, absorbing the \$2 loss on each barrel. With flour at \$6 a barrel bakers can produce profitably bread at 5c a loaf. It is estimated that in absorbing the \$2 loss on each barrel of flour about half of the guarantee fund will be used.

CONSTITUTIONAL CONVENTION RECOMMENDED

TO INCLUDE MEMBER FROM EACH COUNTY, FROM EACH ASSEMBLY DISTRICT AND 15 AT LARGE, 213 IN ALL

(Special Service to Glendale Evening News)

Sacramento, March 7.—The Senate Constitutional Amendments Committee today recommended the passage of a bill calling a constitutional convention to frame a new state constitution.

The convention will be composed of fifteen members at large, one member from each county and one from each assembly district, making a total of 213 members.

PROHIBITION ENFORCEMENT BILL

BELIEF THAT UNDER ITS PROVISIONS CLUBS CAN LAY IN AND DISPENSE SUPPLIES OF INTOXICANTS

(Special Service to Glendale Evening News)

Sacramento, March 7.—The public morals committee of the Senate today recommended for passage a bill for the enforcement of prohibition.

Its provisions permit the sale of liquor on a physician's prescription; allow possession of intoxicants anywhere except in a public resort, if they were obtained before the law becomes effective; permit the manufacture and sale of alcoholic flavoring extracts.

It is believed that under the terms of the measure it will be safe for bona fide clubs to lay in supplies of liquor to be served to bona fide guests without charge.

ADMIRAL KNAPP TO RELIEVE ADMIRAL SIMS

(Special Service to Glendale Evening News)

Washington, March 7.—Secretary Daniels announced today that Admiral Knapp will relieve Admiral Sims at London May 7.

LIFE ON SUBMARINE

ED SEAY OF SAN PEDRO BASE TELLS G. U. H. STUDENTS WHAT IT IS LIKE

Ed Seay, an alumnus of Glendale Union High, gave a most interesting talk Thursday afternoon before the history class of Professor Harry Howe in which he described the late model submarines in use by the allies and by Germany, showing pictures to illustrate the points he made.

He said the French submarine is recognized as the best all over the world. The German undersea boats are good, he declared, but those of the Americans are their equal and they have the advantage of being very speedy. Also, the Americans have shown that they are more accurate in aim. He said that the Germans had wasted more torpedoes during the war than the Americans had used, all told.

He gave the history of the invention, especially of the American types, which originated with Holland and Lake, the Lake type being most used at present. By pictures and by diagrams on the blackboard he made very clear the methods of shooting torpedoes.

He said the mess on submarines when on duty was much better than the army mess. Nothing was considered too good for the boys on this hazardous service and if the cook failed to use the supplies in the preparation of appetizing meals he might be mobbed. It had been done. He described the sensations and experiences in submerging, the seasickness, etc. He told of the bridge where the men can come up and smoke, but because it is small few can come at a time and he said the latest models provide for a smoking and recreation room aboard, which would greatly add to the comfort and contentment of the men.

He has been in service for more than a year at the submarine base at San Pedro.

DINE AT CLAREMONT

Mr. and Mrs. James Farrell, of 1123 East Broadway, were dinner guests Thursday evening of Mr. Farrell's cousin, Dr. Vincent Baker, of Claremont. It was a housewarming function and was the first time the Farrells had seen the beautiful home into which the Bakers have recently moved. The dinner, which was a sumptuous repast, beautiful in its appointments, and served in perfection, was enjoyed by several other guests, viz., Mrs. Abram Baker and her daughter, Miss Louie Baker, Mrs. Joseph Pearson and daughter, Mrs. Farrell gives an enthusiastic description of the beauty of the living room in the Baker home, decorated in a combination of yellow and rose color, and illuminated by an effective system of hidden lights. Violets centered the table at dinner and were also used in the living room in combination with marigolds.

"FATHERS' NIGHT"

The Colorado Boulevard P.-T. A. held its annual "Fathers' Night" March 6th. The children of the Fifth and Sixth Grades gave a group of patriotic songs, which were greatly enjoyed. Mr. Richardson D. White then gave a brief outline of the plans of the Park and Civic Center, which is being planned as a Memorial to our returning boys.

The effect which the memory of Lincoln has on some boys was illustrated by an interesting poem, "A Boy's Thought of Lincoln," given by Eugene Kille.

Rev. E. H. Willisford then addressed the audience in a most interesting way—speaking some of school and home life in France; also had on display many interesting souvenirs.

Coffee and cake were served at the close of the program.

RECEPTION TO DR. POWELL

Baptists and attendants on the First Baptist Church are reminded of the reception for Dr. Powell, the new pastor, and Mrs. Powell, which takes place at the church tonight and which will include a fine program, refreshments and a general good time.

NEWSPAPERS BY AIR PLANE

A Los Angeles afternoon newspaper staged a novel act yesterday by having bundles of papers delivered in San Pedro and Arcadia by airplane. It is claimed that the flyer attained a maximum speed of 100 miles an hour and carried out his program without a flaw. There is little doubt that this will be a daily occurrence in a very short time and that air-plane passengers and freight service to all parts of the nation will be inaugurated.

LEAGUE OF NATIONS

MRS. C. H. TOLL MAKES FINE REPORT OF CONGRESS AT 'FRISCO TO D. A. R.

Another profitable meeting was held by the Richard Gridley Chapter of the Daughters of the American Revolution at the home of the regent, Mrs. J. H. Braly, Friday afternoon. No business was transacted except the customary reports and reading of the minutes and the entire time of the session was given to the speaker of the day, Mrs. Charles H. Toll, who gave a resume of the Congress to consider the League of Nations, recently held in San Francisco, to which she was a delegate from the Ebell Club of Los Angeles. It was not an easy subject to cover in so short a time as the Congress lasted for several days and was addressed by many men of distinction, but the spirit and essence of the gathering was conveyed by Mrs. Toll and made a profound impression which was excellent and represented the full membership of the Chapter.

She quoted from talks by Professor Lowell of Harvard, Henry Van Dyke, from Mr. Morganthau and Mr. Filene, Director of the U. S. Chamber of Commerce, and dwelt upon the awful material waste of this war, which, he said, had cost \$197,000,000,000, while the entire wealth of our country would be represented by \$187,000,000,000. The resulting poverty led to discontent and discontent to revolution and war; that it was a fallacy to imagine because we had fought through a great war we would not have another, for the very weakness induced by war-bred conditions invited war. For that reason, he argued, we must leave no stone unturned to establish a league of nations which will insure the peace of the world.

She also quoted from Garvin McNabb, introduced by President Taft as a dyed-in-the-wool Democrat, who declared that the proposed league of nations is entirely practicable by pointing to the relations between Canada and the United States, two democracies which have a longer border line than any other two countries in the world and which for more than a century have dwelt in peace and happiness without a soldier or a gun on that border. And speaking of America's obligations he said she stands like Atlas upon whose shoulders rested the burden of the world.

She commented with pleasure on the fervent oratory of Captain Thos. B. Chamberlain, a Californian, but twenty-five years of age, who has but recently returned from the anti-aircraft service in France, who so stirred his audience that they almost rose in acclaim. When he had finished President Taft took him by the hand and declared he felt the meeting should end there, and he made arrangements later for the Captain to accompany the party on its tour of addresses. The Captain dwelt particularly on his experiences as a soldier which had convinced him we must have the league of nations.

The great speeches of the convention, in her opinion, were made by Mr. Taft, President of the Congress, who explained the purpose of the league, its plan, and the work it will be expected to perform in securing and maintaining the autonomy of small nations struggling for independence and peace. She spoke of his huge body which seemed a fitting accompaniment.

(Continued on Page 4)

FIRE ENGINE TEST

NEW ENGINE IS TRIED OUT BY TRUSTEES AND FIRE UNDERWRITERS

The handsome new fire engine recently received by the city fire department was given its initial test this forenoon at the corner of Doran and Jackson streets. Three lines of hose were stretched a considerable distance south and directed so as to discharge on vacant lots. Soon three mighty streams were breaking into spray as they poured far out from the nozzles. Representatives of the board of underwriters were present to watch the test critically, and on their verdict depends the acceptance of the engine by the city. The following are the requirements: 750 gallons a minute at 120 pounds pressure for two hours without a stop; 450 gallons a minute at 200 pounds pressure for the same period, and 375 gallons a minute at 250 pounds pressure under the same conditions. Different sized nozzles will be used in the tests. The result will be announced tomorrow.

WEATHER FORECAST: Fair tonight and Saturday. Light to heavy frost Saturday morning.

BOULEVARD BRANCH

104 N. BRAND BLVD.

North of Pacific Electric Depot

Personals

Doty L. Anderson of 126 North Louise St. was the guest of friends in Redondo Beach from Saturday to Tuesday.

Miss Clara Midcalf, who has returned to her work in the Intermediate School, is now residing with her sister, Mrs. H. L. Redd, at 240 North Louise street, this city.

Some of the churches of the city have presented their pastors with copies of the 1919 Directory and they find it very helpful in correcting their membership lists with the new street names and numbers.

Clark Christy, son of S. W. Christy, who has been in service in the navy, secured his discharge at Norfolk Island and reached Glendale Tuesday. He is a very happy boy and his friends are delighted to see him again.

Miss Sara E. Pollard, public stenographer, is back in Glendale as a business woman and has accepted a position with Kent & Son on Brand boulevard, where she will serve the public as notary and stenographer when called upon. She says it seems very nice to again have a part in Glendale's business district.

Mrs. Brain who for a number of months was associated with the Glendale Book Store is now with the Glendale Plant & Floral Company across the street in very congenial surroundings. Her place in the book store has been taken by Mrs. A. E. Shinner, who has had experience in that line of trade and who is also acquainted with Glendale patrons through her work in the Webb Store.

F. E. Gilman, who has recently established the Gilman Stationery & Art Shop at 119 South Brand boulevard, is very much pleased with the way his trade is starting out. He says he is feeling his way to determine just what the public wants that it has not had for he is willing to meet his patrons more than half way and to go to considerable trouble to serve them and give them the right sort of treatment.

Sergt. Ed Moniot, who has been in service overseas, has been sent home, received his discharge at the Presidio and was expected to reach his home at 414 W. Los Feliz Road Thursday night. His brother, Al, is still in service operating a motor boat for the government, but is hoping to receive his discharge and come home soon, when the Moniot family will have a reunion. They are of Belgian descent and the atrocities of the war affected them keenly. It has been a disappointment that Ed was unable to get into action or even to see anything of Belgium as he has been in France during the whole of his sojourn abroad.

NOTICE TO THE PUBLIC

At the general election of officers of Glendale Lodge No. 1289, B. P. O. E., I was elected to the office of secretary for the ensuing year. This position will necessitate my entire time and attention, therefore I shall, on or before the 15th of this present month, close my jewelry and watch repairing business that I have conducted for the past four years in what was formerly Tropico, but now Greater Glendale. All repairing now in my possession will be finished to be called for or delivered to the proper owner. No further repairing will be accepted after this dating. Those who are indebted to me on account will please make arrangements to close the same at once. If desirous of further information, phone me at GLENDALE 7-J, my residence, or Glendale 1169, my business place.

Very respectfully,
15415 W. E. HEALD.

DEATH OF MRS. EMMA SCOTT.

Mrs. Emma Scott, who would have been 75 years of age the 23rd of this month, passed away Thursday at the home of her son, Merton C. Scott, at 433 Burchett Street, this city. She was the widow of Rev. Charles Dunn Scott, a member for many years of the West Wisconsin Methodist Conference. She was a native of Moore's Mills, New Brunswick, and moved with her parents, when a child, to Wisconsin, where she met and married her husband and proved a true helpmeet, being very active and efficient in church work, promotion of W. C. T. U. and in all worthy causes. She was also a true patriot, sustaining her husband when he felt called upon to go into the civil war as a soldier to fight for the freedom of the slave, and active in Red Cross work during the great war just ended. A woman of unusual mentality, she achieved quite a reputation for the poems which she contributed to newspapers and magazines, but which have not been published in book form. With her husband, she came in 1895 to Los Angeles, where he passed away in 1912, after having served for some time as chaplain at the Soldiers' Home at Sawtelle, failing health having obliged him to retire from the active work of a regular charge. For a considerable number of years she was a member of the Central Methodist Church of Los Angeles, the city in which she always maintained a home, but at the time of her death she was a member of the Casa Verdugo Methodist Church, and the funeral services over her remains will be conducted by Rev. Julius Soper, pastor of that church, at the Little Church of the Flowers, Saturday afternoon, March 8, 1919, at 2 o'clock.

She is survived by two sons and three daughters, viz.: Merton C. Scott of Glendale; Edwin I. Scott of Kerrick, Minn., a teacher by profession; Mrs. Laura E. Crocker of Sebastopol, Cal.; Mrs. Bertha E. Jones of Los Angeles, whose husband, Herbert C. Jones, is now in France; Josephine F. Scott, also of Los Angeles, who is secretary of the Pine Tree State Association and an employe in the county Hall of Records. Two grandchildren survive, Roy Leonard Crocker and Mrs. Lois Maag, both of Sebastopol, and four great grandchildren. Mrs. Scott was a niece of Leonard Scott of the Leonard Scott Publishing Co., New York.

Two Parent-Teacher meetings come off Monday afternoon, viz., the postponed meeting of the High School P.-T. A. and the Intermediate. Excellent programs are promised for both.

Ring! Ring! Ring!

HELLO! HELLO! HELLO!

This is what the telephone said today, Friday, March 7, 1919, 8:15 a. m.

Hello, is this Mr. Booth, the Coffee King of Glendale? Yes, Well, Mr. Booth, I want you to do me a favor. I just got married and to complete our cup of happiness I want you to send me by parcel post three pounds of your famous coffee. We have not had a good cup of coffee since I left Glendale. Mail it right away and I will send you a check by return mail.

Yours truly,
DOCTOR B—
904 W—, Los Angeles.

This goes to show doctors are good judges of good coffee.

Millionaires from Pasadena, Santa Monica, etc., send for Booth's Better Blend Coffee, because they know.

"BEST IN THE LONG RUN"

TRUSTEES' MEETING

(Continued from Page 1)
Company in the City of Glendale, and having fixed the price the City is to pay therefor, Southern California Edison Company is now ready to take the necessary steps toward making a conveyance of the property in question. This property is subject to several trust deeds securing bonds issued by this Company and its predecessors in interest. These trust deeds provide the method for securing partial releases in case of the sale of any of the property, but the method is rather cumbersome and will probably require at least two or three months. It will undoubtedly be very desirable from the point of view both of the Company and of the City, however, to effect a conveyance and a delivery of the property without awaiting the receipt of the various releases that must be secured. I suggest, therefore, that we arrange to consummate the transaction between the City and the Company on the 20th of this month, and on that date, if agreeable to the City, the Company, upon receipt of payment of the price to be paid, will deliver its warranty deed to the City and possession of the property in question. The Company has already taken steps toward securing releases from the various trustees under the above-mentioned deeds of trust, and will proceed with the utmost diligence in the securing of these releases.

Please let me know if this plan meets with the approval of the City, so that I may be ready to carry out the transaction as above outlined.

Yours truly,
HARRY J. BAUER,
General Counsel.

By **E. W. CUNNINGHAM,**
On motion of Trustee Shaw, the proposition so submitted by the Southern California Edison Company in the above letter was ordered to be accepted, the money paid, and the property taken over in accordance with the terms named.

Demands were reported back approved by the Finance Committee. On motion of Trustee Shaw, warrants were ordered to be issued in payment of the same.

On motion of Trustee Shaw, it was ordered that the sum of \$425.00 be transferred from the Insurance Reserve Fund to the General Budget Fund, and the sum of \$400.00 be transferred from the Insurance Reserve Fund to the Public Service Fund, the latter to be repaid.

LEAGUE OF NATIONS

(Continued from Page 1)
companion of a great soul lifted above petty considerations and of his expansive smile which gave warning of an approaching joke at least five minutes before it was sprung and which the audience learned to anticipate. He pointed out that the fundamentals of the league of nations are such that all can subscribe to them, that it is capable of a great deal of amendment without the spirit being at all impaired. If we adopt it, he said, it probably will not be adopted exactly as presented, but the idea is such a fine one we must accept it if we possibly can and modify it as the need arises. He declared it is not a political question nor a party issue.

"We thought war was silly," said he. "We thought we had too much sense to go into it, and then we got into it ourselves, and I believe we regret now we didn't get into it earlier. I am offering no criticism—our hind sight is always better than our foresight. Now I want you to use your foresight by adopting the league of nations, for another war would be simply world suicide. It took us a long time to recognize that the war concerned us, and now that the war is over we are losing interest in clinching this thing so it cannot happen again. No one has a deeper interest in this league of nations than we have. Are we going to allow the defeat of world peace?"

He then answered some of the objections which have been raised to the league declaring that the conjuring up of Washington's warning against European entanglements and the Monroe doctrine are reactionary, that the league will be an agency to straighten out entanglements and that it will not trespass on the Monroe doctrine.

"There is no justice in war," he declared. "It is not right that wins but the strongest." Continuing, he said: "Let us adopt some means of settling international difficulties that will be based on justice."

He said the peace conference will create six or seven republics in Europe and set up Palestine and Mesopotamia as independent countries. It means there will be twenty nations where there have been four. "We must have some judicial body to interpret that treaty and enforce its decisions," he declared. "It is impossible to get along without such a court and force. We are in honor bound to stand up for this league of nations, for you cannot make democracy safe without maintaining peace. The question is, 'Will the whole world league be defeated because we cannot get a two-thirds vote of the Senate?'"

Continuing on this line, he added: "It does not set up sovereignty, but is merely a partnership, a means to compel world justice. All we ask of you is to regard this as an acute matter. If you cannot suggest a better way to preserve the peace of the world, adopt this and make your representative in the Senate understand that it must be adopted."

**DEVELOPMENT
Versus
DEVILMENT**

There is just as much difference between the above two words as there is between cheese and chalk, good coffee and poor coffee.

Devilment is caused by a person being bribed with a paltry 10c present by an out-of-town solicitor, a perfect stranger, so as to obtain an order for coffee which, when you receive it, you cannot drink; it's just like when Christopher Columbus discovered America and the poor red Indian bartered his land away to the bold, bad, wicked white man for a few trinkets of beads.

Drink and enjoy Booth's Better Blends Coffee at 30c, 35c, 40c and 45c pound.

Booth does not have to stand outside to drag you inside his store, because the demand for his good coffee is greater than the supply. PHONE 1434.
