U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on MARCH 19, 1978
- Export Shipments in
Current Marketing Year
- Daily Sales Reported
MARCH 20 - 26, 1978
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of March 30, 1978 (based on reports from exporters for the week ending March 19, 1978, unless otherwise noted).

Wheat: New sales (190,600 MT) registered the lowest weekly total this marketing year (MY). Egypt (under PL-480) and Japan were the only notable buyer with several other countries making nominal additions to existing contracts. Contract adjustments and the assignment of final destinations caused a net decline in sales to unknown destinations. Portugal, East Germany, USSR and Brazil were nominated as the final destinations on virtually all the switches from unknown. Under the daily system, optional origin sales of 100,000 MT for MY 1977/78 to Morocco were declared as U.S. origin and 100,000 MT to unknown destinations were cancelled. Exports continued slow, partially due to port congestion.

Corn: New sales activity (1,842,100 MT) was the third largest so far this MY. The USSR, Japan and the Netherlands accounted for more than 77 percent of the net increase. Significant new sales to unknown destinations were more than offset by the assignment of final destinations on sales previously to unknown. Sales of 47,100 MT were assigned and exported to Bulgaria, their first transaction this MY. Daily sales reports show a net increase in USSR purchases for MY 1977/78 of 609,400 MT switched from unknown and 160,000 MT cancelled). Additional 1977/78 sales under the daily system included 186,040 MT to Spain and 101,606 MT to unknown. A moderate pickup in exports was reported as 1,013,100 MT was loaded out.

Sorghum: Activity was limited with the the only new sales of significance to Poland. Unknown destination sales of 25,400 MT were assigned to Japan and shipped. Exports were moderate.

Rice: Commercial export activity was slow. The initial sale of the MY to the Dominican Republic was reported. Saudi Arabia's purchase of 7,800 MT pushed their total for the MY to nearly 190,000 MT. Sales of 12,000 MT of long grain milled rice to unknown destinations were also reported.

Soybeans: Sales activity (268,200 MT) declined from the hectic pace of recent weeks with Japan accounting for over 50 percent of the net new sales. Contract adjustments and destination changes reduced sales to Romania, the U.K. and unknown destinations. Net sales for 1978/79 (117,300 MT) were to Portugal, the EC and unknown. Exports (384,900 MT) slowed, going principally to the EC, Japan, other western Europe and Taiwan.

Soybean Cake and Meal: Market interest was slow as sales were principally to the EC, Eastern Europe, Zambia (the first for the MY) and Japan. Sales to unknown declined as final destinations were assigned. Exports (123,100 MT) were up almost three-fold from the previous week with the EC and Eastern Europe being the major importers. The initial shipment for the MY (18,600 MT) was reported to Korea.

Soybean Oil: Much of the sales activity was for 1978/79 with sales of 1,000 MT to India and 10,000 MT to unknown. India, Pakistan and Peru accounted for most of the limited 1977/78 sales. Optional origin sales declined by 20,750 MT as sales to India were assigned origins other than the U.S. Pakistan and India received most of the 17,700 MT exported during the week.

Cotton: Sales activity remained very strong, reaching the third largest volume this MY. MY 1977/78 sales of 83,300 RB were principally to Japan (40,700 RB) Taiwan (17,000 RB), and Hong Kong (10,800 RB). MY 1978/79 sales of 86,800 RB were mainly to Taiwan, Japan, Korea, and Hong Kong. Exports of 219,300 RB exceeded the previous weekly record for this MY by 22 percent. Asian countries were the destination on 75 percent and 29,500 RB were shipped to Egypt, the first this MY.

Barley and Oats: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS BY REPORTING CATEGORY
For Week Ending March 19, 1978

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
