

POLOKEN CAPTURED BY THE ITALIANS

Important Success; Austrian Lines of Communication Are Threatened Now

ADVANCE BEING MADE THROUGH PREDIL PASS

Victor Emmanuel's Forces Are Within Twenty Miles of Trieste

Innsbruck, June 11.—The Italian forces have captured Poloken, in Austria, close to the frontier. The possession of this location is important as it endangers Austrian communications.

Poloken is 15 miles south of the main highway between Laibach and Innsbruck.

London, June 11.—The Italians now are within 20 miles from Trieste, the chief port of Austria.

Udine, Italy, June 11.—Italian forces today are advancing through Predil Pass on the junction of the Laibach railway at Tarvis, about six miles on the Austrian side of the Italian border.

Trains loaded with wounded Italian soldiers are arriving at Udine.

Rome, June 11.—The Austrians were said today to have evacuated Pozzaccio after blowing up the fortress. The town lies about 15 miles from Treviso. The Italians already hold Valcarsa, a mile distant from Pozzaccio.

Genoa, June 11.—A Laibach dispatch to the Tribune says:

"The Italians began their march against Gorz on the morning of June 8. When the first detachments were near the city Austrian artillery opened fire and heavy masses of infantry which were then advancing, forced the Italians to fall back several times.

"Italian artillery posted east of the city opened a great gap in the Austrian ranks, but up to the morning of the 9th neither side had gained a decisive advantage.

"The Austrians lost from 3,000 to 10,000 men. Gorz is overflowing with wounded men who are being cared for at private houses because of a lack of hospital space."

Cologne, Germany, June 11.—The correspondent of the Cologne Gazette attached to the Austrian army headquarters in the south, says in a dispatch that the first considerable battle of the war with Italy has been fought in the region of the Isonzo river, and that it resulted favorably to the Austrians.

The Italians attacked Gorz, Gradisca and Montebelluna, supporting their advance with artillery fire from pieces of large and small calibre. The advance, the correspondent says, was checked by Austrian fire on their flanks.

Geneva, June 11.—Heavy Italian guns are carrying on a terrific bombardment of the Austrian forts at Santa Lucia and Santa Maria both at night and by day. Austrian forces along the banks of the Isonzo river have been reinforced by troops from the eastern theatre.

Archduke Eugene has arrived at the Isonzo front.

Rome, June 11.—The occupation of Podestagno, in Trent, was announced in an official statement issued from the war office here today. The report also stated that furious counter-attacks are being made by the Austrians in an effort to retake Prekopel.

Along the Isonzo river the battle for possession of the strategic heights of the eastern bank of the river and for Tolmino continues.

The capture of Montebelluna by King Victor Emmanuel's troops is regarded by Italian military experts as the most important of the campaign. Continued Italian progress is reported from various quarters today.

The latest news from the front comes in the following report from General Calliano:

"Nothing of importance has occurred apart from the occupation by us of Podestagno.

"During the fight for possession of Prekopel the Austrian losses amounted to more than 200 dead and 400 wounded, and we captured 200. During the night of June 9 the Austrians attempted to retake the position, but were repulsed with very severe loss.

"Along the Isonzo we are fighting vigorously. After stubborn resistance we occupied the citadel and heights which dominate Montebelluna."

BULGARIA HAS SENT PROTEST TO TURKEY

London, June 11.—The Bulgarian government, says a Bucharest dispatch to the Times, has sent a strongly worded protest to Turkey because of the continued interference of that country regarding traffic on the Dedegatch railway and the detention of passengers and freight.

ADVANCE MADE AT THE DARDANELLES

Paris, June 11.—An official announcement concerning the operations at the Dardanelles, given out in Paris this afternoon, reads as follows:

"At the Dardanelles we have consolidated the results obtained by us in the fighting of June 4.

"At the right end of the ravine of Kereve Dere we were successful, during minor engagements, in making further progress.

"Prisoners who fell into our hands confirmed previous reports that the losses of the enemy have been considerable."

AUSTRIANS ALLEGE CRUISER WAS SUNK

Claim British War Vessel of Bristol Class Was Sent Down by Submarine

STATE ATTACK WAS MADE OFF COAST OF ALBANIA

Berlin, June 11.—An official statement issued at Vienna under date of June 10 announces that the Austro-Hungarian submarine No. 4, commanded by Lieut. Singule, torpedoed and sank a small British cruiser of the Liverpool type on June 9 at a point 30 miles west of St. Jean Medua, on the Albanian coast. The British cruiser was being protected by six torpedo boat destroyers.

Innsbruck, Austria, June 11.—An announcement has been made here by the Austrians that one of their submarines sank a British cruiser of the Liverpool type at a point 30 miles off St. Jean Medua, in the Adriatic.

Cruisers of the Liverpool type are known by the British admiralty as cruisers of the Bristol class. The Bristol was completed in February, 1911. She is a light cruiser and is 422 feet long, has a beam of 47 feet and displaces 4,800 tons. She was built to travel at a speed of 25 knots, her complement being 376 officers and men. She is armed with two six-inch guns, ten four-inch guns and two 18-inch torpedo tubes.

St. Jean Medua is a seaport on the Albanian coast, between Durazzo and Dulcigno.

TWO FISHING SMACKS SUNK BY ZEPPELINS

Welfare and Laurestina Sent Down; Several Vessels Sunk by Submarines

Maastricht, Holland, June 11.—The British fishing smacks Welfare and Laurestina were attacked and sunk by Zeppelins in the North Sea. The crews, which took to their boats, were picked up by a Dutch smack and brought here.

Cardiff, June 11.—The British steamship Strathcarron, of Glasgow, was torpedoed yesterday without warning by a German submarine while outbound from Barry. The crew, which put off in the boats, was rescued by a steamship and landed here.

The Strathcarron, a vessel of 2,807 tons, was built in 1912 at Greenock and was owned by the Strathcarron Steamship Company, of Glasgow. She sailed from Havre on May 28 for Barry, where arrived on June 2, and was reported to have entered the government service.

London, June 11.—The Russian steamship Dania was torpedoed by a German submarine. The members of the crew were saved.

London, June 11.—The Swedish steamship Otogo, bound for Hull, was torpedoed and sunk last night.

London, June 11.—The Russian barque Thomasina was torpedoed and sunk by a German submarine off the southwest coast of Ireland. The crew has been landed at Queenstown.

London, June 11.—A news dispatch received here from Maastricht says the crews of the British travelers Qui Vive and Edward, which were sunk by German submarines, were rescued by a Dutch steamship and brought into Maastricht.

London, June 11.—The British traveler Coronella, of Lofestort, was torpedoed in the North Sea, according to advices received here today. The crew was saved.

MARRIED AT ROME.
Rome, June 11.—Livingstone Phelps, of New York, and Mile de Berteaux were married today at the Church of St. Mary of Victory.

FURTHER GAINS MADE IN "THE LABYRINTH"

Germans Still Are Being Pressed Back, Says Report Issued at Paris

TRENCHES TAKEN NEAR ARRAS-LILLE HIGHWAY

Germans Allege Attack Made by French on Front in Champagne Failed

Paris, June 11.—The French war office issued the following statement this afternoon:

"There is nothing of importance to add to the communication given out last night, except the announcement of further success in 'The Labyrinth,' where we have continued to force the enemy back, and some progress to the east of 'The Labyrinth,' where we have occupied several German side trenches not far from the highway from Arras to Lille.

"In the region of Hebuterne we have extended the advance we made to the north and to the south of the battle-front on June 7. The occupation of several trenches at this point gave us 100 prisoners and several machine guns."

Berlin, June 11.—The German army headquarters today gave out the following official statement:

"In the western theatre—An advance made by the enemy northeast of the Lorette hills and repeated attacks against our positions north and south of Neuville failed. Fighting at close quarters in the trenches north of Eticrie continues.

"Southeast of Hebuterne and at Beaumont attacks of the enemy were repulsed yesterday and during the night. Only in the district of Serre-Marne did the French make an inconceivable advance.

"The French attempted last night to take away from us the trenches which were captured in Champagne on June 5. The French attacked with strong forces extended along a large front to the north of Mesnil and as far as the north of the Beausejour farms. The attack broke down completely with very losses to the French. Repeated attempts to make attacks were stopped at their very start."

London, June 11.—A new German army of 500,000 men, some of them first-class troops, is moving west, according to the correspondent of the Daily Mail at Aix la Chapelle.

TURKS WILLING TO GIVE TERRITORY TO BULGARIA?

Paris, June 11.—Bulgaria and Turkey have entered into negotiations which are expected to terminate in Turkey ceding certain territory along the Dedegatch railway in Bulgaria which she now holds as consideration for Bulgaria continuing her neutrality.

This information was secured here this afternoon from the highest diplomatic sources and is deemed absolutely trustworthy.

TWO WERE REMOVED FROM SPANISH SHIP

Cardiff, June 11.—The French cruiser Du Chayla stopped the Spanish steamship Canalejas, from Larache, Morocco, and took into custody two persons who declared themselves to be Dutch citizens, but who were regarded as suspects. The Canalejas then was allowed to proceed.

MANY SHELLS WILL BE MADE IN LONDON SOON

London, June 11.—A central works for the manufacture of munitions is to be established in London at once, according to an official announcement made today. The plants of water, power and light companies are to be utilized. In all, there will be about 100 factories included in the business of making munitions.

MUST ACT QUICKLY.

Washington, June 11.—The British embassy here announced today that it has directed the consuls of Great Britain in Mexican territory controlled by General Villa to request Villa immediately to stop the dispatching of the death of a number of British subjects at Tuxpan.

This is taken here as a threat of drastic action by British unless Villa moves quickly to punish his men who were responsible for the killings at Tuxpan.

TO THE PHILIPPINES.

Rome, June 11.—Monsignor Giuseppe Petrelli announced today from the Vatican that Archbishop Nisibi had been appointed apostolic delegate to the Philippines.

PRESENTED NOTE THIS AFTERNOON

AMBASSADOR GERARD

NOTE PRESENTED BY AMBASSADOR GERARD

Representative of States Called at Foreign Office in Berlin This Afternoon

SITUATION DISCUSSED IN WASHINGTON CIRCLES

Berlin, June 11.—Ambassador Gerard presented the United States' note at the German foreign office at 1:10 p. m. today.

Washington, June 11.—With the publication today of the latest American note to Germany concerning the sinking of the Lusitania, officials of the United States government and diplomats generally discussed among themselves the probable character of the German government's answer.

While there was no definite information of the feeling in German quarters was that a favorable reply was probable, as the note seemed to open the door for a solution compatible alike with the interests of both Germany and the United States. The note, it was said, was phrased purposely so that it would give Germany an opportunity to meet the wishes of the United States with dignity and in conformity with German public opinion.

Many officials wondered why Secretary Bryan had declined to sign the note, which they regarded as friendly in tone, and carrying many expressions of goodwill. They claimed that its friendliness was the very means that he had suggested—persuasion—to accomplish the United States government's purpose. Practically everybody in official circles disagreed with Mr. Bryan that the note might lead to war.

The note which brought on the crisis in President Wilson's cabinet and culminated in the resignation of W. J. Bryan, as secretary of state, although friendly in character, firmly renews previous demands that the German government give assurances that American lives and vessels hereafter shall be safeguarded. What action the United States will take in the event of Germany refusing to give such assurances is not indicated in the note.

GOVERNOR URGES ALL TO SUPPORT WILSON

Portland, Ore., June 11.—Governor Withycombe, of Oregon, who is in Portland, is proud of the note sent yesterday by President Wilson.

"I think it is something that every American should be proud of," he said today. "It is both strong and dignified. We must stand as a unit back of the president at this critical time."

JUDGE ADDRESSED JURY FOR TWO HOURS

Toronto, June 11.—The fate of Emil Nerlich, charged with treason, is now in the hands of a two-hour charge by Mr. Justice Sutherland, the jurors retired to consider their verdict.

The judge's charge was carefully drawn and most comprehensive. A few minutes before the closing instruction that the jury was to look upon Zitzow practically as an accomplice. His evidence would have to be considered with great care.

KILLED WHILE FIGHTING AT THE DARDANELLES

London, June 11.—Lieut. Robley, R. N., a nephew of Rt. Hon. Andrew Bonar Law, has been killed at the Dardanelles, according to advices received here today.

BRYAN SAW THE NOTE IN ITS FINAL FORM

Wording Was Not Changed After It Had Been Shown to Former Secretary

M. LANSING ATTENDED CABINET MEETING TO-DAY

"Bryan is Egotistical, Self-Seeking Demagogue," Says Los Angeles Times

Washington, June 11.—It became known today that although the United States' note to Germany was shown to former Secretary Bryan by direction of the president just before it was dispatched, it was not altered after Mr. Bryan had seen it. Acting Secretary Lansing, who showed Mr. Bryan the note, said today that "not a word or letter" had been changed.

Mr. Lansing had not signed the note as acting secretary when he took it to Mr. Bryan, and at that time, by the terms of Mr. Bryan's resignation, the latter still was secretary of state. Immediately after the conference, Mr. Lansing signed the note and Mr. Bryan's resignation became effective.

Mr. Lansing attended today's cabinet meeting by specific invitation of President Wilson. He was not present at the opening of the session, taking the ground, as it was expressed at the state department, that he would not attend unless invited. In view of the temporary nature of his appointment, the former secretary, giving out his formal statement, supplemented it with the following anecdote:

"A congressman replying to a jingo speech recently said:

"While I am personally against war, I am in favor of the country having what it wants. If the country wants war, let it have war, but let it first find out if the country does want war. If it becomes necessary to ascertain the sentiment of the country, I suggest that a ballot be taken; let those who want war vote for war, and those who oppose to war vote against it, and let the vote be taken with the understanding that those who vote for war will enlist for war, and that those who vote against it will not be called upon until after those who want war have exhausted their efforts."

(Continued on page 4.)

CHANGE IN TONE OF PRESS PLEASES HIM

Bryan Gives Out Another Statement; Says Country Does Not Desire War

Washington, June 11.—Former Secretary Bryan issued today a statement expressing his gratification over what he terms a change in the tone of the press regarding the United States' note to Germany. The statement follows:

"I am glad to note the change in the tone of the press in regard to the note to Germany. From the time the paper began to publish forecasts down to yesterday the jingo editors had been predicting that the matter would be dealt with with 'great firmness,' that Germany would be told that there must be no more delay in the acceptance of this country's demands, etc.

"Instead of waiting until the note was issued, they put their own construction upon it in advance and colored it to suit their own purposes. It is a relief to find the papers now emphasizing the friendly tone of the note and pointing out that it does not necessarily mean war.

"Something has been gained if the warrior journalists at last realize that the country does not want war, but that on the contrary it will support the president in his efforts to find a peaceful solution of the difficult problem raised by the use of the submarine against merchantmen."

GOVERNMENT WILL NOT ALLOW WORK TO STOP

Manchester, Eng., June 11.—A group of trade union officials returned here today from London where they were in conference with the government authorities. They made the statement that the government had explained to them plainly that there was to be no stoppage in the Lancashire cotton industry. The Lancashire operatives are demanding a 10 per cent. increase in wages and the government is prepared to issue lockout notices the end of this week which would tie up no less than 10,000,000 spindles.

WENT TO BOTTOM.

Port Said, June 11.—An Italian vessel laden with stone sank in the harbor here after striking with a harbor ship.

REPORT TELLS OF RUSSIAN SUCCESSES

Petrograd, June 11.—Concluding a long statement on the Russian operations in the Caucasus, the general staff says:

"On the 6th of June we had captured the vast region of Van and part of the sanjak of Mush. We had annihilated Khalil Bey's original corps, and we had cleared of Turkish troops the region between Van and Oursah. We captured Turkish territory between the mountain ranges of Tchakhir Baba. An offensive which the Turks undertook in the province of Azerbaijan ended in a Turkish debacle."

TO FORCE ENEMY TO USE ONE MILLION?

Dispatch From Lugano Says Italy Has Made Agreement With Allies

AUSTRIAN GOVERNMENT HAS ISSUED A NOTE

Lugano, Switzerland, June 11.—Information has been received here from Italian sources that Italy has made an agreement with her allies as to the extent of her offensive campaign. According to the information, which lacks confirmation, the Italian government has undertaken to conduct operations of a character which will compel Austria and Germany to bring up and keep engaged an army of one million men.

The operations of the Italian forces have not yet been carried to the point necessitating the use by the central empires of an army of such size, but it is expected that the developments of the Italian campaign beginning with the heavy fighting along the Isonzo river will compel Italy's opponents to reinforce their armies largely.

The immediate Italian objectives are Trent, Trieste and Villach, the provincial capital of Carinthia.

Washington, June 11.—The Austro-Hungarian embassy today made public an official note published in Vienna and forwarded by the minister of foreign affairs, which denies the statement made by Prime Minister Salandra, of Italy, that Italy had warned Germany on July 27 and 28 of last year that she would break the Triple Alliance unless she received "her just compensation" in the form of territorial concessions.

The Vienna note declares that the Italian ambassador in Vienna made formal promises on instructions from his government before the outbreak of the war that Italy would abide by the terms of the alliance in case of a passage of arms between Austria and Serbia.

SERBIANS MOVING TOWARDS THE COAST

Have Occupied El Bassan and Tirana, in Albania; Will Attack Durazzo

Nish, June 11.—Serbian troops have occupied strategic positions in Albania. They entered the Albanian town of El Bassan at the request of the people, according to Serbian government officials, who say the Albanians fear the Austrians and the Turks.

London, June 11.—Serbian troops are reported to have occupied the Albanian town of El Bassan, 64 miles southeast of Scutari, and are said to be marching in the direction of the Adriatic coast.

This information was contained in a private message received at Berlin today from Athens and telegraphed to London by the correspondent at Copenhagen of the Exchange Telegraph company.

A dispatch from Rome to the Exchange Telegraph company says that the Serbians have occupied Tirana, a town of Albania, 12 miles southwest of Kroya, and now are marching on the Albanian seaport of Durazzo.

Albanian insurgents, the dispatch says, have proclaimed a republic.

CONDITION OF CONSTANTINE.

London, June 11.—The bulletin issued at Athens last evening regarding the condition of King Constantine, according to a Reuters dispatch, was as follows: "The king's temperature is 98.8, his pulse 102 and his respiration 17. There is an abundant flow of mucus which is not of good quality. The inflammation in the kidneys continues with a slight increase of albumen."

NO COMMENT.

Berlin, June 11.—None of the morning papers refer in any way to the United States' note or to the fact that it has been received, and there is no comment on the general situation.

WERE THROWN BACK; SUFFERED HEAVILY

Austro-German Forces Met With Severe Reverse Near Zurawno, on Dniester

6,688 WERE CAPTURED BY CZAR'S SOLDIERS

17 Guns and 49 Machine Guns Were Taken After a Hard Fight

London, June 11.—British observers of the war, forming their opinions on the latest dispatches from Russia, believe that the Austro-German forces threatening Lemberg from the south-east have been checked in their advance. Russia, they declare, has delivered a return blow and a hard one. The great masses of German and Austrian troops which forced a passage of the Dniester river near Zurawno, according to the latest announcement of the Russian war office, have been flung back with heavy losses in both men and material.

Thus for the moment Lemberg is thought to be safe. For nowhere else along the Galician front have the Teutonic allies been making progress recently, with the exception, of course, of their southern extension into Bukovina.

News was received yesterday that Russian reinforcements were moving south along the Dniester river from Mikalajow to Rosaty, but it was hardly expected here that they would achieve such quick results.

Petrograd, June 11.—An official announcement from army headquarters which was given out today tells of a Russian success on the Dniester river.

After hard fighting the Russians yesterday took from their antagonists 17 cannon and 49 machine guns and captured approximately 6,700 officers and men. The text of the communication follows:

"By heroic efforts our troops repulsed the efforts of the river Dniester great forces of the enemy who had crossed near Zurawno, east of Stry. On the front from Julkow to Siewki the enemy sustained great losses. After a hard fight we captured 17 cannon and 49 machine guns and took prisoners 188 officers and 6,500 men. Among the prisoners is one entire company of the Prussian Fusilier Guards."

Geneva, June 11.—A dispatch to the Tribune from Innsbruck, in the Austrian Tyrol, purports to give details of Russian successes in the campaign in Galicia. The dispatch says:

"The Russians bombarded the Austrian positions from Stanislaw to Borkow on the left bank of the Dniester. They have driven the Austrians across the river, making a large number of prisoners. The Austrians also have been obliged to fall back across the Dniester at Bukaszoce.

"The Russians stopped the advance of an Austrian column marching on Kolomea. The action was fierce and the losses heavy on both sides."

Berlin, June 11.—The following official statement was issued today:

"On the lower Dniester, northeast of Ergola, several Russian attacks were repulsed. The enemy lost 300 prisoners. "The situation among the German troops fighting in Galicia is unchanged."

CONFERENCE WILL BE HELD AT THE CAPITAL

Ottawa, June 11.—Negotiations for the acquisition by the government of the Lake Superior branch of the Grand Trunk Pacific are well under way. President E. J. Chamberlain and W. H. Biggar, K. C., of the G. T. P., arrived here yesterday, and General Manager Gutelius came to-day. There will be a conference, as a result of which it is expected the government will act with a view to taking over the branch. It is expected that a close traffic agreement between the G. T. P. for the exchange of traffic at Winnipeg will be made.

GERMANS ARE SLOW TO ADMIT LOSSES

Amsterdam, June 11.—A copy of the Frankfurter Zeitung received here contains the British report of the recent destruction of a seppelin over Belgium by a British monoplane and the deaths of the crew of the airship. Commenting on this report, the newspaper says it has received no official confirmation of the incident.

PRINCE KARL ERNST DEAD.

Berlin, June 11.—Prince Karl Ernst of Schoenburg-Waldenburg is dead, according to dispatches received here today from Dresden. Prince Karl held a command in the German army and it is believed that he met his death on the field of battle.

ARTILLERY DUEL WAS WON BY FRENCH GUNS

German Batteries on Heights of Meuse Silenced; French Official Report Paris, June 11.—The following communication was issued by the war office last night. "An artillery combat has begun in the sector north of Arras; it has been retarded, however, by a very thick fog."

Havrre, June 11.—The following official statement was issued yesterday from the headquarters of the Belgian army. "Little activity has been shown by the enemy's artillery, which bombarded without result our advance posts at Ramscapelle and Pervyse."

MR. BRYAN ISSUES ANOTHER STATEMENT Asks People to Sit in Judgment on His Decision to Resign

Washington, June 11.—William Jennings Bryan, in a statement issued to the American people last night, asks them to hear him before they pass sentence upon his laying down the portfolio of secretary of state in the middle of international stress.

"You now have before you the text of the note to Germany—the note which I would have been my official duty to sign had I remained secretary of state. I ask you to sit in judgment on my decision to resign rather than to share responsibility for it."

Ottawa, June 11.—The government has decided to assist the Montenegro government to concentrate and dispatch to their own country Montenegrins wanted for fighting purposes.

False Economy—

Some housewives buy second-grade flour because its cheaper. Such flour is cheap only in first cost—it's hard to handle, absorbs less milk or water, produces less dough, and besides the bakings lack the tempting whiteness, delicious flavor and fine appearance of bread and other eatables made from

Doctor Said Only Hope Was in an Operation Was Skeptical When He Began the Use of Dr. Chase's Ointment—Relief Came Quickly.

Here is a plain, honest statement in regard to Dr. Chase's Ointment. Between the lines of this letter you can read the gratitude which its writer feels. One does not suffer from suffering, distressing piles for ten years without appreciating a cure when it is obtained.

REPORTS ISSUED AT ROME AND VIENNA

Rome, June 11.—The following official communication was issued last evening. "Nothing of importance has occurred on the frontier of Tyrol and Trentino except the occupation of Podestagno, to the north of Cortina."

Vienna, June 11.—The war office issued the following statement last night: "Attempts of the Italians to cross the Isongo river near Pavia, Gradisca and Sacrand have been repulsed."

Welles, Ont. June 11.—Edwin Coulthart, who acted as deputy returning officer at poll No. 2, Bridgeburg, during the polling under the Canada Temperance Act in Welland county on January 29, 1914, has been found guilty on a charge of having altered ballots from "dry" to "wet" in his ballot box.

NOTE WAS SHOWN TO FORMER SECRETARY

Washington, June 11.—It became known to-day that just before the American note was forwarded to Berlin it was shown to former Secretary Bryan by Acting-Secretary Lansing at the personal direction of President Wilson. Slight changes had been made in the note and the president wanted Mr. Bryan to see to it that it was in form.

ENEMY WAS REPULSED WITH HEAVY LOSSES

Attacked Russian Positions at Mossiska; Driven Back on Dniester Front

Petrograd, June 11.—The following official statement was issued last night: "We successfully repulsed German attacks on June 8 and 9 on an extended front in the Shavli region. "Between the Orayc and the Vistula there was an intense artillery duel on the 8th and 9th. "On the right bank of the Pilica at dawn on the 9th the enemy attempted to attack us with small forces, but was repulsed, abandoning to us dozens of prisoners. "In Galicia the enemy attacked with strong forces our positions protecting Mossiska (thirty-seven miles south-west of Lemberg). The attack was opened with an extremely active artillery fire at 5 o'clock in the evening of the 8th. Employing asphyxiating shells, after a three hours' cannonade, the enemy sent masses of infantry to the assault. These troops reached our wire entanglements, but there their advance was arrested. The following morning the enemy suffered still heavier losses, was repulsed a distance of 2,000 paces from our trenches. "An engagement favorable to us occurred on the Dniester on the 8th and the morning of the 9th. On the right bank of the Dniester from Ugartheberg to Sidaczow we pressed the enemy back, capturing another 2,000 prisoners, with 50 officers and eight machine guns. "On the left bank of the Dniester, in the Jauravno region, the enemy was unable to deploy advantageously, and after a stubborn fight was driven back behind the railway. We seized some villages, taking at the village of Bukaczow 800 prisoners, including 20 officers."

STATES ARRANGEMENT DISPLEASES CANADIANS

London, June 11.—During the debate in the House of Lords on the Munitions bill, Lord Davenport said he understood that munitions made in Canada had to be inspected by the Morgans, of New York, who also inspected munitions made in the United States. Canadians who had offered to make shells for the government, he said, objected to having to pass the offer through an American house. Earl Curzon, on behalf of the government, promised to inquire. Lord Staibridge, who has just come back from the front, said: "The men there do not think much about when the war will end. Their main thought is: 'When will the people of the British Isles wake up and give us the number of guns we require?' "Our guns," said Lord Staibridge, "are capable of firing millions of rounds every twenty-four hours." He did not say that this amount of ammunition was required every day, however.

MUST BE AN INQUIRY, SAYS PRIME MINISTER

London, June 11.—Arthur Fell, member for Great Yarmouth, urged in the house of commons yesterday that an inquiry into the torpedoing of the Lusitania could have no purpose and should be abandoned inasmuch as coroners' inquests had been held. Mr. Asquith stated emphatically, however, that the investigation should proceed. "That all the facts should be placed on record seems to meet with general approval," said the prime minister. Several American survivors of the Lusitania have postponed their return home to attend the inquiry. There also are a number of relatives of the victims here for the same purpose.

A CUP OF SEAL BRAND COFFEE may mean almost anything—Good, Bad or Indifferent. But a cup of SEAL BRAND COFFEE

MEANS JUST ONE THING—the most delicious beverage ever poured into a coffee cup.

CHASE & SANBORN NEW YORK

Pruth is proceeding. Our army is gaining further ground in the northern direction. Continually fighting, it has approached Obertyn and the heights south of Horodenka. "The advancing armies, successfully fighting on the Galician ground, have been joined by the army of Bukowina, which yesterday crossed the Pruth, repulsing strong Russian forces southward of Kotsmann."

1,000 LEFT ON FIELD BY BAVARIAN FORCE

Vienna, June 11.—A dispatch from Vienna to the Tribune says information has been received there from Tarnow, Galicia, that the Russian army is preparing a new attack upon the army of General von Mackenzen. They have abandoned their efforts to strike southward and have turned toward the Wistok river. Between Nisko, 60 miles northwest of Parnyal, and Utanow, to the east of Nisko, an engagement already has occurred. The dispatch says that 20,000 Bavarians who were attacked by strong Russian forces retired leaving about 1,000 dead and wounded.

ESTIMATE OF FORCES GERMANY IS USING

London, June 11.—The Evening News has received a dispatch from its correspondent at Petrograd which reads: "The recovery by the Germans of some of their lost ground in the Baltic provinces proved how numerous are their spare troops, even to-day. It is estimated that 1,000,000 men are operating toward Lemberg and 300,000 against the Dniester river, all plentifully supplied with ammunition. In the Shavli district, where the Russians are advancing, the Germans have raised their forces to four and one-half army corps, establishing a superiority numbers."

TOTAL IS 6,409.

London, June 11.—The total number of officers and men who have perished through the sinking of British naval craft since the outbreak of the war is 6,409. This total does not include the men who lost their lives on the mine-layer Princess Irene and the British battleship Bulwark.

TEXT OF UNITED STATES' NOTE TO GERMANY

Washington, June 11.—The text of the American rejoinder to the German government's reply to the note following the sinking of the Lusitania follows: American Ambassador at Berlin: Department of State, Washington, June 9, 1915. American Ambassador, Berlin: You are instructed to deliver textually the following note to the German minister of foreign affairs: "In compliance with your excellency's request, I did not fail to transmit to my government immediately upon their receipt your note of May 28 in reply to my note of May 15, and your supplementary note of June 1, setting forth the conclusions so far as reached by the imperial German government concerning the attacks on the American steamships Cushing and Guiltlight. I am now instructed by my government to communicate the following in reply: "The government of the United States notes with gratification the full recognition by the imperial German government, in discussing the case of the Cushing and the Guiltlight, of the principle of the freedom of all parts of the open sea to neutral ships, and the frank willingness of the imperial German government to acknowledge and meet its liability where the fact of attack upon neutral ships 'which have not been guilty of any hostile act' by German aircraft or vessels of war is satisfactorily established; and the government of the United States in due course will lay before the imperial German government, as it respects, full information concerning the attack on the steamship Cushing. "With regard to the sinking of the steamship Falaba, by which an American citizen lost his life, the government of the United States is surprised to find the imperial German government contending that an effort on the part of a merchantman to escape capture and secure assistance alters the obligation of the officer seeking to make the capture in respect of the safety of the lives of those on board the merchantman, although the vessel has ceased her attempt to escape when torpedoed. These are not new circumstances. They have been in the minds of statesmen and of international jurists throughout the development of naval warfare, and the government of the United States does not understand that they have ever been held to alter the principles of humanity upon which it has insisted. Nothing but actual forcible resistance or continued efforts to escape by flight when ordered to stop for that purpose on the part of the merchantman has ever been held to forfeit the lives of her passenger or crew. The government of the United States, however, does not understand that the imperial German government is seeking in this case to relieve itself of liability, but only intends to set forth the circumstances which led the commander of the submarine to allow himself to be hurried into the course which he took. "Your excellency's note in discussing the loss of American lives resulting from the Lusitania advert at some length to certain information which the imperial German government has received with regard to the character and outfit of that vessel, and your excellency expresses the fear that this information may not have been brought to the attention of the government of the United States. It is stated in the note that the Lusitania undoubtedly was equipped with masked guns, supplied with trained gunners and special ammunition, transporting troops from Canada, carrying a cargo not allowed under the laws of the United States to a vessel carrying passengers, and seeing, in

partial accommodation of interests in any way mitigate the terrors of the present distressing conflict. "In the meantime, whatever arrangement may happily be made between the parties to the war, and whatever may, in the opinion of the imperial German government, have been the provocation of the circumstantial justification for the past acts of its commanders at sea, the government of the United States confidently looks to see the justice and humanity of the government of Germany vindicated in all cases where Americans have been found of their rights as neutrals invaded. "The government of the United States therefore very solemnly renews the representations of its note transmitted to the imperial German government on May 15, and relies in these representations upon the principles of humanity, the universally recognized understanding of international law and the ancient friendship of the German nation. "The government of the United States cannot admit that the proclamation of a war zone, from which neutral ships have been warned to keep away, may

PRESIDENT WILSON'S NOTE.

The Berlin Lokal Anzeiger in an obviously inspired article yesterday said it was necessary to wait and see whether President Wilson's note left the door open for "advantageous negotiations."

The note ignores the quibbling and special pleading of the recent German reply, except to deny explicitly and officially the charge that the Lusitania was armed and had been employed as a transport for Canadian troops.

The real effect of the note is that notwithstanding Berlin's attempts at justification it finds Germany guilty of a horrible crime against humanity.

These are strong words from one great nation to another. They indicate that nothing Germany may say further can lend any more justification for her present course.

Will Germany give the assurance sought by Washington? She cannot do so with any intention of keeping faith without departing from the main purpose of her submarine campaign.

takes—but this would involve her in war with the remaining neutrals. If Count Reventlow and the fire-eating pan-Germanists had their will the latest American note would meet with a characteristic Prussian reply.

LANDS AND REVENUE.

The morning paper says our remark that the province has lost both lands and the revenue it should have obtained from them is untrue.

PERSUASION VS. FORCE.

Mr. Bryan thinks that persuasion would be much better means to the situation than force would be. But unhappily for his contention, Germany understands only force.

BIG TALK.

There is this to be said for the Germans: They seem to be thoroughly convinced that they are going to win. At least they talk in that strain, and whether at home in Germany or in exile in any part of the world where expression of opinion is not denied them they talk a great deal.

Will Germany give the assurance sought by Washington? She cannot do so with any intention of keeping faith without departing from the main purpose of her submarine campaign.

ly, certainly the armies of the conqueror are to be congratulated upon their achievements. But if not a single foot of German soil has been occupied, what about the expulsion of Germans from Asia, the islands of the Pacific and from Africa?

LABOR TROUBLES IN BRITAIN.

The coal and cotton industries in Great Britain are threatened with labor troubles. Operatives in both lines are demanding increased pay.

If there were any doubt as to the true origin of this war the article on the Kaiser by Alfred Gardiner, the brilliant editor of the London News and Leader, reproduced in the Times yesterday, would dispel it.

Somebody seems to have confused Mr. Bryan's address to the American people with one of Billy Sunday's revival sermons in the dispatch which appeared in the morning paper to-day.

Were we not right in predicting that the long pent-up forces of Bryanism would pour like a flood over the continent? Unfortunately, Canada is a part of the continent and is connected by wire with the source from which Bryanism flows.

ORDERS TO SINK EVERYTHING.

Men on the Tyne fishing boats that were sent to the bottom by the German U-10 say that the officer in command declared he had "orders to sink everything." This is war on a new scale.

SOURCE OF INSPIRATION.

Washington Star. "How did that dramatic critic come to write such an unqualified roast of our new play?" exclaimed the manager.

BRYAN SAW THE NOTE IN ITS FINAL FORM

(Concluded from page 1)

"I still believe," added Mr. Bryan, "in the right of the people to rule, and think the congressman's suggestion might insure deliberate action on the part of the voters."

Los Angeles, June 11.—The Los Angeles Times to-day, under the caption "Wilson and Bryan," prints the following editorial in part:

"The president's rejoinder to Germany is not in the nature of an ultimatum, but is a reiteration of the position and deductions made in his original note. It is argumentative rather than aggressive, persuasive rather than warlike, friendly rather than hostile."

"The note, while it might have been more specific, is firm and unyielding but not provocative. It leaves the arbitration door open. It dissipates the war cloud."

"The destruction of the Lusitania and her human freight in the way it was effected a violation of the laws of war, the law of nations and the law of humanity."

DAVID SPENCER, LIMITED

"HENNESSY" A Trademark that is a Guarantee

If you purchase a bottle of Brandy and the label bears only such empty titles as

- Very Old Pale Brandy, Fine Cognac Brandy, Choice Liqueur Brandy, Fine Old Pale Brandy, Old Liqueur Brandy, Eau-de-vie Vieille, Vieux Cognac, Fine Champagne Brandy, Très Vieux Brandy

you are buying Brandy without any guarantee—such labels mean nothing—the absence of the makers name from the label leaves the purity and quality of the bottle's contents open to doubt.

It may be a Wine Brandy—it may be a mere chemical imitation.

There is one trademark that, in itself, is a guarantee of genuine Cognac Brandy—distilled in a "pot-still" from wine of the Charante district of France.

This is the well known White and Gold Label of the old-established firm of Jns. Hennessy & Co. who, for 140 years, have shipped only the finest Cognac Brandy.

Their "ONE STAR" (over 6 years old) is as fine a Brandy as their "LIQUEUR" (over 70 years old)—the former brisk and strong with youth—the latter, mellow with age.

To insure getting the genuine Cognac Brandy, look for the HENNESSY label, as shown above, on every bottle you buy.

JEWELERS Cor. View and Broad Sts.

tical Equality league, which is meeting to-day in the mainland city, and which he is also addressing. He intends returning to Victoria to-morrow evening.

Rev. D. Leslie Clay on Wednesday celebrated the marriage of Bertha, daughter of Mr. and Mrs. Henry Brown, of London, England, and William Henry, eldest son of Mr. and Mrs. W. H. Cox, of 187 Joseph street, this city. The bride was attired in an attractive frock of grey bengalines, and wore a wreath of orange blossoms. Mrs. Dorothy Gill acted as matron-of-honor. The best man was H. Ely. Following the ceremony a reception was held at the residence of the bridegroom's parents, and later Mr. and Mrs. Cox left for a honeymoon trip of the Sound cities, on their return from which they will take up their residence at 169 Joseph street.

At the Bishop's Palace, View street, an interesting wedding was quietly celebrated yesterday—afternoon at 3 o'clock, the principals being Anna Stella, daughter of the late L. G. and Mrs. McQuade, and Allan Lawrence Johnson, son of Mr. and Mrs. William L. Johnson, of New Westminster. The ceremony, though quiet, was very pretty, the bride looking charmingly girlish in a becoming travelling costume of white corduroy, with chic black and white hat trimmed with pink and blue French flowers. Her bouquet was of white roses. Miss Mimi Fraser, who acted as bridesmaid, wore a smart suit of blue-Gabrielle with a tan hat trimmed with pink roses. The best man was the bride's brother, Peter McQuade. The rite was celebrated by Rev. Mr. Leterme, V.G., and was witnessed by the bridegroom's parents from New Westminster, and other immediate relatives and friends of the principals. After the ceremony Mr. and Mrs. Johnson left by the Seattle boat for a few days' honeymoon trip, and on their return will take up their home at 912 Burdett avenue.

AT THE THEATRES

ALLEN PLAYERS.

To-morrow afternoon a matinee performance of the famous old English melodrama, "The Stowaway," will be given. Miss Vera Felton, as Chucky, the Newsboy, has won many new friends this week, not only by her able impersonation of the boy part, but with her songs. There is "something doing" all the time in "The Stowaway," plenty of rollicking fun and thrilling moments in amundance. "The great robbery scene in which a safe is blown open, is quite a remarkable piece of stage work and wins many rounds of applause. The big yacht scene is another feature of the production worth seeing.

STARS IN NEW DRAMA.

Robert Leonard and Ella Hall, the famous stars of the "Master Key" serial are appearing in a new drama, at the Variety theatre to-day and to-morrow, entitled "The Silent Command." This picture is one of the best four-reel dramas produced by the Universal Film Co. for some time, and shows these two screen favorites at their best. They are supported by a strong and capable cast. Several interesting scenes are shown in the "Animated Weekly." Walter Charles furnishes the musical programme for the pictures. The whole forming one of the strongest attractions seen in this city for some time.

FREE TICKETS.

To-morrow there will be a dollar day theatre ticket special bargain given by some of the stores who are offering special dollar day attractions. Acting in conjunction with the Royal Victoria theatre they will distribute tickets for any show at the Royal Victoria from Tuesday to Friday next week inclusive. These tickets will be given by certain stores to any customer buying goods worth one dollar or more. As the bill to be offered at the Royal Victoria is to be a good one it is probable many people will take this opportunity of getting a free ticket. These tickets will be given away by Weiler Brothers, Limited, Gordon's Limited, W. H. Wilkerson, Sam M. Scott, Terry's Drug Store, Scurrah's, the Bootery, and O'Connell's, Limited.

ROYAL VICTORIA PICTURES.

The pictures being shown at the Royal Victoria theatre for the last time to-night, Saturday matinee and night, are well in line with the press notices that have been written about them, and the audiences are increasing at each performance. There are six subjects shown which are so varied that they should please. "The Gentleman Burglar," a drama in two reels, explains the difference between a high class gentleman of that profession, and a poor worker in the same business. "The Fable of the Busy Man and the Idle Woman," is a George Ade comedy. In addition to this comedy there are two others shown, "The Strategist" and "Who's Husband," which are made for laughing purposes only. In all there are eight reels exhibited. A special orchestra dispenses music appropriate to the pictures.

DOMINION THEATRE.

"The Arrival of Perpetua," a vehicle for Miss Martin who has coyly smiled herself into stardom, is a five-part World Film production of undoubted charm and variety. Vivian Martin will be remembered as the pretty little lady who scored such a success in Old Dutch. She is at all times pleasing and entertaining and keeps her audiences on the tiptoe of expectation as to what mischief she will do next. Scenes such as are shown in the Girls' Boarding school are first-class, with Miss Martin's winsome personality shining through the entire production she is placed in no less harmonious surroundings and is backed by a capable

575 Granville Street, Vancouver

company. The picture is good and affords capital entertainment. The two-reel serial comedy by the Keystone company is full of funny situations and provides abundant laughter. This week-end show is quite one of the best seen at the Dominion for some time.

COLUMBIA THEATRE.

A double bill is being presented at the Columbia and is meeting with the approval of the patrons of this popular theatre. Both the vaudeville and pictures are above the average, and the management promises that arrangements have been completed whereby this standard will be kept up in future. The Valentino Duo, instrumentalists, who have been featured on the largest vaudeville circuits in this country, head the present bill, and beating one of the best acts yet seen at the Columbia. Durkee, a xylophone artist, is a master of this instrument, presenting a number of both classical and popular melodies. Fields and Brown have a neat singing and dancing act that is worthy of a star location on any bill. In the Famous Player feature film, "Fanchon the Cricket," Mary Pickford, the world's foremost motion picture actress, is utterly fascinating in the role of Fanchon. At the Country Store, which will be held to-night, ten dollars in gold will be given in special prizes, five dollars at each performance in addition to the regular prizes.

BRIGHT BILL AT PANTAGES.

Something to be remembered is the little playlet, "The Little Shepherd of Bargain Row," which, featuring Miss Sarah Padden, is being given to large audiences each day at Pantages theatre. Miss Padden herself is worth going a long way to hear. The programme is particularly notable this week for the excellence of the smaller acts on the bill, which measure up well to the standard of the headliner. Friend and Downing, two versatile comedians, have amply demonstrated their ability to amuse, and their quaint patter with lots of new jokes has stirred up rales of laughter in the popular vaudeville theatre this week. The bill is also noticeable for two excellent acrobatic features. Every Pantages bill carries one of these features, but the programme this week is strengthened by the inclusion of an extra one. The Ishikawa Bros., and their wonderful personality, wonderful work in this line. A musical act by West and Van Sicien has also been well appreciated, while Miss Dorothy Vaughan has made many friends by her bright singing of several new drive-away care songs.

THIN PEOPLE CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy stay there! fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays on. Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten into rich, ripe fat producing nourishment for the tissues and blood—preparates it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol steps the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. D. E. Campbell and other leading druggists in Victoria and vicinity sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.

First Student—"I thought you said that you'd got a very rare MS. to show me." Second Student—"Yes, that's it. First Student—"Why, that's only a receipted tailor's bill!" Second Student—"Well, that's a MS., and a very rare one, too, isn't it?"

UNEMPLOYED WANT MAYOR TO APPEAL

Demonstration Occurs This Morning, When Court of Revision Makes Its Calls

When the court of revision met this morning, the visit of inspection to the various properties which have to be seen personally, led to a slight demonstration at Cormorant street, on the part of the unemployed.

The party had stopped to see some property, and the men congregated round the municipal labor bureau thought the mayor and aldermen would speak to them before going on. As, however, on completing their work the cars drove on, some of the assembled men voiced their disapproval at the action of the civic party. As a result the unemployed held a mass meeting later, and named a committee to wait on the mayor, and urge him to make the appeal for assistance which has hitherto been delayed on the part of the civic authorities, to the provincial government.

There are now some 2,500 names registered at the bureau, and some 500 persons have expressed a wish to have their names submitted to the British Mission of Inquiry into Armament labor supply. As, however, the forms which are required have not arrived, although they are expected to-morrow, the registry of applicants has been temporarily suspended. Some of the applicants are men who have never been able to work at their trade in this country, though experienced in shipyards and large machine shops in the old country.

No appointment has yet been made by the committee to the position of female assistant at the bureau. Some of the applications are from people of experience.

In connection with the court of revision, it should be explained that the aldermen had some 34 cases to inspect, and while a large number were in Chinatown, a considerable time was occupied in the inspection of the various properties. A public announcement of the decision of the court will be made early next week.

CHANGE IN OLD FIRM

Business of Joseph Sommer & Sons Now a Joint-Stock Concern.

The old-established firm of Joseph Sommer & Sons, which has been in business in this city as picture dealers and framers for over thirty years, has been formed into a joint-stock company, with a capital of \$25,000.

The business will continue to be conducted in the premises so long occupied by Mr. Sommers at 1013 Government street, and will be carried on by him and his sons, under the style of Joseph Sommer & Sons, Limited.

With the usual powers of a joint-stock company the chief objects for which it is incorporated are given as the carrying on in this province and elsewhere of the business of wholesale and retail dealers in articles of art, paintings, prints, pictures, photographic and artists' supplies, articles of vertu, bric-a-brac, artistic chinaware, picture frames and framing, and to buy, sell, manufacture, exchange, and deal in all such goods, commodities, and merchandise as are generally dealt with in connection with such business.

The Granite Trading Association, Limited, Tappen, B. C., has been granted a certificate of incorporation under the Co-operative Associations act.

Three Vancouver companies are given certificates under the Companies act: A. DesBrisay & Company, Limited, with a capital of \$35,000; Herondale Farm, Limited, capital \$25,000; Viking Mining Company, Limited (non-personal liability), capital \$15,000.

The Union Land & Timber Co., which has its head office in Indianapolis, is registered as an extra-provincial company, with its office for the province in Vancouver and Edward J. Deacon as its attorney. This is a company incorporated under the laws of the state of Indiana for fifty years from November 9, 1912.

DELIGHTFUL SUMMER DRINKS

Many Tempting Beverages From the Same Bottle.

One of the very pleasant features of a bottle of Montserrat Lime Fruit Juice is its versatility.

The ordinary Montserrat beverage is made with half a wine glassful of Montserrat, some sugar, broken ice and a glassful of water. This is delightful and quenches the thirst.

Another Montserrat beverage can be made by using Soda water instead of plain water. It gives a little more snap. Golfers like it.

Montserrat can also be used instead of lemon for flavoring frozen punches and ice creams.

Montserrat is not common Lime Juice. It is pressed from fresh cultivated limes from the beautiful island of Montserrat.

Victoria Volunteer Reserve.—The Victoria Volunteer Reserve will parade at 7 p. m. sharp on Monday at the drill hall, Menzies street. All members are requested to be in attendance. Members of the ambulance corps and the fire brigade will parade at same time and place.

Is Doing Well.—The many friends of Sergt. J. C. Anthony, 7th battalion, recently reported wounded at the front will be interested to learn from a private cable just received that he is now at the Connaught hospital, Aldershot, England, suffering from shrapnel wound of leg. He is doing well.

PREPARING FOR THE ANNUAL EXAMINATIONS

Many Candidates Will Sit on Monday Week for Tests in Various Grades

The schools are now preparing for the annual examinations which begin on Monday week. The examinations for admission to High schools will be held at all places where High schools are in operation, and at other centres. The schedule is as follows:
Monday.—Seating of candidates, 8.45 to 9; British history, 9 to 10.30; Nature lessons, 10.45 to 12; English literature, 1 to 2; reading, 2 to 3.
Tuesday.—Arithmetic, 8.45 to 10.45; grammar and spelling, 10.45 to 12; grammar and composition, 1 to 2; reading, 2 to 3.
Wednesday.—Geography, 8.45 to 10.45; Canadian history, 10.30 to 12; drawing, 1 to 2.
The candidates for High school certificates (teachers' course) will be examined during the first five days of the same week. The roster of examinees has already been published. This test is divided into several schedules according to the class of examination the teacher is taking. The variety of subjects in this course is more extended than in the junior examination.

The entrance examination will be taken by the pupils in the model

school, which is continuing its session after the Normal school closed for the summer vacation. It is not known yet how many students will sit in this centre, but judging from the school attendance it is expected that the total will approximate closely to that of last year, which was a considerable advance on 1912.

LOCAL NEWS

Interesting Topic.—"Slackers, Sneaks and Shirkers," will be Rev. Dr. Maclean's subject at St. Paul's Presbyterian church, Victoria West, next Sunday evening at 7 o'clock.

Mothering the Boys.—The Ladies' Aid society of St. Paul's Presbyterian church, Victoria West, entertained the boys of the H. M. S. Keif at the Gorge park yesterday afternoon. The B. C. Electric railway kindly provided free transportation, and at 1 p. m. picked up the boys who were attended by Chief P. O. Suttell and P. O. Whitaker. At 4.30 the youngsters sat down to an excellent tea, the tables being laden with a great abundance of good things. Rev. Dr. Maclean introduced Mrs. John Cotford, president of the Ladies' Aid society, and Mrs. W. S. Derry, who took a leading part in the entertainment. Both ladies were heartily applauded. The boys sang several songs and joined in "The Maple Leaf." Among those who assisted in making the occasion a success were John Richards, who generously provided a monster fruit cake suitably inscribed and decorated, for presentation to the boys; Joseph Sommers, of Government

street, who photographed the group; and all those who helped towards the success of the entertainment. The ladies of the church, who were present in large numbers, were accorded three ringing cheers for their hospitality. The male part of the congregation was represented by Rev. Dr. MacRae, Alderman McCandless and Messrs. Donald Fraser, Duncan Stewart, Fred Peatt, M. A. Solandt, Richard Currie, James Tagg, John Cotford and others.

Cowichan Valley, Cadets.—Major Belsom, officer in charge of the organization and inspection of cadet corps for the province, will inspect the Cowichan Valley cadets on Wednesday afternoon next.

H. M. S. Kent Gaelic Service.—A special Gaelic service for the Highlanders of H. M. S. Kent will be held at St. Paul's Presbyterian church on Sunday at 4 p. m. A cordial invitation is extended to all who may be interested. Rev. Dr. H. N. Maclean will preach, and Captain Campbell, chaplain to the forces, will take part.

Seaman's Institute "Tag Day."—To-morrow will be observed as "Tag Day" in aid of the work of the Connaught Seaman's Institute. A number of ladies of the Ladies' Guild of the Institute, assisted by a few boys wearing distinctive badges, will sell flags for the benefit of the sailors' home on Superior street and in order to further the work everyone is asked to buy a flag. Various centres in the city will be established for the day, where flags will be purchasable, and each collector will be provided with a small box for sales' money or donations.

COURSE OF CURRENTS IN NARROWS ALTERED

Dredging of Treacherous Entrance to Vancouver Has Brought About Change

Vancouver, B. C., June 11.—Discussing the effect of the dredging operations carried out in the First Narrows during the last three or four days, navigators to-day decided that while no difference had been made in the velocity of the tides in either the First or Second Narrows, considerable improvement was noticeable in the First Narrows by reason of the diversion of the currents...

DURLEY CHINE RUNS SHORT OF BUNKERS

Steamship Which is to Load Lumber for Port Nelson, Was at Eureka Yesterday

Running short of coal when plugging up the coast against strong northerly weather, the British steamship Durley Chine, Capt. Davies, was forced to put into Eureka, Cal., yesterday morning. After being under the bunkering chutes for several hours she resumed her voyage. Eureka is 500 miles south of this port, and it is expected that the vessel will reach William Head about noon to-morrow.

500 Pairs Woman's Slightly Soiled Shoes

Made by the Queen Quality Company to Sell at \$6.00 and \$7.00. **\$3.45** Dollar Day, per Pair

The best Shoe Bargain of months to go on sale Dollar Day at the above figure. A fortunate purchase of 500 pairs of Women's High-Grade Footwear, made by the Queen Quality Company, and if perfect would sell at \$6.00 and \$7.00 a pair. A slight defect, scarcely noticeable in some, yet just sufficient for the shoe inspector to pass out as not up to standard, brings them here to sell at this remarkably low price. Included are: Military Lace Boots, Gaiter Button Boots, Side Lace Boots, Patent Button Boots, Cloth-Tops, newest styles in Pumps, Strap Shoes and Oxfords, Patent Leather, Black and White Dull Kid—in fact all the best Footwear styles in vogue this season. All sizes and all widths from A. to E.

SPECIAL NOTE—These Shoes sold as "slightly imperfect" cannot be changed after day of purchase. See Large Window on View Street for Samples. —First Floor.

Ladies' \$1.50 and \$1.75 Linen Skirts, Dollar Day \$1.00

Prices on Women's Suits Re-adjusted for Dollar Day

For Dollar Day we have readjusted our prices on Women's Suits, making it well worth while for the woman who has yet her new Suit to buy. Particulars as follows:

Women's Suits, Dollar Day, \$9.75

Handsome Suits in navy blue serge, purple and mahogany shades. Also included in this offering are fifteen very expensive imported models. Every Suit is an extraordinary bargain.

Women's Suits, Dollar Day, \$15.00

Suits in black and white checks, tweeds, navy and black serges, in Norfolk, military and plain tailored styles. A splendid chance to secure a better-grade quality at a popular price.

\$22.50 Navy Blue Serge Suits, Dollar Day, \$17.50

Although this price reduction is not in proportion to the other Suit offerings mentioned here, we would particularly point out that these Suits were specially good values at \$22.50, and therefore are unusual bargains at the reduced figure. Made in Norfolk style in navy blue serge only.

—First Floor

A Dollar Day Special in Ladies' Cloth Coats at \$13.75

Fashionable Coats in taffeta silks, covert cloths, black and white checks and regular military Coats in khaki. Splendid qualities, and your choice from any model in the range. Dollar Day **\$13.75**

WESTMINSTER HOME PLAYERS ARE BEST SCORERS IN LEAGUE

New Westminster is not only leading in the coast pro. series, but members of the team are out in front in the race for individual scoring honors. As goal-getters the Royals have always been remarkable. They possess

the happy knack of scoring despite strong opposition. The Springs, Grumpy and Doughty, are showing the way at present with seven and nine, respectively. Whether they will hold the lead is questionable. There may be surprises when the trio of former eastern stars, now with Vancouver, Fitz, Roberts and Donhee, get going. But right now the palm must be extended to the sharpshooters on the Royal City lineup.

It is altogether likely that the Vancouver Amateur Lacrosse association will adopt the dual referee system for future matches in the city intermediate series. It is believed that the results will be more satisfactory. Bobby Knight is one of the veterans of the game in this part of the country, and he's going better than ever. Bobby played his first game way back in 1889 and has been up with the big fellows, having played on

a couple of occasions against that famous aggregation of stickhandlers that represented New Westminster in 1903.

THREE MATCHES IN CRICKET LEAGUE

Garrison and Victoria Clubs to Meet at the Work Point Grounds

Cricket Schedule.

Albion vs. Victoria A2, at the Albion ground.
Victoria A1 vs. Fifth Regiment, at Work Point barracks.
Five C's vs. Civil Service, at Jubilee Hospital grounds.
The bit-bit of the afternoon's fixtures is undoubtedly the game between the Victoria A1 team and the Fifth Regiment. The Fifth, along with the Garrison team, are making a strong fight for the Virtue cup, and it will not occasion any surprise if they were to pull off another win. The Civil Service and Garrison have already met once this season in league cricket and on that occasion the Civil Service were the victors. A tight game should be witnessed between these two teams, but the odds are in favor of the Civil Service, who are better equipped with bowlers than the Five C's.

Five C's vs. Civil Service—The following will represent the Five C's in their match with the Civil Service to-morrow: P. C. Payne, Gordon Leeming, George Nicholas, George Leeming, Jimmie Nicholas, G. Sellars, A. E. Lea, J. Clowes, R. V. Lea, Sam Marshall and H. Greeley. Reserves—E. Cotton, J. Feakins and Barker. Team and reserves are requested to be on the ground of Jubilee hospital not later than 2 o'clock prompt. A general meeting of the Five C's cricket club is called for Tuesday evening next, in the Cathedral schoolroom, Quadra street, at 8 o'clock. All members are urgently requested to attend as business of importance will be discussed.

Sergeant J. C. Anthony, recently wounded at Hill 60, was a prominent member of the Five C's cricket club.
Victoria A1 eleven—A. Booth, T. Hayward, H. A. Spencer, R. J. Horton, L. A. Gurney, H. Wyles, F. Lewin, P. D. Gospel, L. Jones, A. N. Other, H. A. Goward, capt.

Victoria A2 play the Albion on the Albion ground to-morrow, 2 p.m. sharp. Victoria A2 eleven—R. H. Vaughan (capt.), A. F. Mitchell, A. B. Lawrence, W. Evans, J. Giles, A. Hill, F. Smith, L. Wyles, F. Halford, L. Coton, A. N. Other.

Rod Hill cricketers were defeated by St. Michael's school on Wednesday by 13 runs. Hudson, with 74, not out, was top batsman.

SPORT NOTES.

Chief Johns is playing a stellar game behind the bat for the Merchants.
H. Curtis and Plows will add strength to the Wards.
"Bubbles" Balcolm's past performances demonstrate his superiority over the other amateur pitchers.
Percy Williams, the midget, hit 154 fielder, is a dangerous hitter.
Billy Cutler has been added to the Vics' fishing squad.
Tommy Heyland, of the Vics., is feared by all the pitchers.

SPORTING NEWS

CIVIC RECEPTION WAS HUGE SUCCESS BOXING BOUTS ENJOYED BY TARS

Smoker at Drill Hall in Honor of H. M. S. Kent; Interesting Programme

Victorians showed their appreciation of the services that the officers and crew of H. M. S. Kent have performed for the Empire in a very convincing manner at the drill hall last night, when the civic reception to the ship's complement was held. It goes without saying that the smoker was one of the most successful ever held in the capital, and the all-round excellence of the entertainment combined in making the evening a very enjoyable one. Nearly a thousand sailors and soldiers crowded the spacious drill hall, and not only were refreshments of a very palatable variety provided, but the programme itself could not have been surpassed. It was nearly midnight when the gathering broke up. Capt. Allen first assuring Mayor Stewart, the aldermen and the hard-working committee, that his men had had "some time."
The citizens of the capital have always taken more than a kindly interest in the welfare of His Majesty's blue-jackets, and last night's reception was only one more spoke in the wheel of friendship that binds this seaport to the naval service. The presence of the detachments of the different corps now stationed at the Willows and Esquimalt, added to the pleasure of the evening, the army and navy fraternizing in a manner that must have been pleasing to the higher officers who attended the reception. Petty rivalries were put aside for the time being, and one and all joined in to enjoy themselves to the fullest extent. It was an open hearted greeting by the city of Victoria to the heroes of the empire, and none enjoyed it more than the Jackies from H. M. S. Kent.

was carried out by the members of the Vancouver Island A. A. A. The flags of the allies were a background for the stage, while behind the head table, where Mayor Stewart, Capt. Allen, Commander Bedford, Col. Holmes and the aldermen sat, were huge Unions Jacks, the Naval Ensign and the Tricolor of France. It was a big undertaking and too much credit cannot be given to the V. I. A. A. for their efforts in this respect, while the quality and quantity of the refreshments served were pleasing to all.
In his address of welcome to the gallant Jack tars, Mayor Stewart spoke of the magnificent work that the Kent had performed, and stated that the city was open to each and every member of the crew. Capt. Allen was received with tremendous enthusiasm, and his popularity with his own crew was easily seen in the demonstration that the blue-jackets gave him. Capt. Allen proved a very efficient speaker, and after thanking Mayor Stewart and the citizens of the capital for their generous welcome, he stated his pleasure at seeing so many members of the army in the hall. He assured his hearers that he was immensely proud of the brother service, and voiced his feelings at the magnificent work that the Canadians were doing in Europe.
Manager Rice, of the Pantages' circuit, very kindly loaned several of his feature acts, in addition to the regular programme. Miss Dorothy Vaughan's songs were encored time and again, the artist receiving a handsome bouquet from the members of the Kent. Messrs. West and Van Sicken gave their merry sketch and songs, while Messrs. Friend and Downing were also warmly welcomed. J. Dunford and Jock Melville made a big hit with their songs, Pte. W. Pellet giving a splendid comic song that brought down the house. The Fifth Regiment band furnished the latest popular and military airs, occupying the boxing ring until the athletic part of the programme started.
So pleased was Capt. Allen with the boxing exhibition furnished by the Benson brothers that he had the youngsters brought round to him. The Japanese troupe, composed of S. Kiyooka, T. Fiyimori, M. Mitsui, J. Kano and M. Kawai, gave an exhibition of Japanese fencing, wrestling and athletics that was greatly enjoyed. The other bouts were: Stoker Rose, H. M. S. Kent, and Pte. Gatenby, 88th Fusiliers; Cpl. J. Ross, 48th Battalion, and Stoker S. Hicks, H. M. submarine;

First Class Petty Officer Newcombe and Pte. R. M. Crane, R. M. L. I.; Stoker Longhurst, H. M. S. Kent, and "Cyclone" Scott; Joe Bailey and Al Davies, Stoker S. Britton, H. M. S. Kent, and Able Seaman Goslin.
While the reception was a strictly naval and military affair, all of the local corps were represented, including the 88th, 50th and 5th Regiments, men of the 48th Battalion, the Naval Volunteers, National Reserve, Campaigners' association, Home Guards and men from H. M. S. Shearwater and the submarines.

SPokane SHUTS OUT VICTORIA LEAFS TWILIGHT BASEBALL DECIDED UPON

McKenry Loses to Noyes in Great Twirling Duel; Six o'Clock Baseball When Van- couver Play Here Next Week

Extra base hits caused Frank McKenry's downfall yesterday at Spokane, after the tall Victoria twirler had run up a record of three straight games, the Indians winning 2 to 0, and taking the lead on the series. Win Noyes, who last year started with the Boston Braves, was the twirler who shut out our hopefuls, and he pitched a beautiful game. Noyes was backed up in great style by the Spokane infield; no less than three double plays being turned in that killed Victoria rallies. The Leafs could not bunt their blows, with the result that when Spokane gave Noyes a lead in the early part of the game, it was easy sailing for the Indian slab artist.

Owner Joshua Kingham announces that two Twilight games will be played next week when the Vancouver club will make their initial appearance of the season here. Monday's game will start at 5 o'clock, Tuesday, Ladies-Day at 4 o'clock and Wednesday at 6 o'clock. Mr. Kingham says that the continuance of the Twilight games depends upon the patronage that the club receives on Monday. The Victoria owner looks for a big improvement in the play of the Leafs when they return to their own stamping grounds, and figures Menger's return to the game will enable them to get away in first place and stay on top.

San Francisco, June 11.—Harry Wolverton, manager of the San Francisco club of the Pacific coast baseball league, was seriously injured here by his motor car last night, and according to his physician, will be out of the game for at least two months. Both collar bones were broken, and the physician fears internal injuries. Wolverton was cranking the car. It had not been left on neutral, and started, running over him.

When Russ Hall cut Joe Wally adrift, it meant the passing of a young backstop from the Northwestern league. Wally was with the Seattle club since 1911, and proved a handy man to have around. He drew down

big money, however, so Dug could not afford to keep him near, especially with a man like Cadman. The latter can catch every game in a season and never feel a bit tired. Tealey Raymond will probably keep young Barth in right field, where he will be available, should Cadman be injured. This will enable the Seattle club to carry six pitchers or an extra infielder.

The latest novelty in the baseball line is an automatic umpire. Such a contrivance is the invention of H. E. Westgate, a newspaper man of Los Angeles, and is now on exhibition at the Grand Central palace.

The device consists of a batter and catcher — painted figures — standing near a home plate. The body of the catcher is made electrically sensitive in the actual measurements of what is known as the strike zone so that a properly delivered strike rings a bell. The apparatus is so sensitive that a ball going the slightest fraction of an inch outside of the zone will not register a strike.

The inventor of the automatic umpire believes that with his apparatus it will be possible for wild pitchers to perfect control. This opinion is shared by a number of major league pitchers who have made actual tests of the contrivance.

Vancouver, B. C., June 11.—Vancouver won two games from Aberdeen yesterday, making each game by a score of 2 to 1. Colwell was in grand form in the first match, allowing only two hits, while in the evening contest Kramer was invincible.

Score (first game)—R. H. E. Vancouver 2 5 2 Aberdeen 1 2 1 Batteries—Colwell and Cheek; Hughes and Vance. Score (evening game)—R. H. E. Vancouver 2 7 0 Aberdeen 1 3 3 (Seven innings.) Batteries—Kramer and Brottem; Engle and Byler.

TO RUN AT PORTLAND.

Vancouver, B. C., June 11.—Norman Dillabough and H. Leggett, two of the star track men of the Vancouver Athletic club, who have been faithfully training for some time past at Brockton Point, left yesterday for Portland, Oregon, where they will represent the local club in the P. N. A. championship meet.

LEAGUE LEADERS

TO CLASH TO-NIGHT

Bapcos and Cubs Are Fav. red for Senior Amateur Title; Amateur Ball Gossip

Bill "Lefty" Wright is the selection for mound duty for Beacon Hill against North Ward this evening, while opposed to him will be Hal Purdy. North Ward suffered defeat at the hands of the Hills, in the opening game of the Intermediate league. After leading for four innings they suddenly went to pieces, and the Hills won out 3 to 2. Should the Northenders win to-night's combat they will be on an even standing with the Hills for second place in the league running. Tuesday night Paul Slater will make an effort to stop the triumphant march of the Victorias. Against North Ward Slater pitched a remarkable game, and those who saw his performance that evening predict a victory for the Hills. North Ward's pitching staff is crippled

by the absence of McLeod from the lineup making it necessary for Jack Curtis, their star southpaw, to fill in the infield. Their flycatching corps has been strengthened by the addition of Hunter Piows and Hime Curtis.

The following will be the lineup of the teams for Friday night's combat: Hills—Livingstone, c.; Wright, p.; Nicholson, lf.; Burnett, 2b.; Slater, ss.; Copas, 3b.; Masher, Irving, McAdam and Yates, outfielders. Wards—Quinn, c.; Purdy, p.; Menzies, lf.; J. Curtis, 2b.; Dinsdale, ss.; Lamphere, 3b.; H. Piows, H. Curtis, S. Piows and Kerr, outfielders.

Hawkins' Cubs and Bapcos are the general favorites with the fans for the senior baseball championship. To date neither of these clubs has been defeated in a league game. These clubs have the edge on the other senior entries, and they should finish in the first division. C. P. R. have a fairly strong club, but lack with the stick. Victoria West can boast of two star pitchers in Shanesuppare and Todd, but their team mates field poorly behind them, while the Merchants have a strong club but are in need of more team work and an additional pitcher. By their defeat of Beacon Hill and North Ward, the Victorias has gained a substantial lead in the Intermediate division. Both in their games with the Hills and Wards the leaders displayed splendid team work, their fielding being sensational, while they are all dangerous hitters. Parfitt and Gill-

WESTERN CRACK IS WINNER OF TOURNAY AT OTTAWA TRAPS

Ottawa, June 11.—Ben. McLaren, of Calgary, won the Canadian amateur championship at the Dominion tramping tournament. In two events at twenty-five birds each McLaren turned in two perfect cards. His fifty straight comprised a record for the tournament. McLaren was favored by a heavy wind, which blew up after he had completed, and thus made things bad for the other shots. Montreal, Hamilton and Toronto men were well up. Hills, the Chicago

professional, had a forty-nine score. Plummer, of Swan River, Man., was also right behind the Calgary man. Joe Jennings, of Toronto, won the sweep-stake prize, with George Barnes, of Hamilton, second. Barnes and Jennings also won the high gun events. Walter Ewing was among the leaders.

Portland, Ore., June 11.—W. J. Houser, of Pomeroy, won the Rose Festival match, the main event of the tournament. He broke 99 out of 100 targets. Frank M. Troeh, of Vancouver, Wash., made the highest total score of the tournament, getting 352 hits out of a total of 490 shots.

"LET US SING THE DOXOLOGY!"

By A. A. FREEMAN

The two papers given to the public this morning, one by the president of the United States, the other by his late premier, are in many respects the most interesting that the great crisis has evolved. That of the president is a calm, dignified and statesmanlike presentation of a crisis, big with importance to the American people; that of the premier a complete evasion of the question at issue. I shall not undertake to ridicule Mr. Bryan's plea for peace. Far from it, I agree that war is a relic of barbarism—that all quarrels, personal, national and international—should be adjusted by arbitration. I do not agree with Carlyle that as old chivalry sometimes need to be burned out, so war is sometimes necessary to clarify the political atmosphere.

I do not propose to discuss the president's note. It will be read with sentiments of profound satisfaction, I think, by most intelligent and well-meaning people. If he had said less, he would not have said enough; if more, he might have said too much. It is well rounded. He leaves nothing for surmise.

Mr. Bryan's explanation of his conduct, however, will not be satisfactory even to his warmest admirers. He does not, of course, attempt to justify the conduct of Germany in the Lusitania affair, but thinks the matter one for further correspondence and final arbitration.

Now I desire to call attention of the readers of the Times to an incident that occurred just seventeen years ago. An American battleship, the Maine, was blown up in the harbor of Havana. The shock was felt in every part of the United States. More than two hundred American marines lost their lives. The United States demanded of Spain, in whose waters the catastrophe occurred, an explanation. Spain disavowed all responsibility for the act. We got on foot an investigation. It was ex parte. We did not invite Spain to participate. We

did not offer to arbitrate. We satisfied ourselves that the ship was destroyed by an exterior, and not interior, explosion; that it was not an accident. As to who was responsible for the crime, we made no inquiry. Whether it was done by Spanish murderers or by Cuban revolutionists for the purpose of involving the United States in a war with Spain, and thus secure their independence, we did not stop to consider. What we did was to order Spain to get out of Cuba, and that p. d. q. We not only did that, but we gave the president fifty millions of dollars to enable him to require Spain to get out. We did more than that, we called for a sufficient number of volunteers to compel her to do so, and one of the first volunteers in that cause was William Jennings Bryan, who was made a colonel of volunteers.

Now look on that picture then on this. More than a thousand men, women and children, all non-combatants, more than two hundred being American men, women and children, are murdered by the Germans on the high sea. They are not on a battleship. They are on a passenger ship, not engaged in war. Their occupation is that of peace; they are on a peaceful voyage. The only justification for their murder is that they had been warned not to go aboard the ship; the only crime alleged against them is criminal negligence in supposing that Germans were gentlemen and not pirates!

Mr. Bryan thinks that this presents a question for arbitration. He did not think that the Maine affair required arbitration. But that was seventeen years ago. Mr. Bryan has had time to reform, for "while the lamp holds out to burn the vilest sinner may return."

There is one proposition, however, in Mr. Bryan's paper that even his reformer does not justify. Speaking of the horrors of war he says: "Adding fresh fuel to the flame of hate, they (the belligerents) have daily devised new hor-

rors." But his side is endeavoring to drown non-combatant men, women and children at sea, while the other side seeks to starve non-combatant men, women and children on land." Is it possible that Mr. Bryan is really serious in this comparison? Does he really see no difference between the right of a belligerent to blockade the ports of the enemy country, a right that has always been recognized by all the civilized powers on earth—does he see no difference in this and the right to sink without warning a passenger ship carrying thousands of innocent non-combatant men, women and children, all of them neutrals having no concern with the war? It is a reflection on Mr. Bryan's intelligence to suggest even that he does not understand the difference between these two propositions. Blockades have always been resorted to and are universally regarded as the most merciful means that can be adopted to conquer a belligerent. It is for the blockaded belligerent to say whether he wants bread, or whether he wants war, for his innocent women and children. He is offered his choice, and requests that he prefer war!

GIVEN LONG TERM

Burglars Convicted Get Two and One-Half Years in Penitentiary.

Robert Wareham and Arthur Clegg were found guilty of theft by Judge Laupman this morning, and were each sentenced to serve two and one-half years in the penitentiary. Both men had bad records, having served sentences in jail on former occasions.

The charge against them was of having broken into the premises of J. P. King & Sons, the Midway grocery, Esquimalt road, on June 1, and having stolen a quantity of groceries, which were in the possession of one of the men when the two were arrested on Esquimalt road by James Palmer, the police chief of Esquimalt. Clegg this morning informed the court that Wareham had nothing to do with the theft, but the latter when searched had seven plugs of tobacco in his possession. When questioned as to how he obtained it, he told George Morphy, who prosecuted, that he bought some at the Willows camp and some in town. One plug was found in his sock, and he excused this by saying he put it there when being brought to the jail after arrest because he knew from previous experience he would be searched and all his tobacco taken from him. He thought that by putting it in his sock it might be overlooked by the searcher. Wareham claimed he had not been with Clegg at the time of the robbery, but had slept under the Johnson street bridge that night, and was walking to a shack he used at Esquimalt when he met Clegg and spoke to him a few minutes before the arrest.

Children's Day.—Rev. Dr. Cameron will preach special services for children next Sunday. The morning theme will be "The Way Made Plain," and in the evening, "The Early Conversion of Children." Special music suitable to the occasion will be rendered.

Congratulations

Congratulations are due William Montague Holmes, son of Lieut.-Col. and Mrs. W. J. H. Holmes, of this city, whose name appears in the list of four successful candidates from Victoria in the entrance examinations of the Royal Military College, Kingston. Educated at the University school, Mount Tolmie, Holmes, who is now working in the surveyor-general's department, has been particularly fortunate in get-

ting through while still under 17 years of age. Frederick Howden Jones and Charles D. Stanley, two other successful candidates from Victoria, also received their education at the University school here.

Wilkinson Road Methodist church was the scene of a very pretty wedding on Wednesday, June 9, when Mabel Evelyn, daughter of Mr. and Mrs. George A. Jones, of Carey road,

and Frederick M. Duval, of Royal Oak, were joined in marriage, Rev. Robert Wilkinson performing the rite. The bride, who entered the church by the side of her father, who gave her away, was very becomingly dressed in cream marquisette, with trimmings of shadow lace, and carried a bouquet of bridal roses and white carnations. She was attended by Miss Ethel Duval, who, as bridesmaid, wore a pretty cream-colored frock with pink

trimmings. The flower girl was little Miss Eva Jones, a sister of the bride, who wore a dainty dress of white, and carried a basket of pink and white roses. The groom was supported by W. J. Jones. The church had been prettily decorated for the occasion, and made the ceremony additionally attractive. Afterwards a reception was held at the home of the bride's parents, later in the afternoon the happy pair leaving by the Seattle boat for

a brief honeymoon. Both were accompanied by the best wishes of a large circle of friends, whose expressions in many instances took tangible form in the shape of gifts, many of which were received by the couple. Among these was a set of silver from the choir and friends of the bride in the Wilkinson road Methodist church, also a parlor clock from the Adult Bible class, of which she was a valued member.

A Million Corns Went Last Month

Last month, a million corns were ended in this easy, simple way. And every month a million more go like them.

To each corn was applied a little Blue-jay plaster. In every case the corn pain ended there.

Then the wax in the plaster—the B & B wax—gently freed the corn. In 48 hours nearly every corn came out, without any pain or soreness. A few stubborn corns required another plaster.

That's the story of some seventy million corns ended by his invention. It will be the story of your corns in 48 hours if you read them in this scientific way. Your friends will testify to that.

If you don't do this, in all probability, those corns will stay or years.

A TURKISH REPORT.

Constantinople, June 11.—The war alleged yesterday that two thousand soldiers of the allies had been killed in the battle of Avri Burnu during the night of June 5 and the day following.

UNGER WON.

San Francisco, June 11.—Ed. Unger, in his big balloon "California," has declared the winner of the great long distance balloon race. He landed at 3:40 o'clock yesterday afternoon at Patterson, Cal., about 110 miles from the starting place at the Panama Exposition grounds.

Miss Cutting—"No—no—no's the plucky man?"

COMMISSION HEARS SURPRISING FACTS

Evidence Taken at Minneapolis Regarding Manitoba Parliament Buildings

Minneapolis, Minn., June 11.—The Manitoba royal commission, which is investigating the contracts and the financial arrangements regarding the erection of the new Manitoba parliament buildings, met here yesterday, having come south to take the evidence of two of the most important witnesses in connection with the case. One of these, V. W. Horwood, provincial architect, had been unable to attend at Winnipeg, owing to physical weakness resulting from surgical treatment at Rochester, Minn., and so met the commission at Minneapolis. The second witness, William Salt, whose presence had been called for at the preliminary inquiry held by the public accounts committee, gave his testimony on the matter, going into the details of his absence from Winnipeg and his failure to return when the inquiry opened.

Horwood, on being examined, said he had had a conversation with Hon. G. R. Coldwell and had told him that Salt's book, containing a record of the depths and of the caissons would not work out correctly with Kelly's applications for payments. Acting on the advice of W. A. Elliott, inspector of the buildings, and Mr. Coldwell, Horwood called Salt into his office and made him make a copy of the book. Horwood went to see Mr. Coldwell and told him that the book would not tally with the applications. He then was told by Mr. Coldwell that he had better have the book fixed.

"I went to Salt and asked him to rewrite it and adjust the figures. I told him the depths shown would not tally with the figures he had put in our estimates."

The witness said he told Mr. Coldwell that he did not think it would "go down" with the committee, and he was advised to "keep it out as long as possible."

Horwood also testified that Mr. Coldwell said Elliott would have to sign the three applications for payment which did not bear his signature.

He then told of getting in touch with Salt after he had gone away and of the agreement to use aliases in order to enable them to correspond without anyone detecting their moves. It was planned, he said, that Salt should come back and stand by his figures. Salt was to go over his figures with Elliott at Minneapolis, and Elliott was to find out what it would cost to get the testimony desired. Witness corroborated Elliott's story in the matter of the \$500. Horwood said he had told Mr. Coldwell

about the \$500 and that it was for this that he expected Mr. Coldwell to pay the money. Mr. Coldwell had instructed him to endeavor to keep Salt away and Horwood therefore had got in touch with M. G. Hook and arranged with him for a trip to Chicago. On Mr. Coldwell's instructions Horwood had called at Dr. Simpson's office and had been given a parcel which was said to contain \$500. This parcel had been sent to Salt.

Horwood said Salt later wanted more money and Mr. Coldwell gave him \$350, which he sent to him. Hook had a third interview with Salt and this time Salt was anxious to return to Winnipeg. On learning of the fact, Horwood reported it to Mr. Coldwell and received instructions to find out how much Salt wanted to keep away. Salt's price was \$10,000. At first Mr. Coldwell said the price was ridiculous, but he thought he could raise \$5,000. Salt, however, stuck out and finally Mr. Coldwell said he and Horwood would raise the money. It was done, and Horwood got the money from Mr. Coldwell in bills and gave it to M. G. Hook.

"Mr. Coldwell gave me the money, \$10,000 in bills."

Counsel then asked Horwood to stand aside and that Salt be called. Salt was shown and remembered the famous black book.

On Friday, March 12, Horwood had told witness he had better take a holiday, handing him \$50. He had not seen Horwood since.

On a Monday at St. Paul witness had reserved accommodations to Winnipeg, but a man introducing himself as Mr. Holwood, an attorney, came to see him and said he had been instructed from Winnipeg to advise Salt not to return. If he did the government would turn on him and Salt would regret it. He advised witness to accept more money and extend his holiday.

SOME OF THOSE AT FRONT WILL BE BROUGHT BACK

Paris, June 11.—The French government took action yesterday for the purpose of increasing the country's output of war munitions. The plan decided upon is designed principally to facilitate production by the private manufacturing concerns.

Workmen who have been called to the front, but whose services are considered indispensable in particular branches of the industries affected, will be brought back and sent to the factories, other men taking their places in the trenches. Everything possible will be done to obtain the maximum output of war materials.

3,200,000 PROVIDED FOR.

London, June 11.—The total number of men for the army and navy sanctioned by parliament for service so far in the present war is 3,200,000.

"This number will not be exceeded without authority of parliament," said Mr. Asquith yesterday, thus setting at rest rumors that other forces had been mobilized without public knowledge.

INVESTIGATION WILL BE BEGUN NEXT WEEK

Ottawa, June 11.—Sir Charles Davidson will begin next week investigating the war purchases made by the government. He will be assisted by John Thompson, K. C., son of the late Sir John Thompson, who is a leading lawyer of Ottawa. The sessions, which will be open to the public, will be held in the railway committee rooms of the House of Commons, where the public accounts committee made a start upon the investigation last session.

Sir Charles and his counsel, Mr. Thompson, procured this morning all the documents, papers and reports in connection with purchases made so far. It is expected that next week's proceedings will be preliminary in character. There is a possibility of an adjournment being taken over July.

SESSIONS ENDED.

Kingston, June 11.—The Presbyterian general assembly closed its sessions for 1915 yesterday afternoon. The next meeting of assembly will be held at Winnipeg.

The special committee appointed by the assembly to take up question of the amalgamation of the Social Service and Home Mission boards recommended that the boards be amalgamated. Dr. A. S. Grant, of Toronto, was appointed general superintendent and convener of the new board, and Rev. J. G. Shearer, of Toronto, superintendent of the Social Service department.

BRINGING TROOPS FROM THE FRONT IN GALICIA

Innsbruck, June 11. — Archduke Eugene, commander of the Austro-Hungarian forces in the campaign against Italy, arrived at Laibach on Tuesday. He was met by Gen. Conrad von Hotzendorf and members of his staff, and was given an ovation by the troops. On Thursday he visited the Italian front.

The arrival of the archduke is taken to indicate that the most important battles in the Italian campaign will be fought along the Isonzo river. Heavy Austro-Hungarian reinforcements continue to arrive at Laibach from the Russian front and the forces under Archduke Eugene now are offering a strong resistance along the Isonzo river.

The Dinner Set, Chair and Cut Glass Bowl are now on view in our Government street window.

WEILER BROS LIMITED

HAND-LOOM CARPETS TO BE EXHIBITED

New Local Industry Has Already Manufactured Many Rugs

A somewhat unique exhibition of Victoria-manufactured hand-loom carpets will be held on Tuesday afternoon, June 15, from 2 to 6 o'clock at the headquarters of the Women's Industrial Centre, behind the Scott building, corner of Hillside avenue and Douglas street (entrance Hillside avenue). The work to be on view, and which will also be on sale, is all the output of a comparatively few days, during which, however, the women workers at the centre have made a large assortment of rugs.

The announcement of the exhibition brings to light a splendid enterprise organized last March by a committee of the Political Equality League for the purpose of giving relief work to women. Numerous calls from unemployed mothers wishing to do something to support themselves and their children without making application to any of the charity organizations were the occasion for the organization of the hand-loom carpet industry, together with a scout and cadet suit tailoring establishment. Both articles were formerly imported, so it was felt by the committee that the founding of such an industry locally would not interfere with any business already established.

The tailoring department is now in good running order, and gives employment to several women, and the carpet department, only recently brought into operation, has already manufactured a big assortment of rugs. Next Tuesday the rugs and tailored work will be on sale, and orders for work will be taken.

An invitation is extended to all who are interested to attend the exhibition and see what the Women's Industrial Centre are doing. Tea will be served during the afternoon, and members of the committee for relief work, Messrs. James Gordon, Grant, Roper and F. Todd, will be present to explain the nature of the enterprise more fully to those who are interested.

Wife—"There are so very few really good men in the world." Hubby—"Yes; you were mighty lucky to get one."

DELAY THREATENED IN STARTING WORK

Saanich Pipe Contractors Have Had to Sub-let Portions of Contract, Owing to War

Unfortunate situations which from time to time delay public work in Saanich have again cropped up to check a start on the waterworks.

It was arranged that a start should be made with the excavation in the Cloverdale avenue section, where water is wanted worst, when Student arrived. However, at a meeting of the water committee yesterday, circumstances of which the council has been apprised through the agents, Balfour, Guthrie & Co., have led the committee to delay immediate action on the subject, pending further information.

It appears that McLaren & Co., who are one of the principal makers of pipe in Scotland, have been called upon by the government to use their plant for the manufacture of munitions of war, and therefore in order to fulfil the terms of the contract with the Saanich municipality, sections of that contract have had to be sublet to other manufacturers. This will, of course, make the manufacture more difficult, and the delivery being uncertain.

Having some six-inch pipe on hand, the manufacturers are sending this in the first two shipments on the Student and Merchant, and the special equipment to the service is following later. Thus the council is faced with the alternative of waiting for the accumulation here of sufficient material to handle the work economically, or else to lay sections of various diameter, and have to go back over it again to tie up the work, at a cost of some 25 per cent. more than had been figured upon. The committee yesterday considered that more definite assurance of what material will be on hand ought to be forthcoming before the authority to commence excavation is given to the engineer.

An old southern planter met a negro whom he had not seen for a long time. "Well, well," said the planter. "What are you doing now, Uncle Josh?" "I's a preaching of de Gospel." "What! You preaching?" "Yassah, marster, I's a preaching." "Well, well! Do you use notes?" "Nossuh. At de fust I use notes, but now I de-mands de cash."

They Look Alike But—

The average cup of tea or coffee contains from 1½ to 3 grains of caffeine, a subtle, poisonous drug.

Caffeine is cumulative, and day by day pounds away at nerves, heart and other organs, finally showing in biliousness, headache, sleeplessness, heart flutter, nervous prostration, etc.

A cup of

INSTANT POSTUM

has a delicious snappy flavor and fine color, but contains no tea, coffee, caffeine, nor other harmful substance.

Postum—made of whole wheat, roasted with a little wholesome molasses—is a pure food-drink and is taking the place of coffee with thousands of people who appreciate health and comfort.

Postum comes in two forms:

Postum Cereal—the original form—requires thorough boiling to bring out its flavor and food value. 15c and 25c packages.

Instant Postum—the soluble form—is prepared in the cup instantly with hot water. 30c and 50c tins.

Both kinds are equally delicious—cost per cup about the same—sold by grocers everywhere.

"There's a Reason" for Postum

Canadian Postum Cereal Co., Ltd., Windsor, Ont.

NOT A GERMAN.

To the Editor.—At the council meeting held yesterday I was instructed to request that you would be good enough to publish the accompanying letter from Mr. Alfred Steen, wiring inspector of this municipality.

HECTOR S. COWPER, C. M. C.

Royal Oak, June 9, 1915.

The Reeve and Councilors, Corporation of the District of Saanich:

Gentlemen,—I have been informed that there are persistent rumors throughout the municipality that I am of German extraction and I take this opportunity of emphatically denying any such statement, and shall be glad if you will give permission for this letter to be published in the daily papers.

Yours very truly,
(Sgd.) ALFRED STEEN,
Wiring Inspector.

Royal Oak, B. C., June 8, 1915.

HOME INDUSTRIES.

To the Editor.—In last night's Times Mr. Day has something to say about Chinamen and strawberry picking. It seems that he sent one of "his people" to the growers on an exceptionally busy day, found 160 Chinamen at work, and appears quite hurt to think the growers would not put the Chinks off the job in order to put Mr. Day's people on.

Mr. Editor, if I was a paid union official I would have got after the strawberry growers a month ago, whilst the crop was growing, and guaranteed as many men as necessary, either day work or piece, and—no strikes. Then when the 160 Chinks arrived, the white men had been in possession—which is nine points of the law.

The way the labor officials in Victoria manage their affairs makes me tired. They have collected at least \$30,000 from "their people" during the last five years, but seem quite unable to give them any return for their money. The endless amendments and "therefore be it resolved" business get on a fellow's nerves.

Here is a way in which Mr. Day can help his people. The farmers on the mainland will need more men than there are unemployed union men in Victoria—ten times more. Let him get after these farmers right now—not when the threshing outfits are on the ground and tooting for men. The pay is \$2.50 and board, probably more, for the farmer is going to make big money this summer. There should be enough left in the union coffers to pay transportation one way at least.

I suggest we forget the strawberry picking business. It only lasts a few days. If Mr. Day called his men off a \$4 a day job next season to do a few days' strawberry picking at \$1.50 a day, I rather think they would kick like the dickens—probably kick him, and I'm not sure he wouldn't deserve it!

WALTER FOSTER,
Maywood, June 10.

Willis—"Eternity has neither beginning nor end, neither form nor shape, is so vast and complex that we can't understand and get at the nature of it in a word. There's nothing like it. As there!" "Gills"—The only other thing I know that answers the description is a moving picture serial in a newspaper.

LOCAL IMPROVEMENT

Streets Committee of Council Receives Report From City Engineer on Matter.

The principal business before the streets committee of the city council this afternoon is to receive a report from the city engineer with regard to the list of streets upon which by-laws should be closed up, and those which should have additional work done before this course is taken.

Mr. Rust does not recommend that work should be undertaken to embrace the whole of the funds which the council has on hand for local improvement this year, but that some streets should be tackled at once, and the street gangs kept in steady employment.

There is a considerable amount of routine work before the committee, including in addition to the business which has arisen this week that which was held over from a week ago, when there was no sitting of the committee.

The city engineer of Port Angeles was in Victoria to-day to see the concrete pipe for the northwest sewer, and the concrete flow line which has been laid for Sooke waterworks. It has been impossible on account of the numerous meetings this week to hold sessions of the committees appointed last Monday, and so far there has not been a session of the special committee appointed to look into the provision of drinking fountains.

The present prospect is that next week will be almost as busy as several meetings of importance have been arranged during the week, the most important being the court of revision on local improvements on Tuesday next. On account of the necessity of striking the tax rate, the court of revision must have precedence of everything else.

RED CROSS MEETING

Much Interest Shown by Residents of Ward IV, in Address by Mrs. Young.

The Red Cross meeting held under the auspices of Garden City Women's Institute on Tuesday, at the Garden City Methodist church, drew a big crowd of interested people, who listened with attention to the moving appeal made by Mrs. H. E. Young in behalf of the work. Commencing her address with a brief narrative of the causes of the war and the demands of the various nations involved, the speaker went on to deal with the immediate duties which devolved on those who did not go into the fighting line to offer their lives for their country. There were other ways of helping. And what was the duty of each Canadian citizen as well. Red Cross needs were urgent; the call was ever for more and more supplies, more and more socks. Everyone at home could help by furnishing these.

Mrs. Hutchinson moved a very appreciative vote of thanks to Mrs. Young, for addressing the meeting, which followed the regular business meeting of the institute.

WEATHER BULLETIN.

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, June 11—5 a. m.—The barometer is comparatively low over the interior of the province and rain has been general from Vancouver Island to the state of Oregon, while in this vicinity and on the Lower Mainland thunder storms occurred during the night.
