MEMORANDUM FOR: Reparations Agency, Tokyo

SUBJECT: Application for Authorized Use of Items Listed for Reparations

1. Reference is R.A.R. No. 595 (MS), 19 March 1951, subject: Application for Authorized Use of Reparations Equipment of Yokosuka Naval Arsenal (Dispersal Plant) (Code No. 13-103) Filed by Inagawa Plant, Osaka Kiko K.K. (Code No. 13-62).

2. The application requesting permission for the authorized use of the two (2) items of reparations machinery and equipment listed in reference 1, above, is approved.

3. A rental fee shall be established for the authorized use of the equipment listed in reference 1, above, based upon current valuation and comparable to rental charges assessed by private interests for the use of similar equipment.

4. This permit is issued subject to any and all directives affecting reparations plants which have been issued or may hereafter be issued by the Supreme Commander for the Allied Powers. Reports will be rendered as required by current directives and instructions.

E.S. SECTION

1-2357

TO : GENERAL HEADQUARTERS, SUPREME COMMANDER FOR THE ALLIED POWERS.

FROM : Reparations Agency, Tokyo.

SUBJECT: Application for Authorized Use of Reparations Equipment of Yokosuka Naval Arsenal (Dispersal Plant) (Code No. 13-103) Filed by Inagawa Plant, Osaka Kiko K.K. (Code No. 13-62)

R.A.R. No. 595 (MS)

19 March 1951.

1. The Reparations Agency hereby submits to your Headquarters an application for authorized use of 2 items of reparations equipment now lying idle in the Yokosuka Naval Arsenal (Dispersal Plant) (Code No. 13-103) filed by the Inagawa Plant, Osaka Kiko K.K. (Code No. 13-62), together with an application of the Ministry of Finance and a recommendation of the Ministry of International Trade and Industry as enclosed herewith.
2. The above-mentioned 2 items have been transferred from the Yokosuka Naval Arsenal (Dispersal Plant) (Code No. 13-103) to the Inagawa Plant, Osaka Kiko K.K. (Code No. 13-62) in 1937.
3. Such types of reparations equipment as applied for herein have been proved to be hardly available in the privately-owned sources in Japan.
4. This application has been investigated and has been coordinated with other interested government agencies.
5. It is requested that your most favorable consideration be given to this application at the earliest practicable date.

(Y. Katsuno)
 Director, Reparations Division,
 Reparations Agency.

Incls:

1. Application of the Ministry of Finance.
2. Recommendation of the Ministry of International Trade and Industry.
3. Application of the subject plant.

FUJI IRON & STEEL Co.,
Tokyo, Japan.

Q.

APPLICATION FOR CONVERSION OF
DESIGNATED REPARATIONS PLANT

Date August 10, 1950

TO: Ministry of International Trade and Industry.

FROM: Fuji Iron and Steel Co., Ltd.

12, 1-chome, Nihonbashi-Edobashi, Chuo-Ku, Tokyo.

1) Name of Plant and Code No. :

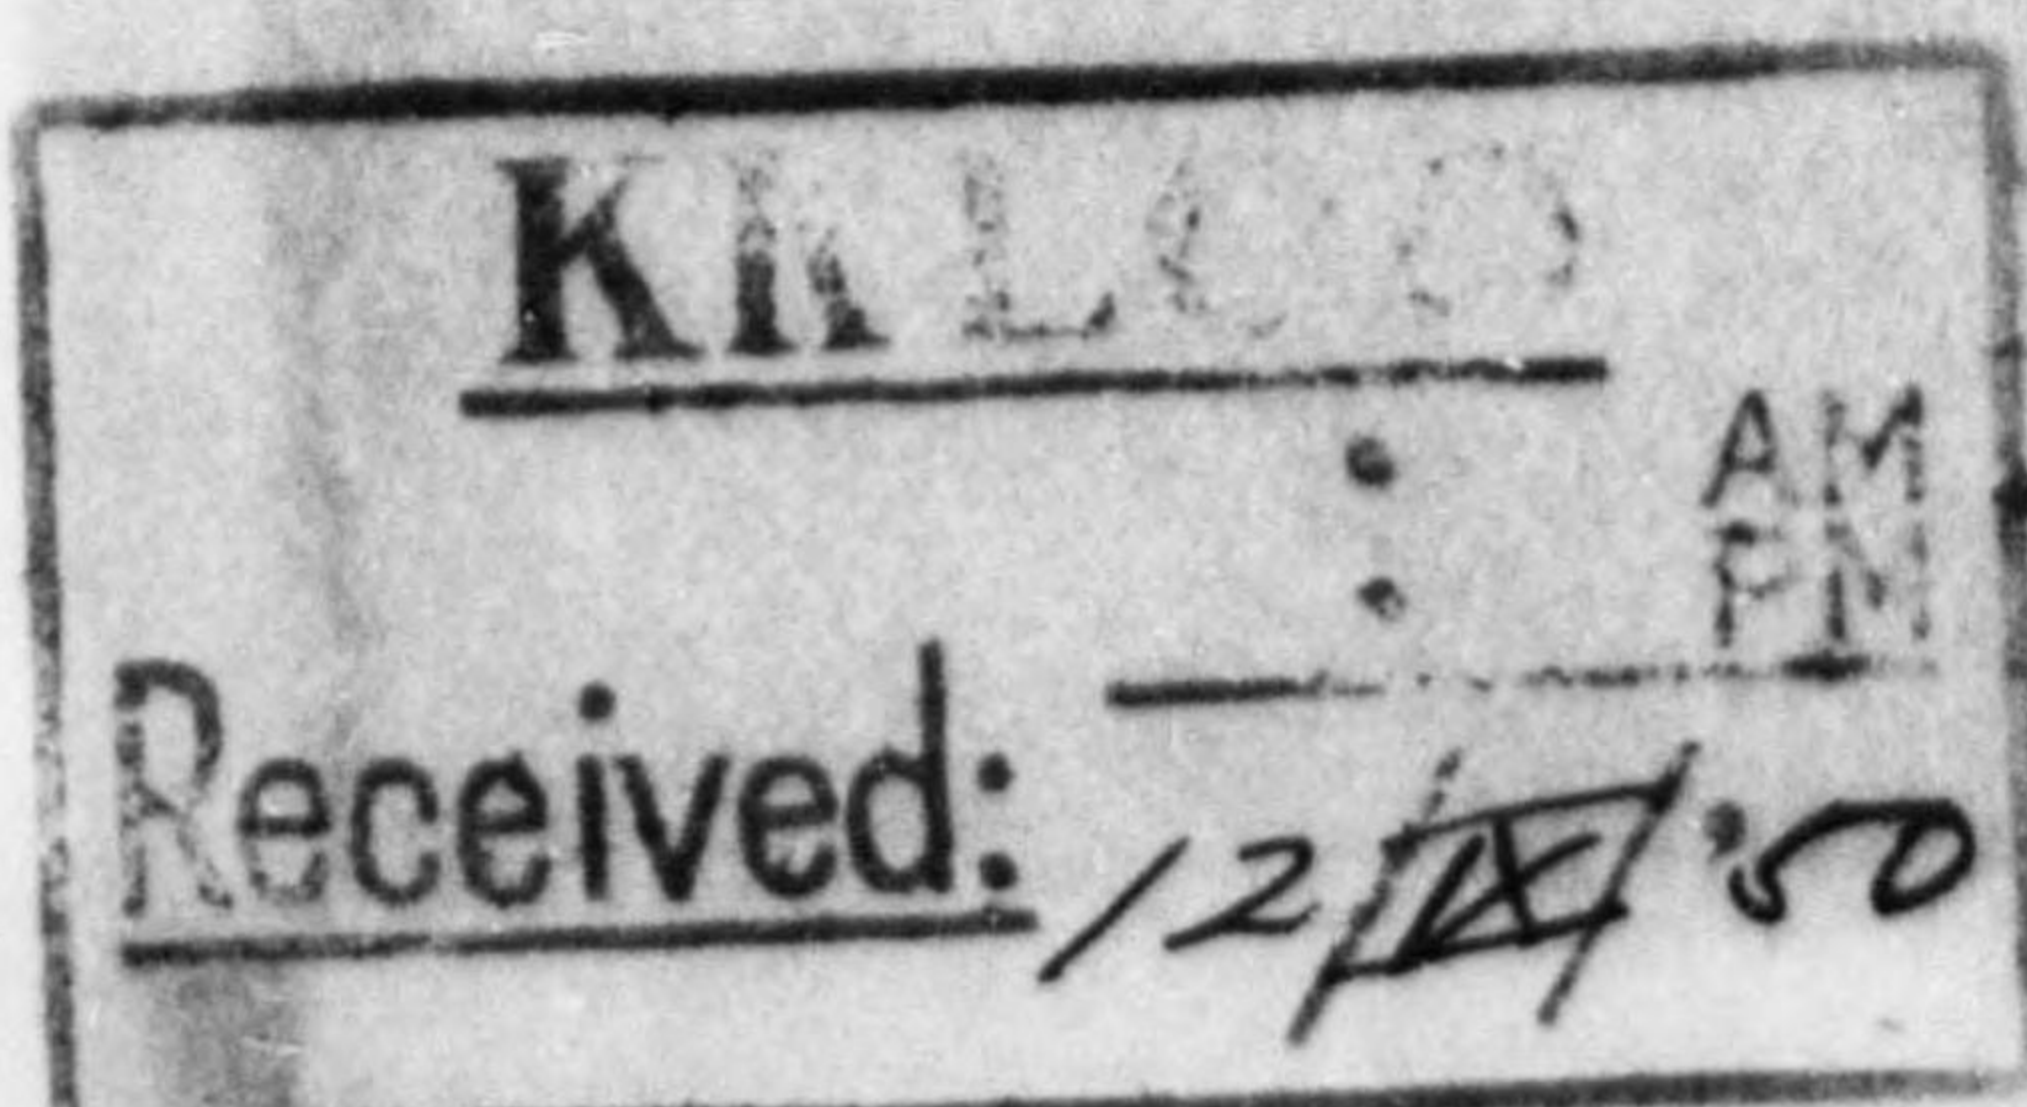

Name: Hirohata Iron & Steel Works,
Fuji Iron & Steel Co., Ltd.

(Former Name: Hirohata Iron & Steel Works,
Japan Iron & Steel Co., Ltd.)

Code No. : 13 - 76

2) Location of Plant : 2575-1, Hirohata-machi, Hirohata-ku,
Himeji City, Hyogo Prefecture.

3) Category : Whole plant designation, Iron and Steel

4) Production:

Item	Quantity (ton/month)	
	Present	Planned
Pig iron	30,000	"
Steel ingots	25,000	60,000
Steel slabs (for sale)	21,250	} 50,000
Plates	18,700	
Coke	33,000	"
By-products	Un-limited	"

5) Additional reparations items needed for the above production

As shown on the attached list.

6) Necessity for conversion:

In order to meet the recent increase in demand, both at home and from abroad, for the products of our Hirohata Iron & Steel Works, we are planning to increase as much as possible the production of the said Works through the operation of three more open hearth furnaces now left idle.

The steel plate, which is the principal product of the Works, has no equal in its quality in Japan, being manufactured by the outstanding continuous plate mills of the Nippon & Company and the U.E.F. Company -- the only most modernized rolling mills of that kind to be found in Japan -- operated with technical skill fostered through experience of many years. Furthermore, the increase in the rate of operation resultant from the re-operation of the furnaces in question will greatly contribute to the reduction of the production cost.

DECLASSIFIED E.O. 12958 SECTION 5.402/UNCLAS

We are firmly convinced that the superior quality and low cost of our products whose increased production is hereby proposed will no doubt turn out to be an important factor in the promotion of export of iron and steel goods.

Shigeo Nagano
President,
Fuji Iron and Steel Co., Ltd.

SUBJECT: Maintenance in Reparations Plants

TO : Mr. Sachio Kishida
Governor of Hyogo Ken

THRU : Hyogo Liaison Office

1. Recent inspection by this headquarters of the Osaka Kiko K. K., Inagawa Plant (13 - 62) indicate that roof repairs are necessary in the No. 2 foundry and the tool making shop. In addition custody of reparations items will be improved by erection of a suitable fence along the eastern boundary of plant compound.

2. It is the responsibility of your office to insure that the actions mentioned above are accomplished.

Re: Report on Attempted Entry into Rep-Plant.

Place — Osaka Kiko Inagawa Plant

Time — 31 Mar. 47 3:40 p.m.

A group of 7 or 8 Japanese (said to be former employees of the plant) headed by a Mesei (in civilian uniform) tried to make a forced entry thru the main gate. Guards stopped them and called Mr. Hayakawa. The Mesei spat fire at him and started scuffle. Hayakawa held tight and they couldn't succeed in getting in.

The plant immediately reported the case to M. P. at Itami Airfield but was told to report thru Itami Jap. Police. It was reported to Jap. Police at 18:00.

Buckley?

{ Told Mr. Okumura to get as much identification of this Mesei chap (this guy was said to be drunk)

SUBJECT: Advice of Designation of your Factory for
Custody and Control for Possible Repairs
Use.

TO : Osaka Mechanical Industry Co., K. K.
Inagawa Plant
34, Nita-mura, Itami-Shi,
Hyogo Ken.

1. You are hereby advised that according to Memorandum to the Imperial Japanese Government from SCAP No. AG 387.6 (13 Aug 46) ESS/IN (SCAPIN 1134) equipment and machinery installed in your factory has been designated for custody and control for possible repairs.

2. You are permitted to operate all equipment and machinery temporarily, but you are advised that thirty (30) days after receipt of this letter the said equipment and machinery may be removed without advance notice. You are required to take necessary measures to insure that the equipment and machinery is properly protected and maintained. You are also required to post signs indicating that your factory is Off Limits to all unauthorized Japanese and Allied Military Personnel and you will establish a twenty-four (24) hour guard system.

3. For any further information that you may require in connection with this advice you will call or communicate with the Commerce and Industry Section of the Hyogo Military Government Team, Prefectural Building, Kobe.
