

"PROGRESSIVE'S" OPEN LETTER TO THE CIVIC ASSOCIATION IS ANSWERED

Appeared in Last Week's Issue

To the Editor of Our Town:

Your open letter in last week's issue in regard to the much needed station and postoffice, addressed to the Narberth Civic Association and the citizens of Narberth, voiced a sentiment which has been uppermost in the minds of the citizens of Narberth for a long time. We have dreamed of a new station, wished for a new station, talked about a new station and at times have almost convinced ourselves we were going to get a new station. The same is true as to a new postoffice. Incidentally, in connection with these two improvements and as a logical part of them, is the question of tunneling the railroad at Essex avenue, so as to provide a more convenient means for passing from one side of the railroad to the other. These three improvements are part of the general scheme of station improvement and could no doubt be carried out most economically if done at the same time.

Appropos of the whole subject, I am reminded of a statement made by "Girard" in the Public Ledger under date of January 27, 1917, in which he refers to the fact that Merion is to have a new station and postoffice, and to the further fact that the Merion Civic Association spent, in addition to the sum spent by the local authorities, the sum of \$30,000 in land improvements in various parts of that community, and thereby earned the improvement which has been promised by the Pennsylvania Railroad. According to Mr. Girard, when objection was made, by the railroad officials that if a new station were provided for Merion, other main line towns would be justly entitled to the same improvement, was the answer given by the Merion Civic Association, "Have they done what we have done? When they do, you may give them a new station."

Mr. Editor, if the work done by the Merion Civic Association be accepted as a standard of accomplishment meriting the bestowal of favors by the Pennsylvania Railroad, then I think it can be demonstrated that we are entitled to a new station and postoffice. The Narberth Civic Association has recently expended in one section of Narberth alone, nearly \$33,000 to improve a piece of property which has heretofore been looked upon practically as waste land. This improvement has opened up a beautiful residential section which has already resulted in the erection of five homes worth over \$8000 to \$10,000 each, and plans for other houses under way. In all, there are forty-three such building sites. If these average the same in value as those already built, and there is every reason to believe they will because of the building and improvement restrictions on the property, the total valuation of realty in the

To the Editor of Our Town:

In last week's issue of Our Town there was a good appeal for an all-together effort to get a new station for Narberth.

Your appeal made mention of Merion's successful contest for a new station, using as a basis for facts the news articles printed in the North American or in the Ledger and in Girard's write-up in the Morning Ledger, which, among other items, mentioned that one of the reasons favorably influencing the P. R. R. to grant a new station to Merion was the expenditure of \$30,000 for public improvements by the civic-minded citizens of Merion.

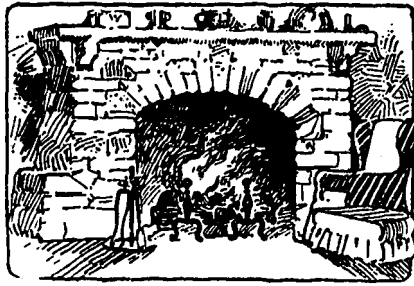

These newspaper articles also detailed how much more progressive was Merion than all her neighboring communities. We of Narberth will admit that Merion has put it over on us in this matter of station publicity—they put across their announcement first; but, really, we can't think for a minute that she actually will get her station before we get ours.

Plans for Narberth's new station (so we have been advised by those in close touch in the councils of President Rea) have been completed for long. Further, we are advised, these plans include a comprehensive improvement, such as a tunnel to connect Essex avenue (north and south) and an approach on the south side, with the possible removal of the freight station.

And why not? Also, why shouldn't Narberth get its improvement first? It has patiently endured a territorial division for over twenty years (the P. R. R. in the meantime has been accumulating interest on this Essex avenue tunnel fund.) It has more regular commuters than any other borough along the Main Line—AND—when it comes to spending money in a public-spirited way, Merion can show nothing to surpass the cost of the Narbrook sub-division improvement. In this community enterprise the original investment was \$56,000 and there has been over \$35,000 spent since.

According to figure-facts, Narberth should have a station twice as good as that for Merion and should get it twice as fast. (P. R. R. agents please consider this.) No, neighbors, we're not jealous! We want you to have a station just as good as ours—perhaps you deserve one of a little better design—but, knowing Brother Edward Bok and his influence with the powers behind the Ledgers and Girard, and also knowing Brother Van Valkenburg and his influence on the North American, we are inclined to believe that the press agent for the Merion Civic Association has got just a little better chance to put across any story he

Assemblyman Stites and Rev. N. Francis Berger Address Suffragists

Because the world to-day is realizing more and more that human rights are superior to material things, great strides are being made in the growth of the woman suffrage movement. The whole earth is neighborhood to-day; people all over the world are thinking the same thing; humanity is above the dollar. Such was the opinion voiced by Hon. Fletcher W. Stites in an address before the Woman Suffrage party of Lower Merion township at its annual convention held February 7 at Community Center, Bryn Mawr. The influence of women, he said, is needed in civics to-day because of their great feelings of mercy and because of their interest in improving and preventing bad conditions which should never have existed. Woman suffrage will bring about a more careful administration of justice because women are more given to attention to detail than are men. The speaker told of a man who had served a twenty years' term in prison for stealing a horse, and remarked "In present-day slang, that was certainly 'some horse.'" The help given by women to-day in Belgian relief work is, in Hon. Stites' opinion, the best evidence that woman's help will be valuable in civic affairs.

The Rev. N. Francis Berger spoke most emphatically of the benefits to be derived from woman suffrage, and stated that the greatest good will be achieved when men and women shall work together for the good of humanity, as co-partners and co-equals, without any distinction of sex.

Previous to the addresses a business meeting was held, and officers for the ensuing year were elected. Mrs. James D. Winsor, of Haverford, was unanimously re-elected leader; Mrs. J. E. Spurr, of Narberth, first vice-leader; Mrs. S. I. Merrill, of Cynwyd, second vice-leader; Miss Ellen Winsor, secretary, and Mrs. J. A. Lafore, treasurer. Many prominent residents of the Main Line attended the convention, among whom were Mrs. Richard S. Francis, of Bryn Mawr; Mrs. Edmund Evans, of Ardmore; Mrs. A. M. Snyder, of Ardmore; Mrs. Edward P. Flannery, of Wynnewood, and Mrs. William M. Gehmann, of Cynwyd.

A LETTER FROM MR. GOLZE

In accepting the grand prize awarded me for the best kept garden in our community, during the past year, I do so with the pleasure that is afforded one when he realizes that he is the fortunate one of many close competitors.

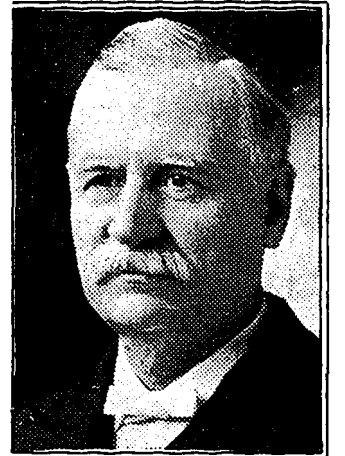

To them I wish—one and all—better success during the coming year. I frankly say I want to be the winner again; but I also would be glad to see another winner next year. I do not contemplate any lessening of the care of my garden, and can be counted on to give a run for the cup, but I look for the incentive to be such that another may supersede. The benefit will be in making all sit up and take notice. In fact, I hope to see the rivalry so keen and consequently the improvements so tremendous from year to year that it will be a long while before anyone will have the opportunity to become the permanent owner of the cup. In the meantime I shall be the proud possessor of the prize, recognizing that even with all my best efforts I may be deprived of it, and if so, determined to again win it back and so help to create an incentive that I believe will be of wonderful attractiveness and surpassing benefit to our ideal community, our home town, which we can also make a garden spot, all year 'round.

WHAT MERION HAS DONE

From Philadelphia Ledger:

Men of Merion certainly know how to do things, and one has to hand the palm to them.

Here for years all the larger communities on the Main Line, like Overbrook, Narberth, Ardmore and Haverford, have been after the Pennsylvania Railroad to build new stations. They didn't seem to get very far.

Now up steps little Merion and gets the railroad to build a new seventeen thousand dollar station there and a postoffice in the bargain.

"How in the world did Merion get it over?" asked an astonished commuter from Bryn Mawr.

Simple enough, my friends, when you know the facts. These men of Merion first did things themselves. They dipped into their own pockets for \$30,000 in three years for roads, lights, road repairs, trees and all sorts of improvements. That was all in addition to the regular taxes.

Well, they made Merion look so fine that the railroad station by comparison grew shabbier and shabbier. I fancy it made a Pennsy official wince every time he saw it.

Having pulled \$30,000 out of their own pockets, these Merion men went to the railroad officials and said: "There, see what we have done? Now what are you going to do? Can you afford to lag behind when the community is going ahead?"

The railroad apparently couldn't afford to have the dowdiest exhibit at Merion, but the officials inquired: "If we give you a new station at Merion, how about Overbrook and the rest of your neighbors on the Main Line?"

To which Edward Bok and his Merion Civic Association replied:

"Have they done what we have done? When they do, you may give them a station."

And that's the way Merion got its new station and post-office—by doing things itself. God helps him who helps himself, and President Rea's railroad appears to follow that example.

It is a good one to go on for any town—do things before you expect others to do for you. The Merion Civic Association's motto puts it admirably:

"To be Nationally right and State right we must first be community right."

"PROGRESSIVE'S" OPEN LETTER TO THE CIVIC ASSOCIATION IS ANSWERED

(Continued from First Page)
Borough of Narberth will have increased by nearly \$400,000 as the direct result of this little journey of the Narberth Civic Association in the realm of civic improvements. In addition to this, the borough has received a donation of several acres of improved park land, on which the, as above named, amount of nearly \$33,000 has been expended, and which goes to the borough without a cent of cost, with the exception of the re-payment for the cost of construction of the sewer amounting to \$4550. Most of the above total expenditure was for the building of roads which, in the course of ordinary style of development, would have come out of the taxpayers of Narberth. All of this work was planned during the first year of the existence of the Narberth Civic Association, and is now substantially carried to completion.

The above is only one of the projects which the Narberth Civic Association has carried through for the benefit of the community. The association has in fact put Narberth on the map to stay. The important point to bear in mind is that all this means additional population and a proportionate increase in the revenues which the railroad receives from Narberth.

Now Mr. Editor, had I the opportunity I would say to the railroad officials, in answer to Mr. Bok's question, that Narberth has done as much as Merion in helping itself and is just as much entitled to new improvements as Merion. The Narberth Civic Association, which is made up of the people of Narberth, has proven to the home seekers that this town possesses all the qualities which go to make up an ideal home community. True we have not the numerous large and wealthy estates which are found in Merion, and which add so much to the beauty and prestige of that community. But Narberth is a town of homes nevertheless and what Narberth has done represents the expenditure of considerable energy and labor on the part of many of her citizens, more in fact than was required of the residents of Merion to accomplish what they have done, because the greater wealth of their residents makes the carrying through of such projects an easier task.

We congratulate Merion on having secured the promise of a new station at an early date. But have we not shown by our deeds that we are entitled to the same consideration as Merion from our railroad, whose aim is to furnish the acme of efficiency and service in the transportation of its passengers?

How about this, Mr. Rea?
George M. Henry.

(Continued from First Page)
wants the general public to believe of Merion than have the poor would-be press agents for the Narberth Civic Association or those representing some of our other progressive neighboring communities.

However, we wish you well, and will continue to say "howdedo" whenever we meet. Only you must smile and say, "ain't it easy to put it over?" And we wish we could say the same.

W. A. C.
N. B.—Incidentally, what two progressive communities supplied fire-fighting apparatus and men to put out the fire in the Merion Day School? (Please, Mr. Collins—Girard—will you answer in your column in the near future?)

N. B. 2.—And please, P. R. R. officials (if these things really count), please consider that some of the land for the Narbrook Park development was purchased from your real estate department.

Co-operate.

Bristol has a "town manager" at a salary of \$2,000 a year. Good idea for Narberth? One would know whom to hold accountable for conduct of borough business and the manager might easily save his salary by introducing far-sighted expenditures of the public moneys—to wit: Note condition of new road work on Windsor avenue.

To the Editor of Our Town.
Referring to the open letter to the Civic Association, and to the citizens of Narberth, which appeared in last week's issue of Our Town, I would thank "Progressive," the author of the letter, if he would kindly tell us, in some definite way, in what direction "to get busy."

BOY SCOUT NEWS ANNIVERSARY WEEK

Reduced admission rates are offered to Boy Scouts to hear the lecture by Mr. Lewis Buddy, Field Commissioner of the Boy Scouts of America, on February 16 at the auditorium of the Narberth High School, at 8.15 P. M. The regular admission rate is 35 cents, but the Alumni Association of the Narberth High Schools offers each Boy Scout a rate of 25 cents for admission.

This is one chance in a lifetime to hear Mr. Buddy, as it was most difficult to secure his lecture for Narberth, but the Alumni Association had a "pull" and finally arranged for this splendid lecture.

General Leonard Wood, when making an address at the Academy of Music last month, highly recommended the Boy Scout movement, saying it made each boy more efficient to take care of himself and others, and that it taught him essential factors tending to inspire him with American patriotism, for which our American boy is so noted. And at this particular time, when the services of each Boy Scout may be needed at almost any moment, the things which Mr. Buddy can tell you will be of vital importance.

The Alumni Association asks that each Boy Scout wear his uniform on this occasion, and greet Mr. Buddy with some good cheers.

Don't forget the date, place and time: February 16, Auditorium of Narberth High School, 8.15 P. M.

The regular meeting of Troop 1, Narberth Boy Scouts, was held Friday, February 9, 1917.

Trip to Ardmore.

The meeting was opened as usual and Mr. Cole read us a message from the Chief Scout Executive, John Wilson reported on our trip to Ardmore on Thursday, where the Scouts of the Main Line met for commemoration of the seventh year of the life of the Boy Scouts' existence and to hear Naturalist Scoville. It is interesting to note that seven years ago the 8th of February there were no scouts enrolled at headquarters in New York and that there are now over two hundred and fifty thousand Scouts enrolled in this country.

The Buddy Lecture.

Mr. Cole then announced that a lecture at the public school was to be given by Mr. Buddy and advised us all to go. He also read a letter from the Alumni Association stating that the special rate of 25 cents was to be made to Boy Scouts who appeared in full uniform.

We hear from the Ardmore Scouts that several of them will be down to Narberth to go to this lecture, but as we, the scout editors, are not paid for advertising this lecture, we will now stop.

Anniversary Church Service at Bryn Mawr.

A number of Narberth Scouts went to church in Bryn Mawr and heard a fine illustrated lecture on the life of Abraham Lincoln. We were accompanied on this trip by Mr. and Mrs. Cole and Mr. George W. Braden.

Notes.

W. W. Walton was elected for leader at the next meeting.

Three Scouts were appointed to warn the Scouts that they had left one week in which to pay up their

I do not want to be a kicker, but if our citizens do not take some action regarding the matter of indiscriminate distribution of circulars in our borough, surely they are allowing a matter of very vital importance to go by unheeded.

I would thank you, Mr. Editor, if you would reproduce last week's article, to which I refer, following this letter.

Have the residents of Narberth sufficient interest to express their views?

Too many good suggestions, which so often appear in your paper, are passed by unnoticed.

Interested.

WHY NOT IN NARBERTH?

(From last week's issue)

The following article recently appeared in the Conshohocken Record:

"Conshohocken enforces its ordinance against the indiscriminate distribution of circulars and other advertising matter. Many outsiders have long known that advertising matter cannot be thrown into yards and on steps of houses finally to find their way into the highways. There are some persons who do not know of the law and that it is rigidly enforced. Wednesday, a Manayunk business house sent a man here and he distrib-

uted many advertising circulars and in a manner that was objectionable. He was promptly stopped and taken before the Burgess. Conshohocken has no complaint of the streets being cluttered with waste paper because the law is enforced."

Boy Scouts Celebrate

Main Line Boy Scouts started Thursday a celebration of the seventh anniversary of the Boy Scouts of America with a joint meeting of troops from a number of towns at Ardmore. Besides special exercises, Samuel Scoville delivered an address.

CUB'S WEEKLY LETTER

To the Editor of Our Town:

News is scarce around Narberth these cold winter days. If things are quiet here—the most progressive town on the Main Line—what must they be further up? Ye Scribe walked all over town on Sunday, but met few Narberthians; probably most of them were enjoying their Sunday afternoon siesta or a quiet game, who knows?

The new school house is now roofed over and is a mighty good looking building. A new flag would improve it, however.

On Montgomery pike, between Narberth and Woodbine avenues, are two quite recently established dog farms, or kennels, to use the fancy name. I wonder what particular inducement Narberth holds out in that line of business to tempt two dog breeders to locate here, doggone it! Mutts must be scarce around here.

The old ball field is gone, now that a good sized house is covering the path from home plate to first base. Funny thing about that house—there is no chimney. How do you figure it out?

Three houses are going up on the old Justice property on Narberth avenue. Pretty soon we will have to annex Anthwyn Farms, if we want a breathing spot or a place for our surplus population. There isn't much room on the south side. The latter is the aristocratic quarter of the town—if you don't believe it, ask Sam Laird or Brad. Troutman.

Jim McMackin is slamming up a pagoda on Chestnut avenue. The Grove Place cellarless mansion is almost finished and Sammy Atherolt's double-decker tenement garage is nearly complete. Not many vacant lots left. For the love of Mike, don't touch the tennis courts.

Will someone please donate a calendar to John Caldwell. His jitney bus still carries a 1916 tag.

It may not seem fair to give Bill Cummer so much free advertising in this column, but it would be a crime not to mention his latest exploit. Last Sunday he was seen in an auto holding in his arms a wee French Poodle, wrapped up in a laprobe. Bill was giving the thing an airing and looked as though he was ashamed of his job. This is a new line for Bill and he hopes to branch out later minding babies. He certainly would amuse them.

According to Adam Wilson, "Some young bucks' idee of diversified farm-in' seems t' be raisin' Cain an wild oats."

Rob Snyder sez that, "While a grandfather's clock looks imposing on a stairway, it's the ninety-eight-cent alarm clock that keeps things on the move."

Freddy Moyer has built a garage on his lot. Last week he bought an oil can, a pair of goggles and a monkey wrench. In case he ever buys an automobile, all those things will come in handy.

OFF TO THE WAR ZONE

Doubtless, few are aware of the work being done by the Narberth Branch of the Queen Mary's Needlework Guild. Last December the branch sent away 1977 pieces, which number was made up with slings, packs, sponges, bandages and wash rags.

Last Monday another lot was sent off, the total number of pieces being 2317, made up as follows: 335 slings, 1700 sponges, 31 bandages, 10 knitted wash rags, one pair knitted socks and 240 7x7 packs.

START SIXTH HOME IN NARBROOK PARK

The sixth home in Narbrook Park was started Monday of this week when Samuel Atherholt, builder, commenced the excavations for a bungalow for W. A. Fuchs, of Allentown.

Mr. Fuchs purchased the lot next to the home built by J. B. Williams on the amphitheatre circle and secured permission from D. Knickerbacker Boyd, the consulting architect for the Civic Association, to build a bungalow similar to the one on Anthwyn Farms. He expects to occupy his new home before June 1.

Mr. Fuchs was formerly assistant sales manager and director of advertising for the Lehigh Portland Cement Co., Allentown, but has recently become director of merchandising with the Associated Artists of Philadelphia.

Mid-year tests!

We appreciate the serious yet pleasant aspect of our test week. We have been made to see the importance or value of tests, but we have not been scared.

Among the list of our visitors for the week, we see that of President McCarter, who spent the entire day of February 12th with us.

Mr. Melchior reports to the "office correspondent" that Mr. McCarter was elected as one of the five members of the executive committee of the State Directors' Association.

Mr. Braden, physical director of the Central Y. M. C. A., addressed the boys of the High School on Tuesday. As always, his message went right home.

Lincoln's Birthday was appropriately celebrated on February 12th. The pupils of the advanced grades were retained after the little tots were dismissed and Mr. Melchior read to them "The Perfect Tribute," by Mary Shipman Andrews.

Wanted, in the Junior class during the week of mid year, a girl without a text book.

Are You a Renter?

Many of the citizens of our Year-Round-Home-Town started here as renters. After living here a while they were convinced that Narberth is the best Suburb to Philadelphia. Do likewise—add up your rent receipts—ask your broker to show you a "Smedley House." They are all glad to do so because they don't have to talk their heads off to make a sale. (The houses are all salesmen.)

streets of Narberth last Sunday morning.
Miss Margaretta Van Pelt, of New Hope, spent the week end with Miss Augusta Witherow.
Mrs. G. H. Reese, 206 Woodbine avenue, is visiting friends in Altoona and Hollidaysburg.
Mr. John B. Alker, of Forrest avenue, has a method of producing the finest rhubarb in zero weather.
Mrs. Harry Cook, Jr., has taken Mrs. Arthur Cole's place as chairman of Civics in the Community Club.
Mr. and Mrs. William Livingston, of 228 Essex avenue, have been entertaining Mrs. Harry Reed, of Maplewood, N. J.
Mrs. Frank Calvert, formerly of Narberth, but now of Swarthmore, writes: "Please send Our Town. We miss it so much since we left."
Mrs. John A. Miller, of Iona avenue, who has been seriously ill in St. Agnes' Hospital, is improving. Her friends wish her speedy recovery.

NARBERTH BUILDING & LOAN ASSOCIATION

Notice is hereby given that by resolution of the Board of Directors of the Narberth Building & Loan Association, a special meeting of Stockholders will be held on Thursday, May 3, 1917, at 9 o'clock P. M., at the general meeting place of the Association, Elm Hall, Narberth, Pennsylvania, to take action on the approval or disapproval of a proposed increase of capital stock from \$1,000,000 to \$2,000,000.
THOMAS C. TROTTER, Jr., Secretary.
FLETCHER W. STITES, Solicitor.

daughter, Miss Adelyn, who will remain until spring.
Do not forget to come to Elm Hall (Fire House) at 8 o'clock on Monday evening, February 19, for a game of cards with your friends. Speak to some of the Community Club ladies about it.

The regular meeting of the Fortnightly Club was held last Tuesday, 6th inst., at the residence of Mrs. John Gilroy. In spite of the inclement weather, eleven members were present. A paper was presented by Mrs. A. J. Loos on "The Aztecs."
Mr. William C. Poor's many friends will be glad to learn that he has returned from the Hahnemann Hospital, where he recently underwent a painful operation for mastoiditis. He is very much improved in health, and it is hoped that he will very soon be entirely well.

Mrs. Samuel Land entertained at luncheon on Wednesday at the Arcadia Restaurant. It was a Valentine luncheon. Those present were: Miss M. N. Tinney, Mrs. A. Montague, Mrs. J. Meyer, Miss M. Maxwell, Mrs. D. Colvey, Mrs. B. McLoughlin.
Mr. E. R. Dunne, formerly supervising engineer at Narbrook Park, visited Narberth recently. He has recovered from an illness which kept him in the hospital several weeks at his home, Richmond Hill, Long Island, N. Y. We understand he will return to Narberth shortly to resume his position with the Highway Maintenance Company, of which Mr. Alexander C. Shand, Jr., is president.

OFF AGAIN! ON AGAIN!
POSTPONED ONCE MORE

Dealing with temperamental talent is a task which has driven many professional theatrical managers to the brink of despair. There is no human characteristic known to man which has quite the propensity for the production of gray hairs, for people who attempt to guide or manage it, as has this characteristic, the artistic temperament. Therefore, be not surprised, gentle townfolk, if you perchance discover that some of the fair ladies of the Community Club seem to be growing prematurely gray.
The truth is that the caprice of the artist has made necessary the second postponement of the February entertainment of the Community Club. As no talent of sufficient merit is available just now, the date to which it is desirable to postpone the entertainment must, unfortunately, be left undecided.
Mrs. Imogen B. Oakley, who was scheduled to lecture before the club Monday evening, February 19, does not find it compatible, at this time, to speak on the date specified or on any other date that the club can at present offer. So a new program must be arranged, announcement of which it is to be hoped can be made in the next issue of Our Town.

This aggregation of black-face comedians and singers made their first appearance on the Main Line at Ardmore on January 17 and 18, when they played to crowded houses in the Auditorium both evenings. They are to appear during the present month for the benefit of the Baby Hospital Fund. Meanwhile they are booked here in Narberth for a benefit performance in the Auditorium of St. Margaret's Church, on Thursday evening, February 15. A treat is in store for those who attend. Tickets, fifty cents.

OBITUARY.

It is with regret that we learned of the death on Thursday of one of our most respected citizens, Mr. Arthur Haight.
Mr. Haight was in the wholesale fruit business in Philadelphia and had been a resident of Narberth for a long time.
Mr. Haight had a severe illness last winter from which he never fully recovered. Anyone who knew him loved him; he always had a pleasant word and smile for everyone, especially the children, who cannot seem to realize their friend has left them. His friends on the 6.29 will miss him sadly.
The town extends their sympathy to his wife and daughter.

COMING—KEEP OPEN MONDAY EVENING, FEBRUARY 26TH, ELM HALL.

Musical: Philharmonic Quartette in costume. May Farley, soprano; Marie Loughney, alto; Dr. John Becker, tenor; John Vandersloot, bass; William Sylvanus Thunder at the piano.

The music lovers of Narberth will be given a rare treat by these popular artists. Miss Marie Loughney recently won the prize offered by the National Federation of Women's Musical Clubs for the best voice, either male or female.

It is seldom that such talent is heard at a popular price concert, and were it not for the fact that their services are voluntarily given such a thing would be impossible.

The proceeds from this concert are to be used for the benefit of the Y. M. C. A. Come out and do your part in the interest of our boys and show these good friends that we appreciate their efforts in the good cause.
Dancing after the regular program.

Y. M. C. A. NOTES

Leaders' Corps.
Yes, we have at last started a Leaders' Corps, the purpose of which shall be to take care of various phases of association work and to work in co-operation with the secretary.

The Leaders' Corps is open to every member of the Y. M. C. A., but before you can be selected as a leader you must show special ability in the following lines:

Biblical Studies, Social Activities and Gymnastic Work.

The emblem of the leader for the Junior Department shall be a white keystone 2 1-2 x 2 1-2 inches with a blue triangle in the center with the initial N also in blue inside of the triangle. The same emblem also applies to the Senior Department only that the triangle shall be red and the initial N shall also be red.

As a boy or man qualifies for any of the above three subjects he will be presented with a half-inch bar which shall be placed directly under the keystone.

There shall be a limited number in the Leaders' Corps, which shall be ten, including both departments, each department to be governed directly by the secretary and who shall also consist of the proper officers.

Mr. Schaeffer will watch carefully everyone who enters the gym class and shall choose certain boys or men whom he shall place under personal surveillance and call them temporary leaders until they properly qualify as a full-fledged leader.

Mr. Schaeffer has thus far chosen Mr. Donald Faile and Mr. Millard Dickie as leaders in the Junior Department.

Tests for temporary leaders shall be given each Saturday morning and it is Mr. Schaeffer's hope to have the full quota of five leaders for the Junior Department chosen before the summer season sets in.

In short, the Leaders' Corps stands and is a symbolic emblem for clean speech, clean sports and clean habits, and is the standard efficiency test for any boys who desire to undertake it.

Boys' Department.
Yes, every Tuesday night and Saturday morning you will always find a large crowd of young boys on the gymnasium floor anxiously awaiting to be instructed in all lines of gymnasium work. They are all very enthusiastic about it, too, and they thoroughly enjoy everything that Mr. Schaeffer has in store for them. So get in line now.
Boys, now that a Leaders' Corps has been formed, your real test is before you, as that it is Mr. Schaeffer's desire to see each and every boy on the floor in good time and obeying his every wish. Your qualification as a leader will entitle you to admittance to the annual leaders' banquet which is held at the Central Y. M. C. A., and to many other things too numerous to mention here.

Save Your Papers.
A big thrift movement has been started at the local Y. M. C. A. in the procuring and saving of old newspapers and magazines by the boys. The movement is similar to that being worked out by the Philadelphia public schools and should be the means of doing at least two big things—the teaching of thrift to the boys and bringing increased revenue to the association for the purchasing of equipment, which is badly needed at this time.
Save your papers and drop us a card or telephone.

Here we are—at it again; this time our worthy Senior team put it over on the strong team from the South Branch Y. M. C. A., score 30 to 29. Talk about exciting! Well, those of you who were not in the balcony rooting for the home team missed the greatest treat of your lives. The score at the end of the first half was 16 to 11 in favor of the visiting team, and things even looked sort of gloomy at the end of the second half when the score stood at 28 to 29 in favor of the visitors, with a foul to be shot by the Narberth team. Thanks to Mr. Smith's fine shot, which tied the score and which made the visitors so cross that the referee, R. C. Hoffman, called a second foul, which Mr. Smith politely dropped into the basket, making a final score of 30 to 29. Line-up as follows:
Narberth. S. Branch Y. M. C. A.
Kirk forward Honnen
Jefferies forward Graupner
Durbin center Gray
Smith guard Crawford
Davis guard Blakeman
Smedley substituted for Davis in the second half.
Foul goals—Narberth: Smith 10 out of 13. South Branch Y. M. C. A.: Graupner 7 out of 13. Field goals—Narberth: Kirk 3, Jefferies 2, Durbin 2, Smith 2, Smedley 1. South Branch Y. M. C. A.: Honnen 3, Graupner 6, Gray 1, Crawford 1. Referee: C. Humphries, first half; Dr. R. C. Hoffman, second half.

The above is a new department, and in order that it shall be the greatest use to the community the list should contain the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen.
As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, addresses, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 2 lines; 5 cents for each additional line.
