NAVY DEPARTMENT
WASHINGTON 25, D. C.
2118 Massachusetts Avenue, N. W.

15 October 1945

MEMORANDUM FOR: Records Administration Div., EXOS
Attention: Lt. Comdr. E. J. Leahy
Subject: Complete list of awards granted by
Navy Board for Production Awards.

1. A complete list of "E" Awards granted by the Navy Board for Production Awards is herewith forwarded as per enclosure 1 for information and files, as this list constitutes the only complete, official list of awards granted by the Navy Board for Production Awards.

2. If there should be any question as to the total number of awards granted, the Navy Board wishes to state that the figure written in ink in the lower lefthand corner of each page is the official total of plants granted the award for that page. This figure will vary with the total listings due to the fact that some plants are merely extensions of other awards and thus are not considered by the Navy Board as being separate awards.
