COPYRIGHT, 1891, BY THE EXECUTIVE BOARD OF THE ALUMNÆ OF THE GIRLS' HIGH
AND NORMAL SCHOOL OF PHILADELPHIA.

NOTE

The many kind friends who have rendered assistance, either by contributions or suggestions, in compiling this little book,—especially MRS. HENRY W. HALLIWELL, MISSES JANE AND MARY CAMPBELL, and the CLASS HISTORIANS OF THE ALUMNÆ OF THE GIRLS' HIGH AND NORMAL SCHOOL, PHILADELPHIA,—will accept the editor's sincere thanks. Without their aid so cordially given, we could not have had an ALUMNÆ COOKBOOK.

We may live without poetry, music, and art ;
We may live without conscience, and live without heart ;
We may live without friends ; we may live without books ;
But civilized man cannot live without cooks

He may live without books,—what is knowledge but grieving ?
He may live without hope,—what is hope but deceiving ?
He may live without love,—what is passion but pining ?
But where is the man that can live without dining ?—OWEN MEREDITH

OVERHEARD.

Mr. Public.—I thought that you were already well supplied with cook-books, my dear.

Mrs. Public.—Oh, so I am; only this, you see, is the “ALUMNÆ” COOKBOOK, and I want it very, very much.

Mr. Public.—And why are you anxious, my dear, to have the “ALUMNÆ” COOKBOOK? So far as I can see, it is simply a bundle of recipes like all the rest of its kind.

Mrs. Public.—[*Aside.*] Now isn't that like a man? [*Aloud.*] Indeed, husband, you are mistaken. Listen one moment, and I will show you wherein lies the difference between the “ALUMNÆ” COOKBOOK and all others. In the first place, not one of its recipes has been put in for “padding,”—in order, merely, to fill out the volume,—and each recipe is vouched for as “good” by its own sender. Again, I find many dear friends among the one hundred contributors. Just fancy! they represent every administration of the Philadelphia Normal School, from '49 to '91—Dr. Wright's, Mr. Cregar's and Mr. Fetter's.

Mr. Public.—Every administration? How interesting!—especially to those who, like ourselves, appreciate the good work that our Normal School has done, and is doing, for this community.

Mrs. Public.—Yes, indeed; not only for this community, though. The daughters who call the Normal School their “Alma Mater” are widely scattered, and each is the centre of some circle of influence wherever she may be. Turning at random the leaves of this little volume, I recognize the names of ladies, one of whom, I know, now lives in California, another in Minnesota, still another in Texas. West, North, South, as well as East have evidently had a share in making the ALUMNÆ COOKBOOK.

Mr. Public.—That reminds me. Wherefore “ALUMNÆ” COOKBOOK?

Mrs. Public.—Just turn to the title-page. See? Every contributor was once a “sweet girl graduate” of the Normal School, and therefore belongs to its “Alumnæ.”

Mr. Public.—I understand. [*Reading from title-page.*] “Sold exclusively for the benefit of the Teachers' Fund.” Hum! Ha! An excellent purpose. My dear, suppose we take a copy.

Mrs. Public.—Only one?

[*Exeunt Mr. and Mrs. Public soon afterward with several copies of the ALUMNÆ COOKBOOK, one for their own use, and the rest to be distributed among friends “for the good of the cause.”*]

BLACK BEAN SOUP

BY

MRS. GEO. W. KENDRICK

(Minnie Murdoch)

SOAK over night 1 pint of black beans. In the morning put them on to boil in 2 quarts of cold water. Simmer about 5 hours, adding more cold water as it boils away (about $\frac{1}{2}$ cupful every $\frac{1}{2}$ hour), so there will still be 2 quarts when done. Rub through a strainer, put on to boil again; add 2 teaspoonfuls of salt, 1 saltspoonful each of pepper and mustard, and a pinch of cayenne. As soon as it boils, thicken with 1 tablespoonful of flour and 1 tablespoonful of butter, which have been cooked together. Add more seasoning if required. Slice a lemon and 2 hard-boiled eggs in a tureen, and pour the soup over them.

CLAM SOUP

BY

MRS. WM. J. CLARK

(D. Cornelia Earley)

25 clams, 1 pint of milk, 2 tablespoonfuls butter, 1 heaping tablespoonful flour, 1 teaspoonful minced onion, 1 teaspoonful chopped parsley, a pinch of mace; salt and pepper to taste. Put in a pot the *hard* part of the clams, onion, parsley, mace, and seasoning, with clam liquor increased to

1 quart with water. Cook *covered*, a half-hour after it begins to boil. Heat in another vessel the milk; when hot, stir in the butter rolled in flour and set in a pan of hot water to keep hot after it has boiled two minutes. Strain the soup back into the pot, over the soft part of the clams, the only digestible part, and simmer five minutes. Pour the thickened milk into a *hot tureen*, stir in the soup and serve. (Very good for a flagging appetite.)

CALF'S HEAD SOUP

BY

MISS KATE H. BUNTING

THOROUGHLY clean a calf's head, and boil until meat falls off the bones. Cut the meat in pieces, *not too* small. Tie the brains up in a bag and boil, too. 3 large potatoes cut into pieces about the size of dice, 1 bunch pot-herbs, 1 large onion, the hollow of your hand of cloves, sweet marjoram, summer savory, thyme; rub well and put all in the liquor to boil, about the time the potatoes are put in; pepper and salt to taste. To make the force meat balls get about 1 pound of veal and chop fine. Mix up with sweet marjoram, pepper and salt, and roll into balls about the size of a nickel, dust them with flour and fry brown in butter. Put them on a plate and serve with the soup for those who like them in it. (You may add to the soup after taking from fire a few slices of lemon, and sherry or Madeira wine to taste.) Before taking soup from fire, mix some flour and water together to thicken, but do not get it too thick. We always strain the liquor before putting in the other things so as to get rid of the little bones.

BOILED SHEEPSHEAD

WITH CREAM SAUCE DRESSING

BY

MRS. M. M. GABRYLEWITZ

(Mary M. O'Brien)

PUT the fish on to boil in cold water enough to cover it. Do not salt the fish but put salt in the water. Add to the water one carrot sliced, one onion, four cloves, two slices of lemon, three bay leaves, a little parsley, a tablespoonful of vinegar. Let all come slowly to a boil. When the fish is done, take carefully out of water and lay in a flat dish. *For the Dressing*:—Put a tablespoonful of butter in a pan and melt; when melted, add one tablespoonful of flour and mix to a smooth paste. Take from fire and add half a pint of scalded cream and about three tablespoonfuls of the water in which the fish was boiled, to give flavor. Add the yelk of an egg, stir all well together and pour over the fish. To be eaten cold or warm. This sauce can be used for any kind of boiled fish. Hard-boiled egg chopped very fine and parsley spread over the top, may be added if desired.

BAKED SALMON

BY

MISS ELIZABETH McCANDLESS

1 can Hapgood's salmon; 1 cup milk; 1 teaspoonful butter; 2 tablespoonfuls flour; 1 egg. Mix milk, flour, butter together and bring to a boil. Beat egg light. Season the salmon with pepper, salt, and a dust of celery seed. Beat the egg with the salmon and last add the boiling flour, butter, and milk. Stir together and bake half an hour or twenty minutes in a quick oven.

TAKE fifty large oysters. Stew in their own liquor till the edges curl. Skim out the oysters and put where they will keep warm but not cook. Add to the liquor $\frac{1}{2}$ pint of

chopped parsley, 1 tablespoonful of chopped onion, $\frac{1}{2}$ grated nutmeg, salt and cayenne pepper to taste; boil all together until it thickens. When nearly done, add the yolks of 2 eggs, mould, roll in eggs and bread-crumbs, fry in boiling fat.

(Emma E. Geiselman)

three eggs, half a teaspoonful of salt and a pinch of pepper. Mix eggs, pepper and salt thoroughly, and, using your hand, lay the oysters, one at a time, in the egg, then roll in

DRAIN large, plump oysters for half an hour through a colander, lifting them with a wooden spoon occasionally to assist in running off the liquor. For each dozen allow

smooth cracker dust, then again in the egg, and, finally, press smooth and shapely in the dust. Spread upon a large tray or biscuit board upon which a little dust has been sifted. Do not pile them on top of each other either now or after frying. When all are prepared heat the lard-bath; it must have a depth of three inches, and be *still* hot before putting in the oysters. Fry not more than four at a time. When a deep golden, take out and lay upon a sheet of soft brown wrapping paper to absorb superfluous grease before transferring to a hot plate. They will puff up, and not only taste, but look the delicious morsels they are, with a crisp, rich crust and juicy, tender hearts.

OYSTER PIE

BY

MRS. WM. STIRLING

(Rachel N. Thoburn)

75 large oysters; 2 heaping tablespoonfuls of butter; $\frac{1}{2}$ pint of milk; 1 tablespoonful flour; a tiny pinch of ground mace, salt, and a dash of cayenne pepper. For crust, 1 quart sifted flour and a little salt; 1 cup of *sweet* butter; 1 cup of lard; 1 cup of ice water. Have a clear, hot fire. Put the oysters to drain while you make the crust. Put the lard and salt into the flour, cut fine with a sharp knife, and mix as thoroughly as possible. Add the ice water a little at a time, still using the knife until all the flour is wet. Then use the hands as lightly as possible, making it into a ball for your board, which you must dredge lightly. Roll out the dough and baste it with little bits of butter, using the knife, in close rows; dredge a little; turn the ends over, and roll

up as you would a sheet of paper. Roll out, and baste, repeating this until the butter is used up. Line the sides of a pudding dish (about 9 inches diameter) and fill with an inverted cup and bits of stale bread, or, if the bread is not available, a clean napkin. Roll the top out, about an inch thick, cover your mock pie, ornamenting the edge heavily, as this makes it easier to remove. It is now ready for the oven. While it is baking, stew your oysters. Put the milk and the liquor over the fire in separate vessels, rub the butter and flour smooth, skim the liquor as soon as it boils, add the hot milk, the thickening, seasoning, and last the oysters, which should only be allowed to come to a boil, and then drawn away from the fire. In the meanwhile watch your fire and don't let your mock pie burn, as that would spoil the look of it. Time the baking and stewing so as to have them both done at the same time. Remove the pie from the oven to the board, take off the top with a long, broad-bladed knife, take out your mock filling and replace with the oysters, re-cover and send to the table hot. If you have more oysters than the dish will hold, send them to the table in a sauce boat. The pie should bake and the oysters stew in about fifteen minutes.

DEVILED CLAMS

BY

MISS FRANCES M. CARROLL

25 clams cut fine, 5 hard-boiled eggs, 1 large boiled potato, $\frac{1}{2}$ teacup of butter, 1 raw egg, 1 small onion (par-boiled), salt, pepper, parsley.

Beat potato, butter and yolks together; chop whites and onion. Dip in cracker dust, fry, and place in shells.

LOBSTER CUTLETS

BY

MRS. E. N. GILBERT

(Ellen J. Nolan)

CREAM a piece of butter the size of an egg with flour, and mix in a pint of milk, seasoning with salt, cayenne pepper, finely chopped parsley, and (if desired) a *souçon* of grated onion. Let the milk come to a boil, stirring constantly, and over the prepared meat of the lobster, coral and white together, pour the sauce, mixing thoroughly. Allow the mixture to cool and stiffen, and then form into cutlets about the size and shape of a large oyster. Roll the cutlets in egg and cracker dust and drop into *boiling* lard. When serving, stick into the corner of each a little claw-tip as garnish. Croquettes of finely minced cold meat can be prepared in the same way.

the veal into rolls the size of the little finger, and encase each in the corn meal paste. Take the inner husks of Indian corn, cut off the ends, leaving the husks about 6 inches long, and wash them in boiling water. Wrap each tamal in corn husk, throw 2 or 3 Mexican peppers into the liquor in which the veal was boiled, and cook the *tāmālēs* in it for 15 minutes. Chicken, with a little fresh pork, can be used instead of veal.

to taste. Boil the chicken, not quite so much as for salad, and cut in small pieces, fat, skin, and giblets as well. Boil the brains and sweetbreads in salted water, and the mushrooms until somewhat tender. Cut all in small pieces, add to the chopped chicken, and put all in a saucepan with

enough of the chicken broth to barely cover. Add the cream and the butter rolled in a little flour. Grate a little nutmeg, season with salt and pepper to taste, add half the quantity of sherry and boil until all the ingredients are well mixed and tender. Just before serving add the rest of the sherry and serve boiling hot.

CHICKEN SALAD

BY

MISS MARY MAXWELL

TAKE a pair of large chickens, and, having cleaned and washed them thoroughly, boil until the meat drops from the bones. Skin it and cut into dice. Season with salt and pepper to taste. Cut the white part of three stalks of celery into small pieces. Mix celery and chicken together. *For the Dressing:*—Take the yolks of 3 eggs, 2 tablespoonfuls of olive oil, a *large* tablespoonful mixed mustard. Stir the yolks and mustard together until thick, stir in the oil, and, lastly, add 2 large tablespoonfuls of vinegar, stirring the ingredients together until the mixture is of the consistency of rich cream. Just before serving the salad, add the dressing, and mix well through the chicken and celery.

PRESSED BEEF

BY

MRS. EVELINE FISHER

Put the milk into a porcelain-lined or granite saucepan and stand it over a moderate fire. When boiling hot, add the grated cheese; stir continually until the cheese is melted. Add the salt, cayenne, and beaten yolks, and pour it over the toasted bread. A rich cheese must be used or the rare-bit will be tough.

Drain it well in a colander. Put a layer of maccaroni in the bottom of an earthen dish; add a layer of the cheese grated, sprinkling

over it the minced parsley, the tomato sauce or gravy, and a little salt and pepper. Repeat this twice, adding to the top a layer of bread crumbs. Place in the oven and serve when brown.

then drain off liquor, cover with vinegar, let stand a few hours, and drain dry. PICKLED CHERRIES

BY

MRS. EDGAR O. VAN HOUTEN

(E. Allie Blakeley)

SELECT firm cherries. White oxhearts are the best. Remove all specks. *Pack* the cherries in wide-mouthed bottles, or jars. Cover them with vinegar. Pour vinegar off. To each pint of vinegar use from $\frac{3}{4}$ to 1 pound of granulated sugar. (Quantity of sugar to be determined by strength of vinegar.) Boil vinegar and sugar together from ten to fifteen minutes. Pour over cherries while hot. Into each jar, three or four cloves may be put. Let them stand uncovered till the next day. If any vinegar is left over the jars may be filled as the shrinkage takes place.

To 42 peaches take of best white wine vinegar 3 pints, to which add 3 pounds of granulated sugar and 1 ounce of ground cinnamon. Bring this vinegar with its contents (not the peaches) to a boil, and pour, while hot, over the prepared peaches. Let stand for a day or two, then boil the syrup again and pour over the peaches.

CHERRY PUDDING

BY

MRS. CHAS. M. LUKENS

(Matilda C. Barns)

FOR a family of five persons, boil 4 potatoes (pared) with salt in the water. When done, drain and mash them quickly, and, while still hot, stir in enough flour to roll out. On this sprinkle your seeded cherries (morellas are best), sprinkle with sugar, roll neatly up, put into a cloth or a pudding bag (not too small) and boil or steam for 4 hours. If the water evaporates fill up with boiling water. Eat with butter and sugar (hard sauce) into which is stirred the white of 1 egg and 1 tablespoonful of brandy. A dyspeptic may eat this crust with impunity. The same crust will do for dumplings.

yelks and whites of eggs separately (reserving the white of one egg for icing); then add the sugar to the yolks; then, whites of eggs; next, flour and baking powder; lastly, put in boiling water and place immediately in oven. Bake in two layers, and when cold ice with following icing: 1 cup granulated sugar, 4 tablespoonfuls water; boil together seven minutes; then pour into the white of the egg, which has been well beaten. Beat all the time you are pouring the sugar into the egg; flavor; then spread on cakes when both are cool.

SPICE CAKE

BY

MRS. ISAIAH RUDY

(Laura Dales)

$\frac{1}{2}$ cup butter, 2 cups sugar, 3 eggs (leave out the whites of 2 of them), 1 cup sour milk, 1 teaspoonful baking soda (or, you can use sweet milk with 2 teaspoons baking powder), flour enough for rather a stiff dough, 1 heaping spoon of ground cinnamon. Dissolve the soda in a little boiling water, put in last. Bake in three layers. Ice in between the layers, thickly, using for this the two whites you have reserved.
