P R E F A C E .

In presenting our first volume of the WINSTON-SALEM DIRECTORY, it is with a feeling of pride and pleasure that we announce that we have accomplished even far more than we promised. IN FACT, as the mole hill is compared to the mountain, the log cabin to the modern sky-scraper, the tiniest row boat to the gigantic ocean steamship, just as similar and fitting a comparison would be the previous Directories to the volume presented herewith.

In its preparation every useful feature shown in any Directory Publication, no matter where issued, is embodied, and the work in its entirety was prepared by expert data collectors—men who spend every day of their lives in just such work.

In the alphabetization all names are shown in their proper order; the asterisk (*) following name denotes colored; and whether a citizen of Winston, Salem, Centerville, Southside, Waughtown, etc., all names are shown in proper alphabetical order, and following every name in the Directory we show the address, giving street and number, and if in Winston show by initial letter (W), for Salem (S), for Centerville (C), for Southside (SS) and Waughtown (WT).

In this connection we desire to call the attention of the authorities to the necessity of placing street signs and of numbering the houses; nothing so impresses the visitor, and it is an actual necessity in a community the size of the twin cities.

In conclusion, we desire to extend our thanks for the many courtesies shown the representatives of this work during its preparation and to those who, by their representative spirit, have added to its success. With our assurance that each succeeding volume will be an improvement over its predecessor, we are,

Respectfully,

THE W. H. WALSH DIRECTORY CO.,

W. H. WALSH, Manager.

STREET AND AVENUE DEPARTMENT

WALSH'S

Winston-Salem Directory

For 1902=3.

EXPLANATION.

Reference to this department will show streets alphabetically arranged, regardless of their location.

All names in Street Directory denote heads of houses.

By the decimal system of numbering, one hundred numbers are allotted to each block. Main Street, in both cities, is the dividing line between eastern and western portions of city, and all streets running east and west are numbered beginning at Main.

For names other than shown in this Department, see General Directory of Names.

Hail to Thee **ELECTRIC LIGHT** that cheers the World
with blessings bright

NO FORM OF ILLUMINATION has ever been discovered to equal ELECTRICITY! There never will be! People who want the best that is offered in the way of Light never think of using anything else. If you have been deterred because you thought the best must necessarily be the costliest, investigation will prove that it is not the case. ❖ ❖ ❖

The Daily Journal

HAS A LARGER CIRCULATION than any daily paper published in Winston-Salem, North Carolina, and is the only morning paper published in the Piedmont section of the State, and therefore has a territory all its own; and as an advertising medium, is unexcelled. For all the news all the time, read the DAILY JOURNAL, 25 cents per month.

The Weekly Journal

REACHES A TERRITORY commercially tributary to Winston-Salem, which has a population of eighty thousand people. A very large majority of these never see a daily paper, nor can many of them be reached by bills or circulars, and therefore as the WEEKLY JOURNAL circulates among farmers who take no other paper from this city, it is unequaled as an advertising medium. The subscription price is Fifty Cents per year.

THE JOB DEPARTMENT

OF THE JOURNAL IS LARGE AND WELL
