“PAUL” CHERRY

A new BLACK CHERRY showing most remarkable shipping qualities, having been repeatedly found in perfect condition after shipment of 26 days in closed box.

It is the largest black cherry ever produced. In flavor it excels any other black cherry. It is the only black cherry that cans well. It ripens after all other cherries, so meets no opposition.

The trees have withstood almost zero weather, in northern exposure. It is never a shy bearer; the trees have never failed to fruit abundantly. A handsome upright grower, the fruit bunching on the limbs, making picking easy. The PAUL cherry originated on the ranch of E. V. D. Paul in the mountains of Mendocino County.

The entire stock of young trees is owned by the Leonard Coates Nursery Co., and no one else has any of the nursery stock. The exclusive right to introduce this wonderful cherry has been assigned to the Leonard Coates Nursery Co., and no one else is authorized to sell any trees.

Write the Leonard Coates Nursery Co., Morganhill, Santa Clara County, California, for further particulars regarding the “PAUL” cherry.

Nursery stock will be available during the season of 1908-09.

“The finest shipping cherry I have ever seen. Its great size, unusual firmness, deep, rich, glossy crimson color, fine form and good quality should make it one of the very best, if not the best of all cherries for shipping.”
 Respectfully yours,
LUTHER BURBANK.

“Your cherries are grand and justify all that you claim for them. If this variety should prove as productive everywhere as it does with you, I do not see how any black cherry can hold its own against it.” Very sincerely,
E. J. WICKSON, Berkeley.
 (Dean of the College of Agriculture)

“This is the finest black cherry we have ever seen, averaging larger in size than either the Black Tartarian or the Black Republican, and coming in the market late, it will undoubtedly prove for all time, as it has this season, the best and highest priced seller.”
 Respectfully yours,
WETMORE BROS.,
 Commission Merchants, S. F.
 J. G. Wetmore, Sec.

“The finest black canning cherry I have ever seen.”
