MEMO FOR RECORD:

SUBJECT: Release of Ex-U.S. Army Foodstuffs to the U.S. Army.

1. The U.S. Army indicated a serious need for the ex-U.S. Army processed foodstuffs in MITI stocks. MITI was verbally instructed on 13 December 1950 to transfer to the U.S. Army in Yokohama the requested quantity of processed foods. As the actual quantity of each item to be transfered to the Army would be reduced as spoilage was discovered during the transfer, it was decided that a formal release would be issued at a later date covering only the actual quantity transfered.

2. This memorandum formally instructs MITI to release 1,097,508 pounds of processed foods which were found fit for Army use and for which an official Army receipt has been received.

3. The Japanese Government will receive credit for the quantity actually transfered, in accordance with the approved procedure.

4. Contractors will be reimbursed for handling and loading, in accordance with established procedures.
