"A" - Community chest

Detailed translation in Tok. Shimbun,

Dated May 23, 1949.

#4

The community chest movement, which succeeded in the collection of money during last two years, entered a reflection period this year. How to organize the structure of the secretariat of the Pref. Community Chest, which is apt to make various troubles in the collection and distribution of money, is being brought up for discussion.

In spite of the fact that the pref. authorities have been instructed in the beginning by the government to organize the structure of the secretariats in civil organizations.

The pref. authorities organized the structure of the secretariat in the government organizations in order to attain a good result for Community Chest.

The chief of the Pref. MINSEI Division was appointed as the chief of the secretariat of the Pref. Headquarter, the chief of the Pref. Welfare Section as the vice-chief of the secretariat and the personnel of the Pref. Welfare Section as the personnel of the secretariat.

A chief and staffs of the local office were appointed as the personnel of the branch of the Pref. Headquarter. The activity of the sub-branch are being conducted by town and village headmen and the employees of the town and village offices.

At present time, the movement of Community Chest was brought on a right way, and the transfer of the Secretariat of the Community Chest Committee to civil organizations was brought up for discussion in this prefecture as well as in other prefectures.

Even in the present structure of secretariat, one per cent of collected money must be paid for the expenses which are needed for the activities of the Community Chest and for the wages of only a few full-time clerks in the Pref. Headquarter.

If full-time personnel are appointed in the Pref. Headquarter, branches and sub-branches, all collected money would be consumed for the personnel's wages. Therefore, the Pref. MINSEI Division is hesitating about the transfer of Secretariat to civil organizations.

Concerning the organization of the structure of Secretariat, there are following opinions among the people. But it has not been decided yet.

(1) To transfer to the Pref. Town and Village Assembly.

(2) To have the personnel of the Pref. Relief Compatriot Ass'n help the business of Secretariat.

(3) To be organized it by the personnel of the organizations to which collected money is distributed.

A certain staff of the Pref. Welfare Section said, "We are willing to transfer it to civil organizations, but we hear whether or not the structure of secretariat can be organized completely due to the lack of expenses. Moreover, under the present condition, even if the Secretariat should be transferred to civil organizations, we could not attain even the previous record."

BRITISH COMMONWEALTH
OCCUPATION FORCE
JAPAN

Detailed translation in Tokushima Shimbun,
Dated April 18, 1949.

#1

12.7-million yen was collected in the last Community Chest Drive as against its goal of 15-million yen. It is natural after three years' experiment that opinions are now rising from among various quarters concerning the betterment of its management. To guide such constructive opinions into the right way, mere publicity of the slogans of the drive seems quite in-sufficient.

The major factor determining raison d'etre of the drive is to what extent the beneficiary institutions have been able to obtain good results by the aid of the money. If the beneficiary institutions should stand indifferent to the money collection campaign and no means should be left unavailable for contributors to know in which way their money disbursed, no heart-felt support would be expected from among the people. In this sense, it is incumbent upon all beneficiary institutions to clarify the way they have spent the given funds.

All social service institutions are not entitled to the money aid, because some of them are doing no substancial work but elaborating desk plans and some are so inefficiently managed that most of the money given is spent in personnel and clarical expenses. In some instances, business is over-lapping. These facts show the necessity of organizing all social service institutions.

Care must be taken to reflect the opinions of all institutions in any decision of the Distribution Committee, which is not composed exclusively of their representatives.

The distribution must not be carried out by the make-shift method of giving presents all round. Nor should it be conducted to fill in the deficit of any institutions. This will be clear from the fact that the money was collected from the masses through arduous street campaigns and semi-compulsory allotment to each household, which seems inevitable as a transit measure to gather urgently-needed fund for the imminent relief of starving destitutes.

The best way to make clear the way of money spending, we think, is for the institution to set up a special account to deal exclusively with the money given. Besides, the Distribution Committee should guide the management of all social service institutions into proper way, always keeping supervision on them. Ceasing to idly wait for the ennactment of the Social Service Law,

we should promote social work by the enthusiasm of ourselves through such self-help system as community chest movement.

Social work is doomed failure, if its activities should be intervened by bosses or political considerations.

#11

Dated April 17, '49.

A lecture will be given to the leaders of the Pref. Women's organizations by Mrs. Johnson, officer of the S.M.G.T. at the T.M.G.T. on Apr 19 at 10:00 a.m., and round-table discussion in regard to the activities of the Women's organizations and the other concerned problems is also scheduled.

The attendants are requested to bring their service reports explaining the activities held during past three months from Jan to Mar and also the scheduled service table for 1949 fiscal year.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

RESTRICTED

eight will be held during the first two weeks of March. The purpose of these conferences is to teach some of the "know how" so badly needed by PTA leaders - particularly fundamentals reference organization, procedure and program planning. The plans were made by the Social Education Section with the assistance of MG. The conferences were sponsored by the Social Education Section and active part was taken in each conference by MG personnel. The enthusiasm, questions asked and reactions of those in attendance were definite evidence that each conference was accomplishing the purpose for which they were intended.

b. Womens affairs. -- Conferences were held during the month with women leaders, girl scout leaders, head of the women's and minors bureau and women of the Social Education Section. These conferences were conducted by the region assistant CE Officer and the Japanese woman assistant to the team CE Officer. Through these conferences with women leaders; impetus, guidance, and encouragement is given to women's affairs. Reactions of these women and others, indicate that desirable results are very gradually being accomplished.

c. Adult education. -- The first phase of the adult education program (I Corps Plan) plan, as reported in the January 1949 report, has been completed. A training conference was held for group leaders for the beginning courses. Beginning pilot courses will begin in March.

5. Other Civil Education Latters

a. Use of IFEL graduates. -- There were three men who attended and completed the first Institute for Educational Leadership in Tokyo. All three of these have been appointed as teacher consultants in the prefectural department of education (board of education secretariat).

b. School safety patrols. -- Safety patrols have been organized in two schools in Tokushima city. These are experimental and after some experience is gained from them others will be organized. The Japanese police are sponsoring the patrols and plans were made by them with encouragement and suggestions of the LG and CE Officers of MG.

6. Summary of General Trends - The conclusion of the CE Officer is that the Japanese officials and others, are doing good work in establishing the new education program in this prefecture. Their action is earnest, cooperative and seemingly sincere. This is particularly true since the prefectural board of education came into existence. The idealist and the ultra progressive individuals may say that progress is slow; but the realist working with that which is here will understand and realize that sound progress has been made, and with tactful encouragement and guidance will continue to be made.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Detailed in Tokushima Shimbun,

Dated April 14, 1949.

#6

12.7 million yen was collected in the last Community Chest Drive and the distribution committee-meeting for the allocation to the Welfare organizations of this prefecture was held in Kencho on Apr 12, the each orgaization explained the management condition in accordance with the original bill which was drafted by the Community Chest Committee Administration Bureau. And the second meeting is scheduled for Apr 16 for more careful examination but it is very difficult to allot fairly due to the large numbers of the welfare organizations.

In view of this, there is an opinion among the committee members and the committee administration office authorities that it is unreasonable to distribute money for the welfare employees' salaries. And as a counter-step for this problem, synthesis of the welfare organizations has become to be considered. Although the synthesis of welfare organization is generally considered impossible, their opinions seem to come from the fact that the business contents of the welfare organizations are very similar and it is uneconomical for each of the organizations to keep certain number of employees.

Some of them insisted that allocation of the money should be limited strictly for relief work and the welfare activities should be administered by an unified organ while their business porgrams are decided by the each organization.

When the Social Welfare Standard Law which will be soon submitted to the National Diet becomes effective and the Pref. Social Welfare Committee decideds upon the administrative policy of welfare organizations, this problem will be settled however the serious opinion and discussion concerning the synthesis are attracting the peoples' attentions.

Editorial: COMMUNITY CHEST WILL BE CARRIED OUT COPERATLY

"

The result of nation wide dull of Community chest last year was noisily ~~but~~ talked about at that time. However under the present society and situation like now, it is quite necessary to build the way to previously to start on the effective movement this year. Concerning the last result last year, many kinds of contributions, ~~the~~ influences badly. Nevertheless after the surrender the movement was carried out energetically by the both of Red Cross Hospitals and the Compatriots Relief Party and the result was so bad. In view of this it will be good idea that the community chest movement is carried out coperatly by the both of Red Cross Hospital and Compatriot Relief Party.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

April 9, 1948

To : Chief of Public Welfare Section,
Tokushima Military Government Office.

From : Yasaburo Ohta, Tokushima Prefecture
Community Chest Commissioner.

I appreciate your special guidance given for Community Chest movement.

And now I ask you to give us your opinion, as we want to employ two civilians as full-time personnel in the Community Chest Office in order to make the purport of the movement widely and thoroughly known to every people of the Prefecture and achieve the necessary estimated amount of money in future.

Moreover duties of full-time personnel are as follows:

1. They shall organize Community Chest Committee in every city, town or village throughout the Prefecture according to region and shall be engaged in making connection and giving guidance so that commissioners may visit every home for collecting money.

2. They shall form Committee in every workshop like a company or a factory etc. according to workshop area and shall be engaged in making liaison and giving guidance for them.

3. They shall be engaged in making connection with every social work organization and gathering data as to allotment of money collected.

(1) Directive No. 3320 Finance Ministry December 3rd, 1947

To Tatsuichi Yokoyama, chief of Takamatsu Finance Bureau

Re. None-taxation of admission tax to charity performances sponsored by district committee for Community Chest campaign.

Present social situations call for urgently a drive to have various institutions completly equipped. Many private institutions, however, are found in difficult positions to carry on operation, because of difficulty in obtaining materials due to inflated high price and increased amount of salary for staff, as well as difficulty to get national subsidy under social welfare activities law. Something must be done to alleviate this situation. The Welfare ministry has set up district committees at Metropolis, Hokkaido and prefectures with view to raising fund through Community chest campaign. Even though we consider it proper not to tax to charity performances sponsored by the district committee it is very difficult for us to supervise and check properly the use of proceeds raised in the performance. This made us negotiate with Welfare ministry in order to divide district committees as follows. In Tokyo Metropolis where many wards exist one chapter of district committee is set up for one taxation office in one ward. As for other cities such as Osaka, Kyoto, Nagoya, Yokohama and Kyoto, one city is one unit for one chapter. (one taxation office for one chapter) Charity performance under auspice of chapter is not to be taxed. The way to handle this non-taxation is stated as follows;

1) None-taxation for admission tax is admitted only when chapter turns over the total proceeds of performance to charity organization for purely charity activities.

2) Chapter should submit names of organizations participated in campaign, the expected total amount of fund, the amount of money expected to be raised in performance and names of charity organizations to which fund is to be turned over. The chapter should notify this information beforehand. And also the chapter is responsible to investigate the use of proceeds for charity organizations. 5 percent or 10 percent of the total amount of fund raised in campaign is to be considered as the goal amount of money in performance. And none-taxation is to be admitted within this limit.

3) ~~(2)~~ Community Chest fund raising campaign is carried into effect once in a year. The campaign is to be started from Nov. 25th to December 25th. None taxation performance sponsored by the chapter is effective within 7 days during the campaign period.

[But as for prefectures where committee ~~etc~~ had performed none-taxation performance who before this directive was sent and reached the goal, none taxation ~~is~~ will not be admitted again. ~~This is applicable~~ This will apply only to this year's campaign.

4) Strict supervision and check is to be exercised concerning the use of proceeds ~~of~~ and the total amount of the raised money. outside of campaign period

5) Hereafter none taxation performance peformed by organization participated in the chapter is not to be admitted.

Fund Community Chest

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

proceeds for charity organizations. 5 percent or 10 percent of the total amount of fund raised in campaign is to be considered as the goal amount of money in performance. And none-taxation is to be admitted within this limit.

3) ~~It~~ Community Chest fund raising campaign is carried into effect once in a year. The campaign is to be started from Nov. 25th to December 25th. None taxation performance sponsored by the chapter is effective within 7 days during the campaign period.

[But as for prefectures where committee ~~the~~ had performed none-taxation performance ~~who~~ before this directive was sent and reached the goal, none taxation ~~is~~ will not be admitted again. ~~This is applied to~~ This will apply only to this year's campaign.

4) Strict supervision and check is to be exercised concerning the use of proceeds ~~of~~ and the total amount of the raised money. outside of campaign period

5) Hereafter none taxation performance peformed by organization participated in the chapter is not to be admitted.

December 10th, 1947

*Quota of Community Chest campaign.

Kagawa Ken	5,000,000 yen	Ehime Ken	5,000,000 yen	} 17,700,000 yen in Total
Tokushima Ken	2,700,000 "	Kochi Ken	5,000,000 "	

Directive no. 262 Takamatsu Finance Beaurau

To. chief of Tokushima Taxation office.

Re. How to handle none taxation of admission tax to charity performance sponsored by district committee for Community chest ~~con~~ campaign?

I want you to handle this business in accordance with the directive dispatched from Finance Ministry. The goal amount of money of Charity performance is stated in the ~~only~~ directive as 5 ~ 10 percents of the total amount of fund raised in campaign, but ~~for~~ this year extention of percentage is allowed up to 20 percent.

Chief of Takamatsu Finance Beaurau

(2)

The Amount of Tax and the reason why it should be taxed.

15 percent of 278,650 yen is taxed as admission tax, 167,190 yen.

Since the total amount of fund in Tokushima Ken amounts to 2,700,000 yen, 20 percent of the total is 540,000 yen.

Detail of income of Community chest fund raising campaign (during a weeks time)

Tokushima Taxation office	209,013 yen	(from December 14th to December 20th)
Naruto	162,465 "	
Mugi	21,438 "	
Total	392,916 "	

Reports ~~from~~ are to be sent ~~to~~ us from Wakai-machi, Ikeda, Kawashima, Tomioka Taxations offices. DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Feb. 16, 1948.

To : Mr. Mueller, Tokushima M.G.T.

From : Chief of Public Welfare Division,
Tokushima Ken.

Subject: Community Chest Campaign.

I am very grateful for your kind advice on the subject matter. In staging the campaign next time, I will give consideration to the policy of establishing Community Chest Committees by cities, towns and villages and making house-to-house campaigning of funds. I will also have a serious regard for other instructive recommendations you gave me. As to your demand requesting a statement of gross amount collected, expenses of the Community Chest Campaign and others, please allow me a little time, as my division is now striving to compile the donations from various quarters.

Sign: K. Kawanobe
Chief of ~~Welfare~~ Division,
Tokushima Ken.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Feb. 2, 1948.

To : Tokushima Military Government Team.

From : Chief of Welfare Division, Tokushima Ken.

Subject: Reason for poor result of Community Chest campaign.

This is to seek your understanding about the following situation concerning the above mentioned subject inquired by you the other day.

A. Reason for poor result of Community Chest campaign.

(1) The people of the prefecture are generally concerned little about welfare work.

And generally speaking, Japanese people do not make welfare problems the subject of their study in the concrete, (a) from the educational point of view, so that they have only poor acknowledgement and experiences for these problems from their childhood; (b) Japanese religion circles have the same tendency; (c) it was not all but only part of women's and youngmen's circles, as well as communities at large that took up these problems, and moreover, they lacked positivity.

The same thing can be said of the people of this prefecture.

(2) Specially many subscriptions of various kinds must be concurrently raised by this prefecture.

Canvass for subscriptions of a large sum has been planned, for instance, for such as reconstruction fund of middle schools, fund needed for raising the school status of Medical College and Technical College, construction fund of Constitution memorial Hall, solatium for flood damage in Kanto District, subscription to the Nihon Red Cross Society, subscription to the Compatriot Relief Association, subscription for new construction of junior high schools and community chest etc.

(3) Incomplete mechanism of Community Chest Committee:

Incomplete mechanism of the committee was practically an obstacle to a campaign of a canvass for subscriptions, this being the first experience of the sort.

13

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

It could have achieved better results, if branches of the committee had been put in every city, town, and village.

(4) A canvass for subscriptions grew difficult for agriculture associations which had been raising subscriptions aiming at ¥ 930,000, allocated sum, because they were dissolved to take procedure for reorganization into new agriculture cooperative unions.

Though this prefecture made a canvass for subscriptions through the route of vocational organs the principal method, it would be rather better to take another method by which money is collected in every city, town, and village as its unit, because other prefectures which adopted this method were very successful this time; and we are considering to resort to this regional canvass for subscriptions in future.

B. Reason for changing estimated subscription sum, ¥ 8,000,000 to the current ¥ 2,700,000.

At the time when Community Chest Campaign was started in this prefecture, the Compatriot Relief Association was already forming a plan to canvass for subscriptions of ¥ 5,600,000 as relief fund; including this together with other necessary expenses for social work institutions, a plan was laid to raise ¥ 8,000,000.

But it was limited to the minimum only enough to supplement the red this time in view of the present situation that stated various subscriptions are being raised in every quarter.

And at the same time subscriptions being raised by the Compatriot Relief Association will be counted separately from the estimated sum of the Community Chest. This is a cause to have diminished the total of the estimates sum.

Total of estimate	Raised to date	Estimate hereafter	Total
2,700,000	760,000	700,000	1,460,000

Sign:- K Kawanobe

Chief of Welfare Division,
Tokushima Ken.

13

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Mr. Kawanabe, Public Welfare Division 2/4/48

COMMUNITY CHEST CAMPAIGN

The report, submitted by you, stating the reasons for the poor results of the Community Chest was very interesting.

In looking at the campaign in retrospect, I would like to make the following evaluation: Please refer to your report of Feb.2 to me.

1. While, as your report states, the Japanese people are not fully cognizant of welfare problems, this lack of understanding in welfare matters is not geographically concentrated in Tokushima-ken. Yet, many other prefectures, much worse economically than Tokushima-ken, have reached their goals and in some instances have over-subscribed the amount they set to reach. In some prefectures, poorer economically than Tokushima and yet containing almost the same population, over-subscription has taken place. I am sure, then, that you will agree that this cannot be given as a reason for not having reached the goal.

2. I agree with you that it is confusing to have many campaigns for funds going on at the same time. This was one of the reasons for having a Community Chest in order to eliminate drives for funds being carried on at the same time. It may be a good idea to ask the Gover or to set aside a certain time for the Community Chest campaign, having other campaigns for funds at other dates which do not conflict with the campaign for the Community Chest. With this singleness of purpose, I am sure a better drive could be attained for subsequent Community Chest campaigns.

3. I believe with you that the newness of the campaign was a hardship, inasmuch as many persons were not aware of their responsibilities, it was without sufficient preparation and training for the difficult task ahead, and too much shirking of responsibilities by those who should have accepted the burden that was rightfully theirs.

4. Prior to the beginning of the campaign, I repeatedly stated that house-to-house campaigning for funds should be made, utilizing the services of volunteers for this purpose. I could not see the reason for allocating subscriptions to various divisions, associations, or sections, and believed instead that there were many people, who if approached, wouldbe willing to contribute. Volunteers could be trained whereby each town and village would be canvassed by them. The minsei-iin could be used for this purpose. This would mean that they would have to be familiar with the good work that agencies not receiving public funds actually were doing. I stressed this point over and over again, but my advice was not taken, since it was thought to be an easier method to collect from various associations, sections and divisions. I believe now that you will admit the wisdom in what I have had to say, for had you utilized the benefit of my experience, I am sure the Community Chest would not have made such a poor showing. I could have given an order that the campaign be conducted in the way in which I advised, but I believe you will profit more by experience than by blindly following orders, for by blithefully ignoring what I had to say about the house-to-house canvassing, the goal fell terribly short. Yet, as you can see, other prefectures that did use house-to-house canvassing, even though in poorer economic straits than this ken, were able to go above their goals.

13

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

5. Going about the prefecture and giving talks about the Community Chest may serve to collect money from those who come to listen, but what of the countless thousands who do not attend the meeting? They give nothing and are not even approached for funds. Having a box on the street and asking passers-by to contribute does not serve any useful purpose since many people may pass the same way many times during the day, beingasked each time to contribute and being annoyed by this persistence, while other people never pass on the street at all during the time someone is there to ask contributions of them.

6. It was encouraging to see the civic spirit the governor, yourself, and other officials had in giving of your time and efforts for the amateur theatrical for the benefit of the Community Chest. It was a good finale for the Community Chest.

7. It has also been gratifying to note in the newspapers articles about different institutions and agencies that are part of the Community Chest.

In sumary, therefore, I would like to recommend the following:

a. That steps be taken immediately for the next Community Chest. A chairman be appointed, a public relations person be appointed, and steps be taken for the Community Chest campaign in December 1948.

b. Publicity in the newspapers should be kept up during the entire year, shewing the good results that have been accomplished by member agencies of the Community Chest, alsse explaining what the money collected is used for.

c. Volunteers should be obtained, having one in each block to make a house-to-house canvass of neighbors. These volunteers should be given a course in training, shewing them how to approach a family, asking each member of the family to join the Community Chest, explaining what the different agencies who belong to the Community Chest are doing, what the money will be used for, why the public welfare agencies cannot assume some of the functions at this time, etc. Any talks to be given should be scheduled BEFORE the drive begins and should be given to the volunteers who will seek to make collections from their neighbors for the Community Chest.

d. The Governor should be asked to set aside the dates of the Community Chest drive as an official act and ask other organizations not to ask for contributions during this time.

e. Private individuals, not public welfare employees, should take the lead. Training can be given by public welfare employees to volunteers, but private individuals should accept the responsibility, not public officials or employees.

f. Overhead expenses should never exceed 5% of the total gross amount collected. This should include printing, etc.

I would like to have a statement from you showing the following:

1. Gross amount collected
2. Expenses of the Community Chest campaign, itemized
3. Amount given to various members agencies of the Community Chest, shewing name, amount, and how the member agencies expect to manage throughout the year with less money than they stated they needed.

I believe the lessons learned can be valuable if applied to future campaigns.

DUE DATE: 2/20/48

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(12) ## Wadajima Barracks Liberated.

The Pref. Govt. authorities and those interested in the attraction of the Shikoku university to Pref. had applied BCof HQ. for the Wadajima Barracks some time ago. The otherday they received information of provisional release of the barracks from Lt. Com. Clover(?) of the said H.Q.

prise The formal naval barracks com- 5,978 tsubo buildings on the site of 57,000 tsubo and are convertible into ~~the~~ first-rate university buildings. Should these be formally turned over to Pref, post of- Tech. Col and Vice. Col will be managed to remove there. Anyhow, by this event the current Univ. attraction campaign made a big stride ahead, and the next step of the drive is said to be the acquisition of leadership of the Shikoku Joint Committee by the enthusiasm of the people and schools concerned in Pref.

(13) ## Tokushima Leads in Postal Savings.

When necessity of encouraging savings and existence of deposits in chests of drawers are much talked about what is the actual state of postal saving— a kind of savings by the masses? The outstanding amounts as of the end of Jan. are as follows:

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

HEADQUARTERS
TOKUSHIMA MILITARY GOVERNMENT TEAM
APO 1050

MG-W 9 March 1948

SUBJECT: Tax-Exemption for Welfare Performances

THROUGH: Commanding Officer, Shikoku Mil Govt Region, APO 1050

TO : Commanding General, Eighth Army, APO 343
ATTENTION: Military Government Section

1. Request that higher headquarters communicate with Japanese national government to arrange for some definite ruling clarifying charity performances. Reasons for this request are as follows:

a. At the present time, the decision of whether tax is payable or not for benefit performances rests exclusively with local tax offices. No definite ruling has been established on this, thereby causing the tax office to use its own discretion. If the decision is unfavorable, the sponsors of the performance appeal to Military Government Team for assistance, wanting Team officers to lend their weight to the favor of tax-exemption. This measure tends to place responsibility where it does not rightfully belong, since the matter should be decided by the Japanese. Often, however, because of personality clashes or dislike for certain projects, the tax offices' decision is somewhat capricious and not well thought through. It is, therefore, believed that some definite ruling laid down by the national government regarding the taxation of non-taxation of charity or benefit performances would lessen the opportunities for dependency on the whims of the taxation offices.

b. Inclosure 1 indicates scenes from the "Notables Drama", the finale to the recent Community Chest drive for funds. Depicted are various personages such as the governor, mayor, chiefs of departments of the Ken, who have been civic-spirited enough to give their time and energy to appear for a charity show. The net proceeds, amounting to quite a few thousand yen, were to go to the Community Chest. None of the participants were paid, all giving their time gratuitiously. Robbing Peter to pay Paul, it was believed by taxation officials that the affair should be taxed.

c. The affair proved successful and the participants enjoyed themselves. On their own initiative, they have produced a number of other

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

BASIC: Ltr, Hq Tokushima MG Team, APO 1050, dtd 9 Mar 48, subj: "Tax-Exemption for Welfare Performances"

charity performances. Since there appears to be no law covering such performances, the tax officials have too much authority to decide whether the affairs shall or shall not be taxed. Conference with the Civil Education Officer, this team, also discloses that similar situations exist in the raising of funds for educational purposes as well as for welfare activities.

d. It is believed that if there is a law regarding taxation of entertainments for welfare purposes, it should differentiate between entertainments that are solely for charitable purposes and those produced by professional entertainers who guarantee performances with certain percentages to be awarded to charitable purposes.

e. This problem undoubtedly exists in other prefectures to a varying degree and it is believed, to be equitable, should be uniform throughout the nation.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(1) A word for community chest campaign

E.E. Muller Chief of Public Welfare Section AMG

The first Community chest campaign in Tokushima Prefecture is almost drawing to the finale. I think the campaign, if it is enacted pertinently will bring about the great relief on that part of the welfare work which is yet untouched by the present system Where hunger stalks no crops in the barn is quite safe But if the unhappy people be protected, the benifit resulted thereof will be immense not only at present but in the future.

If the improvement of those who need protection be achieved immediately, the aids required to-day will be far less than in later days

For instance, the child be given enough protection in his childhood he will grow the healthy man and get his own living. If his is neglected, he will impare his health and be forced to bear the burden of bad health to the end of his life. We should pay our tax to make sure his living

This is just one of the examples we can think of.

This campaign should be repeated every year. Up to the present the sum of money aimed at is still short. This means that the those who needs proper protection should remain under inadiquate protection. The people in Tokushima should be well informed that their donation is used wisely and ~~for the purpose~~ according to the purpose.

I sincerely hope that hereafter the ~~the present~~ campaign always succeed and the sum of money aimed at will surpass its target

(2.) The spirit of mutual assistance.

Yasaburo Ota. Chief of Committee of Community Chest.

It is not so acutely hoped for than to-day that the spirit of mutual assistance in our society be kindled. As long as one is thinking of his own affairs exclusively, the reconstruction of Japan is hard to attain. The fact that "Laught it out groupe" by prominent men of this prefecture is going to be staged means much, not just a happy thought. It aims to make audience understand democracy and spirit of mutual assistance in our society through the laughing atomosphere of its play and spread this spirit to the general public.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

This play is meant to entertain the people who donated to Community chest as the ~~spirit of returning~~ token of thankfulness for them by the prominent peasons in this prefecture as expressed by those ~~who are~~ poor and distressed help.

I hope this attempt will inform all the people the meaning of Community Chest and this campaign will also be started vigorously in every town and village.

If this succeeds it will be the great blessing for the democratization and clarification of Japan.

(3) "KANJINCHŌ" by Joshitaro Senō and Yoshio Gotoda
(1 Act) Presented by Yasuo Arii Yoshio Gotoda

Personae

Togashi		Prosecutor : Yoshida
Tachimochi		Chief of Tokushima Tax bureau : Tanaka
Yoshitsune		Governor : Abe
Benkei		Mayor : Senō
Shitennō	1	Chief of Police Section : Watanabe
	2	Chief of Welfare Section : Kawabe
	3	Chief of Education section : Yamamoto
	4	Schoolmaster : Ōtani
Watchmen	1	Susumu Kanoko
	2	Atsushi Hosoi

Togashi : Here I am as the guard of Awa. In order to keep watch bugler, robber and to control the violators of control law the guard newly organized and put to check every passenger. Now, anybody here?

Tachimochi : Yes, sir.

Togashi : When Yamabushi come along, let me know

Watchmen : Sure enough.

Benkei : As we have hurried, we came near the guard station of Awa. Let's have a rest for a while.

Yoshitsune : Well, Benkei. Now passengers are passing talking about the severe checking on Yamabushi in that guard station. Are you taking any precautions?

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Benkei: Yes, sir. I venture to propose that you had better change your appearance to a porter and follow us.

Yoshitsune: That is good.

song——

Tachimochi: A group of Yamabushi came along!

Togashi: What a group of Yamabushi! Hallo Yamabushi. This is the guard station.

Benkei: I understand. We are Yamabushi living near Inotsu castle and going round this prifecture for the campaign of Con-che (Community Chest)

Togashi: What! Con-che? What is that? Conniac?

Benkei: Well, it is the short form of Community Chest.

Togashi: We are not familiar with jargon, say it in full.

Ise: Now Mr Togashi. Aren't you reading newspaper?

Suruga: I found out that there is no radio in this station

Benkei: Community Chest means Kyodo Bokin in Japanese

Togashi: Kyodo Bokin! I take it that you are all rascals trying to cheat money and goods from benevolent people by disguising appearance into Yamabushi. None of you can pass this station.

Kamei: Rascals! What a libel!

Kataoka: Now we'll break it through.

Watchman: Not so easy to break as match-box.

Benkei: How uninformed the guard is! The Community Chest is the campaign to collect money with the co-operation of all organization for the relief of needy.

Togashi: Well it's a very good work. If you are really participating in this campaign as Yamabushi, you should be equiped with the prospectus of the Community Chest. Read it right away, we will listen to you.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

discussion about Community Chest Campaign and general problems.

Amount of contribution for the Community Chest:

Tachibana Town : ¥. 1, 400. 00

Remarks:

A big map of Tachibana Town is prepared for the disaster plan in Mayor's room.

There is no woman Minsei-in at this time in Tachibana Town.
Women of this town should have more interests in public welfare than they are.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

For Community Chest
E
1/16/45
E

After a conference with Public Welfare Section, Military Government, with Mr. Yasaburo Ota of the Community Chest Campaign, it was decided that letteries, previously listed in yesterday's newspaper, as being given at the charity benefit performance, will not be given.

It was explained that lotteries had no part in planning for Community Chest campaigns for funds and that the ¥ 24,000 which would have been given as prizes should, instead, go to the Community Chest, ~~for it would take a total of 48,000 persons at ¥ 50 per seat to make up this amount~~.

It was also suggested that persons donating their time or talents for the charity performance should not expect to be paid. The Public Welfare Officer of the Military Government Team is donating his own time, outside of regular working hours, for the event and########## those associated with the movement should do the same. If there is no need for the things one can do best, then one should be willing to donate his or her time to doing things for which there is a need.

The Military Government had no knowledge of the proposed plan for lotteries nor for the payment of those associated with the charity benefit performance. The Public Welfare fficer of the Military Government Team does not wish to have his name used if lotteries are to be held or if those assisting in the performance are to be paid, since this is not in keeping with the spirit of the campaign. It is believed, however, that his suggestions are good and no lotteries will be given and no one assisting will be paid for their services, since they are donating their time to the Community Chest.

Prepared by Mr. Mueller, PWB, for release to the press. 16/1/45 E.L.

To: Col. Magenot for approval

Col. Magenot feels this should be released by Japanese. Suggests that Mr. Mueller give it to Jap. concerned & request that they release it. E. L.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(29) Supports centered on "Laughing Drama Party of Notables"; Mr. Muller's dance drama announced.

With the progress of the preparation for the so-called "Laughing Dramas of Notables," the plan attracted keen attention of every circle in Pref. as a capital idea for animating now-stagnant Community Chest drive. Mr. Muller, Chief of Pub. Wel. Sec. MCT., wants to give over-all support to this project and through Mr. Ota, vice-chairman of Com. Chest Committee announced on 14 his self-made dance drama "Democracy" to be performed in the cause. The drama is purported to inspire prefectural people with true spirit of democracy by symbolizing it. Noted dancer Takiko Sakaki and her followers are to appear on the stage at the request of the committee, and in addition Mr. Muller who has enough experience and thorough understanding of dramas, being said to participate

(6)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

in the performance, much expectation is entertained by the public.

On the otherhand Prefectural Theatrical Assn. responded to this undertaking and after holding general meeting on 14 offered wholesale cooperation with the foregoing drama party and through the good offices of the Assn. Mr. M. Tahase, keeper of the Shimadai Theatre, and Arii Theatrical Co. decided to take charge of coaching, dresses and stage properties, etc.

Admission fee is set at ¥50 per head and the spectators are entitled to the following prizes, during three days by a kind of lottery.

3	1st	place prizes	Each	¥1,000
6	2nd	"	"	¥500
30	3rd	"	"	¥300
90	4th	"	"	¥100.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Résu-mé of Community Chest Movement

No kipat

Let us get to-gether and contribute what we can afford to spare to this Community Chest in order to give a help and new hope to those needy people suffering from insufficiency, — to people who have before them the fear of starvation coupled with gnawing stomack in this coming cold weather. The serious inflation in which prices of commodity is skyrocketing as times go, affects our poor citizens, war victims, especially poor widows with babies, wounded ex-soldiers, orphans, mad people. Sever cold winter is now approaching to those unprotected people with its merciless cold blade. How could they tide over this critical season unassisted and unprotected ?

Organizations, no matter whether private or public, are striving to do what they can to help those needy people with their unstinting efforts in their respective sphere. Especially about twenty private organizations (social) are giving their help and support in the sphere which is not covered by public organizations.

Those organizations, however, suffer from insufficient operative fund. Expenditure exceeds income. ~~They find~~ They need ¥ 2,600,000 annually only for their operative expenditure.

Precisely speaking, they get ¥ 250,000 as the money in trust under Daily Life Security Act, ¥ ~~1,180~~ 1,130,000 as revenue from nursery. After all ¥ 1,220,000 is deficient. The same amount of money becomes the red figure in their unbalanced budget. Furthermore ¥ 300,000 is needed to cover the expenditure for repair and facilities of institutions. ¥ 1,500,000 is to be taken into their ~~as~~ consideration as a necessary expenditure for obtaining the artificial legs and arms for unhappy wounded cripple.

↓ CONTINUED TO

(5)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

↓ CONTINUED FROM

Besides these expenditures mentioned above, the sort of fund which will enable needy people to tide over this critical winter season should be ready on their hand for defrayment to those needy people.

All expenditures combined together they need at least ¥ 2,700,000.

It is the wrong notion that social work should be the work only for those who engage in that line, and public people need not be concerned with it. People should acknowledge, recognize that it is their responsibility, duty in society to help, support the unfit. We ask you, therefore, to make your contribution to this Community Chest so that we can attain our object of raising the fund amounting to ¥ 2,700,000.

Community chest movement

After the termination of the war, war-sufferers, repatriates, the bereaved, families whose supporters are still out of the nation, the wounded and others, who need relief assistance, have increased considerably. Investigation at the end of July last reveals the number of 37,700 odd men. When taking into account the war orphans, gassing, the demobilized, and the jobless, for whom professional training should be given, the relief assistance should be given widely, the number being expected to become exorbitant. As an accommodation to relieve them, there are public and private charity parties working hard to. But restricted by funds, the public charity parties are in a position unable to ~~extend~~ extend their relief hand to the

(1)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

highest degree, consequently, we
must resort to private concerns.
Before the war, we had 50 of
this sort, but now we have only
two 20. most of them, to make
the matter worse, are over-aged,
with fatal blow, and high cost
of commodities, scarcity of materials,
extreme poverty of the men accused
relief assistance, and the suspension
of subsidy to the private concerns
by the govt. have worsened their
relief function. To keep the way
disencumbered, the prof. welfare
section has, as a new movement
of social welfare business, together
with the leaders of its movement,
adopted a community chest
movement "Why not wealthy
men help the poor?" shouted
a swiss priest long time ago.
He hanged up a chest on the
tree, on the road writing on it "Give
and Take." All wealthy travellers

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(8) threw money in while the poor
drew money out for bread.

The resumption of welfare business
is to go along this spirit.
Now, we have in our hand
administrative power. The
maintenance and development
of community must be made
by us. Consequently, the relief
assistance to the strugglers
should be conducted by our
responsibility. However, amount
of yen 8,000,000,— necessary
for the welfare business is fount
for a year.
not easy task to collect in a
short. But with the same love
as that to our families, we must
see our neighbors and develops
it to our comrades.

(28) Community-chest committee meeting

Mimpo — 19 Sept.

Mimpo 19 Sept.

A meeting for the establishment of a Community-chest committee will be held from 1000 hours on 20 Sept at the lecture hall of MGT. This was arranged by the authorities of Welfare Section, Tokushima Ken who has advocated a stagement of a community chest move, the first attempt of this kind in this prefecture, with the purpose of raising relief funds for approximately 20 social work organizations, repatriates, war victims and other needy persons. The authorities of MGT have much concern about the development of the move, and Chief MUELLER of the Welfare Section is to give a lecture on the problem of public welfare work on that day.

(1)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Mr Report

(36) Welfare Sect. Kencho plans starting Community-chest move.

Community-chest movement will be newly staged beginning this year, instead of the government subsidy to private social work organizations throughout the country, and in this prefecture also, the movement will be started from 25 November for one month with the purpose of raising approximately ¥,000,000 yen from various quarters to distribute it to more than 20 private social work organigations in this prefecture.

However, (to the astonishment of the welfare authorities of the Tokushima Prefectural Government, social work organizations in this prefecture have shown no ~~yeat~~ enthusiasm to redouble their efforts in relief works to take advantage of this stagement of Community chest move.

(33) Readers Forum — On Community Chest Move

(Full Translation)

Since the end of the war, the mission tasked on various social works has come more and more important. The improvement of social-work facilities is an urgent necessity of the moment. However, ~~because of the aggravating inflation, the~~ because of the shortage of materials and increasing cost for personnel expenses, it is impossible for the social work organizations even to maintain the status quo.

Under such a circumstance, it means transfusion of blood to social work organizations that a Community chest movement has come to be advocated. At this juncture, I saw an article titled " Negative Attitude by Social Work Organizations in this prefecture " on the Tokushima Shimbun dated 15 Sept, in which the Kencho officials declared as if we, officials

①

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

of social work organizations, were
taking a negative attitude toward
the Community chest movement
scheduled to be staged by the
Welfare Section of Tokushima
prefectural Government. However,
to my regret, the questionares by
the Government were not so
complete as to allow our wish
express fully As seen in the
statement by Kancho officials on the
paper, our facilities are in
bad condition, ~~so~~ compelling us
to take ~~no~~ a negative attitude. There
are ~~many~~ many enterprises which
we want to undertake, ~~so~~ however
since we are under such conditions
~~under such a such being the case~~,
~~we~~ we are helpless. O

Tokushima Shimbun 11/9/47 No pp 1

Community chest drive

(46)

At the meeting of act the post welfare parties and groups it has been decided to collect funds to relieve the poor as well as repatriates, war-sufferers, the bereaved families, and the families whose supporters are still abroad, by means of Community Chest.

After the war-end, the number of the poor for whom protection should be extended increases day by day. Even in this pref. there are 57,700 odd men at the end of July, besides war-orphans, abandoned boys, the unemployed, the jobless and professional girls, all of whom need relief assistance.

In consideration of its important nature, the central govt. spares no efforts to ameliorate the relief business, but hampered by the budget is unable to extend its aids further. Hence, the private, voluntary welfare business is much longed for, and in fact it

(1)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

is getting busy day after day.
Likewise, the private owners of this
welfare business now number only
about 20, compared with about 50
in former days. High prices,
scarcity of commodities, much personnel
expense have aggravated the execution
of this relief business, almost impossible
to carry on the business. To make
the matter worse, the government
subsidy is now hopeless.
Under such circumstances, the poor
in Community should be looked
after by us in Community. This is a
reason why we have started a
Community Chest drive.
