Baserow introduction

Wikimedia Summit 2022

Movement Strategy & Governance Team

What is Baserow?

- Online database tool
- Open source
- Free to use
- Great user interface
- Easy search, sorting and filtering
- Now: the new database of Movement Strategy activities!

Baserow

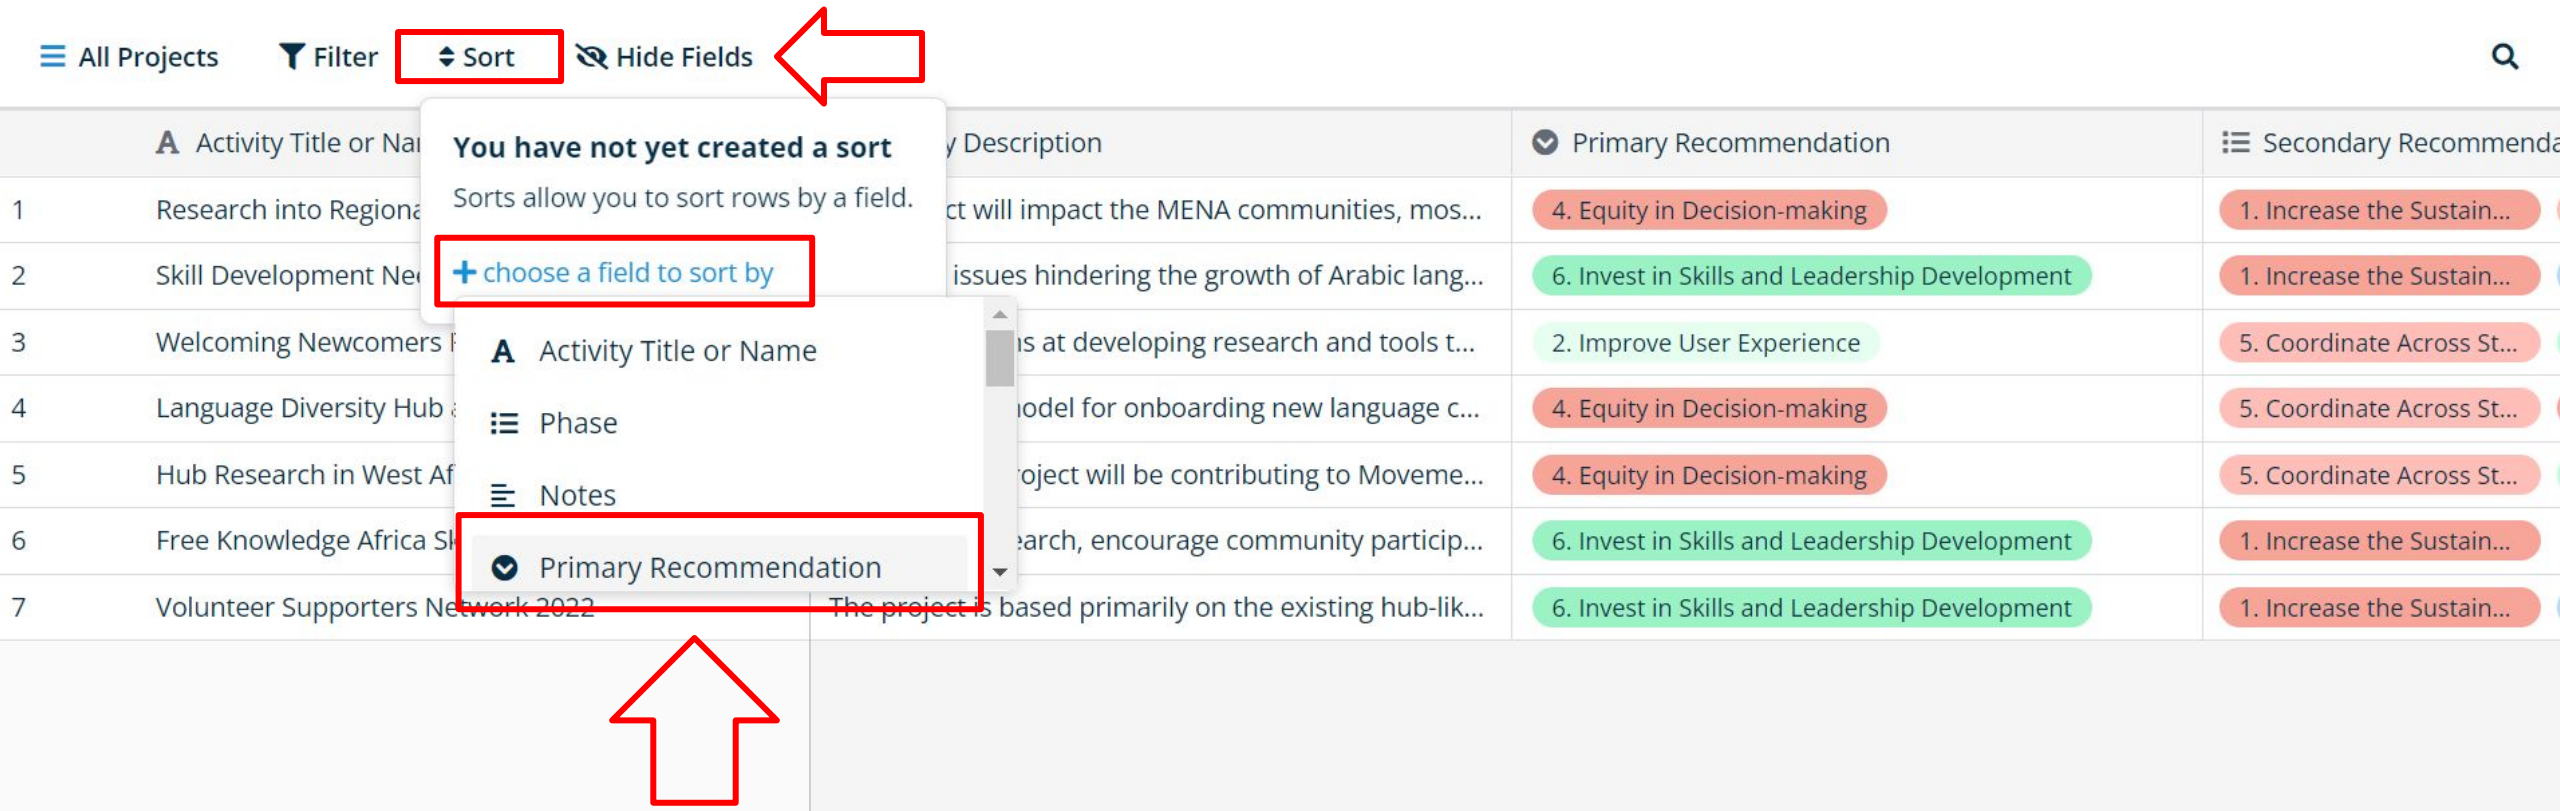
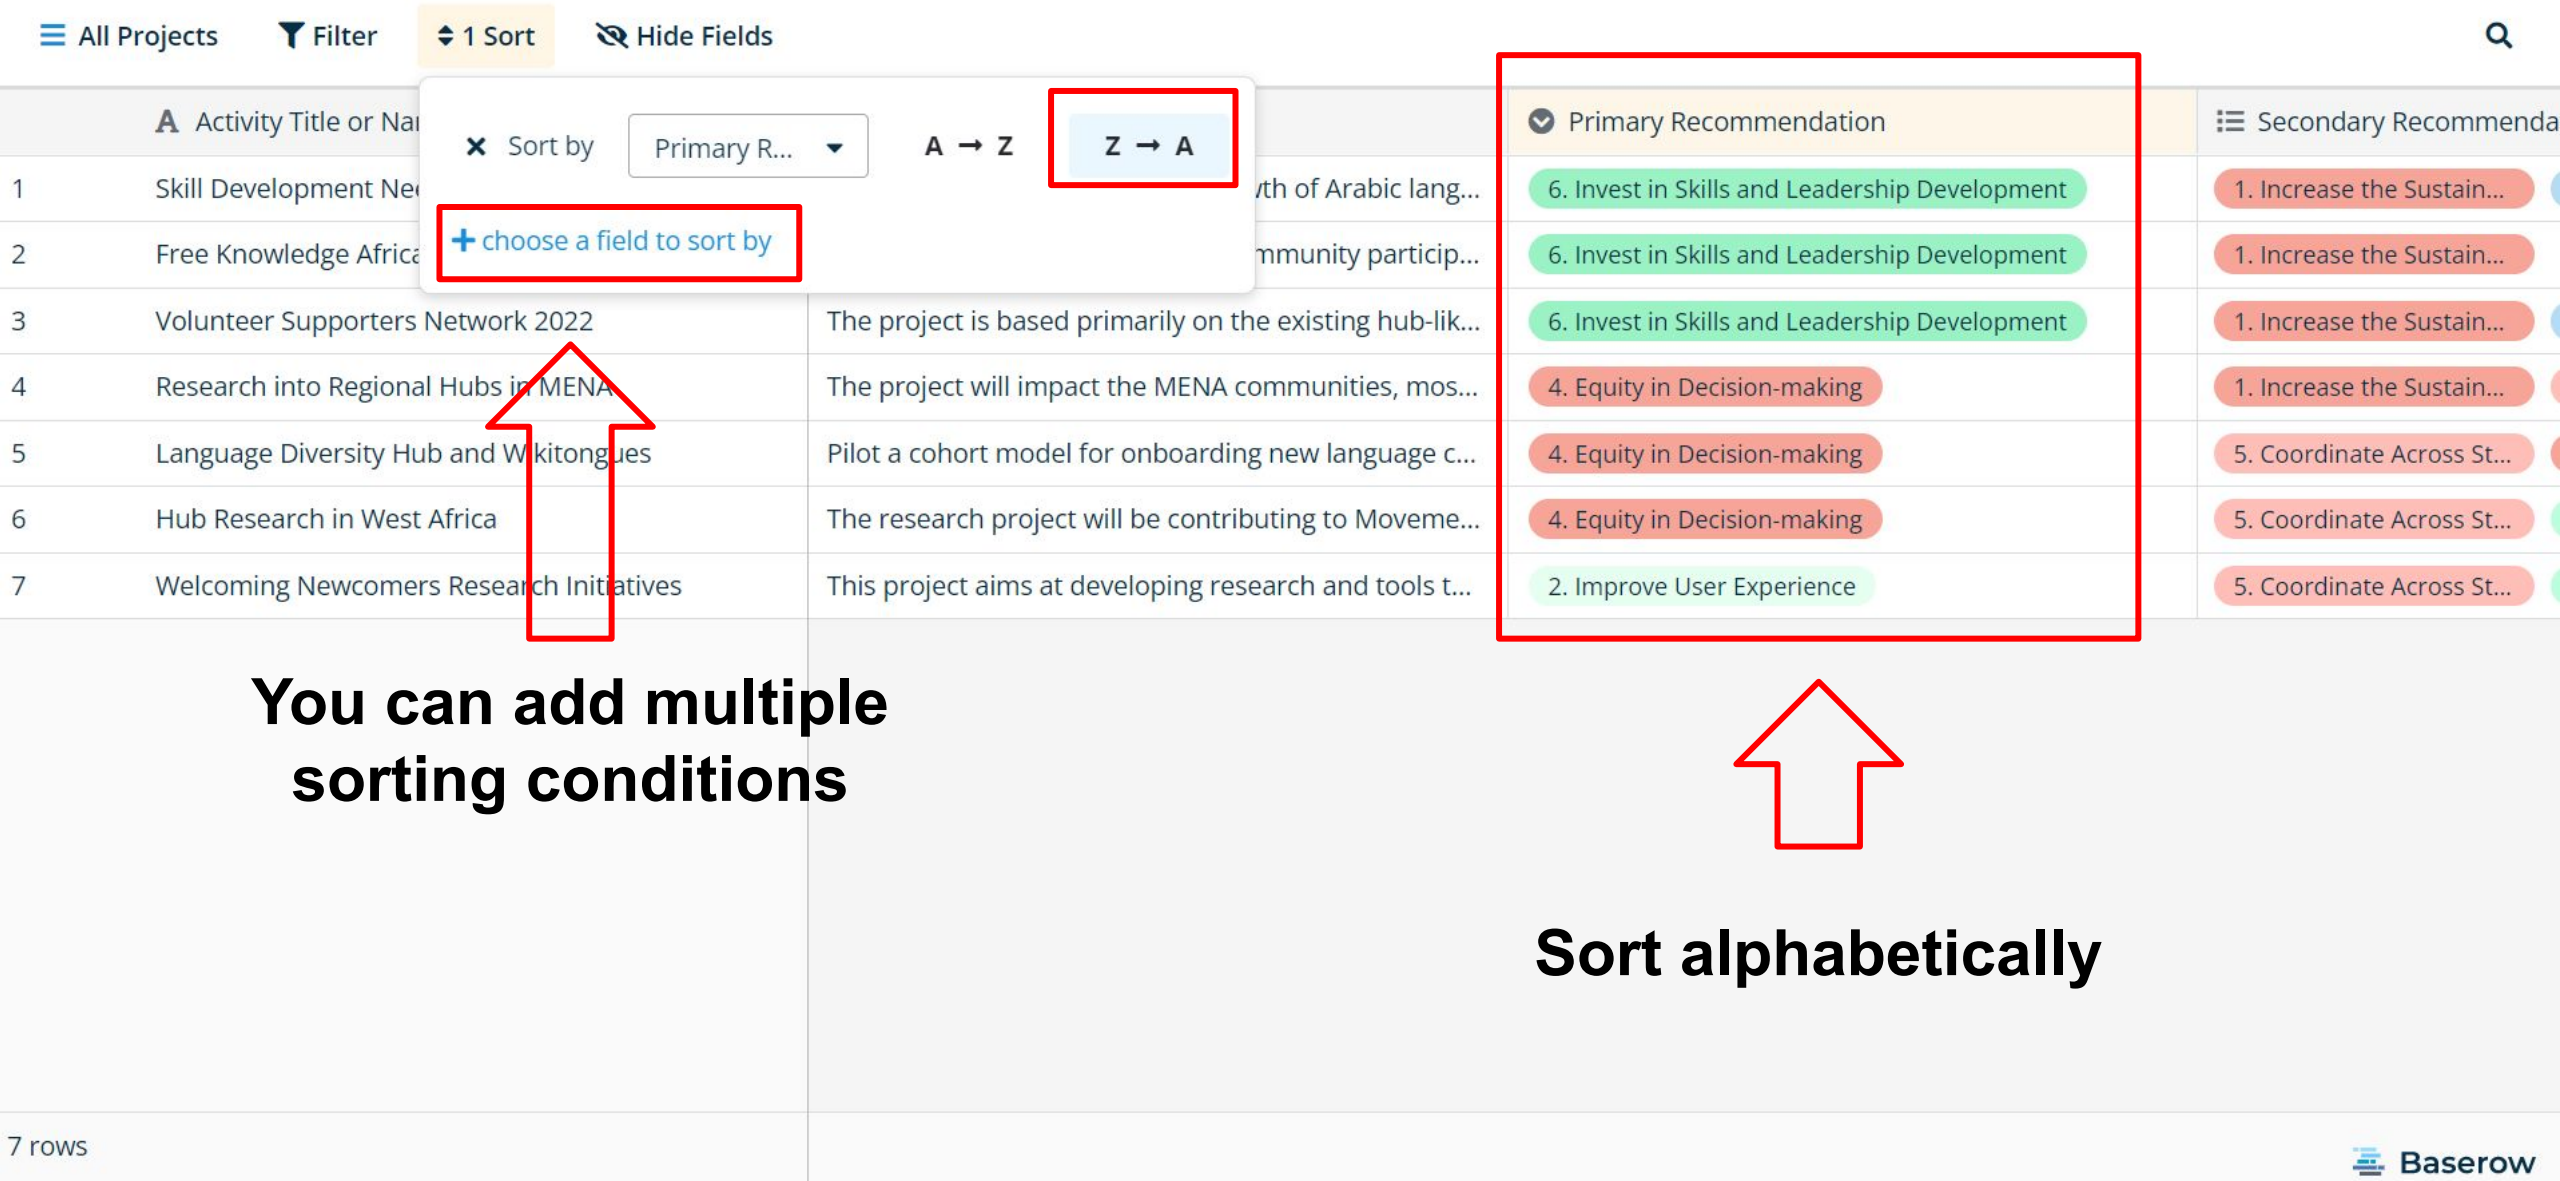
Typical search box!

Sort the activties



Select “sort” then choose a field to sort by

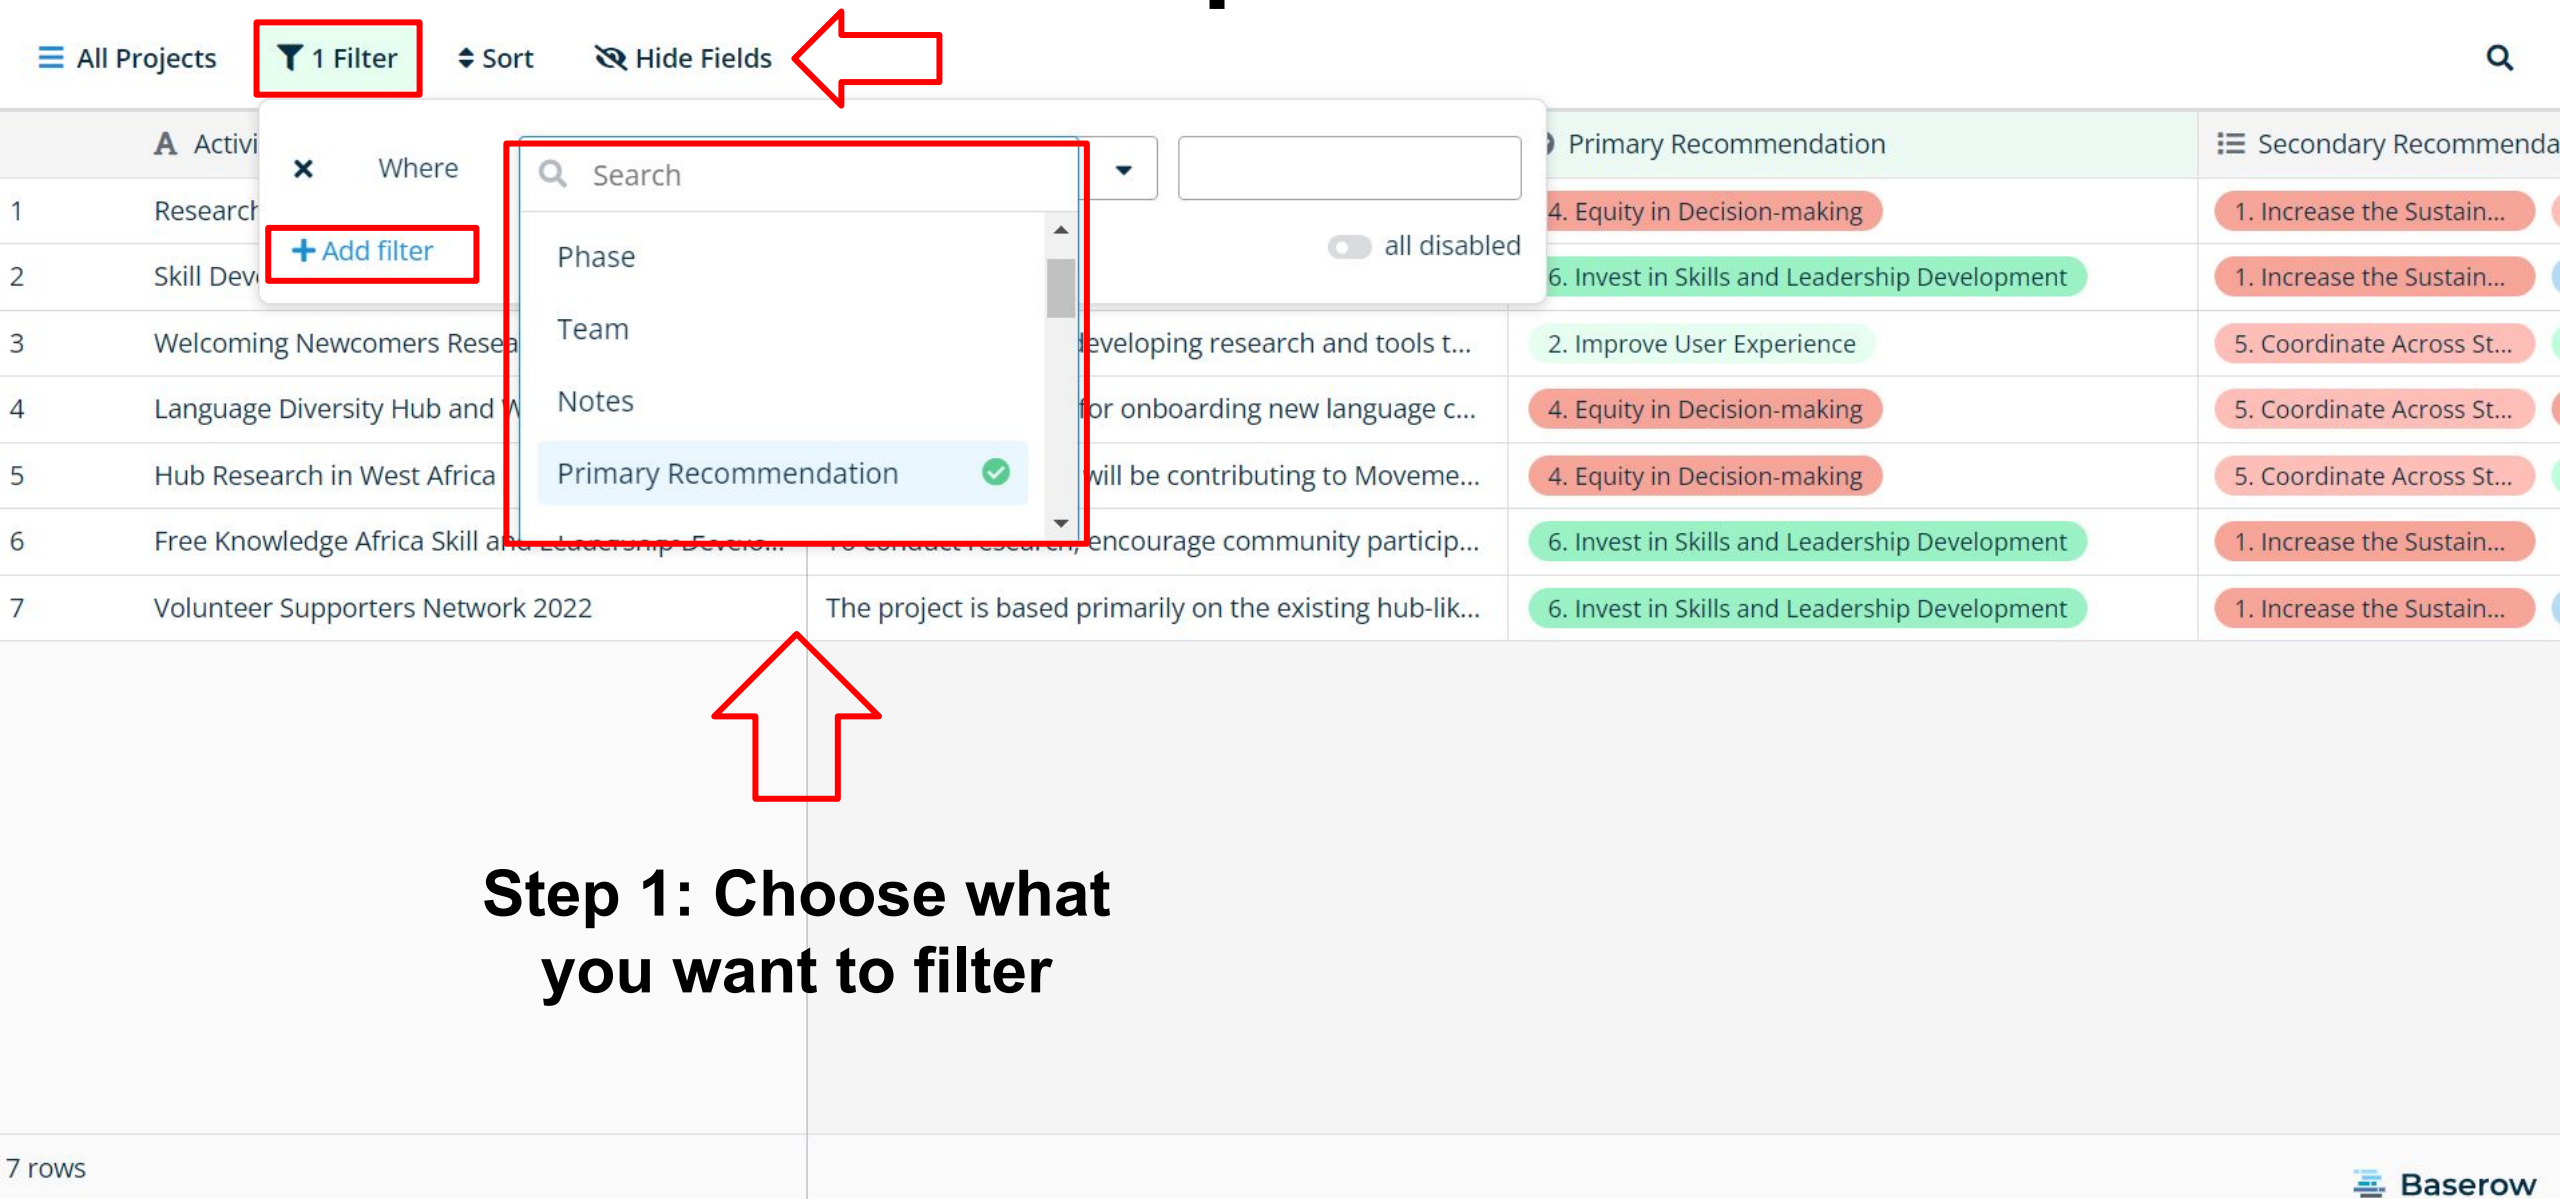
More sorting!



You can add multiple sorting conditions

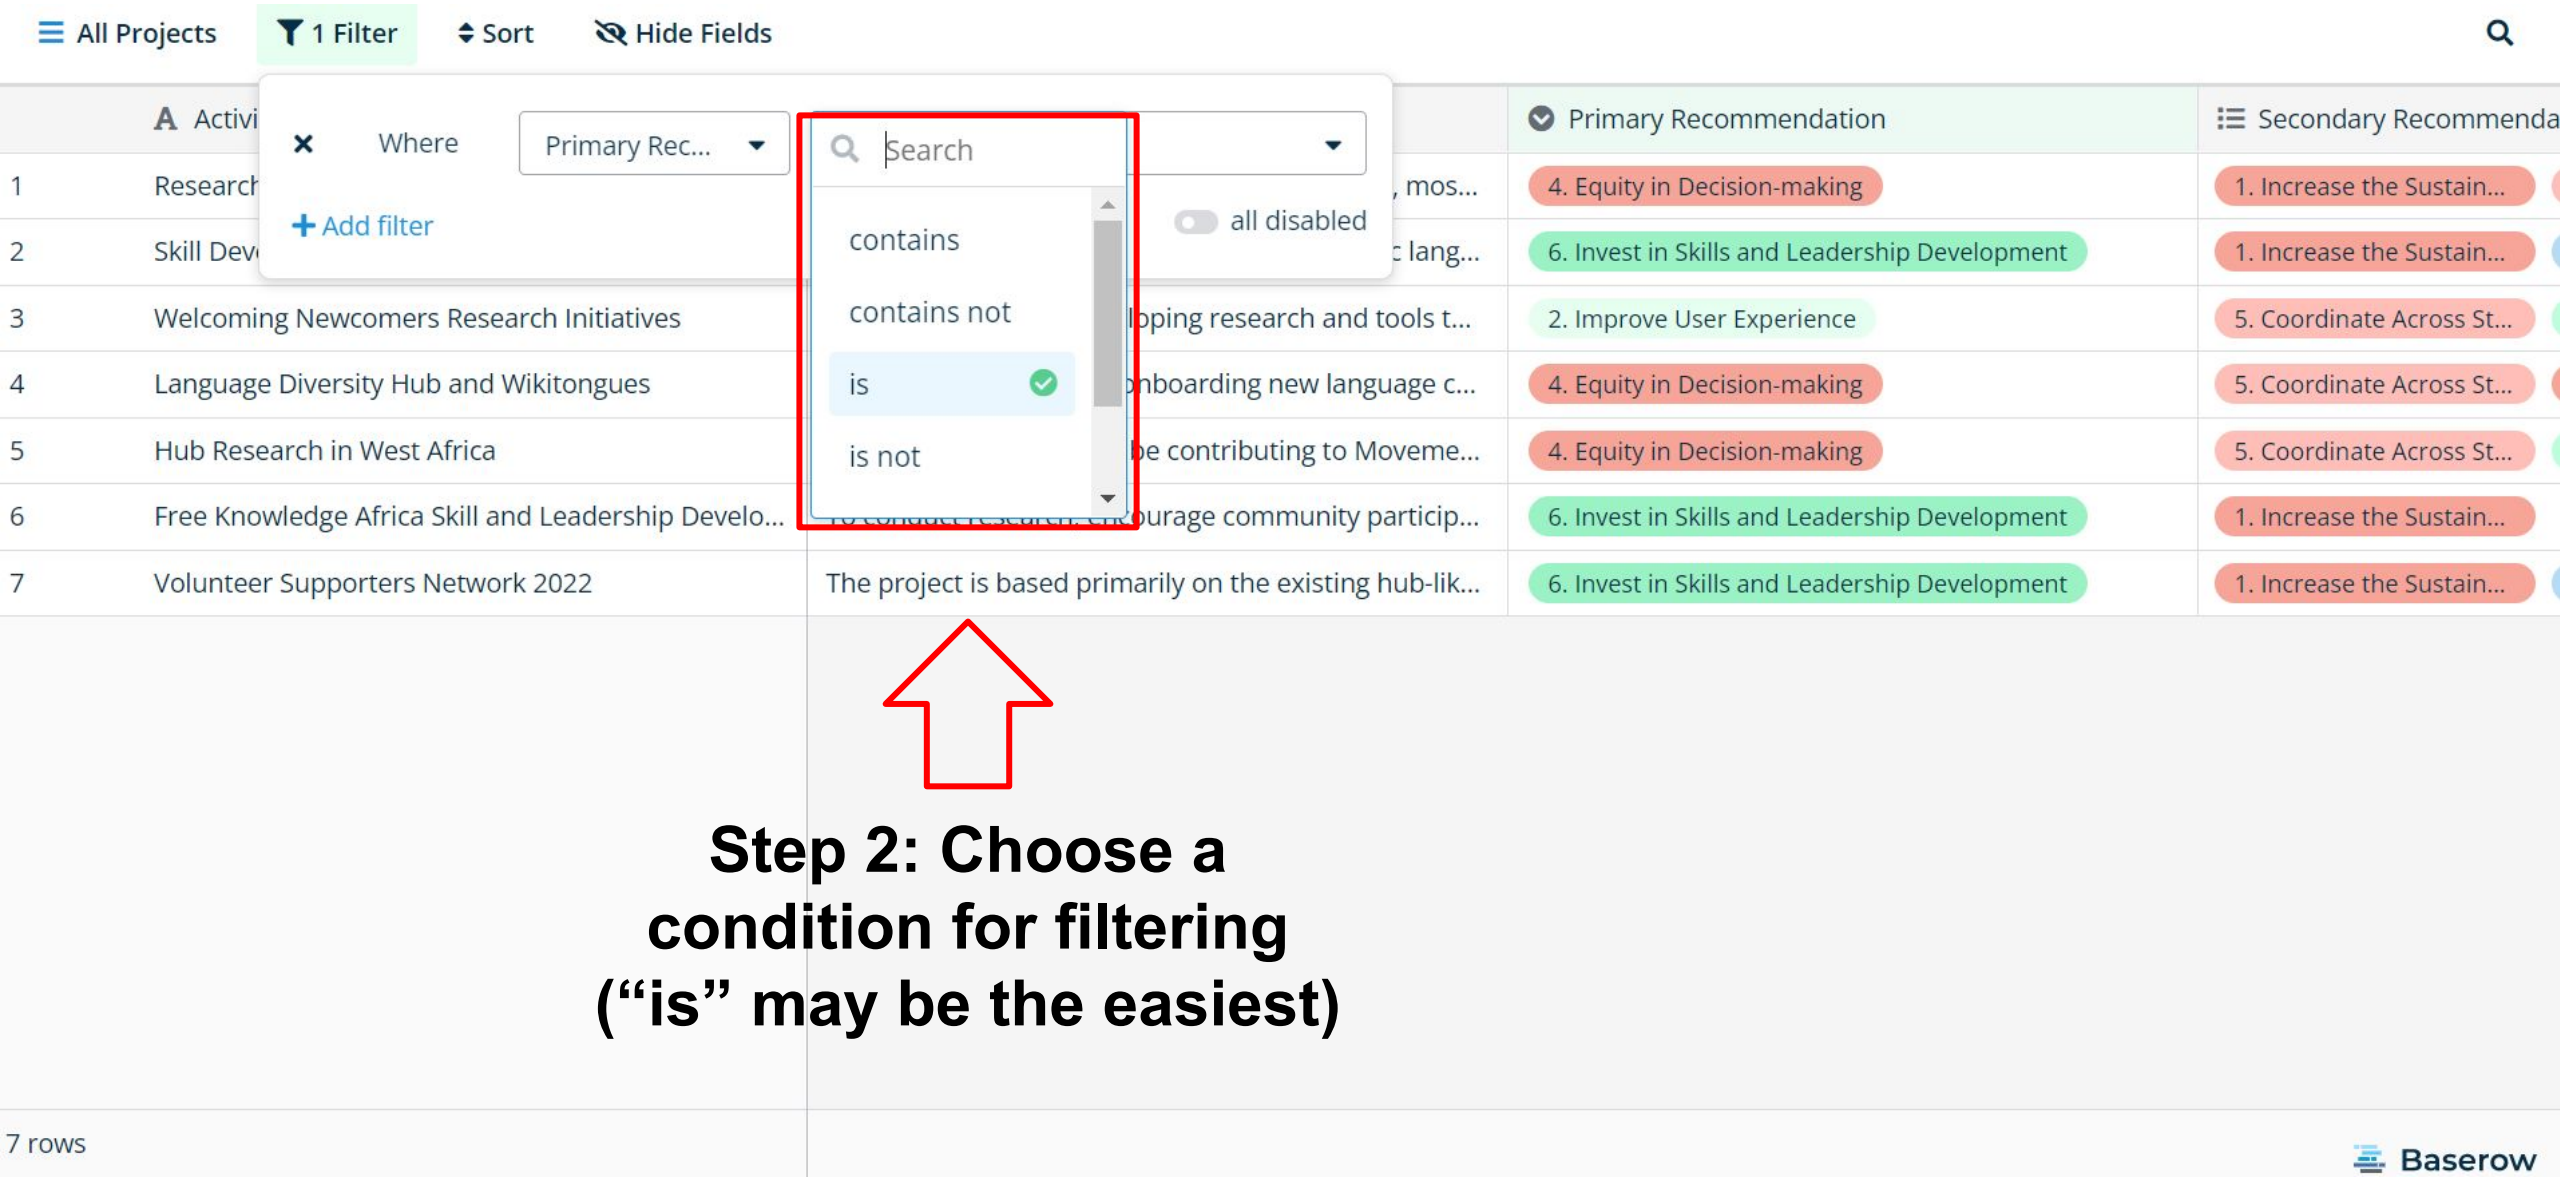
Sort alphabetically

Filter to find specific activities



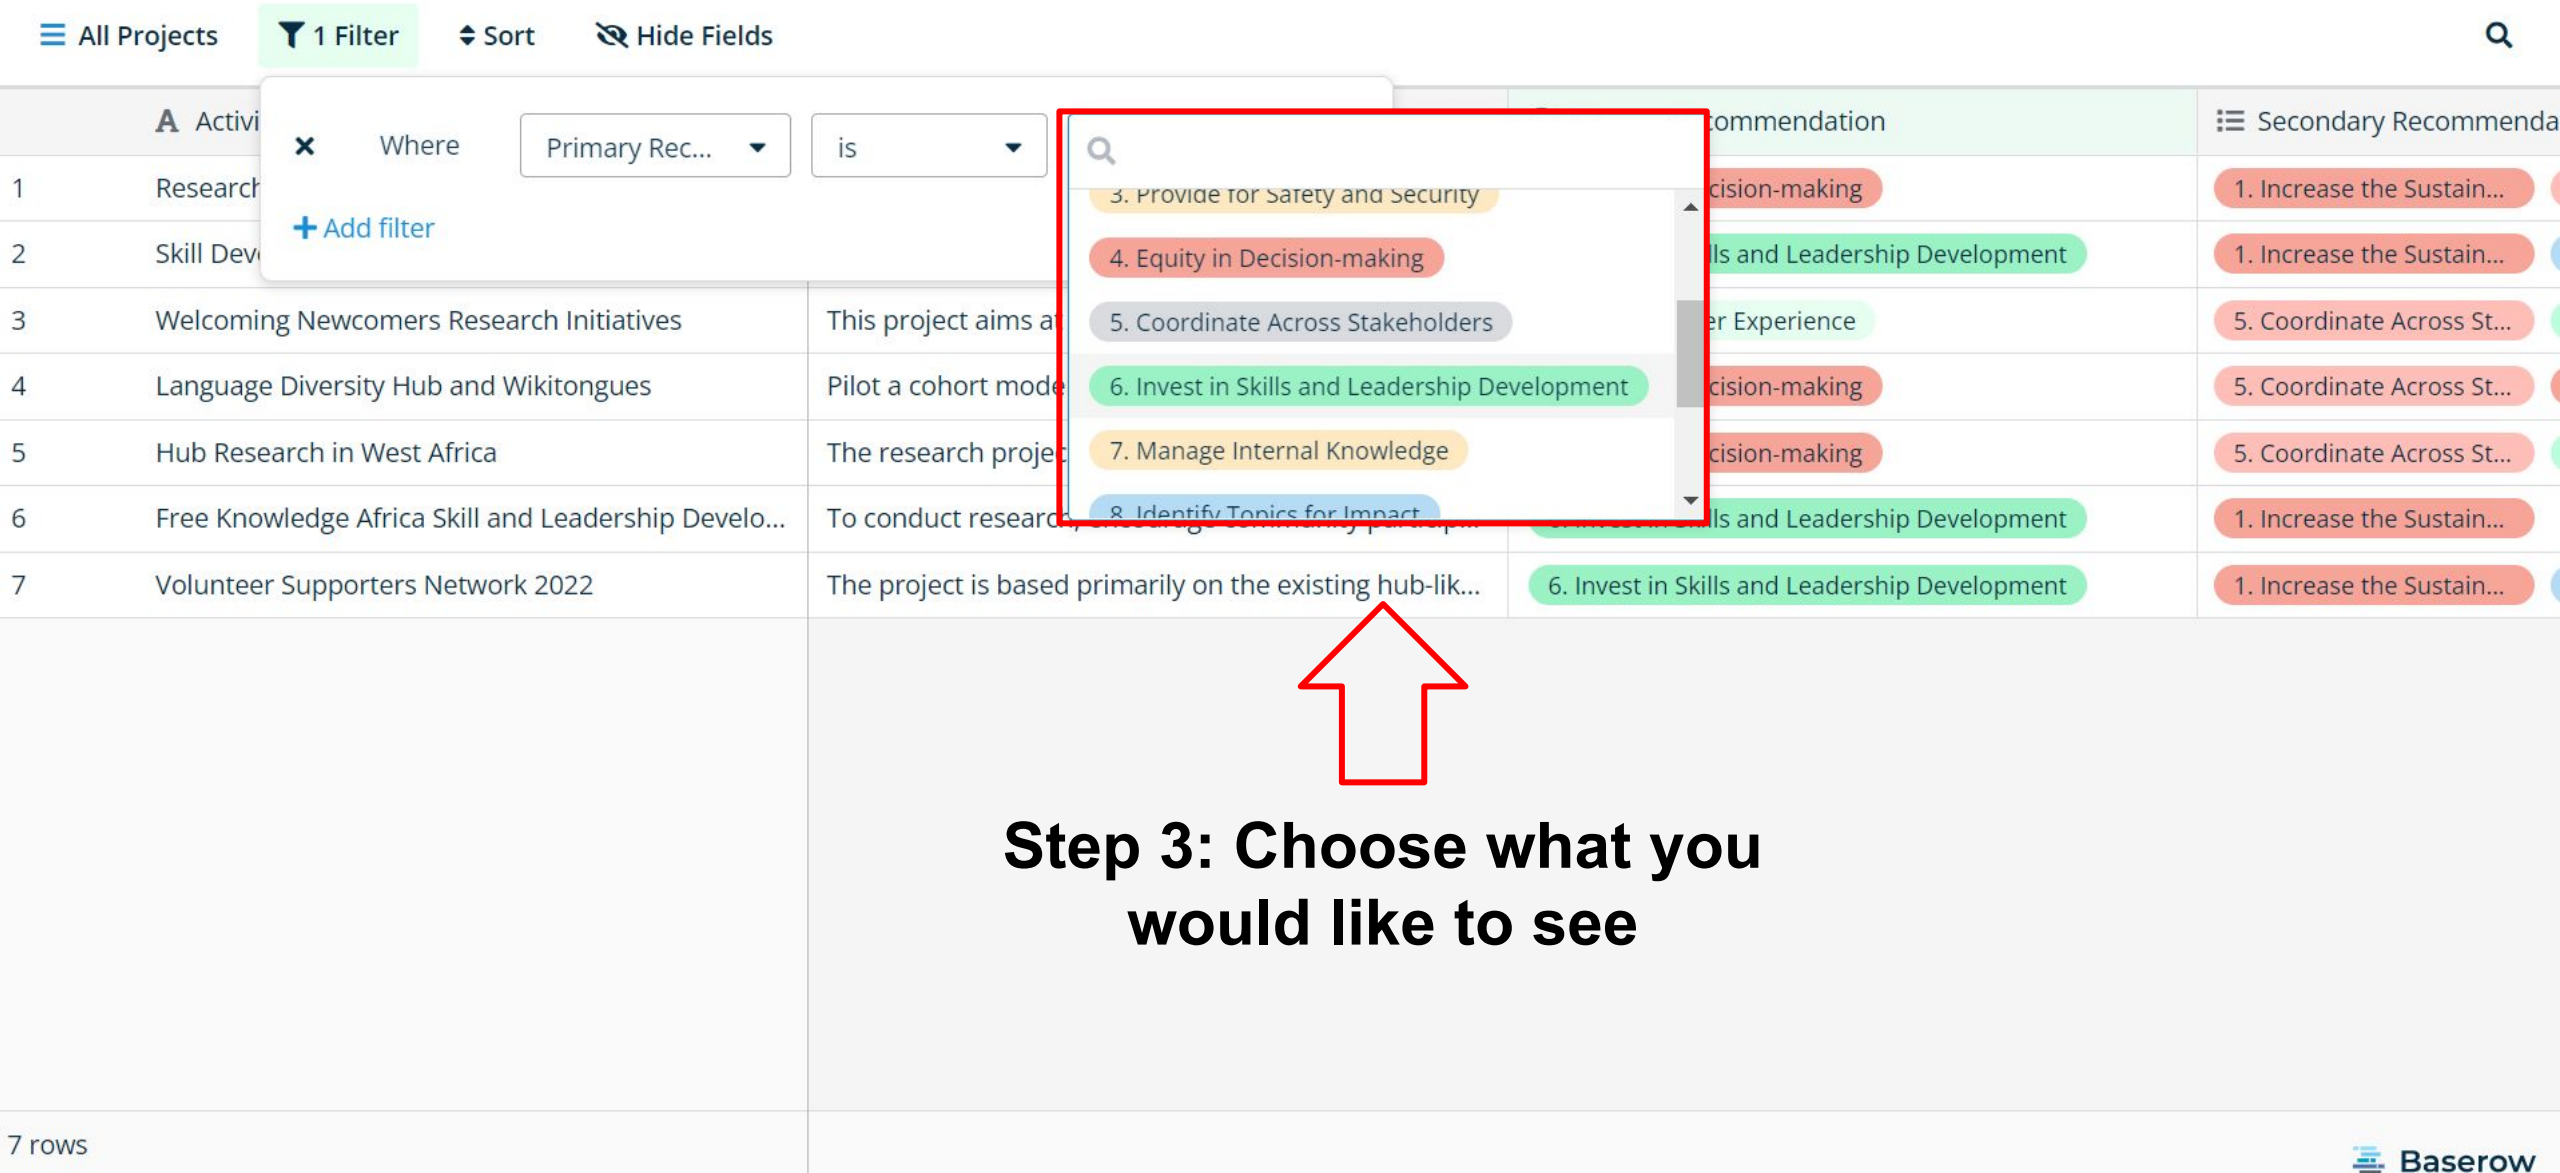
Step 1: Choose what you want to filter

Filtering condition



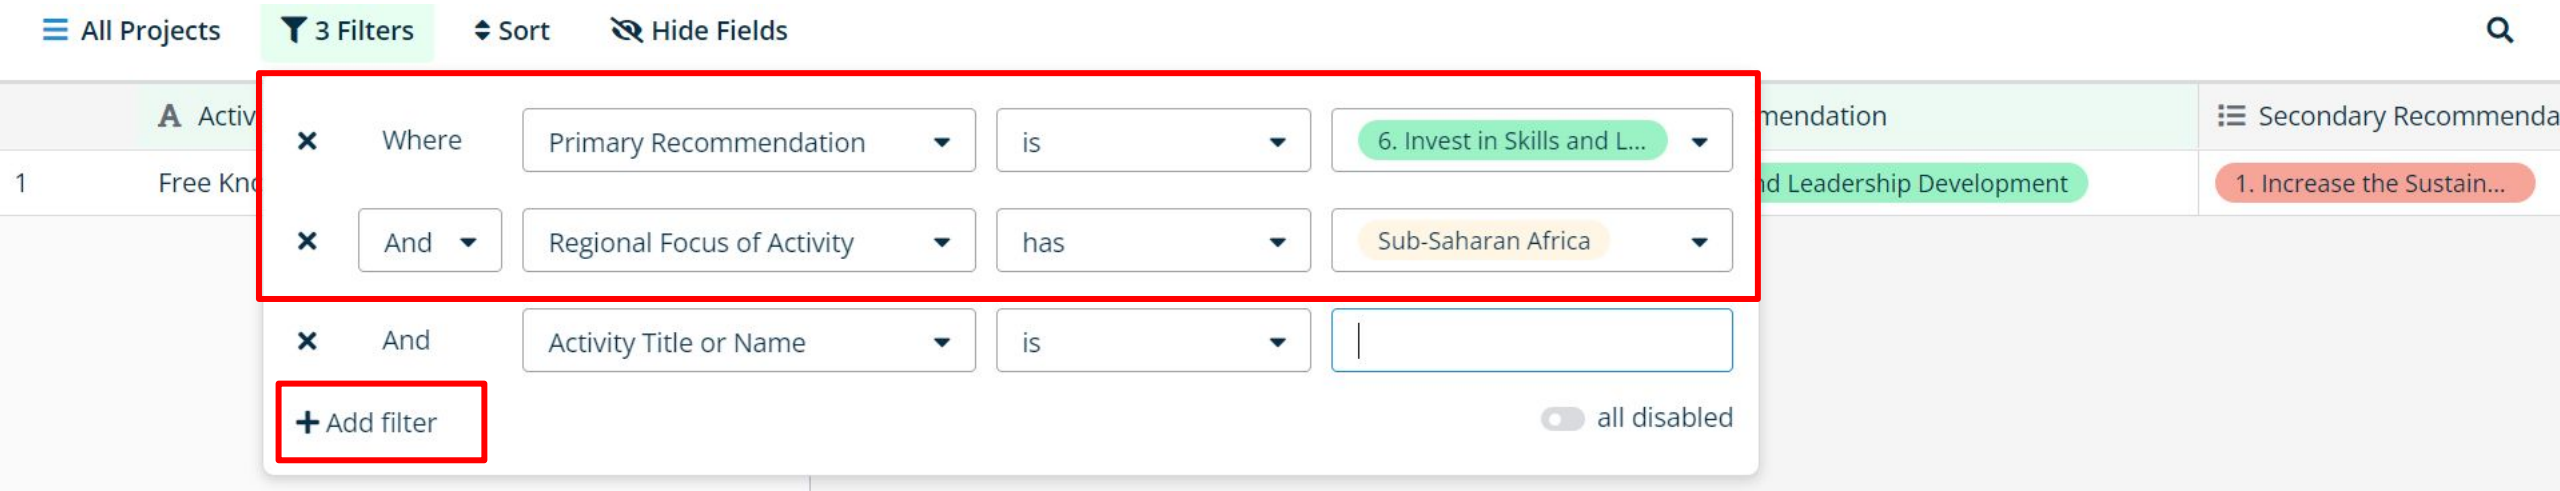
Step 2: Choose a condition for filtering ("is" may be the easiest)

Filtering results



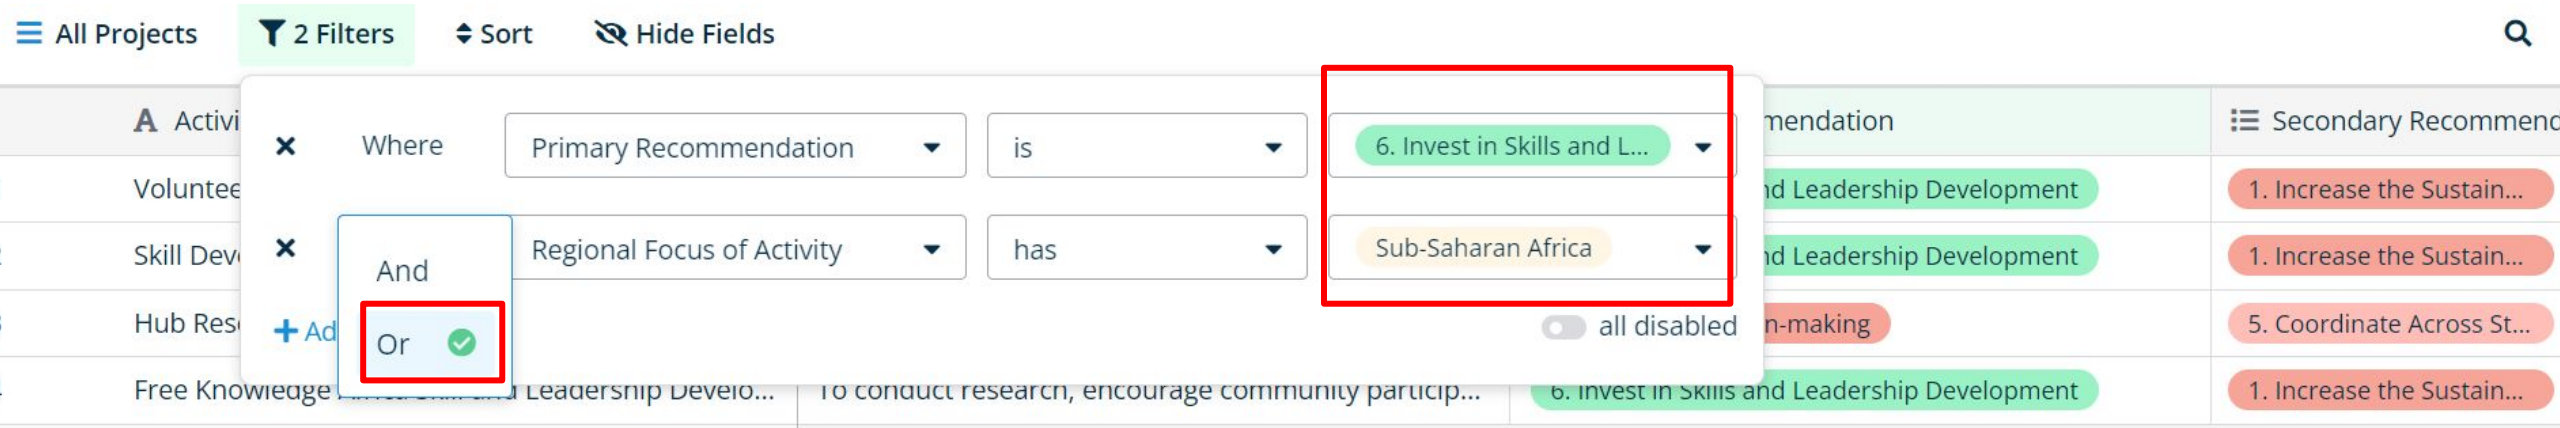
Step 3: Choose what you would like to see

Even more filtering!



Optional step: Add more filters to get specific data!

Even more and more!



Optional step: Use “or” to see the results from each filter at the same time!

Filter conditions
