# Editing for beginners

Wikipedia can be edited by anyone, anywhere! All you need to do is add a fact, and tell people where the source of your information was – then press publsh!
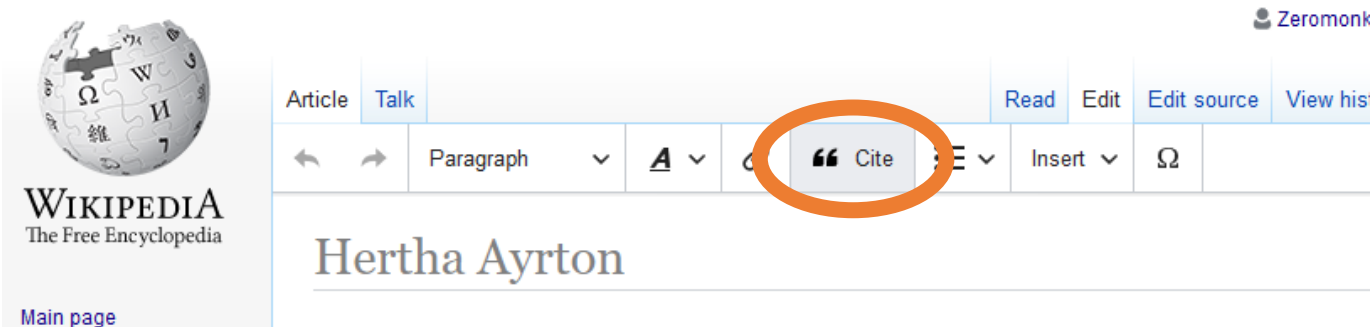

Find a page to edit and click the Edit button

If you're in Source editor, switch to Visual editing

Click where you'd like to type and type in your information, then click Cite to add a source

Automatically add a citation by pasting in a web address and pressing Generate

By age 16, she was working as a governess.[5][6]

| Cancel | Add a citation |

Automatic   Manual   Re-use

URL, DOI, ISBN or PMC/PMID

e.g. http://www.example.com   Generate
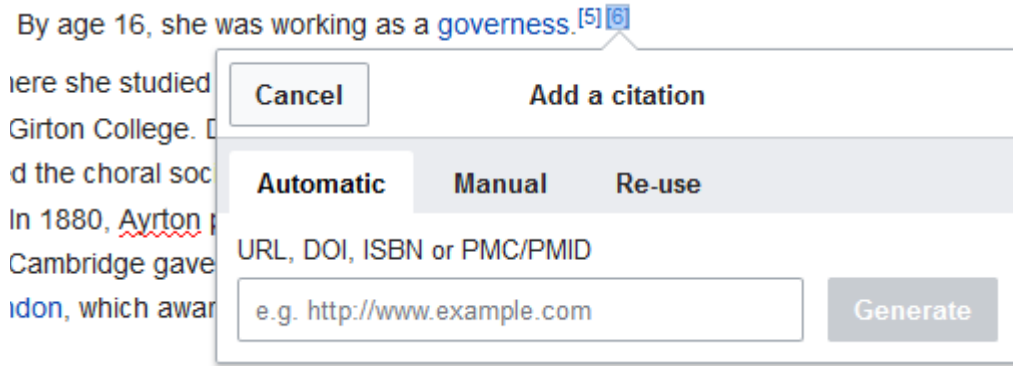

# OR manually add a reference by clicking on the tab and filling in the blanks. You can also Re-use citations that are already in the article.

By age 16, she was working as a governess.[5][6]

| Cancel | Add a citation |

Automatic   **Manual**   Re-use

▣ Website   📖 Book
