At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 2nd day of March, A. D. 1943,

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of certain of the respondents, testimony and other evidence in support of and in opposition to the allegations of the complaint taken before a trial examiner of the Commission theretofore duly designated by it, report of the trial examiner upon the evidence, and brief in support of the complaint (no brief having been filed by respondents and oral argument not having been requested); and the Commission having made its findings as to the facts and its conclusion that certain of the respondents have violated the provisions of the Federal Trade Commission Act:

5. Representing, directly or by implication, that it is only in exceptional or rare instances that respondents' tires fail to render satisfactory service.

6. Representing, directly or by implication, that respondents' tires are of high quality, or that they will render satisfactory service, when such tires are in fact of inferior quality and will not render such service.

It is further ordered, That said respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

Service of the complaint not having been obtained upon the respondent E. F. Smith: *It is further ordered,* That this proceeding be closed as to the said E. F. TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A-1817]

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT No. 8

ORDER GRANTING RELIEF, ETC.

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 8 for the establishment of price classifications and minimum prices; and for a change in shipping points for the coals of certain mines in District No. 8.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices and for a change in the shipping points and Freight Origin Group numbers for the coals of certain mines in District No. 8; and

It appearing that a reasonable showing of necessity has been made for the

granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 328.11 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T-I and T-III, and § 328.42 (*General prices for low volatile coals*) is amended by adding thereto Supplement T-II, which supplements are hereinafter set forth and hereby made a part hereof; and commencing forthwith the shipping points and Freight Origin Group numbers appearing in the aforesaid Supplement R for certain mines are effective in place of the shipping points and Freight Origin Group numbers heretofore established for said mines.

No relief is granted herein for the coals of the Cutshin No. 13 Mine, of Cutshin Coal Company, for the reason that this mine is a successor of Arnold Sally, Mine Index No. 3950 for which price classifications and minimum prices were established for rail and truck shipments in Docket No. A-1165.

Prices for truck shipments are established in Supplement T for the coals produced at the Helton and Vance Mine, Mine Index No. 3113 of Helton and Vance (Ira Helton). In Docket No. A-1743 prices for truck shipments for the coals in the Upper Banner Seam of Helton and Vance (Ira Helton) were requested but not established since the former were considered successors of R. L. Reedy (Reedy Coal Company), Mine Index No. 2246, who was priced for truck shipment in the original Schedule of Effective Minimum Prices for Truck Shipments and for rail prices and classifications in Dockets Nos. A-1489 and A-1502. An investigation reveals that R. L. Reedy (Reedy Coal Company) is operating Mine Index No. 2246 and Helton and Vance (Ira Helton) are operating Mine Index No. 3113. Accordingly Mine Index No. 2246 is no longer assigned to Helton and Vance (Ira Helton).

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this order, pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered.

Dated: February 3, 1943.

[SEAL] DAN H. WHEELER,
Director.

1. Section 808.3 *Space allocation*, etc., is amended to read as follows:

§ 808.3 *Space allocation for shipment of commodities weighing less than 2240 pounds.* (a) An exporter, shipping directly or through an agent, may make not more than one shipment weighing less than 2240 pounds on a single vessel to each port of call of such vessel, until such exporter or his agent has applied on Form BEW-138 and obtained shipping space for more than one such proposed shipment.

§ 1042.1 *General Imports Order M-63—(a) Definitions.* For the purposes of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons, whether or not incorporated.

(2) "Owner" of any material means any person who has any property interest in such material except a person whose interest is held solely as security for the payment of money.

(3) "Consignee" means the person to whom a material is consigned at the time of importation.

(4) "Import" means to transport in any manner into the continental United States from any foreign country or from any territory or possession of the United States (including the Philippine Islands). It includes shipments into a free port, free zone, or bonded custody of the United States Bureau of Customs (bonded warehouse) in the continental United States and shipments in bond into the continental United States for transshipment to Canada, Mexico, or any other foreign country.

(5) "Place of initial storage" means any warehouse, yard ground storage, or other place, to which the person making the entry or withdrawal from custody of the United States Bureau of Customs of material imported subject to this order directs or has directed that such material be transported from the port of entry to be held until disposed of pursuant to this order.

(6) Material shall be deemed "in transit" if it is afloat, if an on board ocean bill of lading has actually been issued with respect to it, or if it has actually been delivered to and accepted by a rail, truck, or air carrier, for transportation to a point within the continental United States.

(7) "Governing date" with respect to any material means the date when such material first became subject to General Imports Order M-63.

(b) *Restrictions on imports of materials*—(1) *General restriction.* No person, except as authorized in writing by the Director General for Operations, shall purchase for import, import, offer to purchase for import, receive, or offer to receive on consignment for import, or make any contract or other arrangement for the importing of, any material subject to this order after the governing date. The foregoing restrictions shall apply to the importation of any material subject to the order, regardless of the existence on the governing date or thereafter of any contract or other arrangement for the importation of such material. The materials subject to this order are those listed from time to time upon List I, List II, and List III attached hereto.

(2) *Authorization by Director General for Operations.* Any person desiring such authorization, whether owner, purchaser, seller, or consignee of the material to be imported, or agent of any of them, shall make application therefor in duplicate on Form PD-222C, addressed to the War Production Board, Ref.: M-63, Washington, D. C. Unless otherwise expressly permitted, such authorization shall apply only to the particular material and shipment mentioned therein and to the persons and their agents concerned with such shipment; it shall not be assignable or transferable either in whole or in part.

(3) *Restrictions on financing of imports.* No bank or other person shall participate, by financing or otherwise, in any arrangement which such bank or person knows or has reason to know involves the importation of any material

subject to this order after the governing date unless such bank or person has received either a copy of the authorization issued by the Director General for Operations, or, if the transaction comes within the exceptions set forth in paragraph (b) (4), an affidavit stating the facts which show the exception.

(4) *Exceptions.* Unless otherwise directed by the Director General for Operations, the restrictions set forth in this paragraph (b) shall not apply:

(i) To the Board of Economic Warfare, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United States governmental department, agency, or corporation, or any agent acting for any such department, agency, or corporation; or

(ii) To any material of which any United States governmental department, agency, or corporation is the owner at the time of importation, or to any material which the owner at the time of importation had purchased or otherwise acquired from any United States governmental department, agency, or corporation; or

(iii) To any material which on the governing date was in transit to a point within the continental United States.

(iv) To materials imported by mail where the value of the shipment is less than \$100.00; or

(v) To materials consigned as gifts or as samples, or for use as samples, or imported for personal use, where the value of each consignment or shipment is less than \$200.00; or

(vi) To materials consigned as gifts for personal use by or to members of the Armed Services of the United States.

(vii) To any material on List I or List II imported by any person under any contract or other arrangement made before, or in existence on, the governing date and which, on December 28, 1942, was in transit to a point within the continental United States.

(c) *Restrictions on disposition of List I material.* Except as hereinafter specifically provided in paragraph (d) hereof:

(iii) Transfer possession, or cause or permit a transfer of possession, of such material except to the port of entry and from the port of entry to the place of initial storage of such material; or

(iv) Change, or cause or permit a change of, the location of such material except to the port of entry and from the port of entry to the place of initial storage of such material.

Provided: That a consignee of such material may dispose of his interest in such material to the extent necessary to complete any commitment or contract made prior to the governing date. The person to whom he disposes of such interest shall be subject to all restrictions imposed upon owners by this order.

(2) *Restrictions upon banks and persons similarly situated.* No bank or other person which, as agent, pledgee, beneficiary under a trust receipt, or otherwise, has possession of or any interest in any written instrument evidencing any interest in any material on List I shall in any way, directly or indirectly, dispose of any such interest, or transfer possession, or cause or permit a transfer of possession, of such instrument, unless:

(i) Such material was imported before the governing date; or

(ii) Such person neither knows nor has reason to know that such material was imported after the governing date; or

(d) *Permissible disposition of List-I materials*—(1) *Transfer to Governmental agency.* Nothing contained in this order shall prohibit an owner or consignee of any material on List I imported after the governing date, or a bank or other person having possession of, or an interest in, a written instrument evidencing an interest in such material, from disposing of, or making any arrangement to dispose of, any interest in such material to the Board of Economic Warfare, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United States governmental department, agency, or corporation.

(2) *Authorization by Director General for Operations.* Notwithstanding the provisions of paragraph (c), an owner or consignee of material on List I imported after the governing date or a bank or other person having possession of or an interest in a written instrument evidencing an interest in such material, may process such material or may dispose of any interest in such material or any such written instrument, or transfer possession or change the location thereof, or cause or permit such a transfer of possession or change of location, upon written authorization by the Director General for Operations. Any such person may make application in duplicate for such an authorization on Form PD-222A, which form shall be addressed to the War Production Board, Ref.: M-63, Washington, D. C.

(3) *Exceptions.* The restrictions set forth in paragraph (c) shall not apply to any material after any United States governmental department, agency, or corporation becomes the owner thereof, and shall not apply to any material of which any United States governmental department, agency, or corporation is the owner at the time of importation, and shall not apply to any material purchased or otherwise acquired from any United States governmental department, agency, or corporation.

(e) *Restrictions on disposition of List II or List III material.* Any material on List II or List III, which is imported after the governing date, may be sold,

delivered, processed, consumed, purchased, or received without restriction under this order, but all such transactions shall be subject to all applicable provisions of the regulations of the War Production Board and to all orders and directions of the Director General for Operations which now or hereafter may be in effect with respect to such material.

(f) *Reports*—(1) *Reports on customs entry*. No material which is imported after the governing date, including materials imported by or for the account of the Board of Economic Warfare, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United States governmental department, agency, or corporation, shall be entered through the United States Bureau of Customs for any purpose, whether for consumption, for warehouse, in transit, in bond, for re-export, for appraisal, or otherwise, unless the person making the entry shall file with the entry Form PD-222B in duplicate. The filing of such form a second time shall not be required upon any subsequent entry of such material through the United States Bureau of Customs for any purpose; nor shall the filing of such form be required upon the withdrawal of any material from bonded custody of the United States Bureau of Customs, regardless of the date when such material was first transported into the continental United States. Both copies of such form shall be transmitted by the Collector of Customs to the War Production Board, Division of Stockpiling and Transportation, Ref.: M-63, Washington, D. C.

(2) *Other reports*. All persons having any interest in, or taking any action with respect to, any material imported after the governing date, whether as owner, agent, consignee, or otherwise, shall file such other reports as may be required from time to time by the War Production Board.

(g) *Routing of communications*. All communications concerning this order shall, unless otherwise herein directed, be addressed to: War Production Board, Washington, D. C., Ref.: M-63.

(h) *Violations*. Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or who furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority assistance.

(i) *Applicability of priorities regulations*. This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

INTERPRETATION 1

No authorization under paragraph (b) of the order is necessary for the release or withdrawal of materials on List II or List III from a free port, a free zone, or the bonded custody of the United States Bureau of Customs (bonded warehouse) in the continental United States regardless of the date when such materials first entered such place. The actual importation, which is the subject of restriction under paragraph (b), is deemed to have occurred before the question of release or withdrawal arises. Also, no authorization under paragraph (d) of the order is necessary for the subsequent disposition, processing, or shipment of such released or withdrawn List II and List III materials.

As to List I materials which are similarly situated, no authorization under paragraph (b) of the order is necessary for their release or withdrawal from free port, free zone, or bonded custody, but authorization under paragraph (d) of the order is necessary for their subsequent disposition, processing, or shipment unless they are shipped in bond to Canada, Mexico, or some other foreign country, in which event the foreign destination is deemed to be the place of initial storage as such term is used in the order. (Issued June 30, 1942.)

INTERPRETATION 2

The following official interpretation is hereby issued by the Director General for Operations with respect to the meaning of the term "in transit" as defined in paragraph (a) (6) of General Imports Order M-63 (§ 1042.1) as amended:

By amendment dated December 17, 1942, the definition of material "in transit" was changed by adding the following clause, "or if it has actually been delivered to and accepted by a rail, truck, or air carrier, for transportation to a point within the continental United States." The question has been raised as to the meaning of the term as applied to a case where the material on the governing date had been delivered to and accepted by a rail, truck, or air carrier on a through bill of lading for transportation to a specified port and from thence by boat to a point within the continental United States.

The material in the stated case is not deemed to be in transit within the meaning of the term as used in the order. If the ma-

terial is to be carried to the port of arrival in the continental United States by ship, the material must have been afloat, or an on board ocean bill of lading must have been issued with respect to it, on the governing date in order for it to be considered as having been in transit on such date.

Material which has been delivered to and accepted by a rail, truck, or air carrier on the governing date for transportation to a point within the continental United States is deemed to be in transit within the meaning of the term as used in the order only when the transportation specified in the bill of lading issued by such carrier calls for delivery of the material at the port of arrival in the continental United States by rail, truck, or air carrier, not by ship. (Issued March 5, 1943.)

PART 1042—IMPORTS OF STRATEGIC MATERIALS

[Interpretation 3 of General Imports Order M-63 as amended]

The following official interpretation is hereby issued by the Director General for Operations with respect to the meaning of the term "in transit" as defined in paragraph (a) (6) of General Imports Order M-63 (§ 1042.1) as amended:

By amendment dated December 17, 1942, the definition of material "in transit" was changed by adding the following clause, "or if it has actually been delivered to and accepted by a rail, truck, or air carrier, for transportation to a point within the continental United States." The question has been raised as to the meaning of the term as applied to a case where the material on the governing date had been delivered to and accepted by a rail, truck, or air carrier on a through bill of lading for transportation to a specified port and from thence by boat to a point within the continental United States.

The material in the stated case is not deemed to be in transit within the meaning of the term as used in the order. If the material is to be carried to the port of arrival in the continental United States by ship,

the material must have been afloat, or an on board ocean bill of lading must have been issued with respect to it, on the governing date in order for it to be considered as having been in transit on such date.

Material which has been delivered to and accepted by a rail, truck, or air carrier on the governing date for transportation to a point within the continental United States is deemed to be in transit within the meaning of the term as used in the order only when the transportation specified in the bill of lading issued by such carrier calls for delivery of the material at the port of arrival in the continental United States by rail, truck, or air carrier, not by ship.

Director General for Operations.

PART 1389—APPAREL

[MPR 332, Amendment 1]

SIMPLIFIED MEN'S AND BOYS' SHIRTS AND PAJAMAS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 332 is amended in the following respects:

1. Section 1389.502 (a) (3) (ii) is amended to read as follows:

(ii) *Savings which constitute the reduction in cost.* The saving in each of these items of cost must be figured separately in computing the amount of the reduction in cost. These savings shall be determined (a) by the reduction in yardage at the current cost of the material used in the simplified garment, (b) by the current cost of trimmings eliminated, (c) by the cost at current rates of

the direct and indirect labor operations which have been eliminated or decreased, and (d) by the current cost of the boxing and other supplies reduced or eliminated. The measure of each saving shall be based on a comparison with the yardage taken, trimmings used, labor employed and boxing and other supplies used for the comparable unsimplified garment put into process by the manufacturer prior to November 25, 1942. These savings may be reasonably estimated by a manufacturer and this estimate may be used to establish his cost reduction for all simplified garments delivered prior to April 15, 1943. For all simplified garments delivered on or after April 15, 1943, the savings shall be computed on the basis of his cost records and his experience in producing simplified garments. The amount determined from this computation shall replace the previously estimated amount and shall thereafter constitute his reduction in cost.

2. Section 1389.505 (a) (1) is amended to read as follows:

(1) *Labeling or marking.* On and after March 1, 1943, a manufacturer must not deliver any simplified garment unless it has a label attached or other mark placed thereon which shall clearly bear the symbol "—R—". However, if the garment had been put into process before that date, the symbol "—R—" may be placed upon the box. No person shall remove any such label or mark from the garment before it is delivered to the ultimate consumer.

3. Section 1389.505 (b) is amended by inserting a period after the phrase "a statement in the following form containing the seller's maximum price for the garment delivered" and adding the sentence "However, if the delivery is made before March 20, 1943, the statement may be forwarded at any time before that date."

4. Section 1389.505 (b) is further amended by inserting a period after the sentence "Under each of the following headings, list the items sold" and adding the sentence "However, the information to be supplied under these headings may be given, instead, on the invoice or any other document which is sent at the same time as this notice."

This amendment shall become effective March 4, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 4th day of March 1943.

Administrator.

(2) The term "livestock" means cattle, calves, hogs, sheep, and lambs.

(3) The term "dealer" means any person who buys livestock for the purpose of resale. A person who buys livestock for the purpose of dairy, wool or meat production, or for breeding, feeding or finishing, and who keeps such livestock not less than thirty (30) days shall not be considered a dealer.

(4) The term "agent" means any person who buys or sells livestock on a commission or agency basis, either as an employee or agent of the buyer or seller.

(6) The term "Director" means the Director of Food Distribution, United States Department of Agriculture, or any employee of the United States Department of Agriculture designated by such Director.

(b) *Permits.* No dealer or agent shall buy or sell livestock without first securing a permit from the Director or from such person or agency as he may designate. Such dealers or agents shall agree to keep the records prescribed in paragraph (c) hereof as a condition of obtaining a permit. Any dealer or agent who is registered at a posted stockyard under the provisions of the Packers and Stockyards Act, 1921,¹ shall not be required to obtain a permit to buy or sell at such stockyard.

(c) *Records.* (1) Every dealer, agent, and producer shall keep a record of each purchase and each sale of livestock. Such records shall include the date of each purchase or sale, the name and address of the buyer and seller, and the number, kind, weight, and price paid for the livestock. All such records shall be maintained for at least two years, or for such other periods of time as the Director may designate. Records kept by dealers or agents shall be in the form prescribed by the Director.

(2) Records of dealers or agents at posted stockyards, kept in compliance with the Packers and Stockyards Act, 1921,¹ and the regulations issued thereunder, shall, with respect to purchases or sales at such stockyards, be considered as meeting the requirements of (c) (1) hereof.

(g) *Violations.* Any dealer or agent who wilfully violates any provision of this order, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this order, or wilfully conceals a material fact concerning a matter within the jurisdiction of any Department or agency of the United States, may be prohibited from receiving or making further deliveries of any livestock; and such further action may be taken against him as the Director deems appropriate, including the suspension or revocation of his permit, and including recommendations for prosecution under section 35a of the Criminal Code (18 U.S.C. 1940 ed. 80), under paragraph 5 of section 301 of Title III of the Second War Powers Act, and under any and all other applicable laws.

(h) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship on him may petition in writing (in triplicate) for relief to the Director, setting forth all pertinent facts and the nature of the relief sought. The Director may thereupon take such action as he deems appropriate, and such action shall be final.

PART 1410—LIVESTOCK AND MEATS
PERMIT REQUIRED FOR SLAUGHTER

Pursuant to the authority vested in me by Executive Order No. 9280, dated

December 5, 1942, and to assure an adequate supply and efficient distribution of beef, veal, pork, lamb, and mutton to meet war and essential civilian needs, *It is hereby ordered*, as follows:

(2) The term "deliver" means to transfer physical possession of meat to any other person. The transfer of meat by a slaughterer, who also qualifies as an authorized processor, to a unit or department of the slaughterer for use in the preparation, manufacture, or production of any product for delivery to a governmental agency under a contract to sell or deliver to that agency, or the use of meat for such a product, shall be deemed a delivery to the governmental agency.

(4) The term "local slaughterer" means any person who in 1941 slaughtered livestock with a total live weight in excess of 300,000 pounds and who is not registered with the Office of Price Administration as a slaughterer in accordance with Meat Restriction Order 1, as amended.¹

(5) The term "butcher" means any person, other than a farm slaughterer, as defined herein, who slaughters livestock and who in 1941 did not slaughter livestock with a total live weight of more than 300,000 pounds.

(6) The term "farm slaughterer" means any person who is chiefly engaged in producing agricultural products as the resident operator of a farm, who slaughters livestock, and who in 1941 did not deliver meat from the slaughter of livestock with a live weight of more than 10,000 pounds.

(7) The term "minimum sanitary facilities" means a structure that is reasonably fly and rodent proof with ample light and ventilation, which has concrete or comparable sanitary floors with adequate drainage system, and is provided with clean water, and which, together with all equipment, is in a clean and orderly condition. Such structure must be a reasonable distance from stables, barnyard, hoglot, refuse heap, privy, or other source of fly breeding or contamination.

(8) The term "adequate facilities" means:

(13) The term "Director" means the Director of Food Distribution, United States Department of Agriculture, or any employee of the United States Department of Agriculture designated by the Director.

(b) *Permits required by local slaughterer, butcher, or farm slaughterer.* (1) Notwithstanding the terms of any contract, agreement, or commitment, no local slaughterer or butcher shall slaughter any livestock, and no farm slaughterer shall slaughter any livestock for delivery of meat, unless he has a valid and effective permit, issued under this order, at the time of such slaughter, except that a farm slaughterer may deliver meat from livestock slaughtered for home consumption upon obtaining a permit subsequent to such slaughter authorizing such delivery.

(2) Permits for slaughter or for delivery after slaughter as provided in paragraph (b) (1), shall not be issued until the applicant has filed an application on a form approved by the Director containing the information required by such form. Application forms shall be obtained from, and filed with, the agency designated by the Director in the city or county in which such slaughter is to take place.

(c) *Sanitary or other facilities required for permit to slaughter.* (1) No local slaughterer or butcher shall be eligible for a permit to slaughter unless the agency designated by the Director to is-

¹ 7 F.R. 7839; 8217; 8524; 9247; 9250; 9639; 10258; 10621; 10704; 8 F.R. 179; 375; 926; 1204; 1279; 2274; 2498.

sue permits deems that he has first provided at least minimum sanitary facilities for such slaughter. Compliance with sanitary requirements for Federal, State, county, or city inspection shall be considered as compliance with this requirement.

(2) No local slaughterer, butcher, or farm slaughterer shall deliver, or offer for delivery, any meat or products prepared in whole or in part from meat which is diseased, unsound, unhealthful, unwholesome, or otherwise unfit for human food.

(3) No local slaughterer or butcher shall be eligible for a permit to slaughter unless the agency designated by the Director to issue permits deems that he has first provided adequate facilities for the conservation and preservation of all edible and the principal inedible by-products.

(d) *Restrictions on slaughter of livestock.* (1) No local slaughterer shall slaughter in any one month, in addition to his deliveries to governmental agencies and authorized processors for delivery to governmental agencies, more livestock of each type than his quota of each type for the month.

(2) No butcher shall slaughter in any one month more livestock than his quota for the month, except that he may slaughter any livestock which he has raised or produced in whole or substantial part for consumption by himself or his household of any meat produced therefrom.

(3) No farm slaughterer shall slaughter in any calendar quarter more livestock for the delivery of meat produced therefrom than his quota for the quarter. If his quota is established on the basis of the calendar year, he shall not slaughter more livestock for delivery of meat produced therefrom than his quota for the year.

(e) *Quotas for the slaughter of livestock.* (1) The swine quota for each local slaughterer in any one month shall be a percentage of the total live weight of swine that he slaughtered in the corresponding month of 1941.

(2) The quota of cattle, calves, or sheep, including lambs, for each local slaughterer in any one month shall be a percentage of the quantity of meat produced by his slaughter of each type in the corresponding month of 1941.

(3) The quota for each butcher in any one month shall be his choice of (i) the number of each type of livestock which he slaughtered in the corresponding month of 1941, or (ii) the total live weight of livestock which he slaughtered in the corresponding month of 1941.

(4) The quota for any calendar quarter for any farm slaughterer who furnishes a record of his slaughter in 1941 shall be his choice of (i) the number of each type of livestock which he slaughtered in the corresponding quarter of 1941 and from which any meat was delivered, or (ii) the total live weight of livestock which he slaughtered in the corresponding quarter of 1941 and from which any meat was delivered. The local agency issuing the slaughter permit may authorize transfer of such slaughter quotas from one quarter to the imme-

diately preceding quarter or next succeeding quarter.

(5) The quota for any calendar year for any farm slaughterer who does not furnish a record of his slaughter in 1941 shall be his choice of (i) 300 pounds of meat, or (ii) any part of the meat produced from three head of livestock, which may include not more than one head of cattle.

(6) Notwithstanding any other provisions of this paragraph (e), the quotas for any local slaughterer, butcher, or farm slaughterer shall be reduced during as many successive quota periods immediately following March 31, 1943, as necessary to make the amounts of such reductions equal the amounts by which the Office of Price Administration determines that his deliveries during the period between October 1, 1942, and March 31, 1943, have exceeded the amounts permitted under Meat Restriction Order No. 1, as amended. Such amounts may be calculated on the same basis as the quotas are calculated.

(7) The percentages to be used in the determination of quotas for local slaughterers referred to in paragraphs (e) (1) and (e) (2) shall be 80 percent for the month of April 1943, and shall be such percentages for succeeding months as shall be established by the Director in accordance with the level of civilian meat allocations established from time to time by the Secretary.

(8) The Director is authorized to adjust the percentages or quotas for any class of slaughterers in any area where he determines that the total quantity of meat available is insufficient to fill ration requirements and that the quantity of livestock available for slaughter exceeds the quantity that may be slaughtered within the quotas of all classes of slaughterers.

(9) The Director may issue regulations authorizing regional agencies to adjust the quotas for any butcher or farm slaughterer, or authorizing State or county agencies, including State or County USDA War Boards, to adjust the quotas for any farm slaughterer, in the following cases:

(i) In any area in which the Director determines that adjustments for butchers or farm slaughterers are needed because the total quantity of meat available is insufficient to fill ration requirements and that the quantity of livestock available for slaughter exceeds the quantity that may be slaughtered within the quotas of all classes of slaughterers, or

(ii) In any instance in which the slaughter of any butcher or farm slaughterer in the corresponding period of 1941 was not normal for him.

(f) *Markings required on meat.* (1) Each accessible wholesale cut of meat whether in the entire carcass or detached therefrom, when delivered by a local slaughterer, butcher, or farm slaughterer, shall be marked in a plain and conspicuous manner one or more times with the letter "P" and the permit number assigned. After a permit has been obtained, any slaughterer under Federal, State, county, or city inspection who has been assigned an establishment number may use such number in lieu of his per-

mit designation. Any farm slaughterer who delivers meat directly to an individual or household by whom the meat is to be consumed may comply with this requirement by attaching to such meat a tag bearing his permit number.

(2) In the case of veal carcasses delivered with the skin on, the mark shall be placed on the hind shanks and brisket.

(3) Such marking as prescribed in paragraphs (f) (1) and (f) (2) shall be done in letters at least $\frac{1}{4}$ inch in height and width. PART 1410—LIVESTOCK AND MEATS
RESTRICTIONS ON DELIVERY OF MEAT

Pursuant to the authority vested in me by Executive Order 9280, dated December 5, 1942, and to assure an adequate supply and efficient distribution of meat to meet war and essential civilian needs, *It is hereby ordered*, As follows:

§ 1410.2 *Meat required to be set aside, allocation and restrictions on sale and delivery of—*(a) *Definitions.* When used in this order, unless otherwise distinctly expressed or manifestly incompatible with the intent thereof:

(1) The term "meat" means the carcasses of cattle, calves, sheep, lambs, or swine (hereinafter referred to as beef, veal, mutton, lamb, and pork, respectively) slaughtered or processed in an establishment having Federal inspection pursuant to the Act of March 4, 1907, 34 Stat. 1260, as amended, 21 U. S. C. 1940 ed. 71, and as extended by Public Law 602, 77th Cong., 2d Sess., Approved June 10, 1942, 56 Stat. 351, or any processed or unprocessed edible product or by-product, cut or trimming thereof, or any edible product produced in whole or in part from such animals regardless of how prepared or packaged excluding, however, oils, lard, rendering fats, raw leaf, by-products not ordinarily used for human consumption, and skins when prepared for use in leather, glue, or gelatin.

(2) The term "reserved meat" means all meat required to be set aside and reserved pursuant to the provisions of this order.

(3) The term "dressed carcass" means a carcass dressed in accordance with normal trade custom and in the following state:

(i) In the case of beef, with the kidney knob in;

(ii) In the case of veal, with the hide off;

(iii) In the case of pork, with the leaf fat and kidney out, the jowls on and the head off; and

(iv) In the case of lamb and mutton, with pluck out.

(4) The term "slaughterer" means any person who owns cattle, calves, sheep, lambs, or swine, in whole or in part, at the time they are slaughtered in an establishment having Federal inspection under the provisions of the Act of March 4, 1907, 34 Stat. 1260, as amended, 21 U.S.C. 1940 ed. 71, and as extended by Public Law 602, 77th Cong., 2d Sess., approved June 10, 1942, 56 Stat. 351.

(5) The term "conversion weight" means the dressed weight equivalent of the meat derived from the slaughter of cattle, calves, sheep, lambs, and swine determined as prescribed in paragraph (c) hereof.

(6) The term "authorized processor" means any person who processes meat and who is under contract to sell or deliver to a governmental agency products prepared, in whole or in part, from meat, or any meat processor who is authorized by the Director to purchase reserved meat.

(7) The term "person" means an individual, partnership, corporation, association, or other business entity.

(8) The term "governmental agency" means the Food Distribution Administration, United States Department of Agriculture (including but not restricted to the Federal Surplus Commodities Corporation), the Army, Navy, Marine Corps, and Coast Guard of the United States, the United States Maritime Commission, the War Shipping Administration, the Veterans Administration, and any other agency which the Director finds is directly essential to the war effort and which is designated by him: *Provided, however*, That post exchanges, service men's clubs, ship service stores, sales commissaries, and similar organizations shall not be deemed part of the Army, Navy, Marine Corps, or Coast Guard of the United States.

(9) The term "Director" means the Director of Food Distribution, United States Department of Agriculture, or any employee of the United States Department of Agriculture designated by such Director.

(b) *Restrictions.* (1) Each slaughterer shall set aside, reserve, and hold for delivery to governmental agencies or authorized processors such quantities, types, cuts, and grades of meat during such periods of time as may be determined and specified from time to time by the Director. All such meat so set aside, unless and until released, shall be subject to allocation by the Director among governmental agencies and authorized processors. Except as otherwise provided herein, all sales or deliveries of meat reserved pursuant to this order shall be made only in accordance with such allocations.

(2) Orders to set aside and reserve meat or orders allocating reserved meat pursuant to the provisions hereof may be made by the Director in the form of general orders or written notices to the individual slaughterers. In the absence of an allocation by the Director to or among specific governmental agencies or authorized processors, slaughterers may sell the reserved meat to any governmental agency or to any authorized

processor: *Provided, however*, That no reserved meat shall be sold to any authorized processor unless such processor shall furnish a certificate in conformity with the provisions of paragraph (b) (3) hereof.

(3) Each authorized processor who purchases any reserved meat for use in fulfillment of a contract with a governmental agency shall, for each specific purchase, furnish to the slaughterer from whom he buys such reserved meat a certificate signed by an authorized official in substantially the form attached hereto as Exhibit A which shall constitute a certification to the Director that such authorized processor is familiar with the terms of this order (as originally issued or subsequently amended) and with all orders of the Director issued pursuant hereto (as they may be amended from time to time) and that the purchase of the reserved meat has been authorized by Food Distribution Order 28, or by the Director pursuant to such order and that he will use the reserved meat purchased from the slaughterer, or an amount of meat equivalent thereto, other than reserved meat, in the fulfillment of contracts with governmental agencies. No slaughterer shall, however, be entitled to rely on any such certificate if he knows or has reasonable cause to believe it to be false.

(4) The Director may, by general orders or by written notices to individual slaughterers, give instructions with respect to the selection and to the manner of processing, cutting, and packaging of reserved meat, or he may authorize any governmental agency to issue such instructions.

(5) Notwithstanding any of the provisions hereof, the Director may at any time, by general orders or written notices, release any or all of the reserved meat whether such meat is held by slaughterers or by authorized processors. Upon receipt of notice from the Director that reserved meat is released, the slaughterer or authorized processor may dispose of the meat so released without regard to any of the restrictions contained in this order.

(6) All reserved meat shall be stored in such a manner as to maintain the quality thereof.

(7) The provisions of any order or instruction issued by the Director pursuant to the provisions hereof shall be observed without regard to the rights of creditors, existing contracts, or payments made thereunder. No order or instruction shall, however, be construed as reducing the amount of meat which any slaughterer is required to offer or to deliver under any existing contract with any governmental agency, but any meat required to be delivered after the effective date of such order or instruction of the Director to any governmental agency pursuant to a preexisting contract may be used as a credit against the amount of meat required to be set aside and reserved pursuant to the provisions thereof.

(c) *Method of computing conversion weight.* (1) The conversion weight of the meat production of any slaughterer

derived from the slaughter of swine, for any period specified by the Director, shall be determined either by the method set forth in paragraph (c) (2), or by computing the average purchase weight of the total number of swine slaughtered (less condemnations) and multiplying the total live purchase weight of such swine by the appropriate conversion factor set forth below for the weight range within which the average falls:

200 lbs. and under.....	0.55
201-240 lbs.....	.57
241-300 lbs.....	.59

period specified by the Director, shall be determined by multiplying the weight of all carcasses, or the cuts and trimmings thereof, derived from the slaughter of cattle, calves, sheep, lambs, and, at the option of the slaughterer, swine, by the appropriate conversion factor set forth in the table appearing in paragraph (c) (3).

(3) The conversion weight of meat required to be set aside pursuant to the provisions of this order shall be computed by multiplying the weight of the carcasses, cuts, trimmings, canned meats, and other products prepared, in whole or in part, from meat by the appropriate conversion factor set forth in the following table:

[Order, Serial No. 2165]

PAN AMERICAN AIRWAYS, INC., AND PAN AMERICAN-GRACE AIRWAYS, INC.

USE OF CONTINUOUS WHITE LIGHT AS REAR POSITION EQUIPMENT

Order permitting Pan American Airways, Inc., and Pan American-Grace

Airways, Inc., to use continuous white light as rear position equipment in scheduled operations.

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 1st day of March, 1943.

Whereas Pan American Airways, Inc., and Pan American-Grace Airways, Inc., have requested the Board to permit them, for a period of six months, to use a continuous white rear position light instead of the flashing rear position lights required by § 15.2015 of the Civil Air Regulations; it appearing that:

These companies cannot obtain and install on all of their aircraft used in scheduled operations the rear position lights required by § 15.2015 of the Civil Air Regulations until on or about August 31, 1943; it further appearing that:

Pan American Airways, Inc., conducts only very limited operations over the civil airways and that Pan American-Grace Airways, Inc., operates entirely outside the continental limits of the United States;

Now, therefore, it is ordered, That for the period commencing March 1, 1943, and terminating on August 31, 1943, Pan American Airways, Inc., and Pan American-Grace Airways, Inc., are not required to maintain the rear position lights required by § 15.2015 of the Civil Air Regulations if during such period they maintain the continuous white rear position light required by § 15.2014 of the Civil Air Regulations.

Revised Order No. 3 under Maximum Price Regulation No. 225—Printing and Printed Paper Commodities.

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register, Order No. 3 under Maximum Price Regulation No. 225 is hereby revised as amended, as set forth below:

(a) *Adjustment of certain maximum prices.* A maximum price may be calculated according to this paragraph for the resale of any commodity purchased by the Western Electric Company, Incorporated, through its central purchasing organization for which the actual cost of acquisition (calculated on the basis of the accounting method used in March, 1942 by Western Electric Company, Incorporated) determined as of November 4, 1942, exceeds the maximum price established by Maximum Price Regulation No. 225 for the resale of the commodity. (b) *Determination of certain maximum prices.* A maximum price may be determined according to this paragraph for the resale by the Western Electric Company, Incorporated, of a commodity which cannot be priced under paragraph (a) above, which is not manufactured by Western Electric Company, Incorporated, which did not appear in a price list in effect in March, 1942 issued by the headquarters pricing organization of Western Electric Company, Incorporated, or by the regional distributing house seeking to establish such a maximum price.

(i) *Items to appear in price list of headquarters pricing organization.* If the commodity being priced is to be included in a price list issued by the headquarters pricing organization of Western Electric Company, Incorporated, the maximum price shall be determined in accordance with § 1347.454 (b) of Maximum Price Regulation No. 225.

(ii) *Regional price list items and non-price list items.* If the commodity being priced is not to be included in a price list of the headquarters pricing organization, the maximum price shall be determined by applying to the actual cost of acquisition (calculated on the basis of the accounting method used in March, 1942 by Western Electric Company, Incorporated) the percentage mark-up ("pricing factor") prescribed by the headquarters pricing organization of Western Electric Company, Incorporated, for use in March, 1942 in pricing

commodities of the same class as that being priced.

(c) *Reports.* The Western Electric Company, Incorporated shall submit reports as required by § 1347.454 (b) of Maximum Price Regulation No. 225 with respect to maximum prices established under (b) (i) and shall submit such reports in connection with the purchase and resale of the commodities covered by paragraphs (a) and (b) (ii) of this Revised Order No. 3 as may be required from time to time by the Office of Price Administration.
