

Interwiki links and Sister Projects

Proposal by User: Micru
Request for Comments
16.Feb.2013

Progressive plan

1. Wikidata structure and layout
2. Extend interwiki feature to SSPP
3. Unify interfaces

1. Layout in Wikidata

- Collapsed groups for each project
- Group expands when coming from that project
- Each group has an expand button
- Mock-up on next slide

Links grouped by project

2. Deploy to SSPP

- With the structure shown in previous slide, deploy to Sister projects
- Commons could have two links, one for the Category page and another one for the gallery page

3. Unify interfaces

- There can be a unified tab layout to all media wiki projects
- These tabs are updated automatically when the page in a particular language has links to other SSPP in the same language
- For special cases (searches, links to other languages) keep using template
- Next slide is a mockup for Wikipedia

William Shakespeare

From Wikipedia, the free encyclopedia

This article is about the poet and playwright. For other persons of the same name, see [William Shakespeare \(disambiguation\)](#). For other uses of "Shakespeare", see [Shakespeare \(disambiguation\)](#).

William Shakespeare (26 April 1564 (baptised) – 23 April 1616)^[nb 1] was an English poet and playwright, widely regarded as the greatest writer in the English language and the world's pre-eminent dramatist.^[1] He is often called England's national poet and the "Bard of Avon".^{[2][nb 2]} His extant works, including some collaborations, consist of about 38 plays,^[nb 3] 154 sonnets, two long narrative poems, two epitaphs on a man named John Combe, one epitaph on Elias James, and several other poems. His plays have been translated into every major living language and are performed more often than those of any other playwright.^[3]

Shakespeare was born and brought up in Stratford-upon-Avon. At the age of 18, he married Anne Hathaway, with whom he had three children: Susanna, and twins Hamnet and Judith. Between 1585 and 1592, he began a successful career in London as an actor, writer, and part owner of a playing company called the Lord Chamberlain's Men, later known as the King's Men. He appears to have retired to Stratford around 1613 at age 49, where he died three years later. Few records of Shakespeare's private life survive, and there has been considerable speculation about such matters as his physical appearance, sexuality, religious beliefs, and whether the works attributed to him were written by others.^[4]

Shakespeare produced most of his known work between 1589 and 1613.^{[5][nb 4]} His early plays were mainly comedies and histories, genres he raised to the peak of sophistication and artistry by the end of the 16th century. He then wrote mainly tragedies until about 1608, including *Hamlet*, *King Lear*, *Othello*, and *Macbeth*, considered some of the finest works in the English language. In his last phase, he wrote tragicomedies, also known as romances, and collaborated with other playwrights.

Many of his plays were published in editions of varying quality and accuracy during his lifetime. In 1623, John Heminges and Henry Condell, two friends and fellow actors of Shakespeare, published the *First Folio*, a collected edition of his dramatic works that included all but two of the plays now recognised as Shakespeare's. It was prefaced with a poem by Ben Jonson, in which Shakespeare is hailed, presciently, as "not of an age, but for all time."^[6]

Shakespeare was a respected poet and playwright in his own day, but his reputation did not rise to its present heights until the 19th century. The Romantics, in particular, acclaimed Shakespeare's genius, and the Victorians worshipped Shakespeare with a reverence that George Bernard Shaw called "bardolatry".^[7] In the 20th century, his work was repeatedly adopted and rediscovered by new movements in scholarship and

Born Baptised 26 April 1564 (birth date unknown)

Changes are commented and described on the following slide

Unified tabs layout

Commons

Wikisource

Wikiquote

Others

The screenshot shows the Wikipedia interface for the article "William Shakespeare". On the left is the Wikipedia logo and navigation links. The main content area features a horizontal tabbed interface with the following tabs: "Article", "Media", "Books", "Quotes", and a dropdown arrow. Blue arrows from the text labels above point to these tabs: "Commons" points to "Media", "Wikisource" points to "Books", "Wikiquote" points to "Quotes", and "Others" points to the dropdown arrow. Below the tabs, the article title "William Shakespeare" is displayed, followed by a disambiguation notice and the start of the article text.

Recommend a maximum of 4 tabs to not clutter the interface.
The arrow can display the rest (dictionary, learning, textbooks...)
Tab management is automatic (depending on pages linked to Wikidata)

New position of the "Talk" tab

The screenshot shows a MediaWiki page interface. At the top, there is a user profile for 'Micru' and a navigation menu with links: 'Talk', 'Sandbox', 'Preferences', 'Watchlist', 'Contributions', and 'Log out'. Below this is a secondary navigation bar with tabs: 'Read', 'Edit', 'Talk', and 'View history'. The 'Talk' tab is highlighted with a blue background. To the right of these tabs is a search box with the text 'Search' and a magnifying glass icon. Below the navigation bars, there is a horizontal line with icons for a lock, a speaker, and a star. The main content area shows a paragraph of text: 'akespeare (disambiguation). For other uses of "Shakespeare", see Shakespeare'. Below this is another paragraph: 'ht, widely regarded as the greatest writer in and the "Bard of Avon". [2][nb 2] His extant'. To the right of this text is a box containing the name 'William Shakespeare' in bold black text.

This tab group represents the actions you can perform in the current project

Unified layout on SSPP

- On Sister Projects the layout would be kept similar
- To reflect namespaces, their descriptor can be together in the same tab name
- Next slide shows a Wikisource mockup

William Shakespeare

Works

[\[edit\]](#)

[Note: The Text of some of these plays is also available at [Wikibooks](#) where study guides are being developed, and there is often a separate wiki-page for each of the scenes, for those who prefer or require that format of presentation]

The groupings below are based on the traditional ones followed by *The Yale Shakespeare*, and the titles used are from that compilation notwithstanding some apparent inconsistencies.

The dates given for each play are estimated, and are often the matter of considerable dispute.
