MEMORANDUM FOR: Chief, Civil Affairs Section

SUBJECT: Report of Field Trip to Tokai-Hokuriku Civil Affairs Region

A routine visit was made to Legal and Government Section of Tokai-Hokuriku Civil Affairs Region on the 5th February. Conferences were held with both the Chief and Deputy Chief.

The office of this section is weak in indigenous personnel. The indigenous staff consists of only three persons, a typist and two men, one an interpreter and one a technical adviser. The interpreter is absent approximately two thirds of the time. It was suggested that this man be replaced by one who would be more steady. It was also suggested that this section could use another technical adviser.

The section, through the personal efforts of the Legal and Government Officer, has developed a small library of such subjects as municipal administration, state administration, police and prison work and other matters pertaining to the activity of the section.

The Chief of the section stated that special effort was being made to encourage the courts to implement the various laws and supplement court rules so as to avoid delay in the trial of cases. A conference was held on this subject with the Liaison Judge of the area who stated that it was the desire of all the judges to expedite trials but their efforts were curtailed by archaic laws which compelled them to do certain acts which took a great deal of time.

At the conference with the Deputy Chief and the Legal and Government Officer the matter of indigenous personnel for the section was discussed and it was suggested that special attention should be given at this time to the following:

a. Implementation by local entities of the local Public Service Law;

b. local finances, especially in the operation of the equalization fund;

c. Activities to expedite judicial trials;

d. Activities concerning the forthcoming local elections;

e. Surveillance of the activities of the new Immigration Agency in the apprehension and detention of illegal entrants;

DECLASSIFIED E.O. 12065 SECTION 3-402 / NNDB NO. 770018

f. Activities to reduce the size of local assemblies;

Other matters discussed included the activities of depurgees, police relationships with air police, arrests and detention of United Nations Nationals, tax collection asscciations.

Various items in the December Monthly Activities report were discussed with the section chief.

23 January 1951

MEMORANDUM FOR: Chief, Civil Affairs Section

SUBJECT: Report of Field Trip to Tohoku Civil Affairs Region

A routine visit was made to Legal and Government Section of Tohoku Civil Affairs Region on the 20th of January. Conferences were held with both the Chief and Deputy Chief.

The Legal and Government Officer, newly assigned to the Region last November, has now had an opportunity to contact leading officials in the various prefectures and some of the principal cities, towns and villages. He commented that the officials have retained more of their feudalistic ideas than the officials in his previous Region, Kinki. In addition they have not come into contact with many foreigners and as a result they do not portray the foreign influence as shown in Kinki Region.

The Legal and Government Officer commented on certain administrative matters within the Region headquarters which took unnecessary time from his duties but these probably will be adjusted with the taking of command of the Region by a new Chief.

The Deputy Chief and the Legal and Government Officer both commented on the inadequate distribution of Hq. and Sv. Grp. Administrative Memorandums, GHQ and FEC circulars, Army Regulations and other publications. They stated that they arrive late and that many do not arrive as they are missing certain ones. They stated that since they are responsible for the contents they would like to be sure that they receive them.

The Legal and Government Officer has been assigned the task of checking and approving for form all requests submitted to the Chief by United States Nationals for permission to marry Japanese nationals.

The office of the section appears to be well organized with Japanese employees assigned to specific duties.

The Assistant Legal and Government Officer, Mr. Satake, has submitted a request for permission to marry a Japanese National.

At the conference with the Chief and the Legal and Government Officer they were informed that special attention should be given at the present time to the following:-

a. Implementation by local entities of the Local Public Service Law;

DECLASSIFIED E.O. 12065 SECTION 3-402 / NNDB NO. 770040

b. Local finances, especially in the operation of the equalization fund;

c. Activities to expedite judicial trials;

d. Activities concerning the forthcoming local elections.

e. Surveillance of the activities of the new Immigration Agency in the apprehension and detention of illegal entrants.

Various items in the December Monthly Activities report were discussed with the section chief.
