SCHOOLS CLOSED UNTIL SEPT. 18

Commissioner Dixon, of State Health Department, Issues Sweeping Order

All schools, public, private and parochial in the State of Pennsylvania, will remain closed, as a measure against the spread of infantile paralysis, until September 18, under an order issued in Harrisburg Thursday night by Dr. Samuel G. Dixon, State Commissioner of Health. The Lower Merion public schools were scheduled to open September 5.

Commissioner Dixon's order will take precedence over all other authority and will be obeyed. The order of Commissioner Dixon says that after September 18 there will be "possible readjustments with reference to geographical position, age and attendance of resident pupils."

Commissioner Dixon sent his order to the heads of parochial schools and to all borough, city and county school superintendents.

All Sunday Schools Closed. According to Harrisburg dispatches, Commissioner Dixon's order applies to colleges and preparatory schools, although most of these do not start their fall term until after September 18.

All Sunday schools will be closed during the same period, Dr. Dixon explained. The order affecting the Sunday schools will become effective next Sunday.

The efforts of the State Department of Health to check the spread of the paralysis will also extend to the moving-picture theatres and at least all those that are held in ill-ventilated halls will be closed to children. No order has been drafted regarding the "movies" as yet, but those held in the open air and in institutions will not be closed.

Dr. Dixon said in explanation of closing the schools all over the State: "There are various reasons. Past experience has shown on our records that this month and next month are the high-water marks in the spread of infantile paralysis. From the history of the disease it appears to spread more rapidly during certain periods of the year and because of local conditions.

"To make things worse, many people are now going away for short vacations and those who have been away for longer vacation are beginning to come home. Notwithstanding the present improved methods of railroad transportation guarding against the bringing in of cases of the disease from outside of the State at all points, we have also the automobile outlaws, who can swim creeks, jump fences and otherwise aid in making the guarding of the State very difficult.

"Our idea is to interrupt education as little as possible, and we are going along the line that it is less disastrous not to start a machine than to stop it suddenly after it has been started. If we undertake to open the schools in counties at present moderately free from the disease, as soon as we start, this miserable thing is likely to appear in those counties. Then, if we permit the schools to open and the children are getting accustomed to school and the teachers to their work, it would be bad to interrupt the schools.

"The disease is pretty well scattered over the State, and it would not do to exclude certain portions.

Can Add to School Terms.

"The time taken off from the school year now when it is needed can be added on at the end of the season next June, when we hope we will not be confronted with this miserable thing.

"By the time September 18 arrives we will have watched the situation carefully and can readjust matters with reference to age and geographical position and resident scholars—that is, pupils in dormitories in preparatory schools and colleges."

Dr. Dixon said he had already talked over the matter with the health and school authorities in some cities of the State and that they had agreed to abide upon any decision he made.

Play started 2 P. M., August 26th, and in the preliminary round of men's singles Kirkpatrick defeated Bailey 6-0, 6-0, R. C. Williams defeated A. J. Newell 6-2, 3-6, 6-4, in first round Pattison defeated Loos 6-2, 6-2, Hoffman bested Watts 6-1, 6-1, Kirkpatrick defeated Compton 6-0, 6-2, Justice defeated DuBree 6-0, 6-2, Staples defeated Muschamp 6-2, 6-0, Warwick bested Donnelly 6-1, 6-1, in doubles Warkick and Williams defeated Foote and Burkhardt 6-2, 6-3.

The feature match for the day's play was the singles match between Williams and Newell, both men playing excellent tennis and almost as much credit is due the loser as the winner. It is hoped the tournament develops many more such matches.

Play will continue daily. Owing to the few entered in ladies' doubles and mixed doubles, entries will not close until 6 P. M. Friday, September 1st, and play in these events will be started September 5th.

MERION STATION WANTS NEW POST OFFICE

For some time past the residents of Merion have been endeavoring to secure a new post office building. Like Narberth they have outgrown their quarters, although the situation is not as serious as Narberth as they have not had the rapid growth of population, but there have been of late years considerable additions to the population of Merion, and they too are in need of new post office quarters.

NARBERTH LOSES

TO WAYNE, 4-2

Dun Trims Autocar, 14-2—Boroughites in Second Place Again—Fleck Stars With the Bat With Three Hits, While Pitcher Hallowell Also Has Three Hits, Practically Winning His Own Game.

Amid gloom and sorrow the Champions went down to defeat before the reconstructed Wayne team by the count of 4-2. Inability to hit in the pinches caused the borough team to lose, while pitcher Hallowell poled out three hits, two of which resulted in runs for his team.

Narberth's best chance to score came in the fourth inning when Stites was hit by a pitched ball, Fleck then singled, and Koons was safe on Hallowell's error. Three one and no one out. Simpson then fled out to Gear in center field scoring Stites. Mellon then fled out to the pitcher and Humphreys fanned ending the inning. What seemed to be a good chance to tuck the game away, ended with only one run scoring.

Up to the fifth inning Bob Gibson only allowed one hit, but in the same inning, three singles mixed in with two errors, allowed the visitors to score two runs.

While it was thought that the Narberth team would score, yet Hallowell was pitching extra good ball, and the home team could not land the ball safe. Wayne added one more run in the seventh inning when Heyman singled and Hallowell tripled over Fleck's head. Narberth came back in their half of the inning and scored one run when Simpson was hit by a pitched ball, and was advanced to second on Mellon's out. Bill then scored on Bob Gibson's long single. Howes was then passed, but Gibson was forced out at third on Wallace's tap to short stop.

Wayne scored their last run of the game in the eighth inning when Weaver was passed, and was advanced to second on Gibson's wild heave to first base to catch him napping. Brooke, Wayne's long and lanky right fielder then tripled, scoring Weaver.

Narberth tried hard to come back in their half when with one down Fleck doubled to left field, Koons was thrown out by the third baseman, and when Simpson singled to right field, Fleck was thrown out by a perfect throw to the plate by Brooke.

Again in the ninth inning, the Boroughites tried hard to score, but could not do so. Mellon started the inning with an infield single, and stole second; McClelland batted for Humphreys and fanned; Gibson fled to right field, and Howes ended the game by striking out.

EMERGENCY PHONE CALLS
Fire 350.
Police 1250.

Many men are thinking to-day of things that will seem very wonderful to-morrow and very commonplace in ten years. Spring your ideas while they are fresh.

Now, that everyone is back home, let's buckle down and get busy. There are many things to be done in "The Year-Round Home Town" before there's any more room for improvement.

In what are you interested? Let some one know. There's the editorship of "Our Town," the Civic Association, the Y. M. C. A. Community Centre, the Home and School League, the fire company, the five churches, the Suffrage party, the Women's Community Club, the King's Daughters, etc., and each activity would gladly welcome you. Hitch up to one or more!

At the meeting of the Narberth School Board on Monday evening of this week, formal action was taken to comply with the order issued by Dr. Dixon. Narberth public schools will therefore remain closed until Monday, September 18th. They will re-open at that time, unless further notice to the contrary is received from the State authorities.

In regard to parents who wish to have children enter who are between 5 1-2 and 6 years of age, the Board is disposed to be as accommodating as possible. A strict construction of the school code would not permit children below 6 being admitted. In case the school starts with from 40 to 45 children in the first grade, there would be no room for children below 6 years of age, but if there should be less than that number, every effort will be made to accommodate such children up to the limit. Of course, as soon as they actually reach the age of 6, provision must be made for them.

Work on remodeling the old school building is progressing rapidly, and it is expected to be ready by September 18th for the opening of the session.

The Philadelphia Public Ledger has opened a very interesting contest for articles discussing the respective merits of Hughes and Wilson as candidates for the Presidency. All newspaper and magazine writers have been invited to take part, and prizes will be given for the best editorials not exceeding 1,000 words on two subjects, namely, "Why Mr. Hughes Should Be Elected," and "Why Woodrow Wilson Should Be Re-Elected."

The coming election is one of the most vital importance to the future of our country. As the campaign proceeds, it is evident that people are very much at sea as to whom to support. In the discussions that are heard on every train, at the lunch tables, and wherever men and women foregather, many loose assertions are made, and more or less wild statements regarding the two candidates. In order to vote intelligently, we must not only personally study the

events of the past four years carefully, but we should have the best thought of statesmen and other publicists, editors and writers, to help us come to a satisfactory conclusion.

If ever there was a time when we should sink prejudice, and be guided strictly by a desire to promote the best interests of our beloved country, it is now at hand. It is therefore a matter of congratulation that the public Ledger, in a spirit of fairness and impartiality, has opened its columns to a presentation of the best thought on the merits of both candidates, and the reasons why they should or should not be elected. As stated in the Ledger's announcement, this contest presents opportunity for "men who are in daily touch with the leaders of both parties, to give to the nation their best judgment of the respective merits of the candidates, based upon personal experiences and their intimate knowledge of politics and political affairs."

To the Editor of Our Town.

The committee for awarding prizes for the most attractive yards, as seen from the street, says that we have difficulty in locating the owners on account of absence of numbers on many of the houses.

Numbering the houses would be a great advantage to the delivery service of Narberth stores as well as to the delivery service of the city stores.

The local hardware store can supply numerous at a very low price, probably 5 cents, and, if so, there does not seem any good excuse why all the houses should not be numbered.

W. E. A.

To the Editor of Our Town.

The Bell Telephone Company is making some extensive improvements in Narberth, putting in conduits, cables, new manholes, etc., thereby tearing up the streets very considerably. No doubt this improvement is of great value to the Bell Telephone Company and to us as well, but I do not see why the borough should be compelled to pay for placing the streets in perfect repair again. I wonder if arrangements have been made with the Bell Telephone Company for leaving the streets in as good condition as they were when they found them.

A. E. Wohlert.

To the Editor of Our Town.

As a subscriber to your valued paper, I feel justified in asking you to enlighten me regarding the matter of the best kept yards in Narberth, which, a few weeks ago, was given so much space in your paper, and was considered of much importance to many of our residents.

A detailed report was given at length in your paper, which was very interesting indeed, which report commented most favorably upon those places called upon. Why the article (which was to be continued) was never completed, I do not now, but I do know that many of us regret that such a good cause came to such an abrupt ending.

Interested.

To the Editor of Our Town:

In one of our late issues I saw a piece about Bryn Mawr College looking for lower tax rates on some of their property. Now if a place of this kind is looking for low rates, I think it is about time we should get together and get lower water rates.

This property mentioned gets water from the Springfield Consolidated Water Company very cheap, that is fifteen cents a thousand gallons.

Now in a few weeks my case against this Water Company is coming up before the Public Service Commission, and what I would like to have is a copy of all excessive bills received last July.

Clifton Heights is right in for claiming their own on this case and many more suburban towns are following suit.

This thing was up in court at Norristown some time ago, but it fell through on the decision of Judge Swartz.

Now the Public Service Commission have done very well with different rates such as telephones, freight, electric rates and I don't see how they can pass us by without giving us a fair deal, with the most necessary thing we use and that is water.

NO CONTAGIOUS DISEASE HERE

Township Health Officer R. A. Warner Issues Official Notice Showing Lower Merion Has a Clean Bill of Health

Township Health Officer Robley A. Warner writes the following for publication:

Lower Merion township is again free from forms of contagious disease, especially the dreaded infantile paralysis, and at the present writing is enjoying a clean bill of health.

The two cases of infantile paralysis previously reported are now off record. One was Scott Gehringer, age four, of Cynwyd, and the other Charles Shakespere, age twenty-five, of Haverford. The former has recovered from the contagious stage and quarantine, has been lifted; the latter case was removed to a hospital, where death ensued the following day.

The board and its officers are taking every precaution to safeguard the township, and although numerous cases surrounded our territory, yet Lower Merion is at present free from the disease.

Numerous reports have found circulation of suspected cases of the disease, but in each case the report has been carefully investigated and found to be without foundation.

Children coming from infected districts are at once placed under observation; they are also given a medical examination, and so far it has not been found necessary to establish a quarantine.

During the last two months many nuisances have been abated, and where the offenders do not comply the law has been enforced.

These nuisances are in the forms of unclean stores which are not screened from flies, dirty back yards, the abolishing of outhouses where it is possible to make sewer connections, the installation of Springfield water, replacing the well supply; the cleaning up of public dumps, the immediate removal of house wastes, also tin cans and receptacles which may hold water which later becomes a breeding place for insects; the proper protection and inclosure of manure pits, and, above all, "Good Drainage," which Lower Merion has been fortunate to possess for the last twelve years, and to-day there are almost four thousand houses connected to the system, with a possible dozen houses which for various reasons have not yet been connected.

The fact that the work of the board is so closely allied with the work in the Department of Health and Drainage, which comes under the personal supervision of the writer as Engineer of the Sewer System, makes it possible to carry on the work in both departments in a most effective manner.

At the last meeting of the board the present question of infantile paralysis was given special consideration, and numerous steps were taken to especially safeguard the public, important among which was the "cleaning up" of the so-called Italian section of Spring avenue, in Ardmore. Stringent measures were here taken with very gratifying results to the board.

As to the school situation, in view of the fact that the township to-day has not a single case of the disease, the board did not feel warranted in asking the School Board to defer the opening of the various schools; however, a resolution was passed as to the admission of children under sixteen years of age, who may have just returned from a vacation or a possibly infected district.

Whereas, The disease of infantile paralysis is prevalent in various localities in which citizens of this township may have been temporarily resident or may have passed through on their way to this township, and

Whereas, It is the duty of this Board of Health to safeguard the health of this township; therefore be it

Resolved, That all children under the age of 16 years coming into this township shall and are hereby excluded from attendance at all public, private, Sunday, parochial or other schools for a period of at least ten days from the date of his, her or their entrance into this township.

Notices have also been sent to all moving picture theatres to exclude all

Hard lines for Gibson to return and lose his first game.
Pitcher Hallowell deserves great credit.
Fleck was the only Boroughtite able to solve Hallowell's pitching. Although Howes had two singles.
Bon Air visits us next week.
Gene Davis will be back next Saturday.
Second place again.
Narberth could not hit in the pinches.
Wayne did otherwise, bunching theirs.
Flick Stites made a great catch in right field.
If Narberth wins the pennant this year—the team has "got to go some" to do it, judging by its erratic performance of late—and there is a post-season series with the champions of the Delaware County League, our opponents will be Ridley Park instead of Drexel Hill. Well, if we can't get a chance to turn the trick on Drexel Hill, we'll do our best to whip their conquerors, if Dun & Co. give us the opportunity.

FLY TRAPS.

Swatting flies is a good method of getting rid of one of the worst pests the human family is called upon to combat, but by using fly traps the exertion of swatting and gathering up the dead and injured is avoided. In a modern fly trap the flies are attracted by a little sweet molasses in the center of the trap; once in they cannot escape, and it is possible to catch many thousands of flies with very little effort and expense. The cost of a fly trap is twenty-five cents. One has been in use at the post office for the past four weeks, in which it is estimated that ten thousand flies have been captured. Flies make the post office their headquarters, after being driven away by the inhospitable grocers and meat shop keepers in the vicinity.

Our local baggage agent, Mr. Fegley, has also been doing a large fly catching business. He estimates that in three weeks he has captured twenty thousand flies. His supply is unlimited from the stables across the street.

WYNNEWOOD AVENUE

"First it's one thing and then it's another" that delays progress in laying the concrete road on Wynnewood avenue.

For about two weeks no work was done because of a broken concrete mixer. Then, after the new mixer worked for two days, there were no materials to use in the mixer.

Winter will be here soon and then it will be too cold to lay concrete.

Narberth is certainly unfortunate when it comes to getting construction work done quickly, to wit: Narbrook Park, Wynnewood road, and general roadway repairs.

News of the Churches

MERION MEETING HOUSE.
Merion Meeting House is opened for worship every First-day at 11 A. M. Visitors are cordially welcome. A registry book is kept for visitors. All are asked to register their names.

ST. MARGARET'S CHURCH.
Early Mass on Sunday from April 1st to October 31st at 6.30 A. M. From November 1st to March 31st at 7 A. M. Late Mass, 9.30 A. M. throughout the year. Masses on holydays, 6.30 and 8.30 A. M. Weekdays at 8. Evening devotions and other services at regular times.

METHODIST EPISCOPAL CHURCH.
The Little Church on the Hill.
Rev. C. G. Koppel, Pastor.
Re-Opening Sunday.

9.45. Sunday school session for all scholars over sixteen years of age. Officers and teachers of the younger scholars will please attend the session and meet with the adult classes.

11.00. Morning worship. The pastor will occupy the pulpit with Miss Prescott as soloist and Miss Wentz at the organ.

8.45. Epworth League. All members and friends of the league will please note the beginning of these devotional services for the young people.

7.45. Evening worship. Service in charge of the pastor, assisted by Miss Prescott and Miss Wentz.

The first of the pleasant Sunday evening services that will be conducted in this church throughout the fall and winter.

Improved Ventilation.
The trustees announce the realization of a long-felt want in the need of more ventilation. During the summer the lower parts of the three large memorial windows have been remodeled and swung on pivots, giving increased air spaces twenty-seven feet long by three feet high. This improvement gives the church more fresh air than is usually found in public buildings and a temperature during the summer lower than that outside. The improvement has greatly added to the beauty of this cosy and attractive church and the expense of \$150 is cheerfully assumed by the congregation.

EVANGEL BAPTIST CHURCH.
Rev. John Gordon, D. D., Acting Pastor.

Bible School. The School is closed by order of the State Board of Health, until further notice.

11 A. M. Morning Worship. Rev. John Gordon, D. D., will preach and will fill the pulpit during the time we are without a pastor. The ordinance of the Lord's Supper will be observed. 7.45 P. M. Evening Worship. Preaching by Dr. Gordon. This is the first evening service and hope the members of the church will be in attendance.

Wednesday evening, August 30, 1916. Union prayer service at the Presbyterian Church. Mr. Robert C. McQuilkin will be the leader.

Friday, September 1st, 2.30 P. M., Ladies' Aid Society at the church.

ALL SAINTS' P. E. CHURCH.
Rev. Andrew S. Burke, Rector.

The services at All Saints' P. E. Church, Montgomery and Wynnewood avenues, for next Sunday, are as follows:

8.00 A. M. Holy Communion.
11.00 A. M. Holy Communion and sermon.

The Rev. James A. Muller, of Lansdowne, will have charge of the services on Sunday, September 3rd, 1916. There will be a full quartette choir at the eleven o'clock services on all Sundays.

Many churches cut down their music during the summer months, but All Saints' believe in keeping up their high grade of music during the whole year.

The Sunday school sessions and the afternoon services will not be resumed until the third Sunday in September.

We hope there will be a large congregation to hear Rev. Mr. Muller on next Sunday morning.

The church busses leave Wynnewood and Narberth stations at 10.40 on Sunday mornings.

**NARBERTH SCOUTS
WIN HONORS AT
CAMP DELMONT**

Herbert Krell and John Wilson, two members of Kangaroo Patrol, Narberth Boy Scouts, have returned from Camp Delmont, the Boy Scouts' camp on the Perkiomen Creek, where they stayed for two weeks.

During their stay at the camp they had the "honor tent" (best kept) two different days, which gave them the privilege of raising and lowering the camp flag on these two days. Their lowest grading on any day was 92.

Herbert Krell won the camp letters—C. D.—by winning 175 points from the list of requirements, his total being obtained by satisfactorily passing 21 different tests.

BIG BEND DISTRICT WORK

Traveling Secretary With Automobile Will Visit Small Detachment of Troops

The following article is taken from "Border Work," a semi-monthly publication giving the news of the army Y. M. C. A. with the troops:

Plans for association field work in the Big Bend district of Texas, where there are about 3000 men, provide for the sending of one or more traveling secretaries into the district, visiting the small detachments of troops in turn. Colonel J. A. Gaston, of the United States Army, in command of all the troops in the Big Bend district, is reported as saying that the neediest field along the whole border for the service of the Army Young Men's Christian Association is in this section. Many of the points where there are small groups of troops are eighty-five miles from base stations on the railroad.

There are at present thirteen places where there are stationed small detachments of 100 to 150 men. To these small camps the traveling secretary is to be sent. He will have an automobile loaded with supplies and will constantly visit from place to place, spending from one to three days with each group of men. His equipment will consist of writing paper and envelopes, games, portable graphophones with forty or fifty good records, books, testaments, plenty of magazines and a motion picture machine with a field electric light plant. Writing material, games, one of the graphophones with records and a supply of books and magazines will be left with each small detachment of troops. During the visit of the secretary, motion picture shows and talks will be given every night and then he will go on to the next place, taking the motion picture machine with him. A fund of \$3000 is needed immediately to inaugurate the Big Bend work. The entire cost is estimated at from six to eight thousand dollars.

**CLEAN UP THE MAPLES
AND THE EVERGREENS**

The Maple and Evergreen Trees in Narberth Are Both Being Attacked by Pests and Should be Cleaned of the Parasites Without Delay

The trunks of the maple trees are covered with great masses of small white eggs. (If there is any reader of Our Town who knows what they are and what will kill them, he should write the editor full details for publication).

The pine and fir trees around several houses are literally alive with caterpillars, which make their cocoons of the spalls of the trees. These should be picked off and burned before they have a chance to crawl out and move on to the trees of a neighbor.

Examine your trees at once and do your part to prevent the spread of any parasite that will endanger the life of our beautiful growths.

So many people wait in vain for their ships to come in because they were never launched.

There's always room at the top—and the rent is cheaper.

POST OFFICE NOTES

More than three thousand persons receive mail through the Narberth post office. It is difficult to remember them all. By having your box number placed on your mail you will aid in having the mail cased up without delay.

BETTER FACILITIES FOR POST OFFICE

Narberth post office is unable to take complete advantage of the second-class privilege owing to the lack of room in which to place the equipment that a second-class office is entitled to, such as modern casing racks sorting tables, cancelling machine, filing cases for supplies and records, sack racks for outgoing mail and many other things too numerous to enumerate. These will be secured when new quarters are provided.

Printed stamped envelopes may be secured at the post office at the following prices:

500 1-cent envelopes.....\$5.62
500 2-cent envelopes.....\$10.62

These envelopes are of first quality. The name and address of purchaser neatly printed in upper left hand corner, with request to return in _____ days. Note the price.

Edward S. Haws,
Postmaster.

Private correspondence as well as that for business purposes should be marked showing to where it should be returned, if undelivered at post office of address. If this precautionary measure could be generally observed it would greatly assist post office officials in the handling of mail matter.

DID SHE GET THE PLACE?

"Oh, yis, mum," said Kathleen, applying for a new situation, "I lived in me last place three weeks, mum, and, though I say it as shouldn't, I gev icellent satisfaction."
"And why did you leave?" ventured the lady, who was looking for a servant.

"Sure, I couldn't get along wid th' missus she wor that ould an' cranky."

"But maybe you'll find me old and cranky, too."

"Cranky ye may be, mum, for swee' faces like yours is sometimes deceivin', but ould ye're not—I can see that at a glance."

Prescription Department

Your health is your most prized possession. When it is in danger you wisely hasten to the best physician you know.

It is equally important that you choose your druggist to get best results. Purity, Strength, Skill, Accuracy, Carefulness and Cleanliness are of great importance. We lay stress on all of these and you can rest assured that your prescription has been compounded just as your physician wishes it prepared if you leave it at

HAVE YOUR MAIL ADDRESSED TO YOUR BOX NUMBERS

Patrons of the post office should endeavor to have their mail addressed to their box numbers, as delays are frequently caused in the delivery of letters due to the address being simply given as Narberth, even when street and number is given it is frequently necessary to look up the name in directory before the mail can be cased up, causing extra work as well as necessary delay.

A WORD TO THE NEW RESIDENTS

For the information of the lately arriving residents of Narberth we announce again that to purchase postage stamps and stamped envelopes in the local post office is of great advantage to the office as its advancement is based upon the sales. We aim to be courteous and obliging. We also want to do business with our patrons. Edward S. Haws, Postmaster.

Stamps are on sale of every denomination from one cent to fifteen cents, except eleven and fourteen; also a plentiful supply of postal cards, stamped envelopes and newspaper wrappers.

MAGAZINES ARE NEEDED

How Friends of Soldiers May
Make the Supply Keep Pace
With the Demand

The consumption of reading matter by the troops is enormous. From much handling and reading, magazines are quickly worn out and fall to pieces and fresh supplies must be forwarded at frequent intervals. Tons of magazines have already been shipped.

The supply of reading matter must be maintained for an indefinite period and should never be permitted to get low. Friends of the work are asked to aid in supplying the demand. Books, good magazines and the illustrated weekly papers may be sent to the local Young Men's Christian Association, which will forward them to New York. At the headquarters the magazines will be sorted and sent at once to the association branches in the border camps, in accordance with their needs.

Even Pittsburgh, where the cases are comparatively few, has offered no objection. The only person, he said, he desired to consult with and had not been able to reach is State Superintendent of Public Instruction N. C. Schaffer, who is in Illinois.

DEMOCRATIC RALLY

The Democrats of Lower Merion township and Narberth are planning a big Democratic meeting to be held in Ardmore on Wednesday evening, September 6, in Merion Hall. Prominent Democrats from all parts of several of whom will address the Montgomery county have been invited meeting. Among them Mr. George W. Lutz, of Pennsburg and Mr. John Gilroy, of Narberth.

OVERHANGING BUSHES.

It is requested that all bushes, hedges and shrubbery that extend beyond the pavement line be trimmed or tied back so as not to obstruct the sidewalks.

STRAY DOGS.

There are a number of stray dogs around Narberth which should be disposed of by the proper person. They may be seen lying around in the gutters. These mangy, dirty curs are apt to carry disease besides the continual nuisance they are yelping at automobiles and making themselves generally objectionable. Isn't there someone in Narberth whose duty it is to rid the place of such nuisances?

Small Boy: "Ma says they've got a new baby girl at Mr. Jones, the grocer's."

Small Girl: "My! What a sell! Will they have to keep it?"
"Of course, silly. Why?"
"Cause there's a card in the shop window with 'Boy Wanted' on it."

Your friends can get considerable enjoyment out of trouble—if it's your trouble.

TEN GOLDEN RULES OF HEALTH FOR SCHOOL CHILDREN

1.—Sleep. Get as many hours in bed each night as this table indicates for your age. Keep windows in bedroom well open.

Hours of Sleep for Different Ages.

Age	Sleep	Time in Bed
5 to 6	13	6 P. M. to 7 A. M.
6 to 8	12	7 P. M. to 7 A. M.
8 to 10	11½	7.30 P. M. to 7 A. M.
10 to 12	11	8 P. M. to 7 A. M.
12 to 14	10½	8.30 P. M. to 7 A. M.
14 to 16	10	9 P. M. to 7 A. M.
16 to 18	9½	9.30 P. M. to 7 A. M.

2.—Eat slowly, never between meals. Chew food thoroughly. Drink water with meals but never when there is food in the mouth. Drink water several times during the day.

3.—Brush your teeth at least once a day. Rinse mouth out well with water after each meal.

4.—Be sure your bowels move at least once each day.

5.—Keep clean—body, clothes and mind. Wash your hands always before eating. Take a warm bath with soap once or twice a week; a cool sponge (or shower) bath each morning before breakfast and rub body to a glow with a rough towel.

6.—Try to keep your companions, especially young children, away from those who have contagious diseases.

7.—Use your handkerchief to cover a sneeze or cough and try to avoid coughing, sneezing or blowing your nose in front of others.

8.—Study hard. In study, work or play, do your best.

9.—Play hard and fair. be loyal to your teammates and generous to your opponents.

10.—Be cheerful and do your best to keep your school and your home clean and attractive and to make the world a better place to live in.

During vacation is a splendid time to practice these rules. By September they may be a part of your daily life.

IMPORTANT

Cases of communicable disease are ordinarily reported to the secretary of the Board of Health by the physician in attendance. If no physician is called in, the responsibility for reporting rests with the head of the household. This is made obligatory by State law and the regulations of the Board of Health. The penalty for failure to report is a fine not exceeding \$100 and costs.

To avoid the imposition of the penalty, physicians and householders are requested to report immediately in writing cases of communicable disease which may exist to the secretary of the Board of Health. All children in families in which there is whooping cough or chicken pox must be kept on the premises and not be allowed to come in contact with other children.

INDEMNITY FOR PARTIAL DAMAGE TO REGISTERED, INSURED AND C. O. D. MAIL.

Heretofore the payment of indemnity by the Post Office Department has been restricted to irreparably damaged articles or parts of articles. Under the amended regulations issued by Postmaster General Burleson, effective August 8, 1916, payments will be made in cases where articles are not rendered worthless for the actual, usual, direct and necessary cost of repairs required to place them in a serviceable condition.
