Treasury question.

Presspects of Peace.

There is no doubt that a special messenger has been sent to Mexico, with important despatches. The gentleman in question passed is better than the part of the peace of the pateness. The gentiemen in question perhaps through our city a day or two since, and is by this time, well on his way to Vera Cruz. The haine of the memenger is not absolutely known but the correspondents of some half a dozer out the correspondents of some half a done northern newspapers all agree that the gentleman is N. P. Taist, Esq., Chief Clerk of the State Department and late Consol as Havana. He is entirely competent to the mission, as he is familiar with the Spanish language, and from

pai streets were an unbroken blaze of light, the bridiancy of which was beguitfully diversified by the numerous flags, transparencies and other appropriate devices. On the occasion twenty seven hundred lights were exhibited in the windows of Barnum's Hotel. The various news-

WHEREAS, The ever-plorious victory of Buena Visia has filled the whole country with joy and eachington, and the Senate and House of Representatives of the State of Louisiana in General Assembly conversally pervading this State, therefore, Resolved. That the Legislature of the State of Louisian in General Assembly convered, the their thanks to Gen. Taylor and his gallian time thanks to Gen. Taylor and his gallian through their services in the ever-memorable actino to their services in the spirit of their formers of the first services of the distinguished chief of this gallow their services of the distinguished chief of this gallow to the or their spirit. Associed, That the Governor of the State be and he is threely authorized and requested to have struck, by a competent srint, a gold media, with sunable desires, to be presented in the name of the State to Gen. Z. Taylor. Resolved, That the towernor be requested to low and to Gen. Taylor a copy of these resolutions.

Visconia.—We understand that letters received from Richmonf, dated the evening of the \$22\tau and industrious.

The Richmonf, dated the evening of the \$24\tau and industrious.

The Richmonf of the returns thus far leave no doubt of the triumphant election of John M.

Borrs to Congress, and of the consequent gain of a whig member.

We take the following from the Thibodeaux Minerva of the \$24\tau.

The proceedings of gratiament are principally in relation to Ireland. The puor laws are still debated in the House of Commons.

The government measures neet with much opposition. The amendments prepared were various, and movely shared the sature fatte. Lord Morpeth has introduced his impossation bill.

The suffering by the famine in Ireland, Scotland, and on the continuous still constitutes with the stand and on the continuous still constitutes.

and mostly shared the same fate. Lord to appear the same fate that the same fate that the same fate that the same fate. Lord to appear the same fate that the same fa bech, in Germany, fourteen hundred in number, have requested permission to emigrate to the United States. There was also extensive preparations throughout the country to emigrate to the States. Some districts were threatened with depopulation from this cause alone.

appropriate devices. On the occasion twenty seven hundred lights were exhibited in the windows of Barnum's Hotel. The various newspaper offices were handsonely illuminated. The Drummond light was exhibited by Professor Gram with grand effect on the summit of the Washington monument.

Nominations of Gens. Taylor.

On Wednesday last, the Hon. R. C. Nichon.

Las. a democratic member of the State Senate, from the Parish of St James, offered the following resolutions, which were read for the first windows. The Professor of State Senate, from the Parish of St James, offered the following resolutions, which were read for the first windows. The state of the State Senate, from the Parish of St James, offered the following resolutions, which were read for the first windows and the state of the sta

doubt of the triumphant election of John M. Borrs to Congress, and of the consequent gain of all freland, as assessed to the poor rate, at \$2,187,421 fas. \$8.1 ft. \$1.5 ft. \$
