CANADA-JAPAN TRADE GROWTH PLANNED

EMPIRE GOODS FAVORABLY TREATED UNDER NEW TARIFF PLANS OF SOUTH AFRICANS

Hertzog Government Asks Parliament to Abolish Preferential Rates, But Proposes Readjustments Which Are Expected to Operate to Advantage of Britain and the Dominions; Two-cent Postage to be Restored.

Capetown, South Africa, April 8 (Canadian Press Cable)—Abandonment of the present imperial tariff preferential rates was announced by N. C. Havenga, Minister of Finance, in the budget brought down in the House of Assembly of the Union of South Africa to-day. The budget statement, however, outlined a readjustment of the British preferential tariff on a quid pro quo basis, under which British goods will benefit to the extent of £300,000 and the Dominions to the extent of £50,000 as compared with £86,000 and £30,000 respectively, as formerly. The budget also restores penny postage in the Union.

HERRIOT'S LEAD IN SENATE OF FRANCE ENDED

Division 142 to 140 To-day, But Two Senators Say Votes Wrongly Recorded

Cabinet Meeting Called; Many Say Resignation Will be Given

Paris, April 8.—The Government's majority of two, recorded in a vote of confidence in the Senate to-day, later disappeared when two senators declared their votes wrongly entered in the records.

The vote of confidence of 142 to 140 stands as officially announced, but Premier Herriot, having heard of the change, summoned a cabinet meeting for 9.30 to-night to consider the situation and decide whether its resignation should be offered.

In the lobbies of the Chamber of Deputies the meeting of the cabinet was widely interpreted as meaning that the Ministry would resign to-night.

ON HERRIOT'S REQUEST

Premier Herriot arrived in the Senate chamber unexpectedly, and when the Senate Finance Committee opposed the Government's proposed appropriation for secondary educational scholarships he put the question of confidence, complaining the Finance Committee had shown him marked hostility during the past two days.

The Chamber of Deputies has fixed Friday evening for discussion of the Government's bills for relief of the fiscal difficulties of France. The Finance Committee is promising to have its report on the measure ready at that time.

SOCIALISTS URGE LEVY

When the committee met this afternoon it dealt with alternative plans that had been submitted to it. Among these plans is a drastic out-and-out capital levy presented by the Socialists and a scheme from the Radical group of the Left, hitherto supporters of the Government but who now appear to be wavering.

M. Klotz, former Minister of Finance, it is understood, also intends to propose a tax on unearned income. It is declared the Socialists are advancing their proposal not that they believe there is any chance of its adoption, but to satisfy their constituents that they remain true to the Socialist doctrine. It is believed the party later will rally to the Government's plan.

FORCED LOAN SCHEME

The Government's plan provides for authorization to raise the limit for the bank bill issue by the Bank of France by 4,000,000,000 francs, bringing it to a total of 45,000,000,000 francs, and for a "forced loan" embracing a ten per cent contribution by capital.

The members of the Finance Committee declare the discussion established that the Government bills call for considerable modification at the hands of the committee. Experienced political observers expect the Government will be sustained by a small majority in the Chamber. In the Senate, however, there are no signs of the hostility to the measure decreasing and there is doubt as to whether the Government can carry the measure through the Upper House.

PEOPLE IN TERROR OF EARTHQUAKES IN NORTHWEST MEXICO

Mexico City, April 8.—In the State of Durango thousands of persons are reported to be living in the open because of the damage done to their homes by the recent earthquakes or because they are afraid to return to them on account of the recurrent shocks. Up to the present, no casualties outside of minor injuries have been reported.

Kurds Ready For Sharp Struggle With the Turks

London, April 8.—A correspondent of The London Daily Express has penetrated into the heart of Kurdistan, whence he sent a dispatch by courier representing the whole population as in armed readiness to engage in a bitter religious fight against the Turks to bring about restoration of the Caliphate, the abolition of which is regarded as an insulting blow to the Moslem faith.

The correspondent confirms the report that Sheik Said, who is leading the Kurdish insurrection, desires to install a son of the late Abdul Hamid as Caliph.

TWO ALBERTA COAL MINES ARE REOPENED

Five Days' Work a Week During Summer Promised Men of Bellevue

Blairmore Men Profit From New Agreement Arranged With Company

Lethbridge, Alta., April 8.—Two more Crow's Nest Pass coal companies have broken with the United Mine Workers of America, which organization has controlled the Alberta miners from the start of the coal mining industry in this province.

The Blairmore and Bellevue camps have voted to form local unions of the Canadian Federation of Mine Workers, the first of which were formed in the Fernie district at the beginning of the year when the Fernie and Coal Creek camps broke away from the International union.

The Bellevue miners voted to sign a wage agreement with the West Canadian Collieries. The agreement is being arranged to-day, and the mine will open on Monday next with the promise of five days' work a week during the summer and at least three days a week during the winter.

TO FOLLOW LEAD

The Coleman and Hillcrest steam coal camps have taken no action as yet, but are expected to follow the lead of the two camps which have already signed at a scale which is slightly higher than the Fernie scale, but which will allow mining of coal at a price which will enable the railways to cease bringing in their fuel from the United States fields.

Two Flying Men of Britain Killed

London, April 8.—No trace has been found of the two British flying officers who have been missing since a large bombing plane fell into the sea off the coast of Kent, near Birchington, yesterday and it is feared they were lost. Two other men were rescued at the time of the accident. They are in a hospital, one of them in a critical condition.

PREMIER INVITES EARL HAIG TO VISIT VICTORIA

EARL HAIG

Premier Oliver to-day invited Earl Haig to come to British Columbia this summer.

The commander of the British armies during the war is coming to Ottawa to attend a veterans' gathering during June.

The Premier's invitation was extended at the suggestion of the G.W.V.A. of Vancouver.

Late Wire Flashes

KAROLYI IN MONTREAL

Montreal, April 8.—Count Karolyi, former Premier of Hungary, accompanied by Countess Karolyi, arrived here to-day from New York.

PAY TELEPHONES STOLEN

Vancouver, April 8.—Pay telephones stolen here since the beginning of the local epidemic of two months ago, reached a total of sixteen when the instrument in the Princess Rooms was removed by a prowler last night.

BAIL EFFORT BY WATSON

Vancouver, April 8.—Further adjournment of one week was arranged to-day by W. E. Burns, counsel for Ross C. Watson, former Seattle detective, when a second application for bail was made. Watson will be tried by a jury at the May Assizes on a charge of participating in the Royal Bank robbery in Nanaimo last December.

AUSTRALIAN DEFENCE

Melbourne, April 8.—Frank Anley, deputy leader of the Federal Labor Party, has indicated that the party opposes the Australian Government in its policy of contributing to Empire defence. He favors complete and independent national defence, with extension of the naval fleet and shore defenses at strategical and economic centres.

LANDS TRANSFERRED

Ottawa, April 8.—An Order-in-Council has been passed transferring Federal Government lands in and around the City of Vancouver from the Department of National Defence to the Department of the Interior. The transfer is made because the Department of the Interior now controls ordnance land. The territory transferred includes Deadman's Island, in regard to which there has been litigation in the past.

Many Houses Were Damaged by Shocks

Mexico City, April 8.—Definite reports as to the extent of the damage suffered by the town of Chalchihuitlan, on the Zacatecas-Durango frontier, through a series of earthquakes since March 15 are contained in a message sent by President Calles to his private secretary here.

GRAIN IS THRESHED ON PRAIRIE FARMS

Brandon, April 8.—Harvesting operations commenced yesterday in the Brandon district when J. Couling started threshing outside. He will later put some barley through the separator. Another farmer is also threshing sweet clover. This grain all remained in the stocks in the fields throughout the winter and farmers are greatly interested in the outcome of the threshing operations, which are very unusual here at this season.

Flooding weather holds. Seeding of wheat has started in the Douglas and Carroll districts, but will not be general for another week.

SEIZURES ENDANGER FREEDOM OF HIGH SEAS; WAR VETERANS LAUNCH NATION-WIDE PROTEST

Bitter Discussion on Methods of U.S. Revenue Cutters Marks Meeting of Local Association; Soundings Should be Taken at Seizure Point, Resolution States.

Asserting that the freedom of the high seas was at stake Victoria war veterans last night launched a nation-wide protest against the seizure by U.S. revenue cutters of suspected Canadian rum-running boats outside of the twelve-mile zone at a well attended general meeting of the local branch of the Great War Veterans Association.

Considerable bitterness entered into the discussion as the activities of the U.S. revenue men were discussed and in the case of Coal Harbor, a Victoria boat, it was emphatically declared that the U.S. prohibition officers trespassed on the traditional freedom of the seas and endangered international complications by a seizure which, it was asserted, was outside of the twelve-mile zone. Reports from San Francisco that she was in the twelve-mile zone were quoted but asserted that she was outside of the zone when a fifteen-mile radius was drawn around the vessel and when caught up with her own house she needed not look for a remedy, was the text of the arguments advanced in this connection. Transportation of wet goods from Canada was still legal, speakers pointed out, but legitimate cargoes bound for Mexico or other ports were in constant danger of seizure from U.S. revenue cutters.

BREAKING NO LAWS Particular emphasis was laid upon the apparent immunity of the U.S. speed boats which, it was pointed out, were described as the real law-breakers in that they transgressed the laws of their own land. The Canadian boats when seized outside the twelve-mile zone were breaking no laws and the freedom of the high seas was being infringed upon.

SOUNDINGS Soundings should be taken in full view of a seized vessel by a U.S. revenue cutter. It was claimed, in the point of prosecutions and this was a protection to which any boat was entitled. While it was acknowledged that there would be grounds for doubting the soundings taken by a suspected carrier, the situation would be met for a sounding by the cutter outside the twelve-mile zone, if the vessel had authority to call for a sounding to be taken by the cutter immediately it was seized, the members claimed.

The wording of the resolution was left to the members of the association and it was decided that the Dominion command be asked to circulate it throughout the whole of Canada with the object of uniting up national-wide support to the protest.

MUCH BAIL FORFEITED

Vancouver, April 8.—An echo of the swoop made on Chinatown gambling houses here by morality squad officers last night was heard in police court to-day when eighty-eight Chinese forfeited bail of \$10 each. Fines and forfeitures in other morality squad cases also reached a high figure, persons being found in disorderly houses being assessed for a total of \$125.

VETERANS TAG DAY HELPS IN RELIEF OF PITIFUL CASES

Funds for the benevolent work of the Victoria local of the Great War Veterans' Association are sought by the tag day which will be held Saturday. Of the money raised on the last tag day held by the association, \$600 went to the G.W.V.A. rooms at the Jubilee Hospital and the remainder was distributed for the relief of families in distress. From the proceeds of Saturday's tag day will be taken \$100, the annual cost of the upkeep of the hospital room. The remainder will be kept entirely separate from the general funds of the association. During the year the association handles many pitiful cases. Among the applications for help are some from soldiers' widows, who, with extra expense of sickness, find themselves facing financial difficulties which they are unable to meet from their pensions.

Move Started in Commons To Abbreviate Addresses

Ottawa, April 8.—A move to shorten speeches in the House of Commons may take definite shape during this session. The budget debate has lengthened far beyond expectations and there is more than the usual talk around the corridors that something must be done to keep the debates in the House within bounds. Three-hour speeches have become common. It is quite likely the question will be discussed by the special committee on Rules, which is now sitting, and even if no arrangement is reached actually to prescribe a limit for speeches, the criticism which will probably come from all quarters in the House may have some effect.

Probabilities at present are that the budget division will not be reached until Thursday, April 23. After a three-hour session to-day, the House will adjourn for Easter, resuming next Tuesday afternoon. The speakers to-day will be William Irvine, Labor, East Calgary, and A. B. Hudson, Liberal, South Winnipeg.

NEW TREATMENT FOR DIABETES IS NOW ANNOUNCED

Baltimore, Md., April 8.—A new treatment for diabetes will be explained before the members of the American Chemical Society here to-morrow by Dr. Max Kahn of Beth Israel Hospital, New York, and Dr. E. H. McKee of Columbia University.

The treatment proceeds on a principle which contradicts the popular opinion that sugar in the blood is the cause of death of victims of the disease and consists in feeding the patients "intarvin," which is the discovery of the two scientists.

ASKING VOTES OF PEOPLE OF GERMANY; P. VON HINDENBURG

VON HINDENBURG IS CANDIDATE FOR GERMAN PRESIDENCY

Agreed to Run Against Marx, Contrary to Advice of Old Junkers

Berlin, April 8.—Field Marshal von Hindenburg was nominated to-day as a candidate for the Presidency of the German Republic by the National Conservatives. It was announced the field marshal had agreed to stand.

Von Hindenburg's nomination was forecast several hours before he actually accepted, as it was known he had agreed to run against former Chancellor Wilhelm Marx in the election of April 26 if assured of the united support of all the parties comprising the National Bourgeois Bloc. Despite the opposition of Foreign Minister Stresemann, it was stated beforehand that the German People's Party would not oppose the field marshal if he was nominated.

QUOTED EXAMPLES Von Hindenburg's protest against entering the struggling race on account of his age were met by supporters, who added to the aged war leader the examples of men on the verge of eighty who had made good as statesmen. They pointed out that Bismarck when he retired was considerably older than the field marshal. The cases of Clemenceau and Balfour also were cited.

OLD JUNKERS' VIEW There were plenty of objections to the field marshal's nomination voiced in the Nationalistic ranks; however, numerous members of the old elements literally "standing aghast" at the suggestion that "the one remaining figure of the glorious past" be dragged into "the quagmire of German party politics."

"He has been a soldier all his life and wholly typical of the rigid monarchial era which has gone," objected a well known former naval officer, "and any attempt to make him sit into the post of President of the German Republic—about the same as the German Republic—a new world to him—must be designated as a piece of frivolity and political insanity."

Von Hindenburg is in his seventy-eighth year, having been born October 2, 1847.

EX-CHIEF OF BANK HEARD AT INQUIRY

M. J. Haney, Who Directed Home Bank, Questioned by Ontario M.P.P.'s

Toronto, April 8.—Denial of any knowledge of controversy paid by the Home Bank of Canada to Government members or anyone else was made to-day before the Public Accounts Committee of the Ontario Legislature by R. P. Gough, Clarence Smith and S. Casey Wood, who were directors of the bank. They said they knew nothing about the Government loans until they read about them after the Government inquiry had been started, nor did they know anything about a "loft gate." Their

JAPAN IS EXPECTED GREATLY TO EXTEND BUYING IN CANADA

Friendliest Trade Relations Are Desired by Ottawa Leaders Who Will Share in Negotiations for Decrease in Japanese Migration to Canada; State of Feeling Between Japan and United States Turns Much Purchasing to This Country.

Ottawa, April 8.—Canada's rapidly increasing trade with Japan through British Columbia ports must be protected and friendly commercial relations between the two countries preserved in any new Oriental immigration policy put into effect by the Dominion. This is a fundamental point of the policy of the Federal Government, which already has taken under consideration plans for reducing the present movement of Japanese into the Pacific Coast province.

In conducting the negotiations looking to a reduction of the Japanese immigration the Canadian authorities will do everything possible to prevent the growth of such feelings of hostility as arose between Japan and the United States over the United States exclusion law.

Japanese trade, the Canadian Government believes, will form one of Canada's richest fields of commercial development in future. It has not yet reached anything like the proportions to which it can be expanded. Canadian trade experts believe the Japanese attitude towards the United States, it is thought, will tend more and more to switch Japanese buying to Canada. Canadian authorities believe it will be possible to handle the Japanese immigration situation without causing unfriendliness with Japan and that, as a result, Canada's Oriental trade may be developed without hindrance.

FORMER PATRIARCH DIED IN MOSCOW

Dr. Tikhon Was Head of Russian Church; Opposed Course of Soviet

Moscow, April 8.—The Most Rev. Dr. Tikhon, former Patriarch of all Russia, died of an aneurysm in a private hospital here early to-day after an illness of three days.

Archbishop Tikhon, who as Bishop of New York once was in effect the head of the Russian Church in the United States, where he spent nearly ten years, was chosen Metropolitan of Moscow in July, 1917, and became Patriarch of All Russia, and was formally enthroned in the Kremlin Cathedral in November of that year. He was considered a progressive in the Russian Church during that period, but shortly afterwards began a campaign of opposition to the Bolsheviks because of their attitude towards the church and had the "anathema" pronounced upon them in the Russian churches.

This course resulted in the announcement in May, 1922, of his abdication as Patriarch. This soviet announcement, however, was contradicted by church dignitaries, who declared his resignation was impossible under church law, and that he had been forced out.

PLACED UNDER ARREST His arrest was reported shortly afterward, and it was several times announced he would be placed on trial for his opposition to the Soviet action in confiscating church treasures and other measures against the former rights of the church. The successive postponements of the trial were followed by an announcement late in 1923 that the Patriarch had been released from prison and (Concluded on page 2)

JAIL TERM ENDS ASSAULT INCIDENT

Joseph Gawley Must Serve Six-month Term, Rules Magistrate Jay

Joseph Gawley, accused by the city police of entering a house on San Juan Avenue at night and striking a young woman three times in the face without provocation, was sentenced to six months' imprisonment by Magistrate Jay in city police court to-day.

P. J. Sinnott, on behalf of the accused, submitted character evidence, to the effect that Gawley was previously of good record and an industrious worker.

C. L. Harrison, city prosecutor, urged an exemplary sentence in view of the fact that the assault had been one in violation of the protection of the person. Two years' imprisonment and a whipping could be given on such a charge, said Mr. Harrison.

In summing up Magistrate Jay referred to the evidence of the strange affair and concluded that the accused had knowledge of what he was about as he had been sober enough to ride a bicycle away from the scene. He would be sentenced to six months' imprisonment.

Three Men Killed By Hand Grenades

Oels, Silesia, April 8.—Three non-commissioned officers were killed and one private was seriously injured to-day by an explosion of a mass of condemned hand grenades. The four men, who had gone into a safety detachment, emerged from it thinking the amount of munitions had not ignited.

OCT. 7 MENTIONED AS ELECTION DATE

Toronto Evening Telegram Says Ontario Premier to Join Meighen's Group

Predicts W. F. Nickle Will Succeed Ferguson as Ontario Cabinet Head

Toronto, April 8.—Political gossip which fixes the date of the next Federal general election as October 7 next is given publicity by The Toronto Telegram to-day in its news columns.

In this connection the newspaper says a story is being circulated that Hon. G. H. Ferguson, Premier of Ontario, will relinquish the reins of his provincial office and go to Ottawa as Right Hon. Arthur Meighen's first lieutenant.

Mr. Ferguson, it is said, will play a major part in the organization of the party for the impending election. According to the rumors, Hon. W. F. Nickle, at present Attorney-General of Ontario, will succeed to the Provincial Premiership.

The newspaper links these developments with the visit of Mr. Meighen to Toronto during the Easter holiday period, during which he will discuss political matters with his Ontario supporters.

RACETRACK CLAIM SETTLEMENT \$13,000

Hearing in Supreme Court in City of Vancouver is Unnecessary

Basis Was Glen Lyon Club's Withdrawal of 1925 Race Proposal

Vancouver, April 8.—What promised to have been an interesting trial in the Supreme Court here to-day, when evidence would have been heard regarding the racetrack lobby at the last meeting of the Legislature, was averted by a settlement of the litigation.

The defendant, A. L. McLennan, has agreed to pay A. E. Suckling, principal owner of the Glen Lyon Country Club, who was to have been paid \$13,000 in return for the club withdrawing its proposal to hold a horse race meet this season. Mr. McLennan is a shareholder in the Lansdowne Park Racing Association, which operates a new track on Lulu Island.

While the legislators at the last session were considering curtailment of the racing season, one proposal was to restrict the Brighouse and Lansdowne tracks to seven days each so as to allow the Glen Lyon track to operate for the same period.

### FLORAL HANGING BASKETS MUST BE WATERED BY CITY

Victoria Day Committee Will Cancel Decorative Scheme Unless Assisted

Unless the City Council will order the streets or parks department to take care of the hundreds of flower baskets proposed to be hung on the down-town cluster lighting standards, this decorative feature will be abandoned by the Victoria Day Committee, it was decided at a special meeting held last night at the City Hall.

The committee has three hundred metal baskets available, and has had orders placed for a further 500 standards to accommodate one hundred more. The Council will be asked to supply these extra baskets at an estimated maintenance of the plants during the summer.

Should the Council agree to the request of the Celebration Committee, the Council will be asked to provide for sufficient hardy flowering plants to fill these baskets. The city has already agreed to supply well geranium plants, these being all that are available this year.

**PARADE CALLED OFF**

Owing to difficulty in organizing a parade of regalia clad fraternal orders on Sunday, May 24, this feature preceding the musical service at the Arena has been abandoned.

### SHAWINIGAN LAKE GETS BEER LICENSE

Strathcona Lodge, noted holiday resort at Shawinigan Lake on the E. and N. Railway and Island motor road, was to-day granted a beer license. The license has been granted in the name of M. A. Wyde, who has operated the hotel for several years. Arrangements have been made to start beer-selling at once and a special beer room has been installed for guests and visitors.

Other beer licenses were issued to-day to: King George Hotel, Cumberland; Willows Hotel and Campbell Hotel, Commercial Hotel, Hope; Somerset Hotel, Wellington; Royal Hotel, Prince Rupert; Coldwater Hotel, Merritt; Hotel Shackleton, Uak; Smithers Hotel, Smithers; Telkwa Hotel, Telkwa.

### "TIZ" GLADDENS SORE, TIRED FEET

"Tiz" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters and bunions.

"Tiz" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "Tiz" brings restful foot comfort. "Tiz" is wonderful for tired, aching, swollen, smarting feet. Your feet just light for joy; shoes never hurt or seem tight.

Get a box of "Tiz" now from any drug or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy.

### MORE HONORS WON BY VICTORIA MAN

Lewis J. O'Brien Named for Alternative Fellowship in History

A dispatch received by The Times from New York to-day contains the information that Lewis J. O'Brien, son of Mr. and Mrs. J. T. O'Brien, 1070 Richmond Avenue, has won further educational honors. He has been named for an alternative fellowship in history at the Columbia University.

Mr. O'Brien is a Victoria boy and commenced his education at the Victoria Central School afterwards graduating from the Victoria High School. He was very popular with his school friends here and went to the University of California with their best wishes for his success. He specialized in history which he has been teaching for two years in the California University. He has won two scholarships there and was nominated for the Rhodes Scholarship.

### LEWIS J. O'BRIEN

lowship in history at the Columbia University. He holds an A.B. from the University of California, 1923, and is a candidate for an A.M. at the same institution this year.

### EX-BANK CHIEF HEARD

(Continued from Page 1.)

examination lasted only a few minutes.

**REMEMBERS LITTLE**

M. J. Haney, former president of the Home Bank, under examination by W. E. N. Sinclair, Liberal leader, said he could remember nothing of the circumstances, pleading that his sickness had interfered with his memory. He could not remember that it was stated that there was a charge that he had paid money to T. W. McGarry, who was Provincial Treasurer in the Hearst Government. He had no recollection of a 1919 loan, but his attention might have been called to the loan because he was president of the bank, although he did not remember it. He remembered nothing, "specific or otherwise," about negotiating the loan, and had no knowledge of any commissions he had paid.

**HAD NO CIGAR BOX**

Mr. Haney said he did not remember any of the information given to him before he made out his affidavit last year. He did not remember seeing Mr. McGarry in 1919 at the Parliament Buildings. He did not give money to any persons in connection with the 1919 loan, and did not bring any money to the Parliament Buildings in a cigar box or in any other manner.

"Did you contribute to Conservative Party funds?" he was asked.

"I am a Liberal," he replied.

**LARGE COB**

Mr. Haney said the large commissions for deposits were paid after he left the bank at the end of 1919. He knew nothing of the profits made in the deals with the Government.

He said he would swear he had not given Mr. McGarry money for any purpose, but could not swear he had not seen Mr. McGarry in September, 1919.

Mr. Haney said he had never heard of any contribution by the Home Bank to any election funds, nor did he know of any sum going from the bank for irregular purposes.

Upwards of 1,000 Nationalists to Observe Sun Yat Sen Memorial Day

Thirty Days of Mourning for Late Nationalist Leader Will End on Sunday

Simultaneously with ceremonies in China and throughout this continent 1,000 Chinese residents will march through the streets of the city on Sunday, as a last tribute to the late Dr. Sun Yat Sen, first president of the Chinese Republic and president of the South China Government, who succumbed on March 12.

Upwards of forty societies and clubs will take part in the demonstration in which a number of parades will be followed by a memorial service. Simultaneously throughout Canada and the United States Chinese residents will parade.

**TWO-HOUR PARADE**

The local observance of the Sun Yat Sen Memorial Day are timed to commence at 1.30 p.m., when the parade will leave from 640 Cormorant Street, the offices of the Chinese Nationalist League, on a winding course that will take it through the principal streets of the city.

At the head will be carried a picture of the late Nationalist leader, who was held in wide esteem as the most outstanding man of his day in China and sponsor of the "five" for Chinese national unity and independence in the realm of world nations.

The demonstration will take the form of a floral parade, with wreaths and banners. Two bands will be employed in the line of march, together with many cars. The parade will last about two hours, it is expected, and will be followed by a memorial service at the rooms of the Chinese Benevolent Association, over the Chinese school on Fingard Street.

The service it is expected will commence at 3 p.m. and will be attended widely by residents of the Chinese community here.

The late Dr. Sun Yat Sen was looked to in Chinese nationalist circles as the greatest man of his day. He was the moving head of the Kuai Min Tang of China, and active leader of the nationalist movement which had as its aim the emancipation of China and its progression to a status of international independence with an autonomous republican form of government.

To this end Dr. Sun Yat Sen had advocated the repeal of treaties conferring foreign rights in restraint of national unity; the extension of a system of Federal and Provincial Governments on an elective basis instead of new treaties in respect to favored nations; the honoring of Chinese national debts where incurred in a just cause; and many other reforms in respect to internal management of the new republic.

The death of the leader on whom was pinned the hopes of the entire nationalist wing of Chinese political thought came as a shock to his adherents and has been the occasion of widespread mourning in the republican cause. Thirty days of mourning will be concluded by the local community by the ceremonies on Sunday.

### D'ALVAREZ TO SING VARIED PROGRAMME

Brilliant Numbers Chosen by Great Artist for Coming Recital

For her recital in this city on Saturday, April 18, Marguerite D'Alvarez, the great mezzo-soprano, has chosen a programme representative of the best of the old and new composers. Morton Howard will be at the piano.

The programme in detail follows: "The Celestial Weaver," G. Bantock (from the Chinese poet, Lung Han Ching circa A.D. 800); "The Next Market Day," H. Hughes; "May Day Carol," Deema Taylor; "Do Not Go My Love," Richard Hageman; "Nai," Hahn; "Serenade Babilonico," Chausson; "Les Papillons," Chausson; "Habenera from 'Carmen,'" Bizet; "The Little Island," Rachmaninoff; "The Teyal," Sibelius; "Sea Fever," Ireland; "Come to the Fair," Martin.

Spanish Folk Songs—"En Calesa," Villanueva; "La Zagalina," Tubuyo; "Los ojos Tapatis," Velasquez; "Sonor Platera (Mr. Silversmith) arr. by Kurt Schindler.

### CLAIMS SETTLED

(Continued from Page 1.)

With the Hastings track, this would have resulted in four weeks' racing on the Mainland. The British Columbia and Landowners promoters pressed for ten days' racing each, and their objective was attained by eliminating seven days' racing at Hastings. The mainland, therefore, was permitted twenty-seven days' racing and Vancouver island seventeen days, a total of forty-four days, compared with the former total of seventy days.

**AGREEMENT QUOTED**

The Glen Lyon Club's retirement was evidenced, according to Mr. Suckling, by an agreement, by which Mr. McLennan undertook to pay him \$12,000 by depositing \$5,000 in escrow in a Vancouver bank and by paying the balance after the race season of the Landowners track.

The settlement, as announced by Mr. Wismer, Mr. Suckling's solicitor, requires Mr. McLennan to pay Mr. Suckling's claim in full with costs. The defendant, he states, has undertaken to pay \$5,000 at once and the balance over one and two years.

### SPECIAL SERVICE ON GOOD FRIDAY

Divine service will be held in the Church of Our Lord (Reformed Episcopal), corner of Humboldt and Blanshard Streets, on Good Friday at 11 o'clock. The sermon will be preached by Rev. J. Smith Patterson.

### SHINGLE MILL FOR SALE

Tenders will be received by the Department of Industries for the purchase of a fully equipped two-run shingle mill, located on water and track frontage, in City of Port Alberni, Dry Kiln, Bonin, Dutch Oven Settling, etc. Address tenders before April 15 to Industrial Commissioner, Parliament Buildings, Victoria. Necessary highest or any tender not necessarily accepted.

### FAVORABLE TURN IN MARKET

### BRIGHTENS LOGGING ACTIVITY

### IN VANCOUVER ISLAND CAMPS

New Districts Ready to Open. Mills Resume Operations After Shutdown; Hillcrest Mill North of Duncan is Being Entirely Reconstructed

In addition to the big timber deal reported yesterday in which \$5,000,000 is involved in the purchase of the timber holdings of the James Logging Company in the Cowichan Lake district where machinery is on hand for operations to commence immediately, other encouraging prospects are reported from many up-island points. A temporary slump in exports is acknowledged but indications point to a business revival and important mill improvements and reopenings of camps are reported in several Island districts, in the survey of conditions in The British Columbia Lumberman.

#### NEW BUILDINGS

The Hillcrest Lumber Company's mill, which is situated five miles west of Duncan, is now being entirely reconstructed in order to provide for more efficient and economical operation. New buildings have already replaced the old, and additional machinery is being installed. This will bring the capacity out of the mill to 100,000 feet daily and make the Hillcrest plant the largest in its territory. The mill will resume manufacturing about the first week in April. The reconstruction is a move to cope with the situation created by the eight-hour day.

#### AT CHEMANIUS

Work on the rebuilding of the Victoria Lumber and Manufacturing Company mill at Chemainus is proceeding rapidly, and while a definite date for the commencement of operations has not yet been set, there is every prospect of the big plant being ready by mid-summer. Workmen are now concentrating on the building of the 1,100-foot long shed, which should be completed in a few weeks. Meanwhile the population of Chemainus is being rapidly swelled in anticipation of a resumption of mill activity.

#### RESUMES OPERATIONS

After a three-months' shutdown, the Canadian Puget Sound Lumber and Timber Company's mill at Victoria is resuming operations. During the period of suspension machinery has been installed that will increase the capacity by about 15,000 feet per eight-hour day. A new steaming boiler and a Calder down-draft refuse burner, built by the Calder Chimney and Construction Company, of Vancouver, are included in the new equipment. The burner is of the same type as has been installed in two False Creek mills and has received the O.K. of the Government inspectors.

#### AT COWICHAN

This should be an active season at Cowichan Lake. The James Logging Company has resumed operations, but in other parts of the lake not much timber is being taken out. The Cameron Lumber Company, however, is operating at Mile 14, Canadian National Railway, and the Genoa Bay Logging Company is handling logs at the lake and probably will continue the work for some time. It will not take long for the Genoa Bay Company to clean up a stand of four or five million feet at Shore Creek, where it recently moved its crews.

#### COURTENAY

The Courtenay harbor flats as far as the Courtenay River bridge are to be dredged this summer, and a straiten out the channel and improve the facilities for booming grounds. When the work is finished considerable slack water will be made available and this will be a great benefit to the companies handling logs there. The Dominion Government has given its assurance that the entire project will be completed by some time next year.

#### GROWING INTERESTS

The Britannia Wire Rope Company of Vancouver has established a branch office in Victoria under the management of F. Knight, well known in engineering circles and formerly associated with the S. J. Jackson Company. The announcement of opening an office to look after the company's growing business on Vancouver Island was made by T. C. Campbell, general manager, after a visit to Victoria a few days ago.

#### SALT SPRING ISLAND

The Bing Logging Company is operating again on Salt Spring Island and recently lost a boom of logs at the mouth of Booth Canal. Most of the logs were rescued, however. Ira Becker is taking out cedar poles at Ganges, Salt Spring Island.

#### PORT ALBERNI

Port Alberni is agitating for the establishment of a lumber assembly wharf to facilitate shippers in the Alberni Canal zone in participating in the export trade. It is contended that several of the smaller mills that do not produce enough lumber to warrant special calls by steamer and that they are now denied tide water connection would profit by such a project. The matter was presented to John P. Ford, Vancouver Island representative of the Dominion Public Works Department.

A commencement has been made on track laying for the Great Central Lake branch of the Esquimalt and Nanaimo Railway. The work will be pressed, ballasting being done as soon as possible, and it is intended to open the line to traffic early in May. The E. and N. R. wish to facilitate as far as possible the Great Central Lake Sawmills Limited, moving its material for the proposed sawmill at Port Lagoon as quickly as could be reasonably expected with the weather conditions in that section of the Island.

#### Loggers' Bureau to Be Established in Victoria This Week

Plans advanced by the directors of the Chamber of Commerce for the establishment of a loggers' bureau in Victoria materialized yesterday when an office in Victoria for the employment of loggers within the next few days. O. H. Joy, who has charge of the registration of loggers in Vancouver, which has been the headquarters for employment, will open the office. He will place a staff here to take charge when he is in Vancouver. The support of Island logging men to the proposal has already been secured. Loggers in all the camps of the Island will be notified that in future they can secure employment through the Victoria office and need not go to Vancouver. After the bureau has been in operation a few weeks, Mr. Joy explained, it will be self-supporting. Financial assistance until that time was guaranteed. The industrial committee of the City Council will be asked to help in this direction. The Victoria and Island Publicity Bureau will be asked to bear any advertising expenses.

#### LARGER CREWS FOR LOGGING CAMPS OF ISLAND NECESSARY

As Result of Big Deal in Cowichan Lake Area Announced Yesterday

Particulars of the sale whereby the Campbell River Mills Limited of White Rock have acquired the capital stock of the James Logging Company and will operate over the limits of the Empire Logging Company were given by H. W. Hunter, president of the Campbell River Mills Limited, who returned last night from an inspection trip to Cowichan Lake.

The James Logging Company, under its new proprietorship, which has been secured by the purchase of the stock of H. C. Watkins, H. G. James and J. D. King, will ship over the Esquimalt and Nanaimo Railway to Crofton, where the logs are boomed, and the bulk of them will be towed to White Rock for cutting there.

Mr. Hunter said he had applied to the Canadian National Railway management in the hope that the company would lay steel another eight miles westerly on the Barkley Sound line, to give rail as well as water access to the limits.

The crews will be increased when a second camp is opened. In that connection Mr. Hunter said he had heard with pleasure of the effort of the Victoria Chamber of Commerce to establish a loggers' bureau here to supply the southern end of the Island.

#### CHEMANIUS NEWS

Special to The Times  
Chemainus, April 7.—Miss Mollison, Glencoe Lodge, Vancouver, visited her sister, Mrs. Patterson and Mrs. Cancellor last week.

Mr. M. Anketell-Jones, who has been very ill in the Jubilee Hospital for several weeks is now the guest of his brother and sister-in-law, Mr. and Mrs. P. W. Anketell-Jones.

Mr. and Mrs. J. Symes are receiving congratulations on the birth of a son born in Chemainus General Hospital, April 5.

Mrs. Williams Erenholm and Miss Dorothy Erenholm are visiting friends in Vancouver. They expect to be away three or four weeks.

Mrs. Griesbach, who has been holidaying in Victoria has returned home. Mrs. Dawkins and her infant daughter returned home to Westholme on Saturday.

#### BADMINTON SEASON AT CHEMANIUS ENDS

Special to The Times  
Chemainus, April 7.—The Chemainus Badminton Club brought a most successful season to a close on Saturday night when they played the Westholme Badminton Club. Twelve matches were played, ten of which Chemainus won.

After the game, the players and their friends partook of a very delectable feast in the reading-room of the club. Mrs. J. A. Humbird presided at the table, and was assisted by Mesdames Evans, Jarrett and Adam.

The score of the matches follow: Chemainus beat Westholme first in every instance: Mrs. Pritchard and Dobinson beat Mrs. Gibbs and Tweedie, 15-8. Mrs. Adams and Ross beat Miss Cullingford and Devitt, 15-8. Mrs. Adams and Ross beat Miss Cullingford and Devitt, 15-4. Mrs. Evans and McEwan beat Mrs. Gibbs and Devitt, 15-7. Miss Melanes and Read beat Miss Gibbs and Richards, 15-2. Mrs. Pritchard and McEwan beat Mrs. Gibbs and Miss Jones, 15-12.

Mrs. Adam and Mrs. Evans beat Miss Cullingford and Miss Jones, 15-8. Dobinson and Ross beat Devitt and Tweedie, 15-14. McEwan and Read beat Elliott and Richards, 15-7.

Totals—Chemainus, ten matches, 145 points; Westholme, two matches, 115 points.

#### SOOKE HARBOR NEWS

Special to The Times  
Sooke Harbor, April 8.—Miss Atkins and Miss Jean Forbes of the Norfolk House, Victoria, are spending Easter at Paradise Inn and visiting friends in the district. Dr. and Mrs. Calver dined with them on Monday and Tuesday the visitors are guests of Captain and Mrs. Troga.

A dance will be held Easter Monday at Paradise Inn. Dancing will be from 8 to 11 p.m. at Holy Trinity Church. The Rev. F. Comely officiating. There will also be a service at 11.30 on Easter Sunday.

Scalp to Chest, Continued to Feet

#### NANAIMO ELEVEN BEATS VANCOUVER

Island Soccer Players Take First Game in Inter-city League Series

Special to The Times  
Nanaimo, B.C., April 7.—Nanaimo City won the first game in the new Inter-city League by defeating North Shore, of North Vancouver, here on Saturday afternoon by two goals to one. The visitors played a very good brand of ball, and although they were over in the game in the first half, had as much as their opponents in the second period.

Nanaimo scored first through McFarlane in the first half, and missed innumerable chances to score owing to erratic shooting. North Shore equalized through Newbury, their outside right, in the second period, the ball bouncing over the head of Routledge, the City custodian, when he was out of his goal trying to intercept a pass.

Stobhart put the City ahead half way through the second half by a long drive, which, in a way, was a lucky goal, the bouncing of the ball just outside of the goal entrance, fooling the visiting goalie. Play was very even from then until the end of the game.

The Nanaimo Southern United, present B.C. Junior Soccer champions, are scheduled to play the South Hill, of Vancouver, here on Good Friday, with Mr. Elliott, of Duncan, as referee. The Southern this year have, with the exception of two players, the same team that captured the Provincial title last year, and they are looked upon to again keep the trophy on the Island.

**FIRE CALLS**  
The fire department had two calls at night, one being from the residence of Mrs. Harroll, Irwin Street, which resulted in not much damage being done. The other alarm was turned in from Needham Street, but the occupant had the fire pretty well under control before the engines arrived.

#### SILVER WEDDING

Special to The Times  
Nanaimo, April 7.—Friends to the number of fifty or more gathered at the home of Mr. and Mrs. Alex Forrester, 614 Wentworth Street, Saturday evening to participate in the celebrating of Mr. and Mrs. Forrester's silver wedding anniversary. That the hosts were held in high esteem was evident by the many gifts received. The evening was spent in music, games, dancing and other forms of general entertainment.

#### Langford Man Found Advertising Pays

Langford, April 8.—It pays to advertise as one gentleman in Langford found. When he recently advertised his house and land for sale no less than fifty-seven replies were received, five of which were inquiries from as far east as Winnipeg.

#### NO DATE CHANGE IN ALBERNI ELECTIONS

Special to The Times  
Alberni, April 8.—At the regular meeting of the City Council held last night in the council chamber a letter was read from the Hon. John Oliver, the Premier, re changing the date of the annual elections. After considerable discussion it was decided that the council were not in favor of any change as it would not be possible to get out a financial statement to put before the people to give them an opportunity to decide whether the outgoing council if seeking re-election deserved their support or not.

**BEER LICENSE**  
The Arlington Hotel having been granted a license to operate a beer parlor, Mr. Lord, the proprietor, is having the old bar-room remodelled to comply with the law and expects to open up for business this week.

**SILENT POLICEMEN**  
The Police Commission have asked the City Council to install silent policemen at the intersections of Johnson Street and Margaret Street, and Johnson Street and Victoria Quay, owing to the increasing motor traffic at these points, and the matter was referred to the works and electric light committees for a report on the cost of the same.

**SHIPPING CHECKS**  
C. J. Sprout started shipping day-old chicks of the Barred Rock breed as far east as Brandon and Winnipeg to-day.

#### LANGFORD NEWS

Special to The Times  
Langford, April 8.—Mr. F. H. LeQuenel has left for Vernon, B.C., on a business trip.  
Mr. and Mrs. H. Catterall and family of Linden Avenue are spending the week ends at their Summer home on Leigh Road, Langford Lake.  
Mr. Jarman, now residing in Vancouver, writes to say he has sold his house on the Dunford Road.

STILL GLOOMY

HON. H. H. STEVENS IS back from Ottawa and will spend the Easter holidays in Vancouver.

It may be that a few days in Vancouver will alter the tune which Mr. Stevens has been playing in Ottawa and on one or two eastern platforms.

While Mr. Stevens is on the Coast the people of his own and other constituencies would like to know how he makes up his list of industrial failures in Canada.

While Mr. Stevens is on the Coast the people of his own and other constituencies would like to know how he makes up his list of industrial failures in Canada.

CONE THE LIMIT

TOLERATION IN THE case of the Doukhobors has already been carried to the limit of reason.

NEW EFFORTS ARE being made to persuade von Hindenburg to take the National Bourgeois nomination for the German presidency in the place of Dr. Jarres.

night the former warrior had set his face against active participation in the election.

It is being suggested that if the Field-Marshal should agree to accept the Nationalist nomination, the more war-like politicians in France would seize upon the prospect of a triumph of the German Right as a means to further their own particular ends while the Herriot Ministry is standing on figuratively thin ice.

From the point of view of vote distribution the election of March 29 clearly established the fact that there is sufficient volume of public opinion that is determined to preserve the republic.

A NEW LAND OF HOPE AND GLORY THOSE CANADIANS who are ever extolling the system of government which now obtains in Russia are to be given an excellent opportunity to partake of the benefits of Soviet rule.

When HE RETURNED to Great Britain from Canada the other day, Sir Arthur Hollins, a captain of the cotton industry of Lancashire, informed the Canadian Press representative that he was amazed at the progress which is being made by Canada in the manufacture of goods similar to those turned out by the plants of Lancashire.

CANADA AND THE GOODS FROM LANCASHIRE

WHEN HE RETURNED to Great Britain from Canada the other day, Sir Arthur Hollins, a captain of the cotton industry of Lancashire, informed the Canadian Press representative that he was amazed at the progress which is being made by Canada in the manufacture of goods similar to those turned out by the plants of Lancashire.

Sir Arthur Hollins is recognized as an industrial leader in Lancashire and he has recently conducted a tour of the British Dominions in the interests of the cotton trade.

Virtue is like precious odors, most fragrant when they are incensed and crushed; for prosperity does best discover vice, but adversity does best discover virtue.—Bacon.

DR. FRANK CRANE On The Steam Line

AN important element of speed is the shape of the body as well as the power in it.

An aeroplane goes fast not only because they have high motor power, but because they are so shaped as to minimize the resistance of the air.

The difference is not only in the amount of motive power a machine can carry, but the lines on which the machine is built.

It pays not only to have the right form, but to create the least resistance to the air.

WORDS OF WISE MEN

Let every action be directed to some definite object and perfect in its way.—Marcus Aurelius.

The whole praise of virtue lies in action.—Cicero.

Admonish your friends in private; praise them in public.—Syrus.

Advantage is a better soldier than rashness.—Shakespeare.

Bad times have a scientific value. These are occasions a good learner would not miss.—Emerson.

A man is badly in need of advice when he has many advisors.—Syrus.

Bear in mind that by pleasing men it becomes possible to accomplish something.—Plato.

Of all the horrid, hideous sounds of woe.

Sadder than owl-songs on the midnight blast.

Is that portentous phrase, "I told you so."—Byron.

He has received a favor who has granted one to a worthy man.—Syrus.

When the critic adds fresh fire to the effort we should welcome its coming.

Little thoughts sometimes dwell longest in memory.

A spile may go far even without getting outside the home.

A man generally gets in return what he gives out.

Application always produces a good reputation.

Self-sought pleasures open widest the gate to disappointment.

Ignorance has shortened more lives than the sword.

The instability of our tastes is the occasion of the irregularity.

He is noble only who in word, thought and deed proves himself a man.

Every base occupation makes one abler in his practice, and dull in every other.

WHO'S WHO IN HISTORY TO-DAY

WEDNESDAY, APRIL 8

PETRARCH (Francesco Petrarca) celebrated Italian poet, one of the principal names in his country's literature, was crowned poet laureate of Italy on April 8, 1341.

LORENZO DE MEDICI Noted Italian statesman, surnamed "The Magnificent," member of the famous family which formerly ruled in Florence and Tuscany, died on April 8, 1492.

WILLIAM HERBERT (Third Earl of Pembroke) English poet and patron of letters, generally believed to have been the "Mr. W. H." of Shakespeare's sonnets, was born on April 8, 1580.

LORD KIMBERLY (John Woodhouse)—English Liberal politician, in public office for fifty years, died on April 8, 1902.

AUTO FATALITY Hamilton, Ont., April 8.—F. Crawford, St. Catharines, was the result of a motor car collision on the Niagara Highway.

FOREST FIRES IN NEW ENGLAND AREAS

3,000,000 Feet of Timber Burned in Deerfield Region of New Hampshire

Fires Also Caused Losses in Rhode Island and Massachusetts

Boston, Mass., April 8.—The timber lands of New Hampshire felt the scorching touch of fire yesterday as three widely scattered points and fires broke out in Rhode Island and Massachusetts.

Deerfield was the worst sufferer in New Hampshire and in spite of twelve hours of desperate fighting, lost 3,000,000 feet of valuable standing and cut timber, a house and four outbuildings, with a barn, and five other buildings.

Six towns of Rhode Island were the victims of brush fires and in all five dwellings were destroyed, scores of lives were threatened and large areas of woodland were burned over.

AL PEOPLE ASKED TO ASSIST TRADE British Commons Makes Declaration on Solution of Unemployment Problem

London, April 8 (Canadian Press Cable).—The House of Commons last night placed itself on record as declaring that no solution of the unemployment problem is possible in the near future unless the recovery from the trade depression should be assisted by the encouragement of enterprise and the co-operation of the whole community in an endeavor to maintain a more satisfactory competitive footing in the world market.

RELIEF WORK IN MINE AREA GROWS Nova Scotia Government Providing \$20,000 For Needy Idle Miners' Families

HALIFAX, April 8.—Dr. Smith Walker, Red Cross Commissioner for Nova Scotia, arrived in Cape Breton this morning for the purpose of organizing relief work to be undertaken in alleviating the suffering consequent upon the complete dislocation of industry in the coal mining areas nearly five weeks ago.

can expend money for food only in necessary cases under his care.

Speaking of the grant last night, Premier Armstrong said: "This grant of the Government was never meant to take the place of donations from the general public."

HEALTH OF DISEASE - No. 52 - FRACTURED RIB

The twelve ribs on either side, with the breast-bone and the backbone, form a cage for the protection of the organs of the chest.

Occasionally the patient may have comparatively little discomfort but usually he cannot take a deep breath, or cough, without pain, and he will keep the hand to the affected side for support.

Sometimes a broken end may penetrate the lung in which case there will be coughing with spitting of frothy blood.

Tells Why He Can Now Eat Hearty

"A letter which I read in the paper about Carter's Little Liver Pills fired my own case so clearly that I could not help trying them and am very happy to say, 'I had heard of Trumbull of Jersey City, N. J., whose letter goes on to say, 'I had heard years but never knew they helped overcome poor appetite and sour stomach, until I read about another man in the same plight who took Carter's with good results. I tried them and can honestly say that they freed me of nasty gas on stomach, so that I can now eat without getting bilious, and they improved my appetite fully 100%.' You can rest assured that from now on I will boost Carter's Little Liver Pills whenever I can."

Easter!

Swift's Premium—The National Breakfast

In thousands of homes in Canada, Swift's Premium, as the world's highest standard of quality, is served all year round. But for Easter Morning this supreme quality Bacon has an added appeal—Swift's Premium has become almost the national dish on this bright feast day—when nothing but the best is adequate.

Swift's Premium Hams and Bacon

Look for this blue identification tag when you buy a whole ham or when you buy a slice.

Be careful to get Swift's "Premium" when you buy Bacon or Ham—make sure of it this coming Easter Morning. Order from your Butcher or Grocer.

FOSTER SPEAKS OF SOUTH AFRICA'S TASKS

Montreal, April 8.—The race question is the most difficult one South Africa has to settle, declared Senator Sir George Foster when he addressed the members of the Montreal Canadian Club on the impressions gained while the Canadian Parliamentary delegation was on its visit last winter.

said, but she was faced with a huge black problem, the possibility of the whites being swamped by the blacks, and all the economic problems that ensue when workers with two different standards of living are brought into close contact.

AGED JAPANESE ON HAZARDOUS TRIP

Tokio, April 8.—Undeterred by his eighty years and the hardships and dangers of the journey, Baron Okura, one of Japan's foremost financiers, is to go into the heart of

Mongolia on a business enterprise. In conjunction with the Prince of Mongolia, the baron contemplates huge scale agricultural development there, the prince furnishing the land and Okura the capital. "In spite of his age," the baron's son said to reporters, "my father is in such robust health that he insisted upon taking this hazardous trip alone, but for obvious reasons we will send several attendants, including a physician, in view of the danger from bandits, who infest part of the route, an arrangement has been made with General Chang Tso-lin for an adequate military guard."

THIS DOGGIE CAN'T SCARE US—Grace Gerard, stage star, can't fool us with her pet doggie—because it isn't a doggie at all, it's just a toy. Grace has just returned home from Paris.

AIR SERVICE PLANS IN BRITAIN GROW

Increase of 1,000 Men For Army and Navy Work During Coming Year

London, April 7.—The plans of the British Air Service for the year 1925-26 call for an expenditure of about £15,513,000. This compares with a net estimate for 1924-25 of £14,861,000, or a net increase of £652,000 for the coming year. According to a memorandum made by the Secretary of State for Air, the present strength of the air force, apart from training units and establishments is equivalent to fifty-four squadrons, 43½ squadrons are organized as such and there are twenty-one flights of an average strength of six machines (half the strength of a normal squadron) provided for the fleet air arm or for operation from coastal bases. Of the 43½ squadrons 25½ are stationed at home, eight in India, six in Iraq and 4½ in Egypt and Palestine. The number of completely formed regular squadrons for home defence is eighteen. For 1925-26, the number of squadrons formed will be regular two, special reserves and auxiliary air force four. The special reserve squadrons will be manned as regards one-third by regular officers and air men, and as regards two-thirds by officers and men of the special reserve raised under the act passed last year. The auxiliary force will be manned, except for a small permanent staff, by officers and men raised on the territorial basis under the same act.

velopment of the reserve and auxiliary force. The Royal Air Force reserve receives its training at five schools, maintained by civil firms. As the useful life of the aircraft employed at these schools expires, opportunity is being taken to re-equip them with machines of modern type, and the higher cost of training on these machines is reflected in the increased sum estimated for payments to the firms. This improved training, it is expected, will have an important effect on the preparedness of the reserve for war. Apart from the officers who on completion of their active list service on short service commissions have passed to the reserve, the only means of building up a reserve is by direct entry of civilians. Hitherto it has proved possible to enter officers who were already qualified pilots, training during the late war, but this source of supply is becoming exhausted. It is therefore under consideration to invite young men to enroll in the reserve with a view to being taught flying as initiators.

RESEARCH WORK

Provision is made in the estimates for research and development. The department is feeling its way toward a more complete recognition of the scope of pure research and toward an organization which will free the technical administration from responsibility for theoretical investigation and enable it to devote its attention to improvements in the production of material of new type. In addition to the completion or progress of the experimental aircraft and engines provided for in previous years, the experiments contemplated for the coming year contemplate the putting in hand of twelve types of aircraft and twelve types of engines. The aircraft include three types for civil aviation. Provision is also made for the development of airships, chiefly at the present time with a view to commercial service.

FLEET WORK

The estimates reflect arrangements recently agreed to respecting the fleet air arm. A proportion of its officers will be naval officers attached to the Royal Air Force. All new observation duties in the fleet air arm will be performed by naval officers who will not be so attached, and naval ratings will be substituted for airmen in units provided for embarkation in aircraft carriers. The strength of the fleet air arm will be increased at the end of the year by four additional flights to meet naval requirements. Four squadrons will continue to be provided at home specifically to meet the requirements of the army, the provision for army co-operation in the overseas theatres also remaining unchanged. The maximum personnel authorized to be attached to the air force during the year is 26,000, an increase of 1,000.

TRAINING OF MEN

It is proposed to make gradual progress during 1925-26 with the de-

BOOTLEGGING STARTED IN NEW ENGLAND

New York, April 8.—Bootlegging in North America originated in New England, according to Professor Henry G. Lawrence of Connecticut College, New London. In an address here he contended that the Puritan objection to the sale of liquor in a "fast" personality, and that the morals of the Seventeenth century in New England were no better than those of the present Twentieth century. A law set up in 1653 which prohibited the selling of intoxicants to Indians was the "father of the bootlegging industry," Professor Lawrence said. Any Indian found drunk had to labor twelve days for the man who discovered him, and the demand of the red skins for liquor in a clandestine way started the industry which has grown to such large proportions, Professor Lawrence declared.

Vancouver Island Egg-Laying Contest

Year 5-Weekly Report, No. 22, Week Ending April 3, 1925. Conducted by the Dominion Experimental Station, Sidney (Registration)

The following table gives the production of the individual birds for the week under columns headed "W." and "T." The total number of eggs for the pen to date. The difference between the weekly total and the records of the individual birds, is the result of eggs laid on the floor.

Table with columns: Pen, Owner and Address, Breed, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, W, T. Lists various owners and their egg production records.

Experimental Farm pens are entered for registration and will not compete for any prizes that may be offered. Address all correspondence to the Superintendent, Experimental Station, Saanichton, B.C. Week's production, 77.8%

NEW WASHINGTON BUILDING PLANNED

Structure to House Offices of U.S. Representatives May Cost \$3,000,000

Washington, April 8.—Congress has left up to David Lynn, architect of the Capitol, the problem to house the offices of the Representatives. It has given him \$2,500 for the job and expects him to report by the opening of the Sixty-ninth Congress next fall. Senators already have two, three or four-office rooms apiece, but House members have but one room each, in which to receive visitors, hold conferences and house three or four clerks. To give each Representative two rooms is the object of the survey which Mr. Lynn is called upon to make. Two definite proposals have been advanced. One is to build within the court of the present House office building a structure nine stories high at an estimated cost of \$3,000,000 to provide 375 rooms. This plan also contemplates arising the present building one story. The other proposal would be to construct a new building nearby. In the old days only chairmen of committees had offices provided for them in the Capitol. Other members had their offices scattered all over the city, in their hotels, and in downtown business buildings.

Children Cry for

MOTHER:—Fletcher's Castoria is a pleasant, harmless Substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrups, especially prepared for Infants in arms and Children all ages. To avoid imitations, always look for the signature of Dr. J. C. Fletcher. Proven directions on each package. Physicians everywhere recommend it.

Two Children Were Burned to Death

# IMMIGRATION RESTRICTIONS MAKE RECORD IMPOSSIBLE ON ATLANTIC SHIPS THIS YEAR

## Passenger Traffic Manager of Cunard Line, P. W. Whatmough, of New York, is in Victoria on Business Tour and Will Take Brief Holiday Here; Lengthy Tour Takes Him all Over Continent; Business Prospects Good.

"Transatlantic travel will not reach a record this year," said P. W. Whatmough, passenger traffic manager of the Cunard Line with headquarters in New York City, who is on an inspection tour and in Victoria to-day. "But the only thing which is preventing it is the regulation restricting immigration to the United States," he added. "Passenger travel on the ocean will be heavy, however, and the railroads, too, will be moving heavy passenger loads east and west this year."

Mr. Whatmough arrived in the city this morning. He is glad, he says, to be back here for he has always admired Victoria and has spent some of the most pleasant days of his life here. It is possible to relax and enjoy the pleasure of fine weather, he stated, and that is why his stays in this city are usually longer than at larger points. He plans to go over golf courses here and to fish at Brentwood, if possible.

### GOOD SEASON AHEAD

During his travels Mr. Whatmough has seen every indication of a promising season ahead for transportation lines in Canada and the United States, both on the sea and land. The westbound movement is going to be heavy, as far as tourists are concerned, he says, and the eastbound passenger traffic will be almost, if not quite, equal to it, owing to the Atlantic travel expected. Mr. Whatmough says that bookings on Atlantic steamers are particularly heavy and that many of the near sailings are anything else.

"What we want to do more than anything else in the West is to educate the people up to such a point that they will realize that it is essential to make their bookings early in order to get the maximum of satisfaction in ocean travel on the Atlantic," he said.

### BOILED SALAD DRESSING

Next time, in boiled salad dressing, try California lemon juice in place of vinegar. Note the new pleasant taste, the new flavor, the new delicacy. All famous chefs make salads this way. So can you. Get the California lemon juice when you taste it you will want yours like it.

### CALIFORNIA LEMONS

Considered one of the best lemons in the world, California lemons are packed in crates and shipped to all parts of the world. They are the only lemons that are so sweet and juicy, and so good to eat. They are the only lemons that are so good to use in cooking. They are the only lemons that are so good to use in making lemonade. They are the only lemons that are so good to use in making lemon curd. They are the only lemons that are so good to use in making lemon meringue. They are the only lemons that are so good to use in making lemon tarts. They are the only lemons that are so good to use in making lemon pies. They are the only lemons that are so good to use in making lemon cakes. They are the only lemons that are so good to use in making lemon bread. They are the only lemons that are so good to use in making lemon scones. They are the only lemons that are so good to use in making lemon scones. They are the only lemons that are so good to use in making lemon scones.

# BAN PLACED ON VISITORS TO DRYDOCK

There will be no more visitors at the Esquimalt drydock. This order was made public to-day by dock authorities at Skinner's Cove. Last Sunday the dock was thrown open to people with permits and over 4,000 persons went to Esquimalt for the purpose of seeing the work in progress. Some of them did. Others did not. For such a vast throng eagerly inspecting the works might have resulted in accidents or serious damage to property, officials state.

### SCIENTISTS VISIT ALEUTIAN ISLANDS IN COMING SUMMER

A classified want ad marks the event.

# 800 Workmen Are Added by C.P.R.

Vancouver, April 8.—Eight hundred men have been added to the C.P.R. payroll since the Pacific Railway was opened up for business. The increase is the result of the completion of the new general superintendent's office at the company's headquarters in this province, on his return from a week's inspection trip over the district. Mr. Cottrell, who was accompanied by F. W. Alexander, district engineer, opening up of Spring work through-out the province and stated that the taking on of this large number of men had considerably improved the unemployment situation in British Columbia.

### UNABLE TO DISCHARGE 500 TONS OF MAIZE FROM THE ORIENT, WHICH WAS A PART OF HER RECORD CARGO WHICH SHE BROUGHT HERE ON HER ARRIVAL AT 3 O'CLOCK YESTERDAY AFTERNOON, THE TOYOOKA MARU LEFT FOR SEATTLE WITH THE FREIGHT STILL IN HER HOLDS AT NOON TO-DAY, AFTER EVERY EFFORT HAD BEEN MADE TO GAIN PERMISSION FROM OTTAWA TO PUT THE FREIGHT ASHORE HERE. WHEN THE SHIP DOCKED YESTERDAY THERE WERE 816 TONS OF CARGO ABOARD FOR VICTORIA, THE BIGGEST LOAD THAT A NIPPON YUSEN KAISHA VESSEL HAS EVER BROUGHT TO THIS PORT. SHE WAS ONLY ABLE TO DISCHARGE A LITTLE MORE THAN 300 TONS. REGULATIONS FOR THE PREVENTION OF FOOT AND MOUTH DISEASE, LAID DOWN BY THE DOMINION AUTHORITIES, KEPT THE MAIZE ON THE VESSEL.

### DESPITE THE FEVERISH EFFORTS OF AGENTS AND OFFICIALS OF THE N.Y.K., NO SATISFACTION COULD BE OBTAINED FROM OTTAWA AND THE BIG FREIGHTER PULLED OUT OF THIS PORT AT NOON, ON ORDER FROM THE DEPARTMENT OF AGRICULTURE, MEANS INCONVENIENCE

The maize was for the Brackman-Miller Milling Company here, and it is possible that it will have to be returned to the Orient. The present regulations which are being rigidly enforced and have resulted in freight packed in straw being taken all the way back to England from this port, may cause the entire consignment of 500 tons of maize to go back to Japan. It is possible to receive goods of a banned nature which have been fumigated at the port of clearance only, if it is not permissible to fumigate at the port of reception.

### THE TOYOOKA MARU WILL GO TO SEATTLE TO DROP THE REMAINDER OF HER CARGO WHICH WAS DELAYED HERE, INCLUDING A BIG MILK SHIPMENT FOR WHICH FREIGHT TRAINS WERE HELD UP ON THE MAINLAND AND OWING TO WHICH OFFICIALS WERE TEARING THEIR HAIR THIS MORNING AND MAKING DESPERATE ATTEMPTS TO HURRY THE DEPARTURE OF THE SHIP FROM THIS PORT.

It was learned here to-day that the offices of the N.Y.K. in Seattle are incensed at the situation which means such a trouble to them and to their line. Just what action they will take in the matter is uncertain, but it will be immediate there is little doubt. Whether or not it will be effectual is a different matter.

### THE AGENT FOR THE LINE HERE DECLINED TO EXPRESS ANY OPINION UPON THE MATTER THIS MORNING.

### REDESIGNED AS AN AIRCRAFT TRANSPORT, HOWEVER, THE SARATOGA WILL BE ONE OF THE STRANGEST IN APPEARANCE THAT HAS EVER GONE DOWN TO THE SEA. ALL THE TOP-HAMPER HAS GONE BY THE BOARD TO LEAVE ONLY THE VAST FLYING DECK, RUNNING HER WHOLE LENGTH AND SPREADING AMIDSHIPS TO AN EXTREME BREADTH OF 165 FEET. CROWDED OVER ONE SIDE OF THAT DECK WILL BE THE REDUCED COMPARTMENT OF HER STACKS, A CRAMPED NAVIGATING BRIDGE, AND A STUMPY MAST TO REAR HER WIRELESS AERIALS ALOFT. SHE WILL LOOK, WHEN COMPLETED, LIKE A GREAT AIRCRAFT carrier with a misplaced deck and all the symmetry and beauty of line that would have marked as a cruiser or battleship.

### THE SPEED OF THE SHIP IS HER GREATEST ASSET. SHE WILL BE ABLE TO CASH THROUGH SEA BUT THE HIGHEST SPEED AT A RATE ALMOST EQUIVALENT TO A RAILROAD SPEED OF FIVE MILES AN HOUR. GIVEN THAT SPEED AND THE VAST FLYING DECK, THE SARATOGA WILL MAINTAIN ITS HOUR-AFTER-HOUR, THE CARRIER COULD RANGE FAR AHEAD OF THE BATTLE FLEET AND THEN PROJECT HER AIR-BOTTLE ARMS OTHER 200 OR MORE MILES FARTHER TO STRIKE THE FIRST BLOW AT AN APPROACHING ENEMY. SHE WILL BE FROM SEVEN TO TEN KNOTS FASTER THAN THE FASTEST BATTLESHIP, AND ONLY THE MOST MODERN CRUISERS OR DESTROYERS COULD KEEP PACE WITH HER.

### WASHINGTON, APRIL 8.—A MEMORIAL CEREMONY ON THE SPOT WHERE THE TITANIC WAS SUNK BY AN ICEBERG WILL BE OBSERVED APRIL 14, THE DATE OF THE DISASTER, BY THE COAST GUARD SERVICE. IT IS PLANNED TO HOLD THE CEREMONY, WHICH HAS BECOME A TRADITION IN THE COAST GUARD, AS NEAR AS POSSIBLE AT THE EXACT LOCATION AND THE EXACT HOUR THAT THE TITANIC WENT DOWN, NORTH LATITUDE 41° 46' AND WEST LONGITUDE 50° 14' IN THE EARLY HOURS OF APRIL 14, 1912.

### FULL MILITARY HONORS WILL BE PAID TO THOSE WHO LOST THEIR LIVES IN THE TITANIC TRAGEDY. MODES AND TAPPA WILL BE ON THE INTERNATIONAL ICE PATROL THIS YEAR, AND WHICHEVER VESSEL IS NEAREST THE SCENE OF THE DISASTER WILL PERFORM THE SERVICE. THERE WILL BE A MUSTER OF THE CREW IN FULL DRESS, PRAYERS BY THE COMMANDING OFFICER, THE SOUNDING OF TAPS, AND THE FIRING OF THREE VOLLEYS.

### OTTAWA, APRIL 8.—THE PRODUCT OF THE FISHERIES OF NOVA SCOTIA IN 1924, COMPARED WITH 1923, WAS 10 PER CENT HIGHER, SAID A REPORT BY THE DEPARTMENT OF AGRICULTURE, WHICH SAID THAT THE INCREASE OVER THE PREVIOUS YEAR OF \$23,866, OR FOUR PER CENT.

### THE TIME USED IN PACIFIC STANDARD TIME FOR THE 19TH MERICAN WEST. IT IS COUNTED FROM 12 TO 24 HOURS, FROM MIDNIGHT TO MIDNIGHT. THE SPHERE FOR HEIGHT SERVE TO DETERMINE HIGH WATER FROM LOW WATER. WHERE BLANKS OCCUR IN THE TABLE, THE TIDE RISES OR FALLS CONTINUOUSLY DURING TWO SUCCESSIVE TIDAL PERIODS WITHOUT TURNING.

# REGULATIONS PREVENT HUGE MAIZE SHIPMENT FROM EAST COMING ASHORE FROM MARU

Vessel Waited Until Noon To-day for Permission From Ottawa to Unload Freight, But None Came; 500 Tons of Cargo for Victoria Goes on to Seattle and May Have to go to Orient Again; Freight Was for B. & K. Mills Here.

Unable to discharge 500 tons of maize from the Orient, which was a part of her record cargo which she brought here on her arrival at 3 o'clock yesterday afternoon, the Toyooka Maru left for Seattle with the freight still in her holds at noon to-day, after every effort had been made to gain permission from Ottawa to put the freight ashore here. When the ship docked yesterday there were 816 tons of cargo aboard for Victoria, the biggest load that a Nippon Yusen Kaisha vessel has ever brought to this port. She was only able to discharge a little more than 300 tons. Regulations for the prevention of foot and mouth disease, laid down by the Dominion authorities, kept the maize on the vessel.

Despite the feverish efforts of agents and officials of the N.Y.K., no satisfaction could be obtained from Ottawa and the big freighter pulled out of this port at noon, on order from the Department of Agriculture, means inconvenience.

The maize was for the Brackman-Miller Milling Company here, and it is possible that it will have to be returned to the Orient. The present regulations which are being rigidly enforced and have resulted in freight packed in straw being taken all the way back to England from this port, may cause the entire consignment of 500 tons of maize to go back to Japan. It is possible to receive goods of a banned nature which have been fumigated at the port of clearance only, if it is not permissible to fumigate at the port of reception.

It was learned here to-day that the offices of the N.Y.K. in Seattle are incensed at the situation which means such a trouble to them and to their line. Just what action they will take in the matter is uncertain, but it will be immediate there is little doubt. Whether or not it will be effectual is a different matter.

NEWS IN BRIEF
In the last two days no less than six permits have been issued at the City Hall for construction of garages.
The Victoria Public Library will be closed all day on Good Friday, also on Easter Monday.
Fire in a disused coal shed on Wharf Street gas city caused a run at 4.30 this morning. The blaze was put out before damage had resulted.
A frame and stucco bungalow, to cost \$3,800, will be erected at 1610 Oak Bay Avenue by Max Leiser and Angus Campbell.
Luney Brothers were yesterday granted a building permit for reconstruction of the old Tighe and Wheelwright premises on Yates Street, at a cost of \$7,000, for the use of Wenger's Jewelry store.
The Highway Travelers, C.G.I.T. group of St. Aidan's Presbyterian Church, Mt. Tolmie, will present a pageant, showing the history of the C.G.I.T. programme in the hall, Thursday, April 9, at 8 p.m.
One of the largest panthers killed this year was shot yesterday by A. G. Potter at Metchoan. The animal was 3 feet 6 inches long. Mr. Potter shot the panther about 5 o'clock on Kangaroo Road, where it was feeding on a goat it had killed.
A meeting of unionist members and adherents connected with the non-concurring churches of the city will be held in the Congregational Church on Thursday, April 9, at 8 p.m. Rev. Principal Smith of Westminster Hall, Vancouver, will be present and will address the meeting. Others interested in the union movement will also take part.
On Good Friday at 11 a.m., Adjutant Junker will conduct an illustrated service entitled "One Hour at the Cross," in the Salvation Army Citadel, Broad Street, and at 3 p.m. the Sons-of-the-Archbishop will render a song service. The public is cordially invited to these meetings as well as to those held by Commissioners and Mrs. Rich and their staff on Saturday night and all day on Easter Sunday.
The local command of the Great War Veterans' Association is gratified at the favorable consideration that has at last been given by the Imperial authorities in the case of one of its members. After nearly two years a permanent pension now awarded the appellant. The association is now making an effort to have this pension made retroactive from the date of discharge.
Mayor George Webster, of Calgary, visited Mayor Pendray yesterday and compared notes upon reverted lands and civic business taxation. Business taxes produce over \$500,000 yearly in Calgary, the levy being a ten per cent. charge on rental value of premises occupied. Mayor Pendray was informed that Calgary is endeavoring to settle the reverted lands problem, having similar conditions to most.

SOCIALISTS WON
London, April 8 (Canadian Press Cable)—Socialists won out by a big majority in the elections of guardians-in-London yesterday. The small polls helped them everywhere, and in the noted Socialist borough of Poplar they made a clean sweep. In Shoreditch, where only thirteen per cent of the registered voters voted, the Socialists took twenty of the twenty-four borough seats.

ON POLICE DOCKET
Mrs. J. Chisholm, charged with keeping liquor in other than a private guest room, was fined \$50 with the option of thirty days in city police court this morning. Chief Fry, Constable Strong and others told of a raid made on the premises in which some liquor and many people were found.
EVENTS TO COME
Lodge Primrose No. 22 will hold its regular meeting on Friday evening, April 10, at 8 o'clock. It is expected that there will be several new members to initiate.

ESQUIMALT WINS
According to a telegram received late to-day from Winnipeg the appeal of the Lower Island Football Association against the ruling of the Emergency Committee of the B.C.F.A. declaring Esquimalt football champions of Victoria has been dismissed. The Lower Island board ordered the first game between Esquimalt and the United Services replayed. This had been made it necessary for them to replay the game. The Esquimalt board granted their appeal. The Lower Island board then carried the matter to the D.F.A. and lost out.

MAN OF SEVENTY SAVED MAN'S LIFE
Huntville, Ont., April 8.—Ross Brooks, a young Hillside farmer, was saved from drowning yesterday when he broke through the ice on Peninsula Lake by seventy-year-old William Green, who went to his rescue in a canoe.
MOUNT TOLMIE ILLUMINATED BY FLASHING CROSS
Easter Beacon Heralding Sunrise Service is Visible For Many Miles
Hundreds of people motored to Mount Tolmie last night to see the illuminated Cross and many were on the Mount. The beacon could be seen for miles.
The Cross is 17 feet high, has 45 lights and the power is generated by a Delcon generating plant. The Sun Electric Company worked hard all day yesterday to complete the erection of the emblem on schedule. It will be lighted each evening until Easter eve.
The street car service will commence at 6 a.m. on Sunday from all terminals. Motor buses and jitney transportation will also transport people to the Mount.
The platform will be decorated this year with beautiful Eastern decorations.
A tag will be placed on every person going up to the service on which is printed "Easter Sunrise Service, 1925. I Was There." If the weather is good the service will go forward. A downpour will cause the service to be postponed until the following Sunday morning.
Dr. Davies has dedicated the program this year to Miss Julia Whitehead, of Quadra Street, who first suggested the idea of a sunrise service. He expects 10,000 people this year if the weather is good.
The power amplification will be assembled to-morrow by George W. Deaville, and loud speakers will be arranged around the platform.

CROWN WILL ASK REMAND IN GILLIS MURDER HEARING
Absence of Police Officers on Duty Leads to Further Delay
Paul Stromking, charged with complicity in the Beryl G. Hocking case, will appear before Magistrate Jay in the Provincial Police Court to-morrow for a remand in custody. He will be held in the city jail until the following day.
The reason for the remand, it is explained, is that two officers who will be called by the prosecution, are now on the mainland engaged upon another case. These are Inspector Forbes Cruikshank and Assistant Superintendent Walter W. Wain, to whom it is asserted the accused made a statement after surrendering himself into custody.
The preliminary hearing will proceed whatever date is fixed by the court to-morrow. Stromking meanwhile is being held in the city jail for the provincial authorities.

OBITUARY
There passed away on Tuesday afternoon Alfred John Henson, aged sixty-six years, of 253 North Park Street. He was a native of Ontario, but had resided near Dauphin, Manitoba, for a number of years, coming to Victoria in January of this year. He is mourned by his widow and eleven children in Dauphin, Man. A funeral service will be held at St. Paul's Roman Catholic Church on Thursday afternoon at 2 o'clock. Rev. Dr. W. G. Wilson, assisted by Rev. Dr. McCoy, will conduct the service. The remains will be forwarded on Friday afternoon to Dauphin for interment.
Mrs. Gladys Irene Plaxton, wife of N. E. Plaxton of Holland Avenue, passed away last evening, aged twenty-two years. She was born in Ross Bay, B.C., and came to this city five years ago. The remains are being held at the home of Mrs. Plaxton and funeral arrangements will be announced later.
The remains of the late Anton Walton will be held at the home of Mrs. Walton on Thursday afternoon. The funeral will be held from the B.C. Funeral Chapel on Thursday at 2.30. Rev. F. E. Kibber officiating.
Mrs. Elizabeth Clement, widow of John Newburn Clement, late of Niagara-on-the-Lake, passed away yesterday afternoon at her residence, 609 Gore Road. A native of Ontario, she has resided in this city for many years. She is survived by one daughter, Miss Lulu Clement, at home; a daughter, a grandson and a granddaughter on Vancouver Island; two sisters and a brother in Ontario. The funeral will take place on Thursday, April 8, the cortege leaving the Sand's Funeral Chapel at 2.30 o'clock, and five minutes later private services will be conducted at St. John's Church by the Rev. F. A. Chadwick.

LAST DOMINION TRUST DIVIDEND
Will be Paid to 8,000 Creditors Including 5,900 Depositors
Fund Available Includes \$160,000 Recovered From Von Alvensleben
Vancouver, April 8.—What will probably be the last substantial dividend for Dominion Trust Company creditors and depositors was authorized to-day by Mr. Justice Murphy who approved payment by H. K. Burras, liquidator, of an eight per cent dividend from \$207,105.
This sum has been collected by Mr. Burnett since November, 1920, when the preceding and first dividend of ten per cent was distributed. The fund includes approximately \$160,000 recovered before the Anglo-German Mixed Arbitral Tribunal, London, from Werner von Alvensleben on drafts accepted by him before the war from his brother, Alvo von Alvensleben, then in Vancouver.
The dividend will be paid to nearly 8,000 creditors, including 5,900 depositors. The company has been in liquidation since 1914. It will be two months at least before the dividend cheques can be distributed.
The liquidation can not in any event, end before January next when will be surrendered a bond which the liquidator entered into for payment of \$15,000 being a draft drawn upon Werner von Alvensleben which had been lost.
At Birmingham— R. H. E. Cincinnati Nationals ... 6 10 2 Birmingham Southern ... 4 12 0 Batteries—Benton, Didot, Brady and Wingo; Hall, Crowder and Lerial.

WOMEN SHOT IN WINNIPEG STREET
Two in Hospital Expected to Die
Winnipeg, April 8.—Two women are in the general hospital expected to succumb to bullet wounds and a man, believed by the police to be the man who fired the shots, is suffering from three bullet wounds and is not expected to recover.
The shooting took place this afternoon at a street corner in a residential district. The man believed to be J. Berger. His condition is said to be such as to preclude any hope of recovery.
Neighbors expressed opinion that the shooting was the work of the outcome of a jealous quarrel.

GARDENERS GIVEN VALUABLE ADVICE
Charles Bennett Gives Interesting Talk at Monthly Meeting
Charles Bennett gave a very interesting talk on the preparation of seed beds, methods of sowing and general points for the Spring gardening at the regular monthly meeting of the Victoria and District Gardeners' Association held in City Hall last evening. W. J. Edwards presiding. The amateur gardeners more often met with greater success than the professional, simply by getting down to business in a methodical and proper manner. He said those who possessed the heavy soil were unable to commence gardening operations as soon as those who were favored with a light soil. To the former, he urged them not to rush into work, but to wait for the ground to dry out sufficiently to work properly. To those possessing the light soils it was advisable to dig in all green refuse obtainable so as to conserve the humus during the dry season. Coming to the preparation of the various seed beds he said the onion bed is best prepared in October or now, the former month was the best. It should be dug to a depth of two to three feet and mixed with good rotten manure. This bed is ready for seeding in February. For carrots he advised the selection of a plot where previously had been grown peas or celery, so as to ensure a good straight root. A good pulverized soil is essential. A good manure and turp can be treated the same way.
CLEANING UP
The speaker laid great stress upon the gardener cleaning up in the Fall, this was one of the secrets of success. It was prevention of pests, when dug into the soil was very beneficial. As soon as seeds are well above the ground, begin to cultivate in earnest. Air and sunlight are a very great asset. Don't sow seeds too thick, he said, and always keep them well thinned, particularly when quality takes precedence over quantity.
For fertilizer Mr. Bennett favored barnyard manure whenever possible. Many people made a fatal mistake when watering. When watering, water thoroughly, don't be too sparing, soak well, then refrain for a week or more. Drainage and deep cultivation were the chief secrets of success.
CROPPING ROTATION
Rotation of cropping was a point for the amateur to take into greater consideration. Quality and not quantity was the point to always have in mind. A general discussion followed the termination of the speaker's remarks. Many members giving their personal experience dealing with the growing of various crops and for the most part, the amateur much practical information was gathered.
Spring was in evidence last evening at the monthly competition when the early flowers were prominent. A. McKay had an excellent display of daffodils, hyacinths, etc.
Winners for this month were A. McKay 22 points, Geo. Little 17 points, W. H. Cooper 16 points, Wm. Christie 13 points.

SIR W. GLYN-JONES, NOTED PHARMACIST, ON CANADIAN TOUR
Sir William Samuel Glyn-Jones, who is visiting Canada intending giving an address on the retail drug trade in each of the Canadian cities. He is recognized as the greatest of authorities on this subject.
Sir William S. Glyn-Jones, came to Canada in 1914 as a pharmacist-at-law, having been called to the Bar, Middle Temple in 1904.
He has been secretary of the Pharmaceutical Society of Great Britain since 1913. He was the originator and has been secretary for 29 years of the Proprietary Articles Trade Association of Great Britain.
The P.A.T.A. has operated continuously for 29 years and now numbers 444 manufacturers, who wholesale in Great Britain and 7,250 retailers.
Sir William has held the following public positions: J.P. and an alderman of Middlesex County Council; M.P. for Stepney; parliamentary Private Secretary to the Minister of Munitions in 1916, and to the Minister of Reconstruction in 1917; author of "The Law of Poisons and Pharmacy."

OFFICER ASKED TO HELP ROB A BANK
Saskatoon, April 8.—A. S. Wright, probation officer of Saskatoon, got the shock of his life last night when a man looted out of a broken window of the Canadian Bank of Commerce main office here, covered him with a shotgun and, calling him by name, ordered him to come in and help crack the vaults.
While Wright pondered this amazing request, A. F. Ward, an employee of the bank, on his way to his room above the bank, stroked up, noticed the broken window and inquired if the stranger was trying to mend it.
"No," was the reply of the amazing marauder. "I was just trying to break into the safe."
With these words, Wright and Ward vanished in opposite directions and called the police, and when a patrol wagon full of officers arrived on the scene a few minutes later the intruder was gone, leaving a trail of blood from a cut on the hand he had apparently sustained when he broke the window to get into the bank.
Police are wondering whether the man is a lunatic or a bank robber. They said to-day they expected to have him in custody soon.

TO PLAY FOR TITLE
New Westminster, April 8.—Adnanacs, champions of the Vancouver and District Basketball League, senior B. division, will leave for Penticton on Thursday, to play the fruit belt champions for the B.C. title.

## Three Semi-final Games To-night In "Y" Hoop Tourney

Feature of Games is That Three Teams From Districts Will be Taking Part

Outlaws Play Jordan River; Keatings Ladies Meet C.P.R.; Falcons Tackle Duncan

Three semi-final games will be seen at the Y.M.C.A. gymnasium to-night in the Victoria and District Basketball Tournament. The first game will be called at 7.45 o'clock when Jordan River will stack up against the James Bay Outlaws. In the second game the Keating ladies will clash with the C.P.R. The real battle of the night should come when the First Presbyterian Falcons take on the crack Duncan five.

The big feature of the tourney this year has been the showing made by the out-of-town teams. Both Jordan River and Duncan have fast teams and they will take a lot of beating. The championship has never been won by an outside team, although on two occasions Duncan reached the finals only to lose out to the First Presbyterians.

In the game between the Outlaws and Jordan River keen competition is expected, as both teams are strong. The Outlaws reached the semi-finals by disposing of Priors and the C.P.R. The James Bay quintette have been traveling at a fast clip this season, and already have one championship to their credit, having won the Sunday School Intermediate "A" title. Last Saturday night the Jordan River five qualified to meet the Outlaws by defeating the James Bay seniors in a close game. The river boys looked good in this game, and they will make a bold attempt to get into the final round.

**GIRLS PRIMED FOR BATTLE**  
A fine ladies' game is expected when the Keatings team battles the C.P.R. The suburban team sprang a surprise when they handed a trouncing to the Harmony quintette in the second round, while the rail-riders advanced into the semi-finals at the expense of Spencer's. The winner of this game will meet the formidable Fiddis team on Saturday night in the final game for the Formosa Cup.

A real thriller is expected when the Falcons and Duncan hook up. The Falcons will be without the services of Jack McKenna, their star forward, but his place will be filled by Tommy Nuts, so the locals will not be weakened any. With the two veterans, Bob Turner and Tommy Nuts, to steady the youngsters the Falcons should make a good showing. Duncan have a strong line-up this season, and they were only beaten by the crack Varsity team of Vancouver in the final game for the British Columbia championship. The up-landers are well versed in the fine ball handling and shooting, and they are expected to give the Falcons a tough battle.

In a consolation round game played last night the First Presbyterian seniors defeated Mount Tomlin by a score of 63-36. They will meet the winner of the Y.M.C.A. Novice-Senior game in the final match on Saturday night.

## High-jumping Horse Champs Meet To-night

Calgary, April 8.—Barra Lad and Bay Eagle, high jump champions of Calgary and Edmonton, respectively, were in their stalls to-day ready for the call which will bring them together here to-night, in what is expected to be the greatest high jump duel ever fought in Western Canada. Barra Lad, who has won the title for the past two years, is expected to be the victor. Barra Lad and Bay Eagle are the only horses in the world who have won the title for two years.

## Benjamin is Badly Beaten by "Wildcat"

Vernon, Cal., April 8.—Ace Hudkins, Nebraska lightweight, won a decision over Joe Benjamin, the only Pacific Coast fighter in the elimination contest for Benny Leonard's discarded crown in a ten-round fight here last night.

## HOKEY TEAMS DRAW

Fitzburg, April 8.—Last night's game between the Yellow Jackets and Hornets, both local teams, for the championship in the U.S.A.H.A. resulted in a 2 to 2 tie.

## CRACK YOUNG BASKETBALLERS WHO PLAY HERE ON SATURDAY

On Saturday night the St. Andrew's Crusaders, of Vancouver, will visit here to meet the St. Andrew's, of Victoria, in the final game for the junior basketball championship of the B.C. Sunday School Basketball League. The Mainland boys have a whirlwind club and came within an ace of winning the B.C. open junior title. They played in Kamloops and tied the club there. The team is led by Enoch Williams, who is the high scorer.

## Dandurand Will Inform F. Calder Of West's Views

Montreal, April 8.—Hockey affairs will come to the front again to-day with a conference between President Calder, of the National Hockey League, and Leo Dandurand, of the French-Canadian team in Vancouver in the final game for the British Columbia championship. The up-landers are well versed in the fine ball handling and shooting, and they are expected to give the Falcons a tough battle.

## Will Present Views

While in the West, Manager Dandurand conferred at length with Frank Patrick and President E. L. Richardson, of the Western League, on the subject of the proposed new league, particularly as to their stand on questions relative to organized hockey, and he will present to President Calder the Westerners' attitude towards the N.H.L. and organized hockey generally.

## Airdrieonians Lose Game and Leadership

Glasgow, April 8.—Airdrieonians, who have been leading the First Division of the Scottish League for some considerable time, suffered their fifth reverse of the season at Paisley yesterday afternoon, and at the same time relinquished the leadership to Glasgow Rangers, when they were defeated by St. Mirren, 4-0.

## Junior Soccer Teams To Playoff For Title

Vancouver, April 8.—Junior soccer officials will this week-end stage the two semi-finals for the provincial championship, one game 16-Nanaimo and the other in Vancouver. South Hill Juniors are ready to go over to Nanaimo on Good Friday to engage South End United in the first of the semi-final games. The Nanaimo team holds the cup which has not yet graced the mainland.

## Thrills Crowded Into First Ball Battles On Coast

San Francisco Goes Ten Innings to Defeat Seattle; Four Homeruns

Sacramento Had a Great Game With Oakland; Salt Lake and Portland Win

San Francisco, April 8.—Four well-contested games in as many different cities ushered in the 1925 Pacific Coast League season yesterday. In three cases the home town fans saw their favorites win, but at Los Angeles the visiting Portland club took the Angels into camp by going on a batting rampage in the eighth inning. As a result, Portland, Salt Lake, Sacramento and San Francisco teams last night had percentages of .090, while Los Angeles, Vernon, Oakland and Seattle had yet to enter the winning column.

It took the San Francisco Seals ten terrific innings to win their argument with the Seattle champions at the local grounds, thus furnishing the first extra inning engagement of the season. The Seals, whose opening game had been endangered by rain, turned in the first victory, due to the difference in time and an equally played game.

The same teams will continue their series the rest of this week.

## SEALS WIN A THRILLER

San Francisco, April 8.—All of the thrills of a see-saw ten-inning game, with the pitchers in mid-season form, were enjoyed by approximately 13,000 fans, who crowded Recreation Park yesterday and saw the Seals triumph over Seattle in the opening tilt, 6-4.

Mayor James Rolph Jr. started the festivities by pitching a bad ball, which Manager Wade Kilmer of the Indians struck at and Chief Police Daniel O'Brien successfully caught.

The day was cloudy, but not very cold, and the players exhibited considerable enthusiasm for the benefit of the crowded stands. Seattle's first run came in the first on Brantley's two-bagger, Eldred's hit and Rhyne's wild throw. Fran Fran took the lead in the third, when following Warner's single, Brower and Ellison homed in succession. Seattle evened the score almost immediately through a sacrifice fly by Herman, Elliott and Bremer, combined with an error by Rhyne.

The Indians got their last run in the sixth when Bremer knuckled home. The Seals tied the count in the eighth on singles by Warner and Brower and Klidoff's sacrifice fly.

The game was won in the tenth by Warner's single, his third of the game, and Brower's second home run over the right field fence. Brower, making his Pacific Coast League debut and purchased by San Francisco from Cleveland, was the star of the contest.

(Ten innings) R. H. E.  
Seattle..... 4 3 1  
San Francisco..... 6 10 3  
Batteries: Sutherland and Daly; McWhorter, Foster and Read.

## SALT LAKE STARTS WELL

Salt Lake, April 8.—Salt Lake took the opening game of the season from Vernon yesterday by 4-1. Percy and Battersley pitched a fine game, the entire nine innings. Heavy rain in the forenoon and continued threatening weather reduced the opening crowd to 5,000.

(R. H. E.)  
Salt Lake..... 4 3 1  
Vernon..... 1 5 0  
Batteries: Barfoot and Hannah; Percy and Peters.

## BEAVERS BATS TOO HEAVY

Los Angeles, April 8.—The Portland Beavers defeated Los Angeles by seven to three yesterday in the opening game here of the Pacific Coast League season. Portland, by uncorking a heavy batting rampage in the eighth inning, scored four runs, which broke a tie.

(R. H. E.)  
Portland..... 7 10 3  
Los Angeles..... 3 7 2  
Batteries: Winter, Yarron, Keefe and Crosby; Rowland, Root, Ramsay and Sandberg.

## STRIBLING A WINNER

Augusta, Ga., April 8.—Young Stribling of Atlanta last night won the first of his series of victories in the Georgia State ten-round bout. Stribling, who has been fighting throughout the fight, although Walter was pushed hard.

## Rickey Looks to Them in 1925 Chase

Pennant Chances of St. Louis Cards Depend on Ability of Hurriers to Deliver, is Opinion of Manager

Standing, left to right—Dickerman, Mails, Haines and Sothoron. Insets—Sherdoff, Dyer, Rhamm and Stuart.

Stockton, Cal., April 8.—"If we get the pitching, we get the pennant." That's the rather optimistic slogan around the St. Louis Cardinals' camp here.

In other words, Manager Rickey is placing his hopes on five seasoned veterans—Walter Mails, Jess Haines, Allan Sothoron, Bill Sherdoff and Leo Dickerman, and three ex-collegians, Johnny Stuart, Eddie Dyer and Philton Rhamm.

Mails is out to stage a comeback after a previous fling in the big show. His work will be watched especially.

## McTigue, Walker And Dundee Are Again Good Boys

Fighters Agree to do as New York Body Says and Will be Allowed to Fight

New York, April 8.—The State Athletic Commission yesterday lifted the suspension of two world champions and another former champion, and officially approved of the Tunney-Gibbons match at the Polo grounds June 12.

McTigue, Walker, world's welterweight champion, was reinstated when he promised unconditionally to meet Dave Shade, Pacific Coast welterweight champion, in a title match.

Mike McTigue, world's light heavyweight champion, was restored to good standing on his promise to meet Leo H. Ryan, the champion of the French Boxing Federation for his failure to meet Fred Brotonnel in a match in Paris, January 27, which was reinstated after a hearing on his case.

## DUDEE O.K. AGAIN

Johnny Dundee, former world's featherweight and junior lightweight champion, who had been suspended indefinitely on the recommendation of the French Boxing Federation for his failure to meet Fred Brotonnel in a match in Paris, January 27, was reinstated after a hearing on his case.

## Nurmi and Ritola Again Win Races

Detroit, April 8.—Paavo Nurmi finished a hundred yards ahead of his nearest competitor and fresh of his 3,000-metre feature event of the track meet here last night. The Finn's time was 8 minutes 55 seconds.

## Nurmi Will Not Run Joie Ray Over Mile

Detroit, April 8.—Paavo Nurmi does not care to run the mile against Joie Ray because such a race "would not be of interest to the public," his manager, Hugo Quist said last night, replying to repeated requests for such a match race at the Michigan A.A.U. relay carnival here.

Nurmi will race Ray at two miles, three miles, four miles, even one-half mile. Quist said, "but a race between these two at the mile would not be interesting."

Ray said he is ready and anxious to meet the Finn over the mile at any time.

## St. Louis Cards Think They Can Snare Pennant

Given Good Pitching Club Expects to Make Race Hot in National League

Branch Rickey Has Greatest Hitting Teams and Has Signed New Pitchers

Stockton, Calif., April 8.—"The Cardinals are going somewhere this year. I'm not saying this to please or to fool you. I told you in 1921 and 1922 we expected to go somewhere, and we did."

"All we want is some good, average, sensible pitching and we will get there. We have everything else."

That said Branch Rickey regarding his 1925 Cardinals. And with his pitchers showing rapidly in getting into form, Rickey's other statement seems to be borne out. For instance, in his infield he has Jim Bottomley, who hit .370 last year and broke a world record of thirty-two years standing when he made six consecutive hits in one game, driving in twelve runs. He'll hardly be moved from first base. Second is the property of Rogers Hornsby, six times leading hitter of the National League.

## GOOD YOUNGERS

Lester Bell, who led the American Association hitters with .365 for 184 games, is to start at third. At short, the Cardinals are going to battle with fielded .365 last season—a new high record for shortstops. His five-year fielding average is .957.

There is a young reserve power, too. Any one of the second stringers may crowd into the regular lineup. The youngsters are Tommie Bell and Conroy all season. "Spec" Toporcher is again on deck. Tommy Thevenau, a star with Syracuse last year, is back, while Waddy Holm, though signed as a catcher, likes to play the infield.

In the outfield there is Ray Blades in left, Shinnars in right and Rietis Mueller, centre, who polled impressive averages last year. Chick Hafey, Stanford collegian, who hit .281 in the Philadelphia Nationals, is back. Walter Roetterger, an Illinois University star; Johnny Peterson, Jack Smith, Ma. Eiding, and Schmitt are, other aspirants, from whom Rickey can select formidable hitters against any pitching.

Mike Thevenau isn't the only impressive figure in the Cardinal catching division this year. Henry Vick, an All-American centre while at Michigan, is being considered for the job. He is expected to do much in instructing the youngsters.

## SCHMIDT BACK AS COACH

Walter Schmidt, after nine years with Pittsburgh, is with the Cardinals, in addition to important coaching work, will probably be the second catcher. He is expected to do much in instructing the youngsters.

It is a happy, peppery, hard-working crowd Rickey has out here—a clean playing, clean living bunch going at it with the best. The Cardinals are expected to give the other aspirants, from whom Rickey can select formidable hitters against any pitching.

## Ontario Would Not Co-operate in Hoop Game With President

Edmonton, April 8.—Since I have been president of the Canadian Basketball Association the Ontario body has not at any time tried to co-operate with myself and the Dominion organization, said Cecil E. Race, president of the Canadian Basketball Association last night.

It is a matter of common knowledge that the Ontario winners were not declared until Saturday night, April 4, after all the games had been played. It is a matter of common knowledge that the Ontario winners were not declared until Saturday night, April 4, after all the games had been played. It is a matter of common knowledge that the Ontario winners were not declared until Saturday night, April 4, after all the games had been played.

## Kearns Finds That Wills-Dempsey Bout Is Wanted in East

Los Angeles, April 8.—Jack Kearns, manager for the heavyweight champion, Jack Dempsey, returned from the East last night with the news that he had secured a big public demand for a bout between Dempsey and Wills. The negro heavyweight, but did not indicate what, if any, chance there was of meeting the demand.

## Colwood Golfers May Use Victoria Links at Easter

The general committee of the Victoria Golf Club extends to the members of the Colwood Golf and Country Club, who are not taking part in the British Columbia championship, the privileges of the Oak Bay links during the Easter tournament.

# AT THE THEATRES

## DICK TURPIN WAS KIND BANDIT TO POORER CLASSES

"Your money or your life" roared bandit Fielder of Dick Turpin's band of English robbers and burglars as he and Luke Rust and Jack Rose rushed into the chamber of farmer Saunders and his wife near Epping Wood in March 1775 years ago. The frightened wife fell to the floor in a faint just as the leader, Turpin, jumped through the window. "Hold men," said the youthful rogue. "Would ye fright the poor lady to her death?" and seizing a

## AT THE THEATRES

Dominion—Tex Howard's Band, Capitol—"Dick Turpin," Coliseum—"A Life on the Ocean Wave," Playhouse—"The Birth of a Nation," Columbia—"Going Up."

flask of brandy he took her head upon his knee and revived her. "We'll be going now," said Dick, and despite curses and threats he forced the ruffians to depart without further damage or the taking of a shilling's worth.

That incident in the life of this famous robber was but one of a score that delighted Tom Mix, the star of the William Fox West Coast Studios as he studied Turpin's life history, preparatory to its transference to the screen as it is being

played at the Capitol Theatre this week. "He was a robber, but a gentleman," said Tom with a smile, "and though he dined up like a cake-eater when he went out to stick up coaches he made a hit with me."

## "GOING UP" PICTURE AT COLUMBIA OFFERS FINE ENTERTAINMENT

Douglas MacLean's screen version of "Going Up," showing at the Columbia, is the story of a young man who knows nothing about airplanes, fears them tremendously and is, through a series of amusing circumstances, forced to fly one in a race against a daring French ace, is said to even surpass the original stage plays in point of spontaneous laughter. Because of its superior entertainment values over the two successful plays, the motion picture version tends to prove the theory held by many that, because of its greater scope of action, the screen excels the stage as a medium of fascinating comedy material.

## FAMOUS AMERICAN BAND AT DOMINION ALL THIS WEEK

"Charley's Aunt," with Syd Chaplin, the big feature farce which has been looked forward to with great anticipation ever since it was announced that the screen rights of the famous old stage play by Brandon Thomas had been purchased by Griffith, will be shown for the first time here on Monday, when it will begin a six days' run at the Dominion Theatre.

The fame of "Charley's Aunt" is world-wide. On the stage it earned \$3,000,000, playing continuously for thirty-three years in London. It

ran for four consecutive years, being given 1,445 times.

The Christies of Hollywood in conjunction with Ideal Films Limited of London, are said to have given the farce an elaborate screen production and brought out its hilarious situations to their full worth.

## SPLENDID FILM FEATURES COMING TO THE PLAYHOUSE

An impressive list of film features has been booked for early showing at the Playhouse. These include Larry Semon in his notable feature length comedy, "The Girl in the Limousine," "The Wanters," "Lord of Thundersgate," "The Scarlet Lily," "Anna Christie," "Tribby," "Abraham Lincoln" and "Children of the Dust," with "The Girl in the Limousine" billed for next week's showing. D. W. Griffith's "Birth of a Nation," on the screen, and Frank Morton's musical comedy production of "Why Men Leave Home," are this week's attractions.

## FAMOUS FARCE "CHARLEY'S AUNT" NOW ON SCREEN

"Tex" Howard and his famous American Band which created an unprecedented success at the popular Yates Street playhouse the week before last have been engaged by the management to play again this week. In answer to the deluge of requests for a return engagement. To those who were fortunate enough to hear them on their previous engagement in this city nothing need be said, except that the programme for this week promises to excel the former one. But to those who did not hear them, every endeavor should be made to hear them.

cludes both popular and semi-classical music, and is rendered by this superb aggregation of instrumentalists in a very up-to-date manner. The reception given "Tex" and his music-clause in Vancouver at the Capitol Theatre last week was a duplicate of the wonderful ovation given them in this city on their last engagement here. On the same bill is included an exceptionally fine film offering under the title of "The Top of the World," Ethel M. Dell's high successful novel, co-starring James Kirkwood and Anna Q. Nilsson.

## TEN DAY MOVIE FIGHT IS STAGED BY EMMETT FLYNN

As the long distance fist-fighting championship in the movies seems to be a matter of continual dispute, Emmett Flynn, Goldwin director, has settled the matter for all time to come.

In making Owen Davis's old melodrama, "Nellie, the Beautiful Cloak Model," now at the Coliseum Theatre, Low Cody and Edmund Lowe, villain and hero, battled ten days under Flynn's direction.

## "ZEEBRUGGE" FILM SPECTACLE WILL BE SHOWN FRIDAY

Although the late war is relatively out of favor as a screen topic, and has been for some considerable time, so such can good possibly apply to a film spectacle like "Zeebrugge." A British super production that comes to Canada endorsed by the highest naval authorities.

The opening reels are concerned with the preliminaries of the attack, the necessity for which is explained by means of striking pictures of the sinking of British ships by German "U" boats. These views are actually from German cameras, and were obtained by the British when an enemy submarine was captured on the way to the United States.

Following this comes a series of scenes that show the units in training and the life of young volunteers during the waiting periods. Then comes the drama proper. The story is unfolded vividly and thrillingly. It is a moving sight to watch H.M.S. Vindictive sending marines over the mole in the face of death-dealing fire from German batteries, and there are episodes . . . that have such intense realism that the watcher half forgets he is not seeing the actual thing.

## WILL SOON REQUIRE SIXTY MORE WORKERS

In a few weeks the British Columbia Electric Railway Company will increase the weekly payroll by addition of about sixty men, who will be employed on the yearly programme of replacement of underpinning of the Jordan River flume.

## MAN WAS KILLED BY POWDER EXPLOSION

Hanover, Mass., April 8.—One man was killed, several persons were severely burned, and damages estimated at more than \$50,000 was caused yesterday when a spark from a new powder mixing machine ignited hundreds of pounds of black gunpowder at the plant of the National Fireworks Company here. A score of small buildings used as mixing sheds were destroyed in the series of explosions which resulted.

The charred body of Maynard Goodwin of Hanover, an expert in explosives, was found near the site

## CHICAGO WILL NOT BUY STREET RAILWAYS

Chicago, April 8.—Chicago voters yesterday rejected a proposal for purchase by the city of the street-railways and elevated lines and the building of a subway, said to be the largest municipal ownership project ever attempted, by a majority of nearly 100,000 votes.

## PAGEANT FEATURE JULY CARNIVAL CELEBRATIONS

Major Tayler Will Present Ambitious Spectacle at Arena

A gorgeous spectacle and tournament will be a feature of the July Carnival celebrating the opening of the Crystal Gardens, the executive committee having accepted Major W. Tayler's scenario "The Return of Richard Coeur de Lion" for presentation at the Arena during Carnival Week.

More than two hundred actors will be required to stage the various scenes, and rehearsals will be commenced in the next few days. Victoria's most talented amateur actors have been drafted into the pageant which will feature comedy, illustrate the sports of the times and come to a final climax when the Queen of Beauty will crown the victor in a grand tournament.

The story will revolve around Robin Hood, Ivanhoe, the villain Gaultier, Lady Rowena and Richard the Lion Hearted. The pageant will be one of the most ambitious efforts of the many successful pageants staged in Victoria in the past few years, requiring almost two hours of speedy action for presentation.

## STRENGTH AND VITALITY CREATED BY RED BLOOD

The strength, vitality and nerve power of every man and woman depend on the blood. Red blood is the supreme driving force of life. When we lack strength we should think first of our blood. When we have rich, red blood we quickly regain strength. Weak, thin-blooded men and women can find an easy, safe way to create red blood.

Wincarnis gives to the blood the very elements from which red blood is created. For fifty years this blood builder has restored men and women who were lacking in life power.

If your body vitality is at low ebb, your system undernourished, or your nerve force exhausted, go to your druggist to-day to obtain a bottle of Wincarnis, and begin the safe Wincarnis treatment.

Wincarnis is so effective that only three tablespoonsful a day need be taken. Try Wincarnis at once and see the strength that just a few days will bring.

### NEW YORK PARTY WILL VISIT CITY

Party of 125 Business Men Pay Flying Visit to Victoria in June

A party of 125 business men of Brooklyn will visit Victoria Saturday, June 6 on a "trade and good will trip" through the West, the directors of the Victoria Chamber of Commerce are informed. They will remain in Victoria for one hour and during that time will take an automobile ride through the city. The trip has been arranged by the Brooklyn Chamber of Commerce and the party will leave New York May 17, and return home June 14. During that time the chief cities of the West will be visited. A total of 5,500 miles will be covered by train and 213 miles by steamer. Victoria is one of seven cities in Canada that will be visited.

### TARIFF BOARD PLAN IS GIVEN APPROVAL

Mackinnon, P.E.I. Member, Protests to Commons Against British Potato Embargo

Ottawa, April 8.—Approval of the proposed tariff board plan was expressed by D. A. Mackinnon, Liberal, Queen's, P.E.I., who addressed the Commons yesterday afternoon.

He upheld the practice of borrowing money for long periods rather than for short terms. He advocated a policy of improving the trade relations between this country and the United States.

He also protested strongly against the embargo placed by Great Britain against Canadian potatoes. He declared an authority on the subject had stated there was 150 kinds of potato bugs in Europe. Yet the mother country was importing potatoes from European countries, where potato bugs existed, in preference to accepting Canadian tubers.

Sir Henry Thornton, when he had approached him in reference to the transportation of potatoes from Prince Edward Island, had dealt with the matter in a manner to show that he "had a heart," he said, referring to the need of lower transportation costs.

### EXPENDITURES CRITICIZED

J. D. Chaplin, Conservative, Lincoln, Ont., stated he was glad to learn from the member from Queen's that Sir Henry "had a heart." He also would be glad if the president of the Canadian National Railways would stop "the useless expenditures in regard to raising the building of golf clubs and other foolish things."

The absence of Hon. W. S. Fielding from the House was regrettable, said Mr. Chaplin.

"He has been missed more than ever during the presentation of the last two budgets," he said.

The statement of Mr. Fielding upon the closing of the financial year of 1922-23 had been a clear, distinct account, covering one column of Hansard. The present Acting Minister had taken ten columns.

### DUTY ON COAL

Mr. Chaplin favored the increase in the duty on slack coal, but if protection was a good thing for the workers in Nova Scotia and Alberta, why wasn't it a good thing for the workers in Ontario and Quebec?

Mr. Chaplin referred to losses resulting, he said, from the treaty with France. For ten months of the fiscal year ended in 1923, Canada had imported goods from France to the value of \$10,215,000, while for a similar period in 1924 the amount had risen to \$13,100,000 and for the same ten months of the fiscal year ended in 1925, \$15,100,000. On the other hand, Canada's exports to France for the same ten months of the fiscal year ended 1923, 1924 and 1925 were valued at \$11,200,000, \$15,000,000 and \$8,900,000, respectively. In other words during the last fiscal year Canada had sold to France \$5,000,000 worth of goods only, but had bought commodities valued at \$15,000,000.

### DEATH PENALTY FOR KILLING OF CARDINAL

Madrid, April 8.—The military tribunal yesterday sentenced to death Torrea Escartita for having participated in the assassination of Cardinal Soldevilla in June, 1923. Two accomplices in the crime were each sentenced to six years in prison.

The trial was marked by a dramatic incident when a nephew of the murdered prelate, a witness for the prosecution, not only failed to identify the accused man, but gave it as his opinion that the cardinal was killed by a man who owed him money.

Cardinal Jean Soldevilla y Romero was shot down and killed while in a motor car in Saragossa, by three men, all of whom escaped. The chauffeur of the car was killed and the cardinal's secretary seriously wounded.

### ESLING NOMINATED IN KOOTENAY WEST

Nelson, B.C., April 8.—W. K. Esling, ex-M.P.E., for Roseland, was nominated here yesterday afternoon as Conservative candidate in Kootenay West in the next Federal general election. Major E. Mallandaine of Creston, also was proposed, but defeated in a ballot, sixty-one delegates being present. The convention also urged reversion to the straight "Conservative" party name.

### San Franciscans Visited the Vatican

Rome, April 8.—Pope Pius yesterday, after celebrating mass in the presence of about 200 invited guests from various nations, including thirty-two pilgrims from San Francisco, tendered to all the visitors his hand to be kissed. The Pontiff conversed cordially with Father Denis O'Crowley of San Francisco and referred in affectionate terms to the recent visit to Rome of Archbishop Hanna, whose energy and zeal he warmly praised.

### BIBLE ANNIVERSARY OBSERVED THIS YEAR

Washington, April 8.—The Bible "still" completely overtops all other "best sellers." Dr. Samuel McCrea Cavert, general secretary of the Federal Council of Churches, said today in a statement calling attention to the 40th anniversary of the first translation of the New Testament from Greek into English, to be observed this year.

Only one copy of the English Bible, printed by William Tyndale, its translator, is extant, the statement said, and it is in Bristol, England. Tyndale's life and work will receive special attention during the observance, which will bring forth exhibits

of rare biblical editions by university and public libraries.

"Tyndale's work shaped the whole course of succeeding translations, from the famous Coverdale Bible to the King James version in 1611," the statement continued. "Pastors and Sunday school workers are being urged by the council to stress the importance of this anniversary throughout the year. The translation of the Bible from the original tongue, Tyndale's heretic and martyrdom and the power of the printing press are subjects suggested for discussion."

The International Council of Religious Education, Chicago, is promoting interest in the movement, as are the American Bible Society, the American Library Association, and the National Association of Book Publishers.

**My Hair Was Quite Gray**

"My hair was gray. It was falling out. My comb would catch it. I had to wash it with Kolor-Bak. My hair fell out and now it again is, actually made. I can't say enough."

(A typical letter)

### Don't Worry about Gray Hair

This Clean, Colorless Liquid Will Restore the Original Shade

Thousands of people have quickly banished grayness and have restored the original shade to their hair with the remarkable preparation known as Kolor-Bak.

Physicians and scientists know that gray hair is hair that has ceased to receive its normal supply of coloring matter or pigment from certain tiny cells in the scalp because these cells have become inactive. No matter what the cause, it is amazing to see how the grayness disappears when Kolor-Bak is used. It is the best known substitute for the natural pigmentation. It also banishes dandruff and stops itching of the scalp and falling hair. If you are gray, Kolor-Bak is all you need to make your hair look "young" again. No need to furnish a sample of your hair—no tests to make—as this one clean, colorless liquid is effective on any gray hair. Money back instantly if Kolor-Bak is not satisfactory.

"The Circular Staircase"

By MARY ROBERTS RINEHART

I went to the door at the foot of the circular staircase and opened it. If I could only have seen Halsey coming at his usual bare-brained clip up the drive, if I could have heard the throb of the motor, I would have felt that my troubles were over. But there was nothing to be seen. The countryside lay sunny and quiet in its peaceful Sunday afternoon calm, and far down the drive Mr. Jamieson was walking slowly, stooping now and then, as if to examine the road. When I went back, Mr. Harton was furiously wiping his eyes.

"The prodigal has come, Miss Innes," he said. "How often the sins of the fathers are visited on the children." Which left me pondering. Before Mr. Harton knew he told me something of the Armstrong family. Paul Armstrong, the father, had been married twice. Arnold was a son by the first marriage. The second Mrs. Armstrong had been a widow, with a child, a little girl, "his child, now perhaps twenty, was Louise Armstrong, having taken in her stepfather's name, and was at present in California with the family.

"Sit down," I said grimly. "Have you found a clue that will incriminate me, Mr. Jamieson?" He had the grace to look uncomfortable. "No," he said, "if you had killed Mr. Armstrong, you would have left no clues. You would have had too much intelligence. After that we got along better. He was fishing in his pocket, and after a minute he brought out two scraps of paper. I have been among Mr. Armstrong's effects. I found these. One is curious: it is a puzzle. The first was a sheet of club notes, paper on which was written 'over and over' the name 'Halsey B. Innes.' It was Halsey's flowing signature to a dot, but it lacked Halsey's ease. The ones toward the bottom of the sheet were much better than the top ones. Mr. Jamieson smiled at my face.

he admitted, "but why should Arnold Armstrong carry that around, unless it meant something? He never built a house, you may be sure of that. In this house, it may mean anything, from a secret room."

"I was roused by hearing Mr. Jamieson coming rapidly back through the door." "Miss Innes," he said quickly, "will you come with me and light the east corridor, until I can see somebody in the small room at the head of the card-room stairs?"

"That was all," I said, looking up. "There is nothing in that, is there? A man ought to be able to change the plan of his house without becoming an object of suspicion." "There is little in the paper itself,"

TIMES CROSS-WORD PUZZLE

The person who made this puzzle did it before breakfast. That's why we cross a word that makes you hungry, repeated twice in this one.

Grid for crossword puzzle with numbers 1-49.

Cross-word Puzzle 0222

HOW TO SOLVE THE CROSS-WORD PUZZLE Every number in the form represents the beginning of a word, reading either horizontally or vertically. If there is a black square to the left of the number, the word is horizontal; if above it, the word is vertical. The same number may be used for both a horizontal and a vertical. The definitions for the correct words to fill the form are found below, with numbers corresponding to those on the form. Run through the definitions till you find one that you recognize, and put it in its proper place on the form, one letter for each white square. This will furnish several cross-clues to the words linking with it at right angles. Continue in this manner till the form is completely filled. If you have solved the puzzle correctly it should read both horizontally and vertically with words corresponding to the definitions. The correct solution of to-day's puzzle will be printed in the next issue of The Times.

- 1. Feminine pronoun. 2. Diligency. 3. Word of driving command. 4. Dressed hide. 5. Primes of feathers (against the law to import). 6. Rowing instrument. 7. Sending letters. 8. Almost a donkey. 9. Play on words (pl.). 15. To wrap the dead. 16. Observed. 17. Vegetable that grows in pods. 18. European fresh water fish (carp family).

ped. "That whole end of the cellar is kept locked, so nobody can get at the clothes, and then the key's left in the door, so that unless a thief was as blind as—as some detectives, he could walk right in." "Liddy," I said sharply, "come down with us and turn on all the lights." She offered her resignation, as usual on the spot, but I took her by the arm, and she came along finally. She switched on all the lights and pointed to a door just ahead. "That's the door," she said sulkily. "The key's in it." But the key was not in it. Mr. Jamieson shook it, but it was a heavy door, well locked. And then he stooped and began punching around the keyhole with the end of a lead-pencil. When he stood up his face was exultant. "It's locked on the inside," he said in a low tone. "There is somebody in there." To be continued.

RECORD BREAKERS SAVED—After their world's record non-stop flight from Paris to Vitta-Cinerosa in the Sahara Desert, Captains Arrachard (left) and Le Maître of the French flying forces were forced to descend, on their return to Algeria, by a sand storm and a lack of fuel. After twenty hours in the desert an Arab passing on a camel took them to safety at Ain Mezzar.

Bedtime Story

Uncle Wiggly Plays Ball

Copyright, 1925, by McClure Newspaper Syndicate.

By HOWARD R. GARIS

Once upon a time, as Uncle Wiggly was about to hop away from his hollow stump bungalow, Nurse Jane Fuzzy-Wuzzy, his muskrat lady housekeeper, called to him: "Wiggly, where are you going?" "I am going to look for an adventure," answered the bunny. "But you promised to sweep the sidewalk for me, to bring in a lot of kindling wood, to put up the clothes line for me and pump me some fresh water for wash-day to-morrow," said Nurse Jane. "Come now—no shirking! You must do as you promised."

"All right—I will do as I promised," said the bunny. "But first I would like to hop down the road a little way to see if I can find an adventure."

"Very well," agreed Nurse Jane, "but be sure to come back to sweep the sidewalk, bring in the wood, string the clothes line and pump the water."

"I will," promised Uncle Wiggly. Along and along he hopped over the fields and through the woods until, all of a sudden, he heard a voice saying: "There's Uncle Wiggly! Maybe we can get a little adventure."

"Oh, ho! Some of the bad chaps are thinking of getting me, are they?" cried Uncle Wiggly. "Well, I'll fool them!" He was about to hop on very fast, when a jolly voice cried: "Wait a minute, Uncle Wiggly! We want to get you to help us play ball. There are only eight of us and we need nine!"

The bunnies gentleman looked around and saw Jackie and Pettee Bow Wow, the dogs; Billie Wagtail, the goat; Buddy Pig; the guinea pig, and many others of his little animal friends.

"Come, play ball with us!" they invited. "You won't have to do much—just stand out in the field and catch the ball when it comes your way."

Uncle Wiggly liked children and was fond of playing ball, so he took his place in the field and soon Sammie Littlebit cried out, "Uncle Wiggly, catch the ball high and far, and it came down in Uncle Wiggly's paws. The bunnies caught the ball, but instead of throwing it back, as he should have done, he put the ball in his pocket and started to hop back to his bungalow.

"Here, Uncle Wiggly! Come back and play ball!" cried the boys. "I'm sorry, but I can't!" answered the rabbit gentleman. "I promised Nurse Jane I would sweep the sidewalk for her, and I just remembered I must not waste time here playing ball with you."

"On he hopped, but the animal boys ran after him, saying: "We can't let you go, Uncle Wiggly. Besides, you have our ball in your pocket. We'll sweep the sidewalk for Nurse Jane. Then you can do as you please with our ball."

"Oh, jist! I s'pose I can," said the bunnies, slowly twinkling his pink nose. With all the animal boys helping, the sidewalk was soon swept. Then they went back to the field and played once more. But the next ball Uncle Wiggly caught done, he put the ball in his pocket and started to hop back to his bungalow.

"Come back!" cried the boys. "I forgot!" I must put up Nurse Jane's clothes line for her," he said. Longears, laughing as he hopped. "We'll do that if you'll stay and play with us, promised Jackie Bow Wow. So the animal boys struck the line and Uncle Wiggly played again, but when he caught the ball next time, once more, he ran. He must bring in the kindling wood!" he explained.

"We'll do it for you," promised the boys, and they did. And when, a fourth time, hopped away with the ball, the boys went to the bungalow and pumped water for Nurse Jane, and now you can play ball with us the rest of the day," bleated Billie the Goat. And Uncle Wiggly did, having lots of fun.

"And I didn't have to do any work!" he chuckled as he went home that evening. "The ball playing boys did it for me!" So this teaches us that baseball is a very useful study, that baseball will new like a little kitten to make the goldfish laugh, and Toodle's litter.

Japanese, Russian and German Plan of Alliance Urged

Harbin, Manchuria, April 7—An alliance between Russia, Japan and Germany was advocated by Viscount Goto, Japanese Minister of Foreign Affairs, in an interview upon his arrival here yesterday. Viscount Goto said that the alliance must be founded upon commercial, not military principles.

Old Church in Cape Breton Was Destroyed by Fire

Sydney, N.S., April 8—The Presbyterian Church at Little Bras d'Or, said to be the oldest "free church" in the world, was destroyed by fire of unknown origin yesterday afternoon. The loss is more than \$15,000, partly covered by insurance.

Fruit Inquiry Produced a Mass of Correspondence

Ottawa, April 8.—Six employees would be required to work four months in order to secure copies of all correspondence and documents in connection with the fruit combine investigation in the Western provinces from the Government files, Hon. Jas. Murdock, Minister of Labor, told the Commons.

PREPARE ROOSEVELT MEMORIAL PLANS

Architects and Sculptors to Submit Designs For Monument in Washington

New York, April 8.—The competition for the national monument to Theodore Roosevelt in the city of Washington was launched to-day, according to an announcement made by James R. Garfield, president of the Roosevelt Memorial Association.

The site of the monument is in Potomac Park, south of the White House. The association has agreed to commission the winner to make the definite plans for the monument.

Eight architects, six sculptors and four landscape designers, all of prominence in their respective fields, have been invited to compete.

The site of the monument is in Potomac Park, south of the White House. The association has agreed to commission the winner to make the definite plans for the monument.

The competition will close October 1 and the jury, consisting of three eminent architects in the city of Washington, will announce its findings October 15. The designs submitted will be hung for the inspection of the jury in the Corcoran Gallery of Art in Washington.

DESIGNERS' RESPONSIBILITY

"The determination of the Roosevelt Memorial Association to create a memorial monument which shall adequately commemorate the character and significance of Theodore Roosevelt," writes Milton C. Bradley, Jr., the association's professional adviser, "would of itself challenge the best expression of the arts and crafts in the United States. The monument, however, great in magnitude, and places upon the designers of the memorial the weighty responsibility of solving a many-sided and complex problem of the highest magnitude, permanently establishing the only remaining cardinal point around which the capital of the United States is developing."

TRAFFIC CONDITIONS

"It is the desire of the association," the programme for the competition states, "to leave each competitor as free as possible to submit his own conception of what the memorial should be within the limitations imposed by the general conditions of the traffic conditions as a part of the treatment, creating a condition similar to the Piazza del Popolo in Rome, with the memorial itself an integral part of the busy life revolving about it, or it may be conceived to exclude all relationship to the traffic, in self-contained surroundings, separated entirely from the continuation of the axis to the river."

U.S. Fisheries Tax Appeal is Slow

Washington, April 8.—Protesting that one-third of its revenue was being tied up by the appeal of the Pacific-American Fisheries contesting the validity of taxes imposed upon their output, Alaska to-day asked the Supreme Court in a motion filed by Attorney-General Rustgard to advance the hearing and final disposition of the controversy. The court was advised that the 140 salmon canneries in Alaska had refused to pay the tax for the last two years, awaiting the final decision of the court on the validity of the law.

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly the corn stops hurting, then shortly you lift it right off with fingers.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation. (Adv.)

There is little in the paper itself,"

Wall Street TO DAY

Last Minute News on Stocks and Financial Affairs

New York, April 8 (By R. P. Clark & Co. Limited)—To-day's market was a backing and filling affair outside business being light and the bulk of the turnover representing efforts of the floor traders.

Some of the industrials were singled out for bearish efforts by certain floor traders but little success was attained and in the closing dealings, a covering movement was effected.

We still believe that the paramount factors in the situation warrant looking for opportunities to make purchases of the standard issues in the oil and rails appealing more at this time.

New York, April 8 (By B.C. Bond Corporation's direct Wall Street wire)—The Wall Street Journal's stock market edition today says: Price movements in to-day's session continued to indicate the re-establishment of technical soundness in the general list.

Associated Drygoods, after an erratic dip to 133, rebounded three points to the best level of the movement, at 132, responding to an announcement of the capital readjustment of the better in the steel trade following the recent reduction in demand.

Chicago, April 8 (By B.C. Bond Corporation's direct Wall Street wire)—The Chicago market today showed a moderate advance in wheat, with the spot basis at 1.11 per cent.

Chicago, Ill., April 8 (By R. P. Clark & Co. Ltd.)—Wheat: May wheat was given support early, but with the position all months weakened with the rains causing heavy selling of the deferred deliveries.

NEW YORK STOCKS

fair, while receipts in this country were small. The market has had a big advance and the setback was natural and puts the market in a healthier position.

The southwest advices indicate stocks at Kansas City are about all sold, and mills are inquiring for Spring wheat in the Northwest.

Cash sales were 181,000, although the early reports indicated buyers holding off, as is expected to show selling at one-cent over the May, the highest relative price in a long time.

Chicago, April 8 (By B.C. Bond Corporation's direct Wall Street wire)—Wheat: Market showed moderate and steady advance.

Chicago, Ill., April 8 (By R. P. Clark & Co. Limited)—Wheat: May wheat was given support early, but with the position all months weakened with the rains causing heavy selling of the deferred deliveries.

WHEAT PRICES ALL AT A DANCE AGAIN

Winnipeg, April 8—Price fluctuations which worked well above yesterday's closing figures, featured to-day's wheat market. At one time the May delivery soared to 155, an advance of 4 1/2 cents and a new high market for the present movement.

Winnipeg, April 8 (By R. P. Clark & Company Limited)—Wheat: The market was nervous and erratic today, hitting both the high and the low marks during the last thirty minutes.

Calgary, April 8—Two hundred and eighty-five head of fat stock were offered at the sale held here this afternoon in conjunction with the fat stock show.

Winnipeg, April 8 (By B.C. Bond Corporation's direct Wall Street wire)—There was excellent class of buying which continued throughout the session.

## SAYS CONSERVATIVE PARTY AT PRESENT WANTS NO ELECTION

Hon. W. R. Motherwell, Addressing Commons, Speaks of Rumors of Contest

## Deals With Farm Exports and Imports and the Civil Service

Ottawa, April 8.—"There seems to be an impression in the country generally and in the press that we are on the eve of a general election," said Hon. W. R. Motherwell, Minister of Agriculture, addressing the Commons last night. "Speaking for myself, I don't see very many signs of a general election; but the impression is there, nevertheless."

In any event, he said, the two groups on the opposition side of the House were attending to their line business.

He declared the Conservatives did not want any election.

"They don't want one and no amount of bluff will convince me they do," said Mr. Motherwell.

## MEIGHEN'S MANIFESTO

Dealing with Mr. Meighen's manifesto, the Minister said the heart of the thing was a proposal to revive the protection of Sir John A. Macdonald. It reminded him of the referendum which was held in the valley strewn with dry bones. The dry bones proposed by Mr. Meighen were, according to manifesto, to be clothed in both wool and sinew and brought back to life.

As for the proposal that the tariff board should be made up of representatives of labor, farmers and manufacturers, Mr. Motherwell said Parliament might as well tie a dog and a cat together by the tails and let them fight.

## DISCUSSING THE COAL SITUATION IN NOVA SCOTIA, MR. MOTHERWELL SAID HE HAD VISITED THE WHOLE MINING AREA

Discussing the coal situation in Nova Scotia, Mr. Motherwell said he had visited the whole mining area last year. He had talked to the miners and to the owners. Some of the miners were living in nice houses with shower baths.

"You don't get many of those on the prairies," Mr. Motherwell said.

He stated the Premier of Nova Scotia had pressed for the increase in the duty on slack coal. The Government had taken the whole matter under consideration.

## "HAS THE INCREASE IN DUTY THE PERSONAL APPROVAL OF THE MINISTER?" ASKED I. J. LADNER. THE TARIFF WAS MADE FOR MAN, AND NOT MAN FOR THE TARIFF," REPLIED MR. MOTHERWELL.

He went on to refer to the tariff as a tax.

"How does the Minister propose to help the Maritime Provinces by more taxation?" asked Mr. Meighen.

"The tariff is a tax," replied Mr. Motherwell. "The manufacturers of Ontario would have to pass 'some of their pound of flesh' to the Maritime Provinces."

## CIVIL SERVICE

Mr. Motherwell said members of the Opposition had in the course of the budget debate discovered everything ranging from a surplus of \$2,000,000 to an alleged deficit of \$100,000,000. The civil service had been denounced as being overcrowded. Mr. Motherwell invited anyone to find any extravagance in the Department of Agriculture. There were 1,200 civil servants in that department, and not one could be discharged without sacrificing public service. It was the same in other departments.

## IMPORTS AND EXPORTS

Answering charges made respecting increased imports of natural products, Mr. Motherwell gave examples of what was happening in respect to agricultural products. The per capita consumption of eggs in Canada had increased sixty per cent. within a few years. Canada was exporting 3,000,000 more hides than she was importing. Lard imports amounted to 12,000,000 pounds, while the exports were 8,000,000. This, however, was due to the development of bacon as improved bacon yielded less than lard. Mr. Motherwell said Western Canada would produce, if it went ahead according to present indications, 100,000,000 pounds of creamery butter annually within the next ten years.

## DUTY ON IMPLEMENTS

Mr. Motherwell referred to the speech of R. A. Hoey, Progressive member for Springfield, Manitoba, in which the latter had stated that the tariff policy advocated by F. P. Jones, president and manager of the Canadian Cement Company, "would result in an immeasurably better tariff than we have at present."

Mr. Motherwell wished to remind Mr. Hoey that the Jones plan would considerably raise the tariff on agricultural implements. He could remember when some of these were taxed as high as 35 per cent. and now were lower than 10 per cent.

## W. IRVINE SPOKE

William Irvine, Labor, East Calgary, had critical words for the Progressives. He spoke of their flood tide as past.

"The Progressive Party," he

## IS LEFT GASPING AND WRIGGLING LIKE A FISH STRANDED ON THE BEACH BEFORE THE RECEDING TIDE." HE SPOKE OF THE GOVERNMENT AS MEDIOCRE AND OF THE SITUATION IN CAPE BRETON AS MERELY A REFLEX OF CONDITIONS IN CANADA.

## NOW PREPARING FOR SUBSIDY INQUIRY

Ship Companies to Produce Many Records For Commons Committee

## Next Sitting of Committee is Fixed For Friday, April 17

Ottawa, April 8.—Interest in the Peterson ship subsidy now looks forward to Friday of next week, when the Commons committee investigating North Atlantic rate control is to resume its sittings, started yesterday, and call shipping men as the first witnesses.

A. R. McMaster, Liberal, Brome, Que., is chairman of the committee.

At the sitting yesterday Sir Henry Drayton suggested particular attention to the reports of the International Mercantile Marine for 1913 and subsequent years. Typical voyage books should be selected to find out approximately what it cost to operate a voyage. He wanted the committee to know what the facts were when he made his report of 1913, a report, he said, which he was not ashamed. The figures for 1922 and 1923 should be taken for purposes of comparison.

## SHIP MEN'S VIEW

A. W. Atwater of Montreal, representing the steamship lines, said the ship companies were just as anxious as anybody else. It had been understood by them that W. T. R. Preston, who made the report to the Government on the North Atlantic Shipping Conference, would be examined before the shipping men. The first attack, so far as shipping men knew, that had been made on them, was contained in the Preston report and sweeping charges had been made. It had been broadcast all over the world and ship men should be given a chance to examine him and find out on what he had based his charges.

## TO STUDY DOCUMENTS

Another thing was that it would take considerable time to bring down all the documents asked for in the list presented by H. J. Symington, K.C., representing the Government, and the examination of Mr. Preston should not be put off unduly. In the circumstances the ship companies felt they could ask a privilege or a right that Mr. Preston be examined first.

## BAIL ASKED FOR WILLIAM SHEPPERD

Chicago, April 8.—Assuring that "proof is not evident and the presumption of guilt is not great," attorneys for William D. Shepperd, foster-father of William Nelson McClintock and accused of killing the wealthy young millionaire by inoculating him with typhoid germs to gain possession of his estate, have sent to the Supreme Court at Springfield a petition for a writ of habeas corpus in their fourth attempt to gain the release of their client on bail.

The petition, accompanied by several affidavits, attacks the statements of C. C. Faiman, proprietor of a school of science and industry with Shepperd. Faiman declared Shepperd had offered him \$100,000 for information about typhoid inoculation and for typhoid germs which Faiman said he had obtained from the city health department.

Winfield S. Hoerger, former employee of the city health department, was questioned yesterday. It had been reported that Hoerger had visited Faiman's school, and he was said to have been questioned as to whether he had ever given germs from the health department to Faiman. He denied this, and also that he had ever seen any living bacteria at Faiman's school.

## MANY ARE READY

Meantime there were in Canada many shipping men from both sides of the Atlantic prepared to give their case.

He understood the secretary of the British Shipping Board of Trade would appear at the next meeting and that his evidence would be valuable.

Sir Henry Drayton objected that this was giving the ship conference control of the committee's proceedings. He had hoped the Government had had some case of its own to go on. It was a confession of weakness.

## IN ANY ORDER

Hon. E. J. McMurray could not see this was a criminal trial nor that police court procedure should rule. It should be easy for the committee to call the witnesses in any order. That was not giving any right of weakness.

After some further discussion the chairman's ruling was carried.

Mr. Montgomery asked if the shipping counsel might themselves appear at the hearing. Mr. Preston and ask him for a few minutes.

Mr. McMaster said he hoped the shipping men did not suppose the committee felt criminala confronted them.

The committee adjourned until Friday, April 17.

## BINGO GOLD MINE TRIAL IN WINNIPEG

Winnipeg, April 8.—Sharp rebukes by Magistrate Sir Hugh John Macdonald and accusations and counter-accusations by contending counsel of spreading propaganda to influence public opinion enlivened the hearing of the four charges of making false

statements with intent to defraud against Joseph Myers, manager of the Bingo Gold Mines Ltd. in the city police court here yesterday.

Magistrate Macdonald declared the hearing that he was not going to permit such frequent interruptions by opposing counsel, adding: "This is a court of justice, if an inferior one, and I will see it treated as such."

When L. Chamberlain, assistant superintendent of the Bingo Mine, was called as witness, the defence objected to his evidence as an "expert" mining man, claiming he started work in the Bingo as "mucker."

The witness stated the assay reports were constant up to the time of Coe and Baker's report. As a result of such certain inconsistencies a conference was called by the directors.

During the many interruptions, A. J. Andrews, K.C., crown prosecutor, declared:

"The defence accuses us of spreading propaganda. Yesterday in this courtroom Mr. Bonnar made statements about United States financial interests trying to get control of the mine and there is not a little of evidence on which he can base his charge. He heralded this case as a financial plot and the news was broadcast, and they charge us with spreading propaganda."

R. A. Bonnar, K.C., is the defence counsel.

## SCHOOL DAYS By DWIG

## URGES CHURCHILL AS RAIL TERMINUS

Hon. W. R. Motherwell Tells Commons He Favors Hudson Bay Scheme

Ottawa, April 8.—Hon. W. R. Motherwell, Minister of Agriculture, addressing the House last night, strongly advocated Port Churchill as the terminus of the Hudson Bay Railway. He declared himself a believer in the Hudson Bay road and questioned what "evil spirit" led us to Port Nelson. The Lord Himself had made Port Churchill, exclaimed Mr. Motherwell, but as to dredging Port Nelson harbor, "you would have to wait till the crack of doom to get results." There was no danger in the muskox near Port Churchill.

"You can roll it off like a carpet and let it freeze," he said.

## BEHIND THE TIMES

Dealing with the whole problem of grain handling, Mr. Motherwell said the eastern route as it was to-day

## GRANVILLE SUSPENDED

Toronto, April 8.—Phil Granville of Hamilton, champion walker of Canada, was suspended last night by the Amateur Athletic Union of Canada Ontario branch, for competing in international meets without permit from the union, and for failing to submit a satisfactory account in connection with his many appearances in Canada and the United States in company with Paavo Nurmi, Wilho Ritola, Willie Piant and other noted

requirements. More stores—at Montreal, quicker dispatch at Port Colborne, and the finishing of the Welland Canal would bring cheaper rates and provide most of the benefits of the whole St. Lawrence development project.

"I should think from the Minister's speech on the Hudson Bay Railway that he was going to run for a seat in Northern Saskatchewan," said Mr. Meighen.

"Well, I will say that I have had an offer," said the Minister.

L. J. Ladner, Conservative, South Vancouver, asked:

"Has the Minister convinced the Government that Port Churchill was the best selection?"

"No, I have not tried yet," said Mr. Motherwell.

## FOR Neuralgia

# ASPIRIN

Proved safe by millions and prescribed by physicians for

- Neuralgia Colds
- Headache Pain
- Lumbago Toothache
- Rheumatism Neuritis

**Safe** Accept only "Bayer" package which contains proven directions.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocetone-acetic acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the Bayer Cross.

## PARLIAMENT

Spring comes to capital; but legislators find themselves no nearer the end.

Conservatives launch mass oratorical attack to hold up business, and succeed.

Everyone seems to want to talk on budget, and about everything except budget.

Heavy programme still bulks before politicians, eager to go home.

British shipping inquiry seems likely to prove solemn farce; real investigation here.

All members, including Miss MacPhail, love Mr. Graham; and all eagerly tell him so on his birthday.

By Times Staff Representative

Ottawa, April 8.—Spring has really come to Ottawa at last. But it has brought no gladness to weary politicians.

The grass is getting green on the Parliament Buildings Lawns. The birds are chirping up in the leaves of the old West Block. The sun is shining brightly. But Canada's lawmakers scarcely see these things. They are deeper in the welter of public business than ever. Though on the face of it mathematically impossible, the session now under way seems to get further from a conclusion every day. That is to say, every day something new bobs up to be settled; all the time the agenda before the Commons swells in bulk; the probable date of adjournment is being set back about a week by political prophets daily.

As this is written the Conservatives are effectively holding up the parade with a mass attack on oratory. Dozens of Conservative speakers are being thrown into the breach in the Budget debate. All of them are talking as vigorously and as exhaustively as they know how. The Conservatives do not want an early adjournment, politically, though far as they are personally concerned they are as anxious as anyone to get home. They do not want the Government to go to the country before the country before the budget debate—the last debate when one may talk about anything he likes—is finally wound up.

All sides have taken ample advantage of the freedom afforded by the budget debate. It is no exaggeration to say that the average member seldom thinks it had form even to mention the budget in debating the budget. Everything else under the sun has been dragged into the discussion. The debate has lurches from the Oriental question in British Columbia to the coal strike in Cape Breton with interesting talks on agriculture, lumber and what-not thrown in. Everybody, as a result, is satisfied. Everybody is given ample opportunity to say all he wants to say before Parliament starts the last grim home lap, when a member must confine himself strictly to the subject he is talking about.

### MUCH BUSINESS STILL

Everything has been shoved aside to give the Budget debate right of way. But behind the Budget debate looms a huge mountain of business—the Petersen subsidy contract, freight rate legislation, Home Bank legislation, the rural credits question, the Grain Act, horse-drawn legislation, transferrable vote legislation, investigation by the Public Accounts Committee into the collection of the Excess Profits Tax, action on the Industrial Disputes Investigation Act, ruled out by the Imperial Privy Council, and a mass of estimates. In addition, the annual estimates of the Canadian National Railways.

That is the programme as it stands to-day. It seems to be growing all the time. The Government was making splendid progress through this enormous bulk of business when the Budget debate started and members near the rear of the House suddenly developed a desire to tell the House all about things. But now the further the session goes the further away the mountain of business seems, all the laws of mathematics to the contrary notwithstanding.

### A RATHER USELESS PLAN

The Atlantic shipping investigation which the Imperial Shipping Committee plans to hold in Britain while the Canadian Parliament is handling the matter for itself here is shaping up like a somewhat solemn farce. Instead of a full and sweeping inquiry into the whole question of ocean rate control the British Government proposes to restrict the activities of the Imperial Shipping Committee to an examination of the actual charges against the shippers contained in the report of W. T. R. Preston, special Canadian investigator. As a result, the investigation is not expected here to get anywhere near the real crux of the situation. This development, of course, is a justification of the Government's insistence that the Canadian Parliament investigate the ocean rate question for itself and decide itself how it should act.

The parallel and simultaneous investigations to be carried out in Britain will lack the star witness for the prosecution—a fact which, it is generally believed here, will not be greatly regretted by the British authorities, who are flatly opposed to the Petersen subsidy. Mr. Preston will be too busy with the investigation here to give evidence at the inquiry in the Old Country. The only way that the Imperial Shipping Committee can hold anything that resembles a real investigation will be to postpone action until after the Canadian Parliament has gone into the matter and freed Mr. Preston to testify in Britain.

### TO BE DECIDED HERE

The whole shipping question will not be decided in London. It will be decided here. The Imperial Shipping

Committee can bring in a report if it wishes to do so. It will be an interesting document and will be carefully filed away. But the report of the parliamentary committee which goes into the matter here will be the only document which will affect the decision of the House of Commons.

### THE BELOVED MINISTER

Miss Agnes McPhail having confessed without the faintest blush that she loved George P. Graham, Minister of Railways, it can be said now that he is loved in every corner of the House of Commons. If there ever was any doubt about the supreme popularity of the white-haired and Liberal it was swept aside on Mr. Graham's sixty-sixth birthday recently.

When the Minister walked into the house rather late in the afternoon he found on his desk a superb bouquet of sixty-six roses, one for every year of his eventful life, the gift of members of all parties. No sooner had he appeared in the House burst into thunderous applause. It was several minutes before any sound could be distinguished above the noisy burst of desk-thumping. It was a tribute such as men in public life seldom receive. It came from every member present. And it came from their hearts.

Just after this, to cap the climax as it were, Miss McPhail rose to tell her fellow legislators that she wanted to know that she loved the Minister as much as anyone of any age. No matter what their views might be, she said, all men who had been in the House of Commons for a few years were bound to develop a real affection for the rugged old survivor of the Laurier Cabinet.

Later in the day Mr. Graham received a flattering tribute from the men associated with him in the Government—a silver humidor on which had been engraved the signatures of all the ministers, including that of Hon. W. S. Fielding, Finance Minister, who has been ill for many months. The humidor also was engraved with an inscription prepared by Premier King. On the whole it was a well-chosen gift for Mr. Graham. His one fatal weakness is cigars.

### TWENTY-ONE HURT

Toronto, April 8.—One person was seriously hurt and twenty slightly injured when a Canadian National

Railway train en route to Toronto crashed into the rear of a standing freight train between Scarborough and Danforth stations, on the eastern outskirts of this city, at noon yesterday.

### COMMITTED FOR TRIAL

Winnipeg, April 8.—Joseph Edinger, alleged by provincial police to be the brains of an inter-provincial gang of men who for two years have been defrauding foreigners of large sums of money, was committed for trial in the Winnipeg assize court yesterday by Magistrate Noble in the provincial police court. The specific charge against Edinger is that he forged a cheque for \$500 on the Provincial Savings Bank. Three of Edinger's companions in the alleged frauds have confessed and are now serving jail sentences.

MONKEY SHINES—And that's just what "Chubuto" did, when he arrived in New York as the shining pet of Mrs. Henry M. Blake of Philadelphia. Mrs. Blake obtained her odd pet, who is a rare specimen of South American monkey, on a trip to South America.

### Man Admits He Killed His Child

Schenectady, N.Y., April 8.—Thurlow H. Rogers of Waterbury, Conn.,

is being held under guard in a hospital here as a fugitive, charged with homicide in the death of his two-week-old child. In an alleged confession to police Rogers is said to have admitted he chloroformed the child, placed the body in a suitcase and checked it at the parcel room of a New Haven, Conn., railroad station.

Chief of Police William H. Funnell, to whom the confession was made, said Rogers admitted he had killed the infant because it was sickly and also because he did not wish to be brought up under any other religion but his own.

### ALHAMBRA ENDANGERED

Granada, Spain, April 8.—The Alhambra, the great citadel erected by the Moorish Kings in the Thirteenth Century, is in danger of damage from water seeping into it from the near-by Santa Ana Canal, in which a

fracture has been discovered. The water is washing away the earth beneath the citadel and precautions have been taken to stop the flow before the edifice is greatly damaged.

### Customs Service Benefits Tourists

New Westminster, April 8.—A twenty-four-hour service will be maintained at the Canadian Customs office on Pacific Avenue, according to word received here from Ottawa. The decision of the department ends an extended fight which has been waged by the automobile and tourist bodies to establish a day-and-night service on the Canadian side of the boundary. This has been done at Blaine, on the United States side, for the past year, but has proved of little use without the

same conditions being observed on this side of the border line.

### Empire Trade is Subject of Study

London, April 8 (Canadian Press cable)—The Imperial Economic Committee, composed of representatives of the various Dominions and colonies, reported yesterday that it had devoted the last three of its meetings held under the chairmanship of Sir A. Mackinder to a general survey of Empire trade with three aspects:

First—The relative importance of the various items of foodstuffs in inter-Empire trade, particularly meat and fruits; second—the extent to which the home producers in Britain and Northern Ireland con-

tribute to the total quantity of foodstuffs consumed here and the division of the balance between supplies from foreign countries and from various parts of the Empire overseas, and, third—a very general examination of the present methods of marketing Empire foodstuffs here, with more detailed reference to meat and fruit.

### Folly to Suffer With Piles

Step into any drug store, get a 50-cent box of Pyramid Pile Suppositories and stop the soreness, pain, itching and bleeding. Thousands declare it a wonder, many saved from operations. Entire families rely upon Pyramid and recommend them to their friends.
