F. W. TAYLOR.

ESTABLISHED 1869.

TAYLOR BROS. NURSERYMEN,

OMAHA, NEB.

WHOLESALE TRADE LIST FOR THE SPRING OF 1890.

ANNOUNCEMENT.

We take pleasure in presenting this Semi-Annual Price List at the beginning of the twenty-first year since the establishment of the business.

Our stock is large in all departments, and especially so in APPLE, CHERRY, and PLUM TREES, ORAMENTAL STOCK, GRAPE VINES and APPLE SEEDINGS.

TERMS AND CONDITIONS.

~~~~~

Prices are net cash, boxing added at cost, except on stock specified otherwise in the list.

Orders should be placed as early as possible to procure full assortment.

Route of shipment should be designated, otherwise we will use our best judgment, but at purchaser's risk.

Claims for delay or damage must be made on carriers.

**Errors** are sometimes made by us as well as by yourself and everyone else. We are anxious to correct them, but must have immediate notice.

Remittances may be made in any funds current at par in Omaha, and if made payable to our order will be at our risk.

Terms Cash, unless by special agreement.

All Shipments made from Omaha, except Apple Seedlings and Grafts which go from Creston, Iowa.

| FRUIT TREES.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | Per 10                                                                                                           | Per 100                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | Per M
