Woodcrest Farm

Faribault, Minnesota

1932 GLADIOLUS LIST

Wholesale and Retail

All Orders of \$1.00 or More Postpaid.

READ THIS BEFORE ORDERING

I take great care to have everything true to name and will replace free or refund the money, on any stock untrue to name. If for any reason you are not satisfied with the stock when received, return it and your money will be refunded including transportation charges you have paid. I want only satisfied customers.

TERMS AND DISCOUNT

Cash or 25% down and balance C. O. D. All orders are received subject to prior sale. Discounts do not apply on collections or any other goods than gladiolus bulbs. Half dozens will be sold at the dozen rate, 25 at the 100 rate and 250 at the 1,000 rate. Minimum item of bulbs 10c.

If you want bulbs by the 100 or 1,000 and will pay express charges on arrival, send a list of varieties and quantities wanted and we will quote you a very attractive price.

All prices quoted are postpaid on orders for \$1.00 or more. If order is less than \$1.00 please add 20c to help pay cost of postage, packing and handling. All mail orders for less than \$1.00 are filled at a loss and there is usually no profit on less than \$2.00 orders hence no discount is allowed on less than \$2.00 orders.

On all cash orders you may select extra bulbs as follows: 5% extra on orders from \$2.00 to \$10.00. 10% extra bulbs on all orders over \$10.00.

SPECIAL 10% EXTRA BULBS

If your order is mailed before April 1, 1932, you may select 10% extra bulbs in addition to the 5 per cent or 10 per cent regularly allowed so hurry your order along and get the 10 per cent extra bulbs.

By comparison you will find our prices already very low in keeping with low prices on most other things and our quality is fine also. Everything offered in this list has been state inspected. *No thrips in this locality.*

We own a 50 acre farm on the paved Jefferson Highway (No. 1) 1 $\frac{3}{4}$ miles due north of court house. We grow gladiolus, peonies, iris, delphiniums, lilies, tulips, pansies, and many such perennials as gaillardia, coreopsis, daisies, etc., also many annual flowering plants as well as vegetable plants. We invite you to stop to see us if you ever pass this way. The latch string is always out.

WILBRINK. Early as Halley. Flesh pink lavender, touch of yellow on lower petals.
Fine cutflower. L. 3 for 10c; doz. 35c.

COLLECTIONS

Our collections are hand made, as orders are shipped out from our regular stock. They are not just junk that we want to get rid of. Remember mixed sizes will give you bloom over a longer period than if all bulbs are same size.

ALL SEASON COLLECTION, \$1.00 POSTPAID

A high class mixture of 100 bulbs (20 varieties) in sizes 3, 4, and 5. All will bloom if planted by June 1st.

IDEAL COLLECTION, \$2.00 POSTPAID

A mixture of 100 bulbs, 20 varieties, in sizes 1, 2, and 3. All will bloom if planted by June 20. One half collection, \$1.00.

INSPECTION AND ROTATION

Our stock has been state inspected and pronounced clean. Many large growers are obliged to rent land outside their home places, often having to go many miles to find suitable soil, because it is found on careful trial that glads should not be grown on the same soil oftener than once in 4 or 5 years for best results. We usually grow 2 to 3 acres each year and have 30 acres of upland sandy loam just right to grow them on so will not have to put them back on same soil for many years and can still grow them on our home place under our personal attention.

CUT FLOWERS BY MAIL

We cut in bud and pack for shipment at 75c a dozen, and we ship postpaid at \$1.00 a dozen up to 500 miles. If distance is short we add more flowers to equalize the less parcel post rate. In other words, you always get your money's worth. Peonies and gladiolus ship well and open up finely on arrival when placed in water.

We can supply peonies from very early in June to June 25 or later, and Gladiolus blooms from July 15 to severe frost in late September or early October.

DELPHINIUMS — BELLADONNA AND BELLAMOSUM

BELLADONNA, light blue. The most beautiful blue perennial for most every purpose. Good young plants from seed sown last August that will bloom from July 'til hard frost if set out in late April or May. A few Bellamosum (dark blue) will be found in these. They make a fine showing when mixed for cutflowers. Dozen 25c; 5 doz. \$1.00, postpaid.

HYBRID DELPHINIUMS

We offer thrifty plants from August sown seed of the beautiful Wrexham strain. Various shades from the most delicate blue, through shades of pink to purple and indigo. All will bloom if set out by May 10. Dozen 50c, 3 doz. \$1.00, postpaid.

Will supply 1½ dozen Hybrid and 2½ dozen Belladonna and Bellamosum for \$1.00, postpaid.

CROWN LILIES

A fine species of the Umbellatum. Grows 2 to 3 feet tall with fine large culsters of orange red upright blooms in June. Planted by May 1 will bloom this June and annually thereafter. Perfectly hardy. Soon makes a large clump. May also be planted in fall. Plant 6 to 8 inches deep. Large bulbs, 3 for \$1.00. Medium, 5 for \$1.00, postpaid.

PANSY PLANTS

We grow thousands of pansy plants, and sell most of them locally but offer nice strong plants in bud or bloom at 2 doz. for \$1.00, postpaid.

IRIS ROOTS, 18 FOR \$1.00, POSTPAID

We offer 18 Iris Roots, 3 each of 6 named varieties, correctly labeled (during April) for \$1.00, postpaid.

PEONY ROOTS, 3 NAMED VARIETIES FOR \$1.00, POSTPAID

During April we offer 3 strong Peony Roots with 3 to 5 eyes each as follows: One *Eduilis Superba*, early tall fragrant pink; One *Mme. De Verneville*, early tall fragrant white, and one *Felix Crousee*, midseason fragrant rose red, for only \$1.00, postpaid. Any peony grower will tell you these are splendid cutflower kinds. If interested in peonies and iris, ask for our free price list of about 40 varieties of iris and 90 varieties of peonies.

AMERICAN GLADIOLUS SOCIETY

The American Gladiolus Society publishes a monthly magazine devoted entirely to the growing and care of gladiolus, description of new varieties, etc. The dues are \$2.00 a year which includes the magazine for the year. Better join and keep posted on the new things in the glad world. Send the \$2.00 to Roscoe Huff, Sec'y, Goshen, Indiana.

The Flower Grower, Calcium, N. Y., is the best all around flower magazine in America. Subscription price is \$2.00 per year and well worth it.

REGISTERED JERSEY CATTLE

We have a small herd of pure bred tuberculin and blood tested Jerseys. We never had a reactor. Last year our herd was highest in our Dairy Herd Improvement Association, averaging 383 lbs. butterfat per cow. We often have a cow, heifer or sire for sale. We now have 4 heifer calves for sale. If interested, write or better yet, come to see our herd.

AN INVITATION

We invite anyone any time to stop to see our gardens, whether you wish to buy or not. We grow many things not listed here in the line of perennial and annual flower plants and cutflowers; also many vegetable plants. If you are interested in gardening, you will always find something of interest.

Yours for fine flowers,

C. H. SMITH
