[Amdt. 1]

PART 416—CORN CROP INSURANCE

SUBPART—REGULATIONS FOR THE 1950 AND SUCCEEDING CROP YEARS

The above-identified regulations (14 F. R. 5290) are hereby amended as follows:

1. Section 416.6 is amended to read as follows:

§ 416.6 *Reduction of premium based on good experience.* The insured's annual premium for any year may be reduced 25 percent in the case of either commodity coverage insurance or monetary coverage insurance if he has had seven consecutively insured corn crops (immediately preceding the current crop year) without a loss for which an indemnity was paid. If the insured is not eligible for the above premium reduction, his annual premium for any year may be reduced as follows: (a) Not to exceed 25 percent for commodity coverage insurance if it is determined by the Corporation that his accumulated balance, expressed in dollars, of premiums over indemnities on consecutively insured corn crops (ending with the current crop year) exceeds the cash equivalent of his total coverage (computed on the basis of the coverage applicable to harvested acreage and the fixed price), or (b) not to exceed 25 percent for monetary coverage insurance if it is determined by the Corporation that his accumulated balance, expressed in dollars, of premiums over indemnities on consecutively insured corn crops (ending with the current crop year) exceeds his total coverage (computed on the basis of the coverage applicable to harvested acreage). As used in this section, "consecutively insured crops" means corn crops insured in consecutive years during which insurance was available. Failure to apply for insurance for any year when insurance is offered in the county in which the insured's farm is located shall break the insured's continuity of consecutively insured crops as of such year, even though insurance may not be

provided in the county during such year because of failure to meet the minimum participation requirement; *Provided, however,* That failure to apply for insurance for any year will not break the continuity of consecutively insured crops, if (1) the failure to apply for insurance was due to service in active military or naval service of the United States, or (2) the insured establishes to the satisfaction of the Corporation, that failure to apply for insurance for any crop year was due to the fact that corn was not planted in that year. Nothing in this section shall create in the insured any right to a reduced premium.

2. Section 416.16 is amended by changing section 12 (b) of the Commodity Coverage Policy to read as follows:

(b) The insured's annual premium may be reduced in any year 25 percent if he has had seven consecutively insured corn crops (immediately preceding the current crop year) without a loss for which an indemnity was paid. If the insured is not eligible for the above premium reduction, his annual premium may be reduced in any year not to exceed 25 percent if it is determined by the Corporation that his accumulated balance (expressed in dollars) of premiums over indemnities on consecutively insured corn crops exceeds the cash equivalent of his total coverage (computed on the basis of the coverage applicable to harvested acreage and the fixed price). Nothing in this paragraph shall create in the insured any right to a reduced premium.

3. Section 416.17 is amended by changing section 12 (b) of the Monetary Coverage Policy to read as follows:

(b) The insured's annual premium for any year may be reduced 25 percent if he has had seven consecutively insured corn crops (immediately preceding the current crop year) without a loss for which an indemnity was paid. If the insured is not eligible for the above premium reduction, his annual premium may be reduced in any year not to exceed 25 percent if it is determined by the Corporation that his accumulated balance, expressed in dollars, of premiums over indemnities on consecutively insured corn crops exceeds his total coverage (computed on the basis of the coverage applicable to harvested acreage). Nothing in this paragraph shall create in the insured any right to a reduced premium.

Adopted by the Board of Directors on October 25, 1949.

(c) In Hartford County, Connecticut and Hampshire County, Massachusetts there shall be a reduction in the annual premium for each insurance unit on which the insured acreage is 15.0 acres or more.

This reduction is as follows:

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

Subchapter A—Civil Air Regulations

[Supp. 7, Amdt. 16]

PART 60—AIR TRAFFIC RULES

DANGER AREA ALTERATIONS

Under sections 205 and 601 of the Civil Aeronautics Act of 1938, as amended, and § 60.13 of the Civil Air Regulations, the Administrator of Civil Aeronautics is authorized to designate as a danger area any area within which he has determined that an invisible hazard to aircraft in flight exists, and no person may operate an aircraft within a danger area unless permission for such operation has been issued by appropriate authority. Such areas have been designated and published.

The following danger area alterations have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and should be adopted without delay, in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable

and contrary to the public interest, and therefore is not required.

Acting pursuant to sections 205 and 601 of the Civil Aeronautics Act of 1938, as amended, and § 60.13 of the Civil Air Regulations, and in accordance with sections 3 and 4 of the Administrative Procedure Act, I hereby amend the Code of Federal Regulations, Title 14, Chapter I, Part 60, § 60.13-1, as follows:

1. The Trona, California, area is amended to read:

Subchapter B—Economic Regulations

[Regs., Serial No. ER-152]

PART 233—TRANSPORTATION OF MAIL; FREE TRAVEL FOR POSTAL EMPLOYEES

FREE AND REDUCED RATE TRANSPORTATION

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 28th day of October 1949.

Pursuant to plans of the Post Office Department whereby, effective November 1, 1949, the Divisions of Railway Mail Service and of Air Postal Transport (Air

Mail Service) in the field service of the Department will be merged and the consolidated services designated "Postal Transportation Service," certain changes will be made in the titles of some of the officials listed in Part 233 of the Economic Regulations. The purpose of this revision is to conform the titles appearing in Part 233 of the Economic Regulations with the new designations resulting from this reorganization.

Inasmuch as this revision is merely formal in nature and does not impose any significant additional burden upon the persons affected thereby, and inasmuch as the imminence of the organizational changes to be made by the Post Office Department requires a minimum of delay in adopting the revision, notice and public procedure hereon are impractical and unnecessary, and the Board finds that good cause exists for making this amendment effective on less than 30 days notice.

In consideration of the foregoing, the Board hereby amends Part 233, § 233.1 of the Economic Regulations, effective November 1, 1949, to read as follows:

§ 233.1 *Postal employees to be carried free.* Every air carrier carrying the mails shall carry, on any plane that it operates and without charge therefor, the persons in charge of the mails when on duty, and the following officers, agents, and inspectors of the Post Office Department, when such persons are traveling on official business relating to the transportation of mail by aircraft and are duly accredited as hereinafter provided:

(a) Postmaster General.

(b) The Executive Assistant to the Postmaster General.

(c) The First Assistant Postmaster General; the Third Assistant Postmaster General; the Fourth Assistant Postmaster General; the Second Assistant Postmaster General; his Confidential Assistant; his Under Second Assistant and his four Deputy Second Assistants; the Administrative Officer, Air Mail Service; the Solicitor of the Post Office Department and the Associate Solicitor and any attorney in the Office of the Solicitor who at the time is assigned by the Solicitor to handle matters relating to the transportation of mail by aircraft; the Chief Inspector and the Assistant Chief Inspector.

(d) The Director, Domestic Air Mail Service, the Director of Foreign Air Mail Service and the Director of International Postal Service.

(e) The Assistant General Superintendents and the District Superintendents, Postal Transportation Service, having direct supervision of the Air Mail Service.

(f) The General Superintendent, 13th Division, Postal Transportation Service, located at Seattle, Washington, and the District Superintendent and Assistant District Superintendent, Postal Transportation Service, located at Anchorage, Alaska, when traveling between Seattle, Washington, and Alaska or within Alaska on official business relating to the transportation of mail to, from and within Alaska.

TITLE 24—HOUSING AND HOUSING CREDIT

Chapter III—Public Housing Administration

PART 300—GENERAL PROCEDURAL PROVISIONS

CLAIMS COGNIZABLE UNDER FEDERAL TORT CLAIMS ACT

Section 300.3, *Claims cognizable under the Federal Tort Claims Act*, is hereby amended effective September 5, 1949, to read as follows:

§ 300.3 *Claims cognizable under the Federal Tort Claims Act.* (a) The PHA will give consideration to claims brought under the Federal Tort Claims Act (Title IV, PL 601, (79th Congress) as amended by Public Law 55 (81st Congress)), if such claims meet all of the following conditions:

- (1) They are for \$1000 or less;
- (2) They accrue on and after January 1, 1945;
- (3) They are for personal injury or death, or damage to property;
- (4) They result from the negligent or wrongful act or omission of an employee

of the PHA acting within the scope of his employment;

(5) The PHA, if a private employer, would be liable under the law of the place where the act or omission occurred.

(b) A claim should be filed at the PHA project or field office nearest the place where the damage or injury occurred. Claims may also be filed with the Central Office of the Public Housing Administration, Longfellow Building, Washington 25, D. C.

The claim shall be presented on Standard Form 95, "Claim for Damage or Injury", which will be furnished by the PHA upon request, and shall be accompanied by the substantiating evidence specified on the reverse side of the form. If the claim is not submitted on Standard Form 95 the claimant shall be furnished with copies of the form and required to fill it out and submit it with the required evidence.

(c) A claim may be filed by (1) the person injured or the owner of the property damaged, or (2) his authorized agent, legal representative, or any person who, by reason of family relationship has in fact incurred the expense for which the claim is made. In the latter case, the claim should show the capacity of the person signing and shall be accompanied by evidence of the appointment of such person as agent, executor, administrator, guardian, or other fiduciary. If an attorney representing a claimant claims a fee he should file a statement to that effect.

(d) A claim must be presented, in writing, to the PHA within two years after the claim has accrued or within one year from April 25, 1949, whichever is later. This requirement is satisfied by the claimant's presenting the claim in writing even though Standard Form 95 is not filled out in time. The date of filing of the claim (the date received by the PHA) shall be made a matter of record on the face of the claim.

(e) Upon receipt of a Standard Form 95 in the PHA Central Office, field, or project office an investigation of the claim shall be made by a PHA investigator. A report of the investigation shall be submitted to the PHA counsel for an opinion and a recommendation of award.

(f) The Assistant Commissioner for Field Operations, for claims arising in areas under his jurisdiction (14 F. R. 3454), and the Comptroller for claims arising out of the acts or omissions of Central Office employees, shall review the case and make the final determination. The claimant shall be notified of the determination of his claim as soon as possible.

(g) If the PHA determines that the claimant is entitled to an award, he will be required to complete Standard Form 1145, a copy of which will be furnished him. If the award is less than the amount claimed, the claimant shall also be requested to execute Standard Form 96, "Settlement Agreement." If the award is made to a subrogee of the person who actually sustained the damage or injury, such subrogee shall be required to sign a release from all further claim against the PHA.

(h) If a claimant has been represented by an attorney who claims a fee, the fee may be paid out of the award. If the

award is \$500 or more the fee allowed shall not exceed 10% of the award.

(i) The claimant shall be paid after he has properly executed and returned the necessary forms.

(j) There shall be no administrative appeal by the claimant from the determination of the Assistant Commissioner for Field Operations or the Comptroller set forth in paragraph (f) of this section.

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service,
Department of the InteriorSubchapter C—Management of Wildlife

PART 31—PACIFIC REGION

SUBPART—DESERT GAME RANGE, NEVADA

HUNTING

Basis and purpose. On the basis of observations and reports of field representatives of the Fish and Wildlife Service and of the Nevada Fish and Game Commission, it has been determined that habitat conditions and the deer population vary sufficiently from year to year to require greater flexibility in managing the herd and in regulating hunting

on the Range. It has therefore been determined, mutually, that wildlife management interests will best be served by eliminating mention of the specific areas of the Range which will be opened or closed to hunting and that this aspect of management can best be handled each year by designating the opened and closed areas by posting the respective lands. Since the following regulation will permit greater flexibility in the management of deer on the Desert Game Range and will enable hunters to more readily understand and identify the area on which public hunting of deer will be permitted each year, it is considered to be a relaxation and hence the notice and public rule-making procedure required by the Administrative Procedure Act (60 Stat. 237, 5 U. S. C. 1001 et seq.) are

hereby found to be impracticable and the effective date requirement of the Administrative Procedure Act does not apply.

Effective on the date of publication of this document in the FEDERAL REGISTER, § 31.112 is revised to read as follows:

§ 31.112 *Area open to hunting.* The part or parts of the Desert Game Range that are open to the hunting of deer each year shall be designated by suitable posting by the officer in charge of the Range.

Take notice that Northern Natural Gas Company (Applicant), a Delaware corporation, address, Aquila Court Building, Omaha, Nebraska, filed with the Federal Power Commission on October 19, 1949 an amendment to its application filed March 23, 1949, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of certain transmission pipe-line facilities hereinafter described.

Applicant, in its original application, sought authorization to increase its authorized sales capacity north of Kansas from 470,000 Mcf per day to 530,000 Mcf per day by installing approximately 327 miles of 20-inch and 24-inch pipeline looping and compressor units totalling 16,000 h. p. in existing compressor stations together with a dehydration plant.

Applicant, by its amendment to its application, proposes to increase its authorized sales capacity north of Kansas from 470,000 Mcf per day to 600,000 Mcf per day by the construction of an additional 270 miles of pipeline, making a total of 597 miles of looping and lateral line to be constructed; the installation of an additional 19,200 h. p. of compressor capacity making a total of 35,200 h. p. to be installed in existing and new compressor stations; and the substitution of 26-inch pipe for the originally proposed 24-inch pipe.

Applicant proposes to complete construction of such facilities for the 1950-1951 heating season and states that such increase in capacity is to supply the increasing requirements of residential, commercial and industrial loads of the gas utilities served by Applicant.

The estimated cost of the proposed facilities is \$40,840,000. The proposed financing includes the sale of debentures, the issuance of additional common stock and the obtaining of bank loans.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) within 15 days from the date of publication hereof in the FEDERAL REGISTER. The application is on file with the Commission for public inspection.
