Notes:

1. The figures (%) give the average amount of manufactured goods sold during the time from 1st half of 1943 to 2nd half of 1944.
2. For Kushikino and Sanru Mines, the figures (%) were calculated by the amount sold during 1st half of 1943, because Kushikino Mine was closed after that term and Sanru Mine was sold to the other company.
3. Osawa Metal Mine and Chio Coal Mine have not yet begun selling their Products.
4. For Local Branches and Negro Laboratory, we have no figures (%) because these are not engaged in business.
5. As in the figures for Karafuto Coal Mine is included those for Kawakami, Nai Kawa, Nishisakutan and Chio Coal Mines, we can not give the figures for only Karafuto.
6. For Miike Dyestuffs Works, the figures (25.7%) were calculated by the amount sold during 2nd half year of 1940 because it was sold to the other company in 1941.

7. Underlined Mines, Smelters and Works are Main Branches whose % of Business are more than 10%.
