

SIGNS CONTRACT IN SEWAGE PLAN

CITY OF GLENDALE ENTERS INTO NEW AGREEMENT IN REGARD TO PROCEDURE

DETAILS ARE TOLD

PEOPLE TO HAVE CHANCE TO EXPRESS THEIR VIEWS ON ENTIRE PROPOSITION

The contract entered into between the city of Glendale and Olmsted & Gillean, sanitary engineers, by which the latter are to submit plans for a sewage disposal system for Glendale, is published in full in this issue of The Evening News.

The contract was authorized by the board of city trustees. It rescinds the contract made some time ago and over which some differences existed, according to city officials.

One of the provisions of the contract is that the firm shall submit plans for the sewage disposal system, that a committee of twelve citizens—already appointed and announced in The Evening News—shall, within one year, examine and report on the plans and that, if the report is favorable, the trustees shall call a mass meeting to submit the plans for rejection or approval. If the mass meeting favors the project, then the trustees must call a bond election to vote on the proposed system.

If the bonds carry, the engineering firm is to be retained to superintend the work for the sum of 6 per cent of all money expended on the construction.

Contract Is Given in Full

The contract entered into between the city and the engineering firm is as follows:

"This agreement, made the 29th day of January, 1921, between Olmsted & Gillean, a co-partnership consisting of F. H. Olmsted and Frank Gillean, the first parties, and the city of Glendale, the second party,

"Witnesseth: That,

"Whereas, The said first parties did on the 11th day of August, 1919, address a written proposition to the board of trustees of the city of Glendale, offering to furnish certain engineering services in connection with the sewerage system and the general plan for sewerage of the city of Glendale, and said proposition was accepted by said board of trustees on the 14th day of August, 1919, by resolution duly entered in its minutes and thereupon said first parties prepared and furnished to the said second party a report upon plans for a system of sewage disposal for the city of Glendale as contemplated by said proposition, and have been paid therefor the sum of five hundred (\$500.00) dollars as therein specified; and,

"Whereas, Said report so furnished by the first parties referred to and discussed several possible plans for disposing of the sewage of the city of Glendale, but recommended the adoption of one certain plan,

195 FAMILIES MOVE

NUMBER GO FROM ONE PLACE TO ANOTHER IN CITY; FEW DEPART FROM GLENDALE

During the month of January 195 families moved in Glendale, either from one location to another, into the city from other places or out of the city. Most of the moves were from house to house within the city, quite a number of families moving into new houses, just completed.

Many families moved into the city and more would have done so could they have found houses. Very few moved out of the city and most of those did so because leases had expired and they were unable to secure other locations.

SPACE IS LEASED

W. H. BAKER OPENS PLACE TO RENT CARS; PROPOSES TO BRING FAMILY HERE

W. H. Baker of Los Angeles has leased space at the corner of Broadway and Maryland avenue, 201-203 East Broadway, and has put in a line of Ford cars, touring, coupes and sedans, which he will rent without drivers.

Mr. Baker intends to move his family to this city as soon as he is able to find a suitable place of residence.

PRICES ON FOOD BEING REDUCED

EGGS AT WHOLESALE DROP TO 40 CENTS AND WILL FALL EVEN LOWER

LIVING COST IS LESS

READJUSTMENT IS BEING MADE CAREFULLY AND BUSINESS IS PROGRESSING NICELY

The wholesale price of fresh eggs, selects, is given today as 40 cents a dozen and they will undoubtedly go several cents lower before the season of greatest production is over.

Five years ago, in March, eggs were advertised at retail in The Evening News at 30 cents. So it can be seen that prices are fast approaching pre-war level.

Head rice at four pounds for 25 cents, as advertised by grocers, is almost at the bottom.

Flour, potatoes and sugar are most reasonable in price, those qualified to judge so state.

The amazing thing about the big price drop in food articles as well as many other commodities, say students of economics, is that it came so quickly and has been attended by so few failures.

Soon on Sound Business

It required ten years, they say, for adjustment after the Civil war and now it is progressing very favorably in less than three years.

Predictions are freely made that April or May will see our manufactures fairly normal again and business in general on a sound basis.

Charles A. Brownell, until recently chief of the publicity department of the Ford Motor company of Detroit, now a resident of Glendale, declares that, as a result of information he has gained through eastern connections, he makes the prediction conditions in this country will soon be normal and that great prosperity will be enjoyed by the United States for years to come.

CASES IN COURT

REPORT ON JANUARY WORK IS MADE BY JUDGE F. H. LOWE, RECORDER FOR CITY

Judge F. H. Lowe, city recorder, has completed his report for the month of January and it shows that more than 100 fewer cases were heard than in the previous month, with \$153 less in fines. As the month of December was a record breaker and the report shows that, for the month of January, there were 201 cases, it follows that Judge Lowe was kept exceedingly busy. The report:

| | |
|----------------------------------|--------|
| Burglary | 3 |
| Exceeding speed limit | 44 |
| Reckless driving | 2 |
| Improper lenses | 51 |
| No rear light | 21 |
| Inebriacy | 1 |
| Open muffler | 10 |
| Sanitary ordinance | 14 |
| Turning between intersections | 15 |
| Cutting corners | 15 |
| No operator's license | 1 |
| No chauffeur's license | 1 |
| Spotlight not adjusted | 3 |
| Car standing with engine running | 3 |
| Obstructing fire hydrant | 7 |
| Driving on wrong side | 1 |
| Improper lights | 13 |
| Forgery | 1 |
| Disturbing peace | 3 |
| Parking in safety zone | 3 |
| Drunk | 3 |
| Total cases | 201 |
| Total fines | \$1000 |

HOMES ARE READY

NUMBER OF NEW RESIDENCES SOON TO BE OCCUPIED, SO CITY ORDERS INDICATE

The following new residences are about completed and ready for occupancy, as indicated by orders for electric light meters filed with the Public Service department:

J. R. Thompson, 225 Milford; F. A. Sweet, 520 North Isabel; G. Rosenberg, 1426 South Glendale avenue; Mrs. J. Linkogel, 460 West Elk avenue; N. A. Frazier, 1428 South Glendale avenue; Joseph Morrow, 528 Burchett; J. A. Brock, Hermosa Drive; E. T. Linden, 333 Chester; Mrs. F. T. Salter (house built by H. J. Horn), 107 East Chestnut; M. M. Young, 412 Milford.

(Continued on Page 3)

WORD FROM FRANCE

MRS. OLIVER G. THOMPSON OF 719 E. COLORADO STREET GETS COMMUNICATION

Ms. Oliver G. Thompson of 719 East Colorado recently received a letter from a cousin living in Mulhausen, Alsace, France. She said that business was not very lively there, but that there is no suffering for the necessities of life, as is the case in Vienna where her brother had recently been on a business trip. He said there was much misery there among all classes. The parents of the sister and brother were living in Alsace when the Germans took that province and the Germans from France in 1871, after the Franco-Prussian war. The men of the family escaped into Switzerland to keep from serving in the German army.

BIRTHDAY PARTY

DR. AND MRS. C. D. LUSBY OF 125 N. LOUISE HOSTS IN BEHALF SON, DONALD

Dr. and Mrs. C. R. Lusby of 125 North Louise street entertained with a birthday party Saturday night in honor of their son, Donald's, fourth birthday.

The birthday cake was of solid ice cream, decorated in pink, with his name on top and four pink candles.

The guests were Mr. and Mrs. H. A. Wilson and son Verne of Pasadena, Dr. and Mrs. R. W. Lusby of San Fernando, and Mr. and Mrs. C. D. Lusby and daughter, Margaret.

PURCHASES CHAMPION TURKEY ESCALON, Calif., Feb. 2.—What is said to be the champion turkey of the United States is now in the possession of C. E. Stouffer of the Wash Wigly ranch near this city. The turkey weighs fifty-three pounds, for which the owner paid \$1,007 or approximately \$19 per pound.

The bird was purchased during the New York Poultry show. It won the United States championship at the New York show. It weighs about five times as much as the ordinary turkey and is only three years old.

The big turkey is the lineal descendant of the bird that took first prize at the St. Louis world's fair.

C. OF C. SIGNS 164 FIRST DAY

GOOD RECORD IS MADE UPON OPENING OF DRIVE FOR NEW ORGANIZATION

GOLD DIVISION WINS

GETS HIGHEST TOTAL, WHILE TEAM HONORS ARE TAKEN BY V. M. HOLLISTER

A total of 164 active memberships, \$25 each, was secured yesterday, the opening day, in the Chamber of Commerce drive, it was announced at noon at the workers' luncheon held in the First Methodist church banquet room, with nearly 100 persons attending.

In addition, thirty-six reserve members were signed up. J. O. Stevenson, in charge of the campaign, announced that this was a very creditable showing.

The Gold division, led by R. D. White and Owen Emery, won the first day's battle with the Blue division, led by C. D. Lusby and David Gregg, the latter division being ten memberships behind. The Women's organization secured six active memberships.

The team led by V. M. Hollister took the honor of securing the most active memberships, having secured twenty-five.

Standing for First Day

The standing of the divisions and the teams for the first day follows:

| Blue Division | |

LOCATE IN CITY

WALTER M. BROWN COMES TO POSTOFFICE HERE; BUYS HOME; OTHER SALES

Walter M. Brown of the Los Angeles postoffice is being transferred to Glendale and has recently purchased a home on West Elk avenue through the firm of Kelley & Van Arsdol.

Another resident in the person of J. C. Darby has also purchased a home through the same firm and will be located on Valley View Road, North Glendale.

Educational circles will be interested to know that Mrs. Carleita Newcomer, and daughter, who is connected with the Los Angeles public schools, purchased a beautiful home at 208 West Lomita avenue last week through the same firm.

Messrs. Kelly and Van Arsdol are realizing that there are other people besides eastern tourists who have their eyes on Glendale by the large number of inquiries from people who have resided in Los Angeles for years past.

The progressive spirit of Glendale citizens, combined with other livable conditions, is advertising this city far and wide, they say.

WEATHER FORECAST

LOS ANGELES, Feb. 2.—The official weather forecast: Tonight fair. Thursday cloudy and unsettled.

KIDNAPERS GET FROM TEN YEARS TO LIFE

(Special Service to Glendale Evening News)

LOS ANGELES, Feb. 2.—Calmly, with arms folded, Floyd Carr and his cousin, Arthur W. Carr, confessed kidnapers of Mrs. Gladys Witherell, faced Judge Walton Wood in the Superior court today and were sentenced to terms of from ten years to life imprisonment in San Quentin penitentiary.

Meanwhile, Mrs. Witherell, in a state of collapse in her Hollywood home, raved in delirium, living over again the frightful days and nights she spent while held captive in a desolate Santa Ana canyon shack.

The faces of the abductors betrayed no hint of emotion as the court spoke the words "sentenced to spend from ten years to life in custody of the warden at San Quentin prison." It was the maximum penalty for the crime.

O. S. Witherell, investment broker and husband of Mrs. Witherell, was in court and gave a graphic description of the abduction; \$20,000 ransom had been demanded of him.

Both defendants were coatless and wore sweaters. They said they had at no time intended to harm Mrs. Witherell and that, even though the ransom money was not paid, they planned to return her to her home Monday night.

PICKFORD DIVORCE SOON UP TO JUDGE

(Special Service to Glendale Evening News)

CARSON CITY, Nev., Feb. 2.—Within a few days the question of whether Mary Pickford and Owen Moore will be forced to prove they obtained their now famous divorce in good faith will be up to a Nevada judge for decision.

Attorney General Fowler of Nevada announced today that he had practically completed his brief covering the question of jurisdiction and of his right to bring suit to annul the divorce.

FAVORS NINETY MILLIONS FOR WARSHIPS

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 2.—Appropriations of \$90,000,000 to continue the building of naval dreadnaughts and other armament during the next fiscal year were recommended in the naval appropriation bill reported to the house today. The total carried by the bill is \$395,504,444. Compared with appropriations for the current year, it is a decrease of more than \$37,000,000 and is more than \$284,000,000 less than was requested by naval officials.

BRITISH AND BOLSHEVIK TROOPS IN BATTLE

(Special Service to Glendale Evening News)

TEHERAN, Feb. 2.—British soldiers and Bolsheviki met in battle Sunday, according to military advices here today. British outposts on the northwestern frontier of Persia were attacked by Bolsheviki advance guards. The British vigorously counter-attacked them, killing twelve and capturing twenty-seven. There were no British casualties.

MRS. PEETE'S DEFENSE BEING PRESENTED

(Special Service to Glendale Evening News)

LOS ANGELES, Feb. 2.—The prosecution's case against Mrs. L. Louise Peete, charged with the murder of Jacob C. Denton was completed at 10:55 o'clock this morning. Public Defender Aggeler at once began his fight to free the defendant. He will challenge the state's case as "unproved and incredible, establishing nothing beyond a reasonable doubt."

SAYS CIVILIZATION MAY DESTROY ITSELF

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 2.—Unless progress can be made toward ending world wars, we have reached a point where civilization may destroy itself, General Pershing told the house naval affairs committee today. Pershing added, however, "until an agreement is reached among all the great powers, the United States must continue her naval and army program."

WANT WILSON TO EXPLAIN EXPENDITURES

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 2.—The house appropriations committee today reported the resolution of Representative Gould of New York calling upon President Wilson for a complete detailed statement of the expenditure of the two national defense funds of \$100,000,000 and \$50,000,000 allowed him during the war.

SUBMARINE RAMMED; CREW REPORTED SAFE

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 2.—The submarine L-1 was rammed today by the pilot ship "Philadelphia" off Overalls Lightship, Secretary Daniels was advised by the naval commandant at Philadelphia. The crew of the submarine is safe, the dispatch said, but heavy damage was done the vessel.

LOCAL BUILDING RECORD IS GOOD

TOTAL OF \$143,783 IN MONTH OF JANUARY, APPLICATIONS FOR PERMITS DISPLAY

54 NEW RESIDENCES

SOME FIGURES FOR PREVIOUS YEARS ARE GIVEN; COMPLETE LIST FOR PAST MONTH

Glendale's building is holding up surprisingly the past month.

While that of Los Angeles was less than half in January that it was in December, 1920, Glendale's January record almost equaled that of the previous month, going far ahead of all expectations, with a total of \$143,783.

Included in the ninety-three permits were fifty-four for new residences and several for additions and remodeling.

In this connection it is interesting to note that the permits for January, 1916, totaled \$14,550 and for the entire year of 1915 but \$236,287. October had the best showing that year with \$43,430, August next with \$33,324 and December was lowest with \$7,610.

Glendale was tenth in southern California cities that year in value of permits issued, those ahead of her being Los Angeles, San Diego, Pasadena, Santa Barbara, Long Beach, South Pasadena, San Bernardino, Santa Ana and Riverside.

List of January Permits

The complete list of permits for the month of January, as compiled by The Evening News from the official records, follows:

| | |
|--|-----------|
| Romington Co., remodeling building at 104-106-108 N. Brand Blvd. | \$ 25,000 |
| E. C. Boynton, 5 rooms, 1802 Canada Blvd. | 5,000 |
| F. C. Hodson, 8 room duplex bungalow, 334 W. Eulalia | 4,500 |
| Thos. J. Lawrence, 6 rooms and garage, 1122 Campbell | 4,000 |
| J. F. Stanford, 5 rooms, 412 Milford | 4,000 |

(Continued on Page 5)

STARTS OUT GOOD

TOTAL OF \$15,900 SO FAR IN BUILDING PERMITS IN MONTH OF FEBRUARY

February starts out well in building, and with other residences apartment houses and business houses in sight, promises to be a busy month. Permits issued so far total \$15,900 and are as follows:

| | |
|--|----------|
| Berthan Van Tassel, 8-room double house, 112 N. Cedar | \$ 3,500 |
| A. A. Livingston, 4 rooms and garage, 530 N. Glendale Ave. | 3,000 |
| E. H. Peterson, 5 rooms and garage, 1410 E. California Ave. | 3,000 |
| D. W. Sibeck, 4 rooms and garage, 700 Howard | 2,500 |
| Sylvester Brucker, 4 rooms, 506 S. Belmont | 2,000 |
| M. S. Williams, 2 rooms, 1100 E. Windsor Road | 600 |
| J. H. Heinmiller, Jr., 3 rooms, 124 S. Sycamore Canyon Blvd. | 500 |
| W. S. Kirk, brooder house, 1129 E. Colorado | 250 |
| A. H. Montgomery, garage, 415 S. Central Ave. | 250 |
| H. H. Boring, garage, 209 E. Palmer Ave. | 100 |
| A. A. Hulbert, garage, 226 N. Cedar | 100 |
| K. C. Sippel, addition to residence at 1395 E. Broadway | 100 |

BREAKS HIS ARM

NORMAN KORB OF 1242 EAST HARVARD, FALLS WHILE PLAYING AT SCHOOL

Norman Korb, 1242 East Harvard street, son of Mr. and Mrs. Harry Korb, had the misfortune to break one of his arms while playing in the gymnasium of the Glendale union high school yesterday.

According to statements made, young Korb attempted to jump from the spring board to catch the bars, missed his hold, fell, and was injured. He was given immediate attention.

Young Korb is a member of The Evening News' force of carrier boys and sympathy is extended to him.

CAVELL FILM IS NOT SHOWN

As a result of the protest of the German minister to Cuba the motion picture film portraying the execution of Edith Cavell was not shown in Havana as planned.

PERSONALS

Mr. and Mrs. S. C. Leppelman of 357 Milford street spent Sunday in San Diego.

Mrs. Elizabeth Day has moved from 221½ East Maple street to 304 North Kenwood street.

Miss Jacoba Barnes of 457 West Doran street entertaining friends from San Diego over the week-end.

Mr. and Mrs. Fred Wilkinson of 227 North Central avenue spent Sunday with Mr. and Mrs. Wharton at Puente.

Mr. and Mrs. A. P. McBoyle and family of 369 Milford street enjoyed a very pleasant visit to San Diego last week.

Mrs. James Garrett and Mrs. Felts of Venice were the Monday guests of Mrs. O. C. Loomis of 441 Palm Drive.

Mr. and Mrs. H. A. Wilson, formerly of North Louise street, Glendale, are now located at Peoria and Fair Oaks avenue, Pasadena.

Mr. and Mrs. M. S. Kuehny and family of 368 West Doran street spent Sunday visiting Mrs. Kuehny's mother, Mrs. Marion Skidmore, at Upland.

Attorney James F. McBryde and wife, 108 East California avenue, spent the week-end with Mrs. McBryde's mother, Mrs. S. J. Mosher, at Pomona.

Mrs. D. B. Edwards of 501 East Acacia avenue had as her guests for the day her mother and sister, Mrs. C. E. Wiley and Miss Genevieve Wiley of Pasadena.

Mr. and Mrs. Thomas F. Peirce of 317 West Vine street have returned from their trip to Del Monte and San Francisco, where Mr. Peirce was called on business.

Miss Genevieve Foland, 106 South Cedar street, who recently came to Glendale from Mountain View, California, has accepted a position at Dr. Henry H. Harrower's laboratory.

F. W. Harper, of the realty firm of Harper & Craig, accompanied by Mrs. Harper and young daughter Hope, motored to Covina and Baldwin Park on business yesterday.

Mr. and Mrs. L. N. Hagood of 216 North Orange street had as their Sunday dinner guests Mrs. Beulah Barnes and Robert Alter of Los Angeles. Mr. Alter is cellist with the Saslavsky trio of Los Angeles.

Mrs. W. H. Lyons and sister, Mrs. N. E. Smith of Richmond, Ohio, who are spending the winter in California, are the guests this week of Mr. and Mrs. P. E. Cory of 829 South Central avenue.

Dr. and Mrs. Colin C. Cable of 505 South Columbus avenue had as their Sunday dinner guests Dr. and Mrs. Thomas Buley and Mrs. Laura Stevenson Spang of Mt. Washington, and Mr. and Mrs. Charles M. Turk and grand-daughter Margot of Glendale.

Mr. and Mrs. David L. Gregg of 240 North Central avenue are entertaining Mrs. Gregg's cousins, Mr. and Mrs. George D. Keyser and Mr. and Mrs. Malcolm Keyser of Salt Lake City, who have been touring southern California. They arrived in Glendale Monday.

E. L. Palmer of Pittsburg, Kansas, arrived in Glendale yesterday to spend a few weeks visiting his brother-in-law, E. T. Allen, of 364 Hawthorne street. Mrs. Palmer and Mrs. Allen are sisters. Mr. Palmer is engaged in the poultry, egg and butter business in his home city. This is his first visit to California.

From Oak Park, Ill., the former home of the late venerable Samuel Parker comes a tribute to his memory. Alexander H. Schultz writes that he knew Mr. Parker well as a member of Centenary Methodist Episcopal church and that "he was a great disciple of Jesus Christ, with a ready smile for all he met, a grand old man, indeed."

Mr. and Mrs. John Hyde Braly of 505 North Brand boulevard entertained the following guests at dinner Sunday evening: Captain and Mrs. R. B. Hadden of Los Angeles, Mr. West and Mrs. Braly's sister, Mrs. C. W. Wells, who has been spending a few days at Long Beach. Captain Hadden is an advisory engineer connected with the civil engineering department of Los Angeles. He is a very proficient violinist and played several selections on his violin, which was made in 1635. Mr. West is secretary of the Men's City club of Los Angeles, which has a membership of over 2500.

GRAZING NUMBER IS INCREASED

REDDING, Cal., Feb. 2—More than 3000 sheep and 600 hogs more than last season will be authorized to graze in the Shasta national forests this season, according to a recent announcement of the secretary of agriculture. The total number of stock to be grazed is expected to pass the 11,000 mark for cattle and horses, with 40,000 sheep and goats and 800 swine. The ranges this year are expected to be the best in four years, due to the heavy snow on the high places and the abundance of rainfall throughout the state, according to Forest Supervisor J. R. Hall of Sisson.

Lake county is the first county in Ohio to elect a woman as probate judge.

TENTH BIRTHDAY

CORNWELL & KELTY IS ONLY FIRM IN SAME LOCATION AND SAME PERSONNEL

The firm of Cornwell & Kelt celebrated its tenth birthday yesterday, February 1, and they claim the unique distinction of being the only business firm in Glendale that has been in the same location and with no change of personnel for that length of time.

Albert Cornwell had been clerking for the Allen Hardware store, then located about 120 North Brand as it now is, and Dan Kelt, Jr., was with a Los Angeles hardware firm. They started in a modest way on February 1, 1911, and have grown steadily from the start. Not only has their business increased, greatly, but each has acquired a wife; Albert has one child, a boy, and Dan a boy and a girl. Asked if they celebrated the anniversary in any way yesterday, Albert Cornwell said only by waiting on an unusually large number of customers.

WAGE SCALE TO BE FIXED

WOODLAND, Cal., Feb. 2—The wage scale for the 1921 grain harvest will be settled soon by meetings to be called by various centers in the grain districts, it is announced here. A complete adjustment of wages will be brought about to conform with the new economic readjustment, growers say.

The price for picking hops, the largest of which in the valley region are in Yilo county has been fixed at \$25 per one thousand hills. Wages in the orchards and in the field crops will be much lower this season, farmers of the district declare.

UNIVERSITY REGISTRATIONS

BERKELEY, Cal., Feb. 2—There are now registered in all branches of the University of California 13,954 graduate and undergraduate students, of whom 9,967 students are enrolled in the colleges of the University at Berkeley. Fifty-five and one-half per cent of the students are men. Graduate students number 1,097 and undergraduates 9,008.

LECTURE AT BUICK AGENCY

The fifth in the series of popular lectures given by Alvin E. Sanders in the Buick agency salesrooms, 237 South Brand boulevard, is set for tonight and a large attendance is looked for as those attending the previous talks have been highly pleased. No matter what the make of car owned, much valuable information can be acquired from Mr. Sanders' plain, clear-cut explanations. The lectures are absolutely free.

LIBRARY TO UNIVERSITY

BERKELEY, Cal., Feb. 2—The private library of the late Henry Morse Stephens, world historian, amounting to approximately 12,250 volumes, has been given to the University of California library.
By the terms of the will of Professor Stephens the books are to be incorporated into the general library collection, "in such a manner as to be most widely useful, and are not to be maintained as a separate entity.
The collection, containing the results of years of personal study and research of Professor Stephens will be one of the most valuable additions to the university library yet received, declared H. L. Leuo, the university librarian. The most remarkable parts of the collection will be the Kipling and Oma Khayyam works on which Professor Stephens was considered an authority. The most valuable of the collection is said to be the series of volumes relating to the British in India, contained in the Kipling group.

SAYS WATER IS VERY PURE

OAKLAND, Cal., Feb. 2—Oakland and other east bay cities use the purest waters in the United States, according to Dr. Kirby Smith, Oakland City Health officer.
In a recent test made of the water used by these cities by Dr. Smith, it was found that there are only thirty-seven bacteria per cubic centimeter contained in the water, while the percentage of bacteria found in the waters of other cities throughout the country ranged as high as 200.
Dr. Smith declared that close supervision of the water-sheds in the vicinity of the water supply had brought about this condition.

BOND ELECTION FOR \$2,000,000

FRESNO, Cal., Feb. 2—The voters of the Fresno Irrigation district will go to the ballot February 8 to determine whether they will bond the district for \$2,000,000 for the purchase of the Fresno Irrigation district system. The movement to obtain ownership of the present canal system and water rights is the first step towards organization of all districts under the proposed Pine Flat project. The system at present irrigates 242,000 acres.

NO REASON TO CANCEL DATES

COLUMBUS, O.—Assertions that the United States is not setting "a particularly worthy example in its program of a greater armament" were made here by Herbert Hoover. The former food administrator declared he "sees no reason why the United States should cancel the war debts of the allied nations when they are spending more for armament than it would take to pay the principal and interest on their debts."

ANNUAL OUTPUT OF BARRELS

BERKELEY, Cal., Feb. 2—California furnishes 105,000,000 barrels of the United States annual output of 450,000,000 barrels, a little less than one-fourth, declared Clifford P. Bowie, engineer for the Bureau of Mines petroleum station, in San Francisco, in addressing the delegates to the convention of the Mining association of the Pacific coast which were recently in session at the University of California.

To Make Glendale a Music Centre
We should support by our presence every musical event that comes to this community. Our first opportunity will be tomorrow

NOTE—Students of the Rector Institute of Music Study will be present as guests of the institution, this being part of their course in musical appreciation

What the Doctor Says
Washing at home, steaming over a hot tub, shivering while hanging clothes on the line, is at the bottom of many severe colds, your family doctor will tell you.
Even if it is not positively dangerous, washing in winter time is very unpleasant as well as a drain on your vitality. You'll find it much easier, pleasanter and fully as economical to bundle up the family washing and send it to us.
We will wash, dry and iron everything carefully and return your bundle promptly and you'll wonder why you haven't tried this modern wash-way before.
Phone today for one of our drivers and we'll make you forget your washday worries.

URGED TO BUILD

PRICES ARE REDUCED, LABOR IS AVAILABLE AND MANY MORE HOMES NEEDED

"Build now" is an admonition frequently heard now. Prices of lumber and other material are considerably reduced.

With more than a million homes urgently needed in the United States, it would seem there is no danger of overbuilding for years to come.

It is stated that all the big lumber mills have been closed down for some time and will not start up again until stocks now on hand are depleted.

When the spring rush begins, workmen will be in such demand that wages will surely advance, is the claim.

ALL DAY PICNIC

WISCONSIN FOLK ARE ASKED TO ANNUAL OUTING TO BE HELD ON FEBRUARY 12

All who ever lived in Wisconsin are invited to meet for the great annual picnic reunion, all day, Saturday, February 12.

There will be a brief program, opening about 2 o'clock, but the main purpose will be to have a good time. Coffee will be served free to all who buy the silk souvenir badges.

CHEAPER LUMBER DEMANDED WASHINGTON—"The public is more concerned with and more vitally affected by the legislation proposed in the Snell Forestry bill than timber owners, foresters or dealers in lumber, pulpwood, paper or other products of the forest."

"Newspapers and magazine publishers and manufacturers are supporting this legislation which proposes a million dollars a year for cooperating with the states for fire protection, ten million a year for taking over additional forest lands and other details of a forestry program."

"The builders are vitally concerned about future lumber supplies and their effect on the very serious housing situation, but the public is far more concerned—particularly that part of it which would like to build a home, for the public pays the cost entailed by decreased supplies."

"Many of our greatest lumber producing states have gone dry as to forests and that means long hauls of lumber costing millions in freight rates every year. The lumber dealers are urging this legislation because they are affected, but the public is hit a staggering blow."

"Idle land in this country must be put to work growing timber and that at once, for a crisis nears and when that crisis comes it will be the public as usual that pays the bill."

WARNS ABOUT CUTTING TIMBER SAN FRANCISCO—The nation is cutting its timber four times as fast as it is growing, C. L. Hill of the United States Forest service, told the delegates to the convention of the National Association of Tie Producers.

"We cannot stop using lumber, nor should we," Hill said, "but the crime of our generation is that after taking the timber, the lands are left in such condition they will produce no more timber."

Hill said Washington was the greatest lumber-producing state and its principal cut was of Douglas fir. Paul G. Redington, district forester, reviewed present and proposed legislation in congress for conservation and reforestation.

EAGLES CAUGHT IN TRAPS SHERIDAN, Wyo. — Catching golden eagles, the monarchs of the air, in coyote traps is the unusual experience of J. L. Taylor.

Taylor set the traps recently near the Moore ranch and was surprised when he visited them the following day to find two birds held fast by their toes in the traps. One bird measured 7 feet 6 inches from wing tip to wing tip, the other measured 7 feet even.

Reduction in ocean freight rates between Puget Sound ports and ports of the United Kingdom have been put into effect on three Pacific lines. The rates affect canned salmon, canned milk, fallow, fish, oils and lumber.

ANNUAL REUNIONS

RESIDENTS OF SOUTH FROM THREE STATES TO HEAR EX-GOVERNOR LOWDEN

Three of the states of the union will enjoy the presence of the former governor of Illinois, Frank Lowden, at their annual picnic reunions this month.

First will be the annual picnic reunion for all Illinoisans at Long Beach, Saturday, February 12, in Bixby park. There some 20,000 Suckers will welcome their former governor and he will speak to them.

Ex-Governor Lowden is a native of Minnesota, raised in Iowa and then joined the Suckers to make his reputation as a governor.

BOTTLES OLIVES CONFISCATED FRESNO—Twelve hundred bottles of olives have been confiscated by the Department of Weights and Measures because of shortage in the net contents as given by the attached labels, it is announced by F. B. Johnson, sealer.

One bottle labeled as containing 11 1/2 ounces net weight was short 5 1/2 ounces, it was disclosed upon inspection. Another bottle labeled as containing 9 ounces was found to be short 4 ounces. Receipts for the olives were given to the stores from which they were confiscated.

HEARS STILL, SMALL VOICE STOCKTON — Accompanying a money order for \$3, the following letter was received by the managers of a local theatre:

"Dear Sirs: Inclosed find three (\$3) dollars. About three years ago I presented a \$2 bill for tickets and received change for \$5. Have become a Christian since then so feel bound to straighten up my somewhat crooked past. I remain truly yours, 'W. H. R.'"

Both the communication and the money order will be framed.

WOULD ABOLISH HIP POCKETS MADISON, Wis.—Abolishment of hip pockets by amendment of the Volstead Act would be asked of congress by a resolution introduced in the Wisconsin legislature, Indians would be exempted.

CLASS IN SESSION

R. T. W. MEMBERS IN MEETING AND NEW OFFICERS ARE IN CHARGE OF IT

The R. T. W. class of the First Baptist church held its regular class meeting at the home of its teacher, Mrs. J. B. Dossce, 360 Salem street, Tuesday afternoon.

The newly-elected officers for the year 1921 were in charge of the meeting, which was in the form of a shower for the kitchen of Monte Vista home, which is to be furnished by Glendale.

A delightful afternoon was spent in short talks by the members. New committees were appointed by the new president, Mrs. Jewsberry, and plans were made for the work during the year.

A suggestion of Valentine's day was carried out in the refreshments, which were served by the committee, Mrs. M. L. Russell, Mrs. Roger Bentley, Mrs. Ray Bentley and Mrs. A. J. Maxwell, and consisted of a fruit marshmallow pudding in pink and white hearts with whipped cream and maraschino cherries, coffee and heart-shaped wafers.

Those in Attendance Those present were Mesdames Jewsberry, Roy Kent, Ray Bentley, Morrow, Maxwell, Howard, Olin, George Bentley, Booth, Andrews, Roger Bentley, Hatch, Van Wormer, Barnes, Roskam, Sudlow, Abbey, Galvin, Eddings and the hostess, Mrs. Dossce. Besides the regular members, the following guests were also present: Mrs. Walker, Mrs. E. J. Hamill, Mrs. E. E. Ford, Mrs. O. P. Malcolm and Mrs. A. P. Hamill.

ON LEGISLATION

ASSEMBLYMAN JOHN R. WHITE WILL GIVE ADDRESS ON PENDING MEASURES

John Robert White, 347 North Orange, member of the assembly from the sixty-first district, has, in response to a number of requests, consented to give a talk before he returns to Sacramento to attend the legislature, on the subject of pending legislation.

The time and place where Assemblyman White will speak have not as yet been decided upon.

In view of the fact that there seems to be a sharp division of opinion among the legislators regarding the taxation measure, it is probable that Assemblyman White will devote a great deal of his address to this subject. There are also a number of bills of importance he will discuss.

SEEK MATRIMONY, AVOID TAX LONDON—The new Parisian tax on bachelors in order to provide bonuses for babies is having its effects here.

Bachelors are ceasing to brag about their happy state. At the beginning of 1920 a band of bachelors gathered together and formed the Leap Year's Bachelor club. They pledged themselves to stand together and laid down the most stringent rules, which included a taboo on theatre visiting in the company of a representative of the menacing sex.

After that they all caved in and stocktaking on New Year's proved that only one member was left of the gallant throng of sworn celibates.

And now, in the early days of 1921 comes this distant rumbling from France. A tax on bachelors in order to bonus other men's babies!

"Great Heavens!" they mutter, "this thing might get to England any day now." There is no talk of forming a 1921 Bachelors' club. In such circumstances, unity, instead of making them strong, only makes them conspicuous. Bachelors no longer pose as irresponsible, care-free devils, jingling money. The fear of taxation is driving them into matrimony, and if any babies are to be bonused, they intend to be the fathers of them, rather than the bachelor supporters of them.

At the present rate of marriage, when the time comes for the Commissions of Inland Revenue to levy their tax on bachelors, it is more than likely the papers will be returned marked: "There ain't no such things."

LETTER 19 YEARS ON WAY DEDHAM, Mass.—A letter that had been nineteen years on the way, part of the time traveling through the war capitals of Europe, was delivered to Mrs. Fred I. Pratt of this town. It looked like a futurist conception of the international postal system gone mad with more than a score of foreign postmarks cutting curlicues with domestic marks.

London, Petrograd and Berlin and other places were registered cheek by jowl with the little station of City Mills, from which the letter was sent on January 2, 1902.

Chicago bankers have arranged to finance the western live stock to the extent of \$20,000,000. Minneapolis, St. Paul, Kansas City and Omaha banks will co-operate. The scheme will hold no profit for the banks beyond 3 per cent interest on the money loaned. A corporation will be formed under the laws of Virginia.

RECTOR INSTITUTE ASSERTS PROGRAM TO BE EVENT IN MUSICAL CIRCLES

The Rector Institute of Music is giving publicity to the concert which the Saslavsky trio will give in Glendale tomorrow night because it thinks it an event of much importance in the musical world.

NURSERY DEVICE

LITTLE RESPITE IS PROMISED FOR SLEEPING PARENTS IF INVENTION IS ADOPTED

NEW YORK—Unless scientific progress declares a halt soon there will be little respite for the parents of the next decade. The day when the proud fathers could hide their heads under the covers on winter nights and console themselves with the thoughts that a little squawking would work to the vocal advantage of their young hopefuls is no more.

Mr. Curry is a father who takes his state with a certain sense of responsibility. Not long ago he attended a demonstration of the latest developments in the electrical world. A few days later he communicated with the office of the Western Electric company at Portland, Ore., requesting full information on the loud speaker, the magnifying apparatus which has been used recently to carry the voice at the big conventions and meetings throughout the country.

Biggest Source of Complaint It happens that Curry the younger sleeps in the porch nursery. His biggest source of complaint is the fact that on several occasions he has had to do without company in the few small hours because his cries were unheard by the sire. This calamity is to be relieved. Curry the senior has made plans to wire the nursery. Three loud speaking transmitters will be installed over the infant's bed, connecting with a receiver over that of his father.

In the future, instead of being compelled to sleep with one ear open awaiting a summons from the nursery, pater familias can rest content, assured that he will be awakened by an unearthly shout every time his infant charge sees fit to announce his awakening.

Several engineers of the bachelor class who have been consulted on this unique addition to nursery accessories have suggested that a muffer instead of a loud speaking device would be more in keeping with peace and order.

POSTPONES SOCIAL

GLENDALE LOCAL NO. 563 TO HAVE ITS GATHERING ON NEXT SATURDAY NIGHT

Glendale Local, No. 563, was to have had a social in I. O. O. F. hall, 111-A East Broadway, tonight, but as it was found the hall had been previously engaged a postponement was taken till next Saturday night. It is planned to have the ladies present and possibly organize a ladies' auxiliary to the Local, after which there will be dancing and refreshments.

BUILDING PERMITS

MONTH OF JANUARY PROVES TO BE GOOD ONE; TOTAL OF 93 APPLICATIONS

(Continued from Page 1)

Table listing building permits with columns for name, address, and value. Includes entries for J. O. Corliss, O. Spencer, H. C. Seaman, etc.

CHRISTIAN CHURCH

JANUARY ATTENDANCE LARGEST OF ANY MONTH IN SUNDAY SCHOOL HISTORY

Despite a drizzling rain, the attendance at Central Christian Sunday school Sunday was almost up to normal and Superintendent Willard Learned announced that January's average attendance was the largest of any month in the school's history.

The morning sermon topic was "The Power of Prayer." The speaker said prayer is available only when there is a working agreement between God and man.

Two special musical numbers by the choir added much to the beauty of the service.

Fifth Sermon of Series

The evening sermon was the fifth of the series of notable conversions, the subject being "The Conquest of the Balkan Peninsula," a topic suggested by one of the campaigns of the late World's War.

LEAGUE MEETING

FORMER GOVERNOR LOWDEN AND GOVERNOR STEPHENS WILL GIVE TALKS

Frank O. Lowden, former governor of Illinois, and W. D. Stephens, governor of California, will be guests of honor at a meeting of the Union League club next Friday night.

AWAY FROM SCHOOL; LOSE JOBS

VALLEJO—Failure to attend night school resulted in dismissal of sixteen boys from employment at Mare Island Navy yard by Commandant E. L. Beach.

PATROL IS FORMED

OFFICER JAMES L. BROWN'S SERVICES ARE SECURED BY MANY BUSINESS HOUSES

James L. Brown, formerly a member of the local police force, has organized the Glendale Fire Dispatch & Patrol, and, beginning tonight, his plans for guarding and patrolling the business section of the city in behalf of the clients will be started.

About seventy-five business houses of the city have signed up with Mr. Brown for his services and, it is presumed, others will avail themselves of the patrol after it goes into operation tonight.

The service, in brief, provides for care of lights, back and front doors and awnings. Mr. Brown states that he will act in conjunction with the police. He will be in plain clothes and, by reason of this fact, will be in a position to do work where an officer in regular uniform would be apparent to a person bent on illegally entering a place of business.

Many Years of Service

Officer Brown has had about twenty-five years' service in police and detective work. For years he was one of the best known officers on the San Bernardino desert. He has also done considerable work for district attorneys and has in his possession letters from law officers declaring him to be a faithful and competent man.

"I believe that the business district of Glendale has reached the development where it requires the services of a patrol, such as is in operation in other cities, both large and small. My office is located at 103 1/2 South Brand, telephone Glendale 44. I reside at 210 Dayton Court and my telephone in Glendale is 64-J, where I may be reached by any interested in my project.

"One of the features of the service will be a reward of \$50 which I shall offer for the arrest and conviction of anyone breaking into any premises under my protection. The business houses who have heard of my plan seem to like it and about seventy-five are on my patrol to start with—and I have hopes of increasing this list materially."

List of Subscribers

The list of those who have so far signed for the service are:

CONTRACT SECURED

AGREEMENT IS REACHED UPON SEWAGE SYSTEM; METHOD OF PROCEDURE IS OUTLINED

(Continued from Page One)

The construction of a system of intercepting sewers, settling tanks, screens, pumps and other works necessary to gather said sewage and convey the same to Scholl canyon and there dispose of the same for purposes of irrigation; and, "Whereas, The said second party has not yet taken any steps toward the construction of said sewage disposal plant and differences of opinion have arisen between the parties hereto as to the proper construction and meaning of the above mentioned contract,

Adjustment of Differences

"Now, Therefore, For the purpose of adjusting all differences between the parties thereto it is hereby agreed:

"1. That the said contract made by the said proposal of the first parties and its acceptance by the second party is hereby entirely rescinded and set aside.

"2. That the second party agrees to consider the above mentioned plan of sewage recommended in said report of the first parties and to arrive at a determination whether the same is to be constructed, within a period of one year from date hereof; that the board of trustees of said city will at once appoint an advisory committee of twelve citizens of the city of Glendale, and the first parties will submit to said advisory committee all such information, recommendations and suggestions as they deem advisable to the end that said advisory committee may become fully informed as to the merits of said plan of sewage disposal. The first parties shall be at liberty to submit to said advisory committee any other plan of sewage disposal for the city of Glendale, or any amendment or modifications of the above mentioned plan therefor. If said advisory committee, after consideration of such matters, shall recommend said plan of sewage disposal, either as originally submitted or as modified by first parties, or any other plan which the first parties may submit to the said advisory committee, to the board of trustees, said board will then call a mass meeting of the citizens of Glendale and submit the whole matter to said mass meeting, at which meeting the said first parties may fully explain their said recommended plan.

Must Call Bond Election

"If mass meeting shall vote in favor of submitting to the electors of the city of Glendale a proposition to vote bonds for said purpose, the board of trustees or other governing body of the city will then call an election and submit to the voters the question of issuing bonds of the city to such amount as may be necessary to construct the said recommended sewage disposal system, which system is not to include the lateral sewers, but only the main intercepting sewers and the other works necessary to convey the sewage to Scholl canyon or elsewhere as recommended, and there to properly treat and dispose of the same, and if such bonds are voted the city will thereupon employ the first parties as engineers to prepare the plans and specifications, and superintend the construction of said system for which bonds are voted and pay them therefor the sum of 6 per cent upon all moneys expended in the construction of said system. From said 6 per cent shall be deducted the sum of five hundred (\$500.00) dollars already paid to them as above mentioned, and the remainder shall be paid as follows: Twenty-five per cent of the estimated cost of the sale of the bonds, and the receipt of the money by the city treasurer; the remainder to be paid pro rata as payments are made to the contractors for the construction of the various parts of said system.

"In Witness Whereof the parties have duly executed this agreement the day and year first above written.

McBryde, a Notary Public in and for said County, residing therein, duly commissioned and sworn, personally appeared Louis A. Hart, known to me to be the person whose name is subscribed to the within instrument and acknowledged to me that he executed the same. Witness my hand and official seal. JAMES F. M'BRYDE, Notary Public in and for said County and State of California. JAMES F. M'BRYDE, Attorney for company, 103-A N. Brand Blvd., Glendale, Calif. Date of first publication February 2, 1921.

REPORT ON ROADS

MOTORGING ORGANIZATIONS IN STATEMENT MAKE CHARGES AGAINST STATE BOARD

A report which comprises the most extensive study of highway conditions ever concluded in the United States in an attempt to determine why paved roads already built are not standing up under traffic and what should be done to make them stand up, is issued jointly by the Automobile Club of Southern California and the California State Automobile association.

What is the matter with California state highways that they are not withstanding the traffic that modern commercial and pleasure automobile traffic imposes upon them? That is practically the subject of the report.

It has been five months in the making, and the expert services of the best highway authorities in California have been brought to bear upon the work. The data summarized herewith is so valuable that it is to be published in full in book form and filed for reference work in public libraries.

In filing the report with the public, the motorging organizations point out that the difficulties under which the State Highway commission was compelled to pursue its earlier work are fully realized. The construction programs of 1913, 1914 and 1915 are particularly commended.

Startling Conclusions Reached

The mileage of roads built in these periods, in the face of an unsalable four per cent state bond, is a most creditable achievement, says the report, and cleanliness of administration and absence of scandal have been always noticeable. That willful waste and extravagance cannot be charged is freely admitted.

That the state highways of four-inch concrete were not only inadequate, but in many localities were badly and inefficiently constructed, is one of the most startling conclusions reached by the unbiased road engineers who undertook the investigation at the behest of the automobile clubs.

It is pointed out in the report that although the California State Highway commission completed successful experiments in determining how to overcome the difficulties of road construction upon adobe sub-bases, yet the commission did not take advantage of the knowledge so obtained, but continued building the state system of four-inch concrete slab under blanket specifications.

Only 50 Per Cent Called Good

However, states the report, since the club investigation started, the Highway commission altered their specifications from a four-inch thickness to a five-inch thickness, with metal reinforcement. No modification of this was provided for whether the road was to be laid in rocky mountains, in muddy pasture land or on the desert.

Only fifty per cent of the state roads in southern California are pronounced "good" by the official report of road engineers. The remainder are characterized as fair and poor. This, it is pointed out, is only four short years after the road building started here.

The California state highways, as they have been built, will not last more than eleven years. However, the life of the bonds extends over a period of twenty-five years, the report points out.

In one instance it was found that the upkeep of a certain stretch of road, after four years, has equaled the original cost.

Instances are taken up in detail throughout the report which shows the alleged neglect of the State Highway commission to safeguard the life of the roads already built. It is charged in the report that the greatest factor to hasten the deterioration of the California road system has been the overloading of vehicles of all kinds indulged in by the public, without hindrance by the State commission.

Hastened by Failure, Claim

The destruction of inadequate roads was hastened by the failure of state authorities to enforce existing statutes which would have tended to protect the poor roads to a certain extent from total annihilation, states the club report.

In this report, covering hundreds of pages, all criticism directed at past and present highway commissions is purely constructive, say the authorities. It is a gigantic endeavor on the part of the motoring organizations to safeguard the motorists of the present and future from mistakes similar to those spoken of, is the claim.

Assuming present costs of construction, it will require \$143,898,000 to grade and pave the 3978 miles of uncompleted roads included in the state system. There is available today just \$39,000,000, points out the club report.

Those Who Made Inquiry

During the five months consumed in securing the data presented today in this report, the following engineers conducted official tests throughout the state: J. B. Lippincott, representing the Southern California club, and Messrs. Howe and Peters of San Francisco, representing the Northern club. Associated with these were Professor C. Derleth of the Department of Engineering of the University of California; H. J. Brunner, consulting engineer of San Francisco, and ten other well-known engineers whose names appear in the full report.

PROPOSES MEETING

SEWERAGE DISPOSAL TO BE DISCUSSED FOR DISTRICT ALONG SAN FERNANDO

Authorization to call a meeting of residents and property owners in the district along San Fernando Road, extending a block south from Los Feliz Road has been granted to T. W. Watson, city manager, by the board of city trustees, at his request, for the purpose of discussing sewerage disposal in that section.

The city manager, in applying to the trustees for the authorization, said:

"Sewerage disposal in the business district along San Fernando Road extending one block south from Los Feliz Road is becoming a problem. There are forty cesspools in that immediate vicinity. In some instances there are four cesspools on one fifty-foot lot. A large number of the lots have two cesspools. Most of these cesspools have to be pumped out quite often and the property holders are requesting that some measures be taken by the city to afford a more satisfactory means of sewerage disposal.

"We would therefore respectfully request authorization to call a meeting of the residents and property holders in the district to discuss ways and means of relieving the present condition."

The authorization to call the meeting was granted on the motion of Trustee Bartlett. The time and place has not yet been designated.

FOR ELK AVENUE

PROPERTY OWNERS WEST OF CENTRAL TO MEET NEXT WEEK, IS NOW PLAN

Plans are being made by T. W. Watson, city manager, for a meeting of property owners on Elk avenue, west of Central, for the purpose of discussing the improvement of Elk avenue.

Property owners on that street, said the city manager, have asked him to call a meeting and determine on just what improvements are to be made. The board of city trustees has authorized him to prepare a call for the meeting, learn what the property owners want and report, and then, it is expected, the desired improvements will be ordered.

"I have not yet completed arrangements for the meeting," said the city manager today. "It is probable the gathering will be held next week and at that time we will learn just what the property owners of Elk avenue want. Then I shall report to the trustees and, it is probable, the necessary work will be ordered."

The authorization for the meeting of Elk avenue resident property owners was given on a motion made by Trustee Lapham.

PRICE DROPS AT EVERY BRICK

CHICAGO—"Every time they hurl a brick through my window, I will cut the price of bread 1 cent a loaf, until it is back to a nickel for a big loaf."

This was the defiance issued by Benjamin Schachter, who operates a large bakery. Three men in an automobile running without license plates or lights, dashed past his bakery and flung a cobblestone through one of his large display windows.

"It was members of a bakers' association," he said. "They threatened me when I first reduced the price to 9 cents. I can sell bread at 9 cents and make a good profit. I'll let no gang dictate to me and just because they broke my window the price of bread will be 8 cents. Every time they break windows or commit similar deviltry, I will cut 1 cent off the price."

EXPRESSES THANKS

WEST GLENDALE LEAGUE IS APPRECIATIVE OF SQUARE TREATMENT ACCORDED

The complete and unbiased accounts of the proceedings both for and against the proposed improvement of Commercial street, as published in The Evening News, were appreciated by residents of the suggested assessment district, according to a resolution passed by the West Glendale Protective League.

A. T. Cowan, publisher of The Evening News, today received a letter from Eugene Wilson, secretary of the League, in which it was stated that "the organization had instructed the secretary, at the meeting held on January 25, to express thanks to him and the paper's staff for the liberality of space and the unbiased mention of the "killing" of the proposed street.

DISEASE PUZZLES DOCTORS

SANTA BARBARA—Four more victims of the strange malady which is sweeping the settlement on Santa Cruz Island were brought to the mainland. This makes thirteen men in all under care of doctors here out of about 100 men who compose the settlement. The victims stagger about as though intoxicated, their eyes being affected by the disease. It is claimed several of them have been asleep for as long as three days. Under treatment, most of the men have made recovery.

One doctor clings to the belief that the men are victims of sleeping sickness, but other doctors scout this diagnosis, and say the trouble has been caused by poisoning either from food or drink. City Health Officer Hartwell says the symptoms as a whole are not those of sleeping sickness, but of poisoning. Dr. G. Stillman Lovern of the state health department and county physician has six of the cases under observation. He states symptoms of sleeping sickness are lacking. He believes the men are suffering from food poisoning.

NORMAL BUSINESS BY APRIL

BOSTON—A return to normal business conditions by April or May was predicted by Prof. Charles J. Bullock, chairman of the committee on economic research at Harvard university, and president of the Associated Savings Trust companies of Massachusetts.

"We would have suffered the worst panic in history," he said, "but for two factors: For the first time Europe was our debtor to the extent of fifteen or twenty billions, and we had our Federal reserve system. Wholesale prices never fell so far and so fast in as brief a period as now. We now appear to be in the last phase: liquidation of retail prices and labor."

JAP REFUSED CITY TRACT

PASADENA—The first occasion in which it is publicly known that the recently enacted anti-Japanese land ownership bill was in effect here came recently. The city commission refused to release to a Japanese tenant five acres of city-owned land near the Devil's Gate, which has been cultivated for garden purposes by the Japanese.
