

A MONTHLY TRADE JOURNAL.

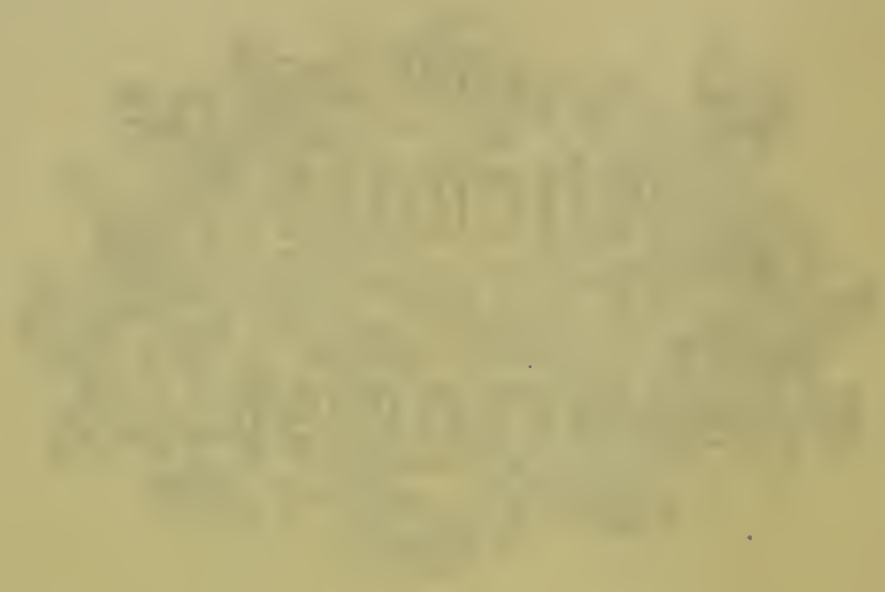

---

Vol. XXV.—January to December, 1883.—Vol. XXV.

---

"Knowledge is of two kinds. We know a subject ourselves, or we know where we can find information upon it."—DR. JOHNSON.

PUBLISHING OFFICE—  
42 CANNON STREET, LONDON, E.C.

Faint, illegible text or a line of a table, possibly a header or a separator line.

Faint, illegible text, possibly a title or a section heading.

A horizontal line of faint, illegible text, possibly a separator or a line of a table.

Faint, illegible text at the bottom of the page, possibly a footer or a concluding line.

# INDEX.

In this index are included all the specifications of patents of pharmaceutical interest issued during the year.

Abbreviations used:—*apt*, abstract of patent not proceeded with; *as*, specification of patent not proceeded with; *c*, letter, correspondence; *e*, editorial note; *f*, formula; *ff*, two or more formulae; *ill*, illustrated; *n*, short note; *o*, obituary note; *pt*, abstract of a patent, in force; *r*, review, literary note; *s*, specification of a patent in force; *tn*, trade note.

- Abstracta U.S.P., A. aconiti *ff* 69  
 Acetate of lime, production in U.S. 128  
 Acetic ac. Contt's "guaranteed" *f* 374  
 Acetic ether, preparation, solubility, tests &c 163  
 Acetum aromat. *Ph. Germ.* *f* 160. *see* vinegar  
 Acetum digitalis *Ph. Germ.* *f* 160; *ipecac.* *f* 376  
 Acids, *see* hydrobromic, prussic; ac. sulph.  
 arom. U.S.P. *f* 32; new beetroot acid 297;  
 detection of organic and inorganic *r* 81; acid  
 drops *f* 373; acid proof cement *f* 464  
 Aconite, fl. extr. U.S.P. *f* 32; strengths of com-  
 mercial tinctures 405; mistaken for arnica  
 149 for actaea 584; aconitine best for internal  
 use 505  
 Administration before or after meals 465  
 Adonidin, chem. and physiol. properties 21, 121  
 Adulteration, label does not protect *e* 178; *see*  
 drugs  
 Alcohol, manufacture *s* 569; purification *s* 305;  
 from chestnuts 562; to detect in oils 391; to  
 strengthen diluted 74; accident to a smuggler  
 12; whisky better for tinctures 21; oxidising  
*s* 244; beverage *s* 36, *pt* 88; freezing 84  
 Alcoholene, or sweetened methyl alcohol 405  
 Alizarine, commercial history *e* 291  
 Alkali industry, history and prospects *e* 26  
 Alkaloids, nomenclature in U.S.P. 31  
 Almond cream soap *f* 359; oil to test for castor  
 oil 226; essential, tests for 226; *see* poisoning,  
 aqua  
 Aloes, to detect in beer 186; Cnraçoq have  
 replaced Barbados 40, 44, analysis 182; pills  
 U.S.P. *f* 32  
 Albæa root, adulterated with chalk 21  
 Alnm, effects on mucous membrane 172  
 Aluminium manufacture *s* 410 *see* intligo 242  
 Amandine, a cosmetic *f* 359  
 Amber, essence of *f* 220; varnish *pt* 306  
 Ambergis essence for perfumery *f* 67  
 American Pharmaceutical Association *e* 516,  
 proceedings 204, pharmaceutical entertain-  
 ments 557  
 Ammonia, why distil aromatic spirit 53; re-  
 moves cinebona deposits from bottles 74;  
 resin varnish 158  
 Ammonium benzoate for scarlatina 73; carba-  
 zotate or picrate for fever 479; chloride as  
 expectorant 172; sulphate production in U.S.  
 128; hyposulphite to replace H<sub>2</sub>S in analysis  
 562; phenolphthaline as indicator 610  
 Ammonium plaster U.S.P. *f* 70  
 Amsterdam Exhibition 275; awards 383  
 Amyl nitrite, *Ph. Germ.* characters 160  
 Anæmia, syr. ferri protochlor. for 73  
 Analysis, H<sub>2</sub>S replaced by ammon. hyposulph.  
 562; volumetric *n* 585; uniformity in  
 standards *e* 605  
 Analysts, public; their attacks on Somerset  
 house chemists; R. M. Holborn *e* 200  
 Analytical standards, international 227 *see* wine  
 Andromedotoxine, Japanese poison 182  
 Angostura bitters *f* 173  
 Aniline and modern progress *e* 403, production  
 in U.S. 128  
 Anise water U.S.P. *f* 69; cordial *f* 229, balsam  
*f* 599  
 Antidote, iron oxide and magnesia U.S.P. *f* 158,  
 prompt arsenical *f* 320  
 Antiferment for beer &c *s* 468; cider *f* 622  
 Antimony, from Japan and Australia 41, com-  
 mercial sources 137; market 572; poisoning  
 by chloride 351  
 Antiseptic *as* 189, *apt* 365; Klingzett *s* 410;  
 Jeyes' naphthaliae *pt* 88; for food *pt* 363;  
 internal use 369; choice for surgery 73  
 Ants, to expel from a lawn 420  
 Aponorphia, expectorant 172; emetic in poison-  
 ing 23; dose of hydrochlorate *Ph. Germ.* 160  
 Apothecary, prosecution for acting as 394, *e* 401,  
*e* 480; his rights in England 419  
 Apprenticeship, law of 219; queries 315, 419,  
 462, 479, 533, 576  
 Aqua U.S.P. 69; amygd. amar. U.S.P. *f* 49  
 Arbitration, proposed court of commercial 22  
 Arbutin, chemistry and medical uses 562, 563  
 Armenian cement *f* 145  
 Army dispensing 80, *see* Brazil  
 Arsenic a prophylactic in consumption 562; in  
 domestic fabrics *e* 348; prompt antidote *f*  
 320; silica mistaken for 12; new form of  
 test 562; changes in U.S.P. solutions 159  
 illegal sales of sheep dip *e* 256  
 Ash tree, composition of leaves 83  
 Asphalts and pitches, chemistry of 504  
 Asphodel, tawoing with *as* 305  
 Asthma cigarettes, *f* 72 Hinrod's cure *f* 612  
 Atomic weights, periodic relations 30  
 Atropine as expectorant 172  
 Australia, monthly letter 13, 64, 118, 170, 216,  
 279, 333, 381, 431, 521, 586; opening for assist-  
 ants 13, 431, 586; "Tables of vegetable pro-  
 ducts" by J. F. Usher, 353; *see* Pharmaceu-  
 tical Conference, proposed; *see* Customs tariff,  
*see* Victoria  
 Ayer's cherry pectoral *f* 25  
 BACILLI of tubercle, microscopic preparation, 121  
 Baeyer Dr. A., anniversary 298; nis relatives to  
 Kolbe *e* 29  
 Bags, machine for making *s* 36  
 Baking powder, *f* 599 phosphatic *f* 419 *pt* 468;  
 slow rising *f* 599  
 Balsam of aniseed *f* 599  
 Bandoline, Chiuese or pao-fa 74  
 Bankruptcy, legal allowance to debtor 112;  
 statistics, 1878-83, 351; new act, 1882, *e* 175,  
 464  
 Barometer, chemical *f* 464, correction 534  
 Basham's mixture, U.S.P. *f* 159  
 Baths for hospitals *tn* 185  
 Battery, portable *s* 305 clinical *tn* 611  
 Bay rum, Barber's improved *f* 144, *n* 417  
 Bearberry chemistry and medical uses 562, 563  
 Beer, definition, relation of botanic and ginger  
 beers to the Excise 119 *e* 127; to test for aloes  
 186; bottling and aerating machine 551; used  
 in Paris hospitals 566; American tonic *f* 173  
 Beetham & Hooker, Genera Plantarum, personal  
 history 261  
 Bentley Prof., at Royal Botanic Gardens 205  
 Benzine to deodorise 74; *see* benzol  
 Benzoic ac. in perfume 67  
 Benzoic, trees yielding, 503  
 Benzol, uses and consumption 475; *see* benzine  
 Bergamot ess., manufacture 65 at Messina 112  
 Berlin hygienic exhibition 278  
 Bernard's whooping cough cure *f* 351  
 Bicycle tires, cement *f* 578  
 Birch oil 540  
 Bismuth, glycerole *f* 479; salicylate for diarrhoea  
 &c 565; solution U.S.P. *f* 289; air, water *s*  
 568; hair dye, Eau de Zenobie *f* 80 compound  
 mixture for indigestion *f* 599  
 Bitters, angostura 173 tonic hop &c *f* 599  
 Black, Brunswick and insurance policy 288, dye  
 for ivory *f* 145  
 Blacking, waterproof harness *f* 50; shoe b. pre-  
 served by glycerine 299; boot polish *s* 305  
 Bland's pills, to make 100  
 Bleaching chemical *s* 189  
 Blister of chloral hydrate 463  
 Blood mixture (iodised sarsaparilla) *f* 599;  
 purging syrup *f* 612  
 Board of guardians and checks on the consump-  
 tion of drugs 271  
 Boiler stone collector *tn* 345  
 Boils, treatment 611  
 Bone, to bleach permanently 564  
 Book keeping, balances 532, by double entry *r*  
 561  
 Boot polish *s* 305 waterproofing 599  
 Borthwick G. *o* 524  
 Borax, sale by grocers 80; U.S. production 128  
 Boric ac. Italian production 280; how to powder  
 228; objection to its use in food 405; colly-  
 rium *f* 480; improved ointment *f* 566, for  
 eczema *f* 464  
 Botanic beer and the Excise 119  
 Botanists, Alphonse Karr on 387  
 Botany, Mueller proposes to reform nomencla-  
 ture 30; "Talk about plants" *r* 448  
 Bottles *ss* 132; stoppers *s* 189; coloured glass  
 prevents change in contents 333; filling  
 machine *s* 36; washing machine, Lofts' *s* 88;  
 making in Australia 521; *see* waters, mineral  
 Boxes *see* Parcel post; 611  
 Brazil, army medicine 447  
 Brewer and distiller, Handbook to *r* 81  
 Bricks, to find number in a wall 74  
 Brilliantine *f* 600  
 British association meeting 1893, 486  
 British medical association, exhibition 385  
 British Pharmaceutical Conference; Executive  
 committee 210, 381, 520, (report) 489; 21st  
 annual meeting at Southport 489-512, program  
 400, 452, *e* 512; financial report 490; visitors  
 507; President Attfield's address 490-497,  
 editorial criticism 518, (Pharmaceuticalia) 482;  
 press comments 509, A. H. Mason 544; copies  
 to be circulated *e* 533, to members of Parlia-  
 ment 534; entertainments 508, *e* 557 (*see*  
 International Pharmaceutical)  
 Bromine production in U.S. 128  
 Brown's troches *f* 464  
 Brucine, chemical constitution 9; quantitative  
 separation from strychnine 498  
 Brush wear, effect of new U.S. tariff 157  
 Burdock seed for tetter 24  
 Butter, manufacture of artificial 24, 288; ana-  
 lysis of Turkish *r* 353;  
 CACAO, how to grow and cure, Morris, *r* 82  
 Caffeine, dangerous dose 228, effervescent *f* 430  
 Calcium iodide *f* 359; sulphate for making  
 aromatic waters 49; sulphide for whooping  
 cough 186; bisulphite manufacture 621  
 Caloutta exhibition 447  
 Calumna root *see* colombo 192  
 Camomile flowers, hop substitute 40, 42  
 Camomile tea in infantile diarrhoea *f* 172  
 Camphor, Howard's blocks *tn* 465; French re-  
 fined in market 137; solubility increased by  
 myrrh 49; to suspend in water *f* 463; with  
 lupulin, excipient for pills, 186; cerate U.S.P.  
*f* 70; emulsion 74; water U.S.P. *f* 70; tree  
 grown in California 329  
 Canada, (Quebec) monthly letter 332, 382, 429,  
 522, 554, 587; pharmaceutical curriculum 432;  
 dispensing business 554; number of druggists  
 in Quebec 333; in Montreal 588; wholesale  
 druggists in Montreal 587; customs tariff  
 343; chemicals imported 587; chances of  
 English assistants 382; pharmaceutical appren-  
 tices 383; *see* Pharm. Assoc. Quebec; verses  
 620  
 Candles, to colour 463  
 Cannabis indica, a large dose 543  
 Cannabis tannate, uses 228  
 Cantharidin market 474; Cantharidin collodion,  
*Ph. Germ.* *f* 611  
 Cape colony, customs tariff 343  
 Capsicum *see* chilli paste 144; ointment for  
 rheumatism *f* 73; plaster U.S.P. *f* 70  
 Carbazotate of ammonia for fevers, 479  
 Carbulated iodoform 299  
 Carbolic ac., Coroners' opinions on its sale  
*e* 175, 231; poisoning, accidental, in hospital  
 270, by eneca 463, by external contact 19;  
 distribution in body in cases of poisoning  
 404; treatment of poisoning 100; for diarrhoea  
 164; less used in surgery 73; removing  
 red colour 463, (Calverts) 534; duty free into  
 Holland 512; *see* phenol  
 Carbon, thermic phenomena of compounds *e* 128  
 Carbon bisulphide, action on zinc 21  
 Carbolic ac. hydrate in Saluator water 121;  
 pump 611  
 Careya arborea, Queensland, for ulcers 150  
 Carlsbad salts, artificial *f* 281  
 Carrageen saccharatus, Dutch *f* 25  
 Cascara sagrada, dose, uses &c *o* 551  
 Cassia Lignea, origin and collection 1  
 Castor oil, U.S. production, 128; to detect in  
 almond oil 226; emulsion *f* 24; with glyce-  
 rine *f* 160; Italian syrup *f* 173; soap for lin.  
 upon *f* 299; poultice *f* 622  
 Catarrh, Voss's pills *f* 351  
 Caterpillars, to ridecabages of 463  
 Cattle food *s* 568; fattening 24; spice *f* 200  
 Caustic for nerves of teeth, Ash's *f* 351  
 Cellandine, a cora cure *f* 419  
 Celluloid, manufacture 131

- Cements, Sibon on how to use 15; Armenian / 145; acf proof / 461; for bicycle tires / 578; dental / 229 (Soubiran's) / 478, (Sullivan's) / 533; for brass letters on glass 463; labels on tin 406; for pestles 373
- Ceratum sulphure U.S.P. / 70
- Cetraria gelatina, cf saccharata, Dutch / 25
- Chafa, simple remedy for / 172
- Charcoal, animal s 410
- Chirata potassii nitratii U.S.P. / 70
- Chemical analysis, official fees in Germany 381; uses of hydroxyl 207; see monom. bysopulph.; Hoffman, "Medicinal chemicals" / 296; "Percentage tables" / 181
- Chemical artisans' wages 455; see barometer
- Chemical Society 9, 60, 153, 272, 386, 553, 583, annual meeting 154
- Chemical trade, decline in Newcastle 209; U.S. (statistics) / 128, (import duties) 10; (imports) 11; British imports and exports 39
- Chemistry of packing 389; Pinner's organic / 295; Rige's introduction / 448; Watt's Manual / 908
- Chemists' circulars, / 559
- Chemists and Dispensers' vade mecum / 81
- Chemists' ball, / 28
- Chemists' Assistants' Association annual dinner 57, 113; report 269; claim by assistant 585
- Chemists' Aërated Waters Association annual meeting 552
- Chemists and Druggists' Trade Association annual report / 230 and meeting 265; balance sheet 269; executive committee 110, 423; prosecutions see Pharmacy Act; cases considered 110; amendments to Pharmacy Bill 110; local secretaries 425
- Cherry tooth paste / 102; Ayer's pectoral / 25
- Chestnuts, alcohol from 562
- Chevreni M. n 300, bust 345
- Chicken cholera, symptoms and cure 75
- Chillblain liniments unbroken / 539
- Children, palatable drugs for, Churchill 284
- Chillie paste, Smedley's / 144
- Chinovin and chinovic acid 296
- China, quinine and worm cures in 365
- Chloral for blisters 463; in toothache 22, wool / 400; see poisoning; death from overdose, druggist's son, 394; glycerine of emph. chloral for rheumatism / 289
- Chlorine, action on Na<sub>2</sub>CO<sub>3</sub> solution 53
- Chloroform, administration to sleepers impossible 406; death from inhalation 352; see liniment, poisoning
- Chlorophyll preparation of pure 609
- Cholera, Pettenkofer on 391; cotin prevents 446; topper prevents 462, 561; homoeopathic treatment 409, 461; birds see nom 462; oblique e. symptoms and cure 75
- Chrysarobin, Ph. Germ. 160
- Chrysophanic acid stains 201
- Cider, antiferment for / 622
- Cigar tips as charities 30; order for cigars 241
- Cigarettes, improved 393, grindella (asthma) 72
- Cinebonn, imports, '80 to '82, 43, 92; as hop substitute 123; at Amsterdam Exhibition 334; profits on Bengol govt. plantations 241; in Ceylon, disadvantage of Java barks 247; grown in Guatemala 447; number from an ounce of seed 20; résumé of methods for determining alkaloids 184; extract Ph. G. / 256; Dr. Paul ou P.B. extract 103; wine and fermented w. / 229; to remove deposits in bottles 74
- Cinnamon, to detect adulteration 83
- Citro neri, commercial position 137; 29 tons thrown on market 572; to test for lead 227
- Circulars, chemists' / 559
- Civil servants trading, Rylands M.P. on, / 177; see National Traders' League; jurymen on 607
- Clarifying ginger beer, kola, clearing nat, pencil kernels 18
- Clay, artificial modelling / 24
- Cleansing bottles from strong smells 187; glass from organic dirt 74; olivaceous deposits 74; snaks as 88
- Clergyman's sore throat, cure / 24
- Cloves, to detect adulteration 83, new use, (vaniline) 137; sale 194; oil improved for perfumery 65
- Cobwebs as febrifuges 73, 144
- Coca tea for headache 22
- Coclainen, black adulterated with oxides 20, cause of better demand 192, liquid / 67 (practical confectioners) 49, 100, 144, 253 (good) 427, 569
- Cockroaches, to destroy 228
- Cocoa manufacture s 305; see cacao
- Cod liver oil, '82 fishery 44, Norwegian, number of casks used 195; at Fisheries Exhibition 274; Japanese 40, 476; presence of iodine 502; adulteration 261; emulsion with hypophosphites 612
- Coffee, drying apparatus s 180, solid prepared s 36; tablet opt 865; café vérgé in 528; and sugar, soluble s 410; to make extract / 61; milklike berries 85; substitute, Hindian s 132
- Cold cream, oils emulsified by the stroma 182
- Cold, incipient, treatment of 610
- Collapsible tubes for paints &c s 468
- Colloidal, cantharidatum Ph. Germ. / 161; dressing for wounds / 228; styptic U.S.P. / 70; combinations with external remedies / 500, 611
- Collyrium, borie ne. / 480
- Colours for show bottles 186, / 374
- Colours, poisonous, prohibited in Germany 241
- Compnles, joint stock, law 15
- Composition powder / 578
- Compounding spirits see spirit
- Compressed tablets, Luvi'n of 519, 567
- Conf. Jalnpe co., St. Bartholomew's, / 534
- Couferine from beetroots 226
- Conium substitute 447
- Constipation, habitual, three prescriptions 461, 610
- Consumption, arsenic a prophylactic 662
- Convularia, medicinal properties 20
- Co-operative stores, dispensing in Victoria 13
- Copaiba balsam, test of solubility 121, tests for sassafras, wood and fatty oils and resin 183
- Copal resin, to purify as 568; forest 50
- Copalehi bark 227
- Copper, to engrave chemically s 36; virents cholera 462, 581; salts not poisonous 298; of ate ointment for ringworm 73 and freckles 74
- Copying apparatus s 189; absorbent paper s 132; positive copies of drawings / 420
- Corasa compound, composition exposed 258
- Cordial, aniseed / 229; orange / 265
- Cork, powder in adulteration of osenthouc 22; cutting machine as 569; drawer s 568; as 132; corking machine s 568, as 468
- Corn cure, salicylic ac. and cannabis / 419
- Corner for students 3, 104, 260, 318, 422, 436
- Coronera, medical or legal / 79 c 100
- Cosmetics, amandine / 359; Huugrinn / 173
- Cotoin prevents cholera 446
- Cotton, silk and wool, chemical distinctions 182
- Cotton wool tissue, absorbent in 302; mediated (purified, carbolised, styptic, benzozated, salicylated, borie, borocrochated, iodoform) / 181
- Cottonseed oil, to detect in olive 362, 446; use of residues as 36
- Cough, action of various expectorants 172; sngr for 299; Fothergill's platable mixture 416; valerianate pills for hysterical / 172; Ayer's cherry pectoral / 25; whooping cough cures, s 410, Bernard's / 351, calcium sulphide 186; eucalyptus for / 289; plicocarpine / 464; turpentine 172; French remedies 23, see 599
- Counter prescribing, 57, 58, 113
- Court plaster U.S.P. 70, query c 101; see ish-glass 343
- Cream mead (beverage) / 229
- Crowding, to promote health 2
- Cruicibles, nickel for chemical use 463
- Crystal varnish, to dry without heat / 373
- Cumarin, relation to Tongouiu beau crop. 29
- Curtis, Jeremiah, (Wiuslow's syrup) o 187
- Custard powder / 534
- DAFFODIL in perfumery 66
- Date fruit, syrup from s 36 pt 88
- DAY, Thos., Dnr. Son & Hewitt, jubilee 129
- Debits, Peck & Freeman's had debts 301
- Decoctions, U.S.P. 70, preservation 561
- Demijohns, history of word 436
- Dental, caustic for destroying nerves Ash & Son's / 351; cement / 229, (Sullivan's) / 533 (see Soubiran); lamp as 464; education, regulations 445; "Vade Mecum" / 181
- Dentifrices, odontine / 289; Pierre's water, / 359
- Dentistry s 568; works on 145
- Dentists, numbers on register &c / 127
- Deveve's carminative U.S.P. / 159
- Diarrhoea, carbolic ac. for 464; infantile 172, 012
- Dialysis, animal parchment best 74
- Digitilis acetum Ph. Germ. / 160
- Diphtheria a liver disease 24; premium for n cure 346; cured by turpentine 163
- Disease transmitted from cemeteries 402
- Disinfectant s 244; advertised in Germany 420; plensmt for rooms / 522 Macdonall's s 468; see phenol tri-hol; styroue 74; turpentine heavy oils pt 365; apparatus a; 244; litter for horses as 88, apt 292
- Dispensing, physician or druggist liable for error 123; for a club by n surgeon 3; in the army 80
- Distillers and who makers' handbook / 81
- Dogs, cure of intestinal obstruction 289
- Dogs, cure of intestinal obstruction 25; to keep from shop doors 299; see puppies 75; administration of medicines 691
- Dogwood, Jamaica, preparations &c. 559
- Domestic medicine and household surgery / 82
- Doses omitted from U.S.P. 31; too large 359
