---

In making monograms, either of sterling silver, 12-k gold front or solid gold, we use stock of the thickness best adapted to the purpose for which the monogram is intended—always thick enough to be substantial, but not so heavy as to make the price unnecessarily high.

Monograms for fobs are made heavier than those intended for mounting on leather or ebony. When the fob monogram is to be used as a charm or pendant, it is made still heavier than when attached with slide bars.

Monograms are made to order with the least possible delay; usually taking one to three days to make delivery. Initial letters as catalogued are carried in stock and orders will be filled promptly.

Our gold front stock has a heavy sheet of 12-k solid gold on its face. It will stand many years of continuous wear and still retain its appearance of solid gold. This is an important feature and your customers' attention should be called to the fact.

Each page and cut is numbered to make ordering easy. Order by number; stating size wanted, the metal to be used and the finish desired.

When ordering monograms or letters write the initials wanted in plain block print, viz., P. L. M. B.

All goods will be billed at net cash prices.

We make no charge for packing. Large packages will be sent by express, unless otherwise ordered.

Small packages will be sent by mail. Packages amounting to \$2.00 or more will be registered, unless otherwise ordered.

Postage will be charged at actual cost.

Terms 2% discount 10 days, net 30 days.

All remittances must be in funds bankable at par in Chicago.

## Peerless Belts

---

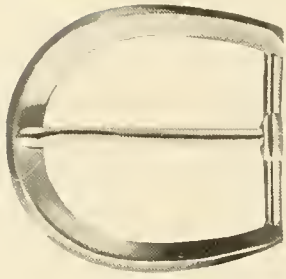

Extra fine quality for use with buckles shown on pages 4 to 7 inclusive.

No. 99.	Genuine Pin Seal Skin, turned over and stitched edges, color black. Price—belt only .....	Each \$5.00

# CHICAGO ART METAL WORKS

## DIRECTIONS FOR USING PRICE LIST

### THIS PRICE LIST SUPERSEDES ALL OTHERS

Find the desired size in column at left, then follow to the right to the price column bearing the same letter as the style of monogram selected. For instance, the monogram No. 834, on page 37, size  $1\frac{1}{4}$  inch, class D; follow down the size column in silver list to the  $1\frac{1}{4}$  inches, then to the right to the D column, price \$3.60. Should you wish a smaller or larger size, follow to the right from the size desired.

When ordering, state the style number of monogram selected, the size desired, and the letters to be combined, thus: Style No. 834, size  $1\frac{1}{4}$  inches, letters R. T. S.

Always use plain block letters to denote the initials wanted; also mention whether they are to be fastened to leather or wood, so that we may provide the proper pins for attaching them.

Sterling silver monograms finished in French gray, gun metal, oxidized or gold plated at an extra cost of 50 cents to \$2.00, according to size.

Special designs submitted when desired.

Any style shown can be made in larger or smaller size.

The greatest measurement in height or width determines the size of the monogram, except with diamonds and squares.

Sterling silver and gold front monograms smaller than one inch take the one-inch price.

Solid gold monograms smaller than one-half inch take the one-half inch price.

## For Twenty Years

---

We have made the manufacture of Pierced Metal Monograms and Initial Letters a specialty. Our designers have been especially trained in making artistic designs—correct in every detail. Our workmen have also been thoroughly trained in the art of sawing, chasing and engraving. It is their experience and training, together with constant watchfulness and attention, that enables us to turn out more artistically designed and better made monograms than the manufacturer who only makes one occasionally, and to offer them to the trade at such reasonable prices.
