1015	Mr. Morisaki, official of Kagawa Teachers' Union, to see Mr. Kerlinger. Talked to Miss J. 1. Teachers' Union is not going to support the two candidates elected to Bd. of Educ. from union. They will act independently of the union (so the man says!). 2. Kagawa University sites were voted on yesterday by the prefectural assembly. The university is to be in four cities. This is due to the fact that the various sections of the prefecture could not agree. Three cities are to have the same kinds of faculties, which certainly is a ridiculous arrangement. Sakaide - Science & Lit. (Upper)) Zentsuji - Science & Lit. (Lower))-- Takuma - Science & Lit. Also about going on radio (but see later). 4. Dr. C's and Col. A's problems: they want to know the relationship between Governor and the School Board. Specifically, may or should the Governor have an educational man on his staff (For example, the Governor has a meeting of his staff but does not have an educational advisor). Also, the School Board has no jurisdiction over higher education or private schools. Who does? The Governor? If so, how can he handle it without an educational staff? Also, what jurisdiction does the Governor have over local educational personnel. (Gave tentative answers to these questions but will relay to 8th Army.)
1040	Capt. Oertle called from Ehime. The Ehime School Board situation looks very good--the best setup Capt. O. has seen yet. Kochi is not too good. Asked Capt. O. about CE Officer going on the radio. He said that it was forbidden. (We knew this but thought in view of the urgent circumstances it might be arranged.) Will check through Eighth Army.
1050	Called 8th Army (Col. Satterwhite). 1. Relayed Dr. Cram's questions. 2. Asked about going on the radio to get to the people of Shikoku about the School Boards. SCAP is definitely opposed to this (we knew this). Talked to another colonel who said that we should not do it but that if we did it probably would not amount to much. Told them that we would not do it.
1315	Mr. Hiroshima and Mr. Mori, representatives of the Communist Party of Kagawa, came in. To complain of the Socialist Party using posters illegally in the school board campaign. Told them that this was the job of the Japanese Government and not MG's job. Also, that it definitely was not our job as Region. Also wondered if these notices which they showed were actually posters or merely notices of speeches to be given. (This was not a good thing to say.* It opens up possibilities of misinterpretation.) Finally, they went to Kagawa Team.

1320	Mr. Dobbins came in. His problem was the choice of superintendents of education. Prospective candidates will not come ~~forth~~ forth because they fear that they may fail the examinations and will lose face and possibly their jobs. Some of them have not been to school in twenty years. Also, the prefectural education people, some of whom might be very well qualified, are not applying due to pressure of business on the school board program (probably also due to the other reason). Talked about further speeches in Kagawa of CE and Asst. CE Officer (SMGR). Miss J: 27 Sept and 1 Oct; Mr. K: 1 October, Kannonji (general public).
1405	Called Tokushima (Maj. C.). Asked him whether he would like CE Officer to speak in Tokushima again--on 27 Sept. He said he would let us know. He also said that a newspaper article had said that the Teachers' Union had withdrawn their candidates (doubt the truth of this--probably just a surface job). Told Maj. Gave him SMGO's request--can't something be done about screening for the school boards? The answer is "no" nothing can be done. There seems to be unanimity ~~xxxxxx~~ among all the education people of Eighth Army and CI&E SCAP that the elections should be postponed. But the Government Section of SCAP does not concur. Its opinion seems to be that if the Japanese make mistakes they must learn by their mistakes--or something to this effect. 8th Army has taken really extraordinary measures but it seems to be useless--the whole thing has bogged down completely in the Government Section. It probably will <u>not</u> be brought up at the imminent Diet session on the 1st--if the Diet does have a session on the 1st. 3. Told Col. S. about the "Education Rehabilitation Committee".
1640	Conferred with SMGO.

It seems that the Screening Committee of Kagawa was going to screen a man out of the teaching service because he had been convicted of blackmarket operations. Told Mr. D. that we thoughtthat this was a perversion of the screening principle and that it was simply the duty of the proper authorities to discharge the man and not the job of the screening committee. The screening committee purges on the basis of categorical standards and does not pass on a man's morals or personal conduct except insofar as such conduct affects the categories.

8. Lt. W. Winn, Chief, CCD, Matsuyama, and Mr. P. Kubota, Chief Censor, visited this office on 22 September, the entire radio situation of Shikoku--which seems to be very unsatisfactory--was discussed and tentative plans for corrective action agreed upon. Present CCD policy with particular reference to Shikoku was also discussed. All newspapers except those that originate off the island are post-censored as is the radio (with certain limitations). A working arrangement between CCD and Shikoku Military Government units was also arrived at. Press releases need not be submitted to CCD but CCD may from time to time call to check on Region team press items.

9. From 3-5 September, a spot check was made of the efficacy of the dissemination of recipes for imported foods which were recently distributed to food distribution centers. Results of the check seem to indicate that the recipes are relatively ineffective because they call for food materials--oil, eggs, and sugar--which are not available, and because the imported foods housewives receive are very simple to prepare and need no recipes for adequate preparation. Recipes were posted in ration centers, but seemed not to attract very much attention.

Sept. in his office. Yes. Also 8th Army Priority List. (Kochi had some difficulty with this.)
3. Asked about his personnel. Seems to be OK at present. Mr. D. is going to get a new office. (About time he got a break.)
4. Told him of change in CE Officer's plans for August. To go to Kagawa 23 August instead of earlier in the month. OK.
5. Suggested a report to 8th Army on his PTA project--when it is completed.
6. On Mr. D's promotion. It seems that 8th Army OCP stalled him off.
