**UNITED WAR WORK CAMPAIGN
NOVEMBER 11th-18th**

IF THE ARMISTICE IS SIGNED

If the armistice is signed it does not mean in any way that we must stop for one second in our support of the seven welfare organizations in the United War Work Drive.

Millions of soldiers will now be held in Europe for many months, and after the great strain of active warfare, will require the care and attention afforded them by these organizations more than ever. Their welfare must be guarded until the last American soldier steps from the

transport down the plank onto the wharf in New York.

Every worker in the United War Work Campaign should be spurred on to great activity by the peace news.

The following telegram was received yesterday by H. M. Haldeman, Chairman of the Los Angeles County Committee. It is from General Chairman John R. Mott, of the National United War Work Campaign Committee. It is a message to the American people to redouble their efforts at this time when the over-subscription of this great United War Work Drive

will prove to our boys in France that the folks at home are grateful and appreciative of the wonderful work they have done in Europe.

"H. M. Haldeman, Chairman,
United War Work Campaign,
Los Angeles, Calif.,

Our whole national organization is united in conviction that the war work activities of the seven organizations must continue to be pressed with full and increasing vigor, and that whenever peace comes it will be followed by a long period of demobil-

EPIGRYMES:

A PENNY rolled across the floor; Abe Lincoln's honest face it bore, and, just above, "In God We Trust," seen dimly through a coat of rust. And then, the brave word "Liberty," he won FOR men—Grand Tragedy! This penny rusty, must have lain forgotten, but it's found again! YOUR trust is There, and so is mine; it is not cant to say; "Divine the motive for this holy war brought on by tyrants we abhor." And not forgot is freedom's peace; awake, our land shall never cease to champion a cause that's just—from "Liberty," to rub the rust. Friend, ponder well what you can do, and if, like Swift, they ask of you the nature of your THOUGHTS, just say: "How best to serve my flag, today!"

Robert Russell.

"A penny for your thoughts."

DIRTY POLITICS DON'T PAY

The result of Tuesday's election in the Congressional contest in this district, wherein Congressman Randall was victorious in spite of the combined efforts of the Los Angeles Times and the Glendale News, is another verification of the above.

When Mr. Flowers made his initial appearance in this campaign, the Herald was pleased with his talk and appearance, and so stated in these columns, but as time went on and the main argument in favor of his election became only a tirade against Randall and a misrepresentation of facts, our feelings underwent a complete change, and by the returns, which show Mr. Randalls re-election by an overwhelming majority, we were not alone in our position.

ELECTION RESULTS

Stephens for Governor, Randall for Congress, and White for representative, were the winners in contests in Tuesday's election in which most local interest was shown. Glendale did her share in the election of all three, giving Stephens a vote of almost three to one over Bell, and substantial majorities to the other winners. The complete vote in Glendale and the two Verdugo precincts gave Stephens a total of 2446 and Bell 820. During the last few days before election, a hot campaign developed here on the question of Congressman, and while Flowers appeared to be very strong at first, the President's endorsement quickly made itself felt, and Randall gained in strength every day, coming through with a vote of 1883 to 1548 for Flowers, a majority of nearly three hundred. Early returns showed White and Lindley running neck and neck for the assembly, but White gradually gained on his opponent, and finally won by a majority of more than 500, the vote standing White, 1855, Lindley, 1312.

In the state, Governor Stephens is

Sugar Allowances for Home Use Increased

SAN FRANCISCO, November 1. —The sugar allowance for domestic use has been increased from two to three pounds per person per month, according to official information received today from Washington by Ralph P. Merritt, Federal Food Administrator for California. The official announcement from Washington says:

"The rapid manufacture of the new crop of beet sugar in the west, and the new crop of Louisiana cane sugar in the south, together with the freer railroad transportation conditions, the reductions we have made in the consumption of sugar in manufacture and the trades, and the patriotic conservation in the last 4 months enables us to increase the household allowance of sugar from two pounds per person per month to three pounds per person per month, with the same ratio to public eating places.

"The change takes effect November 1. This makes good our promise to increase the household allowance of sugar at the earliest possible moment that our supplies would justify, and it makes it pos-

sible for the households more freely to use the apple, cranberry and grape fruit products, and to use the fruits canned during the summer without sugar.

"The regulations are also revised to the extent that any person may purchase his whole monthly allowance of sugar at one time if he so desires, that is, any family may purchase a month's supply for the entire family in one purchase from the retail trades."

In order that there may be no confusion in the minds of dealers Food Administrator Merritt tonight issued the following order:

"Retail grocers may sell sugar according to the new rule from Washington immediately, provided they keep a record for inspection which will indicate the name of the purchaser, the number of persons in the family and the date of sale. Retailers are assured by the Food Administration that they can within the next few days, secure additional certificates which will increase their allotment for November in accordance with the new policy of distribution."

re-elected by a good majority, and C. C. Young has been elected Lieutenant Governor. It is probable that State Superintendent Hyatt has been defeated by Mr. Wood.

The "bone-dry" amendment seems to have carried by a narrow margin, while the Compulsory Health, Single Tax, and Dental amendments and the amendment relieving cemeteries from taxation were all decisively beaten.

All of the present judges of the Superior Court who were candidates for re-election have been returned.

In the nation the election resulted generally in gains for the Republican party, and the next House of Representatives is sure to be controlled by

that party. It looks likely, too, that the Senate will be Republican, though that matter is still in doubt. Early returns indicated the defeat of Speaker Clark in his Missouri district, but the later report shows him reelected by a safe vote.

National interest has been centered to quite an extent on the Michigan Senatorial contest, where Henry Ford, the manufacturer, was the candidate of the Democratic party, by President Wilson's recommendation, and was opposed by Mr. Newberry, Republican. The vote was very close, and seems to have resulted in the defeat of Mr. Ford.

SIXTY-EIGHT CALLED

To Be Entrained for Camp Kelly on
November 11

Sixty-eight men are to be sent to Camp Kelly, near San Antonio, Texas, for general military service. They have been summoned for mobilization at Board headquarters, in the City Hall, at 11 a. m., November 10th. Some alternates may be required to take the places of men who for one reason or another cannot be sent. The list for that reason includes about twenty alternates. The men will be entrained on the following day. The following is the list:

Charles Paul Brant, 453 Sycamore Ave., Glendale.

Carl Henry Clausenius, 1100 W. Colorado, Glendale.

Gregario Roman Camargo, 119 N. Belmont, Glendale.

Nathaniel Borodille Browne, 1520 Stocker St., Glendale.

Robert Milton Grumbling, 423 Damasco Ct., Glendale.

Frank Palmer, 136 Elrose St., Glendale.

James Campbell McClusky, 232 Orange St., Glendale.

Henry Carl Maine, 1044 N. Brand, Casa Verdugo.

Harry Helmcken Cooper, 1211 N. Brand, Glendale.

Gerald Mortoman Gordon, 618, S. Adams, Glendale.

Thomas Carlyle Young, 570 Broadway, Glendale.

Amos Howell Sullivan, 103 N. Brand, Glendale.

Elmer James Thompson, 764 S. Brand, Glendale.

Ralph Waldo Maker, Glendale Sanitarium, Glendale.

Bert Ensminger, Elks' Club, Glendale.

Leland Irvin Smith, 344 N. Isabel, Glendale.

Perce Hubert Curtis, 1331 Maryland, Casa Verdugo.

Thomas Wainwright Love, 1425 W. Colorado, Glendale.

Walter Axman, Uplands (formerly 1101 W. Broadway, Glendale.)

Edwin William Hambley, 311 E. Broadway, Glendale.

Louis Bates Munn, 317 Hawthorne, Glendale.

Harry Percy Coker, Jr. 126 E. 3rd St., Glendale.

BRANCH LIBRARY NOTES

The Librarian has taken advantage of the time during which the Library is closed to rearrange books and work on the cataloging.

Another rack has been put in directly behind the charging desk, for the circulating magazines. The rest of the encyclopedias, American history and travel has been moved into the reading room.

The books of fiction have all been put together in the same part of the circulation room, carefully arranged alphabetically, by author.

This leaves all the shelving on the south wall of the building to be devoted to non-fiction books, which are arranged in the following order: Section 1, Religion and Philosophy; Section 2, Sociology and Philology; Section 3, Natural Science and Useful Arts; Section 4, Fine Arts and American Literature; Section 5, English, European and Classical Literature; Section 6, History, Travel and Biography.

The Library has every reason to be much gratified at the appointment of Mrs. Bullis on the Glendale Library Board. Her long service of six years as secretary of the Tropico Library Board makes her particularly well qualified for the larger service of the main Glendale library and its branch.

While some cases of influenza are being cared for upstairs, the Library feels perfectly safe, as its part of the building is entirely shut off from the rest, not even the same outside entrance being used, and as a precaution a disinfectant is kept in the Library.

TWO PARADES

Glendale had two parades this week. The first parade was given by the Republican candidate for Congress from this district, Montaville Flowers. A large truck filled with musicians furnished the music, and a large number of machines were in the parade. It was led by Mr. Flowers and family.

The second parade was held on Thursday afternoon, and was held because of the report that Germany had signed the armistice. This parade was led by Chief Herald of the Police Department and Chief Langford of the

Fire Department.

Following them came the entire fire department and our fire engines and also the police department. On one of the fire engines was a sign, "To Hell with the Kaiser." About 50 machines were in this parade, which started from the Fire House at about 4 o'clock.

JOHN SCHAEFFER KILLED IN ACTION

Sergeant John A. Schaeffer, 22 years of age, a brother of Otto Schaeffer, of 406 West Elk Avenue, was killed in action on September 26th.

Young Schaeffer is a native of Glendale, and went to Camp Lewis in the first draft in 1917. His mother, one brother, and two sisters, live in Los Angeles.

INFLUENZA VICTIMS

Another Glendale physician, Dr. T. C. Young, is a sufferer from influenza, but is getting along nicely.

Bert Phair, with Roberts & Echols, is seriously ill at his home with influenza.

"Baby Marie" Osborne and her mother and baby sister also reported as among the influenza victims.

There were thirty-one deaths in Glendale during the month of October, according to City Clerk Sherer, seven of which were from influenza and eight from pneumonia. There were ten births during the same period.

Mrs. Ford Mackay Jack, accompanied by her little daughters, Margaret Adalene and Anna Victoria, and Mrs. Ruie D. Meeke, of Los Angeles, were week-end guests of Dr. Jessie A. Russell, 643 North Maryland Avenue. Mr. Jack, who has recently returned from France, where he was organizing the athletic work for the Y. M. C. A. the past year, is in Phoenix, Arizona, where he was called to outline the work of the coming War Fund Drive.

LOCAL HAPPENNINGS

Corporal Roger Baker writes home that he is now at "the front," where he had been for two weeks, and had seen "lots of fighting." Before this he had been doing clerical work.

Warner West, of Gardena Avenue, is reported to be recovering from a severe attack of influenza. He is in San Francisco.

The many friends of Mrs. Claude Sinsney, of Berkeley Heights, will be glad to know that she has almost fully recovered from a severe attack of the influenza.

Mrs. Jay Rice and child are very ill of influenza at the home of Mrs. L. C. Rice, at the corner of Central Avenue and Los Feliz Road.

Leslie Kepler, who has been quite ill with the influenza at the hospital at the University of California, was given a four-day furlough to visit home folks at 200 West Garfield Avenue. He is well pleased with the care received at the hospital, and he hopes to soon be well enough to be assigned to regular duties again.

Miss Mary Erskine, sister of Don Erskine of Maryland Avenue, who has been doing very strenuous work as a trained nurse at Kelly Field No. 1, at San Antonio Texas, was stricken with the Spanish influenza and then was quite low with pneumonia, but is rapidly recuperating, and will soon be able to assume her duties.

Mrs. Denver Markwith, of Walnut Street, has suffered a relapse, and is again quite ill with the influenza. She was removed from her home to the emergency hospital, where at the end of a week she was so greatly improved that it was thought advisable to take her to the home of Mr. Markwith's mother, at Berkeley Heights in Edendale. Their four-year-old son, Denver, has also been quite ill, but is almost well again. Mrs. Markwith's many friends are hoping for her speedy recovery.

A baby boy was born to Mr. and Mrs. R. N. Phair on Thursday night of this week.

Mrs. Clyde Carmack was the gracious hostess at a very unique Hooverized dinner party on November 1st, at her home on South Central Avenue. The affair was in honor of her husband, whose birthday occurred on that date. The happy circle around the well-appointed table included Mr. and Mrs. J. C. Pollock, of North Glendale, Dorothy, Edith and Grace Carmack, Robert and Floyd Carmack, the guest of honor and the hostess.

DEATH OF FRED LOWE

The sudden death of Fred Lowe, at Petersburg, Florida, of influenza, was quite a shock to his aunt, Mrs. Louise Purnell, of Riverside Drive. Mr. and Mrs. Lowe were the guests of Mrs. Purnell a year or so ago, and they made many friends while here. Mr. Lowe was a hotel man, being proprietor of the well-known winter resort Hotel Poinsetta, at Petersburg. He and Mrs. Lowe had just returned from a summer vacation spent in the Catskill Mountains, and was re-opening the "Poinsetta" in the anticipated heavy tourist travel for the coming season, when he was stricken with the fatal attack, and lived only two days. Their five-year-old daughter is ill of the same disease, and the sad message to Mrs. Purnell requested her to "come immediately," but she is suffering from a severe cold, and was afraid to start on such a long trip in such a condition. Mrs. Purnell has the sincere sympathy of her hosts of friends in this sudden taking of one so near and dear to her.

Mrs. Kate Fraley has returned from a week's visit to Long Beach.

Miss Tressa Conroy was the guest of Mrs. Thomas Cooney on Saturday.

Miss Anna Stoermer, of Los Angeles, is the guest of Mrs. William E. Stoermer, of 3802 Revere Street.

Mrs. W. A. Crause entertained at dinner on Tuesday Mr. and Mrs. Getz and Mrs. Lena Pray, of Des Moines, Iowa.

Mr. E. V. Kaser, of Los Angeles, has purchased a new bungalow on Perlita Avenue, and he and his family are now nicely settled there.

Mr. and Mrs. Tom Ward, of Los Feliz Road, and Mrs. Robert Danner and two sons, of Gardena Avenue, are among the sufferers from the prevailing malady.

William Wilde, of La Clede Avenue, had the misfortune to have his new Ford car stolen. The license number is 341228, and a reward will be given if found.

Little Martha La Fountain has recovered from a mild attack of the "flu" at the home of her grandparents on West Acacia Avenue, but her brother William, who has been much worse with the same disease is still quite a sick little fellow, but is slightly improving.

Precinct 674, Atwater Tract, made a fine showing at the election on Tuesday, fully two-thirds of the voters coming to cast their votes. The precinct is well organized for the coming United War Work Drive, a complete census having been taken the past week. Liberty Loan bonds were purchased to the amount of nearly \$8,000.

RED CROSS NOTES

While the Emergency Hospital continues to occupy the Red Cross rooms workers will call at the residence of Mrs. Leigh Bancroft, Brand Boulevard, for knitting material and hospital garments.

WANTED—By the Red Cross Salvage Department, Bicycle Parts, Games, etc. Leave at Salvage Headquarters, Old Mercantile Bldg.

THE EMERGENCY HOSPITAL

The Emergency Hospital in the former Tropic City Hall has been adapted to the community. It is now accommodating fourteen patients for whom quarters probably could not have been secured elsewhere, and it is adapted itself to its new uses astonishingly well. The hospital now has an office in the small room at the rear of the Librarian's office below stairs, where Mrs. Bacon is acting as secretary and transacting necessary business in connection with the institution. Mrs. Leigh Bancroft is also on a committee of supervision to see that necessary supplies of cooked food of the proper sort are provided, and it is being conducted in a very satisfactory manner.

UNITED WAR WORK CAMPAIGN

Seven welfare organizations are recognized by the government for service among soldiers, sailors, and the women war workers. President Wilson, September 3, requested these organizations to unite in a drive for funds during the week of November 1-18.

The estimated needs of the seven organizations for their work in the coming year amount to 170,500,000, and this is the sum proposed to be raised. The proportionment of the fund will be as follows: Y. M. C. A., 100,000,000; Y. W. C. A., \$15,000,000; National Catholic War Council (K. of C.) \$30,000,000; Jewish Welfare Board, 3,500,000; War Camp Community Service, \$15,000,000; American Library Association, \$3,500,000; Salvation Army, \$3,500,000. Of the total amount, the eight Western States

must raise 5 per cent, or \$8,525,000.

The Y. M. C. A., the Knights of Columbus, the Jewish Welfare Board and the Salvation Army have huts in every training camp, military post, naval training station and cantonment in this country and overseas. These huts serve a multitude of purposes. They are clubs, theaters, gymnasiums and schools at the varied needs of the enlisted men. From these huts go workers with hot chocolate and coffee, sandwiches and doughnuts, even into the very front-line trenches. In these huts are held the religious services of every creed. Every possible provision is made for the moral and spiritual needs of the soldier, and every possible effort to surround him with the home spirit, so important in keeping up his courage.

The American Library Association supplies all these huts and a multitude of other places with books and magazines for the study and leisure hours of the boys here and overseas, and the War Camp Community service serves and provides entertainment for the soldier when he leaves his military camp and goes to the near-by cities and towns.

The Y. W. C. A. maintains the Hostess Houses at the camps, the hospitality center, and the only one for the women friends and relatives of the boys in training. It has established rest and recreation centers and housing facilities for the women workers in this country and France, and overseas, maintains huts for American nurses and French munition workers. It is to this organization that the Government has entrusted the cares and housing of the American girl telephone and telegraph operators of the Signal Corps in France.

When the American lad enters the army he is welcomed by the workers of all these organizations. They are with him always, in the training camp, on the train when he crosses the continent, at the embarkation port, on the transport crossing the ocean, at the debarkation port, in the encampments overseas, in the towns where he may be billeted, and clear to the front line trenches. The war worker of one of these welfare organizations is always ready to help him in his hour of homesickness and dis-

treas. These huts overseas are the nearest thing to home that he knows. They are the evidence that the people back home really care for him.

For the gallant youth of this country who are fighting the greatest war of the world for our safety, nothing is too much to give of comfort or of sustaining cheer.

The United War Work Campaign is your opportunity to show your appreciation of what they are doing for you.

The general plan of the campaign is to allow the first three days for honor subscriptions. In Glendale, these honor subscriptions can be made at 136 North Brand Boulevard. All persons making honor subscriptions without solicitation will receive a special honor badge. At the end of the three days, if the quota has not been reached in this way, the city will be districted and solicitors canvass from house to house.

DEATH OF JOSEPH AGUILAR

Joseph Aguilar, a volunteer member of the City Fire Department of Glendale, died Saturday morning, November 2nd, at the Emergency Hospital in Fire Station No. 2, after a week's illness of influenza. He was an orphan of about nineteen, and so far as known had but one relative, a sister, living in Mexico.

SCHOOLS TO REMAIN CLOSED

Health Officer Chase announces that on account of the number of new cases developing from day to day conditions will not warrant the reopening of the schools on Monday, which the doctor had hoped would be possible. The meeting of teachers and principals for Saturday has been called off.

PROCEEDINGS OF BOARD OF TRUSTEES

CITY ENGINEER LYNCH RESIGNS POSITION

The Board of Trustees assembled at 8:05 p. m. Thursday, all members present. The minutes of the last meeting were read and approved.

A communication was presented from the City Engineer, being a resignation of his office to take effect November 21st, 1918, on account of the fact that he has received his commission as Captain of Engineers and has been ordered to report to Fort Douglas, Utah, for service. On motion of Trustee Henry, his resignation was accepted, and on motion of Trustee Shaw it was ordered that a committee be appointed to draw up resolutions in connection with the resignation of E. M. Lynch, and the Chair appointed on this committee, Trustees Shaw and Muhleman.

A communication was received from the City Clerk stating that he had received a letter from the auditor of Los Angeles County to the effect that the fees collected by him as registrar of births and deaths for furnishing certified copies should be turned into the Treasury of the County, instead of, as heretofore, into the City Treasury. He had also received another letter from the auditor stating that it would be impossible to send him his warrant in payment of fees due, until the sum shown in his report to the County as having been received for this service in the six months ending October 1st, 1918, had been turned into the County Treasury. The communication requested, that as the matter seems to be one for adjustment between the City and County, and may have to be settled in court, the return to him of the sums paid into the City Treasury for the terms stated, is requested. On motion, the matter was referred to the City Attorney.

The motion of Trustee Muhleman was adopted, that when the Board adjourned, it would be to meet on Saturday at 8 a. m., November 9th, 1918. Adjourned.

IF THE ARMISTICE IS SIGNED

(Continued from page 1)

ization. Military authorities say it will take fifteen months to bring the Canadian Army home, and eighteen months for the Australian Army. All military authorities with whom I have consulted insist it will require over twelve months after peace is declared to bring the American Army home. This demobilization period will present greatest need for our work and by far our greatest opportunity. Therefore there should be no hesitation or change in any of our campaign plans, except that of enlarging and redoubling our efforts to secure, if possible, 50 per cent over-subscription.

(Signed) JOHN R. MOTT."

MOBILIZATION TO PROCEED

Chairman Lanterman announces that no orders have been received countermanding draft calls, and the work of mobilization will proceed until the Government orders otherwise. Registrants who have been notified to appear before the Exemption Board must obey instructions and be prepared to follow orders when inducted into service. Until other orders are received the Exemption Board and the registrants of the district must carry out the instructions in hand.

Two men are wanted by the Local Exemption Board for limited military service at Fort McDowell, California. These men will entrain on the 25th of November.

A call for stenographers, typists, or general clerks has been received by the Local Exemption Board. These men must come from the special or limited military service classification only. The men will be entrained for Fort McDowell, California. A large number of these men are wanted, and application to the Local Board should be made at once.

It costs us 24 billion to keep him equipped and only 170 million to keep him smiling. Let's do it.

FOOD PROGRAM CALLS FOR INCREASED SAVING

America Must Save Millions From Famine in War or in Peace

From a harvest less in aggregate production than last year, America must save and export at least 17,700,000 tons of foodstuffs overseas during the next nine months. This is approximately 12,000,000 tons greater than the average pre-war exports or nearly two tons from each farm in the country.

Intensive conservation of all foodstuffs and substitution of perishables such as vegetables and fruits, for non-perishables, like meats, fats and sugar, is the keynote of the new food saving program, which will be given in further detail to the people of America in the new home cards to be distributed beginning Dec. 1.

This new program differs radically from last year's program because the problem which confronts the nation has undergone a radical change.

Last year the great need was to save wheat. This year the demand is for the saving of foods of all kinds. Last year the use of wheat substitutes and the increased use of corn was taught. Now all foods which can be shipped are equally sacred.

Our great problem this coming year is to provide food for our allies and lay up a reserve for home use. Last year we shipped 11,800,000 tons of food. This year we must ship 17,700,000 tons, and possibly far more.

In the new home card will be found the specific details of the appeal to the American people. That appeal in general is simply this:

SAVE SUGAR that our allies may have a fair portion.

SAVE MEAT, for meat is one of the foundations of the army ration and our allies are short of meat.

SAVE WHEAT, for it is the ideal food for export, the chief element of the diet of all European people.

USE VEGETABLES. They are grown at home and they save meat and wheat.

USE MILK. It is the best of all foods.

USE FISH. It takes the place of meat.

USE FRUITS. They are grown near home. Their use saves sugar.

Avoid the use of articles imported or transported from long distances. We need the transportation facilities.

Above All, Waste Nothing.

Remember that peace will not bring more food to the world. When the Germans were swept back from the coast of Belgium and a hundred cities and towns were freed from the grip of the invader, the first effect was an ap-

peal for 20,000,000 emergency rations to feed the destitute Belgians left among the ruins of demolished cities. Quickly the Belgian relief commission made shipments of food to provide for 10,000,000 persons who will soon be liberated in France and Belgium.

This is typical of the conditions that will exist in all the regions where for four years millions of armed men have worked untold desolation.

Not only have food stocks been destroyed but even more serious, the productive capacity of the farms has been reduced by the destruction of farm machinery and the removal or killing of farm animals.

To prevent famine and remove the danger of anarchy, food must be rushed to the people of the countries afflicted with the horrors of war.

Not less than 150,000,000 people, in addition to the people of the allies, are on the border line of starvation in the countries bordering on Germany. We must feed them through the coming winter or millions will starve.

We must husband our resources to meet the demands which peace will throw on us. The cry of humanity forced us into this war. The wail of the hungry victims of war's desolation will ring across the ocean in an insistent demand for bread. We must furnish it without stint.

Grain Saved by Clean Threshing

In thirty-three states where campaigns toward cleaner harvesting and cleaning have been conducted, more than 16,000,000 bushels of wheat has been saved, according to reports made public today by the United States Food Administration for California. This

saving represents wheat cargoes of 30,000 bushels each for 500 food ships, and will materially aid America to save and export the 17,500,000 tons of foodstuffs pledged prior to June 30, next.

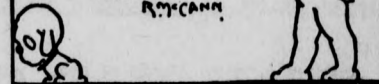

Many other states where the food administration's so-called "blanket test" has shown growers how to determine when a threshing machine is extracting the grain properly, have reported greatly reduced harvest losses, and other methods of farm conservation have resulted in further savings of marketable grain.

Under agreement of the food administration with the food controllers of the Allied nations, our breadstuffs export program for the coming year will aggregate 409,320,000 bushels, which is equivalent to more than 60 bushels for every farm in the United States. Of this total between 100,000,000 and 165,000,000 bushels will be rye, barley and corn.

Save your apples. Do not let them go to waste. They are valuable food and can be substituted for exportable foods needed on the firing line. Windfalls should be carefully preserved and used.

THE CHEERFUL CHERUB

I'd like to make friends with
the squirrels and birds
And write famous books
about creatures I've known
But I hate to intrude on
their privacy much —
They seem to
prefer that I
let them
alone.
