Experts Will Submit Plan for Division of German Indemnity

Allied Experts Will Lay Scheme Before Representatives at Brussels, July 2; Supreme Council Discussed Germany's Observance of Treaty.

Boulogne, June 23.—(Associated Press)—The official communication issued after adjournment of the conference of the Allied leaders yesterday says: "The conference was held at the Villa Bella from ten o'clock this morning to one o'clock this afternoon. "The question of the German indemnity and its division among the Allies was examined further. It was decided that French, British, Italian, Belgian and Serbian experts should meet in Paris in order to determine a basis for common proposals which will be submitted to the Allies July 2 at Brussels, where a final agreement must be reached before the Spa conference.

DEMOCRATS OF U. S. AND PROHIBITION

Statement by Burleson May Indicate Wilson Wants Restrictions Eased

San Francisco, June 23.—Intense interest was aroused to-day among Democratic leaders here for the national convention, which is to open Monday, by reports of a statement by Albert S. Burleson on the subject of prohibition enforcement.

Senator Glass of Virginia, who arrived this morning, is believed to have been entrusted with a formal expression of the President's views as to the platform. In the meantime, it is generally believed that on the prohibition plank, Mr. Burleson has sounded the Democratic platform fight.

Lincoln, Neb., June 23.—Prediction that the Democratic National Convention at San Francisco will witness fights over the peace treaty, the profiteers and the liquor issue is made in an article by W. J. Bryan in his newspaper, The Commoner. "The chances are in favor of ratification of the treaty without reservations," he writes, "and against the profiteers and the saloon."

SEVERAL KILLED IN RIOTS IN GERMANY

High Cost of Food Leads to Outbreaks at Many Points

Berlin, June 23.—Several persons are reported to have been killed at Ulm, Wurttemberg, in the course of rioting against the high cost of food. Similar demonstrations are reported as occurring elsewhere in Wurttemberg, notably at Ravensburg and in other parts of Germany, including Osnabruck, in Hanover, Crefeld, in the Rhine province, and Frankfurt-on-Main. Many clashes have occurred between the police and the Reichswehr on the one hand and the demonstrators on the other.

Ottawa, June 23.—(Canadian Press)—The quantity of butter held in cold storage in Canada increased forty per cent, during May. There were 2,208,641 pounds in storage on June 1 last, forty per cent, more than on the first of the preceding month.

The report of the Internal Trade Division of the Dominion Bureau of Statistics on cold storage conditions on June 1 was issued to-day. It shows that 659,246 pounds of oleomargarine was in store, a slight increase over the previous month. Cheese stocks amounted to 3,701,923 pounds, a decrease of 59 per cent; of eggs there were 7,891,663 dozen, besides 847,898 not in cold storage (other storage) and 206,228 dozen frozen eggs. This was an increase of more than 250 per cent.

Stocks and lamb stocks amounted to 1,277,574 pounds, an increase of nine per cent. There was an enormous increase in poultry stocks and a decrease in fish stocks, incident to the season.

Dead Bodies Lie in Streets of Derry as Fighting Continues

Dispatch States Many Wounded Persons Lying in Thoroughfares; No Let-up in Battle Between Factions; Malcontents Control Most of the City.

London, June 23.—A dispatch to the Exchange Telegraph from Londonderry states that many dead and wounded are lying in the streets.

Londonderry, June 23.—There was no cessation to-day in the battle between Unionist and Nationalist factions which has kept Londonderry in a terror-stricken state for some days past.

During the night the rival factions erected additional barricades, from which they kept up a continuous fire. At times the shooting reached the intensity of volleys.

The malcontents to-day were in entire charge of most of the city, and it even was impossible to learn the number of casualties.

NEW CABINET IS FORMED IN GERMANY

May Remain in Office If Majority Socialists Well Disposed

London, June 23.—Formation of a new German Cabinet is reported in a Berlin dispatch printed in a late edition of The Times this morning. The message says new men have been found for a couple of posts in the Ministry. This Cabinet is regarded as an emergency one, the dispatch quotes The Tagesspiegel as saying.

The correspondent of The Times asserts the new Government is expected of remaining in office despite upon the willingness of the Majority Socialists to observe "benevolent neutrality."

PERIOD OF INFLATION DECLARED ENDED

London, June 23.—(Canadian Press)—The financial editor of The Times, reviewing the "business" section of the new Government's program, says it is clear conditions in Canada have much in common with those on this side. The period of inflation has ended and it would be unwise to anticipate a continuation of the rate expansion recorded in the past few years.

## KILLED JAPANESE WHO HAD SURVIVED

First Bolshevik Massacre at Nikolaievsk, Siberia, Followed by Another

Washington, June 22.—Japanese forces sent to the rescue of survivors of the reign of terror inaugurated after the Bolshevik captured the remote Siberian town of Nikolaievsk in April, arrived on June 3, only to find the town in flames and the survivors of the first massacre murdered, according to official reports received here yesterday from Tokio.

It was stated that the 129 Japanese who had been held prisoner by the Bolsheviks April 10 were put to death the day before the Japanese reached the town.

The Bolsheviks then set fire to the place and fled.

With the massacre of these prisoners all the Japanese civilians, numbering about 400 at the last census, as well as the 400 Japanese soldiers forming the garrison of the town, had been exterminated.

## PENSIONERS REPORT ADOPTED BY HOUSE

Bills Giving Effect to Committee's Recommendations Introduced in Commons

Ottawa, June 22.—Just before rising for dinner recess, after the afternoon session yesterday, the House, after nearly four hours of discussion, concurred in the report of the Special Committee on Pensions. Hume Cronyn, London, chairman of the Committee, had first outlined the scope of the Committee's recommendations. Increased pensions under the report, he said, would raise the Dominion's annual pension bill from \$25,000,000 to \$32,000,000. For the benefit of approximately 177,935 pensioners the Committee found it necessary to recommend an average increase of fifty per cent. more than the pension scale of a year ago.

Lieut.-Col. Peck, V. C. Skeena, who followed, proposed an amendment to the formal motion for concurrence with Mr. Cronyn had presented. Colonel Peck moved that the Committee's report be referred back with instructions that it be so amended as to provide for subsidies for fishermen as well as for farmers. In the ensuing discussion warm tribute was paid to the work of the Committee. From the Opposition there came the criticism that the Government should have taken responsibility for refusing cash gratuities "instead of blaming the Committee," as Captain Power, of Quebec, put it, and Captain Power declared he could see "the political handiwork of a man from Saskatchewan, knows the length and breadth of the country as a man likely to out-Roger Bon Robers in the extent of pulling the Government out of a hole."

Already Considered.

Sir Robert Borden indicated that the Committee already had considered the granting of loans to fishermen among others.

Colonel Peck, speaking with some warmth, declared that rather than run any risk of delaying benefits, he would withdraw his amendment. "It is not a question of class with me," Colonel Peck claimed. "I don't care about technical forms, and perhaps I am ignorant of how procedure is specified fishermen as only one way of reopening the matter of the rights of returned soldiers."

The amendment being withdrawn, the House then adopted the motion of concurrence in the Committee's report, and bills to give effect to the committee's recommendations were introduced.

## WRANGEL'S ARMY DEFEATED REDS

Washington, June 22.—General Wrangel's anti-Bolshevik troops defeated reinforcements sent to the aid of the Red forces, according to a report from an amendment to the House by the Commissioner in the Crimea and Southern Russia, received yesterday by the State Department.

General Wrangel took approximately 400 prisoners and considerable military supplies. Many of the Bolshevik prisoners joined Wrangel's forces and entered the fight against their former comrades.

London, June 22.—A Bolshevik official statement issued in Moscow yesterday and received here by wireless, said Polish troops west of Retchin, were hurriedly retreating before the Bolsheviks, who had advanced as far as Babitchi.

The statement said that on the front where Soviet forces were opposing troops commanded by General Baron Wrangel, north of the Crimea, Dnieper River steamers had been sunk.

## INCREASED NUMBER OF IRISH MEMBERS

London, June 22.—In the House of Commons yesterday the Government accepted an amendment to the Home Rule Bill proposing that the Irish representation in the Imperial Parliament should be forty-six instead of forty-two members in order to include four representatives of the Irish universities in the interests of the minorities of South Ireland.

The Government opposed an amendment suggesting that Irish representation at Westminster should cease on the Irish Parliament achieving union. The amendment was rejected by a large majority.

## SHORT OF BREATH Could Hardly Walk Without Resting

When you go to a physician to be examined for any heart trouble one of the first questions he asks is: "Are you short of breath?"

Now, when the heart becomes affected there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness and a weak, sinking, all-gone feeling of oppression and anxiety.

On the first sign of the heart becoming weakened or the nerves unstrung Milburn's Heart and Nerve Pills are just the remedy you require. They regulate and stimulate the heart, and strengthen and restore the whole nerve system.

"Mr. Stephen Crouse, East Clifford, N. S. writes: 'I suffered for five years with heart trouble. I could hardly walk from the house to the barn without resting as I used to get so short of breath. Doctor's could not help me. My wife told me to get a box of Milburn's Heart and Nerve Pills and I felt better after taking them. Three boxes made me quite well. I am now helping my son to work the farm, and can truthfully say I feel like a different man.'

## SAYS LEAGUE WILL BE A SUCCESS

Sir Herbert Ames Expresses Confidence in Address to Commons

Ottawa, June 22.—A message of confidence in the success of the League of Nations, and of praise for Canada's part therein, was delivered in the Commons last night by Sir Herbert Ames, financial secretary of the League.

"The League of Nations is no longer a dream," Sir Herbert said. "It is a reality; it has been; it has form; it has functions. Many difficulties have been overcome; many dangers evaded. There are still difficulties and dangers in the way, but I am to-day convinced that ultimate success is reasonably sure—so convinced that I am ready to stake my future on this issue."

The speech of Canada's representative on the Secretariat of the League was followed with interest by members of all three parties. He said he had returned to record a solemn declaration that in his judgment entering the League Canada had made no mistake. He urged, if possible, fuller co-operation.

Unique Position.

Canada's position in the League was unique. She had joined, not for what she could get, but for what she could give.

The disappointment over the failure of the United States to enter had turned all eyes toward Canada.

Canada would be asked to bear her share of the expense. For her there would be no immediate return beyond the approval of conscience and the esteem of the world. But the day would come when what Canada was now giving would be returned a hundredfold. Sir Herbert appealed to Canadians to be as generous as a nation towards sick and suffering nations as they were known to be as individuals toward suffering individuals.

International relationships, he declared, should be free from partisanship. The spectacle of political division on international questions exhibited by "a nation not far from us" should be a sufficient object lesson for Canadians to agree to disagree on home questions.

Thirty-seven Powers.

Thirty-seven powers, with a total population of 350,000,000 had already joined the League, and there was little doubt that inside of another year there would be fifty-five to fifty members. "Never in the history of the world has so large a number of independent nations joined together for common ends," said the speaker. It had been intended to hold the first session of the Assembly in Washington. This was impossible when the United States abstained from becoming a member and the session of the Assembly was postponed until November, 1920, when it will be held in Brussels.

Tasks.

The Council had dealt with tasks such as settling the Saar difficulty. It had set up there a Commission in order to administer the area with justice to both contending parties, and in accord with the terms laid down in the peace treaty. One of the most active and successful members of that Commission was R. D. Waugh, formerly Mayor of Winnipeg. Sir Herbert declared that since Mr. Waugh's appointment he had not only demonstrated his fitness for the important post, but also had brought credit upon Canada and Canadians.

The control of Danzig had been another problem for the Council to solve. To have given that city to Poland or to have left it in the control of Germany would have precipitated war.

Fair Play.

Danzig, therefore, had been placed under the authority of the League of Nations, and Sir Reginald Power had been appointed High Commis-

6. 'Plain'

What does the motorist look for more than any other quality in tires? You know—**Mileage**. And because they deliver **more mileage—give greater dollar and cents value—**"Dominion Tires" enjoy the largest sale among experienced Canadian motorists.

The "Dominion Tire" dealer is a good man to become acquainted with. He can give you helpful advice and save you money. He knows Tires, Tubes and Accessories. That is why he carries the "Dominion" line.

**BILL PROVIDES SHIPBUILDING AID**

Commons Approve Government's Plan of Endorsing Notes

Ottawa, June 23.—The shipbuilding resolution, embodying the Government's plan of endorsing notes for the purchase of steel ships to be built in Canadian shipyards, was carried on division in the Commons at 2:40 o'clock this morning and a bill based on it was given first reading.

When the resolution was taken up in committee late last night vigorous opposition came from the Liberal and Progressive benches. Jacques Bureau, Liberal, Three Rivers, Quebec, however, supported the measure.

Liberal members characterized the proposals as "vicious" and "silly." Hon. T. A. Cresser charged that it was discrimination in favor of foreign shipbuilding. It was time when the Government should practice rearmament.

Hon. C. C. Ballantyne explained that from \$28,000,000 to \$30,000,000 would be necessary for this purpose during the next three years.

25,000 Men. The Minister said some 25,000 men were employed in steel shipyards in Canada and some twenty-five per cent of these were returned soldiers. The Government had been approached time and again and urged to assist the yards in order to keep these men in employment. The French Government wished to purchase ships in

Canada, and this measure was needed if the orders were to be secured for Canada.

Liberals from the Maritime Provinces argued that wooden shipyards were entitled to the same treatment as were the steel yards. William Duff, Lunenburg, demanded that the House be given time to consider the resolution.

Jacques Bureau said the depreciation of French currency was all that kept French orders from the Three Rivers yards. He supported the Government resolution as a means of keeping the shipyards going. The banks could not care for everything at home and also help the shipyards. He felt that it was necessary to support the resolution to keep the shipyards working. He regretted to differ from his friends, but could see no other method of immediate aid to shipbuilding.

Work for Canadians. P. R. Du Tremblay, Laurier-Outremont, was the second Liberal to support the resolution. He declared that all parts of the ships meant work for Canadians.

Sir Henry Drayton said if the resolution was put through the bill would not be pressed to-day. Mr. Duff would then have ample opportunity to look into the need for the measure. The banks of Canada could not finance these ship orders along with their present responsibilities.

Sir Henry admitted there were difficulties in regard to the mortgaging of vessels, but that matter was in the hands of the Minister of Justice, who would see that the security was made perfectly safe.

**KRASSIN'S NEGOTIATIONS.**

London, June 23.—Semi-official announcement was made yesterday that no crisis existed in the negotiations between Premier Lloyd George and Leonid Krassin, the Bolshevik Minister of Trade and Commerce.

Yes, Luke, the coquette was created so the fool might have a companion.

**WINNIPEG TRIBUNE**

A SOUTHAM PAPER

M. E. Nichols and R. L. Richardson, M. P., Associated With Southams

Ottawa, June 23.—William Southam and Sons, Limited, have purchased The Winnipeg Tribune. Associated with them in the transaction is M. E. Nichols, whose resignation as Director of Information was tendered to the Department of External Affairs. Mr. Nichols will assume his duties as managing director on July 1.

R. L. Richardson, M.P., retains an interest in the new company and the vice-presidency. He will continue his active connection with the paper. In acquiring the Winnipeg Tribune the Southams have made an important addition to an already strong group of newspapers which includes The Hamilton Spectator, The Ottawa Citizen, The Calgary Herald and The Edmonton Journal.

Mr. Nichols is well known in Winnipeg, where for eight years he was in charge of The Winnipeg Telegram.

**MURDERS IN 1918**

**FOLLOWED BY ARREST**

Six Farmers Were Killed in Alberta; D. Lough Arrested at Grande Prairie

Grande Prairie, Alta., June 23.—Provincial police yesterday arrested Dan Lough in connection with the murder of six farmers in this vicinity on or about June 18, 1918.

About three weeks ago the Attorney-General's Department offered a reward of \$5,000 to the person or persons who would give information that would lead to the arrest of the perpetrator of the crimes. The police, it is said, have been entirely responsible for the arrest, so the reward will remain unclaimed.

All the murdered men were known to have large sums of money on their persons at the time of the murders, and were about to leave Grande Prairie for Vermilion, where they were going to take up ranching.

**TO OPPOSE APPEAL IN RUSSELL CASE**

Winnipeg, June 23.—A. J. Andrews, K.C., who leading counsel for the Crown in the strike prosecutions, left the city last night for London, where with Sir John Simon, K.C., one of the leaders of the English Bar, and E. L. Newcombe, K.C., Deputy Minister of Justice, Ottawa, he will oppose the application for a hearing by the Privy Council of the R. B. Russell appeal. According to a cable recently received from W. H. Trueman, K.C.,

**CEYLON ALSO HAS  
AFTER-WAR PROBLEMS**

British Merchant Speaks of  
Conditions in Historic  
Island

Nationalist agitation in Ceylon, while influenced to some extent by that of India and Egypt has not reached the extent at which it becomes prejudicial to the British authority in the island. Such is the opinion of A. H. Marshall, who arrived with the Empress of Asia, and is now registered at the Empress Hotel, en route to England.

Mr. Marshall is a merchant in Ceylon, and is therefore free from the natural prejudice of officialdom. He pointed out that Ceylon, like so many of the Asiatic countries and islands, is inhabited by a large native population, which is disinclined to manual labor, and, under the circumstances, about one million of the four million of the population is composed of Tamils from India who are largely employed in rough labor on the plantations. Some of the educated Singalese, who have been educated abroad, are inclined to question the necessity of continued British administration, but after all the issue is limited, maintaining a very limited garrison now, relying upon the improved communication with India for prompt movement of troops in case of trouble. There is now, he points out, railway communication with South India continuous, except for a mile and a half of ferry across the Strait.

Mr. Marshall pointed out that the two staple industries, tea and rubber, are both in a prosperous condition, and in each of them a large amount of capital is invested.

Dealing with the question of trade with Canada, he pointed out that the demand, except for tea, was limited, although there was an increasing demand for tea in the United States. It would be impossible to use the soft woods of British Columbia there, owing to the ravages of the white ant, which would bore through any obstacle except some half dozen hard woods which were used in Ceylon, he stated.

Mr. and Mrs. Marshall plan to cross the Atlantic on the Empress of France.

**NO CHANGE YET**

General Manager of C. P. R. Hotel  
System and Pending Vacancy  
There.

Discussing the expected resignation of Col. Humble from the management of the Empress Hotel, F. L. Hutchinson, General Manager of the Canadian Pacific Railway hotel system, said to The Times that his department had not considered the question of a successor, and nothing definite had yet been done.

Mr. Hutchinson renewed his expressions made on his last visit to Victoria with regard to the large tourist business offering. The mountain hotels, he stated, were doing a great deal of business already with a most desirable class of tourist.

**JOHNSON SAYS ITS  
HIS DUTY TO TALK**

Owes It To Public to Tell of  
Remarkable Benefits He  
Received From Tanlac

"When a man has suffered with the worst kind of stomach trouble for ten years, and then finds a medicine that gives him complete relief, and builds him up until he feels as well as ever he did in his life, I think he ought to be willing to talk for the benefit of others. Well, that is what Tanlac has done for me, and I feel it my duty to tell everybody about it."

The above statement was made recently by J. Johnson, the well known marine engineer, living at 1728 6th Ave. West, Vancouver, who in telling of his remarkable experience with the medicine, said:

"I doubt if anybody ever suffered much worse from indigestion than I did. Why, everything I ate gave me a burning sensation in the chest as though I was on fire inside, and I would have most awful pains in my stomach. My food would sour and the gas would blast me up until I would fairly gasp for breath, and I had such sharp pains in the region of my heart that I was nearly scared to death. I was simply in dread all the time of the pains that came on after every meal. I tried all kinds of medicines without getting any help, and I really don't know how I got through those years of misery without breaking down completely."

"Although I heard so many good reports about Tanlac, I never had much idea that it would do me good. Still, I gave it a trial and the way it settled my troubles gave me the surprise of my life. I hadn't taken but a few bottles before I had an appetite like a wolf and could eat anything I wanted without fear of sourness, gas or pain afterwards. I can't remember when I ever felt better than I do to-day, and the wonderful change in my health is entirely due to Tanlac. It's the best medicine I ever struck and I wouldn't be without it for anything."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

## "J" UNIT CABARET GREATLY ENJOYED

"J" Unit Chapter, I. O. E. E. held a very successful cabaret dance at the Criterion last night when every table was taken. Among those taking part in an excellent programme were Miss Winnie Howard, who, together with Miss Charlton, organized the musical part of the entertainment, and herself contributed some violin numbers; Miss May Middleton, Mr. R. E. MacKenzie, Lieut. Webb and Mr. Wadd. The songs were all of a popular character, and the audience joined in the choruses with enthusiasm.

## METHODIST CHURCH ARRANGES "MOVIES"

Dr. Sipprell Deplores Craze For Pleasure Among the Populace

An arraignment of the moving picture show as an undesirable influence on the young at an impressionable age was delivered by Rev. Dr. Sipprell, of the Metropolitan Methodist Church, before the Women's Canadian Club yesterday afternoon at the Empress Hotel. Admitting that there were sometimes educational factors in screen productions, the speaker thought that nevertheless the balance was against the modern film play as a suitable entertainment for the young.

The universal craze for pleasure was deplored by Dr. Sipprell in the course of his remarks. He expressed regret that seemingly the war had not made people serious, and he thought this was a disappointing aspect after all the heroic sacrifices that had been made. Dr. Sipprell was heard with great attention, and at the conclusion of his address Mrs. H. J. Young in proposing the vote of thanks said that the picture show of vision to enoble the present and future generations.

The issues of life lay in the final analysis of womanhood, Dr. Sipprell said, claiming that on the undercurrents of their influence permeated the character of the nation, and he wished to lay emphasis on the spiritual forces underlying woman's place in national life. He thought that men and women should work together as one great body for one common goal, and if the home sometimes needed the sterner hand of the man, the State needed the softening influence of woman.

**Economic Position.**  
Woman's importance economically lay in her power as a purchasing agent, for ninety per cent. of commodities were purchased by women. The Canadian dollar goes the furthest after all, the speaker said, and he urged his audience to buy Canadian products in Canada, make their financial investments in Canada, and for the present even take their holidays in Canada and keep the money in the country.

Finally the pastor pleaded for Canadian idealism, and a well ordered education for the young. Better citizenship should be taught, and everyone should learn that they owed a contribution to the public good.

In her introductory remarks Mrs. Jenkins said that while party politics had no place in the club every woman had a duty to perform in registering her name on the voters' list. Much pleasure was afforded by the singing of Miss Dorothy Dorrell, who contributed a charming vocal solo and encore.

**MISS HART HONORED.**  
A well-deserved honor was conferred on Miss Eva Hart the well-known singer, who has given so much of her time and talents to this city when she was elected by the Ladies' Musical Club as an honorary member of their organization. The honor is one which all Victorians will appreciate, as no artist in the city is a greater favorite.

**A. O. U. W. BALL.**  
A social event of great interest to the members of the local order A. O. U. W. will be held at their hall to-night, at which the honor guests will be Mr. and Mrs. James Stansby, Brother and Sister Workmen, whose wedding will have been solemnized this afternoon. Miss Edna Wrigglesworth will become Mrs. Stansby.

## LIBERAL DONATIONS TO B. C. ORPHANAGE

Pound Party Is Attended by Large Assembly of Friends

A very gratifying response met the appeal of the B.C. Protestant Orphanage at the annual pound party held yesterday. A large number of visitors were present, and the contributions were more liberal than on any preceding year.

Cash subscriptions totalled \$800, and the donations otherwise were mostly in staple groceries. The committee is much pleased with this tangible evidence of the interest taken in the institution.

Mrs. McTavish, president of the Ladies' Auxiliary, and members of the committee including Mesdames Sawyer, Hiscocks, Fraser, Stewart and Andrews received the guests. The committee was assisted at tea by some of the older girls of the orphanage, and the tea room looked very nice with flowers on the tables and flags on the walls.

Miss Tolmie, treasurer, and Mrs. Sherwood, secretary, took charge of the donations as they arrived, and Mrs. David Miller, who through her many years' association with the work has come to be considered indispensable to the success of the annual pound party, made a record of the gifts as they came in.

At the conclusion of the afternoon the children grouped themselves on the steps of the institution and sang the National Anthem. The generosity of Mrs. Roberts, who gave the services of her orchestra for the day was greatly appreciated by the committee. Among the clergymen of the city who showed their interest and sympathy in the Orphanage by attending were the Very Rev. Dean Quantin, Rev. W. Baugh-Allen, Rev. A. G. Wells, Dr. W. L. Clay and Rev. A. de B. Owen.

**COLWOOD LADIES BEAT VICTORIANS**  
Are Successful in Golf Competition For Sayward Cup

Lady golfers of the Colwood Golf Club won the match with the Victoria ladies in the Sayward Cup competition over the Colwood course yesterday afternoon. The competition was decided by points, one point for the first nine holes, one for the second nine holes and one for the third nine holes. The Colwood ladies secured twelve points to their opponents' five. They won all individual games but one.

The match was the third of the series between Colwood and Victoria since the Cup was donated in 1919. The trophy has to be won three times in succession to be permanently retained, and so far Colwood has won twice and Victoria once.

The score yesterday was as follows:

Victoria	Colwood
Mrs. Patterson, 0	Mrs. Sweeney, 2
Mrs. Philbrick, 1	Miss Sayward, 2
Miss Pitts, 0	Miss Mara, 3
Mrs. Murton, 1	Mrs. Rithet, 2
Miss I. Wilson, 3	Mrs. Graham, 0
Mrs. A. R. Green, 0	Mrs. Abel, 3

## Gifts to Women Who Use Jiffy-Jell

Jiffy-Jell users should write to the makers for a list of aluminum molds. Molds, spoons and measuring cups are supplied to users free.

Jiffy-Jell is the one dessert which has the fruit flavors in vials. A bottle of condensed fruit-juce essence comes in the package. So a Jiffy-Jell dessert is a real-fruit dainty. The flavor is not artificial. The sweetening is sugar, not saccharine. Women who once try it will always get it. Your grocer has ten flavors. Try pineapple and loganberry first.

## VERDICT FOR CITY IN BAILEY ACTION

Plaintiff Loses Second Suit  
Affecting Pandora Avenue  
Sidewalk

In the Supreme Court this morning before Mr. Justice Macdonald the city won out against the Bailey interests and the Cameron Investment Company, when judgment in the favor of the defendant corporation was rendered. H. B. Robertson and City Solicitor H. S. Pringle appeared for the city, and W. J. Taylor, K. C., and J. R. Green for the plaintiff.

The claimants brought action asking for damages in respect to the strip on Pandora Street used by the city, and restoration of the property to its original state, or adequate payment for the strip in use by the corporation. The action was rendered complicated through mortgage and transfer of mortgage on the property in question and also owing to the fact that the mortgage was not registered.

**Much Litigation.**

In delivering judgment Mr. Justice Macdonald stated the history of the legal proceedings that have occurred in the local courts, the Court of Appeal of Canada, and the Supreme Court of Canada on this same question. The appeal of the plaintiff was disallowed, he stated, as was the counter claim in the action in the Supreme Court later. The plaintiffs were further in the present action, claiming payment on the full assessed value of the land—some \$10,000 or restoration which would cost but \$40 to \$60 and in passing he wished that fact to be recorded.

"I find from the facts that the city might have lawfully expropriated the land in question—and could widen the street when the necessity arose. The error was one that occurred from action properly taken by the city on the recommendation of its council, and carried out for municipal purposes, so that it could not be called in any sense a wilful trespass on the property in question.

"A number of authorities have been quoted in support of the claim by the defendants that a doctor had become debarred, though it was hardly seriously contended by counsel that for damages this action would act as a preventative. As in the Westholme case I think the same principle might apply in this under section 484 of the Municipal Act, as I understand the limitation of actions against municipalities," said His Lordship.

**Reasons For Dismissal.**

"It is the intention, I take it, to protect municipalities against the prosecution of stale claims, and a six months period has been set by the Legislature for this purpose, to allow the owners to support their rights. If I am right in this belief it makes that section of the Municipal Act even more applicable as a defence for the defendant corporation, so that I think that as to damages and obstruction the action is barred. In view of the conclusion it seems unnecessary to refer to other intentions on the part of the city of Victoria, a judgment already stands against the plaintiff deciding rights that the latter sought to have enforced in this section. If I had not come to the conclusion that the action was barred I would have reserved judgment on the point. I cannot overlook the fact that the judgment was against the defendants in the main action in the previous cases, but that was brought on other grounds. The mortgagee stands in the shoes of the mortgagor, and is entitled to the same privileges, which in this case does not apply. The action of the plaintiff is dismissed."

### OBITUARY RECORD

The funeral of Frederick Sittler, whose death took place on Monday at the Royal Jubilee Hospital, will take place to-morrow morning at 11 o'clock from the Sands Funeral Chapel. Rev. R. Litterer will officiate and interment will be made in Royal Oak Cemetery.

The funeral of Lee How took place yesterday afternoon at 2 o'clock from the Sands Funeral Chapel. Many friends were present and the casket was covered with many beautiful flowers. Interment took place at Ross Bay Cemetery.

The death occurred yesterday morning at Jubilee Hospital, after a long illness, of Eleanor, beloved wife of Evan Davis, of South Wellington, B. C., at the age of 53 years. The late Mrs. Davis was born in Liverpool, England, and came to Canada about thirty years ago, and had resided in this city for more than twenty years. She is survived by her husband, also two stepdaughters and three stepsons, Mrs. Joe Wilkinson and Mrs. Sidney West, of this city; Evan Davis, of Vancouver, and Wynham Davis, of Victoria. The remains are resting at the B. C. Funeral Chapel, from whence the funeral will take place on Thursday at 3:30 p. m. Rev. Robert Wilkinson officiating. Interment will be made in Ross Bay Cemetery.

**Relief Drive Ready To Start on Monday**

Local Branch of Jewish Relief Association Prepares For Next Week

From eighty to 100 persons attended at the campaign organization meeting held last evening on behalf of the Jewish Relief Association at the headquarters, Government Street.

The meeting was in charge of G. G. Bushby, the Chairman of the Victoria Branch, and General Clark, the campaign director, and among the speakers were Rabbi E. Friedlander and Rev. A. de B. Owen.

While the progress has been somewhat hampered by the delay to give the Y. M. C. A. drive right of way this week, there is no doubt that when the campaign is formally opened on Monday there will be ready response.

The organization is particularly glad to hear of the donation of \$2,500 by H. P. Davidson, President of the Red Cross Society, as proof of the Jewish Association's collection being backed by the "Red Cross" organization.

Information has reached the New York headquarters, and has been forwarded here, that the Polish Government has conferred upon Felix M. Warburg a medal for his work among the refugees during the last few months in Poland.

The conditions around Kiev must be very unsatisfactory, as the Trans-mission Bureau of the central organization has notified S. H. Ansell, local campaign manager, that a remittance from Joseph Katz, of this city, to his sister in that region cannot be delivered owing to the district being shut off from communication.

### MRS. FARRIS SPEAKS ABOUT PROHIBITION

A vigorous argument in favor of prohibition as against Government control of liquor sales was made by Mrs. J. W. de B. Farris, wife of the Attorney-General, at the annual Provincial Convention of the Women's Missionary Society of the Baptist Church in B. C. on Tuesday afternoon.

In the interests of the home and of religious life Mrs. Farris advocated prohibition as being in the best interests of the community. This summer there would be no work so im-

portant for women as getting the referendum passed in favor of prohibition, said Mrs. Farris.

In her address of welcome to the delegates Mrs. Farris said that she could claim to be what one might call a "reinforced" Baptist, for all her own family and that of her husband were of that denomination. She welcomed the delegates, believing the convention to be a means of bringing the different parts of the Province in closer co-operation, and while it was not a temperance convention, Mrs. Farris said that the society ought to find itself a great influence in this connection.

Yes, Hazel, the reason some men get married is that they are too tender-hearted to refuse.

# What Is Nuxated Iron?

Physician Explains—Says Public Ought To Know What They Are Taking—Practical Advice on What To Do To Build Up Your Strength, Power and Endurance and Increase the Red Blood Corpuscles.

The fact that Nuxated Iron is today being used by over three million people annually and that so many physicians are prescribing it as a tonic, strength and blood builder in weak, nervous, run-down conditions has led to an investigation of its merits by designated physicians and others whose reports should be of great importance to the public generally. Among these is the statement made by Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and Westchester County Hospital, who says: "When one patient after another began asking my opinion of Nuxated Iron, I resolved to go thoroughly into the subject and find out for myself whether or not it possessed the real value claimed by its manufacturers and attested to by so many prominent people. This is exactly what I believe every honest, conscientious physician should do before prescribing or lending his endorsement to any product whatsoever. It is especially in our profession that we ought to be the first to know of it and if it is efficacious we are in duty bound to recommend it for the welfare of our patients. A study of the composition of the Nuxated Iron formula so impressed me that I immediately tested it in a number of obstinate cases. So quickly did the patients to whom it was administered that I became firmly convinced of its remarkable value as a tonic and blood builder. I have since taken it

# Financial Standing of Province Has Improved Under Oliver Government

Hon. John Hart Shows How Steady Nursing of British Columbia's Finances Has Secured Confidence; Forecasts Domestic Loan.

Hon. John Hart, Minister of Finance, at the Victoria Liberal Association meeting last evening at Pantages Theatre, told the story of the rehabilitation of the finances of British Columbia since the Oliver Government took office in 1916.

Mr. Hart's address was listened to with attention and applause. He started with the description of the "deplorable condition of the depleted treasury with heaps of liabilities to be taken care of" when he and his associates assumed charge after the defeat of the Bowser administration.

"We found it necessary to obtain about \$4,000,000 to get a clean start," said Mr. Hart. "But when we tried the financial markets we found that the credit of the Province was so low that we had to pay seven and a half per cent interest on any securities we sold.

**Cut Expenditure to Revenue.** "We refused to do that. We set to work and prepared our policy to be brought within the revenue. And when we had worked out that policy the banks were impressed with our serious intentions and were willing to carry us until more favorable conditions developed.

"The last Government in 1910 boasted of \$9,000,000 in the bank. That \$9,000,000 came into the treasury through the sale and alienation of the natural resources of the Province. Those were the days when Mr. Bowser boasted that the 'speculator must have his chance'.

**Spent \$18,000,000 a Year.** "At that time the liability of the Province was \$10,000,000 and there was a sinking fund which would have brought that to about what there was in the bank.

"When we came into office six years later we found the liability of the Province had increased from \$10,000,000 to \$22,000,000 and there was a floating debt of \$2,000,000 making a total of \$24,000,000 altogether.

"We found that the revenue in these years from 1911 to 1916 had been \$45,000,000. So that between 1911 and 1916 \$90,000,000 was spent: "Is it any reason why the credit of this Province was maimed?

**Heavy Railway Liabilities.** "Then also we found the guarantees of \$47,000,000 for the Canadian Northern Railway and \$20,000,000 for the Pacific Great Eastern.

"It was fortunate for this Province and more by good luck than by good management that this Province has been relieved of that load of \$67,000,000 guarantee to the Canadian Northern by the Dominion Government. But it is not so with the Pacific Great Eastern. It is indeed a live liability.

"But Premier Oliver has worked night and morning until he has straightened out the Pacific Great Eastern. It is costing the Government now \$1,000,000 a year to pay the interest on the Pacific Great Eastern.

**Fixed Charges Now Heavy.** "When we took office we thought it would be an easy matter to raise the revenue a little and bring down the revenue of last year to the revenue of the last Government was estimated at \$6,000,000 with an estimated expenditure of \$11,000,000, not including the Pacific Great Eastern."

The Minister told of the difficult task of bringing the expenditure of the Province within the revenue.

When the Government took office the outlay on the B. C. University was \$25,000. In 1917-1918 it was \$225,000. This year it is about \$500,000. In 1917 education took \$1,297,000, hospitals \$407,000, mental hospitals \$500,000, civil service salaries \$1,444,000, Pacific Great Eastern \$1,722,000. This year the Pacific Great Eastern is costing the Government \$5,000,000.

**First Surplus Attained.** "These items made it difficult for the Government to keep to its policy," continued the Minister. "These items amount to about \$8,000,000, that are all fixed charges. It is impossible to cut them down. The Government had to provide \$5,000,000 before it had one cent to spend. This made it necessary to increase our revenue.

"It was not until 1919 that we had the chance to present our financial policy to the financial markets. But in 1919 for the first time since 1910 there was a surplus of revenue over expenditure.

**Secure As Ontario.** "On these reports we called for tenders for \$3,000,000 of debentures. These tenders came practically at par for our 5 1/2 per cent debentures. At the same time the Province of Ontario came on the market and got approximately the same price as we. Our debentures were put out on a little better terms to us than Ontario's. Ours were put out exactly at 5.56 per cent. Ontario's were 5.37 per cent.

"We had demonstrated to the financial men that we had rehabilitated our credit and brought it up to the standing of Ontario!"

**Saved \$746,000.** "By holding back on issuing these debentures of that load of \$67,000,000 we bid for on a basis of 7 1/2 per cent until we had straightened out the finances of the Province, \$746,000 was saved to the taxpayers of this Province on the one hand."

Hon. Mr. Hart explained that of loans amounting to \$5,770,000 negotiated by this Government about \$6,000,000 has been loaned to the Pacific Great Eastern, \$2,000,000 to the Land Settlement Board, \$780,000 to South Vancouver on the security of \$1,000,000 of 100 bonds of that corporation, \$750,000 for the better housing scheme and other sums loaned under the Industrial Act. He pointed out that all these loans are returnable to the Government with interest.

**All Returnable Investments.** "With the exception of \$500,000 all these loans are returnable to the Province with interest and are used for the development of the Province," he said.

"When they are analyzed I challenge the leader of the opposition to say whether he would not make these loans if they were in effect the only amount for the consolidated fund was the amount to pay the indebtedness when we came into office."

**May Fix Local Loan.** Hon. Mr. Hart said he and the Government are considering very sympathetically the suggestion of local bond and financial men that a local loan be floated in British Columbia so that the interest will not be sent out of the Province but returned to the people of this Province.

He dealt with the new audit system which has cost \$15,000 and brought into the treasury \$775,000 that would not otherwise have been received.

**Bring in Old Taxes.** In 1916 he said he found arrears of taxes amounting to \$2,500,000, some of them having lingered on for twenty years without being collected. The collection department was reorganized in January, 1917, and \$650,000 of these arrears had been brought in, leaving only \$750,000 outstanding.

**Exchange Situation.** Hon. Mr. Hart explained that six or eight months ago the exchange situation was so precarious that sterling dropped to \$3.18. This made it possible to import stock from London and because of the exchange to realize a profit on it. Large blocks of first class securities were imported. This meant that investors threw up Victory Bonds to buy securities yielding higher profits. The price of Victory Bonds then dropped because blocks of them were thrown on the market. This situation affected Provincial securities also, forcing down the price and forcing up the interest rate.

# "DRY" VOTE TO SETTLE B.C.'S FUTURE, OLIVER SAYS

(Continued from page 1.)

"We have passed a new election law which as far as is humanly possible puts an end to some of the election scandals of the past. B. C. now has on its books an election law which had the unanimous support of every member of the Legislature. I think that B. C. to-day has the most thorough legislation designed to secure for the electors the exercise of their franchise with the least possible inconvenience to themselves, and legislation that is far in advance of any other legislation in preventing wrongdoing.

The Premier explained how the signature of the voter is taken when he registers and how this signature must be compared with the signature when the voter applies for his ballot.

**Absentees to Vote.** He also explained how absentee voting is now possible for the convenience of persons who do not happen to be home on election day. A voter can claim a ballot in any part of the Province on election day and vote. The ballot is then sent to the voters' registration district, and before the vote is opened or counted the signature of the voter on the envelope is compared with his signature on the registration form.

"It is no longer necessary for the transportation of voters over long distances on election days, as has been the case in the past," the Premier went on. "The whole object of the legislation is to make it easy to do right and make it almost impossible to do wrong."

**Cared For Soldiers.** "If this Government had done no other thing than they have done in passing that voting act, they have done something which will redound to the advantage of the people of this Province."

Taking up the returned soldier problem, the Premier explained that in 1918 representatives of the Government of Canada met in Ottawa and decided on the national policy in handling the soldier problem. Under this the Government of Canada was to assume the burden.

W. M. Ivel, President of the Victoria Liberal Association, made an admirable chairman.

ment of Canada to take care of the disabled men and widows and orphans, the Premier continued.

**B. C. Leads Canada.** "The Government of this Province has not failed in one iota in carrying out the arrangements made in Ottawa in November, 1918. And this Government has gone a long way further. We have given preference to returned soldiers in Government employment in every case. Since the Civil Service Act came in in July, 1918, there have been 575 appointments. Of these 510 have been returned soldiers—a record that has not been approached by any other Province in Canada. I did not come out and work for Union Government during the election of 1917, instead of staying home and minding my own business, in the Government here. But I ask you to search the records and see what the percentage of appointments was returned soldiers made by the Dominion Government is. And if our percentage is not four times as great I will stop speaking of this matter."

**Works That Counted.** The Premier told of the "different feelings" that exists between the Government and returned soldiers now from that which existed not so long ago when delegations were crowding the Parliament Buildings.

"Why?" the Premier asked. "Because we have not been going around the country three or four months every year telling what we intended to do, but we have been trying to do something rather than to be telling about it."

**Absorbing Unemployed.** The Premier instanced these returned soldier developments, the Housing Act, which borrowed \$1,500,000, and apportioned it among the municipalities to aid soldiers to build their homes, establishment of flourishing and successful land settlements at Courtenay, Creston, Kelowna and one, that has not yet been so successful, at Fernie; purchase at a cost of \$250,000 of the best fruit lands in the interior of British Columbia, on which \$1,000,000 is now being spent for irrigation. Returned soldiers have the first choice of all these lands.

He recalled how in the Fall of 1918 there were thousands of unemployed in Victoria and ten thousand in Vancouver. These were partly absorbed by the clearing and construction work carried out by the Government on the soldier settlement areas.

W. M. Ivel, President of the Victoria Liberal Association, made an admirable chairman.

"When we took office we thought it would be an easy matter to raise the revenue a little and bring down the revenue of last year to the revenue of the last Government was estimated at \$6,000,000 with an estimated expenditure of \$11,000,000, not including the Pacific Great Eastern."

The Minister told of the difficult task of bringing the expenditure of the Province within the revenue.

When the Government took office the outlay on the B. C. University was \$25,000. In 1917-1918 it was \$225,000. This year it is about \$500,000. In 1917 education took \$1,297,000, hospitals \$407,000, mental hospitals \$500,000, civil service salaries \$1,444,000, Pacific Great Eastern \$1,722,000. This year the Pacific Great Eastern is costing the Government \$5,000,000.

**First Surplus Attained.** "These items made it difficult for the Government to keep to its policy," continued the Minister. "These items amount to about \$8,000,000, that are all fixed charges. It is impossible to cut them down. The Government had to provide \$5,000,000 before it had one cent to spend. This made it necessary to increase our revenue.

"It was not until 1919 that we had the chance to present our financial policy to the financial markets. But in 1919 for the first time since 1910 there was a surplus of revenue over expenditure.

**Secure As Ontario.** "On these reports we called for tenders for \$3,000,000 of debentures. These tenders came practically at par for our 5 1/2 per cent debentures. At the same time the Province of Ontario came on the market and got approximately the same price as we. Our debentures were put out on a little better terms to us than Ontario's. Ours were put out exactly at 5.56 per cent. Ontario's were 5.37 per cent.

"We had demonstrated to the financial men that we had rehabilitated our credit and brought it up to the standing of Ontario!"

**Saved \$746,000.** "By holding back on issuing these debentures of that load of \$67,000,000 we bid for on a basis of 7 1/2 per cent until we had straightened out the finances of the Province, \$746,000 was saved to the taxpayers of this Province on the one hand."

Hon. Mr. Hart explained that of loans amounting to \$5,770,000 negotiated by this Government about \$6,000,000 has been loaned to the Pacific Great Eastern, \$2,000,000 to the Land Settlement Board, \$780,000 to South Vancouver on the security of \$1,000,000 of 100 bonds of that corporation, \$750,000 for the better housing scheme and other sums loaned under the Industrial Act. He pointed out that all these loans are returnable to the Government with interest.

**All Returnable Investments.** "With the exception of \$500,000 all these loans are returnable to the Province with interest and are used for the development of the Province," he said.

"When they are analyzed I challenge the leader of the opposition to say whether he would not make these loans if they were in effect the only amount for the consolidated fund was the amount to pay the indebtedness when we came into office."

**May Fix Local Loan.** Hon. Mr. Hart said he and the Government are considering very sympathetically the suggestion of local bond and financial men that a local loan be floated in British Columbia so that the interest will not be sent out of the Province but returned to the people of this Province.

He dealt with the new audit system which has cost \$15,000 and brought into the treasury \$775,000 that would not otherwise have been received.

**Bring in Old Taxes.** In 1916 he said he found arrears of taxes amounting to \$2,500,000, some of them having lingered on for twenty years without being collected. The collection department was reorganized in January, 1917, and \$650,000 of these arrears had been brought in, leaving only \$750,000 outstanding.

This made it possible to import stock from London and because of the exchange to realize a profit on it. Large blocks of first class securities were imported. This meant that investors threw up Victory Bonds to buy securities yielding higher profits. The price of Victory Bonds then dropped because blocks of them were thrown on the market. # FOUR HUNDRED ACTS SHOW WORK OF LEGISLATURE

George Bell, M. P., Deals With Social Welfare Legislation

READY TO GO WHERE REFORM IS NEEDED

A special feature of the Liberal meeting last evening was the statement made by George Bell, M.P., senior member for the city, on the record of the Oliver administration for social welfare legislation.

**Four Hundred Acts.** "In four years past we dealt with 400 Acts, which speaks for itself, and in the last session we enacted 123 bills. This represented night-and-day work for the entire period, and indicates the good solid hard work that this administration performed in looking after the interests of its people. Many people are apt to favor the 'spicier' side of politics—the 'Dick Elliott' stuff, but believe me there is a great deal of hard and solid work necessary to carry on the affairs of the Province.

"The industries of the Province are usually divided into four heads, Land, Timber, Mines and Fish, the last of which is in the control of the Dominion Government, though we have heard of the 'freezing' of the latter. We could make a better job of that ourselves.

"Along all lines of big things under this head the present administration has devoted its best interests and indications show that the industries of the Province have doubled, helped on by this Government.

**Social Legislation.** "You all know of the women's franchise in 1917, and I may tell you that the era of freedom for the ladies dates back to the beginning of the Liberal session."

**A Voice.** "You would have got it by hook or by crook." "Then there is the Industrial Home for Girls, a piece of humane legislation on which we may pride ourselves, as it gives the wayward girl a second chance," continued Mr. Bell. "Then there is the Department of Labor and you all know what a great deal of good that department has accomplished. Every time we save a scrap of money and conserve the interests of the community, and the Department of Labor has saved a good many scraps."

"The monthly payment of wages was another necessary piece of legislation, and has caused a great relief in its workings. Then in 1918 there was the establishment of the Juvenile Court, a humane piece of work that stands to the lasting credit of the administration to-day, as it takes the young offender and treats them sensibly and does not seek to make criminals of them, as heretofore. Mrs. Ralph Smith introduced the Minimum Wage Act for women, and with all due credit to our lady member, of whom we are justly proud, that act was passed mainly by the efforts of the Premier himself.

"I am skipping many, as time is short; in 1919 there was the Deserted Wives and Children Act, which offered protection to the family—surely a man married he should be made to look after his responsibilities. The suppression of venereal disease was ensured by an Act, and there is no need to refer to it, but it was a very necessary piece of legislation.

"We did our bit" even in the last session and in 1920 we have the institution of a school for subnormal children, which was sorely needed in this Province. The adoption of children was taken care of in an Act that will protect those philanthropic people who went to the trouble of raising somebody else's child, to have the parent come along and say that the child was old enough to work now and he wanted the child back. The Adoption Act has put an end to all that, and was necessary in the interests of the Province.

"Next, legislation was passed to facilitate the incorporation of Associations and Societies, a very necessary bill that makes for social development.

**Mothers' Pensions.** "Then there is the Mother's Pension Act, and in that we all surely concur with unanimity. It has been said that \$65 a month is not sufficient for a widow with four children, but even you will agree with me that it is a whole lot better than nothing at all. I say it with pride, the Province is paying the whole shot for these pensions, and I could mention much more that the present administration has accomplished, but suffice it to say that we have paid fair attention to every phase of welfare legislation along social and humane lines."

**Replies to Query.** "In conclusion, if I may be pardoned a personal reference, someone has asked me a question on the telephone, stating that he was going to speak plainly and daring me to answer here to-night. That question was: 'Isn't it up to you to stay at home, and see some smokestacks raised here?' (laughter.)

"I felt that myself, too, at first, but when I joined the legislature I did not know that I would have to give all my time to the work; I would starve half the year if I did. What is the use of sitting here when there is nothing to do, when elsewhere there is work waiting to be done?" Mr. Bell then went on to tell of his activities in boosting Canada in all his public speaking in New Zealand and other places and stated that he had never addressed a gathering there that he had not devoted the first five minutes to a talk on the splendid opportunities offered by the "glorious Dominion."

**Acts While Others Are Passive.** "One month ago at a meeting of the Board of Trade it was urged that increased trade with the Orient was very essential. What has been done about that since? I have been boosting this country everywhere I speak, and I promise you when I address those good Scottish people I will devote a generous share of my talks to the Canadian West. If you, who elected me, do not like it, you will have your chance in the second term, and there may be no second chance as far as I am concerned."

Mr. Bell's statement was received with attention and he was accorded considerable applause.

**GUILD OF HEALTH**  
Rev. T. E. Rowe Will Give Address To-morrow Evening.

The Rev. T. E. Rowe, of Vancouver, will give a public address in the schoolroom of Christ Church Cathedral on Thursday at 8 p. m. The meeting announced for Thursday evening at St. Paul's Church, Esquimalt, at which Mr. Rowe was to be the speaker has been cancelled.

The Guild of Health, of which Rev. Mr. Rowe is director, has changed its date of meeting from Wednesday fortnight, to Thursday fortnight, so that the members of the various churches might have an opportunity to attend the meetings.

The organization is not sectarian, but is open to all.

Dean Quainton, President of the Guild, extends an invitation to his brother clergy to be present on Thursday evening, and hopes that every church will co-operate for the spiritual awakening and healing of

Five or eleven miles from nowhere—in your auto, or your motorboat—and she stopped, dead.

No Spark! Ignition on the "blink"—storage battery gone "blooie!"

Most exasperating, isn't it? And why did it happen to you?

Drive around here, soon, and ask us for a copy of folder, called

"The Care of Your Battery"—

It's free—and it will give you many little pointers on what to do to keep your battery in tip-top shape all the time. In the meantime, we'll test your battery (no matter what kind it is), and add just enough pure distilled water to keep the solution at the proper level, and furnish the necessary "pep" to keep you going.

At the same time we'll look over both the battery and ignition system to see if there's some little trouble somewhere that can be easily "cured," to save trouble later.

Our chief object is to help you keep both battery and electrical system in fine trim, to assist in keeping down running expense and needless repairs.

His Opened Office—Dr. G. C. J. Walker, dentist, has opened an office at Room 72, Arcade Building.

To Speak on Prohibition—A lecture on prohibition by the Rev. R. M. Thompson will be given at the Esquimaux Methodist Church, Friday, June 25.

Musical Recital—Mrs. MacGovern's music pupils will hold a recital at Fletcher's music store on Friday evening from 8 to 9 o'clock. Mrs. Wheaton, contralto soloist, Regina, will assist.

Eleventh Machine Gun Brigade—The Shooting Practice announced to take place at 8.30 p. m. (new time) on Thursday will be held at 8.30 p. m. standard time.

Young People's Society—The Young People's Society of Emmanuel Baptist Church, held a very enjoyable impromptu evening last night at 8 o'clock, those taking part in the programme being H. Crowther, H. Clark, Miss To Boydell, Geo. Francis, Mr. Francis, Sr., and Miss Violet Parfitt.

To Speak To-night—Dr. W. P. White, of the Moody Bible Institute, Chicago, who is paying his first visit to Victoria, will speak this evening in the First Presbyterian Church. It is proposed to arrange for a conference, with weekly addresses, next September, when Dr. White will again be on the Pacific Coast.

Identify Suicide Victim—U. S. Consul Mosher yesterday received word that Joseph J. Hook, former lieutenant in the United States Army, who committed suicide last Sunday, was a native and resident of Atlanta, Georgia, and that his mother lies there seriously ill, and cannot be told of the sad occurrence. The message asks that all care be taken to give the remains an honorable burial, as the unfortunate man served with great distinction in the European war.

House Partially Gutted—Fire yesterday at 3 p. m. gutted the rear of a dwelling at 1141 Fort Street, breaking out in the roof and partially destroying the rear section of the roof and most of the attic, damage to the extent of several hundred dollars being done. The residence was occupied by Mr. A. Bantly. The brigade responded in prompt order and by energetic attack saved much of the possible consequences of the conflagration.

Successful Musical Pupils.—The following pupils of Mrs. W. O. Cockett have passed the examination of the Associated Board of the Royal Academy of Music and the Royal College of Music, London, England: Lower Division: Muriel Daniels, Harold Dark, Ivy Gardner and Susan Moore. Elementary Division: Ruth Dicker and Edith May. Primary Division: Dorothy Dixon and Arnes McInnes. Douglas Redman, of the Royal Academy of Music, London, Eng., was the examiner.

To Speak at Royal City—Hon. J. H. King, Minister of Public Works, will be the speaker at a special meeting of the New Westminster Board of Trade next Friday evening. Acceptance of the invitation has been received by Mayor Johnson, who made the arrangements, in conjunction with President Macseal, of the Board of Trade, whereby it will be a joint affair, taking in the City Council, the New Westminster Automobile Club and the municipal councils and boards of trade of the adjoining municipalities.

Will Address Corner Club—Canon Hinchcliffe for many years a missionary among the Peigan Indians, will address the girls of the Corner Club, at the L.O.O.F. Hall, on Thursday, at 7 p. m. Canon Hinchcliffe has recently returned from the front, where he was serving as chaplain. He is now working among the returned soldiers in Victoria. Friends from Victoria Hall are making arrangements for the supper, which will be served, promptly at 6.15 p. m. Any girls who are away from home will find a warm welcome.

Back From Tour—Lieut. Harold F. Helmsing has returned from a successful tour of the Lower Fraser on behalf of the Navy League of Canada, of which he is the provincial secretary. Commencing with a monster meeting to commemorate the Battle of Jutland, held at the Pender House, New Westminster, Mr. Helmsing spoke at various points in the Fraser Valley, securing many new members for the League. It is his intention to present the prizes won in the recent essay competition at Margaret Jenkins school Friday, while on Saturday he will perform a similar function at St. Ann's Academy.

### ORIENTALS CLAIM RIGHT TO WORK ON GOVERNMENT LANDS

Attorney-General Tells Court Province Can Discriminate Against Them

SAYS B.C.'S ACTION DOES NOT INFRINGE TREATY

Hon. J. W. de B. Farris, Attorney-General, to-day delivered his argument before the Court of Appeal showing how the claim of the B. C. Government to exclude Chinese and Japanese from working on contracts on Government lands does not infringe foreign treaty rights.

Sir Charles Hilbert Tupper, K. C., on the other side representing the Canadian-Japanese Association with a membership of 5,000, who claim that the Province infringes the terms of the Japanese Treaty of 1912 by stipulating in contracts that Japanese must not be so employed. Charles Wilson, K. C., is representing the Single Agency of B. C., consisting of employers of Asiatic labor.

The Attorney-General read article one, section three, of the treaty which says that Japanese in Canada shall in the pursuit of their industries, callings or professions be placed on the same basis as the nationals of the most favored nation.

Net Even Against Germany.

"What are the rights of the citizens of the most favored nation and what is the most favored nation?" asked Sir Charles Hilbert Tupper. "No particular nation is given any particular favors."

Hon. Mr. Farris asserted that there is nothing contained in the treaty that interferes with the right of the Province to put terms or stipulations in its contracts, such as

### DIVORCE CASES

Court Crowded To-day With Applicants and Witnesses.

Mr. Justice Macdonald's divorce court was crowded to-day with applicants and witnesses in undefended actions. Court officials declared it is the busiest divorce day they have had so far this season, which itself has been marked by an unprecedented activity in divorce.

Robert E. McKerns sought a divorce from Sybil Nellie McKerns. Pete Pallantieri was named as the co-respondent.

Mrs. Gladys Hewlett, of Vancouver, sought a divorce from Ernest Edward Hewlett, recently of the Okanagan, for divorce, basing her claim on certain associations while he was overseas.

Mrs. Mary Helen Goodacre started action for divorce against her husband, Sam William S. Goodacre.

Steady Progress in Offerings Reported to Convention

The advance made by the Baptist Churches of British Columbia was shown in the excellent report given this morning at the twenty-fourth annual convention by Rev. P. C. Parker of the First Baptist Church, Victoria, secretary of the Board in British Columbia. The sum of \$126,000 has been raised during the past year and the report pointed out that this sum is \$16,000 ahead of the regular budget, and \$23,000 through the Forward Movement. This was considered the best report in the past eleven years. It was read by J. J. Wallace, secretary of the board.

Rev. Mr. Parker drew attention to the great increase of population in the cities, and said that one of the chief problems of the day lay in coping with the migration of the populace to the city centres. Rev. Walter Daniels of Vancouver seconded the adoption of the report which was moved by Rev. Mr. Parker, and said that he had come from a small country church twenty years ago, and he claimed that the ministers of the church were being drawn from the country districts, the young men of the cities being attracted to other professions. Hence he upheld the importance of rural parishes.

The devotions this morning were led by Rev. M. Fanshawe of Vancouver, and in the afternoon by Rev. I. Page of Kelowna. The convention sermon was preached by Rev. Mr. Litch, who dwelt on the need for persistent spiritual effort.

This afternoon the delegates were driven to the Observatory where they were met by Dr. Blakett, and all much enjoyed the view and the wonders of the Observatory.

Committees Struck.

Rev. M. T. Habershon last evening welcomed the delegates, and response was made by Rev. J. S. Pirie, Dr. William Russell, of Victoria, president of the Baptist Churches of British Columbia, gave an interesting address in which he traced the growth of the Baptist Church through twenty centuries.

Rev. A. Lewis, of Regina, president of the Baptist Union of Western Canada, spoke on the requirements of this country in home life, and the need for training in right living.

The following committees were appointed:

Credentials—Rev. G. Wood, E. Scott Eaton, Mrs. P. H. McEwen.

Programme—Rev. M. T. Habershon, Rev. F. W. Auvaiche, Rev. W. Stevenson, Rev. N. McNaughton.

Victoria Stages Big Slugging Rally But Yakima Wins in End

Get Eight Hits in Last Minute Spurt, But Not Enough to Tie the Score; "Lefty" Lawson Has a Bad Day and Yakima Takes Advantage Of It.

Victoria, 10; Yakima, 15. NOTHING daunted by a score of fifteen to two against them, Bill Leard's pill tossers yesterday staged an almost incredible rally at the last minute in their game with Yakima and gobbled up eight hits and as many runs before the Yakima boys, swept off their feet, could stop them. But it was no use. The odds were too uneven and the Capitals retired at the end of the ninth with five runs needed to tie the score.

"Lefty" Lawson in the bok for the Capitals made things look blue from the start. He allowed the Yakima batters to pound out fourteen hits and, as a result, they managed to chalk up a dozen or so runs before the Victoria bunch had really got started. One of the Yakima boys managed to get a circuit ticket off Lawson, too, Gorman, second baseman for the home team, landing square on the apple and slicing it 'way over the outfield.

Everything apparently was hopeless as the game drew to a close but scrappy Bill Leard still kept hoping. So along in the eighth, the Capitals determined to even things up a bit even if they couldn't win, began to find Valencia, who was on the mound for Yakima. Find him is right, they simply massacred poor Valencia to the tune of eight hits which brought in eight runs before the smoke cleared away. That, with two runs secured earlier in the contest, brought the total tally for Victoria up to ten,

still five behind the home team. And the score remained that way until the close of the massacre. It was a slugging game throughout, with five two-base hits, three triples and one homerun—the latter, as recorded, off Lawson. Lawson, besides allowing fourteen hits, walked nine men. On the other hand, the Yakima hurler allowed seventeen hits, and his team mates registered three errors to Victoria's two, and yet they managed to win. A fierce wind interfered with the

AMERICAN LEAGUE LEADS IN SCORING George Sisler Going Better All the Time; Speaker Slipping

New York, June 23.—The American League is far in the lead in the higher scoring which is accompanying the heavy batting in both major leagues. The famous 1 to 9 pitchers' game had rolled up a total of 1,546 runs to the National League's 1,000 runs in 162 games. The American had played 165 games and the National 164. Reduced to a game average, the comparison was 9.1-3 runs per game, the comparison was 9.1-3 runs per game.

LEAGUE LEADERSHIP HINGES ON CONTEST The Knights of Columbus will try to-night to top the local amateur league by defeating Yarrow's. The two teams will try conclusions at the Stadium beginning at half past six (standard time). If the Knights lose, however, they will go down to the cellar with a percentage of .400 with the Equimatt nine in second place, behind the Elks and Colliers-Vets which are tied for the lead. Pete McQuade, of the Knights, is going to put his star slugger, Ray Parritt, in the box, but the Yarrow's crowd say they have got a surprise in store in the shape of a pitcher of extraordinary ability who will make things lively for the opposing batters.

PHASANTS FOR WASHINGTON. Two hundred Chinese pheasants, eight weeks old and sporting their permanent plumage, were brought to Seattle Tuesday from the state game farm, Walla Walla, by E. H. Walsh, fishery inspector of the state fish and game commission. This arrival marks the first shipment of the young pheasants that are reared on the game farm by convict labor for the purpose of rehabilitating the game life of Washington's state fairs.

CORINTHIAN SOCCER TEAM WILL TOUR IN CANADA THIS SUMMER Toronto, June 23.—The Corinthian soccer team of England probably will visit Canada this Summer and play games in Montreal, Ottawa, Toronto, Hamilton and the Northern Ontario towns. J. B. A. BOYS ARE NEARLY IN SHAPE Training Hard to Distinguish Themselves in Big Regatta

With only three weeks or so left in which to get themselves ready for the big N. P. A. O. regatta, the J. B. A. rowers are working like Trojans to train off all surplus flesh, imbibe the bountiful knowledge of Coach Dan O'Sullivan and generally round into shape. And while the local boys will have to keep on practicing hard until the day of the regatta, those who know are frankly optimistic about the results.

Just now the junior four appears to be in slightly better form than the senior lads but the latter, who naturally require a little more training than the youngsters, are rapidly rounding into splendid shape. Keenest interest is displayed in the 140-pound race, as it will give the youngsters a chance to show what they have in them. The crews in this event are entered as follows: Johnson, stroke; Temple, 3; Cummins, 2; Pauline, bow. Maelachlan, stroke; Hartley, 3; Riddell, 2; Watson, bow.

THREE STARS WILL STRENGTHEN LINEUP Patrick Getting Ready a Team Which Should Down Vancouver

After having watched his petk work out at the Royal Athletic Park last night, Lester Patrick, the Solomon of amateur ice hockey, is more confident than ever that they will be on the field. It is probable, too, that Ernie Munroe may be on hand to play.

With at least three good men to strengthen the line-up, said Lester this morning, "we should have no great difficulty in sewing up the game Saturday. The boys were beaten badly Saturday last, it's true, but they were short four of our best men. I feel that the addition of the four fellows, Baker, McDougall, Mitchell and Munroe, just about decides the game beforehand, though of course, it won't do for the boys to get over confident before they start."

## Sport Scribes Don't Think Frenchman Can Stand Up to Dempsey

Bruiser Will Be Too Much For Him in the End. Admire Frenchman's Skill, But Feel That American

San Francisco, June 22.—Now that Jack Dempsey has been cleared of the draft evasion charges, and the way is open for a match with Georges Carpentier, it is once more in order to note what those ring experts think of him who saw him in his exhibition bouts in the East. The writer has made it a point to carefully peruse hundreds of sport pages in order to get the opinions of the various boxing experts who have been present at these exhibitions, and it is interesting to note that, while all of the writers express an unbounded admiration for the speed, skill and punching power displayed by the Frenchman, there is not one of them who will come out and say that the Frenchman will win against Dempsey. On the contrary, the large majority are candid to say they believe Dempsey will prove too much for the man overseas. Practically all are agreed, however, that there is no Carpentier at Carpentier's weight and inches who can beat him. The opinions of two well known Eastern authorities well sum up the consensus of opinion and they are set down.

**Defence Impregnable.**  
Charles F. Madison, boxing expert of the New York Herald, says: "He showed in the short bout all the best qualities of the finished boxer, and richly earned the plaudits of the spectators. His defence was impregnable, despite the fact that his opponent tried repeatedly to land with effect. In the matter of attack Carpentier was irresistible, and his shifty opponent received many a solid thump on face and body. The French champion jabbed, uppercut, slipped, sidestepped, and in fact showed himself to be a master of technique."  
Fred Keatz, of the New York

Evening Sun says: "It is plain that Carpentier is as fast and clever a boxer and as effective a hitter as reports have made him out to be. There is no doubt that if Dempsey lands squarely on Carpentier's body or jaw he will not have to repeat the blow, for it never has been said of Carpentier that he is an iron man when it comes to taking punishment."

**Better Than Miske**  
"Carpentier looks like a better man than Miske, and Dempsey could not hit Miske squarely, although they met twice. Georges is much faster and a much better boxer than Miske, while he is rugged enough to take what punishment would come his way."

**Trouble Ahead for Carpentier.**  
Not a word, you see, to the effect that Carpentier will defeat Dempsey. To the contrary, the inference is that if Carpentier will stick to men of his own size and weight he is unbeatable, but there is likely, and in all probability will be trouble in the event he faces Dempsey.  
Under the circumstances, if a match is consummated between the two boxers, it seems certain that Dempsey will reign a top-heavy favorite as far as the betting odds are concerned. Sentiment does not mean much here when aligned against gold cash, but it also is certain that Carpentier will have the good wishes of thousands of persons.

### AMATEUR UNION MEETS THURSDAY

The regular monthly meeting of the B.C.A.A.U. Local Board will be held on Thursday night, June 24, at 510 Sayward Building, at 8 o'clock in the evening. All affiliated bodies are requested to have their delegates in attendance as business of great importance will be transacted.

### PANTHER VISITS DISTRICTS ABOUT CITY OUTSKIRTS

Big Cat Is Making Circle of Country Around Victoria

Victoria hunters are agog over tales of a mysterious visit which a lone panther is paying to the outlying districts about the city. So far the visitor has escaped unharmed, though on several occasions hunters and dogs have tried to locate him and end his depredations upon cattle and sheep.

The panther was first seen at the Uplands a short time ago. Two men, with two dogs went out to the place where he had been sighted, but they did not manage to get on his tracks and abandoned the chase.  
The big cat was sighted at Cedar Hill on the following morning and again two professional hunters tried unsuccessfully to locate him.  
The last report of the beast is that he has been seen in the Strawberry Vale District. As is customary with panthers he is evidently making a big circle about the country districts and probably will be seen further west next.  
An expert hunter, who has just imported a dog whose purpose in life is the pursuit of panthers will willingly go out after the beast as soon as he is sighted again. Any farmers or people living in the outskirts, who naturally are interested in the destruction of the panther, would do well, on hearing of him, to telephone 1182 before six o'clock any evening, or Colquhoun 7X after that time.

### TILDEN BEATS ENGLISHMAN IN TENNIS CONTEST

Experts Agree Parke's Victory Will Stimulate English Tennis

Wimbledon, June 22.—William T. Tilden, of Philadelphia, scored an easy victory over S. Franklin, a Surrey county player of about scratch form, in to-day's play of the British tennis championship tournament here. The match was contested on the centre court.

The match did not provide an anticipated fight, as Tilden in the quickest fashion annexed the first two sets 6-1, 6-1 in twenty minutes and then took the third set 8-6.  
Wimbledon, Eng., June 22.—The unexpected victory of the English tennis expert, J. C. Parke, over William M. Johnston, United States singles champion, during yesterday's play in the British championship tournament here is commented on by the press to-day as likely to give a fresh stimulus to the game in the United Kingdom.  
As to the merits of Parke's victory itself, however, the English experts generally agree that Johnston had an off-day, putting up a game that was far below his standard in the Queen's Club tournament last week.

Wimbledon, Eng., June 22.—The general verdict here is that William M. Johnston, of California, defeated himself in his match with J. C. Parke here yesterday.  
The battle was witnessed by some 8,000 persons who were agog with excitement throughout what was regarded as one of the greatest matches ever played on the historic Wimbledon courts.

The general verdict was that Johnston had beaten himself, largely through his frequent errors of nets and outs. Parke played a far more careful game and was almost invariably safe with his drives, of which the American footed far too many.  
As the last points were scored, giving Parke the victory, a tremendous roar went up from the crowd.  
Parke opened the match brilliantly, going to 3-1 in the first set with well-placed drives and an occasional passing shot on the back hand. The American were gallantly retrieved by Johnston, however, brought the set to three-all and again tried unsuccessfully to outdrive his opponent. To make the American's efforts, Parke displayed admirable steadiness, which ultimately gave him the first set 6-5.  
The Johnston steadied down and annexed the first two games of the second set. He dropped the third game, as previously sent.  
After losing the first set, 7-5, Johnston steadied down and annexed the first two games of the second set. He dropped the third game but shortly carried the score to 5-1. Then he again became spasmodically erratic and lost the seventh game but with a brilliant display of cross-court forehand and back-hand driving, which he English crowd and annexed the set, the American finally took the set 6-2.  
Parke continued to play supremely

well in the third set, making a number of those magnificent forehand drives for which he is famous. The frequency with which he hit the lines seemed almost uncanny and he had the American guessing as regards the direction of the ball. Parke led in this set, 4-0, after which, with the score 5-2 in his favor, he took the sixth game and the set 6-2.  
In the fourth set Johnston was in a tight corner in the early stages, the Englishman leading three games to one. An unexpected British victory here have in sight and the excitement was intense as the opponents battled on. The American rose to the occasion at this stage, however, and amidst vociferous shouting and hand-clapping played tennis of the most brilliant sort and put the score at three-all.

### ASK THAT FIGHTS HERE BE QUASHED

V.I.A.A. Officials Want Recent Bouts Declared No Contests

Greatly disturbed over a report appearing in the Vancouver press and questioning the sportsmanship of Victoria boxing officials, the Victoria and Island Athletic Association is about to appeal to the P.N.A. officials in Portland to quash the recent championship bouts held in Victoria, W. H. Davies, Superintendent of the V.I.A.A., announced to-day.

The local officials and contestants at the recent boxing championships are greatly disturbed at the report appearing in the Vancouver press, quoting Harry Kay, of the Gilmore Athletic Club regarding the recent P.N.A. championships, said Mr. Davies. "The decision has been arrived at that if it is at all possible, the championships held last week will be declared no contest and steps have been taken in this regard."  
**The Report.**  
The report of the recent bouts here appearing in the Vancouver press which appears to have caused the trouble, is in part as follows:  
"When the judges handed in their slips referee Boyd is reported to have abruptly announced that 'Davies wins.' Kay demanded to see the slips, and it was discovered that the referee had mistaken 'draw' for 'Davies.' They went the fourth round, and the referee awarded the bout to the islander, whereupon the audience set up such a howl that he was forced to give the bout to Colclough, who it is said, won so decisively that an error of judgment was hardly possible. The change came after Kay announced that he

"OFF TO LONDON"

**"NEWSY" LALONDE WILL COME WEST**  
Will Play For Vancouver on July 1. If All Goes Well

Vancouver, June 22.—Pete Muldoon has come with the joyful news that "Newsy" Lalonde will be in the lineup for the Terranials in the very near future. In a wire received yesterday "Newsy" states that he will be leaving Montreal on Thursday, so that he should be ready for the game on July 1. Lalonde is well known in this city, having played here in 1919, and in the following year was the great factor in winning the world's championship for this city.  
Westminster will now have to look to their laurels for, despite their four-game lead, they will have to have to

go their limit to defeat the newly-constructed Vancouver team for, in addition to "Newsy," the team has signed on Earl Mathieson and Dutch Kendall. Mathieson was with the overseas team which won the championship in France and is a great defence fielder. Kendall was with the V. A. C. in 1914 and went with the team to Calgary, where he was declared to be a professional, but continued to play for his team, which won the Mann Cup but were refused possession of the trophy.  
The next game will be on July 1, when it is expected that all these three men will turn out.

**BREAKS ORIENTAL RECORD.**  
All-Blinko, formerly professional and who left for the Far East a few months ago, signaled his advent into the land of tea and popples by breaking the Kiangwan course record at Shanghai, accounts of which have been received by Alex Duthie, of the Jericho Club at Vancouver.  
Playing with Viscount Acheson, Alf went round in 68, Bogy for the course is 77, and the previous record was 75, held by Captain Barrett.  
The Shanghai course on which Blinko hung up the phenomenal score is 5,482 yards by official measurement, so that the feat may be accepted as perfect golf.

**FOUR CHAMPIONSHIP CRICKET CONTESTS**  
Middlesex, Hampshire, Surrey and Leicester Are Victorious.

London, June 22.—(Canadian Associated Press)—Four championship cricket matches were finished yesterday at Lords.  
Middlesex defeated Lancashire by an innings and 37 runs, the score being Middlesex 407 runs, including Hendren's 133 and Lancashire 182 and 188. Hallows for Lancashire made 83 and 77.  
Hampshire at Colchester defeated Essex by an innings and 71 runs. Mead for the winners scored 136 not out in a total of 437. Essex made 87 and 256. Kennedy in Essex first

ing took five wickets for 38 and Ryan five for 37.  
At Leicester Notts had the unusual experience of being beaten by Leicester, who scored 322, including 132 by Mountrif. Notts made 165 and 314. J. Gunn had three Leicester wickets for 6 runs and four Notts men fell to King for 25.  
Surrey beat Yorkshire at Sheffield by 204 runs. Hobbs made 112 and 79 for Surrey; score 285 and 268. Yorkshire scored 159 and 164.

**THOUGHT THEY WERE DROWNING, BUT THEY WERE JUST LOCKED IN**  
Wild excitement prevailed at the Elks Club last night when a girl's cry for help was heard in the slush. The chairman of the club rushed to the water's edge, ready to pull off some life-saving stunts, but he found that it was only two young ladies locked in the city bathing house. He went to their rescue without delay, and, after he had let them out, needless to say, he was made a hero by the girls.

## VISCOUNT ISHII GOING TO PARIS

Famous Japanese Diplomat Appointed Ambassador to France

Viscount Ishii, formerly Japanese Ambassador to Washington, has been formally appointed Ambassador to France, to succeed Ambassador Matsuda. Confirmation of the appointment was received with the arrival of the liner Kashima Maru from Japan. Viscount Kikujiro Ishii was educated at the Law College of the Imperial University of Japan. In 1893 he was appointed second secretary to the Japanese Legation at Paris and transferred in 1896 to Chemulpo as Consul-General. During the Boxer Trouble in Peking in 1898 Viscount Ishii was secretary to the Japanese Legation and was among the besieged. He was recalled to Tokyo when the trouble was over and held several important posts in the Foreign Office. In 1907 he was dispatched to San Francisco and Vancouver to investigate the anti-Japanese agitation in those cities. He was Ambassador to France from 1912 to 1915 and Minister of Foreign Affairs from 1915 to 1916. He was sent to America in 1918 as special envoy, where he completed the Lansing Agreement and upon his return home was appointed Ambassador to the United States, which post he held until 1919. He was made Viscount in 1916 and in October of the same year was made a member of the House of Peers.

W. P. Hinton Expected Tomorrow From East Via Prince Rupert

W. P. Hinton, general manager of the Grand Trunk Pacific, reached Vancouver yesterday afternoon from Prince Rupert aboard the steamship Prince George and is expected to arrive in Victoria to-morrow. While at Prince Rupert Mr. Hinton, together with Captain C. H.

W. P. HINTON

Nicholson and H. H. Brewer, conferred with the Citizens' Committee in connection with the longshoremen's strike at the northern port but there is a possibility of an agreement being arrived at on a piece-work basis. In the meantime freight is piling up at the Prince Rupert wharves. The steamship Prince George docked here at 7 o'clock this morning from Stewart and proceeded at 11 o'clock to Seattle. Officers of the vessel state that full lists are being carried both north and southbound.

## WILL LEAVE HOTEL AND MAKE HOME IN OLD COUNTRY

Col. B. M. Humble, C.M.G., D.S.O., manager of the Empress Hotel, and Mrs. Humble, will leave the city in a few weeks with a view to reside in England. Col. Humble has received a cable notifying him that he is chief beneficiary under the will of a wealthy friend, which will convey to him an estate in Derbyshire. It is understood that the legacy will be burdened with heavy succession duties, and therefore the amount of the inheritance is difficult to estimate, though undoubtedly large. It is expected Col. and Mrs. Humble will leave for the Old Country early in August. "Bredren" said a colored minister down on a plantation, "I've got a five-dollar sermon, an' a two-dollar sermon, an' a one-dollar sermon; an' I want dis here indicate audience to take up a collection as to which one of dem dey can afford to hear."—The Forester.

## PROPELLER BLADES FITTED IN DRYDOCK

Minor Work on Princess Charlotte Completed by Yarrows, Ltd.

The C. P. R. steamship Princess Charlotte was floated out of the Esquimalt drydock to-day after having two new propeller blades fitted by Yarrows, Ltd.

The damage was sustained by the propellers getting foul of a floating obstruction while plying in the Gulf service.

She went into the dock last night and the work was promptly completed, permitting the vessel to be floated early this afternoon.

On Friday the steamship Princess Patricia will carry the delegates to the Canadian Medical Association's convention on an excursion out of Vancouver. The Princess Adelaide will replace the Princess Patricia for one trip in the Nanaimo-Vancouver service. Company officials wish it to be made clear that the temporary diversion will in no way affect the regular schedule of the Princess Adelaide between Victoria and Vancouver. She will return to Vancouver from Nanaimo at 6 o'clock in the evening and will sail at 11.45 o'clock the same night on her regular trip to Victoria.

The lay-over days of the Princess Victoria and the Princess Charlotte have been altered. In future the Princess Victoria will lay over here for one day commencing at noon on Mondays, while the Princess Charlotte will be tied up for a day at noon on Tuesdays.

There is a double measure of entertainment in Harold Lloyd's newest two-reel comedy, "His Royal Shyness," featured on the programme at the Dominion Theatre, this week. It has such an interesting, swift-moving and clever little plot that it would make a highly acceptable drama. On the other hand, it is so full of the usual brand of Lloydian fun that, without the plot, it could stand as a rip-roaring comedy. But Lloyd has combined the two and the result is that "His Royal Shyness" has something for everybody. He is assisted in his fun by Mildred Davis and Harry "Snub" Pollard.

**ROYAL VICTORIA**

There is a strange tale of Oriental mysticism in "The River's End," that will both startle and fascinate. This picture, from the book by James Oliver Curwood, author of "Back to God's Country," will be shown again tonight at the Royal Victoria Theatre.

Shan Tung, the Chinese, is a prince in disguise. Driven from his own country by political factions, he settles in Northwest Canada, on the edge of civilization, where he keeps an optimum den and traffics in vice.

And Shan Tung, because of his wealth is a power in the community. He falls in love with a beautiful white girl and demands that she marry him. She loathes him, and is horrified. Yet he holds a strange spell over her and she apparently is powerless to cope with his will.

one of the six, is trying to keep up with the rest, but lacks the alcoholic backing. His efforts to acquire it and the complications that ensue result in a merry farce. The film has a unique ending—in fact, the ending is left to the audience itself.

**COLUMBIA**

One of the most interesting and entertaining screen stories that has been shown in this city this season was seen at the Columbia Theatre last night when Clara Kimball Young and Her Own Company presented "The Better Wife." The film will be shown again to-day. This story, which was taken from Lenore Coffee's novel, "The Love Quest," is a delightful romance of England and the Continent, in which Miss Young is seen as an American girl, Charmian Page, Charmian is visiting friends in England when she becomes acquainted with Sir Richard Beverly, Lady Beverly and Little Dick Beverly, their son. The thread of the story, which begins at that point, is rapidly woven into one of the most interesting photodramas we have ever witnessed.

**PANTAGES**

In accordance with the new schedule for Pantages vaudeville this week's bill opened with the matinee performance this afternoon. It will be shown for the remaining days of this week. Reports show that this is a programme of entertaining interest and variety. Although Long Tack Sam, whose gorgeous Oriental novelty is in the headline position, gained little reputation on this continent, he is welcomed enthusiastically each time he pays a return visit to China. In reviewing his performance last year the Shanghai Gazette, a daily printed in English, said: "From the moment he ascended the platform, richly robed, until he gave his final bow to a third encore, the crowd was kept busy, and the marvelous variety and quantity of entertainment presented could not help exciting interest and wonder. But it is the smiling Long himself who wins the audience, for he makes his act a continuous fusillade of jokes and quips, imitations, parodies and grotesque foolery. He can pucker his face into the quizzical funniness of a Londoner as he speaks in the English of Piccadilly. He is irresistibly droll; and his audience recognizes him at once as a man with a rare sense of humor."

**PRINCESS**

"Believe Me Xantippe" as presented by the Mildred Page Players this week at the popular Princess Theatre is scoring a decided hit with the patrons, and if the applause of the audience is any criterion, "Believe Me Xantippe" is the best offering of

the company so far this season. Miss Mildred Page and Byron Alden both have exceptional parts, and their acting was excellent, while the balance of the cast in their respective parts were "very good." "Believe Me Xantippe" will hold the boards for the balance of the week, and next week will see as the offering "Nothing But The Truth," one of the biggest and most popular of all Eastern successes of the present season.

**TWO POINTS OF  
VIEW ON NATURE  
OF DEVELOPMENT**

Henry C. Hall, M. P. P.,  
Speaks on Island  
Resources

**SPLENDID SUMMARY  
OF PRESENT SITUATION**

A splendid address on the natural resources and potential development of Vancouver Island, in the light of aid rendered by the present provincial government, was given by Henry C. Hall, M.P.P., at the Liberal Association meeting last evening.

Mr. Hall prefaced his address with a passing reference to the numbers present and went on to tell of the developments that had been accomplished on Vancouver Island. His text was the work of the Government in its relation to industrial development on the island.

"There are two main schools of thought as to what comprises satisfactory development of Vancouver Island," he opined. "One school takes the island as a whole, and Victoria in particular, is merely a residential community and should be advanced along tourist lines alone; the second party, who are overlooking the possibilities of the wonderful scenery for residential and tourist purposes, believes that the island has a great industrial future before it, and I for one am a hearty supporter of the latter faction."

"Under the Industrial Aid Act passed by the present Government, \$2,000,000 were voted to support individual and industrial enterprise within this section. Building materials, paper mills, furniture, felt, oils, rubber roofing, sandpaper, concrete bricks, building shingles, gramophones, bricks, boxes, and talc are but some of the many enterprises under this money, while whaling, trawling, and wooden mills are about to be inaugurated. The Government has got behind these enterprises with real money."

"It has been said that Victoria cannot establish manufactures, but these are established and flourishing, through the timely aid of this money. This advance in industrial enterprise is affecting many different lines, and points to the rapid development of an industrial era of prosperity unprecedented before in the history of the island."

**Bridge Construction.**  
The plans for the Johnson Street bridge are before the Dominion Government for approval, and the city expects the work to commence this September. The provincial government will aid this project to the extent of \$300,000. Work on the extension and grading of Johnson Street over the Indian Reserve is planned and will commence within the next few weeks.

"Every assistance has been given to the shipbuilding on the Reserve and the money brought into the city in this connection has been of enormous assistance to the community at large. The Foundation Company, during its stay here proved that Victoria can turn out the finest of ships, and did excellent work in placing Victoria before the eyes of the world. Now on the Reserve there is the shipbuilding of the Holberg plant, the Harbor Marine boats, the Veterans' boatbuilding enterprise, and the work on the railway terminus of the C. N. R."

**Island Rail Construction.**  
"Sixty-seven and a half miles of C. N. R. track are now laid, and work commenced on the bridge over the Koksilah, then come four miles of fairly easy going, and the C. N. R. hope to be at Cowichan Lake, 100 miles from Victoria, in the first of the month."

**RUNNING NOSE COLDS  
STOPPED INSTANTLY**

Throat is Cleared, Headache Stops, Sniffles Go for Good.

**Catarrhones Never Fails**

Dropping from the nose is one of the foulest and most disgusting symptoms of a Catarrhal cold. By using Catarrhones you cure this quickly—cure it because you bathe the lining of the nose and throat with that powerful antiseptic of the Blue Cross of Australia.

So healing is Catarrhones that you feel wonderfully benefited in five minutes' use of the inhaler. Nothing ever devised cures a cough, cold or sore throat so quickly. No drugs to take, nothing to upset the stomach—you follow nature's own plan in using Catarrhones which supplies healing essences and soothing balsams in vapor form to the places that are needing treatment. Results talk—that's why thousands rely solely upon Catarrhones to prevent and cure their Winter Ills. Get the complete \$1 outfit, it lasts two months; small size 50c, sample size 25c, all dealers and the Catarrhones Co., Kingston, Canada.

**Kellogg's  
WAXTITE**

new year. This line will open up a most important district capable of immense development, and has had the dual purpose of that and spurring on the C. P. R. to greater developments on the island. This year the C. P. R. will have laid many branches and spurs to its system on the northern part of the island, further opening up the country.

"Lands form another serious question in the industrial development of the island. Lands got into the hands of private ownership, and the owners were wont to ask unreasonable prices for these lands, undeveloped land in this island being rated at a higher cost than developed lands in other parts of the Province. To offset this the Government increased the wild land tax from 4 per cent to 5 per cent, and saw that the owners paid the excess."

"Another factor that tended to mitigate this land question was the power given to the Land Settlement Board which was authorized to take such lands as it required, at a price that included the original cost price with a reasonable figure additional for profit. If the owners would not accept this they were made to pay taxes on the full amount that they had asked for their lands, which quickly brought a remedy. As a result of these measures I am glad to say that the situation is now ended."

**Land Clearing.**  
"Most of our fertile lands are very heavily timbered and the cost of clearing often ran into \$500 an acre, which added to the original purchase price of the land made the cost prohibitive to the small holder. The Government then secured 12,000 acres in the Comox Valley, at a cost of \$5 an acre, these being logged off lands split the block up into forty-acre holdings, in which five to ten acres was stumped, with the cost spread over the whole land value, with long term payments. This brought the purchase price within the means of all, and gave the settler a chance to get in and produce with some chance of success."

"That plan for the development of the most fertile legged areas is working well, and will form one of the greatest sources of facile development that will eventually open up most of the important property on the island."

"I regret to say we did not have as great a success in the matter of the N. Railway Belt—there is no need to go into past history—you have all followed the questions arising from settlers' rights. This Belt consists of some 2,000,000 acres which comprise one-third of the island, in an area that is particularly tributary to Victoria."

"In the days gone by, when it was stated that Victoria was to be the Western Terminus of the railway the belt of land was given on this understanding, and then when it was ascertained that the city was not to be the terminus, the belt was turned over to the Dunsmuir interests for private use. In 1905 the coal was given to the Canadian Collieries, and all the remainder to the C. P. R. An act was passed later fixing the taxation of the C. P. R. holdings at one cent and one-half per acre until sold. The Settlers Rights Act was in force but one year before it was disallowed, but in that one year you have all seen what the Granby Mine made of Cassidy which indicates strongly what is possible when the handicap of private ownership is removed."

**Sunloch Mines.**

"Minerals next are of tremendous importance to the industrial developments on the island. The Sunloch mines at Sooke are stated to be the greatest copper holdings in the world, and are the manganese deposits of the island claimed to be the finest in the world. Vancouver interests are buying steadily and hopefully for oil, but it is stated by geologists that oil lies under the island. Gold and silver alone are the property of the Government, all else is in the hands of private interests, and there is no incentive for prospectors to discover mineral deposits when all they get out of it is an option that must be taken out within an unpractically short time."

"If we attempt to revoke the act of 1912, it would be disastrous, and similarly if we try to enforce contrary conditions it would not be permitted. But on the other hand if we said to the C. P. R. we will buy out your rights, I feel convinced that they would fix a price on that that we could not entertain, so there is no settlement in sight yet."

"One possible solution would be

appointment of a Royal Commission to ascertain what the C. P. R. paid for the land in 1905, and fix a fair profit for the time and other factors, with all due consideration to present value, pay that reasonable price and take over the land. Public sentiment if aroused to-day will not permit any company, even the C. P. R. to profiteer in the natural resources of the Province.

**Affiliate College.**

"The last matter that I will mention is the schools, and once again we have a two-year college course in Victoria. In this connection it would be in keeping for individuals and organizations to establish scholar-

ships and endowments to aid the coming generations and give the less fortunate a fair chance in life. In conclusion let me state that I think the present administration has done an enormous work in furthering industrial development of the island and Province, as a whole, and has nothing to be ashamed of in going before the people."

George Barr McCutcheon in Victoria En Route South

"The character of novels run in circles," said George Barr McCutcheon, the well-known author, who is paying a short visit to Victoria en route to California, in a chat with The Times last evening. Mr. and Mrs. McCutcheon usually spend the Summer in Maine; this year they will go South.

"The reader to-day demands a book virile in interest, and touching the everyday things of life, rather than a world of the imagination. There must be the heart interest—that the public will always demand—but the novel must grip the things which the average reader knows and understands. The American novelist has not been brought so closely in contact with the war, and its wide revolution as the British, and that, perhaps, is why the British war novels have been exceedingly popular. It is very difficult now to write a novel which is not affected by war influence."

Mr. McCutcheon indicated that a novel from his pen would be issued this Fall, which was already with his publishers. Mr. and Mrs. McCutcheon are delighted with Victoria. They went for a drive on the Saanich Peninsula yesterday and plan to leave for the South on Friday. Mr. McCutcheon asked a number of questions in regard to British Columbia conditions, upon which his opinions will doubtless appear in print later.

Mr. McCutcheon, who has travelled widely, said that the glorious spectacle of the golden splashes of broom painted on a background of verdure as the inbound steamer passed in view of Beacon Hill Park, makes a picture of marvellous loveliness, perhaps unrivalled on the North American Continent.

**SHOULD CONSERVE THE MAPLE SEEDS**

So C. C. Pemberton Advises in Letter to the City Council

C. C. Pemberton, the well-known arboriculturalist, has made a suggestion to save the seeds of the Boardleaf Maple for the purposes of re-afforestation.

In the course of a letter to the city council, Mr. Pemberton says: "I beg to make the following suggestions to you, namely: That the quantities of seeds of the Broadleaf Maple (Acer Macrophyllum) which every year are swept off our streets and boulevards and carted away should be put in places where they would grow into fine ornamental groves of the most valuable timber tree. The tree is well rated both from an aesthetic and economic standpoint and locally it grows with phenomenal rapidity. There are many parts of the City more or less barren, in the parks, foreshore, that would be improved by the presence of this tree. It thrives on the shoreline of the coast, notably at Cadboro Bay. The function of forest in reclaiming areas, protection from erosion, creation of humus soil, are well established and generally known and as a timber tree, this maple has the advantage of reproducing readily and rapidly in "coppice culture" or reproduction by sprouts from stumps. In other parts of the continent where they once had an abundant supply of timber as we now think we have they have had to call upon their park lands for timber by selection cuttings.

Mr. J. Grove Smith in November last told us that the forests of Canada, exclusive of those of British Columbia, would last only twenty-five years and a little foresight today may enable us at absolutely no cost to ensure to the rising generations a valuable supply of superior timber in the next twenty-five or thirty years and at the same time improve the soil and climatic conditions of our parks and shores. For timber, this tree would only need a little protection from ill usage and to be allowed to grow in dense stands or groves. All authorities speak well of the tree, both on account of its ornamental value and economic use."

Mr. Pemberton then quotes from British, Canadian and American authorities on the value of the Broadleaf Maple.

**A GOOD PAL**

"Halloo, Rivers! You seem to have a bad cold?"  
"Worst I ever had, Banks."  
"I'm sorry that you old fellow. Wish I knew of something that would cure you, but I don't."  
"Give me your hand, Banks," replied Rivers with tears in his eyes.  
"You're the only man I've seen for three days that hadn't a certain cure!"—Spare Moments.
