পুনর্প্রস্তুত

গণপ্রজাতীয় বাংলাদেশ সরকারের তথ্য মন্ত্রণালয় ১৯৭৭ সালে বাংলাদেশের হারিনতা যুদ্ধের ইতিহাস লিখন ও মূল্য প্রকল্প প্রত্যন্ত করে। পরবর্তীকালে এই প্রকল্প হারিনতা যুদ্ধ সৌজন্যে দলিল ও তথ্যাদি প্রকাশ্যে প্রকাশ দেওয়া হয়। ইতিহাস রচনার ক্ষেত্রে নির্দেশনা ও বন্দোনিত্যতা রক্ষা ও বিকৃতির আঘাতকা এড়িয়ে যাবার জন্যই ইতিহাস রচনার পরিবর্তে দলিল ও তথ্য প্রকাশ্য অকর্মকতার গুরুত্বপূর্ণ মনে করা হয়। আর সে প্রকল্পের ফলস্বরূপ “বাংলাদেশের হারিনতা যুদ্ধ : দলিলপত্র”, প্রায় ১৫,০০০ পৃষ্ঠায় ১৫ বছর এসব দলিলপত্র প্রকাশ করে ১৯৮২ সালে তা প্রকাশ করা হয়। এই প্রকল্পের সঙ্গে জড়িত গবেষক ও সম্পাদনকর্তার অন্যান্য প্রতিষ্ঠানের ফসল এই দলিলপত্রের প্রস্তুতি।

প্রথম প্রকাশের পরপরই বন্দোনিত্যতা ও নির্দেশনায় “বাংলাদেশের হারিনতা যুদ্ধ : দলিলপত্র” প্রথমালা সূচনাহীন ব্যাপারভেদে সমৃদ্ধ হয়।

এই প্রথমালা প্রকাশের অন্য সময়ের মধ্যেই এর সমৃদ্ধি কর্ত্ত্ব বিপ্লব হয়ে যায়। পরবর্তীকালে বাংলাদেশের হারিনতা যুদ্ধ সৌজন্যে সকল গবেষণায় এই প্রথমালা রেফারেন্স হিসেবে ব্যবহৃত হতে থাকে।

“বাংলাদেশের হারিনতা যুদ্ধ : দলিলপত্র” প্রথমালার চারিদিক উদ্ভাসের বাড়ানো। বিভিন্ন মহল থেকে তথ্য মন্ত্রণালয়ে প্রথমালার চারিদিক অগ্রসর করা হয় মন্ত্রণালয় “বাংলাদেশের হারিনতা যুদ্ধ : দলিলপত্র” প্রথমালার সীমিত সংখ্যায় পুনর্প্রস্তুতির স্বীকৃতি প্রাপ্ত হওয়া সত্ত্বেও, প্রায়জনীয় অনুষ্ঠানের শেষে পুনর্প্রস্তুতি প্রাপ্ত হয়। সেই প্রত্যেক প্রকল্পের প্রতি তাদের সকল গ্রহণ করা হয়, যা ব্যাপক বাংলাদেশে প্রবেশ করে। পুনর্প্রস্তুতি প্রক্রিয়া প্রতি প্রাপ্ত বিশ্বকর্মা সকল সক্ষম করা হয়।

এ দশকের প্রকাশের প্রতি বিশ্বকর্মা প্রতি প্রকল্পের অবতরণ জন্য সুন্দর ও দৃষ্টিভার্গ।

আমার দৃঢ় বিশ্বাস, “বাংলাদেশের হারিনতা যুদ্ধ : দলিলপত্র” প্রথমালার সংস্করণটি বর্তমানের মৃত্যু পাঠক ও গবেষকদের কাছে আদৃত হবে।

প্রকাশকের কথা

প্রতিটি দেশ বা জাতির জন্য তার স্বাধীনতা সংগ্রামের ইতিহাস একটি অত্যন্ত সম্পদ। সে আলাদা বাংলাদেশের ১৯৭১ সনের স্বাধীনতা যুদ্ধ এবং তৎপূর্বের স্বাধীনতা সংগ্রামের ইতিহাসের কাছে এক পৌরসংস্কার সম্পদ। বাংলাদেশের স্বাধীনতার ইতিহাস প্রথমের জন্য ১৯৭৭ সনে তৎকালীন সরকার বাংলাদেশের স্বাধীনতা যুদ্ধের ইতিহাস লিখন ও মূলন্য প্রকল্প প্রকাশ করে। নিরপেক্ষতা ও সর্ববেশত্ব বজায় রাখার জন্য স্বাধীনতা সংগ্রামের স্বাধীনতা যুদ্ধের দলিলদার সংগ্রহ ও যাচাইপূর্বক সকল করা হয়। তারই ফলস্বরূপ, ‘বাংলাদেশের স্বাধীনতা যুদ্ধ দলিলপত্র’ গ্রন্থাবলী। বাংলাদেশ সরকারের তথ্য মন্ত্রণালয় ১৯৮২ সনে ১৫ জানুয়ারি ১৫ তারিখে এই গ্রন্থাবলী প্রকাশ করে। এ উদ্দেশ্যে গঠিত কমিটির সমাবেশে সদস্যদের অন্তর্ভুক্ত পরিচালকের ফলস্বরূপ এই গ্রন্থাবলী।

এই গ্রন্থাবলী প্রকাশ হওয়ার অল্প দিনের মধ্যে তার পুরো ইতিহাস ফুরিয়ে যায়। এই গ্রন্থাবলী স্বাধীনতা যুদ্ধ-বিষয়ক সকল গবেষণা কর্মের ওপর ভারতের রেফারেন্স হিসেবে ব্যবহৃত হচ্ছে এবং হবে। কিন্তু ইতিহাস যা থাকায় বাংলাদেশের স্বাধীনতা যুদ্ধের তথ্য বিষয়ের জন্য নগোচ্ছন্ন একটি বৃহৎ অংশ অ্যমর স্বাধীনতা সংগ্রহ ও স্বাধীনতা যুদ্ধের প্রকৃত ইতিহাস জন্য থাকে দীর্ঘদিন ধরে বর্তমান রয়েছে এবং এর দুর্দান্ততা অনেক গবেষণা কর্মে ব্যাপক দৃষ্টি হচ্ছে।

এমানাহাযা গণপ্রজাতন্ত্রী বাংলাদেশ সরকারের তথ্য মন্ত্রণালয় কর্তৃক বাংলাদেশের স্বাধীনতা যুদ্ধ দলিলপত্র গ্রন্থাবলী প্রকাশের লক্ষ্যের সময় অন্তর্ভুক্ত হলে আমার মনে করি।

বাংলাদেশ সরকার কর্তৃক এ রকম একটি জাতীয় ও কর্তৃকনিয়ন্ত্রিত সম্প্রসারিত অপরিবর্তিত সূত্রে পণ্ডিত অন্তর্ভুক্ত পুনরায় আলোচনা করতে পারিবেন। এরই ভিত্তিতে গ্রন্থাবলীর বিষয়সূচি সম্পূর্ণ অপরিবর্তিত রোচক নতুন আদালতে নির্দেশনায় পুনরায় প্রকাশ করা শুরু করেছি। আশা করি, পুনরায় গ্রন্থাবলীর পাঠক-গবেষকদের চাহিদা মেটাতে সক্ষম হবে।

বিশাল এই কর্মকে যারা অক্ষত্ত পরিশ্রম করেছেন, আমরা তাঁদের আত্মীয় কৃতজ্ঞতা ও ধন্যবাদ জানাচ্ছি।

বাংলাদেশ বাণিজ্যীয় যুদ্ধের ইতিহাস প্রকল্পের নয় সদস্যবর্তী প্রামাণ্যকরণ কমিটির তরফ থেকে এই দলিল সংগঠনের প্রকাশনা সম্পর্কে সুন্দর কথা নিবেদন করছি। এ প্রকল্পের উপরিতল ও গঠন, এর মূল উদ্দেশ্য ও কার্যপ্রণালী সম্পর্কে বিশেষ তারাপ্রতী কর্মরত জনাব হাফিজুল রহমান বিবর্ধি বলছেন।

বিপুলায়ন ও সংগৃহীত উপাত্ত থেকে প্রকাশিত দলিলসমূহ নির্বাচন কমিটির সদস্যবর্গ নির্দেশ এই অভিজ্ঞতা পালনে নথিবই চেষ্টা করছে। তাঁরা ঘটনার পর ঘটনা ধরে দলিলদাতার পাঠানো মূল অভিজ্ঞতা জানা গেল নয় কিন্তু বিবর্ধি ব্যবহার করার জন্য মূলবিষয় উপদেশ দিয়ে প্রকল্প স্থাপনাটে সহায়ত করছেন। আমাদের কেন্দ্রী প্রতিষ্ঠাতা দলিলগুলো সরাসরি পাঠক ও গবেষকদের কাছে উপস্থিত হচ্ছে। দলিলগুলো যথার্থতার মূলসূত্র থেকে উদ্ধৃত চেষ্টা করা হয়েছে। প্রকাশিত দলিলগুলো প্রামাণ্যকরণ কমিটি অনুমোদন করে দিয়েছে।

প্রায় সাদা নিম্ন লেখায় দলিল দূরত্ব থেকে প্রথমবার নির্বাচনার পর সুন্দর উপাত্ত পালন করছে। প্রকল্প নিয়মিত বিবিধ গবেষণাক্রমে তাঁরা জনাব হাফিজুল রহমানের নেতৃত্বে এ দুরমূহূর্ত সমাবেশ নির্দেশ ও অন্তর্করণের সংগে পালন করছেন।

প্রামাণ্যকরণ কমিটির সকল সংসার এবং প্রকল্পের গবেষণাক্রমের তাঁদের প্রত্যক্ষীয় উপাদান জন্য আমি অনুরূপ জানাই। সেই সংসদ প্রকল্পের প্রথম বাংলাদেশের বিশ্ব কর্তা ও সংবাদবিশ্ব জনাব হাফিজুল রহমানের নির্দেশ ও অকালের কর্মপ্রতিষ্ঠার জন্য জানাই প্রথমগ্রহণ অভিনন্দন।

বিভিন্ন সংস্থা সংগৃহীত ও সুবিধার সাথে নির্বাচিত দলিলগুলো থেকে আমাদের বাণিজ্যীয় যুদ্ধের একটি সার্বিক, প্রামাণ্য ও নির্দেশ সংখ্যা বুঝিয়ে আসবে, আমারা এ আশা পেশ করছি। সংগৃহীত সমূহী দলিল একটি হায়া আর্কাইভস গঠনে সহায়তা করবে। অনুশীতি ও অনুশীতি দলিলগুলো ভিত্তিতে সংগৃহীত হলে পরিশীলন মাধ্যমে সংগঠন মূল দলিলের সংগে সংযোজিত হবে পারে।

প্রকাশিত দলিলগুলো পাঠক সমাজ ও গবেষকদের কাছে সমাদৃত হলে আমাদের শ্রেষ্ঠ সার্বিক বলে মনে করব।

বাংলাদেশ বাণিজ্যীয় যুদ্ধের ইতিহাস প্রকল্প।
জুমিকা

বাংলাদেশের জাতিনতা যুদ্ধের সময়েরা ১৯৭১ সালের ২৫ মার্চ থেকে ১৬ ডিসেম্বর পর্যন্ত। এই সময়ে বাংলাদেশের জাতিনতা যুদ্ধের সাংগঠনিক সরা বিষে যা কিছুটা তা যথা ও দলিলপত্র সংগ্রহ এবং সেসবের উপর ভিত্তি করে বাংলাদেশের জাতিনতা যুদ্ধে ইতিহাস রচনা ও মূল্যের দায়িত্ব অর্পিত হয় মুহিয়াদুস ইয়াহিয়া লিখিত ও মূল্যের প্রকাশের পথে। পণ্ডিতগৃহীত বাংলাদেশ সরকারের তথ্য মজারাতের অধীনে এই প্রকল্পটি প্রতিষ্ঠিত হয় এবং এর কাজ চুর হয় ১৯৭৯ সালের জমাদিনী থেকে (পরিশোধ প্রক্রিয়া)।

ইতিহাস রচনার দায়িত্বপ্রাপ্ত হলেও এই প্রকল্প জাতিনতা যুদ্ধের প্রকাশ ও তথ্যসমূহ প্রকাশনার সিদ্ধান্ত প্রণয়ন করে। এর কারণ, সম্পাদনা কোন ঘটনার বিশেষ করে বাংলাদেশের জাতিনতা যুদ্ধের মতো একটি যুদ্ধকারী ঘটনার ইতিহাস রচনার কাজে শিক্ষাকর্তা ও বক্তৃতাবিশারদ রচনা করা এবং বিদ্যুৎ সম্প্রদায় এদিকে যাতে বসপ্ত ও অভ্যন্ত চুর হয় এ জন্যই আমরা ইতিহাস রচনার পরিবর্তে দলিল ও তথ্য প্রকাশকেই অবিকল ও পুনরুদ্ধার মনে করেছি। এর ফলে দলিল ও তথ্যসমূহ কথা বলবে, ঘটনার বিন্যাস ও ধারাবাহিকতা রক্ষা করবে, ঘটনা পরিসমাপ্ত সংজ্ঞায়িত রক্ষা করবে।

এই লক্ষ্য সামনে রেখে একজন শ্রেষ্ঠ সংজ্ঞায়িত দলিলসমূহ প্রকাশের সিদ্ধান্ত প্রকল্প গ্রহণ করে। এই পরিপ্রেক্ষিতে প্রকল্পের সামনে একটি বিষয় বিষয়ে বিষয় দেখা দেয় এই যে, দলিলপত্র সংগ্রহের সময়বিস্তার জাতিনতা যুদ্ধের প্রণয়ন এবং সাক্ষাত্কার যুদ্ধে যুদ্ধকে এই পৃথিবী থেকে বিজয়ী করে দেখা যায় না। এই পৃথিবী ঘটনার মাধ্যমে তার অনিবার্য পরিপ্রেক্ষিত জাতিনতা যুদ্ধের অবশ্যই প্রকাশ করা হবে।

তাই মুহিয়াদুস ইয়াহিয়ার কর্মসূচি ছাড়া জাতিনতা যুদ্ধের মাধ্যমে ব্যাপক ও প্রকল্প হয়। এই পরিপ্রেক্ষিত জাতিনতা যুদ্ধে দলিল প্রকাশের সাংগঠনিক প্রকল্প গ্রহণ করে।

এর ফলে প্রকল্পের দলিল প্রকাশের সিদ্ধান্ত নির্দেশ দোকান্নাদ :

| প্রথম খণ্ড | পরিচিতি প্রকল্প (১৯৫৫-১৯৫৮) |
| দ্বিতীয় খণ্ড | পরিচিতি প্রকল্প (১৯৫৮-১৯৬১) |
| তৃতীয় খণ্ড | মুহিয়াদুস ইয়াহিয়া প্রকাশনায় |

এ কাজে একটিই আমাদের প্রধান বিষয় ছিল, নির্ধরিত ঘটনার সত্তিক দলিল যেন সত্তিক পরিমাণে বিন্যস্ত হয়। আমাদের কেননা মনে করা নেই, অলঙ্কুর নিশ্চিত নেই, নির্দেশ যায়া-বিন্দুগুলো নেই। আমরা বন্ধনীতি ও নির্দেশক মনোনয়ন আগোষ্ঠে বজ্র রাখার চেষ্টা করেছিলি। এই মূল লক্ষ্য সামান্য সত্তিক দলিল-তালিকায় বাছাই, সম্পাদনা এবং বিন্যস্ত করা হয়েছে। এ ক্ষেত্রে আমাদের অন্য একটিকে তৃতীয় দলিল প্রদর্শনী বলে যেতে পারে।

বলতে তদন্ত জনসাধারণই এ ধরনের ঘটনার প্রক্রিয়া মনোনয়ন। জনসাধারণের মধ্যে অনগ্রহ পরিবর্তনীর ইচ্ছা যখন পরিণত ও অনুষ্ঠিত হয়, কেবল তখনই জনসাধারণের মধ্য থেকে যোগাযোগ নেবুক্তের অভাবের ঘট্টে গাংলিগের বেলাতেও তাই ঘটেছে। আমাদের এমন সব লক্ষ্য সঞ্চিত ধার অর্থোহয় করা হয়েছে, যে দল বা সংগঠন আমাদের জাতীয় রাজনীতিক দলের হাতে মূম্য ভূমিকা যা নেতৃত্ব প্রদান করতে পারে। তথা একালের অনেক দলেই বলতে বলতে বাংলাদেশের ধারাবাহিক চিঙ্ক একটি দেশের একটি জাতির নির্দিষ্ট সমাজবিজ্ঞানীকে অগ্রণী সামনে তুলে ধরে। আলাদা মুক্তির চালানে জেগে ওঠা অবশ্য গাঢ়পালা নিয়ে প্রবৃত্ত গঠন-কাজের।

বলতে তদন্ত জনসাধারণই এ ধরনের ঘটনার প্রক্রিয়া মনোনয়ন।

তবে যে কর্মকর্তা তাদের প্রতিনিধিত্বকে প্রশ্ন কর্মতর যতই বিশ্বাস নাই যে সম্পাদনের পাতা পাতা জানাতে। এর দুটি কারণ, প্রথমে এটির ধারাবাহিক স্বচ্ছ উভয় আমাদের প্রশ্ন তথ্যর দিকে তুলে ধরে। বলতে যে কক্ষীকরণ করা সম্পর্কে সূত্র জানা তাদের মতে নয়। জানা দেয়া হয় তাদের মতে নয়। জানা দেয়া হয় তাদের মতে নয়।

সাতাঁ তিনর লাগ পূর্বার মেয়াদ দলিল ও অবতর্নি সংগঠনের দিকে তুলে ধরে। বলতে যে কক্ষীকরণ করা সম্পর্কে সূত্র জানা তাদের মতে নয়। জানা দেয়া হয় তাদের মতে নয়। জানা দেয়া হয় তাদের মতে নয়।

সাতাঁ তিনর লাগ পূর্বার মেয়াদ দলিল ও অবতর্নি সংগঠনের দিকে তুলে ধরে।}

দলিলগুলি সংগঠনের ক্ষেত্রে আমাদের চর্চার ছিল ব্যাপক এবং খোলা। সবাই বলতে যে কক্ষীকরণ করা সম্পর্কে সূত্র জানা তাদের মতে নয়। জানা দেয়া হয় তাদের মতে নয়। জানা দেয়া হয় তাদের মতে নয়।

দলিলগুলি সংগঠনের ক্ষেত্রে আমাদের চর্চার ছিল ব্যাপক এবং খোলা। সবাই বলতে যে কক্ষীকরণ করা সম্পর্কে সূত্র জানা তাদের মতে নয়। জানা দেয়া হয় তাদের মতে নয়। জানা দেয়া হয় তাদের মতে নয়।

বাংলাদেশের বাবুনগর যুদ্ধ দলিলপত্র তৃতীয় খন্ড

ছড়া

যেকেটি সংবিধান এবং ফলে দলিলপত্র প্রদানের মাধ্যমে পরিচিত ইতিহাসের সমৃদ্ধ কারণ পরিবর্তে অপর্যাপ্ততার সাথে বন্ধনীকৃত হয়ে তারা মনে নিয়েছে। বাণিজ্য ব্যবস্থার যোগাযোগের মাধ্যমে এই সমস্যা আমরা অনেকটা কাটাতে উঠেছি। সরকারী উপাদানের কারণে ইতিহাসের নিরপেক্ষতা সম্পর্কে যে আলোচনা, তা আমাদের দলিল কর্তব্য নির্দেশ করে বলে আমরা মনে করি।

এছাড়াও আমারা লক্ষ্য করেছি, এমন অনেকের কাছে এই দলিল ও তথ্য দেওয়া হচ্ছে যা তারা হাতাহাতি করতে রাজি নন। অনেকেই কিছু চেয়েছেন, কিন্তু হার থেকে দেখা যায়। আমার কাজে কারো প্রভাব, দলিলগুলি পুরোনো হলে সেগুলি অনেকের কাছে ভাল লাগে এবং উদ্ধৃত হয়। আমার যুদ্ধ দলিলের ফটকাপুরুষ রেখে অনেকেই তার মূল কল্প করেনি।

এই করণ লিখে আমার ব্যবসায়িক অনুপস্থিতি ও প্রজাতন্ত্রের চাপ পারি, আইনগত চাপ স্থাপনের পরিবর্তে যে লাগে যা নিয়ে বিতর্ক সৃষ্টি করতে পারি না। এথে একটি সত্য যে, যাহোনাতন্ত্রে দলিল মাধ্যমে জাতীয় ইতিহাসের ব্যর্থতাপূর্ণ উপকরণ, তাকে বিজ্ঞানীদের অনুসন্ধান করতে বুঝিতে পারে রাখা উচিত নয়।

এই সরঞ্জাম আমার বোধ করে যে, এই প্রকল্প অপ হবে আমাদের বাবুনগর যুদ্ধের বিশিষ্ট নেতাদের অনেকের আমারা হারিয়েছি। ফলে তাদের কাছে রক্ষিত দলিলপত্র পাওয়ার কিছু তাদের সাক্ষাৎকার প্রদানের মূল্যসূচীত হবে যে আমারা বাধ্য হবো।

এগুলি বাণিজ্যর কারণে আমাদের এগুলি হতে পারে। ফলে আমাদের একসময়ের সূচি অপ হওয়া চেষ্টা হয়ে তায় অতিরিক্ত কাজ করতে হবে। এই কেন্দ্র নিয়ে যে পুনর্নির্দেশ ধরণের সম্মতি হলে হলে তাকে নির্দেশ করে অতিরিক্ত কাজ করব এই ফাইল পুনর্নির্দেশ করা কাজের দিকে দিতে হবে এমনকি এর পুনর্নির্দেশ করার অসম্ভব হয় উদ্ধৃত হবে।

ফল ইতিহাস মাধ্যমে এই যে এটা সম্পূর্ণ হয়ে উদ্ধৃত হবে এমনকি এটা সম্পর্ক হয়ে অসম্ভব হয় উদ্ধৃত হবে।

দলিল এবং অন্য প্রামাণ্যমণ্ডলীয় জন্য সরকার নয়-কৃষিকর্তব্য একটি প্রামাণ্যমণ্ডল কমিটি গঠন করেন (পরিষদ প্রকার)।

ভারত প্রক্রিয়াহীন চারাগাহের এবং ইতিহাস অনুসারী প্রক্রিয়া মাধ্যমে এই প্রামাণ্যমণ্ডল কমিটির চেয়ারম্যান।

কমিটির সদস্যরা হলো:

- ড. সালাহুদ্দিন আহমদ, প্রফেসর, ইতিহাস বিভাগ, ঢাকা বিশ্ববিদ্যালয়;
- ড. আলিফাহমান, প্রফেসর, বাংলা বিভাগ, চট্টগ্রাম বিশ্ববিদ্যালয়;
- ড. সফিয়া আলী আবদুল রহিম, প্রফেসর, ইন্টারন্যাশনাল অফ বাংলাদেশ ইউনিভার্সিটি, রাজশাহী;
- ড. মানুষ বাবু, পরিচালক, ঢাকা ভিবি বিজিট;
- ড. চেন্নায়, মেডিসিন, সেক্টরেল প্রফেসর, ইতিহাস বিভাগ, ঢাকা বিশ্ববিদ্যালয়;
- ড. শামসুল হোসেন, সহযোগী প্রফেসর, রাজশাহী বিশ্ববিদ্যালয়;
- জনাব হাসান হাফিজ, সমস্ত সমাজ সংস্থাসমূহের সদস্য সভাপতি।

প্রকল্পের কর্মীরা বিতর্ক প্রচার জন্য দলিলপত্র ধারার কারণ প্রামাণ্যমণ্ডল কমিটির সামনে পেশ করেন।

প্রামাণ্যমণ্ডল কমিটি সংগঠন ব্যাপারের ক্ষেত্রে হাজারের ক্ষেত্রে হাজারের ক্ষেত্রে অধিকারিক হয়ে পরিণত। কমিটির সকল অনুপস্থিত নিদর্শন ব্যাপারে দলিল ও তথ্যের প্রচার ব্যতিক্রম করা হয়েছে।

গ্রহের জন্য পল্লবী দলিলপত্র কিছু কিছু কমিটির নামে করা হয়েছে; কিছু নতুন দলিল ও তথ্য যা প্রকল্পের উন্নয়নের জন্য নেহাত জরুরী তা সংগঠনের জন্য নির্দেশ দেন। প্রকল্পের পক্ষ থেকে তাদের এই নির্দেশ স্থায়ী প্রদান করা।
দুর্ভিক্ষ থাকলে হাসি ছাড়া নাকি কোথাও যে পারিবারিক আঘাতে বিপদ ছিল না। এই হাসিকে বিপদ নামি করে তাকে নিঃসন্দেহে প্রচুর হিসেবে করা হয়। তাই দূর্ভিক্ষের সময় "হাসি" হলো পারিবারিক আঘাতের প্রতি প্রত্যাশার একটি মহত্ত্বপূর্ণ মানুষের। এই হাসিকে বিপদ নামি করার প্রধান মূল্য হলো আমাদিনা অনুশীলনের মাধ্যমে নিয়ন্ত্রণ করা। যে আমাদিনা অনুশীলনের মাধ্যমে নিয়ন্ত্রণ করা হয়, পারিবারিক আঘাতের প্রতি প্রত্যাশার একটি মহত্ত্বপূর্ণ মানুষের।

এই হাসিকে বিপদ নামি করার প্রধান মূল্য হলো আমাদিনা অনুশীলনের মাধ্যমে নিয়ন্ত্রণ করা। যে আমাদিনা অনুশীলনের মাধ্যমে নিয়ন্ত্রণ করা হয়, পারিবারিক আঘাতের প্রতি প্রত্যাশার একটি মহত্ত্বপূর্ণ মানুষের।
জাতীয় আর্কিভিসোল ও প্রসারণ বিষয়কে আমাদেরকে সাহায্য করেছেন। বাংলাদেশ প্রেস ইন্টারন্যাশনাল, চট্টগ্রাম বিশ্ববিদ্যালয় সাবেক এবং সিন্ধুপুর কলেজটের হয়ে আমরা কিছু দলিল ও তথ্য পরিচালনা করেছি। এছাড়া তথ্য মন্ত্রণালয়, প্রতিবেদন মন্ত্রণালয়, পশ্চিম মন্ত্রণালয়, বাংলাদেশ সরকার ও সার্ভিস প্রদর্শন পরিষদ ইত্যাদি এর সেবার বস্তুর দলিল-সংরক্ষক আমরা সংগঠন করেছি। তাদের সকলের সহায়তায় তথ্য আমরা তাদের প্রতি কৃতজ্ঞতা জানান করছি।

বাক্তিয় উদাহরণ ও ব্যক্তিগত সংগঠন থেকে অনেক দলিলপত্র দিয়ে প্রকল্প সাহায্য করেছেন। তাদের মধ্যে কিছু নাম এখানে উল্লেখ করা উচিত সংগঠন করার জন্য যেমন বিজ্ঞানী চৌধুরী কিছু মূল্যবান দলিল প্রদানকে দিয়েছেন। বিদেশে বাংলাদেশের যাত্রী আদেশের এবং মানব কর্মসূচীর মহাস্থান দলিল এ, এম, এ, মহাস্থান সেবার প্রেম দান করেছি। এমসার আর্কিভিসোল সাহায্য নিয়ে তাদের দলিলপত্র প্রদানকে দিয়েছে। তাদের মাধ্যমে মন্ত্রণালয় রূপেশ, আর্কিভিসোল হক কুরীয়া, ড. এমায়ুন হক, আদিতে আলী, সাক্ষায়ত হোসেন ও জাহির উদ্দিন আহমেদের মাধ্যমে উল্লেখযোগ্য। বিদেশ হতে কিছু মূল্যবান দলিল পরিচালনা করার মাহুসুল হক এবং স্পেনের ইসাবিজিম মোহাম্মদ। মুজিবুর্রহমন সরকার এবং যাত্রী বাংলাদেশ সরকারের দলিলপত্র সাহায্যের মাধ্যমে হামাদুর্ল্লাহ হক এবং সেনাপ্রধান ইরাদুল মোহাম্মদ। মুজিবুর্রহমন সরকার এবং যাত্রী বাংলাদেশ সরকারের দলিলপত্র সাহায্যের মাধ্যমে হামাদুর্ল্লাহ হক এবং সেনাপ্রধান ইরাদুল মোহাম্মদ। মুজিবুর্রহমন সরকার এবং যাত্রী বাংলাদেশ সরকারের দলিলপত্র সাহায্যের মাধ্যমে হামাদুর্ল্লাহ হক এবং সেনাপ্রধান ইরাদুল মোহাম্মদ। মুজিবুর্রহমন সরকার এবং যাত্রী বাংলাদেশ সরকারের দলিলপত্র সাহায্যের মাধ্যমে হামাদুর্ল্লাহ হক এবং সেনাপ্রধান ইরাদুল মোহাম্মদ। মুজিবুর্রহমন সরকার এবং যাত্রী বাংলাদেশ সরকারের দলিলপত্র সাহায্যের মাধ্যমে হামাদুর্ল্লাহ হক এবং সেনাপ্রধান ইরাদুল মোহাম্মদ। মুজিবুর্রহমন সরকার এবং যাত্রী বাংলাদেশ সরকারের দলিলপত্র সাহায্যের মাধ্যমে হামাদুর্ল্লাহ হক এবং সেনাপ্রধান ইরাদুল মোহাম্মদ। 

দলিল ও তথ্য সংরক্ষণ সম্পর্কিত সেবার সম্পর্কে সামর্থ্য দানার জন্য তাদের কথা! কমিটির সমস্ত প্রশ্ন পরবর্তীতে, যথাযজ্ঞ এই সংগঠনের প্রারম্ভিক ও মূল্য বিবেচনা করেছে। তারা সব দলিলপত্র যাত্রায় করেছেন, প্রকল্পের উদ্ভাস এবং বিদেশ সাহায্য হয়েছে মারাত্মক ও সৌন্দর্য বৃহের জন্য সম্পর্কিত প্রথমবার দিয়েছেন। এ সহায়তা আমাদের বিশেষভাবে কমিটির চেয়ারম্যান প্রফেসর মফিজুদ্দৌলাহ করিমের কথা আন্তর্জাতিকভাবে সংরক্ষণ করা করেছে।

দলিল সংগঠন থেকে প্রশাসনের কাছে বাংলাদেশ সরকারের তথ্য মন্ত্রণালয়ের দায়িত্ব জানান। এই দলিল সংগঠন সরকারের দলিল সংরক্ষণ পরিচালনা এবং নির্দেশনার জন্য আমরা তাদের কৃতজ্ঞতা জানান।

দলিল প্রসঙ্গঃ মুজিবনগর-প্রশাসন

মুজিবনগর সরকারের দলিলপত্র সংগ্রহ করা অত্যন্ত দুর্বল কাজ ছিল, কারণ এসব দলিল সংরক্ষণের জন্য কোন মহাফজলনা সৃষ্টি করা হয়নি। একই সাথে বিভিন্ন সকালী দলিল-দর্বিত ঢাকায় অন্যান্যের দায়িত্বের কোন একক প্রতিষ্ঠা বা সংস্থার ওপর অর্পণ করা হয়নি। সরকারের বিভিন্ন মন্ত্রণালয় বা প্রতিষ্ঠান এবং বাংলা বিভিন্নভাবে এসব দলিলপত্র নিয়ে আসেন এবং সব দলিল সংগ্রহের কেন্দ্রীয় দায়িত্ব করার মাত্র না থাকায় অনেক দলিলপত্র নষ্ট হয়ে যায়। অতএব, সংগ্রহের ব্যাপারে আমাদের প্রামাণ্য নির্ভর করতে হয়েছে বিভিন্ন মন্ত্রণালয়ের সন্ন্যাত অভ্যন্তরিত ও বিভিন্ন বাংলা বিভাগের নিজস্ব সংগ্রহের উপর। বলা যায়নি, এর উপর ভিত্তি করাই সামাজিক চিত্র তুলিয়ে ধরার চেষ্টা করা হয়।

১০ এপ্রিল, ১৯৭১ সালে বাংলাদেশ সরকার-এর আনুষ্ঠানিক প্রতিষ্ঠা হয়। কিছু এর পূর্বের বাহিনিতর ঘোষণামূলক এবং বিভিন্ন আনুমতির প্রথা সংযোজিত হয়েছে। পরবর্তী সময়ে অধীনী রাষ্ট্রপতি, প্রধানমন্ত্রী এবং অন্যান্য মন্ত্রীদের ভাষণগুলি যথাযথভাবে সংযোজিত হয়েছে।

মুজিবনগর সরকারের মূল যে কয়েকটি বিভাগ ছিল, যথা- অর্থ, ব্যবস্থা, সাধারণ প্রশাসন, তথ্য ও প্রচার, রাজা ও পুনর্নির্মাণ, প্রতিষ্ঠা, পরিষদ এবং কর্মচারী মন্ত্রণালয়- এসবের বিভিন্ন দলিলপত্র অন্তর্ভুক্ত করা হয়েছে এ খাতে। সমস্ত মন্ত্রণালয়ের আনুপাতিকভাবে সমস্তক্ষেত্র দলিলপত্র না পাওয়া দলিল সংরক্ষণের ক্ষেত্রে হারানো কিছু কিছু ফার্ক বা ঘটিত হয়ে যায় এবং এ উপক্ষে অভিযৌথিক পরিস্থিতিতে যাতে একটি জাতীয় বাহিনিতর সংগ্রহ পরিচালনার একটি জাতীয় সরকারের পূর্ণ অবস্থান ওঠাবে, দলিল সংরক্ষণের আমাদের দেশের ক্ষেত্রে এটি বিবেচনা করিনি।

মুজিবনগর সরকারের শাখা-নিয়ন্ত্রনমূলক মাধ্যমে সংরক্ষের আলোকে আংশনিক প্রামাণ্য জেনার্সূতি, যারা অধীনে বিভিন্ন এলাকার পরিচালিত হত। এইসব জেনার্সূতির অধীনে শরণার্থী শিশুর এবং যুব ক্ষেত্রে উত্তম পরিচালিত হত। মুজিবনগর সরকারের বিভিন্ন জেনার্সূতির মাধ্যমে জেনার্সূতির সাথে সারাদিন সময়ের জন্য একটি আসন বিশ্বাস করা হয়। এই জন্য কোন প্রশাসনের দলিলের জন্য একটি আসন বিশ্বাস করা হয়।

যুব রাজা এবং যুব অভ্যন্তরের বিষয়গুলি থেকেই মুক্তিযোদ্ধাদের কর্তৃত্ব করা হয়। অথবা, একটি প্রাচীন বা বিপন্ন দলিল যে সমস্ত নিয়ন্ত্রণ দলিল থেকে এ বিষয়ের একটি চিহ্ন পাওয়া যায়। মুজিবনগর সরকারের বিজয়ের পর কি ধরনের রাষ্ট্র-কাঠামোর প্রতিষ্ঠা তার পরিধান পাওয়া যাবে পরিকল্পনা করেন।

পরিষদ মন্ত্রণালয়ের দলিলপত্রমূলক একটি এবং একটি আসন বিশ্বাস করা হয়েছে এইজন্য যে, আনুষ্ঠানিক প্রায় প্রথম পৃথিবীর একটি উল্লেখ্য নিয়ম অনেক। এই অংশ দলিলপত্রের সঙ্গে কিছু কিছু প্রচারমূলক তথ্য ও সংযোগিতা করা হয়েছে, যথা- "বাংলাদেশ এ ওয়ার্ল্ড কমেন্টারি" (পৃষ্ঠা ৭১৬) এবং "না কেস ফর বাংলাদেশ" (সেপ্টেম্বর ১৯৭১, পৃষ্ঠা ৮২৯)

সর্বশেষে বাংলাদেশ সরকারের সঙ্গে অন্যান্য দেশের মধ্যে দেশের চিঠিপত্র বিনিয়োগ হয়েছে, সেদিন এখানে সংযোজিত করা হয়েছে। বাংলাদেশ সরকার কর্তৃক প্রকাশিত প্রথম বাংলা চিঠিপত্রকে সঞ্চালন দলিলপত্র নিয়ে একটি পরিষ্ঠিত প্রকাশ করা হয়েছে।
বাংলাদেশের স্বাধীনতা যুদ্ধ দলিলপত্র উদ্বোধনী খোরাক

এ খোরাক সম্প্রচারকালে কিছু গুরুত্বপূর্ণ দলিল সংগ্রহ হয়, যেগুলোতে যুদ্ধপরায়ণতা কোন তারিখ ছিল না। এর মধ্যে বিভিন্ন সময়ে সরকার কর্তৃক প্রকাশিত স্বাধীনতা যুদ্ধের দলিলপত্র (পৃষ্ঠা ৩২২ থেকে ৩৩৪) ছাড়া অন্যান্য সরকারী দলিলও অন্তর্ভুক্ত। যথা: “যুব প্রশিক্ষণ কর্মসূচী ও সিলেরাস” (৩৩৫ পৃষ্ঠা), পরাক্রাম মজারাতের কয়েকটি প্রতিষ্ঠান (পৃষ্ঠা ৮৯২) ও অন্যান্য। এগুলো যথাযথ একত্র করে বিভিন্ন বিভাগের প্রকাশ করা গেল। এখানে একটি দলিলের (১৩৮ পৃষ্ঠা প্রত্যেক) সম্প্রচারকালে একটি রয়ে গেছে যা উল্লেখ না করলেই নয়। এটি সেপ্টেম্বর মাসের না হয়ে ডিসেম্বর মাসের দলিল হিসেবে বিবেচনা।

DECLARATION OF INDEPENDENCE

"This may be my last message, from today Bangladesh is independent. I call upon the people of Bangladesh wherever you might be and with whatever you have, to resist the army of occupation to the last. Your fight must go on until the last soldier of the Pakistan occupation army is expelled from the soil of Bangladesh and final victory is achieved."

[Message embodying Declaration of Independence sent by Bangabandhu Sheikh Mujibur Rahman to Chittagong shortly after midnight of 25th March, i.e. early hours of 26th March, 1971 for transmission throughout Bangladesh over the ex-EPR transmitter.]
DECLARATION OF INDEPENDENCE

Major Zia, Provisional Commander-in-Chief of the Bangladesh Liberation Army, hereby proclaims, on behalf of Sheikh Mujibur Rahman, the independence of Bangladesh.

I also declare, we have already framed a sovereign, legal Government under Sheikh Mujibur Rahman which pledges to function as per law and the constitution.

The new democratic Government is committed to a policy of nonalignment in international relations. It will seek friendship with all nations and strive for international peace.

I appeal to all Government to mobilize public opinion in their respective countries against the brutal genocide in Bangladesh.

The Government under Sheikh Mujibur Rahman is sovereign legal Government of Bangladesh and is entitled to recognition from all democratic nations of the world.

From Major Zia

Declaration:

Punjabis have used 3rd Commando Battalion in Chittagong city area to subdue the valiant freedom fighters of Sadhin Bangla. But they have been thrown back and many of them have been killed.

The Punjabis have been extensively using F-86 air crafts to kill the civilian strongholds and vital points. They are killing the civilians, men, women and children brutally. So far at least..........thousands of Bengali civilians have been killed in Chittagong area alone.

The Sadhin Bangla Liberation Army is pushing the Punjabis from one place to the other.

At present Punjabis have utilized at least two Brigades of Army, Navy and Air Force. It is in fact a combined operation.

I once again request the United Nations and the big powers to intervene and physically come to our aid. Delay will mean massacre of additional millions."

**THE PROCLAMATION OF INDEPENDENCE**

Mujibnagar, Bangladesh  
Dated 10th day of April, 1971.

Whereas free elections were held in Bangladesh from 7th December, 1970 to 17th January; 1971, to elect representatives for the purpose of framing a constitution,

AND

Whereas at these elections the people of Bangladesh elected 167 out of 169 representatives belonging to the Awami League,

AND

Whereas General Yahya Khan summoned the elected representatives of the people to meet on the 3rd March, 1971, for the purpose of framing a Constitution,

AND

Whereas the Assembly so summoned was arbitrarily and illegally postponed for indefinite period,

AND

Whereas instead of fulfilling their promise and while still conferring with the representatives, of the people of Bangladesh, Pakistan authorities declared an unjust and treacherous war,

AND

Whereas in the facts and circumstances of such treacherous conduct Bangabandhu Sheikh Mujibur Rahman, the undisputed leader of the 75 million people of Bangladesh, in due fulfillment of the legitimate right of self determination of the people of Bangladesh, duly made a declaration of independence at Dacca on March 26, 1971, and urged the people of Bangladesh to defend the honor and integrity of Bangladesh,

AND

Whereas in the conduct of a ruthless and savage war the Pakistani authorities committed and are still continuously committing numerous acts of genocide and unprecedented tortures, amongst others on the civilian and unarmed people of Bangladesh,

AND

Whereas the Government by levying an unjust war and committing genocide and by other repressive measures made it impossible for the elected representatives of the people of Bangladesh to meet and frame a Constitution, and give to themselves a Government,
AND

Whereas the people of Bangladesh by their heroism, bravery and revolutionary fervor have established effective control over the territories of Bangladesh,

We, the elected representatives of the people of Bangladesh, as honor bound by the mandate given to us by the people of Bangladesh, who’s Will is supreme duly constituted ourselves into a Constituent Assembly, and

having held mutual consultations, and

in order to ensure for the people of Bangladesh equality, human dignity and social justice,

declare and constitute Bangladesh to be sovereign Peoples’ Republic and thereby confirm the declaration of independence already made by Bangabandhu Sheikh Mujibur Rahman, and

do hereby affirm and resolve that till such time as a Constitution is framed, Bangabandhu Sheikh Mujibur Rahman shall be the President of the Republic and that Syed Nazrul Islam shall be the Vice-President of the Republic, and

that the President shall be the Supreme Commander of all the Armed Forces of the Republic,

shall exercise all the Executive and Legislative powers of the Republic including the power to grant pardon,

shall have the power to appoint a Prime Minister and such other Ministers as he considers necessary,

shall have the power to levy taxes and expend monies,

shall have the power to summon and adjourn the Constituent Assembly, and

do all other things that may be necessary to give to the People of Bangladesh an orderly and just Government,

We, the elected representatives of the People of Bangladesh do further resolve that in the event of there being no President or the President being unable to enter upon his office or being unable to exercise his powers and duties due to any reason whatsoever, the Vice-President shall have and exercise all the powers, duties and responsibilities herein conferred on the President.

We further resolve that we undertake to observe and give effect to all duties and obligations that devolve upon us as a member of the family of nations and under the Charter of United Nations.

We further resolve that this proclamation of independence shall be deemed to have come into effect from 26th day of March, 1971.

We further resolve that in order to give effect to this instrument we appoint Prof. M. Yusuf Ali our duly Constituted Potentiary and to give to the President and the Vice-President oaths of office.
LAWS CONTINUANCE ENFORCEMENT ORDER

Mujibnagar,
Dated 10th day of April, 1971.

I, Syed Nazrul Islam, the Vice President and Acting President of Bangladesh, in exercise of the powers conferred on me by the Proclamation of Independence, dated tenth day of April, 1971, do hereby order that all laws that were in force in Bangladesh on 25th March, 1971, shall subject to the Proclamation aforesaid continue to be so in force with such consequential changes as may be necessary on account of the creation of the sovereign independent State of Bangladesh formed by the Will of the people of Bangladesh and that all government officials-civil, military, judicial and diplomatic- who take the oath of allegiance to Bangladesh shall continue in their offices on terms and conditions of service so long enjoyed by them and that all District Judges and District Magistrates, in the territory of Bangladesh and all diplomatic representatives elsewhere shall arrange to administer the oath of allegiance to all government officials within their jurisdiction.

This order shall be deemed to have come into effect from 26th day of March, 1971.

Signed: - SYED NAZRUL ISLAM
Acting President.

অজ হাজীন, বাংলাদেশ আজ মুক্ত। সৈনিক সংবাদ দিয়েন আজ হাজীন বাংলাদেশের যে কোন জায়গায় বিএ বাধায় যুদ্ধে বেড়াতে পারেন এবং আপনার এ বিজয়ের কথা তারা বাইরে জানাচ্ছেন।

আজ প্রতিশোধ আদেশের কথা প্রাগ্রামের প্রতি ঘরে ঘুরে পাচ্ছে। হাজার হাজার মানুষ আজকের এই হাজীনের সন্ধামে যোগ দিচ্ছেন। বেশির ভাগের ইংরেজি এবং চিনিয়ে জশিমেত ও ই, পি, আর-এর বীর বাঙলিড যোদ্ধা। এই হাজীনের সন্ধামে যে মুক্ত হতে পারেন তাদের কেন্দ্র করে পুলিশ, আসিস্টেন্ট, মুজিবিহীন, আরোহীসহ ক্ষেত্রে সবাই মুক্ত হতে পারেন। আর অন্তর্ভুক্ত মধ্যে একটি শত শত প্রাপ্তি পাচ্ছে যারা মুজিবিহীন শরকের মুক্তি করার জন্য প্রস্তুত করে গেছেন। সাফরপারের বাঙলিড বাহিনীর যে স্থানে আজ আর অন্যান্য সাহায্য পাচ্ছে।

লিলিয়ান ও কৃষ্ণধার অঞ্চলে কেলের কর্ত্তিমণ্ডের মেজার সাহেবদের সাথে পরিচালনার দায়িত্ব নিচ্ছেন। বালেদ মুসানার নেতৃত্বে আমাদের মুজিবাহিনীর অংশ পাখায় ও কৃষ্ণধার সাহেবের কাছে মুক্তির প্রতি লিখিতেছেন।

চট্টগ্রাম ও নোয়াখালী অঞ্চলের সম্পূর্ণ পরিচালনার দায়ী মেজার সাহেবদের সাথে কর্ত্তিমণ্ড এখানে নেতৃত্ব নেন।

মামলাসহ ও টাঙ্গাইল অঞ্চলে দায়ী মেজার সাহেবদের সাথে কর্ত্তিমণ্ড এখানে নেতৃত্ব নেন।

উত্তরবঙ্গ অঞ্চলের মুজিবাহিনীর মেজার আছে একটি কর্ত্তিমণ্ড। কর্ত্তিমণ্ড এখানে হাজীনের প্রতি লিখিত করেছেন।

হাজীন সন্ধামে আমাদের এ অনুপাতে সাহায্য অসম্ভব আরও নেতৃত্ব সাহেবদের দিনাজী।
অপারেটিং অস্মান বাহিনী বাংলাদেশ সরকারের প্রধান কার্যালয় অবস্থিত হয়েছে দক্ষিণ-পশ্চিম অঞ্চলের মুর্শিদাবাদ শহরে। পূর্বদিকে বাংলাদেশ সরকারের আইন সচিব বিভাগের কার্যালয়টি অবস্থিত হয়েছে।

আরমা বাংলাদেশ সরকারের প্রতি সর্বদাই সঠিক ও নির্দিষ্ট প্রতিনিধিত্ব করে থাকে যা প্রতি সরকারের আইন সচিব বিভাগের কার্যালয়টি অবস্থিত হয়েছে। এটি সরকারের প্রতি সর্বদাই সঠিক ও নির্দিষ্ট প্রতিনিধিত্ব করে থাকে যা প্রতি সরকারের আইন সচিব বিভাগের কার্যালয়টি অবস্থিত হয়েছে।
ইতিমধ্যেই আমাদের বাংলাদেশের ঘরে ঘরে প্রতোকেই নিজেদের হতে অক্ত তুলে নিয়েছেন। যাদের হতে আজও আমারা আধুনিক অক্ত তুলে দিতে পারিনি তাদেরকে আশ্বাস জানাচ্ছি, যার হতে যা আছে তাই নিয়ে আজান্ত অংশ নিন। আমাদের জ্ঞান বিশ্বাস যে, শীতলই আপনাদের হতে আমরা আধুনিক অক্ত তুলে দিতে পারি। ইতিমধ্যে প্রতোকেই আধুনিক অক্ত ব্যবহারের ট্রেনিং নেওয়ার জন্য নিকটবর্তী সংগ্রাম পরিষদের সাথে যোগাযোগ করাতে। যাদের হতে আধুনিক অক্তেই নেই তাদেরও এই জন্যঃ ধূমপুর্ণ দায়িত্ব এবং করমত রাখার শাসন হবে ও তুলনাহীনকে অক্ত করে দেবার কাজে আপনি সহজ অনুষ্ঠান করতে পারেন।

সম্ভবত কাজ না করতে পারলেও আপনি রাগ তো করিনি, প্রমাণ উভয়ে নিয়ে এবং আরো নালাধীর প্রশ্ন উপেক্ষিত নিয়ে শুরু করে হয়ে ও কানাতে পারেন। নিম্নদিকে শুরু করে আসতে পারে তার সম্পর্কে সাধারণ ব্যবস্থা প্রায় করতে হবে ও বিবিধতা কর্ম দুই রাখতে হবে। নবনিয়ে সম্পর্কে, লজ্জা ও ক্ষতি অক্ত করে দিতে হবে। এ কর্ম শুরু পালন করার জন্য স্থায়ী সংগ্রাম পরিষদের নেতৃত্বে ছোট প্রথম সংগঠন হবে। এর জন্যে আপনার এনেরকে সমর্পণচর্চার সাথে সংগ্রাম পরিষদের মাধ্যমে মোগায়ন করতে হবে এবং তাদের আদেশ ও নির্দেশনালী মেনে চলতে হবে।

যুদ্ধে আশে শান্তি ছাড়াও বাংলাদেশের সব দিকে নিয়ে বাচিয়ে রাখার বাজিতের ও অবহেলা করলে চলবে না। শাসনকর্তা অধিক ও সম্প্রসারণ বাংলার অধিবাসীদের মধ্যে যাঁরা একে-এককে আমাদের সাথে যোগ দিতে পারবেন, তাঁরা যে যেখানে থাকবেন না কেন, আমারা তাদেরকে মূল এলাকায় চলে আসতে হয় আশ্বাস জানাচ্ছি। অনুরূপভাবে আমরা আহবান জানাচ্ছি সম্প্রদায় বিশেষ, টেলিভিশন, ইন্টারনেট, সংবাদপত্রের ব্যবস্থা, সংবাদচিত্র, শিক্ষা ও চর্চাপরিদানের জন্য অনন্তবিদ্যা বাংলাদেশ সরকারের সাহায্যে আগে।

আমাদের সামাজিক বুদ্ধিবোধ করে, তার জন্য নূতন পরিস্থিতিতে অক্ত এবং আপনার প্রতোকেই কর্ম বাংলাদেশের সেখানে অবদান রাখার জন্য আশ্বাস জানাচ্ছি।

হামায়ুর শাহাবেরির সাথে কেন প্রকার সহযোগিতা করা বা সম্পর্ক রাখা চলবে না। বাংলাদেশ আজ কোনো মীরাজফরর ছানা নিন। যদি কেউ চাই তার জন্য আশ্বাস জানাচ্ছি জাতিসংঘীয় রাজনীতিতে প্ররোচক করতে হবে, যারা অর্থনীতির অংশ হয় বিশ্বাসনির্ভর বাংলা মানুষ মূল্যহীন প্রায়েরাও করেছে তারা আমার আহবান জানাচ্ছি।
তাদের সমস্ত যজ্ঞের বার্তা হয়ে গেছে। তাদের খানা সরবরাহের সকল পপ আজ বদক- চাকার সাথে আজ তাদের যোগাযোগে বিচিত্র। উড়ড়াইজাজ থেকে খাবার ফেলে এদেরকে ইয়াইহিয়া খান আর বোল্ডি দিন টিকিয়ে রাখাতে পারবে না। ওদের জালানির সরবরাহের লাইজন আমাদের মুকিতানাহির বার্তা করে দিচ্ছে। ইয়াইহিয়ার উড়ড়াইজাজ আর বোল্ডি দিন বাংলাদেশের আকাশে দেখায় যাবে না। বাংলাদেশের সাতে সাত কোটি উনবিংশ জনসমূহের মাথাধানে ওরা আজকে বিচিত্র জীবনের মত। বাংলাদেশের আকাশে শীতেরই বাড়ার মাত্র শুন হচ্ছে। ওরা জানে ওরা হামার। ওরা ওদের বিকেলে পৃথিবীর সমস্ত মানুষের কৃপ্তি ও ধূম। ওরা তীব্র ও সতর্ক মৃদু ওদের সাধনে পরাজয়ের পরোয়ানা নিয়ে হাজির। তাই ওরা উদ্যম মত ধন্ব লীলায় মেতে উঠেছে।

পৃথিবী আজ সঞ্জয়। পৃথিবীর এই অট্টহাস রাত্রি বাংলাদেশের দিকে তাকিয়ে আছে বিশ্বের মানুষ, যেখানে ওরা এ ঘরের খেলায় মেতে উঠেছে। বিশ্বের মানুষ আজ আর ইসলামাবাদ সরকারের আইন-শূলালগিত রক্ষার বিশ্বের জীবনে ঠিক আজ অজ্ঞাত হয়ে। যে সমস্ত সাংঘাতিক বাংলাদেশের এই যুদ্ধের ভাবাত্মক ও নৃসৃতিতে থেকে অবাক্তণে পেয়েছে তারা ইয়াইহিয়ার এই অনয়ন ও আফগানিস্তানের সর্বাধিক মানুষের নিকট জানাচ্ছে। অপরপক্ষে যে সমস্ত সাংঘাতিক আমাদের মুক্তি এলাকা পরিপক্ষ করেছেন তারা বলে নিয়ে যেয়েছে বাংলাদেশের মানুষের এই বীর প্রতিরোধ যুদ্ধের খবর- আর এখন নিয়ে যাচ্ছে ইয়াইহিয়ার সরকারের ধন্য ও আত্মবিশ্বাসী চাহিদার প্রশস্ত।

ইমামের সাহিত্যের রাশিয়া এবং তার শব্দের এই নিবন্ধের গভীরতার বিচার তাদের শুরুতারের উদ্ধৃতি করেছে এবং সাহিত্যের রাশিয়া অবলম্বনে এই হতাশা ও নিন্দী নথিও করবার আঘাত জনিয়েছেন। এই শ্রীমান বল্লর বালকে এই অবস্থায় সরবরাহ হয়ে উঠেছে। যে সমস্ত পাঞ্জাবিয়া শাসিত মুসলিম সরকার নিয়ে চাকর আসার প্রথম জীবনের কাছেছিল তাদেরকে জালানির সরবরাহ করতে অনুযায়ী জানিয়েছে। পৃথিবীর বিভিন্ন জাতিধরীতে আমারা আমাদের প্রতিষ্ঠিত পাঠান এবং বিদেশের সমস্ত রাজ্যের মাঝে কুর্তিকলিত জীবন ও আমাদের ব্যবহারকারী সম্প্রদায় সাহায্য ও সহায়কৃতি চালে পাঠান পাঠান।

আমাদের যে সমস্ত তাইহীদন শুক্রবার হচ্ছে মৃত্যু ও আমাদের নামপথে আবারো, আমাদের নৃসৃতি বিচারে সম্প্রতি করে সাহস ও বিশ্বাসের সাথে মুক্তির পথ চরে আছে কানিং আমাদের এক মুহুর্তের জন্যে তুলি পাঁচন না। যাই আমাদের সম্প্রদায়ের শরম হতে চান তাদের জন্যে রাহতে আমাদের আমাদের যৌবনের পক্ষে নেমেছে মৃত্যু এলাকায় মৃত্যু আসার সত্ত্বায় যাতে আমাদের আমাদের প্রেরণা নিয়েছে বাংলাদেশের সাতে সাত কোটি মানুষের পথ চরে থেকে, শহীদ তাইহীদনের বিভিন্ন আত্মায় পথ থেকে। শহীদের রক্ত রক্ত থেকে পান না। ইমামের আমাদের, যত আমাদের প্রশস্তি হচ্ছে।

আমাদের যুদ্ধীর্য্যর বিরুদ্ধে না বলে আমাদের ত্রিভুবন; কারণ প্রতিনিধি আমাদের পরিকল্পনা হচ্ছে এবং আমাদের স প্রতিনিধি তাইহীদনের মত। কিন্তু আমাদের মুকিতানাহির হাতে নেমে পায়ার মোতায় মোতায় নায়েল আ মুহুর্তের জন্যে তুলি পাঁচন না যে এ যুদ্ধ মুহুর্তের এবং এর সহায়তায় আমার এ কথেই বসেতে হয় যে এ যুদ্ধ বাংলাদেশের বীর মানুষের যুদ্ধ। খেলো আওয়াল সাধারণ কৃষ্ণ, প্রথম, মধাবনি, হাত-
জনতা তাঁদের সাহস, তাঁদের দেশপ্রেম, তাঁদের বিশ্বাস, সাধারণ বাংলাদেশের চিহ্ন তাঁদের নিম্নমূল্যায়ণ, তাঁদের আত্মাবৃতি, তাঁদের তাপ ও ভিত্তিকায় জন্য নিল এই নতুন সাহায্য বাংলাদেশ। সাড়ে সাত কোটি মানুষের সহিলিত প্রচৌলিয়া ফলপ্রসূ হয়ে উঠুক আমাদের সাহায্যের সম্পন্ন। বাংলাদেশের নির্মল জীবন মানুষের জন্য রচিত হোক এক নতুন পৃথিবী, যেখানে মানুষ মানুষকে শেষ করব না। আমাদের প্রতিষ্ঠা হোক ক্ষুধা, রোগ, সমাজে আর অজানাতার অভিব্যক্তি থেকে মুক্তি। এই পবিত্র দায়িত্বে নিয়োজিত হোক সাড়ে সাত কোটি বীর বাঙালী ভাইবোনের সহিলিত মনোবল ও অসীম শক্তি। তাই আজ রক্ত দিয়ে উর্বর করছে বাংলাদেশের মাটি, আমাদের উৎক্ষেপিত হচ্ছে সাহায্য। বাংলাদেশের নতুন মানুষ, তাঁদের রক্ত আর খামে তেজ মাটি থেকে গড়ে উঠুক নতুন গনতাত্ত্বিক সমাজবাদী; গণমান্দের কল্যাণে সাম্য আর বুদ্ধিচারের ভিত্তিপ্রস্তরে লেখা হোক ‘জয় বাংলা’, ‘জয় সাহায্য বাংলাদেশ’।
A six-member war cabinet headed by Sheikh Mujibur Rahman was formed in Bangladesh today when the West Pakistanis launched an all-out offensive in strongholds of his liberation forces.

An important Awami League member announced somewhere in Bangladesh that the Government, with Nazrul Islam as Vice-President and the Party General Secretary, Mr. Tajuddin Ahmed, as Prime Minister, would guide and coordinate the war of liberation.

Today's announcement formalised Sheikh Mujibur Rahman's proclamation of a Sovereign Democratic Republic of Bangladesh on March 25 when the martial law authorities cracked down on East Bengal calling the Sheikh a "traitor".

According to the announcement, Mr. Khondakar Mushtaque Ahmed is Foreign Secretary in the Government.

Other members of the Government are Capt. Mansoor Ali and Mr. A. H. M. Kamaruzzaman.

The Government came into being following protracted deliberations at a meeting of National Assembly members and top Awami League leaders.

Mr. Tajuddin Ahmed, a close associate of the Bangabandhu since long, had led the Awami League team at the advisers-level meeting during the abortive constitutional talks last month.;

He and Mr. Kamaruzzaman were both General Secretaries of the Awami League.

Mr. Kamaruzzaman was also Secretary of the Awami League party in the National Assembly.

Mr. Khondakar Mushtaque Ahmed was believed to be the Awami League's choice for Speakership of the National Assembly which never met.

Mr. Mansur Ali, of Pabna, was leader of the Awami League party in the Provincial Assembly.

The formation of the Government was announced in a broadcast from the newly set up Swadhin Bangla Betar Kendra and confirmed by the Press Adviser to President Rahman.

The radio said formal proclamation of the new Government would take place at 9 a.m. tomorrow.
The headquarters of the Government would be at Chuadanga in the liberated area.

The radio said the Council of Ministers would be expanded at a later stage.

The Government of Bangladesh would be based on the principle of collective responsibility, it added.

The portfolios of Mr. Tajuddin Ahmed’s Cabinet colleagues are expected to be announced tomorrow.

১। চিকিৎসা ও সেবা-শ্রেষ্ঠীয়তার জন্য আধুনিক বাণিজ্যের কাজের কাছে নিয়ে যান।

২। মুক্তিসংগ্রামের বিশ্বদায়তনের শাস্তি নিন।

৩। আওয়ামী লীগের জাফারের নেতাদের কাছ থেকে জেনে নিন কি করা উচিত।

৪। তৎক্ষণাৎ সকলে ট্রেনিং-এর জন্যে নিকটতম মুক্তিবোধ দপ্তরে চলে আসুন-সেখানেই তাঁরা নির্দেশ পাবেন।

৫। প্রত্যেক গ্রাম-গ্রামের আশপাশের গ্রাম বা গ্রামগুলির গ্রামনামের সঙ্গে খুনিতে যোগাযোগ রক্ষা করে চলুন এবং সমস্ত খবরকার সহযোগি পরস্পরকে ওয়াকাংলিয়াল রাখুন।

৬। মুক্ত অঞ্চলগুলির সরকারী কর্মচারীরা আওয়ামী লীগের হাতের সত্তা ধরুন থেকে নিদেশ নিন।

৭। নদী-পরিবহন ব্যবস্থার সমন্বিত কর্মচারী বাংলাদেশ সরকারের নির্দেশ মেনে চলুন ও বেনিসেপ্তিজান ঢাকা কেন্দ্র থেকে প্রচারিত নির্দেশ উপেক্ষা করুন। ঢাকায় নদী-পরিবহনকর্মীরা নদীর জলে আহবান করে বাংলাদেশ সরকারের ভাষার ব্যবহার পালন কর্তা।

৮। নিজের এলাকায় মুক্তিবোধ কমিউনিটির নির্দেশ অনুমানী অসমাজিক প্রতিরক্ষা ব্যবস্থার সমন্ত নিয়ম মেনে চলুন।

৯। আপনার এলাকায় সদস্যজন লোক গ্রামেরা কর্তৃক। তাদের সঙ্গে সাবধান থাকুন এবং তেমন কোনও লোকের মুঘ্জ পেলেই নিকটতম মুক্তিবোধ কেন্দ্রে খবর নিন।

দেশবাসী ভাইবাবুরা,

হানদার পাকিস্তানী পশ্চিমককে বাংলাদেশের পরিত্যক্ত মাটি থেকে ছাড়িয়ে দেবার ও বাঙালিকে শোষণমূৰ্ত্তি করে একটি নবনীন্ত সুয়ী-সময় সমাজ ব্যবস্থা গড়ে তুলবার দীর্ঘ শিক্ষা ও প্রশিক্ষণ নিয়ে বাঙালিকের শাসনচিত্র নেতা বহন করে। আন্দোলন ও নেতৃত্ব গড়ে ১৩ই এপ্রিল রাতে বাঙালি বাঙালির বৈদেশিক যোগ থেকে বাংলাদেশ সরকারের সূচনা করা হয়েছে। এই যোগ্যায়ন প্রক্রিয়া চিন্তিত পূর্বের মতই এক সুলভ পদক্ষেপ তৈরি করেছে। প্রতিটি বাঙালিআমে নিজের ব্যবহারের দৃষ্টিকোণে তুলে মূল্যায়ন করা হয়। তাই যেহেতু বাঙালি আত্ম নিজের সৃষ্টির দৃষ্টিকোণে তুলে মূল্যায়ন করা হয়। মূল্যায়নের সূচনা নিষিদ্ধ হয়। সংখ্যায় নিষিদ্ধ হয়।

বিশ্বাসযোগ্যতার জন্য পুনরায় সরকারের বিভাগ করে থেকের নতুন আজ মাহা তুলে দাড়াতে পেরেছে বলি-বাঙালি যুগ আজ আরও তীব্রতর; বিশ্বাস আজ অটুত্ত; প্রতিটি বাঙালিআম আজ সমাজ থেকে অবিচ্ছিন্ন।

বাঙালিআম আশা-আকাশের প্রতিফলন এ সরকারের রাষ্ট্রপ্রধান নির্দেশিত হয়েছে বাঙালি বাঙালির মহানাযক বাঙালির প্রতি রাষ্ট্রপ্রধানের অবসানদিত নেতা বহন শেষ মূল্যায়ন রহমান। আজ তার সরকারী হিসেবে রয়েছে ত্যাপে ও শুভ্রতী নেতৃত্ব।

Re-organization of Liberation Forces:

The newly formed "Provisional" Government on April 14 set about the task of transforming the liberation army into an organized force by setting up a full-fledged operational base and an Interim capital and naming commanders for well-defined liberated zones.

Col. Osmani of the Bengal Regiment, who had retired from active service some time before the flare-up in East Bengal, was appointed the General Officer Commanding-in-Chief of the "Mukti Fauj".

The names of regional commanders as announced by the Prime Minister, Mr. Tajuddin Ahmed, were: Maj. Khalid Musharraf, Sylhet-Comilla; Maj. Ziaur Rahman, Chittagong-Noakhali; Maj. Saifiulla, Mymensingh-Tangail; and Maj. M.A. Osman, south-west.

Besides the interim capital located in the western zone, a regional unit had been set in the Sylhet-Comilla zone with full administrative authority for the eastern region.

He said that in the Sylhet-Comilla region, Maj. Khalid Musharraf of the Hast Bengal Regiment had driven the Army to the cantonments of Sylhet and Comilla.

In the Chittagong-Noakhali sector, Maj. Ziaur Rahman was in full command of the liberation forces who had contained the enemy in limited pockets of Chittagong.

Maj. Saifiulla was poised to march on Dacca after liberating all areas in Mymensingh and Tangail.

In the south-west region, Mr. Ahmed said, Maj. Osman had taken command, liberating large areas of Khulna, Kushtia, Jessore, Faridpur, Barisal and Patuakhali. The enemy remained confined to Jessore cantonment and parts of Khulna town.

In north Bengal, a unified command of the East Bengal Regiment and the East Pakistan Rifles had laid siege on Rangpur and Saidpur enemy positions.

Democratic Republic of Bangladesh Proclaimed:

Amidst thunderous cheers from a 10,000-strong crowd which included contingents of the EPR, Ansars and Mujahids, the Democratic Republic of Bangladesh was proclaimed in Mujibnagar on April 17 as a formally constituted State, to be run by a presidential form of Government.
The Prime Minister, Mr. Tajuddin Ahmed declared that the Government's writ ran through 90 per cent of the territory, except for the cantonments and a few administrative headquarters which were being held by the Army. About 50 foreign journalists watched and recorded the proceedings.

The proclamation named Syed Nazrul Islam as Vice-President, but explained that if the President, Sheikh Mujibur Rahman, "is absent, or cannot function or is incapacitated," Mr. Islam would carry on the functions of the President.

Pending the formulation of a new Constitution, the President would be the head of the armed forces and the sole legislative authority. He would appoint the Prime Minister and his colleagues, levy taxes and authorize expenditure and would convene or adjourn a Constituent Assembly.

The proclamation explained why this step had been necessary and affirmed that this was being done in accordance with the mandate of the people as reflected in the results of the last elections. The objective of the new State and "nation" would be to ensure human dignity and social justice. This, Mr. Islam said, had been sought to be achieved peacefully by the State's 75 million people over the last 23 years. But, they had been frustrated by the feudal interests and the military Junta.

Their present struggle, he said, was for political, cultural and economic emancipation of the people of Bangladesh as well as for their very existence and "win we must, today, tomorrow or the day after".

He urged foreign journalists to convey his message to their respective countries that for the sake of human liberty, dignity and values as well as for the sake of democracy, big and small Powers throughout the world, especially those in Africa and Asia, should recognize his Government and "do something positive to alleviate the miseries of the Bangladesh people."

He went a step further. He said that in the past, Pakistan had secured arms from other countries mainly for the defense of the country and at a very heavy cost in terms of hard labor by the people to earn foreign exchange. It was tragic that these arms were now being used against the un-ramped people of Bangladesh.

He urged these countries not only to stop fresh supplies but also to ensure that no further use was made of these lethal weapons against the people of Bangladesh.
PRESS STATEMENT

Issued By

MR. TAJUDDIN AHMED
Prime Minister of Bangladesh
On 17th April, 1971

TO THE PEOPLE OF THE WORLD

Bangladesh is at war. It has been given no choice but to secure it right of self-determination through a national liberation struggle against the colonial oppression of West Pakistan.

In the face of positive attempts by the Government of Pakistan to distort the facts in a desperate attempt to cover up their war of genocide in Bangladesh, the world must be told the circumstances under which the peace-loving people of Bangladesh were driven to substitute armed struggle for parliamentary politics to realize the just aspirations of the people of Bangladesh.

The Six Point Programme for autonomy for Bangladesh within Pakistan had been put forward in all sincerity by the Awami League as the last possible solution to preserve the integrity of Pakistan. Fighting the elections to the National Assembly on the issue of Six Points, the Awami League won 167 out of 169 seats from Bangladesh in a House of 313. Its electoral victory was so decisive that it won 80% of the popular votes cast. The decisive nature of its victory placed it in a clear majority within the National Assembly.

The post election period was a time of hope, for never had a people spoken so decisively in the history of parliamentary democracy. It was widely believed in both Wings that a viable constitution based on Six Points could be worked out. The Pakistan People's Party which emerged as the leading party in Sind and Punjab had avoided raising the issue of Six Points in their election campaign and had no obligation whatsoever to its electorate to resist it. In Baluchistan, the dominant party, National Awami Party, was fully committed to Six Points. In NWFP, the NAP, dominant in the Provincial Assembly, was also a believer in maximum autonomy. The course of the elections, which marked the defeat of the reactionary parties, therefore, gave every reason to be optimistic about the future of democracy in Pakistan.
Preparatory to the convening of the National Assembly talks were expected between the main parties in the political arena. However, whilst the Awami League was always willing, preparatory to going to the Assembly, to explain its constitutional position and to discuss alternative proposals from the other parties, it believed that the spirit of a true democracy demanded that the constitution be debated and finalized in the National Assembly rather than in secret sessions. To this end, it insisted on an early summoning of the National Assembly. In anticipation of this session, the Awami League worked day and night to prepare a draft constitution based on Six Points and fully examined all the implications of formulating and implementing such a constitution.

The first major talks over Pakistan's political future took place between General Yahya and Sheikh Mujibur Rahman in Mid-January. In this session General Yahya probed the extent of the Awami League's commitment to its programme and was assured that they were fully aware of its implications. But contrary to expectation Yahya did not spell out his own ideas about the constitution. General Yahya gave the impression of not finding anything seriously objectionable in Six Points but emphasized the need for coming to an understanding with the PPP in West Pakistan.

The next round of talks took place between the PPP and the Awami League from 27th January, 1971 in Dacca where Mr. Bhutto and his team held a number of sessions with the Awami League to discuss the constitution.

As in the case with Yahya, Mr. Bhutto did not bring any concrete proposals of his own about the nature of the constitution. He and his advisers were mainly interested in discussing the implications of Six Points. Since their responses were essentially negative and they had no prepared brief of their own it was not possible for the talks to develop into serious negotiations where attempts could be made to bridge the gap between the two parties. It was evident that as yet Mr. Bhutto had no formal position of his own from which to negotiate.

It must be made clear that when the PPP left Dacca there was no indication from their part that a deadlock had been reached with the Awami League. Rather they confirmed that all doors were open and that following a round of talks with West Pakistani leaders, the PPP would either have a second and more substantive round of talks with the Awami League or would meet in the National Assembly whose committees provided ample opportunity for detailed discussion on the constitution.

Mr. Bhutto's announcement to boycott the National Assembly therefore came as a complete surprise. The boycott decision was surprising because Mr. Bhutto had already been accommodated once by the President when he refused Sheikh Mujib's plea for an early session of the Assembly on 15th February and fixed it, in line with Mr. Bhutto's preference, for 3rd March.
Following his decision to boycott the Assembly, Mr. Bhutto launched a campaign of intimidation against another parties in West Pakistan to prevent them from attending the session. In this task, there is evidence that Lt. Gen. Umer, Chairman of the National Security Council and close associate of Yahya, with a view to strengthening Mr. Bhutto's hand, personally pressurized various West Wing leaders not to attend the Assembly. In spite of this display of pressure tactics by Mr. Bhutto and Lt Gen. Umer, all members of the National Assembly from West Pakistan, except the PPP and the Qayyum Muslim League had booked their seats to East Pakistan, for the session of 3rd March.

Within the QML itself, half their members had booked their seats and there were signs of revolt within the PPP where many members were wanting to come to Dacca. Faced with the breakdown of this joint front against Bangladesh, General Yahya obliged Mr. Bhutto on 1st March by postponing the Assembly, not for any finite period, but sine die. Moreover he dismissed the Governor of East Pakistan, Admiral S. M. Ahsan, who was believed to be one of the moderates in his administration. The Cabinet with its component of Bengalis was also dismissed so that all power was concentrated in the hands of the West Wing military Junta.

In these circumstances Yahya's gesture could not be seen as anything but an attempt to frustrate the popular will by colluding with Mr. Bhutto. The National Assembly was the only forum where Bangladesh could assert its voice and political strength, and to frustrate this was a clear indication that Parliament was not to be the real source of power in Pakistan.

The reaction to the postponement in Bangladesh was inevitable and spontaneous and throughout the land people took to the streets to record their protest at this arbitrary act. People now felt sure that Yahya never really intended to transfer power, and was making a mockery of parliamentary politics. The popular mood felt that the rights of Bangladesh could never be realized within the framework of Pakistan, where Yahya could so blatantly frustrate the summoning of an Assembly proclaimed by his own writ and urged that Sheikh Mujibur Rahman must go for full independence.

Sheikh Mujib however continued to seek a political settlement. In calling for programme of non-cooperation on 3rd March he chose the weapon of peaceful confrontation against the army of occupation as an attempt to bring them to their senses. This was in itself a major gesture in the face of the cold-blooded firing on unarmed demonstrators on the 2nd and 3rd March which had already led to over a thousand casualties.

The course of the non-cooperation movement is now a part of history. Never in the course of any liberation struggle has non-cooperation been carried to the limits, attained within Bangladesh between 1st and 25th March. Non-cooperation was total. No judge of the High Court could be found to administer the oath of office to the new Governor, Lt. General Tikka Khan. The entire civilian administration including the police and the Civil Service of Pakistan, refused to attend office. The people stopped supply of food to the army. Even the civilian employees of the Defense establishment joined the boycott.
Non-cooperation did not stop at abstention from work. The civilian administration and police positively pledged their support to Sheikh Mujibur Rahman and put themselves under his orders.

In this situation the Awami League without being a formally constituted Government, was forced to take on the responsibility of keeping the economy and administration running whilst non-cooperation lasted. In this task they had the unqualified support not only of the people but the administration and business community. The latter two subordinated themselves to the directives of the Awami League and accepted them as the sole authority to solve their various problems.

In these unique circumstances the economy and administration were kept going in spite of the formidable problems arising out of the power vacuum which had suddenly emerged in Bangladesh. In spite of the lack of any formal authority, Awami League volunteers in cooperation with the police maintained a level of law and order which was a considerable improvement on normal times.

Faced with this demonstration of total support to the Awami League and this historic non-cooperation movement, General Yahya appears to have modified his tactics. On the 6th March he still seemed determined to provoke a confrontation when he made his highly provocative speech putting the full blame for the crisis, on the Awami League and not even referring to the architect of the crisis, Mr. Bhutto. It seems that he expected a declaration of independence on 7th March. The Army in Dacca was put on full alert to crush the move and Lt. Gen. Tikka Khan was flown to replace Lt. Gen. Yakub to signify the hardening of attitudes within the Junta.

Sheikh Mujib, however, once again opted for the path of political settlement in spite of massive public sentiment for independence. In presenting his 4-point proposal for attending the National Assembly he not only had to contain the public mood but to leave a way open for Yahya to explore this last chance for a peaceful settlement.

It is now clear that Yahya and his Generals never had the slightest intention of solving Pakistan's political crisis peacefully but were only interested in buying time to permit the reinforcement of their military machine within Bangladesh. Yahya's visit to Dacca was a mere cover for his plan of genocide. It now becomes clear that contingency plans for such a crisis had already begun well in advance of the crisis.

Shortly before 1st March tanks which had been sent north to Rangpur to defend the borders were brought back to Dacca. From 1st March the families of Army personnel were being sent off to West Pakistan on a priority basis along with the families of West Pakistani businessmen.

The military build-up was accelerated after 1st March and continued throughout the talks up to 25th March. Members of the armed forces dressed in civilian clothes were flown in PIA commercial flights via Ceylon. C-130s carrying arms and provisions for the garrisons flew into Dacca. It is estimated that up to one division, with complementary support, as brought into Bangladesh between 1st and 25th March. To ensure security, the airport was put under strict air force control and heavily guarded with artillery and
machinegun nets whilst movement of passengers was strictly supervised. An SSG Commando Group specially trained for undercover operations in sabotage and assassinations was distributed in key centers of Bangladesh and were probably responsible for the attacks on Bengalis in Dacca and Saidpur in the two days before 25th March to provoke clashes between locals and nonlocals so as to provide a cover for military intervention.

As part of this strategy of deception Yahya adopted the most conciliatory posture in his talks with Mujib. In the talks beginning on 16th March, he expressed regrets for what had happened and his sincere desire for a political settlement. In a crucial meeting with Sheikh Mujib he was asked to positively state the Junta’s position on the Awami League’s 4-point proposal.

He indicated that there were no serious objections and that an interim constitution could be worked out by the respective Advisers embodying the four points.

The basic points on which agreement was reached were:

(1) Lifting of Martial Law and transfer of power to a Civilian Government by a Presidential Proclamation.

(2) Transfer of power in the provinces to the majority parties.

(3) Yahya to remain as President and in control of the Central Government.

(4) Separate sittings of the National Assembly members from East and West Pakistan preparatory to a joint session of the House to finalize the Constitution.

Contrary to the distortions now put out by both Yahya and Bhutto the proposal for separate sittings of the Assembly was suggested by Yahya to accommodate Mr. Bhutto. He cited the practical advantage that whilst 6-points provided a viable blueprint to regulate relations between Bangladesh and the Centre its application would raise serious difficulties in the West Wing. For this reason West Wing MNA’s must be permitted to get together to work out a new pattern of relationships in the context of a Six-Point constitution and the dissolution of One-Unit.

Once this agreement in principle had been reached between Sheikh Mujib and Yahya there was only the question of defining the powers of Bangladesh vis-a-vis the Centre during the interim phase. Here it was again jointly agreed that the distribution of power should as far as possible approximate to the final constitution approved by the National Assembly which it was expected would be based on ‘Six Points’.

For working out this part of the interim settlement Mr. M. M. Ahmed, the Economic Adviser to the President was specially flown in. In his talks with the Awami League advisers he made it clear that provided the political agreement had been reached there were no insuperable problem to working out some version of Six Points even in the interim period. The final list of three amendments to the Awami League draft which he presented as suggestions indicated that the gap between the Government and Awami League position was no longer one of principle but remained merely over the precise
phrasing of the proposals. The Awami League in its sitting of 24th March accepted the amendments with certain minor changes of language and there was nothing to prevent the holding of a final drafting session between the advisers of Yahya and Mujib when the interim constitution would be finalized.

It must be made clear that at no stage was there any breakdown of talks or any indication by General Yahya or his team that they had a final position which could not be abandoned.

The question of legal cover for the transfer of power is merely another belated fabrication by Yahya to cover his genocide. He and his team had agreed that, in line with the precedence of the Indian Independence Act of 1947, power, and could be transferred by Presidential Proclamation. The notice that there would be no legal cover to the arrangement raised subsequently by Mr. Bhutto and endorsed by General Yahya was never a bone of contention between Sheikh Mujib and Yahya. There is not the slightest doubt that had Yahya indicated that a meeting of the National Assembly was essential to transfer power, the Awami League would not have broken the talks on such a minor legal technicality. After all as the majority party it had nothing to fear from such a meeting and its acceptance of the decision for a separate sitting was designed to accommodate Mr. Bhutto rather than a fundamental stand for the party.

Evidence that agreement in principle between contending parties had been reached is provided by Mr. Bhutto’s own Press Conference on 25th March. It is, not certain what passed in the separate session between General Yahya and Mr. Bhutto but there is evidence that deliberate falsehoods about the course of the talk with the Awami League were fed to the PPP who were told that Sheikh Mujib was determined to have a showdown and was daily escalating his demands. Needless to say not the slightest indication of these misgivings had been raised in the meetings between the Awami League team and General Yahya’s advisers where amicability and optimism prevailed to the end.

Whilst hope for a settlement was being raised, more ominous signs of the intentions of the army were provided by their sudden decision to unload the ammunition ships M.V. Swat berthed at Chittagong Port. Preparatory to this decision, Brigadier Mazumdar, a Bengali officer commanding the garrison in Chittagong had been suddenly removed from his command and replaced by a West Pakistani. On 24th night he was flown to Dacca under armed escort and has probably been executed. Under the new command notice was given to local authorities of the decision to unload the ship in spite of the fact that the army had abstained from doing so for the last 17 days in the face of non-cooperation from the port workers. The decision to unload was a calculated provocation which immediately brought 1,00,000 people on the streets of Chittagong and led to massive firing by the Army to break their way out. The issue was raised by the Awami League with General Peerzada as to why this escalation was being permitted whilst talks were still going on. He gave no answer beyond a promise to pass it on to General Yahya.

Following the final meeting between General Yahya’s and Awami League’s advisers on 24th March where Mr. M. M. Ahmed passed on his amendments, a call was awaited
from General Peerzada for a final session where the draft could be finalized. No such call materialized and instead it was learnt that Mr. M. M Ahmed, who was central to the negotiations, had suddenly left for Karachi on the 25th morning without any warning to the Awami League team.

By 11 P.M. of the 25th all preparations were ready and the troops began to take up their positions in the city. In an act of treachery unparalleled in contemporary history a programme of calculated genocide was unleashed on the peaceful and unsuspecting population of Dacca by midnight of 25th March No ultimatum was given to the Awami League by Yahya, no curfew order was even issued when the machine gun, artillery and cannon on the tanks, unleashed their reign of death and destruction. By the time first Martial Law proclamations issued by Lt. General Tikka Khan were broadcast the next morning some 50,000 people, most of them without offering any resistance, and many women and children, had been butchered. Dacca had been turned in to an inferno with fires raging in most corners of die city. Sleeping inhabitant who had been drawn from their homes by the fires started by the military, were machine-gunned as they ran to escape the flames.

Whilst the Police, EPR and armed volunteers put up a heroic resistance the main victims remained the weak, the innocent and the unsuspecting, who were killed at random in their thousands. We are compiling a firsthand account of the details of genocide committed by the Pakistan Army on the orders of the President of Pakistan which we will publish shortly. The scale and brutality of the action exceeds anything perpetrated in the civilized world.

Yahya himself left Dacca on the night of 25th March after having unleashed the Pakistan Army, with an open license to commit genocide on all Bengalis. His own justification for this act of barbarism was not forthcoming till 8 P.M. the next day when the world was given its first explanation for the unleashing of this holocaust. The statement was self-contradictory and laced with positive lines. His branding of a part as traitors and outlaws, with whom, he had only 48 hours ago been negotiating for a peaceful transfer of power; bore no relationship to the situation in Bangladesh or the course of the negotiations. His promise to hand over power to the elected representatives of the people after banning "the Awami league which was the sole representative of Bangladesh and held a majority of seats, in the National Assembly was mockery of the freely recorded voice of 75 million Bengalis. The crudity of the statement was clear evidence that Yahya was no longer interested in taking shelter behind either logic or morality and had reverted to the law of the jungle in his bid to crush the people of Bangladesh.

Pakistan is now dead and buried under a mountain of corpses. The hundreds and thousands of people murdered by the army in Bangladesh will act as an impenetrable barrier between West Pakistan and the people of Bangladesh. By resorting to pre-planned genocide Yahya must have known that he was himself digging Pakistan's grave. The subsequent massacres perpetrated on his orders by his licensed killers on the people were not designed to preserve the unity of a nation. They were acts of racial hatred and sadism devoid of even the elements of humanity. Professional Soldiers, on orders, violated their
code of military honor and were seen, as beasts of prey who indulged in an orgy of murder, rape, loot, arson and destruction unequalled in the annals of civilization. These acts indicate that the concept of two countries is already deeply rooted in the minds of Yahya and his associates who would not dare commit such atrocities on their own countrymen.

Yahya's genocide is thus without political purpose. It serves only as last act in the tragic history of Pakistan which Yahya has chosen to write with the blood of the people of Bangladesh. The objective is genocide and scorched earth before his troops are either driven out or parish. In this time he hopes to liquidate our political leadership, intelligentsia and administration, to destroy our industries and public amenities and as a final act he intends to raze our cities to the ground. Already his occupation Army has made substantial progress towards this objective. Bangladesh will be set back 50 years as West Pakistan's parting gift, of a people they have exploited for twenty three years for their own benefit.

This is a point of major significance to those great powers who choose to ignore this largest single act of genocide since the days of Belsen and Auschwitz. If they think they are preserving the unity of Pakistan, they can forget it because Yahya himself has no illusion about the future of Pakistan.

They must realize that Pakistan is dead murdered by Yahya-and that independent Bangladesh is a reality sustained by the indestructible will and courage of 75 million Bengalis who are daily nurturing the roots of this new nationhood with their blood. No power on earth can unmake this new nation and sooner or later both big and small powers will have to accept it into the world fraternity.

It is, therefore, in the interest of politics as much as humanity for the big powers to put their full pressure on Yahya to cage his killer's and bring them back to West Pakistan. We will be eternally grateful to the - people of the USSR and India and the freedom loving people of all the countries for their full support they have already given us in this struggle: We would welcome similar support from the People's Republic of China, USA, France and Great Britain and others. Each in their own way should exercise considerable leverage on West Pakistan and were they to exercise this influence; Yahiya could not sustain his war of aggression against Bangladesh for a single day longer.

Bangladesh will be the eighth most populous country in the world. Its only goal will be to rebuild a new nation from the ashes and carnage left behind by Yahya's occupation army. It will be a stupendous task because we are already one of the world's poorest nations. But we now have a cause and a people who have been hardened in the resistance, who have shed their blood for their nation and won their freedom in an epic struggle which pitted unarmed people against a modern army. Such a nation cannot fail in its task of securing the foundations of its nationhood.
In our struggle for survival we seek the friendship of all people, the big power and the small. We do not aspire to join any bloc or pact but will seek assistance from those who give it in a spirit of goodwill free from any desire to control our destinies. We have struggled far too long for our self-determination to permit ourselves to become anyone's satellite.

We now appeal to the nations of the world for recognition and assistance both material and moral in our struggle for nationhood. Every day this is delayed a thousand lives are lost and more of Bangladesh's vital assets are destroyed. In the name of Humanity act now and earn our undying friendship.

This we now present to the world as the CASE of the people of Bangladesh. No nation has a greater right to recognition; no people have fought harder for this right.

Joi Bangla
A Pakistani Diplomat Transfers Allegiance To Bangladesh: The Deputy High Commissioner of Pakistan in Calcutta, Mr. M. Hossain Ali, on April 18 transferred his allegiance to the Government of the Democratic Republic of Bangladesh.

All 70 Bengali members of his staff, including five officers, were also believed to have expressed their desire to serve the Bangladesh Government.

Mr. Hossain Ali dismissed 30 other employees, mostly superintendents, clerks and junior members of staff, who were West Pakistanis. His was thus the first mission abroad of the Bangladesh Government.

Assured of co-operation of the Bengali members of his staff, Mr. Ali hoisted the Bangladesh Flag on top of his mission, replacing the Pakistani flag. Some senior members of his staff were present at the ceremony.

In an interview later, he said the decision to change his allegiance from the Pakistan Government to the Bangladesh Government was "my own"; He was happy that some other Bengali members of his staff supported him.

He said: "It is impossible to continue to represent the Pakistani Government which is engaged by all evidences in a deliberate an systematic genocide of Bengalis in Bangladesh."

He issued a 1,600-word statement, recounting how the Pakistani Government had flouted the clear verdict of a democratic election in Bangladesh and engaged itself in "a planned attempt to subdue and crush the entire Bengali nation".

Before he took the decision, he said, he had contacts with the Prime Minister and other Ministers of Bangladesh, who were slated to have "most cordially' welcomed him' and his Bengali staff to work 'as the Government's first foreign mission.

He had several secret meetings with some trusted officers of the mission during the last few days, "I had to be cautious", he said, "least our decision was leaked before it was formally announced".

'According to a bank source in Calcutta, the entire money in the credit of the Pakistan Deputy High Commission in a city bank was withdrawn on April 17. The measure had the approval of all senior members of the mission.

According to one source, the decision to change allegiance followed a few telegrams from Islamabad during the previous few days to the Deputy High Commission informing it of the Pakistan Government's decision to abolish the Information Department of the mission, to recall the Department's employees to Rawalpindi "with immediate effect", and asking several other Bengali members of staff to be ready for immediate transfer.
Pakistan's Warning:

On April 22, Pakistan threatened India with "serious consequences" if there was any delay in getting the premises of its former Deputy High Commission in Calcutta cleared of its "illegal occupants".

The Joint Secretary in the External Affairs Ministry, Mr. A. K. Ray, had earlier told the Pakistan High Commissioner, Mr. Sajjad Hyder that the dispute with regard to the possession of the premises was an internal matter of Pakistan and the laws of the land prevented the Government of India from using force in such matters.

The following day (April 23), Mr. Hyder protested to the Ministry of External Affairs against unprovoked and violent demonstrations" in Calcutta against the newly appointed Pakistan Deputy High Commissioner, Mr. Mahdi Masud.

Mr. Hyder handed over to Mr. A.K. Ray an aide memoire on the subject which he later released to the Press. It declared that "the local authorities in Calcutta failed to act in time; otherwise yesterday's ugly scenes need not have taken place at all."

The aide memoire also protested against the refusal of India to evict "anti-State elements" from the premises of the Deputy High Commission. Referring to the Indian suggestion that Pakistan should seek legal redress; the aide memoire stated that "the Ministry of External Affairs could not be unaware that under established diplomatic conventions, a foreign mission does not go to a court of law. It is the duty of the host Government to ensure the inviolability of premises and personnel of a diplomatic mission accredited to it".

Later, an External Affairs spokesman said that it was an act of diplomatic discourtesy for Mr. Hyder to have released the aide memoire to the Press.

When asked about the threat of "serious consequences" by Pakistan if India did not at once hand over the Calcutta mission building to Mr. Masud, the spokesman said that India treated such threats "with contempt."

Two More Diplomats Granted Asylum:

On April 20, two East Bengali diplomats of the Pakistan High Commission in New Delhi sought asylum in India and the request was immediately granted.

The diplomats-Second Secretary, Mr. K. M. Shahabuddin (30) and the Assistant Press Attaché, Mr. Arjnadul Haque (33)-decided to break with the Islamabad regime in view of the West Pakistan Army's massacre of the people of Bangladesh. They announced their decision at a hurriedly called mid night news conference to which Indian and foreign newsmen were summoned from their beds.

Mr. Shahabuddin entered the Pakistan Foreign Service in 1966 and served in Nepal for a short while. He was then posted to New Delhi and had been there since January, 1967.
Mr. Haque worked in Radio Pakistan, Dacca as Assistant Regional Director Programmes before joining the external publicity division of Pakistan in 1966. He was posted to New Delhi immediately thereafter.

Mr. Shahabuddin sought asylum along with his wife and two daughters. Mr. Haque is a bachelor.

In a statement, they said the people of Bangladesh considered the Islamabad Government a foreign colonial regime which had shown itself to be more oppressive and barbarous than any history had ever known. Islamabad was engaged in a wanton and demented massacre of the innocent and unarmed people of Bangladesh World opinion has begun to realize the magnitude of this outrage.

The diplomats said they had severed their connexion "with the fascist military dictatorship in Islamabad as our conscience no longer permits us to act against our deepest convictions." From now on they owed allegiance to Bangladesh which derived its authority from the unambiguous mandate of the 75 million Bengali people.

They were the first Pakistani diplomats to seek asylum in the wake of the Bangladesh freedom movement.

"The Swadhin Bangla Radio, in a broadcast the previous week, had advised Bengali diplomats who received orders of transfer after the army crackdown in East Bengal to seek asylum in the countries in which they were posted.

There were three other Bengali officers among the 14 diplomats in the Pakistan High Commission. Two of them had just been transferred to India.

TAJUDDIN'S PLEA FOR ARMS AID

Press report of Mr. Tajuddin Ahmed's appeal on April 28, 1971.

KOHIMA, April 28: The Bangladesh Prime Minister, Mr. Tajuddin Ahmed, today appealed to neighboring countries to grant immediate recognition to Bangladesh and to give unconditional arms aid and thus help a newborn country to free itself from the clutches of a murderous army.

In a message to the nation, broadcast over the Free Bangladesh Radio and monitored here, the Prime Minister urged his countrymen to drive away the invaders "who are causing bloodshed on our soil by the weapons purchased from the exploited money of our own countrymen".

He said that Rangpur, Dinajpur, Faridpur, Bogra and Mymensingh (except Cantonment areas) had been liberated from the West Pakistan army and expressed confidence that the remaining areas would come under the Bangladesh Government shortly.

Mr. Tajuddin Ahmed categorically told his countrymen that the time was now ripe for "dividends to the untold sacrifices" made by lakhs of people in Bangladesh.

Referring to the innumerable youths, who had laid down their lives for the cause of liberation the Prime Minister, said their names would shine in the history of freedom fighters for all time to come.

He also appealed to Bengalis residing in foreign countries to give all possible help to freedom struggle.
BANGLADESH:
SITUATION AND OPTIONS
BY
REHMAN SOBHAN
Economics Advisor to the Government of Bangladesh.
May 10, 1971.

In the light of the facts as available, the silence and inertia of the major powers and international bodies is difficult to understand. Whilst it is regarded as idealistic to appeal to the conscience of the world on the planned genocide of at least 200,000 Bengali's to date, it is sad that their political judgment should be so distorted as to inhibit response.

Today we are witnessing an attempt by a military junta, whose own position is somewhat tenuous, to crush a popularly elected party and the political forces which sustained it. Whilst the representative status of most leaders of insurrections has been ambiguous there can be no doubt that Sheikh Mujibur Rahman and the Awami League speak for Bangladesh. An electoral mandate which gave them 167 out of 169 seats and 80% of the popular vote puts their credentials beyond question. They represent 75 million people or 55% of what once constituted Pakistan. To confer legitimacy on Yahya and his Junta by accepting his right to talk for Bangladesh effectively writes off 75 million Bengalis who constitute the eighth largest conglomeration of people in the world. This not only makes a mockery of any commitment to democratic principle but is without political sense.

Today the Pakistan government is trying desperately to convince the world that it is in effective control of Bangladesh. They point to the fact that they are in possession of the major towns and that effective resistance has ceased. They draw witness to the fact that administrators are to be found in their offices in the Dacca Secretariat.

What they do not say is that even today the secretariat is not functioning because most of the subordinate staff are still away from Dacca for fear of random killing by the army. That only about 50% of those shops not burnt by the army are open and these function with some trepidation for fear of looting by the army. That even up to the end of April curfew was in force at night in Dacca and those streets after dusk are largely deserted. That a week ago the army had to mortar villages on the outskirts of Dacca to dislodge "miscreants". That the army has had to issue martial law order 148 on April 27, which imposes the death penalty on all acts of sabotage on government installations and which states:
"Inhabitants of the surrounding area of all or any such affected place or places will render themselves liable to punitive action collectively."

This merely gives documentary evidence of resistance and the army response which would be known to anyone who has managed to step out of Dacca.

Here they would find that in the Sylhet where the forests in the Tea Garden areas provide natural cover is still unspecified and under control of the Bengal regiment. That a force is still holding out in the Chittagong Hill Tracts. That all over Bangladesh armed Bengali's have withdrawn into the rural areas and are harassing army units through guerilla action. This may be expected to increase in frequency and intensity as the resistance acquires more skill at this type of warfare, gets additional supplies and weaponry, of which sizeable quantities have already been captured from the Pak Army and when the monsoons make the logistical problems of the army more insecure. The capability for waging prolonged war is there because the political motivation of the people has been guaranteed by the indiscriminate character of the War waged by the army. By destroying villages within the range of their artillery and declaring these areas as "free fire zones" they have made the Pakistan army an object of hatred and a direct threat to the security of 75 million Bengalis who will be willing to resist or aid any resistance to this alien force.

Massive terror has however still secured scant gains for the Pakistan government. Whilst they command major towns these are ghost cities, depopulated, without any economic activity and without any administrative structure. Barely 10% of the population of these towns has stayed behind, if that, whilst the administration, which actually worked with the resistance during the phase when these towns were liberatted, is not taking any chances by staying behind. This means that whilst the territorial orbit of army control may cover the province, in effect not more than a million out of 75 million Bengalis are within their administrative control. The army holds key junctions and operates along the grids set by the road network which permits it to move in heavily armed motorized convoys from one town to another.

As a consequence of this tenuous hold over the region, economic life is at a standstill. Even in the industrial areas of Dacca, Chittagong and Khulna, those industries which have not deliberately been destroyed, are barely operative because most of the labor force is still in the villages, fearing reprisal by the army. Exports are at a standstill because of the breakdown of communications and the disruption of the marketing framework. Many key personnel in the marketing of jute and other commodities, as well as imports, were either West Pakistani's or Hindus. These have fled or been killed so that very little can be expected to move in or out of Bangladesh in the near future. Congestion at Chittagong port due to continued absenteeism by port workers has further aggravated the problem.

Economic breakdown in Bangladesh is in itself of only marginal interest to the Yahya Government. Scorched earth policies which have, through the use of U.S. financed Saborjets and Chinese Migs, destroyed grain stores, tea gardens, factories, and.... storage
installations (at Brahmanbaria) point to starvation and economic dislocation as a weapon of intimidation in the hands of the Army.

The attendant loss of 50% of the country’s foreign exchange earnings which came from Bangladesh through its export of jute products is of more immediate concern. 80% of the free foreign exchange from Bangladesh exports was used in West Pakistan. This cannot immediately be replaced by increased exports from the West were industry is already down 40% capacity operations due to shortage of foreign exchange.

To this end the Pakistan government is pressing for a rescheduling of its debt service liabilities which requires payment of about £100 million to sundry creditors by the end of June. Over and above this, Pakistan needs fresh aid commitments mainly for commodity imports to stimulate her ailing industry but also to maintain the momentum of development. Whilst her own exchange earnings have fallen drastically because of the cessation of Bangladesh export her own exchange needs remain high. In normal times West Pakistan Imports were double its exports but today the need to purchase arms and ammunitions to replenish and augment stores to sustain its war on Bangladesh have further increased. French arms suppliers have been approached for a moratorium on debt repayment and for better terms for, interalia, 30 Mirage fighters, currently on order. Actual or contemplated freezing of U.S. military supplies will require more cash foreign exchange to compensate this loss by turning to the open market for arms.

The visit of Mr. M.M. Ahmed is therefore of considerable importance, because Pakistan now expects the World Bank, the U.S. and other aid donors to bail it out of its current economic crisis and in effect underwrite its military operations in Bangladesh. Any suggestion that aid will be used for alleviating famine in Bangladesh and reconstructing the war damage is deliberately misleading. The government's writ does not extend beyond the range of its guns and it lacks the administrative control or machinery to implement any aid programmed. It would likely divert any aid for East Pakistan to the West and use food grains to feed its occupation army or as an instrument of political coercion and patronage.

In this context there is therefore no question of any aid donor playing a neutral role. By responding to the needs of the Pakistan administration they will in fact not be performing any humanitarian service but will be underwriting the military action. By refusing to reschedule debt service liabilities as demanded by Pakistan and withholding further commitments of aid, including what is a already in the pipeline, the full cost of this military adventure can be brought home to the regime.

The world must realize that aid giving can never return to a "business as usual" posture as it did following the India-Pakistan war in 1965 and the downfall of the Ayub regime in 1968. Thus the aid givers should also guard against any subterfuge vis-a-vis the debt or in any form—which is intended to convey the impression that Pakistan is acting in good faith. Murderers of 200,000 unarmed civilians do not know the meaning of acting in good faith.

The economic dislocation in Bangladesh has already cost West Pakistan its captive market. There are no customers, income or marketing framework to accommodate West-
Pakistan's exports to Bangladesh which account for 40% of their total exports. Industries which used to selling their wares at up to 100% above world prices face ruin and a major economic recession threatens West Pakistan's business world. A 50% price inflation is also anticipated within the next three months due to a fall in industrial output and imports. The foreign-exchange crunch has led to the abolition of the free list for imports; the complete ban on 47 items for import and the placement of licensed imports on cash-cum-bonus. In effect all imports are on bonus and a partial devaluation has already been carried through. The economic position of the country therefore makes the government highly vulnerable to economic pressures exercised by aid donors.

But to what end can pressures be used? The objective clearly lies in an end to military action as substitute for political discussion. Here negotiations can only take place with the leader and elected representatives of the people of Bangladesh. Attempts to resurrect discarded political hacks from the political grave dug for them at the recent polls not only makes the government an object of derision but clearly cannot deliver any sort of secure settlement.

Today the political leadership is still in the hands of the victors at the polls—the Awami League. Their leadership structure is intact and except for Mujib, physically present to conduct the government of Bangladesh. The Cabinet which presented itself to the world on April 17, 1971, consists of the entire party hierarchy. In collaboration with the civil administration who have withdrawn beyond the range of the Army guns and sustained by the military strength of the Bangladesh liberation army, the government is attempting to establish a formal administrative structure and line of command in the rural areas of Bangladesh. The task is rendered difficult because of the novelty of the situation and formidable logistical problems but over a period this will provide the political and administrative infrastructure for the guerrilla war which is being waged against the army and which can be sustained indefinitely.

This should not delude the world into believing that they can sit back and reserve their options. The longer the war goes on the more the present leadership and control structure is jeopardized. Today leadership is still in the hands of moderates who are sufficiently concerned about destroying the existing social and economic format of Bangladesh to oppose even the blowing up of key bridges and vital economic installations as part of the tactics of resistance. Army terror, prolonged an pervasive, will compel extreme responses which will be less inhibited about destroying the existing social organisms as parts of the technique of waging total war against an occupation army. History provides too many lessons about the social consequences of prolonged war for this point to be reemphasized.

Yet another cost of inaction is likely to be the price in human life. The West Pakistan army is itself likely to raise its toll of Bengali life to the million mark. In the event of a military conclusion to the war the possibility of communal carnage through reprisals on Bengalis in the West wing and non-Bengalis in the East may add another million to the death toll, thus raising it to above two million. If we add the potential death toll from famine this could become one of history's major human tragedies,
Nor can one expect the region to remain insulated from the rival concerns of big power conflicts. Both India and China surround or are close to Bangladesh and cannot expect to remain bystanders as the fires of civil war wage within sight of their borders. With the Vietnam war in its closing stages it is hardly in the interests of the big powers to remain witness to another conflagration in the area which promises to exceed in dimension anything witnessed thus far.

There is a chance to contain an international crisis whilst it is, still in its infancy. There is still a leadership structure in Bangladesh which can be available to negotiate a political settlement. This settlement must aim for a peaceful parting of the ways. Yahya’s genocidal war clearly indicates that, he is convinced that Pakistan is dead and that not even a shared humanity binds its two peoples. In Bangladesh the totality of the revulsion engendered by this war makes any attempt to bind up the wounds unthinkable. The task for the future remains to come to terms with the reality of Bangladesh so that a sustained programme of massive economic reconstruction can attempt to rebuild this shattered nation and lift its people from the depths of poverty, starvation and disease to which they have been reduced. Such a programme must inspire the conscience of the world already aroused by the horrors of the cyclone and now this war. With international assistance on a sufficient scale Bangladesh can yet be saved from disaster and can build for the future within the framework of democracy and social justice.

Text of Mr. Tajuddin's 18-point directive on May 14, 1971.

Mr. Tajuddin Ahmed. Prime Minister of Bangladesh has issued 18-point directive outlining the tasks of the people in the liberation struggle.

He has said that the people should not listen to rumours nor should they have doubts about the "ultimate victory of the people".

He says: "Let the people remember that in war marching forward and retreating are of equal importance. The retreat of the liberation army from one point should not give the people the impression that we have abandoned our war against the Pakistan occupation forces."

In the struggle, people are not divided on the basis of parties, religion or classes. "We are united as Bengalis, and our enemies look at us that way. When they burn villages, shoot people or destroy towns, they attack us as Bengalis, not caring for our religion or politics."

"No Bengali employee should co-operate with the enemy; employees of all ranks should act according to the directive of the Bangladesh Government. In areas occupied by the enemy, they should work under the guidance of the popular representative and use their discretion as circumstances demand."

At Their Posts

Mr. Ahmad says: "Employees of Government and semi-Government organizations who have taken shelter elsewhere will be considered as holding their posts and are expected to help the Bangladesh Government and the Mukti Fauj according to their capacity."

Officers and men of the military and Para-military organizations, whether they are in service or retired, should immediately report for duty at the nearest liberation army unit and "should in no circumstances" allow themselves to be exploited by the enemy "nor should they co-operate with the enemy."

The directive says "only the Bangladesh Government and none else has the right to collect taxes, revenues, and duties. It should be remembered that a Paisa collected by the enemy will be used to kill you and your children. So anybody who will pay taxes to the enemy or help them in the matter be considered by the Bangladesh Government as an enemy of the nation and will be punished accordingly."
Employees in the communication and transport system "should not cooperative with the enemy. At the first opportunity, they should vacate along with their means of transport, the enemy-held areas". Proper attention should be paid to the food and commodity needs of the people and in this matter the people should be encouraged to produce more. "The people should remember that dependence on imported food or articles will be suicidal. There should be greater emphasis on farm produce, reliance on "local available goods and production in cottage industry."

**Under Watch**

The directive says that "in our national crisis, our number one enemies are those who are black marketers, profiteers, hoarders and thieves. They should be kept under watch and should be dealt with severely if necessary."

It adds: We should also be ever cautious about another kind of antisocial and criminal elements who are acting as traitors. They should be marked, because they are our bitterest enemy. In the name of religion and a united country they are trying to mislead the simple people. They are really the agents of the West Pakistan vested interests.

Meanwhile, the Bangladesh Government has declared that all members of the former National Assembly will henceforth be called members of Parliaments or MPs and those elected to the former Provincial Assembly will be known as MLA.s.

The Awami League, in a directive published in the party's weekly Jai Bangla, has directed all MPs and MLAs to stay in their respective areas and help the liberation struggle. "If it appears absolutely impossible for an elected representative to stick to his constituency, he should move to the nearest liberation army unit and supervise training and arrange supplies for liberation fighters", the party directive says.

The MPs and MLAs who have gone on the other side of the border into India should immediately act according to the Party directive, the Awami League high command has ordered people who are young or middle-aged and, have taken shelter in India should immediately enlist themselves for military training.

"Those who have taken shelter in refugee camps on the other side of the border to save their lives should always keep it in mind that this is only a temporary arrangement. They have not gone to India for permanent settlement."

PTI adds from Mujibnagar: Mr. A.H.M.Kamaruzzaman, Minister for Relief and Rehabilitation, yesterday announced the setting up of a liaison office to ensure "proper distribution of all available resources."

[The Statesman New Delhi-May 15, 1971]
Interview report of Bangladesh Home Minister, Mr. A. H. M. Kamaruzzaman on May 20, 1971

The Pakistan military junta has failed to restore civil administration in areas under its control in Bangladesh despite desperate efforts and it would never be able to do so, the Bangladesh Home Minister Mr. A.H.M. Kamaruzzaman, told UNI in an interview.

"The former civil servants of Bangladesh have vowed not to support the occupational force, for every citizen in Bangladesh considers the army action as an attack on his legitimate right to live as a free citizen of a free nation."

If the Pakistani claim of normalcy in Bangladesh was true why was it still baring international organizations and bodies from Bangladesh, he asked. The Pakistani rulers were concocting stories to hide the real state of affairs in Bangladesh from the outside world. "They know if any impartial body is allowed into Bangladesh, the mischievous propaganda and designs will stand revealed."

Regarding Pakistani propaganda that the troops had to intervene to put down racial and communal riots, he said the liberation war was not against any religion.

"Our struggle is not opposed to Islam. The value and teachings of Islam shall be preserved. The values and teachings of other religions shall also be protected. We envisage a State which is free of exploitation. Our aim is to establish an egalitarian and classless society in which there will be no barrier between man and man, irrespective of his caste, color and creed."

"Those who accept Bangladesh as their motherland and are connected with the liberation war are our brothers. Those who are playing the role of quislings, whatever their religion are our enemies, and the enemies of Bangladesh. They shall be tried by people's courts."

He said: "The only solution to Pakistan's difficulties in Bangladesh is to withdraw its troops and transfer power to the people of Bangladesh."

The Bengalis of Bangladesh could never form one nation with the people of West Pakistan by any political or economic standard.

The atrocities committed by the troops had no parallel in history. "Our innocent children have been killed, the modesty of our womenfolk has been outraged and our houses have been destroyed."
The whole scheme of the occupation army appeared to be to drive out Bengali from their homeland to maintain the fiction of Bangladesh being part of Pakistani nation.

The people of Bangladesh have heroically resisted this attempt and shall continue to resist.

As declared in the Awami League manifesto, the administration of Bangladesh Government would not only be "people-based", but would also before of corruption and bureaucracy.

**Interview of Mr. Tajuddin Ahmed broadcast by the Swadhin Bangla Kendra Report, dated May 29, 1971.**

Bangladesh Prime Minister Mr. Tajuddin Ahmed, has said that he failed to understand how the democratic Governments of the world could support the dictatorial regime of Pakistan, which was crushing the democratic aspirations of the people of Bangladesh.

Mr. Ahmed told a foreign correspondent in an interview, broadcast by the Swadhin Bangla Kendra: "We wanted to establish the democratic rights of the people of Pakistan and to that end, we tried our best."

According to the radio monitored here Mr. Ahmed said, "We made all peaceful attempts in this direction but Yahya's Army, most shamelessly cracked down on the unarmed people of Bangladesh. We had no other alternative but to proclaim independence for the 75 million democratic Bangalis of Bangladesh."

Meanwhile, Awami League sources ruled out a negotiated settlement of the Bangladesh issue.

The radio, quoting Awami League circles said "Bangladesh is a free and sovereign country today and there is no scope for talks."

These circles were commenting on a statement by the spokesman of the U.S. State Department about a formula suggested by an emissary of Yahya Khan for a settlement of the issue.

(The Hindustan Times, New Delhi-May 29, 1971)
Text of comments of Mr. A. H. M. Kamaruzzaman, Bangladesh Home Minister on Yahya's statement on May 30, 1971.

Somewhere in Bangladesh May 30, (UNI, PTI) Pakistan; President Yahya Khan had resorted to genocide in Bangladesh after "accepting our demand during our parleys" and hence his words would never again be trusted, Bangladesh Home Minister A.H.M. Kamaruzzaman said today.

General Yahya Khan had even promised to announce over the radio his agreement with Sheikh Mujibur Rahman on 25th March but instead of doing so he ordered his troops to wipe out the Bengali race, he added.

Mr. Kamaruzzaman was commenting on General Yahya Khan reported statement in Karachi that he still intended to transfer power to civilian rule. "To us in Bangladesh the name of General Yahya Khan does not connote a normal human being: It connotes a blood-thirsty cold-blooded murderer, the greatest betrayer in world history the disintegrator of Pakistan."

As such his words, however sweet or reasonable they might sound, would never be accepted by the people of Bangladesh who would react to them correctly by continuing the fight.

"Alter what has been done-the killing of innocent children and citizens the raping of our women folk and challenging our nationality-it is impossible for the people of Bangladesh to live under a common roof with the Pakistanis. How can we do so when the design of General Yahya Khan and his henchmen is to wipeout the Bengali race?"

The basis of living together should be not merely brotherly feeling an mutual consent but also implicit and explicit respect for each other. But this no longer exists, Mr. Kamaruzzaman said.

LIE NAILED

Referring to General Yahya Khan's statement that some of the Awami League MNAs-elect had disqualified themselves from membership by their policies and actions, Mr. Kamaruzzaman said "Pakistani rulers have no right to question the authority of the Awami League members who have received the support of more than 98 per cent of the population.

"The power-drunk Pakistani imposters, who have no respect for democratic values have also no right to judge on the authority of these members.
"It was not the Awami League which broke off the talks. The Awami league had not conceived of a war, not to talk of preparing for it.

"Now that a war has been thrust upon us, we shall continue to fight till the Pakistanis are removed from our holy land.

"Those nations which preach and practice democratic principles and value should try to protect the democratic forces now facing annihilation at the hands of the occupation army in Bangladesh. They really are great who stand by the oppressed and the suffering."

MARTYRS EXTOLLED

The Home Minister has also announced that the Bangladesh Government has decided to take up the responsibility of the families of those who were killed, seriously injured and disabled in their fight for the liberation of their motherland.

According to a Swadhin Bangla Betar Kendra broadcast, Mr. Kamaruzzaman has issued a circular to this effect and paid rich tributes to the martyrs and extolled the heroic deeds of the Mukti Fouj.

The circular, released from the Ministry yesterday, said that those brave soldiers and officers, who had shown such exemplary bravery, would be perpetual source of inspiration to the future generations of the Bangla Government.

The broadcast said the government appreciated these heroic efforts and would take steps to rehabilitate all the disabled and invalid soldiers and the families of the martyrs.

BENGALIS SACKED

Another broadcast disclosed that the West Pakistani military regime has started systematic elimination of Bengalis from government service and autonomous organizations in the "occupied areas of Bangladesh."

A broadcast said that out of 1,800 employees of the Pakistan International Airlines, 1,100 employees-all Bengalis-had been screened out.

The broadcast said that 600 Bengali employees of another undertaking had already been served with notice of dismissal. Those who were paid salaries for the month of April, did not receive their pay for March when the non-cooperation movement was launched by the Awami League.

The army authorities appointed a screening committee in order to carry out systematic elimination of all Bengalis from the government offices in the Pakistan occupied areas of Bangladesh, the broadcast added.

FREEDOM AT ALL COSTS:

TAJUDDIN

Report of Mr. Tajuddin Ahmed's, interview with AH India Radio

on June 2, 1971

The Bangladesh Prime Minister, Mr. Tajuddin Ahmed said in Mujibnagar today that Bangladesh is sovereign and independent and its people will defend its separate and free entity at all costs.

In an interview with All-India Radio, Mr. Ahmed reiterated our irrevocable commitment to a policy of friendship for all, especially or neighbors irrespective of variations in the response of world Powers to our present difficulties.

"Beyond this it is not possible to define too rigidly the foreign policy or a two-month-old State", Mr. Tajuddin said in reply to a question. He added: "There are encouraging developments and no final judgment need be made on the long-term developments."

The Prime Minister said that any attempt, if made, to install a puppet government in Dacca, will certainly be abortive for "no collaboration between the killers and the quislings will be tolerated by the people of Bangladesh who are struggling for securing and protecting their independence."

Asked about Pakistan Government's claim that Sheik Mujibur Rahman had been taken to Dacca and that he had urged the people to co-operate with the army, Mr. Ahmed said: "We do not know where exactly Sheikh Sahib has been detained by the Pakistan Government. But the claim that has urged the people to co-operate with the army of Pakistan should be rejected with utmost contempt. The claim is preposterous."

Mr. Ahmed said his Government had approached the United States for intervening for a political settlement. "We should like to make it absolutely clear to everyone that there is no room for compromise within the frame work of Pakistan, Bangladesh is sovereign and independent and we shall defend its separate and free entity at any cost.

Big Powers' silence

Asked what was his Government's feeling about the silence or ambivalence of big Powers, especially the U.S.A., the United Kingdom and the Soviet Union, Mr. Ahmed replied: "Our friendship for all" policy shall continue to guide our foreign policy irrespective of the variations in the response of world powers to our present difficulties.
He said the work of the emissaries sent by his Government abroad was bearing fruit in creating favorable lobbies in these areas and in organizing public opinion in favor of Bangladesh.

Asked about the present functioning of his Government, Mr. Tajuddin said it never lost contact with the vast rural areas of Bangladesh and "we are in contact with cities and towns in occupied areas through our local leadership cadres. We have set up an administrative machinery for the areas within our control as well as a centralized command for all operations aimed at driving the enemy out.

Questioned about the reported activities of the Leftist forces in Bangladesh, Mr. Ahmed said that as far as Bangladesh was concerned "we do not know of any problem of Leftist forces. Only the other day a nationwide election was held and the people of Bangladesh rose as one man in support of their demands. And also all people, irrespective of their political opinions, and all patriotic elements are rallying together to give their unstinted support for the cause of the independence of Bangladesh.

He added: "Maulana Bhashani of the National Awami Party and other patriotic leaders and elements have already held out their unqualified support to the struggling people and the Bangladesh Government and demanded its recognition by other countries."

Safety of Sheikh Mujibur Rahman

Mr. Tajuddin Ahmed's Appeal to World Powers:

The Prime Minister of Bangladesh, Mr. Tajuddin Ahmed on June 13 appealed to all nations of the world to ensure the safety of Sheikh Mujibur Rahman, "the undisputed leader of the people of Bangladesh," and to secure his release.

In a broadcast to the nation from Swadhin Bangla Betar Kendra, he said that the accusation of President Yahya Khan that the Sheikh had hatched a plot to arrest him in Dacca was "as crude as it is grotesque."

Appealing to the nations of the world to accord recognition to the Bangladesh Government, he said this Government alone represented legitimacy in our land founded, as it is, upon the freely expressed will of its people. Our people have completely repudiated the colonial rule based in West Pakistan and are now fighting to defend their freedom."

"I should like to assure those who have not taken any position on our struggle or have been only lukewarm towards it or opposed it outright, that the People's Republic of Bangladesh is on the map of the world and the determination of its 75 million people will keep it there. Is it rational for nations to ignore so vast a section of mankind?" he asked.

In a special word to those Muslim and Arab countries who had not yet condemned the mass slaughter in Bangladesh, he said: "It is a tragic error on their part to think that Yahya's hordes are waging a war of Islamic righteousness in Bangladesh. Their silence, therefore, condones colonialism and barbarism. Material support to Islamabad puts them on the side of dictatorship."

The war of liberation, he said, was now in the 11th week and the valiant freedom fighters had put despair into President Yahya Khan's heart. The staggering casualty figure of the West Pakistani Army testified to the success of the defensive operations. The twin methods of massive terror and under had not succeeded in breaking the will of a nation determined to fulfill its destiny of freedom. The usurping enemy, on the other hand, was in a hopeless mess.

The refusal of the people to co-operate had resulted in an economic crisis which the military junta could not resolve without foreign aid. It had now resorted to demonetization of 100 and 500-rupee currency notes. This was not only a plan admission of its economic desperation but a shameless attempt to rob the people of what was theirs in order to replenish its coffers in Islamabad.

Congratulating the people of Bangladesh on their heroic resistance, he said in the new phase of their struggle, the freedom fighters were better organized and their ranks were swelling with new recruits.
NORTH BENGAL TOUR. REPORT OF HONORABLE
HOME MINISTER JANAB A.H.M. KAMARUZZAMAN: June 6 to 15

The honorable minister went on tour of the districts of Murshidabad, Malda, Dinajpur, Jalpaiguri, Siliguri and Cooch Behar accompanied by Mr. Prasun Majumdar, representative of Mukti Sahayak Samiti, Mr. Khalek Ahmed, I.G. of Bangladesh. Mr. Abdur Rauf Choudhuri, M.P.A. (Kushthia), for the purpose of setting up proper organisation in each district and visiting different transit training camps, to look into the difficulties of the camps and posting of different M.P.A.s and M.N.A.s in particular jobs.

Murshidabad: 6th-7th, 15th.

D.M., S.P. and local M.P.A.s and M.N.A.s were interviewed. Visited Shekhpara about 30 miles from Berhampore. Two camps are situated there, at a distance of Vi a mile, strength 88+81 at present. In Surya Sen Bharati Sibir the incharge is Md. Hadi whereas in Titu Mir B.S. Dr. Alauddin, both M.P.A. Sent for higher training 200 recently of which 10 refused on medical grounds were sent back. Accommodation problem serious, preventing further recruitment. Diet very poor but it was surprising to find there still was no discontent among the boys. Mostly students age 16 to 21. Lack of arms general complaint. Most boys had no shoes & uniforms even during guard of honor.

The political Liasion for the district was chosen: Mr. Abdus Salam.

On the way back, on 15.6.71 the Lalgola Operation Camp was visited. Strength 250, mostly EPR, 10 M, 15 A, Commando 31, Explosives 50, sent for training 49. It is a fine camp, with Captain Rashid officiating and Captain Gyasuddin in charge.

The DM, Mr. Ashok Chatterjee informed that the youth camp building will be finished by end of June. Work already progressing fast.

Malda: 7th-8th, 13th.

Met workers and leaders at the Circuit house. Mr. Hafizuddin, M.N.A. is the political Liasion. Mehdipur camp under Dr. MynuddinAhmed, M.P.A., Adampur under Mr. --- (Hasnu) are operation camps. Enayetpur under Dr. Mejburl Huq, M.P.A. No of trainees poor so the Minister asked them to recruit vigorously so that he could see better results when he visited them on his way back.

A. Hannan Choudhuri, district judge of East Dinajpur is staying in Malda town and doing good work. He wanted to stay where he was in response to the Ministers offer to have him in Calcutta for doing the judicial work of the Government in Calcutta.
On the way back, on 13.6.71 Enayetpur was visited. Strength 110, / 3-M, 1-A, 1-EPR and rest student. Trainees sent 111 to date. Accommodation 200 may be raised to 250. DM Swayambhu Dey and BDO very active.

Mehdipur operation unit (161)-80 EPR, 19 Trained S, rest A & M. Accommodation good. Ration from BSF.

Adampur unit started recently is just on the border (42). Other side of border free: Bholahat.

Local Sangram Sahayak Samiti in above two districts cooperative.

Jalpaiguri, 9.6.71

After spending the 8th night in Siliguri the Minister crossed the border into a 100 sq. mile liberated area where the Tentulia camp is situated. C. in Charge: Sirajul Islam. Sub sector commander Captain Nazrul. Strength 292. Few A and M. Rest EPR. For the families of these personnel construction already started in the free zone border. Ration supplied by local BDM. SS. Another camp for 1000 recruits to be constructed on the border Ration will have to be arranged by the Siliguri BDMSSS. Requirements for the EPR camp submitted to us.

From Tentulia on the same day we proceeded to Phulbari where a meeting of the leaders and workers was called. In addition to S. Islam appointment was given to Masraf Hossein, M.N.A. as Liason (Siliguri) and Kamruddin Mukhtar, M.P.A. was asked to assist the Student League leader Rauf in Jalpaiguri.

Since there was controversy about annihilation of some people, thought to be spies, it was ordered that henceforth action will be taken exclusively on the basis of a list prepared by unanimous decision of the M.P.A. & M.N.A. Committee. We proceeded to Jalpaiguri town but rain stopped our movement.

Cooch Behar, 9.6.71.

Dewanganj camp was visited. About 100 students stay in tents out in the open, nearest construction being Vi a mile; ration is very poor, accommodation situation tight, but the moral of the students is still very high.

On 10.6.71 the Cooch Behar town camp situated in a ill ventilated go down was visited Strength 210 or so. Local Sangram Sahayak Samiti not operating because of non recognition by BDMSSS central office. No help from that source. Living condition subhuman. Ration poor. Space may be enough. Camp in Charge:

One organisation is functioning there named Liberation Council. Political Liason Motiur Rahman. Coochbehbar Traders Society is also actively involved. From 8th to 11th our General Secretary Mr. Arun Moitra was also with us.

Next we visited the Sahibganj operating unit, strength 800. Discussed problems with Congress worker of WB, Mr. Rajen Chatterijee. He reported unfair border trade. Also reported was the study of 6 boys forced to leave from the Coochbehar Town Camp to the other side of the border.
In Sahibganj, Major Najesh in Charge, the BSF supplies ration rot 500 only. With this 800 manage with difficulty. Cash money (Rs. 4,000/per week) was promised by the Minister. Major suggested opening of a Bangladesh Bank in such units for the deposition of money of armed forces. They also need a doctor. A compounder already present there should be appointed. Requirement list was submitted.

10.6.71 night meeting was held at Marwari guddi that is Bangladesh local Karyalaya now. Differences among local parties and different sections of the Bangladesh leaders as well exist. Some local party individuals also met the Minister separately next morning. On 11th night Siliguri night halt.

Dinajpur, 12th-13th.

Islampur which we visited on 12th is a mixed force-student camp. A.M. EPR-110 and S-100. Camp in Charge Fazlul Mia finds his authority questioned by the BSF-EPR clique. He is afraid to stay in the campsite. Trainees complain they have to tend to cows. Kitchen 1/2 mile from camp. Money inflow from across the border reported. But there is provision for the increase in strength upto 500.

Raiganj (Malone) was visited same day, where there are two camps 1 mile apart. Azizur Rahman in charge of both camps whose composition is M 54, EPR 61 and TS 10 for the operation camp, and S 125 for the other one which consists mostly of Hindu College students (60 %) Space short.

On 13.6.71 we visited what may be termed the best camp: Kurmail. Present strength 700. Of these about 400 participated in guard of honor and listened to the Ministers inspiring speech, drenched in heavy rain. Already 1000 have been sent for training. (228+ 300+400). Trainer EPR. No ration they procured rice from other side. Operations being conducted from here. Rifles 7-8 hundred. Captain explosives trainer. Major trainer. Active work by Prof. Abu Syed, camp in Charge.

Bangalipur is 7 miles from Kurmail. Here we saw 143, 73 having joined (he Kaiganj army camp. Another 89 will return soon. 4 grenades, 16 rifles and 3 stens in stock. Camp in charge: Md. Jalil. They submitted requisition.

A general conclusion may be reached from the experience in visiting these camps. Wherever the force and students have been segregated good results have been observed.

The following, suggestions may be made from the experience of the tour:

1)The EPR, BSF and the students training camps should be all segregated.

2)A uniform better ration should be given to the trainees with immediate effect.

3)The Central office of the BDMSS Samiti should immediately take steps regarding Coochbehar. The situation in that district calls for quick action.

Report on the Existing Transit Training Camps in W.B.

The total number of transit training camps including operating units of East Bengal forces will not be much larger than 40. In most of these the present strength is around
200, though there are some where strength is much less due to lack of accommodation, restriction imposed by availability of ration etc. Including the trainees that have been sent for higher training the number will be larger, in one camp as much as 1700 (Kurmail, Dinajpur). The total number of trainees available at the moment will be thus about 10,000 or so.

From our combined experience (i.e. Prasun Majumdar's North Bengal report, our and R. Karlekar's experience with 24 Prgs., and our trips to Nadia with Aminul Islam) it is evident that no useful training or screening can be done in the existing training camps. In the name of screening the Awami League M.P.A. and M.N.A.s indulge in many vices, fully over the students and if caught at it try to back each other. There has been no formal reporting or the 6 boys expelled from Coochbehar town camp, or the 75 boys expelled from Tollykhola camp in Bangaon sector. The information has been received either accidentally or through local political leaders (Rajen Chatterjee of Congress in the Coochbehar case). In addition there are reports of threats to progressive Awami Leaguers, student leaguers and NAP boys in the camps particularly in Nadia.

The ration is even now slow in improving, as in many instances the extra money provided by the BDMSSS, is deposited to the Camp in charge. They only submit a per head account, in many cases they do not stay in the camp and are difficult to meet so that the acting camp in charge has to make shift arrangements most of the days. When they, their friends or we visit the camps we are greeted with tea and snacks which comes from this money. The necessity of a uniform standardized ration, impartial screening and control on visitors to the camps are essential points.

Most leaders do not wash their dishes when they take food in the camps, they refuse to do any manual work, complain about relief articles and their own health. The boys are not only forced to do all the work in the camps by themselves, they even have to do odd jobs like tending cows brought over from across the border. The lack of the proper Political orientation and explanation of the motivation behind the camping is seriously felt.

There is no realization of the mistakes in the struggle. People who have actively participated in the resistance and felt the mistakes are pot encouraged to freely discuss this. Instances of harm done by strong attachment to a locality or sentimental attachment to places are very commonly heard nevertheless. The need of disregarding such feeling in war effort should be impressed with force. 20% or more recruitment of Hindus is essential if they are to go back. This means recruitment of Scheduled castes and NAP students since militant Hindus belong to one or the other. This should be given top priority. The BSF and EPR should be segregated from the students everywhere. BSF transfers are advised at many places: a recent Murshidabad transfer did much good. Captain Subhas near Islampur (Thakubari) camp in Dinajpur is another deserving case.

Memo. No. Dated the 18th June, 1971.

To

The Zonal Administrator,

Subject:- *Payment of salary subsistence allowance and lump grants.*

It has been decided that all categories of teachers will be paid a lump grant of Rs. 50/- (fifty) each at their respective Zonal Headquarters Krishnanagar, Balurghat, Coochbihar and Agartala. The Zonal Administrators will therefore prepare bills of teachers residing within their respective Zones as per bio-data of teachers lying with them and of those to be sent by the General Administration Department. On receipt of these bills some representatives will go to the Zonal H. Qrs. from this office and make payments as per proforma to be drawn.

As regards payments to officials of Government, Semi-Government and Autonomous bodies, it has been decided that Zonal Administrators will prepare bills of officials other than Police personnel, Doctors and teachers of all categories residing within their respective Zones as per the present address given in the bio-data lying in his office and to be sent from the Finance Department in two categories—one for those where services have been effectively utilized by the Zonal Administrator and the other for those whose services have not yet been utilized at the following rates as decided by the Cabinet.

(1) For officials whose services have been effectively utilized:

(a) Class I Officers-75% of their pay subject to a maximum of Rs. 500/- per month.

(b) Class II Officers-80% of their pay subject to a maximum of Rs. 400/- per month.

(c) Class III & IV officials—full pay subject to a maximum of Rs. 100/- per month.

(2) For officials not yet absorbed:

(a) Class I Officers-37/6% of their pay subject to a maximum of Rs. 250/-

(b) Class II Officers-40% of their pay subject to a maximum of Rs. 200/-
(c) Class III and IV Officials-50% of their pay subject to a maximum of Rs. 150/-
You are, therefore, requested to prepare bills of

(1) Officials absorbed by you in the Zonal Administration and for
(a) Officials not yet absorbed but residing in your Zone as per their bio-data for
the month of June, 1971.

You are also requested to prepare bills for teachers of all categories for lump

MINUTES AND DECISIONS OF THE CABINET
MEETING HELD ON 22.6.71 at 10-00 A.M.

All Members of the Cabinet and the C-in-C attended. The Cabinet took note of the following problems:

1. Attempts by private armed personnel to deal with the enemy on their own;

2. Issue of conflicting orders by various departments which were at times contrary to Cabinet decisions and derogatory to defense interests;

3. Members of the National and Provincial Assemblies designated for specific purposes failing to discharge their duties, particularly in respect of selection and screening of trainees which permitted infiltration of the trainees' ranks by enemy agents;

4. Co-ordination of the Youth Camps Organization and the problems arising out of private and isolated attempts to organize such Camps.

Cabinet approved the Scheme of Youth Camps.

The Cabinet met again at 6-00 P.M. in the afternoon.

No discussion took place.

YAHYA WILL GET A REPLY ON THE BATTLEFIELD

Syed Nazrul Islam, Bangladesh Acting President's radio broadcast
on June 30, 1971

Syed Nazrul Islam, Acting President of the People's Republic of Bangladesh, has said that freedom fighters would give a befitting reply on the battlefield to Gen. Yahya Khan's "audacious" radio broadcast, reports PTI.

According to Radio Bangladesh, the Acting President said in a statement that the Pakistan resident's speech did not merit any serious consideration. About 75 million freedom fighters had listened to his speech with "hate and disgust".

Syed Nazrul Islam said: "We are now in the middle of a war of liberation. We cannot rest until we eliminate every alien soldier from our soil".

Cruel joke

According to The Statesman Special Representative, the, National Awami Party (led by Wali-Muzaffar) of Bangladesh has described President Yahya Khan's constitutional plan as a cruel joke perpetrated on the 75 million people of Bangladesh".

Dear Young Brothers,

I am proud and happy to see you today.

I know many of your parents were trying to give you higher education straining their last resources, so that you are established in your life to become their support in future.

But by a cruel irony of fate you have been forced to leave your schools and colleges to take up arms, as the responsibility of saving the honor of your own motherland in order to put her up in pride has fallen on you. We must take the responsibility of rescuing our fond mothers and sisters from, the unspeakable shame and torture which Yahiya’s Punjab army is imposing on them.

In this connection I recall my young student friends who have taken the duty of sitting in examination as of little importance at the present juncture. My student friends know that the Vice-Chancellor of the Calcutta University had considerably agreed to make arrangements for those willing to sit for their due examinations. I am proud to observe that not one of our students appeared before me with a petition to sit for examination; on the contrary all of them have come with the same plea, the plea to train them up as Soon as possible in the art of modern military practice in this crisis period of our country. They have thus taken the vow to free the country from the scum of tortures.

The indescribable atrocity to which our innocent brothers and sisters have been subjected, resulting in the extermination of more than a million, and in the shame of our countless mothers and sisters, this atrocity is now being opposed by your determined will in such a way as can never be resisted by the Punjabi army.

It is true that for the moment we have backed out from frontal attack, but from the point of view of military tactics this has an important aspect, this temporary retreat is by means a defeat. We have to be better prepared this time for a much bigger offensive.

We know under what extreme hardship and inconvenience you are taking this military training; You also know how limited are our resources; but whatever help, whatever finance we shall be able to collect, every bit of it will be spent for you. This is our decision.

Because we know that it is you who will free the country and take back these millions of displaced evacuees to their own place with dignity, this way we shall be doing the best for the countless people wanting shelter across the border, and also help the country which is heavily burdened by the hospitality extended to them.

We are grateful to the people of India, the way the Government of India has helped us is unprecedented. This active sympathy of the Indian Government inspired us. Still we
must remember how difficult it is for a country to bear the burden of 6 or 7 million refugees.

It may occur to many that may be we are also responsible to a great extent for this war. But I want to make it clear that we are not in the least responsible for this. The complete betrayal of Yahiya Khan has put this on us.

On the basis of our 6-point demand, in a discussion on the 24th March, an agreement was reached; Yahiya even signed on that document. It was decided he will proclaim this agreement on the 25th night.

On 25th March he went to Karachi in a special plane, and the Khan army started their on slaughter suddenly, in the dead of the night, on our students, police, E.P.R. and the poor common people dwelling in the slums. This treachery is unique; beyond any comparison in History- Yahiya is a traitor. The aim of this inhuman barbaric attack is to ensure that we as Bengalis will never be able to raise our head again. Brothers, keep in mind the treachery of these man-eaters.

They will not allow any young men between the age of 16 to 30 to live and they have also preyed on girls of this age. Even now they are pushing thousands of naked young girls towards the frontier.

We must change this terrible situation. We must raise our head in pride as an independent Bengali nation.

We must remember nobody ever makes a gift to you of your freedom you have to earn it. If we think somebody else will win our freedom for us, we shall commit utter folly. We must continue the fight for freedom. May be many will come forward to help. But the fight will have to be yours and mine.

If any of you have any doubt about the victorious outcome of this war with the modern well equipped Pakistan Army, I am telling you to always keep in mind that seven and a half crore of Bengalis are with you in this fight. The fight of self-preservation of the Bengalis in the wide world will have the name of each soldier, each freedom-fighter, written in gold in the pages of History.

Written in blood before our eyes today is small Vietnam. She is not insignificant any more, commanding infinite power she has inflicted the worst crisis on American Imperialism with all its modern arms and equipment.

The victory of Vietnam is certain; there will be no exception for us.

You must be also familiar with the freedom fight of the people of Algeria. Under extreme difficulty they build up their strong liberation force through a Government formed abroad, and freed their motherland from Imperialism.

We must remember we have had to face this terrible war to make up for the mistake we did in 1947. Our first and foremost introduction is that we are Bengalis. Religion is our private affair. Religion can never be the stick to gauge a Nation. The role of religion in governing a Nation is also minimal. The soul of a country is formed by its
geographical location is also language, its cultural habits and its affinity to local friendly communities. Religion comes next and is a matter of personal conviction. We believe in the equality of all religions. Just as a Muslim has the freedom to go to the Mosque, so the Hindu has his right to go to the temple, the Christian to the Church. In a similar way everybody has his own right to pursue his own Religion. Whatever his creed all subjects of Bangladesh have the same fundamental right.

We did not want to divide Pakistan into two, but the Punjabi leaders want to turn our country into a colony and want to wipe out all our traditional peculiarity, and that is why things, have come to this turn.

You have taken arms to end this. Our conviction is that we shall soon evict the Pakistan Army from our motherland and free our country.

We shall establish such a society in which there will be no exploitation no rich and poor, no class will be big or small, there will be only one class there and that is man. The basis of our economy will be socialism.

Finally I want to inform you on behalf of my Government that the basis for the future army of the country will be you. Those who shall excel in the freedom fight, those who will prove themselves to be the finest fighters, they will give the leadership to our future army.

Leadership you cannot pick in the street. Remember one has to earn leadership as well. So those who can prove themselves will, provide this leadership.

If we just watch as bystanders, if we the leaders do not participate in your hardship, in your sorrows, if we dream of staying leaders in comfort, then definitely you will remove us from leadership.

We have decided those who will enlist for freedom fight will have their families taken care of by the Government. The Bangladesh Government will take care of the welfare and protection of the lives of the families of those, who become martyrs or who become disabled in the freedom fight for ever.

We have also decided, we shall reward those who show special courage in the freedom fight.

Already our programmed has become disciplined and regular. Henceforth we may be able to lighten the burden of hardship that you so willingly have endured during training. We shall try to improve the bare subsistence ration with a wholesome and rounded diet. We shall always remember you are our main force and, final strength.

**Military Victory The Only Solution:** The Prime Minister of Bangladesh, Mr. Tajuddin Ahmed, declared on July 15 that "military victory is the only solution to the situation in Bangladesh."

**The People,** English weekly published from Bangladesh, said that Awami League members of the National and Provincial Assemblies at a meeting had taken an "oath of all-out War till victory."

The report said that 110 members of the National Assembly and 200 members of the Provincial Assembly had attended the meeting, which was held somewhere in Bangladesh.

The oath read: "The enemy shall be engaged not only on land, but also in the air and on the sea if need be, and shall be defeated once and for all to safeguard the independence of the people of Bangladesh."

The meeting decided to re-name the Mukti Fauj (liberation army) as "Mukti Bahini" (liberation forces) signifying the "advent of the air force and the navy."

Meanwhile, the Mukti Fauj has now over 1,20,000 men, comprising about 40,000 troops of the East Bengal Regiment, East Pakistan Rifles, constabulary and about 80,000 volunteers.

The Fauj is led by a large number of Bengali officers of the Pakistan Army who have defected and joined the freedom fighters.

This estimate of the strength of the Mukti Fauj was given in Poona (India) on July 28 by Mr. Sadasiv Bagaitkar, SSP leader, who returned after an extensive tour of the areas in East Bengal, where the Mukti Fauj is in control.

Mr. Bagaitkar said that a large number of volunteers were students, youth workers and peasants. They were being trained in the use of arms and the technique of fighting, especially in guerrilla warfare.

The Mukti Fauj, according to him, was running 24 training camps for volunteers.
MINUTES AND DECISION OF THE CABINET MEETING HELD ON
17.7.71 at 5.30 P.M.

All Members of the Cabinet as well as the C-in-C were present.

It was decided that henceforth the Cabinet would regularly meet on Mondays and Fridays-the meeting on Fridays being exclusively devoted to discuss defense matters.

The Cabinet deliberated on the report submitted by the C-in-C on defense matters with special reference to the meeting of the Sector Commanders held on 10th to 15th July, 1971.

The Publicity matters of the Government were particularly considered and it was decided to lay special emphasis on radio, newspapers, official handouts, pictorial publicity such as films and write-ups etc.

The Zonal Administrative setup was reviewed and it was decided that there would be 8 Zones now instead of 5 and that the Eastern Zone would have the option to divide itself, if the case so demanded.

It was further decided that the private individuals owning vehicles would be compensated for, in case the Govt. decided to use their vehicles for public purposes.

The Scheme for establishment of a Trade and Commerce Promotion Board was approved.

EXPLANATORY NOTE OF THE BUDGET

The budget for the Govt. of Bangladesh has been prepared under very unusual circumstances. We are in the midst of liberation War. The invading army of West
Pakistan has caused colossal damage to the lives and properties of the people of Bangladesh. Economic life of the people has been completely shattered and the country is in acute economic crisis. A famine is imminent. Our first and foremost task is to liberate the country as quickly as possible. Simultaneously, we should initiate action to enlist the of friendly countries and international agencies to ward off the imminent famine.

Since we are engaged in liberation struggle, the budget has been prepared to meet the essential expenditures which will directly and indirectly help the cause of war efforts. The budget has been prepared for a period of three months from July to September, 1971. This has been done with the expectation that we shall be able to liberate the country within that period.

The budget estimate has been prepared without any basis of actual because most of the organizations have either recently been set up or being set up. During the last three months we, however, incurred some expenditures monthly on adhoc allocation basis.

We also faced another difficulty in formulating the budget because of the fact that many departments did not send their budget estimates in time inspire of the fact that we requested them to do so by 30th June. This might be due to the reason that the departments are yet to draw up the structural set up and to fix the objectives. We have, however, kept block provision for these department. Allotment under block provision will not, however, entitle them to incur expenditure until they send the scheme of their objectives and the structural set up to attain them along with proper justification for our examination and concurrence.

We have tried to keep down the projected expenditures to the minimum in view of the fact that our sources of revenue are limited and yet uncertain. This, however, does not mean that in case of need we shall not be able to mobilize the resources. We have already got very good response from the overseas Bengalese and friendly countries. We are confident that we shall be able to mobilize the necessary resources to achieve our main objective of liberating the country.

We would, however, like to keep the Cabinet informed about the present resource position of the Govt. We have been able to mobilize an amount of Rs. 11, 22, 80,378.00 which were brought over from various treasuries and banks of Bangladesh. This, however, took some time for reasons beyond our control. As a result we stand to lose about 40% to 50% due to demonetization. We are yet to get funds from two other places amounting to roughly about Rs. 2,00,000.00 (Two Crores). Out of the amount till now received, we arranged to convert Rs. 4, 23, 38,750.00. We are also trying to mobilize some funds by selling some commodities like jute, fertilizer, tea, rice etc. which were brought over by the freedom fighters in different places. This, however, will require effective help and co-operation of Indian Govt. and also that of our MNAs & MPAs. Till now we have got about Rs 1, 00,000.00 (One-Lac) out of sale proceeds of jute. We expect to get a few lacs more out of the sale proceeds of other commodities.

The budget has been prepared for three months with the projected expenditures of Rs. 2, 15, 64051.75. Assuming that it may have to be expended up to end year, the total
financial liability will be Rs. 8,62,48,204.00. As against this, we have projected our receipts at Rs. 7, 74, 18,998.00. Thus there will be still a deficit of Rs. 88, 29,206.00.

We are passing through an emergency period. So, we do not intend to inhibit any effort by any quarter directed to the cause of liberation war by following blindly the stereotype financial rules and niceties of procedures but at the same time, we shall try to observe the minimum financial discipline order to maintain proper accounts of receipts and expenditures. Since our resources are limited, we shall try to utilize them in the best possible manner to obtain maximum results.

Order of the Prime Minister.

"The Ministry concerned should clearly identify the problems which should require Cabinet decision for their solution. A problem will go to the Cabinet only when the competences of the Minister-in-charge will be exhausted calling for policy decision after group discussion. Therefore, in transmitting on item for Cabinet discussion approval of the Minister concerned must of necessity be obtained. Sending of a complete file to the Cabinet Secretariat for picking up problems is an absurdity and must therefore be shunned."

MINUTES AND DECISIONS OF THE SECRETARIES MEETING HELD
ON MONDAY AUGUST 23, 1971

The Prime Minister presided.

The following Secretaries attended the meeting:
1. Secretary, Foreign Affairs,
2. Secretary, Defense,
3. Secretary, Finance
4. Secretary, G. A
5. Cabinet Secretary,

The Foreign Secretary gave a resume of the activities of the Ministry of Foreign Affairs over the post few weeks. He also reported the following:

(a) So far 22 officers and 80 members of the staff of various Pakistani Missions abroad have declared their allegiance to the Govt. of the People's Republic of Bangladesh.

b) The younger elements of the Pakistani Foreign Service (from Bangladesh) are now much warmer to our cause than before;

c) The large scale defection of civilian career officers of the Pakistani Missions abroad has completely shaken Pakistan Govt. and as a result, they are making a number of changes in diplomatic assignments.
(d) The Iranian Government is now deeply involved on the Pakistani side:

(e) Our delegation sent to Ceylon is doing good work. Delegation for Afghanistan and Nepal are leaving in a day or two.

The Foreign Secretary also explained the public support that our cause is gaining in countries as Japan, Philippines, Singapore, Malaysia and Thailand.

The PM was pleased to sum up the discussion. He explained the need for regular meetings of the Secretaries for the purpose of inter-departmental briefing and co-ordination. He also desired that reports should be circulated by the various departments and placed before the co-ordination meeting.

The Prime Minister elaborated the present political problems of Pakistan and desired that the Ministry of foreign Affairs should make a study and submits their report immediately, keeping in view the following facts:

1. Multiple forces acting in Pakistan;
2. Present political unrest in Pakistan (West) and the role of the smaller parties;
3. Recent statement of Khan Wali Khan;
4. Arrest of Mahmudul Haq Usmani, Poet Ayaz, G. M. Syed etc;
5. Air Marshal Asghar Khan's Statement demanding open trial for Sheikh Mujibur Rahman;
6. Recent statement of Mr. Ayub Khuro placing all the blames on Bhutto for the Present catatstrophy;
7. Victory of Bhutto in the General Election assured by the Army (his showing in the cantonment areas);
8. Signs of emergence of the rightist parties in Pakistan;
9. Present problems faced by Yahya.

The following decisions were taken in the meetings:

1. All the departmental Secretaries will prepare their reports on the activities of their departments and send them to the Cabinet Secretary, latest by every Saturday (so that they can be placed before the Secretaries meeting on following Monday.)

2. Secretaries will also send their reports for discussion and decision in co-ordination meeting to the Cabinet Secretary, latest by every Saturday.

3. The meeting will be held every Monday at 9-00 A. M. in the Prime Minister's Chamber.

CONFIDENTIAL

Dear Sir,

It appears that for want of proper co-operation with other departments of the People's Republic of Bangladesh, the Information and Publicity Department is experiencing great difficulties in giving due publicity to the activities of the Government.

It will be highly appreciated if you very kindly instruct the respective departmental heads to maintain contact and liaison with the Director of Information and Publicity to enable him to channelize and publicize readily all kinds of statements, handouts, press releases, and reactions that may be made out from time to time by you,

Thanking you,

Yours Faithfully

Minister for Home, Interior Affairs, Relief and Rehabilitation.
Enclosed please find a copy of my office order dated 20.7-71 circulated to various functionaries in the Eastern Zone regarding authorization of payments and maintenance of accounts. I hope this has the approval of the Ministry of Finance (Copy of this order was forwarded to the Finance Secretary on 28-7-71)

Cabinet Secretary
23.8.71

No. 37(3)/Cab

Date: 23-8-71

To:
1. Minister for Finance.
2. Secretary, Finance
3. Secretary Defense

I gather that the accounts of the Zonal Administration and the Youth Camp Directorate have been lumped together. It has been very clearly mentioned by me earlier that the budgets for these 2 agencies are separate. The Finance Minister has approved the Zonal Administration budget involving an expenditure of Rs. 2, 42,121.00. He has allowed an expenditure of Rs. 10, 00,000.00 for the Youth Camp Directorate. The accounts for these 2 have to be kept distinctly separate. Mr. A. K. Choudhury will please hand over the accounts of the Zonal Administration to Mr. P. C Bhowmic who is the Accountant for the Zonal Administrator's office. Mr. Bhowmic will be responsible for maintaining all accounts in connection with the Zonal Administration. He will work under the supervision of the Deputy Secretary (Admm.) and the Administrative Officer. The A. O. will ensure that accounts are kept properly and head-wise. The DS will regularly check the cash book.

Mr. A. K. Choudhury will maintain accounts of the Youth Camp and related expenses. I have already submitted proposal to the Government for sanction of the post of CA and his appointment thereto. Till this is done, he will continue to work on an ad-hoc basis.

I have prepared and submitted to the Ministry of Finance budgets for the following:

Estimated annual expenditure.

1. Budget estimate for the Zonal office (Already approved by Finance Minister) Rs. 2,08,475.00
2. Supplementary- budget for Zonal Administration (approved in principle). Rs. 33,646.00
3. Supplementary budget for addl. posts for the Zonal Office. Rs. 51,000.00
4. Budget for sub-Zonal Office Rs. 2,40,000.00
5. Budget for TA & DA : Rs. 17,000.00
6. Budget for allowance of MNAs/MPAs Rs. 3,00,000.00
7. Budget for Zonal Council: Rs. 40,200.00
8. Budget for the Directorate of Youth Camp (Head Office) Rs. 65,200.00
9. Budget for subsistence allowance Rs. Actuals
10. Budget for Transport Directorate Rs. 1,44,400.00
11. Budget for Internal Security Scheme: Rs. 1,44,400,000

Of the above budgets, only Nos. 1 & 2 i.e those in respect of the Zonal Administration are approved, Emergent expenditures being incurred in connection with other budgetary heads are subject to approval by the Minister of Finance.

While incurring expenditures we should follow 3 broad policies:

1. The approved budget of the Zonal Administration should be strictly followed head-wise.
2. The budget of the Youth Camp should be followed as envisaged in the schemes itself.
3. Unavoidable and emergent expenditures in connection with the Mukti Bahini may be incurred by raising debits against the Ministry of Defense. Those expenditures will include items like transports for the Mukti Bahini, Hospital expenses, such as blood transfusion, diet etc. burial of the dead bodies, assistance to the widows of the martyrs etc. All these expenses should be certified by either the Chief of Staff or an officer authorized by him. While incurring these expenditures we are guided by the principle that all our efforts must be defense oriented and as such the expenditures in connection with the Mukti Bahini should be given top priority. The Zonal Council, in an earlier meeting also adopted a resolution to the effect that a sum of Rs. 2, 00,000.00 be kept apart for the Mukti Bahini. I have also moved the Government for making a block provision for Rs. 2, 00,000.00 for 3 months for the Mukti Bahini in the Eastern Zone.

Sd/- M. Mansoor Ali
Finance Minister
An address to the nation broadcast by Mr. Tajuddin Ahmad, Prime Minister of The People's Republic of Bangladesh, on 5th September, 1971.

My dear Countrymen and Comrades:

Much has happened to the world since I spoke to you last. The outstanding events for the people of Bangladesh who are engaged in a deadly fight with the invading hordes of West Pakistan are the ruling junta's crumbling power base in West Pakistan and the enemy's slipping control over his few pockets of security in Bangladesh. Our determined policy of economic denial, the brilliant exploits of our guerillas on land and sea, and the growing strength and intensity of our resistance, have brought the day of his complete defeat significantly nearer. I should however like to emphasize the need for patience and fortitude—the two virtues which would be most necessary, in our circumstances, to rout the enemy finally and to rebuild the country after this cruel war is over.

There have been significant shifts in the balance of power in the world. That the enemy's attempt to cash in on this has not been successful is further evidenced by the Indo-Soviet Treaty. Bengalis undoubtedly rely on their own power, which they have discovered with amazement in the course of their struggle, but there is satisfaction to be derived from signs of support from quarters where before there was only caution. Some Governments however continue to act perversely, although the people they represent have expressed their solidarity with us in unambiguous terms. We can only hope that this gap in their responses would soon disappear.

No many in the world would really on the Pakistan army to bring succour to the people of Bangladesh whose destruction is its undoubted policy. Yet the UN has thought it fit to channel relief given by the nations of the world to Bengalis in the occupied areas through the Pakistan Government which has had scruple in pressing into service relief helicopters, vessels, and vehicles in its campaign of suppression against them. Much of the material meant for the distressed is being utilized to sustain the occupation troops while the communication experts, with advanced gadgets, who form part of the UN relief team, confer unquestionable logistical benefits on the Pakistan army. All this gravely endangers a mission which is said to be humanitarian. If the UN Secretary General at all cares for the prestige of the World Organisation in this part of the world, he must take all steps to prevent UN relief operations in Bangladesh from becoming a mockery.

Our enemy is not only overtly barbarous, as is demonstrated by his massacres and depredations, he is covert and insidious. From time to time he would float treacherous compromise formulae the purpose of which could only be to mislead our people and weaken our resolve to achieve our irreducible goal of complete independence. If the
enemy seeks a compromise it must be because he is weak or because he wants to lay a trap for us against which we must be on our guard.

With the session of the U.N. General Assembly in the offing the military junta has resorted to the subterfuge of creating a facade of a return to civil administration in Bangladesh. General Yahya's replacement of the hated Tikka by a civilian stooge, the reported move to make discredited Bengalis, isolated from the people, represent Pakistan at the U.N., are all part of the same subterfuge calculated to hide the harsh reality of continued martial Law, genocide and suppression of popular will in Bangladesh.

Whom does Yahya want to impress by his elaborate show of unseating some members of the National and Provincial Assemblies while leaving others to retain their seats? The elected representatives of the nation derive their authority from the expressed will of the people and are neither subject to a usurper's rule nor to his make-believe methods designed to produce the quite fraudulent impression that all those not unseated by him are supporters of his regime. The MNAs and MPAs in their convention last July renewed their vow to continue the struggle till Bangladesh is completely liberated and the ridiculous trails to which they are being subjected and the confiscation of their property would make no difference to their resolution.

A world which has reacted with such horror to the mass murder of Bengalis and expressed such revulsion at the incarceration of their leader Sheikh Mujibur Rahman and his secret trial in a military court, with attorneys dubiously forced upon him by dictator Yahya, is not likely to be deceived by the whitewashing maneuvers and lies of the rulers of Pakistan.

Speaking of the trial of the Bangabandhu, I must remind the world that while it goes about its business, a man, filled with the vision of the happiness of 75 million people who love him, is being held in captivity by thugs who happen to have him in their power. The Government and people of Bangladesh have taken all steps to arouse other Governments, peoples, and groups, including jurists, against it. This has so far had little effect on the unseeing arrogance of a brutish clique. But I assure my countrymen that those who are plotting against the life of Sheikh Mujibur Rahman under cover of a so-called trial would not go unpunished. Meanwhile, I appeal to all powers who have any influence with Islamabad to help secure the release of the Sheikh immediately.

The recent mass transfer of allegiance by Bengali diplomats in Pakistan's service to the People's Republic of Bangladesh underlines its strength and is one more argument in favor of our recognition by other Governments. It is easy to see that recognition is a means to an end which is a speedy and victorious conclusion to the war of liberation. The people of Bangladesh, who are up in arms against forces which want to disenfranchise them by brute force and who have suffered in body and mind as perhaps no other people have suffered, deserve a better deal from at least those who profess democracy and also show humanitarian sympathy to us.

Nature, in the shape of flood, has added a cruel dimension to the already existing suffering caused by the evil deeds of the militarists from West Pakistan. These annual
waters of sorrow, which have engulfed vast areas of our land, are an indictment of the cynical policy of exploitation which neglected to provide for flood control in Bangladesh. It is clear that the problems of Bangladesh could be solved only by Bengalis taking charge of their own destiny.

Human standards of measurement break down before the scale and depth of Bengali’s agony to-day, but I believe in the resilience of the Bengali soul, and feel sure that it would triumph over cyclone, flood and war.

Finally, all power to the arms of our freedom fighters whose courage, self-sacrifice, and achievements fill the nation with pride and hope for a great future. The people of Bangladesh have consolidated their solidarity through the present struggle. Let this solidarity be their abiding source of strength.

Subject: Co-ordination of Publicity and Propaganda Effort of Bangladesh Govt.

1. It has been felt necessary to co-ordinate the publicity and propaganda efforts of the Govt. so that the entire machinery has a unified focus and supports war activity.

2. The following guide-lines are suggested:-
   a. Raising morale of the Mukti Bahini.
   b. Raising morale of our own people.
   c. Lowering morale of enemy troops.
   d. Lowering morale of the public in West Pakistan and creating dissent among them.
   e. Counteracting propaganda by the enemy Radio and Press.
   f. Counteracting measures taken by the enemy to enlist public support.
   g. Projecting the correct Bangladesh situation abroad.

3. Further suggestions in this regard may kindly be forwarded.

Bangladesh Liberation Front Formed:

A broad democratic front comprising the five main political parties of Bangladesh was formed on September 9 for conducting the liberation struggle.

A Consultative Committee of eight members as set up to advise the Bangladesh Government and to issue guidelines to the Mukti Bahini.

The formation of the Front was announced at the end of a two-day meeting of the leaders of the parties which was presided over by the Prime-Minister, Mr. Tajuddin Ahmed.

The parties comprising the Front are the Awami League, National Awami Party (Bhashani group), National Awami Party (Muzaffar group), the Communist Party of Bangladesh and the Bangladesh National Congress.

A spokesman for the Bangladesh Government said that the formation of the Committee would ensure a sense of participation in the liberation struggle among all sections of the people actively fighting the "colonial and imperialist exploiters of Bangladesh".

He added: "The formation of the Committee reflects the unity among the rank and file of the freedom-loving people of Bangladesh having faith in the leadership of Sheikh Mujibur Rahman, the Awami League and the Government of the People's Republic of Bangladesh.

The meeting, by a resolution, called upon India and all other countries of the world to accord immediate recognition to the Government of Bangladesh.

The resolution also appealed to them to give "active assistance" to the government of Bangladesh and the Mukti Bahini in the form of arms and ammunition.

Memo No ............ September 9, 1971
From : M. K. Chowdhury,
       Deputy Secretary,
To : Mr. A. Kashem Khan
       Zonal Administrative Officer,
       West Zone.

Subject: Liberated areas and utilization of the staff now working in Tentulia.

Your attention is drawn to the working and the staff under the C. O. (Dev.), Tentulia. It appears that the said officer has been working with his staff in the areas of Tentulia which, he claims, is a liberated area. It seems that he has been working without any plan or directive from relevant zonal Administrative Officer.

G. A. Deptt., Govt. of the People's Republic of Bangladesh, has been requested to design the administrative set-up for liberated areas which will be a standard set-up for all liberated areas. In one case, the Administrative set-up of Rowmari has been provisionally approved by the Minister for Finance, Trade and Commerce, Govt. of the People's Republic of Bangladesh. All these are being consolidated by the G. A. Deptt. So as to introduce standard administrative set-up for all liberated areas.

Pending finalization of such proposals and their approval, you are requested to take immediate necessary action so that the C. O. (Dev.) Tentulia can work in the liberated area claimed by him in close collaboration with and at the direction of the Zonal Administrative Officer under which Tentulia falls. He along with his staff may also be utilized for collection of taxes and tolls, etc. In this context, we may mention that taxes should be levied on all jute and other items coming out of Bangladesh as export to India. On jute and tobacco, the export tax is Rs. 2/00 per mound. On all other items, tax should be in accordance with the rules previously followed in former East Pakistan. Taxes of other kinds also should follow similar rates and prices.

The matter may be treated as urgent and necessary action taken with intimation to this office.

Sub: - Letter of Mr. Fazlul Huq, regarding exhibition of a documentary film produced by Mr. Zahir Raihan.

Please find enclosed copy of the letter of Mr. Fazlul HuQ, the Film Producer - Director of Bangladesh. The letter is self-explanatory. I would request you to kindly look into the charges leveled by Mr. Fazlul Huq and decide the matter on its own merit keeping in view the best interest of our country.

Action taken in this respect may please be intimated to me in due course.

Sir,

This is to put a serious matter, in my belief a matter of great National Importance, before your honor regarding a documentary film directed by Zahir Raihan, which we have viewed to-day in a private show in Calcutta.

This documentary is being financed by Eastern India Motion Picture Association and being produced by Bangladesh Chala-Chitra Silpi O Kalakushali Samity in association with Bangladesh Liberation Council of Intelligential. This would be sold to India Government to show it in India and other countries.

The film start with a photo of V. I. Lenin and with his wordings shows nothing but little of refugees in India and a little part of our liberation Army Training Camp. But the serious setback is, in my opinion, that there is not a single shot or word about our
beloved leader Bangabandhu Sheikh Mujibur Rahman or Awami League or, the six points.

I believe if this film is shown in India or abroad, the viewers shall have the belief that our liberation is being guided by something else and not the points we believe in.

If the film has been made by any Indian Director, we shall reserve our comments, but when it is made by a Director of Bangladesh we cannot sit idle.

I, personally, protest against this film and I request you to immediate action to stop this film before it is shown to the public through the Indian Government.

If it is not done, I alone, am ready to start a movement.

With deepest regards,

Dated 14. 9.71.

P. U. D. gives the minutes of the meeting of the Secretaries held on 23rd August, 1971.

(A) According to the decisions taken in this meeting, every department is supposed to give a weekly report of their activities to the Cabinet Secretary by Saturday, each week. A report will be sent from next Saturday regularly in consultation with the Secretary.

(B) The said meeting will be held every Monday at 9 A. M. in the Prime Minister's Chamber.

Under Secretary.
The people of Bangladesh to-day are fighting for freedom, democracy secularism, and human values. They are fighting a ruthless enemy armed to the teeth, a military junta that has no right to preside over their destiny and a band of exploiters that has bled Bangladesh. While the struggle continues on the soil of Bangladesh, her children abroad are contributing to the liberation war by mobilising public opinion and raising funds.

Since the beginning of our war of independence, the Bangladesh Defense League has been doing laudable work in the United States. Its organ, The Bangladesh News Letter, is a source of reliable information for our friends and compatriots abroad. I should like to assure the members of the League that their work is deeply appreciated by our freedom fighters.

I congratulate them on their efforts.

To: All Zonal Administrative Officers.

Your attention is drawn to Memo No. Fin/2/71/183(7) dated 13.9.71. The following officers have been, deputed in that memo to different zones as mentioned against their names below:

**Name of Officers.**

1. Mr. Md. Matiur Rahman
   Staff Officer,
   Finance Department.

2. Mr. Shamsuddin Haider,
   Taxation Officer,
   Finance Department.

3. Mr. Md. Idris Ali,
   Staff Officer,
   Trade & Commerce.

**Area of Operation.**

1. All the liberated area under Coochbehar, Tura and Dawki Zones.

2. All the liberated area under Barasat, Krishnanagar and Balurghat Zones.

3. All the liberated area under Sabrum, Dharmanagar and Agartala Zones.

As the G. A. Department has not yet finalized a standard set-up for administration of liberated areas, formal rules and regulations regarding collection of taxes and levies cannot be supplied. Taxes should be levied on all jute and other items coming out of Bangladesh as an export to India. On jute and tobacco, the export tax is Rs. 2.00 (Rupees two) per maund. Considering the proportion of tax on jute to its price and the perishable nature of items like fish, tax on per maund offish exported should be @ Rs. 6.00 (Rupees six) per maund. On all other items, tax should be in accordance with the rules previously followed in former East Pakistan.

Your attention is also drawn to the existence of Sairat Mahals like fisheries, hats and bazaars, etc. in the liberated zones. These should be leased out through auction, if possible, or through negotiation where auction is not possible. A copy of the formal agreement signed with the Lessee on behalf of the Govt. of the People's Republic of Bangladesh should be sent to the Secretary, Finance for his information and necessary action. It may
be mentioned in this context that fisheries in the liberated area in and around Godagari, West Zone, have been leased out from the Central Headquarter here because of communication difficulties. This is for information of particularly Zonal Administrative Officer of West Zone. If fish is exported from this Zone from the fisheries in auction, taxes at the prescribed rates mentioned above must be paid.

IMMEDIATE REQUIREMENTS

1. TRANSPORT FOR INJURED PATIENTS

Immediate arrangements must be made to place Ambulances the following places.

A. Sector No. 1 : One at Hariana, Sreenagar, Rishimukh and Belonia, total No.-
B. Sector No. 2 : One at Rajgonj, Nidaya, Saldanadi, Mandabhap, Total No : 4.
C. Sector No. 3 : One at Head Quarter-Simna or new place one at Chebri, minimum-2.
D. Sector No. 4 One at Kamalpur, Kailash Sahar, Dharmanagar, Barapunj, Mukti and Jalalpur and Karimganj-Total: 7 (some vehicles) are available at Mosimpur Sector Commander's disposal. They should be immediately repaired and putathedisposalofSectorNo.4 Commander.
E. Sector No. 5 : One at Shillong, Balat, Dowki, Shilla and Bassara, Total No: 5
F...Sector No. 6: (Visited earlier) One at Patgram, Tentulia, Shahebgonj, Total No : 3.

2. Medicines

Unfortunately our dispatch of medicines from Head Quarter was delayed by six weeks since my last visit and dire need of medicine caused lot of sufferings everywhere.

It was my effort to collect medicines in the form of gifts from various sources and I collected medicines worth our Rs. 60,000/- . They are now gone to different Sectors but medicines over one lakh of rupees should immediately be purchased and dispatched to all sectors as per list. I begged in many quarters and were bluffed by most of donors on this or that pretext.

Worse thing is that some of our organizations like Bangladesh Red Cross is not Co-operating with us, whereas medicines are being collected by the name of Mukti Bahini.

I strongly feel that all our agencies should be urged to deliver all available gifts to the Head Quarter for equidistribution.

At least Rs. 1,000/- should be placed at the disposal of each Sector Commander immediately for local purchase of urgently required medicines. Mr. M. K. Bhimani has donated medicines worth over Rs. 5,000.00 for Agartola, Karimganj and Shillong to meet the immediate need. These medicines were locally purchased at my instance. Earlier he gave medicines worth Rs. 7,000/00 to our Head Quarter. These medicines have been sent to all sectors along with other gifts.

Medical Staff

1. Sq. Leader Shamsul Haq was working at Sector No. 1. He is a Senior Officer. He has been posted by me in overall charge of Sector Nos. 1, 2 and 3 with his Head Quarter along with Cos. at Agartola. He will co-ordinate all demands and supply
of each Sub-Sectors. He will be solely responsible to me to assess all requirements and receive supply from the Head Quarter for equitable distribution.

2. One doctor has been posted at Belonia to set up an A. D. S. He will do so with the help of Regional Medical Officer No 1.

3. Sector Nos. 1, 2 and 3 has one Medical Officer Incharge in each. Commander of Sector No.3 requires one more.

4. One Doctor has been placed Incharge of Sector No.4 with his Head Quarter at Mukti Bahini Hospital at Karimganj.

5. One Doctor is urgently needed at Shillong. I am trying to send one in a day or two.

6. Some devoted Senior Medical Students are working as Medical Officers in each Sub-Sector. It is my intention to appoint One, M. B. B. S. doctor in each Sub-Sector as soon as suitable doctors are available.

**Convalescent Homes**

Mr. M. K. Bhimani under direction of Dr. Triguna Sen at my persuasion, has opened Convalescent Homes at Agartola (40 beded to begin with and intention to increase upto 100 beds 011 U.9. 71.) this time. He had intention to open one at Karimganj or Silchar but suitable house or helper was not available at either place. The Convalescent Homes opened at Shillong is doing good work under supervision of Mrs. M. Das. wife of the Divisional Commissioner of Shillong.

The management committee of Convalescent Homes has been trusted with a 5 (five) men committee 3 (three) being local, prominent citizens and 2 (two) representatives from Bangladesh.

In my earlier notes I reported about the Convalescent Homes at Tura and Coochbehar. Few more such Homes are under contemplation in West Bengal, preferably at Calcutta and Barurlghat.

These Hospitals will cost about a lakh of Rupees for establishment and at least Rs. 50,000/- for monthly expenses. Mr. Bhimani will collect fund through Hariana Bangladesh Mukti Shahayak Samity and undertaken the responsibility to run them.

**Ambulance Problem**

Two months ago when I went to Delhi, I met Ms. Padmaja Naidu and requested her for 36 Ambulances from Bangladesh Assistance Committee. I have not yet heard from her. I am sending her a reminder. Meanwhile, I understand from Mr. Sen and Mr. Bhimani that they have procured us about 2 Ambulances from the Governor of Bombay, 3 from Moharaja of Bhutan, and 3 from Horiana.
There are at least six cars at Sector No. 4 which can be connected into Ambulances.

I understand some of our Ambulances are lying at Barakpur. I do not know how true it is but I need hardly over stretch the immediate need of transport to save life of the injured soldiers.

**Karimganj Mukti Babini Hospital**

One house was procured by Mr. Dewan Farid Gazi MNA. One Mr. Mosabber Ali donated the beds and beddings for 20 patients we have seen 12 patients there. We have appointed one Doctor and 3 Nurses.

This Hospital will have to be maintained by the Defence Department. An estimated cost of Rs. 5,000/- will be required to run this Hospital. Some medicines will have to be sent immediately.

**Balat A. D.S.**

Our politicians at Shillong has organised one A. D. S. at Balat with 4 tents. One doctor is working there and paid by B. S. F. Medicines and surgical equipments are immediately to be sent by us. 4 more tents are to be set up with 20 more beds. We shall have to bear the expenses from Defense, initial cost will be at least Rs. 5,000/- and running costs of about Rs. 3,000/- per month including medicines. We shall have to do something about it immediately.

Similar A. D. S. will have to be set up at Dowki, Sheila and Bassera. Once the sector Medical Officer is appointed, he will be entrusted with the responsibility to organize them. One transport will have to be placed at the disposal of the Medical Officer; otherwise no work will be possible.

**Overall Impression**

I am thankful for the opportunity offered to me by the Acting President to express my impressions of recent tour to the Cabinet. I think, all pervading problems are undermining our patriotic fervent with the passage of time. The problems are at least four fold multiplied by two. On Indian side, they are Military, Civil, Social and Political. On our side also they do exist.

Indian Military Authority does not seem altogether prompt in helping our desperate freedom fighters who have burnt all their boats and nothing else to be given except their blood. They are very bitter about their lazy past times under very add living conditions for lack of arms and ammunitions.

I have witnessed two operations, one at Barapunji and one at Balat.

The complaints are the same. Our boys were not given adequate artillery cover. The inferior Indian artillery (if the range of Pakistani artillery is 5 miles, Indian artillery goes only upto 3 miles) I do not know how far it is true but the complaints were uniform everywhere. The Indian side were found unprepared both at Barapunji where Pakistani Army actually entered Indian territory and encircled our boys 3 miles inside Indian
response was late by 24 hours. The frustrations of our boys can be read in their pale appearances. At Melaghar our casualty is enormous and mostly due to inadequate supply of ammunitions.

The borders are being effectively sealed by Pak Army. The few miles of liberated areas are being recaptured particularly along Balat to Bassara borders.

I ventured to inquire from the Indian side. They said—our boys entered without planning and information with their counterpart, so they were not ready for the offensive.

Anyway, these problems are to be effectively sorted out at local levels to make them consistent with higher level agreement before any optimism is indulged in our reliance on our host.

It is my opinion that if the present state of affairs continues for the next three month, at least another 5 million people will cross the border and equal members will be killed inside.

The other problems need not be repeated here but in my humble opinion the ONLY SOLUTION IS OUR MOBILE CABINET meetings at all Zones and Sectors. All local problems should be collectively solved by the Cabinet on the spot and effective persons should be left behind to see that the Government decisions are correctly interpreted and adequately implemented.

Can’t we have an air career like the one which brought us from Agartola on the 12th April to car: y the whole Government all along the borders?

I am suggesting so because, I find that the individual Cabinet member’s occasional tour often create more misunderstandings then their rectifications.

I must say, the Home Minister has earned a very good reputation by his all round tours but his popularity has only partially removed the popular prejudices against the Government.

For Acting President, P. M. & C-in-C. only.
Minutes of the Secretaries' meeting with Prime Minister held on 20.9.1971.

After the opening remarks of the Prime Minister the Secretaries concerned raised a number of problems that needed immediate solution. The Prime Minister was pleased to issue, the following directives:

(a) **Transports:**

The Cabinet Secretary will make fresh attempts to get all the Bangladesh vehicles released. Lists of all vehicles will be updated. Requirements of the various agencies under the Government will also have to be prepared.

(b) **Accommodation:**

This was posing a very serious threat to the Government activities. It was desired that the various offices now functioning, except Ministry of Defence, will all be shifted to other places without further delay. The G. A. Department will do the needful.

(c) **Budget:**

The Finance Department would appraise the resources position of the Govt, and allocate resources on the basis of priority only.

(d) To ensure speedy implementation of Govt, policies and directives, formalities may be avoided as far as possible.

(e) Difficulties were being faced because of lack of functional division of various Ministries and Departments. The Cabinet Secretary will prepare a chart and submit it to the Cabinet, clearly demarcating the functions of the various Ministries and Departments.

(f) Certain news items and stories regarding "Liberation Struggle" were being published by Indian newspapers, which comprised the plans of the Ministry of Defense. The Defense Secretary was advised to take up the matter with appropriate agencies of the Government of India so that the news managements could be persuaded not to publish stories endangering the security of our forces.

(g) Regarding the Home Secretary's proposal for house rent and conveyance allowance to the Government functionaries, the Prime Minister assured that the matter would receive due consideration of the Government.

Copy to all Secretaries to the Government of the People's Republic of Bangladesh.

REQUIREMENTS

1. TRANSPORT FOR INJURED PATIENTS:

   Immediate arrangement must be made to place Ambulances the following places.

   A. *Sector No.1*: One at Hariana, Sreenagar, Rishimukh and Belonia, total No. : 4

   B. *Sector No.2*: One at Rajgonj, Nidaya, Saldanadi, Mandabag, total No.: 4

   C. *Sector No.3*: One at Head Quarter-Simna or new place one at Chebri, Minimum-2.

   D. Sector No.4 : One at Kamalpur, Kailash Sahar, Dharmanagar, Barapunjii,

      Mukital and Jalalpur and Karimgonj-Total : 7 (some vehicles are available at Mosimpur Sector Commander's disposal). They should be immediately repaired and put at the disposal of Sector No.4 Commander.

   E. Sector No.5 : One at Shillong, Balat Dowki, Shilla and Bassara.Total No. : 5.

   F. Sector No.6 : (Visited earlier) One at Patgram, Tentulia, Shaheb gongj.

      Total No. : 3.

2. MEDICINES.

   Unfortunately our dispatch of medicines from Head Quarter was delayed by six weeks since my last visit and dire birth of medicine caused a lot of sufferings everywhere.

   It was my effort to collect medicines in the from of gifts from various sources and I collected medicines worth our Rs. 60,000/-. They are now gone to different Sectors but medicines over one lakh of rupees should immediately be purchased and dispatched to all sectors as per list. I begged in many quarters and was baffled by most of the donors on this or that pretext.

   Worse thing is that some of our organizations like Bangladesh Red Cross is not co- operating with us, whereas medicines are being collected by the name of Mukti Bahini.

   I strongly feel that all our agencies should be urged to deliver all available gifts to the Head Quarter for equidistribution.

   At least Rs. 1,000/- should be placed at the disposal of each Sector Commander immediately for local purchase of urgently required medicines. Mr. M. K. Bhimani has donated medicines worth over Rs. 5,000/- for Agartala Karimgang and Shillong to meet the immediate need. These medicines were purchased at my instance. Earlier he gave medicine worth over Rs.7,000/- to our Head Quarter. These medicines have been sent to all sectors along with other gifts.
MEDICAL STAFF:

1. S. Leader Dr. Shamsul Huq was working at Sector No. 1. He is a Senior Officer. He has been posted by me in overall charge of Sector Nos. 1, 2 & 3 with his Head Quarter along with, Cos. at Agartala. He will co-ordinate all demands and supply of each Sub Sectors. He will be solely responsible to me to assess all requirements and receive supply from the Head Quarter for equitable distribution.

2. One Doctor has been at Belonia to set up an A. D. S. He will do so with the help of Regional Medical Officer No.1.

3. Sector Nos. 1, 2 and 3 has one Medical Officer in Charge in each. Commander of Sector No.3 requires one more.

4. One Doctor has been placed in charge of Sector 4 with his Head Quarter at Mukti Bahini Hospital at Karimganj.

5. One Doctor is urgently needed at Shillong. I am trying to send one in a day or two.

6. Some devoted Senior Medical students are working as Medical Officers in each Sub-Sector. It is my intention to appoint one M.B.B.S. doctor in each Sub-Sector as soon as suitable doctors’ are available.

CONVALESCENT HOMES:

Mr. M. K. Bhimani under direction of Dr. Triguna Sen at my persuasion, has opened Convalescent Homes at Agartala (40 beded to begin with and intention to increase up to 100 beds on 14. 9.71), this time. He had intention to open one at Karimganj or Silchar but suitable house or helper was not available at either places. The Convalescent Home opened at Shillong is doing good work under supervision of Mrs. M. Das, wife of Divisional Commissioner of Shillong.

The management committee of Convalescent Homes has been trusted with a 5 (five) men committee of which 3 (three) are local prominent citizens and 2 (two) are representatives from Bangladesh.

In my earlier notes I reported about the Convalescent Homes at Tura and Coochbiher. Few more such Homes are under contemplation in West Bengal, preferably at Calcutta and Balurghat.

These Hospitals will cost about a lakh of Rupees for establishment and at least Rs. 50,000/- for monthly expenses. Mr. Bhimani will collect fund through Hariana Bangladesh Mukti Shahayak Samity and has under taken the responsibility to run them.

AMBULANCE PROBLEM

Two months ago I went to Delhi, I met Miss Padmaja Naido and requested her for 36 Ambulances from Bangladesh Assistance Committee. I have not yet heard from her. I am sending her a reminder. Meanwhile, I understand from Dr. Sen and Mr. Bhimani that they have procured us about 2 Ambulances from the Governor of Bombay, 3 from Moharaja of Bhutan and 3 from Hariana.

KARIMGONGJ MUKTI BAHINI HOSPITAL

One house was procured by Mr. Dewan Farid Gazi, MNA, One Mr. Mosabber Ali donated the beds and beddings for 20 patients, we have seen 12 patients there. We have appointed one Doctor and three Nurses.

This Hospital will have to be maintained by the Defense Department. An estimated cost of Rs. 5,000/- will be required to run this Hospital. Some medicines will have to be sent immediately.

BALAT A. D. S.

Our politicians at Shillong has organised one ADS at Balat with 4 tents. One doctor is working there and paid by BSF. Medicines and Surgical equipments are immediately to be sent by us, 4 more tents are to be set up with 20 more beds. We shall have to bear the expenses from Defense. Initial cost will be at least Rs. 5,000/- and running costs of about Rs. 3,000/- per month including medicines. We shall have to do something about it immediately.

Similar ADS will have to be set up at Dowki, Sholla and Bessera. Once the Sector Medical Officer is appointed, he will be entrusted with the responsibility to organise them. One transport will have to be placed at the disposal of the Medical Officer, otherwise no work will be possible.
CONFIDENTIAL

The Government is contemplating formulation of the plan for the distribution of essential commodities inside the liberated Zones of Bangladesh. The Planning Commission may kindly prepare a scheme for this purpose. The articles to be supplied inside will be mostly food staff, such as rice, salt, mustered oil etc. and some quantity of kerosene oil as well as medicine. The Planning Commission may please indicate their requirements for the preparation of such scheme.

This has been voted by the Home Minister, who requests that the scheme may please be prepared at an early date.

Government of the People's Republic of Bangladesh.

Dear Mr. Imam,

This refers to your letter No. U. O. 162 (3)/Cab. Dated 23.9. 71.

We will need the following information

(a) Routes to the liberated zones-how safe are these? The geographical location of these areas will be helpful. An idea about the approximate number of the liberated zones will be helpful.

(b) How many people are likely to be involved in each liberated zone? What is the size of population in each liberated zone? How many persons are likely to be on the starvation level in these areas.
(c) Do we have any bases in these zones? How are these maintained?

(d) Do we have any persons who will take the responsibility in this respect and who can be broadly relied on?

(e) How are these articles going to be distributed, whether freely or on payment of prices?

Yours sincerely,

C-In-C of Liberation Army on War Situation:

The Commander-in-Chief of the Mukti Bahini (Liberation Army), Col. M. A. G. Osmany, declare on September 25 that the war in Bangladesh was a crusade in defense of justice and truth, and echoed the people's firm resolve to free the country, whatever the cost.

In a broadcast on the completion of six months of the freedom struggle, he said the war in Bangladesh was a national war in which the entire nation, irrespective of political beliefs, caste or creed, stood united. There could be no solution to the Bangladesh issue except on the basis of the unconditional release of Sheikh Mujibur Rahman, the transfer of power to the elected representatives of the people and withdrawal of the West Pakistani forces from East Bengal.

In an appeal to the people, he said: "Wherever you are in Bangladesh-in the rivulets, lakes, fields and remote recesses of the rural interior, on the highways, land routes, rural markets, industrial centers, towns and cities-strike the enemy with whatever you can find, strike him hard, destroy him. Obliterate all semblance of his existence."

Meanwhile, a news dispatch disclosed that the demoralization of the West Pakistan Army was evidence by the fact that it at present manned no more than 54 of the 229 posts along the Indian border. The remaining 175 posts had been deserted by it.

At the control positions, it was present either in company strength or in one or two platoons.

This was the result of greater precision and better organization introduced by the Mukti Bahini in its operations. Instead of isolated groups rushing into haphazard fights, the Mukti Bahini now functioned according to a well-planned strategy with its thrust directed at well-defined and specific targets, like roads, bridges, railway lines and places where Pakistani troops were stationed.

Greater use of mines and explosives and raids on ships had been among the new-factors of the guerrilla war. The daily West Pakistani casualties were 30 to 35.

The Mukti Bahini was giving considerable thought to plans for post-Monsoon operations. The end of rains, it was conceded, would give a tactical advantage to West Pakistani forces. They would have greater mobility and would be able to move bigger convoys. They might also make greater use of air travel.

At the same time, the Mukti Bahini, which had consolidated its gains, would be able to step up its operations primarily because of valuable local support. The lack of defense
against tanks and air raids would be its handicap, which could partly be overcome by swift concentration and dispersal and through hit and run tactics.

The guerrillas had already left several visible marks-slow works at ports, heavy guards provided to ships, the Army's reluctance to move out after dark, thin attendance in offices (barely 20 per cent), closure of ordnance factories and stoppage of the Tea and Jute trade.

This and the continued Exodus of refugees showed that the switchover to a "civilian" regime clearly lacked credibility. Continuation of wholesale looting, murder, rape and killing by West Pakistani soldiers re-inforced this view.

On the average 30,000 refugees were pouring into India every day, the grand total until September 28 having been 8,989,000. Scarcity of food medicines and medical facilities were additional reasons for the Exodus.

An analysis of the influx in Tripura showed that 3,000 to 4,000 refugees were crossing over every day. At one stage most of them were Hindus, but now Muslims constituted around 45 per cent of them. Mostly the refugees were from Comilla and Sylhet which had been the special targets of the West Pakistan Army.

Extracts from the minutes of the Secretaries’ meeting with the Prime Minister held on September 27, 1971

The foreign Secretary reported on the activities of his Ministry, including the Missions abroad.

The Finance Secretary reported on his recent visit to Delhi in connection with formalization of Trade and Commerce with India. A written report was submitted by the Finance Secretary.

Various problems of the Zonal Administrative Councils, particularly the question of strengthening the Zonal Administration through decentralization of the Government's functionaries were discussed. The Prime Minister desired that the Secretaries' Committee should further deliberate on this issue and come up with specific suggestions to make the Zonal Administrative councils more effective and efficient.

The Secretary, Agriculture, was advised by the Prime Minister to help the Planning Commission in matters connected with Agriculture. It was desired that the Agriculture Secretary should devote his attention to the problems of our agricultural economy, particularly those having a definite bearing on the future development of the country, such as land ownership and land tenure system, co-operatives, introduction of modern techniques of farming, irrigation etc. The Prime Minister directed all the Secretaries that they should keep him informed of all major developments and decisions concerning their Ministries / Departments,

**Utilization of the Services of The Engineering Personnel on the Liberation movements and reconstruction works:**

A set up for the Engineering Department was approved by the Minister, R. R. & H. A. in June 1971. But he advised me not to give effect to that Scheme. However another set up for utilizing the services of Engineers was approved and referred to the Secretary, Finance by the Minister, R. R. & H. A. on 15. 9.71 for examining financial feasibility and obtaining Cabinet decision immediately.

The usefulness of the services of the Engineers in the Liberation movement, Planning cell. Relief and Youth camps has been recognized by the relevant departments

(1) Liberation Movement.

The assistance and advice of the technical personnel Engineers, from foremen and others are required for military operations. The case has been initiated by Defense Department. The list of Engineers and Technicians has been furnished as asked for. The decision regarding their posting is awaited.

(2) Planning Cell.

Recently Government has established a Planning cell with the following functions:

1. Identification of the problem arising out of the struggle.
2. Preparation of policy options and spelling out their implications.
3. Long term planning.
5. Follow up on execution of proposals.
6. Identification of bottlenecks in execution.

The services of the Engineers will be required in the Planning cell on the following aspects:

For restoration of-

a. Housing and Rehabilitation of displaced persons including water supply and sanitation.

b. Communications like Roads, Railways and Water-ways.

c. Power-supply and Industrial units.
d. Telephone, Telegraphs and wireless system.

e. Irrigation and Flood control system for agriculture to be taken up later.

Field Surveyors are required for preparation of plan and estimates. The preparation of economic estimates and drawing up of phased development programme require the services of Engineers. The Engineering Department will implement field-works and prepare plan and estimate while the Planning Cell will process the schemes for approval.

3. **Youth Camps.**

The Services on the Engineering personnel are considered necessary to impart training on brief technical know-how to Mukti Bahini.

4. **Relief Camps.**

The services of the Engineers are required in relief Camps to mitigate sufferings of the evacuees. Recently Col. Luthra, Additional Secretary to Rehabilitation Department, Union Government has given as statement in this respect. We may take up this issue with the local Government. In consideration of the above facts, the Minister, R. R. & H. A. asked me to put the case before him (Prime Minister) so that the Engineering Department is set up keeping in view of the requirements of different departments.

I beg to add that a separate note on this utilization of the services of Engineers was submitted on 20. 7. 71 for his perusal.

Memo No. PS/,

To,

The Minister in-charge of
Relief and Rehabilitation,
Government of Bangladesh.

Sub.: Supply of warm clothing to the boys living in Reception/base camp.

Within a short time winter will set in and it is necessary to supply warm clothings to our boys living in base/reception camps. I, therefore, advise you to kindly ensure supply of two rugs (one to be used as matress and the other as quilt) one full sleeve pullover/jacket/chaddar to every boy residing in the above noted camps. I would further request you to kindly ensure that supply of warm clothing to the camps of the hilly regions of Meghalaya, Assam and Tippera is completed by the 15th of October and supply to the reception base camp in the plain lands of West Bengal is completed within 30th of October, 1971.

This may be treated as extremely urgent.

INTERNATIONAL CONFERENCE ON BANGLADESH.

October 2, 1971.

To
The Secretary for Defence,
Government of Bangladesh
Mujibnagar.

Highly Confidential

Dear Sir,

When I was attending the International Conference on Bangladesh late last month at New Delhi one of the delegates, Mr. Richard Houser, approached me with a proposal to train one Bangladesh citizen in the essentials of psychological warfare as part of his contribution to the Bangladesh liberation war. The gentleman is second in command to General Rikhyi, President, International Peace Academy, New York-otherwise known as the commander of the United Nations force in Congo during Lumumba-Tshombe crisis. He is also the husband of Hephzibah Menuhin sister and accompanist of world famous pianist, Yehudi Menuhin. I enquired about him from other delegates to the conference and was convinced of the authenticity of the details he gave about himself.

Here is his precise proposal: A man who must be not-too-young and in possession of more-than-average intelligence, organizing capability and sense of humor-preferably unspotted by Pakistani intelligence-should be chosen for a three-week training course in London on the subject of psychological warfare. In his opinion, psychological warfare is as important as warfare with arms. After his intensive training the chosen person may be put in charge of developing a whole department for psychological warfare—a department that must work in full coordination with military offensives and the propaganda media- particularly the radio. He has also stressed on the need of or maximum security measures to protect the trained person as the Pakistani intelligence would be after him.

As regards the costs of the training-these will be fully borne by the trainers. They are willing to contribute up to £100 toward the trainee’s return fares to England. As he would not like get his identity disclosed to many people he would like to maintain the liaison through me.
I must remind you that Mr. Houser is a jew by religion. I do not know whether the proposal has anything to do with the State of Israel—a country, as you know, has been constantly sending feelers to Bangladesh citizens here and abroad about any kind of help—military or otherwise that—we might be willing to accept from them. Their motive behind supporting our cause is probably a part of their strategy against Arab supporting countries—Pakistan happens to be one in the chain.

In my opinion, whatever the source of training, there is no harm in exposing only one man to any risk involved. If we really can get trained—he is most certain to prove a great asset to our war efforts.

As there is a lime limit to the offer, I shall hope that a decision will be taken as early as possible.

Hoping to hear from you soon.

Yours truely,
(A. Kabir)

From: Mr. A. H. Khan,
Secretary to the Govt, of the People's Republic of Bangladesh, Press, Information, Broadcasting and Publicity.

My dear Secretary,

It is almost self-evident that no Ministry can work in isolation. There is an intimate nexus between the works of different Ministries. The reason why I am reiterating this is that this Ministry finds it extremely difficult to project the views of the Govt, and to counter enemy propaganda because of lack of communication from instance, important occasions such as President's or Prime Minister's tour in the Liberated areas, and Ministers visit and meetings with other dignatories, important actions and achievements of our valiant defence forces are not communicated to this Ministry with sufficient speed. The result is that this important activities of the Govt, are not properly publicised and millions of people of Bangladesh who are in the occupied zones are kept completely in the dark as to their significance. They are also likely to fall prey to the evil propaganda which has been launched by our enemies if we cannot counter this propaganda in time.

To remedy this situation it is essential that each Ministry should communicate to us in advance the occasions and activities of their respective Ministries deserving publicity. This Ministry can then chalk out its own programme on the basis of priority keeping in view the War situation prevailing in the country. Further this Ministry also need to know important decisions of the Govt, in different fields to ensure correct dissemination of news and views to public on correct line. It is therefore necessary that your Ministry should communicate to us the important decisions on all important matters.

I hope that you will take a personal interest in this matter and give specific responsibility to one officer for this work.

Yours Sincerely,
Sd/- A.H. Khan

From: A.H. Khan,
Secretary,
Ministry of Information & Broadcasting.

My dear Samad,

I have just received your D.O, dated 18.10.71.

I am sorry I cannot attend this meeting about coordinating of propaganda and publicity. I also regret that all my officers in the Directorates of Press & Information, Films, Art & Design and Radio are already engaged and will not be able to attend the meeting.

I appreciate the concern shown by you on the works regarding coordination of propaganda and publicity. We value this gesture and we shall let you know the specific areas where we need your cooperation.

I have already addressed you on this matter. I shall happy to receive your suggestions in this regard.

With thanks,

ACTIVITIES OF THE GOVERNMENT.

So far the Government of the People's Republic of Bangladesh have been organised into the following Ministries/Departments:

4. Cabinet Secretariat.
5. General Administration Department.
9. Relief & Rehabilitation Department.
11. Agriculture Department.
12. Engineering Department.

In addition, several autonomous bodies have also been organised outside the direct Government set-up. These are:

(i) Planning Commission;
(ii) Board of Trade & Commerce;
(iii) Board of Control, Youth & Reception Camps;
(iv) Relief & Rehabilitation Committee; and
(v) Evacuee Welfare Board.

1. Ministry of Defence:

Report on Ministry of Defence is being submitted separately. Three more functions of the Administration of Defence may also be noted:

(i) Psychological Warfare Cell—This is working in close co-operation with the Ministry of Information & Broadcasting.

(ii) Medical Cover and Welfare for the Niomito Bahini and Ganabahini—this is being done in close cooperation with the Ministry of Health.

(iii) Institution of Gallantry Award for the Forces-

2. Ministry of Foreign Affairs:

(b) Diplomatic Drive abroad:

(i) Delegation to the United Nations;
(ii) Delegation to Afghanistan, Syria and Lebanon;
(iii) Delegation to Nepal; and,
(iv) Delegation to Ceylon, Burmah and other South-East Asian countries.

Good results achieved in some of the above mentioned countries.

(c) Intensive lobbying by Bangladesh nationals and sympathisers in the UK, USA, France, Sweeden, Japan and a few other countries. Very favourable press coverage have been received in these countries. Funds have been collected abroad.

(d) Defection of Pakistani Diplomats-Ambassadors to Iraq, Phillipines and Argentina and switched allegiance. High-ranking Diplomats in London, Washington, New York, Kathmandu and Hongkong have declared their allegiance to the Government (apart from Calcutta and Delhi).

(e) Civil Service Officials under training abroad (seven in the USA and two in the Uk) have also offered their services.

(0 External publicity has also been organised.

3. Ministry of Finance, Trade & Commerce:

The Secretary, Finance, is submitting his report separately. This Ministry has taken over and collected monetary resources brought over from Bangladesh. It has also prepared budgets and has been, by and large responsible for making payments to the various agencies and persons under different accounts. It has also introduced some sort of financial discipline. It has of late started collecting revenues on account of payments made to Bangladesh Government employees and agencies. According to a Cabinet decision the Government have institute an enquiry Commission to look into the.

Trade and Commerce:

A Board of Trade & Commerce has been organised as an autonomous body. This Board has already explored various possibilities of exporting Bangladesh commodities abroad not only as a source of income, but also as a measure of economic viability of Bangladesh.

The Ministry of Finance, Trade & Commerce and the Board of Trade & Commerce have jointly held negotiation with the Government of India and the State Trading Corporation of India to work out the possible details of a Trade Agreement with India. They have also discussed the various facts of arranging transit facilities for the export and import of Bangladesh through India till such time the ports of Chittagong and Chalna could be used. Considerable progress has been made in these negotiations.

At the moment there is no Secretary for Trade and Commerce Department. The Finance Secretary is looking after it.
4. Cabinet Secretariat:

The Cabinet Secretariat has been organized with the Cabinet Secretary and a very skeleton staff under him. The Cabinet Secretariat is responsible for placing important matters before the Cabinet, for recording Cabinet decisions and circulating them, for following up the various decisions taken and also for any other matter that is connected with the Cabinet but does not fall strictly within the purview of any particular Ministry/Department. The President's secretariat is also looked after by the Cabinet Secretary.

5. General Administration:

A full-fledged Secretary for General Administration Department has been appointed from the beginning. He works directly under the Prime Minister.

This Department is responsible for all Establishment matters of the Government, such as recruitment, appointment, posting, transfer, discipline etc. The Department is also responsible for the execution of the Government policy in matters of public appointments. According to the Cabinet decision all class I and II appointments under the Government are made by the Establishment Minister himself (that is the Prime Minister). Manning of all Class I and Class II posts under the Zonal Administrative Councils also come within the purview of this department. Maintenance of lists of officials and staff who have pledged their allegiance to the Government of the People's Republic of Bangladesh, selection of personnel out of these lists, preparation of panels for recruitment etc. are done by the General Administration Department.

Zonal Administrative Councils

The Establishment part of the Zonal Administrative Councils, that is the offices of the Zonal Administrative Officers and other departments come under the General Administration Department. Filling up of Class I and Class II posts at Zonal Levels, budgetary sanctions for the office etc. are also done by the General Administration Department.

Under the original Scheme five Zones were created. The Scheme has recently has been modified and six more new Zones have been created. Elections have been held and the Chairman selected in the following Zones so far:

1. South-East Zone I  
   Prof. N.I. Chowdhury MNA.
2. South-East Zone II  
   Mr. Zahir Ahmed Chowdhury MPA
3. East Zone  
   Col. M.A Rabb, MNA.
4. North-East Zone I  
   Dewan Farid Gazi MNA.
5. North-East Zone II  
   Mr. Shamsur Rahman Khan MNA.
6. North Zone  
   Mr. Matiur Rahman, MNA.
7. West Zone I  
   Mr. Abdur Rahim, MPA
8. South-West Zone II  
   Mr. Phani Bhushan Mazumdar, MPA.
9. Mr. Ashrafur Islam  
   Malda.
10. Mr. Abdur Rauf  
    Krishnanagar.
The Zonal Councils have also elected their various sub-committees. Almost all the Zonal Councils have adopted resolutions highlighting certain common as well as peculiar problems. Decisions have been taken in certain cases, but in others no decision has been taken because of board policy implications. Government decision/action will be communicated to all Zonal Councils on their various resolutions as soon as elections in all the Zonal Councils are complete.

Budgetary provisions have been/are being made for the Zonal Councils where elections have been held. Action is under way to release funds.

Necessary officers and staff for the Zonal Administrative Councils and also for the offices of various Zonal level functionaries are being recruited and posted.

6. Ministry of Health and Welfare

The Health Secretary is submitting his report separately. Additional comments on the department are given below:

The Department was originally organised under one Director-General of Health. Later on, the Director-General was given the rank of Secretary to the Govt.

The Health side of the Department is being organised under two different categories, viz. (i) Medical cover for the Forces and (ii) Civil Medical Care.

(i) The Medical Care on the Defence side provides for the following:

(a) Arrangement of Surgeon & Physicians;
(b) Transports for carrying injured/dead bodies;
(c) Medicines;
(d) Surgical equipments;
(e) Field Medical Units such as Advance Dressing Stations (ADS) and Main Dressing Stations (MDS).
(f) Convalescence Homes: On the Welfare side for the fighting forces the following are being taken care of:
   (i) Car for the dependents of the Shaheeds;
   (ii) Pension/Subsistence for the completely disabled; and
   (iii) Provision of work for the partially disabled.

Necessary provision has also been made for the above purposes (Rupees ten lacs).

On the civil side, necessary arrangements are being made to provide medical cover to Bangladesh citizens. An amount of Rs. 9, 50,000’00 has been earmarked for this purpose.

The Health Secretary has also made arrangements for absorption of Bangladesh Doctors in various jobs. These Doctors have been engaged by the Government of India to look after the evacuee camps.
The Health Department is also responsible for collection of medicines and other equipments as donations from various friendly agencies and dispatching them to the sectors on the basis of requisitions received.

The Health Department has also been entrusted with the duty of procuring equipments, ambulance etc. for the sectors in case of their non-availability from friendly sources.

7. Ministry of Information & Broadcasting:

The Bangladesh Radio is one of the earliest organizations under the Government. Initially, the radio was installed under the direct supervision of Mr. Abdul Mannan, MNA. The staff for programming and broadcasting were selected from amongst the former Radio Pakistan who came over to us. Gradually, more and more artists and technicians have joined us resulting in improvement of the radio's out-put. By now almost 100 persons have been recruited for Bangladesh Radio. Because of the presence of a large number of heterogeneous elements, it has been extremely difficult to regularise the services of all the Bangladesh Radio personnel according to a definite standard. Since Radio is our most important information media and comes only second to our war-efforts in order of priority, Government have always sanctioned necessary financial backing for it.

The other agencies organized under the Information and Broadcasting Ministry are:

(a) Director of Films;

(b) Director of Publication; and,

(c) Director of Arts and Designs.

As discussed above the Psychological Warfare Cell of the Ministry of Defence works in close collaboration with the Ministry of Information and Broadcasting.

The External Publicity of the Government is at present located within the Ministry of Foreign Affairs. This wing has brought out a large number of publications in the form of book-lets, pamphlets, brochures etc. These have played a very significant role in our foreign publicity.

A few eminent Bangladesh intellectuals have also published books and book-lets covering a wide range of subject’s projecting the Bangladesh cause and our struggle for freedom.

Recently a series of meeting were held with the Heads of Information agencies under the friendly Government in order to further strengthen our publicity effort on all fronts. All necessary assistance has been promised and is forthcoming.

This Ministry has suffered from the beginning in the absence of an experienced person with necessary expertise who could be appointed as Secretary. After waiting for a long time Government have very recently appointed Mr. Anwarul Haque Khan on a purely temporary basis to look after this department. He will work in close cooperation with Mr. A. Mannan, MNA.
8. Ministry of Home:

This has now been organised under a full-fledged Secretary. Until recently the Inspector-General of police was doing the main work of this department. Collection of information and its dissemination to various agencies involved is an important function of the Home Ministry.

The Minister-in-Charge of Home is also responsible for the Zonal Administrative Councils. His Ministry performs the following functions, among others:

(a) Administrative set-up in the liberated areas;
(b) Issue of Travel documents; and
(c) Enquiries.

9. Relief & Rehabilitation Department:

This is organised under a Relief Commissioner who works directly under the Minister for Home and Relief. This department runs an office at princep Street. It scrutinises various applications received for relief and helps Bangladesh citizens in special cases. They are also organising Zonal Relief offices within the framework of the Zonal Administrative Councils.

This Ministry has organised relief Bangladesh Teachers. A scheme for Camp-Schools utilising the services of the Bangladesh teachers for the benefit of evacuee camps children has also been drawn up and party implemented with the help of the Bangladesh Teachers. Association of which Mr. Kamaruzzaman, MNA is the Executive President.

10. Parliamentary Affairs Division:

This is looked after by the Minister for Foreign Affairs himself. At the moment it is responsible for taking care of the problems of the elected representatives of Bangladesh.

11. Agriculture Department:

This is yet to be organised. Only a Secretary has been appointed who is now preparing a blue-print for agricultural development in free Bangladesh.

12. Engineering Department:

A Chief Engineer has been appointed. Under him Zonal Engineers are also being posted to cater to the needs of the Sector Commanders. They will also be responsible for taking care of the engineering problems in the liberated areas.

(i) PLANNING COMMISSION:

Government have recently organised the former Planning Cell into a full fledged Planning Commission. Dr. Muzaffar Ahmed Chowdhury has been appointed as the Chairman of the Commission with the following as Members:

(a) Dr. Sarwar Murshed;
(b) Dr. Musharraf Hossain;
(c) Dr. S. R. Bose; and,

(d) Dr. Anisuzzaman.

The Commission is now recruiting its own staff from amongst the Bangladesh intellectuals and technicians who have reported to the Government.

The Commission have been entrusted with the following functions:

(a) To prepare a long-term development Plan for free Bangladesh on the basis of the Awami League manifesto and the objective set down by the Government of the People's Republic of Bangladesh and the Awami League High Command;

(b) To prepare a mid-term Plan for reconstruction of the country and its economy. This plan will have to be fitted into the long-term plan; and,

(c) To prepare a short-term reconstruction Plan, this will be necessary in the immediate future.

As the problem of reconstruction will be a gigantic one and the Government will be left with no time to tackle these problems, we must be ready with all our plans and programmes right now. Planning, therefore, has assumed a real sense of urgency.

For the immediate reconstruction of the country the following problems will have to be taken care of:

(a) Problem of rehabilitation of refugees;
(b) Problem of accommodation for the displaced persons;
(c) Food supply;
(d) Restoration of communication;
(e) Restoration of normal facilities, such as, health, electricity, water, hospitals etc.
(f) Commissioning of damaged Ports, Factories, Industrial Institutions etc.
(g) Restoration of law and orders;
(h) Restoration of educational facilities;
(i) De-mobilisation of the Armed Forces as far as possible and arranging education for the Youth now under Arms;
(j) Commencing Bank and Insurance and other financial Institutions according to the avowed policy of the Government for nationalising them;
(k) Restoration of Trade and Commerce; and,

(1) Future trading of the country, and so on and so forth.

The planning Commission is also tendering expert advice on relevant subjects to the Government from time to time.
Co-Operation with friendly Institutions in matters of planning:

A series of discussions were held earlier with Mr. D.P. Dhar. Recently Dr. S. Chakravarty of the Indian Planning Commission also came here and held detailed discussions with the Acting President, Prime Minister and the Planning Commission. Various fields of co-operation and mutual assistance in the matter of planning were discussed. Services and facilities have been offered also.

(ii) BOARD OF TRADER COMMERCE:

This has already been covered under the Ministry of Commerce.

(iii) BOARD OF CONTROL, YOUTH & RECEPTION CAMPS:

This Board is headed by Prof. Yousuf Ali, MNA. According to the reorganised structure the Youth Camp Directorate came under the Ministry of Finance. The Prime Minister has delegated the function of looking after the Youth Camps to the Home Minister, who discharges this responsibility with the help and assistance of the Board of Control for Youth and Reception Camps.

There are now as many as 24 Youth Camp and 112 Reception Camps (list enclosed). The requirements of the Youth and Reception Camps are now being taken care of by the Board on the basis of the budget approved. Training facilities for the Youth Camp Units have also been organised on a large scale. Regular induction of boys from the Youth Camps into the Guerrilla forces is also being made. Essential items for the Youth such as, beddings, woolen garments, blankets etc. are now being taken care of both by the friendly agencies as well as by our own institutional arrangements.

(iv) RELIEF & REHABILITATION COMMITTEE

This is headed by the Home Minister and is responsible for looking after the Bangladesh evacuees.

(v) EVACUEE WELFARE BOARD:

This is yet to be organised. Only a chairman has been appointed.

The following three Associations have also been organised by Bangladesh citizens outside the Government periphery:

(a) Bangladesh Red Cross Society (Dr. Ashabul Haque, MPA).
(b) Bangladesh Teachers' Association (Mr. Kamaruzzaman, MNA).
(c) Bangladesh Volunteer Service Corpse (Mr. Aminul Islam, MNA).

SECRET.

A number of my tribal officers and staff crossed the border with me in the months of April /May, 1971. Since then we have been able to utilise the services of only very few of them. There are quite a few available now whose services can be very well utilised in our war effort.

I have always maintained that no move toward Chittagong is possible without the assistance and co-operation of the tribal people of Chittagong Hill Tracts district. Special efforts should, therefore, be made to win the friendship of as many hill people as possible and neutralise those who are hostile. Given this background, I very strongly feel that we should direct our propaganda towards the Hill tribes also.

I came to know the other day that the Ministry of Defence was looking for persons who write scripts in Chakma language. I do not know whether this is in pursuance of the policy recommended by me above. In any case, I would like to emphasise that there are a number of tribal officers and staff who served under me and who can be utilised for this type of work. In case the Secretary, Defence, wants their services, they can be engaged.

I had been to Fort William to see General Prakash D. D. M. S., Eastern Command, to discuss the above subject.

It has been decided that our host will undertake the responsibility of developing the following Hospitals for us.

1. Shantir Bazar (near Belonia) under Sector I. One ADS for 100 Beds. We planned this ADS one month ago. COS and ADMS, Agatila, along with the Commander of Sector I, were entrusted with the job with which they are going ahead.

2. Similar arrangement was made with Commander Sector 3 to find out a suitable place to establish one 100 beded ADS.

3. Hospital attached to Sector 2, between Melaghar and Bisramgan, can be converted into a 400 beded one and they will pay for the expenditure.

General Prakash was kind enough to inform me that, at least, 1200 more beds are added to their existing Military Hospitals all along the border. Therefore, we need not undertake construction of bigger ADSs elsewhere except that we should improvise our RADs with competent doctors and tent Hospitals as far as we can with the idea that these Hospitals will be moved forward as we conquer our land.

I believe that this is a very sound and helpful proposition and deserves to be brought to the notice of our Government.

To: The Cabinet Secretary,

Govt. of the People's Republic of Bangladesh.

In response to your Memo No. 177 (7) Cab dated 27.9.71. the weekly report goes as under:-

1. Letter receipt 80
2. Letter despatched 50
3. War bulletin both English & Bengali are being published daily. Moreover, Budget have been placed before the Cabinet for sanction.

Secretary,

Sub: Convalescent Homes and Medicine for Mukti Bahini.

I had been to Mr. Guljari Lai Nanda, Chairman, Hariana Bangladesh Mukti Sangram Shahayak Samity, at West Bengal Raj Bhavan. I had been at the instance of Mr. M. K. Bhimani, Treasurer of the said Committee, on 30th October 1971. I went to discuss the above subject. Nandaji has very kindly agreed to run a 300 beded Convalescent Home, preferably in Calcutta, providing the entire cost from his Committee. However, we shall have to find out or help Mr. Bhimani find out suitable accommodation. As soon as the house or premise is available, the fund and materials are ready. We should exert our influence at different levels to find out a suitable premise for the purpose. It may be noted here that the Convalescent Homes opened by the said Committee at Agartala, Shillong, Tura and Cooch-Behar are doing good jobs.

As regards medicine for Mukti Bahini, I pointed out to Nandaji that our boys are going inside in batches of ten. They need First Aid boxes with Medicine worth Rs. 100.00. I have placed an order for 1,000 such bags with Mr. Bhimani. This will cost Rs. 10,000.00 (Ten Thousand) and I have also requested Mr. Bhimani to give us 9,000 more bags worth Rs. 90,000.00 (Ninety Thousand). He has very kindly consented to consider the request.

Sub: Transports.

Ref: My earlier U.o. No. 286/Cab dt. 29.10.71

As desired by the Prime Minister, I have prepared a working paper on our requirement of transports. As discussed in the meeting with Mr. A. K. Ray and Mr. D. K. Bhattacherjee (along with Dr. S. Chakravarty in the residential office of the Acting President), I have handed over two copies of this working paper to Mr. A. K. Ray this morning. He has promised early action.

The Liaison officer earlier advised me that he could arrange to bring Bangladesh Cars from Tripura through the courtesy of the IAF. Accordingly, I have given him a list of nine cars to be air-lifted to Mujibnagar. Copies of the working paper and the list of transports given to the LO are placed below for favor of PM's information.

<td><strong>51</strong></td>
</tr>
</tbody>
</table>

The transports most urgently required are noted below. The requirements of other agencies can be not gradually on the basis of availability:
1) Acting President & office 1 car.
2) Prime Minister & office 2 cars.
3) Home Minister 1 car.
4) GA Department Pool 2 Buses,
   Ministry of Information 1 car.
   & Broadcasting.
5) Ministry of Health 1 Jeep.
7) Planning Commission 1 Car.
8) Home Minister 1 Car.
9) Total 12

Arrangements may please be made for handing over these transports to us as early as possible.

The transport requirements of the Ministry of Defense have been placed separately.

A comprehensive list showing availability of transports in various areas has also been prepared by us. This list is, by no means, comprehensive. We have been able to prepare list only in areas where the local authorities have co-operated.

EXTRACTS TAKEN FROM THE MINUTES AND
DECISIONS OF THE CABINET MEETING
HELD ON MONDAY, NOVEMBER 11, 1971.

MISCELLANEOUS-Civil Administrative set-up in liberated Bangladesh.

The Acting President presided. The Prime Minister and all the Members of the Cabinet attended. The Cabinet Secretary was present. The following attended by special invitation:

1. C-in-C.
2. Mr. Fatah,
3. Secretary, Defense.

The problems in setting up civil administrations in the liberated areas were discussed.

The following points were made:

a) No piece-meal solution of the problems will have any effect. While trying to tackle these problems we must take up the entire gamut of civil administration.

b) Law and order, rehabilitation, arrangement for food and other essential supplies, housing, essential services such as medical facilities etc. will pass problems of inconceivable dimensions,

c) Before drawing up plans we should also have the minimum data available to us.

d) A technical paper on the basis of the guide-lines given by the Cabinet may be prepared by the Secretaries, who have direct knowledge and experience of the working of civil administration.

e) While establishing Law and order the question of screening collaborators will naturally came up. It is suggested by some people that the collaborators have been mostly forced to help the enemy in the interest of their very existence. It has been reported by the various agencies, both national and international that the majorities of the Government employees is Bangladesh supporters at heart and are in fact, covertly helping the cause.

(f) Very large scale purge of the Government employees may create an administrative vacuum which may be difficult to fill in. It may also create political problems.

g) Inspite of these problems where administrative vacuum is found to be inevitable some kind of arrangement has to be worked out. Political workers may also be utilized.
h) Whatever the problems, the revolution must be carried forward to build the
country.

DECISION

A Sub-Committee of the Secretaries, either directly concerned with the problems
or having administrative expertise will be formed to examine the various facets of the
problem of setting up civil administration in liberated Bangladesh, of maintaining law
and order, arranging essential supplies and services, providing food and
accommodation to the temporarily uprooted people, arranging relief and rehabilitation
for the displaced persons, restoring normalcy and creating a sound base for not only a
quick recovery of the economy, but for future development of the country on the lines
of the principles already enunciated by the Government. The Sub-Committee will
submit a comprehensive report containing their findings and recommendations to the
Government as early as possible. Mr. A. Fatah will act as the Chairman of the Sub-
Committee, with the following as Members:

1. Secretary, Defense.
2. Secretary, Home.
3. Secretary, Cabinet.
4. Secretary, Finance.
5. Secretary, G. A.

More members may be co-opted, if necessary. The C-in-C, the Planning Cell and
other functionaries of the Government will also be associated with the work of the
Sub-Committee.

Sd/-ACTING –PRESIDENT.
My dear Anwar-ul-Haque

The policy so far being followed towards Razakars is as under:

a. Appeals and suggestions for surrender should go out through various radio programmes.

b. News regarding Razakars' casualties will be under plan. Only that much will go, which will be sufficient to keep a fair with Razakars actively cooperating with Pak Army or doing arsenals, etc., are getting punished.

c. Even for Razakars who surrender, word 'captured' will be used while giving news. This has been necessary because Pak Army is retaliating on the families of Razakars who have surrendered. The impression of 'capture' is being given to give whatever protection is possible to the families of Razakars, who voluntarily surrender.

2. The above guidelines may kindly be followed.

With regards.

Yours
DISCUSSION WITH COL. LUTHRA RE MEDICAL RELIEF.

I had been to see Col. Luthra this morning and discussed the following subjects:

1. Ambulance supply to Mukti Bahini.
3. Convalescent Home Accommodation.
4. Secret Cabinet Assignment.

1. Ambulance supply to Mukti Bahini:

Nineteen Ambulances have been procured and released so far, for different Sectors. Exact dates of departure and arrival of these Ambulances to the location specified and the authority to maintain and handle them will be known to us by tomorrow. It may be mentioned here that Col. Luthra had, on the spot, discussion with host and our Sector Commanders together at Tura and Shillong. Both the Sector Commanders agreed that if 2 Ambulances are placed at each place, they will be able to cope with the emergencies. These 4 Ambulances have already reached their destinations-2 at Tura and 2 at Shillong- as per arrangements made with Col. Luthra and the Sector Commanders. They were actually dispatched from our Head Quarter, carrying our medicines to our Sector Commanders.

Man from Shillong has already returned with a receipt and another man has also just returned from Shiliguri, delivering our medicines to our Sector Commander No.6 I shall let the authority know as soon as I have further knowledge about Ambulances.

2. Medicine:

Arrangements have been made by Col. Luthra to supply medicines from their Regional Stores located at Shilliguri, Gauhati, Shillong and Agartala, to our Sector Commanders on monthly basis on the requisition of Sector Medical Officers. If there is any difficulty, he will take up the matter on my report to ensure the supply.

As regards the Hospitals and Dispensaries at Rowmari an adhoc supply has been arranged to start with. This medicine will be available within a week. This has been settled in the presence of local M.N.A. -Mr. Sadakat Hussain.

As regards other liberated areas, they have made unit of 25,000 populations for medical supplies on a Dispensary basis in all our Liberated Zones on our report. The medicines will be supplied locally to our employed Doctors.

3. Convalescent Home Accommodation:

I have requested Col. Luthra to find out suitable homes for convalescent Mukti Bahini patients anywhere in West Bengal, either at one place or at different places, to accommodate 300 such patient. The entire cost will be borne by the Hariana-Bangladesh
4. Secret Cabinet Assignment:

I have received the secret instruction from the Cabinet Secretary to undertake the job with the help of Col. Luthra. He has asked me to collect the victims at one place through Social workers. I have requested him to place fund and transport at my disposal to send Social Workers to various camps. He has instructed his Director for Medical Relief. We shall pursue the matter. I have made local arrangements for the treatment.

Finally Col. Luthra is going along the border in Eastern Sector from 5th November. I have suggested that I should go along with him to ensure actual supply of gifts of medicines from his source.

Memo No...../Cab Dated, November 14,
1971.

To

Mr. K. A. Zaman,
Secretary,
Ministry of Finance.

Sub: Budget for the period from October, 1971 to December, 1971.

Ref: Your memo No. FIN/39/71/430 dated 13.11.71

At the time of inclusion of the budget in the agenda for the Cabinet meeting to be held on Monday (Nov. 15, 1971), the Prime Minister desired that before circulating the budget papers to the Acting President, the Prime Minister and the other Ministers, we should ensure that the demands of all the Ministries, departments and agencies of the Government are reflected in the budget. On scrutiny of the abstracts of the budget it appears that certain allocations and sanctions earlier made by the Cabinet and the Prime Minister for Ministries, and agencies against specific demands have not been shown in the budget. I feel that these ad-hoc sanctions made earlier within the period beginning from October 1, 1971 should also be reflected in the budget. I may quote the following specific instances:

a) In its meeting held on October, 7, 1971, the Cabinet was pleased to sanction an amount of Rs. 10,00,000/00 (ten lakhs) for Defense Medical Service (Health) (Extracts sent to you vide this office memo No. 246(6)/ Cab. dt. Oct. 25, 1971).

b) In the same meeting, the Cabinet was pleased to sanction another amount of Rs. 5, 50,000/00 for Health Civil Medical Service. (Extracts sent to you vide this office memo No. 247(4) Cab. dt. 25.10.71).

c) The Cabinet sanctioned an amount of Rs. 50,000/- for the Care of dependants of the Shaheeds and disabled soldiers etc. in its meeting held on October 30, 1971. Extracts sent to you vide this office memo No, 294(3)/Cab. dt. 1.11.1971.

d) A sum of Rs. 7, 00,000/- (seven lakhs) was sanctioned for the procurement of winter clothing’s for the Muktibahini, by the Cabinet in its meeting held on
October 30, 1971. (Extracts sent to you vide this office Memo No. 294(5)/Cab. dt. II.71).

e) Provision was also made for the procurement of winter clothings for the boys of Youth and Reception Camps in the same Cabinet meeting held on 0ct/30, 1971 (Extracts sent to you vide this office Memo No. 294(5)/Cab. dt. 1.11.71).

f) Allowances for the JCOs and other ranks have been enhanced with effect from November 1, 1971 by a decision of the Cabinet on 0ct/30, 1971. (Extracts sent to you vide this office memo No. 297(5)/Cab. dt. 1.11.71.)

g) In the meeting of the Cabinet held on Nov.1, 1971, decision was taken to grant advances for winter clothing’s and also to issue woolen pull-over’s to the class IV employees free of costs (Extracts sent to you vide this office memo No. 316(2)/Cab. & 313 (2)/Cab. dated 3.11.71).

h) On November 7, 1971, the Prime Minister approved the Organizational set-up and the budget for Rs. 1,00,000/00 (one lath) for three months submitted by the Planning Cell. This was placed before the Secretaries Committee on Wednesday (10.11.71) and processed.

Items listed above in paragraphs (a), (c), (d) and (f). relate to the Defense Directorate as far as I understand. These items may either be shown under a sub-head of the Ministry of defense or separately against a new item titled as Defense Directorate. Obviously, Rs.33,000/00 demanded by the Ministry of Defense as their recurring expenditure cannot include much bigger sums.

In view of the above and in the light of the Prime Minister's observation that all requirements of all the Ministries and Agencies should be reflected in the Budget. I would request you to please recast the Budget proposals and place them before the Cabinet meeting to be held week after next, that is, on Monday, November 22, 1971.

Dear Col. Luthra,

Re: Tangail Liberated Area.

You will be pleased to know that most of the district of Tangail is now liberated. The population of the liberated area is approximately 1.8 million. They have no medicine.

As you decided, you will provide medicine for a dispensary for each 25,000 people. Accordingly, medicine for 72 such dispensaries may kindly be sent to Tangail, through Mukti Bahini Channel via Tura from Gauhati.

This gift will be greatly appreciated and boost up the morale of the people.

Kind regards.

Dear Mr. Samad,

Ref: Armed Forces Medical Supply and Medical Store.
After my office was shifted, you did not have any more communication with me regarding the Armed Forces Medical Supply.

My staff working in the Medical Store reported to me that one Dr. Shamsul Haque has been brought in without consulting me and placed in charge. It is also reported that the said Doctor asked the Special Officer in charge of the Procurement & supply of medicines on behalf of this Department not to handle the store anymore.

I was surprised to hear about it in connection with the store of medicines kept there after being collected from Indian Medical Relief Department for the liberated areas of Patgram, Lalgola and Bagda where Cholera has occurred in epidemic form. The local representatives have come to collect these medicines and are moving about for the last two days.

Pending the solution of major problems in which you, me and the C-in-C are involved, by the Prime Minister, may I request you to kindly help to release the medicines of liberated areas to the local representatives through the Special Officer.

Kind regards,

PRESIDENT'S FOUR POINTS REBUTTAL FEELERS

This is no surprise at least to the political circle of Bangladesh that there will be definite attempts to create a cloud of confusion by the friends of Pakistan in the wake of definite victories by the gallant Mukti Bahini. These attempts are by now quite obvious due to the so called feelers from certain Western countries.

The Bangladesh leadership could correctly read that such an attempt might be made as early as in the month of June 1971. Therefore in the fitness of things the Acting President of Bangladesh Syed Nazrul Islam made it very clear at that time that the question of settlement with West Pakistan can only be pondered over when four pre-conditions enunciated by him, and described below are fulfilled.

Fresh and fresh attempts have been made by friends of Pakistan to float feelers hinting towards a political settlement between the Awami League leaders and W. Pakistan Military junta. These are no necessity of fresh countering of these feelers because our Acting President's four pre-conditions are enough to reply to these wishful thinkers.

The determination of the Government of Peoples of Bangladesh is too clear to be reiterated. Time without number it has been said that nothing but total independence is our goal. Any proposal short of independence has been rejected summarily by the Bangladesh Government.

Sources close to Bangladesh Government said here on November 14, 1971 that, Bangladesh official position in respect of initiating a dialogue with Yahya Khan of Pakistan has been spelt out very clearly and many a times.

When the Government of Bangladesh has already taken up a public position on this point there is no necessity or scope of any political feeler from any quarter to the same end. Bangladesh Government or leaders are not in touch with any foreign source or quarter in order to meet any body of Pakistan.

The purpose of this sort of news is only to divert attention and confuse the people engaged in fighting day in and day out to annihilate the Pakistani brute in Bangladesh. People of Bangladesh and all their sympathizers all over the world require to be cautioned not to give any importance to these diversionary tactics of the well wishers of Pakistan.

Four pre-conditions have already been laid down by the Acting President Syed Nazul Islam for settlement with West Pakistan. Those are:
(i) Recognition of Bangladesh as free and sovereign country,

(ii) Withdrawal of Pakistan forces from Bangladesh,

(iii) Unconditional release of Sheikh Mujibur Rahman and

(iv) Compensation for the loss inflicted on the people of Bangladesh due to army atrocities and for the disparity existing before 25th March, 1971.

Gallant Mukti Bahini is replying to Yahya in the language of weapon as he started it, on 25th of March, 1971 and they will continue to do so until total independence is achieved which is the declared policy of the Government of Bangladesh.
OFFICE OF THE PLANNING CELL
GOVT. OF THE PEOPLE'S REPUBLIC OF BANGLADESH,

Dear Mr. Prime Minister,

I am sending an ad-interim report on the Community Development Project. It has been prepared keeping the whole of Bangladesh into account. It can be cut to the size of any particular area such as a thana (i.e. the area covered by a thana) or a union board (i.e. the size of the existing council) or a village, as & when, such an area is deemed suitable for its application. The relevant Ministry can do it or if the Planning Cell is asked to do so, it will be glad to do it.

The report was discussed at a meeting of the Planning Cell held on 16.11.71.

The Planning Cell wishes to put it on record that this plan will be subject to the overall economic policy which the Government may adopt in due course.

Yours sincerely,

COMMUNITY DEVELOPMENT PROGRAMME

The Awami League Government is committed to democracy. "A real living democracy shall be established in which people shall live in freedom and with dignity, and in which justice and equality shall prevail" so runs the Awami League manifesto. The Awami League is solemnly resolved to secure to all citizens social, economic and political justice. To establish "a real living democracy" a number of important proposals are embodied into the manifesto. These include: universal adult franchise, direct and free elections, equality before the law, rule of law, independence of the judiciary, fundamental right and freedom, secular social order, full rights of citizenship for the minorities, parliamentary government in which the legislature shall be supreme and to which the
executive shall be responsible. On the political plane this is the programme to translate into reality the two basic democratic values, liberty and equality.

The Awami League Government knows and believes that the liberty and equality of political democracy are hollow unless they are completed by economic liberty and equality. Freedom, if it is to be real, implies freedom from the economic constraint of want, poverty, and hunger, and this is as much fundamental as freedom from the political constraint of military autocracy and dictatorship. To establish economic justice and to give fruition to the longing of the common men for freedom from want, the Awami League is committed to a socialist economic order. In the Awami League manifesto it is laid down, "the basic aim of the economic programme is the creation of a just and egalitarian society free from exploitation. The vision is that of a socialist economic order, in which economic injustice will be removed, rapid economic growth will be promoted and provision shall be made for the just distribution of the fruits of such growth among all sections of the people". To realize this objectives some specific proposals are embodied into the manifesto and these are: private enterprise as the sole vehicle of economic, growth with private profit as the main motive leads to the concentration of wealth in a few hands and to the control of the key sectors of the economy by powerful private coteries, making it impossible for the goal of social justice and equality to be realized; this is to be altered and removed by nationalization and extension of the public sector, by the development of cooperation enterprises, and by the evolution of new institutional arrangements.

The Awami League Government is thus committed to a socialist economic order based on democratic principles and values. Its main task is bring about a social and economic revolution through democratic process.

The villages, more than 65,000 in numbers, seem to be the appropriate centre where these political, economic, and social goals can be translated into action. Let us have a hard look at the objective conditions prevailing in Bangladesh. Bangladesh is predominantly a rural and agrarian society, depending on agriculture for its sustenance, employment, and exports. Nearly 65 per cent (department of agriculture) of the national income of Bangladesh is derived from agriculture, and the industrial sector contributes only 10 per cent to the total national income. Only 5.9 per cent (1961 census) of the total population lives in the urban areas and 94.8 per cent in the villages. It has one of the highest densities of population 922 persons per sq. mile. The per capita income is only 5.56 (Dr. H. Huq). Its industrialization is rudimentary, its monetization limited, and its financial superstructure inadequate. On top of it there is a chronic shortage of food which has been aggravated by the cyclone of 1970 and by the present genocidal war with unparalleled brutalities unleashed on ‘Bangladesh by the West Pakistani military rulers.

The real Bangladesh lies in these villages, more than 65,000 villages. Our people are condemned to an unimaginable abyss of poverty due to the criminal negligence of past governments to agriculture, and, the pursuit of a capitalist economy which has the effect of transferring the purchasing power of the community to the members of some 22 families. Our lands are the most fertile ones in the world, and yet our people are the poor-
est. But the present liberation struggle which also involves a mighty social revolution has awakened our people to an unprecedented degree.

The people are wide awake today. They are no longer the passive objects of policy but its main driving forces. Acutely anxious inquiry has moved from the question "who are the poor?" to the fundamental question "why are they poor?" There is no getting away from answering this fundamental question. The problem of poverty is not a problem of individual character and its waywardness, but a problem of economic and industrial policy and organisation. The issue has to be tackled first at its source, and only secondly in its manifestation.

The villages, as already stated, are the appropriate centers to put into effect the socialist economic order based on democratic values. The task of bringing about a social and economic revolution through democratic process must begin in the villages where 94.8 percent of the people live. The Community Development and National Extension projects are the effective means of bringing about the social and economic transformation of the village communities. The community development projects have, therefore, a place of capital significance in those sectors of our national life, which bear most closely upon the welfare of the rural population.

The Community Development Projects have three important aspects. First, the community development projects and the national extension services are intended to be the areas of intensive effort in which development agencies of the government work together as a team in programmes which are planned and co-ordinate in advanced. The activities comprised within the community development and national extension projects must be regarded as an integral part of the programme for improving all aspects of rural life. Second, the essence of the programme is that the villagers who are actually conscious of their miseries come together for bringing about social changes, that is, building a new life for themselves and participate with increasing awareness and responsibility in the planning and implementation of projects, which are material to their well-being. The programmes provided them with new opportunities, and, in turn, through their active participation in planning and execution; they give them a distinctive quality and enlarge their scope and influence. Self-help and co-operation are the basic principles on which the movement rests. Its main purpose is to provide opportunities for leadership to grow from within. In essence it is a movement for social development, which will embrace all sections of the rural communities. Third, the movement should bring within its scope the entire rural communities and enable them to take their place in the co-operative movement and other spheres in their own right. It will develop the initiative and add to the creativity and inventiveness of our people. It is on account of these, features that the community development projects are regarded as the normal pattern of a socialist economy based on democracy in action.

Community development means voluntary self-help by the village communities. Its purpose is to transform the social and economic life of the village. The basic philosophy underlying the programme is that the social and economic development will not be sustained unless the village people are convinced of the need for such development and participate actively and enthusiastically in the work. The basic problems are to be solved
by the villagers themselves. The government agencies will assist the village communities to satisfy the recognized needs, by teaching them new skills, when necessary, by improving upon the existing skills, by bringing advanced technical knowledge to bear on the village needs and by obtaining financial assistance from government funds to support and galvanize the voluntary community effort. The leadership must come from the people. It partakes the nature of a movement in which the villagers are in the dominant position and the governmental agencies occupy the subordinate ones.

The Community Development Programme is designed to support this voluntary community effort. It consists of a number of schemes each of which falls under one of the following aspects of rural community life.

1. **Agriculture**
   
   (a) animal husbandry;
   
   (b) irrigation;
   
   (c) reclamation;
   
   (d) better seeds
   
   (e) fertilizers:
   
   (f) other inputs

2. **Health and Rural Sanitation**
   
   (a) Medical facilities
   
   (b) Doctors
   
   (c) Pure drinking water
   
   (d) Cleaner environment

3. **Education**
   
   (a) Adult education
   
   (b) Social education

4. **Communications**
   
   (a) Roads
   
   (b) Bridges and culverts

5. **Rural arts, crafts and industries**

6. **Housing**

   The initiative for transforming the social and economic life of the rural communities must come from the villagers themselves. Self-awareness, self-examination, and self-help are the main driving of this movement. It depends entirely on the willing and voluntary and enthusiastic participation by the people.

   To create congenial conditions for the movement to grow, a group of volunteers who are themselves imbued with the philosophy behind it is essential. There are many young men who are waiting to join the Mukti Bahini, but all of them may not be taken in the
Mukti Bahini. The social volunteers necessary for the movement may be recruited from among these young men. In course of their work they may be given a short course of training in the philosophy (social, political, and economic aspects) of the movement. With this background the social workers will be in a position to impart the motivation to our people. Their main function shall be to generate a movement which will embrace all classes of the villagers, and to create conditions so that the movement is sustained and carried on by the villagers themselves through their increasing awareness of its supreme necessity.

In the past there was no democracy in the real sense in the country at any level. With an autocratic and dictatorial centre, there cannot be any democracy at the circumference and vice-versa. It is hoped that in future there will be democracy both at the centre and at the circumference. This alone can ensure effective and meaningful participation by the people in the movement. It must have the character of a movement so that the people can be attracted to it.

The precise number of social workers will depend on the area and size of the population and also on the availability of workers. The workers must be devoted and energetic. They must try to get into the skin of the people and create a living fellowship with the rural people. By their conduct, character, behavior and attitude they must create the impression that they are a natural and normal part and parcel of the village communities. Complete avoidance of arrogance and a friendly attitude on their part will draw the people to the movement. A serious responsibility is imposed on the social workers who must realize it themselves. It needs creative and effective backing of the political leaders who will look upon politics as the grand avenue for service to mankind.

COMMUNITY DEVELOPMENT AND LOCAL SELF-GOVERNMENT

The local self-governing bodies-village Panchayet, the Union Board Development Block, District Board—shall be integrated with the Community Development Projects. These local self-governing bodies seem to be the appropriate institutional mechanisms for this purpose. Detailed administrative arrangements are discussed in the next section.

The fundamental assumption on which the whole edifice of local self governing bodies is based is that good government is no substitute for self government. It begins by admitting the obvious fact that all problems are not central in their incidence, and that to leave to the Central Government the decision of problems which affect only a portion of the community is to destroy in that portion the sense of responsibility and the habit of inventiveness. The inhabitants of a given area need a consciousness of a common purpose, a sense of the needs of the neighborhood, which only they can fully know. They then find that the power to satisfy them of themselves gives to them a quality of vigor for greater in the happiness it produces than would be the case if satisfaction were always provided by or controlled from, without. Because, administration from without lacks the vitalizing ability to be responsive to local opinion; it misses shades and expressions of thought which are urgent to successful government. It lacks the genius of the place. It does not elicit creative support from those over whom it rules. It makes for mechanical uniformity, an effort to apply similar rules to unsimilar things. It is too distant from the
thing to be done to awaken interest from those concerned in the process of doing it. Centralized management of local affairs may well provoke indignation, and it can never elicit creative support which constitutes ethics of Local Self Government and Community Development.

Some problems

1. The Area: The area of Local Self-Government should be as small as possible.

2. Constitution of local bodies at the village and district level.
   (a) (i) Village Panchayets, headed by member elected from that village to the Union Board, to be responsible for all village level development and administrative functions.
   (ii) The base workers, trained in Youth Camps, will work in their own villages in a locally organized Rural Development Programme.
   (b) Union Board to consist of 10 to 15 members directly elected by the people on the basis of Universal Adult Franchise.
   (c) Development Block: Thana level co-ordination to consist of the Chairman of the Union Boards within the Thana for co-ordination. They will be assisted and, guided by the officers at that level.
   (d) The District Board to consist of such number of members as the population of each district would warrant. They will be elected directly by the people on the basis of Universal Adult Franchise.
      (1) The Chairman of the District Board should be the first citizen of the district. He may be given the status of a Deputy Minister.

3. Functions:
   (a) Statutory and routine functions.
   (b) Development Work-Community Development.

4. Committee System

5. Finances
   (a) Local Taxation
   (b) Government Grant
   (c) Development Grant

6. Relations with the Central Government

7. Local Self-Government Civil Service
   (a) Recruitment
   (b) Local Bodies to have full and complete control on the offices working under them.
(c) Pay and other conditions of services.

8. A cadre of reconstruction workers-Wholly devoted to Community Development.

N.B. A detailed scheme about the rural administration both at the District and Union Levels will be submitted along with the report on general administration.

**Administrative set-up for Community Development**

Bangladesh is a geographically compact area. For purpose of Community Development, each thana or police station may be regarded as the Development Block (henceforth, the thana shall be called a Development Block). On average each thana or Development Block consists of 158 villages, and there may be little variation here and there. In each thana there are on average 10 to 12 Union Councils, and these Union Councils will be renamed as the Union Boards. Each Union Board consists of 10 to 15 villages on average.

There will be one Block Development Officer for each Development Block. There will be eight Extension Officers, one for each of the following subjects:

1. Agriculture
2. Animal Husbandry
3. Rural Engineering
4. Social Education
5. Programme for women and children
6. Co-operation
7. Rural Industries
8. Village Panchayets and Union Board

Apart from these there will be 10 village level workers or social workers and two women village level workers for each Union Board Area.

In addition, there will be one agricultural assistant for each Union Board.

There must be a Medical Officer for the primary health centre, with supporting medical personnel. Each Block will have primary health centre. Gradually there will be a primary health centre in each Union Board, also in each village. In 1992 or 1995, each village will have a primary health center, other things remaining equal.

To cover the whole of Bangladesh, the following number of officers of each category will be necessary to start with.

1. Block Development Officer
2. Extension Officers
3. Agricultural Assistants 4046
4. Village level workers of volunteers 40460
5. Village level women workers 9092

or volunteers

Total 86,297

B.D.Os will be members of the existing or reconstituted cadre of the Government personnel. These Block Development Officers should be thoroughly familiar with all aspects of village life. By their work and conduct they should be in a position to create a living fellowship with the village people. They should be men of maturity, drive, and initiative. Their salaries and remunerations will borne by the Government. Their responsibilities of each B. D. O. include:

1. to organise and attempts to ensure that the objectives, methods and contents of the Community Development Projects are understood by the village people throughout the block;
2. to design an integrated working plan for the block;
3. to guide and supervise the work of the staff in the block;
4. Proper utilization of funds and to maintain accounts and records;
5. to see that the initiative comes from the villages;
6. to build up stocks of equipment necessary for the community development activities and to establish and maintain supply lines in order to achieve timely execution of the plans;
7. Staff meetings for discussion;
8. to tour the block area for a prescribed number of days.

Training

On appointment these officers shall receive a one month course in orientation training and a further two-month course of job training on their own.

A sufficient number of orientation and study centers will have to be set up. This will be the responsibility of the Ministry of Community Development and Local Self Government at the Centre.

Extension Officers and their common functions and duties. These comprise:

1. to assist and advise the B. D. O. in all matters concerning their respective specialties.
2. to collect and supply to village people and their organizations at all levels all available technical knowledge, and other available data;
3. to satisfy the questions raised by the village people about the methods;
4. to collect and supply and information’s about the detailed schemes, and to render all help when necessary;
(5) to keep in touch with policy developments in their parent departments;

(6) to provide technical support for all the village level workers.

Each Extension officer shall have a number of particular duties and functions relating to his specialty.

(1) Agricultural Extension officer;

(a) to study the work of the various institutions of agriculture;

(b) to explain to villagers the recommended measures for improving fields in the block. He must himself participate in the work with the villagers for a specified number of hours in a week.

(c) to organise demonstrations through Union Boards and Village Panchayets in close co-operation with the village level workers, and to keep charts and other exhibition materials relating to agriculture programme; and

(d) personal contact with farmers, registered seed growers and other village leaders.

(2) Extension officer for Animal Husbandry:

(a) To work as veterinary officers in charge for a dispensary, educate and assist the village people in the proper can, improvement, and use of cattle,

(b) To encourage co-operative effort in production and marketing of milk and other produce;

(c) To take steps to improve grasslands and other fodder crops and to encourage fisheries development;

(3) Extension Officer for Rural Engineering: (Overseers)

(a) to prepare and plan estimate for construction work under taken on a grant-in-aid basis;

(b) to supervise all such construction works and arrange for the release of grant-in-aid functions.

(4) Social Education Officer:

(a) to make arrangement for adult literacy classes and follow up activities (such as newsletters, pamphlete and circulating libraries)

(b) to organise village youth in groups and clubs and suggest useful projects in which they can participate and arrange cultural and recreational activities...

(5) Extension officers for Women and children:
(a) to organise village women's Committees

(b) to organise Mahila Samities, where-ever possible and to suggest suitable projects for their benefit;

(c) to encourage parents to send their children to schools, to promote habits of cleanliness among the people; and to encourage the village people to start schools, particularly for the girls.

(6) Extension Officer for Co-operation:

(a) to encourage each family in the block to belong to some co-operative society (there may be two types of co-operatives:- (i) agricultural co-operatives and (ii) consumer co-operatives):

(b) to help to organise new co-operatives;

(c) to inspect regularly all co-operative societies; and

(d) to ensure that co-operative societies get financial aid and supplies without delay.

(7) Extension Officer for Industries:

(a) to help individual artisans and their co-operative societies in the supply of equipment and the marketing of goods;

(b) to supervise and inspect village industrial institutions;

(c) to assist the people in the development of various types of rural industries—carpentry, brick-making, tailoring, iron work, weaving, pottery, bee-keeping, and fishing, etc,

(8) Extension Officers for Village Panchayets:

(a) to encourage the villagers to resuscitate the moribund village panchayets,

(b) to explain to the people their purposes, organisation and Recruitment of Extension Officers:

It is not possible to ascertain with accuracy and certainty the precise number of officers of this level who might be available at the moment. They may be recruited either directly from colleges giving degrees for the post, from the ranks of the parent departments or from the suitable educated young men who are waiting in the various youth camps but may not be taken in the Mukti Bahini or from village level workers Suitable training arrangements are to be made for village level workers for each Union Board, Village Level Women Workers:

Village Level Women Workers:

For each Union Board there shall be two village level women workers. All efforts should be made to encourage the women to act as village level workers.
But it may not be possible to obtain such a vast number of village level women workers. In such an eventuality it will be necessary to fill up the vacancies by the male village level workers.

Village Level Workers and their Functions:

The duties and functions of the village level workers reflect in microcosm this purposes and scope of the community development organisation. Their specific jobs may be grouped into seven classifications:

1) Educative and informative:

a) demonstration of the use of improved seeds, manure, fertilizers, and improved implements;

b) organizing campaigns for greater use of fertilizers and artificial insemination;

c) Giving advice on balanced food for milch cattle, digging of compost pits, rainwater drainage, chlorination of water and rural housing;

d) organizing fairs and exhibition in the villages and distributing or displaying posters, films, pamphlets, leaflets and other audio-visual aids.

2) Ameliorative:

a) Use of first-aid kits for minor ailments;

b) distribution of medicines;

c) first-aid treatment of animal cases for minor ailments and assistance in inoculations and vaccinations of both human beings and cattle;

3) Supply and Service jobs:

a) distribution of improved seeds, improved implements, manure and fertilizers and the conduct of soil and water tests.

4) Construction activities:

a) assessment of needs and resources of the village for undertaking work items;

b) to assist in the preparation of statements of expenditure;

c) to assist in obtaining administrative approval and technical verification of works schemes; and

d) to collect public contributions.
5) Organizing Villages for development:
   a) to organise crop competitions;
   b) to organise sanitation campaigns; and
   c) to organise youth clubs.

6) Collection of Statistics:
   a) ad-hoc surveys; and
   b) census work.

7) Administrative:
   a) receipt and recommendation of applications for loans;
   b) maintenance of office records;
   c) preparation of progress reports, charts, maps and statements;
   d) maintenance of equipment and other stores;
   e) attending monthly, fortnightly and emergency meetings; and
   f) showing visitors around the circle.

The main job of the village level workers is to change attitudes and practices in the villages through the application of various educative techniques. They must also work for a specified period in a week in the field with farmers

**Training**

All village level workers shall receive two years training at one of the Extension Training Centers to be set up.

1. Preliminary selection on the basis of short written test to be conducted of the B.D.O. in each block.

2. They must have to pass a few tests-intelligence tests, working tests, manual labor tests, agriculture tests, a public speaking tests, and a games test.

3. Training will be in two parts:
   a) Class room instructions, and
   b) practical work in actual fields.
   c) syllabus: agricultural, engineering, soil management, plant protection, agronomy, animal husbandry, co-operatives, public health, social education, rural industries and crafts and extension methods.
   d) Trainees sleep in barracks and eat in a common dining hall. Duties of village Level Workers when they enter the villages:
      i) to explain the objectives and methods of community development,
      ii) to find out possible village interests in development work,
      iii) to try to discover to whom the village people look for leadership, and
iv) to try to learn what the villagers consider to be their chief problems and what interests they have in solving them.

They are trained to exercise restraint and tact, and they are slowly accepted in the village as friend. They begin, with extreme caution, to prepare the village for action. In doing so, they work mainly through village leadership. These village leaders, friendly or hostile, progressive or conservative, guide village thinking and action. A village level worker at work in a village must strike a balance between compulsion and self-determination.

**Assistance for Development**

1. Technical assistance for community development is provided by a two way channel of communication between the block personnel and research stations or scientific institutes. It brings scientific information regarding village activities directly to village people through trained personnel who can interpret this information to them by relating it to their environment. It also takes village problem to research stations and scientific institutes for solution.

2. Financial Assistance for community development is provided be grants-in-aid; in some cases loans and subsidies are also used. The distinctive character of this assistance is the attempt to encourage self-help in the village by insisting a certain proportion of people's participation is guaranteed before release of loans. This participation may take the form of cash, labor or materials (a) Cash may be either in the form of taxes raised by- Union Boards and Panchayets and donation from individuals. Villagers who contribute labor on a particular work are also contributing to the cost of the work this labor is calculated on the basis of Public Work's Department estimates of work-load in terms of man-powers, and its rupee value is fixed according to prevailing wage rates in the district of region for type or labor offered. Contributions in kind are valued at prevailing market rates.

Grants-in-aid. These are intended to benefit the community at large. These grants are usually available under the Community Development Programme to construct or repair public drinking water-wells, roads, culverts, schools, dispensaries, and Community Centers.

Loans. Loans are granted primarily for activities which are expected to give specific economic benefit and for which there would seem to be a reasonable chance of repayment. For example, it is common to grant loans for irrigation work.

Subsidy When a programme is new and its usefulness has not yet been demonstrated, a subsidy is granted as an inducement for undertaking it.

All categories of officers, B.D.O., Extension Officers and village level workers:

1) Extensive tour,

2) Direct, frequent and informal contact with people,
3) participation in different activities, particularly, agricultural activities with the farmers in the field.

Village Panchayets:

In each village there will be a Village Panchayet. The man elected from the village to the Union Board will be the head of the village panchayet (that is, of that village).

The head of the village panchayet will be responsible for all types of work in his village agriculture, animal husbandry, irrigation, social education, communications, rural arts, crafts, industries and housing. It will be his responsibility to carry out these programmes. He will have the assistance of ten volunteers to be recruited from the village. The specific programmes relating to a particular village will be implemented at that level. The panchayet will draw up the plan for his village after discussing with the villagers. The plan will then be submitted to the Union Board and it be integrated with the Union Board plan. It will then go to the Development Block and will be integrated with the plan of the Development Block, i.e. thana. It will then go to the District Board, and from there to the Ministry of community Development and Rural Self Government at the Centre.

**Execution of the Plan at the village level.**

The leader of the village panchayet will be responsible for the execution of the plan relating to his village. He will be assisted by the villagers and volunteers from his village. Under his guidance these volunteers, will participate in the actual implementation of the plan. They will work with the villagers in the fields and in other activities. They will get all assistance from the village level worker of their Union Board. He will arrange for experts and necessary inputs from the village agricultural co-operatives.

The underlying idea is that all able-bodied man and woman in the village must be induced to earn their bread by their own work. He who shall not work shall not eat. The hands of the beggars must be converted into those of workers. These volunteers shall be from the village, shall live and work with the villagers.

The number of volunteers will be 6,50,000 on the basis of 10 volunteers for each village panchayet. If and when, these volunteers are not immediately available in the village, the young men who are now waiting in the Youth Camps may be recruited as volunteers having regard to their age, and qualifications. They will have to undergo a short training course for three weeks. The villagers will arrange for their food and accommodation. They may be given a token pocket allowance.

These volunteers will be trained by the village level workers. The village level workers shall assist the volunteers of each panchayet in all aspects of the community development project.

The Ministers, politicians, members of the National Parliament should visit the villages at regular intervals. The senior Officers-Secretary, Joint Secretary and Deputy
Secretary of the Ministry of Community Development and Local Self-Government and of other relevant Ministries and Department should spend at least two months in a year in anyone of the Development Block. The young recruits to the various Services must spend at least three months in each Development Block.

Defence Secretary.
An address to the nation by Mr. Tajuddin Ahmad, Prime Minister of the People’s Republic of Bangladesh, broadcast on Nov. 23, 1971.

My dear countrymen and comrades,

The freedom struggle in Bangladesh has achieved many success since I spoke to you in September. The volume and intensity of our resistance against the occupation army are to-day acknowledged by friends and foes alike. The Mukti Bahini can now strike at the enemy at any time and at any place and surprise him at the heart of his security. It has achieved spectacular successes on land, river and sea and has crippled shipping at the ports of Mangla and Chittagong. It has wiped out the vestiges of enemy presence from district after district in Bangladesh. As more and more areas are coming under the effective administrative control of the Government of the People’s Republic of Bangladesh, the enemy's losses, in men, material and morale, are making him insane with frustration.

The evil men of Islamabad are to-day bewildered by their reverses in the battlefield and the mounting international support for the cause of Bangladesh. They are now riddled with doubts and fears as to their survival. They have not only caused immeasurable suffering to the people of Bangladesh but brought West Pakistan to the brink of economic ruin and political disintegration. They are now seeking an international crisis in the form of a War with India. In this their aim is, on the one hand, to divert attention from the grim struggle for freedom in Bangladesh and to conceal their humiliations at the hands of the Mukti Bahini and, on the other, to create a situation for intervention by their patrons. But they are not likely to succeed in these aims which can only carry them from folly and crime and ruin to more folly and more crimes and to total self-destruction.

Whatever plans the ruling junta might have for self-destruction or whatever arrangements in the sub-continent might suit some powers, the only arrangement that suits the people of Bangladesh is freedom. Our will to freedom and our ability to consolidate and perpetuate it, is daily being tested in one of the bitterest wars of history. Freedom conceived as destruction of the occupation troops or their withdrawal from Bangladesh, is our only objective. If history has any lesson for mankind, it is that a people's will cannot be trifled with, nor can a liberation struggle be suppressed by the fire power of even a global giant.

When some western nations fail to show much sensibility to the need for democracy in Asia, where they worship the concept of stability more than men's dignity as man, it is bad enough. But when one of them makes the quite soulless suggestion that India should absorb the evacuees from Bangladesh in exchange for financial support, we are appalled and outraged. The suggestion accepts without comment the consequences of genocide, seeks to freeze a situation of revolting inequity, and invites, and abets in advance, future
mass killings and large scale migrations. Surely, the uprooted victims of Pakistani terror are not chattels to be disposed of in exchange for money. It is their birth right to return home in honor and dignity, and return they shall in not too distant a future.

And what is the object of President Nixon's sending a fact finding mission to the sub-continent at this time? What is it he wants to know that his country's diplomats and legislators do not already know too well? The administration he heads failed to express any horror for the blackest crime of his time, namely, the planned extermination of a million Bengalis or for the brutal uprooting of nearly ten million human beings from their homes. Whatever the U. S. Government wishes to achieve through this move, it will not make any difference to our determination to free our country and to create the kind of society we want.

The event we have been preparing for through blood and tears is positively nearer, but we must reckon with the sacrifices, deaths, and hardships that are yet to be gone through. Since freedom is an inexhaustible concept and is yet conditioned by what we do with it in war and peace, we must, as we renew our vow to destroy the enemy completely, also renew our pledge to build a society worthy of the martyr's blood. The young men who are fighting in the cities and villages of Bangladesh to end foreign occupation are also fighting to end privilege and injustice. The present struggle will thus be completed only by our achieving the secular-democratic-socialist order promised by Bangabandhu Sheikh Mujibur Rahman. The vision that impels Bangladesh to-day is that of a society where political, economic and cultural life will be organized on the basis of the equality of all citizens, who will join in a common adventure to develop and fulfil themselves in freedom.

The Bangabandhu, the leader of the Bengalis, is still a captive of the Pakistani generals. We are convinced that the military junta will see reason and free him only when the exit routes of the occupation army are cut. This is what we are now able to do and intend to do. We shall take on the enemy on land, sea and air and force upon General Yahya Khan the moment of truth he has been waiting for.

I call upon the people of Bangladesh to turn this phase of the liberation war into a decisive one. All officials, razakars, members of the police and others who have been compelled to serve the invader against their conscience must take the first opportunity to revolt. I ask all willing collaborators for the last time to reform and desist from their acts of betrayal against the country. We promise the unrepentant collaborator and his alien master the same fate: death with ignominy.

Thousands of our guerrillas at the moment surround the enemy and menace his existence. All citizens of Bangladesh must join their strength to that of the Mukti Bahini and stay poised to deliver the occupation regime a mortal blow with their united might when the call is given for a final assault on the invader.

I salute the heroic dead, the heroic freedom fighters, and the heroic people of Bangladesh who have brought the freedom struggle to its present level of success.

Memo No. HD/9/399/I(10)  Dated. 24. 11. 71

For setting up civil administrative machinery in the liberated areas of Bangladesh at District and sub-divisional levels to start with, it seems necessary to have officers to carry the responsibilities of Deputy Commissioner, District, Judge, S. P., Relief and Rehabilitation Officer, Medical Officer, Engineer, Publicity Officer, Education Officer, Ansar Adjutant and Post & Telephone Officer as a minimum standard and their corresponding officers in the sub-divisional levels. If possible, we may think of Thana level officers also in these vital departments wherever possible.

In this context, it is necessary to take account of officers who have owed allegiance to the Govt. of Bangladesh so far showing therein the number of officers category wise.

Since the progress of liberation is very rapid, we may not lose time in working out the details and naming officers for the different units so that a very short notice the officer concerned may be asked to take post of duty.

I would, therefore, requested to kindly plan mobilization contingent as immediately as possible.

The cabinet in its meeting held on November 22, 1971 have decided to form a Sub-Committee of the Secretaries to look into the various problems of establishing civil administration in liberated Bangladesh and to submit a comprehensive report to the Government on the subject. Mr. A. Fateh will act as the Chairman of the Sub-Committee. For the time being, the following will act as members:

1. Secretary, Defense,
2. Secretary, Home.
3. Secretary, Finance.
4. Secretary, Cabinet.
5. Secretary, G. A.

The C-in-C, the Planning Cell and other functionaries concerned with the problems will also be associated with the work of the Sub-Committee.

It has been decided that the Sub-Committee will meet today at 4-00 p. m. For the convenience of the members it has been decided to meet at the Ministry of Defence.

Relevant extracts from the minutes of the Cabinet meeting will be circulated later.

NOTE.

Zonal Council Chairman of North Zone recently met me and started that in Rawmari alone, more than 2 lacs has been spent from local funds for food and transportation charges of the Sector Troops and Guerillas. Some such cases have been reported from few other Sub-Sectors also. It appears that the Sector/Subsector Commanders take this help because of following factors:

(a) delay in delivery of ration, shortage in supply of ration,

(b) where normal transportation charges are not sufficient to cover induction/operation cost,

(c) to make essential purchases like plates, degchis, shoes etc.

Since the needs are genuine, we may consider placing a lump amount of Rs. 50,000/00 with each Sector Commander for meeting emergent cases of the nature described above.

I would request the C-in-C to kindly give his views in the matter.

I will take up the case with Finance Ministry.

Sub: Selection of uniform etc. for the Police Personnel.

It was decided in a meeting of the Cabinet on October 30, 1971 that a Committee consisting of the C-in-C, Secretary, Ministry of Defense, Secretary, Ministry of Home Affairs, Director, Arts and Designs should submit their recommendation to the Cabinet regarding design and color of the uniform of various services including badges etc.

In view of the rapid progress made in liberating Bangladesh, the matter of setting up Civil Administration in the liberated zone needs immediate attention. As a matter of fact, Civil Administration has already been set-up in some parts of Bangladesh. In the circumstances, supply of free uniform to Police Personnel up to the rank of S.I. has become an immediate necessity. But we have not yet selected uniforms etc. The need for uniform for the Police requires no new emphasis.

The selection of uniform and thereafter its procurement through contractor etc. is urgently required. In view of this, I would request you to kindly convene a meeting of the committee and finalize the selection of uniform and badges etc. as immediate as possible.

From: Mr. A. H. Khan,
Secretary to the Govt. of Bangladesh,
Ministry of Press, Information, Broadcasting & Publicity.

Dated, the 29th November, 1971.

My dear Samad,

I am forwarding herewith a copy of Mr. Alamgir Kabir’s letter dated 27.11.71 which is self explanatory. I have nothing more to add to this report. Ministry of Information and Broadcasting was not consulted in the matter of thrashing out an agreed procedure for such sensitive matters as have been referred to in Mr. Badsha’s letter. Furthermore, it looks that there is lack of co-ordination between the External Publicity Division and the Defense which, to my mind, is responsible for such anomalous situation.

I would, therefore, suggest that instead of wasting our energy in trying to locate responsibility for such past incidents it would be more fruitful to sit together and devise suitable procedure so that such situations do not recur in future.

With regards,

Yours sincerely,

(A. H. Khan)

Mr. A. Samad,

True Copy

Mr. A. H. Khan, Secretary,
Ministry of Press, Information and Broadcasting,
Government of Bangladesh,

Dear Sir,

Your letter brought me shock and surprise. Because the incidents that you say have been reported to you are a conglomeration of quarter-truths and outright lies. I'm
surprised how such accusations could be made officially when the "reporter" concerned could have easily contacted me in Calcutta, if not for anything else, at least for ascertaining the truth. This surely reveals a gross abuse of official authority—one of the scourges that the people of Bangladesh are still fighting paying a lot of price in terms of blood.

Here are, the facts. I have been a professional journalist at home and abroad for last 12 years or so. As a result, a large number of foreign journalists, including Peter Carmichel of Paris-Match and L'Express, happen to be my old acquaintances. Sometime during the first week of this month Peter met me rather accidentally in Calcutta and sought my help for a proper introduction to Mr. Taheruddin Thakur of the Foreign Ministry as he was keen on publishing illustrated features on the Mukti Bahini about which the western press has suddenly been showing great interest. This I did. Mr. Thakur promised him that he would try and do something for Peter in respect of getting Indian clearance. He also said that if Indian authorities do not have any objection Bangladesh Government would be only too glad to send him to a Mukti Bahini camp. But, he told me privately, that Indian have sent a secret note saying that Bangladesh Govt. should not allow any foreigners without prior clearance of a special kind. That was the end of the matter so far as I was concerned.

During the second week of November I went to Major Jalil's sector for a day to do some Radio Bangladesh Programmes I sent along with the film unit of Zahir Raihan that went under the management of Babul Chowdhury to do some shooting for the films that are being made by them for your ministry. At Taki, I suddenly came across Peter. It appeared that he was no stranger to Taki and that he has been there on several occasions prior to that. He told me that he had full Indian clearance to cross into Bangladesh and that he was waiting to see Major Jalil for the purpose. When I met Major Jalil I told him that a photographer of international repute was waiting outside to see him. Major Jalil immediately invited him in. What transpired between them was none of my business. Of course, I was present when the conversation took place. Peter convinced Major Jalil of the necessity to prove to the western world that a Mukti Bahini actually exists and that it is a force capable of driving out the West Pakistani invaders. Then Major Jalil asked him if he had clearance from Indian authorities. Peter replied in the affirmative. After that Major Jalil gave him permission to take photographs in the Mukti Bahini camp nearby. He also promised to take him to a forward base the next day to show some action. After that Major Jalil sent Peter to the camp escorted by one of his officers. He also gave instructions to Captain Huda to accompany Peter in one forward camp about four miles away-inside Bangladesh. The coincidence was that we too had our work to be done at the same camp. I worked there until about 1 O'clock. Then I went away to another camp. Later in the afternoon I returned to the first camp to collect my things as I was to return to Calcutta the same day. I saw Peter getting along very well with the camp commander. He said he was very happy with first day's work. But he was very keen to move into Bangladesh the same day. He was waiting for Captain Huda to take him into Bangladesh when I left for Calcutta. Babul Choudhury, who did not know Peter at all, decided to move to Bashirhat the same night and return to the camp the next morning to finish off some patchwork.
Two days later when Babul returned from Taki he reported that next day Mr. Badshah (Aminul Haq Badshah of External Affairs Ministry) went to the same Headquarters with some foreign journalists and was furious to find Peter there who had gone there without Badshah's help. Anyhow, he also included Peter in the group and took them round on a sight-seeing tour of the "liberated areas".

Now these facts how that it is the Sector Commander on whom depended the whole thing. Peter could not have gone near the camp if he did not permit. Sector Commander Jalil, as I know, is an experienced officer, and knew exactly what was at stake. He told Peter that the camp was the border but not exactly on Bangladesh soil. Peter gave him his professional promise not to divulge the fact to outside world. Major Jalil believed him because he knew that western journalists of repute never go back on their words—it is a part of their professional ethics and to a great extent, responsible for their international success. Almost all the foreign journalist know on which soil the headquarters of the Bangladesh Government is located. But they never divulged this fact. I have a feeling that almost all the foreign journalists know exactly how many hardcore training camps we have and on which soil they are located right now. But they do not go for cheap disclosures and this is why, even after seven months of this war, nothing about Mujibnagar's actual location has been speculated upon. This display of exasperation vis-a-vis this "Indian soil" business is rather cock-eyed and could not possible be serious.

Thus: in reply to the accusations I hope I have been able to show that I myself neither had the power nor the enthusiasm to introduce Peter Carmichel into any Mukti Bahini Training Camp. Secondly Peter could not have stayed longer than one night in the camp as he met Aminul Haq Badshah the second day. And, if he had been to forwarding base as was arranged earlier he did not stay in the camp even for one night.

It is surprising that this so-called 'reporter' could report so many lies to a government department and the department concerned could proceed with them officially without trying to ascertain the reality by contacting me against whom the accusations have been made. This reflects a deplorable attitude. Either the government's authority is being grossly misused and abused or the person concerned who took so much trouble to collect the lies, . . . the government seriously. I have been in international field—is ever older. As I have thrown my lot unconditionally with people and the Government of Bangladesh right from its inception. I love and nurse my allegiance to both unstintedly. It hurts me grievously when I find some people with untested loyalty to the Government and the people seize on to flimsy pretexts to question either my wisdom or allegiance. I do hope that you will move the relevant echelons to bring to an end such shocking attempts at scandalisation once and for all.

As a postscript let me inform you that Peter Carmichel has served our cause quite effectively by publishing an illustrated feature in L'Express on the Mukti Bahini last week. Unfortunately, he is now furious over another thing. Apparently, Mr. Badshah has told Peter Jennings of CBC that he suspects Peter Carmichel of being a Pakistani spy. Mr.
Jennings thought it imperative to inform this to Peter because the charge is so serious that it would affect the entire community of western journalists. Peter informs me that he is going to take up the matter not only at Bangladesh and Indian Governments level but also with the international body of journalists. It seems that, for a frivolous remark, we are in for some adverse publicity in the international press. Perhaps you would like to intimate the incident to the "reporter"s superiors.

Yours truly,

Alamgir Kabir,

D.O. No. PIBP/64., Dated the 29th November, 1971

From:- Mr. A. H. Khan,

Secretary to the Govt. of Bangladesh,

Ministry of Press, Information, Broadcasting & Publicity.

My dear Samad,

As you are aware, the Pakistanis are trying to tell the world that India has sent its army inside Bangladesh and that it is they who are fighting the main battles inside Bangladesh. The purpose of this propaganda line is twofold-first, to mislead the world by trying to divert the world opinion from the real issue of Bangladesh to that of Indo-Pak confrontation and secondly, to minimize the achievements of the Mukti Bahini. India has refuted this allegation resolutely. However, I feel there is need that the Government of Bangladesh should categorically deny the involvements of the Indian Army in the battles which are being waged by the Mukti Bahini on all fronts inside Bangladesh.

Since this is a very urgent matter, may I suggest that you may give your view immediately so that we may counteract the Pakistani propaganda through our Radio.

Yours sincerely,

File No. 1-004.
Date-29 November, 1971.
As desired by the Cabinet I requested AKR for making certain special security arrangements for the person of our VIPs and for our liaison offices. A few days ago and again yesterday I had some discussion with the persons concerned. The following suggestions have been made:

a) Regarding the security of the Ministry of Defense Building and also our main liaison office (the new building), it has been suggested that all the functionaries who are required to attend offices there should carry identity cards with photographs. There also be special checking by our own staff.

It has been advised that the new building is very risky from the security point of view. Hence VIPs may not attend offices there.

Static guards are being posted at the new building. The present arrangement at the old building will continue.

b) RESIDENCE OF VIPS: Plain clothes security guards are being arranged at the entrance of every residence. It has been requested that interviews may please be restricted as far as possible, that is, only among the known persons.

c) SECURITY OF THE PERSON OF VIPs:

   i) Personal body guards for round the clock duty are being provided;

   (ii) It has been suggested that VIPs would not undertake any visit outside without prior notice, arrangements are being made to provide escort cars. I have been told that for the time being four local cars are being arranged-two for the use of VIPs and two for escort duties. For this purpose, even inside the head-quarter area may please be restricted;

   iii) Use of foreign cars for the movement of VIPs should be avoided.

DISPERAL PLAN:

This is being drawn up as I have been told. However, this plan depends upon availability of accommodation.

WEAPONS FOR OUR OWN SECURITY MEN:

It has been suggested that the responsibility for providing security lies with local agency and they are taking all necessary precaution. Our security man should be available on supplement the efforts of the local agency. They need not carry arms. This is the view point communicated to me.
In the Cabinet meeting held yesterday I have apprised the Cabinet of the developments and suggestions mentioned above.

I would request the Home Secretary to please contact the person concerned and finalized the arrangements. Secretary, GA Department may please expedite issue of identity cards.

CIVIL DEFENCE MEASURES:

It has also been requested that there should be two spaces reserved for use as air raid shelter- (i) at the residence of the VIPs, (ii) at the new offices. It has also been suggested that the glass of all our buildings should be covered with paper according to specification.

CABINET SECRETARY
AGENDA N0.2.

The Acting President presided. The Prime Minister and all the members of the Cabinet, except, the Minister for Home Affairs, attended. The Cabinet Secretary was present. The Defense Secretary attended by special invitation.

The Cabinet was pleased to confirm the minutes and decisions in respect of the subject "Civil Administrative Setup in liberated Bangladesh" taken in the meeting held on November 22, 1971. In this regard it was pointed out that a few of the terms of reference given to the Secretaries Sub-Committee over-lapped with those given to the Planning Commission and hence there was need for very close co-ordination between the two. There were two alternative solutions. Either the Secretaries' Sub-Committee could prepare their recommendations and submit them to the Cabinet after consulting the Planning Cell or the two bodies (the Planning Cell and the Secretaries Sub-Committee) could submit their findings and recommendations separately.

It was decided that the Secretaries, Sub-Committee would submit their report direct to the Cabinet and that the Planning Cell would also do the same separately so that the Cabinet could have two separate sets of reports and recommendations before them.

30.1.71
The liberation war in Bangladesh epitomises the noblest aspirations of 75 million people. It is a unique movement in that it not only seeks to shake off colonialism but also aims at the establishment of a new order that will provide economic freedom, social justice, and political liberty.

Restoration of the Civil Administration in liberated zones is as such a part of the liberation war itself.

At the moment the entire Nation is engaged in a grim struggle to drive out the occupation forces. Immediate tasks of the administration are of special nature and will have to be dealt on priority basis.

From the military point of view Bangladesh may be divided into 3 zones:

(a) Areas which have been liberated and are under effective control of the liberation forces.

(b) Areas which are in the process of liberation.

(c) Occupied areas.

(a) Liberated areas:

The main objectives of administration in the liberated areas are as follows:

1) Maintenance of law and order.

2) Civil Defense.

3) Relief to the evacuees.

4) Health with emphasis on preventive aspects (in view of the source constraints it may not be possible to allocate sufficient resources for curatives).

5) Import of essential consumer items which are not available in the area.

6) Supply of essential agricultural inputs such as seeds and fertilizer.

7) Restoration of the communication system as far as possible.

8) Public relation.

In view of the facts stated above the following officers may be posted to the liberated Zones:

In selection of the officers the following procedure may be followed:-

1. The officers who have been posted in the Thana before the commencement of
   liberation work will continue to function unless he is declared to be a collaborator by
   the Zonal Council.

2. If it is found that there is surplus administrative personnel in any liberated area
   they will assist the Thana Magistrate in the discharge of his duties.

3. If there is any shortage for personnel in any thana, they may be posted from
   Reserve pool of the Central Govt.

The work at the Thana level will be guided by the Zonal Councils. The rule of the
Zonal Councils will be as follows:

1. Establishment of Union level committees for the maintenance of law and order
   but these Committees will not take up the cases relating to evacuees property. The
   evacuees should be discouraged to return until the whole country liberated.

2. Preparation of priority list of the distressed persons, the assessment of the
   quantum of relief and the actual distribution through Union level committees.

3. Assessment of the needs of essential imports.

4. Imports and supply of essential agricultural inputs.

5. Test relief and other constructional activities.

The minor schemes may be executed through Union level Committees but the
major schemes should be taken up by the Zonal Engineer under the supervision of the
Chairman, Zonal Councils.

6. Publicity.

(b) Areas which are in the process of liberation:

The main tasks of administration in such areas is to provide civilian support to
army operation. Such a task at the moment could be best undertaken by the political
leadership. Moreover, the exigencies of war very from place to place and time to time.
As such the Zonal Council should be permitted to take ad-hoc administrative decision
in such areas. They shall utilise the services of all the Govt. employees who have
already been appointed in the Zonal Administrative set up.

Deputy Secretary;
Defense.
In the Sub-Committee meeting held on November 26, 1971, it was decided that papers should be prepared as indicated below and discussed in the next meeting of the Sub-Committee:

1. Political order-Mr. A. F. M. Fateh (Chairman);

2. Restoration of Police machinery-Home Secretary;

3. Law regarding disposal of enemy property and restoration of property of displaced persons-Mr. Akbar Ali Khan;

4. Civil liaison of the Army, absorption of F. F. and Mukti Bahini members-Defense Secretary;
   Treatment of collaborators and servicing of civil servants-Cabinet Secretary and Defense Secretary;

5. Public Service Commission, recruitment, posting, transfer etc. of public servants-Cabinet Secretary, Cab;

6. Relief and rehabilitation of uprooted persons-Dr. Mosharaf Hossain, Member, Planning;

7. Economic reconstruction and connected problems-Dr. Mosharaf Hossain, Member, Planning;

8. Ways and means-Finance Secretary;

9. Civil Administrative set-up-Finance Secretary.

Of these, we have as far received two papers from the Finance Secretary, which have been already circulated among the Members. Earlier the Home Secretary submitted a comprehensive paper on law and order, which was discussed in the first meeting of the Sub-Committee. The Home Secretary was requested to prepare another paper on Police administration……… making specific recommendations.

It is expected that the other papers would also be ready in a day or two. I would request all the Members to please complete their papers by Friday and send them either to me or to the Chairman (Mr. A. F. M. Fateh), so that the Sub-Committee can start deliberation again from Friday after-noon.

I may mention here that the Cabinet in its meeting held on yesterday has been pleased to decide that the Secretaries' Sub-Committee and the Planning Cell would submit their reports to the Cabinet separately.
Since there are some problems with which our other colleagues, particularly the Health Secretary, Agriculture Secretary and Information Secretary are concerned, I would request the Chairman either to invite them to attend our meetings or held discussion with them. The D. C. O. S. of the Bangladesh Forces may also be associated with our work at the present stage.

Govt. of the People's Republic of Bangladesh.

Subject: Clearance of Bangladesh citizens forgoing abroad.

As a general rule cases for clearance need not be referred to this Ministry as no machinery exists to check antecedents of the applicants. Home Ministry itself is capable of dealing such cases.

The following guidelines are suggested: This will be valid till the liberation of the country.

(1) No guerilla trained for Bangladesh Forces should be allowed to go abroad.

(2) No ex-service personnel below the age of 45 Years and no young man above the age of 20 years, should normally be allowed to go abroad except on extreme compassionate and compelling grounds.

Papers sent with your above quoted reference is returned herewith.

December 6, 1971.

The Prime Minister,
Govt. of the People's Republic of
Bangladesh,
MUJIBNAGAR,

Dear Sir,

I beg to forward herewith a comprehensive report for the overall study of present situation on economy and trade in border and liberated area along with valuable properties of Bangladesh. This report is prepared after meeting with high official of B. S. F. on their invitation.

This report may be helpful for taking policy and action 011 the related matters concerning with the Government.

It would be very kind of you, if you kindly examine about the proposal of running Bangladesh Overseas Trade Mission, in Calcutta which will also to officially operate in a Foreign land to contact with overseas parties through this Mission. Therefore, approval of our Govt., is necessary for this Mission which is being organized for the interest of Bangladesh.

Thanking you
Yours faithfully,
( Mustafa Sarwar)
Member,
Board of Trade, Commerce & Industries.
Bangladesh Overseas Trade Mission,
Govt. of Bangladesh.
TOP CONFIDENTIAL

From: Mustafa Sarwar,
Member: Central Working Committee, Bangladesh Awami League, Board of Trade, Commerce & Industries, Government of Bangladesh, Bangladesh Overseas Trade Mission, 225/C Lower Circular Road, Calcutta-20.

Subject:- Report prepared after meeting with B. S. F. High Officials, about valuable properties of Bangladesh lying without proper care and suggestions to control unauthorized Trade activities and profit-seekers at the cost of human tragedy including trade, government income and State Bank.

On the individual invitation of high official of B. S. F., Prof. Mozaffar Ahmed Chowdhury, the Chairman, Planning Cell and the undersigned were in their office and exchanged their views about the unlawful trade activities in the border area. As the matter is important, and related to the interest of Bangladesh and neighbouring country India, the undersigned have prepared this report for information and to make necessary policy by the Government. There should be policy to wipe out the profit-seeker and black marketers who are in habit of mounting money at the cost of tragedy in Bangladesh and on availability of sincere generosity towards Bangladesh by the neighboring country.

B. S. F. SEIZING BANGLADESH COMMODITIES IN THE BORDER AREA.

It is reported many commodities of Bangladesh are seized at the border areas either by B. S. F. or Customs authorities while being brought by the people of Bangladesh. It is further gathered that taxes or levies are being collected on these commodities. Huge quantity of Bangladesh goods are being mis-handled in this way. Goods should be released to Bangladesh Government.

REPORT AND SUGGESTION.

(1) As the large number of Bangladesh people are crossing to this side the Indian Border Security Force Authority should be instructed to allow to bring any Bangladesh commodities like jute, tea, hides & skins, vegetable, tobacco, machineries, fish, films, groceries, food-grains & catties etc. without any restriction and difficulties. This was also assured by the Indian Authority during our discussion on mutual trade.

(2) The Government of Bangladesh Ministry of Commerce through their Board of Trade is trying to establish systematic lawful trade by issuing valid document to those existing traders of Bangladesh commodities, so that systematic exports of all such commodities are brought in a lawful and systematic way with the authority of the Bangladesh Govt. This will identify the Authorised Traders and
shall help to eliminate the unauthorized dealers and persons engaged in the espionage.

(3) B. S. F. personnel’s may be advised to honor the license-holders of Bangladesh Govt. and to allow their supplies into this side, free of tax if any and without any restriction whatsoever.

(4) Only authorized dealers who will be issued licenses by the Govt. of Bangladesh in the border belts should be allowed to carry on trade by the M. B./B. S. F. and all other related concerns.

The specimen copy of the licenses shall be kept in each border check posts for information and guidance of the authorities concerned.

(5) There shall be systematic and lawful transactions of goods with the introduction of trading licenses or valid documents by the government of Bangladesh only to those persons who are engaged in such trading activities in the border area. Such licenses may be issued on strict scrutiny and supervision by the local Bangladesh officials, MNAs/MPAs or public leaders who are attached to B. S. F. and other authorities concerned in their respective border areas. No other persons than the existing traders shall be issued with such valid document/license. All Bangladesh goods may be kept in one place in each border area, (if available) and can be disposed off after necessary verification by the government official and workers after keeping small levies only from commercial goods like jute, food grains, medicines, tobacco, hides & skins etc. Among the available MNAs/ MPAs and workers in the border area 2 (two) persons may be selected to look after this job in each border who will strictly supervise and perform their duties with honesty and sincerity which will be a model of manpower in future Bangladesh.

(6) Profit making in unusual way, holding of stocks, black marketing and any other activities at the cost of Bangladesh tragedy and due to sincere feelings over this side by any person or persons should be eliminated by both the governments and the people as well. It has been reported that some smugglers are bringing medicines of foreign patents and many other goods from Bangladesh in spite of good demand there. There are more reports about the supply of these goods to more interior of India like Madras, Maharashtra etc. by the local smugglers which goes against the interest of India.

**ESSENTIAL COMMODITIES.**

There is a tremendous demand of K. Oil, matches, sugar, salt, dal. atta, maida, soaps and other essential commodities which may be allowed to be imported from Indian suppliers. These suppliers also may get details and valid document from Bangladesh Overseas Trade Mission in Calcutta. The Bangladesh Government may realize some royalty on export of all commercial items like export of jute, hides & skins, food grains (if any), tobacco, tea, machineries & catties. The Government of Bangladesh may also impose tax or royalty to import goods inside Bangladesh from the neighboring country.
All such collection of royalty or tax will come under the credit of Bangladesh. The Bangladesh Overseas Trade Mission at present is looking after the interests and all matters related to trade and commerce in the overseas land.

NECESSITY OF BANGLADESH OVERSEAS TRADE MISSION LIKE U. S. S. R. & RUMANIA ETC.

In view of long trade relation with India and other countries, and specially during the time of emergency, such a Mission is urgently required to look after the following interests on behalf of the Government of Bangladesh:

1) As our Government is not at the moment in a position to contact the Overseas parties directly and to finalize any trade agreement or buying and selling of any commodities from Mujibnagar, until the Government is formally recognised, this Trade Mission may look into the trade & commerce of Bangladesh in foreign lands.

2) As the Government of India has permitted to operate our Bangladesh Mission with full diplomatic status, this Trade Mission may also work simultaneously for developing our trade relation with India and all other friendly countries for obtaining commercial recognition thereof.

3) To keep regular contact with overseas countries by way of commercial correspondences, mutual understanding and obtaining enquiries in the matter of Trade and Commerce. Looking after the financial and trading interest of the Government in foreign land by way of obtaining offers for selling commodities like Jute, Tea, Tobacco, Hide and Skins. Machineries etc. as many of which could not get market value due to lack of coordination, correspondences, proper handling and bargaining.

4) To supply time to time information about the position of jute export and other commercial items to interested countries as some of them are losing confidence in absence of such information. Many of them are in dark-and do not know about the existence and development of Bangladesh. Otherwise, there will be no propaganda which will be helpful during emergency period which may gain the ground to get even political recognition. There will be serious economic set back after liberation, if we loss such confidence by the overseas countries.

5) To set-up trading programme in view of existing trade activities and requirements and to make planning of future economic programme during liberation war and after liberation which will be helpful to our Planning Cell with existing dates to be collected by this Trade Mission.

6) This Trade Mission may work like "TRADE REPRESENTATION OF USSR AND RUMANIA, CZECHOLOVAKIA ETC.,"- in Dacca/Calcutta and "INTER EXPORT OF YUGO SIAVIA " in Dacca. It may be mentioned that East Germany,

China, Cuba, North Vietnam also did start their trade relation without recognition for gaining their ground through trading activities and contacts for recognition.
VALUABLE PROPERTIES OF BANGLADESH
ALREADY IN OUR POSSESSION

Various valuable properties of Bangladesh have crossed over the border and brought to this side. Some of which are listed below. These are the properties of the Bangladesh Government which must be kept in proper care and control. There is no responsibility from the Govt. or from any concern to deal with these valuable properties. The Board of trade is not taking any effort though we are entrusted by the Ministry. There must be arrangement either to dispose off or to take any other policy. Otherwise many of such properties shall be damaged, spoiled, or stolen. These are lying idle due to lack of coordination and immediate decision. The value of such properties shall be about Rs.3 crores. Immediate decision is required in this regard.

MOTOR CARS AND OTHER VEHICLES

Many vehicles of Bangladesh are lying idle without any proper care. The Transport pool may make comprehensive registration of all the vehicles of Bangladesh in all Zones and border areas. The department concerned should keep official records of each and every vehicle of Bangladesh as those are the properties of the Bangladesh Government. The respective valuation of all the vehicles and proper insurance arrangements should be made. It is reported that about 50/60 vehicles are lying in Krishnanagar area. Commercial vehicles may be issued by the Bangladesh Transport pool for the income of the Government if possible.

DESCRIPTION OF SOME PROPERTIES

LIMESTONE MACHINERIES PLANT OF TAKERGHAT: A large Limestone Mining Machineries Plant in unpacked boxes of foreign origin have come to this side. The list of such machineries are available separately.

The value of the entire plant is understood to have about more than Rs. 2 crores as stated by official on the spot. As the plant was imported at a non-devalued currency, i.e., Rs. 11.40 per £ 1. Therefore, the local market value is much more higher.

Barrister Montaquim Choudhury, M.N.A. and Mr. Shahid Ali Khan, M.P.A. have given their very good services to obtain the detailed inventory and all other lists of these properties by spending many days in the spot, otherwise it would be impossible to get such large inventories. Barrister Choudhury is very much influential there and has got good relation with B.S.F. Therefore, the personal efforts of Barrister Choudhury and Mr. Khan may be utilized. It should be noted that the Finance Ministry is benefited with the services of Mr. Shahid Ali Khan who have brought a box of DIAMOND tools and one Type Machine along with inventories of machinery plant etc.

REMARKS: If we like to get maximum price of the machineries, then I feel, we may depute an Engineering firm to survey/assess the machineries and to submit us the actual value of the same prior to bargaining with the interested parties/bidders. But as the "War Smell" is prevailing, we may dispose it off at a maximum price on "As it is where it is basis" without further unscheduled delay. So the circumstances indicate that the same maybe
disposed of as quickly as possible. During or before taking decision, some genuine parties may be given personal interviews, if necessary, to get the maximum price, if the Minister concerned is pleased accordingly.

Reasonable value may be obtained if it is possible to bring these machineries here or inspection team is sent. The list of the plant is available on payment of Rs. 10/- at the Board's Office. Mr. Zahirul Quaium M.N.A., Prof. Hamidur Rahman, M.P.A., Barrister M. Choudhury, M.N.A., Mr. Shahid Ali Khan, M.P.A. and Mr. Akram Siddiqui may also help with their suggestions.

Proper arrangement should be made for the above goods. There must be some concerns from the Govt. of Bangladesh to look after these and to do the needful. It is not known whether this has been brought to the knowledge of the ministry of Defense. If feel Barrister Montaquim Choudhury, M. N. A. and Mr. Shahid Ali Khan, M. P. A. may by authorized to look after those properties as they have given tremendous advises to these and they are the proper person to deal with.

JUTE:  
(1) Bangladesh Crops in 1971 -72 50/55 lacs bales approx.
(2) Last year carried over 15 lacs bales approx.
Total 65 lacs bales.

Due to biggest cyclone of November, 1970, many Railways Wagons were held up specially stocks could not move from North Bengal districts like Jessore, Kushtia, Rangpur, Dinajpur, Bogra & Rajshahi etc.

(3) Mill consumption of Bangladesh 30 lacs bales approx.
(4) World Requirement of Raw Jute from Bangladesh 35 lacs bales approx.

PRESENT POSITION OF JUTE MILLS IN BANGLADESH AND EXPORT.

The correspondent of Associate Press of America Mr. Arnold Zetlin who, visited Jute Board in Dacca, told me and shown his notes in our office as follows:-

All together 64 Jute Mills are working in Bangladesh. The production for shipment in September, 1971 was 26,347 tons
Whereas the quantity in September, 1970 was... 52,627 tons.

This shows that the Bangladesh Jute production in the Jute Mills are now about 50% less.
The following figures were available from the said Correspondent of Associate Press of America about Raw Jute.

**RAW JUTE EXPORT FROM BANGLADESH.**

Raw Jute shipment from Bangladesh in September, 1971 1,65,066 Bales

Shipment was made sometime in September, 1970 2,26,174 Bales.

Before disturbance by Mukti Bahini over ocean ships, Bangladesh shipment position was not bad since the month of June to September.

The said Correspondent also reported that the Jute Board, P. J. A. and Jute Research Authority of Bangladesh were seems to be upset and worried when he met them last week as 2 (two) overseas ocean ships were damaged by the Mukti Bahini. They were of the opinion that the Overseas Jute Industries will suffer very heavily and there is a possibility of diversion of Jute Industries into synthetic industries due to effect in shipment. Some of them have already diverted. I have gathered that many overseas commitments of Bangladesh are dishonored.

**ESTIMATION OF QUANTITY OF RAW JUTE TO BE BROUGHT TO LIBERATED AREA AND ACROSS THE BORDER.**

Now we are expecting to get at least 7/8 lacs of bales over this side. If 50 thousand to 1 lac bales of Jute from this quantity is allowed to be exported, the Government of India and Bangladesh will be in a position to maintain the minimum price level, otherwise there is tremendous possibilities of coming down of the minimum price and diversion of world jute industries into synthetic industries including many other problems which have been stated separately.

**INDIA'S JUTE EXPORT.**

India does not export RAW JUTE to any world market with the exception of RUSSIA, where small quantities are exported under license or Barter from the Indian Government.

India will also shall be benefited considerably by Bangladesh Jute for its superior WHITE Quality and TOSSA quality.

India was getting at least 2 lacs to 3 lacs bales of Bangladesh jute even during 1965 War.

**INDIA'S QUANTITY.**

India's crop was in 1947 ... 16 lacs bales

India's present crop of 1971 ... 70/75 lacs of bales

**WORLD DEMAND & SUPPLY OF RAW JUTE.**

I° India's production in the jute mills. 70/75 lacs of bales excluding domestic consumption
2nd. Bangladesh 30 lacs bales.

POSITION OF OVERSEAS COMMITMENT BY OCCUPIED LAND.

After 25th March, the Bangladesh Jute Exporters and Millers have been seriously affected. Many old overseas commitments are still outstanding and have failed to honour International contracts of raw jute and jute goods. Almost all Jute Export Firms and Mills were completely closed down for many days. Now they have started on Army’s directive having their production by 30% to 40%. Most of the Bengali efficient workers belong to Noakhali are very little in number now. Due to such low production, all the Jute exporters and Millers are running at loss by 50% to 60% as the production costs are made with 3 shifts production along with market value of Bonus Voucher which are only available within 45 days after shipment and payment by the Overseas Buyers. Therefore, the 40% costs are always kept in debit balance, until the overseas payment and Bonus Vouchers are received by the Exporters. About 50% payment of costs remains in dark and in available until payment is covered by Bonus Voucher. Most Bengali raw jute houses and Mills are not getting Bank finance. Most of them are forced to reduce their cash credit limits. At the same time all West Pakistani Banks are trying to get back their invested money by selling stocks at any price. Under these circumstances, no raw jute exporters or Millers are dared to commit any fresh order. They do not entertain any contract due to absence of (A) Management, (B) Bank Finance, (C) Labor, (D) Fall of Production, (E) Communication & (F) Raw Jute.

Overseas Buyers show interest after shipment of goods. The price are 40% to 50% higher when goods are on ocean vessel. Due to such condition, the Overseas Buyers are anxiously looking for the export of Bangladesh raw jute. Some Overseas Buyers are ready to negotiate with Bangladesh even for 1/2 lacs bales. They have already reduced their import from occupied land and eager to give any support for import of Bangladesh Jute.

PROPOSAL OF BANGLADESH JUTE TRADE IN THE BORDER:

The matter is being dealt with by the Finance Secretary with the Indian Authority for clearance. A New short scheme has been given to the Finance Secretary for direct purchase operation. But we did not encourage direct trade to avoid involvement of cash transaction until we get clearance for export. Some genuine parties have offered to purchase our jute with their cash and to pay us a profit or a commission as Royalty to our Bangladesh Government. These parties will start their purchase at the border belt with their own agreement, finance, godown and machineries etc. They will only pay us Royalty for the procurement of Bangladesh Jute. The License-holders may also sell their jute directly to them without involving our finance. For this business, the border areas may be divided into 6/7 Zones for the smooth running of the Jute Trade. They may be
appointed as Purchasing Agent on Royalty basis. They may be advised to deposit some money as advance before operating their business.

PROPOSAL ABOUT JUTE EXPORT AND MEETING WITH MR. D. P. DHAR.

With our personal efforts we have been able to obtain an official firm contract subject to authority's clearance from England and Germany in the name of Bangladesh Trade Mission to be valued at about £4, 50,000. For export, some 50/75,000 bales jute is always available to Bangladesh Government, from existing agents.

During the meeting with Mr. D. P. Dhar in Delhi, Mr. Dhar insisted on the Chairman of the Board of Trade to start immediate local business with the State Trading Corporation of India on a share of profit with them and to wait or sometimes for export. Mr. Dhar also mentioned not to rule out the possibility of raw jute export which will be considered by their Government in near future. On the request of Mr. Dhar, we met Mr. Shwaminathan, I. C. S., Economic Aid to the Prime Minister of India Mrs. Indira Gandhi. Mr. Shwaminathan was very much sympathetic and could realize about the requirement of raw jute export by the Bangladesh Authority. Some news appeared recently in the Indian Press including the 'Statesman' that Bangladesh jute will be exported which are coming in a bulk quantity. About 6/7 lacs bales are being brought to this side. We may convince the Indian Authority to allow only 10% out of the total quantity or a small quantity of 50,000 bales to export, after keeping the interest of the Indian Mills with balance quantity of at least 6 lacs bales for their production. We have got our political and logical ground to convince the Indian authority which are as follows:-

(A) The question of transit facilities for exporting jute through India may easily be considered by them while they have already shouldered the responsibilities of the refugees and extended all out materials aid to Bangladesh through their desperate attempts to evoke the world conscious and facilities to our official visit to United Nations and other foreign countries.

(B) Fair price and tremendous encouragement of Bangladesh growers to bring more quantity to this side or to hold further supply to deny Pakistani Economy.

(C) The existence of Bangladesh Government will be a recognized fact to the world with the export of raw jute in the name of Bangladesh.

(D) Raw jute export will enable the world jute importers to cut their import from Pakistan and will come forward to make trade agreement for the present and also for the future.

(E) The Bangladesh Government will find serious hardship in economic field even after liberation, if we lose such long established market in absence of continuity of export and confidence which may be created even with limited supply of jute.

(F) Indian Jute Mills will not be able to keep minimum price level because of heavy supply and less production unless some quantity of Bangladesh jute is exported. This has reference to Indian News Papers comments.
(G) World market of jute goods will be upset with the absence of superior quality raw jute, when jute industries of other countries will suffer from the traditional supply of good quality of raw jute.

(H) There is a serious possibility of diversion of Jute Industries to synthetic production which will not help the overall jute Industries of the world, including India.

(I) The sincerity and honesty of India will be established in the world including Pakistan, that India has no interest to grab the “Golden Fibre”. Therefore our discussion to convince the authority concern will be for mutual interest and benefit.

DEMONETISED NOTES: FIRM OFFER TO SELL ALL NOTES.

A genuine firm offer has been received to sell all demonetized “Note of Rs. 100’ against payment in foreign exchange of $ 75 (Dollar) which comes to Rs. 562/50 in official (@ Rs. 7.50) rate per Rs. 100/00,. Whilst the Indian market presents us Rs. 35/40 per Rs. 100 which comes to Rs. 350/400 in Indian currency. After obtaining clearance from the Indian Authority, the Finance Ministry may verify the world market and be satisfied with all scrutinize. The Immediate finalization of this deal shall render immense gain to the Bangladesh Government. If we succeed in this deal then the Pak authority will also face another setback. I have been able to get certain information that some foreign bank has either declared fictitious deposits on behalf of some Capitalists and Shaikhs of KUWAIT or there is a business possibility with Pakistan from Middle East countries. A Bank of Switzerland is interested to purchase.

RICE:

Our Board’s member based in Shillong area, Barrister Mr. Montaquim Chowdhury, M.N.A. has reported that good quantity of rice is coming across and being sold on a very cheap rate in Shillong area. We cannot encourage to import Rice as there is a food shortage of about 20 lacs tons in Bangladesh. But when it is compelled, the fare price should be obtained by the Bangladesh Administration.

TEA.

There is a tremendous demand for Tea. Many parties are visiting our office regularly and wanting to immediate purchase of tea of any quantity of cash payment. We can sell any quantity of tea at a very good price at any time on the spot. We do not know what has happened about the tea stocks. Proper enquiry should be made to find out whether we have any stock of tea. It is gathered verbally that Bangladesh used to produce about 70 million pounds. Now tea production is seriously affected. There is a good possibility to bring more quantity of tea. The area Administration of Bangladesh Government may take more constructive steps in this respect. There is a good demand in India though she is producing about 6000 million pounds of tea. Mr. Zahirul Quyum, M.N.A. a renowned tea Garden Owner of Bangladesh may be requested to give his kind suggestion in this respect.

TOBACCO.

No proper arrangements have yet been made to find out the quantity which are coming to this side. I understand that some 1,000 maunds are available at
Changrabandha. Patgram is a leading tobacco growing area and huge quantity of tobacco can be exported at a good price. The good number of interested parties is also visiting for the same. But we are unable to give any details of the stock as we do not have any direct control over the same in this areas due to lack of co-ordination. There is a good prospects of tobacco business.

HIDES & SKINS.

I have discussed with the State Trading Corporation of India who are very much interested to purchase. I understand that some parties of Bangladesh have started this business. Huge quantity of hides and skins are coming in Shiliguri, Jalpaiguri and Tetulia. The undersigned had a discussion with the local MNAs/MPAs who have agreed to arrange realization of taxes and levies or any other income from the merchants during export business. In that area we can establish our right on these commodities by issuing licenses.

FILM.

This Trade Mission had obtained an overseas offer from London who has officially confirmed to purchase the Bangladesh film "JIBAN THEKEY NEYA" of Zahir Raihan with 50% share of profit in foreign exchange. There is a good possibility of this trade in foreign countries. The film Division headed by Mr. A. Khayer, M.N.A. may organise the production of film and Trade as per decision of the Government. But this Bangladesh Overseas Trade Mission may obtain maximum offer with bargaining from the overseas countries and look after all trading interest of Bangladesh films in foreign land which will help Mr. A. Khayer, M.N.A. for any film-trade in foreign land. There is a prospect to produce a film on Bangladesh Liberation Movement in a joint venture with Indian investment. Such prospects may be obtained and examined for onward transmission to Bangladesh Govt. Film Division to make any trade agreement if any. The Board may issue valid document or license for film trading in overseas land with the recommendation of film division if the matter is related to trade in foreign land.

It is reported that some more Bangladesh Film are brought for which the Film Division should be entrusted to treasure them, and any negotiation for maximum bargaining with foreign countries, with the help of Bangladesh Trade Mission.

CAMPHER (KARPUR)

Our Mukti Bahini have taken possession of about 40 packets of campher of Japan origin, along with 12 maunds of Dhp from the Shannagar P. S. in Sundarban area. The owner of the goods Mr. Upendra Nath Sikder stated that the value of the goods will be about Rs. 30/35 thousand. The Bangladesh Government should take immediate steps to dispose of the same, otherwise the entire goods shall be damaged.

MEDICINES.

There is considerable demand of medicines inside Bangladesh where we may issue license to interested parties to bring medicines with proper licences and Royalty if possible.
GROCERY.

Import and export of grocery goods may be allowed subject to the restriction of Overseas Country on the basis of Royalty or Commission with the license to be issued by the Board through this Trade Mission.

ARTS & CRAFTS.

The Bangladesh Government has started one Arts and Design Department with renowned Artist Mr. Quamrul Hasan as its head. They are working well specially in posters, designs, monograms etc. I understand the Government is also meeting their financial requirements. Their artists may be encouraged by arrangement of selling their production as arts & craft of Bangladesh. They may exhibit these arts and crafts in a showroom at Bangladesh Mission which will be attractive to foreigners. The sale proceeds may be credited to Bangladesh Government.

PHOTOGRAPHS:

There must be some concerns who should keep the possession of photographs of Bangladesh. No photographer or any other concerns should be allowed to sell any photographs of Bangladesh. The Government or the Commerce and Finance Ministry should have the knowledge of any sale proceeds of Bangladesh photographs. There is a tremendous demand for such photographs in the whole over the world. The Trade Mission may arrange to sell them at a fixed price collaborating with Directorate of Press and Information Department of Bangladesh and forward the sale proceeds to Finance Ministry. The Govt. have financed to purchase Cameras. Photographers are also maintaining by the Govt. efforts may be taken for income of the Government.

NEWSPAPER:

It is reported that many news papers are being published without any knowledge of Government. Any concern may be entrusted to look into it. It is further reported that some unscrupulous persons are trading with the newsprint which are being obtained from Indian authority in the name of Bangladesh struggle for liberation. These underhand deals of the so called publishers of periodicals and weeklies have been causing immense harm to our national prestige.

STATE BANK OF BANGLADESH:

If our liberation is delayed, the President of the People's Republic of Bangladesh may consider of promulgation of an ordinance to establish a State Bank as large number of transactions and many other monetary problems are to be sorted out. The formation of State Bank may be required when the political recognition shall be achieved from India and other countries. Any reported branch of local bank up to the time of political recognition may be used as agent who may give us space for our cash transaction and chest for deposit along with their security. Creation of this Bank will give immense scope for monetary collection and transaction all over the world on behalf of Bangladesh.

I have been advised by my economist friends and experts in England and other parts abroad who are in a position to bring maximum amount of foreign exchange against
rupee currency for their relation in Bangladesh. Many Sylhet people have held up their remittance from Overseas. I shall give details about the scheme if it be needed. I shall give further information in person.

HUGE ESTABLISHMENT EXPENSES!

The Government of Bangladesh is fortunate enough to get good amount of monetary resources in their hand. They have taken huge responsibility of various expenses of Bangladesh Govt, through the Ministry of Finance. The Government has taken up the most important responsibility to Finance the vast War Operation, Maintenance of Diplomatic Establishment, Radio Broadcasting, Publicity and Propaganda throughout the world, and huge expenditure to maintain the Civil Administration.

But the Government should take necessary steps to gear up the administration to strength the total efforts of Mukti Bahini by each and every manpower. At the same time huge expenses in maintaining the civil administration should be reduced wherever it is possible. It is reported that good performance is given to maintain the Government Civil Officials. It is further reported by a worker that a sum of Rs, 70,000 is being spent per month of Krishnanagar area only as salary of civil official etc. where the entire political workers could be maintained with 30% of this expenditure.

POLITICAL WORKERS:

It should be noted that political workers are the main victims of Pak army and they are the most dedicated souls for the liberation movement with their clean heart and political consciousness which have developed in the process of long sufferings, imprisonment and torture in the past. They have proved themselves as most dedicated Freedom Fighters. But it is unfortunate that they find civil officials are getting more preference now, as they used to get in Pakistan. It is said that blood of millions were not shed for the same type of treatment of Government Civil Servant towards the political workers. Due respect and preference are rare to political workers for which misunderstanding agitation and lack of confidence are mounting.

CHARACTER MUST BE CHANGED:

Each and every person of Bangladesh must change their old character as the old country "Pakistan" is dead. The character of each and every officials, public leaders, workers etc. must be changed. Revolutionary change should be there with new aspiration of new country and new nation. Each and every man power of Bangladesh must perform their duties actively, honestly during this emergency situation under the command of Bangladesh Govt. for the greater cause of liberation.

SHORT TERM THINKING MUST BE AVOIDED:

Many of our Bangladesh people, workers, public leaders are sincere and serious in one thinking "that is to go home within December or as early as possible". But a few of us are taking self-responsibility about the present WAR of liberation and for future socio-economic structure of the new society in addition to our thinking of going home. The Govt. of Bangladesh in aware of the fact for which a planning Commission is set up with
eminent expert of the country. It is very important now to each and every citizen of Bangladesh to be more serious, active and united under the banner of Bangladesh Government and to give our all efforts and help to WIN the WAR. At the same time we must work hardly even day and night for the income of the Govt. to continue our WAR and consolidated struggle with long term policy and to give future economy to the new society where there may be tremendous crisis and famine even after liberation.

Therefore, setting up of Government machineries like Trade Mission is extremely essential for Trade activities from this time onward and for future economy according to the manifesto and policy of the Awami League for Nationalization and Socialism.

SECRET

President’s Secretariat

To

The Commander-in-Chief,
Bangladesh Army.

**Sub: Safe custody of movable and immovable properties and various products in the liberated areas of Bangladesh.**

As our valiant Liberation Army is marching forward rolling back the occupation forces in Bangladesh, it is now necessary that specific instructions should be issued to the Sector Commanders, Sub-Sector Commanders and other officers down in the line of command that the declared policy as well as anxious concern of the Government of the People's Republic of Bangladesh is that all movable, immovable properties and standing crops in the liberated areas are kept in safe custody and returned to the legitimate owners after obtaining clearance from the appropriate authority. This, of course, is the Primary responsibility of the civil authority who will receive detailed directives on this behalf very shortly. In the meantime, the armed forces may be instructed to render all help and cooperation to the civil authority in safeguarding the properties in the liberated areas.

2) It has been represented to me by public leaders that Sundari timber and Golpata are the most valuable resources of Sundarban and in our national interest; all possible steps should be taken to avoid their destruction. I would suggest that necessary instruction may please be issued to the Sector Commanders concerned in this regard.

সংগ্রহের শেষ প্রহরে নতুন অধিশপথ

আমার প্রিয় দেশবাসী বাহিনীর,

ঝাঁকতেছি, সৎকথা, আমাদিগের শেষমত প্রহর আমারা অতিক্রম করে এসেছি। বাহিনীর মূর্তি ভাসা বাংলাদেশের নির্বাচিত ব্যক্তিত্ব। বাহিনীর এই মূর্তি সকলের প্রতি, আমাদের অভিন্নতা ও অনুভূতি প্রদর্শন করবে। আমাদের সাথে ইতিহাসের পাতায় লিখিত হবে আমাদের এই মূর্তিগুলোর দিন।

পরিপ্রেক্ষিত বাংলাদেশকে অনুপ্রাণিত নায়ক কীভাবে নির্দেশিত আমাদের প্রতিদিনশ্চ পদতালে রাখা ভাল। বাংলাদেশের মায়ের যদি নির্মমত গণহত্যা অবহিত হয় তাহে তবে বিবর্ণিত জ্ঞাতকাল করার জন্য মানুষের প্রদর্শনী এই দীর্ঘ আই মানুষাত্মক যে অর্থে পরিচিত করা হয় তাঁহারা আমি পরিপ্রেক্ষিত বাংলাদেশ সরকার ও বাংলাদেশের সাথে সাধা কোন মানুষের তর্ক থেকে তাঁকে ও ভারতবাসীকে অতিন্দ্রিক ভান্দার জানাই।

মিত্র রাষ্ট্র ভারতের রোগী বাহিনীর জোয়ান্ডারা আমাদের বীর মুক্তিযোদ্ধাদের কাঙ্গে কোথে মিলিয়ে বাংলাদেশের মাটি থেকে হামাদার শুদ্ধিকের নির্মিত করার জন্য আমার বুদ্ধ করে চলেছে। আমার এই ভাবেই দুই দেশের জনগণের মধ্যে যে অংশ বুদ্ধ রচিত হয়ে তা রক্ষা দিয়ে লেখা। মিত্র রাষ্ট্র ভারতের জোয়ান্ডারকে আমি বাংলাদেশের জনগণের তর্ক থেকে অতিন্দ্রিক অভিনন্দন জানাই।

বাংলাদেশী শৌর্য-বীরের ইতিহাস

প্রায় সাড়ে আট মাস হয়ে চলেছে, আমরা এ মুক্তিযুদ্ধ পরিচালনা করে এসেছি। এই সংগ্রহের ইতিহাস জয়ের ইতিহাস, শহরের উল্লিখিত আয়ত হারান ইতিহাস, বাংলাদেশ শৌর্য-বীরের ইতিহাস, শহরের পার্শ্঵াঙ্গিকের পার্শ্বের ইতিহাস। এ ইতিহাসে যে শীর্ষক দিয়েছেন, বাংলার সেই কোটা কোটি জনসাধারণের, যাদের তাত্ত্বিক ও সমাজতাত্ত্বিক ইতিহাসের স্থান নেয়া হয় কাহারো কাহারো কারণে, তাদের সমস্ত আমি সংগ্রহের সালাম জানাই। বাংলার বীর সন্তানদেরা যারা আত্মকরণ করে হারান শুদ্ধিকে আগ্রাসন হয়েছেন, সেই মুক্তিযোদ্ধানিয়ে, বীর শৈলীকেরকে আমি আজকের দিনে আমার অতিন্দ্রিক ভান্দার জানাই।

আজকের দিনে মার্গ করি সেই সম্ভুত বীর শৈলীতে আমরা মানুষের রক্তে বাংলার শাসন প্রাপ্ত লাল হয়েছে, আমাদের বীরত্বের ইতিহাস বাঙালী জাতির জন্য এক পৌরোধকের অবধি করে গিয়েছে।

বন্যা আমার, রক্ষণ আবরে লেখা, এই সংগ্রহের ইতিহাসের সফলতার এ ক্রান্তিলগ্নে আজ গণ্ডীর প্রশংসা সঙ্গে স্মরন করি বাঙালী জাতির পিতা জন্য শব্দ মুজিবের রহমনের। বাহিনীর এ উল্লিখিত আজ তিনি আমাদের মধ্যে নেই, বর্তমান জীবনের কারণে আজ তিনি আবার। আমারা জানি না, আমাদের কারণে তা হুমাকা জীবনে তিনি আসন্ন করেছেন। বাংলাদেশের মানুষ, বাংলাদেশের বীর মুক্তিবাহিনী, আমারা সবাই তাই আদর্শে অনুরূপিত, আমার আদর্শের কোন নেতাদের জন্য আমার এই সংগ্রহের লাল এবং চলেঃ সেই মানুষ নেতাদের মৃত্যুর আনার জন্য আমারা চেষ্টা করবো এবং করে যাবো। যে হামাদার দুর্বল বাংলার সন্তানকে কারাগারে আমাও অবশ্যই আমারা চেষ্টা করেছিলাম। তাদের কাছে আমি বলে চাই, সাহা সাহা কোন বাঙালীর দুর্বল সাহা আমার অধিকার যেমন অধিকারের ভাষায় রক্ষা করার যাদৃচ্ছিক, কোনো করে বাংলার অবসংবিদ্ধ নেতাদের কারাগারে রক্ষা নিত্যর পান না।
বিভিন্ন দেশের প্রতি আবেদন

বছরা আমার, আজকের এই দিনে ভারতবর্ষ যখন আমাদেরকে সৃষ্টিতে দিয়ে সারা পৃথিবীর সামনে সাক্ষাৎ করতে হবে মনুষ্যের ইচ্ছায় পৃথিবীতে গেলে বলি থাকলে, সেই প্রাথমিক বিভিন্ন দেশের প্রতি আবেদন করব, আপনারা ধর্মীয় গণপ্রজাতন্ত্রী বাংলাদেশের সাবেক কীর্তিক করে দিন। ধর্মীয় ও গণতন্ত্রের যে মূলস্বর্ণ যুগ যুগ ধরে পৃথিবীতে মনুষ্যের অপরাধিক সাহায্য করেছে, সেই ধর্মীয়তার ও গণতন্ত্রের মূলস্বর্ণের যদি কারে কোন আঘাত আছে তাহে, আজকে তাদের কাছে আমার উদাচ আহবান , বিধি না করে ধর্মীয় বাংলাদেশের সৃষ্টিতে দিয়ে পরিবর্তন আর ধর্মীয়তার মধ্যকার করে করা কর।

বছরা আমার, আর বিবাহ, ভারতবর্ষের দৃষ্টিকোনো অনুসরণ করে অটিয়ো পৃথিবীর আরও দেশ অমাদেরকে সৃষ্টিতে দিয়ে সারা পৃথিবীর সামনে সাক্ষাৎ করতে হবে মনুষ্যের ইচ্ছার পূর্বে পৃথিবী সকাল বিশ্বদেশের মধ্যে নিতে পারেছে না, তাদের তুষার ভিত্তিক বিবিধতার বিশ্বরূপোরা। কিন্তু পৃথিবীর প্রধান শাখার মনুষ্যের জন্য আমার শাখার ভবনের জন্য আমার উচ্ছেদ করার চিন্তা যে প্রবর্তকে প্রদর্শন করার জন্য এখনও কিন্তু ও দুর্বল প্রচুষ চলাচলেন, যে সমস্ত রাজ্য আজকে তাদের অভাবের ফলে একাধারে প্রচুষ চলাচলেন, যে সমস্ত রুদ্ধ রাজ্যের কাছে আমি এখনও অবদান করব, আনন্দার আনন্দের নীতি পরিবর্তন করেছে, বাদকের কীর্তিক করে নিন। ধর্মীয় বাংলাদেশের সর্বকে আপনারা উপশম করে পারেন নাই, অভিযোগ ও পারেন না।

বছরা আমার, ধর্মীয় বাংলাদেশ প্রতিষ্ঠা হয়েছে, আজকে হানার বাহিনী বাংলাদেশের বিভিন্ন অঞ্চল থেকে হীরট যাচ্ছে, আমাদের মুক্তিবাহিনীর সহায়তায় মুক্তিবাহিনীর জয়ীজয়েরা, মুক্তিবাহিনীর দলী-দলিতগণের দূর্বল নাবিকেরা, মুক্তিবাহিনীর অসম সাত্তারা বৈমানিকেরা আজকে যে অভাব আত্মত হয়েছে পিছু হটিয়ে দিচ্ছেন। শ্রদ্ধার করেই বড় জাত কাউন্সেলে আজকে তারা আবার।

আর বেশী কথিত নাই

প্রিয় দেশবাসী তাইয়েরা, আপনারা বিবাহ করিন, আর বেশী কথিত নাই, যদিও মিত্রবাহিনীর সহায়তায় আপনাদের মুক্তিবাহিনীর ইয়াইয়াহিয়া খানের সূচনা সৈনি-বাহিনীকে বাংলার মাত্র থেকে সমুলে উৎসাহ করিন।

তাই আমি দেশবাসীর কাছে আবদেন করি, শেষ আর চরম আত্মত হানার জন্য যখন আমাদের মুক্তিবাহিনী, আমাদের মিত্রবাহিনীর সহায়তায় জাতীয় পন্ডিতকে এগিয়ে চলেছে, তখন আপনারা তাঁদের প্রতি যে সহায়তা, সাহায্য পিতা সাহ্যে আর মাজ দেশের নাই, সেই সহায়তাটি এবং সাহায্য দিয়ে শেষ বিজয়ের মুখ্যতের কতৃত্বিত করিন।

বছরা আমরা, প্রিয় দেশবাসী তাইয়েরা আমরা, আজকে বাংলাদেশের গোটা কর্তিয়ে জায়গা ছাড়া বাকী অঞ্চল মুক্তর এই সমস্ত মুক্তিযুদ্ধ ধর্মীয় গণপ্রজাতন্ত্রী বাংলাদেশের পক্ষ থেকে শাসন ব্যবস্থা করিয়ে করা হচ্ছে মুক্তিযুদ্ধে আমাদের সাহায্যকারীর তাক্তে থেকে যে শাসন ব্যবস্থা করিয়ে করা হচ্ছে, আমি আশীর্বাদ যতে সেই শাসন ব্যবস্থা পরিপুণ্যভাবে মুক্তিযুদ্ধের জন্যের সাহায্য এবং স্বীকৃতিতে আমারা পাচ্ছি।

বছরা আমরা, অচিরেই সারা বাংলাদেশ জুড়ে গণপ্রজাতন্ত্রী বাংলাদেশ সরকারের শাসন ব্যবস্থা করিয়ে হচ্ছে। দীর্ঘ গৌরব বাদামের ঔপনিবেশিক শাসন এবং গৌরব শাসন শাসনের নিত্যবিদ্যার মেহেন্দির ফলে বাংলাদেশের শাসন কাঠামো ও অর্থনৈতিক অবস্থা সামাজিকভাবে বিপর্যস্ত হচ্ছে। এর অপরিহার্য পূর্বতনজীর}
দায়িত্ব আমাদের সকলের উপর রয়েছে। বিপর্যস্ত দেশের অধ্যুষিত ও সমাজ ব্যবস্থা পুনর্নির্মাণের দায়িত্ব আমার সরকারের সঙ্গে সঙ্গে দেশবাসী সরাইকে নিতে হবে। যে অংশ মনের ও অকুলনীয় বীরত্ব দিয়ে দেশকে আপনারা শক্তি করে চলাচলে ইহাদের তা অন্যা ঘটনা হিসেবে শান্ত পাবে। এইরূপ মনের ও উদাসকে এখন দেশ গঠনের কাজে নিয়োগ করতে হবে। একদিকে যেমন শেষ দুর্গী নিন্দন না হওয়া পর্যন্ত অবিরাম সম্প্রমাণ করে দেবে, অন্যদিকে তেমনি স্পর্শপ্রসন্ন বাংলার হত নৌকার্থ ও সম্প্রদায়ের পুনরুজ্জ্বলের জন্য নিরলস প্রচেষ্টা চালিয়ে দেবে।

বাংলাদেশ সরকারের মৌলিক নীতি

বাংলাদেশের পুনরুজ্জ্বল আমার সরকারের মৌলিক নীতি ইতিপূর্বেই যেখানে করা হয়েছে। ধর্মনিরপেক্ষতা, গণতান্ত্রিক অধিনিয়মের উপর ভিত্তি করে ভবিষ্যদেশে সুখী আর সমৃদ্ধিশালী বাংলা গঠন করতে হবে।

বাঙ্গালিনী বাংলাদেশ মানুষে মানুষে কোন প্রফেস থাকবে না। হিন্দু, মুসলমান, বৌদ্ধ, সিয়াদ, যে বংশ কোন হেন না কেন, তাদের ভালভাবে আর সামাজিক জীবনে পরিপূর্ণ ধর্মীয় বাংলায় থাকবে। রাষ্ট্রীয় জীবনে গণতান্ত্রিক মূল আদর্শের উপর ভিত্তি করিয়ে ভবিষ্যদেশে সুখী আর সমৃদ্ধিশালী বাংলা আমারা গড়ে তুলব।

পুনরুজ্জ্বল বাংলাদেশ প্রভাব নাগরিকের মৌলিক অধিকার সুকুল হবে। প্রত্যেক নাগরিককে গণতান্ত্রিক বাংলাদেশের তার ব্যক্তিগত অধিকার প্রয়োগের পূর্ণ ক্ষমতা দেওয়া হবে।

জলদসের দ্বারা নিঃস্বত সরকারই ভবিষ্যতে বাংলাদেশের হারিত, বাবীনা আর আপেল্টির দায়িত্ব প্রলেপ করবে।

বাংলাদেশ আমার, আইনের শাসন প্রতিষ্ঠা করাই হবে ভবিষ্যৎ গণতান্ত্রিক বাংলাদেশ সরকারের মূল লক্ষ্য।

তাই দেশবাসী ভাবনার কাছে আমি আবেদন করছি, সরকারের তরফ থেকে আইনের শাসন প্রবর্তন করে যুক্তিবিশিষ্ট সৃষ্টি বাংলার শাস্তি-শৃঙ্খলা ফিরিয়া আনবার জন্য সরকারের শেখর পদক্ষেপগুলি নেবেন, আপনারা এই পদক্ষেপে সরকারকে সাহায্য এবং সহযোগিতা করবেন।

দেশবাসী ভাবনার কাছে আরও আবেদন করব, দিয়ের হাতে অপনারা আইনের ভাঁট তুলে নিবেন না। অপনারা শাসন ও শৃঙ্খলা বজায় রাখার জন্য নিজ নিজ এলাকায় নিজের দায়িত্ব প্রক্ষণ করুন। মুঘলীনার বীর সৈনিককে এবং আমার সরকারের নিয়োজিত কর্মচারীরা আপনাদেরকে পরিপূর্ণভাবে সাহায্য করবে।

বাংলাদেশ, নিশ্চল ভবনে সৃষ্টি বাংলাদেশের অধ্যুষিত ব্যাপ্ত হচ্ছে পক্ষপাতিত্ব। বাংলাদেশ সরকারকে অল্প করে বছরে সৃষ্টি বাংলাকে শুরু করেছে। বাঙালি সঙ্গীতিবাহী আমাদের অধ্যুষিত মেরেছে, অনেক শিখ-কারখানারা যথার্থ করে নিয়েছে। বিপর্যস্ত এ অধ্যুষিত হতে শুরু করে বাংলাদেশ সরকার বাংলাদেশের মানুষের জন্য অধিনিয়মের ব্যাপারে আমার শাসন নিয়ে।

আমার সরকারের তরফ থেকে আমি বলিবো যে কোথায় হয়ে, একটি সামাজিক অধ্যুষিত ব্যবস্থা কামনার অর্থ দিয়ে বাংলাদেশের সকল শ্রেষ্ঠীর সকল ভর্তির মানুষের জন্য অধিনিয়মের মূর্তির সহায়তার প্রচেষ্টা আমার চালিয়ে যাবে। আমার এর একটি অধ্যুষিত ব্যবস্থা প্রবর্তন করব, যে অধ্যুষিত ব্যবস্থার ব্যবহার দুর হবে- যে অধ্যুষিত ব্যবস্থার গচ্ছে ভাবনা প্রতিষ্ঠাতা কোন প্রাক্কার মানুষ তার জীবন ধারণের পরিপূর্ণ সুযোগ পায়।

কিছু যুক্তিবিশিষ্ট একটি সৃষ্টি কোন সরকারের পক্ষেই কোন অধ্যুষিত পরিপূর্ণ কার্যকরী করা সম্ভবপর হয় না যদি না দেশবাসীর পরিপূর্ণ সমাধান পাওয়া যায়।
আমার সরকার অচিন্তিত অনুষ্ঠানের মূল বিষয়গুলি দেশবাসীর সামনে প্রকাশ করবেন। আমি দেশবাসী ভাইয়ের কাছে আবেদন জানাই, সরকারের এই প্রচেষ্টার আপনার পরিপূর্ণভাবে সাহায্য আর সহায়তা করবেন।

বলেন, বেশ দুঃখ, বেশ কষ্ট আমারা করেছি। বেশ রক্ষা আমারা দিয়েছি, বেশ মায়ের মুক্ত খালি হয়েছে, বাংলার বেশ নারী তার ইচ্ছে বুঝিয়ে হারিনতা অর্জন করার জন্য। যে হারিনতা আজকে অফিসে চলেছে, সেই হারিনতাকে স্থায়ীভাবে আমাদের ভবিষ্যৎ বাশনদরের জন্য ফলপ্রসূ করার মহান দায়িত্ব দেশবাসী সবাইকে নিতে হবে।

তাই দেশবাসী ভাইয়েরা, হারিনতার সমাপ্তি চেয়ে আপনার আমার সমাপ্তি হবে এ মনে আপনারা না ভাবেন। সদ্ব্যতন অভিজ্ঞতা পুরেপিয়ে, গণতান্ত্রিক সমাজ ব্যবস্থা প্রতিষ্ঠায় আমাদের হারিনতা সমাপ্তির মতামত সৃষ্টি মনোনয়ন নিতে আরাম পরিশ্রম করে আমাদের কাজ করে চলেছে।

নতুন সমাপ্তির আহবান

প্রিয় দেশবাসী ভাইয়েরা, অভিজ্ঞতাক, সামরিক, সংঘবদ্ধ সমাপ্তির এই আহবান আজকে আমি অপনাদেরকে জানাই। আমি আশা করি, হারিনতা সমাপ্তির সবাই আপনারা সবগুলিতে সাক্ষাৎ নিয়েছেন, আমার সমাপ্তির সাথে সমাপ্তির সবাই আপনারা সাক্ষাৎ নেবেন। বাংলার আমাদের সমাপ্তির সামাজিক সমাপ্তির প্রতিষ্ঠায় আমাদের সাক্ষাৎ নেবেন।

নতুন সমাপ্তির আহবান

প্রিয় দেশবাসী ভাইয়েরা, আজকের এই সম্পাদনার মূল বিষয়গুলি প্রযোজ্য হল। আমি আশা করি, হারিনতা সমাপ্তির সংস্কার আপনার আরও সমাপ্তি চেয়ে আশানীতি প্রকাশ করে। আমাদের সরকার অপনাদের নির্দেশিত মাধ্যমে সবাই আমাদের পাশ থেকে অপনাদের সমাপ্তির সারাংশ নিয়েছেন।

শেষ উপর শেষ আমাত

বীর মূলকাহীনীর ভাইয়েরা, সমাপ্তির এই মহান সৃষ্টিতে সমাপ্তির জন্য আমাদের আজ এই চরমমোট নতুন করে অশ্লীল নিতে হবে। বীর মূলকাহীনীর জোয়ার, বাংলার সমাপ্তির ছায়ায় ও তর্কদারে, দেশমাতৃকাকে শেষ করল-মুক্ত করার জন্য তোমরা বীরত্বের সম্মান সংগ্রহ করেছ।
তাদের বুকের তাজা রক্ত বাংলার শ্যামল মাঠিতে ঢেলে দিয়েছেন। তাদের সঙ্গে কাঁধে কাঁধ মিলিয়ে শরুর শেষ দুর্গমগোরুর উপর প্রচুর আঘাত হানতে হবে। আঘাতের পর আঘাত করে শরুর দুর্গমলিকে চুর্ণ করে দাও।

আজকে তোমাদের একটি দুর্বল শপথ হোক- সেই শপথ তেং ঠাকুরা চলো। ঠাকুরা চলো বাংলাদেশের স্বাধীন পতাকা উজ্জ্বল করো।

আমি আত্মানি ঠাকুরানির কাছে মোকাবেলা করব। বাংলার দুর্বল বীররা, তোমাদের চরম সাফল্য নিকটবর্তী হোক।

প্রিয় দেশবাসী ভাইবোনেরা, স্বাগতের এই শেষ মুহূর্তে আপনারাও মুক্তিবাহিনী আর মিত্রবাহিনীর সঙ্গে কাঁধে কাঁধ মিলিয়ে শেষ দুর্বল শরুর হোন। আপনাদের কাছে আমার এই আঘাত আবেদন। ইন্দিয়া, আমাদের সুনিশ্চিত সাফল্য আমরা আজ দেখতে পাই।

আঘাতের মেহবাবীতে, গণগ্রামজীবী বাংলাদেশ সরকার ঠাকুরা বুকে প্রতিষ্ঠিত হবে। বাঙালী জাতির পিতা শেখ মুজিবুর রহমানের স্বাধীন সফল হবে।

Minister-in-Charge,
Finance, Trade & Commerce,
LET US BUILD GOLDEN BENGAL

My dear countrymen and comrades,

The Pakistani generals have plunged the sub-continent into a calamitous war. It was clear for months that they were seeking this evil consummation of their folly and crimes in Bangladesh.

The aggression against India has taken place in the background of Pakistan's humiliating reverses at the hand of the Mukti Bahini and India's warm-hearted support to the people of Bangladesh in their just struggle.

The peril from the common enemy has brought the people of Bangladesh and India closer than ever. Our forces are now fighting shoulder to shoulder with Indian forces; and their blood is mingling with ours on our soil. This seals the bond between two peoples who are destined for friendship.

The people of India had always recognized us in their hearts and now their Government has accorded formal recognition to the People's Republic of Bangladesh. It is a tribute to the martyrs in the cause of our freedom and a triumph for all classes of people in Bangladesh, their elected representatives, and the Mukti Bahini whose efforts, sacrifices and impregnable, unity have won them diplomatic recognition as an independent and sovereign nation. It is also a triumph for the people of India whose united wish was for Bangladesh to be recognized. This is indeed, a fine hour for both Bangladesh and India.

This is but natural that India, the largest democracy in the world, should be the first to welcome us to the comity of independent nations. Her commitment to humanity and freedom, evident in her caring for ten million uprooted Bengalis and bearing the brunt of war to defend their democratic right, must be regarded as a marvel of our time. We rejoice at India's bold decision, and thank Prime Minister Indira Gandhi, the Government of India, the members of the Indian Parliament, and the people of India for their historic contribution to the consolidation of our statehood. The Bengali nation owes as infinite debt of gratitude to Sreemati Gandhi's sagacity and statesmanship. Following India, Bhutan has given us recognition, and we are also grateful to the King and people of that country.

India's recognition of the People's Republic of Bangladesh is a big event. As far as our relations with India are concerned, their foundation will be friendship and mutual respect. The tie we have forged with the Indian people in adversity and war will endure in peace and will, I am confident, bring lasting benefits to our two nations.
The joy of the people of Bangladesh is, however, darkened by a cruel irony. Sheikh Mujibur Rahman, the father of the Bengali nation, is in the prison of the enemy at this hour, when Bangladesh, his dream, has come true on the international plane. The Bangabandhu, whether away from his people or among them, is always in their hearts. He is the symbol of the consciousness that has changed the past for us and is part of the mythology that will sustain this nation in the future. And yet his absence from us now is painful.

The emergence of free Bangladesh should be welcome to all progressive nations. The new state represents peaceful coexistence, non-alignement in international politics and opposition to imperialism and colonialism in all forms and is committed to democracy and a secular and socialist way of life. I invite the nations to follow the example of India and Bhutan and accept the reality of seventy-five million people. The alternative to this is flying in the face of common sense.

The West Pakistan Government is being engulfed by the evil it has brought into existence. The attempts of her patrons in the UN Security Council to save her from Nemesis has so far been unsuccessful. The American resolution calling for a cease-fire in the sub-continent without attending to the root cause of the conflict in Bangladesh is, in fact, a monument to America's blindness and perversity. China is also guilty of the same failure of judgment. The people of Bangladesh are grateful for the Soviet veto.

We in Bangladesh must now complete the task assigned to us by history and drive the last nail into the coffin of a fascist state led by crazy militarists. The ring of death is fast closing round the enemy. He is in retreat everywhere and reeling under the blows of the Mukti Bahini and our ally. The hour has struck for the people of Bangladesh to rise against the invader to a man and give him the coup de grace he has earned. They must at the same time aid the liberators in every possible way, help maintain law and order, and co-operate with the administration of the Government of Bangladesh. Let it not be said of anyone in Bangladesh, whatever his station in life, that he failed when the call came.

I call upon all enemy troops and razakars to lay down their arms and surrender. They can yet save themselves by heeding this call. I also call upon all citizens of Bangladesh to avoid the temptation to take the law into their own hands. We must remember that it is the prerogative of the State to punish offenders according to the due process of law. If a single citizen of Bangladesh is harmed or hurt because of his language or race it will be a betrayal of the ideals of the founder of the nation and the flag of free Bangladesh.

Bangladesh will carry in her bosom the scars caused by the occupation army for a long time, but there is comfort and exultation in the thought that the end of the invader is come, that Bangladesh is going to be completely liberated, and that her homeless stricken children will soon return home from their sorrow and exile.
As we win the war, we must prepare to win the peace. The edifice of 'Golden Bengal' must be laid on the ruins left by a cruel war, and every one of her sons and daughters must take part in the exhilarating and humbling task of reconstruction and development. The revolution begun by the Bangabandhu will end only when his ideals of democracy, socialism and secularism are fully realized.

Memo No. Cab/446 Date: December 11, 1971.

To
Mr. Anwarul Haque Khan,
Secretary,
Ministry of Information & Broadcasting,
Government of the People's Republic of Bangladesh.

The Cabinet in its meeting held on Friday, December 10, 1971 have taken the following decisions among others, which need to be immediately broadcast and given maximum publicity through all your media.

"Government is aware that many Government Servants were serving under duress and guarantees that no one will be punished without fair trial in accordance with the Law.

All Government Servants who left their posts during enemy occupation and remained inside Bangladesh should return to their posts as soon as the areas are liberated and establish contact with the local Administration.

Those who were at their posts at the time of liberation should remain in their posts and establish similar contact with the Administration, until further orders. However, in cases where appointments are made under the orders of the Government of the People's Republic of Bangladesh, the present incumbents will revert as officers on Special Duty.

Those Government Servants who left their posts and crossed into neighboring countries, unless otherwise assigned by the Government of the Peoples' Republic of Bangladesh, to any specific purposes, should also return to their posts held by them on or before March 25, 1971 with prior intimation to the Government and the nearest Bangladesh Administration. Present holders of such posts will become officers on Special Duty until further orders."

The announcements may please be made today.

MISCELLANEOUS.

A. The recent press reports regarding appointment and posting of officials under the Government of the People's Republic of Bangladesh were brought to the notice of the Acting President and the Cabinet. After some discussion on the subject it was decided that a statement clarifying the policy of the Government in this regard should be issued by the Acting Secretary General, who would act as the Spokesman for the Government on the Administrative matters. It would be made very clear that the Government of the People's Republic of Bangladesh would borrow the services of only experts and skilled personnel from outside as Advisers in such cases where they would not be available to the Government of the People's Republic of Bangladesh immediately. To dispel misgivings it was further decided to announce all important Government postings clearly mentioning the names, former postings, and present assignment of the incumbents.

B. Copies of all letters of appointment should also forwarded to all Zonal Councils. The Councils should also informed of all the transfer/ posting orders covering the employees working in respective Zones.

C. The Cabinet also considered the question of issue of entry permits. It was decided that entry permits issued by the Government of India would be considered as a.............. clearance from that Government. On the basis of such clearance the Bangladesh High Commission would issue entry permits to intending visitors to Bangladesh.

EXTRACTS FROM THE MINUTES AND DECISIONS OF
THE CABINET MEETING HELD ON
DECEMBER 3, 1971

AGENDA NO. 2: Trial of Collaborators.

The Cabinet considered the summary on the subject "Trial of collaborators" and after due deliberation decided as follows:

a) An announcement should be made forthwith to the effect that a machinery of justice is being established for the trial of collaborators and that pending trial all alleged collaborators should be protected and that private retribution must be prevented.

(b) The recommendations contained in the summary on the subject "Trial of Collaborators", submitted by the Secretaries’ Committee, were accepted as noted below:
(i) Tribunals will be formed for different categories of collaborators.

(ii) An announcement should be made through radio and other media of communication that local authorities under the Government of the Peoples Republic of Bangladesh have been authorized to arrange immediate arrest and safe custody of collaborators pending trial.

c) The subject "Trial of Collaborators" should be immediately examined in details by a Committee of jurists and legal experts, who will advise the Government, particularly on the following matters:

(i) Whether new law should be drafted to give legal form to the recommendations made to the Cabinet by the Secretaries' Committee or this should be done within the framework of the existing law. If the law on the trial of collaborators is to be framed according to the existing law/laws, under the provisions of the Proclamation of Independence Order dated April 10, 1971 and the laws Continuance Order dated April 10, 1971, how should it be fitted therein.

(ii) Whether the offence of collaboration should be given precise definition or it is covered sufficiently by the existing law dealing with such crimes as waging war against the State, sedition, murder, loot arson etc.

(iii) What should be the composition of the tribunals or Special Courts?

(iv) What category of persons should be tried?

(v) What other allied factors are to be considered and brought within the legal framework?

(d) The Committee of Jurists and legal experts should be immediately constituted by the Ministry of Law and Parliamentary Affairs and further necessary action should be taken by that Ministry. If necessary, the Ministry of Law and Parliamentary Affairs may ask for the services of legal experts from the Government of India.

AGENDA NO 3: - Screening of employees of the Government, Semi-Government and autonomous bodies.

The Cabinet considered the summary on the subject "screening of employees of the Government, semi-Government, and autonomous bodies". The recommendations contained in the summary were accepted with certain amendments. The Cabinet decisions of the subjects, with amendments, are noted below:

1. Screening Committees will be set up as follows:

(i) Screening Committee A-for dialing with all persons drawing a salary of Rs. 2000/- and above;

(ii) Screening Committee B-for persons drawing a salary of more than Rs. 750/- but less than Rs. 2000/-;

DECISIONS OF THE CABINET MEETING HELD ON FRIDAY, DECEMBER 10, 71, ON THE SUBJECT "RESTORATION OF CIVIL ADMINISTRATION".

The maintenance of law and order and the provision of essential services is the foremost task to be taken in hand by the Bangladesh Government in the wake of liberation. To achieve this it is necessary to repair and restore the Civil Administration immediately.

2. Taking all factors into account, it seems that there is no alternative to the retention of the existing personnel and administrative structure at the district level and below. Government will make categorical statement forthwith to the following effect:

(a) A high power Administrative Reforms Commission will be set up within two months of the Govt.'s shifting its headquarters to Dacca to draft legislation to reform the services and administrative structure in accordance with the fundamental principles enunciated by the Govt. from time to time.

(b) A high powered Screening Committee will be set up to punish or remove unpatriotic officials. This is in addition to the trial of those who have actively collaborated with the enemy, under the law for trial of collaborators.
(c) Government is aware that many Government servants were serving under duress and guarantees that no one will be punished without fair trial in accordance with the law.

(d) All Government Servants who left their posts during enemy occupation and remained inside Bangladesh should return to their posts as soon as the areas are liberated and establish contact with local Administration. Persons appointed/posted to these places after March 25, 1971, will revert as Officers on Special Duty. Those who were at their posts at the time of liberation should remain in their posts and establish similar contact with the local Administration until further orders.

Notwithstanding the above, all postings and appointments made by the Government of the People’s Republic of Bangladesh will hold good and present incumbents of these posts will become Officers on Special Duty until further orders.

(e) Those Government servants who left their posts and crossed into neighboring countries, unless otherwise assigned by the Government of the People’s Republic of Bangladesh to any specific purposes, should also return to their posts held by them on or before March 25, 1971 with prior intimation to the Government and nearest Bangladesh Administration. Present holders of such posts will become Officers on Special Duty, until further orders.

(f) The Offices of Zonal Administration will submit to the Government a list of Government Servants whether at present employed or not indicating the last posts held by them in Bangladesh.

3. Out of the list of personnel furnished by Zonal Administration paragraph 2 (f) above or available in headquarters office. Thana Units will be formed ready for dispatch to places where vacuum may exist. The composition of the Unit will be as follows:

<table>
<thead>
<tr>
<th>DESIGNATION</th>
<th>FUNCTIONS.</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Thana Magistrate</td>
<td>Law &amp; Order and overall co-ordination</td>
</tr>
<tr>
<td>2. CO (DEV)/Special Relief Officer</td>
<td>Relief and treasury</td>

</tr>
</tbody>
</table>

The Thana Magistrate will have the power to deploy personnel available within his jurisdiction, in any manner he chooses to meet emergency with regard to maintenance of
Law & Order, rehabilitation, supply of essential commodities and restoration and maintenance of services. He will be the financial controller at the thana level. As financial controller he will incur expenditure in respect of pay of officers and establishment and contingencies out of the imprest placed at his disposal. The CO (DEV) will act as special Relief Officer.

The Secretary, General Administration will follow up implementation of the decisions by the Department concerned.

4. Each Thana Unit constituted under para 3 shall be provided with one month's pay in advance before being dispatched to their places of duty. The Treasury Officer will be provided with an initial imprest of Rs. 10,000.00 (ten thousand).

The Cabinet was also pleased to take the following decisions for restoration of Civil Administration in Bangladesh:

(a) Deputy Commissioners and District Magistrate, the Superintendents of Police will be posted in all the 19 districts. Other officials will be posted whenever necessary.

Regarding administration of the Municipal/Town Committees and villages, the following decisions were taken:

(b) For the time being Administrators will be appointed by the Government to take over and start functioning the Municipal and Town Committees. The Administrators will continue to function till such time Committees are appointed by the Government to run the administration of the Municipal towns. The Committee will be nominated in due course.

(c) For the maintenance of Law and Orders and for provision of basic facilities at the village levels, Gram Panchayet will be responsible. They will be assisted by Gram Rakshmi Bahini.

(d) The Cabinet was pleased to observe in this connection that people's representatives should be associated at all levels of administration, as far as possible. The public representative should be consulted particularly in such matters as relief and rehabilitation, reconstruction and Law & Order. It was decided that Acting Secretary General would submit a paper to the Cabinet on this subject.

GOVT. OF THE PEOPLE'S REPUBLIC OF BANGLADESH
ESTABLISHMENT DIVISION.

From: M. Noorul Quader,
Secretary, Establishment Division.
To: The Deputy Commissioner,

Subject: Immediate tasks for Deputy Commissioners.

1. The Civilian Administrators posted by the Bangladesh Government will face a
tremendous task on assumption of their post. The entire administrative as well as
economic structure has been shattered during the war with the enemy and these will
have to be restored before development activities can start. On the positive side, there
is a tremendous upsurge of public enthusiasm which should be properly tapped and
channeled towards speedy reconstruction. The administrators must keep this in view
and enlist active co-operation and support of elected representatives, the freedom
fighters, and all other sections of the people.

2. Amongst other tasks, the following should be given top priority.

A) RESTORATION OF LAW AND ORDER:

During the course of liberation struggle, law and order machinery had broken
down. The aim of the Govt. is to restore the Rule of Law as speedily as possible. For
this, the magistracy and the police have to be put back in their proper position as the
lawful authority for maintenance of law and order. The Deputy Commissioners must
take the following immediate steps:

(i) Post magistrates in each thana and also see that the S. P. takes steps to adequately
    man the police stations.

(ii) Put an end to summary execution of collaborators and criminals. For this, full
    support of elected representatives, political workers, freedom-fighters and the
    people in general will have to be enlisted. It will also be necessary to arrest
    collaborators as speedily as possible.

B) RE-FUNCTIONING OF GOVT. OFFICES.

The Govt. has already made an announcement asking all employees to return to
their posts. Except for those who openly collaborated with the enemy, Govt. servants
will be allowed to continue in their job subject to subsequent screening. The measures
to be taken in this regard are enumerated below:
(i) Announcements will be made locally asking all employees of Govt., Semi-Govt., as well as private organizations to immediately return to their job. On return, they should intimate the fact of their re-joining to you.

(ii) Employees, who openly collaborated with the enemy, shall be taken into custody. For this, you should exercise your judgment after consulting local people.

(iii) Appointments and postings wherever made by the Bangladesh Govt. supersede orders made by the occupation Govt. Incumbents of posts which have been filled up by the Bangladesh Govt. shall continue to work. Persons appointed by the occupation Govt. against these posts will become Officers on Special Duty.

(iv) Employees who had left their posts but did not get employment under the Bangladesh Govt. have been asked to resume their previous posts. Appointments made to these posts by the occupation army stand cancelled. Such employees shall remain Officers on Special Duty until further orders.

(v) Where appointments have been made by the Bangladesh Govt. to posts whose incumbents had left their jobs and abstained from serving the occupation Govt., the officers appointed by the Bangladesh Govt. shall assume charge of the office while the earlier incumbent shall join as Officers on Special Duty.

C) RESTORATION OF ECONOMIC LIFE.

It is essential that normal economic activities are restored as speedily as possible. At the same time, a correct assessment of the assets and liabilities of Banks etc. and also of properties left by enemy nationals and collaborators would have to be made. It is immediately necessarily to ensure that these properties are not looted or destroyed. The following actions in this field are to be taken:

(i) All treasuries and banks will cease to hold transactions with immediate effect pending issue of further instructions by the Govt. Cash, gold, other valuable articles etc. in the Treasuries and Banks should be verified, sealed and their safe custody ensured by posting of adequate guards in the premises. Verification Report should be sent to the Govt. without delay.

(ii) Industrial establishments, factories, shops and other properties of the enemy nationals and absentee collaborators should also be sealed. Where conditions permit and the Dy. Commissioners so deem expedient, steps may be taken to run any of the above establishments by appointing suitable Administrators. In other cases, the employees should be asked to remain in readiness so that the establishments can be put to commission immediately on receipt of Govt. directives.

(iii) People will be encouraged to re-open all other factories and shops as quickly as possible. Hospitals, dispensaries, Municipal services, etc. should also be resumed forthwith.

(iv) Steps should be taken for providing irrigational facilities by use of Power Pumps, etc.
(D) RESTORATION OF COMMUNICATION:

Restoration of communication is a matter of Top-most Priority. Without this, all other activities of the Govt. will suffer. Please take the following actions:

(i) All telephones and telegraph services should be revived. Messenger and courier system has also to be used systematically. You should, also try to take advantage of wireless sets of the armed forces whenever possible.

(ii) Road and Rail Communication has to be restored. For this, officials of these departments should be contacted and whatever action is possible taken. Also inform Govt. of your requirements in this regard.

(iii) Great emphasis should be laid on river communication.

(E) RELIEF AND REHABILITATION:

Systematic supply of relief and rehabilitation of refugees and other displaced persons will be paramount importance. Without this restoration of normalcy will be difficult, if not impossible. Actions to be taken in this regard are as follows:

(i) Designate personnel at thana level to look after refugees and displaced persons.

(ii) Check position of food grains in Govt. godowns.

(iii) Appeal to people to maintain peace and order and to go back to their respective houses in an orderly manner.

(iv) Elaborate orders in this regard will be issued by Govt. soon. In the meantime, all possible assistance may be given as interim measures.

(F) ESSENTIAL SUPPLIES:

There is likely to be shortage of food, kerosene, salt, sugar, mustard oil and many other items of essential supplies. Govt. is looking after this problem in a broad based manner. For the interim period, take the following actions:

(i) Make an assessment of the existing stock of these items and take measures for proper distribution.

(ii) Take measures to prevent hoarding and black-marketing.

(iii) Furnish your requirement to Govt. for the next three months.

Lastly, I would again emphasize the need of working in full co-operation with elected representatives, political workers, freedom-fighters and the public in general. The task before you is of tremendous magnitude and a concerted effort of all sections of the public is necessary to accomplish it.

A preliminary report covering all aspects should be sent to Govt. at the earliest. Detailed report should follow soon after.

Memo No........ Dated 17.12.71.

From: Mr. Waliul Islam,
Deputy Commissioner, Jessore.

To: The Secretary,
General Administration,
Govt. of the People's Republic of Bangladesh, Mujibnagar.

The undersigned has set up the Civil Administration up to the Thana level. The existing Sub-divisional Officers were asked to continue in their jobs as O. S. D. Administration in the area. The Sub-divisional Officer, Narail was killed. The Second Officer was asked to act as O. S.D. Administration. Out of the 20 Thanas, in 18 the Police personnel’s have been posted. In 13 Thanas the Circle Officers (Dev) have already joined and by Monday the Circle Officers (Dev) will be posted in the other Thanas if incumbent in the post does not join by that date. The Circle Officer (Rev) will be asked to act as Circle Officer (Dev) in those thanas. A list of the officers who have submitted their joining report under the Government of Bangladesh is enclosed here with.

At the Sub-divisional level it is requested that new Sub-divisional Officer be posted; for it is difficult on the part of the old Sub-divisional Officer to function smoothly for obvious reasons.

Deputy Commissioner, Jessore,

শাহীনতার সূচনাদেয়

দেশবাসী সঘাতী আইবোনারা,

bাংলাদেশ দখলদার বাহিনী আত্মসমর্পণ করেছে। সাড়ে সাত কোটি মানুষের মুক্তিসংগ্রাম আজ সফল্যর তোরণে উপস্থিত হয়েছে।

গণকাল বিকল্প পাটটা এক মিলিটে সম্মিলিত ভারতীয় সৈন্য বাহিনী ও মুক্তিবাহিনীর অধঃ
লেফটেন্যান্ট জেনারেল জয়ন্ত সিং আমনার মাথে প্রেসিডেন্ট ইয়াহিয়া বর্থ নিযুক্ত ‘র’ অংশের সামরিক
প্রশাসক লেফটেন্যান্ট জেনারেল নিয়ন্ত্রিত তার অধীনস্থ পাকিস্তানী সৈন্য, বিমান ও সৌ-বাহিনী, আধা সামরিক ও
সেনাবাহিনী সহ বিনাশের আত্মসমর্পণ করেছেন।

পার্থিব মার্চ বাংলাদেশের জনসাধারণের যে দৃঢ়তা রাখে তুলে হয়েছিল, এরপর তার সমবায় হল।
bাংলাদেশে আমাদের নিজেদের কর্তৃত্বে পূর্ণিমা প্রতিষ্ঠিত হল। এই অপরাধময় বোধহয় আর কেন জাতির
শাহীনতার সংগ্রাম সম্পন্ন হয়নি। শাহীনতার জন্য এটা মূল্যবান বোধ হয় আর কেন জাতি দেসাই।

আজকের বিজয়, বাংলাদেশের সাড়ে সাত কোটি মানুষের বিজয়, ভারত-বাংলাদেশ মেলার বিজয়,
সত্য, নায্য ও গণতন্ত্রের বিজয়।

আমরা যাঁরা আজ শাহীনতার সূচনাদেয় দেখার সৌভাগ্য লাভ করেছি, আসুন, প্রশংসাগুণ হয়েই,
কৃতজ্ঞতাতে মস্তক করি সেই বীর মুক্তিযোদ্ধাদেরকে, যাঁরা নিজেদেরকে উৎসর্গ করেছেন সকলের জন্য।

পাকিস্তানের সামরিক চক্র তুলেছিল বর্ষার শুক্ল দিয়ে বাংলাদেশের জনপ্রিয়তার দর্শন করে রাখতে।
বাংলাদেশের দেশের মানুষকে হতা করেছে, পথে করেছে, দরুবাজী গুলিয়েছে, আমাদের জাতীয় সম্পদ ধ্বংস
করেছে। এই তুলনায় আমাদেরকে সাহায্য করতে এগিয়ে আসে ভারত। আমার তাই পাকিস্তানী সমর
নায়কদের বাংলাদেশ গুলো পড়ে ভারতের উপর। বাংলাদেশের কিন্তু যে কাহারূ করতে ভারতের
সঙ্গে যুদ্ধ। পশ্চিম পাকিস্তানে ভারতীয় সেনারা পাকিস্তানী আক্রমণ প্রতিরোধ করেছেন। আমার পূর্ব রাষ্ট্রে
মুক্তিবাহিনীর সঙ্গে মিলিতভাবে সংগ্রাম করে তারা মাত্র নায়ক সর্বদের যুদ্ধে দখলদার সেনাদেরকে
আত্মসমর্পণে বাধ্য করেছেন।

পাকিস্তানী সেনাবাহিনীর বিষয়ে এটি ক্রমপরিকে সম্প্ল হতে পারে ভারতীয় শাহীন
বাহিনীর সর্বাধিক
জেনারেল মানকেরার নেতৃত্বে এবং সম্মিলিত বাহিনীর অধঃ
লেফটেন্যান্ট জেনারেল জয়ন্ত সিং আমনার
নিপুণ রণক্ষেপে। এই দুই সেনাপতির কাহারূ এবং ভারতের হয়। নৌ ও বিমানবাহিনীর কাহারূ আমরা
গণতন্ত্রের ক্ষুরত।

আমাদের সাফল্য এই মুহুর্তে ভারতের প্রধানমন্ত্রী শ্রীমতী ইন্দিরা গান্ধীর কাছে বাংলাদেশের
আবালুকা জাতিতে গভীর বৃদ্ধির অভিযোগ জানান। তিনি যেভাবে পৃথিবীর বিভিন্ন দেশের সর্বস্তর ও
নেতাদের
কাছে আমাদের নায়ক সংস্থা সংগ্রামের ব্যাখ্যা দিয়েছেন এবং যেভাবে লক্ষ লক্ষ শাহীনতার অর্থ গ্রহণ
করেছেন, ইতিহাসে তার নাতী নেই। আমাদের সংগ্রামের ফলে ভারতের জনসাধারণের যে বিরুদ্ধ ভার বহন
করতে
হয়েছে, সে বিষয়েও আমরা সচেতন। তাদের এই কঠিন যোগাযোগ হয়েছে। শরণার্থীরা এখন মর্যাদার সঙ্গে প্রতীকে নিজের ধরে ফিরে আসবেন।

আমাদের সংগ্রামের প্রতি নূতন এর সমর্থ দানের জন্য বাংলাদেশের মানুষ উপভূমির ইউনিয়নের কাছে গভীরভাবে বৃদ্ধি। পেল্যাট এবং অন্য দেশে দেশ আমাদের নামকরণ সংগ্রামকে সমর্থন করেছে, তাদের কাছেও আমরা কৃতজ্ঞ।

আমরা একাধারে ভুলনি যে, পৃথিবীর বিভিন্ন দেশের জনগণ, সংবাদপত্র, বেতার ও টেলিভিশনের সাংবাদিকতা গণতন্ত্র ও মানবাধিকারের জন্য আমাদের সংগ্রামকে যথাযথভাবে তুলে ধরে এই সংগ্রাম সফল করতে সাহায্য করেছেন।

দেশবাসী ভাইবোনেরা,

বাংলাদেশের রক্তক্ষয়ী যুদ্ধ শেষ হয়েছে, কিন্তু আমাদের সংগ্রাম শেষ হয়নি। আমাদের মহান নেতা বঙ্গবন্ধু শেখ মুজিবুর রহমান এখনও শ্রেষ্ঠ কার্যকর। পাকিস্তানী শাসনকর্তাদেরকে আমি আহবান জানাচ্ছি তাদের শেষ মুহূর্তের অক্ষতা কতবৃত্তির পরিপ্রেক্ষ দিন, বঙ্গবন্ধুকে মুক্ত করান। এই দায়ী মুম্বাই সুফিয়া সম্পর্কে পাকিস্তানকে অবহিত করাতো তার বঙ্গবন্ধুর কর্তব্য বলে আমি মনে করি।

বন্ধুগণ,

বাংলাদেশের জাতীয়তা এলাকা এক রক্তক্ষয়ী ভূমিতে, এক ধ্বংসক্ষুদ্রপূর্ণ মধ্যে। জনপ্রদর্শন আশা ও আক্ষরিক অনুভূতি এই দেশকে নতুন করে গড়ে তোলার দায়িত্ব এখন আমাদের সামনে। দেশের স্বাতন্ত্র্য পুনরুদ্ধারের কাজে আমরা ভারতের সহযোগিতা ও সাহায্য কামনা করেন। পৃথিবী পুননিম্ন নতুন সমাজ গঠনের দায়িত্ব আমরা নিয়েছি। সংগ্রামের কারণে সমস্ত জাতির যে ঐক্য ও আদর্শতার পরিপ্রেক্ষ আমরা দিয়েছি, সেই ঐক্য ও ত্যাগের মনোভাব অন্য রাখতে চাও। তবেই পারস্পরিক, ধর্মনিরপেক্ষ, সমাজতাত্ত্বিক বাংলাদেশের ভিত্তি নূতন হবে। সেই নতুন আলো পথে আজ আমরা যাত্রা করলাম।

Gentlemen,

Bangladesh is at war. Since March 25th, 1971 our Liberation forces have been fighting an aggression by West Pakistani troops and resisting a very well trained and mechanized army. Their attempt is clear. They would like to continue with their colonial policy towards Bangladesh. In their last desperate attempt to deprive us from our right to live, they have adopted a policy of destruction, annihilation, and attrition. West Pakistani troops have burned down hundreds of villages, killed millions of people, and destroyed all our major industrial projects and vital installations. They have bombed and strafed indiscriminately. They have killed our mothers, raped our sisters, and driven out thousands of helpless people outside the country. Wherever they go, they kill young boys and children, loot houses, banks, jeweler shops, steal food grains and cattle and finally desert the places, leaving no human being alive.

The heroic people of Bangladesh have, however, accepted this challenge of war.

The people all over Bangladesh have joined the Liberation Army within 24 hours after they heard of the massacre at Dacca on 25th night.

There is no instance of this kind of genocide ever committed in human history. The detail of the atrocities need not be noted here as we are certain that you have been receiving the same through world press and radios and particularly through Indian Newspapers.

We all have to take part in this War. Every Bengali whether in England or America or Japan or even in Iceland, is a part of our Liberation force. And we expect that each one of us shall fight this War through the means available to him, wherever he is residing. World opinion is vitally important today for the survival of the most helpless and poor 78 million people. This war is as important outside Bangladesh as it is inside.

Gentlemen, while the brave sons of our soil are now engaged in the marshy battle fields of Bangladesh to defend their soil from the enemy aggression, our citizens abroad can contribute equally by organizing themselves into liberation front’s, mobilizing public and world opinion, holding seminars and meetings, collecting funds sending reliefs and essential supplies.
WHAT SHOULD BE DONE?

1. Form organizations in the nature of Liberation Front and if there is more than one such organization in one country, establish-contact with each other and form a co-ordinate federation type organization so that all correspondence and communications may be made through one particular body. Unless otherwise impracticable, follow the system mentioned above.

2. A bank account must be opened properly in the name and style of Bangladesh and should be operated by at least two persons. You should have a cable code for communication proposes and a permanent address to be mentioned in every correspondence.

3. The people of Bangladesh expect you to continue your struggle and lobby the world public opinion, particularly with the American and Canadian Press, radio and television. Your organization may sponsor a solidarity committee consisting of public representatives, journalists, lawyers, teachers and other important personalities and representatives from other national and international bodies, from different shades of opinion who would lead the movement on your behalf. You are to continue to get in touch with all the countries of the world including the members of the United Nations.

4. You ought to maintain day to day contacts with the USSR Embassy, the Indian High Commission and countries who are supporting our cause and also to follow up the developments.

5. Through your lobby you ought to follow up the notes of different countries in respect of Bangladesh.

6. Put pressure upon the Diplomats from Bangladesh to dissociate from Pakistan and wherever possible make them establishes the Bangladesh Mission.

7. You must move a petition in the International Court of Justice for taking effective measures to stop genocide and to set up a trail for punishing Yahiya Khan and his gangsters for committing crimes against humanity. You may also approach the International Commission of Jurists and follow up their condemnation already flashed through world press.

8. Please make maximum utilization of the UN Human Rights Charter and relevant forums for such purposes. Take advantage of Genocide Charter. Engage able, inspired and well reputed international jurists.

9. An UN observation team ought to come immediately for an on the-spot inspection of the actual position.

10. Diseases and famine is imminent. As most of the food storages have either been looted or bombed by the military junta, a great scarcity of food-grain is prevailing. Millions of people are already at starvation stage. Please contact International Red Cross and all other humanitarian organizations to send relief materials immediately.

11. All your lobbying must be handled by mature political hands with utmost sophistication and care. Remember that one faulty step may disrupt what we have
already achieved in the international world. At the appropriate time, our emissary will be sent and he would get in touch with you for necessary liaison. Our cardinal principle is 'friendship to all and malice to none'. Solidarity and friendship with freedom-loving people all over the world. We seek for peaceful co-existence and strive for world peace.

12. Since you are already aware about the atrocities reported through the Indian Press, we need not make this heavier by adding more to what you have already learnt. Read the Indian Press for getting the details. Foreign Press may be told that since Pakistan Army bundled out all foreign journalists, the only source remains open is by way of crossing the border from Indian Territory. The news thus collected should be given due credence and importance and we invite the British Press to come and see the situation for themselves, as to the effectiveness and stability of the Government of Bangladesh, and particularly the unparallel morale and determination with which our people have been fighting with the foreign army.

13. West Pakistani troops are only in occupation of the towns and cantonment areas. The whole of the rest of Bangladesh is under the effective control of Bangladesh Government. The innocent and helpless people in the villages are completely relying upon this Government for their food, shelter and security. This a colossal task and it needs cooperation from every individual of Bangladesh whether he is inside or outside the country.

IMMEDIATE REQUIREMENTS:

(a) Medium-wave Broadcasting Transmitter to cover at least 300 miles.
(b) Sophisticated arms and ammunitions (for specification and channel of transportation contact the authorized representative, of Bangladesh Government in your country of residence. Do not plan till you are in contact with such a representative).
(c) Walki-talkies and wireless transmitters for communication purposes.
(d) Food grains.
(e) Salt.
(f) Matches and Kerosene.
(g) Clothing’s (both civil and military).
(h) Medicines and medical units.
(i) Petrol, diesel, and fuel oils.
(j) Other essentials.
(k) Cash money (not to be sent till clear instructions are given).
(1) Tents and tarpaulins
(m) Boots and other outfits.

14. For correspondence and communication for the time being use the address of Bangladesh Mission, 9, Circus Avenue, Calcutta-17.

বাংলার বাণী

বাংলাদেশ প্রদর্শিত, নিপীড়িত, মুক্তিপালন সাধারণ ভাইয়েরা-

বাঙালি জাতি আজ এক চরম অগ্রপরিচার সম্পূর্ণ। তথ্যাঙ্কিত পশ্চিমা বেরিয়া গোষ্ঠী শেষবারের মত বাঙালি জাতির উপর চরম আঘাত দেবে। তারা চায় বাঙালি জাতিকে চিরকালের পৃথিবীর মানচিত্র থেকে উঠিয়ে লিখে বাঙালির অপরাধ তারা আর দোষিত হতে চায় না। ইসলামের নামে মিথ্যা প্রহর দিয়ে, তাই বলে চিরস্থায়িত বহির্ব্যাখ্যা বাংলাদেশের শেষ করে। বাংলাদেশ-উদ্যোক্তার জন্য আমাদের উপর চাহিয়ে মান আর শেষের যোনাকল। ১৯৫২ সালে মায়ের ভাষার জন্য আমরা রক্ত দিয়েছি, পর্যায়ক্রমে ‘৬২সাল, ‘৬৬সাল,’৬৬ সাল এ দেশে “সাল রক্ত” ইতিহাস হয়ে রয়েছে। করা তারা পুরাকে, করা নোন্ত তার ভাইকে, করা স্ব তারা স্বতীকে বাহিরিয়ে। শহীদদের আত্মা আজ বাঙালির পার্থ-প্রাক্তন দুঃখে বেড়াচ্ছে।

তাই বাংলার সাড়ে সাত কেটে মানুষ আজএকতাবল্য। তারা হতে অহংকৃত নিয়েছে। পৃথিবীর কোন শক্তিই তাদের আজ দাবিয়ার রাখতে পারবে না। শহীদদের অতৃপ্ত আত্মাকে তারা তুলে করবেই। বৎসর বলেছেন ‘রক্ত বখন দিয়েছি।কোন রক্ত দেব, এদুষেকে মুক্ত করে ছাড়বো ইনশালাহ।’ ইতিহাস কখনও মিথ্যা হতে পারে না। আজ গ্রহণিত বাঙালির মানুষ প্রতিজ্জ্বলিত। কৃষ্ণক, শ্রীতিক, মেহরন্তি মানুষ আজ প্রতিজ্জ্বলিত-বাঙালিকে শাসন ও শেষেমুহূর্ত গণপ্রজাতাত্ত্বিক “বাংলাদেশ” রূপে প্রতিষ্ঠা করবেই।

সত্ত্বগুলী

(এক শ্রীরাত্রির দুর্ক্ষুককারী যারা সব সময় বাংলার সাথে রেনমিনি করেছে, তাদের কাছ থেকে সাধারণ)

(১) মুসলিম লীগ ও আমামাতার দলদলের কার্যক্রম কর্পোত করেননা। মোহ রাখনে তারা আমাদের বড় শাসন

(২) অবঙ্গী ও অপরিচিত লোকের কাছে গোপন তথ্য প্রকাশ করেননা।

(৩) বাঙ্কি ব্যাপারের গায়েরী আজ প্রচার বিবেকানন্দ করেননা।

নির্দেশ

(১) পশ্চিমা পশ্চিমার ধারণা করয়ে আগে নিজেদের বিশাল দায়িত্বকর ধারন করুন।

(২) পশ্চিমা এবং চীনের বাণ্ড-সাম্প্রদায়িক ব্যবহার বন্ধ করুন।

(৩) অবশ্যই দেশ কেনার যাত্রায় মাত্র করুন।

(৪) বাঙালির সাথে যাকাত্যাগাত্র করতে তাদের নাম তালিকাভুক্ত করুন এবং নিকটতম মুক্তিবাহিনী কে প্রদান করুন।

(৫) সরকারী কর্মচারী যার আজ তারা কাছে বোধহৃদয় থেকে বিরত থাকুন।

“এবারের সাধারণ আমাদের মুক্তির সাধারণ-
এবারের সাধারণ বাংলাদেশের সাধারণ”

বঙ্গবন্ধুর নেতৃত্বে আমারা এক হয়েছি। এক আওতায় মিলেছে সাত কোটি কঠিন পাক্ষিক শোষণের অসন্তোষ খানের মোলল বাংলার। তবে অগ্নিহোত্রে বাংলাদেশের যুদ্ধতাত্ত্বিক নৃতাত্ত্বিক ইন্দোনেশিয়া খানের সামরিক রঙ্গের যুদ্ধত আমাদের অধিকার হয়নি, বাধা করেছে লড়াইয়ের পথ বুঝেছে নিজে।

খান নামে কৃতার্থ আনুমানিক এই সহানুভূতি উপস্থাপনের অনুক্রমে যুদ্ধের স্থলে দিক গ্রামের ব্রুকে। আপনারা হাজারে হাজারে চেয়েছেন পথে। প্রথম দিন থেকে শহরে বেঁচে যেতে চিন্তা ভাবেছেন নির্ভর করে নিজেছেন। তারা আজ জনমানুষ মিলা ভাবে বললেন নিশ্চিত বাংলাদেশের। বিদেশী সাগরশিক্ষা এবং তাদের আওতায় ব্যাপ্তিকে স্বীকার নিশ্চিত করেন। যে চেয়ে সমকক্ষ নিতে দিতে।

মাঠের পথে পাশে রয়েছে খানেনা খানের অংশ মনুষ। এরা সব আপনার আমার আত্মীয়। যারা বেঁচে তারা সবাই আজ পথ পথে। যারা রুন্দ ঘরে দুইবার তাদের ঘরে ঘরে হাত হাতকর।

আমারা চেয়েছি হিন্দু মুসলমান বৌদ্ধ গ্রীষ্মে মিলিত বাংলা। শব্দের চিত্রকে এক হয়ে দাড়িয়েছিল এরা সবাই। পশ্চিমী জগতের চূড়া বিশ্বনাথের মূলে যা যে মহাভারতীয় বাঙ্গালী বাঙ্গালীকে হবে মাত্র চরে। আমাদের মনোবিন্দুর সাপ্তাহিক ও প্রাণের জীবন তুলনা হবে।

সর্বাধিক বিশেষভাবে মানুষের কাছে ইন্দোনেশিয়া চরের অভ্যর্থন এবং তার বীরত্ব যতই প্রকাশিত হচ্ছে তখনই বাংলার সাহিত্যর সকলের কাজের একটি হাত বিশেষ। সাহিত্যের উপর বিশেষ উপাদানের প্রধানতম সম্প্রদায়ের আওতায় স্বখ্যাতি যে চরে।

সর্বাধিক বিশেষভাবে মানুষের কাছে ইন্দোনেশিয়া চরের অভ্যর্থন এবং তার বীরত্ব যতই প্রকাশিত হচ্ছে তখনই বাংলার সাহিত্যর সকলের কাজের একটি হাত বিশেষ। সাহিত্যের উপর বিশেষ উপাদানের প্রধানতম সম্প্রদায়ের আওতায় স্বখ্যাতি যে চরে।

এবং এর জন্য চাই। এই জন্য জীবন হচ্ছে দেশর রক্ষার। দেশের ছাত্রীরা গৃহীতে আনন্দ।

মুসলমান, হিন্দু, বৌদ্ধ, গ্রীষ্মের আনন্দের প্রতি অভ্যর্থন হয়েছে। আনন্দ সহায় মিলে তার জন্য দিন।

“সাত কোটি মানুষের দিকে যাত্রা পরের নাম” বলেছিলেন বঙ্গবন্ধু শেখ মুজিবুর রহমান। তার সেই অমর বা তার সত্য নেমেছে। কি করে পাশে খানেনা তাদের অপরিহার্য এই সৌন্দর্য খানেনা থেকে, বীর মায়েদের হাতে তৌরা দুর্গোষ্ঠী বুঝেছেন, দুর্গোষ্ঠী বুঝেছেন এ দুীরাতার বুঝেছেন কে। আমার মুক্তিকেফি নোবেল দাবী, মুক্তিকেফির সাহায্য করে, মোকাবিলা করিন এই সময়ের বিশ্ব মাস্তের সঙ্গে।

তারপর আমরা ফিরে পাও সেই হারানো বাংলাকে। বাঙ্গালিদেশ সরকার আমাদের প্রতি সম্মান দিয়েছে-নিজস্ব হয়ে যারা পথে দাড়িয়েছেন, এই আত্মহত্যা শেষে বেলার জোয়াল জিজ্ঞাসায়, টিকিরিটি আপনারা দিয়েছে ফিরে পাওয়া। জীবিকা দিয়েছে সে ফিরে পাওয়া তার জীবিকা। যদি তার প্রদর্শনী নেতারা আরও বেড়ে যাও মুক্ত নদীর ব্যবস্থা। জেলে ফিরে পাও তার জীবন। তাঁকে ফিরে বন্দো কাপড়। যে যার কাজে ফিরে বাণী।
বাংলাদেশ বেশীদিন শুধু থাকতে না। দিনে দিনে তার উল্লেখিত হবে অবাহত। কারণ আমাদের ধন পাট মাছ ওড়ি চিনি, আমাদের সোনাল্লানা, আমাদের চা কলাজ তামক এখন থেকে আমারাই ধরে করব। আমারাই বিশ্বের দরবারে কেনা-বেক করব আমাদের নিত্যপ্রয়োজনীয় জিনিস। খুব তাড়াতাড়ি তাই আবার ফিরে পাবো আমদের সোনার বাংলাদেশ। আবার জাতি ধর্ম দল মতবাদ নির্ভরে বাঙালী ফিরে পাবে তার সমান। আজ যে শুশ্রু বাংলাদেশ এখনে খানানা, সেই শুশ্রু নাড়িয়ে মনে রাখুন আগামী এই সোনার বালার ছবি।

জলির শুক্তি বুঝতে ভুলবেন না। যে রাখবেন চরম শান্তি হবে তার, যে এই জলিশাহীর সঙ্গে হাত মেলবে। জয় বাংলার আদর্শ, শেখ মুজিবের আদর্শ ভুলে ভুলছে, নীচতা সম্প্রদায়ের জিনিস ভুলে জলিশাহীর চরে কাজ করবে যে, লে পাবে চরম শান্তি-প্রাপ্তিকাল।

প্রজাতান্ত্রিক বাংলাদেশ সরকার

মোনাফেকের কর্ম নেই

কমান্ডার দত্ত, উন্মুক্তায় মনুষ্য বিবেকবুদ্ধি হারিয়ে এমন সব কথাবার্তা বলে থাকে যখন মনে হয় মানুষ তার আসল হারিয়ে জেলায়ারের করে নেমে এসেছে।

পাকিস্তানের ২৩ বছরের ইতিহাস এরপূর্ব বছর নাজির সৃষ্টি করেছে। পাকিস্তানের কাজের সান্তানের পোশাকী নির্দেশের ব্যাপারে এতটুকু হতে পারে নিচেলেই আছিস হয়ে ওঠে। নাজির নির্দেশের ব্যাপারে পাকিস্তানের পোশাকী পল্লী ও তাদের কাজের প্রয়োজন তখন তাদের বিক্র্যে কুকুরা রটানায়, জড়িতে লেগে যায়।

পাকিস্তানের ২৩ বছরের ইতিহাস যত্নের ইতিহাস, শোষণ ও গৃহীতদের ইতিহাস।

সিয়ালুড়েনা নাটকে নাটকের নবাব সিয়ালুড়েনা খুব দিয়ে জানিয়েছেনঃ “মৌলচকর, চাঁদচের, রাজব্লান, উদ্ধোচনা দল কি আর জন্মান্ধন করবে না পোশাক হোসেন?” নাটকেরের সে আশ্চর্য অমূল্য না। বাংলায় বছরে বিশ্বাসঘাতক জন্য নিয়েছে এবং তারা বহুল অনুমতি তাদের বাংলাদেশ ও বাঙালীর সাথে বেষমানী করে চলেছে। বাংলার এই সৌন্দর্যমান, বিশ্বাসঘাতকপট্টি কাজের শান্তিন পোশাকী পল্লী হয়ে বেলে এবং দেশের সর্বনাশ করে চলেছে। এদের দাস-স্বাতন্ত্র্য মনোভাবের উপর নির্ভর করে তাদের পোশাকী প্রভূতি বাঙালী বিক্র্যে বা রটনা লেগে করে, বাঙালীদের উচ্ছেদ করে।

বাংলার মনুষ্য যখনই তাদের হক আনারদের নারী জানিয়েছে, ইনসাফের আওয়াজ ভুলে আসে, সুখে-শান্তি, মর্মসূচনা সাথে বাঁধতে চেয়েছে তখনই পাকিস্তানের পোশাকী পল্লী তাদের “দেশনীয়িনী”, “বিচ্ছদনাটালী”, “ভারতের লাললাল” বলে কুকুরা রটনা করে বাংলার সরল, সহজ মানুষের মনে দৃঢ় ও বিধেয় সৃষ্টির চোখে করেছে।

আজ্তিদের নিমিত্ত প্রতিরোধ। যে দেশের দিনপূর্ব মরম্ম এ কে জলুষ হক লঙ্ঘনের উপাদান করে, যে দেশের মনুষ্য তাদের গৃহে সত্যে মাত্র মনুষ্য হোসেন শীতল সেগারাওয়ালী, মালুগানা আসুন্দুল বামুদ যান ভালীন নেটুর পাকিস্তানের করে বিশ্বাসঘাতক সমর্থন দিয়ে পাকিস্তানের প্রতিরোধক সূচনা করেছেন। যে দেশের মনুষ্য তাদের গৃহে সত্যে মাত্র আফ্রিক মালিয়া রাজধানী জিলায়, মরম্ম লিয়াত আলী খান, আলীর আলী মোহাম্মদ আলী খান, আবদুল কাদির খানকে ঘোষণামূলক করা হয়েছে। আজ্তিদের নিমিত্ত প্রতিরোধ। যে দেশের আবল-বক্তব্য, বিজ্ঞানের আলোচনা বিশ্বাসঘাতক প্রক্রিয়া আদায়ে তুলে দেয়া না, ধর্মীয় অনুমতি মোনাহান দেয়া না। সে দেশের দৃঢ় হয়ে থাকে না, ধর্মীয় বিধেয় মেনে যারা জিন্দায়কে সংঘটিত করে প্রাতিষ্ঠানিক ও নৌহারাদের নারী চার করে, যে দেশের মনুষ্য পোশাকী পল্লী ও সোন্তকে হোসেন ছাড়া তিনিয়ের উন্মুক্ত বলে মনে করে নির্ভরের অবসান কানায় যান তাদের উপর আরামাভার হেফেটের বর্ণনার প্রথম জানায়, সেই বাংলাদেশের মনুষ্য ধর্মিতে সন্ধে সৃষ্টি করার অপ্রয়োজনীয় চালান হয়েছে ও হচ্ছে।

আজ্তিদের নিমিত্ত প্রতিরোধ। যে দেশের আমানাব আলী জিলায়কে বিশ্বাসগুলো, অবচেলায় মূর্তিকরণ করতে বাধা দেয়ার হয়েছে, যে দেশের জিন্দায়কে আদত খানে করেছে বিধায়, যে দেশের নাইরাজি বিশ্বাসের রাজনীতিতে সন্ত্রাস তামাকীনের প্রতিরোধের বিধিকা করে তুলেছে, যে দেশের পোশাকী পল্লীনির গৌরবের চেয়ে বেশি, যে পরে পোশাকী জনপ্রতিনিধির সমৃদ্ধিয়ে দিয়ে নিজেরাই পাকিস্তানের ভাবা বিধাতা হচ্ছে, যারা
পাকিস্তানের পাণ্ডুলিপিতে সমর্থন ও সামরিক শাসন চালু করেছে, যারা কাশ্মীর ভ্রূণের মত চীনীদের সাইনিক পদক্ষেপ নিয়ে সম্পর্কিত সামরিক চূড়ান্ত করেন। এর ফলে বাংলাদেশের বাইরের দেশের সামরিক চূড়ান্ত করেন ও বাংলাদেশের বাইরের দেশের সামরিক চূড়ান্ত করে।

কাশ্মীরী বাঙালিরা মনে ও তাদের পন্থায় অভিযোগ লিখে থাকে, নিজেদের বাণিজ্যের উপর অধিক গুরুত্ব দিয়ে আসছে, যারা তাদের বাণিজ্যের কোটি স্তরকে অন্যভাবে রেখে, অন্যস্থানে রেখে, তাদের শেষ করে, যে ও জাতিগত বাঙালির জাতিগত ছাড়া হবে যেতে রাখবে তাদের জাতিগত ছাড়া হবে যেতে রাখবে। যে যাত্রায় নিজের প্রয়োগ অন্তর্ভুক্ত শিক্ষা সামাজিক লাভ ও সামাজিক লাভ তৈরি করে নিচের চাষকর করে নিচের চাষকর করে নিচের চাষকর করে নিচের চাষকর করে নিচের চাষকর করে 

পশ্চিম পাকিস্তানে বাংলার ইসলামের শিক্ষায় হতে হয় তালে তালে নিজের প্রথাগত বাঙালীকে নিচের চাষকর করে। আরেক যুগে যুগে যুগ পর যুগে যুগ পর যুগে যুগ সামাজিক লাভ ও সামাজিক লাভ তৈরি করে নিচের চাষকর করে নিচের চাষকর করে নিচের চাষকর করে নিচের চাষকর 

ধর্ম যুদ্ধ বিষয়ক বাংলা হয়, তবে সাউন্ড আরেক কোন ইসলামের মুসলমানদের উপর নিচের চাষকর করে। যে সামাজিক লাভ ও সামাজিক লাভ তৈরি করে নিচের চাষকর করে নিচের চাষকর করে 

এখন যুদ্ধ বিষয়ক বাংলা হয়, তবে সাউন্ড আরেক কোন ইসলামের মুসলমানদের উপর নিচের চাষকর করে। যে সামাজিক লাভ ও সামাজিক লাভ তৈরি করে নিচের চাষকর করে নিচের চাষকর করে 

অন্য এই কমতলোচ্চ গার্থের মহলের পদলামনে করে তাদের মন্তকিতর জন্য চাটুকারিতা করে চলেছে বাংলার কিছু সংখ্যক বিশ্বসাগর, পশ্চিম হানাডারদের সামরিক সাহায্যকে তারা ছাড়া সাহায্য বলে মনে করে, হানাডা পাহাড়ের সাথে হাত মিলিয়ে বাংলার পণ্ডিতদের হামারে সৃষ্টি করেছে। বিশ্বসাগরাধিকারের কেউ কখনো বিশ্বলাস করে না-ইতিহাস তার সাক্ষী। মীরজাফরকে বৈষ্ঠিষা দেওয়া হয়নি। বিশ্বসাগরাধিকার যাদের জন্য নেশ ও জাতির সঙ্গে বিশ্বসাগরনাট্যক করে, বাধাবিদ্ধ পর তারাই তাদের খতম করে দেয়। তাই বিশ্বসাগরাধিকারের জান-মাল দুর্লভ থেকেই বিপন্ন। বাংলার মুক্তিকামী মানুষ, বাংলার মাটির থেকে এবং বিশ্বসাগরাধিকারের মানুষকে, পশ্চিমাঞ্চলের নির্মাণ করে দিতে বন্দ্যপাক্ষি। এ অভিযান চলছে, ইতিমধ্যেই বাংলাদেশের বিপ্লব এলাকা থেকে করেকজন বিশ্বসাগরাধিকারের বিলোপ করে দেয়া হচ্ছে। বিশ্বসাগরাধিকার তাদের কাজের জন্য চরম মূল্য দিতে হবে। কেন করা নেই। তাদের উৎখাতা করা হবে, তাদের পাঞ্জাবি প্রাকৃতের বেজোন ও জন্ম করে মুক্তি সংগ্রামী রুটে বিশ্বসাগরাধিকারের লাগবেই। নির্ভারতা, নিপীড়িত মানুষের তীব্র জুলাই বিশ্বসাগরাধিকারের ধন-সম্পত্তি দাঁড়ানো রাখে জুলুচে। জাতীয় পাল্লার বাঙালী শহীদের কথা করে না, করতে পারে না-তাদের হত্যা শিক্ষা দেওয়া হবে।

জাহাজের এ সম্প্রার মুক্তির সম্প্রদায়। প্রধানমন্ত্রী এ সম্প্রার বাঁচার সম্প্রদায়, সত্য ও নায়কের সম্প্রদায়। মানুষ নিজের পর্জন রাষ্ট্রী নিত্য। রাষ্ট্রের জন্য মানুষের সৃষ্টি নয়। মানুষকে মেরে রাষ্ট্র হতে পারে না। বাঙালী তাদের দু`মুক্তির বিটু অভিজ্ঞতা নিজের নিজেদের শাসন করার দায়ী জানিয়েছে;বাঁচ মত বাঁচেতে দায়ী জানিয়েছে। বাঙালী তাদের সত্যনিদ্রা জন্যে উপযুক্ত শিক্ষা লাভের, চিকিৎসার দায়ী জানিয়েছে; আনার-অটুনের তাতে মুক্তিলাভের দায়ী জানিয়েছে, বন্যা ও প্রাপ্তির কর্ম থেকে রক্ষা করার দায়ী জানিয়েছে, বেকরাকের অবস্থায় কর্মসংস্থানের দায়ী জানিয়েছে। মানুষের মৌলিক অধিকারের শান্তিতে ও সুখে বাস করার দায়ী জানিয়েছে, অন্য কেন অপরাধ করেনি। বাঙালীর অচেত সম্প্রদায়, ঐক্য ও ধৃতি তাদের মুক্তি অনন্তে; বাঙালী পশ্চিম পাকিস্তানী অতিবাহিতর করার থেকে মুক্ত হবেই।

অন্তরাতালা প্রতিশ্রুতি দিয়েছেন। সত্যের জন্য ও মিথ্যার বিনাশ অবশায়তার। বাঙালী এক সম্পূর্ণ বিশ্বাসী।

বাংলার গণদুশ্মনরা হৃষিয়ার

বাহিনী বাংলাদেশবাসী ভাইসের প্রতি:

আমাদের মুক্তিবাহিনীর বীর বিক্রমে হানিদার ইয়াহিয়া সরকারের বর্ন সনাতনিহীন সহিত লড়াই করিয়া চলিতেছে। বিপুল পরিমাণ অস্ত্র-শস্ত্র সীমাহীন অত্যাচার-আবিষ্কার, নির্গৃহ নর-নারী-শিশু-বৃন্দ হত্যা, নারী ধর্ম, অর্ধ লুণ্ঠন ও ঘর ঘরে অপরিসংখ্যানের তাত্ত্বিক বাঙালী বাঙালী জাতির ইস্পাতপুঞ্জ মনোরম কুলন্তর করিতে পারে নাই। সমস্ত দেশে নরসন্দেহ পাক সূত্রতার আজ পর্যন্ত অফিস-আমলত, রায়াগুঞ্জ চালু করিতে সক্ষম হয় নাই, বাজান-শক আখয় ও দেশের কাঠামো লুণ্ঠনে সম্পূর্ণ বাঘ হওয়ায় তারা অর্থনৈতিক দিক দিয়া সম্পূর্ণ দেউলোক হইয়া পড়িছে।

বাংলাদেশের অভায়ে দখলদার বাহিনী নিজেদের দলাল রায়ীয়ার পাইয়াছে গণদুশ্মন মুসলিম লীগ, পি.ডি.পি জামাত ইত্যাদি জনসম্মুখহীন রাজনৈতিক দলগুলির মধ্যে। আমাদের এই সব দলগুলির কল্পনায় অতীত ইতিহাসে ভালভাবে জানন আজ তারা হানিদারদের সহায়ে বাংলাদেশের নিরীক্ষ জনসংখ্যারের উপর যে বিপদ বাহিয়া আসিয়াছে, বিশেষ ইতিহাসে বাৰায় তুলনা নাই।

বাহিনী বাংলাদেশের জনসংখ্যার মুক্তিকেন্দ্রের সাথে কাছে কীচক মিলাইয়া লড়াই করিতেছে। অপরদিকে পাক কৌশলের তাদের তৃষ্ণম ও পাশবিক কামকাজকালে পি.ডি.পি মুসলিম লীগ ও জামাতে ইসলাম ইত্যাদি প্রতিষ্ঠানের দলাল ও উভয়া সহযোগিতা করিতেছে। দলালেরা গ্রামে গ্রামে পাক কৌশলের পাক দেয়াইলা হইয়া আসে,নির্গৃহ জনসংখ্যারের টাকা-পয়সা, গণ-মাসিক সহ যাত্রীপথ বাণিজ্য জুটাইতে করে, ঘরেরের হাতিয়া আঁধার দ্বাইয়া দেয়, মহিলাদের উপর পাশবিক অত্যাচার চালায়, মানুষের মনে আমার সৃষ্টি করিয়া হাজারে হাজারে লোককে দেশত্যাগে বাধা করে। নির্বাচনের নারী শিশু-বৃষ্টি-মৃগবিক্রিয়া হতাহত করিয়া নন্দী-নালায় ভালয়া দেয়।

তাই, হানিদার দলুর বাহিনী পাকজনগণের মতে এই সমস্ত দলাল ও উভয়াদল বাঙালিদের জাত শেষ এই দলাল-ওয়া দেশান্তী বিবিশেষের দিকের কাজ আমার হিতকর তুলনা করিয়াছে। এদের প্রতিটি তৃষি ও গতিবিন্যাসের সঙ্গে আমারা সম্পূর্ণ অনুকূল আছি। এদের নিম্নলিখিত কাজ আমাদের প্রাথমিক ও অবশ্য কর্তব্যের মধ্যে গণ্য। ইতিমধ্যে আমরা এই সমস্ত দেশান্তীদের মধ্যে অনেকেই তর্ক করিয়াছি। বাকীগুলির মৃত্যুর অপকার দিন জনিতেছে। জানীয় রাখুন, এদের দ্বারা তারা আর দুরে নয়।

ভাইসব,

হানিদার বাহিনীর প্রতি পাকদলের দুর্বল গণপ্রতিষ্ঠাতার অগ্র্কর্ষক দৃষি করন। নিকটতম মুক্তিবাহিনীর শিরিও ও হানিদার বাঙালী সরকারের কার্যকালের সঙ্গে ঘনিষ্ট বোঝাপড়া ও পরিপূর্ণ সহযোগিতা করিয়া রাখিয়া চলুন। দুর্বল গতিতে মুক্তি সংগ্রামকে জীবন দিয়া সারিয়া নন্দীয়া দেয়।

আমাদের বাহিনীতর সংগ্রাম আজ প্রায় ডিন মান যাবে অপ্রতিফ গতিতে চলিয়াছে। নারা বিদ্বেষ বীর জাতি হিসেবে আমারা চুল করিয়া দাঙ্গায়িতাহীন। রক্তের বিনিয়োগে দেশের বাহিরনে অর্ধে করিতে হয়। আমরা যত রক্ত ঝরাইছি, প্রজাসন্তান আরও দিব। আমাদের সংগ্রাম নায়েভ সংগ্রাম, আদ্যোক্তর সংগ্রাম, বাহিনীতর সংগ্রাম। জয় আমাদের সুপ্রসিদ্ধ।

মনে রাখিয়ে দিন, যে জাতি নির্দোষে ধ্রুব বিলাইয়া দিয়া জানে, সে জাতির ক্ষয় নাই, ক্ষয় নাই।

বাংলাদেশের বাণিজ্যের পদ্ধতি | বাংলাদেশ সরকার বাণিজ্য বিভাগ | ............. ১৯৭১

বাংলাদেশের বীর পুলিশ তাইলসেল,

সাধু সত্তে কেটে নির্বাক বাণিজ্যের আজ মরিয়া হয়ে ইন্দিরা খানের সর্বশেষ বাণিজ্যের বিরুদ্ধে সংগ্রামে আলিপোরে পড়ছেন। আমরা বাংলাদেশের সত্য, আমরা বাণিজ্যের পদ্ধতি আমরা মুক্তিভোগনা। বাংলাদেশের বাণিজ্যের রক্ত করা নারী আমদের।

অতীতে এবং বিপদ ২৫শে মার্চ থেকে পাক কেন্দ্র বাণিজ্যে যে নিরামল ও বিরুদ্ধ চালিয়েছে তার নেতিবাধা নাই সুনাম বাণিজ্য এক প্রত্যেকে। সেখানে একদিন কেন্দ্র শক্তি দীপকর করছে। এই হত্যাকাণ্ডের প্রথম শক্তি হাতায় বাণিজ্যের পুলিশ বাণিজ্যের। রাজ্যবাণিজ্য, ট্যাগার, চুলনা, রাজতাজী, কীমিং ও আনান্দ জেলামুখের পুলিশ বাণিজ্যের বিকাশে মিশেনারের গুলতে ও সুনাম আগারে হত্যা করেছে তার পর ভূমি আমাদের কেদাহিন ভূমতে পাগলবে না।

আপনারা হতে দেখছেন নারী হত্যা, নারীবাদ, শিক্ষা-ছাত্র-কাৰ্যক্রম বাণিজ্যের শিক্ষা হতার বীরত্ব দৃশ্য। হারিয়েছে আমারা বিহিত, আন্তর্জাতিক সম্প্রদায়ের সব বিষয় ও সফল। ধর্মের দেউল শহর বন্দর ছড়িয়ে এখন পৌঁছেছে গ্রামে-গ্রামে যাত্ৰা। রাজ্যবাণিজ্যে হাতে মাথে সুশ্রুত হত্যা করা হয়েছে নিশ্চিত বাণিজ্যের পুলিশ বাণিজ্যের, ভালিয়া দেয়া হয়েছে। তাদের পরিবারকে দূরের অবস্থান স্পর্শ। এই গণহত্যা ও স্বর্ণের তুলনা ইন্দিরা মণী।

তাই আজ বাংলাদেশের প্রতিটি মানুষ জড়রে আওয়াজ তুলেছেন-বাণিজ্য বাণিজ্যের মাথায় পাক কোনো দৃঢ়তা দেবে না। পদ্ধতি পাক কোনো দৃঢ়তা প্রাপ্তি বাণিজ্যে বাণিজ্যে বাণিজ্যে কোনো দৃঢ়তা দেবে না।

হাসপাতালে আলো দিয়ে বাংলাদেশের পুলিশ বাণিজ্যে মেশিনগান, স্থান ও বৈবাহি মুখে যে বীরত্ব দেখিয়েছে তা যেন তেলা যায় না। বাংলাদেশের বাণিজ্যের রক্ত করার সংগ্রামে পুলিশের তায় ও অবদান ইন্দিরা সুনাম অক্ষরে লেখার থাকে।

বাংলাদেশের পুলিশের যোগাযোগ তেবে দেয়ার জন্য পুলিশ কর্তারদের মেশিনগানের মুখে রেখে যাব্য করা হয়েছে একাক্স দেখান করত-কেন্দ্র বাণিজ্যের পুলিশ বাণিজ্যে ইন্দিরা জাপানী শাসনকর্তার কাজ সরকারের করে। মুক্তিকের বীরত্বপূর্ণ সরকারে আত্মত হনার জন্য এই ইন্দিরা প্রচেষ্টা। এই মোহনা যোগাযোগ তেবে বাণিজ্যের পুলিশ বাণিজ্যে সাড়া দেবে নাই। নানা কোনো পুলিশ বাণিজ্যে একবার নির্ধারিত করে কেন্দ্র পাক কোনো দৃঢ়তা একান্ত আত্মত হনার তুলনায় চলতে না। একাক্স থেকে দেয়াল-কেন্দ্র পাক কেন্দ্র অতুলন্ত পুলিশ বাণিজ্যের অপকরণে বাণিজ্যের পুলিশ হত্যা করেছে-কেন্দ্র তারা বাংলাদেশের পুলিশ লাইন পুলিশে জারাজ করেছে-কেন্দ্র বাণিজ্যে পুলিশ করছে। জাপানী সরকার অনেক শাসনের শচিত্তে শক্তিশালী এন সেই স্বতন্ত্র দাপট ইন্দিরা সরকারের আমদেরের নির্ধারিত করায় প্রচেষ্টা চালাচ্ছে। এই জাপানী সরকারের সাথে সহযোগিতা করা বাংলাদেশের প্রতি বিশ্বাসযোগ্যতা ছাড়া আর কিছু নয়।

আমাদের বাংলাদেশের বাণিজ্যের প্রতি সহযোগিতার রক্ত করার সম্প্রদায়ে আমরা বহু তায় করেছিলি। আমরা আমাদের পর্যায তায় করেছিলি। মুক্তিযুদ্ধে হাসপাতালে স্থান দেয়া করেছিলি। বাংলাদেশের শাসনের সংগ্রাম দুর্দান্ত করছে। তাদের কাজে আমরা চিত্রকী। তাদেরকে চিত্রনি জনাব প্রশ্ন। তাদের পরিবারগতকে
বাংলাদেশের বাণিজ্য মুদ্রাতন্ত্র প্রক্রিয়াকলাপ

জানার সহায়তায় যারা শতক্ষর হতে ক্ষতিগত হয়ে মৃত্যুর সংগ্রহ লড়াই করছে। তাদের জীবন বাঁধাবাঁধাক্ষর জন্য আমরা সব কিছু করতে প্রস্তুত। বর্তমান পাক ফৌজের অমানবিক অভ্যাসভঙ্গের হাত থেকে রক্তাক্ত পাবার জন্য অনেক পুলিশ কর্মচারী বাংলাদেশের অভ্যন্তরে আশ্রয় নিয়েছেন। তাদেরকে আহবান জানাতো তারা যেমন অবিলম্বে মুক্তিলাভে যোগদান করেন।

আমরা পুলিশ-আমরা অঞ্চল চালানা জানি। বাংলাদেশের এই মুহূর্তে আমাদের অনেক কিছু করার আছে। আমরা শক্তি সহযোগিতার মনোভাব নিয়ে যাব না। শক্তি কাছে ভাল না তবু করবো না। তাদের সঙ্গে সহযোগিতা করার আহ্বানে আমরা সাড়া দেব না। বাংলাদেশের বাণিজ্য রক্ষণ সংগ্রামে প্রাণ দেব। আমারা জানি যারা শান্তি সংগ্রহে হাত মিলিয়ে চলেছেন-বাংলাদেশের সংগ্রামী জনতা তাদেরকে কোনোদিন ক্ষমা করবে না। পুলিশের সঙ্গে যারা অফিস কাছ করছেন তাদের প্রতি আমাদের এই একই আলোক।

পুলিশের ভাইয়রা যারা সীমান্তের ওপারে গিয়ে আশ্বাস দেয়েছেন তারা ২নং সার্কাস এডেনিউ, কলকাতায় (বাংলাদেশ মিশন) অথচ সুরেন্দ্রমুখিন মুড়ানলগর পুলিশ সদর দপ্তরের সঙ্গে যোগাযোগ স্থাপন করেছেন।

আমরা একথাই মনে রাখে যে-আমরা বাংলাদেশের সমন্বয়-বাংলাদেশের বাণিজ্য রক্ষণ সংগ্রাম আমাদের বীরত্ব সংগ্রামে। আমরা লড়াই সেবার জন্য-ন্যায়ের জন্য। এই সংগ্রামে আমরা জয়ী হবী।

নতুন শপথ

আমার প্রিয় দেশবাসী,

আমাদের জাতীয়তা রক্ষার মরণজ্ঞী সাংখ্য ধাপে ধাপে এগিয়ে আজ এক চূড়া পর্যায়ে উপনীত হয়েছে। মুক্তিযুদ্ধের এই সাফল্যের পরিপ্রেক্ষিতে সামান্যিক এবং অর্থনৈতিক ব্যবস্থার দায়িত্ব নিতে হয়েছে। সত্ত্বে জাতীয় ধার্যের প্রতি গ্রেব্বীর প্রশংসার ঐচ্ছিক নতুন ধীর্ঘকাল প্রতি সজাগ সৃষ্টি, সচেতন মানসিকতা এবং সর্বেগার সম্মিলিত প্রচেষ্টার মাধ্যমে আমরা বাংলাদেশকে একটি সুস্থীর সৃষ্টিশালী রাষ্ট্র হিসেবে গড়ে তুলতে পারি।

বর্তমানে নানারূপ প্রতিপালন অবসাদেও আমাদের মুক্তিস্মারকে যে সাফল্য অর্জন করেছে তাতে বিশ্বাসী ভিমান না হোক পারেন। বঙ্গবন্ধু অধিক্ষের দীক্ষিত বাংলার মুক্তিযুদ্ধের আত্মকর্ত্তা এবং শীঘ্রিয়ে যে ইতিহাস সৃষ্টি হয়েছে যুগে যুগে পৃথিবীর মুক্তিকামী মানুষকে তা নতুন নতুন প্রবণ জোগাবে। মানবতা ও নাগরিকতার বেদে উদ্ভূত ভারতীয় মিশ্রবাহিনীর কার্য কর্ম মিলিয়ে তারা একের পর এক শর্তালী দফতর করে চলছে।

মহান ভারত বাংলাদেশ সরকারকে বীকৃতি দিয়ে আমাদের মুক্তিস্মারকে আরো উত্সব এবং বিদে দরবারে আমাদের সম্মান উপরের বুদ্ধিতে কর্তৃক করেছে। ভারতের এই মানবতাবাদী এবং অবরুদ্ধ বাবার মালতী মুখ এবং কৃতজ্ঞ। আমাদের এর এক প্রতিশীল রাষ্ট্র কুটিল না আমাদের বাংলাদেশ সরকারকে বীকৃতি দিয়েছে। তাদের কাছেও আমরা কৃতজ্ঞ। বাংলাদেশ আজ বিশ্বে একটি প্রতিষ্ঠিত রাষ্ট্র-ভারতীয় সার্বভৌম বাংলাদেশের অন্তর্ভুক্ত আজ একটি বাস্তব সত্য।

সমষ্টি মুক্তিযুদ্ধে বাংলাদেশ সরকারের প্রশাসনিক ব্যবস্থা চালু করা হচ্ছে। সেখানে আইন শৃঙ্গালা পরিবর্তিত সংবেদনশীল জাজীবিশেষ ব্যাভাবিক অর্থনৈতিক কর্মতৎপরতা ফিকে আছে প্রতি প্রতিভ।

তথ্য ব্যক্তিত্ব, একাধিক সত্য যে বর্তমান হারাদার বাহিনী বাংলাদেশের অর্থনৈতিক সৃষ্টিতে ক্ষয় সাধন এখনও আগ্রহ চেষ্টা করে যাচ্ছে। হামলার প্রথম জরুরি তারা বাংলাদেশের অনেক শিশু-কার্যকাল জুলুমে দিয়েছে কিভাবে কর্মকাজ করা প্রতিভাতে পাচার করার চেষ্টা তারা পর ছেদ শহীদের শহীদ ছেদ, গ্রামের পর প্রথাম জুলুমে দিয়ে, সেনা-ৰাজা পর-বানার লুটের জন্য, তাদেরকে নিজেদের বাড়িটি থেকে তাঁদের দিয়ে লক্ষ লক্ষ বাংলাদেশীর জীবন ভাঙ্কে নেতার এক নতুন অর্থনৈতিক পরিবর্তন। দক্ষ-খামার বিষয়ক উপর লিখিত আমাদের ফসল করেছে লেখা। রাজকারণ এবং দের তালিকাদের লেখায় দিয়ে, দেশার্ধকার নাগরিকদের বাণিজ্যিক জনরস্তার হীত তারা আমাদের সমাজে বপন করতে চেয়েছিল অর্থনৈতিক বিশ্লেষার প্রাণ।

শাসন আমাদের বিশিষ্ট এবং কর্মকর্ম ব্যবস্থার হতা করে মানবিক সম্পদকে করেছে পূর্বদিনের আমাদের অর্থনৈতিক উন্নয়ন পাবে করেছে দুর্ভূত।

আজ যখন মুক্তিবাহিনী ও ভিডিজাহিনীর হতা মার থেকে পালিয়ে যাচ্ছে, তখনও তারা চালাচ্ছে এই অবাধ ধর্মস্থায়ি।

বক্ষণ, জাতির এই ওৎকৃষ্টাপন্তে আমি মুক্তিসগ্রামে শাহী এবং আহত ভাইদের মৃত্যু করছি। নিজের বুকের রঙ্কে যারা বাহিনীন্তর রঙ্ক করতে এগিয়ে দেলেন সেইসব পাহাড় হাজার হাজার তুষ্ণ মুক্তিযোদ্ধাদের জনে জাতি গঠিত। মহান ভারতের মহাতীর্থী দেশের তীর্থী গণি নেতৃত্বে মার্বান মার্বান বীর ভারতীয় সৈনিক বাংলাদেশের বাহিনীন্তর জন্য প্রচণ্ড দিয়েছেন তাদের আমি গাঁথের শ্রদ্ধার সংগ্রহ মার্বান করছি।

নানা অসুবিধার মধ্যেও ভারতের জনগণ এবং সরকার আমাদের লক্ষ লক্ষ ছিপালু মানুষেক তাদের মাতিতে আশ্রয় দিয়ে এবং সরোরাপি বর্ষ পাক সরকারের সময় সামরিক তুষ্ণের মুখেও বাংলাদেশ সরকারকে ধীরে ধীরে সাড়ে সাত কোটি মানুষের বাচার অধিকারকে সার্থকভাবে প্রতিষ্ঠিত করছেন। বাংলাদেশের সাড়ে সাত কোটি মানুষের কণ্ঠে কঠোর মিলিয়ে আমিও ভারতের আর একবার ধনবাদ জানাচ্ছি। এই ধীরে ধীরে ফলে বাংলাদেশ ও ভারতের অধিনিয়মের সহযোগিতার ক্ষেত্রে এক নতুন অধ্যায়ের সূচনা হবে। হাতে হাত মিলিয়ে পারস্পরিক সহযোগিতার ভিত্তিতে কাজ করে দুটি দেশ এগিয়ে যাবে শাশ্তি এবং সম্মতির পথে।

আমাদের মুক্তি সপ্রচারকে নৈতিক সমার্থন মুখিয়ে এবং জাতিসংঘ বাংলাদেশের মানবিক অধিকারের মৌলিক প্রশস্তিকে অনুসরণ করবে এবং পরিকল্পনাবলী সঠিক হওয়া মুক্তির রাশিয়া আর একবার প্রচণ্ড করছেন যে বিদ্রোহের নিম্নাকালির মানুষের মুক্তি সম্প্রচারে চিন্তিত না হবে এবং ধরে ধরি।

বিদ্রোহের আরো তেমন ক্ষষ্ট্য বিভিন্ন মাত্রা আমাদের মুক্তি সপ্রচারের সাহায্য করছে তাদেরকে আমি ধনবাদ জানাচ্ছি। সাথে সাথে আমি বিদ্রোহের সকল রাষ্ট্রের অনুরোধ করছি বাংলাদেশ একটি বাদ্য সত্য। এ সত্যের কেন নিয়ে বাংলাদেশ সরকারকে ধীরে ধীরে প্রমথে দিতে এগিয়ে আসুন। পশ্চিম পাকিস্তানের জংী-শাহী, যারা বাংলাদেশের লক্ষ লক্ষ মানুষকে হত্যা করেছে, তাদেরকে সাহায্য দানে বর্তমান হবে।

বক্ষণ, তৎচিন্তিত বহি ধরে আনার আর অত্যাচারের বিকল্পে প্রতিবাদ জানাতে যাই এক বাংলাদেশ সহ রেখা দিয়ে যেচে। কিন্তু আজ তার রঙ নিয়ে প্রচেষ্টা হচ্ছে। যারা বাংলা দেশ একটি রূপে। অত্যাচারের কেন্দ্রে থাকো যে হয়তো মনে হয় রে বাংলার একটি লক্ষ্য পাহাড় করতে পারে তবে একটি নতুন প্রক্রিয়া জন্মে। মিলানের কাছে ধরাই মিলিয়ে যাচ্ছ দুটি চলেছে বাংলার এক প্রক্রিয়া তথা যে দুটি প্রক্রিয়া একটি উপমূলের। এ আধাত রোধ করতে পারে এর উপমূল শাস্তি পৃথিবীতে নেই।

শাহ তাই দিয়েছিলেন। চরম প্রতিজ্ঞায় তাদের সমালোচনা। দীর্ঘ চলিতে বহিরের অসামান্য অভিনন্দন বাহিনী বাংলার আকাশে দেখা যাচ্ছে।

Annexure (in Bengali):
   (i) Bhitti Fouz Oath Form.
   (ii) Ideology of Bhitti Fouz.
   (iii) Framework of Village Panchayet.

I. GENERAL PROGRAMME OF RECRUITMENT AND TRAINING.

L. Tentative Schedule:

1st-2nd day : Arrival of Trainees; Registration; Sub-division into Groups and Teams.
3rd-16th : Training with Motivational emphasis to all trainees.
17th-18th : Recruitment to Armed Forces as needed. Base Worker Oath (See Anne xed) to Volunteers; Re-grouping.
19th-32nd : Training with Methodical emphasis to Base-work volunteers.
30rd-34th : Briefing by locality leaders; Base-work Assignment option; Group Leader Registration.
35th : Pass-out.
2. The Scheme calls for a fresh batch of trainees every 15 days. Motivational training is to be given to all. Armed Forces Recruitment is then to take place as needed. From among those who may decline, or are not otherwise recruited, to join Armed Forces, the volunteers for Base-work are then to be given another 2 weeks of Methodical training. The two parts of the syllabus (see Para 68-72) are thus to be given simultaneously to the respectively succeeding Groups in each Camp.

3. However, the volume and timing of Armed Forces Recruitment being flexible the schedule may have to be changed even without notice. The Training Staff in each camp have therefore to cover as much of the Syllabus as fast as possible. The minimum essential coverage as in Para 71-72 has to be kept in view.

11. OUTLINE OF THE COURSE SYLLABUS

-Abu Yousef.

A. THE NEED AND THE OBJECTIVE
(Guerilla War: A Total War)

4. WHO will fight our war of independence and HOW?

It must be clear that the foreign powers will not fight for our independence. Whatever they may or may not do, whatever help they may or may not give we shall win or lose our independence exactly in proportion to our self-reliant efforts. We alone shall have to fight.

5. But who among us will fight and how? The foremost need is, of course, to train and arm as soon, and as many, of our young men as we possibly can to destroy the heinous enemy particularly with the tactics of Guerilla Fighters (Mukli Fouz).

6. But if destruction is the only training we give our armed fighters what will they do in their operational bases in between, or after, destroying the enemy? Unless we also train them in some constructive work, shall we not be turning out potential parasites, or even bandits, who will incur the hostility of the people, lose their "Safe Base" and thereby render themselves unfit for Guerilla warfare? Grounding in constructive base-work is therefore as essential as destructive training for our armed fighters.

7. But what about the other young men who remain beyond our capacity to arm? Shall we let their militant enthusiasm to turn into frustration and possibly even antagonism to our cause? Should we not enlist them also as active participants in our war effort by training them as Base-Worker, to operate as vanguard and rearguard to our armed forces for preparing and maintaining Safe Bases?

8. But what about the rest of the people of Bangladesh? Is there no active role for them in our war efforts? Are they to keep on helplessly depending on our armed fighters and to serve only passively as their safe bases? But even in that role, how are the villagers to maintain the safe bases? Militant words......or from the Base-Worker, will not do. Because, the inhuman enemy is not stopping even at unlimited brutalities of murder, arson, loot and rape. With cold calculation he is now inducing a twin menace of
lawlessness and famine as a socio-economic device to break the people's last resistance to enslavement.

9. A village can act as a safe base only if it can sustain itself at least in food and social order, the irreducible minimum of social life, without begging for the enemy's mercy, relief or protection. Our Villagers could conceivably do so only by maximizing and organizing their "labor, cooperation, and discipline within their village Panchayet with an indomitable will for self-sustenance and security at whatever may be the attainable standard, without depending either on the enemy's bureaucracy for law and order or his money mechanism for the means of living.

10. And once the villagers begin to protect themselves from the indirect weapons of the enemy behind the shield of such an indomitable self-sustenance, they cannot only maintain the Safe Bases in the areas outside enemy occupation but also be the most effective fighters in an economic war, as our deadliest weapon against the enemy.

11. The activation of such indomitably self-reliant village bases ("Fortress in each village"-S/M Mujib) to ensure active participation of all our human resources in a Total-War against the enemy, is therefore needed as our basic war effort now.

12. That the "Swadhin Bangla Betar " has to constantly improve and intensify its efforts in that direction goes without saying. But only the trained Base-Worker, absorbed in his local knowledge of the village life, will be able to urge, guide and activate the people in their day-to-day self-reliance against the machinations of the enemy fifth column the informer cheat.

13. The Creation of a task force of such Base-workers (Bhitti Fouz), along with an initial grounding of our armed forces in that work, is the objective of the Youth Training Programme as a key to our Total War effort. So that, we may self-reliantly destroy the enemy while we construct our own social base, not merely to win but to consolidate our independence as we win it this time.

B. PRACTICAL WORK

Notes for the Instructors

14. The syllabus is primarily for practical work throughout, because it is based on a single premise that only through the intensive labor for constructive work can come co-operation, discipline and ingenuity as the only pillars upon which an indomitable will for socio-economic self-sustenance can grow and survive as the mother of independence for welfare through either war or peace.

15. The immediate objective of the training course is therefore to activate the trainees- in doing such work, and not merely to motivate them to do so ("as and when", and perhaps never), so that the trained worker in his turn can activate the villagers of Bangladesh in doing the same, as the real objective of the course. In other words, the trained worker must be armed with the habit of constructive labor in his hands as his primary weapon in war and peace. It is only for that purpose that the lectures are to be
given to give the urge of constructive labor in his heart (motive) and the avenues of constructive labor in his head (method).

16. First and Foremost, however, will be the need to break the usual Bengali "sense" of educated "prestige" behind the stigma on manual labor. The trainer can do it only by his own example in doing "shoulder to shoulder" work in a spirit of "joint venture". By the end of the course the trainee must be brought to realize that nothing can ever be attained without manual labor as the primary labor of man and, therefore, that the shirker of manual labor is an enemy of our cause. And this can be done only if the trainers remain wholly dedicated to their effort by living working and talking together with the trainees instead of just talking to them about work from a distance.

17. Items of Practical Work (See Para 71 for details).

1. Lineup.
2. Physical Training.
3. Cleanliness.
4. Camp works.
5. Rural Agricultural practices (doing whatever practicable in the Camp, and talking about other possibilities in the village).
6. Rural Arts, Crafts, Skills and Industries (same as above ).
7. Self- Help Exercise.
8. Self-Government Exercise
9. Intelligence gathering and communication (as may be arranged).
10. Use of Small Arms (as above ).
18. Ground Rules for Group Action

Throughout the above activities the following codes of constructive conduct must be consciously and indelibly impressed upon the trainee:

1. We are at war, we can neither fight nor win it without the strictest discipline. Any relaxation of discipline on our part is the enemy's weapon in our hands.
2. No matter how a leader is made, or how often and why the leader is to be changed, everyone cannot be the leader at the same time. There has to be only one leader at a time, and he has to be followed.
3. Decisions must be taken in democratic participation as far as the time allows. But once a decision is available its implementation in time is mandatory.
4. Know what is to be implemented. Don't just "do a job"; accomplish the objective.
5. Don't criticize without a suggestion for improvement. We are all to blame for our troubles to-day. Tomorrow will be better only if we cooperate.
6. Obey first, argue later. We have to win a war, not a debate.
7. Help others; but don't interfere.
8. Don't wait for others to do it. If you can do it yourself, do it.
9. Don't get stuck; improvise.
10. The time is for action, not for talk.

C. LECTURES

Notes for the Instructors

19. The lectures are to be given in-between work sessions and only to re-inforce
the trainee's work habits into an effective dedication to the constructive primacy of
our struggle even through the necessary destruction of war. One or more of the
following points should be the theme of each lecture:

a. Pride of Bengali Nationalism irrespective of groups and religions as founded by
Sheikh Mujib.
b. Love for the people of Bangladesh in their just cause of welfare through
Independence.
c. Hatred for the barbarian enemy who is a blot on human civilization.
d. Concept of Total War of all the people of Bangladesh and the complimentary
roles in it of the Bhitti Fouz and the Mukti Fouz. Role of everyone as a Bhitti
Fouz in the cause of welfare.
e. Dedication to our self-reliant struggle for the cause of welfare through
independence of the People of Bangladesh with the fundamental method of self-
sustained village bases (*Fortress in each Village*-Sheikh Mujib).

20. The lecture units with reference to specific paragraphs in this text have been set
out in Para 72, as the minimum needed to serve the basic purpose of the course.
Further elaboration may be given to interested trainees with reference to other
paragraphs as time permits. But, in any case, these lectures should be in a language
and manner to motivate the trainee not for a theoretical debate but for down-to-earth
action that has to be taken now.

A. INTRODUCTION

21. We are here not to escape the horror in our localities but to prepare for the war
imposed upon us. It is a total war of all true Bengalis regardless of their parties and
religious. We have one leader -Sheikh Mujib, one slogan-Joi Bangla, and one cause-
welfare through independence of the people of Bangladesh.

22. The war is in our hearts and homes and has to be fought and won there. Every
moment we delay, the more of our brothers and sisters are being killed, burned, looted
and raped, the more of our independence is being lost, and the more of our social
foundations is being destroyed.
B. THE ENEMY

(i) His Inhumanity:

23. Even worse than the combined bestiality of the worst enemies of human civilization. Unlimited cruelty, immorality and barbarism; genocide, burning, intellectual and youth depopulation; public raping, torture and dehumanization; induced famine and lawlessness; all let loose for a cold blooded destruction of our society to make us his sub-human slaves and prostitutes.

(ii) Immediate background: His treachery and treason:

24. Yahya himself conducted election on openly stated six-points of Sheikh Mujib for equal justice not only for the Bengali but also West Pakistanis. Patriotism of six-points was not questioned at that time. Yahya himself declared election as "free and fair" when it established six-points as National Mandate by an absolute majority, validly binding on the whole nation if the nation was to be considered as one. Yahya himself hailed Sheikh Mujib as would be Prime Minister of the whole of Pakistan.

25. But M. M. Ahmed - Hameed - Bhutto - Yahya secret plot to continue exploitation of Bangladesh by violent overthrow of this unassailable national mandate. Assembly delayed, then postponed; unnecessary Round Table Conference started; all as covers to build up military preparation. Then, while supposedly working out interim Government under Sheikh Mujib, brutal genocide suddenly unleashed on Bangladesh without the slightest forewarning. This violation of national mandate is highest possible treason, the surprise attack the highest treachery, the armed butchery the meanest inhumanity. By the heinous attack on democratic majority, the barbarian minority of West Pakistan has ended one-ness, integrity, and the very existence of Pakistan forever.

26. Present blatant lies about Indian "infiltrator", 'Hindu domination' and 'Islamic solidarity' were not even mentioned by Yahya in his delayed cover up on 26th March. After destroying the foundation of Pakistani nationhood themselves, they are killing us in the name of Pakistani integrity. Their butchery of Bengali Muslim in the name of Islam has put Islam itself to shame forever. The minority is calling the majority his 'internal affair'. Unarmed and helpless victims including thousands upon thousands of women and children are being called 'miscreants' by armed gangsters. 'Relief for Bangladesh is being procured for our destruction.

(iii) Pakistan background: His exploitation and lies:

27. Bengali Muslims established Pakistani States for justice in fear of possible injustice in united India. But West Pakistani Landlord-Capitalist-Bureaucratic axis plotted to subjugate and exploit Bangladesh and deprived Bengalis of that justice (with the connivance of Bengali traitors). Political subjugation, economic exploitation and cultural enslavement under the guise of Islam and Integrity. Some axis behind this war of inhuman aggression. Unity of thieves against us, in their necked adventure in gunpoint imperialism.
C. HOW HAS HE DARED

(i) Out Habit of depending on others.

28. Enemy has dared to violate all civilized codes of conduct even to put the blame on us for all his crimes, because he banked not merely an our military unpreparedness but on our mental unpreparedness to take the initiative of action. We depend on others, to act while we talk, elect, agitate, threat and even offer our lives, but yet wait for others to act.

(ii) History of Bengali Liberation Movement:

29. Pakistan (47), Language (52), United Front (54), Constitutional Parity (56), Mass upheaval (69). In each case a 'crowning' victory was turned into miserable failure by Bengali inability to follow up in action what is resolved in words. The role of traitors, and our inaction to punish 'them. Even now there are traitors, betayers, and opportunists who go unpunished. We have perhaps the best human resources as our assets who have risen massively again and again at the call of their welfare; who have voted, agitated, and given their live again and again as asked for; but who have been betrayed and frustrated again and again because no one told them how to take action.

30. Our only strength so far has been occasional unity in resolve, but it remains empty without constant discipline in action to implement the resolve. We have depended on others for this action and therefore the defaulters, betayers, and traitors have flourished to foil our resolve by helping the enemy in his actions. The enemy has banked on it, and we are getting exterminated.

D. HOW CAN WE OVERCOME

(i) Should we depend on Yahya and settle with him?
(or his equivalent)

31. Begging or compromising with Yahya to spare our lives will not end the trouble. Can Bengalis live through this sub-human slavery and prostitution? The veil of Pakistani nationhood is now gone forever. Can Bengalis live as fourth class serfs of pleasure of the Punjabis, other West Pakistanis, other non Bengalis, and the Bengali slave-drivers, in that order.

(ii) Should we just depend on Foreign Powers?

32. Foreign people may sympathies with but agony, but foreign governments do not act on mere moral principles. U. S. A. does not act for democracy in Pakistan or freedom of Bangladesh, or U. K. for parliamentary process, or China for liberation from capitalist exploitation. The Governments act in their own interest as a part of their world power politics. The less said about the powerless U. N. the better. So long as we do not or cannot speak from a position of strength the foreign powers will not be likely to act solidly for us. The best we can hope from them is a "peaceful" settlement for continued Pakistani bondage, with the last enemy soldier remaining on our soil.

(iii) Should we just depend on our armed fighters?

33. In spite of its unsurpassed heroism, our armed front is just getting stalled. It is good enough for bleeding the enemy, but it is not likely to match the mechanized army of
West Pakistan in the foreseeable future to give us any real position of strength just by itself. We have to prepare for guerilla warfare in our revolution from within.

(iv) Lesson from successful Revolutions:

34. No revolution has ever succeeded by armed destruction alone. The French Revolution was a miserable failure, the first time. Whether it is in China or Vietnam or Algeria or Cuba, revolutions have succeeded only in proportion to the constructive action that the people themselves have taken in partnership with armed fighters. Guerilla war is impossible without such partnership. We also must do the same.

(v) Self-reliant Total War by the people of Bangladesh:

35. The enemy is strong in foreign affairs because he is in strong military affairs. But at the base of these weapons, the enemy is extremely weak in economic affairs because he is vitally dependent on exploitation of Bangladesh even while he is fighting us. U. S. A. and China will not finance him indefinitely in his nacked imperialism. Therefore, if we employ, at the base of our foreign affairs and armed front, an economic war by our people in a total war against the enemy we cannot only defeat the enemy but also disintegrate him at his home base in West Pakistan. What we have to do is to urge our people to continue the economic boycott of the enemy that was started by Sheikh Mujib, regardless of the present horrors in the hand of the inhuman enemy, because economic war is our deadliest weapon against the enemy.

(vi) Enemy strategy:

36. But, in all his mad inhumanity, the enemy is pursuing a vicious tactics of preventing such an economic war by our people. The enemy occupies the bureaucratic and monetary nerve centers in the capital and the towns. He knows he cannot keep the producing fields of rural Bangladesh occupied physically; but he is pursuing a two pronged attack for its control. He is systematically destroying our food grains to create a famine, and he is starting a chain reaction of internal social lawlessness by his fifth column, the common thieves and dacoits backed by our social cheats who act as enemy informers, to bring down enemy raids as protection to the miscreants.

37. Amidst all their terror and horror, our people are being deprived of even food and internal social order, the two ultimate requirements for the existence of a human society. The enemy hopes that the people, thus faced with the destruction of our society will turn to their usual habit of depending on others and surrender for "law, order and relief" to the enemy controlled bureaucracy; and will thus be enslaved once again for bureaucratic subjugation and monetary exploitation by the enemy.

38. Even if our people were to forget the message Sheikh Mujib and accept that slavery, the enemy has already destroyed too much of our economic superstructure to rebuild it soon enough to regain his economic empire. As if maddened by that thought he appears to be bent upon a revengeful destruction of our society by inducing more and more famine, lawlessness, and debasement. So that, when he leaves, he may leave behind a jungle of sub-humans in Bangladesh.
(vii) Real enemy:

39. Even in this gravest of all possible dangers to us as a nation, our deadliest enemy is not so much the mechanized barbarians of West Pakistan, as the same old virus of internal social cheat, now acting as the enemy informer, who has along been ruining us in the past by acting as the supporter of our political traitors in their betrayal of our cause.

40. And here again, the enemy and his agent-informer depend for their success not so much on their own ability, as on our fatal habit of depending on others for action to satisfy our needs; in this case on some bureaucratic administration from the "top" for "law, order and relief". This fatal habit is our real enemy within.

(viii) Self-help:

41. But to-day, faced not merely with the loss of our independence but with the destruction of our society itself, we the people of Bangladesh must at long last give up this fatal dependence on other's actions and begin to take, as our national life breath, our own self-reliant action to weed out the deadly enemy, the informer-cheat our social foundation.

42. But unorganized and uncontrolled action against the informers by patriotic individuals will not do, because such divergent action will lead to lawlessness as intolerable as the other. Punitive action, to be really beneficial, has to be an orderly one with the sanction of a body which has public recognition behind it. But the Bangladesh government cannot extend its bureaucratic "Order" (even if it so wanted), because the Mukti Fouz cannot drive the enemy out right now.

43. And yet there is a simple way out to preserve our internal social order at least in the large majority of our villages which lie outside regular enemy patrol. What we have to do for it is simply to revive our age-old village Panchayet and enforce its "order" to prevent the thieves and dacoits and to deprive them of possible enemy protection by suppressing the informer so effectively as to terrorise the potential informer-cheat back to normalcy.

44. And from within the security and discipline of such Panchayet administration at our social base, and with the same will for self-reliant action, our villagers (at least in the areas outside regular enemy patrol) can organise their labor and cooperation for maximizing their food production (along with as much of other social amenities as they possibly can) so as to maintain their self-sustained (even if not self-"sufficient") village units without falling prey to the enemy's tactics. There will be hardship no doubt. And a key role will have to be played by motive ingenuity of our people in finding indigenous means and methods not only for maximizing and diversifying local products but also in doing without things that can neither be produced by the village, nor be obtained by friendly barter with neighboring areas.

45. And it is only through such self-reliant socio-economic action that we can build the "Fortress in Each Village" which was called for by Sheikh Mujib in our war preparation as the indestructible seed of our independence.
(ix) Village Unit:

46. The Village has to be the basic unit of such action primarily because the day-to-day (management and supervision of such labor) management and supervision of such labor, cooperation and discipline is not feasible in any unit larger than a village, the fundamental, contiguous, and indivisible unit of our society. The other units (union, Thana etc.) are simply the administrative groupings of villages and, in any case, they now lie sheltered and scattered by enemy action and occupation pattern. Only the village continues as a unit, whether occupied, patrolled raided, or free.

(x) Self-Government

47. The Village Panchayet will thus be a true self-Government, without dependence on any other "administration" in the daily life of the village. In fact such is the age-old system of Public Administration in Bangladesh, which, however, has been stunted and debased, by the diabolical "Diarchy" as introduced by the British and followed over since. Yet, it will not be too difficult to re-vitalize the administrative Panchayet to-day, because our villagers have already had a taste of it during Sheikh Mujib's historic Non-cooperation of March '71, when bureaucratic administration became practically defunct, and law order and justice in our villages were maintained by the Panchayets of some kind, or the other (Shalish, Darbar, Baitakh etc.). Almost the same situation continues now, and what we have to do is to reactivate these Panchayets with a renewed vigor as our basic war effort at home. The main principle to be remembered is that the villagers are to be motivated to select the Panchayet themselves so that they get morally bound to abide by the Panchayet's decision and discipline in their daily lives (see para 67 for details).

48. The reactivation of the village Panchayet, although the key step in our Total War, will however not involve any defense or violation of any rule, law, regulation or ordinance that may conceivably be imposed by the enemy or his bureaucracy. In fact the Panchayet needs no registration with the enemy bureaucracy; it remain a private affair entirely of the villagers, by the villagers and for the villagers; and the normal productive and protective activities of the villagers under it (para 67) can be carried out openly, either without any name, or under any convenient name (even under cover of "Peace Committee") without attracting any excuse for the enemy's wrath.

(xi) Economic War

49. But it is from within the shield of these self-sustained socio-economic "fortresses" under Panchayet administration that own, villagers can continue their relentless economic war, which then will not only be a simple matter, but also will not violate any conceivable law of the enemy. The people with simply stop going to the enemy's bureaucracy for law, order and justice; stop using the enemy's products (textiles, cement, wheat, manufactured articles etc); and keep the enemy deprived (by stopping production if needed) of such of our products (jute, hide, tea etc.) as he uses for our exploitation. The enemy will not survive long by this deprivation of Rs. 250 crores in Pak Currency and Rs. 100 crores in Foreign Exchange per year, respectively, upon which his
industrial-military economy rests. Payment of Land Revenue (even if unavoidable under physical threat) will be of little consequence to the economic war. In any case there will be very few imposable taxes when the people produce only for their own consumption, and at most do barter trade in kind.

(xii) Resistance

50. But the enemy is not fighting a "civilized" war; he is on an inhuman rampage. He comes for raids, murder, arson, loot and rape, from which our unarmed villagers must get prepared to save themselves as best as possible by faking, hiding and fleeing from the enemy with their lives and essential products and stores, particularly of food, while they can-yon their constant rearguard action against the enemy informer. At the same time their blind fury against the enemy brutalities must be kept constantly galvanized into in indomitable will for resistance through various wartime actions culminating in to the guerilla fighters (para 67.B.2). The organisation and order of these activities also can be best carried out by their own Panchayet within their socio-economic "fortress in each village" whenever, wherever, and to whatever extent its construction is possible.

(xiii) Safe-Base

51. The best areas for the construction of these village 'fortresses' are obviously those which have not yet been raided. Soon, the work may be extended to the once raided villages for the people to re-group and start again. And gradually, in a highly secretive manner, the work may extend to enemy patrolled and even occupied villages under the very nose of the enemy. And it is in these villages "fortresses" that our guerillas will find their safe-bases to operate, not as our mercenaries against the enemy mercenaries, but as the army of our people, to help and protect our people, with the help and protection of our people.

(xiv) Participation

52. But even more than its utility in economic war and Safe-Base, the activation of village "fortress" will save our social foundation from destruction by the barbarian enemy. It will give a positive construction and a constructive purpose to the helpless villagers of Bangladesh who are probably the most terrorized and bewildered human beings on earth today. Most importantly, however, the work will save them from the impatience of passive expectation of a quick victory by Mukti Fouz alone, and the resulting frustration and even a dangerous antagonism to our cause of the inevitable delay, by giving them the scope and duties of active participation in our war effort and the resulting solidarity with our leadership and the Mukti -Fouz on the one hand, and the continued hatred of the enemy and his agents (by polarization) on the other. Only thus can we wage an invincible total war of 75 million people to uproot the enemy from our soil and thereby to disintegrate him at his unstable home base in West Pakistan.

(xv) Foreign Policy

53. Only the confidence of such a primarily self-reliant total to destroy the enemy can give us the position the real strength as needed for a successful foreign policy.
Only then can we tell the world plainly and clearly that Pakistan is dead and gone forever, and the West Pakistani gangsters in the skin of Pakistan have no jurisdiction over the fate of Bangladesh; that our evacuees shall return home under our own protection; that we are fighting for nothing short of total victory in true independence; and that we have nothing to negotiate with the enemy except the terms of his surrender. We can then begin to lash the conscience of world humanity about the criminal connivance of those governments who are "aiding" Yahya's gang, and about the conspiracy of silence of the world powers on the inhumanity of these West Pakistani barbarians.

(xvi) Conventional versus Guerilla War

54. What is needed for us to wage such a total war is first and foremost the realization of all of us, particularly of our youth that we are not fighting a conventional war for crushing the enemy with our military weapons in one frontal fight. Ours is a Guerilla war for bleeding the enemy to death with "all of our weapons in the hands of all of our people" (Sheikh Mujib) in a well concerned total war. In its present phase, when our Guerillas are still gathering strength, their primary effort must be to assist our people firstly in their social security by eradicating the undoubted traitors and economy-agents, and secondly in their economic war by ambush and sabotage to prevent enemy's trade communication on the one hand and to push his war expenditure to an unbearable maximum on the other. Only when the enemy has thus been "softened" enough, the time for their mopping up will come in the final phase of our war with our people themselves rising in a body to give the finishing touch. Our soldiers must, therefore, be motivated to fight the military war not as "everything" but only as a part, although a most vital part, of our total war in active partnership with our people in the Socio-economic war. Because, there is no other way to fight a guerilla war.

(xvii) Base Worker

55. And which is needed for our people to actively participate in this total war is a corps of dedicated Base- Workers to activate . . . self-sustained socio-economic "fortresses" in the villages of Bangladesh. First of all, the worker himself has to be activated in the habits of hard work, the mother of self-sustenance, as he is taught the "why" (motivation) and "how" (method) of self-sustenance. He is also to be taught to get inconspicuously absorbed in the economic life of a village through some productive labor so that he may get into the confidence of the villagers before he can activate them.

56. He can then select a village as his assignment and begin to carry out his systematic tasks (see para 64) under cover of the village elders to uphold the indomitable will of our people, even through the brutalities of the enemy, for the construction of their self-reliant socio-economic "fortress" as their primary shield, and also their deadly weapon, against the enemy.

57. And thus, with the Base-workers at the foundation of our political war, the Armed Fighters at the forefront of our military war, and both solidly united with the people in the main thrust of our socio-economic war, we can confidently proceed to really and truly vanquish the enemy.
D. WHY TO OVERCOME?

58. But what then? What shall, we do with independence when the enemy is vanquished? The only possible answer is that we shall use independence in our actions to win our welfare.

59. But, we became independent 23 years ago along with the West Pakistani minority. While they used more than their due share of independence in their actions to enhance their welfare and strength, we did not use ours. And therefore not only we have lost our welfare and strength, but we are now about to lose our 'Independence' itself.

60. But, no nation or society is either absolutely independent or absolutely non-independent, because every society can take its own actions up to a degree. The only way to retain whatever independence is there and to win a greater degree of independence for greater welfare and strength is to use in actions whatever independence is now available for whatever welfare and strength is now possible. Otherwise, welfare, strength, and independence itself go by default. We, the people of Bangladesh, are now finding it out to our bitterest agony.

61. And this action must be taken by the people themselves. The Leaders are of course needed to show the way; but nothing is really attained until the people at the base of the social pyramid begin to act with their productive (economic) and protective (social) lob ours in mutual cooperation and discipline. The key to independence, strength, and welfare itself, thus, lies in the bare hands of the people.

62. Sheikh Mujib has chosen democratic socialism as our path to welfare. Whatever details we may follow in that path, (and notwithstanding the arguments of various 'isms') our elemental step to enduring welfare must be social cooperation through democratic self-government at the foundation of our society (fortress in each village,) where the people themselves will protect their constructive vitality from subjugation and exploitation by the social cheats. Such democratic self-government, as the only administration at the social basest is the only common feature of, all really progressive countries irrespective of their 'isms' whether it is called a commune or a Kibutz, a County or a Borough, a Collective or Canton. We also must do the same. The Leader, his Lieutenants, and the Base-Worker must of course mobilize, guide and urge. But it is the people at our social base who must be activated to take that step.

63. If then, the blind fury of our people against the enemy today can be converted into an indomitable will on their part for self-reliance, and if their labor, cooperation and discipline can be activated into the construction of the same socio-economic 'fortress in each village' within their truly democratic Panchayets, wherever and to whatever extent possible, as their weapon as well as their shield against the hated enemy, far more than a beginning will have been made on our way to welfare by the time the enemy is vanquished. And then, upon the solid foundation of these constructive village bases the superstructure of our national welfare will be built, quickly and confidently, at progressively higher levels, never again to be the helpless victim of any aggrandizer.

At this fateful moment of birth of our nation it is, therefore, for the Base-Worker to transform what is now a calamity into an opportunity for the people of Bangladesh.
III. DO'S AND DONT'S FOR BASE WORKER

64. THE DO'S
1. Select your own village of work where you will feel the safest and most welcome. (More than one worker can work in the same village, but don't overcrowd if a village has already reached stage 8 of this list)
2. Lie low and watch the villager’s attitude towards our cause. (If it is too hostile, you may pretend to join them and work from behind enemy ranks, or you may leave the village and go to another village of your choice! If not:).
3. Categories the villagers, particularly influential elders and energetic workers; in your mind into (a) friendly, (b) neutral, and (c) hostile in regard to our cause. Look for persons dedicated to our cause.
4. Get quietly absorbed in village life through some productive labor.
5. Start making friends by sincerely helping people and thus get into their confidence.
6. Begin whispering campaign for self-reliant action for our cause to form a confidential nucleus of future Village Guards and inspire them with the idea of socioeconomic "fortress in each village". (Suppress imminently dangerous enemy in former, if any, in consultation with 'friendly' village elder(s))
7. By working through this nucleus, activate Village Panchayet in re-grouping (as needed) and organizing its normal functions (see para 67.B. 1).
8. Guide urge and assist Village Panchayet in its wartime functions (see para 67. B. 2)
9. When in your estimation the village has become "safe" for our guerillas, inform proper quarters through your Group Leader or locally available prominent leaders or workers of our cause.
10. Keep on strengthening this village "fortress" by inspiring the villagers to higher and higher levels of self-sustenance.

65. Note: (a) All the above steps are to be taken in succession, each step only after you are sure of the previous ones. An enemy raid or the arrival of an enemy- agent may disturb the sequence and you may have to start all over again.

(b) Steps 5 to 10 are to be ever continued, intensified, and expanded.

66. THE DONT'S: After having taken the oath and the training of "Bhittouz".
1. Don't leave Bangladesh (unless absolutely compelled). The war is in Bangladesh, and it has to be fought and won there. Do your work whatever and to whatever extent possible. Ever)’ little bit helps the cause.
2. Don't quit after you have reached step 3 in para 64. Carry on till step 8, and only then you may go for work in another village.
3. Don't scatter your efforts in more than one village at a time.
4. Don't seek or accept public leadership: it exposes and kills a Base-worker. Act as a pace setter.
5. Don't cultivate or accept charity which is anathema to self-sustenance.
6. Don't collect any funds: depend on co-operative labour and resources.
7. Don't punish (informer or any others) on your own decision alone: that is lawlessness. Obtain local concurrence (p. 64).
8. Don't publicize or leave trace of punitive action on informers.
9. Don't attack the enemy: fake hide, or free from him. Leave the enemy for Mukti Fouz.
10. Don't rob or cheat the people, or tax upon their hospitality in the name of free-dom fighting. The real Mukti Fouz will not do that either.

IV. FRAMEWORK OF THE VILLAGE PANCHAYET

67. A. ORGANISATION
1. The villagers themselves are to re-establish the Panchayet in a general meeting with its members from among village inhabitants loyal to our cause. Too many Panchayet-members will create confusion; it may consist of 3 to 7 members depending on the size of the village.
2. A Panchayet Leader is to be nominated by the new Panchayet and got accepted by the villagers in the same meeting, for them to promise to abide by the decision and discipline of the Leader as the spokesman of the Panchayet, and the head of the village government.
3. The Panchayet is to decide about its own methods and procedures for transacting its business. The Leader must be given powers of emergency decisions and disciplinary control of the Village Guards.
4. General meetings, of the villagers to be held within, say, two months of each other. In each meeting the criticism, if any, of Panchayet members will be a compulsory item. Members will be re-elected or replaced after discussion and decision.

67. B. FUNCTIONS
1. Normal Functions: To construct self-reliant socio-economic village "fortress" through following activities:
   (a) Use village guards (see below) to prevent and suppress thieves robbers, defectors and cheats with iron discipline.
   (b) Settle and adjudicate all disputes in the village clearly and promptly so as to eliminate dependence on outside agencies for "law, order and justice".
(c) Revive owner-laborer production sharing practice to intensify cooperative labor in all fields.

(d) Maximize food production by cooperative labor in the utilization of all land, water, vegetable and animal resources of the village.

(e) Enhance local ingenuity in means and methods for maximization and diversification of village products from indigenous resources (through agriculture, arts, crafts, skills and industries); and maintain indomitable will for self-sustenance on just as much food, clothing, shelter, health, education, communication, culture and recreation, as can be produced in the village and obtained by friendly barter with neighboring areas.

2. **Wartime Functions**: To utilize village "fortress" as the primary shield and also a deadly weapon against the enemy, through following activities:

(a) Suppress enemy informers so effectively as to terrorize potential ones.

(b) Repare for faking, hiding and fleeing through enemy raids with essential products and stores.

(c) Continue socio-economic boycott of the enemy.

(d) Take custody of unauthorized firearms and ensure their proper use.

(e) Organise food, shelter, information, and assistance for Mukti Fouz. Pass on important information, particularly on disposition of enemy and his agents, through Bhitti Fouz Group Leader or prominent leader or worker for our cause in the locality.

67: C. VILLAGE GUARDS

Energetic and active villagers are to be selected by the Panchayet as a corps of Village Guards. Under command of the Panchayet Leader they will be employed at the forefront of all cooperative labors particularly for 'public' benefits, such as social order, flood control, embankment, drainage, irrigation, health, education and communication. In all their jobs the guards will be responsible for cleanliness and beautification of the village. Their special use in wartime actions above.

67: D. FINANCE

Financial problems should not arise when the village activities are based on cooperative labor, pooling of resources and sharing of products. In any case, money, as the carrier of cheating and, corruption must be avoided to the utmost. And right now it is an enemy trap.

67: E. REMUNERATION.

The Panchayet and the Village Guards will do primarily voluntary and honorary duties in addition to their normal occupations. A pre-agreed allocation of village products may be apportioned to them as their weekly or monthly honorarium;
provided that it is from the enhanced production of the village efforts under the Panchayets management as may be adjudged by the villagers in their general meeting when the Panchayet may be replaced on adverse finding.

V. CAMP ROUTINE
(and syllabus coverage)

68. It is essential that the same orientation be maintained in the training in all camps. Selected items of practice and lecture from the syllabus (Selection II) have therefore been listed in this section as the minimum essential units to be covered through the daily routine of the camps. More work or lecture, as time Permits, may be given for further elaboration or emphasis.

69. For the convenience of training as well as management of camp facilities it is suggested that the trainees may be divided first into Groups of about 250 each in-charge of one General and one Physical Instructor. Each group may be sub-divided into about 10 Work Teams under team leaders selected/elected from among the trainees.

70. The actual routine in each camp should be drawn up at least on a weekly basis in advance by the training staff in consultation with the Incharge and Administrator. The Camp day may begin at 5:30 A. M. with cleaning and wash up and end at 10 P.M. with some discussion. The practical work items may range up to 120 minutes each whereas the lecture items should not exceed 60 minutes. Lectures should be repeated to cover various work teams.

71. PRACTICAL WORK ITEMS:

A. Motivational (for all trainees throughout)

P.1 Line-up discipline to break crowding habit throughout camp life.

P.2 Morning Exercise and afternoon games each day (No drill or march)

P.3 Camp cleanliness and beautification daily for all boys for each camp and the whole camp area in assigned lots.

P.4 Camp work in Work Teams: The Teams will work in rotation for the following items of work:

(a) Camp sanitation, garbage disposal and utilization.
(b) Camp clearing and communication.
(c) Camp water drawing and storing for wash and bath.
(d) Camp fuel-wood gathering, marketing.
(e) Camp housing, hospital, mosque, temple repair and improvement.
(f) Camp cooking, serving and food carrying for work teams.
(g) Camp drainage, water courses, flood and drought protection.
(h) Camp barbering and Laundry.

P.5 Rural work in work teams (for, all teams in rotation)
(i) Use of spade: digging and head carrying of earth in reservoir, embankment, road models to be worked and re-worked.

(j) Use of plough and hand digger (Nirhani), in practice plots.

(k) Fruit and vegetables growing practices-preparation of bed, mixing of manure, sowing, plant protection practice in practice plots.

71. B. Methodical (particularly for Base-Workers):

P.6 Rural Arts Crafts Skills/and Industries: Each trainee has to participate in at least one of the following:-

Bamboo, Cane, Grass, Leaves and Wood Work; Sewing, Pottery, First Aid, Village Modeling, Drawing, Painting, Singing, Music, any other Rural Art and Craft as may be possible in the camp.

P.7 Self-Government Practice:

(a) At the beginning of the Methodical part the work team will be re-organized by geographic proximity of the trainee’s village homes, and the new Teams will elect their Team Leaders.

(b) The Instructor's Groups, re-organized to contain about equal number of trainees will elect their respective Panchayets and Panchayet Leaders (No election campaign. The group will sit together and elect by discussion and voice vote with the instructors as umpires).

(c) The Team Leaders will sit, with their group Panchayet and Instructors each night to discuss the day's progress and problems, consider disciplinary cases and recommend punishments as needed to higher authorities, and chalk out the next day's programme.

(d) The Panchayet Meeting every third day will be with all trainees in the group. A by complaint against any Team Leader, Panchayet Member or Leader will be heard, and necessary re-election or replacement will be made.

P. 8 Self-Help Exercise:

The performance of each Team (during Methodical Part) of P4 and P5 will be evaluated by the camp authorities and their products of P6 will be sold in the local market for improved diet. All Members or the Team with the highest overall performance will get a special commendation.

P. 9 & P. 10 Intelligence is gathering and small Arms Training to be given as may be arranged.

72. LECTURE ITEMS

A. General (G)

(a) Motivational (for - all trainees)
G. I. The need; How to make it a Total "War of 75 million people of Bangladesh - Sheikh Mujib". {Text para reference 4-5, 8-10, 54}

G-2. Ground Rules for Group Action 18

G-3. Why are we here: Bengali Nationalism of Sheikh Mujib: Six-Point-Eleven point 21-22

G-4. The Enemy: His inhumanity 24

G-5. Historical Background 23-26

G-6. 27

G-7. Our asset and deficiency 29

G-8. Lessons from other Revolutions 30

G-9. Enemy's position and our strength 34-35

G-10. Enemy's strategy: Real enemy 54

G-11. The way out: "Fortress in each village-Sheikh Mujib" 36-40

G-12. Economic war, Resistance and Safe Base 43-45

G-12. Guerilla War and Base Work 49-51

G-12. Guerilla War and Base Work 54-57

(b) Methodical (for Base work volunteers). 31-35

G-13. How shall we overcome 29, 36-40

G. 14. Enemy strategy 41-45

G-16. Self-Government 52-58

G-17. Participation, Foreign Policy 6-7, 12-13

G-18. Constructive primacy of our struggle 58-63

72. B. ECONOMICS OF SELF-SUSTENANCE (for all trainees)

E-I. Food and agricultural practices and possibilities of indigenous to development in the villages of Bangladesh: flood control.
E-4. embankment, irrigation, green manure, deep ploughing, seeding, harvesting, fruits, vegetables, poultry, dairy, fishery, use of every inch of land and water.

E-5. Village clothing and housing

E-6. Village health: cleanliness, drainage, sanitation, water purification, fly and mosquito eradication as epidemic preventives; indigenous first-aids and herbal and other indigenous medicines as curatives; other accessible medical services.

E-7. Village education

E-8. Village communication: roads, paths, bridge, waterways-their construction, and care, and their use against enemy.

E-9. Village beautification, cultural and recreational activities.

E-10. Rural arts, crafts, skills and industries.

Note:- The above items may be repeated in the methodical part for Base Workers for their ingenuity development discussion. The Instructors should keep notes of the trainees’ ideas for enrichment of the course.

72. C. SOCIAL (For Base Workers; may be given to all as time permits)

S-1 The needs of a human society: Food and social order as the irreducible minimum needs for social existence. Without either of which the society collapses. Others (Shelter, clothing, health, education, communication, culture and recreation) as needed for social welfare.

S-2 Ownership and labor sharing practices in the villages Bangladesh: a means of increased labor and co-operation for increased production and equitable distribution. Role of Panchayet in social security and development.

S-3 Formation of Village Panchayet. (67, A, D-E)
S-4. Normal functions of Village Panchayet. (67, B, I)
S-5 War time functions of village Panchayet. (67, B.2)
S-6 Village guards in productive labors. (67, C)
S-7 Village guards in protective labors. (67, C)
S-8 The Cheat-informer: how to subjugate. (64, 6-8)
S-9 The Do's of the Base Worker. (64-65)
S-10 The Don't's of the Base Worker. (66)

২। গ্রামের সকল কাজে শৃঙ্খলা রক্ষা জন্য যত তাড়াতাড়ি সত্ত্বা বাধীনতাসমূহ গ্রামে পঞ্চায়েতে গড়ে উঠবে তা গ্রামবাসীর সাধারণ বৈকল মনের মতো সামাজিক পৃষ্ঠার সত্তার নেতৃত্ব দেবে নিয়োগ হবেন। গ্রামের জেলে উন্মুক্ত অনুমোদন ৩ থেকে ৭ জন পঞ্চায়েত সদস্য হেলেই চলবে।

৩। একই বৈঠকে সদস্যরা নিজেদের মধ্যে, গ্রামে শ্রমী অবিবাহী যুবকৃতি একজনকে নেতা মনেন করবে। একজন গ্রামবাসীর অনুমোদন পেলে তিনি পঞ্চায়েতে নেতা হিসেবে নিয়োগ দেবে নেতার জন্য গ্রামবাসীর সাধারণ অনুমোদন অর্পণের প্রয়োজনীয়তা, কেননা পঞ্চায়েতের মুখপাত হিসেবে তিনিই গ্রামের শাসন-বিচার-শৃঙ্খলার অর্ধপ্রাত হবে।

৪। পঞ্চায়েতের সনদিন কাজের থিয়েটরো নিজেরই দায়িত্ব দেবে। তবে সকল জনতার অধিকাংশ বিচার নির্দেশ দেওয়ার কমল্প পঞ্চায়েতে নেতার হাতে ধারণ দেবে।

৫। প্রতি বছর মাসের মধ্যে গ্রামবাসীর সাধারণ বৈঠক হবে, এবং পঞ্চায়েত সদস্যরা সরকারের বিচার সমালোচনা কিছু থাকবে তা করতেই হবে। সমালোচনার পর সদস্যরা পুনরায় নিয়োগ অর্থনীতি পরিদর্শিত হবে।

কার্যক্রম:

১। গ্রামের আন্তরিক শিলার বাড়িয়ে তোলার সকল কাজে, বিশেষত তুর্কিক এবং অরাজকতা দমনের কাজে, আলাদা অবকাশের গ্রামবাসীর সকল সভায় পরিশ্রম এবং সমায় যতদূর সত্তা বাড়াতে হবে।

২। প্রতি বছর বাইরের মাসে এবং কঠোর শাসন-শৃঙ্খলার গ্রামের আভাসও চীন, ডাকতি, লাউরাজ, বিশ্বাসনায়ক এবং শাসনকর্তাদের অনুভূতি নিশ্চিত করে তাকে বসে হয়ে নেতার।

৩। গ্রামের আভাসও সকল বাইর-বিরোধের মীমাংসা করবে, প্রয়োজনীয় শাসন দিয়ে, কোন-কোন যারা বলতে হবে। মামলাবিদ্যা নিশ্চিত করে দিতে হবে।

৪। শুক্ল-মালিকের ধনাদি সহযোগ এবং প্রলিথ সকল উৎপাদনের ভাবাভাবি বিনিময় এবং বিতরণ করবে সৃষ্টি সমাজ গড়ে তুলতে হবে।

৫। গ্রামবাসীর সাধারণ পরিশ্রম এবং সমায়ের মধ্যে তাদের নিজের ক্ষেত্রে কৃষি এবং বুটের শিলার সকল ক্ষেত্রে গ্রামে আর কি কি উৎপাদন হবে পারে এবং গ্রামের উৎপাদন দিয়ে কি কেলে বাইরের থেকে আসে জিনিসের কাজ চলতে পারে সেই উভয়তা শাসন বাড়াতে হবে। যেমন যেমন যে কোনো বাইরের সর্বসম্মত বুটের জুল খাদ্য এবং সমাজ-শৃঙ্খলার নয়, লক্ষ, আবাস, বাঙ্গা, শক্তি, গ্রামের পথ-ঘাট, শ্রীরাজ এবং মানসিক ও আধ্যাত্মিক সৃষ্টির সকল ক্ষেত্রে সকল সত্তা বিশ্বাস আন্তরিক শিলার গ্রামের জীবন-যাপন সমাজ-শৃঙ্খলা রক্ষা করা যায়।

গ্রামকীর্তি:

পঞ্চায়তের নেতার নির্দেশ- শুক্লায় সমাজসেবী কর্মী হেঞ্জাসেবকদের গ্রামকীর্তি দল গড়ে তুলতে হবে।
নেতার নির্দেশে প্রয়োজন হলে গ্রাসেবী এমন দুর্গ্রামিকা নিয়ে তারা কাজ করবে।
ধ্যু গ্রামের দেওয়ানে একটি দুর্গ্রামিকা, শহর চরান দরন দরনের কাজই নয়, গ্রাম-জীবন উন্নয়নের সকল কাজেও এরা আগ্রহী হয়ে থাকবে।
এরাই হবে গ্রামের সততিকার ডিভিশন। এই গ্রামকীর্তি বালিকাদের অন্তর্গত দেওয়া হবে ডিভিশন- চৌক কর্মীর অন্তর্ভুক্ত করা।

অর্থনৈতিকঃ

শ্রম-সম্পর্ক এবং ভাল্যাগুলি-বিনিময় বর্ধিতির প্রতিষ্ঠিত গ্রাম জীবনে তাকা পায়সার তেমন কোনো প্রয়োজন থাকবে না। বৃদ্ধি এবং সামাজিক প্রতিসরণের বাণিজ্যিক হিসাবে তাকার ব্যবহার যত কমবে তত তত মনোক্ত।

পরিপ্রেক্ষিকা:

পঞ্চায়তের এবং গ্রামকীর্তিরা হেঞ্জাসেবক হিসাবে এসব দায়িত্ব নেবে। তবুও তাদের নামের পারিপ্রেক্ষিত যদি কিছু দিয়ে তারা জন্যও টাকা-পারিপাত্র সততিই কোনো প্রয়োজন নেই। যে গ্রাম প্রয়োজন “তোলা” কুলে তাদের জন্য মাসিক পাতার স্বাভাবক করলে নাই। কিন্তু তার মাধ্যমে যেন শেষজন-নমনীন্দ্রিয় বিষয় না থাকে, তার জন্য এ সীরিজও গ্রামে কাজ করবে হবে যে পঞ্চায়তের শুক্লায় গ্রামীন উন্নয়ন যা বাড়বে তার উপরই “তোলা” উঠে। উপাধি যদি না থাকে, গ্রামে যদি পঞ্চায়তের উপর সম্ভব না থাকে, তবে বৈদমিক সভায় গোটা পঞ্চায়তের করন করে নিলেই চলবে।

খেল মুজিবের আম্র ধরন

পন্থামা হাটার বর্ধন এবং তাদের চরাচর বিশ্বাসঘাতকদের জন্য আন্তর্করণের হাত থেকে বাংলাদেশের স্বাধীনতা এবং বাংলাদেশী জাতির অতিথি রক্ষার জন্য আজকের এই মুহুর্তের মাঝে মাঝে সেই হৃদয়ের অথবা কেবল হৃদয় মুজিবের যুদ্ধের জন্য এবং অথবা কেবল মুজিবের যুদ্ধের জন্য।

বাইরের কোনো চিশ্চেষ্টা এবং বাংলাদেশী এই যুদ্ধ করে দেবে না। অথবা করলেও তাতে বাংলাদেশের লাগ হবে না। বাইরের কেউ সাহায্য করে না তাতে ভরম এবং তা ক্ষতির করে হবে, নিজের পায়ের দাড়িয়ে নিজের চেয়ে বাঙালী স্মরণীয় করবে এ যুদ্ধে বাঙালীর জয় তোলুকুই হবে। কোনো পরম করণার্থ সব বর্ষজীবন বাঙালীরা করেছিলেন।

আমি সঙ্গীত ফাতীর বাংলাদেশী এই যুদ্ধ চাই না। অথবা করলেও তাতে বাংলাদেশের লাগ হবে না। বাইরের কেউ সাহায্য করে না তাতে ভরম এবং তা ক্ষতির করে হবে, নিজের পায়ের দাড়িয়ে নিজের চেয়ে। বাঙালী স্মরণীয় করবে এ যুদ্ধে বাঙালীর জয় তোলুকুই হবে।

কিন্তু তথ্য নেতৃবৃত্তের মুখে মুহুর্ত-কর্ষণ হাসিতে আজকের এই যুদ্ধ হবে না। অথবা করলেও তাতে বাঙালীর লাগ হবে না।

গ্রামে গ্রামে দৃষ্টি গোছ
উঠেছে। কেননা বস-লুইডন বঙ্গ হয়ে গেলেই তার জীবনী বিকল হয়ে যাবে। তাই এই অর্থনৈতিক মার্গপথ দিয়েই তাকে উঠান করতে হবে-বাঙালীর উৎপাদন পদ্ধতির জন্য এবং প্রশিক্ষার উৎপাদন বাঙালীর জন্য হারাম করে দিয়ে তাকে ভাতে-পানিতে মারতে হবে-প্রসিদ্ধ পাকিস্তানের চোখে চোখে লড়াই বাধিয়ে দিয়ে তাদের সংস্কারের অক্সিড চিত্রায় কাজে করে দিতে হবে।

সেই তবে, এই অর্থনৈতিক যুদ্ধ থেকে বাঙালীকে দিনাজ্ঞা করার জন্য পশ্চিমভাগ আবার এক জন্মান ফাঁদ পেতেছে। অন্য সকল শহরাটির সাথে সাথে তাদের হারানার বাহিনী বাংলাদেশের খাদ্য-শস্য ধর্ম করে দিচ্ছে। এর পিছনে একক পোশাক বাহিনী লেনিনের দিয়ে তারা বাংলাদেশে এক জীবন ফুটার আর্জনকারী আত্মাত্ম ছড়িয়ে দিচ্ছে। সে একদিকে দুর্ভিক্ষ এবং আরেকদিকে আরাজকতার গ্রগ্রে বর্তমানের পরিনিহ্রণীর বাঙালী জনগণ আবার “সাহায্য” এবং “আইন-শুজাহান”র জন্য পশ্চিম গুরুত্ব আমলাতাত্ত্বিক শাসনের জালেই আন্তুসম্পর্কি করে, যেন বাঙালীর জন্য সকল চেষ্টা, যুদ্ধ- ফৌজের সকল অস্ত্র ব্যবহার হয়ে যায়।

তাই, আজ আর কোনো আমলাতাত্ত্বিক ব্যবস্থার দিকে তাকিয়ে অসহায় হয়ে বসে থাকলে চলবে না। আজ সারাজিয়ন জনুয়ারীর সর্বপ্রথম পানীরে গ্রেমে বাঙালীকে নিজের হাতে দুর্ভিক্ষ এবং আরাজকতা দমনের পথ ধরতে হবে। এজন্য গ্রেমে আজাদী পশ্চিমী হেড তুলতে হবে, এবং তার শাসন-সংহার মাধ্যমে সবচেয়ে সকল দুষ্কার-অর্জনকারী বাহন হিসেবে শক্তি চরায়তে করিনি শক্তি দিয়ে দমন করে রাখতে হবে, অন্যদিকে শক্তি করিনি শক্তির অধিকারীর মুখাপেক্ষা না হয়ে গ্রেমে আজাদী শেষে আরাজকতা খাম এবং দুটির শিল্পের উৎপাদন মাত্রেই সম্পর্ক বাড়িয়ে তুলতে হবে-যেন যত কষ্ট করিনি হেক না কেন গ্রেমে বাঞ্চী আজাদী দুর্বলতার কর্ম্মশালার ভিত্তিতে এবং শাসনের মাধ্যমে মোটা ভাত মোটা মূল্য কেরাড়ী যায় করে সমাজ-শুজাহান বাজারে রাখতে পারে, কোনোমতেই সে শরীর কাছে হাত পাততে না হয়।

হেক না তা সব অবসর আদিম অধীনতাতে, তবুও বর্তমান পিন্ডার্ম মতা পশ্চিম শুক্রান্ত জন্য বাঙালীকে সেই পথ ধরতে হবে। সেই গ্রেমে গ্রেমে আন্তরিক ধুলোর বেঁকে। করিনি দুর্বলের বাঙালী তার অর্থনৈতিক মার্গপথ চালিয়ে যাবে, শক্তি ভাতে-পানিতে পশ্চিমই দেবে, এবং সেই দুর্বলের নিরাপদ আপনাকে দেখে শেষ মুক্তির মুখেতে সাহায্যের পথ নিচ্ছে করে দিয়ে বাংলার মাটি চিত্রায় পূর্ন পতিত করে তুলতে।

তারপর বাঙালী তার মুক্তি দেখে, আপন শেষ আজাদ জনকুলামের চিত্র-নির্মাতা জয়াধরা আবার করবে। গ্রেমে গ্রেমে আন্তরিক ধুলোর খুব তুলো গড়ে উঠবে বৃহত্তর বাঙালী সমাজের বৃহত্তর অধিকারী, বলিভন দুর্বল বাঙালী।

বাংলাদেশের গ্রেমে, গ্রেমের দৈনিক কাজে মিশে গিয়ে, গ্রামবাসীকে এই দুর্বল সংগঠন এবং উন্নয়নের কাজে সাহায্য করাই হল বিভিন্ন মূল নীতি এবং কার্যকরী।

FOR YOUTH CAMP MOTIVATIONAL COURSE

1. Need for such motivation

If Youngman engaged in liberation war must understand the Cause he is fighting for- in other words, he must be prepared both physically and mentally. Motivational course would aim at preparing a fighter mentally.

2. The primary aim in our struggle.

To liberate our dear motherland from the clutches of a brutal armed force-to free our people from the virtual prison life-to establish a free, democratic and secular Bangladesh-a future with new life and new order. A happy and prosperous Bangladesh to be built up with the co-operation of all-the freedom fight is a step towards building up of a future society without corruption, poverty and exploitation-a society with justice and equality for all.

3. The just struggle.

We are fighting for the most noble cause in the world. We are fighting for freedom and democracy-we are fighting to destroy the evil force of fascism and imperialism. Therefore, in this fight we have the moral support of all the right-thinking people in the world. The news of our struggle spread more and more.

4. Our national history and heritage.

Our fighting force need to know aspects of our national history, the genesis of Bangladesh and the evolution of its social history. The present period is the most crucial period in our history. Either the Bengali nation fights towards a new future-or reduced to perpetual slavery. History is made by men and our fighters are shaping the history. Posterity would record their roles in boldest terms.

The enemy has forced us to take up arms. At the beginning we were unarmed, unprepared. But we have learnt quickly. Bengalies are proving themselves as great fighters.....

In fact our people are eagerly waiting to be rescued from a life of inhuman torture and oppression. Many of your family members probably lost their lives, suffered torture, and many of your own relatives are now eagerly waiting to welcome you as a victorious liberator.
6. Our People.

(i) Our strength lies with our people. We must realize the most difficult situation our people are living in. They are poor-and at the top of that they are living under a reign of terror. But at their heart they are behind us. At no times, we should by our acts, antagonize them. We must prove to them as effective, organized, and disciplined group of freedom fighters. We must gain their confidence by extending helping hand in their work. In all our activities, we must express our oneness with the people. To lose people's support would bring disaster.

(b) A freedom fighter must fight the enemy-not only in the field-but also in other aspects. The enemy is trying to divide our people-by propaganda, and by exploiting human weakness. Do not fall victim of propaganda-do not be tempted by greed and selfishness-finally do not indulge in personal conflict. All your efforts should be geared around the cause you are fighting.

7. Victory is ours

The future is definitely ours. All analyses by the World Press and political thinkers of the world agree to the point that Pakistan as a nation is dead. All military logistics suggest that Pakistan cannot hold an armed occupation of Bangladesh much longer. The success of Guerillas in the liberation wars around the world................are same too well- known. It is only matter of time. How soon we want to make it? It depends on you-or all of us. Let us take vow to make it sooner.........

WHY YOUTH RELIEF CAMPS?

I. OBJECTIVE:

(a) In the never-ending stream of evacuees fleeing from the brutal oppression of Pak
Army in Bangladesh, there is an increasing number of active young men who
form a special group because of their special needs.

(b) It is important to channel their youthful energies into constructive lines so as to
make them useful citizens on their return home.

(c) Left uncared for, they will be ready victims of frustrated misdirection into
extremist local politics and violent anti-social activities, creating serious
problems for the Local Govt.

II. THE PLAN:

(a) For this purpose, it is necessary to establish Special Relief Camps for young men,
where appropriate training to meet the urgent and immediate needs of
Bangladesh, can be imparted.
(b) These Youth Camps will also serve as recruiting centres for training in specialised institutions.

III. TYPE OF CAMPS:

(a) Youth Reception Camps.

Reception Camps are being established along various routes of entry at a distance of about 5 miles from the border for the following purposes:

(i) To provide some rest and shelter for the young men after a long and arduous journey from Bangladesh.

(ii) To verify their identity.

(iii) To check against infiltration by enemy agents.

(iv) To hold them for a few days pending admission into regular Youth Relief Camps.

(b) Regular Youth Relief Camps are established in centralized location to provide an undisturbed atmosphere for training the young men in various skills which will make them useful citizens in Bangladesh.

YOUTH RELIEF CAMPS
(An introduction)

Dated: 6-6-71.

1. OBJECTIVE

(a) To channel and train the stream of young men coming out of Bangladesh into some organized and purposeful activity in service of Bangladesh on their return.

(b) To serve as holding camps from which the trainees for our Armed Forces (Regulars and Guerillas) will be recruited.

(c) To train others as Base-Workers who will also be available to supplement (b) above provided adequate training facilities and arms/equipment can be made available.

2. PROGRAMME

(a) Training will be given within the next six months to

   (i) 1,00,000 Base Workers

   (ii) 36,000 Armed Forces recruits.

(b) Average monthly intake will be 24,000

(c) Training will be for one month divided into two 15-day parts

(i) First part mainly motivational training for all new entrants. Armed Forces recruitment will then be made.

(ii) Second part mainly methodical training for Base-Work to those not recruited for Armed Forces.
An outline of the syllabus is attached at Appendix-A (Summary at Flag-X).

3. **BUDGET**

Expenditure for each camp of 500 trainees has been calculated at

(a) Non-recurring-Rs. 72,000/-

(b) Recurring-Rs. 83,000/- per month

An overall budget of Rs. 1, 25,000/- to cover the scheme has been informally handed over to the Govt. of India Representatives (details attached).

It envisaged an expenditure of approximately Rs. 1 lac per month per camp of 500.

4. **CAMPS SET-UP**

   Camps will be of two types:

   (a) **Reception Camps**: About 16 such camps are in Tripura, situated about 5 miles within border along main routes of entry. These will provide:

      (i) Initial rest and orientation.

      (ii) Security check up by respective political leaders.

      (iii) Some initial training, if possible for this awaiting admission to regular camps.

   (b) **Youth Camps**: 10 such camps in Tripura with a capacity of about 1000 each, situated in groups in three areas within 30 miles of Agartala are now being established.

A list of camps is attached at Appendix-B.

5. **CAMP MANAGEMENT**

   **A. Reception Camps will be managed by Committees consisting of:**

   One Camp in-Charge.

   One Dy. Camp in-Charge.

   One Camp Supervisor.

   One Student Representative.

   One Health Officer.

   **B. Youth Camps:**

   Each Training Camp will have the following office bearers for providing guidance and instruction in their respective fields:

   One Camp Chief.

   One Dy. Camp Chief.

   One Political Instructor per 250 trainees.
One Health Officer.

(ii) The Training programme will be conducted under the overall direction of the Training Coordinator (Dr. Abu Yousuf).

(iii) The supply of the camp facilities and security will be provided by the Government of India.

6. APPOINTMENTS:

a. Camp Chief/Camp-in-Charge and their deputies will be nominated by the Directorate of Youth Camps, from among public representatives.

b. Camp Chief/Camp-in-Charge will appoint the other office bearers as follows:

(i) Camp Supervisor from among public servants and professionals in consultation with Director, Youth Camp.

(ii) Political Instructors, from among professors and teachers in consultation with Training Co-coordinator.

(iii) Physical Instructors from among servicemen/Ex-Servicemen in consultation with Sector Commanders.

(iv) Student Representative as nominated by Bangladesh Student Action Committee.

(v) Health Officer in consultation with Medical Co-coordinator.

(vi) All appointees will reside in their respective camps.

7. FINANCE & ACCOUNTS

Camp Supervisor/Camp Administrator will be the drawing/distributing officers. They will furnish weekly expenditure returns to the Director, Youth Camp, and provision of fresh funds will be subject to up-to-date accounting of funds already drawn.

8. HEAD QUARTERS

A directorate General will be established at the Headquarters for overall organisation of the scheme, which shall be located in the Ministry of Defense, Govt. of the People’s Republic of Bangladesh.

SYLLABUS

I. The General part for all recruits to cover:

a. The need of ‘safe’ bases: The concept of Total war and the parts to be played in it by the Base-Worker and the Armed Fighter in support of, and with the support of, the People of Bangladesh. The role of economic warfare as our deadliest weapon.

b. Hatred of the enemy and his agents: historical background of their exploitation, cheating, betrayal and crimes: the urge for revenge.

c. Love for our people: historical background of their unity and sacrifice for just causes: the urge of sacrifice for their welfare.

d. Our deficiencies to be overcome: historical background of our tragic dependence on other for action while we talked. Experience of successful revolutions elsewhere.

e. The need of our self-help action in terms of manual labor, co-operation and discipline.
4. The Methodical part for Base-Workers to cover:

a. Needs of village society: essentials (food and social order) and extras (clothing, shelter, health, education, communication and recreation); how can the essentials and even some of the extras be produced fully within the labor and resources of the village.

b. Roles of native ingenuity and indomitable will in maintaining self-sustained village life.

c. Getting and remaining absorbed in village life without being conspicuous: urging without imposing, leading by example, working under shadow of village elders.

e. Civilian actions in Total War: militant morale, economic warfare, suppression of enemy agents and fifth-column miscreants, safe base, intelligence communication, assistance to commando and liberation army action.

YOUTH CAMP SECURITY

Residence
1. No persons other than bonafide trainees and duly authorized Camp staff will reside in the camps.
2. Residents of the camp must not leave camp without written permission for the time of absence allowed from Camp Chief (C. C.) or Camp Administrator (C. A.). Any unauthorized absence will be treated as desertion and dealt with accordingly.
3. The C. C. or C. A. may go out on official business, but not at the same time.
4. No unauthorized or private guests will be allowed for residence.

Visitors
5. No visitors other than those duly authorized by Youth Camp Directorate or Deputy Director Youth Relief will be allowed. C. C. or C. A. may allow other visitors with written justification.

Training
6. Nothing contrary to the highest devotion to Bangabandhu Sheikh Mujibur Rahman, the President of the Government of Bangladesh, or divergent with the syllabus for Youth Training will be taught or propagated in the Camp.
7. The nature and timing of the small arms practice will be as approved by the Training Co-coordinator in consultation with authorities concerned.

Recruitment
8. There will be no recruitment or taking out of the trainees from the Camp other than as authorized by the Training Co-coordinator. The same restriction will apply for taking out qualified Base-workers.

Discipline
9. Any violation of discipline as given in the "Ground Rules for Group Action" in the approved syllabus must be severely dealt with and reported to Youth Camp Directorate in grievous cases.

Secrecy
10. The names and addresses and the dates and destinations of the trainees and their expected movements must be guarded as Top Secrets. No person other than the C. C.
or his Deputy must handle the related papers. All Camp Staff must take an oath of Secrecy in this regard.

**Sabotage**

11. Each Instructor will sub-divide his class into small discussion groups comprising trainees of neighboring localities for mutual inspiration, improvement and progress report. Any potential saboteur, defector, or spy must be immediately isolated and reported to Youth Training Directorate.

**Camp Guards**

12. A crops of Camp Guards will be selected from each group of Trainees for the above measures. They will receive usual training with the next group.

*Secret*

All Youth Camps.

It has been decided by the Authorities that all servicemen (current or ex-) should report for advice at Joi Bangla office in the following order:

1. In-Service personnel of Army, Navy, Air Force, EPR.
2. Ex-Service personnel of Army, Navy, Air Force, EPR.
3. In- Service personnel of Ansar, Mujahid and Police.
4. Ex-Service personnel of Ansar, Mujahid and Police;

All Camp Chief/In-Charge/Administrators are requested to direct all persons of the above categories to report at the above office without fail.

The four categories may please be sent at an interval of 2-8 days in successive order. The camps may refrain upto 15 ex-ansar & Mujahids as unpaid Camp Guards if considered necessary. Those guards however are not to be employed as Trainers.

__________
STAGES OF DEVELOPMENT.

STAGE 1:

The Health Service of the Government of Bangladesh was open on 1.5.71, with the appointment of Dr. T. Hossain (MS, FRCS) as Director General of Health Service.

Dr. Hossain accompanied us when the Government was formed. Some members of the Cabinet were sheltered in his Clinic at Dacca for 2 weeks after the crackdown. His Nursing Home, at Dacca, was left behind with equipment worth over 6 lakhs rupees. He came by choice to assist us. He had been a friend of the Awami League Leadership since release of Bangabandhu from Agartala Conspiracy Case. We all used to have our treatment at his Nursing Home. He had been a political friend of Sheikh Mujibur Rahman since preparation day’s student life in Calcutta. Dr. Hossain is the only senior member of the Medical profession who was available to start Health Services on behalf of the Government.

Soon after his appointment, he started with a skeletal office with Dr. Ahmed Ali as his assistant. During the first three months, the Directorate undertook the task of coping with the gigantic Medical problems facing the evacuees. All doctors and paramedical staff reporting to the Head Quarter and elsewhere along the border were themselves rehabilitated in West Bengal and Tripura Estate particularly. There were over 1400 Medical staff employed under various agencies through the Health Directorate. During this period, Dr. Hossain visited almost every Evacuee Camp in West Bengal until the number of refugees went up to six million. Meanwhile, Indian Union Government took over the overall responsibility of evacuee settlement.

STAGE 2:

During mid-July, when the Government was organized, the Medical Directorate was converted into a full-fledged Department of Health and Welfare, with Dr. Hossain as Secretary and proposed four Directorates, namely: Defense Medical Service; Civil Medical Service; Welfare Service and a Directorate for Medical Education.

1. Defense Medical Service -It is our main concern at present. Since August 71, Dr. Hossain has been to almost all Sectors and Sub Sectors more than twice. He tried his best to organise the Medical Service at sub-Sector level with available doctors and Medical Students.
The problem of organizing the Defense Medical Service is really complicated but Dr. Hossain has now stream-lined the organizational setup and channelized three sources of Medical supply, namely, i) Host Forces Source, ii) Public Donations, and iii) Our Government Resources.

We have placed Rs. 10 Lakhs for next three months to be used in three Sectors. We are going to establish one dispensary (RAP) at each Sub-Sector, supplying first-aid medicines worth about Rs. 100.00 with each batch of Fighters.

We are trying to place one Mobile Unit at each Sub-Sector and establish 10 ADS (Advanced Dressing Station) at Sectors, with at least 50 beds in each. We have established the first Bangladesh Forces Hospital, 100 bedded, in Sector 2. We are going to have one like that in each, Sector.

Construction has started already for three such ADS, one at Sectors 1, 2 & 3.

We have set up one 25 bedded Hospital at Karimganj and one 30 bedded Hospital at Tetulia, 10 beded at Patgram, 10 bedded at Shahebganj. We are expecting two 50 bedded Mobile Hospitals, one for Dowki and one for Dalu.

We are going to set up one Hospital at Rowmari with 20 beds, in the course of one month. We have received-as gifts—4 Convalescent Homes for the injured members of the Mukti Bahini: one 40 bedded at Agartala; one 10 bedded at Shillong, Tura and Coochbehar. The number of beds in those Hospitals will be received with the growing demands—there is a plan to set up a 300 bedded Hospital somewhere in West Zone. Mr. M. K. Bhimani has promised to run them on behalf of Hariana Bangladesh Mukti Shahayak Samity.

We are fully aware of our problems relating to transport and treatment of patients.

The most outstanding one is TRANSPORT: We do not have enough transport for i) carrying the patients from the field to the Hospitals. We lost some valuable lives and limbs because of lack of timely transport, ii) We are unable to send our medicines in time for want of transport. Anyway, we are trying to solve this problem through various sources and our limited resources.

Our second problem is MEDICINE: We have not yet spent any money to buy medicines. Dr. Hossain collected gifts of medicines worth over 1½ lakh rupees which has been distributed to all Sectors. Many organizations collected medicines by the name of Mukti Bahini but no trace of these collected medicines were available to any Sector Commanders. We should make collective efforts to place all medicine at the disposal of our Central Store.

The third problem is DOCTORS: We initially deputed most of our doctors to the Evacuee Camps, so enough doctors are not available for Mukti Bahini. Besides, very few trained Surgeons are available. We are negotiating for Surgeons in England.

Difficulty of communications due to bad roads, Jungles, and forests are our main handicaps. Anyway, we are trying to solve these problems with the help of our host as far as possible.
We are going to improve the Medical care every day. Dr. Hossam has made some successful bargains with various agencies, both at Government level and Private level, and I am sure the Fighting Forces will feel more secure. Dr. Hossain working in this front with firm determination.

2. Civil Medical Service:- With the development of Zonal Council, East Zone is going to have a Zonal Health Officer under a Health Council which will solve the problems of our population of the region, namely the Evacuee Camps, Youth Camps, Transit Camps and Liberated Areas. We shall supply necessary doctors and medicines for the Liberated Areas. We are negotiating to take over the responsibilities from our host as far as possible and set up our own Health Department machinery during the coming month.

3. Welfare Service:- We assure the welfare of our patients in Hospitals and during convalescence is our job. Our patients are spread out all along the border in various civil and military Hospitals. We are going to employ one Welfare officer for each Hospital or even Camp, if possible, as early as we can.

4. Medical Students:- We cannot be indifferent to our Medical students who are now rendering valuable service in various Mukti Bahini and Evacuee Camps. Most of the Medical students are members of the Student League and came away with us out of their patriotic incentive. Although we cannot arrange Medical Education at this stage, we should have a Director of Medical Education to keep an account of all Medical students and utilise their services in the best possible way, keeping them and Nation’s interest in mind.

**BANGLADESH VOLUNTEER SERVICE CORPS**

I. INTRODUCTION:

The situation for food, medicine and shelter for the enormous number of evacuees from Bangladesh to India is problematic. Indian Govt. Relief Organizations are doing their best to cope with the problems and are trying hard to meet the most basic needs of the people.

As the food and housing situation of the evacuee camps are being organized and relating problems are being brought under control, the moral, social and cultural standards of the evacuees in the camps are quickly falling and the inmates are feeling that they are left in a sort of apathy.

It is in these lines that the Bangladesh Volunteer Service Corps is working to initiate a programme to boost up the sinking moral of the evacuees in the camps. It is believed that the relief programmes will be more efficient and meaningful if they are combined with a moral, social, cultural and educational programme.

II. OBJECTIVES:

A. The object is to save the minds of the evacuees from otherwise certain deterioration by providing moral, special, cultural and educational programmes in the evacuee camps. To achieve this aim each camp shall have its, own groups of volunteers under the camp volunteer-in-charge, appointed and posted by the Central Organisation.

The volunteers in each camp will be responsible:

(a) to provide welfare facilities of the inmates of the camp and maintain communal harmony,

(b) to provide educational and vocational services for the evacuees living in camps,

(c) to provide moral, cultural, social and national motivation to the evacuees of the camps,

(d) to provide female welfare-(under female volunteers) moral, mental and physical health of young girls. Pre-natal and post-natal care of mothers; recreation; and training in sewing, embroidery etc.
(e) To provide recreational facilities to keep atmosphere normal and healthy, in meaningful, moral corporate and happy living with eyes on the future rehabilitation in Bangladesh.

(f) To provide nutrition programme for children in camps.

B. Organisation of training camps for volunteers.

C. Providing relief against hunger and disease in Bangladesh.

D. To provide welfare facilities for families from Bangladesh.

E. To provide health services for evacuees in the camps.

III. COMMITTEE AND MEETING:

(a) Volunteers shall work as a team and shall keep records of activities in each sphere. Detailed programme may be chalked out in meetings after full discussion. Assessment of progress to be made and discussed in such meeting to be held at least once a week. Proceedings of such meetings shall be maintained.

(b) All volunteers will be members of the Committee to be termed BVSC Committee. The volunteers as residents of the camps shall represent the residents. Some non-volunteer residents may also be co-opted members. The camp Volunteer in-charge shall be the Chairman of the Committee.

He should at least be kept informed of all progress made. One of the volunteers shall work as the Secretary.

IV. ORGANISERS:

Organizers may be deputed to areas to organise the activities of the Corps and supervise the works already started.

V. VOLUNTEERS:

(a) Volunteers shall be recruited from persons living in the camp. Some may be recruited from various transit camps or outside, but once recruited for a camp they shall live as inmates of the camp.

(b) Necessary directions will be issued from the Central Organisation from time to time. But the volunteers will work according to needs and requirements of the local camps and chalk out their programme accordingly.

(c) The volunteers shall be given accommodation in the camps. They shall also receive free cooked food in camps where cooked food is distributed. In other camps they may organise their messing with dry provisions supplied free. They may also receive a small pocket allowance.

(d) The volunteers will receive vital training in social work and rehabilitation.
VI. ORGANISATION:

CENTRAL:

Board of Directors: There shall be a Board of Directors appointed by the Managing Committee. Board of Directors shall be responsible for the general oversight of the whole movement. They shall normally meet once or twice a year.

Advisers: They are persons with special interest and contributions to make may be appointed as advisers.

Managing Committee: There shall be a Managing Committee which shall be responsible for planning and implementing all plans and policies. The Managing Committee shall consist of all directors, all advisers, and representatives of all organizations related to and working in co-operation with BVSC. The Managing Committee will normally meet once a month. The Managing Committee will appoint a Chairman.

Executive Committee: An Executive Committee shall be responsible for day to day running of the organization, and shall consist of the Chairman, the Directors willing to serve in the Committee, the Conveners of the Sub-Committees, and members of the Finance Sub-Committee. It shall co-opt up to 3 members.

SUB-COMMITTEES:

Sub-Committees may be appointed by the Managing Committee to be responsible for the special works. These shall consist of the following but others may be added as the need arises:

1. Camps Sub-Committee (including education, health, training etc.)
2. Finance.
3. Radio Programme.

LOC LOCAL ORGANISATION:

(a) Volunteers shall be recruited and attached to as many camps as possible in such numbers as time to time may be required. One volunteer shall be designated as Volunteer in-charge.

(b) A Camp Organizer may be appointed to have a general oversight of more than one, in no case more than 10

(c) Area Organizer: Where necessary an Area Organizer may be appointed to coordinate the camps in an area and be responsible to look after outside normal activities of camps.

VII. ACCOUNTS:

(a) No expenditure of funds or resources shall be made on any purpose other than those detailed in the objectives as above.
(b) A full records of all expenditure shall be kept and accounted for at monthly Intervals.

   (i) Directors (ii) General members (iii) Staff.
THE SUMMARY OF THE PROGRAMME
COMMUNITY DEVELOPMENT

To execute this programme, the prime requirement would be to start a new movement in Bangladesh. The philosophy of this movement shall be the basis of the State Planning, Development and Administration for the progress and prosperity of our people.

The initiative for transforming the social and economic life of the rural communities must come from the villagers themselves. Self-awareness, self-examination, and self-help are the main driving forces of this movement. It depends entirely on the willing and voluntary and enthusiastic participation by the people.

To create congenial conditions for the movement to grow, a group of volunteers who are themselves imbued with the philosophy behind it is essential. There are many young men who are waiting to join the Mukti Bahini, but all of them may not be taken in the Mukti Bahini. The social volunteers necessary for the movement may be recruited from among these young men. In course of their work they may be given a short course of training in the philosophy (social, political, and economic aspects) of the movement. With this background the social workers will be in a position to impart the motivation to our people. Their main function shall be to generate a movement which will embrace all classes of the villagers, and to create conditions so that the movement is sustained and carried on by the villagers themselves through their increasing awareness of its supreme necessity.

In the past there was no democracy in the real sense in the country at any level. With an autocratic and dictatorial centre, there cannot be any democracy at the circumference and vice-versa. It is hoped that in future there will be democracy both at the centre and at the circumference. This alone can ensure effective and meaningful participation by the people in the movement. It must have the character of a movement so that the people can be attracted to it.

The precise number of social workers will depend on the area and size of the population and also on the availability of workers. The workers must be devoted and energetic. They must try to get into the skin of the people and create a living fellowship with the rural people. By their conduct, character, behavior and attitude they must create the impression that they are a natural and normal part and parcel of the village communities. Complete avoidance of arrogance and a friendly attitude on their part will draw the people to the movement. A serious responsibility is imposed on the social workers who must realize it themselves. It needs creative and effective backing of the political leaders who will look upon politics as the grand avenue for service to mankind.
COMMUNITY DEVELOPMENT PROGRAMME

The Awami League is committed to democracy. "A real living democracy shall be established in which people shall live in freedom and with dignity, and in which justice and equality shall prevail", so runs the Awami League manifesto. The Awami League is solemnly resolved to secure to all citizens social, economic and political justice. To establish "a real living democracy" a member of important proposals are embodied into the manifesto. These include: universal adult franchise, direct and free elections, equality before the law, rule of law, independence of the judiciary, fundamental right and freedoms, secular social order, full right and citizenship for the minorities, parliamentary government in which the legislature shall be supreme and to which the executive shall be responsible. On the political plane this is the programmed to translate into reality the two basic democratic values-liberty and equality.

The Awami League knows and believes that the liberty and equality of political democracy are hollows unless they are completed by economic liberty and equality. Freedom, if it is to be real, implies freedom from the economic constraint of want, poverty and hunger, and this is as much fundamental as freedom from the political constraint of military autocracy and dictatorship. To establish economic justice and to give fruition of the longing of the common men for freedom from want, the Awami League is committed to a socialist economic order. In the Awami League manifesto it is laid down "the basic aim of the economic programmed is the creation of a just and egalitarian society free from exploitation. The vision is that of a socialist economic order, in which economic injustice will be removed, rapid economic growth will be promoted and provision shall be made for the just distribution of the fruits of such growth among all sections of the people". To realize this objectives some specific proposals are embodied into the manifesto and these are: private enterprise as the sole vehicle of economic growth with private profit as the main motive leads to the concentration of wealth in a few hands and to the control of the key sectors of the economy by powerful private coteries, making it impossible for the goal of social justice and equality to be realized; this is to be altered and removed by nationalization and extension of the public sector, by the development of cooperative enterprises, and by the evolution of new institutional arrangements.

The Awami League is thus committed to a socialist economic order based on democratic principles and values. Its main task is to bring about a social and economic revolution through democratic process.

The villages, more than 65,000 in number, seem to be the appropriate center where these political, economic and social goals can be translated into action. Let us have a hard look at the objective conditions prevailing in Bangladesh. Bangladesh is predominantly a rural and agrarian society, depending on agriculture for its sustenance, employment and exports. More than 65 percent of the national income of Bangladesh is derived from agriculture, and the industrial sector contributes only 10 per cent to the total national income. Only 5.2 per cent of the total population lives in the urban areas and 94.8 per cent in the villages. It has one of the highest density of population, 922 persons per sq. mile.
The per capita income is only $56. Its industrialization is rudimentary, its monetization limited, and its financial superstructure inadequate. On top of it there is an economic shortage of food which has been aggravated by the cyclone of 1970 and by the present genocidal war with unparalleled brutalities unleashed on Bangladesh by the West Pakistani military rulers.

The real Bangladesh lies in these villages, more than 65,000 villages. Our people are condemned to an unimaginable abyss of poverty due to the criminal negligence of the government to agriculture and the pursuit of a capitalist economy which has the effect of transforming the purchasing power of the community to the members of the 22 families. Our lands are the most fertile ones in the world and yet our people are the poorest. But the present liberation struggle which also involves a mighty social revolution has awakened our people to an unprecedented degree. The people are wide awake today. They are no longer the passive objects of policy but its main driving force. Acutely anxious inquiry has moved from the questions “who are the poor?” to the fundamental question “why are they poor?” There is no getting away from answering this fundamental question. The problem of poverty is not a problem of industrial character and its waywardness, but a problem of economic and industrial policy and organization. The issue has to be tackled first at its source, and only secondly in its manifestation.

The villages, as already stated, are the appropriate centers to put into effect the socialist economic order based on democratic values. The task of bringing about a social and economic revolution through democratic process must begin in the villages where more than 94.8 per cent of the people live. The Community Development and National Extension Projects are the effective means of bringing about the social and economic transformation of the village communities. The Community Development Projects have, therefore, a place of capital significance in these sectors of our national life, which bear most closely upon the welfare of the rural population.

The Community Development Projects have three important aspects. First, the community development projects and the national extension services are intended to be the areas of intensive effort in which development agencies of the government work together as a team in programmes which are planned and co-ordinated in advance. The activities comprised within the community development and national extension projects must be regarded as an integral part of the programme for improving all aspects of rural life. Second, the essence of the programme is that the villagers who are acutely conscious of their miseries come together for bringing about social changes, that is, building a new life for themselves and participate with increasing awareness and responsibility in the planning and implementation of projects, which are material to their well-being. The programmes provide them with new opportunities, and in turn, through their active participation in planning and execution, they give them a distinctive quality and enlarge their scope and influence. Self-help and co-operation are the basic principles on which the movement rests. Its main purpose is to provide opportunities for leadership to grow from within. In essence it is a movement for social development, which will embrace all sections of the rural communities. Third, the movement should bring within its scope the entire rural communities and enable them to take their place in the co-operative
movement and other spheres in their own right. It will develop the initiative and add to the creativity and inventiveness of our people. It is an account of these features that the community development projects are regarded as the normal pattern of a socialist economy based on democracy in action.

Community development means voluntary self-help by the village communities. Its purpose is to transform the social and economic life of the villages. The basic philosophy underlying the programme is that the social and economic development will not be sustained unless the village people are convinced of the need for such development and participate actively and enthusiastically in the work. The basic problems are to be solved by the villagers themselves. The government agencies will assist the villages communities to satisfy the recognized needs by teaching them new skills, when necessary, by improving upon the existing skills, by bringing advanced technical knowledge to bear on the village needs and by obtaining financial assistance from government funds to support and galvanize the voluntary community effort. The Leadership must come from the people. It partakes the nature of a movement in which the villagers are in the dominant position and the governmental agencies occupying the subordinate ones.

The Community Development Programme is designed to support this voluntary community effort. It consists of a number of schemes each of which falls under one of the following aspects of rural community life.

1. **Agricultures**
   (a) animal husbandry
   (b) irrigation
   (c) reclamation
   (d) better seeds
   (e) fertilizers
   (f) other inputs

2. **Health and rural sanitaries:**
   (a) Medical facilities
   (b) Doctors
   (c) Pure drinking water.
   (d) Cleaner environment

3. **Education**
   (a) Adult education
   (b) Social education

4. **Communications**
   (a) Roads
   (b) Bridges and culverts
5. Rural arts, crafts and industries
6. Housing.

The whole country side should be divided into appropriate blocks or groups, each consisting of 15,000 to 20,000 persons. Each block will elect its own leader and the executive committee. They will be directly elected by the people. The officials will act only as their assistants. If at any time election is not possible ad-hoc committees with respected local people may be created. This is to meet the present situation in a state of emergency. The Community Development shall form part of the comprehensive planning.

Muzaffar Ahmed Chowdhury.

N. B. The organisation as set up in your note can go on at the movement. The report on Raumari is attached herewith for initiating the programme.
I. ORGANISATIONAL FRAMEWORK

1) VILLAGE PANCHAYET

These blocks would correspond to the villages and the committee may be termed Panchayet in keeping with the tradition of Bangladesh.

Formation : By direct election of the leader as well as the members, numbering 3 to 7 depending on the size of population.

Authority : The Panchayet will be the sole administrative authority with regard to all village affairs. It will also have unlimited, informal legislative and judicial authority subject to the statutory limitation of National Legislature.

Function : ..................................  

2) UNION BOARD

Formation: Indirect. Village Panchayet Leaders as ex-officio members to elect a Chairman who will resign from Panchayet Leadership.

Authority: To act as an executive arm of the District Board in the implementation and management of such works and activities as involving more than one village and feeling within the area and scope of the Union.

Function: ..................................

3) THANA BOARD

Formation: Indirect. Union Chairman as ex-officio member to elect a Chairman who will resign from Thana Chairmanship.

Authority and Function: To act as an executive arm of the District Board in the implementation of such works and activities as involving more than one Union and falling within the areas and scope of the Thana.

4) DISTRICT BOARD

Formation: Direct election of members who will elect a Chairman.

Authority and Functions: All planning, executive and administrative authority beyond the scope of the village within the District, within the statutory jurisdiction of the State Government.

II. RURAL RECONSTRUCTION CADRE

1. Need.

Trained Base-workers as intended for maintaining socio-economic 'safe-Bases' for over guerilla forces during the war, will be far more essentially
needed for the success of any socio-economic reconstruction plan for our society after its devastation through the war. The Base-work training programme should therefore be intensified with a view to such post-war reconstruction, and the trained base-workers may form the nucleus of the Rural Reconstruction Corps.

2. Syllabus
The present syllabus for Base-workers (enclosed at…) may therefore continue and the emphasis may gradually be shifted on the normal function (at para…) with a corresponding de-emphasis on the war-time function as our victory comes closer. The syllabus will be subject to review by the Board as needed.

3. Camps
Permanent training camps of the present type would be desirable. In their absence, residential High School or College premises in the liberated areas would be used as a stop gap arrangement.

4. Finance
The present budget for permanent camps, costing about Rs. 200/- per trainee for one month's training course will serve as a basis.

5. Admission
   a) Immediate:
      Class VI and above youth, preferably permanent village residents, or at least volunteering to work in a village for the time being would be desired for base-work training.
   b) Long Range:
      Matric examinees between examination and result out, and abiding to reside in a village permanently or at least for a couple of months after training, may be admitted for Base-work training on a regular basis.

6. Cadre classification
   (i) Base-workers: Temporary workers or those failing in deep motivation, test at the end of training.
   (ii) (a) Reconstruction corps-Apprentice (also "tentative group leader" selected at the end of training): Matric standard graduate of youth camp; permanent residents of village or town mahalla; passing in test for deep motivation.
       (b) Reconstruction corps-Members: After one year's works in a village (or liberated mahalla) on the basis of Functional Survey Report (See below).
(c) Reconstruction corps-Senior: Group Leader selected from among best
Reconstruction corps members: potential Thana Organizers (See
below).

Note: Reconstruction corps members and group leaders may be allowed Rs. 50 and
Rs. 100 respectively for work outside their assigned villages.

(III) RURAL RECONSTRUCTION BOARD

(a) Board

A high level, high powered body is needed for initiation and caretaking of the
scheme, with the planners of the scheme in key positions for its effective
implementation. A Board may be formed with:

1 Chairman : Dr. Muzaffar Ahmed Chowdhury
5 Members : 3 M. N. A.M. P. As.
            1 Member, Training
            1 Member, Surveys and functional audit
            of local bodies.

1 Member-Secretary:

(b) Initiation

District Organizers and Thana Organizers (along with Agriculturists,
Doctors and Engineers) initially under administrative control of Member-
Secretary, will initiate the scheme with various publicity and audio-visual
media and also act as election returning officers for the local bodies (Village
panchayet and District Boards). District Organizer may continue to work
under Member-Secretary as member of Central Public Service, whereas Thana
Organizer and other may be absorbed in District Public Service.

(c) Training

Camp Administration and training staff may work under control of
member, Training.

(d) Survey-Audit.

Thana Surveyors/Auditors may work under control as member, Survey-
Audit who will report to the Board at fixed intervals.

INSTITUTIONAL ARRANGEMENTS FOR COMMUNITY DEVELOPMENT AND LOCAL SELF-GOVERNMENT:

The local self-governing bodies, village Panchayets, the Union Board, Thana Coordination Body, District Board—shall be integrated with the Community Development Projects. These local self-governing bodies seem to be the appropriate institutional mechanisms for this purpose.

The fundamental assumption on which the whole edifice of local self-governing bodies are based is that good government is no substitute for self-government. It begins by admitting the obvious fact that all problems are not central in their incident, and that to leave to the Central Government the decision of problems which affect only a portion of the Community is to destroy in that portion the sense of responsibility and the habit of inventiveness. The inhabitants of a given area need a consciousess of a common purpose, a sense of the needs of the neighborhood, which only they can fully know. They then find that the power to satisfy them of themselves gives to them a quality of vigour far greater in the happiness it produces than would be the case if satisfaction were always provided by, or controlled from, without. Because administrations firm without lacks the vitalizing ability to be responsible to local opinion; it misses shades and expressions of thought which are urgent to successful government. It lacks the genius of the place. It does no elicit creative support from those over whom it rules. It makes for mechanical uniformity, an effort to apply similar rules to unsimilar things. It is too distant from the thing to be done to awaken interest from those concerned in the process of doing it. Centralized management of local affairs may well provoke indignation, and it can never elicit creative support which constitutes ethics of Local Self-Government and Community Development.

Some problems:
1. **The Area:** The area of Local Self-Government should be as small as possible.
2. Constitution of local bodies at the village and district level.
   a) (i) **Village Panchayts**, headed by member elected from that village forth
      Union Board, to be responsible for all village level development and
      administrative functions.
   (ii) The Base Workers, trained in Youth Camp, will work in their own villages in
      a locally organized Rural Development Programme.
   (b)**Union Board** to consist of 10 to 15 members directly elected by the people on
      the basis of Universal Adult Franchise,
(c) **Thana Co-ordination Body**: Thana level co-ordination to consist of the Chairman of the Union Board within the Thana for co-ordination.

(d) **The District Board** to consist of such members as the population of each district would warrant. They be elected directly by the people on the basis of Universal Adult Franchise.

(I) The Chairman of the District Board to be the first citizen of the district. He may be given the status of a Deputy Minister

3. **Functions**:
   
   (a) Statutory and routine functions,
   
   (a) Development Work-Community Development

4. **Committee System**:

5. **Finances**:
   
   (a) Local Taxation
   
   (b) Government Gram
   
   (c) Development Grant

6. **Relations with the Central Government**.

7. **Local Self-Government Civil Service**:
   
   (a) Recruitment
   
   (b) Local Bodies to have full and complete control on the offices working under them.
   
   (c) Pay and other conditions of services.

8. **A cadre of reconstruction workers**-wholly devoted to Community Development.
A SELF-HELP RECONSTRUCTION PROGRAMME FOR RAUMARI

List of discussions of the Secretary Foreign Affairs, Representatives of the Public, "Awami League" workers and Officers held 011 9. 10. 71.

The discussion concentrated on development of the areas of Raumari Sub-Zone. Total population of the area is nearly 3 lakhs. Classification of the total population according to their profession is as follows:

1. Cultivators - 95%
2. Fishermen - 1%
3. Weavers - 2%
4. Others - 2%

Development in the following fields was considered essentials:
1. Agriculture
2. Public Health and Sanitation
3. Education
4. Communication

Agriculture:

1. How to increase agricultural productions means:
   a) Irrigation through power pumps:
      Power pumps available: 17
      In order 12
      Out of order 5

      These 12 power pumps can irrigate 12 x 25 = 300 acres of land,

      b) Use of improved varieties of seeds:
         i. Irri 8 and 5
         ii. Maxipah wheat
         iii. Potato (Holland varieties)
         iv. Master seed-Swedish variety
         v. Providing credit to farmers.

      Irri 8 and 5 can be cultivated on the land which has irrigation facilities. Maxipah wheat is a very good variety which can increase present production.
Since the farmers are generally poor this will require loan either in cash or in kind. Credit requirement for cultivation of irri @ Rs. 300/- per acre is Rs. 90,000/- Irri seeds may be available locally but Maxipah wheat shall have to be imported.

Fisherman:

Number of fisherman.........2, 000 (approx).

Fishermen of different places have taken shelter in the liberated areas. They have no capital for investment. They will also require loan. Requirement of loan Rs. 1,00,000/-

Weavers:

There are at least 300 families who live on weaving cloths. Owine to property most of them cannot carry on their business. If they are provided with some credit, they will be able to carry on the work.

Requirement of loan..............Rs. 60,000/- (@Rs. 200/- each family.)

Farmers, fishermen and the weavers should form Co-operative Societies and these societies will carry on the development works.

Public Health & sanitation:

Epidemic like cholera and small pox are great problems. Already there have been scattered cases. All efforts shall have to be made to take preventive measure.

(i) Supply of medicine

Requirement:

1. Anti-Cholera vaccine - 300,000 c. c.
2. B. C. G. - 100,000 c. c
3. T. A. B. C. injection -
4. Bleaching powder - 10 drums
5. Sulphaguanidine tab - 15,000
6. Saline - 1000 files
7. Glucose injection - 1000
8. First Aid set -

(ii) Cleanliness;

Everyone should keep his house and the surroundings clean. Village cleaning and beautification schemes can be drawn up and executed. Teacher of Primary school can organise the work.

Hospital:

The existing hospital at Raumari has little facilities. It should be developed into a 25 bed hospital and should be provided with necessary medicine and equipment.
Education:

1. Primary-There are 63 Primary Schools out of which 43 have already been opened.
2. Adult Education-Adult Schools should be opened in every village mahallas.

Communication:

1) Repair of existing roads.
2) Construction of new roads.
3) The basis should be 80% voluntary work and 20% cash help.

Development Committee (Raumari Sub Zone)

BANGLADESH COMMUNITY DEVELOPMENT PROGRAMME

A meeting of the volunteers for Raomari Community Development Project was held on December 1, 1971 at 9, Circus Avenue at 3.30 p.m. Persons attended were:

1. Mr. Mahboob Alam
2. Dr. Anisuzzaman
3. Prof. Khaled
4. Mr. Abu Zafar
5. Mr. Maqsood Ali
6. Mr. Abul Kashem
7. Mr. Alimuzzaman
8. Mr. Muniruzzaman Chowdhury
9. Mrs. Selina Baru; and
10. Mrs. Swapna Dev (attended on invitation).

Survey:

All aspects of the Community Development will have to be examined when the survey is conducted.

Local Response:

The meeting expressed deep concern for not having any news of Prof. Majumder and other local volunteers. Since he left Prof. Bimal Majumdar has not sent any message either. The meeting decided to wait a few more days on this issue.

Identity Card:

Volunteers working and or travelling for the project should be issued Identity Cards.

Response from Raomari local people

If no adequate response is found from Raomari local people another area will have to be taken into consideration to start this project.

Interim period

1) Money

The meeting discussed the possibility of an ad-hoc fund for the project but no definite decision was made.
2) Youth camps

As there is a possibility of the Youth Camps being close-down the meeting discussed how the youths could be utilized for this development programme. It will prove further into the ways and means to utilize such youths for the projects under this programme.

3) Adult education guild:

May submit a mass education programme to Bangladesh government and the Chairman, Bangladesh Youth Camps.

4) Dr. Moniruzzaman will try to find out an Instructor on Animal Husbandry and Mr. Alam on Agriculture for the training course.

Time-table for the training course;

The meeting decided that the training course would be for 72 hours spreading over 12 days. Instructors will prepare the respective syllabuses within 7 days.

Elementary book and Chart:

The elementary book and the Chart will be examined again and a report will be submitted in the next meeting.

The next meeting of the volunteers will be held on December 8 at 5 p. m.

Sub. : Report on Training Programme from 1.12.71 to 12.12.71

Training Class : Training classes are being hold regularly according to the programme already given.

The Trainees : The trainees regularly and enthusiastically attend classes both theoretical and practical with great zeal. But due to the change in liberation war of the country from 6. 12. 71 they think that they should go to urban areas for the job and should not stay in the rural areas. Moreover, their attitude shows that they may not get an opportunity of rendering their voluntary service for the development works of the country, because they are to earn something for welfare of their distress families. This Psychology of the trainees should be carefully considered.

The attendance of the trainees in the training class is satisfactory (average attendance 97 % ).

The response from the trainees in the training class is good though not satisfactory due to the fact that the trainees lack in education.

44 trainees received training in the 1st batch which commenced on 26. 11. 71 and will be closed on 12. 12.71.

The training class for the 2nd batch will commence on 13. 12. 71 and the same will be closed on 29. 12. 71.

Instructor : At present there are five instructors, viz. two regular and three part-time. We require more 8 (eight) Instructors.

(a) Agriculture 2
(b) Adult Education 2
(c) Health, Sanitation and village beautification 2
(d) Co-op. and village organization 2

Agriculture: Agricultural scheme has not yet been started because harvesting of crops not completed. It is expected that the same will be started very shortly and 12 pump schemes have been taken up under this scheme.
Adult Education Centers: 8 (eight) Education Centers have been started so far. The Centers run on the voluntary basis. The roll strength of the adult students is 160.

Village organization i.e. Panchayet: Fourteen village Panchayet committees have been formed during the period.

Construction of Road: Construction of the road has already been started and about 1 K. M. road has been completed.

Fishing: 'Fisherman Society' has been formed and the Development Committee supplied the Society with nets coaltar, bamboo etc. and catching of the fishes will start on and from today the 10th December 1971.

General: Illiteracy is a curse for the people of this area. Therefore, efforts must be made to meet this challenge. The people of the locality will entertain all efforts of the volunteers if they really render their services for the welfare of this people.

Requirement list: (a) 20 Maps of Bangladesh
(b) 2 copies of Books "Bangladesh on Documents"
(c) 100 posters expressing the idea and philosophy of our great and beloved leader Sk. Mujibur Rahman.
(d) Films on development works.

I am grateful to the members of the Development Committee for their kind cooperation in running the training classes.

Memo No. PC-143/(2)/71
Date......../1971.

Dear Mr. Prime Minister,

I am sending the Report 011 the Administrative System and its re-organisation. The Report is prepared in three pans (these are styled as chapters): (i) Problems of the Civil Service: (ii) Organisation of ministries, their organisation, structure, and functions a chart is also given): (iii) District Administration-judicial, law & order, revenue, and other specialist departments at the district and sub-divisional level; and (iv) Local self-governing bodies...

The report is fairly comprehensive. It covers the whole field of administration.

The main problems which will need immediate attention and action are:

(i) Public Personnel. There are three district categories of services:

(a) all-Pakistan (former) services, like the C.S.P. & P.S.P., (b) Centre (former) superior services such as Audit, Accounts, Customs, Income Tax, Posts & Telegraphs. Military Accounts Railway Accounts, etc. (c) Provincial Services.

(ii) There no justification for these three categories of civil services in the basically altered situation. They should be unified in a single grading structure. This is done. This will need an enactment in the shape of an ordinance.

(iii) There are Secretaries at two levels-Central & Provincial. There is no justification for two such bodies. There will be only one Secretariat, i. e., the Secretariat of the Government of Bangladesh. A detailed structure is given in chapter II. This can be effected by an ordinance and also by executive orders.

(iv) District Administration is spelled out in chapter III. It deals with all aspects of district administration-law & order, judicial, revenue, and. development. The local self-governing bodies are dealt with briefly.
(v) A detailed budget on the Civil Administration for the period beginning from January, 1972 to June 30, 1972 will be sent within a few days. In the meantime the Government may make arrangement for a sum of Rs. 150 crores to Rs. 175 crores for the period.

Yours sincerely,

CHAPTER-I
THE ADMINISTRATIVE SYSTEM
The New Tasks

Immediately 011 the morrow of independence the Government of Bangladesh will be confronted with a vast variety of problems of unexampled complexity. The ravages of the war will have to be removed. The gigantic tasks of reconstruction will have to be undertaken with the crusading zeal of a missionary. These will have to be tackled 011 the war footing. Some of the problems to be tackled immediately are: food, refugee, rehabilitation, housing communications, resumption of work in all the industrial establishments, the opening of the academic institutions at all levels, the law and order, trade and commerce, banking, collection of revenue, social problems such as molested women and their status, rehabilitation of the broken families, the creation of a Central Government by amalgamating the existing Provincial Government, the re-organisation of the administrative personnel involving the amalgamation of the existing Central and Provincial administration personnel at all levels, and the resettlement of the demobilized members of the Mukti Bahini. The Defense personnel under a Ministry of Defense will have to be organized. These will put enormous burden on the Government and the administrators.
The Government of Bangladesh is committed to a socialist pattern of economy based on democracy and democratic values. This will involve social and economic planning on a massive scale. The entire planning will involve a three integrally connected stages-(a) immediate and short-term planning to deal with post-war problems, some of which are stated above, (b) mid-term planning on a five-years basis, and (c) a long-term perspective planning extending over a period of 20 to 25 years.

The fundamental principles of an egalitarian democracy and a socialist economy will greatly and profoundly affect the character and work of public administration. The responsibilities of the administrators will expand beyond recognition in scale, scope, volume, variety and complexity. It means that the Government will be involved in new and complicated tasks. The new responsibilities of the Government will include development of an independent economic policy, programme of industrialization on a vast scale, the problems of the nationalization of key and basic industries, social ownership of the key factors of production, technological revolution in the economy, accelerated development of agriculture to attain self-sufficiency in food, the question of the redistribution of land among the farmers and of co-operatives, increased productivity of commerce-oriented crops, sound infra-structure for economic and social development, development of power, development and exploitation of natural resources, control of the menace of flood, full employment in a free society, banishment of hunger, eradication of poverty, removal of illiteracy, expansion of education, promotion of industrial peace, a high degree of social security, a national health service, development and exploitation of water resources, transport and communication, control of capital investment, a favorable balance of trade, state trading in key sectors of exports and imports, rising standard of living for the masses, housing, town and country planning, control of population and family planning, contact with international organisation and various specialized agencies, a national minimum standard of living below which no one shall permitted to fall, finding of resources from domestic and international sources for financing the multifarious projects, increase of the per capita income and of the gross national product, and finally, the social ownership and operation of the main means of production.

We must realize that our whole future depends on our being aware of what science is and can be in the life of a nation. The role of the scientists and of scientific research and development has enormously increased. There is, finally, the supreme need of maintaining constant contact with the public.

The responsibilities of the Government in essence and a bottom are the responsibilities of the administrators because Government functions through its administrators. There is the supreme need of the developing a highly competent, honest, able and energetic administrative personnel who can take by bull by the two horns. Again, the necessary administrative organisation-ministries, departments, directorates, and subordinate offices will have to build up and re-organized. The entire provincial administrative apparatus will be absorbed into the new organisation. Administration in both the rural and urban areas districts, villages and municipalities-will have to be re-organized and re-structured. The whole plethora of public corporations and other autonomous and semi-autonomous bodies charged with different responsibilities will need careful re-examination and re-assessment to infuse a new life into them.
The problems of the administrative personnel and administrative organizations will have to be thought of in the light of the problems stated above. The question is: What kind of Administration are we going to evolve in Bangladesh? What shall be the main features of this administration?

I.

Democratic Administration.

The Awami League is committed to a democratic administration. "The existing administrative machinery was designed to discharge the functions of a colonial Government. It needs to be radically re-structured in order to serve the needs of a dynamic, democratic society", so states the Awami League Manifesto. What is a democratic administration? What are the criteria by which we can judge whether an administration is democratic or not? We must seek to discover the methods by which administration can be made, or kept, democratic.

Professor C. H. Hyneman begins by stating four assumptions. First, the conviction that the bureaucracy must be judged by the way it uses its power, and not by its size and cost. Second, all those who exercise governmental authority should exercise their power within the limits that are acceptable to the nation as a whole. Third, the belief that the powers which the modern bureaucracy possesses can be turned towards ends that are not acceptable to the people as a whole, and may be turned towards them if proper direction and control over administration are not provided. Fourth, we must chiefly rely on elective officials-ministers and politicians to carry out the task of control and direction. Fifth, to be considered democratic, and administration must be open in the sense of having wide contacts with the people. It must not operate in the interest of the ruler or of a directing class. It must be recruited without discrimination from a very wide social strata. It must reflect the cross-sections of the society. Sixth, the administration. Monsien Pujet rightly points, must be controlled not only by an official hierarchy or the jurisdictional power but also by public opinion and public liberties. The people and their representatives must be free to discuss and to criticise the administration. Seventh, administrative power must be subordinate and submissive. Administrative power should not exist independently of political power. On the other hand, the civil servants must not be completely subordinate and the administration must be independent of interference by political parties. A political party in power should not try to monopolies all the jobs or to exercise, pressure on responsible civil servants. The principle of the continuity of administration must be maintained. Ministers are of course entitled to exercise authority over civil servants; what is deprecated is any form of direct pressure by a political party on public officials. Eighth, Professor Aron thinks that the essential criteria of democracy in administration include decentralization; the subordination of administration to policies which reflect the desires of the people; and a friendly attitude on the part of officials towards the governed. Avoidance of arrogance and the cultivation of a friendly attitude towards the public are the outward manifestation of a democratic spirit in administration. "It is the presence of such qualities which bridges the gulf between 'we' and 'they' that often separates the governors from the governed. The existence of such a gulf is opposed both to the interests of good administration and of democracy", rightly observes Professor Robson.
Political control of bureaucracy is one of the most effective methods of keeping the administration democratic. It can be exercised at two levels by the ministers and by the legislature. "It does not by any means automatically occur in a parliamentary system. It requires a powerful political government which depends in turn on the constitution, on the party system, on the relations between Parliament and the Executive, and on the relations between ministers and civil servants". rightly observes Professor Robson. Our politicians and political leaders must note this very carefully. In Britain, Professor Robson points out, effective political reforms preceded civil service reforms, so that a reformed House of Commons and a government supported by it were in a strong position relatively to the civil service. In this subcontinent a very strong and efficient bureaucracy was created first and long before political reforms of a democratic character was introduced. The members of the world famous I. C. S. were the real rulers of the country for a very long time. The I. C. S. was virtually a governing corporation. Some modification was introduced at the provincial level since 1921 and was further extended by the Act of 1935. But at the centre up to 1947 the civil servants were not under the ministers.

In the former state of Pakistan from 1947 to 1971 democratic values and democratic institutions were treated with contemptuous disdain by the West Pakistani ruling clique. The essence of the political control and direction of the civil servants by the ministers lies in the fact that the ministers themselves are responsible to the legislature. Democracy was not allowed to take its root in former Pakistan. The bureaucracy, particularly its upper echelons, remained as independent as they were before 1947. This bureaucratic independence is one of the factors responsible for the death of democracy in former Pakistan. It is hoped that the political leaders and politicians and members of the legislature in Bangladesh will never forget this phenomenon. An untamed and uncontrolled bureaucracy is a positive threat to democracy.

Professor Robson makes a scintillating observation when he says, "There are. in the cabinet system of government, three principal factors in the parliamentary equation: Ministers, Members of Parliament and Civil servants. They comprise the essential elements, representative or bureaucratic; and they are indispensable to one another. They are partners in a common enterprise-the endless adventure of governing men'. Unless the terms of the partnership are understood and accepted by all the partners the enterprise may not succeed." It is of paramount importance that the minister's members of parliament and civil servants must understand it.

The relations between the ministers and the civil servants cannot be reduced to any formula. It defies any codifications. "In theory, Ministers decide policy, and civil servants carry out their decisions. Those is strictly true from a constitutional standpoint; but in reality it is a conventional half-truth." Writes Robson. The reasons are not far to seek. Ministers seldom have the time, or knowledge, sometimes not the skill, to formulate policy unaided. They must rely on their senior officials for advice, and skill more for knowledge of the basic facts and figures on which policy must be based. It is the business of the officials to assemble, to collate, to collects, to analyze and to synthesize all the relevant data, facts and figures on the basis of which the policy is formulated. They must
do it honestly and without any reservation. Various alternative policies will be sorted out on the basis of the facts and their relative strengths and weaknesses must be examined and pointed out honestly and fearlessly to the ministers. The Ministers have right to expect that civil servants will do their utmost to make proposals which will reflect, or at least be compatible with, the political philosophy and the programme of the party in power.

A minister should always consult his senior officials before deciding an important matter of policy, though he is not under a legal or constitutional obligation to do so. One compelling reason is that if he blunders, the department, as well as he personally, will suffer a loss of reputation. The civil servant on his side has a right to put forward what Lord Bridges has called the departmental philosophy. It is, indeed, his duty to give his minister the quintessence of departmental experience on those large issues of policy which he must decide and thus ‘to let the waves of the practical philosophy wash against ideas put forward by his Ministerial master’. The civil servant is entitled to advice, to warn, to encourage and to explain—but no more. If a civil servant thinks, a proposal by his minister is misconceived; it is his duty to say so and why. He may if invited to do so, express his opinion as to the relative advantages and disadvantages of alternative courses of action, looked at from the government’s standpoint. He must not, however, allow his personal prejudices or his political bias to suppress or distort policies or to denigrate courses of action which are administratively practicable although leading to ends he considers undesirable. Once the policy is decided by the minister, it is the duty of the civil servants to implement it honestly and faithfully as if it is own policy.

A civil servant has no right to be "unhelpful, unconstructive, and negative". He should not be indifferent to the political connection or party pressures which affect the minister he serves. As an official he may not share them, he should nevertheless be aware of their existence and make due allowances for them in his work. Civil servants will be acting without the knowledge or guidance of their political chiefs most of the time: and hence it is important that they should accurately reflect the minister’s mind or at least his policy in every aspect of day-to-day administration.

If the departmental administration is accurately to reflect the minister's outlook, civil servants of all ranks must be brought into contact with the Minister and thereby learn his views. This is particularly important when there is change of government or when one minister succeeds another. Talks by the minister to staff gathering, and other methods of achieving personal contact, can bring great advantage which will repay the time and trouble spent for them. Mutual understanding, respect, and confidence between a Minister and his officials should be based on a firm foundation of knowledge: and time occupied in ensuring this is well spent.

There is a sound rule which requires members of parliament to communicate with the Minister-in-Charge of a department and not to be make a direct approach to his officials, except with his knowledge and permission. The dangers of too close a relationship between members of Parliament and civil servants might be considerable. A civil servant might be deflected by the political influence of an M. P. or group of M. Ps. He might be
made to feel that his own future depends to some extent on the favor or disfavor in which he stands with members of the legislature. A Minister's authority in his department might be undermined by legislative support for a particular decision or policy. Above all, the status of Ministers in parliament would be lowered if M. P. s. could get what they wanted by going behind their backs to officials. It is hoped that the politicians, political leaders, and members of the legislature will not only pay adequate attention to this, but also practice it in full. If the position of the Ministers is rendered weak by the intransigence, hostility, and irresponsibility of the members of the legislature, as was the case in France, it will strengthen the position of the civil service.

A civil servant should rarely, if ever, be mentioned in the legislature. Everything that he does is the act of the minister and it is the duty of the minister to defend his servants, observed Lord Attlee: and to take full responsibility. The civil servant on his part must never defend himself publicly. That must be left to the Minister. In the debate on the Critchel Down case in the House of Commons Mr. Morrison (later on Lord) expressed the view that a Minister need not always defend his officials in public, and he mentioned that, on one occasion, he had, as a Minister, publicly castigated in parliament and official of his department who failed to carry out his instructions. Usually, however, the minister accepts responsibility for them act of his officials even when he does not approve of them. Sir David Maxwell (cater on Lord Kilmuir) speaking as Home Secretary, agreed broadly with Mr. Morrison’s view that a Minister is under no obligation to endorse what he believes to be wrong or to defend the manifest errors of his officials. He need not approve of action of which he knew nothing about and of which he disapproves; but he will nevertheless remain constitutionally responsible to Parliament for the fact that something has gone wrong, and can be called to account for it. Ministerial responsibility is the fundamental maxim of the parliamentary Government. The Minister is the link between Parliament and the department. He is responsible to Parliament for the activities of his department. If Parliament wants anybody's head, it must be that of the Minister.

It is not possible in the space of a few pages to deal with the relations between politics and administration in their entirety. The legislature also exercises considerable influence on the civil servants. The techniques through which the legislature exercises its control include: question, resolution, discussion on budget and other issues, adjournment motions, committees, particularly the public accounts committee. Accordingly to lord Attlee, "question time in the House of Commons is one of the finest examples of real democracy". He further observed. "The effect of questions to the Minister and stillmore questions asked publicly in the House, is to keep the whole of the Civil Service on their toes." In addition there are various types of control such as control by the judiciary and administrative tribunal, financial control, control within the administration, and control by mores.

II.

Re-Organisation of the Administrative Personnel

We put great emphasis on the personnel because the public personnel is the sovereign factor in administration. First, will, energy, and mind, and then, the organisation. The problem that will confront the Bangladesh Government is the creation of a highly competent, able, honest, devoted energetic civil service capable of dealing with the
gigantic problems of unexampled complexity that lie ahead. The problem has been
aggravated by the acute shortage of officers at the higher levels. The exploitation of
Bangladesh was facilitated by the West Pakistani dominance over the Central
Government. At the higher echelons of administration Bangladesh was grossly
underrepresented. This policy enabled the West Pakistani ruling clique to maintain
their administrative control over Bangladesh. The following figures show the nature
and extent of administrative domination:

Besides the Deputy Chairman of the Planning Commission, the Central Finance
Ministers, finance Secretary, key individuals in resource allocation, had always been
West Pakistanis. In the Foreign Service Bengalis accounted for 15 per cent. Of the 60
Heads of Foreign Mission only 9 were from Bangladesh.

The Government of Bangladesh will have to devise ways and means to meet this
acute shortage of senior officers.

**Three Main Categories of services**

At present there are three main categories of services, instituted in the British
days- (i) all-Pakistan, (ii) Central, and (iii) Provincial Services. The all-Pakistan
Services were the successors in Pakistan of the old I.C.S. and the Indian Police
Services. They were recruited and controlled by the Central Government. The
members of the C. S. P. used to occupy key positions at the Centre, in the Provinces,
in the Secretariat, in the Divisions and Districts and in various fields of public
administration, including public corporations. There is also a judicial branch of the C.
S. P., and a percentage of members of this Service is appointed to higher posts in the
judiciary. This was the key instrument through which the Central Government used to
maintain its control over the provinces. The cadre of the C. S. P. was centralized and
that of the P. S. P. was provincialised. The members of the other Central Superior
Services, such as the Audit and Accounts, Customs, Income- Tax, Railway Accounts,
Military Accounts, etc., worked exclusively under the Central Government. There
were some technical services under the former Central Government of Pakistan and
these include: Central Engineering Service, the Telegraph Engineering Service, the
Central Health Service, the Railway Engineering Service, the Central Health Service,
the Geological Survey, the Archaeological Service, etc.

The Civil Service, both Central & Provincial is organized in four classes, class I
(which includes the former all-Pakistan Services), class II, class III & class IV, such
classification being based on pay range admissible. The managerial and administrative aspects of governmental work—whether in the field or at headquarters—is predominantly in the hands of those who are in class I, we find in this class:

(i) the all-Pakistan (former) Services (C. S. P. & P. S. P.) engaged mainly in administrative duties in the province & in the centre (former), in the field, and in the Secretariat;

(ii) the non-technical Central (former) Services, Class I, which are meant to administer non-technical areas of administration at the centre (former) like the audit and accounts, income tax, posts and telegraphs, and the railways. Their members were also deployed, to some extent, in the Central Secretariat;

(iii) the technical class I (former) Central Services which have similar functions on Service, the Telegraph Engineering Service, the Central Health Service, the Geological Survey, the Archaeological Service, etc. To small extent, members of these Services occupy Secretariat posts.

At the provincial level too, there are both technical & non-technical Services. They operate exclusively under the provincial government. Sometimes, the members of these Services are borrowed for work at the centre.

These Services, both Central & Provincial, are also vertically classified on the basis of the types of work they are called upon to discharge. These are: (i) the Generalists; (ii) the Functional Services; (iii) the Specialists. The Generalist Services in include the C. S. P. & the members of the Provincial Civil Service class T & so on. The Functional Services are the Audit Accounts, Income Tax, Customs, and so on. The Specialist Services comprise the scientists, engineers, doctors & other scientific and technical services.

Bangladesh, it is assumed, will be a unitary static like Britain & France. Geographically, economically, politically, culturally, and linguistically Bangladesh is a homogeneous entity comprising an area of 55,126 square miles. There will be numerous administrative units at the divisional, district, sub-divisional, thana & union council levels. The district administrative will have to be considered denovo. It is discussed in a separate section.

The form of government shall be parliamentary in which the executive shall be responsible to the legislature. The Awami League is committed to it. In the context of the radically altered situation, there will be no need and justification for retaining three district categories of services as at present. The unitary state with a unitary system of government will immensely simplify the complex structure of existing services as at present. The unitary state with a unitary system of government will immensely simplify the complex structure of existing services. Instead of having three district categories of services, there will be on the nontechnical side, only one category of services which may be named as the Bangladesh Administrative Service. On the technical side, there will be only one category of services to be known as the Bangladesh Scientific and Technical Services.
III

Main Problems:
Conversion of the three district categories of services into a single one

The basic character of the governmental system under which these three categories of services existed and operated, will undergo a revolutionary change on the morrow of independence. The former state of Pakistan would cease to exist and hence the former system of government and administration would also disappear. Bangladesh is a sovereign democratic republic engaged in a grim struggle to liberate herself from the clutches of the West Pakistani military rulers. Bangladesh, as stated above, is a single geographic entity. She is geographically compact, culturally homogeneous, and linguistically similar. She will be, it is assumed, a unitary state with a unitary system of government. In such basically altered conditions there appears to be no need and no justification of these three separate categories of services. There is no need for the all-Pakistan services, such as, the C. S. P. & P. S. P., simply because there will be no Pakistan comprising two wings as in the past. The tenure system- the provinces borrowing officers from the centre and vice versa-by which the key posts in the Secretariat and in the divisions and districts were filled, will have no validity any more. There is also no need for a separate category of the Central Superior Services as district from the two all-Pakistan services. Similarly, there is no need on justification for the Provincial Services as district from the C. S. P. & other Central Superior Services as there will be no provinces. The main problem is: how to unify these three district categories of services with different conditions of pay, prospects and other incidents into a single unified service, to be known as the Bangladesh Administrative Service, on the non-technical side, and the Bangladesh Scientific and Technical Service on the technical side.

IV.

Defects of the existing structure

The existing structure of the Civil Services came to us as an inheritance from the British India. The structure of the civil services was largely determined by the course of political and military developments in the nineteenth century. It began with the Report of the Macaulay Committee, 1854 and culminated in the Islington Commission of 1912-15 and the Lee Commission of 1924. The Montagu-Chelmsford Report 1918, and the Report of the simon Commission, 1930 also played not an insignificant role in determining the structure of the Civil Service. In the former state of Pakistan a number of Commissions and committees examined the problem, but nothing fundamental emerged in reality. The basic character of the structure remained what it was in the past. It is generally recognized that the inherited structure is neither adequate nor appropriate for fulfilling needs of a government which will have a fundamentally different character and ideology from the previous administration. The flaws of the inherited structure needs a rigorous examination. The existing structure stands in the way of what is considered to be the only efficient method of matching men to jobs- rigorously examining what each post demands before selecting the individual who is best fitted to fill it. The existing structure seems to suffer from the following defects:-
(1) It prevents the best deployment and use of individual talent. Mobility from one service to another service is almost impossible. Again, movement from one class to another class is very more. The formal and relatively rigid procedures involved in moving from one class to another class put unnecessary barri ces in the way of the movement of individuals, both upwards to post of higher responsibility and sideways between different kinds of related work. It also impedes the rapid development and promotion of young people with outstanding potential.

(2) It is a major obstacle to the ability of the service to adopt itself to new tasks. Each service and each class tends to regard the posts that its members usually feel as its own preserve, guaranteeing a career structure with a fixed number of posts at various levels. Men and Women enter these classes in their youth and form expectations about their prospects, to which they cling with increasing ten city as the years go by. The members of the C. S. P. occupy a special commanding position in the entire administration. They are usually regarded as fit for any kind of job. Many key positions are reserved for them. They are allowed to move from kind of job to another and from one department to another with remarkable facility without any regard being paid to their linked experiences. This system neutralizes this usefulness to a great extent. It does not enable them to acquire a profound knowledge of the subject-matter of their departments. This also necessarily restricts the promotional prospects of the members of the other Central Superior Services. The Audit & Accounts, Customs, Income Tax, etc. are organized a independent entities, operating within the limitations of their respective cadres, subject, further, to the reservation of many higher posts for the C. S. P. Apart from fostering a distressing class-consciousness, it prevents the best deployment of the staff; because once a member of the Audit & Accounts or Income Tax or Customs, he remains so all throughout his career. Even when members of these services show outstanding ability and other attitudes of leadership and a flair for specialized work, it is not always possible to utilise their talents to the best advantage of administration, because the rigidity of service structure comes in the way of their employment to other fields for which they are better suited.

(3) The career opportunities that are thus defined for the different services and classes of services vary greatly in their attractiveness and scope, even for people with similar educational qualifications. There is a great deal of difference between the members of the two former all-Pakistan Services-C. S. P. & P. S. P. -and the members of the provincial class I services in respect of pay, promotion, status and other conditions of service. The same is broadly true of the other central superior services vis-a-vis the C. S. P. Differences also exist in these respects between the specialist-scientists, engineers, doctors and other highly qualified technical personnel and the Generalists such as the C. S. P. & other non-technical superior services. The separate classification encourages the idea that opportunity is not equal. This militates against the best possible utilization of talents available within different and separate categories and classes of services.

(4) The word "class" and the structure it represents, produce feelings of superiority as well as of restricted opportunities. Class, class-consciousness, status, positions, and ranks, gazette and non-gazette, generate tensions, misgivings and misunderstandings among
the civil servants. All these severely hamper the efficient and expeditious disposal of governmental business which is increasingly becoming overwhelmingly complex, technical and specialized.

(5) The structure also leads to the inefficient organisation of work. Each class has its prescribed functions. Financial and policy work in almost all cases are generally reserved for the C. S. P. with appropriate support from other classes below them, while technical or scientific work belongs to the specialist classes. Where administrators and specialists are engaged in a common task, parallel or joint hierarchies are the usual devices to enable them to work together. But within these hierarchies the administrator is normally responsible to another administrator in the next higher grade, and the specialist similarly to another specialist, thus the separation of prescribed responsibilities is maintained. The separation of function has a damaging effect in blurring responsibility and authority in command. There are many joint tasks, specially projects, and programmes with a high technical content, in which good management depends upon putting a single person in charge and holding him responsible for the result; the rest of the team should be responsible to him. Often, however, the preparation of functions results in twin heads being in charge, one a specialist, the other an administrator. A man's career is primarily thought of as a career within his class or service. There is, therefore, a natural pressure to maximize the opportunities of the class, in each area of work it occupies, by making use of as many of its grades as possible. The presumption thus grows up that the organisation of any area of work should reflect in full the grading structure of the class concerned. This is also true of the specialist classes.

The fundamental point underlying many of these criticisms is that the system of classes and separate services stands in the way of the most efficient method of matching men to jobs. This is because classes are too crude an instrument for the purpose. They involve two assumptions: (i) that any job can be categorized as appropriate to one or other of the classes; and (ii) that it will then be most appropriately filled by selection from the members of that class, all of whom are in principle more likely to be good candidates for it than any other member of another. These assumptions seem to be no longer sound and valid, particularly in view of the changing nature of the tasks the Civil Service has now to do.

Time and space at our disposal do not permit any detailed examination of the structure.

The new and radical situation calls for a comprehensive and major re-organisation of the services. The inherited structure of the services will be out of tune with the realities. The new government of Bangladesh will be fundamentally different in character and ideology from the previous government. The Government of Bangladesh is committed to a socialist economy based on democratic principles and values. We are committed to mass democracy, to egalitarian democracy, to the public control and planning of the economic process, and therefore to strong government capable of dealing with the complex problems that lie ahead. This will give a new purpose and new role to the administration. Without a major re-organisation and re-adjustment of the machinery of government and a fundamental re-organisation of the higher services to foster the growth
of the feeling that all officers are equally responsible for the administration of the country, it would be impossible to secure the fulfillment of the purposes of the state. Again, no form of government, no pattern of administration can remain static. It must always be in a state of evolution and of self-adjustment, if it is to fulfill adequately the changing demands and needs of a new nation. The demands and needs, as already stated earlier, will be heavy and exacting. The organized Civil Service, with well-defined rules of recruitment, promotion and other conditions, which came into existence in Britain in 1854, on the basis of the Trevelyan and Northcote Report, has been subjected throughout the past century to periodical reviews and adjustments. As a consequence, the British Civil Service has shown itself to be an adaptable body, remarkably capable of standing heavy strains and of adjusting itself to a large variety of tasks and situations. It is urgently necessary to refashion the Bangladesh Services in order to create a flexible organisation which can function with facility and efficiency both in the dynamism of industrial and social planning and execution, and also in the strains and stresses of a national emergency.

The government of a democratic socialist state must concentrate on the wider and more positive needs of all-round development and progress in the agricultural, industrial and social fields. The whole purpose of government will undergo a radical re-orientation; this will be reflected more and more in the successive five-year plans. The major problem which will emerge will be that of fulfilling the development programmes. The formulation of co-ordinate plans of development and the allocation of financial resources will not by themselves ensure fulfillment, unless competent technical and administrative manpower are recruited to the services to provide the motive power. Viewed from any point of view, a fundamental re-organisation of the Services is called for. The following criteria should determine the structure of the services:

**The New Structure of the Civil Service**

What should be the criteria to determine the structure of the new services that we propose to build up in Bangladesh? The new structure of the new Services should in our view be based on the following principles:

1. There must be a searching analysis and evaluation of the job. Both the grading of a post and the selection of the man to fill it should be based on it.

2. Each post should be filled by the person best fitted by his qualifications and experience to fill it. No other consideration should be allowed to determine it.

3. There must not be any reservation of posts for any group as there is to-day for the members of the C.S.P. It must go, except in so far as individuals comprising the group may be uniquely qualified for them, that is, doctors for medical posts.

4. Since the qualifications and experience required for particular posts will vary from time to time, it should be right and duty of management to determine the new qualifications and experience required for them.

5. Merit or ability should govern the promotion of men to fill individual posts. Right man must be in the right place, even if he is not the next in the order of seniority, or bring
him in from outside the service if he cannot be found within, & sometimes appointment from outside would bring a valuable reinforcement of skill and experience.

(6) As regards the pay-scale, the criterion laid down by the Islington Commission may be adopted with suitable modifications. The criterion laid down by the Commission for the determination of pay-scales is that, "Government should pay so much and so much only to their employees as is necessary to obtain recruits of the right stamp and to maintain them in such a degree of comfort and dignity as would shield them from temptation and keep them efficient for their term of service". It can be modified by maintaining relativity between the rates of pay for civil servants and the rates of pay for jobs of comparable responsibility and authority outside the service. In some cases, it may be necessary to maintain a kind of internal relativity.

(7) The structure should permit work to be organized in such a way that chains of command reflect the demands of the task and, where necessary, cut across any groupings by discipline & type of skill.

The application of these principles demands two fundamental and complementary changes in the structure of the service. Together they produce the single unified grading system running across the whole service, in which there will be an appropriate number of different pay-levels matching different levels of skill and responsibility, and the correct grading for each post is determined by an analysis of the job.

First, the division between the all-Pakistan and other Central Superior Services and the Provincial Civil Services should be abolished. The division between higher and lower classes should also be abolished, and a continuous grading system from bottom to the top should be substituted in each occupational group. Thus, for example, we propose the merger of all the non-technical Central Superior Services, including the C. S. P., the class II services, all the non-technical Provincial Services, and the clerical classes. All these services will be merged, organized, and unified into a single grading structure. We also propose the merger of the Scientific Civil Servants, Engineering and allied groups, Geological Service, Archaeological, Medical Services, Architectural and Engineering Draughtsman Service, and all other technical services.

To replace the existing structure by a single unified grading structure from bottom to top for each occupational group will involve a major programme of job analysis and evaluation: a fresh examination of what each job or kind of job is for, and of the qualifications and experience it requires.

Second, it seems that the principle of the best man for the job should apply between civil servants of different occupations no less than between those who enter the service with different levels of educational qualifications. No posts should be the preserve of any one group, except in so far at individuals in the group may be uniquely qualified for them. This calls for another radical structural change. It means bringing to an end the system in which an individual can normally move between jobs now reserved for different occupational groups only if he himself moves into a different class.
To give full effect to the proposals made above, it is necessary to replace the present multitude of classes and different categories of services and their separate career structures by the creation of a classless uniformly graded structure. The basis of the system that is proposed is the establishment of a number of successive grading levels that together will embrace all the jobs in the Service. Each grade will carry a range of pay. The number of grades required can be determined only after a more detailed examination of the existing structure and detailed examination of the structure, it is hardly necessary to point out, is not possible at the moment.

All the jobs now performed by the many different services and classes of services should be filled into the appropriate grade. This will require careful job analysis and evaluation. This should be based on such factors as the “end-results” required, the degree of personnel responsibility involved, the importance attaching to the work and the qualifications and experience needed in the holder to achieve the prescribed results. At the same time the process of job evaluation should take into account the market rate for jobs of similar responsibilities outside the service.

**Senior Policy and Management Group**

Within this overall structure, there will, of course, continue to be a great variety of groups of staff. At the highest levels of the service, it is useful to distinguish top management, comprising all top posts in all grades from Secretary down to the Deputy Secretary, and including all grades that are equivalent to Deputy Secretary. This may be called the senior policy and management group. In other words all the Class I posts in the Bangladesh Administrative Service (the C. S. P., Central Superior Services, Members of the Provincial Services, Class I after their unification into a single unified grading structure) may be divided into three groups or levels, such as the senior, middle and junior. Each group or level may be divided into three grades and, in all, there will be nine grades in there three levels. The progress of an officer among the grades within each level should be on the basis of proved performance and competence. Promotions from the junior to the middle levels and from the middle to the senior level will be by selection on the basis of demonstrated ability, competence, and honesty. Honesty should be given its due importance, along with other factors. There will be direct recruitment to the junior level. The unified civil service may be divided into the following professional groups- economic administration, industrial administration, agricultural and rural development administrative, social and educational administration, personnel administration, defense administration and internal security, and planning. They will be trained accordingly at the appropriate level. The need for professionalism in the Civil Service is discussed below. Below is attached an illustrative chart of 9 pay scales into which the existing class I scales can conceivably be fitted in. Some examples of the posts which can be filled into the grades are also given, I would like to emphasize that the details in the annexure given only by way of illustration. A more detailed and elaborate examination will be necessary for the purpose of determining the grades as well as the posts to which they should be attached. All the post under the government can, I think, be brought into a framework of 20 to 25 grades. Each grade will carry a range of pay.

**N.B.** The pay-scale proposed will come into effect only when the economy of Bangladesh takes a stable form. At the moment it is out of questions.
The Bangladesh Civil Service

It is already stated above that all the non-technical Central Superior Services, including the C. S. P., all other Central (non-technical) Services, and all the non-technical Provincial Services, including all classes, should be merged, organized and unified into a single grading structure to be known as the Bangladesh Administrative Service. The members of this service will fill different posts in the grades in the structure. This may be done on the following basis: (a) present positions or posts held by different officers, (b) performance record, (c) competence, (d) length of service, (e) academic background, and (f) suitability.

It is hoped that the members of the various services referred to above shall accept it, taking into account the basically altered circumstances. However, if any member of anyone of these services is unwilling to join this new structure, he may be retired on proportionate pension on the basis of the length of his service. A high-powered Committee consisting of the Chief Justice of the Supreme Court, the Chief Justice of the High Court, and another senior Judge of the Supreme Court, the Chairman Public Service Commission and two or three retired civil servants shall go into the whole question.

It may be pointed out that the Fulton Committee on the Civil Service in Britain made similar recommendations with regard the structure of the British Civil Service. The Committee said, "In our view, all Civil servants should be organized in a single grading structure in different pay-levels matching different levels of skill and responsibility, and the correct grading for each post is determined by an analysis of the job". In an attempt to give a concrete shape to this structure and the Committee further observed, "We propose the merger of the Administrative Executive, and Clerical classes, as recommended to us by the Treasury." It may be also helpful to mention that in 1945 France took the bold and rational step of integrating the services into a single civil service. But they are trained and equipped differently to discharge their respective responsibilities. It swept away the cobwebs of narrow departmentalism which inhibited the growth of unity among the Civil servants. The Indian Administrative Reforms Commission made similar recommendation with to the Civil Services in India. The commission recommended a unified grading structure.

The Scientific & Technical Services

The importance of Science and technology cannot be over-emphasized. Our whole future, it may safety be asserted, depends, to a considerably greater extent than is adequately appreciated and understood, on the application of science and technology, of to our economy and social life. The development of science and technology, of researches in science and technology, and of the scientific and technical manpower should receive the highest priority in any scheme of national development, economic and social. Our scientists, our engineers, our medical doctors, and other technically qualified men and women should be accorded their due recognition in the administrative system. Nothing should prevent or should be permitted to prevent the eminently qualified scientists, engineers, doctors, and other technical personnel from occupying the top positions in their

---

(2) Ibid., para 215, p. 70
lives in the administrative pyramid. Their pay and status should be commensurate with their qualifications, importance and need in to-day's and tomorrow's administration. In the bitterness and resentment amongst them which hampered the development programmes. In other words, a scientist, or an engineer or a doctor, for example, should be appointed to the post of the Secretary, Additional Secretary, Joint Secretary, Deputy Secretary, and soon, in the ministry or department which is concerned with his specialty depending on his qualifications, experience and suitability. He should be given training in the art and science of public administration at appropriate stages in his careers.

The scientific, engineering, medical and other technical services that exist to-day are as follows:

1. Scientific Civil Service
2. The Engineering Services
3. Medical and Health Services
4. Forest Service
5. Archaeological Services
6. Geological Service

All these service-in future, more services in this group may have to be created—should be organized in a single grading structure in which there are appropriate member of different pay-levels matching different levels of skill and responsibility, and the correct grading for each post is determined by an analysis of the job. They might be incorporated into a single Scientific Service, divided into specialized groups, organized in a single grading structure, to be known as the Bangladesh Scientific Service. Each grade should carry a range of pay which should be similar to that of the Bangladesh Administrative Service at each appropriate grade. There should be no difference in the pay-scale and other incidents of services between these two broad classes of Service at the appropriate grade. The Fulton Committee, it may be mentioned, made similar recommendation relating to the structure of the Specialist Services in Britain. The Committee observed, "We also propose mergers of the scientific officer, Experimental Officer, and Scientific Assistant classes and of the Works Group of Professional Classes, the Technical Works, Engineering and Allied classes and the Architectural and Engineering Draughtsman Classes".

**The Bangladesh Educational Service**

Since education will undoubtedly be one of the major responsibilities of the Government, the existing Educational Services should be thoroughly re-organized on a scientific footing so as to attract the best available men and women to this field. There pay-scale and other conditions of Service should be such as will enable them to give them best to the nation. They are, it is hardly necessary to mention, in charge of the future hopes of the nation. There should be broad similarity between their pay-scale and that of other categories of civil servants, generalist and specialist, mentioned above.

---

The Bangladesh Police Service

There are two broad categories of the police service such as the former all Pakistan Police Service and the Provincial Police Service. The members of these services should be merged and organized in a single unified grading structure in which there will be an appropriate number of different pay levels matching different levels of skill and responsibility, and the correct grading for each post is determined by an analysis of the job on the model of the Bangladesh Administrative Service.

The Bangladesh Foreign Service

The Government of Bangladesh will have to form a new Bangladesh Foreign Service. The existing Bengali members of the Foreign Service of the former state of Pakistan will form the nucleus around which this service will grow and develop.

Professionalism in the Civil Service

It will be necessary to survey all the administrative jobs in the service. It will be the duty of the proposed Civil Service Department to analyze them and to identify groups of jobs which provide a field for specialization on the basis of their common subject-matter. It may be mentioned here that the French Civil Service, particularly at the higher level, is divided broadly into four branches: (a) general administration, (b) economic and financial administration, (c) social administration, and (d) external affairs.

In this connection the views of the Fulton Committee deserve special mention. The Committee has divided the administrative jobs into two broad groups. The Committee said, "First, we think that a broad group of administrative jobs in different departments is concerned with a subject matter that is primarily economic and financial. Within this broad group the emphasis in some areas of government may be on general economic planning and control; in others, on the problems of international trade or of particular industries; in others, on the financial control of major programmes of capital and current expenditure; in others (mainly in technical and scientific departments) on the economic and financial aspects of large technological projects. Thus, from a general economic and financial basis, the work develops its own internal specialization. We think that this pattern should be reflected in the training and deployment of individual administrators for this work." Speaking on the second group the Committee further observed, "There is a second broad group of administrative jobs where the basis is essentially social; for example, housing, town and country planning, education, race relations, social security, industrial relations, personnel management, crime and delinquency. Again, within a common framework of knowledge and experience, the work develops its own specialization. Here too the training and deployment of individual administrators should reflect this pattern."

The vast change in the role of the Government and the great diversification of its functions call for a variety of skills in the higher administration. The new tasks call, at higher levels, for a competence which cannot be acquired overnight, but can only be imbied through special training granted on to a basic functional skill or academic

(1) Fulton Committee, op. cit., Para-215, P.70.
qualification. Each new area of administration—be it economic, social, industrial, technological, scientific, agricultural, banking, finance, trade, has its own body of academic requirements, knowledge and techniques. The effective administration of each demands an intimate knowledge of its underlying principles and an awareness of its problems. Hence, the Service must ensure that its administrators acquire and develop the appropriate body of knowledge together with associated conceptual framework and analytical tools. This means that an administrator, at least in his early years, should specialize in one or other of these main categories of work—the economic, industrial, agricultural, commercial, and financial or the social. The training arrangements should be made accordingly. This is how the necessary professionalism can be developed in the Civil Service."

What is professionalism? The Fulton Committee refers to the two main attributes of professionalism which are essential in varying combinations for work in the Government service. "One is being skilled in one's job-skill which comes from training and sustained experience. The other is having the fundamental knowledge & deep familiarity with a subject that enable a man to move with ease among its concepts. Both spring from and reinforce constant striving for higher standards. The work of government demands these qualities not only in the member of the generally recognized professions, but at all levels and in all parts of the service."

These attributes of professionalism are already present in the Civil Service in some measure. But to-days' tasks require them to be much further developed then hitherto. According to the Fulton Committee the Service needs two broad types of professionalism. "The first is the professionalism of those whose work in government is just one of a number of career opportunities for the exercise of their qualifications and skills." In this category come the architects, lawyers, doctors, engineers, scientists, accountants, economists, draughtsman, technicians and so on. Some of these, like doctors and scientists, have acquired their professionalism or specialism by recognized training outside the service. Others like some draughtsman and technicians may acquire and develop their skills after joining the service. These categories of civil servants are known as "specialists."

The second kind of professionalism which needs to be much more fully developed is the professionalism of those members of the Administrative and Executive Classes who are now treated, and regard themselves as "generalists". The generalists move frequently from job to job and from ministry to ministry, and thereby they gain proficiency in operating the government machine and in serving Ministers and Parliament. But many lack the fully developed professionalism that their work now demands. They do not develop adequate knowledge in depth in anyone aspect of department's work and frequently not even in the general area of activity in which the department operates. Often they are required to give advice on subjects they do not sufficiently understand.

or to take decisions whose significance they do not fully grasp. This has serious consequences. It can lead to bad policy-making. It prevents a fundamental evaluation of the policies being administered. It often leads to the adoption of inefficient methods for implementing these policies. It may also obstruct the establishment of fruitful contacts with sources of expert advice both inside and outside the service. The recommendations of the Fulton Committee deserve careful consideration.

The brief description of the nature of the jobs the civil servants will be called upon to discharge in Bangladesh is enough to make it clear the civil servants will have to be equipped to tackle the political, economic, social, scientific, and technical problems of our times. The work of the government is becoming increasingly complex and more and more specialized in nature. The nature of work of the government calls for high professional competence on the part of the civil servants. They have to be aware of interests and opinions throughout the country and of many developments abroad. They have to keep face with the rapid growth of new knowledge and acquire new techniques to apply it. The civil servants of Bangladesh will have to specialize in agriculture, co-operatives, industry and industrial management, trade and commerce, state trading, banking, insurance, management of the nationalized sectors of economy, economic planning and control, public finance, housing, town and country planning, education, social security, industrial relations, personnel management, crime and delinquency. They will have to deal with various types of international organizations.

Each of these categories of work has a rapidly growing corpus of knowledge. Our administrators must, in future, have or acquire the basic concepts and knowledge, whether social, economic, industrial, agricultural or financial, relevant to his area of administration and appropriate to his level of responsibility. He must have a real understanding of, and through familiarity with, the principles, techniques and trends of development in the subject-matter of the field in which he is operating.

To develop professionalism in the Civil service of Bangladesh, it is necessary to divide the Civil Service into the following professional groups:

1. Economic Administration
2. Industrial Administration
3. Agricultural and Rural Development Administration
4. Social and Educational Administration
5. Business Administration
6. Personnel Administration
7. Financial Administration
8. Defense Administration and Internal Security
9. Planning

The entrants to these specializations must be specially trained and made to acquire the necessary background. This knowledge come through the study and practice of administration of the relevant area over a long period of time, in some cases at least, long enough, in facts to amount to a commitment-a professional commitment. The knowledge
and expertise which will be relevant in the various specializations are briefly indicated below:

(a) Economic Administration:
Currency, banking and financial institutions, international trade, foreign aid and foreign exchange, problems relating to income, wages and prices.

(b) Industrial Administration:
Economic growth, industrial licensing, import of technical know-how, also problems relating to incomes, wages, and prices in common with specialization (a)

(c) Agricultural and Rural Development Administration:
Rural co-operatives, community development, irrigation, rural electrification, agricultural science, agricultural economics, rural sociology.

(d) Social and Educational Administration:
Education, social welfare, family planning, urban development, labor welfare and industrial relations, factory and labor inspection, information and public relations.

(e) Business Administration:
Principles, methods, techniques of administering a large-scale business concern, such as the public corporations, trading corporation, Jute trading corporations.

(f) Personnel Administration:
Management analysis involving work study, grading and evaluation of posts, organisation and methods, selection techniques, training and career management, staff supervision and control, motivation, morale and staff welfare.

(g) Financial Administration:
Cost-benefit analysis, budgeting and expenditure control, performance budgeting, revenue, taxation, etc.

(h) Defense Administration and Internal Security:
Intelligence, concepts of strategy and tactics, logistics, weapons systems, systems analysis, defense industry, defense research and development, etc.

(i) Planning:
Assessment and projection of demands and resources; models of economic growth, input-output ratios, inter and intra-sectoral balance, cost-benefit analysis of projects and schemes; programming methods; techniques of progress reporting and feeding back, and of evaluation of results, operations research; systems management.

Persons selected for the nine areas of administration should constitute a policy and managerial pool, which will be available to the Government and which should partly feed the senior management of the Government of Bangladesh in the relevant areas.

General Administration

In view of the increasingly complex and multifarious functions of the present day administration, a general purpose Service like the C.S. P. & the Class I Provincial Civil Service will have limited scope and utility as such. It can, however, provide a useful and good material for various posts in functional areas where organized services do not exist and which require only some specialized training and experience, for which suitable arrangements can be made. A specific functional field may be carved out for the members of the all purpose civil service. This could consist of land revenue administration, exercise of magisterial functions and regulatory functions in the fields other than those looked after by officers of other functional services. Examples of such posts are Assistant Deputy Commissioners, Deputy Commissioners, Directors of Civil Supplies, Directors of Settlement, Directors of Land records, Revenue Secretaries, Home Secretaries, Divisional commissioners, etc.

The policy of grouping administrators is necessary to enable them to gain the knowledge and experience their work requires. Within each group the depth of understanding, skill, knowledge and experience demanded will vary with the level of responsibility. The higher the responsibility of the post, the greater the understanding required of its occupant. Professionalism must be there at all levels, senior and junior. It means the ability and the sustained effort needed to ensure that each job, whatever its level, is performed to a constantly improving standard.

The primary purpose of the administrators-economic, financial, and social-is not to duplicate the specialist knowledge of the scientist, engineer, social scientist, or vice versa. It is, rather, that the administrator, trained and experienced in his subject-matter, should enjoy a more fruitful relationship with the specialist than in the past, and that the service should harness the best contribution from each.

The members of the Bangladesh Administrative Service at the appropriate level should be vertically decided into departments, in order to provide for specialized training in the different spheres of governmental activity. At the top level there will be the need of a corps of administrative who have wide general administrative experience, a breadth of view, a broad sweep over the entire field of administration, a broad liberal outlook, and, in one world, men who are well-versed in liberal administrative culture. It these men who will provide administrative leadership.

Personnel Administration & Management

The problem of personnel administration and management was not given its due importance by the governments in the past. The importance of the human element in administration has received adequate recognition in all advanced and progressive administrations all over the world. Human resources, now widely termed "human capital” are regarded as having a significance superior to that of physical and financial capital. Human resources, as Professor Tawney has pointed out, are by far the best resources that a country possesses. Consequently, efforts to devise effective and adequate means of getting the best out of the available manpower will have to be sharply accelerated.
The system of recruitment, the development of professionalism in the administrators and specialists, a scientific career management, training and deployment of the staff, and the promotion of greater departmental efficiency will make greater demands on the central management of the Service. The Constant adaptation of men and methods to changing tasks must be a joint responsibility, shared between central management and individual departments, but central management must have the appropriate degree of ultimate authority in those areas that affect the interest of the public service as a whole. The main responsibilities of the central management should be:

1. to determine the recruitment policy in consultation with department;
2. to stimulate and assist departments in reviewing the kinds of skill and forms of organisation needed for their tasks as they change and develop;
3. to determine manpower requirements both in quantity and quality, agree with departments how these requirements should be met, provide the necessary common services for new recruitment and internal transfer and satisfy itself that departments are efficiently and economically staffed;
4. to specify in consultation with departments the qualities, qualifications and experience required of new recruit to the service;
5. to determine pay, pensions and other conditions of service;
6. to determine training policy in consultation with departments conduct central training courses, arrange external training, and stimulate and guide training within departments;
7. to promote career development throughout the Service, and in particular to cooperate with & guide departments in fostering the promotion, and planning the future development, of the most promising members of all disciplines;
8. to promote mobility both between departments, and between the service and outside employments;
9. to discuss with departments all promotions to higher levels (i.e. senior policy and management group), and to take the initiative in proposing individual moves between departments both within the group and at lower levels;
10. to advice the Prime Minister :-
   (a) appointment at the salary level of Deputy Secretary and above; and
   (b) the most efficient division of responsibility between departments;
11. to study new developments in methods of organizing work, in management techniques and in office machinery, and promote their use throughout the service.

For Career Management

During the early year of a man's career he is expected to remain within the specialism group for which he is trained. This does not mean that he must stay in one job in one department; he should move between jobs and perhaps between departments but usually within the area of his specialism. As far as the administrator is concerned, he should move
at much less frequent intervals than he does now. While there will be a great variety of individual career patterns, the basic principle of career management should be a progressive development within a specialism and between fields of activity that are related to each other. While the needs of the service must come first in this, nevertheless the personal interests and wishes of the individual should be taken into account more positively than appears to be usual practice to-day. The increased attention to personnel management and individual career planning should apply to all categories of the civil servants-the generalists and the specialists.

Promotion

The Fulton Committee observes, "The right promotion at the right time is an essential part of the process of developing to the full the talents of the men and women in the service". The unified grading structure that is recommended would provide the necessary foundations for a new promotion system:

1. Promotion should be based on the performance record of an individual in achieving the aims of his job.
2. The aptitudes and experience of the individual can be more directly and specifically linked to the requirement of a particular job at the higher level.
3. Promotion boards can consider candidates for higher posts, not only within the field of their specialization, but also in management posts where their special knowledge may be useful.
4. There will be more equal promotion opportunities for all because performance is taken properly into account, and selection based upon the aptitudes and experience of the individual rather than upon his membership of a particular class.
5. Able individuals can skip grades.
6. Where seniority denotes valuable experience, it can be given its proper weight. It must not be forgotten that seniority is sometimes a synonym for antiquity. Ability, competence and merit should be the main foundation of promotion.

The New Civil Service Department

A new department to be known as the Civil Service Department should be created to discharge effectively the tasks of central management. In the efficient discharge of these tasks depends the evolution of a strong, able, competent and energetic administration which is the essential prerequisite for sound and vigorous development planning. It is precisely this which is lacking in Bangladesh. The political leaders and the public must understand the social and economic significance of a highly developed administration. In the past adequate attention was never paid to the supremely important tasks of personnel administration and management. The need for a well-thought-out effective action will be urgent as the expanding tasks of government, particularly in the economic and social fields, will put increasing strains on the civil service as a whole. The staffing of this department is of crucial importance. It will be discussed in another connation.

2. Ibid., Para-116, P. 40.
3. Ibid. Par-238, P.76.
Time and space do not permit us to enter into a detailed discussion of other vital issues—recruitment, training, pay, discipline and conduct. Merit alone should be basis of recruitment. First rate minds from all corners of the academic discipline should be recruited through the system of open competitive examination to be conducted by the Public Service Commission. Apart from the traditional method, method II as it obtains in Britain, may be applied. In the end, the quality of the recruits greatly depends on the quality of education in the country. Immediately after independence a fairly good number of persons from different professions outside the civil service to cope with the acute shortage of competent personnel. This kind of lateral entry will be on a contract basis for a definite period. Training arrangements that will be inherited by the Government of Bangladesh are lifeless, half-hearted, and half-backed. The training system should be based on the principles and methods on which the Ecole National d'Administration in France is built. Justice, equity and fairness should be the keynote of conduct and discipline. The pay-scale should be rational and in tune with the prevailing economic conditions in the country. The ridiculously senseless gap between the highest pay and the lowest pay should be reduced. The extent of pay at the lower level must amount to a living wage. Immediately after independence the highest pay would not be more than Rs. 1,500.00 per month for a couple of years. Other things remaining equal, the economy, it is assumed, will recover during this period and at the end of this period, the entire issue of pay-scale and other relevant matters will be thoroughly examined by a high-powered pay commission. Corruption and malpractices in different forms must be dealt with effectively. Its costs are excessive as a recent analysis of corruption in the U. S. A. shows. Suitable machinery will have to be evolved to deal with this cancer.

ADMINISTRATIVE ORGANISATION

The Secretariat

The secretariat is the nerve centre of administrative organisation, where the policies of the government in different fields are conceived, thought-out, shaped and issued out to different levels of the administration in the directorates, attached offices, divisions, districts, sub-divisions, police stations, and villages. It will be the principal instrument of the government of Bangladesh and is responsible for administrating the different subjects in all fields of governmental activity, national and international. It is in the secretariat that policies of the government are formulated and co-ordinate.

Now, there are two main levels of the Secretariat-Central and Provincial. In Bangladesh there will be only one main secretariat, that is, the Secretariat of the Government of Bangladesh. The Provincial Secretariat will be absorbed into it. There will be no need for a provincial Secretariat. In the British days, the Secretariat was arranged in department, each administrating a specified subject, forming the portfolio of a member of the Governor-General's Executive Council. On transfer of power in 1947, the departments were renamed as Ministries at the central level and in the provinces these were known as Secretariat Departments. In Bangladesh the secretariat will be organized in and arranged in Ministries, each administering specified subject or subjects in charge of a Minister at the top, who will be responsible to the National Parliament.
The Ministry or Department of the Government represents the largest sub-division or cross-section of its administrative structure, designed for the satisfactory and efficient discharge of its functions and responsibilities. The business of every well-organized government is transacted through different Ministries or Departments which are responsible for particular subjects or groups of subjects.

Besides the various Ministries or Departments, the activities of the Government of Bangladesh will also be conducted through the various Attached and Subordinate Offices. The Attached Offices will be responsible for providing technical advice required in the formulation of policies by the Ministries or Departments. They will also provide executive direction required in the implementation of policies laid down by the Ministry to which they will be attached. The Subordinate Offices function more or less as field establishments responsible for the detailed executions of the decision of Government. They generally function under the direction of an Attached Office, or in cases where the volume of executive direction involved is not considerable, directly under a Ministry.

**Organisation of a Ministry**

The administrative set-up of the Government of Bangladesh will be divided into Ministries amongst which the various subjects of governmental activity are distributed on the basis of certain criteria which will be discussed later on. A Ministry ordinarily will consist of two or more departments and a Minister is in charge of all of them. In certain cases, two or more Ministries are placed under the charge of one and the same Minister. A Ministry or a Department is an organizational Unit consisting of a Secretary to the Government with a part of the Secretariat under his administrative control. Usually, a Secretary to the Government of Bangladesh will be the official and administrative head of the Ministry. A Secretary has four-fold functions: (a) he is the principal adviser of the Minister in all matters of policy and administration; (b) he is responsible for the efficient and economic administration of his Ministry and the attached offices and other organizations which it controls; and (c) he represents the Ministry before the Parliamentary Committee on public Accounts to give an account of its financial administration, and (d) finally, as the Chief Accounting Officer, he also has the ultimate responsibility for all departmental expenditure.

When the volume of work in a Ministry exceeds the manageable charge of a Secretary, one or more wings are established with a joint Secretary or in some cases, an Additional Secretary in charge of each wing. In such cases, the Joint Secretary or the Additional Secretary is vested with the maximum measure of independent functioning and responsibility subject to the control of the Secretary on the whole.

For the efficient and expeditious disposal of business allotted to it, the Ministry is divided into divisions, branches, and sections. A division consisting of two branches is normally under the charge of a Deputy Secretary. A branch comprising two sections is under the charge of an Under Secretary. A Section, under the charge of a Section Officer, consists of a certain number of clerical staff that is assistants, upper division and lower division clerks, typists, diarists etc. In certain matters, Deputy or Under Secretaries may transact business direct with the Minister, but proposals involving important policy decisions are always routed through the Joint Secretary or the Secretary or both.
Pattern of the Secretariat

The Pattern of the Secretariat set-up is as follows:

```
Secretary
  +-----------------+------------------+
  | Additional Sec. | Joint Sec. |
  +-----------------+-----------+
  | Joint Sec.      | Deputy Sec. |
  +-----------------+-----------+
  | Deputy Sec.     | Under Sec. |
  +-----------------+-----------+
  | Under Sec.      | Assistant Sec.|
  +-----------------+-----------+
  | Assistant Sec.  | Section Officer|
  +-----------------+-----------+
  | Section Officer |
```

Criteria underlying an Organisation

An organisation in the government is built on the basis of any one of the following criteria-hierarchy and collegium. An organisation is created on the basis of hierarchy which signifies a superior-subordinate relationship reaching from the top to the bottom or base of the organizational pyramid. Most Ministries and Departments and other offices are created by the application, of the principle of hierarchy. The Secretariat set-up which is the common feature of all the Ministries, Departments, Attached Offices, and Subordinates Offices, as shown above is based on the principle of hierarchy. Its strengths and weaknesses need to be noted. It ensures unity of command which is of the essence of sound administration, and also a clear and uninterrupted line of command from above and an equally clear and uninterrupted line of responsibility from below. Second, it facilitates the co-ordination of the activities of Ministry through the scalar process superior- subordinate relationship from top to the base of the pyramid. It operates on a two-fold basis. For example, the Section Officer and the section of the Ministry under his charge are responsible to the Assistant Secretary who is a step above him in the hierarchy. The Assistant Secretary and the branch of the Ministry under his charge are responsible to the Under Secretary. The Under Secretary and the units under his charge are accountable to the Deputy Secretary. The Deputy Secretary and the division of the Ministry under his charge are responsible to the Joint Secretary. The Joint Secretary and his wing of the Ministry are responsible to the Secretary who is the top of the Ministry. Third, it leads to a clean location of responsibility and also creates an inter-related sequence of decisions at appropriate levels. Fourth, it facilitates the delegation of responsibility to appropriate levels. Hierarchy is unavoidable in any large-scale organisation. It is also equally true of any large-scale private organisation as well.

It puts a great deal of strain on a single man at the top. There lies its main difficulty. It brings us to another very important concept and that is called the "span of control" which denotes the limit of the authority of a single man to effectively supervise the work of an organisation wherein an increasingly large number of employees are working. It is due to
a few unavoidable factors: (a) limit of the physical capacity, (b) limit of knowledge, and (c) limit of time in a hierarchical organisation the men on the top depends on the man immediately below him, who in his turn depends on the man below him until the base is reached.

The principle of collegium leads to an organisation where all the people at the top enjoy more or less similar status and power. The best example of this type of organisation is the British Cabinet in which the members are colleagues, none superior, none inferior, that is, all are equal, although the Prime Minister is primus inter pares first among equals. There are other types of organisation such as the Board type or the Commission type such as the Board of Governors of a public corporation or a Planning Commission, and soon.

Most ministries, Departments and other organizations all over the world are based on the principle of hierarchy. Bangladesh can be no exception.

Principles relating to the Distribution of Work

The criteria by which the total volume of governmental business is distributed among various Ministries and Departments include: (a) Purpose or function; (b) work process; (c) clientele; and (d) geography. When all the units of an organisation, which are devoted to the same purpose or function, are grouped together in a single Ministry or Department, this is called a purpose or function-based organisation, such as the Ministry of Defense, Ministry of Finance, Ministry of Agriculture, and so on. This criterion is widely used all over the world in regard to most of the Ministries and Departments. When all the people who use or apply the same or similar instruments or apparatus, are brought together in a single Ministry or Departments on the basis of the concept, "work process". This is called organizing a Ministry on work process. The examples are Ministry of Works which employ the engineers or the Ministry of Public Health which employ all the doctors and so on. When a Ministry or Department is created to serve the needs of a particular class of people, this is called an organisation based on clientele, such as the Ministry of Labor, the Ministry of Refugees, and so on. When all the different types of employees or personnel serving more or less the total needs of a particular area of the country are brought together under a single authority or Department, this is creating an authority on the basis of geography, such as the Tennessee Valley Authority in the U.S.A. or the Volta River Scheme in Ghana or the Snowy-Murray Project in Australia and so on.

There are other factors which play a very important part in determining the size of a Ministry or Department include: the manageability of the charge of a Secretary, the substantial homogeneity of functions, the constitutional provisions, and the traditions of a country.

It is important to realize that the unquestioned position of one Secretary as principal adviser to a Minister shall be stressed and made real in an organizational reconstruction. The Maxwell Committee as early as 1937 emphasized the unity of administrative control of each Ministry and Department and the concentration of responsibility for advising the Minister on all matters relating to a ministry in one officer. In the view of the Committee, "the principle of collective ministerial responsibility has for its counterpart the individual responsibility of one departmental head to the ministry and the minister; no other
arrangement will be conducive either to departmental efficiency or to departmental
discipline”. It will be, therefore, more rational to have a single Secretary in overall
charge of a Ministry with functions of co-ordination unburdened with routine,
departmental work. The departments constituting a ministry should each be headed by
an Additional Secretary. This re-organisation would be give the Secretaries the
welcome opportunity of giving time and attention to policy formulation and prevent
half-baked policies being adopted without a mature consideration.

There must not be an unnecessary and avoidable dissipation of the competent
manpower when there will be acute shortage—because of the unscientific and even
unsound organisation of the administration.

In view of all that has been said above it seems that the Secretariat of the
Government of Bangladesh should consist of the following Ministries: Defiance,
Finance. External Affairs, Food and Agriculture, Commerce and Industry, Education,
Public Health, Transport and Communication, Fuel, Minerals and Natural Resources,
Community Develop and Local Self-Government, Irrigation and Power, Home
Affairs, Law and Parliamentary Affairs, Minorities and Refugee Rehabilitation,
Information and Broadcasting, Labor and Employment, and Works, Housing and
Supply, and Services and General Administration.

**Existing Provincial Secretariat Departments**

At present the provincial secretariat consists of the following secretariat
departments: (1) Department of Agriculture, agricultural marketing, cooperative,
forest, fisheries and live stock; (2) Basic Democracies and Local government; (3)
Commerce and Industry; (4) Education; (5) Finance; (6) Food; (7) Health, Labor and
Social Welfare; (8) Home, police and ansars, jails and civil defense; (9) Information
and National Reconstruction; (10) Law and Parliamentary affairs; (II) Planning; (12)
revenue and relief; (13) Communications, railways, waterways, and road transport;
(14) Services and general administration; and (15) Works, power and irrigation.

All these departments will be absorbed into the Ministries as stated above.

These apart, the attached offices, departments, directorates and subordinate offices
will have to be re-organized in the light of the basically altered circumstances.

**Provincial Directorates**

The following are the Directorates under the existing provincial secretariat: (1)
directorate of agriculture; (2) directorate of marketing; (3) directorate of fisheries; (4)
directorate of live-stock services; (5) chief conservator of forests; (6) registrar of co-
operatives; (7) directorate of fire services; (8) chief engineer, public health
engineering; (9) directorate of commerce and industries; (10) directorate of supply;
(11) directorate of public instruction; (12) directorate of technical education; (13)
directorate of excise and taxation; (14) directorate of national savings; (15) directorate
of procurement, distribution and rationing (food); (16) directorate of movement and
storage; (17) inspection and control; (18) directorate of health services; (19)
directorate of labor; (20) directorate of social welfare; (21) inspector-general of
police; (22) inspector-general of prisons; (23) directorate of ansars and civil defense;
(24) directorate of E.P.R.; (25) directorate of public
Public Corporation

There is a plethora of public corporations and various other autonomous bodies in the country. Each of such bodies is charged with a definite responsibility in different sectors of the economy. They are public organizations with to very significant features-(a) operational flexibility, and (b) financial autonomy. These are expected to enable them to discharge their responsibilities free from the constricting restrictions under which the governmental departments operate. They are staffed by officers on deputation from the various government departments. In almost all cases the chairmen and senior government officers. They work in these corporation for a limited period and then go to their parent department or Ministry wherein their main interest. They are unable to develop a kind of commitment to these bodies. Consequently, the work of the autonomous corporations suffers and this hampers the progress of the country. To man these autonomous bodies a new service to be called the Industrial Management Service should be created. They should be the whole time officers of the corporations. This should be initially staffed by lateral recruitment from the private sector and government. The civil servants having requisite qualification & background should become the permanent members of this new service.

How far are the public corporations autonomous? At present the autonomy seems to be merely national. Their autonomy must be real. They must be made free from the nagging control of administrative departments without impairing in any way their accountability. These bodies should have full authority over the expenditure of allocated funds.

The existing corporations include: (1) Bangladesh Industrial Development Corporation; (2) Bangladesh Industries Corporation; (3) Bangladesh Agricultural Development Corporation, (4) Bangladesh Fisheries Development Corporation, (5) Bangladesh Jute Marketing Corporation, (6) Bangladesh Forest Industries Development Corporation, (7) Bangladesh Film Development Corporation, (8) Bangladesh Water and Power Development Authority, (9) Bangladesh Shipping Corporation, (10) Bangladesh Road Transport Corporation, (11) Bangladesh Inland Water Transport Authority, (12) Bangladesh Railway Board, (13) Water Supply and Sewerage Authority, Dacca; (14) Water supply and Sewerage Authority, Chittagong, (15) Dacca Improvement Trust, (16) Chittagong Development Authority and (17) Khulna Development Authority. In addition, to these, it will be necessary to create a few more Corporations.

A high-powered Commission should be set up to examine the re-organisation and Working of the Corporations.
Local Administration

The fundamental premise on which the local administration shall be based is: good government is no substitute of for self-government. The Awami League is committed to the development of fully democratic local self-governing institutions both in the rural and urban areas. A well-developed, well-organized local self-government will be essential to carry on the massive development work at all levels. Moreover, strong, efficient, and democratic local self-government, apart from educating the people in the art or government and administration, will act as a powerful bulwark against the growth of authoritarian dictatorship in the country. They will also lead to decentralization of power and authority from the centre to the local areas. This is no liberty in any state where there is an excessive concentration of power at the centre. It will also generate a real sense of participation among rural masses.

Again, if the decisions to be made are to embody the needs of those affected by them, the latter must have major responsibility for their making. We must begin by admitting the obvious fact that all problems are not central in their incidence; to leave to the central government the decision of questions which affect only a portion of the community is to destroy in that portion the sense of responsibility and the habit of inventiveness. The inhabitants of any given area need consciousness of common purpose, a sense of the needs of their neighborhood, which only they can fully know. They then find that the power to satisfy them of themselves gives to them a quality of vigour far greater in the happiness it produces than would be the case if satisfaction were always provided by, or controlled from, without. For administration from within always lacks the vitalizing ability to be responsive to local opinion, it misses shades and expressions of thought and want which are urgent to successful government. It lacks the genius of the place. Administration from without may well provoke indignation but it cannot elicit creative support from those over whom it rules. It is too distant from the thing to be done to awaken interest from those concerned in the process of doing it.

The problems connected with the re-organisation and re-construction of the local self-governing bodies will be: (a) the area of the local government. In the Awami League manifesto it is rightly pointed out that the existing sub-divisions will, with suitable modifications and adjustments, be converted into districts. From the point of view of population each district is too big for effective administration. The ratio between the peoples and the officers is so big that the districts have always been underadministerd. It was pointed out by the Report of the Bengal Commission, 1943. Each sub-division should be converted into a district. Each thana with suitable modifications should be converted into a sub-division. This measure is long overdue. This will obviously be a part of the long-term planning.

(b) Democratic local bodies. Each local body, both in the urban and rural areas, shall be directly elected on the basis of universal adult franchise. The number of members of each local body-District Board, Union Board and Municipality—shall be fixed after ascertaining the number of voters in each area. Efforts would be made to associate ladies with these bodies wherever possible. The elected members will elected the respective Chairman or President.
(c) Functions. The functions of the local bodies should be clearly defined. There is nothing permanent or unalterable about it. These will be modified in the light of experiences. Functions may be further sub-divided into routine and development ones.

(d) Committee system. Each local body should have a system of well-thought-out committees. The local officials will be associated with the committees.

(e) Finances. The sources of finance shall be: (1) Local taxes and other means; (2) Government grant. The existing sources of their revenue will have to carefully examined; and (3) Development.

(f) Local government service. The Simon Commission pointed out as early as 1930 that the absence of a well-organized local government Service is one of the main drawbacks of the system of local government system in the sub-continent. This is one of the main reasons for the ineffectiveness of the system. A well-organized local government service should be created. The members of this service shall be under the full control of the respective local bodies.

(g) Thana Committee. There may be coordinating Committee at the thana level consisting of the elected Chairman of all the Union Boards under each thana. It may be called the respective local bodies.

(h) Relations between the local government and the central government. The main basis of the relationship should be one of mutual understanding, help and cooperation. The relationship between the central government and the local self-governing bodies should be in the nature of a genuine partnership devoted wholly to the welfare of the people. Wherever and whenever a local self-governing body is found to be seriously wanting or is guilty of very serious charges, it should be dissolved, and fresh election should be held immediately. Let the people punish it for its faults through elections.

CHAPTER -II
ADMINISTRATIVE SYSTEM

The Secretariat

The Secretariat of the Government of Bangladesh shall consist of the following ministries:

1. Ministry of Defiance
2. Ministry of Finance
3. Ministry of External Affairs
4. Ministry of Food and Agriculture
5. Ministry of Jute
6. Ministry of Commerce and Industry
7. Ministry of Education and Scientific Research
8. Ministry of Public Health
9. Ministry of Transport and Communication
10. Ministry of Fuel, Minerals and Natural Resources
11. Ministry of Community Development, Local Self-Government and Rural Housing
12. Ministry of Home Affairs
13. Ministry of Irrigation and Power
15. Ministry of Services and General Administration
16. Ministry of Refugee Rehabilitation and Minorities
17. Ministry of Labor, Employment and Social Welfare
18. Ministry of Information and Broadcasting
19. Ministry of Works, Housing and Supply

Secretariat and the detailed structure of the Ministries are given below:

(1) Ministry of Defiance

Functions and Organisation

The ministry of Defiance will be responsible for obtaining policy decision of the Government on defense matters and for securing their implementation by the Services Headquarters. The subjects allotted to it are:

(1) The defense of Bangladesh, and every part thereof, including preparation for defense and all such acts as may be conductive, in times of war, to its prosecution and after its termination, to effect demobilization, also marine surveys and matters concerning dangers to navigation.

(2) Maintenance of Land, Naval and Air Forces and other armed forces of Bangladesh.

(3) Formation of cantonment, delimitation excision of cantonment areas, local self-government in such areas, the constitution of cantonment boards and the regulation of housing accommodation.

(4) Army, Navy and Air Force works, including ordnance factories.

(5) Acquisition or requisition of property for Defiance Services. Eviction of unauthorized occupants from Government accommodation (Defiance Services)

CABINET SECRETARIAT

The Cabinet Secretariat is responsible for all secretariat work connected with the meetings of the Cabinet, making and maintaining records of the discussions and decisions of the Cabinet, and its Committees, such as the Defense Committee of the Cabinet, the Joint Planning Committee of the Cabinet, the Economic Committee of the Cabinet, Foreign Affairs Committee of the Cabinet, Appointments Sub-Committee of the Cabinet, etc.

The O & M Division should be attached to the Cabinet Secretariat. The O & M Division is primarily responsible for initiating and sustaining a concentrated effort to improve the administrative efficiency in all branches of the Government of Bangladesh. It should have close relations with the Civil Service Department under the Ministry of Services & General Administration.

The Cabinet also deals with the work relating to Central Statistical Organisation.

The Cabinet Secretariat is headed by the Prime Minister and consists of a Secretariat and an attached office, namely, the Central Statistical Organisation.

Secretariat:

Secretary : 1
Joint Secretary : 1
Deputy Secretary : 1
Under Secretaries : 4
Section Officers : 8

The Secretariat Organisation comprises:
(1) Main Secretariat.
(2) O & M Division.
(3) Military Wing and
(5) Economic Wing.

Main Secretariat:

The Main Secretariat, which shall consist of branches like Cabinet Co-ordination, Administration and General Sections, is responsible for the Secretariat work connected with the meetings of the Cabinet and its Sub-committees.

O & M Division:

The words (O & M) Organisation & Management stand for paying intelligent and critical attention not only to what is done but also how it is done and at what cost in time.
labor and money and also praying attention to the design of the machine and its working processes and not merely to its end product.

It shall function directly under the Prime Minister. In a vast and diversified organisation, like the Government of Bangladesh, it is necessary to devise a system which will spread a simultaneous effort for efficiency over as wide an area as possible. It is also clear that such efficiency will not be attained or maintained unless the main effort comes from within and each Ministry/Department or operating agency builds up sufficient interest and competence to provide its own O & M Unit. The Primary objectives of the Division are to:

(I) Supply the leadership and drive, and
(II) build up a common fund of information by a co-operative effort, experience and competence in O & M work.

The O & M Division is headed by a Director (also Additional Secretary to the Government of Bangladesh in the Ministry of Services and General Administration), who is assisted by a Deputy Director, an Assistant to Director, an Assistant Director and a complement of Secretariat Staff. The work is carried on through the O & M Units set up in each Ministry/Department, each render the charge of a Deputy Secretary functioning as its internal O & M officer in addition to other duties.

The Director, O & M Division, exchanges ideas and experiences with M & O officers of the various Ministries Departments from time to time by holding joint meetings. In the Ministries, periodic meetings are held, quite frequently, to review generally the progress of O & M work therein.

The Deputy Director, O & M Division, pays informal visits to the various Ministries and Departments (including their Attached and Subordinate Offices), makes random checks to see how far the prescribed procedures are being followed and renders advice on various problems of O & M works.

Military Wing:

The Military wing is responsible for all Secretariat work connected with the meetings of the Defense Minister's Committee, the Chiefs of Staff Committee, the Principal Personnel Officers' Committee the Joint Planning Committee, the Joint Intelligence Committee, the Joint Trading Committee, etc.

Economic Wing:

The Economic Wing is responsible for all secretariat work of the Economic, Production and Distribution Committee of the Cabinet, the Committee of Economic Secretaries and the Supply Committee.

Attached Office:

Central Statistical Organisation.

The main functions of this organisation are:
(1) Preparation and publication of the annual statistical abstract, monthly abstracts of statistics, weekly bulletin of statistics, and guide to current official statistics.

(2) Attending to work relating to the United Nations Statistical Organisation, the observance of International Conventions pertaining to economic statistics and provision of data required for periodical publications and for other adhoc purposes.

(3) Undertaking special work for the various Ministries of the Government, including provision of facilities for training of officers in day-to-day statistical work.

(4) Graphical presentation of current statistics with a view to throwing light on the developing economic situation.

(5) Advising the Ministries and other Governmental agencies on statistical matters and arranging interdepartmental matters and arranging interdepartmental discussions on statistical problems.

(6) Coordinating the statistical work of the Ministries and other Governmental agencies.

(7) Keeping continuous touch with national statistical organizations in other countries of the world particularly with regard to the latest development in methodology and organisation.

(8) Developing definition and standards for improving national and international comparability and the quality of information required by the Government.

The organisation should function under the guidance of a Statistical Adviser to the Cabinet and is headed by a Statistician, who is assisted by various technical and secretarial staff.

PLANNING COMMISSION

The importance of a planning commission cannot be over emphasized. Almost all the under-developed countries and most of the developed countries have their Planning Commissions. The creation of the Planning Cell shows that the government of the Democratic Republic of Bangladesh has paid serious attention to the subject of planning to deal with the immediate post-liberation problems of unexampled complexity, to make the country self-sufficient both in matters regarding agriculture and industries, and to formulate plans and programmes for the social and economic development of the country on sound lines.

Functions and Organisation

The main functions of the Planning Commission are:

(1) To make an assessment of the material, capital and human resources of the country, including technical personnel, and to investigate the possibility of augmenting such of those resources are found to be deficient in relation to the nation's requirement.

(2) To formulate and plan for the most effective and balanced utilization of the country's resources.
(3) To define the stages in which the plan should be carried out and to propose the allocation of resources for the due completion of each stage on a determination of priorities.

(4) To indicate the factors which are tending to retard economic development, and to determine the conditions which, in view of the current social and political situation, should be established for the successful execution of the plan.

(5) To determine the nature of the machinery which would be necessary for securing the successful implementation of each stage of the plan in all its aspect.

(6) To appraise from time to time the progress achieved in the execution of each stage of the plan and to recommend the adjustments of policy and measures that such appraisal might show to be necessary.

(7) To make such interim or ancillary recommendations as might be appropriate on a consideration of the prevailing economic conditions, current policies, measures and development programmes or an examination of such specific problems as may be referred to it for advice by the Government for facilitating the discharge of the duties assigned to it.

(8) To prepare the Annual Development within the framework of the Five-Year Plan.

The Planning Commission if primarily a staff agency to advise the Government of Bangladesh in matters pertaining to planning and development. At the same time, the Commission has to undertake, from time to time, certain line of functions like the enlistment of public co-operation in the implementation of the plan, general direction and supervision of the Community Project and so on.

**Composition of the Planning Commission:**

The Composition should consist of 8 members. They are the Chairman (the Prime Minister), four full time members, (including the Deputy Chairman) and the Ministers for Commerce and Industry, Defense and Finance. The portfolios of the Members of the Commission are distributed as under:

1. General Planning and Social Services
2. Finance
3. Industries and Agriculture
4. Education and Health
5. International Trade and Development
6. Irrigation and Power

Each member of the Commission is responsible for one or more subjects and the Deputy Chairman is responsible for the overall coordination and administration. In addition, there is an organisation named the Programme Evaluation Organisation working along with the Commission.

There should be a Planning Cell in each Ministry and Department to prepare the plan relating to that Ministry/Department. There should be similar cells in the District Boards.
Union Boards and Municipalities. Similarly, there should be an implementation committee at each level to review the progress of the execution of the plan at each level. There shall be an Implementation Committee headed by the Prime Minister at the top. It will have 7 or 8 members. Its main responsibility shall be (a) to review the progress in the implementation of the plan and (b) to examine the bottlenecks and to suggest remedies. In each of the four divisions of Bangladesh there should be a high-powered development board which will be responsible for planning and development of the areas concerned. They shall report direct to the Planning Commission.

**Secretariat:**

The Secretariat shall consist of:

- Secretary : 1
- Joint Secretaries : 4

Work relating to health panel and other consultative bodies also forms a part of this Division's responsibility. Studies of the following types are also initiated in the Division to serve as a firm basis for future planning:

(a) Collection of basic data on the available health facilities.
(b) Studies of man-power resources and employment.
(c) Studies of:
   (1) Hospitals
   (2) Population Data
   (3) Vital and Demographic Statistics
   (4) Health statistics, morbidity, mortality
   (5) Other specific subjects of importance.

(5) Industry and Minerals Division

Problems of policy programmes, etc., connected with various industries and minerals including the questions of co-ordination with small scale industries are studied in this Division. It maintains close liaison with the Ministries of Commerce and Industry, Field, Minerals and Natural Resources and other technical organizations. The subjects dealt with in their Division include special studies on various items relating to development of industries.

(6) Labor and Employment Division

All aspects of labor and employment problems are dealt with in this Division. In all its work, the Division maintains close liaison with the Ministry of Labour and Employment and Social Welfare.

(7) Land Reforms Division

The functions of this Division shall be as follows:

(a) to maintain continuous study of problems relating to the ownership, management, cultivation and distribution of land.
(b) to examine the possibility of the redistribution of land on the principal-land to the tiller.
(c) to assist the Government in determining and carrying out land reforms.

This Division shall keep close liaison with the Ministry of Food and Agriculture.

(8) Natural Resources Division

The subjects dealt with in this Division include irrigation power, flood control, drainage and other fields to water resources. This Division should have a special wing to
deal with the problem of flood control. This Division is called upon to work on various committees on Irrigation and Power Projects. This Division maintains close contact at technical level with the authorities in major irrigation projects. The Division collaborates with a number of national and international institutions and specialized agencies.

(9) Transport and Communication Division The entire problems relating to Railways, Roads, Highways and Waterways should be the subject of intensive study and examination by this Division. Special studies connected with transport, planning must be undertaken in this Division.

(10) Village and Small Industries Division

The following subjects are dealt with this Division:
(a) Cottage industries
(b) Handloom and Power-loom
(c) Village Industries
(d) Small Scale Industries
(e) Handicrafts
(f) Silk and Sericulture
(g) Coir Industry

(11) Programme Administration & Public Administration

This Division brings together into common tables the public sector plan as a whole. It also prepares and co-ordinates materials for periodical reports on the progress of the Plan.

(12) Statistics and Survey Division

The main functions of the Divisions are as follows:
(a) to promote through statistical Bureaus and Statistical Agencies, the collection, checking and analysis of statistics relating to the plan and the progress of its implementation.

(b) to maintain essential statistics needed by the Planning Commission on the plan and its progress.

(c) to prepare periodical progress report.

(13) local Development Works Branch

It concerns itself with schemes which have their origin in the people themselves working through voluntary associations. Union Boards and Village Panchayets. The basic principles in this field are laid down by the Planning Commission.

(14) Housing Section

It deals with policy programmes, etc., relating to various aspects of Housing, Town and Country Planning including Regional Planning.

It shall keep close liaison with the Ministries of Works, Housing and Supply, Labor, Employment and Social Welfare, Railways Community Development, Local Self-government and Rural Housing and Home Affairs.
(15) Scientific and Industrial Research Section

This section is concerned with work in the field of Scientific and Industrial research in relation to national development. It ensures that information regarding development in scientific research flows into the Planning Commission regularly. It deals with the work of scientists. Within the Planning Commission, this section is responsible for the work of certain important scientific institutions, organizations and associations, universities and rural scientific centers.

(16) Social Welfare Section

It deals with social welfare and welfare of backward classes. It maintains close liaison with the relevant Ministries, Departments and Agencies, both official and non-official.

(17) Public Management Studies Section

It is concerned with the study of problems of organisation and administration of public enterprises and other state undertakings. It keeps itself in touch with the studies being made in the Ministries, enterprises and universities of the country and also with studies made in other countries.

(18) Prospective Planning Section

It deals with the questions of general policy affecting long-term planning and development of basic industries in the context of rapid industrialization. It is also concerned with problems relating to long range prospects of development of power resources, transport service, pattern of agricultural development and employment in relation to increase in productivity.

(19) Scientific and Technical Manpower Section

It deals with subjects relating to assessment of manpower, training and apprenticeship, engineering personnel, technical personnel requirements and service conditions of technical personnel.

(20) Prohibition Section.

The functions of this section are to co-ordinate the work on prohibition taking place in different areas. Information regarding the area and population covered by prohibition, methods of improvement, problems arising out of enforcement, changes in the law and other connected problems, is collected, analyzed and processed. It also maintains statistics regarding area, population, financial effects and incidence of crime. It also initiates suggestions for assistance to prohibition through properly organized campaigns of publicity and keeps in touch with leading voluntary organizations in this respect.

(21) International trade and Development Section

The main functions of this section are to investigate the role that foreign trade in the economic development of Bangladesh as also to study economic development in the countries abroad, especially underdeveloped areas, with a view to assessing their effect on the development of Bangladesh. It also deals with certain aspects of Bangladesh's current trade with foreign countries and undertakes a systematic study in the country's exports and imports at particular intervals.
Programme Evaluation Organisation.

This is to undertake a systematic and periodic assessment of the methods and results of the community development programme. Although the Programme Evaluation Organisation is administratively linked with the Planning Commission, it is, for all practical purposes, an independent organisation and is assisted in technical matters by the Programme Evaluation Board. The main functions of the Programme Evaluation Organisation are:

(I) Making a systematic recurring evaluation of the methods and results of the Community Development Programme by keeping all concerned apprised currently of the progress made towards accomplishing programme objectives.

(II) Pointing out those extension methods which are proving effective and which are not.

(III) Furnishing an insight into the impact of the Community Development Programme upon the economy and culture of Bangladesh.

Advisory Bodies

A few advisory bodies may function in the Planning Commission and they are:

1. National Development Council
2. Committee on Plan Projects
3. Advisory Committee on Irrigation and Power Projects

BANGLADESH PUBLIC SERVICE COMMISSION

Composition of the Commission:

The Commission should consist of four members, in addition to the Chairman. The Chairman and other members of the Commission shall be appointed by the President. Half of the members of the Commission should be persons who on the dates of their respective appointments have held office for at least ten years under the Government.

A member of the Commission holds office for a term of five years from the date on which he enters upon his office or until he attains the age of sixty-five years, whichever is earlier. He may, by writing under his hand addressed to the President, resign his office.

The Chairman or a Member of the Commission can be removed from office only by an order of the President under the following circumstances:

(I) On the ground of misbehavior after the highest court,

on reference being made to it by the president, has, on enquiry held in accordance with the procedure prescribed in that behalf under the constitution of Bangladesh, reported that the Chairman or such other member, as the case may be, ought, on any such ground to be removed, (or pending enquiry into such a case by the Supreme Court, the president may suspend from office the Chairman or a Member of the Commission until he has passed orders on receipt of the report of the highest Court on such reference);
(II) If he is adjudged as insolvent; or

(III) If he engages, during his term of office, in paid employment outside the duties of his office; or

(IV) If he is, in the opinion of the President, unfit to continue in office by reason of infirmity of mind or body;

On ceasing to hold office-

(a) The Chairman of the Commission is ineligible for appointment as the Chairman of the Bangladesh Public Service Commission, but not for any other employment under the Government of Bangladesh.

(b) A Member of the Commission is, however, eligible for further employment under the Government of Bangladesh.

Functions and Organizations

The functions of the Bangladesh Public Service Commission shall be laid down in the constitution of Bangladesh. These should include:

(1) The Commission is to act as the guardian of the merit. It should be the duty of the Commission to conduct examinations for appointments to the services of Bangladesh.

(2) The Commission shall be consulted:

(a) on all matters relating to methods of recruitment to civil services and for civil posts;

(b) on the principles to be followed in making appointments to civil services and posts and in making promotions and transfers from one service to another and on the suitability of candidates for such appointments, promotions or transfers;

(c) on all disciplinary matters affecting a person serving under the Government of Bangladesh in a civil capacity, including memorials or petitions relating to such matters;

(d) on any claim by or in respect of a person who is serving or has served under the Government of Bangladesh in a civil capacity, that any cost incurred by him defending legal proceeding instituted against him in respect of acts done or purporting to be done in the execution of his duty should be paid out of the consolidated Fund of Bangladesh; and

(e) on any claim from the award of a pension in respect of injuries sustained by a person while serving under the Government of Bangladesh and any question as to the amount of any such award, and it shall be the duty of the commission to advise on any matter so referred to them and on any other matter which the President may refer to them.

The constitution shall provide that the President may make regulations specifying the matters concerning the Bangladesh Administrative Service and also other services
posts in connection with the affairs of the Government of Bangladesh in which either generally or in any particular class of cases, it shall not be necessary for the commission to be consulted.

The Constitution shall lay down:

(I) Nothing in (a), (b), (c), (d) and (e) above shall require the Commission to be consulted as respects the manner in which provision is made by the Government for the reservation of appointments or post in favor of any backward classes or citizens who, in the opinion of the Government, are not adequately represented in the Services.

(II) All regulations made by the President specifying the matters in which it shall not be necessary for the Commission to be consulted as indicated above, shall be laid for not less than fourteen days before the National Parliament, as soon as possible after they are made and shall be subject to such modifications, whether by way of repeal amendment, as the National Parliament may make during the session in which they are so laid.

The Commission's recommendations are not binding on the Government. They are not mandatory. Normally, the Government accepts the recommendations of the Commission, and this is a convention. But cases in which the Commission's advice is not accepted are mentioned by them in a report presented annually to the President in accordance with the provisions of the Constitution. The Constitution should provide that the President shall cause a copy of the report to be laid down before the National Parliament with a memorandum explaining, in respect of cases in which the Commissioner's advice was not accepted the reasons for such non-acceptance.

A short description of some of the important functions rendered by the Commission is given below:

(1) Examinations

The Commission shall conduct the following open competitive examinations:

A. The Bangladesh Administrative Services (a unified grading structure) direct recruitment shall be at the following levels or grades:
   1) Under Secretary Level
   2) Section Officer Level
   3) Clerical Level.

(3) Services Branch
(4) Appointments Branch
(5) Confidential Branch

N. B. The Government of Bangladesh will be well-advised to consider the feasibility of adopting what is called Method II, as it obtains in Britain, in addition to the traditional method i.e. open competitive examination. It consists of: (a) a short written examination; (b) prolonged psychological tests; and (c) interview by the Public Service Commission.
CHAPTER III
DISTRIBUTION ADMINISTRATION

I. What is District Administration?

The district is the fundamental primary unit of administration in Bangladesh. Its origin can be traced to the distant past. During the Hindu, Muslim & British periods of this sub-continent, district was the main unit of administration. It continues to be so even to-day. District Administration is an important arch in the edifice of the general administration of the country. Whether it be for the maintenance of law & order or the implementation of the plan schemes for development it is the district which is the unit of administration. Though the executive power rests ultimately with the Government functioning through its cabinet, supported by the Secretariat located in the capital, the mass of the people for whom the administration is carried on live in the districts. It is here that the majority of the people feel the impact of Government's policies which are spelt out at the higher levels of the Government. It is also here that the public grievances are more intensely felt. The impact of administration on the people in the Districts assumes particular importance when viewed against the fact that it is they who send the larger body of representatives to the legislature and determine its composition. The districts, are, therefore, not only the fields in which Government's policies, particularly in the welfare sphere, are in the main put into execution. They also are the major arbitor in the selection of those who formulate those policies.

Districts are the creature of the Government for administration convenience. Districts, therefore, have no independent existence of their own. Their boundaries are artificial and accordingly can be, and sometimes are altered. District administration, then, is the total action of Government in an area specified as a district by the government. The broad purposes of district administration are maintain law & order, administer justice, collect revenue and attend to the positive welfare of the people. Now-a-day more and more attention is given to developmental functions.

The district administration, designed to effect these purposes, consists of a number of agencies of government working at the district level, including the Deputy Commissioner and sub-ordinate revenue & magisterial staff, the District police, the District Judge & subordinate Judges, field representatives of various development & other departments, the district boards, the community development personnel, municipalities, Union Boards, Village Panchayets & other local authorities. These agencies each perform separate functions but, at the same time, attempt to co-ordinate their work in order to make the total action of government in the district both effective in terms of cost & time & meaningful to the people of the district which the district administration is designed to serve. This co-ordination is secured mainly through the Deputy Commissioner, the Chief official representative of Government in the district, who has wide powers & overall responsibility for directing all component parts of the district administration towards the common objective of government.

Districts can be divided into certain types. First, by far the largest proportion of these is of a type which can be conveniently called rural districts. This is not surprising when one considers that 94.8 percent of the population of Bangladesh (1961 census) lives in rural areas. Second, there are urban districts, in which the district administration is primarily concerned with urban problems. Dacca District, Chittagong District to a great extent & Khulna District to some extent are examples of this type. Third, there are what might be termed industrial districts, covering areas which are on the whole, heavily industrialized. Dacca, Chittagong & Khulna are examples. In course of time the number of such districts is quite likely to increase. Fourth, there is what can be termed scheduled district, such as the Chittagong Hill Tracts.

There are 59 Sub-division, 411 Thanas or police Stations, 64,523 Villages, 4,046 Union Councils, 191 union Committees & 28 Town Committees.
III

Purposes & Principles of District Administration.

The purposes of district administration and the major principles which underlie their application apply in rural districts in Bangladesh.

Law & Order:

The first purpose is to maintain the district in a state of Jaw & order. This is fundamental & absolutely essential. The safety of the people, their lives & properties, are dependent on it. It should receive the highest attention of the Government. The genocidal war unleashed on the people of Bangladesh by the West Pakistani military personnel has gravely endangered the law & order situation & also has seriously dislocated the law & order machinery. The law & order must be put on its proper gear. There are seven fundamental principles underlying this purpose. First, there is the principle of absolute priority: this means, quite simply, that law & order claim absolute priority attention by the district administration. All the other principles of law & order & for that matter, the other purposes of district administration must, in the final analysis, give way to this principle of absolute priority. Second there is the principle of safety for all. The right to safety & security inheres in every citizen of Bangladesh and cannot be surrendered, the only limit is the availability of the forces of law & order to maintain citizen's safety. Third, there is the principle of the rule & law. Every individual or agency of government, in exercising any authority, must demonstrably derive it from the law of Bangladesh. The maintenance of the rule of law is the main safeguard of the individual citizen against authority wrongly used or attempted. Fourth, there is the principle of the use of force. The sanction of force must lie behind the maintenance of law & order, although the measure of good district administration is that force is rarely, if even, used. Fifth, there is the principle of the supremacy of the civil authority. The civilian supremacy over the forces is the pillar on which a democratic administration is based. The future constitution of Bangladesh must provide that the civil authority should at all times be in supreme command. Sixth, there is the principle of respect for authority, not fear of, but positive respect for, authority render law. In a district when this respect for the executive authority is missing, or diluted, there law & order will not only become difficult to maintain but will tend towards breakdown. Seventh, there is the principle of clearly established limits of tolerance which are widely known in the districts. Where people know how far they can go, they will tend to go that point and stop; if they do not know, they will probe further until they reach a point when they will be stopped. There is a need to establish as clearly as possible the limits to tolerance, & attempts to exceed that limit must be taken as a challenge to the determination & ability of the executive authority responsible for maintaining law & order in the district. There is no margin for flexibility & manœuvre, as in politics, for law & order is not a negotiable commodity.

The departments mainly concerned are the Deputy Commissioner in his capacity as District Magistrate, the Police & the Judiciary. The administration of Jails which is under separate department, but generally under the supervision of the District Magistrate may also be included.
Assessment & Collection of the
Land Revenue & other Taxes.

(2) The second purpose of district administration is to assess and collect the Land revenue & other taxes. The main principle of revenue administration is that revenue by definition is intended to be collected & ought to be collected in full. Once this principle is allowed to slip & slide, there is no end to it. There are particular cases when it cannot or should not be collected, such as fire, flood or drought. The unparallel devastation caused by the present war must be taken into account. In such cases, the procedure is to give full relief on outstanding amounts of revenue at once, & to come to the aid of villagers with money and materials to relieve their immediate distress & to enable them to get on with the next crop. Another principal is fair assessment. Whether it is land revenue, irrigation dues, agricultural income tax or other taxes & duties which are levied under law, an essential preliminary to collection is that assessment must be fair and should be seen to be fair by the assessee. There is also the principle of certainty. People should know the basis of assessment, the amount assessed & the place & time when the revenues due are to be paid or collected.

Land Revenue Exemption

The Awami League is committed to the following principle in regard to land revenue: "The burden of land revenue bears heavily upon our peasant population. As a measure of immediate relief, all holdings up to 25 bighas (8i acres) throughout Pakistan now it will be throughout Bangladesh) shall be exempt from the payment of land revenue & arrears in respect of such, plots shall be written off. The ultimate aim is the total abolition of the present system of land revenue. The Land records system shall be simplified & improve".

Administration of the Land

(3) The third purpose of district administration is to administer the land.

The system of landlordism or the zamindari system was abolished in Bangladesh in 1951 under the East Bengal Estate Acquisition & Tenancy Act of 1951. All rent-receiving interests in Land were acquired with some exception. The zamindars & other rent-receiving interests were compensated & the total amount of compensation was about Rs. 36.34 crores. Out of the total amount of Rs. 36.34 crores assessed as final compensation payable to ex-rent-receivers & others for their properties acquired under the Act, total amount paid up to May 31, 1969, was Rs. 22,80,90,796 in cash & Rs. 82,04,600 in bonds. Cash payment of compensation, which was made only to Pakistani nationals, was almost completed in the year 1968-69 except in the district of Sylhet when the payment as expected to be completed in 1969-70.

Land policy (in regard to Land) as enunciated in the Awami League manifesto includes: (a) reorientation of the land system to serve the best interests of the actual tillers of Land; (b) setting a ceiling upon land-holdings & redistribution of land which exceeds such ceiling to landless cultivators. This ceiling shall be estimated having regard to the local conditions or needs of the people; & (c) settlement of government has lands with landless cultivators.
The abolition of the Zamindari system with compensation to the ex-rent-receivers did not produce any appreciable or significant & meaningful effect on the economy of Bangladesh............ it did not go far enough to bring about fundamental changes in the system of land tenure in the country. The policy of Awami League in regard to land system, as noted above, was conceived in the light of the situation prevailing in the country before March 25, 1971. The situation since March 25, 1971, has undergone a revolutionary change. The fundamental question is; should not the policy of the Government be adjusted to meet the revolutionary requirement of a revolutionary situation? Our mighty anti-colonial war of liberation against the West Pakistani military-landed-industrial-bureaucratic ruling clique or oligarchy advancing side by side with the social revolution & forming part of it, is the main reason why the society of Bangladesh of post-liberation era will be radically & fundamentally different from that of Bangladesh before March 25, 1971. Can the Government remain indifferent to it?

It will put the whole thing in its proper perspective if we have a look at the characteristic of the agricultural farms in Bangladesh. The following table gives an idea about it:

<table>

According to Pakistan (former) Census of Agriculture, the total number of farms in Bangladesh was 6,139,480 & the total cultivated area being 19,138,109 acres.

In the light of the situation & facts stated above, the Government will have to decide their land policy. Land policy may be based on the following principles:

1. That the land should go to its tiller.

2. That land should be redistributed among the tillers on a per capital basis. This should be conditioned by compulsory co-operatives.

This will also solve the problem of fixing the ceiling upon land holdings. The redistribution of land must obviously include the landless cultivators.

---

(1) Pakistan census of Agriculture, Govt. of Pakistan (former) Vol. 1, 1962. p. 29, 358, 20 & 120.
(3) After the abolition of the zamindari system the tiller has come into direct relationship with the government. There is no intermediary between the tiller & the state.

The introduction of compulsory co-operatives on the basis of per capita redistribution of land among the actual tillers will bring about a fundamental change in the land system. It is bound to inspire the peasants & inspired peasants can add greatly to agricultural productivity, the prime need of our economy. It is estimated that "silis" consume 2,50,000 acres of land. The lands of the actual collaborators may be confiscated.

In other cases, the Government may give compensation to the owners in suitable forms. This was also done in the U. S. S. R. after 1971 revolution.

(4) Executive Functions

The District administration is to administer various other control and executive functions of government, that is, control of prices of essential commodities; administration of evacuee property; restoration of the property of displaced persons; rehabilitation of the refugees; conduct of national and local elections; licensing of arms, explosives, petroleum and cinemas; issue of passports, extension of visas and control of foreigners; enforcement of prohibition of consumption (except for medicinal purposes) of intoxicating drinks or drugs injurious to health; protection of monuments or objects of artistic or historical interest from disfigurement, destruction of essential commodities ensuring the supply of essential medicines, and so on. Good public relations, efficiency in execution and strict accountability to the Government are three of the more important principles of public administration involved in the application of this purpose.

(5) Relief

The district administration is to take immediate action to relieve distress in case of calamity, disaster such 4s flood, drought epidemic, famine. This time there is no end to calamities and disasters because of the genocidal war inflicted on the people of Bangladesh. Adequate supplies of essential goods-food, medicine, house-building materials, kerosene, edible oil, salt, cloth are to be ensured. They will challenge the district administration to the utmost. The problem of law and order, already stated above, is there. The entire district administration will have to be geared to the solution of these problems. It would need a vast army of officers. Adequate number of officers may not be available, and in that case a corps of volunteers will have to be created to assist the administration.

(6) Development

The district administration is to promote the positive progress and welfare of the people of the district. Administration should not remain insensitive to the problems or the people, and that will only alienate the officers from the people. The political leaders also must understand this. The political leaders should not interfere with the work of the officers, and the main role of political leaders is to see that the officers faithfully and honestly implement the decisions of the government.

Development work occupies an increasingly important place in district administration. To-day, the district administration is more extensively concerned to promote the welfare of the people. General objectives in this connection are contained in
the policy statement of the Government of Bangladesh. Contemporary principles underlying rural development administration in the district have evolved from the past experience, and include the following:

(1) A permanent impression can be created if the administrative approach to the villager is a coordinated one and comprehends his whole life.

(2) Programmes which are based on the co-operation of the villagers have a better chance of success than those which are imposed on them.

(3) Substantial results are achieved if the principal responsibility for improving rural conditions rests with the villagers themselves.

(4) Better results are possible if the rural development programmes are pursued intensively.

(5) Advice and precept are useless unless they are backed up by practical aids—e.g., supplies of seeds and fertilizers, finance and technical guidance and irrigation for solving immediate problems.

(6) The approach to the villager should be in terms of his own experience and problems and should avoid elaborate techniques and equipment until he is ready for them.

The six major purposes of district administration have been suggested and explained in terms of principles which underlie their application. They are clearly so diverse and tensive that no single agency can undertake them all. Thus, the district administration consists of a number of officers and agencies working within the framework discussed in the following Section.

IV.

The Framework

There are the following types of administrative area within each district:

1. Sub-division
2. Police station or thana
3. Villages
4. District Council
5. Municipalities
6. Community Development Blocks
7. Union Council (and Village Panchayet)

Sub-divisions.

Districts are divided into two or more sub-divisions, each of which is in charge of an officer called a Sub-divisional Officer. The sub-division is the principal unit of land revenue administration between the district and the Villages. There are 59 sub-divisions in Bangladesh.

Below the sub-division, the whole of Bangladesh is divided into thanas or police stations, and there are 411 police stations in Bangladesh. Each thana or police station comprises 158 to 160 villages. There are 64,523 villages in Bangladesh.
At the rural level there are District Councils, Thana Councils and Union Councils. Rural areas in districts are proposed to be divided, for purposes of rural-development administration, into Community Development Blocks, the area of which will coincide with that of a Thana. Each Block will be in charge of a Block Development Officer. Each Block consists of ten to twelve (10-12) Union Boards, each of which will cover ten to twelve villages. Each Union Board is in charge of a village level worker. There are the Village Panchayets, one in each village. It is headed by the elected representative of that village to the Union Board.

It is on the basis of this framework that the main components of the district administration organise their work. The law, order and revenue components are organized in the main on a district-sub-division-thana-tahsil basis; the community development and Union Boards components are organized on a district-block-union board-Panchayet basis.

V.
Law, Order, Land Revenue & General Administration.

Law.

(a) Judicial Administration

The judicial administration is headed by the High Court.

The principal civil courts of original jurisdiction in Bangladesh are located at the district level. A District Judge presides over each court. He will be appointed by the Head of the State in consultation with the High Court. In addition, there are usually subordinate judges working in the sub-divisions and the police stations. The Civil Courts hear suits and also act as the initial appellate authority in a number of cases affecting civil rights which are dealt with by administrative officers or tribunals in the first instance. Appeals from subordinate judges lie to the District Judge, although in suits valued at more than a specified amount of rupees; appeals lie to the High Court, as do appeals from the District Judge.

The issue before the Government is to see that the Civil Courts either the district level or sub-divisional level, whichever area is liberated, start functioning immediately. The existing Judges or subordinate Judges if they are acceptable to the government should asked to begin their work immediately. Where a Thana is liberated, the munsief’s court, if there is one at the thana, should work immediately. The precise number of judges who may be both available and acceptable is known at the moment.

Administration of criminal justice is based primarily on the provisions of the code of criminal procedure & the Bangladesh Penal Code. The principal authority is the High Court. The High Court mainly tries appeals from the decisions of the Session Judges. The jurisdiction of a Sessions Judge is usually, but not always, co-extensive with the district & when it is, the District Judge for civil suits is also Session Judge for criminal cases in his district. He takes cognizance of more serious criminal cases within his jurisdiction after they have been committed to him by a magistrate or other executive personnel following a preliminary enquiry. He can inflict any punishment authorized by the Bangladesh Penal Code, although a sentence of death requires the confirmation of the High Court. He also hears appeals against the decisions of magistrates.
The trial of various crimes of a comparatively minor nature is entrusted to magistrates of three grades: a first-class magistrate may pass a sentence of two year’s imprisonment & 2,000 rupees fine; a second-class magistrate one of six months imprisonment and 500 rupees fine; & a third-class magistrate one of one month's imprisonment & 100 rupees fine. The District Magistrate has first-class magisterial powers, the Sub-divisional Officers are first-class magistrates & there are second-class & third-class magistrates at various levels. Cases may come to them in the form of private complaints & police arrests. They also administer preventive criminal law; for example, they take measures on their own initiative to prevent a breach of the peace during festivals or election. In many areas there are honorary magistrates. They do not exercise any of the ordinary powers automatically conferred on magistrates under the Code of Criminal Procedure, but they do perform such functions as authenticating documents & recording dying declarations. It is the District Magistrate alone who can issue orders for the distribution of business among the different magistrates. In nearly all judicial cases, the magistracy is subject to the control of the High Court.

**Separation of the Judiciary from the Executive**

The Awami League is committed to the principle of the separation of the judiciary from the executive. "Complete separation of judiciary from the executive shall also be constitutionally guaranteed". It may not be possible to implement it immediately. At the appropriate time a Committee should be set up to go into the question.

The following chart gives an idea of the judicial administration.

```
          High Court
            |       |
            | District Judge
            |       |
          Civil Court  Sessions Judge
                          (Criminal cases)
                          (Sub-Division)
                          Sub-ordinated Judges
                                      (Thana
                                        Munsief
```
These Courts should start functioning immediately at any level covering the area which is liberated.

There are three grades of magistrates to deal with crimes of a minor nature. The District Magistrate can issue orders to distribute business among the different magistrates.

Order.

In Bangladesh the Policy department at present is a directorate under the Home Department. It is headed by the Inspector-General of Police. In future it will be under the Ministry of Home Affairs. The main Police force, excluding various special branches, is organized on a district basis. Each district has a Superintendent of Police who is responsible for police affairs throughout the district, subject to the direction of the Deputy Commissioner. His primary functions are concerned with the maintenance of order, prevention & detection of crime, collection of political intelligence & anticorruption work. The District Superintendent of Police is assisted by one or more Deputy Superintendents, a number of Circle Inspectors & other officials. There are 411 police stations in Bangladesh. Each thana or police stations is headed by an Officer-in-charge who is assisted by a number constables. At the level of Union Councils (these will be named in future the Union Boards) there are 10 to 12 village watchmen. The police & the village watchmen together constitute a great force of about 80,000.

Apart from these, there are Ansars, their precise number is not easily ascertainable at the moment. The following chart gives an idea of the organisation of the police force from the district to the thana level:

```
                Superintendent of Police
                   |                        |
                     |            Deputy Superintendent of Police
                     |               |
                     |         Sub-Divisional Police Officer
                     |           |
                     |               O. C. Thana
                     |
                     | Union Councils
                     | Village Watchmen
```

On the morrow of independence the law and order situation will constitute a formidable challenge to the government. Law and order will have to be maintained at any cost. Without it life, liberty and property will be insecure. No developmental activities
can go on in a state of chaos and disorder. The Government must have a firm grip over the whole problem. Since the mid-night of March 25, 1971, the law and order machinery has been put out of gear. In a number of cases the thana police personnel collaborated with the West Pakistani Army. The Mukti Bahini had to take drastic measures against them. The West Pakistani army attacked and killed a large number of police personnel; but it is extremely difficult to be precise about the exact number. A large number of police personnel has joined the Mukti Bahini and has been fighting the West Pakistani armed men.

This raises a number of problems. First, it is to ascertain the size of the police personnel that will be available at once after independence. Second, what is the extent of the gap between the number that will be available after liberation and independence and the number that was there before March 25, 1971. Third, having ascertained the gap, it will be urgent in to take immediate steps to fill in the gap. Fourth, after filling in the gap, the Government will have to decide whether more police personnel will be necessary to maintain law and order after independence. As already stated above, it will be a very formidable problem. Fifth, it appears that more police personnel will be necessary. The question is: how to recruit them and from where?

**Police Personnel**

(1) It will be extremely difficult to ascertain with any degree of accuracy and precision as to how many members of the police force will be available now and immediately after liberation and independence. If we assume that 50 p. c., i. e., 20,000 out of 40,000 police personnel will be available now and after independence, the problem will be to obtain the rest, i. e., another 20,000. These 20,000 may be recruited from the members of the Mukti Bahini. The Government will have, to ascertain from the members of the Mukti Bahini whether, and if so, how many of them will be willing to join the regular police force. If 20,000 police personnel are available from this source, so far so good. If not, the Government may recruit the remaining number from the young men waiting in the youth camps

**Ansars**

(2) The precise number of Ansars is not known. It is also not possible to say how many of the Ansars will be available after liberation and independence. If the necessary number of Ansars is not available, the vacant quota will have to be filled up by recruitment either from the Youth Camps or from other sources.

**Police Officers**

(3) Police officers at the thana level. In 411 or 413 thanas or police stations, there will be 411 or 413 O. Cs and their assistants. It must be ascertained as to how many of them will be available and at the same time acceptable now and after independence. It may be that the full complement may not be available and in such cases, the vacancies should be filled up either by promotion from the available qualified personnel or by recruitment from the graduate members of the Mukti Bahini (after ascertaining their views).
(4) Sub-Division.

Deputy Superintendents of Police. There are 59 sub-divisions, each headed by a Deputy Superintendent of Police and his assistants. If the full quota is not available, it may be filled up by promotion from the ranks of the O. Cs having requisite qualifications.

(5) District.

There are 18 or 19 districts, each district headed by a Superintendent of police assisted by Additional or Deputy Superintendents. The exact number must be ascertained. If there is any vacancy, it may be filled up by promotion from the rank of the Additional or Deputy Superintendents of Police having requisite qualifications and experience. There should be no promotion unless the men deserve it.

(6) Union Council.

At this level there are 10 to 15 village watchmen in each Union Council. In all the 4,046 Union Councils, there are about 40,460 such men. They are not adequately trained and as such may not be appropriate to meet the post liberation law and order problem at their level. Steps are called for to strengthen these elements.

(7) The entire law and order problem and the appropriate machinery must be viewed at the first instance from the Union Council, police station, sub-division and district levels. The machinery at each of these levels must be geared up and filled in by adequate forces. Time has come to examine it from the point of view of the country as a whole.

(a) Union Council. It seems sensible to begin from the very base of the society, that is, the village. At this level, the force of the village watchmen must be strengthened. At each village also at the Union Council level there should be Village Defense Party or Force. The village watchmen and the requisite number of volunteers (10 from each village) and this will mean 100 or 120 for each Union Council will have to be reorganized. At each village there should be a voluntary Village Defense Party consisting of 10 young able-bodied young men led by the elected member from that village to the Union Council, but if the elected member is not either available or not suitable, a well respected man from the village should be the leader of the voluntary Village Defense Party. At the Union Council level, they and the village watchmen will be led by the Chairman of the Union Council, and if not available or suitable, by the most respected man there.

```
U. C. Chairman
or
a respected man

strength of the
Defense party
= 110 or 130

Village
Elected Member
or
a respected man
strength of the
forces=10
```
These will be organized on a purely voluntary basis. Our people are golden, and given appropriate political leadership, it will not at all be a difficult proposition. It must be brought home to the villagers that this is absolutely essential in defense of their lives and properties. The state expects it of them.

(b) Thana Level or Police Stations. The law and order machinery at the thana level must be put on its proper gear. Immediately this must be so at the thanas which are either already liberated or which may be liberated soon. Apart from the regular police complement, there should be also Voluntary Defense Party at the thana level. The required number of police officers and other police personnel may not be available. They will work in closest co-operation with the similar bodies at the Union Council and Village level. There should also be a Defense Committee at each thana headed by the available M. N. A. or MPA. It should consist of the Chairman of the Defense Party at the Union Council level and members from other appropriate political parties. The Committee will work in close co-operation with the regular police at the thana level. This arrangement will continue until complete normalcy returns to the country, and adequate police force is available.

(c) Sub-divisions. The Law and Order machinery in 59 Sub-divisions must be put in its proper form. The machinery will be headed by the Sub-divisional Police Officer who will be assisted by his regular complement of police forces. This, apart, there should be a Voluntary Defense Party at this level headed by an M. N. A. or MPA. It will consist of 5 members from each thana Voluntary Defense Party and 10 other respected men. They will work in close co-operation with the Sub-Divisional Regular Law & Order machinery.

(d) District. The Law and Order machinery at the district level must be organized and strengthened. The law and order machinery is headed by the Superintendent of Police who will be assisted by adequate number of regular police officers and police force. It is known as to how many Superintendents of Police are available and acceptable. The available and acceptable ones should be put in charge of law and order machinery in the district. There should also be a Voluntary Defense Party at this level. It may be headed by an MNA or MPA. It will consist of 10 MNA or MPAs representing the whole district, respected political leaders (10 or 15), respected local lawyers (10 to 15) or 25 members representing other professions. This party will work in close co-operation with the S. P. and D. C. They will raise at least 70 to 80 volunteers.

(e) Dacca City. The law and order machinery in the city will have to be strengthened. The city must have its full complement of police. It will be headed by the Deputy Inspector-General of Police or a Police Officer of the equivalent rank. At each mahalla or ward, there should be a Voluntary Defense Party headed by the most respected man in the ward. It will consist of 25 men from the ward and they should represent the ward adequately. They will be responsible for law and order in their ward. They will work in close co-operation of the police force of the Thana to which their ward belongs. There should be a city Defense (voluntary) party consisting of one representative from each ward headed by a widely respected political leader. This will work in close co-operation with the regular law and order machinery in the city.
(f) Chittagong and Khulna. These are also industrial areas. Peace must have to be maintained in each such area. There will be similar organizations at this level also. The respected trade union leaders and prominent workers will have to be included in the Voluntary Defense Party. It may be appropriate to set up similar difference party at each industrial establishment or comprising a number of such units depending on their location and situation.

(g) There may be similar organizations at all other cities like Rajshahi, Rangpur, Sylhet and so on.

(h) The whole scheme is based on the clear principle that people at all levels and in all places must be associated with the maintenance of law and order. Immediately on the morrow of independence it will not be possible to revise the full complement of the police personnel. Law and order cannot wait and it must have to be maintained. The Government has no alternative but to depend on the people. Given correct, bold and imaginative political leadership our patriotic people will do everything to presence law and order which is absolutely ‘faru’ or imperative in our country. The police force and their leaders must prove by their conduct, behavior and action that they are the custodians of the rights, lives, liberties, and properties of the people. They must give positive evidence that they are the friends of the people. The correct mobilization of the people for their own defense will be an impregnable bulk ward against any kind of attack on or breach or violation of law, and order. The mobilization of the whole people, their close association with the law and order machinery, the bold, courageous and imaginative political leadership and a friendly attitude of the police towards the people will be in my judgment, the best guarantee of peace and security in the country. This will be absolutely essential to meet the formidable law and order situation on the morrow of independence finally, the law and order force must not be deflected from their right and lawful duty or course by anyone however powerful he may be. After the Government is able to recruit and train the required members of police personnel, the Voluntary Defense Parties will be dissolved.

**Land Revenue Administration**

At the district level the Deputy Commissioner is responsible for the collection of land revenue as well as other kinds of government taxes, fees, and dues. He is assisted by an Additional Deputy Commissioner or Joint Deputy Commissioner at the district level and by other staff. At the sub-divisional level, the Sub-Divisional Officer (S. D. 0.) is responsible for the same at his level, and he is assisted by a Sub-divisional Manager at this level. At the thana level there is the Revenue Circle Officer. There were 125 Revenue Circles, each circle comprising one big or two or more small thanas. The Revenue Circle Officer is in charge of each circle. There are Tahsildars at the Tahsil level, each Tahsil comprising about two Union Councils.

At the top there is the Board of Revenue which is the executive head of revenue administration in the Revenue Department. This is only mainly concerned with the policy-making. In the future administrative set-up the Board of Revenue will be a Department in the Ministry of Finance. (It is discussed in an earlier section). Under the Board of Revenue there is the Divisional Commissioner assisted by an Additional
Commissioner at the Divisional level. The following chart gives an idea of this organisation.

This is the machinery for the administration of land revenue and other taxes and duties. At the district level, the Deputy Commissioner is appointing authority for most important subordinate revenue staff in the district and supervises and controls the work of all of them.

This machinery can be put in operation at the levels, such as Tahsils, Thanas, Sub-divisions and Districts, which may be in the liberated areas.

Sub-divisions. The Sub-divisions headed by Sub-divisional Officers are more or less a replace of the District administration at their level. Generally, the responsibilities of the Sub-divisional Officer are similar in breadth of scope to those of the Deputy Commissioner.

In each case the Government must at once ascertain the number of officers at different levels and examine who are acceptable. The vacancies should be filled up by recruiting persons from different professions outside the government on a contract basis. It will inject some vigour and freshness in the administrative organism.

Technical and other Departments

Technical and other departments of the government post field offices throughout Bangladesh. There jurisdiction usually coincides with district boundaries, although there are some exceptions. The following is a sample list of such district level officers.
(1) Principal Medical and Health Officer
   It includes the Civil Surgeon, other medical personnel, hospital staff and other staff.
(2) Executive Engineer (Buildings and Roads)
   -the full complements of his office.
(3) Executive Engineer (Irrigation)
   -his entire staff.
(4) Relief and Rehabilitation officer
   -his full staff.
(5) District Industries officer
   -his full staff.
(6) District Agricultural officer
   -his staff.
(7) District Animal Husbandry Officer.
(8) Assistant Registrar, Co-operative Societies.
(9) Education Officer-District Inspector of Schools and his staff.
(10) Labor Officer (in the industrial districts).
(11) Social Welfare Officer.
(12) Public Relations Officer.
(13) District Employment Officer.
(14) District Statistician.
(15) District Social Education Officer.
(16) Ansar Adjutant.
(17) Post and Telephone Officer.

These officers have their corresponding counterparts at the sub-divisional level.
At the thana level too, they have their counterparts. Wherever possible, links must be between the thana, sub-division and district levels.

Staff Requirements.

At each level and at each category of offices the Government should, without any loss of time, determine the precise number of officers who may be available and also acceptable. It seems to be that the overwhelming majority of officers who joined their duties during the course of liberation struggle may not the collaborators with the West Pakistani army. The number of willing collaborators may not be large, and this is likely to constitute something like 5 to 8 per cent of the total complement of officers. Apart from the actual collaborators, all others should be permitted to resume their duties forthwith in all liberated areas. The actual collaborators should be dealt with through judicial and lawful manner. Some collaborators at the top level may be given exemplary punishment.
The Deputy Commissioner

In a democratic system, an organisation whose members are equipped with arms and have the power to arrest or otherwise interfere with the liberties of the people, cannot claim complete freedom from supervisory control exercised by an external civilian authority. Such control is indispensable as a safeguard against the misuse or excessive use of the undoubtedly drastic powers which a police force is armed with. The proper approach would be that such civil authority should ultimately be responsible for the maintenance of peace and tranquility, and that the forces in uniform should be the agency through which the objective is to be attained.

It seems reasonable that the supervisory control if the Deputy Commissioner over the police should continue. This control should be a general nature and that, except in times of emergency, there should be no occasion for the Deputy Commissioner to direct the working of the police organisation. In other words, in the day-to-day functioning his organisation and in matters of a routine nature like transfers and postings within his Jurisdiction, the District Superintendent of Police should have full control, except that in matters when the functioning of a particular office is not in accordance with the maintenance of law and order, the Deputy Commissioner may intervene to have appropriate action taken, for example by transfer. The Deputy Commissioner should annually record his views on the performance of the District, Superintendent of Police after receipt from the officer concerned of a note written by him on his performance during the period under review.

Protocol Duties

An aspect of a district officer's work which can be a source of considerable difficulty and embarrassment is the one associated with the protocol duties and functions to be performed when dignitaries visit a district. It appears reasonable to suggest that it should not normally be necessary for the collector or any other district officer to wait upon a visiting dignitary unless his presence is specifically required.

Re-organisation of the District Administration.

The districts in the country vary widely in respect of area and population. The district of Mymensingh has a population of 55,32,318 in 5,060 square miles, while the Chittagong Hill Tracts District has 1,35,134 in 5,093 square miles. The population of Sub-divisions varies largely in population from 1, 91,200 in Meherpur Sub-division to 94,48,540 in Jamalpur Sub-division, and 17,92,804 in the Noakhali Sadar Sub-division. The average size of the population of Sub-divisions varies between 6,00,000 to 10,00,000.

The population of the districts is by and large too vast for sound and effective administration. Even if the administrative staff in bigger districts is suitably reinforced to handle the larger volume of work generated there is little doubt about the fact that there is always an optimum size for a district, beyond which the problems of co-ordination would tend to make administration lax, inefficient and ineffective. This is highly detrimental to development and welfare programmes. The districts now in existence, have remained administrative units for several decades past. The ratio between the population and the
officers is too thin for any effective administration. The burden on the district officers is too heavy to produce any meaningful administration. It has always been rightly pointed out that Bangladesh has been suffering from under administration. The Report of the Finance Commission, 1943, observed that Bangladesh was under administered.

It seems reasonable to suggest that all the sub-divisions should be converted into districts. In some cases one or two sub-divisions may have to be divided into two districts. The optimum size of the population of each district should be between 6,50,0(X) to 10,00,000. As and when it is implemented, it will produce near about 60 or 61 districts in Bangladesh. There are now 411 police stations or thanas in the country. These areas should be suitably arranged into 250 sub-divisions with an average population of 3, 00,000 in each sub-division. The city of Dacca may be converted into a metropolitan district. Being the headquarters of the Government, the greater Dacca city has problems which have no parallel in other areas.

It will require a larger number of officers' of different categories than the country has at the moment. It will also involve substantial amount of money. The whole scheme can be implemented on a phased basis. In the meantime, the Government should appoint a high powered committee to go into the whole issue.

**Local Self-Governing Bodies.**

Good government is no substitute for the foundation of democratic local self-governing bodies. The local self-governing institutes provide the people with the opportunity to participate in the local administration is a very significant aspect of democracy. The main problems to be faced in organizing the local self-governing bodies will be:

(1) Problem of area.

The districts are too vast both in population and area. It is already proposed above that the sub-divisions with necessary adjustments should be converted into districts. This will make the area of the proposed District Board small with a manageable population.

(2) District Board.

(a) The existing District Council should be renamed as the District Board. The members should be elected on the basis of the universal adult franchise. The District Boards should consist of 25 to 30 members.

The Chairman of the District Board should be given the rank of a Deputy Minister.

(b) The District administration should be divided into two-sectors one concerned with "regulatory" functions, like law and order, revenue, magisterial functions and other similar activities, and the other with "developmental" functions, such as agriculture, irrigation, animal husbandry communications, public health and sanitation, education, industries, rural arts and crafts, and so on. The Deputy Commissioner should be the head of the former and the District Board should have the responsibility for the latter.
(c) The Deputy Commissioner and the Chairman of the District Board should meet at periodical intervals to resolve matters calling for co-ordination between the regulatory and developmental administration. This procedure should be given official recognition in the legislation dealing with the local bodies.

(3) Union Board.

(a) Membership. Each Union Board (the existing Union Councils should be replaced by the old Union Boards) should consist of 10 to 15 members. They should be directly elected on the basis of universal franchise. The members should elect their own Chairmen from amongst themselves.

b) Functions. The functions and duties assigned to the local bodies can be broadly placed under three categories:

   (I) Municipal services and other civic amenities;

   (II) Social welfare activities; and

   (III) Development work.

(4) Development Block. Each Development Block will comprise the area covered by a police station or thana. The functions, responsibilities and the staff requirements of the development have been set out in detail in the Report on Community Development already submitted to the Government.

(5) Finances: (a) Taxation and other dues.

   (b) Government Grant,

   (c) Development.

(6) Method of work: well-developed committee system.

A detailed long-term plan for the development of local self governing bodies will be submitted in due course.

It is difficult to say at the moment as to how many of the local bodies will be in a position to function. This will have to be ascertained immediately on the morrow of independence. In many cases, it may be necessary to make ad-hoc arrangement.

YOUTH RELIEF CAMPS

As a Part of the general evacuee relief Programme several Youth Relief Camps were also Provided by the Indian Authorities at various entry points, about 5 miles within the border in this Zone (list enclosed). The separate camps for the young evacuee were meant to:

(a) Keep young evacuees separated from the rest.

(b) Facilitate easily excess reception and rest encouragement of Young-man from Bangladesh for our liberation struggle.

(c) Act as Holding Camps for youth training programme.

(d) Facilitate security and political screening by local Awami league representative before the young men were sent for training.

A separate youths training screen has also been approved by the Govt. of India. This cause for the construction of 10 Youth Training Camps deep within the Indian Territory. These camps are for-

(a) Preliminary arms exercise before recruitment to Bangladesh Forces.

(b) Base work training for these not recruited for Bangladesh Forces.

Accommodation For 1,450 trainees as so far been completed. Efforts are being made to construct more camps for a total of 10,000 trainees.

We now understand that the Youth Relief Camp are seen to be closed with the young evacuees are to reside with the young evacuees in the lagers evacuees camps now under- construction.

The consideration for which, separate Youth Relief Camps were constructed by the Govt. For India Authorities are however, still applicable specially from the point of our Liberation struggle, we, on behalf of the Liberation Council, Eastern Zone, the People's Republic of Bangladesh, requests to Indian authorities to kindly allow the continuation of the present Youth Relief Camps.

The following extracts of the resolution taken in a meeting on the Youth Camps of the Eastern Zone on 27th June, 1971 is forwarded for favour of your information and action.

Mr. A. Rab of Student Action Committee gave a clear exposition of the base training scheme in relation to our basic war strategy of Economic War-fare as initiated by Bangabandhu Sheikh Mujibur Rahman. On his proposal it was resolved that the Liberation Council, Eastern Zone should be moved to take up at high level, the questions of our overall war strategy with particular emphasis on following points.

(a) We should have our own war strategy under our own leadership and not under the leadership of any other nation who may or may not be helping us.

(b) We should take whatever help and assistance available from any quarter to our overall war-strategy should be taken with full gratitude but not under the control of the helpers.

(c) The overall war strategy must have a large part where all freedom loving people of Bangladesh should be kept informed to ensure their full participation in the respective fields. Such popular parts of the overall strategy must get published for the public information.

(d) One of the essential factors of our war strategy must be to ensure an unified command and Control of our Armed Forces under the Govt. of Bangladesh. All assistance to any part of our Armed Forces such as to the Sector Commanders must therefore, be channeled through the Bangladesh Force's command. Otherwise, if assistance is given directly to the Sector Commanders or any other units outside, a tendency will grow towards private Army and war-lordism.

(e) A similar unified control must also been ensured in Army training, not only for the reason mentioned above but also to stop the infiltration of undesirable elements hostile to our cause into our Armed Forces.

GOVERNMENT OF THE PEOPLE'S REPUBLIC OF BANGLADESH

Memo. No. III-A 5/71 C/22

Dated: 4.7.71

To: Mr. K. A. Zarnan,
Secretary,
Ministry of Finance,
Government of the People's Republic of Bangladesh.

Sub: Implementation of the Zonal Administration Scheme in the Eastern Zone Budget.

In pursuance of the Government of the People's Republic of Bangladesh Memo. No. GA/143(4) dt. 28.5.71, an office for the Zonal Administrator has been set up. This office started functioning with a skeleton staff, which was approved by the Finance Minister. The Finance Minister has also approved a tentative budget involving an expenditure of Rs. 2,08,475/- under various heads. As a result of the Cabinet's decision regarding payment of salaries to various categories of government employees, the budget required an upward revision. A revised budget was prepared for the office showing expenditure of Rs. 2,42,121/-. These revised budget estimates were sent to the Finance Secretary under D.O. No. LS/134 dated 20.6.71.

2) In the mean time a number of new appointments have been made by Mr. M. R. Siddiqi, Member, Finance of the Eastern Zone Liberation Council. These staff have now to be shown against the Zonal Office and paid their salaries. Similarly, a Confidential Section has now become absolutely essential in view of the need for maintain secrecy of our documents and plans. This has become impossible to achieve, as the present office has been exposed to the fullest public glare. The Confidential Section will require 2(two) Stenographers, who will also maintain papers and act as Assistants.

3) On the Youth Camps site quite a few appointments have been made and a number of others are proposed. It is to be decided as to whether these staff should be borne on the Zonal Administration or on the Youth Camps Directorate. They should logically from part of the Youth Camps Directorate, for which staff should be sanctioned and budgetary allocations made. For the time being, they are being shown on the Zonal Administration strength. The Liberation Council is appointing staff against the Youth Camps, the details
of which are not available. The Director (Administration), Youth Camp has sent a list of personnel for Youth Camps HQrs. Before their absorption the posts should be first of all sanctioned. If desired, a separate budget for Youth Camps staff at the HQrs. may be prepared. To meet the present requirements a block provision may please be made.

4) A scheme for internal security has already been drawn up showing minimum financial requirements. This is also being sent herewith. This scheme envisaged a total expenditure of Rs. 1/-lac per annum (Rs. 96,000/for staff & Rs. 4,000/- for contingency).

5) Three Deputy Director of Health have been appointed by the Liberation Council, Eastern Zone. One of them is attached to the Youth Camps. One is working with the Chief of Staff and maintaining liaison between the Chief of Staff, the Zonal Administrator and the local Health Directorate. The third one is looking after the hospital patients and miscellaneous work. These three posts should be sanctioned and budgetary provision made.

6) In order to implement the government scheme regarding creation of Sub-Zones and posting of officers thereto, 4 (four) Sub-Zonal Officers have already been posted at KHOWAI, Kailashahar, Sonamura and Belonia. The officers at Khowai and Kailashahar have already started working vigorously and the other two have gone out recently. 4 (four) more Sub-Zonal Officers are being posted out soon. These Sub-Zonal Officers are being will have to given their own staff, office accommodation, etc. These expenditures will, of course, be kept down to the minimum. The Sub-Zonal Officers have been advised to arrange office accommodation, furniture, type machine etc. locally and free of cost. The proposals in the budget in respect of the Sub-Zonal Officers are the barest minimum.

7) We now trying to salvage our transports and bring them all under a common pool. If this materializes, we shall have to have a Transport Directorate with budgetary allocations. Proposals are being made accordingly.

8) So far no provision has been made for T.A. & D.A. (actuals) of the officers and staff. There is need for making block provision on this accounts also.

9) The Members of the National & Provincial Assemblies are now being paid an allowance of Rs.150/- per month with effect from April ’71. This is in pursuance of a decision of the Liberation Council, Eastern Zone. I am told that the Cabinet has also taken a decision to this effect. A block amount of Rs. 3/- lac has been provided for this purpose in the revised budget proposals.

Enclosed please find Youth Training Circular No. 3

1. Bhitti Fouz is to serve three primary purposes:

   (a) to strengthen and project our social foundation from the destructive forces let loose by the enemy,

   (b) to create safe-bases for our Guerillas,

   (c) to intensify economic warfare by isolating unproductive towns under enemy control from the productive villages under control of our people.

2. The villages of Bangladesh can be divided into three broad-groups in order of their difficulties of Bhitti Fouz Work:

   (a) Enemy occupied-most difficult

   (b) Enemy patrolled near the arteries of communication

   (c) Unpatrolled-least difficult.

3. Development of Bhitti Fouz should begin with the (c) category villages, first of all to consolidate our position there and then to spread out the area of Bhitti Fouz work into (b) and finally (c) category villages, with initial help of the Mukti Fouz as needed.

4. The principle that the Bhitti Fouz worker, in order to remain inconspicuous, has to work in his own villages or that of a close relation in flexible enough for their deployment in the above order (in para 3). Such deployment can be ensured during final briefing by “Locality Leaders” as given in the General Programme of Training (Youth Training Circular No.3).

5. Most of the Bhitti Fouz work can be carried out by the workers individually from their basic unity in resolve. Unified command and control is however essential for the wartime activities of intelligence gathering and the full utilization of such intelligence in Mukti Fouz assistance. The Group Leaders, selected at Stage 6 of the General Programme of Training will be the key figures in the Bhitti Fouz intelligence network, with some additional training as necessary.

PROVISION OF RECRUITS FOR ARMY TRAINING.

1. Army training programme for 24 Sept. to 4 Oct. 71 has been received by this office. Many attempts to contact the Training Co-ordinator on telephone has failed. Since the recruitment is to start before 24 Sept. you are requested to take the following action.

(a) 2000 boys as recommended by Mr. Mannan or his representative i.e., 1800 industrial workers of Dacca and 200 industrial workers from Chandpur may directly be sent from Reception Camps on the following dates :-

- 550 on 24 Sep to PALATANA
- 250 on 26 Sep to PALATANA
- 300 on 28 Sep to PALATANA
- 550 on 4 Oct to PALATANA
- 350 on 4 Oct to PALATANA

(b) 1000 boys as sponsored by-500 Labor league workers by Mr. Mannan and 500 sponsored by Capt. IIALIM CHOWDHURY may be sent directly from reception camps on the following dates:

1000 on (date to be given by D Sector) to LYLLAPUR.

2. You are responsible for entire political clearance and thorough medical examination. Consider this letter as requisition. Please contact D Sector for transport, on dates and places required.
3. For the rest of the recruiting programmed contact this office immediately. Please inform your authorities that in case you are detailed 011 other jobs other than training coordinator that this is a full time job and such appointee must attend my office at least once every day for liaison. You have been provided a transport for this purpose.

Sd/ R. V. Subramanian,
Major.

Copy to:
D Sector HQ.

The above action was necessitated as the time for recruitment is very short and the Training Co-ordinator is not available to me at all.

YRC/B/71 -72
Agartala, 21 Sept., 71.

My Dear Dr. Yusuf,

Last night Mr. MANNAN, Labor Leader of Bangladesh came to me and asked me when I will be able to take 2000 persons for army training and which camp he should put in. I thought I will put them in TISTA and MOHURI as there camps were not full up, and accordingly told him to comply. But, today I come to understand that the camps are three quarters full and cannot take 2000 bodies. I tried to contact him or you on telephone but I could not get you. Now the telephone has become out of order.

Please tell Mr. Mannan to give his recruits direct to PALATANA camp after due formalities as per my instruction and on dates I have given you in my letter dated 20 Sept., 71. This is due to last minute rush against all previous planning.

With regards,

Yours very sincerely,

GOVT. OF THE PEOPLES REPUBLIC OF BANGLADESH

No. YTC/246

Date, 4th Oct. 71

As discussed in the meeting of the Youth 'Reception' Camp Committee Eastern Zone on 2-10-71 an allowance of Rs. 500/- (Rupees Five hundred) only per month has been fixed for the post of all authorized Deputy Directors of Youth Camp organisation. This is in keeping with the allowance being already drawn by some of the Deputy Directors in this zone.

Prof. Debabrata Datta Gupta who was appointed Deputy Director, Training Coordination by the formal meeting of the Liberation Council (called High-powered Committee at that time) on 6.6.71, is thus entitled to Rs. 500/- as his monthly allowance.

He may kindly be allowed to draw the same subject to adjustment of advances drawn by him.

Asstt. Director, YRC.

Kindly refer to our discussion yesterday regarding vacancy requisition for Youth (training) Camps. It was noted that requisitions have not been issued for the recent vacancies caused by Recruitment to BDF since the 16th Sept.

I hope you will kindly expedite the vacancy requisitions.

Sincerely,
Signed-Abu Yousuf,

(Assistant Director, YRC)

No requisition has yet been issued by the Assistant Director, YRC whereas the Reception Camps are having an overflow of youth as another round of severe repression has started particularly in the Chittagong, Noakhali, Dacca and South Comilla Sections. The Reception Camp problem has become practically unmanageable, and at the same time the Youth Training Camps are coming to a grinding deadlock due to lack of funds from the friendly Authorities on the one hand and from Bangladesh Govt. on the other. The subsidizing funds from Bangladesh have been totally stopped since mid September, before finalization of alternate arrangements, and as a result, even the induction of trained Base-Workers is now held up adding to further blockage in the flow (Kindly refer to my last request dt. 6-10-71, copy enclosed).

Forwarded for kind information and the favor of urgent action.

Chairman, Youth Camps.
No. YTC/248. Dt. 6-10-71

Dear Prof. Yousuf Ali Sb.,

Kindly refer to my Telegram of the 8th and my letter of the 22nd September, regarding the finance for Youth (Training) Camps both of which unfortunately remain unresponded so far.

The Youth (Training) Camps are now facing an acute crisis here due to the facts that:

(a) Funds (17.5 lacs) sanctioned by the Finance Minister, Bangladesh, against the **Youth (Training) Scheme**, have been exhausted irregularly (about 15 lacs) on other items (Reception Camps, Army Holding Camps, BDF Operational Camps etc.); and

(b) The Interior Minister, Bangladesh, has advised to stop all expenditure on Youth (Training) Camps, before finalization of alternate arrangements.

I have already informed you of the items of expenditure that are being borne by Bangladesh for the time being. The present needs against the times are as follows to meet the shortfall of currently approved expenditure by the friendly authorities:

**Per Camp/Month**

1. Allowance subsidy over that has been sanctioned by the friendly authorities so far. Rs. 400/-
2. Emergency expenditure on camp facilities to meet delay in friendly authority supply (such as for bedding, clothing, radios). Rs. 1,000/-
3. Medical emergency to overcome shortage in standard supply. Rs. 250/-
4. Pocket allowance at Rs. 9/- per trainee per month (over Re. 1/- sanctioned by host govt.) to make up Rs. 10/- as sanctioned by the finance Minister, Bangladesh. Rs. 9,000/-
5. Transport: In absence of assigned Jeeps and Trucks all movement of trainees has to be done by hired truck. Movement of 1000 trainees from Reception Camp to Youth (Training) Camp every 15 days in the big issue. Other transport needs such as camp marketing, administrative and medical emergencies etc. The cost by hired trucks is in no case less than Rs. 5/- per head, twice monthly.
6. Introduction of Base-Workers

- Rs. 3.200/-
  - 400 per Camp per 15 days:
    - (a) Identity Card for safety particularly against same side: Rs. 4/- per head
    - (b) Transport from Youth (Training) Camp to Launching Point at the rate of Rs. 5/- per head
    - (c) Five days ration with Base-Workers when they go to sector Commands for their safe conduct to Bangladesh (agreed to be given by YRC).
    - (d) Induction funds at the rate of Rs. 50/- in Pak Currency per trainee

<table>
<thead>
<tr>
<th>Sub-Total for Induction</th>
<th>Rs. 47.200/-</th>
</tr>
</thead>
</table>

- Total for each Camp each month Rs. 67,850/-
- Total for 10 Camps in the Zone Rs. 67,850/-

7. Directorate (Training):

- Total for Youth (Training) Camps Rs. 6.85,000/-
  - Allowances. Office rental.
  - Transport. Travelling. Sundry
  - contingencies Rs. 7,500/-

Eastern Zone per month
- 2,85,000 in local currency.
- of which
- 4,00,000 in Pak currency.

Under the circumstances may I request you most urgently to:

a. Take up the matter of these expenditures with the friendly authorities.

b. In the mean time kindly revive the sanction of Rs. 17.5 lacs for Youth (Training) Camps as given by Finance Minister. Bangladesh on 6-6-71. and release the amount yet unspent on Youth (Training) Camps for expenditure on these camps.

(A similar sanction may also be obtained from the Finance Minister for the other 20 Youth (Training Camps in the other zones).

c. In any case, kindly arrange for the following Induction Funds for want of which about 1500 Trained Base-Workers are now stuck for induction. (As a result the Camps are remaining blocked, the entire recruitment, training programme is being hindered, while the morale inside is perhaps taking a downward plunge as we are hearing the reports).
1. Identity Card and Transport for Rs. 15,000/
1500 from Training Camps to launching sites, at Rs. 10 each in local currency.

Recruitment Co-ordinator.

Sub: Reported Irregular Recruitment.

Dear Sir,

The Local Authorities have objected to some recent recruitments (3-10-71) made by Mr. Hannan for entrance to the FENI Camp on the following grounds:

(a) Medical Check up.
(b) Overage (40-42 years)
(c) Underage (9 to 15 years)
(d) False promise of arms training although the recruitment was for Youth Training Camp.

You are requested to kindly advice Mr. Hannan to be more careful in future in this matter.

Thanking with kindest regards.

As desired by Local Authorities, the following steps have to be taken with immediate effect:

1. All residents, (the staff and the Youth) of Youth Reception Camps are to be **registered** for proper **evacuee** cards. The Camp Chiefs will be **responsible** to have it done by the nearest Thana authorities who have been requested to send proper persons to the Camps for this purpose daily or as frequently as needed.]

2. Admission to Youth (Training) Camps will be subject to production of these cards which will then be deposited with the local authorities. [The Camp Chiefs of the sending camps will be responsible to ensure that no Youth other than those holding such cards are “recruited” for the youth (Training) Camps.) The pertinent Recruitment form is being modified accordingly.

3. The Camp Chiefs will also be responsible to report to the local thanas the arrival of any suspicious person into their camps. The thana authorities will take such persons into custody along with the evidence of suspicion.

1. Base-work as outlined in the Youth Training Scheme is needed as a significant part of our total effort.

2. Intelligent, well-motivated, young men who opt for this work should be encouraged as the best possible Base-Workers.

3. Those who cannot join the armed forces should also be used for this work, to whatever extent they can do it, rather than be kept stagnating. There is no harm in employing anyone as a Base-worker so long as he is willing to go unarmed.

4. All Base-workers will go unarmed.

5. They will go in for work outside the command and control of Sector Commanders.

6. Afterwards, when a Base-worker has, in his estimation, established a "Safe-Base" he will inform the sectors through his Public Representative, or local A. L. Worker and the C.A.A.

7. All Base-workers should be given their final instruction clearly and specifically about the successive actions to be taken. The suggestions given by the D. C. O. S. in this regard (as attached) were gratefully accepted by the Committee.

D.C.O.S. may kindly see for confirmation. (A. Yousuf)

Management of Youth Training Camps.

The Camp is for Training the Youth of Bangladesh in constructive socio-economic activities to create self-sustained village bases as the fundamental weapon to win the independence and welfare of their nation. For this purpose the management of their camp life must be, not to soften them by any non-essential facility, but to harden them for austerity and improvisation as will be needed in the village of Bangladesh to-day for its true self-sustenance.

Within that framework the primary responsibility of the Camp-in-Chief, as a highly respected Public Representative of Bangladesh, is to uphold the morale as well as the proficiency of training of the Youth.

The primary responsibility of the Camp Administrator is the management of the Camp facilities and the discipline of Camp security.

But since the facilities are meaningless without morale, and the training is impossible without discipline, their responsibilities are mutually overlapping and what is the primary responsibility of one is the Secondary responsibility of the other. And therefore their constant co-operation in mutual understanding is the absolute must for the success of the scheme.

And since they are working as the representatives of two independent organizations, equal dignity and mutual respect have to be the basis of that co-operation. The following ground rules are therefore suggested:

1. The two officials will live as close and as equally as possible within the Camp premises, and will be in constant touch with each other.
2. They will keep each other informed while leaving the camp, and will not be absent from the camp at the same time except in recorded emergencies.
3. All major decisions (daily routine, staff meetings, special functions, major disciplinary actions etc.
Will be in mutual consultation, remembering however their primary responsibilities.
4. Minor decisions will also be in mutual consultation whenever the other is within reach. Otherwise it will be communicated to the other at the earliest opportunity.
5. All disciplinary actions, taken jointly or individually in their respective fields, will be recorded in a Logbook for joint noting.

6. All disciplinary actions against staff-members will be taken in consultation with the Camp-in-Charge, and reported for decision to Youth Camp Directorate (Training) in grievous cases.

Subject: Recruitment.

Dear Sir,

As per our previous discussion I sent recruiting team with authority signed by to recruit of the trainees from youth Camps but they were disoblged by the camp administrators concerned. Later I myself went to Charilam Camp for recruiting trainees but experienced the same deadlock for reasons best known to the Camp Administrator concerned.

I was then compelled to start recruiting boys from reception camps direct, to fill up thana wise quota and accelerate the training. I further suppose if this problem is not solved with an immediate effect our training is sure to suffer.

This is for your kind information.

Thanking you in the anticipation.

Yours,
K.M. Ali.

YOUTH CAMP OPERATION AND MANAGEMENT IN THE EASTERN SECTOR.

The youth Camps scheme contemplates to channelize the activities and also to train up the stream of young men coming from Bangladesh in the wake of inhuman atrocities and genocide committed by West Pak. Army. The Youth Camps were originally situated at different entry points of the Border as reception-cum-transit camps and some of these are still existing not as reception cum transit camps but as Youth Camps to give some preliminary training in order to meet the incessant demands of the boys who become frustrated finding that youth camps with training facilities have not yet been properly organized.

There has been an inordinates delay to implement youth camps scheme. Our boys are frustrated and their initial enthusiasm to have the training and to liberate the motherland disinitiates. Finding no accommodation and the facilities of training hundreds of our boys are returning back breaking the morale of the people inside. If the problems of organizational set-up of the youth camps are met in a stereotyped manner, then the whole scheme will fail since the youth from Bangladesh are not coming in a planned way to the accommodated according to our plan. The present heavy influx may be stopped in future due to various circumstances which we will have to consider in organizing the youth camps. Hence the necessity of Reception-cum- Transit Camps, Youth Camps which are existing to be changed into youth training camps and the gradual establishment of Youth Camps as envisaged in the Scheme submitted to the authority concerned. At present there are three categories of youth camps, viz. -in the first category we find the youth camps which were established with the help of local authority being situated at sites to catch the boys from the border.

Since the plan for concentrating the youth camps with a total accommodation of 10,000, in three blocks has not yet been completed, these camps are functioning now as preliminary training centers to cater to the demands of the boys. The camps are as follows:

(1) **Harina** with a strength of 1,000 youth. This figure varies depending on the entry of.......on a particular date. This camp has had training facilities which can be fully utilized to implement our scheme. It is not situated near the border. Our Sector Commander of that area (i.e. Harina Sector situated just opposite Hillock of Youth Camp) can take up the responsibility of training the boy.

I have already requested Maj. Mehta, Deputy Director, Youth Camps Operation to depute one of his officers to this Youth Camp but the real training (arms) can be started only after the concurrence of local military authorities. Mr. M. A. Hannan, Secretary, Chittagong District Awami League is the Camp Chief. Capt.
Chattarjee now working in place of Maj. Mehta (now on leave) promised to depute one officer at this camp.

(II) Chetakhola : (near Akinpur) This Camp has got a strength of about 400 boys. Since the camp is situated near the border, it will have to be shifted into the interior but until now no such scheme has been taken up. Mr. Khawja Ahmed MNA is the Camp Chief.

The boys are getting training with the help of our Liberation-army.

(III) Rajnagar: At Present this camp has accommodated only 400 boys but there is scope for expansion to accommodate 1000 boys. One Capt. R.P. Singh (since reported to have been withdrawn and placed in another camp) an officer of Maj. Mehta has been deputed to supervise the activities of this Youth Camp. Inspite of our repeated request, the construction of the camp is done at a snail's pace and as such we are hard pressed to give shelter to the stream of boys coming daily from Bangladesh through that area Prof.A. Hanif MNA is the Camp Chief.

(IV) Sonamura : There are 4 (four) camps in that area such as :

(a) Kathalia: with strength of 1000 boys capable of accommodating at best 800. Daily hundreds of boys are refused in that camp for want of accommodation for which no steps so far could be taken due to circumstances beyond our control............

(b) Hatimara: With a strength of 800 boys (which can be easily raised to 1000) Mr. Mehta has deputed one Capt. Sharma in that Camp (since reported to have been withdrawn) but until now no substantive progress could be done for want of transport, construction materials and other pre-requisites to establish a full-fledged camp. The boys can have proper training in this camp provided the facilities are available. In fact the boys are getting some preliminary training and they are also occasionally engaged in operational activities within Bangladesh. Mr. M. A. Rashid MPA is the Camp Chief.

(c) Buxanagar: The camp has got a strength of 800 boys and there is constant pressure to raise the strength to at least 1000, since the camp authorities have to refuse entry of many boys coming from Bangladesh. Due to heavy influx of boys in that area, sometimes 1000 boys have to be accommodated temporarily to be shifted elsewhere if possible or in the alternative to be left in the lurch. Capt. Das has been deputed by Mr. Mehta to supervise the activities of that camp but he has not been able to do much due to same handicaps experienced by other officers at different camps. Prof. A. Rouf is the Camp Chief. The boys are getting some training and also engaged in operational activities.

(d) Melaghar: This camp should be treated separately. It is at present attached with our liberation army camp at Sector No.2. There are about 1000 boys in this camp

(V) Udaipur: This camp has been started very recently but the progress is spectacular due to co-operation of local officers specially ADM Mr. Banjarjee. At present, it has got a strength of 1200 with a proposal to accommodate 1500 boys. Capt. S.
Ali MNA is the Camp Chief. The boys are getting preliminary training. The camp is situated in an ideal place at PALATANA-about 5 miles off Udaipur. Since this camp is managed by an able and ex-army Captain like Mr. S. Ali MNA., there is no of deputing any officer by the Deputy Director, Youth Camp Operation. This camp can be easily recognized as a full-fledged youth camp as envisaged in the original scheme.

(VI) **Mohanpur**: This Camp has a present strength of 450. Mr. Shafiruddin Ahmed, MP A is the Camp Chief. There is enough scope for expansion of this camp but due to difficulties of construction etc. this could not be done. Capt. Chatarjee now acting as a Deputy Director, Youth Camp operation, has taken up the matter.

(VII) **Sylhet**: At present there are 3 (three) transit youth camps at Sylhet Sector, viz-

(a) Patherkandi, with a capacity of 500 boys. Mr. Abdul Monem. Organising Secretary, Sylhet District Awami League is the Camp Chief.

(b) **Khowai**: This camp has not been fully organised. At present the strength is only about 200, but several hundred more boys are scattered in different houses for want of proper accommodation. Mr. Mustafa Shahid, MP A is the Camp Chief.

An Officer Capt. Dhar had been deputed to organise this camp as per scheme as approved by the Govt. of India (since reported to have been withdrawn). If the construction at the site selected is expedited then it would have an accommodation of 1000 youth. The same difficulties of construction, transport, ration and the supply of other materials are there as in other camps.

(c) **Kailashahar**: This camp has not been properly organized due to some organisational defects. It is said that at present this camp has got an strength of 300 boys. Mr. Manik Chowdhury MNA is the Camp Chief.

The above youth camps are operating as originally planned before the approved youth camp scheme came in to operation but not yet implemented. Due to heavy influx of young men from Bangladesh between the age group of 16 to 25, many transit camps have to be established in addition to the demands of opening few other transit camps at different laces on border to cope with this abnormal situation. The second category of Youth camps are operating as Reception- cum-Transit camps.

These camps are as follows:

1. **Dharmanagar**: It has been approved by the Chief Minister, Tripura and at present has got a strength of 200 boys to be easily expanded to accommodate 1000 if the construction is expedited. Mr. Taimuz Ali, MP A has been selected as a Camp Chief.

2. **Narsingtaar**: The Camp originally accommodated about 600 boys who were shifted to Gokulnagar camp but we could not close the camp due to heavy onrush of young men especially from Comilla, Dacca and Faridpur etc., and as such this camp is still operating with a strength of more than 600 boys though there is
constant Pressure from local authorities to close this camp. Mr. Dewan Abdul Abbas, MNA is the Camp Chief.

(3) **Beltali:** This camp has got a strength of 400 (no further expansion is possible). Mr. Enasur Rahman originally supervised this camp; now Mr. Gazi Fazlur Rahman, MP A has been selected as a Camp Chief.

(4) **Congress Bhavan (Agartala):** Under a compelling circumstances we had to allow the boys to have temporary stay at this place. The unusual is at such place varies from 300 to 400 boys to be packed like holds in a very limited space. Since there is no cooking arrangement and no such arrangement is possible within or outside nearly, the boys are escorted to a distance of 3 miles at Beltali to have their food. This is an intolerable situation which we cannot help inspire of best efforts.

**The proposed transit camps to be established:**

The High powered Political Committee now renamed as Bangladesh Liberation Council, Eastern Zone, Agartala has recommended for the establishment of the following transit camps and works are being started accordingly.

(a) **Kamalpur:** Mr. Altafur. Rahman, MPA has been deputed to organise this Camps as Camp Chief.

(b) **Harishamukh (between Srinagar and Amrighat):**

Mr. Obaidullah Majumdar MNA and Mr. Khairuddin MPA have been requested to organise this camp.

(c) **Silchara:** A Transit camp to accommodate the Youth coming from Chittagong Hill Tracts with Mr. Syedur Rahman, Secretary, Chittagong Hill Tracts Awami League of Camp Chief has been recommended.

(d) **Udaipur:** Being centrally situated, boys from different areas gather at this place either to be sent to the youth camps or to refugee camps and as such in order to meet the practical difficulties. A transit camp with Mr. Abdullah Al-Haroon MPA as Camp Chief has been proposed.

(e) **Ekinpur:** To meet the same situation as in Udaipur, transit camp is proposed at this place. The main function of these reception-cum-transit camps established or proposed to be established are to act as waiting centers where the scrutiny of boys would be done to facilitate their entry to the Youth Camps.

There may be some other transit camps to be established in future depending on circumstances and demand.

We are experiencing difficulties to manage these youth camps since we are not getting accommodation, transport, proper ration (the quota of 400 gram rice per head has recently been curtailed to 300 gram in some camps and the rate of Rs. 1.10 paisa per head is too meagre to keep the health of the young men to be trained) supply of bedding, clothing etc. and other minimum necessities of life including water facilities and sanitation. Uptil now we have not get anything as envisaged in approved youth camp scheme.
We have been able to supply some articles and tried to supplement the food by giving tiffin @ Rs. 0.25 paisa per head with our meagre resources which is quite insufficient to keep the health of the boys who are having much physical exercise. If we are to maintain in this way then very soon we will have to close these camps since we have very little resources to cope with the situation.

GOKULNAGAR:

This camp has been placed on a different category since it is in consonance with the real youth camp scheme as envisaged and approved. It may be mentioned here that youth camp scheme contemplated 3 (three) block camps to be situated in selected cities for off the border and to be closed for security reason and with all the facilities to train up the young men within a period of one month. Uptil now only one block camp at Gokulnagar has been established with a present strength of only 1400 boys to be raised to 2000, though in the original scheme there was a proposal to accommodate 400 young men in 4 areas within the same block at Gokulnagar. Maj. Mehta has deputed 2 of his Captains- Capt. Mansingh and Capt. Rawat to organise this camp with the help of Camp Chief, Mr. Shamsul Huq MP A. No. articles and ration as per Youth Camp Scheme have been provided. The 2 other Block Camps to accommodate 6000 boys (3000 each) proposed to be situated at BARAMURA and PADDANAGAR have not yet been established and I understand that one such plan has been abandoned though a feeble attempt is still being made to have a Block Camps as originally contemplated.

In such circumstances, the organisation of youth camps have to be reoriented considering the circumstances and practical difficulties. The time is running fast and as such the plan whatever it is, must be executed immediately: Otherwise the whole Youth Camp Scheme will end in fiasco.

Extract from the minutes of the Zonal Council meeting. South East Zone-I held on 10-10-71. at Santir Bazar with Mr. Khawaja Ahmed, M.N.A. on the Chair.

The house felt that it would not be advisable to shift the Head Quarters to Udaipur which is at one extreme end of the Zone. For purposes of ensuring adequate security and effective participation of all concerned, the house decided to shift the Head Quarters of Zone from Sabroom to Manu Ghat.

The house resolved that the entire Feni Sub-Division be tagged with Sector-I for operational purpose.

Conversation Comd. Delta Sector /COS Echelon HQ Bangladesh forces of 9 Sep 71 refers.

1. It appears that there is some misunderstanding/lack of co-ordination regarding the selection and recruitment of men for Mukti Bahini. It has come to our notice that Maj. Subramaniam is carrying out the recruitment at his own will without going through the correct procedure.

2. It will be appreciated that Mr. Khaled Mohd Ali, MNA has been appointed as the recruitment co-ordinator by the Bangladesh Government and therefore all recruitment should be done through him.

3. To remove any doubt misunderstanding and to ensure smooth recruitment, it is requested that this HQ may please be given the recruitment demand and Mr. Khaled Mohd Ali, MNA who is in contact with this HQ will carry out recruitment in consultation with the authority concerned in future.

Subject: Security.

1. It has come to light that some boys who are in possession of Pakistani Identity Cards are staying in Youth Camps and are being recruited in the "GONO BAHINI". It is not very safe to recruit such men unless we are sure that they will not do any harm.

2. It is therefore, requested that a thorough checking of, all the Youth Camps should be made and all Pakistani Identity Cards collected and destroyed. It should also be ensured that those found in possession of Identity Cards are recruited only when they are found free from any doubt.

DRAFT FOR APPROVAL

Minutes of the meeting of the Zonal Administrative Council, South East Zone-I held on 2.12.71 under the Chairmanship of Prof. Nurul Islam Chowdhury MNA.

The Zonal Administrative Council met under the Chairmanship Prof. Nurul Islam Chowdhury, MNA on 2.12.71. The following attended:

1. Prof. Nurul Islam Chowdhury, MNA, Chairman.
2. Mr. Khawaja Ahmed, MNA.
3. Mr. Syed Fazlul Hoque, MNA.
4. Mr. Abdul Wahab, MPA.
5. Mr. Khairuddin Ahmed, MPA.
6. Mr. Obaidul Hoque, MPA.
7. Mr. A.B.M. Taleb Ali, MPA.

The Secretary read out the minutes of the last meeting which was approved by the members present. The house then got down to business:

PROBLEMS OF THE LIBERATED AREAS:- At the very outset of the discussion on the problems of the liberated areas, the members noted the contents of Memo. No. FIN/24/71/494 of the Finance Department of the People's Republic of Bangladesh with the observation of the Finance Minister therein.

The following resolution was unanimously adopted on the subject:

"The Council regretted in the finding that the Department concerned has failed to appreciate the urgency of the problems of the liberated areas and acted in a bureaucratic, stereotyped idilatory manner which is even discredited in a peace time condition. The Telegram sent by the Chairman for the sanction of amount for Relief operation in the liberated areas had the consensus of the members of the Council. The Council feels that unless a Minister with full authority decided to reside at the Eastern Zone, the problems of the liberated areas which deserve on the spot decision cannot be fully appreciated.

The members of the Council urged the Chairman to press for emergency funds after visiting the liberated areas. The Civil Administration has been set up, but no such funds are available for meeting the Administrative expenses of the establishment. The Council feels that the members of the Cabinet should immediately visit the liberated areas of the Zone and take necessary steps immediately to alleviate the sufferings of the people. Any how the scheme placed was approved by the Council and the Chairman was requested to send express telegram to the Members of the Cabinet with the request to sanction money pending receipt of scheme approved by the Council."
The Council expected that the Department concerned would sanction some amount for meeting the urgent expenses of the liberated areas pending Submission of detailed scheme as desired in the memo under reference."

Mr. Khawaja Ahmed, MNA, informed the house that a total of 232 tube wells used to be in commission at Parshuram. At the moment, 80% of them are out of order. Arrangement for bringing them in order have to be made immediately.

He also mentioned the acute shortage of petrol, diesel and other lubricants. The agriculturists of the area are on the verge of starvation as a consequence of eight months of war and its attending problems. They need adequate amounts of IRRI seeds for coming plantation. Parshuram has always been a surplus area in terms of food-grains and other agricultural products.

The Council decided to form a Trade body with the following members for sorting out the details of bilateral trade with the host Government.

1. Mr. Syed Fazlul Hoque, MNA.
2. Mr. A. B. M. Taleb Ali, MPA and
3. Mr. Abdul Wahab, MPA.

The following relief scheme was provisionally approved by the Council subject to its accommodation in the detailed scheme to be prepared by the Relief Sub-Committee for the entire Zone.

1. House Building Grant Rs. 10,00,000
2. Supply of scarce essential commodities Rs. 2,00,000
3. Test Relief work Rs. 50,00,000
4. Financial help to the affected poor students Rs. 1,00,000
5. Medicines Rs. 1,00,000
6. Distribution of winter cloth, to the deserving people: Woolen garments for ten thousand people.

The Council requested the other Sub-Committees for submitting detailed scheme relating to their sphere of activities.

The Council dissolved to continue, subject to the approval of the Government, with the old form of local self-Government with following alterations:

1. The collaborators are to be excluded from the respective bodies.
2. The remaining members will be supplemented by the social workers having the confidence of the people of the area, in consultation with the MNA/MPA concerned. The meeting decided to start Post Office in the liberated areas.

The meeting authorized the Zonal Administrative Officer to make appointments for manning the various posts in the liberated areas in consultation with the Chairman of the Zonal Council.

Syed Fazlul Hoque, MNA, dwelt at length on the difficulties which are being faced by the Freedom Fighters; they were not being paid regularly. Members have received agonising letters from the Freedom Fighters who are now inside Bangladesh, narrating their sad plight. The members expressed their deep concern at the unpaid, ill-clad and
uncared for state of the Freedom Fighters and resolved to move the Govt. for
placement of funds for ameliorating their lot immediately.

The Council adopted the following basic principles of running the Civil
Administration in the liberated areas:-

RELIANCE AND REHABILITATION

The relief efforts of the Govt. are to be organized and administered, through the
Relief Sub-Committee of the Zonal Council. A committee may be set-up for correct
assessment of loss of property etc. suffered by the people since the beginning of the
war of independence.

DEVELOPMENTS

Absolute reliance on self-help and voluntary works.

GENERAL ADMINISTRATION

The Council felt that it would not be advisable to think in terms of setting up to
administration in the liberated areas below the level of a Thana which has always
been accepted as the basic Administrative Unit in our country. In the liberated areas
people must be encouraged to learn to manage their own affairs without waiting for
Government help. Police postings may be made for the purpose of ensuring a sense of
security in the minds of the people. The basic pattern of Circle, Sub-Divisional and
District Administration may continue to remain the same as they were before the
liberation was started.

MISCELLANEOUS

It was decided at the meeting that payments to the Youth Reception Camps for the
month of November, 1971, shall be made on the basis of the actual cash balance of
each camp at the end of the month.

An audit body with Mr. A. B. M. Taleb Ali, MPA, and Mr. Obaidul Hoque, MPA,
was formed for auditing the accounts of the Youth Reception Camps. The Committee
was requested to submit its findings before the Zonal Council at its earliest
convenience.

The Chairman, Zonal Council, was authorized to move Major Subramonium for
withdrawing Mr. Obaidul Hoque, MPA, Camp-in-Charge, Feni Youth Camp, as his
services are required for the liberated areas of the Zone.

The Council resolved to move the Government that no Sector or Sub-Sector
Commanders, should be posted to his native place and authorized the Chairman,
Zonal Council, to make up the specific problems to such postings with the appropriate
authority in case there be any in this Zone.

The Council authorized the Zonal Health Sub-Committee for making all postings
in the Mayor’s Hospital.

The Council requested the Zonal Administrative Officer to clear-up all the arrear
works of the Publicity Branch.

The meeting ended with vote of thanks to the Chair.

Subject: Opening of Reception Camps.

In order to receive and look after the welfare of displaced persons who are going to return immediately from India, four Reception Camps one at each Thana Headquarters have already been opened. All arrangements have been done for the purpose. The work is being hampered for want of necessary fund.

I have taken an advance of Rs. 5000.00 from Mr. Khawja Ahmed, M.N.A. the Political Chief at Feni. I have anyhow started the work with this meagre amount as best as possible.

Conveyance for the refugees is the most acute problem at the present as all the available vehicles are being used for army personnel. However, attempts are being made to solve the problem with the help of the Political Chief Mr. Khawja Ahmed.

Sufficient money may kindly be arranged and placed at my disposal at an early date.

The question of rehabilitating the displaced persons is also there. I have already submitted a scheme for relief and rehabilitation of displaced persons to you at Shantir Bazar. Necessary arrangement for rehabilitation of the displaced persons in the light of that scheme or in the manner deemed most suitable may kindly be made immediately.

Copies of connected letters are enclosed herewith for favor of perusal.

**RESOLUTION NO. 1**

1. dt. 5. 9. 71. The members unanimously resolved that the Govt. should appoint one or more Liaison Officer to keep up the regular contact with liberation Army.

...............  

**RESOLUTION NO.5, 12 & 14.**

5. The Govt. of Bangladesh be moved to provide required number of transports to the member of the council and officer of the Zone facilitating their frequent visit to different refugee, youth and transit camps. Some sort of transport is essential to ensure nobility over this hilly areas. But unfortunately no transport is available even on hire basis in the town and also over the routes that connect Tura with different Youth, FF and Training Camps lying fairly distant places. In certain cases, injured freedom fighter, desperately looking for medical attention, could not be rushed to the nearest Doctor or moved to a place for immediate hospitalization. Experience have
shown that for want of transport facility some injured freedom fighters even lost their invaluable lives who could have been otherwise, saved had the means of transport been readily available. This transport crisis has been the cause of mounting resentment among the freedom fighters.

12. The honorable member of the council are seized with consternation at the increasing reports of the indiscipline and haphazard operations now being carried by the different groups of Mukti Bahini boys who constantly move about in the field of action without being guided by any recognized group leader and co-ordinated through the much needed chain of unified commands. Things being so, discipline in fact trampled down by some unruly boys who in turn, fan prey to their greed and private motivations to the under detriment of our irrage and goodwill taking advantage of their being in the Mukti Bahini some boys are reported to have indulged in feeding their family funds and personal grudge committing loots and oppression on the innocents. The Govt. of Bangladesh be moved to take appropriate step through the different Sector Commanders to introduce discipline, established proper co-ordination among different groups leaders & firmly set up the unified command. The council further urges upon the Govt. to direct the Sector Commanders to consult the council and take it into the confidence while sending the Mukti Bahini boys for operation against the local collaborators.

14. The winter season is fast approaching & is necessary to make arrangement for winter clothes, blankets, quilts etc. for use of our boys. The council therefore, urges upon the Govt. to make suitable provision for purchase of winter clothes so that in time of need there is no difficulty in procuring the same.

........................

RESOLUTION NO. 6 & 13.

6. Resolved that C-in-C of Govt. of Bangladesh be requested to make necessary arrangement to provide at least one suitable transport to each Sub-Sector to facilitate its organizational works.

13. Due to dearth of Army Officers progress of the operation in each Sub-Sector is suffering badly. Govt. of Bangladesh be requested to provide the adequate number of officers without delay.
Minutes of the meeting of the Youth Camp Advisory Committee, East Zone.
Held on 15th November, 1971.

A meeting of the Advisory Committee of the Youth Camp, East Zone was held on 15th November ‘71. Mr. Mustafa Shaheed, MPA Chairman of the Committee presided. The meeting was attended by :-

1. Moulana Asad Ali, MPA
2. Babu Gopal Krishna Maharathna, MPA
3. Mr. Toimus Ali, MPA
4. Mr. Towabur Rahim, MPA.

Mr. Mustafa Ali, MNA. (Member-Administration) or the East Zone also attended the meeting on special request.

Opening the meeting Mr. Mustafa Shaheed observed that due to various reasons (1) Dharmanagar (2) Kailashahar (3) Kamalpur Reception Camps of the Zone are not functioning smoothly. The continuous high influx of Youths from the Habiganj and Moulvibazar Sub-Divisions of Sylhet District are aggravating the situation. It is now essential to gear-up the Administration of the Camps. So it is resolved that (1) Mr. Toimus Ali, MPA will be the Camp Chief of the Dharmanagar Youth Camp, (2) M.r. Towabur Rahim, M.P.A. will be the Camp Chief of the Kailashahar Youth Camp, (3) Mr. Gopal Krishna Maharathna, M.P A. will be the Camp Chief of the Kamalpur Youth Camp, (4) Moulana Asad Ali, M. P. A, will be the Camp Chief of the Mohanpur Youth Camp.

The Camp Chiefs are requested to re-organise the camp set-up immediately for its better management. They are also requested to solve the local problems with keen initiative and co-operation. They are also requested to follow strictly the (a) instructions relating to the operation of the Budget, (b) general guidance for the Administration. (Which enclosed herewith)?

2. It is observed with grave concern that in some of the Youth Camps ration supply from the Local Authority is not being properly done. As a result management of the Camps faces serious inconvenience. Resolved that higher authority of the Host Government be moved in this respect of the supply of regular ration.

3. As this Zone is considerably small and the number of reception Camps are not exceeding 5 (five) the necessity of a full time Director is not considered essential. One Deputy Director may serve the purpose. Hence it is resolved that the following staff including a Deputy Director be appointed immediately and the Chairman of the Advisory
Committee be authorized to appoint the staff in consultation with the Chairman, Zonal Council.

(i) Deputy Director  1  
(ii) Accountant  1  
(iii) Office Assistant  1  
(iv) Office Peon  2  
(v) Driver  1  

4. For immediate guidance and supervision Dr. Abu Yousuf, Director Coordination, Planning and Programming station at Agartala, may kindly be requested by the Chairman, Advisory Committee, to help the new set up. He may also kindly be requested to Act as Director, Youth Camps, East Zone, temporarily. His travelling allowances and other initial expenditure in this respect will be borne by the East Zone, Youth Camps Advisory Committee.

5. It is also observed with grave concern that almost all the Youths in the camps have been suffering from various diseases due to shortage of medicine and specially want of winter clothing. Therefore, Chairman, Board of Control, be requested to supply 2,000 (Two thousand) pieces of Blankets and adequate quantity of medicines.

6. The Committee unanimously framed the Budget (Enclosed herewith) for the month of December, 1971 and the Chairman, Advisory Committee be requested to refer the same to the Authority concerned for its approval.

   Mr. Lutfur Rahman, MP A.
(e) **Education Sub-Committee:**
Chairman: Mr. M. A. Latif, MPA.
Member: Mr. Abdul Aziz Chowdhury, MPA.
Mr. Dewan Obaidur Reza Chowdhury, MNA.
Mr. Abdus Zahur, MP A.
Mr. Abdul Hoque, MNA.

3. **Miscellaneous:**
The following agenda were taken up with the permission of the Chair and the resolution adopted unanimously are as under:

1. Resolved that all the Sub-Sector such as (i) Karimganj, (ii) Dawki, (iii) Barchara-Balat-Rangua, and (iv) Bholaganj-Shella of North East Zone-I shall have committees consisting of MNAs, MPAs, and 5 Political workers having power to deal with the local administrative affairs.

2. Resolved that a Sub-Committee proposed to be formed to deal with the Trade and Commerce of the liberated areas under this Zone.

3. Resolved that an immigration Sub-Committee to be formed in this Zone to deal with the problems of the immigrants.

4. Resolved that a Sub-Committee proposed to be formed to collect revenue, public properties, tolls and also to assess value of the such properties already collected.

5. In view of the fact that maximum number of evacuees as well as representatives of Kishoreganj Sub-Division have temporarily settled under North East Zone-I. It is resolved that Kishoreganj Sub-Division may be included in this Zone.

6. Resolved that C-in-C of Govt. of Bangladesh be requested to make necessary arrangement to provide at least one suitable transport to each Sub-Sector to facilitate its original work.

7. Resolved that Govt. of Bangladesh be requested to obtain permission from the respective State Govt. for free movement of MNAs and MPAs within India. Resolved further that the Chairman or the Zonal Administrative Council be requested to obtain necessary movement permit from Govt. of Assam and Meghalaya for free movement of the personnel of the organisation.

8. Resolved that the Chairman of the Zonal Administrative Council be authorized to depute suitable person in consultation with the local Sub-Committees to manage the affairs of the Youth Camps.

9. The Committee unanimously decided to shift the Headquarters from Dawki to Shillong since, Dawki, Balat, Sheila, Barchera, etc. are routed through Shillong. It also facilitates to make maximum contact with the Local Officials.

10. In view of the recent atrocities committed by Pak Army in certain areas of Bangladesh large and sudden influx of evacuees in this Zone particularly at Balat has created tremendous problem to be tackled. At present considerable number of evacuees at Balat are practically without any shelter and at times it, becomes upheaval task to provide with ration. Attention of Bangladesh Govt. is drawn to the above fact to take effective steps for mitigating the suffering of these evacuees.
11. At Balat area cholera is taking heavy toll and has broken out in an epidemic form. Though medical facilities have been extended by the Host Govt. but still it appears to be insufficient to cope with the situation. Bangladesh Govt. is requested to augment the medical facilities in order to save many valuable lives.

12. Due to continuous military operation casualties on our side are on the increase but proper treatment and care of the injured persons have become increasingly difficult for want of adequate medical facilities particularly at Balat, Sheila, Bholaganj and other places. Moreover there being no adequate arrangement for shifting the seriously injured cases to the nearest Hospital, sometimes it becomes too late to save precious lives.

In light of the above facts Govt. of Bangladesh is requested to provide this Zone with the followings:

(a) Ambulance-5 Nos.

(b) Establishment of at least 50 beded well equipped hospital particularly at Balat with proper medical facilities.

(c) Establishment of First Aid Medical Units nearest to the war front at different areas-15 units.

Pending the approval of the Govt. of Bangladesh, the Medical Sub-Committee be requested to take up the problems immediately.

13. Due to the dearth of Army Officers progress of the operation in each Sub-Sector is suffering badly. Govt. of Bangladesh be requested to provide adequate number of officers without delay.

14. Resolved that members of the Zonal Council be entitled to get fixed daily allowance @ Rs. 15/- per day per head from preceding and following day of the commencement of the meeting and minimum travelling expense within this Zone.

15. Resolved that the Chairman of the Zonal Administrative Council and Mr. Dewan Obaidur Reza Chowdhury M.N.A. be requested to call on Govt. of Bangladesh to discuss all problems of this Zone, and find out solution.

16. Govt. Officials and teachers of this Zone are passing hard days having no subsistence allowance since they have become evacuees. Hence resolved that Govt. of Bangladesh be requested to consider their case sympathetically as they have drawn in other Zones.

17. Resolved that the extract of the copy of the resolutions of the meeting be circulated to all concern.

Of all the Youth Camps detailed above, Gachuapara, Shib-bari, Mohadeo and Moheshkhala Camps are unrecognized and consequently pitiably mismanaged. Living
condition for the boys in the camps is simply deplorable. In the Youth Camps of Mohadeo and Moheshkhala no ration is supplied from the Government. In other recognized Youth Camps only rice, edible oil, Dal and salt are given leaving a lot of other essentials to be managed by the boys themselves who are uprooted from home in sheer destitute condition. As a result there have been untold miseries and the boys are falling victims to mal-nutrition and various common diseases which eat into the very vitality of their health and spirits. In the FF Camps also, there is pressing need for providing material support. It can be added by way of information that the whole area of the North East Zone - II is in the grip of a common disease of Malaria and protection against the menace of Anophelis mosquito has to be provided for prevention of this disease. Our boys in the Youth and FF Camp are suffering from this disease for want of medical care and mosquito-nets. The next important disease which victimizes our boys is the wide-spread dysentry caused due to contaminating spices and drinking water. The medicines required for prevention and cure of dysentry are not supplied. The injured Mukti Bahini boys to not often get immediate medical attention. For want of transport facilities, the injured boys desperately looking for medical attention, cannot be rushed to the nearest doctor or to a place for immediate hospitalization. The boys are suffering badly for want of wearing clothes and Jungle shoes. The problems, being so acute and again so apathetically ignored, give one the only logical impression that there is, perhaps, none to look after and care for our boys in this Zone.

At Mainkarchar thousands of boy and refugees are crossing over daily.

In the Refugee Camps also, the inmates are subjected to endless sufferings. For want of adequate accommodation, proper food and nourishment, sanitation, medical care, mosquito-nets and wearing clothes, etc. the refugees are falling victims to malnutrition and various diseases. In the context of this miseries the Council feels that it has a moral duty to undertake relief work in Co-operation with the local administration and other local agencies.

As a result of the atrocities committed by the barbarous Pakistani Army, a lot of Political workers who could cross over to this area, were rendered worst destitute of the time. The Council, therefore, feels it a moral obligation to provide adequate relief, both in kind and in cash, to them.

Since the primary objective of our Govt. is to conduct the liberation war, it is only desirable that the Council devotes its whole soul to the cause of the physical fitness and morale of our boys in the Youth and FF Camps. The point at issue is either we win or we perish. Ceasing to realize this, and appreciate problems of the physical fitness and morale of our boys would be the negation of our operational planning and drive, nay,- the negation of the very purpose of our existence here. The achievement of our party in the last pools and the glories of our cause abroad will simply pale into insignificance if we fail to feed successfully the war efforts of our boys on whom we pin our hope for ultimate victory.

Keeping in view the problems and requirements of our boys in the Youth and Fl Camps and our moral obligation to look after the Refugees, an estimate of expenditure to be inclined monthly is proposed as under:

35. Mr. Reazuddin Ahmed MPA.
36. Mr. Sardar Amjad Hussain, MNA.
37. Mr. Mojibur Rahman, MNA.
38. Mr. Abul Kashem Khan, Zonal Administrative Officer.

The meeting started with recitation from the Holy Quran by Mr. Reazuddin Ahmed, MPA, Rajshahi.

Mr. Ashraful Islam, MPA, Rajshahi proposed the name of Mr. Azizer Rahman, MNA, Dinajpur to preside over the meeting. The proposal was seconded by Mr. Azizer Rahman Sarker, MPA, Rangpur.

Mr. Ashraful Islam, MPA. Proposed to show honour to the martyrs who had laid their lives for Independence of Bangladesh and in pursuance of that all the members observed one minutes silence by standing. Mr. Sardar Amjad Hossain, MPA, Rajshahi, condemned the Pak Army Junta for illegal trial of Sheikh Mujibur Rahman-the beloved friend of the people of Bangladesh. He also demanded safety and security of Sheikh's life.

The president read out and explained in details the entire set up place of Zonal Administrative Council as laid down in Memo No. GA/810 (345) dt. 27.7.71 at the very outset of the meeting. He further expressed the hope to liberate Bangladesh in no time as wanted by Sheikh Mujibur Rahman, the Father of Bangalee Nation.

At this stage Mr. Shah Mahtab Ahmed, M.N.A, Dinajpur, proposed that the West Zone being very big in size with difficult communication system and having 20,00,000 of Refugees needed be divided into a number or Zones for better and efficient administration of the Zone and with a view to improving the conditions of the employees as well as refugees who were suffering a lot. He proposed that a resolution should be adopted to divide the West Zone into 3 Zones before constitution of the Zonal Administrative Council, West Zone.

Mr. Sardar Amjad Hussain, MNA, Dr. Mesbahul Huq, MPA, supported the proposal of Shah Mahtab Ahmed. Mesbahul Huq also pointed out that the members of Rajshahi District who have been spread over from Berubari to Jalpaiguri to Islampur to Lalgora could not function in a single Zone with H.Q. at Balurghat. Mr. Sardar Mosharraf Hossain, MPA, Dinajpur expressed that if the constitution of Zonal Administrative Council was delayed further the sufferings of the people would be much higher than at present. So he was of the opinion that the Zonal Council should be constituted and after that steps might be taken for breaking the Zone if found necessary.

Mr. Baitullah, MNA, told that the MNAs and MPAs of Rajshahi had already decided in favour of dividing the West Zone. Mr. Zahidur Rahman, MNA, was of the opinion that the division of West Zone into 3 Zones was desirable no doubt but it was extremely doubtful if such a move would be acceptable to the Govt. as the Zones were set up by the
Govt. after due and careful consideration and that even 4 Districts were grouped into one Zone while the West Zone consisted of 3 Districts only. He further expressed that the Z.A.C should immediately be constituted and work should be started to liberate Bangladesh. Mr. Sardar Amjad Hossain agreed with Zahidur Rahman on principle but his opinion was that a beginning with a mistaken policy would not produce any satisfactory and good results.

Mr. Reazuddin Ahmed, MPA, Rajshahi pointed out that he had gone to Minister with some problems arising out of torture committed by the Pak-army and troubles developed by the dacoits and problems of the Mukti Fouz but he could neither contract him nor the Administrator or Sub-Administrator and his problems remained unattended. He further expressed that this state of affairs would continue if the West Zone remained intact and for this reason this zone should be divided first by postponing the constitution of the Z.A.C. He further pointed out that the North Bengal leaders and Ministers probably lost sight of our difficulties due to over anxieties and hurry and further that one Chairman and one Administrator would not be able to function properly at all in the time of need at many places at a time.

Mr. Serajul Islam, MPA, in his speech pointed out that there was practically no necessity of constituting and Zonal Administrative Council by selection of the Chairman etc. without doing any actual feasible and successful work of administration and co-ordination in the liberated area spread over the longest range of more than 400 miles only through a single Zonal Administrative Council. It should be first of all divided by the Cabinet into 2 or 3 sizeable Zonal Councils and then election should be held and then the refugees and public would get relief. Otherwise speedy election and unwieldy problems without actions will bring doom and disaster for the public of Bangladesh. Moreover after selection of Chairman and constitution of Zonal Administrative Council would be no scope for the Cabinet to make division of this Zonal Administrative Council having 20 lacs of refugees across the borders and North Bengal neglected over will continue to be neglected and overlooked original concept of 4 Zonal Administrative Councils was impressed but three Zonal Administrative Councils with 60 lacs of refugees have been divided into a Zonal Administrative Councils and this one Zonal Administrative Council has remained intact with problems overlooked by the Cabinet that has taken it with emergency matter and we all hope that the division of this Zonal Administrative Council would be done by the cabinet in emergency basis and election might to be held within 2/3 days by the members of the divided Zonal Administrative councils.

Mr. Kamaruddin, Mukteer, MPA and Gyasuddin Sardar, MPA expressed their opinion in favour of the division of the Zonal Council and postponement of the meeting.

Prof. Abu Syed, MNA, favored move for division of the Zone first which, according to him, was a realistic attitude for better and efficient administration. Mr. Hasan Ali Sarker, MPA, gave a vivid description of tortures being committed by the Pak Army in Bangladesh and wanted that all MNAs and MPAs should start liberation activities. He further expressed that the Zonal Administrative Council should at once be constituted and division of the same be taken up later on.

Dr. Wakiluddin Mondal, MNA, expressed the opinion that the division of Zonal Administrative Council was wanted by all but he was doubtful if the move would be
acceptable to the Govt. Mr. Abul Hasanat Chowdhury, MNA, stated that the Govt, order should be carried out, i.e. the Zonal Administrative Council should be constituted and the move for division of the Zone be taken up afterwards.

Mr. Abdur Rahim, MPA, Dinajpur pointed out that a delegation of 10 to 15 persons went to Mujibnagar a few days back with the move for division of the Zone but nothing could be done. He also stated that the Zonal Administrative Council should be constituted as the condition of the people was very grave. He further posed a question that the meeting was convened for constitution of the Zonal Administrative Council and as such it was ultra vires to act otherwise and the meeting had no legal authority to take up the question of division of the Zone without constituting the same.

The point of legality or otherwise of not to constitute the Zonal Administrative Council as per agenda raised by Mr. A. Rahim, MPA was put to vote by the President. There were 10 votes in favour of Mr. A. Rahim's point, 20 against and 8 abstention including the President of the meeting and the Zonal Administrative Officer.

Mr. Khatibur Rahman, MPA stated that the Z.A.C. should be formed then and there and the division of the Zone should be dealt with afterwards. Mr. Muzaffar Hossain, MPA, Bogra wanted a separate Zone for his District.

After their long discussions the President wanted the opinion of the members for and against the postponement of Administrators of zonal Administrative Council and division of Zone at that stage.

The members indicated their opinion by rising hand. There were 19 votes in favor of postponement of constitution of Zonal Administrative Council and division of Zone, 15 against it & 3 abstentions which included the President of the meeting and the local Administrative Officer of the meeting. The total 35 voted favor and against the postponement, wanted division of Zonal Administrative Council for the interest of Bangladesh public and refugees.

The President wanted to know who are in favor of division of Zonal Administrative Council & who are against the same. As many as 32 member's were found in favor of division of Zone. Either before the constitution of the Zonal Administrative Council or afterwards Mr. Sardar Mosharraf Hussain MPA was against the division.

It was therefore resolved the constitution of the Zonal Administrative Council by selection of the Chairman and the sub-committees with their Chairman be postponed & the Cabinet be moved to kindly divide the biggest and unmanageable West Zone extended over 4 hundred miles from Barabari to Krishnanagar as its border into six Zones, one each for Dinajpur, Rajshahi and Bogra District to be sizeable and manageable for public interest and for the interest of gearing up the liberation efforts and co-ordination of effective administration of liberated areas.

The meeting ended with a vote thanks to the chair.

At the very outset Mr. Sardar Mosharraf Hossain, MPA proposed the name of Mr. Mujibur Rahman, MNA to preside over the meeting. The proposal was duly seconded by Mr. Shah Mahtab Ahmed, MNA. There were no other proposals to this effect.

Mr. Mujibur Rahman, MNA before taking his seat as Chairman of the meeting stated that all the members were brothers and if one was pained everybody else would be affected in the same manner. He further expressed the hope that there should be no parochialism and selfishness and that all possible attempts should be made with full co-
operation from people of all shades of opinion—both political as well as personal in order to achieve our desired goal—the Independence of Bangladesh.

Then the meeting started with recitation from the Holy Quran. At the instance of the Chairman one minute's silence was observed by standing to show honor and respect to the martyrs who laid down their lives for the cause of Bangladesh.

The meeting demanded:-

(1) Stoppage of shameful trial of Sheikh Mujibur Rahman and his unconditional release forthwith,

(2) Placing of strong demands before all the Nations of the World to support the struggle for Independence of Bangladesh,

(3) To place the cause of Bangladesh before the United Nations Organisation to recognize Bangladesh as an Independent Country.

The meeting expressed profound praise and high regards for the "MUKTI FOUZ" for their service to the Country.

The meeting also expressed high sense of gratitude of 55 crores of Indian people and to the Govt. of India for their all out help and sympathy towards Independence of Bangladesh and her inhabitants who have taken shelter in India. The meeting also expressed the same extent of gratitude to all other Nations who are Forming forward to help Bangladesh and her people.

The meeting gave thanks to the Govt. of the People's Republic of Bangladesh for splitting up the erstwhile North-Western Zone into two Zones.

Then the Chairman expressed his strong desire that everything should be done by amicable settlement forgetting political and personal differences, if there be any. At this stage, the Presiding Officer adjourned the meeting for half an hour in order to enable the members to come to an agreed decision regarding selection of Chairman of the Zonal Administrative Council by discussion among themselves.

After resumption of the meeting Mr. Sarder Mosharraf Hossain, MPA proposed the name of Mr. Abdur Rahim, MPA, to be the Chairman of the Zonal Administrative Council. This was duly seconded by Mr. Azizur Rahman, MNA, Mr. Shah Mahtab Ahmed, MNA, Mr. Serajul Islam, MPA and Mr. Azizur Rahman Sarker, MPA.

Mr. Muzaffar Hossain MPA proposed the name of Dr. Wakiluddin Mandal, MNA, to be the Chairman of Zonal Administrative Council which was seconded by Mr. Tahirul Islam Khan, MPA, Bogra. There was no other proposal. Dr. Wakiluddin Mandal, MNA requested the proposer of his name to withdraw the proposal which was declined by the proposer. Dr. Wakiluddin Mandal then withdrew his name from candidature. There was only one candidate i.e. Mr. Abdur Rahim, MPA for Chairmanship of the Zonal Administrative Council.

It was, therefore, resolved unanimously that Mr. Abdur Rahim, MPA be declared to have been duly elected as Chairman of the Zonal Administrative Council, West Zone-I.
1. Finance Sub-Committee:

Mr. Tahirul Islam Khan, MPA, Bogra expressed that the members of Bogra district did not have any agreement with the formation of the Sub-Committees and election of the Zonal Administrative Council. He pointed out that members of Bogra district being a minority group would not be given proper importance in the Committee and he proposed a separate Zone for the district of Bogra with its H. Q. at Balurghat. The demand for separate Zone was supported by Mr. Serajul Islam, MPA, Mr. Muzaffar Hossain, MPA, Dr. Saidur Rahman, MPA, Mr. Hasan Ali Sarker, MPA, Mr. Abul Hasamat Chowdhury, MPA, and Kasimuddin Ahmed, MPA and they also spoke on the same line and demanded a separate Zone for Bogra district.

Mr. Sardar Mosharraf Hossain, MPA stated that the contention of the members of Bogra district to the effect that the members of Dinajpur was doing everything by virtue of their majority in the Council was totally unfounded, in as much as, the members of Dinajpur district were trying their best from the previous night to secure co-operation of the members of Bogra district in the matter of selection of office bearers. He also expressed that if they had any desire to decide things by the force of majority they had no necessity of going for prolong negotiation with the members of the Bogra district. It was also pointed out by him that the names of the members of Bogra district were proposed in different Sub-Committees but they refused enmass which signifies complete non-cooperation.

Dr. Wakiluddin Mandal, MNA and Mr. Serajul Islam, MPA also spoke on this point. They expressed that they would support the demand for a separate Zone for the district of Bogra only in case the members of Bogra district withdrew their version of Districtism and decision by majority against the members of Dinajpur district. They also stated that
there was no reason why they should oppose creation of separate Zone for Bogra when this was already resolved unanimously in the last meeting if the same proposal came in a plain way.

Mr. Mujibur Rahman, MNA, the President of the meeting also spoke supporting the views of the members of Bogra district for a separate Zone for the district. The meeting dissolved with thanks to the chair.

Proceedings of the meeting of the Zonal Administrative Council West Zone-I held on 24. 11. 71 at 11-00 A. M. in the office of the Zonal Council at Gangarampur.

MEMBERS PRESENT:
1. Mr. Md. Azizur Rahman, MNA.
2. " Shah Mahtab Ahmed, MNA.
3. Dr. Wakiuddin Mondol, MNA.
4. Mr. Sardar Mosharraf Hossain, MPA.
5. " Md. Khatibur Rahman, MPA.

7. " Golam Rahman, MPA.
10. " Kamaruddin Ahmed, MPA.
11. " Md. Azizur Rahman Sarker, MPA.
12. " Jamalur Rahman Prodhan, MPA.

The meeting started after recitation from the Holy Quran by Mr. Kamaruddin Ahmed, MPA.

The proceedings of the meeting dated 18. 10. 71 was confirmed with modification that in place of 5 Sub-Zones for Relief Operation, it should be read as 5 offices.

Then the problems of the people of liberated areas were elaborately discussed and practically all the members contributed in the discussion. It was found that the main problem in the liberated areas were with the harvest of Aman paddy and sugarcane which were grown either by the owners of land directly or through Adhiars. At the moment, some owners are not available in the locality and this is true in case of some Adhiars also. In some cases, both the owners and Adhiars are absent from the locality. There are also lands whose owners left the place and some persons in the neighborhood has cultivated such land. In order to protect the legitimate interest of the owners of land as well as that of the Adhiars, it has been decided that adequate steps should be taken by the Zonal Council.

It was further decided that growers should get their produce in full where they cultivated the lands by themselves and 50% of the produce were the cultivation was done through Adhiars as existing customs. In case the owners of land were not traceable, the share of the owners would be taken over by the Govt. of the People's Republic of Bangladesh. The owners' share would be returned to them if they are found subsequently after proper verification in respect of bonafide of their claim. Where the deserted land
was cultivated by some person the portion of owners' share would be taken over by Bangladesh Government.

It was resolved that a Sub-Committee be formed with the following persons to find out ways & means in order to implement the decisions contained in the foregoing paragraphs. The committee should also adopt suitable measures for harvest, procurement, storage and disposal of paddy and sugarcane cover by the above mentioned decision.

It was further resolved that the MNAs & MPAs would be specially responsible for the area they represent.
1. Mr. Ekramul Haque, MPA.
2. " S. M. Yousuf, MP A.
3. " Golam Rahman, MPA.
4. " Sarder Mosharraf Hossain, MPA.
5. " Khatibur Rahman, MPA (Convener).
6. " Kazi Abdul Majid Chowdhury, MPA.
7. " Jamalur Rahman Prodhan, MP A.
8. " Azizur Rahman Sarker, MP A.
9. " Mosharraf Hossain Chowdhury, MPA.
10. " Kamaruddin Ahmed, MPA.
11. " Syedur Rahman, MPA.
12. " Azizur Rahman, MNA.

The problems of Youth Reception camps were also discussed in details. It transpired during discussion that there were boys in different Youth Reception Camps for months together and those boys have become impatient to go out to receive training. It was also disclosed by the Chairman that the Administrator, Patiram Youth Camp was arranging training for these boys in his camp but after completion to the training the boys have to go back to their respective Reception Camps. It was felt very much by all the members present that arrangement for the boys already kept in different Youth Reception Camps was an imperative necessity and there should be continuous training for boys collected through Youth Reception Camps instead stopping such training.

It was, therefore, resolved that training facilities be arranged immediately for the boys who were already staying in different Youth Reception Camps and for others also and Govt. be moved accordingly.

The problems of Refugee Camps were also discussed and it was decided that Govt. be reminded to provide relief in the shape of winter clothing including supply of tents and tarpaulins for the refugee Camps immediately.

It was also disclosed that ration cards were not being issued to the new comers causing great hardships to them and it was decided that Govt. of the People's Republic of Bangladesh be requested to take up the issue with the Govt. of India or any other appropriate authorities.

The alleged malpractices different Youth Reception Camps also came up for discussion and it was decided that corrupt practices, if any, in any camps should be
stopped and all the MNAs & MP As should be very strict at all stages of our
liberation movement so that there might not be anything which may call for adverse
criticism.

With the existing circumstances while new areas of Bangladesh are being
liberated, it was felt by the members essential that the Trade and Commerce Sub-
Committee should be approved by the Govt. immediately so as to enable the
Committee to start functioning without any loss of time.

The meeting ended with thanks to the Chair.

To
The Chairman
Zonal Council
West Zone-1

Honorable members present-I like to place before you the following plan, programme and Budget estimates for the trade and commerce Sub-Committee of this Zone for your kind information and sympathetic approval.

I recently visited Border areas and gathered information from some reliable sources that a large quantity of Bangladesh goods i.e. jute, tobacco, molaces, firewood, fish etc. are coming in Indian territory from different outposts of India Border. Some unauthorized agencies are collecting rents, taxes or customs duties on it. I also inquired the market rates of the aforesaid goods and found that the rates are more cheaper than the Indian rates and peoples of Bangladesh are in a precarious position and are willing to sell their goods as there is no such Agency who can purchase their goods regularly in Bangladesh now. If we undertake a plan and programme to impose customs tax of Bangladesh goods, a large quantity of goods will be available and we may collect customs tax on it and thus we may earn revenue and provide a large number of Bangladesh employees who are not yet provided and living in a most precarious conditions. Moreover, we may include our local political workers who are residing at border area for smooth collection of customs tax.

Now I am giving you the list of the outposts in Border areas from where we can collect customs duties regularly.

Memo No. H0/120 (2)  
Dated 6.10.71

1. The influx of the Refugees has increased considerably. A large number of young men are coming to join 'Mukti Fouz'.

2. Rajakars and members of the peace Committee are indulging in all sorts of harassment to the villagers, though at places the 'Mukti Fouz' are taking adequate Steps.

3. Law and order situation is more or less normal but there are frequent complaints that less quantity of relief goods is distributed in the camps. Any complaint or resentment over this by the refugees is considered to be the gravest offence by the Camp Officials, who do not hesitate to threaten the complaining refugees including cancellation of cards.

4. There is no Communal trouble but there is some sort of social tension between the local people and the refugees.

5. There is shortage of the supply of medicine in the camps. Stomach trouble is the common disease, besides there are few cases of 'Chicken Pox' at Valuka Relief Camp.

6. Young men are eagerly waiting for the recruitment in the 'Mukti Fouz' and are ready to join the training.

Proceedings of the meeting of the Zonal Administrative Council, South West Zone-I held on 22-10-71 at 11-00 A.M. in the Office Chamber of the Zonal Administrative Officer

MEMBERS PRESENT:
1. Mr. Abdur Rouf Chowdhury, MPA, Kushtia.
2. Mr. Sahiuddin, MNA, Kushtia.
3. Mr. Nurul Huq, MPA, Kushtia.
4. Mr. Ahsanullah, MPA, Kushtia.

6. Mr. Golam Kibria, MPA, Kushtia.
7. Mr. Tafizuddin Ahmed, MPA, Pabna.
8. Mr. Abdur Rahman, MPA, Pabna.

This meeting resolved that-
1. The Member Secretary (that is Zonal Administrative Officer) stated to the Council that a letter bearing No. FIN/5/71/221(40) dated 1-10-71 addressed to the Zonal Administrative Officer, South West Zone-I was received for submission of budget within a period of 5 days. The budget was therefore prepared and submitted on 14-10-71. The members expressed their deep resentment for asking the Zonal administrative Officer to submit the budget and thereby ignoring the Zonal Council and depriving it of its rights and privileges.

2. The functions of the Zonal Administrative Council as communicated in para 3 of General Administration Deptt. Order No 810 dated 27-7-71 was considered and it was felt that the powers/ functions of the Zonal Council has been too much curtailed.

   It was therefore unanimously resolved that the Cabinet be moved to examine the position and suitably amend the “Order” to make the Council a full autonomous body.

3. The question of appointment of officers and staff of the Zonal Council was discussed and it was resolved that the Zonal Council be authorized to appoint all categories of officers except Class-I in which case the view of the Council should be sought for.

Sub: Procedure for payment of T.A./D.A. to the members of Zonal Councils.

The MNAs MPAs are claiming their T.A./D.A. for attending the meeting of the Zonal Councils. But there is no instruction from Govt. as to the rate of payment of, T.A./D.A. to them for the purpose as cited above. It is felt there should be uniform procedure regarding journeys by rail/road/air and haltages etc. for official tours of MNAs/MPAs. As such necessary clarification on the following points is necessary in regard to the payment of T. A./D. A. to the members of Zonal Councils :

1) Whether MNAs / MPAs are entitled T. A./D. A. for attending meeting of Zonal Councils,
2) The designation of the Controlling Officer who will countersign such T. A. bill of Chairman and members of Zonal Council.
3) The procedure and rate of journeys by rail/road/air and D. A. for haltages in connection with tour of such members.

It is therefore, requested that necessary views and clarification of the Govt. in the, above subjects may please be communicated to the undersigned early.

Letter from the Acting President of the People's Republic of Bangladesh to The President of India.
April 24, 1971.

SYED NAZRUL ISLAM,
Mujibnagar, Acting President of the People's Republic of Bangladesh.

April 24, 1971.

To The President of Republic of India New Delhi.

Excellency,

Upon the proclamation of the, sovereign, independent People's Republic of Bangladesh on March 26, 1971, a Government with the Sheikh Mujibur Rahman as its head has been established.

A copy of the Proclamation of Independence, Laws Continuance Enforcement Order and a list of Cabinet Members are enclosed and marked with letter 'A', 'B' & 'C' respectively for favor of your perusal.

The Government of Bangladesh is exercising full sovereignty and lawful authority within the territories known as East Pakistan prior to March 2.6.1971, and has taken all appropriate, measures to conduct the business of State in accordance with custom, usage and recognized principles of International law.

In view of the friendly relations that traditionally exist between the fraternal people of Bangladesh and that of India, I request Your Excellency's Government to accord immediate recognition to the People's Republic of Bangladesh. The Government of Bangladesh will be pleased to establish normal diplomatic relation and exchange envoys with a view to further strengthening the ties of friendship between our two countries.

Please accept. Excellency, the assurances of our highest consideration.

(Seal of the Bangladesh Government)
A. THE PROCLAMATION OF INDEPENDENCE

Mujibnagar, Bangladesh.
Dated 10th day of April, 1971.

Whereas free elections were held in Bangladesh from 7th December, 1970, to 17th January, 1971, to elect representatives for the purpose of framing a Constitution,

and

Whereas at these elections the People of Bangladesh elected 167 out of 169 representatives belonging to the Awami League,

and

Whereas General Yahya Khan summoned the elected representatives of the people to meet on the 3rd March, 1971, for the purpose of framing it Constitution,

and

Whereas the Assembly so summoned was arbitrarily and illegally postponed for indefinite period,

and

Whereas instead of fulfilling their promise and while still conferring with the representatives of the people of Bangladesh, Pakistan authorities declared an unjust and treacherous war.

and

Whereas in the facts and circumstances of such treacherous conduct Bangabandhu Sheikh Mujibur Rahman, the undisputed leader of 75 million people of Bangladesh in due fulfillment of the legitimate right of self determination of the people of Bangladesh, duly made a declaration of independence at Dacca on March 26, 1971 and urged the people of Bangladesh to defend the honor and integrity of Bangladesh,

and

Whereas in the conduct of a ruthless and savage war, the Pakistani authorities committed and are still continuously committing numerous acts of genocide and unprecedented tortures, amongst others on the civilian and unarmed people of Bangladesh,

and

Whereas the Pakistan Government by levying an unjust war and committing genocide and by other repressive measures made it impossible for the elected representatives of the people of Bangladesh to meet and frame a Constitution, and give to themselves a Government,

and

Whereas the people of Bangladesh by their heroism, bravery and revolutionary fervor have established effective control over the territories of Bangladesh,
We, the elected representatives of the people of Bangladesh, as honor-bound by the mandate given to us by the people of Bangladesh, whose Will is supreme, duly constituted ourselves into a Constituent Assembly, and having held mutual consultations, and in order to ensure for the people of Bangladesh equality, human dignity and social justice, declare and constitute Bangladesh to be sovereign People's Republic and thereby confirm the declaration of independence already made by Bangabandhu Sheikh Mujibur Rahman, and do hereby affirm and resolved that till such time as a Constitution is framed, Bangabandhu Sheikh Mujibur Rahman shall be the President of the Republic, and that Syed Nazrul Islam shall be the Vice President of the Republic, and that the President shall be the Supreme Commander of all the Armed Forces of the Republic, shall exercise all the Executive and Legislative powers of the Republic including the power to grant pardon, shall have the power to appoint a Prime Minister and such other Ministers as he considers necessary, shall have the power to levy taxes and expend monies, shall have the power to summon and adjourn the Constituent Assembly, and do all other things that may be necessary to give to the People of Bangladesh an orderly and just Government.

We the elected representatives of the People of Bangladesh, do further resolve that in the event of there being no President or the President being unable to enter upon his office or being unable to exercise his powers and duties due to any reason whatsoever, the Vice-President shall have and exercise all the powers, duties and responsibilities herein conferred on the President.

We further resolve that we undertake to observe and give effect to all duties and obligations devolved upon us as a member of the family of nations and by the Charter of United Nations.

We further resolve that this proclamation of independence shall be deemed to have come into effect from 26th day of March, 1971.

We further resolve that in order to give effect to this instrument we appoint Prof. M. Yusuf Ali our duly constituted plenipotentiary and to give to the President and the Vice-President oaths or office.

(Sd.) M. Yusuf Ali
Duly Constituted Plenipotentiary
by and under the authority of the Constituent Assembly of Bangladesh.
B. LAWS CONTINUANCE ENFORCEMENT ORDER

Mujibnagar,
Dated 10th Day of April, 1971.

I, Syed Nazrul Islam, the Vice-President and Acting President of Bangladesh, in exercise of the powers conferred on me by the Proclamation of Independence, dated 10th day of April, 1971, do hereby order that all laws that were in force in Bangladesh on 25th March, 1971, shall subject to the Proclamation aforesaid continue to be so in force with such consequential changes as may be necessary on account of the creation of the sovereign independent Bangladesh formed by the Will of the people of Bangladesh and that all Government officials-civil, military, judicial and diplomatic-who take the oath of allegiance to Bangladesh shall continue in their offices on terms and conditions of service so long enjoyed by them and that all District Judges and District Magistrates, in the territory of Bangladesh and all diplomatic representatives elsewhere shall arrange to administer the oath of allegiance to all government officials within their jurisdiction.

This order shall be deemed to have come into effect from 26th day of March, 1971.

**KHANDAKER MOSHTAQUE AHMED, FOREIGN MINISTER OF THE PEOPLE'S REPUBLIC OF BANGLADESH**

MUJIBNAGAR.  
April 26, 1971.

Your Excellency,

I have the honor to state that the People's Republic of Bangladesh have decided to establish an Information Centre in New Delhi till the opening of a full-fledged Mission there, with Mr. K. M. Shehabuddin as its chief and Mr. Amjadul Huq as Press Attaché. They enjoy full trust and confidence of the Government of Bangladesh.

I shall be grateful if the Government of India would kindly accord all facilities and amenities to Mr. K. M. Shehabuddin and Mr. Amjadul Huq to establish and run the Information Centre in New Delhi. I am confident that the Government of India will grant them the necessary diplomatic privileges and immunities.

Please accept, Excellency, the assurances of my highest consideration.

Sd/-  
( Khandaker Moshtaque Ahmed)  
Foreign Minister.

His Excellency Shri Swaran Singh,  
Minister for External Affairs,  
Government of India,  
New Delhi.

Copy forwarded to Mr. K. M. Shehabuddin, B. F. S. Chief of Mission, Bangladesh Information Centre, New Delhi.
As you are no doubt aware, the struggle for preservation of the independence- of Bangladesh is entering a new and critical phase. With the increasing military activities, the enemy forces will be facing an acute difficulty in the coming months. It is necessary now to consolidate all our efforts to provide a final coup de grace to the enemy.

We are anxious to know where you are all staying and how you are faring under admittedly difficult circumstances. If your family have moved away from original home, have they been given as best an accommodation as can be provided under the existing circumstances?

These and many other things about your welfare and that of your families naturally have been our constant anxiety and we are eager to minimize the hardship as best as we can before we all can devote our fullest time and energy for the attainment of victory.

I would, therefore, appreciate if you could kindly give us the relevant information about yourself and your family in the enclosed proforma. We would also like to have a copy of your bio-data in the proforma enclosed.

The messenger who will carry this letter to you will bring back your replies so that we can make the quickest arrangement for utilizing your talents, experience and services for the cause of Bangladesh at this critical moment of our history.

With kind regards.

Yours sincerely,
(Khandaker Moshtaque Ahmed).

DON'T CONTRIBUTE TO GENOCIDE

Appeal by Bangladesh Acting President, Mr. Syed Nazrul Islam, to U. S. on June 23; 1971.

The Government of Bangladesh and the Acting President, Mr. Syed Nazrul Islam, today strongly deprecated renewed U.S. arms supply to Pakistan.

Mr. Islam, in a telegram to President Nixon, said the Government and people of Bangladesh are most hurt and distressed to learn about the arms supply.

He pointed out that Pakistan was using all the weapons in its armory including boats supplied for relief purposes to commit genocide and said "as an Independent and sovereign nation now, we appeal to conscience and even national interest of U.S. not to contribute to genocide and mass eviction of people and destruction of scarce resources of an impoverished nation."

A Foreign Office spokesman of Government of Bangladesh described the renewed sale as a "stern blow to the bleeding people of Bangladesh" and declared that the liberation war would be carried on relentlessly whatever be the aid to Pakistan.

Even accessories and spares for U. S. military hardware already at the disposal of West Pakistan war machine were reportedly being supplied by the U.S.

The Foreign Office spokesman said this act of the U.S. Government will create in the people of Bangladesh a sense of disillusionment with the free world, particularly the U.S. "The U.S. Government action is an utter disregard of the surging public opinion of freedom loving people of the U. S. and the rest of the world against the bloodbath and atrocities in Bangladesh caused by an alien enemy junta." he added.

The spokesman, while giving the background of the U.S. military aid to Pakistan since 1951, recounted that Pakistan received U.S. economic aid amounting approximately to $ 3,000 million by 1969. The quantum of U. S. military aid to Pakistan was between $ 1,500 million and $ 2,000 million for the period between 1964 and 1965. This massive military aid, the spokesman said, had all through been used to stifle the struggle for freedom of the Bengalis."

The spokesman said information was available that the U.S. offered to supply Pakistan the following items: nearly 300 armed personnel carriers, four maritime reconnaissance aircrafts, six F-104 jet fighters and seven B-57 bombers.
The spokesman said, "the present arms supply goes to establish that U.S. is now implementing the above offer and furthermore to replenish the exhausted armory of Pakistan due to her war on Bangladesh".

He added that the Government would appeal to the U.S. to call back the ships, freeze stock of all U.S. arms in Pakistan and stop forthwith all further shipment of arms, equipments and supplies to Pakistan.

GENOCIDE IN THE NAME OF ISLAM

Press Report of the Telegram Sent to Various Members of the Islamic Conference at Jeddah by Acting President of Bangladesh on June 24, 1971

Syed Nazrul Islam, acting President of Bangladesh, today sent a telegram to Tengku Abdur Rahman, General Secretary of the Islamic Conference at Jeddah, to use its influence and authority to put an immediate end to the genocide in Bangladesh.

Copies of the telegram have been sent to all members of the Secretariat, including King Feisal of Saudi Arabia, Sheikh Sabban and Sheikh Bin Baz.

Mr. Islam also requested them to support the independence demand of Bangladesh and referred to the killing, torture, desecration of mosques, murders of Imams and the burning of the Holy Quran.

UNI adds: The telegram gave a description of the devastation caused by the Pakistani Army and said, "The warlords of West Pakistan are bent upon perpetrating the worst crime in human history while trying to cover their guilt under the holy name of Islam."

( THE STATESMAN, New Delhi-June 25, 1971 )
PAKISTAN WILL MEET HER WATERLOO IN BANGLADESH

Statement of Mr. Amjadul Huq, Bangladesh Press Attaché, made to foreign and Indian Journalists on July 3, 1971

Mr. Amjadul Haq, Bangladesh Press Attaché, told foreign aid Indian journalists here today that Bangladesh was the expression of the determination and will of the entire people. "The new state, comprising 75 million people, has been formed after hard-won battles and heroic resistance which not all the forces of Pakistan can put down. It is based on a near unanimous vote of the people and its constitutionality, reality and popular base cannot be questioned," he said.

Mr. Huq, who switched over his allegiance to the Bangladesh Government three months ago recalled that the Prime Minister of Bangladesh Government, Mr. Tajuddin Ahmed at the time of installation of his Government said that Pakistan was dead and buried under a mountain of corpses. The statement he issued on the tortuous negotiations which led to the declaration of independence of Bangladesh supports Mr. Ahmed's conclusion. It is a story of treachery, duplicity, negation of democracy throughout on the part of Yahya, Bhutto and their agents of the West Pakistan military regime. At no time throughout the negotiations there was any intention on their part to preserve the unity of Pakistan on the basis of respect for democratic rights. It was planned genocide, planned destruction of democracy and planned suppression of peoples will.

Mr. Huq added "There has rarely been such cold-blooded murder of democracy. But Bangladesh, built of the blood of thousands of martyrs, can never be undone by the Timurs of West Pakistan. It has come to stay. There is no power which can undo it".

Tracing the history of exploitation of Bangladesh for the last 23 years, the Press Attaché of Bangladesh here said that 90 per cent of the total bank deposits were controlled by the West Pakistanis and almost 85 per cent of the total capital of Pakistan was concentrated in Karachi alone and 87 per cent of the total private investment was monopolized by 22 families of West Pakistan. Fifty per cent of the national budget was deployed for the defense whereas there had been hardly 10 per cent of the total defense expenditure made in Bangladesh. In other words, politically, economically, administratively and militarily, the people of Bangladesh were completely subjugated and the democratic and freedom loving people of Bangladesh utterly hated to remain so.

The dark forces within Pakistan that ruled the country were basically anti-people, Mr. Huq said. They were part of the conspiracy between the military and civil bureaucracy and monopoly capitalists. These forces collaborated hand in hand and never allowed the
democratic forces to gather any strength. "Any student of the affairs of Pakistan knows it too well that it was a deliberate effort on the part of these vested interests to suppress the growth of healthy political institutions and time and again these forces combined and cruelly suppressed them by force”.

**Yahya exposed**

Mr. Huq said at the time Yahya took over from Ayub the restoration of democracy was promised by the military junta. The Awami League moved forward to establish a democratic system in the country. Between December 7 and January 17 this year elections were held. The Awami League not only established itself as an absolute majority party in the former province but also an absolute majority in the National Assembly in the whole of Pakistan.

Awami League's astounding and spectacular victory in the last general elections were the complete defeat for the vested interests of West Pakistan in Bangladesh.

"It is now clear", Mr. Huq said, "that Yahya and his generals had not the slightest intention of solving Pakistan's political crises peacefully and democratically but were only interested in buying time to crush the democratic people of Bangladesh".

"A well trained and mechanized army of West Pakistan pounced on the weak and unarmed civilian population of Bangladesh on March 25 while negotiations were going on with Sheikh Mujibur Rahman and his close associates to and out a peaceful solution. This was an act of treachery.

"Bangladesh is now a free and sovereign country. A Government headed by Mr. Tajuddin Ahmed as Prime Minister is now functioning and is in full control of the affairs in Bangladesh. The West Pakistan army is nothing but an occupation force ill Bangladesh. They must quit Bangladesh and the sooner they do so the better for them and us."

**At war with Pindi**

"Our country is now at War. It is a total War of the total population of Bangladesh. Our present struggle is a struggle for liberation. There is no difference between our struggle and the struggle of the people of Russia, China and Cuba and Algeria which they had to sustain for their liberation. Our struggle is the same in nature as that of the American struggle for independence in the eighteenth century.

Bangladesh bleeds today. Its people are crying aloud in torment and agony. The blood bath the world has seen on the soul of Bangladesh remains unsurpassed in brutality and bestiality.

Cities and towns of this unfortunate land have been soaked with blood. For Bengalis it is a battle for survival. It is a war which we never wanted. It is a war which has been thrust on us by the power hungry Military junta.

We are fighting our battle with courage, determination, and fortitude. Our brave men on the front, Mukti Fauj, have already proved their exceptional valour. Imbibed with the
spirit of defending the honor and dignity of the motherland, the Mukti Fouj has already shattered the phoney myth of the enemy's superiority. We have sufficient fighting manpower. What we need now is arms assistance. This is imperative to contain the diabolical enemy equipped with latest war machines. Only then the Pakistan marauders will realize what people they have taken on”.

**Against Islam**

Regretting the attitude of the Muslim countries to Bangladesh Mr. Huq said that "we know that the West Pakistan colonial Government is carrying on heinous propaganda in the Muslim countries in the name of Islam”. But we hope our friends in Muslim countries will not be victims of their utterly false propaganda. Bangladesh is a fait accompli and there cannot be any question of any political solution. Today there cannot be any compromise on the basis of a united Pakistan in the name of Islam. The Pakistanis are utilizing the name of the great religion of Islam for mischievous purposes to mislead the Muslims. Let us ask you, can an innocent Muslim child be butchered by a Muslim? Can the innocent Muslim girls be raped and butchered by the Muslim soldiers of West Pakistan in the name of Islam and unity? Why are the West Pakistan soldiers raping Muslim women and butchering them killing Muslim Doctors, teachers, scholars, businessmen? If that Islam upon which West Pakistan rulers are relying today? Our earnest appeal to the Muslim countries is they should come forward and condemn openly the inhuman massacre and genocide that are being carried on by the West Pakistan trigger happy troops in Bangladesh in the name of Islam.

“The war of West Pakistan troops should not be taken to be the only With the people of Bangladesh. It seriously threatens the peace of the whole of South Asia.

Expressing his surprise at the attitude of the Human Right Commission on Bangladesh issue. Mr. Huq asked, "When 75 million people of Bangladesh are fighting a War of freedom, justice, democratic principles, and peace? What are the international organizations doing today? What are then the objectives of such international organisation? What are the ethics of international solidarity and what are the principles of international relations?”

**Gratitude to India**

Expressing his firm confidence in the ability of the people of Bangladesh, Mr. Huq said we are fighting a winning war because we are fighting out of conviction. We know our ultimate goal and brave soldiers of Mukti Fouj shall continue to fight for years, if necessary, complete victory is achieved and West Pakistan forces are driven out of Bangladesh. In this effort, we seek active support, both moral and material, from all nations of the world. We urge all the countries of the world to recognize our Government of Bangladesh. We want all nations give us recognition the honor that we most certainly deserve. "He expressed his deep gratitude to the people of India for their moral support to the cause of Bangladesh”.

Expressing great concern over the six million refugees who have crossed over for shelter to India, he said the people of Bangladesh "will remain ever grateful to the people
and Government of India what are they doing for the helpless refugees. This is not a simple task which can be undertaken by India alone”. He appealed to the international community to rush relief to the succour of the suffering humanity.

Referring to the resumption of American Arms sales to Pakistan, Mr. Huq said that “it has set off waves of Sanger and resentment amongst the 75 million people of Bangladesh. We urge the U.S. Government that it should immediately stop arms shipments to Pakistan and also demand an assurance that no further shipments of military stores will be made to Pakistan to perpetrate the genocide on Bangladesh”. He urged the U.S.A. with all its traditions of freedom and humanitarianism to stop giving aid to Pakistan either military or economic.

Those who still believe in united Pakistan should understand clearly that as Yahya flew out of Dacca on the night, of March 25, he took away with him last hopes of "united Pakistan. Yahya must have known that he was destroying the last hope of a united Pakistan”.

Asked for his reaction to Yahya's latest broadcast, Mr. Huq said "this is all a load of rubbish and nonsense. Anyway we are not concerned with it. Ours is an independent country and Yahya is the head of another state. Many diplomats in Delhi have told me that Yahya is not an intelligent man. You can clearly see that till today he has not been able to get a quisling to form a puppet Government there”.

About the Urdu press, he said that on June 26 he attended a seminar on the Urdu press. If the speakers at the session were truly representative of the Urdu press in general, he felt that the Urdu press shared the Indian national mood on Bangladesh.

"We hope and appeal to them to come forward to expose the treachery of Yahya Khan in Bangladesh more and more support our cause wholly”.

Commenting on the acute economic crisis in Pakistan, Mr. Huq said that the austerity measures announced by the Pakistan Government to meet the grave economic crisis shows now much they are economically bankrupt today. The war in Bangladesh has led to a complete dislocation of the economy there. It is costing around 52 million a day. It has led to their huge budget deficit which has not been recorded to the world entirely. This is about 50 per cent of the budget cost and will have to be finance by creating paper currency which must inevitably add to the inflationary pressure. With West Pakistan import deficit running at $ 40 million a month Pakistan's reserves have reached a vanishing point. A unilateral moratorium on foreign debt repayments falling due by this time merely publicises Pakistan's total bankruptcy.

About a political solution Mr. Huq said: 'Our Acting President' Syed Nazrul Islam, and the Prime Minister, Mr. Tajuddin Ahmed, have already spelt out four conditions for a political settlement. They are unconditional release of Sheikh Mujibur Rahman, recognition of the Bangladesh Government, withdrawal of the invading West Pakistan army, compensation for the losses suffered by the people during the last three months of barbarous activities by the West Pakistan army. Until and unless they fulfill these conditions the people of Bangladesh will continue to fight till they achieve their independence fully".
Minutes of the Conference held on July 9, 1971 in the Hall Room of Bangladesh Mission in connection with the International Seminar at New Delhi on 14th, 15th and 16th August, 1971.

The following gentlemen participated:

Dear Mr. Razzak,

We have received your letter of July 3, and thank you for it. The various problems you have mentioned are being taken up by the authorities concerned and we hope to supply you, soon with publicity materials.

As for the newspaper, clippings you need send us regularly only recent extracts from the Swedish press. In the first batch please include any spectacularly good item that may have appeared earlier i.e. since March 25.

Yours Sincerely

BANGLADESH MISSION  
Duvholmsgrand 38

STOCKHOLM  

Subj: Bangladesh Publicity work in Sweden.

My dear Taheruddin Thakur,

Kindly refer to your letter dated June 24, 1971 regarding newspaper clippings etc. on Bangladesh in Sweden.
As you perhaps know already, I am working single handedly with little facilities of funds or personnel. Naturally it is quite difficult to do extensive translation work which your request means. I may inform that a wide coverage has been given to our problem in this country since March 25 in reports, commentaries and editorials. A number of articles have also been published. Some of the largest circulation popular magazines have also covered this subject in a manner favourable to us. You will now realise that if one is to undertake translation of this vast material, there will be time to do very little else. With the resources that are available at present, this may not be possible. However, I will be prepared to send you extracts (in English of course) from the local press and magazines from how on when they write on Bangladesh. This should be a reasonable compromise. I have in fact, all the clippings with me. But the main task is to translate them. Besides, it will cost some money also to send them by air-mail. I do hope that the Bangladesh Government finds it possible to accept my proposals for setting up an office here with funds. Until then, I shall do the best I can to carry on with my duties.

I have just informed Mr. Hossain Ali that the Swedish Young liberals have decided to start a nation-wide campaign to support Bangladesh for recognition by this country. They are also willing to raise funds and organise meetings and demonstrations. I consider this to be an important break through after two years of steady and persistent work. But they have to be backed up by us with plenty of publicity materials to be supplied regularly. This is to sustain their publicity drive on a nation-wide scale. This is a chance that we cannot miss. They would also like to have a film on Bangladesh showing atrocities and the achievements of the Liberation Forces. As their general party congress is being held on the 16th of August, the film has to reach us at least a week in advance. Kindly let me know how much you can do to assist our work here. A film of this type will make a lot of difference indeed to our campaign. The matter may please be treated as urgent.

Should you, however, find it difficult to dispatch the film within this time, you could perhaps ask our London unit to supply a film taken and edited by a BBC or ITV group. This should not be difficult. London could also keep us supplied with plenty of publicity materials, maps and statements of Prime Minister and Foreign Minister of Bangladesh. What we require is immediate action to get the maximum out of this offer of co-operation. Following the Young Liberals, the Centre Youth League which represents a large section of the Swedish Youth may also join in this campaign. This means that we will have to give this movement by the Swedish our substantial backing. I believe that if you do your planning for supplies of all possible materials on that basis, our campaign here is bound to have an impact on the Government and influence the public in our favour. In the course of this work, I may find some means to have clippings translated though local resources. This will save us money and time. By making use of such local cooperation we have been able to arrange an Exhibition of Bangali life in Stockholm about which I have written to Mr. Hossain Ali. The Exhibition is still going on and is attracting public attention. Our work is beginning to make progress. All we need is persistence and dedication.
I have no doubt that with relentless efforts, Bangladesh could be a popular word in this country even if there are only two Bengalis in this town.

You have also to think that we are eventually to organize our work in Norway, Denmark and Finland. I have received news of some of our boys planning to organize a local action committee in Oslo. They would also require some support and supplies of publicity materials. As and when some funds are available, I could also go down to Copenhagen to set up a unit there. I hope you have now received an idea of our work and requirement. It will be good of you to let me know your position in the matter immediately.

With regards,

Mr. Taheruddin Thakur

Bangladesh Mission In Calcutta Refuses To Return
To Pakistan-Swiss Mediation Attempt

Mr. Hossain Ali, Chief of the Bangladesh Mission in Calcutta, on July 18 announced that all his 63 staff members had indicated to an official interrogating team their intention not to go back to Pakistan.

The interrogating team consisted of Dr. Bonard, Counselor in the Swiss Embassy in New Delhi, Mr. Mehdi Masud, Deputy High Commissioner for Pakistan in Calcutta, and Mr. A. K. Roy, Joint Secretary, Ministry of External Affairs, Government of India, stationed in Calcutta.

As previously agreed upon, the Swiss diplomat asked individual members of the former Pakistan Deputy High Commission staff, who had switched their allegiance to the Republic of Bangladesh, an identical, question-whether he wished to return to Pakistan or not-and if the answer was in the affirmative the Government of India would provide safe conduct for him to any place of his choice.

Mr. Hossain Ali said that all the members who had appeared before the team gave their answer in writing in the negative-some in English and some in Bengali.

Mr. Hossain Ali himself did not appear before the interrogation team because it was considered below his status as Head of a mission of a sovereign independent Republic to do so. It was suggested that the team be received by him at his mission where he could give his answer, but Mr. Hossain Ali could not agree to that because, he said, he could not receive the Pakistani- representative, Mr. Mehdi Masud. Ultimately it was agreed, that a vacant but furnished house be placed at his disposal where he would receive the team. Under this arrangement, Mr. Hossain Ali gave his answer-in the negative to the same question put to him.

Mr. Hossain Ali told newsmen that the Bangladesh Mission staff would have had nothing to do with the Pakistani representative and would not have gone to see the Swiss representative but for their consideration for the personnel or the Indian Deputy High Commission in Dacca.

Mr. Hossain Ali said: "They have kept them there as hostages and they are ill-treating them. We wanted to help their early repatriation. I can only hope they will be repatriated soon.

"We have now made it clear beyond a shadow of doubt in the presence of an accredited representative of a neutral country that we have willingly, gladly and sincerely transferred our allegiance to the Government of Bangladesh.

"It is also clear that we did not act under any duress. The only duress that we were under was the duress by the Pakistan Government. We have always been loyal to and devoted servants of the Pakistan Government, but it forced us to act as we did by creating the duress."
GOVERNMENT STAND CLARIFIED

The attention of the Foreign Office has been drawn to news items published in the press in connection with observations of individuals from Bangladesh made during their private visits to different places. The Foreign Office has taken note of certain occasions wherein they dealt with questions of our relationship with foreign Governments and the United Nations.

The Foreign Office is of the opinion that people claiming themselves as either "Close Associates" or "Legal Aides" to Bangabandhu Sheikh Mujibur Rahman and "having connection with the Bangladesh forces", while talking to the press or otherwise, have done so on their own and in their individual capacity. The views expressed by them are their own and do not reflect the views held by the Government of Bangladesh.
Minutes of the meeting held on July 20, 1971 in the Hall Room of Bangladesh Mission in connection with the International Seminar at New Delhi from 14th to 16th August, 1971.

The following gentlemen were present:
1. Professor Syed Ali Ahsan
2. Dr. Anisuzzaman
3. Mr. Motilal Paul
4. Dr. K. S. Murshed
5. Dr. Belayet Hossain
6. Mr. Ali Anwar
7. "Moudud Ahmed"
8. "R. I. Choudhury, First Secretary, Bangladesh Mission in chair.

After examining all the relevant aspects of this Seminar it has been decided that papers on the following subjects should be prepared from our side by the persons as shown against each item.

(a) "Account of events in Chronological order leading to the present situation in Bangladesh":- The paper has already been prepared on this subject and Professor Syed Ali Ahsan will hand over the same to Mr. Moudud Ahmed for typing and finalization.

(b) "Economic viability of Bangladesh":- The paper has already been prepared by Mr. Motilal Paul, Economist.

(c) "Genocide in Bangladesh":- Mr. Sadeque Khan has already been working on this subject. He may be requested to prepare this paper.

(d) "Refugee influx from Bangladesh to India and the humanitarian aspects of the problem":- Dr. Swadesh Bose, alternatively Dr. Mosharraf Hossain will prepare the paper.

(e) "The legitimacy of independent Bangladesh and Awami League Government from the point of view of international law and political aspirations":- Mr. Subrata Roy Choudhury, eminent Barrister of Calcutta High Court is already working on this subject. So, he may be requested to prepare this paper.
(f) "The political aspect of Bangladesh" (background with its true perspective which will include economic exploitation, attack on culture etc. leading to the present crisis): Dr. A. R. Mallick has already taken the responsibility of preparing this paper.

(g) "Recognition of Bangladesh in international law and current practices" :- Mr. Moudud Ahmed will prepare this paper.

(h) "The nature of Bengali nationalism" :- Dr. K. S. Murshed will prepare the paper.

(i) "Documentation of all immediate events leading to the proclamation of all immediate events leading to the proclamation of independence" :- A good compilation on this subject has already been made covering the period from March 1969 till April 1971. This compilation has already been approved by the Foreign Minister and is being sent to the press for printing. Therefore, this can be used for this purpose.

It has been decided that the individuals who will be preparing the papers should be informed so that they may be able to submit the same before 31st July positively for finalization and printing.

In this connection it has been observed by all members present that through this efforts some literature will come out which can be utilized by us in future.

2. As per minutes of the last meeting Dr. A. R. Mallick submitted a list of 20 persons. The list has now been revised keeping in view the actual requirement and utility. It will be seen that each one who goes may take part in some way either by reading paper or for effective lobbying purposes. Out of 20, the following 10 has now been finally proposed.

1. Dr. A. R. Mallick
2. Prof. Syed Ali Ahsan
3. Dr. K. S. Murshed
4. "Swadesh Bose, Economist
5. "M. A. Z. Ahmed, Physicist
7. Mr. Osman Jamal, Rajshahi University
8. "Sadek Khan, Journalist
10."Alamgir Kabir, Journalist.

3. The meeting finds difficulty in suggesting the names of the Parliamentarians as the Foreign Office in consultation with the appropriate authority would be able to prepare the proper list. But as some members suggested certain names, they are listed below:-

(a) Mr. Abdul Muntakin Choudhury, MNA
(b) "Amirul Islam, MNA
(c) Mr. M. A. Sultan, MNA
(d) " M. A. Khair, MNA
(e) " Taheruddin Thakur, MNA

4. As the Conference authority requires also some artists, the following names have been proposed:-
   (a) Mrs. Sanjida Khatoon
   (b) Miss Kallyani Ghosh
   (c) Mr. Samar Das
   (d) " Abdul Jabbar
   (e) " Apel Mahmood.

20 names have been suggested above in total. The rest five for inclusion may be suggested.

5. It has also been suggested that the Conference authority should be requested to send a formal invitation and also enquiring about the financial provisions for traveling, accommodation and other relevant expenses.

When all the papers reach the first Secretary of the Bangladesh Mission, a budget will be submitted for printing the same. However, proposal for printing these papers may be approved provisionally.

Copy forwarded to Mr. Moudud Ahmed, Bar-at-Law. 9, Circus Avenue, Calcutta-17.

He has kindly taken the responsibility of preparing a paper on "Recognition of Bangladesh in International Law and Current Practices" for reading at the International Seminar in Delhi. It will be appreciated if he kindly ensures that the paper reaches the undersigned by the 31st July, 1971 in final shape so that necessary arrangements to have it printed can be made.

(R. I. Choudhury)
First Secretary.
When the attention of Khandaker Moshtaque Ahmed, Foreign Minister of the People's Republic of Bangladesh, was drawn to the reported move of the Pakistan Government to make 'Bangladesh' an India-Pakistan issue, he said that this was a wrong attitude and could not bring peace in this part of the world.

He said, indications are too obvious that Pakistan, as last minute efforts to polish her already tarnished image, has geared up activities in and around the United Nations to save herself from certain defeat in the hands of Bangladesh Liberation Forces. The move to send United Nation observers on the soil of Bangladesh and trying to make it an Indo- Pak, issue in the Security Council are symptoms of Pakistan's desperation. The Government of Bangladesh once again draws the attention of the nations of the world to the fact that Bangladesh is a free and sovereign country now. For some people, this might be bitter to swallow but then this is the truth.

Since March 25 what has happened on the soil of Bangladesh has been written in the pages of world history every day every month. United Nations' role since and during that time is known to the world. The United Nations had the power and willingness to deliver goods to the suffering humanity, but it did not avail of the opportunity. The suffering people of Bangladesh have overcome their initial setback and are now on the verge of success. What makes certain executives of the United Nations to wake up now from their sleep of indifference?

We want to make it very clear that any attempt to sidetrack the Bangladesh Government on Bangladesh issue is fraught with grave danger. Any attempt to ignore the fighting people of Bangladesh will lead to nowhere.
When our gallant fighters are making their way to victory at the cost of millions of lives and rivers of blood and tears, we shall not allow anybody to step and nullify these supreme sacrifices. On the soil of Bangladesh the 75 million people of Bangladesh constitute the only power.

The United Nations High Commissioner for Relief and Rehabilitation has taken a partisan view of the situation of the refugees. He wants to administer a palliative when it requires severe surgery. By now he should be in a better position to say whether or not his personal presence and assurance could inspire any refugee to go back home or cause still larger overflows to India. We feel that no further experiments in this line should be undertaken. We, therefore, call upon the United Nations to put off this vain attempt to tackle the refugees problems. Only the Government formed by the duly elected representatives of the people of Bangladesh can take the refugees back to their homes.

The United Nations and its affiliated agencies must recast and rationalise its role and, consequently, the scheme of sending observers on any attempt to make the issue as an India-Pakistan issue instead of admitting that it is a Bangladesh-Pakistan issue. This attitude cannot bring peace in this part of the world. The national approach would be to recognize the Bangladesh Government, which alone can speak on behalf of the People of Bangladesh as the sole arbiter of their destiny. In calling a spade lies the key of avoiding further catastrophe and crisis, and we assure the world that Bangladesh Government will pave the way of achieving peace, provided that the real issues are not clouded and avoided.
YAHYA TOLD HINDU VOTE WAS 15 PER CENT

Comment of Bangladesh Foreign Office spokesman on August 4, 1971.

A Bangladesh foreign Office spokesman today denounced as a "blatant lie" the Pakistan President's statement that Sheikh Mujibur Rahman had won the election mainly because of Hindu minority vote.

Commenting on Yahya's interview with a Teheran daily, the spokesman pointed out that the Awami League had won 82 percent of the votes while the Hindu minority vote represented not more than 15 percent.

"Even if it is accepted that the Awami League bagged all these votes, the question still remains where did the remaining 67 percent votes come from?"

The spokesman said it was curious to note that Gen. Yahya who after the election, took pride to declare that the election was free and fair now wanted to make the world believe that the Awami League won the election through intimidation, threat and malpractices.

The spokesman recalled that during and prior to the election, Gen. Yahya had deputed the army, police and ansars to maintain law and order.

"This confession to the Iranian journalist that he was in-informed about the happenings in the country is sufficient evidence that Gen. Yahya has no capacity to be the Head of a State."
The Bangladesh Government today expressed satisfaction at the U.S. Congress ban on aid to Pakistan.

A spokesman of the Bangladesh Foreign Office said: "We have learnt with great satisfaction that the United States House of Representatives has voted restrictive provisions in the Foreign Aid Bill which would in effect suspend all economic and military aid to Pakistan."

"We extend our warm felicitations to American Congressmen for their wisdom in correctly evaluating the present situation in Bangladesh. It is gratifying that the members of the august body have not been deluded by the Pakistan propaganda that all is well in the land inhabited by 75 million Bengalis".

The spokesman especially thanked Mr. Thomas Morgan, Chairman of the House Foreign Affairs Committee, and Mr. Cornelius Gallaghee, Chairman of the House Sub-Committee on South Asia, "for their role in bringing home to the members of Congress the magnitude of the manmade disaster which has overtaken our country".

"It is with special pride that the democratically elected representative of Bangladesh salute Congressmen of the United States for upholding democracy", he said and added: "We trust that the U.S. Administration will respect the verdict given by their own House of Representatives".

In Calcutta, the Bangladesh Mission Chief Mr. Hossain Ali, expressed joy at the "inspiring news" that all Bengali diplomats of Pakistani mission in New York and Washington had joined the war of independence.

In a statement Mr. AU said that in doing so the diplomats "had broken the shackles of slavery, and exercised the right of independence as free citizens of a sovereign Bangladesh."
WHITE PAPER CALLED BUNCH OF WHITE LIES

Comments of Foreign Office spokesman of the Bangladesh Government on the Pakistan Government

A FOREIGN OFFICE spokesman of the Bangladesh Government today described Pakistan's "White paper" on Bangladesh as a "Bunch of white lies."

The spokesman said: "The army junta in its heinous move to hoodwink world opinion, so strong against it, has completely distorted contemporary events and facts".

The facts were too clear to be reiterated and largely known to the world by the "courtesy of the world fraternity of journalists".

"We want to tell the world that if Sheikh Mujibur Rahman had planned any armed struggle he would not have faced the possibility of arrest in the hand of the junta against whom his own army would be waging a war."

Non-violence and non-co-operation were the Sheikh's creed. He had repeatedly emphasized that he was against secession because it was meaningless for Bangladesh, comprising the major part of the Pakistan, to secede from the minor part.

"His six point programme was for all the provinces of Pakistan and he stubbornly fought for the right of the minority provinces."

Zero hour

The course of events proved beyond any shadow of doubt that the zero hour was fixed by the army junta while it continued the "hypocrisy of a prolonged dialogue".

"On the 24th evening also" the spokesman pointed out, "there was a meeting between Yahya's advisory group and the Awami League high command. Principles of agreement were made out, and the draft of a Government proclamation was being finalized for announcement any time."

The spokesman said that the whole nation was "bursting with expectation."

But instead of the announcement there came the army crackdown.

"We want to warn the conspirators that any attempt to execute the idol of Bangladesh will be avenged to the last."

He strongly repudiated the charges that non-Bengalis were killed by Bengalis before the army crackdown.
"During and after the days of non-co-operation, Bengalis never treated the non-Bengalis as aliens, not to speak of killing them. Thus even on March 9 non-Bengali army and navy personnel joined hands to wage a communal war in which hundreds of Bengalis were killed."

The communal tension was so high that Maulana Bhashani rushed to Chittagong and Sheikh Mujibur Rahman sent two leaders to that town to study the situation. The leaders directly charged the army and navy with killing Bengalis.
NAZRUL ISLAM WARNS YAHYA KHAN

Warning by Acting President of Bangladesh against any attempt on Mujib's life, August 9, 1971.

The acting President of Bangladesh, Syed Nazrul Islam on Sunday warned President Yahya Khan of Pakistan against any "attempt" on the life of Sheikh Mujibur Rahman and said that it would not only be avenged on the battlefields in Bangladesh but would also trigger off developments which would destroy Pakistan itself.

In a message on the occasion of Mujib Release Day, he appealed to all countries which loved democracy, freedom and justice to help stop the sinister attempt of Yahya Khan to try Mr. Rahman.
PETITIONS TO INTERNATIONAL LOCAL BODIES

Further to the report already submitted to the Foreign Minister it is necessary to reiterate the following facts:

1. On my last visit to Delhi in July the Indian Federation of United Nations Associations (IFUNA) approached me saying that they were ready to sponsor filing of petitions before the international legal bodies and they were ready to negotiate with the Government of India with such a scheme. Along with the President and Secretary General of IFUNA, we discussed the whole matter and had a Conference with Dr. Nagendra Singh, ICS, Secretary to the President of India. After I left Delhi, I received two letters from Mr. Pandey, Secretary General, IFUNA, saying that negotiations were going on with the highest authorities in India and they met the Prime Minister and Foreign Minister of India who were very sympathetic and asked their respective Departments to take immediate action in this regard. Last week I received telegram from Mr. S. D. Pandey saying that Indian Government had given the clearance and so I should come to Delhi immediately with all the documents etc.

2. The idea of this scheme was that IFUNA would sponsor the whole exercise and would get the necessary clearance, foreign exchange and other resources from the Indian Government, in order to assist us in filing this petition. They also suggested in writing both to us and to the Government of India that our Foreign Minister should accompany the team to make it more effective.

3. After my arrival, Mr. S. D. Panday confirmed all these and on 13.6.71 I accompanied him and two other persons of IFUNA to Mr. J.N. Dixit, Deputy Secretary, U.N. Division, Ministry of External Affairs. Mr. Dixit confirmed that the Indian Government had no objection to this scheme and suggested that we should get ready to go to these forums as soon as possible. He further informed that the decision in writing would be communicated on the same evening, 1. e. 13-8-1971. According to him, two things had to be sorted out before we could leave:

(a) the exact amount of foreign exchange required and its allotment by the appropriate authority, and

(b) the travel documents and visas to go to the proposed countries.

4. When I showed my concern over the nature of travel documents our Foreign Minister should carry, he said that he would discuss this matter in a meeting at 4-30 P.M. with Mr. Kaul where Mr. Alam was also to be present.

5. The major forums where the petitions against the violation of in international law could be filed are;
(a) International Court of Justice for the violation of Genocide Convention;
(b) United Nations Human Rights Commission;
(c) International Commission of Jurists; and
(d) European Human Rights Commission.

(c) and (d) lack jurisdiction cut rightly and so these go out of question. In (a) there is some scope although apparently it would appear that this forum may also not be very effective for our purpose. However, an intensive study is being made and the suggestion is that, if necessary, we shall try to pursue a country other than India (who has reservation on Genocide Convention) to file the petition in order to bring the matter before the International Court. This possibility is now being explored and that this negotiation is also on to get the support of any of the consultative committees or agencies of U.N. who have the right to agitate, to file the petition. It is further suggested that even Bangladesh Government can file this petition under the presumption that they are the legally constituted representative of Pakistan to agitate the international court and the military government in Pakistan are merely usurpers. There is also some scope to move the International Court of Justice in an individual capacity but the procedure would be that the petition will have to be filed with the Secretary General of U. N. requesting him to move the petition before the Court. Mr. Subrato Roy Chowdhury, the eminent Barrister of Calcutta, holds the view that this can be done. Another alternative is to have the petition filed by some very eminent intellectuals of the world like Satre along with some people of Bangladesh.

The scope to agitate the Human Rights Commission in item (b) above seems to be more feasible but we will face almost similar difficulties. Justice Abu Syed Chowdhury being a member of the Human Rights Commission would be able to advise us best on this point and our final approach with regard to this will have to be left till we meet him in London.

In the meantime, it is learnt that a Sub-Committee of the U. N. Human Rights Commission has already started to enquire into the Genocidal Act of the Pakistan Army on request from some consultative bodies of U. N.

Defection Of Diplomats:

An all-time record in the annals of diplomatic history was set up on August 5 when all the 14 Bengali diplomats in the Pakistani Mission in USA defected en masse to Bangladesh.

According to diplomatic observers, never before had such a large scale defection taken place anywhere in the world. It was considered a stunning blow to the credibility of Islamabad's propaganda machine.

Bengali members serving in Pakistani Missions abroad had been placed under surveillance and in one Mission no Press statement was issued as the Press Attache happened to be a Bengali.

According to a report received in New Delhi, all the Bengali staff of the Pakistani Missions in Washington and New York were under orders of transfer to Islamabad. Some trumped-up charges were made to remove some of them to Islamabad.

On August 2, an East Bengali employee of the Pakistan High Commission in New Delhi, Mr. Abdul Majid, eluded strict surveillance to turn up at a private Indian home and declared that he was changing his allegiance to the People's Republic of Bangladesh.

On arriving at the Indian home, be asked to be put in touch with Mr. K. M. Shahabuddin, a former Pakistani diplomat who had switched his loyalty to the Bangladesh Government soon after the army crackdown.

Mr. Majid joined Pakistan's Ministry of Information and National Affairs in 1964. After working in Karachi and Islamabad, he was posted to the Delhi mission in 1968.

In a brief statement to the Press, Mr. Majid said: "I have left the Pakistan High Commission to serve the cause of Bangladesh. I declare my allegiance to the People's Republic of Bangladesh and its Government."

Another Defection From Pakistan High Commission:

Mr. Fazlul Haque Chowdhury, an Assistant Labour Attache at the Pakistan High Commission in London, switched his allegiance to Bangladesh on August 12 in protest against the "farcical trial" of Sheikh Mujibur Rahman.

Mr. Chowdhury was the fourth Pakistani diplomat in Britain to defect. He announced his decision on August 11 just as about 2,000 Bengalis went to the official residence of the British Prime Minister in Downing Street to urge the release of Sheikh Rahman.

The demonstrators assembled at Hyde Park and marched through the main streets of London before dispersing;
Mr. Chowdhury said it was ironical that Sheikh Rahman was being tried on concocted charges by a clique which had no legal right to be at "the helm of affairs in Pakistan. This clique had resorted to blatant lies in describing the people's elected leaders as "traitors."

Mr. Mohiuddin Ahmed Defects:

The Acting Pakistani Trade Commissioner in Hong Kong, Mr. Mohiuddin Ahmed, defected to the Bangladesh Government on August 18.

In a Press statement, Mr. Ahmed accused the Pakistan Government of ruthless genocide in East Bengal. It is no more possible for any man of honor to represent the Government that is engaged in a ruthless genocide. We cannot remain silent spectators while thousands of our countrymen are fighting against oppression."

Mr. A. F. M. Abul Fateh Defects:

Pakistan's Ambassador to Iraq, Mr. A. F. M. Abul Fateh, pledged his loyalty to Bangladesh on August 21.

Mr. Fateh was the most senior Pakistani diplomat to defect so far.

He had been Ambassador in Baghdad for eight months and had previously served in Paris, Washington, . Prague, New Delhi and Calcutta. From 1966 to 1968 he was Counselor and later Deputy High Commissioner in New Delhi. For the next two years he was Deputy High Commissioner in Calcutta.
"ACCEPTANCE OF DEFEAT"
Bangladesh Foreign Minister on Dr. Malik’s appointment.

1. Bangladesh Foreign Minister Khandaker Moshtaque Ahmed termed the appointment of Dr. Malik as the Governor of occupied territory of Bangladesh as an acceptance of defeat.

2. In a statement released here to-day he said, the reported appointment of Dr. A. M. Malik, a quisling trade unionist, as the Governor of the occupied part of Bangladesh is the acceptance of defeat by the so-called military junta of Islamabad. It is evident that Tikka Khan’s awful majesty of ruthless killing, looting, burning and raping have been turned into ignominious nullity on the soil of Bangladesh. The killer has fallen. His chivalrous glory is crumbled into pieces. He is to get out as disgraced man with head low and vanity lower. There is a clear message in this for General Yahya Khan also.

3. The Pakistani junta calls this an attempt of restoration of civilian rule. It is significant to note that the killers of Islamabad has gone for the "restoration of civilian rule" only in the colony and not at home i.e. West Pakistan. Therefore, the measure, besides everything else, is an expression of colonial rule completely different from home rule. Restoration of civilian rule was an issue before 25th of March 1971. People almost unanimously voted for Awami League to rule the country. Restoration of civilian rule at that time meant restoration of state power to the elected representatives of the people and not to any one without such a mandate.

4. The appointment of Mr. Malik, is yet another attempt to throw a handful of dust in the eyes of the world to create cloud and confusion. People of Bangladesh know the designs behind this sort of restoration of civil administration. They witnessed these same 'restoration' once after Ayub staged coup in 1958, again after Yahya ascended the throne of Pakistan in 1969. When colonial rule by a military governor becomes pungent, stinky
and embarrassing, the military rulers go for transplanting a civilian quisling as the Subedar of Bangladesh. This time also the military colonialists have exercised their ground rule of colonial administration. This known game is not going to pay any dividend this time in an attempt to convince the foreign powers to give aid and assistance.

5. Dr. A. M. Malik is an old man. He has a dubious past and no future. He has underwritten heither-to unheard of crimes committed by his masters on the soil of Bangladesh beyond tolerance I He is in-capable of reading the writings on the wall because he is suffering from senile degeneration. We can only pity him.

TO : Mr. Brian E. Urquhart,

        Director,
        Office of the Under Secretaries-General
        for Special Political Affairs,
        New York.

Dear Sir,

Thank you for your letter of August 27. I am glad that the Secretary-General consider the fate of Sheikh Mujibur Rahman as a matter of concern as expressed through the statement he made on August 10.

The main reason of my sending the cable was to request the Secretary-General of the United Nations to communicate to the Pakistan Govt. that as one of his counsels in Dacca, I am still ready to have the opportunity of knowing that Sheikh Mujibur Rahman is willing to brief me so that a team of lawyers, qualified to practice in Pakistan of his own choice can defend him. Mr. A. K. Brohi appointed by Pakistan Govt. is not a lawyer of his own choice. I am absolutely certain that if this can be communicated to Sheikh Mujibur Rahman through your good offices, the Sheikh would immediately like to meet me.

I am aware about the competency and jurisdiction of the Secretary General but you would also appreciated that I cannot approach the Pakistan Govt. directly because of my personal safety.

If this could be arranged somehow, this would also be extremely useful for the purpose of bringing peace in this region. I assure you that this matter will remain confidential till something positive is achieved.

An early reply will be very much appreciated.

Yours faithfully,

(MOUDUD AHMED)
Dear Mr. Ahmed,

On behalf of the Secretary of the United Nations, I acknowledge receipt of your cable of 18 August 1971 on the subject of the trial of Sheikh Mujibur Rahman.

The fate of Sheikh Mujibur Rahman is a matter of concern to the Secretary-General, whose reaction to reports concerning his impending trial was set forth on 10 August 1971 in a press statement by the United Nations spokesman. A copy of that statement is attached for your information.

The Secretary-General is however regretfully unable to accede to your request in this specific matter. He has been doing and continues to do all he can, within his competence and authority, to prevent an aggravation of the situation. I am sure you will understand this has to be done with all the necessary discretion and lack of publicity.

Yours sincerely,

Office of the Under-Secretaries-General
for Special Political Affairs,

NOTE TO CORRESPONDENTS

In reply to questions regarding the news reports of the impending trial of Sheikh Mujibur Rahman, a United Nations spokesman stated today:

"The Secretary-General feels that it is an extremely sensitive and delicate matter which falls within the competence of the judicial system of a Member State in this case. Pakistan. It is also a matter of extraordinary interest and concern in many quarters, from a humanitarian as well as from a political point of view. The Secretary-General has received and is still receiving almost every day expressions of serious concern from representatives of Governments about the situation in East Pakistan and there is a general feeling that the restoration of peace and normalcy in the region is remote unless some kind of accommodation is reached. The Secretary-General shares the feelings of many representatives that any developments concerning the fate of Sheikh Mujibur Rahman will inevitably have repercussions outside the borders of Pakistan."

Note No. 3678
10 August 1971
Mr. K. M. Shahabuddin’s Claim:

Mr. K..M. Shahabuddin, head of the Bangladesh Mission in New Delhi, claimed on September 8 that "nine-tenths of Bangladesh territory is in our control."

He told a Press club luncheon meeting: "Even Dacca, considered a safer place for Islamabad is no longer that safe for West Pakistan. We have achieved a lot of success in our struggle."

His colleague, Mr. Amjadul Haque, warned West Pakistan that any harm done to Sheikh Mujibur Rahman would constitute a threat to peace as he did not belong to Bangladesh alone, but to the whole world.

Mr. Shahabuddin said that the success of the freedom fighters had forced the Pakistan Army personnel to remain within the bounds of cantonments. "The control of the Pakistan Army is only up to cantonments."

Mr. Haque re-iterated the four-point proposal as put forward by the Bangladesh Prime Minister and the acting President as precondition to a political settlement of the Bangladesh issue. They are: recognition of Bangladesh by West Pakistan, unconditional release of Sheikh Mujibur Rahman, withdrawal of the invading army and compensation for all the losses suffered by the people at the hands of the Pakistan Army.

Both Mr. Shahabuddin and Mr. Haque declared that "no longer are we unarmed, untrained, and unsupported” in the struggle against West Pakistan.
MISSION OF THE PEOPLE'S REPUBLIC OF BANGLADESH
9, Circus Avenue, Calcutta-17.

BANGLADESH

There comes a time in the life of individuals when loyalty to a higher principle must take precedence over subservience to temporal authority. No Government has a prior claim to allegiance simply because it is a government. When it begins to violate elementary norms of civilized conduct and commits crimes against humanity—as the Government of Pakistan has done—it becomes a moral imperative to oppose it. And this is what Jefferson meant when he said that resistance to tyranny is obedience to God.

I served the Government of Pakistan for nearly 22 years as a member of the Pakistan Foreign Service and served Pakistan loyally to the best of my knowledge. Even after the launching by the Pak Army of the present war of extermination of the citizens of Bangladesh. I continued to serve the Government. As all communications remained severed I had no authoritative information’s about what was happening in Bangladesh. The Pakistan Government put out bulletins about everything being normal or under control. The fact that thousands of panic-stricken wounded and maimed refugees crossed the border to India carrying blood-curdling tales of inhuman atrocities belied the Government claim. In the meantime reports of foreign and unbiased journalists who went deep inside Bangladesh and witnessed events at close range started pouring in and constituted an impartial source of information. The picture that emerged from these reports was grim and appalling. It proved beyond doubt that a cold-blooded genocide was underway.

The moment of my decision came and I decided to join the suffering millions of Bangladesh who were resisting with their lives the barbarity of West Pakistan Army determined to reduce East Pakistan to a colony.

The Government of Pakistan now is a military junta of West Pakistan desperate to retain its stronghold over the country. It has nullified the results of a free and fair election held under its own auspices only eight months back. It has chosen to mute the majority of the people by the most savage application of brute force. Its authority rests totally on its military strength and its control is limited by the range of its artillery. It has, therefore, lost even all pretences to legitimacy of power. It has also destroyed the Pakistani nation. Pakistan lies buried under the mountain of corpses and the debris of destruction resulting from the military crackdown by the West Pakistan Army.

Bangladesh which was once a golden land of affluence today has become a scorched land at the hands of barbarous hordes from West Pakistan. The mercenaries of Yahya- Hamid-Bhutto have been let loose on the unarmed and peace-loving, democratic-minded people of Bangladesh. Murder, loot, arson, rape are the order of the day now in Bangladesh.
Pakistani Army have killed and are killing our people, irrespective of cast and creed. They have pushed millions of people out of the country. Millions and millions of people within Bangladesh are running from one village to another for their lives, to escape humiliation, massacre and worst still, dishonor. Complete sense of mistrust, disbelief, fear, worry and anxiety are prevailing among the people. The stories of horrors and atrocities in Bangladesh are not unknown to you.

Had the West Pakistani vested interests and their scion-the Army junta-considered Bangladesh to be a part of Pakistan they would not make Bangladesh a colony, they would not indulge in genocide, mass rape, arson and devastation. Now they want to make the world believe that Bengalis are secessionists. The Six-point Programme, with which General Yahya did not find any fault during and after election, was suddenly discovered on the 26th of March, 1971 to be an anti-State programme. It is a joke that though after the election Yahya declared that it was absolutely fair and free, on the 26th of March he announced that Awami League got the support of the people by threat and coercion. He forgot that he was himself admitting that his regime failed to maintain law and order during election. It is a joke of the century that the man whom he mentioned as the "Future Prime Minister of Pakistan" turned a 'traitor' overnight.

The barbarity and the atrocities could not cow down the spirit of the Bengalis. A nation which believed in Constitutional movement suddenly was pushed to a war. Now, Bangladesh is at war, a war of liberation. The people of Bangladesh are determined and united to liberate the motherland from the hands of the West Pakistan occupation forces. To organise and streamline the whole freedom struggle the elected representatives met on April 12, 1971 and formed the Government of the people's Republic of Bangladesh. All the progressive political parties of Bangladesh have given their allegiance to this Government. The liberation army has kept the enemy engaged in all sectors. The regular troops, the guerillas, the commandos, and the hit-and-run fighters are inflicting heavy casualties on the enemy. Thousands and thousands of young men are rushing to the youth camps every day after slipping away from the clutches of Yahya's butchers. They are preparing themselves for the final thrust. We are determined. We stand for truth, for human dignity and for democracy. So, we are confident of our success.

Pakistan is advancing the argument that this is an internal affairs of its own. But is it so, when peace in this part of the world is going to be disturbed, when a nation-with its far-flung geographical boundary, distinct language, literature, culture, heritage, hopes and aspirations is sought to be crushed?

Does it not sound a crude joke in the wake of the Pakistan barbarity-when millions irrespective of their caste and creed, are being killed, being uprooted from their health and home, when women are being raped, when the intelligentsia and the youths are being combed out and murdered?

(5) Director-Television dealing
(6) Principal Advisor to the Govt. of India
(7) Dy. Director, PIB, Calcutta
(8) Mr. M. A. Samad, Defense Secretary, Govt. of Bangladesh
(9) A. P. A., Bangladesh Mission.

Presided over by the Public Relations Advisor, External Publicity Division, Govt, of Bangladesh.

Discussions were held on varied subjects ranging from release of press release up to the mobilization of artists, teachers and intellectuals of Bangladesh.

1.(a) About Bulletin :- It was suggested that all bulletins including war bulletin from Govt. of Bangladesh should be issued before 3.30 p.m. and should be sent to the Delhi through PIB teleprinters before they are locally released to the press.

(b) In case and if it is not extremely urgent, issue of bulletin after 3-30 p.m. should be carried over for the next day.

(c) Mr. M. Maqsood Ali, APA was nominated as liaison from our side to keep contact with Mr. Roth of PIB for this purpose. Both were-present in the meeting and have first- hand knowledge of the arrangements.

2. Details of necessary documentation to be carried by Bangladesh U. N. Delegation were discussed. Mr. Dikyit made generous contribution by suggesting the necessary articles which are to be carried by the delegation with them. They are: -

   a) Recorded version of leaders.

   b) History of Bangladesh from December ‘70 to March ’71.

   c) Documents justifying the struggle and analyzing the basic aspect of denial of rights to the peoples of the Bangladesh in course of last 23 years.
d) Taped interviews with refugees.
e) Tapes of important events in Bangladesh, if any,
f) Selective interviews of important foreign dignitaries.
g) Film on genocide.
h) Mr. Zahir Raihan’s documentary films after proper editing.
i) Pathans’ personal interview-film if possible.

Director General of A. I. R. has been very kind to place services of an engineer-a
programme man at the disposal of Mr. Moudud Ahmed from our side to tape these
interviews. He also assured us that Mr. D. K. Sen Gupta; Station Director will be
available for all possible help in this direction.

3. Artists and intellectuals:- Discussion on the aspect of rehabilitation and fruitful
utilization of services of Bangladesh artists and intellectuals were have hold in detail.
Friends participating in the discussion said that this meeting should not discuss the
aspects of teachers and intellectuals; because a separate team is expected to move in
Calcutta at a later date to discuss this subject. But the aspect of utilization of talents of
artists were deliberated upon quite exhaustively. The chair gave a detailed background
of the activities of Bangladesh artists in India. The following facts were placed before
the meeting:-

(a) Names of organisation of artists and intellectuals. The total number is 5.

(b) The reason for so many organizations were explained. Since the Govt. could
not provide subsistence to all artists or utilization their talent they had to mobilize
themselves for enhancement of Bangladesh cause and earning subsistence on the
individual initiative.

(c) The conflicting interest among artists were also explained. But emphasizes
was laid on the common objective prevalent in all of this i. e. liberation of
motherland. Then listening to these backgrounds the meeting wanted to discuss and
final out purposeful ways of mobilization of talent. In course of this discussion, the
following suggestions were made by different participants:-

(ii) Whether there is any possibility of dividing artists into 5 groups such as :

(a) A group responsible for holding cultural functions for youth camps and refugee
camps.

(b) A group responsible for entertainment of army and guerilla bases.

(c) A group to undertake travel to all the cities of India to propagate and project the
Bangladesh issue among the people of India.

(d) A group to feed Radio Bangladesh.

(e) A group to propagate and project the Bangladesh issue abroad.

(iii) Whether Govt. can exercise its influence on this organisation to keep their
individual activities under suspension till liberation is complete.

Suggestions were offered to plan out the specific projects and proposals with this
purpose in end and they assured that fund will be no problem.
Prior to doing all these things essential suggestions are:-
(a) Registration of all artists with the Govt. of Bangladesh.
(b) Constitution of a committee to study the possibility of all these proposals under the auspicious of Ministry of Information and broadcasting. It was suggested that our friends should meet the cross action of our artists to-day (14.9.71) at 5 p.m. in the Mission premises. They are kindly agreeable to the proposals.

The entire situation obtaining in Bangladesh came up for review. The question of channelizing the detailed information of operation deep inside Bangladesh was also discussed by the way of a suggestion made from the chair with regard to the formation of nucleus news organisation in the shape of an Agency. However, no specific decisions were taken in this regard. The meeting was adjourned till 3 p.m. to-day.

A suggestion was put forward by APA for making Radio Pakistan monitoring report available to us. The Director General A.I.R. kindly noted it and assured all possible help.

MINUTES OF THE MEETING (SECOND) HELD ON 14.9.1971 AT 4 P.M.

Present:
1. Director-General, All India Radio.
2. Director, External Publicity Division, Government of India.
3. Director. All India Radio (Telev. Sec.).
4. Prof. M. Khaled, MNA, Editor, External Publicity Division, Government of Bangladesh.
5. Mr. M. A. Samad, Secretary (Defense), Government of Bangladesh.
6. Mr. Moqsood Ali, Assistant Press Attache, Bangladesh High Commission.

Mr. Taheruddin Thakur. MNA, Public Relations Adviser, External Publicity Division, Government of Bangladesh, presided over the meeting.

Mr. M. A. Samad while initiating the discussion apprised the meeting how the people inside Bangladesh, in India, in West Pakistan and abroad are fed with information’s about the liberation struggle. He stressed on coordinated and unified projection for more affective results. Mr. Samad suggested that, live broadcast in news bulletin should be arranged so that Radio Bangladesh can use latest news. Present arrangement in that news for the evening transmission are to be recorded within 3 p.m. Mr. Samad informed that presently 5/6 hours programme are being broadcast daily in 3 transmissions and there are 37 members in the staff of the Radio. He further informed that the radio programme, particularly in the evening are being disturbed, almost joining, regularly. Mr. Samad suggested that Indian talents may he utilized in preparing scripts.

Mr. Moqsood Ali suggested that to know the trend of the Urdu Press, arrangements should be made to get the summary of their views.

He was advised to talk to Mr. Ray on this.

Mr. Taheruddin Thakur in summing up the discussion agreed that the Radio programme is up to the expectation of the people but could be further improved.

To bridge-up this he suggested that the programme should be extended and programme organizers from both the sides should sit in coordinating at least twice in a month. For the overall improvement he proposed that another studio, to more tape recorders, library facilities should be arranged. The present arrangements in two studios and on three tape recorders not only consume longtime but tell upon the efficiency of the workers. Accommodation, he said, has become a great problem. Mr. Thakur put
stress on further arrangements to accommodate the workers at least with minimum amenities.

Mr. Thakur drew the attention of the D. G. to the A. I. R. News Bulletin (in English) where in a term 'designated' is used against Bangladesh Ministers, (example: Mr. Tajuddin Ahmed, Prime Minister designate, People's Republic of Bangladesh)

D.G., A. I. R. assured to take up these matters with higher authorities. He emphasized that Radio Bangladesh should retain its character by all means.
M. HOSSAIN ALI INAUGURATES EXHIBITION OF SKETCHES

"I must compliment Mr. Subal Paul for arranging this timely exhibition which I am sure will go a long way in bringing out vividly the price in blood the people of Bangladesh are paying everyday to achieve independence for themselves" says Mr. M. Hossain Ali, High Commissioner for Bangladesh in India.

Mr. Hossain Ali was inaugurating the Exhibition of Sketches by Mr. Subal Paul at the Academy of Fine Arts on September 14, 1971.

As regards art and Mr. Subal Paul's paintings, Mr. Hossain Ali says even though critics may argue that art does not produce anything of strictly utilitarian character, it is, and has always been an indispensable need of humanity and also indispensable to civilization. It reflects the whole manner of a nation or a given period. The powerful strokes of brush in the dexterous hands of Mr. Subal Paul has precisely tried to achieve this in the context of what is happening today in Bangladesh. It is said that one of the main purpose of art is to give pleasure and to create beauty and in this Nature is the artist's inexhaustible source of inspiration. If that be so, then the paintings that we see before us would be a great disappointment to many, for the paintings of Paul are not mere outlines indicating a shape or a beautiful landscape, but a successful attempt at capturing the agonies of a nation of seventy five million people caught in ruthless war thrust upon them by an alien army of occupation. And his paintings assume added significance because in portraying the happenings in Bangladesh, he does so, as he describes it himself so aptly, to register his protest as a painter.

Regarding the freedom struggle in Bangladesh the High Commissioner says by now, you and for that matter the civilized world, are aware of what happened and is still happening in Bangladesh. I would not repeat them here as to how it came to pass that a nation comprising a sizeable section of humanity became the victim of worst kind of brutalities in the hands of a military junta. The story is too familiar; the worm is aware of
the massacre of an unarmed and defenseless people in Bangladesh. However, let me
tell you that by resorting to the wholesale slaughter of the simple and God-fearing
people of Bangladesh, the Junta of West Pakistan has, in fact, set in motion a chain of
events that has made the independence of Bangladesh not only an inevitability within
a matter of time, but would also slowly but surely lead to the break-up of what is
known today as West Pakistan. The military clique headed by Yahya Khan is already
aware that it cannot hold captive, as it is trying desperately with the use of massive
military fire-power and sophisticated weapons, the entire population of Bangladesh
much longer.

They stand thoroughly condemned today in the eyes of the civilized world; their
economy which flourished on the exploitation of the riches of Bangladesh cannot
sustain the mad and senseless war of extermination that they have waged on us;
politically the provinces of West Pakistan are already raising their voice against the
prospect of a continued military suppression and denial of civil liberties for years to
come. The hand some foreign aid that they used exclusively to build the economy of
West Pakistan and to maintain an ever-expanding military machine, is gradually
coming to a trickle. The collapse of the military adventure in Bangladesh will also
bring in its wake the crumbling of the economy of West Pakistan which is based on
the 'military industry' ostensibly to fight India, but primarily to keep itself in power by
suppressing the genuine aspirations of the people, and also to provide employment
opportunities to its 'Martial Race'.

Commenting on the activities of Mukti Bahini the High Commissioner says that
our death-defying Mukti Bahini are already playing havoc with the enemy. The War
of Liberation is gaining momentum every day. Our guerillas are killing large number
of West Pakistan soldiers—they are disrupting their line of communication by blowing
up bridges, snapping rail and road communication and also sinking boats and ships
which the West Pakistan are using to carry their arms, ammunition and troops. Our
guerillas are also systematically wiping out the collaborators inside Bangladesh. The
morale of the Pak Army has gone down with the colossal loss of their men and
material and they are compelled to fall back at different points. The Mukti Bahini is in
control of large areas of Bangladesh and already the troops belonging to the so called
'Martial Race' are panic-stricken and retreating.

Politically, we are today united as never before. Although the Awami League won
absolute majority in the elections, it has now, in the larger interest of the country,
joined hands with other equally dedicated political parties whose aim is also total
independence for Bangladesh, in order to ensure the participation of all shades of
people and opinion to carry the liberation struggle to victorious conclusion.

Thanking Mr. Paul and the Academy of Fine Arts for arranging the exhibition Mr.
Ali said "A picture is worth a thousand words."
Commenting on a reported move by Pakistan seeking extradition of her former Ambassador in Iraq Mr. A.F.M. Abul Fateh, the Foreign Minister of Bangladesh Khandaker Moshtaque Ahmed said in Mujibnagar today that I feel amazed to learn that Pakistan Government has asked some country for extradition of Mr. A.F.M. Abul Fateh, Pakistan's ex-Ambassador to Iraq who switched over his allegiance to the legitimate Government of his motherland. Mr. Fateh has been charged for taking away Pakistan Embassy's money in Iraq.

2. Mr. Fateh is one of those brave and patriotic sons of the soil who have responded to the call of the motherland to rise and protest against the barbarious atrocities being committed by the Pakistani military junta in exterminating the Bengali Nation. In taking away the Pakistan Embassy fund in Iraq, Mr. Fateh has only carried out the orders of the Bangladesh Government and has undertaken a timely exercise of redeeming a portion of the rightful share of Bangladesh in Pakistani funds and properties. This money is now at the disposal of the Bangladesh Government and will be used to strengthen the fight for freedom.

3. In Pakistan, everything has gone wrong today. The colonialist junta of Pakistan cannot view a patriot of Mr. Fateh's stature in the right perspective. The Government of Bangladesh is ever eager to welcome such patriots to the fold of Mukti Bahini. Extradition move against such a patriot will only amuse the freedom-loving people of the world.
Dr. A. R. Mallik, Vice-Chancellor of Chittagong University and leader of the non-official delegation from Bangladesh, attacked the 'self-styled guardians of Pakistan and Islam in Islamabad who had no qualms in going in for a mass annihilation of Bengalis. It was a blatant lie, he said, that the leaders of Bangladesh were responsible for the disintegration of Pakistan. The ruling clique in Islamabad would have to bear this responsibility.

He said that the issue of Bangladesh had ceased to be an internal affair of Pakistan from March 26. Tracing the history of Pakistan and the constant tussle between the democratic forces in East Bengal and the despotism in West Pakistan, he said with feeling that the people of Pakistan had never enjoyed the blessing of freedom and democracy as the Indian people had. Greedy army generals had replaced corrupt and communal politicians who together had ruled Pakistan for 24 years and created monopolies and cartels, which exploited the toiling millions. The first attack on the cultural and linguistic heritage of East Bengal was with the attempted imposition of Urdu as the national language. For six years, the people of Bengali fought this move and many were killed in the streets of Dacca. In the 11-year Ayub rule, 22 families acquired 60 per cent of Industrial assets, controlled 75 per cent of internal trade, and 80 per cent of bank advances were given to three per cent of account holders who were already minting money. Eighty per cent of foreign aid was spent on West Pakistan and less than 10 per cent on the East Wing which earned more than 70 per cent of foreign exchange for Pakistan.

TOTAL INDEPENDENCE IS OUR GOAL.
SAYS KHANDAKER MOSHTAQUE AHMED

Khandaker Moshtaque Ahmed Bangladesh Foreign Minister warned against use of Bangladesh blood for the power block interest or to maintain political leverage.

Reiterating the Government stand he emphatically declared that total independence is our goal. In a statement released to-day in Mujibnagar the Foreign Minister said that UN General Assembly Session has commenced. The freedom loving people all over the world are awaiting discussion and a decision about the fate of 75 million people of Bangladesh. Unfortunately a few Governments are trying to cloud the clear issue in order to preserve and perpetuate the interest of Yahya's colonialist junta.

Some such powers have taken public positions with regard to Bangladesh issue and are advocating 'political accommodation', 'Settlement', 'reconciliation,' and 'solution'. Our stand is too obvious. The stream of blood of the Bangladesh people should not be utilized for the sake of power-block interest or to maintain political leverage.

Total independence is our goal. We urge upon those who are working contrary to the interest of the 75 million people of Bangladesh to please leave us to die for our freedom if they cannot give us anything to live on.

A KEY DOCUMENT

The book "Bangladesh—Contemporary Events and Documents" is a compilation of the main events that took place in Bangladesh from March 1969 to April 1971 leading to the present conflict and declaration of Independence of Bangladesh. This work presents the facts in positive terms without going into any analytical aspect to the situation. The book is the key document of 28 documents to be placed by the Bangladesh delegation to U.N.

It has six chapters. Chapter I "COLONISATION" touches on the background of the creation of Pakistan and the colonization of East Pakistan, as it was then called, by the ruling class of West Pakistan. This has shown the cultural and political suppression and also the economic exploitation of the men and resources of Bangladesh.

Chapter II "Demand for a Right to Live" includes two main documents, the six-point formula of Awami League and the 11 point programme of the Central Student’s Action Committee.

Chapter III "The Second Martial Law": A Promise with a hidden meaning" relates the main documents showing how Ayub Khan after promising to hand over the power to the people’s representatives, backed out and instead, illegally handed over the power to the Army in March, 1969. It includes Sheikh Mujibur Rahman’s speech of March 10 at the Round Table Conference, General Ayub Khan’s speech of March 12, 1969 at the Round Table Conference and Gen. Ayub’s letter to Gen. Yahya Khan handing over the power and Gen. Yahya Khan’s address to the nation on the proclamation of second Martial Law on March, 1969.

Chapter IV "Towards Democracy: The First General Election in Pakistan" shows that despite the Legal Framework Order which had imposed restrictions on the sovereignty of the Constituent Assembly and gave the president the power of veto with regard to the Constitution framed by the elected representatives of the people, Awami League being a
Constitutional Political Party had accepted the challenge and participated in the election. Besides the relevant provisions of the Legal Framework Order this chapter includes Sheikh Mujibur Rahman's election broadcast, the Manifestos of different political parties in brief, the results of the General Election and Awami League's Constitutional proposal.

Chapter V "Design revealed: Army buys time to attack" relates mainly to the events that took place between March I and March 25. This chapter has shown how army played with the elected representatives of the people and bought time to launch their attack on the unarmed civilians of Bangladesh. It includes Gen. Yahya Khan's broadcast of March 6, Sheikh Mujibur Rahman's speech of March 7 and the details of the negotiations that took place between Sheikh Mujibur Rahman and Gen. Yahya Khan till March 25 and the Army's attack with a plan to exterminate the Bengalis.

Chapter VI "Bangladesh: a new Sovereign State" will show the establishment of a new Independent and Sovereign State. It includes broadcast declaring Independence on March 26, Gen. Yahya Khan's broadcast on March 26, the Proclamation of Independence, the Laws Continuance Enforcement Order and the establishment of Bangladesh Government.

**PEOPLE'S REPUBLIC OF BANGLADESH**

**PREFACE**

The most heinous crime of civilization has been committed in Bangladesh. The Army rules of Pakistan have engineered complete decimation of Bengali Nation. The military machine of Pakistan has been let loose on 75 million unarmed, peaceful and democratic people of Bangladesh.

The world conscience has been a mute spectator of all these tyrannical onslaughts on human civilization.

Amidst this ocean of silence, some righteous world leaders specially the world fraternity of journalists have tried to stand by the norm of human dignity and civilization. Their observations and reporting’s have exposed Yahya's crime against humanity beyond any shadow of doubt.

We have undertaken this publication to bring together the disjointed or forlorn pieces of truth. This is a small little garden of truths presented to the lovers of freedom and human dignity.

The pieces have been so arranged as to offer an objective evaluation of events leading a constitutional movement for autonomy to a struggle for independence thrust on the people of Bangladesh by the Military Rules of Pakistan. Here we do not say anything of our own, but publish the truth as they are.

We recommend this to the people of the world.

Jai Bangla!

CONSTITUTIONAL MOVEMENT
FROM AUTONOMY TO INDEPENDENCE

Hundreds of thousands of Bengalis are being slaughtered. Murder, arson, looting and raping is the order of the day. Why? Because they voted for autonomy. Sheikh Mujibur Rahman, their beloved leader is on trial for committing "treason" because he won an election which has no parallel in democracies and further because he refused to compromise on the programme of autonomy for which the Bengalis voted from him. The Awami League is a democratic political party, firmly anchored in democratic and constitutional methods. Sheikh Mujibur Rahman is devoted to democracy. He has an unflinching faith in democratic and peaceful politics. He sought to realize the demand of the people through non-violent means.

The NEW YORK TIMES writes on March 28 "the resistance which began after a surprise attack on the civilian population by the Government forces three nights ago, sprang from a non-violent drive for provincial autonomy. The East Pakistanis tried to claim the majority political power they had won in the election last December and the army moved to prevent this."

Along the same lines the BALTIMORE SUN writes on April 4, "the West Pakistan Army has shown every sign of being prepared to send its last soldier to more populous East Bengal, if necessary, in an all-out effort to shoot to death the results of last December's elections."

Referring to Yahya Khan, THE GUARDIAN in an editorial of April 6, says "What he has done, and is doing, is to use his army to oppress the East Pakistanis and their chosen leaders. Not did negotiations collapse in any ordinary sense. The President did not want Sheikh Mujib to assume the power that his people had voted him. So the President reached for his gun"............" The East Pakistanis are an impoverished people who are being punished for having voted in a way that annoyed the President. By sending in the army he has shown himself to be not only careless of democratic rights, but a reckless ruler as well. The military intervention in East Pakistan was a deliberate act."

THE GUARDIAN in its editorial of April 14, wrote, "the Bangladesh affairs is not a second Biafra or the fruits of more interminable wrangling between Delhi and Rawalpindi. It arose simply when a well-conducted, peaceful election produced a result the army could not stand. Sheikh Mujib himself has not, in any certain sense, declared Bengali independence. He was not asking essentially for more than the programme he legally fought and won the election on."

Referring to the background of the present situation and the economic exploitation of the East by the vested interests of West Pakistan, the SUNDAY TIMES writes on April 18.... "the political programme of Sheikh Mujib's Awami League, overwhelmingly endorsed by the people of East Pakistan in the recent elections, sought to correct these disparities by transferring control over economic policy from the Central Government to the Provinces. The response of Yahya Khan's Government was to unleash a reign of terror whose full dimensions are only gradually becoming known."
Sudan's daily EL SAHAFA also rejected the contention that the struggle in East Bengal was a separatist movement. It writes "the situation has now exploded for which General Yahya should be considered responsible. Mujibur Rahman is the true representative of the people of East Pakistan.............Mujibur Rahman's opinion is to be respected since he is the representative of true democracy."

Senator William Saxbe in his speech in the United States Senate on May 11, said "I could remind my colleagues that during the negotiations preceding the military blitz of March 25, the demand of the East Bengalis was not independence but autonomy or self-rule in domestic matters, such as policy and para-military forces, trade and commerce, tax and economic investment and the like."

Senator Prank Church in his statement made in the United States Senate on May 18, said, quoting THE NEW YORK TIMES referring to Awami League "this Bengali political party had just won an overwhelming mandate: 167 out of 169 seats assigned to East Pakistan in the 313-seat National Assembly, on a platform advocating greater political autonomy for the East."

Once the election results were out the Pakistan army was reluctant to hand over power to the Bengalis, George Clark writes in KENSINGTON POST on June 11, 1971, "Yet Bangladesh in the past five months has faced disasters which are truly titanic simply because the military government of Pakistan refused to recognize the result of a democratic election. It is as if Sir Malby Crofton and the Conservatives lost control of the Borough Council and refused to acknowledge the result of the election and called in the Guards!"

About the status of Pakistan Government vis-a-vis the legitimacy of Sheikh Mujibur Rahman the GUARDIAN in its editorial of June 14, 1971, writes................"and even the Pakistan Government (by) overturning the verdict of the last elections is an usurper."

John Pilger, International Correspondent of THE DAILY MIRROR London, writes on June 16, 1971, "the Bengalis have not seceded or rebelled. They are the majority in Pakistan and they took part in the country's first-ever elections and they overwhelmingly voted for Sheikh Mujib's Awami League, which won 167 of the 169 Bengali seats in the National Assembly. The Sheikh's short-lived government was as democratically founded as Mr. Heath's government." Pilger further writes "Bangladesh was declared only after the generals, in panic invaded Dacca and began their rule of terror. A Parliamentary movement was put down by troops flown in from a thousand miles away."

Mr. Ted Leadbitter, Labour M. P. in a letter to Mr. Salman Ali, Pakistan High Commissioner in Britain, wrote, "every report, every television account and every version on the situation in Bangladesh is in conflict with your propaganda"........"The blood-shed on your hands is there for everyone to see and no diplomatic nicety will prevent me from condemning the stupidity of your leaders, irresponsibility of your propaganda and the need to support a people who asked for nothing more than democracy.
Beirut Paper AL SHAAB says "in fact East Pakistan did not incline towards secession except when it was proved to her that the regime in the country did not depend on the will of the people but on the will of a domineering group living 1,000 miles away. Who approves of living within such a country? Pakistan is an artificial construction and any artificial thing is doomed to vanish."

TIME Magazine on August 23 writes, "though Mujib is accused of advocating secession for East Pakistan, the fact is that he did not want a total split-up of Pakistan and never declared independence until...........after the bloodbath began."

Lord Fenner Brockway of the House of Lords, England said in a statement "from a humanitarian view it has been greatest calamity in suffering since the bomb fell on Hiroshima. From a political view, it has been the most ruthless denial of democracy since Hitler.

CONSPIRACY TO SABOTAGE DEMOCRACY

Mr. Zulfiquar Ali Bhutto, Chairman of Pakistan People's Party, played the most suspicious role in the political drama of Pakistan. On his request, and disregarding the request of Awami League for an early session of the National Assembly, General Yahya summoned the Assembly on March 3, It is again Mr. Bhutto who was the first man to boycott the Assembly. Not only that, he also openly intimidated other members in West Pakistan from attending the Assembly. He threatened a "bloodbath" on this issue. In protest of the summoning of the session he called for a general strike all over West Pakistan, he threatened to launch a hartal from Khyber to Karachi; whereas Mr. Bhutto was a leader of a minority party in the National Assembly and secured majority seats only in the Punjab and Sind. On the one hand, he was demanding early transfer of power, democracy and constitutional Government and on the other hand, he was opposed to the idea of majority rule.

Once the election results were out, both the army and Mr. Bhutto backed by the feudal lords and big business of West Pakistan were out to sabotage the whole prospect of democracy. Mr. Henry Bradsher in the Washington EVENING STAR of April 29, writes "from the time election results were in, Bhutto began trying to deny to the East the right to get the kind of constitution it wanted. Bhutto, a feudal landlord and former foreign minister with a brilliant but opportunistic career, had won in the West on socialistic promises to the poor. His obstructive man oeuvres against Rahman served the interests of the Western elite, however, rather than the poor."

THE TIMES, London, July 20, writes, "Mr. Bhutto's argument was that the Awami League could not reasonably expect, even on the basis of its absolute majority in the assembly (where it won 167 seats), to dictate terms to the whole of Pakistan when it was represented in only one half. It was a pretty thin argument. But it had just enough legal and constitutional substance to provide the President with an excuse to postpone the meeting of the constituent assembly that was planned for March 3."

The military government, although it allowed elections, never intended to hand over real power to the people. Their calculation was that once elections were held different
parties would share the seats, there would be political chaos in the country and they would be able to discredit politicians once again to perpetuate their rule. But the election results shattered their plan. The promise to transfer power which Yahya Khan made soon after he came to power, as only a care-taker government, a promise with a hidden meaning.

A West Pakistani leader and President of National Awami Party of Pakistan, Khan Abdul Wali Khan, in an interview with the Afghan paper NEW WAVE (as reported in The STATESMAN, India of August 19) said, "President Yahya Khan had been misled by the army intelligence into the belief that Sheikh Mujibur Rahman's Awami League would not fare well in the elections. According to intelligence information, Quyyum's Muslim League was expected to win 70 seats, Daulatana 40, Bhutto 25, National Awami Party 35 and Mujib's Awami League only 80. It was on the basis of this information that President Yahya Khan agreed to make the public promise that power would be transferred to the elected representatives. It was a gamble that failed, but the military junta was refusing to accept the consequences."

The GUARDIAN, London on July 6, describes the attitude of Pakistan army, "there in three sentences is the true Pakistani army attitude. Callous, careless of life, indiscriminate of slaughter: and, at heart sickeningly supercilious."

NEWSWEEK Magazine in a cover page story under the heading "Bengal: the murder of a people" on August 2, 1971 writes "suddenly it seemed that Bengal's time had come. But at it turned out, Mujib's platform of economic and diplomatic autonomy for the East was too great a threat to be endured by Punjabi Leaders. Unwilling to play second fiddle to Mujib, West Pakistan's popular politician, the left leaning, Zulfiquar Ali Bhutto refused to participate in the new Parliament. And in the end President Yahya abruptly postponed the opening of the Assembly indefinitely.

In a cover-story published on August 2, 1971, TIME Magazine said, the election victory meant that Mujib, as the leader of the majority party, would be Prime Minister of all Pakistan.

It was something that Yahya had simply not anticipated. He and his fellow generals expected that Mujib would capture no more than 60% of the East Pakistan seats, and that smaller parties in the East would form a coalition with West Pakistani parties, leaving the real power in Islamabad. Mujib feared some sort of double-cross: "If the polls are frustrated," he declared in a statement that proved horribly prophetic, the people of East Pakistan will owe it to the millions who have died in the Cyclone to make the supreme sacrifice of another million lives, if need be, so that we can live as a free people."

A PRE-MEDITATED PLAN": POWER. WAS NOT TO BE HANDED OVER:

That Yahya's military regime never intended to hand over power to the peoples representatives is further evident from the fact that it had been planning an attack upon the people of Bangladesh for a considerable time. While discussions were going on after the elections in December, 1970 the Army was preparing through all these months, in meticulous detail, a plan of how and when to launch an attack to crush the new democratic forces of the country.
Sidney Schanberg writes in the NEW YORK TIMES on March 28, "but the bits and pieces that have come to light make it clear that the power establishment in the West never intended to let Sheikh Mujib win a single measure of autonomy for East Pakistan. He writes on the same day, "troops were flowing in daily from West Pakistan and many Bengalis began to believe that the negotiations were being deliberately prolonged to give the Government in West Pakistan time to get heavy reinforcements to the East."

John Woodruff writer in THE BALTIMORE SUN on March 30, under the headline "Yahya's planned attack in East Pakistan".......................... "but that condition (the minor technicality on which Yahya abandoned the talks with Mujib) is not naive, its disingenuous. It will make the whole purpose of the talks look like a delaying action while they (the Pakistan Army Generals) flew in more troops from West Pakistan". He goes on, "the comment was not the first serious suggestion that the talks were a delaying action. One well connected traveler arriving in Dacca from Karachi shocked newsmen a week before the conflagration by reporting that to Generals he regarded as highly reliable had told him that the Army's plan was to pull the Bengali leadership into believing the talks could succeed, then to crackdown without warning". He further goes on to say "the events could be described only as a carefully coordinated premeditated attack on a basically defenseless populations in an attempt to crush a movement whose main tactics had been non-violent non cooperation......General Tikkas predecessor, a man known among Bengalis for his understanding of their movement, left Dacca and returned to West Pakistan with no public explanation. Bengalis who knew him said, he resigned when he was ordered to make preparations for a military crackdown, soon after the initial Assembly postponement was announced on March 1."

THE GUARDIAN in its editorial of March 31, says "while he (Yahya) negotiated with Mujib, his Generals planned carnage."

THE BALTIMORE SUN on April 4 writes, "Clues as to how coolly the West Pakistanis had calculated their plan to shoot and burn the Bengalis into submission are provided by the personal actions of some West Pakistani politicians at the Hotel Intercontinental on the night the holocaust started.

THE NEW YORK TIMES on April 4 also confirms the same............. "It is clear now that the West Pakistanis never meant the talks to succeed, that they dragged them out only to buy the time to get enough troop reinforcements over from West Pakistan to launch the attack."

Henry Bradsher reports in the EVENING STAR of April 29, "the cyclone might not have taken its full toll yet" This revealing remark was made by Mr. Zulfiqar Ali Bhutto during a March 4 interview. It showed that West Pakistan's military-bureaucrat landlord elite Was willing to shed blood to keep control of East Pakistan. Three weeks later, last Thursday, the bloodshed began....."

LE MONDE of France agrees with this judgment by saying "far from looking for a compromise, even one which would be favorable to the Central Government against the Bengal autonomists. Yahya Khan is stepping up repression which has now reached such a pitch of brutality that one wonders if it was not premeditated."
Senator William Saxbe in his speech in the United States Senate on May 11, said, "Behind the smoke-screen of the negotiations, the strength of the largely Punjabi West Pakistan Army was increased, and its full force was unleashed on unarmed Bengalis in a manner and on a scale which Dr. Rohde and many other eye-witnesses had described as a variable bloodbath, mass slaughter and genocide."

THE TIMES, London on July 20, says "There is not much doubt that by the middle of March the use of armed force, as a final option was firmly implanted in the minds of the President and his advisers. A large scale air lift of troops from the West Wing-though absolutely denied by the military authorities in Dacca was carried out clandestinely throughout the month."

NEWSWEEK Magazine in a cover page story under the heading Bengal: The Murder of a People' writes on August 2, 1971 "weeks before the Yahya-Mujib meeting actually took place the President and his right-hand man Lt. Gen. Tikka Khan were already mapping out plans for Mujib’s arrest, the dissolution of Awami League and the slaughter of Bengali nationalists."

The Magazine further writes "Tikka Khan apparently pursuaded Yahya to buy time for the Army to build up its strength in Bengal. Accordingly, Yahya made his bid for discussions with Mujib. And while the two leaders talked-and Bengalis as well as the world at large looked for a compromise that might save Pakistan-the army pulled off a logistics coup. Flying the long over water route around Southern India with Boing 707s commandeered from Pakistan International Airways, the Army doubled its troops strength in Bengal to 60,000 men. When Tikka gave the word that all was ready, Yahya flew out of Dacca. And that very night, the bomber of Baluchistan (Tikka Khan) unleashed his troops"

TIME Magazine published on August 2, 1971:

"With the constitutional assembly scheduled to convene in March, Yahya began a covert troop build-up flying soldiers dressed in civilian clothes to the East at night. Then he postponed the assembly, explaining that it could not meet until he could determine precisely how much power and autonomy Mujib wanted for the East. Mujib had not espoused full independence, but a loosened semblance of national unity under which each wing would control its own taxation, trade and foreign aid. To Yahya and the generals, that was unacceptable. On March 25, Yahya broke off the meetings he had been holding and flew back to Islamabad. Five hours later, soldiers using howitzers, tanks and rockets launched troop attacks in half a dozen sections of Dacca."

TIME Magazine of August 23 writes, "In last December's elections for a Constitutional Assembly, Sheikh Mujibur Rahman's Awami League won an overwhelming 167 of 169 seats in the East. That was enough to guarantee Mujib a majority in the 313-seat National Assembly, and ensured that he would have become Prime Minister of Pakistan. It was also enough to alarm President Yahya Khan and the West Pakistan establishment, which has run the geographically divided country since its partition in 1947. Yahya and Co. feared that Mujib's ascendency would mean far greater
autonomy for the long-exploited East Pakistanis, and the Pakistan army ruthlessly moved to crush the Bengali movement.

Finally, David Loshak analyses in SUNDAY TELEGRAPH of April 4, the Pakistan army elite's character and design to crush democracy. "These men never believed in the democratic process that Yahya set in motion. They did not believe in it because they were not democrats by nature, by upbringing or by belief, but autocratic, patriarchal and partician. Contemptuous of the mob, more of the 18th century than the 20th, they realized that their whole future as the dominant group in Pakistan was threatened by a peaceful transition to civilian Government like the one which only a month ago, seemed (but never was) so near. To them, the precisely phased programme that President Yahya Khan and his civilian Cabinet devised for the transfer of power to a elected assembly, was never more than a cloak for the realities of the power structure in Pakistan. They were counting on December's election results. This would have provided the most legitimate excuse for prolonging military rule. Instead it gave absolute majority to one man and one party the East Wing leader Sheikh Mujibur Rahman and his Awami League. From that day, December 7, the Generals and Colonels knew what they had to do. It was then simple a matter of waiting for an excuse........By then the army had a carefully laid contingency plan. Its intelligence network had thoroughly infiltrated the Awami League. Clearly, the final preparation must have been in train, under the direct personal guidance of Lt. Gen. Tikka Khan, President Yahya's new Martial Law Administrator, even as the President was having the last rounds of constitutional talks with Sheikh Mujib."

"Even as he conferred with Mujib, President Yahya must have known of the preparation that the army was taking. It seems hard, on the evidence of the sequence of events, to acquit the President of charges of the deepest treachery."

GENOCIDE

An overwhelming majority of the world is more than convinced today that Gen. Yahya Khan and his Government is guilty of genocide. His occupation Army's mission has been "to kill and burn every Bengali." Plans were drawn out and executed in meticulous detail to destroy a nation and a people. Article II of the Genocide Convention defines this crime as "acts committed with intent to destroy in whole or in part, a national, ethnical, racial, or religious group by killing or causing serious bodily or mental harm to the members of the group......." Today in the occupied areas anyone who asserts that he is a Bengali will be shot out of hand by the Punjabi army and equally anyone who owns to being a Hindu will be eliminated. The extent of atrocities that has been committed has no parallel in modern history.

How this operation of deliberate genocide started was written by almost all the foreign correspondents who were present in Dacca till they were expelled on march 26 and the others who have been to Bangladesh after the military launched its attack. This is how, according to them, it all began:

Henry Bradsher in WASHINGTON STAR said "the Army seized control of Dacca on Thursday night and gunfire including heavy artillery was heard till late on Friday morning. Huge fires burnt in the direction of the Dacca University."
The AFP Correspondent Brian May said...... "the intensity of ringing gunfire that raged all night and continued sporadically throughout Friday made it seem likely that the death toll in the city ran into several thousands... It appeared that the Army had disarmed the Police force which consists mainly of Bengalis."

Robert Kaylor of UPI said "soldiers carrying torches are seen going towards the office of the People newspaper near the Hotel. There is some shouting and firing and the office is set on fire......... Huge columns of smoke rise from the direction of the University. If troops have attacked with heavy weapons, the carnage will be tremendous. The students at the University are crammed into dormitories that hold about 400 each."

Michael Clayton of BBC reported "the troops carried out a ruthless operation on Thursday night to intimidate the people of Dacca."

Simon Dring, another eye-witness, of the DAILY TELEGRAPH, London, wrote on March 30, "caught by surprise, some 200 students were killed in Iqbal Hall when their rooms were sprayed with Machinegun fire.....the military removed many of the bodies but the 30 bodies still there could never have accounted for all the blood in the corridors of Iqbal Hall. He further said "people asleep in the Bazar were shot In the morning the victims were still lying there with rugs on them, as if they were still sleeping. On the morning of March 26 the firing stopped and silence prevailed all over Dacca. Suddenly the city was again filled by troops and for 11 hours they went about systematically destroying the entire old city of Dacca". He further said "the Army shot every person in the old city and burnt people inside their homes. The biggest massacre was in the Hindu locality. The army then rushed to its next target, the centre of Sheikh Mujib's supporters The carnage continued till the night". (Simon Dring was a Journalist who escaped the expulsion of 26th night and hid himself in one of the rooms of the Hotel Inter-continental. On morning of March 27 when the unannounced curfew was withdrawn Dring had a look at the killing and destruction with his own eyes.)

Peter Hazellhurst of THE TIMES, London, quoting a student who survived three days of carnage in Dacca University, said "some people were ordered to dig a huge grave. The Pakistani soldiers told 8 or 9 bearers to sit down. After a while they were directed to stand and line up near the grave. The guns fired again and they fell next to the bodies of my friends".

John Woodruff writes in THE BALTIMORE SUN on March 30 under the headline 'Yahya planned attack on East Pakistan', "the first Radio broadcast announcing a curfew was made in mid-morning, 8 hours after foreign newsmen watched soldiers turn a jeep- mounted Machinegun without warning on 15 empty handed youths who walked towards them slowly, shouting defiance".

Michel Laurent of Associated Press reports in NEW YORK POST "touring the still burning battle areas Saturday and yesterday, one found the burnt bodies of some students still in their dormitory beds. The tanks had made direct hits on the dormitories. A mass grave had been hastily filled in at the Jagannath Hall, 200 students were reported killed in Iqbal Hall. About 29 bodies were still on the ground and in the dormitories".
Louis Heren of THE TIMES, London writes on April 2 "the Pakistan Army is alleged to have waged a war of genocide in East Pakistan. The objective is said to be the elimination of the political and intellectual leadership, and it might well have been achieved". The conclusion drawn was that "East Pakistan would be without Political and intellectual leadership for at least a decade and perhaps a generation. The Bengali soldiers and officers here in Pakistan Army were being dis-armed by the West Pakistanis weeks before they launched the attack."

Mervyn Jones wrote in THE NEW STATESMAN on April 2 "President Yahya Khan's thanks have been ordered into destructive action, no holds barred against the people of East Pakistan; and, in grim logic the enemy must be the whole people because they had declared this with rare unanimity for demands of self rule."

THE EVENING STANDARD of London writes on April 8 "Bengalis were being killed in their thousands. The Army was rounding up people and machinegunning... them they were shot from behind like dogs".

Michael Hornsby writes in THE TIMES of July 20 "that the army conducted a systematic persecution of an important segment of the population of East Pakistan there can no longer be any reasonable doubt".

DAILY TELEGRAPH "in an editorial of April 12 wrote "what is going on is less a civil war or the suppression of a rebellion than a colonial war of conquest. Strict censorship and the expulsion of all foreign correspondents make it impossible to say whether the instances of brutality reported by many eye-witnesses are typical but enough has been to arouse the worst fearst."

David Loshak reports from Sylhet, Bangladesh in the DAILY TELEGRAPH of April 15 "almost the entire population of 700,000 had fled into the surrounding countryside leaving the streets to the helpless old and crippled, the corpses to wild dogs and vultures.

Bloated corpses floated in the Surma river which flows through Sylhet. They were testimony to the night of March 26, 1971 when the West Pakistani troops burst into the city and launched a campaign of looting and slaughter. Special units were assigned to the killing of doctors and advocates, Journalists, teachers and other professional people"

THE NEW STATESMAN, London writes on April 16 "if blood is the price of a people's right to independence, Bangladesh has over paid..... Piously required, as third world countries always are by the West to make their demands known through the ballot box, they did so. They won an absolute majority in the all-Pakistan Assembly. It was the first General Election the country had held and the result came as a considerable shock Faced with this the Islamabad Government of Yahya Khan whose strength is based on an Army from which the Bengalis are excluded, panicked and Islamabad fidgetted. The result was carnage".

Sydney Schanberg in THE NEW YORK TIMES of April 17, 1971 quoting a wounded 90 year old Second Lieutenant of the Pakistan Army who subsequently escaped, writes, "through a window he saw 60 Bengali soldiers of the Regiment being taken off behind a
building, their hands in the air, by West Pakistan troops. Then he heard a sustained
burst of firing and assumed that the Bengalis had been killed”.

The Steering Committee of the 'International Committee on the University
Emergency' in a statement reported from New York and published in HINDUSTAN
STANDARD, India of April 24 said "It was obvious that the University has been a
major target. A premeditated massacre appears to have been conducted from a master
list of victims prepared possibly as early as last fall. Leading teachers as well as
artists, musicians and writers associated with Bengali literature and culture were the
victims. It was genocide in its cruelest and most abject sense”.

Syria's AL-THAWRA called this action of West Pakistan troops as "an organized
campaign of mass-killing in East Bengal".

Dan Coggins, Correspondent of TIME Magazine was another newsmann who Was
expelled on 26th evening but subsequently became the first American journalist to
visit Dacca by truck, bus and bicycle through less prominent routes. He wrote "the
tales of brutality are seemingly endless. A young man whose house was being
searched begged the soldiers to do anything, but to leave his 17 years old sister alone;
they spared him so that he could watch them murder her with a bayonet. Col. Abdul
Hai, a Bengali Physician attached to the East Bengal Regiment was allowed to make a
last phone call to his family; an hour later his body was delivered to his home. An old
man who decided his Friday prayers were more important than the curfew, was shot
to death as he walked into a Mosque”.

The most revealing of all the reports, was that of Anthony Mascarenhas who in his
4-page account in the SUNDAY TIMES on June 13 said "This is genocide conducted
with amazing casualness". Mascarenhas was a guest of West Pakistan army in
Bangladesh in April 1971 and toured the whole of the territory assisted by army
officers. In. his despatch which came out under the heading "GENOCIDE" he writes
"I think that in reality there is no contradiction in the Government's East Bengal
policy. East Bengal is being colonized.......President Yahya Khan is riding on the
back of a tiger but he took a calculated decision to climb up there”.

"But the army is not going to pull out easily. The Pakistan Government's policy
for East Bengal was spelled out to me in the Eastern command Headquarters at
Dacca. It has 3 elements:

(i) the Bengalis had proved themselves 'unreliable' and must be ruled by West
Pakistanis.

(ii) the Bengalis will have to be re-educated along proper Islamic lines. The
'Islamisation of the masses'-this is official jargon-is intended to eliminate
secessionist tendencies and provide a strong religious bond with West
Pakistan.

(iii) when the Hindus have been eliminated by death and flight their property will
be utilized as a golden carrot to win over the under privileged Muslim middle
class. This will provide the base for erecting administrative and political
structures in the future. This policy is being pursued with the utmost
blatancy".
DAILY MIRROR says on June 14 "it is now clear that what has happened in East Pakistan is not just the suppression of an insurrection but mass slaughter".

"the military Government of West Pakistan is waging a war of selective genocide and of starvation against 2 % of the human race-the 75 million people of Bangladesh."

The SUNDAY TIMES, London on June 20 published a full page account titled" Pogrom in Pakistan" and confirmed the genocide that has been committed in Bangladesh by Yahya Khan's Government; "a new campaign of tenor has been unleashed in Bangladesh, killing teachers, journalists, writers, magistrates, doctors, Hindus and Awami Leaguers. Gestapo-like activities are rampant; this is chiefly the work of the Razakars- group of armed Biharis and armed forces personnel-who carry on, with the tacit approval of senior officers, extortion, kidnapping of girls, raping, prostitution, and other forms of related activities. In Agrabad Chittagong such a prostitution camp is run-the object being to provide girls for officers and during parties.

Army intelligence has prepared a list of suspect. They are classified as white, gray and black. The whites are to be let loose, the greys fined and/or imprisoned and the blacks shot dead. Many suspects are arrested openly or called to the Cantonment for interrogation-then they are never heard of again. Many examples of such cases may be cited."

Tony Clifton of NEWSWEEK Magazine writes on June 28 quoting John Hastings, a British Missionary in India for 20 years as saying "I am certain that the Pakistan troops have raped girls repeatedly, then killed them by pushing their bayonets up between their legs". Clifton concludes that this genocide was not haphazard but part of a calculated operation launched by the military rulers of Pakistan to exterminate Bengalis.

Martin Woollacott of the GUARDIAN, London writes on June 28 in a despatch from Bangladesh "what can reasonably safely be asserted about the Comilla District is that there was killing, rape, looting and burning. "

Sydney Schanberg who was expelled by West Pakistan Army on June 30 wrote on June 29 from Faridpur, Bangladesh "the Pakistan Army has painted big yellow H's on the Hindu shops still standing in this town to identify the property of the minority thousands of the population that it has made its special targets".

Schanberg writes again on July 4 "does not the world realise that they (the West Pakistani soldiers) are nothing but butchers? asked a foreigner who has been living in East Pakistan many years. 'That they killed and are still killing Bengalis just to intimidate them, to make slaves out of them? That they wiped out whole villages, opening fire at first light and stopping only when they got tired?"

THE HONG KONG STANDARD writes on July 5 "Yahya Khan's army has set a grisly new record in the bloody annals of the human race"

Hassanein Heikal, Editor of AL-AHRAAM, UAR wrote on July 9, "How Can we accept to remain silent about what happened in East Pakistan, when someone quarter of a million people were slain in the most tragic carnage of contemporary history?"
Anthony Lewise in NEW YORK TIMES on July 12 writes "the feeble Pakistan propaganda claim to be dealing only with 'miscreants' does not conceal the fact that the Army is killing and terrorizing on grounds of race and politics."

On the conclusion of an extensive study tour of Bangladesh in June 1971, 10 representatives of the World Bank submitted a joint report. Along with this report were submitted the observations of Mr. Hendrik Van der Heijen, Economist, Pakistan Division, IBRD, who said "the farmers are not coming to the cities, nobody goes out. Thousands of farmers have fled. Everything is abnormal there and it was a shattering experience"

Mr. George Broussine wrote in LA POLITIQUE DE MATIN of France, "Of all the crime which trouble the world today, the most serious and the most disastrous for mankind is the one in Bangladesh."

INTERNATIONAL HERALD TRIBUNE reports on July 21, 1971 "more than 150 thousand East Pakistan refugees-nearly an of them Muslim-have fled into India's Tripura State in the past few month after a reported wave of village-burning and rape by Pakistani troops."

TIME Magazine, in its issue of August 2, 1971, wrote:

"The evidence of the blood-bath is all over East Pakistan. Whole sections of cities lie in ruins from shelling and aerial attacks. In Khalishpur-the northern suburb of Khulna, naked children and haggard women scavenge the rubble where their homes and shops once stood. Stretches of Chittagong's Hazari Lane and Maulana Sawkat Ali Road have been wiped out. The central bazar in Jessore is reduce to twisted masses of corrugated tin and shattered walls. Kushtia, a city of 40,000, now looks, as a World Bank team reported, "like the morning after a nuclear attack." In Dacca, where soldiers set sections of the old city ablaze with flamethrowers and then machine-gunned thousands as they tried to escape the cordon of fire, nearly, 25, blocks have been bulldozed clear, leaving open areas incongruously amid jam-packed slums.

Clare Hollingsworth writes in the DAILY TELEGRAPH on August 5, 1971 in a despatch from Dacca 'there has been little change in army methods during the past 4 months.....the young men are quickly taken off in trucks for questioning in the nearest prison while the older men and women run away then they see the troops preparing to destroy houses with bulldozers."

Senator Edward M. Kennedy in his statement made in the US Senate on April I said "it is a story of indiscriminate killing, the execution of dissident political leaders and students and thousands of civilians suffering and dying every hour of the day. It is a story of dislocation and loss of home."

Senator Saxbe in his speech in the U.S. Senate on May 11 quoted Doctor Rodhe, an eye-witness, as saying it is clear that the law of the jungle prevails in East Pakistan where the mass killing of unarmed civilians, the systematic elimination of the intelligentsia and the annihilation of Hindu population is in progress."
Over 200 members of the British Parliament including 11 Privy Councilors and over 30 former Ministers signed the following motion tabled in June 1971 accusing West Pakistan army of being guilty of genocide.

"That this House believes that the widespread murder of civilians and the atrocities on a massive scale by the Pakistan Army in East Bengal, contrary to the United Nations Convention on Genocide signed by Pakistan itself, confirms that the military Government of Pakistan has forfeited all right to rule East Bengal following its wanton refusal to accept the democratic will of the people expressed in the election of December 1970: therefore believes that the United Nations Security Council must be called urgently to consider the situation both as a threat to international peace and a contravention of the Genocide Convention: And further believes that until order is restored under United Nations supervision the provisional Government of Bangladesh should be recognized as the vehicle for the expression of self determination by the people of East Bengal."

Edward Kennedy once again, after a one week tour of refugee camps of India said on August 26 'refugees told stories of atrocities, of slaughter, looting and burning and harassment and abuse by West Pakistan soldiers and collaborators........"we must demonstrate to the Generals of West Pakistan and to the people of the world that the United States has a deep and abiding revulsion of the monumental slaughter that has ravaged East Bengal."

SITUATION INSIDE BANGLADESH

Complete Collapse of Economy

Since the West Pakistan army's crack-down on March 25, 1971 Yahya Khan has claimed again and again that normalcy has returned inside Bangladesh. This is far from the truth and many people suspect that Yahya Khan does not know at all what has been happening, in Bangladesh which he is claiming to have occupied.

The World Bank Report says "people fear to venture forth and as a result commerce has virtually ceased and economic activity generally is at a very low ebb."

"The first thing that struck one whether in Dacca or travelling in the countryside-is that there seem to be very few people about."

After dark the situation is more unusual still. Most areas have curfews. Whatever the curfew hours, the streets began to clear in mid-afternoon and are completely deserted by dark."

"For almost 3 months there was virtually no movement of jute, tea, or other exports from farm to factory or port, and very little from ports abroad."

'Nowhere is vehicular traffic along the roads at more than 5 to 10% of normal levels. And, except for some fishing activities the waterways appear deserted. The country boats have disappeared'.

The situation inside Bangladesh has not changed much since the reports of the World Bank Team came out in July 1971.
TIME Magazine said, in its cover story of 2nd August 1971, "Thus far the war has been officially misrepresented to the people of the West as a mere "operation" against "miscreants." Tight censorship allows no foreign publications containing stories about the conflict to enter the country. Even so, as more and more soldiers return home badly maimed, and as young officers are brought back in coffins (enlisted men are buried in the East), opposition could mount. The pinch is already being felt economically and there have been massive lay-off in industries unable to obtain raw materials for lack of foreign exchange.

In other words the whole economy has completely collapsed. This is confirmed from the suggestion made in the study of the World Bank which reads "it is most unlikely that any significant movement in the direction of normality will occur until there is a drastic reduction in the visibility-and preferably, even the presence of the military and a re-establishment of normal civilian administration in East Pakistan".

Army To Live Off The Land

The West Pakistan Army has either burnt or looted the food stores and due to the complete dislocation of agricultural life the food situation has become very acute. Because of their failure in logistical supplies, the troops are always found to be desperate for their own survival.

Patrick Keatly of THE GUARDIAN, London writes on April 15, 1971 "Orders to live off the land are being issued to Platoon, Company and Battalion commanders as they leave Dacca with their troops.

It suggests that the logistical supply system has broken down and perhaps there is a problem of finance for the Central Govt. But it conjures up the unpleasant prospect of troops obtaining their food supply at the point of bayonets and clearly ushers in a new phase of what is becoming a savage military campaign."

Famine

Michael Hornsby writes in THE TIMES of London on June 24 "a serious famine is likely to begin in about 4 months and last for a year or more. Many thousands may die- certainly many more than in the refugee camps in India-and several millions could be weakened by malnutrition."

Civil Administration

Because of complete non-cooperation from Bengali civilians who are not assisting the West Pakistan army in any manner, Yahya Khan's regime has brought thousands of West Pakistanis to run the Govt. The SUNDAY TIMES of London writes on June 20 "all Hindu and Awami League Bank accounts have been frozen and Dacca is patrolled by 3000 imported Punjabi Policemen."

Schanberg writes on June 25 "the Pakistan Army is clearly in control of the city but normality the word the Government uses to describe conditions here-does not exist."
Sydney Schanberg of NEW YORK TIMES writes on July 13: "In addition to the daily troops arriving the Govt, is bringing in wave upon wave of West Pakistanis to replace East Pakistanis in Government jobs. No Bengali is trusted with a responsible or sensitive post; even the man who cuts the grass of the Dacca Airport is a non-Bengali."

DAILY TELEGRAPH of London writes on July 19, "the situation deteriorated during the last few weeks in Dacca largely as a result of the improved organisation and training of the urban groups of Bangladesh guerillas-the situation in East Pakistan is still so far removed from normal that the military Governor Gen. Tikka Khan and his staff are making frantic efforts to persuade the President to postpone his visit."

It is to be mentioned here that Tikka Khan was successful in doing so and Yahya Khan has not yet been able to visit Bangladesh for fear of his personal safety.

People's Morale

The Liberation forces enjoy the complete support of the people of Bangladesh. Despite the reign of terror continued by the West Pakistan army the morale of the people is very high.

Clare Hollingsworth writes in the DAILY TELEGRAPH London on August, 9, 1971 "the moment the Pakistan army is not around, the villagers express their sympathy with Bangladesh, but the moment they see a soldier they yell "long live Pakistan". One Villager told me this is our life-saver."

Occupation Armys Propaganda of A Civil War

There is no positive evidence and certainly not in the so called White Paper published by Yahya Khan that Bengalis killed non Bengalis before March 25. This propaganda which the West Pakistan Army adopted subsequently has not convinced anyone either.

On the contrary, Associated Press Correspondent Denois Neeld, who visited the forbidden city of Dacca during the news-blackout wrote in April 1971 "non-Bengali civilians from West Pakistan are taking advantage of the situation to loot and kill. The army however stands by or openly condones the violence launched by non-Bengalis."

THE TIMES of London writes on July 12, 1971 "a considerable propaganda effort has been made by the Pakistan Government to suggest not only that the army action was necessary to prevent the mass slaughter of Biharis but also that killings of non-Bengalis took place on a substantial scale even before the army moved in."

It is a pretty thin explanation. It is inconceivable had there been killings on the scale claimed that these would not have come to the eyes and ears of the many foreign journalists in East Pakistan until their expulsion en masse on March 26."

Refugees: When will they return?

Over 8 million refugees have crossed the border and are taking shelter in different areas of the neighboring country, India. They have left their homes out of fear and terror;
for sheer survival. Equally distressing are the conditions prevailing inside Bangladesh for those who could not escape and are under constant torture and a reign of terror.

The GUARDIAN, London writes on June 14, in an editorial "Murder, the hope of shelter and fear have driven 4 or 5 million refugees from East Pakistan to India... ...in addition, left behind in East Pakistan at the mercy of Yahya's bayonets there are further millions of whom at least many thousands must be in tenor, misery and near starvation."

Colin Smith wrote in THE OBSERVER, London on June 27 'the army is opening up reception centers for refugees wishing to return to East Pakistan from India. Mr. Bottomley and his party visited one of these camps and found 22 exhausted people. The Pakistanis were expecting 500 a day.'

Murray Sayle writes in July 71 in THE SUNDAY TIMES, London "the Pakistan Military regime recently repeated its claim that East Pakistan is rapidly returning to normalcy after its prolonged military operation.......I spent a week touring one of the areas from which many thousands of refugees fled and found that this is untrue; that, in fact, a repulsive political system is taking shape which may well make it impossible for them (the refugees) to return."

Reginald Prentice, a member of the British Parliamentary delegation which visited both Bangladesh and India wrote in NEW STATESMAN on July 16 "everywhere we went we questioned refugees at random; everywhere we were told similar stories. The army have come to their village or a nearby village. People were shot or mutilated, houses and farms burnt. Women were raped, the soldiers had looted or encouraged the non-Bengalis to loot Bengalis (and specially the Hindus). This was still happening. That is why they had left. They wanted to return, but only when it was safe, that is when Mujib said it was safe or when the army left"

The refugees include both Hindus and Muslims. The GUARDIAN of London writes on July 21, "there are 20,000 Muslim refugees at Kantala Camp 19 miles from Agartala and only 20 yards from the border. All of them came from villages just inside East Pakistan."

The INTERNATIONAL HERALD TRIBUNE writes on July 21 "a party of foreign journalists who recently toured the remote areas of Tripura and Assam said many East Pakistan refugees told of looting and burning of Muslim villages and the rape of Muslim women by Pakistani soldiers."

THE MUKTI BAHINI

From Resistance to Victory

The Mukti Bahini (Liberation forces), grown out of a spontaneous resistance from among the people of Bangladesh is now a well-organized force. It has grown both in strength and size. By all standards it has established itself as a capable liberation force and will, without any doubt, bring ultimate victory. The Mukti Bahini enjoys the
complete support of the population and continues to achieve more successes every
day. The world is gradually recognizing this fact.

David Loshak in a despatch from Sylhet writes in DAILY TELEGRAPH on April
15 "their own losses have been so far, heavier but Bengalis in their thousands are
continuing the fight and constantly replacing the dead. I found of their morale
consistently high despite their desparate situation, and there is no doubt of their
readiness to fight to the death".

The SUNDAY TIMES of London writes on April 18 "the independence of East
Pakistan is inevitable. What started as a movement for economic autonomy within the
framework of united Pakistan has been irrevocably transformed by the wholesale
slaughter of East Pakistani civilians into a movement that sooner or later will produce
an independent East Pakistan"-Bangladesh is a matter of time."

THE SUNDAY TIMES of London writes on June 20, 1971 "frequent grenade
blasts rock Dacca, apparently the work of the Mukti Foug. Most young people
between the ages of 16 and 26 have joined the Mukti Foug. Their widespread fear is
that to be young in East Pakistan is to be killed. They mentioned the hope also that
they may one day live in a free Bangladesh."

Martin Woollacott writes in THE GUARDIAN, London on June 23 "but outside
Dacca and not only in the border regions, the army still faces the almost impossible
task of guarding a vulnerable communication system and rural economy against
sabotage by the guerilla groups of Mukti Foug who still have bases in the interior of
the Province."

Clare Hollingworth writes in the DAILY TELEGRAPH of July 6 referring to the
West Pakistani troops vis-a-vis freedom fighters "but the position of the armed forces
grows more difficult everyday as the training and efficiency of the Bangladesh
guerrillas increase." She further writes in the same despatch from Dacca, "and unless
dramatic efforts at conciliation are made and made soon, Bangladesh will become an
independent state whether it takes the guerrillas 5 years or even a decade to make their
points; for they have the everwhelming support of the population as the 96% vote in
the election for Sheikh Mujibur Rahman suggests."

Sydney Schanberg of NEW YORK TIMES wrote on July 13 "outside Comilla not
long ago the guerrillas blew up a rail bridge, a repair train was sent out with armed
guards. The guerrillas attacked the repair train in broad day light, killing the firemen
and taking a hostage. The train sped back into town."

Schanberg writes again on July 15 after he was expelled from Dacca "guerrillas (of
the Mukti Bahini) have recently carried out several raids in and around Dacca,
knocking out Power Supply Stations, attacking on Ordnance Factory and damaging a
plant that Was converting motor launches into gun boats for the army. This
correspondent found that poor Bengali villagers, though too occupied with daily
survival to think about defying the army openly were quietly cheering the insurgents
on and hoping for a chance to help them."
Sydney Schanberg writes in the NEW YORK TIMES of July 16, 1971, 'as the still disorganised Bengali autonomy movement appears to be gaining momentum, the guerrillas have been avoiding frontal battles but have inflicted a sizeable number of casualties', the heaviest action has been in the Eastern border district of Sylhet, Comilla and Noakhali, specially in the latter where the guerrillas have been able to keep the vital road and rail links between Chittagong and Dacca severed.'

Clare Hollingworth in a despatch from Dacca writes in the DAILY TELEGRAPH of London on July 21 'Dacca has been without electricity since Bangladesh guerrillas destroyed 3 vital Power stations with bombs on Monday night killing 13 guards in a gun battle at one.

Army experts say the guerillas know exactly where to place the charges to cause the most damage ... it will take months before new transformers can be imported to replace the destroyed installations.'

The Correspondent of THE TIMES, London writes on July 21 'a new phase has begun in the armed struggle for East Pakistan's independence. After spending a few days with Bangladesh liberation forces (Mukti Fouj), I cannot see the Pakistan army finding it easy to cope with them.'

THE DAILY TELEGRAPH, London writes on July 22 'inside the towns highly trained saboteurs are now operating in small groups of 3 and 4 dressed like poor Bengali villagers.

Correspondent of THE TIMES, London writes on July 23 'East Bengal freedom fighters claimed to have killed between 15,000 and 20,000 West Pakistan troops and wounded many others so seriously that they must have succumbed to their injuries in Hospital. In a special interview Col. M. A. Osmani, Commander-in-Chief of the Bangladesh forces told me, he was speaking exclusively of losses suffered by the Pakistan army.

Talking to different, Mukti Fouj (Liberation forces) Commanders in the Eastern Sector, I have tried to find out if their estimates vary. But if anything they tend to think Col. Osmani's estimate undoubtedly conservatives.'

Peter Gill writes in the DAILY TELEGRAPH, London on July 23 'Bangladesh guerillas have occupied an area of 150 sq. miles in the Jessore District of East Pakistan near the frontier with India.'

Clare Hollingworth writes in the SUNDAY TELEGRAPH on July 25 'the Pakistan Army stopped all traffic leaving Dacca for the south or west for several hours yesterday. A captain politely explained that the road to Fatullah was closed because 'there is firing ahead' ......'after the roads had been reopened late yesterday, only a large new civilian lorry, destroyed near a road barrage, bore witness to what was clearly an incident between Pakistan army and guerrillas. Fatullah is the site of an important electric Power Plant and Transformer which is now vital to maintain the erratic low power current available in Dacca since Monday, when two big substations in the city were destroyed by Bangladesh guerillas.'
Murray Sayle in a despatch from Dacca writes in THE SUNDAY TIMES on August 1, referring to the PIA flights between Dacca and Karachi carrying the heavy army casualties "the patients are soldiers going home to West Pakistan because military hospitals in Dacca are full." He Went "On my flight last week there were six, two had legs blown off by mines, and the other four, caught in ambushes, had bullet wounds in the upper body. Sometimes, I was told, the PIA planes are a quarter-full of badly wounded men". He further writes, "the (Bangladesh Liberation forces) guerillas have already scored successes which any Vietcong commander would record as a highly promising start to a protracted war."

THE TIMES, London writes on August 5, 1971 from a despatch of Louis Heren. Reliable reports have it that the Mukti Bahini, or freedom force, has decided that the best strategy is to bring the economy to a halt.

Clare Hollingworth writes in DAILY TELEGRAPH, dated 5. 8.71. "The situation in East Pakistan grows perceptibly worse each day as the Mukti Foj, the Bangladesh guerillas, increase the number and efficiency of their operations. Explosions during the night have become louder and more frequent... ...The West Pakistan troops are tired. They have had no break for over four months and they are operating in a strange environment. On the frontiers they are subject to mortar bombs and other harassments from the Mukti Foj, who are beginning to demonstrate the results of their training."

**Independence of Bangladesh: A Reality**

In political terms, Bangladesh is now a reality. Recognition by the world community is only a matter of time. The nation of Bangladesh has its roots in the history and economy of her people. THE SPECTATOR of London writes on April 17, "Politically, economically, socially, the West Pakistan military regimes which have ruled both Pakistan have neglected East Pakistan; and there is nothing at all surprising that the Bengalis of East Pakistan should have sought independence as Bangladesh."

Peter Hazellhurst in a despatch from a liberated area of Bangladesh writes in THE TIMES, London on June 19, "the former Pakistan army Captain is adamant that freedom fighters will not accept any political settlement short of independence. There can be no going back after what the army did on March 25. We have lost too many lives, and most of my men have no idea what has happened to their families. This is now a struggle for complete freedom."

Prof. Louis Dumont, a Director of the Institute of the Higher Studies in Paris writing in LE MONDE on August 6 makes the point that East Bengal is virtually independent and urges France to stop all assistance to the Government of Pakistan because that Government had lost its legitimacy by going to war against the majority of its Citizens.

Bruce Douglas-Mann a member of the British Parliament told the House of Commons on June 9, 1971 "it is undoubtedly true that a whole people are being deliberately destroyed. They are being driven out of their country and the terrorizing tactics being adopted can have only one possible outcome, and that is the ultimate independence of Bangladesh."
He continued to say "that was not necessary until the night of 25th March but as a result of what has been done, it is now pointless even to discuss the question of reconciliation and the possible reunification of Pakistan. Pakistan is dead. It has been buried under millions of bodies and I fear that we have not yet seen the worst."

"I am saying that Pakistan as an unit and as an entity is dead. The only solution which will provide any possibility of relief for the people of East Bengal is for the West Pakistan army to be forced to withdraw by economic pressures and sanctions."

Mr. Gallagher in a statement to the House of Representatives made on August 3, 1971 said "this war of resistance in East Pakistan is bound to spread. A while people has arisen in revolt against an unpopular regime. The Pakistan army cannot win this war. For that army is fighting an outmoded colonial war in a land far away from its home base against a vast population of 75 minion which its barbaric actions have totally alienated... ...The war of East Pakistan's Liberation and Independence may already be too far gone for a settlement short of Independence through the processes of political conciliation and negotiation. The questions really are how long will this war last?"
CRISIS OF BANGLADESH MOVEMENT

Considering the present international moves an assessment has become necessary to evaluate the whole question of Bangladesh movement. Before taking a final position on this subjects the role of different big powers with regard to Bangladesh can be summarized in the following terms :-

U.S.A.: American has committed herself to the Yahya khan's regime. Without going into the reasons for such a policy, U. S. has done the following so far :-

(i) An emergency grant of dollar-aid of 4 million to purchase coasters for the occupation army during Monsoon;

(ii) Several Ship loads of non-lethal arms supplies. It is believed that heavy and sophisticated weapons are sent to West Pakistan via Iran and Turkey while auxiliary equipment and spare-parts are delivered openly;

(iii) 18 Cobra-gunships (Large Helicopters) bought from Iran but believed to be delivered by America;

(iv) It is highly likely, as reported in the Los Angeles Times in early August, that American arms are being diverted from Vietnam into West Pakistani hands;

(v) American AID Office in Dacca is now full of counter insurgency experts who acquired their experience in Vietnam;

(vi) The American Government is now preparing to reopen the Aid-Faucit to save the West Pakistan economy and at the moment American Banks are supporting by giving loans to Pakistan Government.

Therefore, it is clear that US has involved quite deeply in the crisis of Bangladesh and is giving full support to Yahya Khan. The way Russians and Indians have committed to each other, it can be more the reason why it will push U.S. to go all the way for Yahya Khan for the time being. U. S. THEREFORE IS FOR ONE PAKISTAN.

USSR: In this sub-continent particularly with regard to India and through her over Bangladesh, Russians have gained most while doing the least. What Russia has done so far with regard to Bangladesh is (i) a letter by Podgorny to General Yahya Khan on April 2, 1971. This letter was not a threat but a mild approach requesting Pakistan to settle the issue peacefully, (ii) Exchange of some letter which were not disclosed but apparently the tone was same as in the original one. (iii) In a joint communiqué after the Indo-Soviet Treaty was signed a
On the next day Mr. Kosygin proclaimed Soviet sympathy for the democratic forces in Pakistan and said "the atrocities and the like committed against the people there will never enjoy the support of the Soviet people".

However, the Soviet Union reaffirmed its position with regard to East Bengal situation as laid down in the original appeal of Mr. Podgorny to General Yahya Khan on April 2, 1971. Furthermore the basic position remains the same. Russia desires a peaceful political solution of the crisis in Bangladesh and appears to be opposed to any kind of aggravation that would provoke a military confrontation between India and Pakistan. But from its stand taken in the joint communiqué after Indo-Soviet treaty for a political solution "to the satisfaction of the entire people of Pakistan", the Soviet Union has gone this time a little further (closer to Indian side) by saying that "urgent measures should be taken to reach a political solution of the problems which have arisen there, paying regard to the wishes, in alienable rights and lawful interests of the people of East Pakistan as well as the speediest and safe return of the refugees to their homeland in conditions safeguarding their honor and dignity".

In return India had also to accept the idea of a political through negotiations which is contrary to her earlier stands, (v) Technicians and other experts working both in West and East as usual.

It is believed that the Russians do not want any War or any kind of aggravation of the situation between India and Pakistan on Bangladesh issue. Their continued policy, as it has been in last ten years all over the world, has been to extend its influence without much of actual confrontation and achieve her goal through shrewed diplomatic means.

THEREFORE THE USSR WOULD LIKE TO SEE PAKISTAN REMAINS AS A ONE SINGLE STATE AT THIS STAGE.

CHINA: Although China has supplied arms to Pakistan and gave all-out support to Yahea Khan's regime at the beginning, it is now believed that the Chinese Government has become cautions and lately has not made any utterances at.

On the contrary signs of little change in the policy of Chinese Government towards the crisis of Bangladesh are gradually emerging. In Peking Review No. 37 of 1971, along article in full has been reprinted from the North Vietnamese Monthly Journal "Hoc Tap" on the dangers of Japanese policies of expansionism in Asia. Toward the end this article contains an unobtrusive references to
revolutionary struggle and says that "the peoples of Thailand, the Philippines, Indonesia, Malaya, India and Pakistan are waging heroic revolutionary struggle."

Knowing the Chinese, therefore, this reference to Pakistan is significant and there is no doubt that they refer to the struggle that is going on in Bangladesh. Further evident of this change in attitude are (i) China has never condemned the Bengali people in her utterances on Bangladesh attacking the Soviet Union and India mainly; (ii) The report by the DAILY TELEGRAPH Correspondent in Dacca that the Pakistani Generals are worried about losing Chinese support; and (iii) the unconfirmed report that K. M. Kaiser has been briefing Chou en-lai sympathetically about Bangladesh and has been protected by Chou from the Pakistani regime which wanted to recall him to Islamabad long ago.

This does not however, mean that China will come forward to supported Bangladesh at this stage. It only suggests that they are keeping themselves open and as soon as the time comes they can start helping the revolutionaries in Bangladesh. China would not like to see an Independent Bangladesh under the leadership of Awami League. So they would not mind any of the two courses: (i) to prolong the war till the Awami League leadership losses the grip over this struggle when they can start helping the revolutionaries, or (ii) a settlement between Yahya Khan and Awami League within the framework of Pakistan, which would mean a sell-out by Awami League and its consequent unpopularity. In such a situation they would think of supporting the freedom fighters who would still struggle for independence i.e. the struggle under the leadership of the revolutionaries. THEREFORE CHINA WANTS PAKISTAN TO REMAIN AS ONE STATE FOR THE TIME BEING.

INDIA: India's support for Bangladesh basically comes out of her negative approach towards Pakistan. For political, historical & economic reasons India desires to weaken of Pakistan both West and East. It is not that for her love for democracy or....of brotherhood to the people of Bangladesh that India wants but uphold the Cause of the liberation struggle of our people.

Therefore, India has no positive policy for the independence of Bangladesh. As the whole issue is looked from a negative point of view they can merely react to the events and cannot have a planned course of action which will be solely aimed at our favor. And whatever policies and measures, India may pursue, she cannot take a positive decision for the independence of Bangladesh solely on her own. Particularly after the Indo-Soviet treaty India has become more dependent on Russia for any major decision. For example, till General Yahya Khan's speech of 28th June Indian leaders spoke of a political settlement. Once the speech was over their leaders made public statements saying that there was no scope for any political solution as Yahya Khan took a hard-line. The Indian leaders at this stage till the Indo-Soviet treaty advocate for more or less an Independent Bangladesh-at least they did not speak of any political settlement. But after the Indo- Soviet Treaty they had to change their position and started talking about a political settlement which has now been confirmed in the latest joint statement in Moscow.
Nevertheless, if India is at all thinking in positive terms for the Independence of Bangladesh she is to consider the following issues:

i) The future of an Independent Bangladesh under the leadership of Awami League and subsequently under the leadership of other more radical elements.

ii) The effect of establishing an Independent state on the other states of India. Particularly the effect of the precedence that will show that an unarmed and disorganized people can manage to over throw an organized and established army to win independence. This will have a tremendous psychological effect and influence over all the states of this subcontinent.

iii) The role of the leftists of West Bengal and the possibility of their future demand for independence.

iv) The prospect of Awami League's achieving independence without Indian intervention.

v) Effect of an independence through Indian intervention amongst the common people in Bangladesh.

vi) The communal implications both in India and Bangladesh if India really intervenes.

Therefore, when India extended support for Bangladesh and committed themselves, they did not know the implications of such demand. The conservative Delhi establishment thought that:

(a) Pakistan would not have that such support from international powers;
(b) Pakistan would not be able to survive economically;
(c) that with such a big support from the people Awami League leadership would be dynamic enough to hold the ground.
(d) Pakistan Government would soon come forward to settle the matter with Awami League leaders.

The Indo-Soviet Treaty apparently confirms that India never wanted a war with Pakistan before a time convenient to her. Considering all the aspects and the attitudes shown by the Indian Government in last six months the following can be assumed:

(i) India would avoid war with Pakistan till such time she would be convinced that:

(a) India can defeat Pakistan militarily;
(b) There would be no involvement of any third country;
(c) The war could be finished with a very short time; say 7 to 10 days.

And to do so they even may not equip Mukti Bahini in such a manner that will lead to provoke Pakistan into a War or take an initiative for a war.

(ii) India will not accord recognition till a positive political or military action becomes necessary.
(iii) India is dependent on USSR for taking any major decision.

(iv) India is not inclined to believe that an Independent Bangladesh can come at this stage for the reasons as mentioned above in item (iv) of page 820.

(v) Therefore, for India there are the following alternatives:

(a) To go for a political settlement on reasonable terms that will take the Awami League leadership to power and the refugees back home. They expect that even if a political settlement is there, there will be no stability in Bangladesh and consequently in Pakistan. This situation will continue to make Pakistan weaker and weaker and at the same time, through Awami League Government they will be able to have some trade and commercial links to benefit the Indian industries.

OR

(b) To continue with the present situation till that psychological moment comes when Pakistan Government will eventually accept terms which will be favorable to Bangladesh because of the pressures, political, climatic and economic from within. At such a time India may even give recognition to Bangladesh, help heavily in military terms, and march into Bangladesh.

OR

(c) If the position No. (b) above is too burdensome for India because of the refugees and the position in paragraph (a) above becomes impossible because Pakistan Government’s present hard-line attitude. India may even create such conditions that a portion of the refugees will be compelled to go back. To substantiate it one can say that (a) the rice allocation to each refugee has been brought down from 4 hundred grams to 200 for one day, (c) supply of arms may also be reduced, (d) there is a possibility that facilities for training, youth camp etc. will be reduced gradually.

(c) The tension that have been built up in many refugee camps, whether for communal or economic reasons may also lead India Government to take such measure which will indirectly pressurize the refugees to go back.

THEREFORE INDIA RESTRAINS HERSELF FOR AN INDEPENDENT BANGLADESH AT THIS STAGE.

Britain, France, Canada and all other major countries have also expressed openly that they wanted a settlement within the framework of Pakistan. In other words, not a single country in this world including India has come forward to support the Independent Bangladesh.

THEREFORE THERE IS AN INTERNATIONAL PRESSURE TO RETAIN PAKISTAN AS A SINGLE STATE SUPPORTED BY ALL THE MAJOR COUNTRIES INCLUDING INDIA, AT THE MOMENT.

The powers which were sympathetic to us and were considered to be trusted friends have also now turned against the concept of an independent Bangladesh. India's Minister for External Affairs Mr. Swaran Singh told the United Nations General Assembly on
September 27 that a political settlement between the military regime and the elected members was essential. He suggested that the military regime should enter into negotiations with elected representatives to achieve a political settlement and send the army back to the barracks. His call was "to impress upon the military regime of Islamabad that force will not succeed and that a political settlement between the military regime and the already elected representatives is essential".

"Bilaterally all Governments should do their utmost to ensure, by whatever means are available to them, that the military regime stops its repression and enter into negotiations with the elected leaders to achieve a political settlement with their concepts and sends the army back to the barracks."

Similarly the Inter-Parliamentary Union Conference at Paris failed to even mildly condemn Pakistan for its action in Bangladesh mainly because of lack of support from USSR. A key paragraph in the resolution on the subject mentioning Pakistan by name was opposed among others by USSR. The resolution which was opposed called upon the Pakistan Government to "continue to take all appropriate peaceful and democratic steps" to halt the flow of refugees to India "to establish conditions in East Pakistan to encourage the voluntary return of the refugees ".

It therefore, seems that there is an international effort going on at the moment for some kind of political settlement within the framework of Pakistan. It is not possible to know what would be the terms of settlement even if it is within the framework of Pakistan. By political solution or settlement, the national view is that there would be a negotiated peaceful settlement between Yahya Khan and the Awami League leaders for a political arrangement within the framework of Pakistan, although it does not necessarily mean that an independence cannot be achieved through such a political settlement. Nevertheless a political settlement or solution can be achieved in three broad lines:

(i) a complete independence-which goes out of question at the moment;
(ii) a settlement which will ensure six-points or six-point less foreign trade;
(iii) a settlement which will ensure the complete withdrawal of West Pakistani troops from Bangladesh and handing over the power of the Province to the Awami League leaders with the understanding that Pakistani Flag would remain and Pakistan would be a kind of confederation which will virtually mean independence but would be a face saving device for the West Pakistani Generals.

ASSESSMENT

Besides the general views about Indian attitude with regard to Bangladesh and all the contradictory and confusing stands she has taken from time to time and particularly the impression that has been created by the Indo-Soviet Treaty, there is a well-planned positive side of Indian diplomacy. In my view India would like to see an Independent Bangladesh provided it is certain that it would have absolute control over the Government and affairs of Bangladesh. Even if the whole world continues to bring a political settlement, every sensible person who is politically conscious knows that the
independence of Bangladesh is inevitable. It is only a matter of time. Therefore, India would also think likewise and being in the most advantageous position would also like to see (and who would not in relation to a smaller country!) that Bangladesh comes under her complete political influence if not within her territory.

In the premises as mentioned, it will not be surprising if this is India's ultimate goal and they are only waiting for a suitable time to materialize this plan. The way it is going it does not look unlikely. As for a political settlement, India would like to give it a chance knowing that if it is possible it does not harm them but there is a greater possibility that this attempt would not materialize.

India has shown all amount of restraint and sobriety over the Bangladesh crisis. It has improved its prestige before the world for giving shelter to 9 million people and at the same time by not taking any extreme measure such as recognition or military action. To accept the idea of a political settlement is only to show that India is also reasonable in her approach to the problem but at the same time buying time for an action to be taken at her choice with the initiative in her own hands. As soon as the month of October would be over the initiative of any military action from Pakistan's point of view will, to some extent, disappear and from November till the end of February India will have a big opportunity to achieve her goal. If Bangladesh is at all to be independent, India would like to see that she brings it. In the meantime all the frustrations, leadership squabbles, acts of sabotage by Mukti Bahini ruining the economy of Bangladesh, and all the other factors could also create such a situation that India would not find them unsuitable to march into Bangladesh and restore a Government of her own choice.

Indian Prime Minister's recent visit to Moscow was also very fruitful in the sense that she has been able to bring Russia close to her stand by committing Russia for a political solution based on the inalienable rights and interests of the people of East Pakistan. This is not a small achievement. The effect of the whole exercise is this that India has agreed to an honorable political settlement acceptable to the people of Bangladesh provided Russia can bring it. But she has at the same time kept an opening for taking appropriate measures if the attempt of a peaceful settlement fails. If the time proves that the settlement the Russians and the rest of the world desire cannot be materialized, India may take a military offensive and in such case Russia will have no other alternative but to support India and the rest of the world would also not be that hostile for such an action. If India can manage a quick victory world intervention will have no practical effect.

In view of the fact that the State elections are to be held at the beginning of next Year it is another factor which would influence the mind of Indira Gandhi to take a decisive action before the elections are held. By doing so and if she is successful she will continue to enjoy an absolute power in the Central Government of India and may also win in all other Non-Congress states including West Bengal where the Congress Party is relatively weaker at this moment.
Bangladesh Government & the Liberation Movement.

In the background of all these international moves and diplomacy where does Bangladesh Government stand? It appears that recently the Government machinery has lost enthusiasm and initiative to a great extent and the general impression is that everyone is waiting for something to be happened. The situation should have the other way round. It is true that we being in a situation like this have to depend on others particularly on India.

In my opinion India has done a great deal for the Bangladesh movement and its survival. As a matter of fact they have done beyond expectation. No one should have expected that India would really like to march into Bangladesh. But it is because of our own failures, contradictions and lack of initiative in pursuing a direct course of action emphasizing completely on the war front, that India has to re-think and take necessary action and advantage for her self-interest.

We should not think that we have no role to play at all. As a matter of fact we can play such a role which can change the attitude of other people and Governments including that of India towards our movement. If we Gould properly appreciate the ingredients of conducting a liberation war the whole complexion would have been completely different today. The time is still there and Bangladesh Government can still take measures which will bring initiative into our hands. This was is for our own liberation and considering all the circumstances within Pakistan, we are capable of winning this war ourselves. Instead of sitting and waiting for others to act I suggest that we do the following immediately:

i) Make a list of all the political leaders, workers, students and volunteers who are now in and around Calcutta and in the border areas and enlist them as freedom fighters;

ii) Divide the whole of Bangladesh into small military units comprising of a few villages;

iii) Assign such freedom fighters who would mainly do the public relation work for our guerillas inside, in every such unit under a coordinated organizational framework. The selection should be made in such a way that people are engaged in the areas where they locally belong;

iv) The Headquarters should be shifted from Calcutta keeping only a small public relation office in the Mission besides the office or the Mission as such;

v) The Headquarters should be established in suitable border areas on mobile and there should be no office excepting for defense, liaison, and finance. The Cabinet members can stay as the headquarter for coordinating the war efforts.

If this can be done the whole complexion of our movement and that of our leadership will immediately change and our position will be much stronger in relation to other governments and powers who are thinking to solve our problem according to their own
convenience. IN OTHER WORDS ALL OUR EFFORTS AND EMPHASIS SHOULD BE DIRECTED TOWARDS THE WAR AND NOTHING ELSE.

Further, along with this move as mentioned above another diplomatic action should be taken by Bangladesh Government. We should remember that the basis of international politics is nothing but self-interest. So there is no reason why we should ignore China completely. We should not get emotional when we talk of China or Russia or any other country as far as international diplomacy and our self-interest is concerned. So we should make a very tactful appeal to the people of China to come forward to support us as we consider that our war is a just War and the people of China would support the people's struggle in Bangladesh as much as they would support such struggle in any other country. This will not only show our independent thinking in foreign policy but will also shake the world particularly America and Russia to do something more positive for our independence.

Our immediate effort should be:

i) TO DIVERT ALL ENERGIES FOR THE LIBERATION WAR BY MOVING CLOSER TO THE BASES;
ii) TO PURSUE AN INDEPENDENT FOREIGN POLICY FROM RIGHT NOW, AS MUCH AS POSSIBLE.
More Defections To Bangladesh:

On September 13, Mr. Mohiuddin Jaigirdar, a Pakistani diplomat, quit his country's Foreign Service and joined the Bangladesh Mission in London.

Mr. Jaigirdar (34) had been head of Chancery and sometimes the acting High Commissioner at the Pakistani mission in Lagos, Nigeria.

In a statement, he charged that many thousands of his East Bengali countrymen had been killed or maimed in the worst tragedy since, Hitler.

He said: "No one with a conscience could be a silent spectator. To assist the junta Government in the sale of a pack of lies was no longer possible on my part"

The same day (September 13), the Pakistani Ambassador to the Philippines, Mr. Khurram Panni defected to the Bangladesh Government.

Mr. Khurram Panni (49) was the first diplomat of ambassadorial rank to defect to the Bangladesh Cause. He came to Manila as Ambassador in March, 1970 and his tenure of duty was not scheduled to end until late in October, 1971.

Mr. Panni told a news conference later that he would ask the Philippine Government for permission to remain in Manila and start his mission. He was moving from the official residence to new quarters.

He said: "I hereby disassociate myself from the present, usurper army junta of West Pakistan which claims to be the Government of Pakistan. It is totally illegitimate and absolutely barbarian. It has no mandate of the people-it has no right to call itself the Government of Pakistan."

"Pakistan, as I knew it, lies buried under a mountain of corpses-the corpses of innocent men, women and children of Bangladesh. It lies buried under the agony of the eight million refugees whom they have pushed out into India. It lies buried under the mass plunder and rape which the West Pakistani Government are perpetrating there every day."

Until Mr. Panni's resignation, the highest ranking Pakistani diplomat to go over to Bangladesh was Mr. Mahasin Ali, head of Pakistan's mission to Hong Kong.

With Mr. Panni's resignation, the only Ambassador of Bengali origin left in Pakistan's diplomatic service was Mr. Kaisar in Peking. He was believed to have fallen from official favor for refusing to work for Peking's endorsement of President Yahya Khan's action in East Pakistan. He had been virtually stripped of his powers and refused permission to visit even Hong Kong.
On September 23, a Bengali employee in the Pakistan High Commission in New Delhi, Mr. S. M. Nurul Huda, made a daring escape when he scaled the chancery wall to free himself from nearly 1 Vi months' confinement in his official residence.

Shortly after his escape from what he described as prison life, Mr. Huda (27) contacted the Bangladesh mission to declare his allegiance to the "legitimate Government of my Motherland." He was attached to the High Commission as a supervisor in the telephone exchange.

When he met newsmen later, he betrayed his concern for his wife now in Bangladesh. He stated: "I know it is a big risk dodging two armed West Pakistani guards inside our quarters. But, I had no choice I just could not bear it any more. I appeal to you to rescue my colleagues who are being treated like prisoners inside the chancery."

He added that the Bengali employees in the Pakistan High Commission had been held as hostages and were being subjected to all kinds of indignities.

On September 28, four more employees of the Pakistan High Commission in New Delhi switched their allegiance to Bangladesh along with their families.

The four members of the staff were Mr. Mufizur Rahman, stenographer, Mr. A. K. Azad, upper division assistant, Mr. Mohammad Zainul Abedin, lower assistant, and Mr. Ghulam Mustafa, dispenser.

Mr. Mufizur Rahman told a news conference at the Bangladesh mission that a large crowd of people had helped them get down from a bus after they had told them that they were being taken to Pakistan forcibly. The people arranged for another bus from the border which brought them to the Bangladesh mission.

Mr. Rahman said that about 16 West Pakistani nationals, most of them armed, were escorting them in a minibus and a Mercedes car of the Embassy. They tried to block the way of the defectors but could not succeed before the crowd. The escorts turned back after having waited for half-an-hour and making sure that the defectors were not likely to return with them.

On October 1, yet another Bengali employee of the Pakistan High Commission escaped from the mission building in New Delhi.

Mr. Abdul Shaheed (40), a peon scaled the compound wall of the Embassy and found his way to the Bangladesh mission, located about 4 km away.

Mr. Shaheed was the 11th Bengali employee of the Pakistan High Commission to switch allegiance to Bangladesh.

Three more Bengali employees of Pakistani missions abroad, two of them cypher assistants also defected and joined the Bangladesh liberation movement, Mr. Nayebul Huda, a cypher assistant for 19 years, was last serving in the Embassy at Brussels (Belgium), when he too quit on receipt of orders of transfer to Islamabad which he considered a graveyard of Bengali officials."
Mr. Abdul Karim Mondal, an assistant in the Embassy at Madrid (Spain), after defecting said Bengalis in Pakistani missions abroad were being subjected to all sorts of harassment and maltreatment. I was not allowed to do official work and was treated with utmost contempt.

Abdul Latif, a cypher assistant in the Embassy at Beirut (Lebanon), quit the Pakistan Government's service when he received orders of transfer asking him to report to Islamabad. He quietly left Beirut and arrived in London where he announced his allegiance to the Bangladesh Government.

**Pakistan High Commission's Protest Against Defections:**

On September 29, the Pakistan High Commission in New Delhi lodged a "vehement protest" to India in connexion with the escape by four East Bengali members of its staff with their families while being taken by road to West Pakistan.

In a Note to the External Affairs Minister that there had been a breach of the immunity of the High Commission personnel. It also accused the Indian authorities of collusion with 'traitorous elements'-an apparent reference to the Pakistani diplomats who had defected earlier to organize a Bangladesh mission.
THE CASE FOR BANGLADESH

Background:

Pakistan was the result of the free choice of the minority community of India-i.e., the Muslims-expressed through a free election in 1945 and a referendum in 1947. The demand for Pakistan had its roots in inequity and discrimination against, denial of equal opportunities to, and exploitation in general of the minority community by the majority.

Pakistan consisted of two territories, West, separated by a thousand miles of India. It was a dream and an ideal which called for sacrifices on the part of the citizen of both wings. At the time of independence the population and wealth distribution in the country was as follows:

<table>
<thead>
<tr>
<th></th>
<th>East</th>
<th>West</th>
</tr>
</thead>
<tbody>
<tr>
<td>Population</td>
<td>56%</td>
<td>44%</td>
</tr>
<tr>
<td>Gross Domestic Product</td>
<td>52%</td>
<td>48%</td>

The power centers, however, were located as follows:

<table>
<thead>
<tr>

<th>East</th>
<th>West</th>

Twenty-four years of partnership [1947-71] between East and West Pakistan had the following complexion in political and economic fields:

During the five years that Bengalis were in control of political power, civil and military bureaucracy indulged in conspiratorial politics to nullify their influence. The first Bengali Prime Minister, Khawaza Nazimuddin, was dismissed by Punjabi Governor- General Ghulam Mohammed after one and a half years in office even though he held the confidence of the parliament. The second Bengali Prime Minister, Mohammed Ali Bogra, was a prisoner of the Punjabi ruling elite from the date of his installation and having gone through one ignominy after another, was finally dismissed after two years in office. The last Bengali Prime Minister, H. S. Suhrawardy, was dismissed at the end of a half in office by General Iskander Mirza without being given an opportunity to test his strength in the Parliament.

A constitution envisaging a federal parliamentary form of government was at last adopted in 1956. But this constitution was not given a chance to come into fruition due to Iskander Mirza's conspiratorial politics and the interference of the Punjabi dominated Army and government services. When general elections under the new constitution were being planned, the final Army coup came about on October, 1958.

Twelve years of Army dictatorship at last gave into public pressure and elections were held in December 1970 with the following results:

Out of the 169 seats of East Pakistan, the Awami League won 167 seats with only two seats going to two other members, the Awami League secured an absolute majority in the National Assembly and was thus in a position to form a stable government in the country as well as to frame its constitution. But the Assembly was never called into session by Pakistan's military dictator Yahya Khan. Since the Awami League consisted of Bengalis led by Sheikh Mujibur Rahman, the vested interests of West Pakistan decided to nullify the election result. While more than two months elapsed without the National Assembly commencing to function, the brutal Army crackdown came on March 25.

25th March, 1971, and After

Despite every provocation, the Awami League tried until the very last to reach a peaceful solution of the Pakistani crisis. Transfer of power to elected representatives and
withdrawal of martial law were pre-requisites to any settlement. After a period of protracted negotiations, President Yahya was expected to make a nationwide broadcast on March 25, 1971, announcing an agreement with the Awami League. Instead, he secretly left East Pakistan and at midnight his Army attacked a sleeping nation with tanks, artillery, machine guns flame throwers and every other weapon of destruction. Special targets of the Army were Bengali units of the Army; the members of the paramilitary force, East Pakistan Rifles; the civil police force; university teachers; members of the intelligentsia; young people; Awami League leaders and workers; industrial laborers; and members of the minority community—i.e., Hindus. Women, children and old people were not spared either. Everyone in sight was shot. Women were nailed to trees and then shot. Men were tied to jeeps and then dragged at the speed of sixty miles per hour. Women were raped to death and left to be devoured by dogs. Sleeping children were bayonetted to death. Young men from cordoned-off villages were picked up and their blood was drained off for the wounded soldiers till they were dead. Young girls were kidnapped and taken to garrisons for forcible prostitution. All properties within the range of the artillery were destroyed. City blocks were put to the torch and residents were machine-gunned. The sadistic orgy of massacre and destruction is not over yet; it is still continuing in elected and the limited areas.

Butchery of unarmed people so far has taken a toll of a million lives. Another nine million had to flee the country to save their lives, leaving their hearth and home and becoming destitute refugees. The flight of this mass of humanity can be comprehended only by imagining the total evacuation of the City of New York.

Declaration of Independence

Political and economic exploitation was tolerated by Bengalis in the hope that change in political power structure would remedy the evils. But when the army launched its genocidal attack it became apparent that living together by East and West was no longer possible. The elected representatives of East Pakistan declared East Pakistan independent, renaming it "BANGLADESH," thus relieving the unwilling minority in West Pakistan from the fear of domination by majority Bengalis.

The dreamland of Pakistan created by people expressing their wishes through ballots has been destroyed by vested interests expressing power through bullets. People of Bangladesh through their elected representatives and with their blood have given their verdict in favor of Independent Bangladesh.

AN ANALYSIS OF INDIAN PLANS ON BANGLADESH

India feels it can go to war with Pakistan only when the following three conditions are satisfied:
(i) India must possess such decisive military superiority over Pakistan as to be able to achieve its objectives swiftly;
(ii) Chinese intervention must be ruled out;
(iii) World opinion must be neutralized, so that a overwhelming wave of condemnation of India does not ensue.

Indian analysts very quickly realized that November-December, 1971 was going to be a time when all these conditions would hold. When the winter sets in and the Northern mountain ranges of India freeze up the Chinese threat vanishes to near-zero. Thus at this time India can afford to remove some of its mountain divisions and deploy them against Pakistan. This fact when coupled with extensive damage already done to the Pakistan Army by the Mukti Bahini means that the first condition is as nearly fulfilled as if over will be. The second condition clearly also follows. As for the third, world opinion by now is so fed up with the Bangladesh problem that it would undoubtedly resign itself to any strong to actions to resolve the problem.

Thus, from the very beginning i.e. from June onwards, Indian diplomacy has been engaged in a holding action to prevent a war breaking out before November-December i.e. at a time of Pakistan’s advantage.

The main reason for our speculation that India will attack Pakistan later this year, apart from the evidence of heavy troop build ups etc., comes from the fact that India has an obvious interest in seeing to it that the Bangladesh crisis ends with the Indian Army ultimately storming in all the way to be the Indian Ocean. This would have the advantage of making sure that following the removal of West Pakistani authority, there is no widespread chaos in Bangladesh, a chaos which could be prolonged and be as damaging to Bangladesh itself as to India. India obviously would prefer to help Bangladesh establish a firm and effective government and one which is friendly to India. We may resign ourselves to a period of Indian influence in Bangladesh but we must try to minimize it as much as possible. In this way, the interests of both Bangladesh and India would be served.
Between now and November Pakistan has four different options on how to deal with the delicate with the delicate game that India is playing.

The first is that they can launch a pre-emptive attack and attempt to capture some important parts of Indian territory while the U. N. General Assembly is still in session in the hope that hostilities are quickly stopped. This is such a dangerous gamble however and would so alienate the Soviet Union that it seems unlikely that Pakistan, in its present weakened state, would dare to attempt it.

The second is that Pakistan would try to solicit some dramatic gesture of support from China such as the dispatch of a token force of Chinese volunteers to Bangladesh. This would have an immense psychological impact and might deter India successfully. (An important factor to bear in mind is that India may yet get cold feet when the moment of decisive action actually comes and so such a psychological country by Pakistan is by no means negligible).

The third is that Pakistan might try to get a similar gesture of support from the United States, such as the landing of a token force of U.S. Marines, in Bangladesh during the month of October. Again, even though it is extremely unlikely that Nixon will be able to follow up such a move with sizeable military support for Pakistan, this move would have great deterrence value in the psychological game of bluff in which India and Pakistan are presently engaged. A variation of this would be to land a U.N. force of some kind a move which the United States seems to be actively considering at the present moment.

The fourth way out for Pakistan is to release Mujib and attempt to get a settlement. Our government must therefore make a serious effort to win China's support and make the second option impossible. Also in order to deal with the third possibility we must intensify our campaign to bring the true story of Bangladesh to the attention of the American people.

If the fourth option is chosen by Pakistan we should hold out for the best possible terms as we are bargaining from a position of strength. The only settlement we should envisage is if the West Pakistanis agree to withdraw all their troops from Bangladesh beforehand. If this is conceded to us we can in return make any concessions that Pakistan needs for face-saving purposes. Then, as was done between Algeria and France, after a suitable time has passed we can hold a conference with West Pakistani leaders and declare our independence, retaining some elements of partnership with West Pakistan if we so desire at the time.

Today, therefore, at a time when all the players are assessing their various strengths. For the final and crucial round, the most important necessity for the Bangladesh Government is to establish its credibility and that of its armed forces as strong as possible. Far from becoming complacent as the and approaches, we must more than ever seek to demonstrate our effectiveness before the serious bargaining really begins, as it should do soon.
For MOUDOOD AHMED.

More Defections To Bangladesh:

The First Secretary of the Pakistani Embassy in Katmandu, Mr. Mustafizur Rahman, switched his allegiance to the Bangladesh Government on October 3.

Mr. Rahman, a 29-year-old Bengali, who was also head of the chancery, told a news conference at his residence that he had taken this "bold" decision after six months of "the worst mental agony in my life."

He said he had communicated his decision to the Nepalese Prime Minister, Mr. K. N. Bisht, from whom he sought permission to stay on in Nepal as the special envoy of the Bangladesh Government till it was liberated, he had also sought the Nepalese Government's protection for himself and his family-wife and two children "from physical, mental or material harm" that may be caused by West Pakistanis living in Nepal.

On October 4, Mr. Humayun Rasheed Choudhury, Minister-Counsellor, and Head of Chancery in the Pakistan High Commission in New Delhi, on October 4 switched his allegiance to Bangladesh.

In a statement, Mr. Choudhury said that "history will certainly indict Yahya Khan not only for the fiendish genocide of innocent people but also for having provoked the disintegration of Pakistan. It is he, and not Sheikh Mujibur Rahman that should be tried not only for crimes against Pakistan but also for crimes against humanity."

His announcement came within a few hours of the escape of his personal assistant, Mr. Fariduddin Ahmed, who along with his wife and four children had scaled the boundary wall of the High Commission to freedom.

With Mr. Choudhury and Mr. Ahmed, the number of Bengali employees in the Pakistan High Commission, who had switched allegiance to Bangladesh, was now 13, including three diplomats. There was one Bengali diplomat and 11 other Bengali staff members still in the High Commission.

On October 7, Mr. Rizaul Karim, Counsellor in the High Commission, in London said he was severing all connexion with the Government at Islamabad and declaring allegiance to the Republic of Bangladesh.

Mr. Karim later joined the Bangladesh mission in London.
AN APPEAL FOR WINTER CLOTHINGS

With winter just round the corner the urgency of providing the freedom fighters and the suffering uprooted millions of Bangladesh with woollen and other winter garments needs no emphasis. Bangladesh Mukti Bahini is fighting the West Pakistani invaders to liberate the motherland against odds unparallel in the annals of history. To help the Mukti Bahini will be a service not only to the cause of Bangladesh but also to that of humanity and freedom in general.

To help protect against cold and for use during the ensuing winter season by the Mukti Bahini, Mr. M. Hossain Ali, High Commissioner for Bangladesh in India appeals to the Philanthropic Organizations, Voluntary institutions, Manufacturers and dealers of cardigan, pull-over, woollen blankets, wrappers and scarfs etc., to come forward to donate these articles for the above mentioned purposes.

The donation of woollen garments will be gracefully accepted by the office of the High Commissioner for Bangladesh in India at 9, Circus Avenue, Calcutta-I 7.
BANGLADESH GOVERNMENT SPOKESMAN'S REACTION
TO YAHYA'S BROADCAST

While commenting on Yahya Khan's broadcast of October 12, 1971, a spokesman of the Government of Bangladesh stated today at Mujibnagar that the broadcast was another exposition of his own desperate situation in West Pakistan. The speech appears to be an exercise in make-believe and an attempt at creating war psychosis in West Pakistan to rally the people there behind the regime. It has no relevance for the people of Bangladesh. The plan to hand over power is nothing but an attempt to mislead world opinion which is so much against him at the moment. His allegations against India are only meant to divert the main issue in Bangladesh. His occupation army is not fighting the Indians but the 75 million Bengalis determined to free their country.

In his speech on June 28 Yahya Khan said that power would be transferred to the people within four months but yesterday's broadcast only exposes the design of the junta to continue to cling to power for an unlimited period. From Bangladesh point of view his plan has nothing to do with the people of Bangladesh and his 'constitution' may only be meant, if at all, for West Pakistan. The whole plan is to buy time to continue with his acts of genocide and repression in Bangladesh and at the same time to put up a facade of transfer of power. The aim is to secure foreign aid and support.

Yahya Khan has attempted once again to turn the liberation war in Bangladesh into an Indo-Pakistan issue but the world knows today that the issue of Bangladesh is nothing but the aspiration of 75 million people to drive out Yahya Khan's troops from the soil of Bangladesh. The Government of India is not a party to it.

His whole speech was motivated to create a war hysteria in West Pakistan in order to overcome the difficulties he is now facing from the people of West Pakistan. He has blamed India for all his troubles and tried to project for himself an image of sweet reasonableness. He has thus sought to make India the scapegoat for his own crime of
destroying Pakistan.

Yahya Khan has thus ignored the realities in Bangladesh and it is high time that he should recognize the fait accompli. He should by now be fully convinced that his occupation army under heavy and increasing pressure from Mukti Bahini has no other option but to vacate the soil of Bangladesh. The only way out for this junta remains in the release of Sheikh Mujib, withdrawal of their troops from Bangladesh and in the acceptance of Bangladesh as a sovereign state.
Dear Alam Bhai,

Thank you for your letter dt. 28. 9. 71. I had just come back from New York when I received it. Dr. Nurul Islam and I met Dr. Mullick and Mr. Asabul Huq. Others had gone out for one weekend. Earlier I had met Prof. Muzaffar Ahmad.

2. Dr. Nurul Islam has written letter to you and one to P. M. Some work on planning has already begun here. Both of us are collecting material. There is a wealth of data in one Bank. Rehman Sobhan is also of one opinion that long-term (i.e. 5 yr.) planning can best be done away from one theater of war and where computers and data are available.

3. Syeduzzaman (C. S. P.) met us here and gave us same information. Indications are that Canada, Franch and U. K. opposed debt moratorium. The Pak delegation returned "frustrated". However, inside information has to that U.S.A. has decided to grant de-facto moratorium without saying so.

4. Have you received one paper on "Economic assistance to Pakistan" written jointly by Muhith, Rehman and myself?

5. The World Bank could not be prevented from sending a mission to Dacca. The Mission members are R. Picciotto, R. Haxma, A. Shibusawa. They intend to visit (1) Khepupara, (2) Bhola and Char Lalmohan, (3) Hatta, (4) Sandwip, and if possible (5) Ramgati. This is for revival of the cyclone shelters programme. They said they will take Helicopters to those places without army escort: Period in occupied Bangladesh will be Oct. 14 to Nov. 5.

6. Khurshid Alam is settled in his studies and I don't think he wants to join as a Secretary.

7. I hope you have my last letter. If I stay in one Bank they intend to send me as consultant to one Govt. of Mexico, which I don't want. Shoaib certainly wants me out of one scene. I could either be in the Mission in Germany or I could help Dr. Nurul Islam and others with the Planning Commission.

Very best regards,

Yours sincerely,

HARUN
Letter from the Government of Bangladesh to the Prime Minister of India
October 15, 1971

(Seal of the Bangladesh Government)

Mujibnagar,

Excellency,

We write in continuation of the letter, dated April 24, 1971, addressed to His Excellency the President of India, and the subsequent communications and personal discussions. Excellency, you are aware of the proclamation of independence on the 10th of April by the Constituent Assembly of the duly elected members of the National and Provincial Legislatures representing the will of the 75 million people of Bangladesh. This declaration followed the unilateral, arbitrary and brutal denial of verdict of the people and the suppression of their democratic and fundamental human rights by the military regime of Pakistan since the 25th of March, 1971.

2. It is well-known that the people of Bangladesh were subjected to a long period of ruthless colonial domination, systematic economic exploitation, and gross political and cultural discrimination by the successive regimes dominated by the ruling circles of West Pakistan. The letter of April the 24th, 1971, informed you of the formation of the Government of the people’s Republic of Bangladesh under the Presidency of Sheikh Mujibur Rahman and the Acting Presidency of Syed Nazrul Islam.

3. Over the last several years, our people had waged a peaceful and non-violent struggle for the attainment of our basic rights. Even after the successive postponements of the convening of the National Assembly by the military regime of Pakistan, we did not resort to violence but continued our non-violent struggle. The military rules of Pakistan took advantage of this to gain time by employing the ruse of so-called negotiations till the night of 24th of March, 1971, while they were augmenting their military strength.

4. Their plans became visible to the whole world on the black night of March the 25th, when they let loose their Army under a premeditated plan on the innocent and defenseless men, women and children of our country. They made a special target of the intellectuals, the elite of the youth and the leaders of the workers, peasants, and students. This left is with no alternative but to resort to arms.

5. Since the formal proclamation of our Independence on April 10, our struggle for liberation has gained increased momentum and strength. Nearly 60,000 members of the former East Bengal Regiment, East Pakistan Rifles and other para-military formations identified themselves with the struggle of the 75 million people of Bangladesh and took up arms in defense of our motherland. They were joined by hundreds of thousands of
young men whom they trained to defend the sovereignty and independence of their homeland and to release it from the bonds of colonial oppression.

6. The policy of repression has continued with increasing brutality in the vain hope of liquidating the leadership and reducing the majority of the Bengali speaking people to a minority. Members of the minority communities became special victims of the reign of terror. As a result of this policy of genocide, rape, arson and loot, nearly nine million of our men, women and children have been driven out in terror and have taken shelter in your country, and the exodus still continues.

7. Sheikh Mujibur Rahman, our undisputed leader and President, has been subjected to a secret military trial and has been reportedly condemned to death. The Awami League has been banned, which had won unparalleled victory in the national elections held last December. The military regime of Pakistan has disqualified 79 duty elected representatives of the people and has imposed a so-called civilian regime consisting of defeated candidates and quislings which is now supported by the might of the military machine of Pakistan. These gestures have not deceived the 75 million people of Bangladesh. They have only exposed the deception and insincerity of the military oppressors. All this has only made us more determined than ever to liberate Bangladesh.

8. We are glad to inform you. Excellency, that this struggle has borne fruit. The liberation army of the people's Republic of Bangladesh, the Mukti Bahini, are in full control of half the territory of Bangladesh. We also confirm that the Bangladesh Government has established effective civil administration over this area which is functioning smoothly. This development has not merely been welcomed by the broad masses of the people, but the efforts of our Government have found spontaneous and overwhelming support in the areas under its control.

9. May we, therefore, in the light of these developments, request Your Excellency for a positive response to the message of the 24th of April, 1971, requesting for recognition to the free and duly constituted Government of Bangladesh. Such a response on your part would give a tremendous impetus to the struggle being waged by the people and the Government of People's Republic of Bangladesh for their liberation. It would also generate an international response which would promote the cause of freedom, peace, and stability in this part of the world. May we, therefore, request Your Excellency for an early response to this communication?

Please accept, Excellency, the assurances of our highest esteem.

BANGLADESH DELEGATION IN THE U.N.O.

The 16-member Bangladesh delegation to United Nations General assembly Session headed by Justice Abu Sayeed Choudhury has effectively presented to the international community the background and the present position of the Bangladesh movement for total independence from the colonial rule of West Pakistan.

The delegation apprised the world body of the truth about the Bangladesh and countered the Pakistan's evil and malicious propaganda about Bangladesh. The delegation met and briefed various other delegations of the members of the UNO. Such meetings have greatly helped to educate the members of delegations of different nations on the various aspects of Bangladesh problem. Supports for the cause of Bangladesh were expressed by many delegations during their speeches in the General Assembly Session. The delegation has also successfully impressed the world community about the gravity of the Bangladesh problem and the magnitude of the genocide committed in that part of the world by Pakistan. The very fact that many member countries spoke about Bangladesh problem in the floor of the Assembly prove that Bangladesh is not an internal affairs of Pakistan.

The members of Bangladesh delegation also contacted the American intelligensia and received overwhelming support from them. Despite the great enthusiasm among the supporters of Bangladesh in the U.S.A, due to the presence of the delegation, the Nixon Government continued to pursue a policy of friendship towards the military regime of West Pakistan. The Pakistani attempt to prevent the delegation from lobbying in the UN proved futile. Under the dynamic leadership of Justice Abu Sayeed Choudhury, the delegation has created a good impact on the other delegations attending the U.N General Assembly Session.
BANGLADESH LEADERS CONDEMN NAKED PAKISTANI AGGRESSION ON INDIA

75 million Bengalis stand solidly behind Indian people

Pakistan declared unilaterally unprovoked war against India on December 3. Pakistani blatant aggression on the India soil evoked condemnation from the peace loving people of the world. It was 5-30 in the evening. Mrs. Gandhi was on the rostrum of Calcutta's Brigade Parade ground addressing the nation. About the same time Pakistan air force attacked Indian positions in the Western Sector. Simultaneously Pakistani artillery went into action.

Bangladesh leaders have condemned Pakistan's heinous attack on India and pledged full support of Bangladesh people to their brethren in India.

Foreign Minister

Bangladesh Foreign Minister Khandaker Moshtaque Ahmed strongly condemned Pakistani naked aggression on the Indian soil and pledged full support of 75 million people of Bangladesh to the Indian people in routing out the enemy.

Khandaker Moshtaque in a statement issued in Mujibnagar late night of December 3, confidently hoped that the dynamic leadership of Mrs. Indira Gandhi and the gallant forces of India "will bring in quick victory and glory to the peace loving people of the world".

Following is the full text of the statement:-

"No language is enough to condemn the shameless and senseless act of naked aggression by Pakistan on the soil of India and her sovereignty who has been consistently working for peace despite Pakistan's persistent provocations.

Hunger for power and thirst for blood of the Islamabad junta once led them to underestimate the potentialities of the nation of Bangladesh. The same unscrupulous and bankrupt leadership has once again, dared to undermine the power and strength of the great democratic nation of India. But this time, they have come forward out of folly to be destroyed and annihilated. The 75 million people of Bangladesh solidly stand behind the people of India in routing out these confirmed enemies of humanity. No sacrifice is too dear for us or the Mukti Bahini to redeem this pledge of ours.

We do firmly believe that the dynamic leadership of Mrs. Indira and gallant forces of India will bring in quick victory and glory to the peace loving people of the world. The war tyrants of Pakistan had been a persistent menace to peace and progress in this part of the world and provided a fertile breeding ground for the imperialist and colonial clique."
We are bearing the death-knell of the tyrants. The day is not far off when they will enjoy the peace of grave."

**Home Minister**

Mr. A. H. M Kamaruzzaman, the Home, Relief and Rehabilitation Minister said that this war will clearly eradicate the so-called state of Pakistan from the map of the world. He called upon the leaders of Sindh and Beluchistan to start all out movement for their emancipation from the oppressive clutches of the Pakistani military junta.

Mr. Kamaruzzaman declared that Mukti Bahini will fight shoulder to shoulder with the Indian Jawans to liberate Bangladesh from the occupation of enemies.

While paying tributes to the people and the Government of India, he said地说. Mrs. Gandhi is the greatest and ardent believer of democracy in Asia, nay in the world. And that is why she has lined up with the freedom fighters at the most critical hour of Bangladesh. He said that every people of Bangladesh is grateful to her.

**Finance Minister**

Mr. Mansoor Ali, the Finance Minister, said that the freedom fighters and the Indian Jawans are going to create a new Bangladesh, fighting side by side against the enemy. This will remain as a unique example in history, he said. The minister hopes that India will help to build the country in the same way, as she is now helping the freedom struggle of Bangladesh.

**High Commissioner**

Mr. M. Hossain Ali, High Commissioner for Bangladesh in India said. "We are shocked at this sudden, undeclared, and unprovoked full scale war unleashed by the military junta against India. It is a blatant and naked aggression. Being on the run in Bangladesh as a result of the mounting successes of Mukti Bahini the military clique has now thought fit to make this dastardly attack against India thus engulfing the entire subcontinent in a war. It is a desperate attempt to hide their shame of being defeated by the people of Bangladesh.

This shameless aggression has filled in the cup of crime and sin of the Junta to the fullest brim West Pakistani regime appears to be totally unhinged mentally. If it thinks that it can withstand the strength and power of the 550 million democratic and peace-loving people of India, it is living in fool's paradise. We are confident that the determination of the Indian people under the dynamic leadership of Mrs. Indira Gandhi win rout the Pakistani aggression and teach the hotheaded Generals of West Pakistan a lesson which they will never forget.
UNITED NATIONS AND BANGLADESH

1. Spirit and purpose: Most civilized and humane concept of World Body for securing peace and security, a dream of mankind.

Major Criticisms

(a) An Organisation dominated by power politics-motives of Big Powers guide the effectiveness of the Organisation.

(b) Basically a debating club for the powerful nations.

(c) The right of veto-undemocratic and unrealistic.

(d) No right of an individual although fundamental human rights are purported to be guaranteed by International Law and the Charter of the U.N.

(e) International crimes such as genocide and war crimes have no remedies.

(f) Rights are guaranteed but remedies are not ensured-no machinery to deal with the violation of the Charter. Even with Security Council decisions are violated U.N. appears to be helpless: examples, South Africa, Rhodesia (Israel).

(g) Contradictions of UN between letters and practice.

Suggestions

(a) UN will have to be made more realistic as an organisation-right of veto should be withdrawn.

(b) Measures should be taken by law to discourage the power blocs inside United Nations.

(c) U. N. should be an organisation where free play of conscience should dominate instead of global strategy motives-this idea will have to be developed to make the UN really democratic and effective organisation.

(f) UN must have effective law enforcing machinery of its own to deal with the international crimes and the violations of the Charter.

(g) Device will have to be innovated where individuals can seek remedy for the violation of fundamental human rights.

Conclusion

The spirit and purpose of the UN is still the dream of ideal world community. What we need now is to find out the means to implement them in reality. As far as the humanitarian rule of the United Nation is concerned, on most of the occasions it has played a very vital role in last two decades. This role the U.N. can go on playing in a more effective and commendable way.
My Dear Defense Secretary,

I enclose a note relating to Ghoralal Fertilizer Factory. It seems that the threat given to the Japanese experts by our Mukti Bahini had some effect. So it is necessary to keep up harassing the Ghoralal Factory experts so that the initial impact made is fully utilized.

I would appreciate if the enclosed information is brought to the notice of the Defense Minister.

Yours sincerely,

**ACTING PRESIDENT APPEALS FOR UN SECRETARY GENERAL'S INTERVENTION**

The Acting President of the People’s Republic of Bangladesh Syed Nazrul Islam has made an appeal to the U. N. Secretary General U. Thant to urgently intervene in saving the life of Mr. Hussain Ali and his family who have been beaten and kept captive in the Pakistan High Commission in New Delhi.

In a telegram sent to the U. N. Secretary General to-day the Acting President has called upon the world body to condemn Pakistan Government for the violence that they have let loose on Bangladesh nationals which have of late been extended from the occupied area of Bangladesh to the precincts of diplomatic missions in the foreign countries. He has urged the Secretary General’s interference for Mr. Hussain Ali and his family's immediate release. President has given a brief description of the inhuman treatment netted out to the Bengali employees by the Pakistan High Commission's West Pakistani employees.

Following is the full text of the telegram:—

Eleven Bengalee employees of the Pakistan High Commission in India New Delhi who were virtually prisoners inside the mission premises were coming out of the chancery on November 2 with forty three dependents when West Pakistani employees in presence of senior officers pounced on them with variety of deadly weapons causing serious injuries to many.

Even children and ladies were not spared. Majority of the helpless victims bleeding profusely from wounds were rushed to hospital for emergency medical care. Foreign journalists who had gathered outside Pakistan chancery were kept at bay by flying missiles and stones thrown by West Pakistanis from inside the chancery. Foreign teams televised the incident.

One Bengali employee Mr. Hussain Ali was mercilessly beaten till unconscious and then forcibly detained with wife and three daughters while his two minor sons escaped. His teenage daughter who tried to come out was manhandled beaten and forced inside. The incident was witnessed by foreign news media representatives. Mr. Hussain Ali was
the personal assistant to West Pakistani officer in charge military intelligence. As Mr. Hussain Ali has the knowledge of intelligence contacts in India his life may be in danger.

I appeal to your Excellency in the name of humanity and justice to urgently intervene and secure release of Mr. Hussain Ali and his family from the wrongful detention by the Pakistan envoy, if meanwhile he has not already been murdered. I also appeal to the world body to condemn Pakistan Government for this wilful violence on Bangladesh nationals. Crimes of genocide and against humanity perpetrated in Bangladesh are now being extended into the precincts of diplomatic missions in foreign countries and deserve universal condemnation.
Diplomat in Singapore Defects To Bangladesh,

A 39-year-old cipher assistant of the Pakistan High Commission in Singapore defected to the Bangladesh Government on November 8, declaring that in view of mass slaughter of his Bengali compatriots by the West Pakistan Army he could no longer serve the Islamabad military regime.

Mr. Ali Ahmed, accompanied by his wife and three children, flew out of Singapore after mailing letters to news agencies and journalists and to the Pakistan High Commission in Singapore.

Mr. Ahmed had been with the Pakistan mission for 10 months and was under orders of transfer to Islamabad. A Bengali, he was asked to vacate his house some days earlier to make way for his West Pakistani replacement and moved to East Asia Hotel from where he left to join the Bangladesh Government on the sub-continent.

Although Bengali employees of the Pakistan mission had been kept out of important work, Mr. Ahmed in his capacity as cipher assistant was privy to most of the secret messages coming to and emanating from Singapore. In fact, while there had been mass defections of Pakistani diplomats to Bangladesh, Mr. Ahmed was the only cipher official to declare his loyalty to the Bangladesh Government.

More Mass Defections:

On November 2, forty-three East Bengali men, women and children escaped to freedom from the Pakistan High Commission in New Delhi after being severely beaten up by the West Pakistani staff. All of them switched their loyalty to Bangladesh.

The group comprised 10 East Bengali employees of the High Commission and their families. Two of those injured as a result of the beating where admitted to hospital.

With this mass escape, the only Bengalis left inside the Pakistan High Commission were Mr. Hossain All personnel assistant to Mr. Abdul Ghani head of the Pakistani intelligence net-work in India, Mrs. Hossain Ali and their three daughters and the wife, two daughters and a son of another Bengali employee who escaped himself.

In Tokyo, on November 2, Mr. S. M. Maswood, Press, Attache of the Pakistani Embassy and his family and the Third Secretary, Mr. Muhammed Abdul Rahim, defected to Bangladesh because "we can pretend no more."

Mr. Maswood, 56-year-old father of six children, and Mr. Rahim (29) are both from East Bengal. Mr. Maswood, serving in Tokyo since September 10, 1970, is from Comilla and Mr. Rahim, a bachelor, comes from Rajshahi in East Bengal. Mr. Rahim had been in Tokyo since September 30, 1970.
Mr. Maswood and Mr. Rahim told Japanese newsmen they had defected "because we could no longer bear the terrible repression by the West Pakistan Government in East Bengal."

In Berne, on November 2, Mr. Waliur-Rahman, Second Secretary of the Pakistan Embassy in Switzerland and former Charge d' Affairs, announced that he had resigned and was asking for asylum in Switzerland.

He accused the Pakistan Government at a news conference of having killed 1,500,000 people in East Pakistan.

Mr. Fazlul Karim, Head of Chancery at the Pakistan Embassy in the Egyptian capital of Cairo, arrived in London on October 26 and joined the Bangladesh movement in protest against the policies of the Pakistan Government.

The 31-year-old diplomat in a statement said that "the Army junta in West Pakistan has taken a calculated move to deprive the 75 million people of Bangladesh of their basic human rights and keep them in perpetual subjugation."

A spokesman for the London based movement said that about 40 East Bengali diplomats had left their posts abroad since the Pakistan Army moved into East Bengal in March.
DELI PAKISTAN MISSION-YAHYA'S SLAUGHTER HOUSE

Pakistanis set up yet another unique record of barbarism in a foreign country when they inflicted brutalities on the Bengali employees of their High Commission in New Delhi on November 2, 1971. The Bengali employees along with the members of their families were mercilessly beaten up while they were escaping to freedom and declared allegiance to Bangladesh. Mr. Husain Ali Khan, personal Assistant to Mr. Abdul Ghani, chief intelligence network in India, was forcibly kept inside the High Commission premises and beaten up. It is still unknown if MR. Husain Ali Khan is alive.

The ugly maltreatment with the Bengali staff was so nakedly exposed despite the assurance given to them on their freedom of movement. The High commission authorities recently withdrew all restrictions on the movement of the Bengali Staff who were previously subjected to confinement, within the, chancery premises. They were told they could leave the High Commission should they so desire. The Pakistanis held Mr. Husain Ali captive because he was personal assistant to the Chief of the Intelligence network in India.

Describing the High Commission as "Yahya Khan's slaughter house ip India", the wailing and bleeding escapees showed their injuries to Pressmen and others outside the High Commission.

The West Pakistani atrocities invoked deep indignation and anger all over Bangladesh.

Bangladesh Government and leaders strongly condemned the torture and oppression committed by the West Pakistanis on the Bengali employees and called for international intervention for the release of Mr. Husain Ali Khan.
Mr. Prime Minister,

I write this note to you today out of a despondent mood which has been clouding my thoughts for last several weeks. After more than 7 months of my efforts to help the Bangladesh cause it may perhaps appear to be odd to address you. But my sense of duty dictates me to inform you that I have been psychologically persecuted without any reason whatsoever. For your record and necessary action I put down very briefly the facts as follows:

(1) I left Dacca towards the end of March and after spending about 3 weeks on the eastern side came down to Calcutta on April 19, 1971. It was my commitment to the cause of an Independent Bangladesh rather than the fear of Pakistani army that brought me down here. You, your colleagues and the Awami League party are aware of the humble contribution I made during the trial of Sheikh Mujibur Rahman in the Agartala conspiracy case and during the time of Round Table Conference of 1969 and thereafter.

(2) Soon after I arrived I devoted myself to work for the cause of our liberation through the functionaries of the government of Bangladesh. As at the beginning the only surface activities were conducted from the Mission. I associated myself with it to render my services to the best of my ability. Because of the circumstances, there was no sufficient machinery for the work that was necessary in the diplomatic and public relations front. I tried to narrow the gap and fill the vacuum whenever it was necessary. I drafted letters, prepared instructions for the organizations abroad, prepared briefings for different dignitaries, briefed foreign correspondents and visitors, compiled facts and documents of Bangladesh movement and many other pieces of work in different spheres at different times.

(3) On many occasions I submitted different schemes and plans to develop our Foreign Office and the External Publicity Machinery to strengthen our diplomatic efforts abroad. My personal contact and friendship with a good many international journalists paid a very rich dividend for our cause. Whenever I have spoken I tried my best to vindicate our cause and the importance of our leadership with a background to the role of Awami League and Sheikh Mujibur Rahman.

(4) After Mr. Alam took over as the Foreign Secretary I also tried to be cooperative as much as possible and rendered all possible assistance to him and to all others working in the Mission. I have also always extended my fullest assistance to Mr. Hossain Ali on different matters whenever it was demanded of me. Many things I have done going out of my own way only to strengthen our cause and there are countless small things which I have done in the Mission. On my submission the concept of which I developed and now it is working reasonably well. An English Bulletin called ‘Bangladesh’ is also coming out regularly every week from this Division. I submitted a comprehensive scheme for this Division in order to make it more effective to achieve our ultimate objective.

(5) During all this time not even for a moment it occurred to me that my contribution was not necessary or for that matter to work for the cause of Bangladesh I needed any
formal or official position. But in order to work more effectively I thought the
distribution of work could be made in the Foreign Office so that what exactly I should
do. This would have help me to be more creative and vigorous in performing my
responsibility. At this time the Foreign Secretary informed that there was difficulty in
formalizing my position. On hearing this I met the Foreign Minister for the first time
in the last week of July. The Minister was very kind to me and praised me for all the
work I was doing but told me that there were difficulties from other quarters about my
holding any responsibility officially. He however consented to my continuing the
work quietly on the voluntary basis as before.

(6) So I continued to work as a volunteer in the Foreign Office, as my main
purpose was to serve the cause of our people. The Foreign Minister was however kind
to grant a little subsistence allowance with effect for August, if I required.

(7) In the meantime however, two publications compiled and prepared by me
came out from the External Publicity Division. One "Bangladesh-Contemporary
events and documents" and the other was "Bangladesh-from Autonomy to
Independence" (World Press commentary). In the first one the Publicity Division was
kind to mention my name although I agreed originally not for such naming.

(8) This position, although I did not mind personally, was however insulting and
humiliating. I was gradually realizing that I was not allowed to function effectively. It
was also embarrassing in dealing with large number of foreign correspondents and
other dignitaries and also in entering into correspondence etc.

(9) All this time it has been conveyed to me through various sources and
particularly the Foreign Office that there is objection from, your side in my working
for the cause of Bangladesh. Finding this situation humanly intolerable and politically
most unfortunate I meet the Foreign Minister again last week. He advised me to
discuss this matter with you and the Acting President and assured me that this
undesirable situation could be changed if only you and the Acting President consented
to allow me to work more effectively. When I discussed this matter with the Acting
President he was sorry to hear all these and advised me to take this matter up with you
also.

May I here make it absolutely clear, Mr. Prime Minister that I would be only
delighted to continue my work as a volunteer provided my responsibility is defined. I
have already expressed my desire to contribute in my little way as much as possible to
strengthen the Government's hand in our liberation struggle and in representing our
cause in a better and effective manner.

I hope you will take an immediate action in this respect. I may continue to work in
the Foreign Office or in the Planning Commission or in any other front as you would
consider suitable for me.

Yours faithfully
(Moudud Ahmed)

Letter from the Government of Bangladesh to the Prime Minister of India  

(Seal of the Bangladesh Government)

Mujibnagar,  
November 23, 1971

Excellency,

May we invite your kind attention to our letter of the 15th of October, written to you on the eve of your departure for Europe and the United States of America? Our hope was that, apart from giving consideration to our basic request for the recognition of the People's Republic of Bangladesh and its government, our letter would also assist you in conveying the depth of our feelings and the increasing momentum of our struggle for freedom to the world leaders whom you were to meet. The reports that we received about your discussion had created the hope that the statesmen whom you meet would be able to persuade President Yahya Khan to evolve a political solution to the problem of Bangladesh, in consultation with our undisputed leader, Sheikh Mujibur Rahman and our already elected representatives.

2. Even while you were abroad describing the realities of the situation and emphasizing the imperative necessity of a political solution according to the declared wishes of the people of Bangladesh, we received definite indications that the military rules of West Pakistan remain determined to continue their policy of repression and brutality against our people. President Yahya Khan's statement of the 12th of October, the increased activities of the West Pakistani Army against the civilian population in Bangladesh and his rebuffs to various overtures made by the statesmen of the world urging a rational political solution on him, confirmed our assessment.

3. Development especially over the last two weeks clearly show that the military rulers of West Pakistan are not open to persuasion to return to the path of reason and face the realities of the situation. Meanwhile, the exodus of our countrymen into India continues unabated, which is a direct consequence of the continuing repression of our people by the West Pakistani army. The oppression of our people is accompanied by a deceitful policy of so-called normalization undertaken by the military junta of West Pakistan. The defeated candidates and quislings, who constitute the so-called civilian government of East Pakistan, are sustained by a repressive martial law regime universally hated by the people of Bangladesh. Their atrocities have reached new and unimaginable dimensions in terrorizing and decimating our people in recent days. You must have seen reports about curfews and arrests, exercises in scorched earth and mass extermination undertaken by the West Pakistani army in Bangladesh over the last fortnight. Entire villages have been razed to the ground and their populations liquidated. The West Pakistani army has acted with
such systematic brutality that millions of our countrymen wander without shelter and food within Bangladesh. According to our assessment, nearly five million citizens’ of Bangladesh are in this tragic and heart-rending predicament with no succour or relief. This is apart from the ten million citizens of Bangladesh who have already gone to India and whose number is increasing every day. The aforesaid facts lead us to the unmistakable conclusion that the military regime of Pakistan has embarked on a premeditated and planned extermination of our race.

4. The military regime of West Pakistan still refuses negotiations with Sheikh Mujibur Rahman and the Government of Bangladesh. This has resulted in the alienation not only of the people of Bangladesh from the military regime of President Yahya Khan but also the people in other parts of Pakistan. The people of North-West Frontier Province and Baluchistan have expressed their dissatisfaction in a manner which has now compelled the Government of West Pakistan to ban the National Awami Party which had won a majority in the provincial elections in these two provinces of West Pakistan.

5. All this only confirms our original assessment that the people of West Pakistan were never a party to the conspiracy of military oppression undertaken by President Yahya Khan in conjunction with a small coterie of Generals. President Yahya Khan's pronouncements and activities over the last month gave a clear indication of his determination to suppress the democratic aspirations not only of the people of Bangladesh, but also of the people all over Pakistan.

6. As we had informed you in our letter of the 15th of October the operations of the Mukti Bahini have been gathering momentum. The Mukti Bahini, with the universal support of the people of Bangladesh, has achieved signal successes in regaining effective administrative control over large areas of our motherland against the military oppressor. We had informed you of our being in control of half the territory of Bangladesh in our letter of the 15th of October. We have great pleasure in informing you now that our effective jurisdiction extends to two-thirds of the total area of the country. We have not only liberated this area, but at so consolidated our authority and established increasingly effective civil administration in areas under our control. Even in the remaining areas, the freedom struggle with popular support has reached a stage that it has compelled the West Pakistani troops to confine themselves to a limited number of fortified positions. Our successes as well as the events in West Pakistan, with the passage of time, have convinced even the people of West Pakistan of the legitimacy of our cause. The intransigence of the military regime of West Pakistan and the pogroms being carried out by them against our people are indicative of the vain hope which President Yahya Khan entertains of retaining control over Bangladesh by coercive authority. This has only strengthened our determination to liberate our motherland completely and we are confident of achieving our objectives. We have become better organized and our armed forces are acting with discipline and determination. The ranks of the Mukti Bahini have swelled with thousands of patriotic young men, dedicated to remove the colonial bondage of the people of Bangladesh once and for all. It is our unalterable intention to remove the root cause of the tragedy which we have undergone—the oppression that we have suffered for nearly two decades, and culminating in the holocaust on March 25th and the events following it. This is a just struggle of an enslaved people against their exploiters.
7. It was out hope that our struggle would find immediate and tangible support from the international community, particularly from our great neighbor, India. Our expectations had some basis in the eloquent resolution passed by the Parliament of India on the 31st of March, 1971, which expressed sympathy for and solidarity with the people of Bangladesh in their struggle for a democratic way of life. Already, eight months have gone by, neither international pressure nor counsels of reason from the statesmen of the world have succeeded in persuading the military regime of West Pakistan to negotiate a political settlement with the people of Bangladesh through their already elected and acknowledged leaders led by the President of Bangladesh, Sheikh Mujibur Rahman. Nor has your tolerance and restraint made any constructive impact on the rulers of West Pakistan. To the contrary, apart from carrying out a systematic policy of genocide, violation of human rights and repression, the military regime of West Pakistan has sought to divert the attention of the world from the root cause of the problem by attempting to internationalize the issue by projecting it as an Indo-Pakistan dispute. We are aware of the consistent efforts that your Government has made to explain the problem in its correct perspective and to direct the attention of the international community to the realities of the situation. These attempts at a peaceful settlement of the dispute between the people of Bangladesh and the military rulers of West Pakistan have failed and the recent pronouncements and activities of President Yahya Khan provide little hope for a political solution. In this context, it has surprised and even perturbed us that India should continue a policy of caution and restraint against the oppressive military regime of West Pakistan.

8. The people of Bangladesh are conscious of the leading role that India played in eradicating the evil of colonialism from the Afro Asian region. It was India's eloquent advocacy and consistent stand in favor of the oppressed peoples of the world which made it the leading political force accelerating the process of de-colonization. Your Government and your people have always raised their voice where human dignity was in danger and liberties and freedoms of people threatened. Your consistent support to the just struggles for liberation and freedom movements of the oppressed people of the world is well-known. India has been a leading exponent of the cause of freedom and upholder of liberty for those who are oppressed and deprived of their fundamental rights. You have shown unflinching support to the principles of democracy, secularism, socialism and a non-aligned foreign Policy. The proclamation of independence of the People's Republic of Bangladesh and subsequent pronouncements by the Government of our country have given clear indication that we share their ideals and aspirations. We should like to reiterate here what we have already proclaimed as the basic principles of our State policy, i. e., democracy, socialism, secularism, and the establishment of an egalitarian society, where there would be no discrimination on the basis of race, religion, sex or creed. In our foreign relations, we are determined to follow a policy of non-alignment, peaceful co-existence and opposition to colonialism, racialism and imperialism in all its forms and manifestations. Against this background of this community of ideals and principles, we are unable to understand why the Government of India has not yet responded to our plea for recognition.

9. On a more practical plane, we are conscious of the burdens imposed on your country by the massive influx of the citizens of Bangladesh in the face of the terror which
they face in their own country. We share your anxiety regarding the tensions which the presence of millions of our countrymen on your territory can generate. The economic burden and the socio-political tensions which the large number of Bangladesh refugees in India can create are and should be the common concern of both the Government of India and Bangladesh. With our effective control over our territory and with the establishment of organized civil administration, we are anxious that all our fellow citizens who were forced to leave their hearths and homes after the 25th of March, 1971, and who are now living in your country in adverse conditions despite your generosity, return to their homeland at the earliest possible date. We are also now in a position to resettle and rehabilitate them in their own homes in conditions of safety, dignity and honor. In view of the onset of winter, time is of essence in this matter. The health and welfare especially of the women, children and the aged, can be safeguarded only if the arrangements for their return to Bangladesh are expedited. We would like to assure you of our Government's full co-operation in organizing the expeditious return to the refugees back to their home. Let it not be said that we failed them in their hour of need.

10. Your extending recognition to the Government of Bangladesh seems an imperative requisite to us to relieve the tensions and strains which the people of Bangladesh and India had to bear over the last eight months. The early achievement of our common objectives would also depend on your giving not only political and moral support to us, but also all essential material and to the freedom struggle. We are convinced that your according recognition to us and giving substantive content to this recognition by co-operation in all aspects of our mutual relations would expedite a lasting solution to the problem of Bangladesh.

11. We are grateful for the continuing support that you have given to our cause and the efforts you have made on this behalf with the international community. We feel it is now necessary to give formal political content to your support, in order that our struggle is rewarded with speedy success and our existence as a free society is recognized by the world at large. Recognition by you would give an impetus to and would be an acknowledgement of our aspirations and free existence. It is also our considered assessment that the granting of recognition by the Government of India to the People's Republic of Bangladesh is a most necessary and important step not only to stabilize the situation on the sub-continent but also to ensure peace, progress and stability to South-East Asia. May we, therefore, reiterate the request which we made in our letter of 15th October that you accord immediate recognition to the sovereign People's Republic of Bangladesh?

Please accept, Excellency, the assurance of our highest esteem.

HER EXCELLENCY MRS. INDIRA GANDHI,
Prime Minister of India,
New Delhi.
The trend of International publicity has radically changed in last 7 days. The theme of the publicity in different international Newspapers and medias has been dominated by the Indo-Pakistan conflict and it appears to turn into an Indo-Pakistani dispute taking the real issue of Bangladesh and the struggle of the Mukti Bahini in obscurity.

It is essential that we should try to see that the real issue remains alive. Therefore, our effort should be more intensified now then ever before to keep the Bangladesh struggle in the world scene. There are more than 100 foreign correspondents, Photogra-phers, Television teams and News agencies in Calcutta and all of them have rushed thinking that there is going to be a war. From our side we must try to draw their attention to the real problem and see that the Mukti Bahini remain as a dominant factor in their work. On the other hand, it is not possible nor it would be wise to treat all the correspondents on the same footing. Many of them we do not know, there are many who have not been writing fully in our support and there are some who also perhaps function as informers. From my personal experience I may suggest that we should select six to eight persons preferably not more than one from one particular country and make special arrangement to show them round the Mukti Bahini activities and successes. The following names can be suggested for an immediate coverage of the Mukti Bahini:-

(1) John Pilger, Chief International Correspondent, Daily Mirror and his Photographer John Garrett.
(2) Simon Dring, Newsweek USA and his Photographer Bob Whittaker
(3) Gerard Viratelle, of Le Monde, France.
(4) Miss Penny Tweedier, Photographer, Sunday Times.
(5) David Sell, BBC Television Team.
(6) Faris Glubb, CBS Television Team.
(7) The Canadian Television Team.
(8) The Australian Television Team.
(9) One Swedish Television Corporation.
PRESS RELEASE

A spokesman of the Bangladesh Government stated in Mujibnagar to-day that Yahya Government is now raising the bogey of Indian attack to hide the successes of the Mukti Bahini which has launched an all-out offensive throughout Bangladesh. In this connection the spokesman stated that the Mukti Bahini has already liberated large territories and is now controlling the entire countryside including some towns. Even in Dacca, the Mukti Bahini guerillas are daily engaging the occupation army in street battles. The spokesman asserted that the aim of the Yahya Government is to mislead world opinion about Mukti Bahini successes and to unite the people in West Pakistan where the NAP had to be banned to suppress movements by the people of the Frontier Province and Baluchistan.

**Letter from the Government of Bangladesh to Prime Minister of India December 4, 1971**

(Seal of the Government of the People's Republic of Bangladesh)

From
SYED NAZRUL ISLAM
Acting President of the People's Republic of Bangladesh,
and
TAJUDDIN AHMED
Prime Minister of the People's Republic of Bangladesh.

To
HER EXCELLENCY MADAME INDIRA GANDHI,
Prime Minister of India, New Delhi.

Your Excellency,

We have just learnt with deep shock of the dastardly attack launched against your country by the military junta of Pakistan on the afternoon of the 3rd of December. This latest manifestation of Yahya Khan's reckless violation of international covenants is the final proof of his determination to subject the countries of this sub-continent to tensions, destructions, and socio-economic ferment. The people of Bangladesh were conscious of the above inclinations of the Government of West Pakistan and they launched their struggle for freedom nearly nine month ago. We had sent communication to Your Excellency on the 15th of October and 23rd of November explaining the realities of the situation and our determination to fight the military junta of Pakistan till the complete defeat of the occupation forces is accomplished. The aggression committed by Yahya and his generals on your country makes it all the more necessary that the people of India and the people of Bangladesh stand shoulder to shoulder to repel the aggressors and fight for democracy and freedom and the values we cherish in common.

Madame Prime Minister, We have the honor to inform you that in view of the direct aggression committed by Pakistan against your country on the 3rd of December, the freedom forces of Bangladesh are ready to fight the aggressive forces of Pakistan in Bangladesh, in any sector or in any front. Our joint stand against military machinations of Pakistan would be further facilitated, if we enter into formal diplomatic relations with each other. May we, therefore, repeat our request to Your Excellency that the Government of India accord immediate recognition to our country and our Government.
We should like to take this opportunity to assure Your Excellency that the Government and the people of Bangladesh stand solidly with you in this hour of peril and danger to both countries. It is our earnest hope that our joint resistance to the nefarious plans and intentions of President Yahya Khan will be brought to a successful conclusion.

We assure Your Excellency of our Government's full support in your just struggle against the aggressor.

Renewing Your Excellency, the assurances of our highest esteem.

December 4, 1971.
BANGLADESH FOREIGN MINISTER ON RECOGNITION

December 6, 1971.

The following is the statement of Khandaker Moshtaque Ahmed, Foreign Minister of the People's Republic of Bangladesh as received here to-day by the High Commissioner for Bangladesh in India:-

"With an overwhelming heart precipitated with deep sense of gratitude, we the 75 million people of Bangladesh once again express our heartfelt thanks to the Government and people of India on this epoch-making moment of history. India today has formally redeemed her ideals of, pledge and commitment to the enhancement of human civilization, peace and progress by according formal recognition to the Government of the People's Republic of Bangladesh.

On this historic day, let us an pledge to bring into being faithfully the new economic and social order that our great leader Bangabandhu Sheikh Mujibur Rahman pledged to the Nation of Bangladesh. Let us also hope that bond of friendship between India and Bangladesh will have ever lasting and eternal glory of greater and greater understanding. The great nation of India and emerging nation of Bangladesh can supplement and complement each other according to their capabilities to put up a monumental example of peaceful co-existence under the principle of panchshill.

We owe our thanks and congratulations to the heroic men and officers of Mukti Bahini and Indian forces who have written this new page of history not in golden words but words stained with their blood. Glory belongs to them.

Our great leader Bangabandhu Sheikh Mujibur Rahman, the dreamer of Bangladesh has to be rescued from the prison of the barbarous junta of Islamabad. If blood can bring freedom, blood will also bring him back in his dream land-

রক্তান্ত একটি ইতিহাসের কাফিলগ্রে আমরা এসে পৌঁছেছি। বাঙালীর রকে গড়া লোহিত-সাগরের অভ্যন্তর অংশ থেকে একটি নতুন জাতি জন্ম দিয়ে মার্কিন রাষ্ট্রের দুর্ভিক্যে নাম তার বাংলাদেশ। তা সম্ভব হওয়ার কৃত্রিম রকম বাংলার যাবার মার্কাট রূপক আমিত্য ও আমিরক রিপোর্টের আলাদা একে দিয়েছে। এ রিপোর্ট আলাদা পার্টিপাশিয় চলা হয়ে আশ্রয়তার কাজের প্রস্তাব। সারা বাংলা আজ আশ্রয়তার ভাবে। কিস্তি সে অশুভ শেষ কখন নয়। আশ্রয়তার প্রাথমিক দিনের দিনে এসেছে বাঙালীদের ক্ষুঁ। পূর্ব পরিচিতিতে এ সুরক্ষার বরং করা দিতে হবে হাসিমুখ। আমরা আর কাদর নন। আমাদের কাদর সময় নেই।

আকাশের কর্তব্য

বাঙালীর বাঙালী প্রতিষেধ প্রস্তাবে যারা গ্রাস দিয়েছেন তাঁরা বীর মৃত্যুর কর্তব্য করেছেন। মরে তাঁরা অমর হয়েছেন। আমরা যা তো আছে এবং যা পৃথিবীর হলভল হল পান করে মৃত্যুর করে এঘুসু তাদের হত্যা দেয়ার মর আমার বেশী নেই। আমার আলোচনাধীনের হতে আন্তর্গত অধিবাসীর দায় ও দায়িত্ব তুলে দেয়ার প্রতিষ্ঠান স্থানিজ করে যাবে অপেক্ষা করাই আমার মতো মানুষের আকাশের কর্তব্য।

বাঙালীর বর্ণবদ্ধ

আমাদের মুক্তি সংগঠনের সৃষ্টির নতুন মান অভিজ্ঞতা হয়েছে। দেশে স্বেচ্ছায় মান দিয়ে বাংলার প্রতিষ্ঠা মানুষ এ দিকে কাজ করিতেছেন। পরম কামুকামল আমার অনুগম অফিসের ডাক থাকে আমাদের এ বিষয়ে আছে। বাঙালী সাধারণ পোষ্ট মানুষ অনুভূত প্রাণ-নিতিক মানুষের দিয়ে বাঙালীর প্রজ্ঞা করেছেন। সে বাঙালীতাকে সুষ্টির কথার জন্য চুরাঙ্ক সংগঠন শুরু হয়েছে। সে গ্রামে মানুষ নজর করে একটি দুর্যোগ দেখানি দিয়েছে মানুষের জন্য এ ধরণের আমলে করে পাড়া সমাজগত অভিজ্ঞতা এদুভাই হয়েছে মানুষের চরম করে হয়। দুর্ভিক্ষ ও ধরনের পায়ে গঠন-এ এ তার দেশের জাতীয় মৌলগীতিক উপর তিনি করে দেখানি যুদ্ধের করতে হবে। দেশে একটি নতুন সমাজ কামুকা ও মূলব্যাপারের সৃষ্টি করতে হবে। যে জাতীয় ঐক্য ও সংগঠন আমাদেরকে যুদ্ধের নিয়মের দিকে এগিয়ে দিয়েছে, সেই একই ঐক্য ও সংগঠন দিয়ে আমাদেরকে বাঙালীতার বর্ণবদ্ধ ফলাফল হবে এবং বাঙালীর ঘরে ঘরে সে ফলল পেঁচে দিতে হবে।

পতাকার পারিবর্তন নয়

১৯৪৭ সালের ১৪ই আগস্ট আমরা একবার স্বাধীন হয়েছিলাম। কিন্তু সে স্বাধীনতা ছিল পতাকার পারিবর্তন। তাই অচিরেই সে স্বাধীনতা হওয়ার বাঙালীর হাতের গ্রামে পৌঁছে যায়। শ্রীপুরের বন্দিতে সে স্বাধীনতা অফিসের পারিবর্তন। এই যে মানুষের অভিজ্ঞতা সে অভিজ্ঞতার আলোকে আমাদের প্রাণ করতে হবে, স্বাধীনতা মানে পতাকা পারিবর্তন নয়। রক্তের বিভিন্নে স্বাধীন অর্থহিত হয়েছে সে স্বাধীনতা সম্পূর্ণ ভাবমাত্র প্রতিপত্তিবাহী। এ সুস্পষ্টকে বাংলি, সমাজ, সামাজিক ও রাষ্ট্রীয় ব্যবস্থা এবং আমাদের মাঝের মধ্যে নিঃসন্দেহে ব্যাপ্তিকে উপায় পাওয়া পারিবর্তন করতে হবে।
কর্তৃত্ব হতার চেষ্টা

আন্তর্জাতিক কেন্দ্র বাংলাদেশ আজ আরও কাছেই অপরিচিত নয়। কিন্তু বাংলাকে আন্তর্জাতিক জগতে উপস্থাপিত করতে চিন্তা আসমানে বিজ্ঞাপ্ত শক্তি বিদ্যমান। আমার দূতাবাসের তলক করলে যে অনেক দেশ আরও দূতাবাসের জন্য ও পণ্ডিতের কেন্দ্রে সে দূতাবাসের সমাধান করার মাধ্যমে প্রভাবশালী হতে পারে না। ভূমিক্ষণীয় ক্রিয়ার আরেক দিকে আমার দূতাবাসের জন্য বিদ্যমান। এদের প্রয়োজনের দিকে আমার কাজ করে যেরূপ করা যায় না, এ কথাটা সমাধান করতে হবে। এদের বলে দেখার প্রয়োজন আছে এবং আমার দূতাবাস। কর্তৃক মেঠে আমার সম্পদের দূতাবাসের বিশেষ, মানুষের কাজ আত্মসাতিতে শক্তিকে চূড়া করে দেখাটো তাদের বিদ্যমানতা পরিপন্থা, তাকে বাংলাদেশের উদ্ধারের জন্য দিয়ে তারা তাদের চেষ্টা ঘুরে দেখেন।

মানুষের শক্তির কাঠে-

বিশেষ কোথাও যদি কোন মানুষের মুক্তি সংগ্রাম বিজয়ী হয় তাহের তবে বাংলাদেশের মানুষের মুক্তির সংগ্রামও বিজয়ী হবে। ইতিহাস এ শিক্ষা ও সিদ্ধান্তই মেহেরা হচ্ছে। রূপোর শক্তি, সামাজিকতা, নয়া সামাজিকতার ভূমিকা দিয়ে যে মানুষের সংস্কৃতির চিহ্ন তাদের বিদ্যমান। তাদের জন্য প্রয়োজন আছে যে মানুষের মুক্তির দূতাবাসের তোষ্ণতা কোনরকম করান। আমার কাজ নয় যে মানুষের বিদ্যমান। ইত্যাদিতে যে শক্তি মানুষের কোনো নিয়ন্ত্রিত হয় না এ শক্তি পাশ শক্তি। যত পর্যায় শক্তির নিয়ন্ত্রণে আমার সংগ্রাম করিন্দ্র এবং করিন্দ্র। অতি শক্তিকে হয় একটি দূতাবাসের আত্মসাতিতে শক্তির কাজ করার দূতাবাসের বিদ্যমান। তাদের নতুন শক্তির কাঙ্ক্ষা বিদ্যমান বা গোষ্ঠী চিন্তন হয় কীভাবে।

কোনার শিক্ষার বিশ্বাস-

নতুন জাতি হিসেবে যে গদাহিনীর উদ্যোগে আমার করেছে সে গদাহিনী দিয়ে আমার আমাদের দেশের কাদে পাড় তুলে। বাংলাদেশকে তুলে পিয়ে গোষ্ঠী জাতির জন্য আমাদের কাজ করতে হবে। অন্যান্য প্রতিবেদনের বা দলগুলির লাগামের উদ্দেশ্যে উচ্চাঙ্গের চাহিদাকে চিন্তন অভাস আমাদের পরিপন্থা করতে হবে। এ ধরণের আকাঙ্ক্ষার কাজালির অর্থের জাতির সমর্থন করেছে। কারণ অন্যান্য প্রতিবেদনের দ্বারা তারা সৎ ও চরিত্রনিবন্ধ
বাংলাদেশের বাসীবাসী জীবন দলিলপত্র তৃতীয় পর্যায়

বাংলাদেশের কর্মশীলতা ও প্রশিক্ষণ প্রতিষ্ঠিত করেছে। আমাদের অবস্থায় আশা করা যে, আমাদের দেশের তালিকার বুকার উল্লেখ করার কাজে করেছে অন্যান্য অনেক প্রকার জাতি। সমস্ত জাতির জন্য আমাদের একই হতে করে এবং জাতিত্ব সম্পর্কে বোঝায় আমাদের যা বর্তমান থেকে তাই আমাদের জীবন করে আমার লিঙ্গের হোক অবসন। তাদের নীতিতে হোক নীতিমান বাংলাদেশের রক্ষাতে অনুমতি।

ধর্ম অনুসরণ

আমাদের প্রতিবেশী রাষ্ট্র ভারত আনুষ্ঠানিকভাবে আমাদের বীর্যতা দিয়েছে। বাংলার সাথে সাথে কোটি মুঘলার মহান আলোকে আলোকে বিশ্বাসবাদ চিত্র ভারতের এ বীর্যতা গ্রহণ করেছে। ভারত অন্যান্য আমাদের প্রতিবেশীর সাথেই নয়, এই ভারত অন্যান্য মহান সমাজ নিয়ন্ত্রণের অন্তর্যাম প্রশাসনিক একটি পিলগুজ বাট। আমাদের বিরুদ্ধমান ঝড়ের বিরুদ্ধে, আমাদের সাথে একটি উন্মুক্ত নিয়ন্ত্রণের পাশে ভারত যে অন্যান্য বলিশতা নিয়ে দাঁড়িয়েছেন তার বুকার বিশ্ব ইন্দহাসে বিলের। বাংলার শাসনাধীন জন্য, বাংলার জাতিত্ব এবং মুঘলার মহান জীবনের জন্য ভারত সরকার ও ভারতের জন্য যে তার জীবন করেছেন সে ভারতের ধন অনুপযোগী। বাংলার মহান জীবন নিয়ন্ত্রণণের ধরন উদাহরণ তার প্রতি ভারত তাদের মানুষ যে আমাদের উভয় রাষ্ট্রের সকল জনগণের বক্তব্য দিতেন দিতে নিশ্চিত করে যে এ আমাদের জীবন নেতৃত্বকে বিশ্বদর্শনের নকশাক করে প্রতিষ্ঠা করে সমর্থ বলেও আমরা মন করি।

আর এক বন্ধ

ভারতের পাশাপাশি আমাদের আর এক প্রতিবেশী রাষ্ট্র ভুটান আমাদের সরকারকে বীর্যতা দিয়েছে। ভুটানের মহারাজা জিমেন দুরান্দুর বিশিষ্টতাতে বাংলাদেশের জনগণের প্রতি যে দরখাস্ত করেছে সে সম্পর্কে আমারা নিকটমান রয়েছি। বাংলার মুঘলার প্রতি তাদের সরকার সম্পর্কে কথারও আমাদের জন্য নয়। মহারাজা, তার সরকার ও তার জনগণের কাছে আমরা কৃতজ্ঞ। দুই দেশের মধ্যে সহায়তার ক্ষেত্রে প্রতিটির যে এ আসন আমারা তাদের দিতে পারি।

রশ্ন সরকার ও জনগণের প্রতি

বুকু পরিসরের মধ্যে সুবিধাজনক রাশিয়া আলোচনা যে গণমুক্তি তুষ্টিকা পালন করেছে সে তুষ্টিকা স্বীকার মধ্যে বাংলাদেশের নয়, মুঘলার সকল মানুষের প্রশাসন অর্জন করেছে। রশ্ন সরকার আমাদের সমস্ত সমস্ত সকল জনগণের প্রতি যে তাদের সহায়তা প্রদর্শন করেছেন এমন এমন আমরা তাদের কাছে অভিজ্ঞ কৃতজ্ঞ। আমরা আশা করি যে, রশ্ন সরকার ও জনগণের আমাদের রক্ষাতে সকল সহায়তা আমাদের কাছে উপস্থিত করেন এবং তার কর্মরত হিসাবে তারা আমাদের সরকারকে আনুষ্ঠানিক বীর্যতা লিখেন।

জাতিত্বতন্ত্র ও পূর্ব ইউনিয়নের কয়েকটি দেশ আমাদের প্রতি গীতিকের সহায়তা প্রদর্শন করেছে। আমাদের সমাজ, সামস্ত ও সংস্থাগত সকল তারা ও প্রশাসনের আমরা তাদের কাছে কৃতজ্ঞ। আমরা আশা করি যে, মুঘলার মানুষ সকল সহায়তার আনুষ্ঠানিক কৃত্তিকে দিতে তাদের এপ্যাটে আসবেন।

রুটিন ও ফাস্টি তুষ্টিকা

রুটিন ও ফাস্টি সরকার সম্প্রতিকালে বাংলাদেশ প্রশ্নে একটি নিয়ন্ত্রণ তুষ্টিকা পালন করে যাচ্ছে। আমারা আশা করি যে, এ নিয়ন্ত্রণের এটা অবশ্যই কৃত্তিতে।
সম্পর্ক সৃষ্টচীন। আমারা মনে করি, নানাই মানসিকতা ও বাংলার ধারাবাহিক সঙ্গে পুনঃনবাসির সম্পর্ক পরিচয় আছে। বুক্ত ভাষায় শাননামিত্ত অঞ্চলের গঠিত পশ্চিম পার্কসার যুগের গণতন্ত্রের দুর্বলতার মানসিকতাতে তাদের কাছে পরিচিত। তাই বুক্তে সরকারের মনে সাধারণ সেজাঞ্জা দূর্বল নয় বলে কি আমারা মনে করি।

ফরাসিদেশের সভাতার প্রথম পদ্ধতির উন্নতিকারী। পদ্ধতিপ্রণয়কে উন্নয়ন ও অনুনয়কের ব্যাপারে তাদের একটি সৃষ্টচীন চিনে আছে। ফরাসি পদ্ধতির উন্নাতির বাংলাদেশের পরিপক্ক চীন জানিয়ে ফরাসি সরকার ও জনপ্রিয়তা তাদের পদ্ধতির মানসিক অবস্থায় রাখা হল আশা করা অনুক্ষেপিত নয়।

পাক্ষিকের রক্ষাকর

পাক্ষিকের পুনরুদ্ধার বলে প্রচারিত মার্কিন যুক্তরাষ্ট্রের আর জনগণতন্ত্রিক বিপ্লবের পরিপক্ক বলে প্রতিষ্ঠা চীন বাংলাদেশের মানসিক মনকাষ্ঠ বাংলাদেশ প্রডে বলে সমস্ত নীতি প্রধান করেছেন যে নীতির নিদর্শন না করে পারা যায় না। জাতিসংঘের চেষ্টার ও বাইরে এখানে পশ্চিমাঞ্চলের অভাবে যে মানসিক প্রসার কর্তৃপক্ষ চীন জানে যে মানসিক মনকাষ্ঠ বাংলাদেশের জন্য কল্যাণের আশায় বলে আমারা বিশাল করি না। চীনের যুদ্ধ এই ধরনের নিয়ন্ত্রা বিশ্ব মানবজাতীয় জন্য বড় রকমের একটি সন্ন্যাস ডেকে আনার আশাকে রয়েছে বলে অনুভূতি করা হবে না। মার্কিন প্রশাসনের হাতে পাক্ষিকের অপমানে আর মহান জন চীনের মানসিক ও লোকজ্ঞানের সাফল্যের জোর অভিজ্ঞতা ইয়াহেরার মত একটি পাক্ষিকের রক্ষাকরুন হয় দাঁড়িয়েছে-এর চাইতে যুদ্ধের ও ক্ষেত্রের বিষয় আর কি হতে পারে।

পরাধিকর্তা রূপেন্যতা

বাংলাদেশের পরাধিকর্তা রূপেন্যতা হচ্ছে যাছাদের সার্ব্বভৌম সুলভ শক্তিপূর্ণ সাহায্য করার নীতি। আমাদের মত ক্ষমতারত এবং উন্নততন্ত্রী শিক্ষার, রূপেন্যতা কর্তৃপক্ষ দুই থেকে অশেখায় বিচুতি হয়েছে। আর বাংলা সরকারের সামরিক রূপে যা অন্তর্ভুক্ত হিসেবে আছে। সামরিক সুষ্পষ্ট ও কর্মসূচির বিচুতি সংগ্রামের সকল মনকাষ্ঠের প্রতি আমাদের সমর্থে থাকবে। কারণ প্রতি আমাদের বিজয় নেই, সবার জন্য আমাদের বক্তব্য তাদের দ্বারা উন্মুক্ত।

নিশ্চিত প্রসার দূর্বল

আমাদের লোক প্রদর্শন থেকে দেখা যায় এবং তাদের জাতিগত প্রতি শেখ মুজিবের রহমন ১৯৮০ সালের ২৮ শে নভেম্বর এ পরাধিকর্তার রূপেন্যতা জাতির সামগ্রিক পরিপক্ক করেছিলেন। যাছাদের সামন্তকের যুগলাদেশের দুই নগরী শেখ মুজিবের রহমন ইয়াহেরাকে করার আবক্ষ্য। কিন্তু নিদর্শন পরাধিকর্তার যা বাংলাদেশ নরমণশি চীনে দিনরাজুয়া করা হয়। অজ্ঞাত হচ্ছে স্থলে তাদের অপরাধিতী অদৃষ্টকালের মার্কিন রহমান তাদের কাছে নিদর্শন অপরাধ, অপমান। বাংলাদেশের প্রধান, প্রাদেশ, মশরকতা রক্ষার মাধ্যমে যুদ্ধ হয়ে উঠেছে। বিপদের তদন্তে আমাদের মধ্যে নেই। এ মহান যাতায় দূর্বল।

এ নিশ্চিত প্রসার আমাদের সৃষ্টিকর করে নিতে পারি না।

বিশ্বব্যাপী যুদ্ধের ব্যাপার খুবঁ খুলেন্ত নিত্যরূপে রাজনীতির দাবায় চীন ম্যাজুন দাবায় এ উদ্বেগ করে বলছি, শেখ মুজিবের রহমানের মত ক্ষমতা মানসিক মনকাষ্ঠের দুর্বল কাজ থেকে উদ্বেগ করে আমাদের সৃষ্টিকর বিশ্বকোষ। সুফন্দ্ব হচ্ছে বিশ্বকোষ খুলেন্ত গতির পুনরুলিত করতে না মাঝে নেমে তাদের হওয়া মানসিক মনকাষ্ঠের সকল বিশ্বসীয় নাগরিকদের অবশ্য কর্তব্য। বৃহৎ শক্তিপূর্ণ ও জাতিসংঘের কাছে আমাদের জেরে।
দারী এই যে, বাংলাদেশের বাস্তবতায় বাংলার জনক শেখ মুজিবুর রহমানকে অবিলম্বে মূক করে তাঁর হৃদয়ের বাঙ্গান ব্যবস্থা করা হোক।

আজকের বিজয়ল্পে আমি আমাদের মুক্তিবাহিনীর অফিসার ও জেলাদের অভিনন্দন জানাচ্ছি। বাংলার ঘরে ঘরে অনুষ্ঠিত দৈনন্দিন তথ্য বাংলাদেশের পতাকাকে সম্মুখ রেখেছে তাদের কর্তব্যবিধি প্রশংসা। আমাদের সকল কার্য কাঁধ মিলিয়ে দেব ভারতীয় সেনাধীক ও জেলার সহায়তা করেছেন তাদের কাছে আমরা অক্ষরের অন্তর্ভুক্ত থেকে কৃতজ্ঞতা জানাচ্ছি।

বাংলার ছায়া, শিক্ষক, পাত্রবী, শ্রমচরি, আর শিক্ষার-সাংবাদিক অক্তবীভাব আদর্শনিধি গণপ্রতিনিধিরা হাতে সাফটিক্যামে সাক্ষাতকার করার জন্য আমাদের পরিশ্রম করেছেন তা অন্তর্ভুক্ত ও অন্তর্ভুক্তি। দেশে দেশ সরকারের কর্মচারী ও বিদেশে জেলার কর্মচারী বাংলার সংগ্রামের সঙ্গে সংগ্রামে ঐতিহ্য যোগদান করেছিলেন তাদের সবাইকে আমি অভিনন্দন জানাচ্ছি।

যেন মনোমতুকে গ্রাস না করে

বাংলার আজ তারি। বিজয়নীর উদ্যোগ দেশে আছে, তেমনী আছে তার দায়িত্ব। নিরহার চিত্র বিজয়কে প্রশংসা করে নিন হয়। বিজয়নীর অস্ত্র সেন আমাদের মনোধ্বারকে গ্রাস না করে। আমরা যেন অটল পাপ-পাপিতার আর্ধতামে সকল সুর্যের কিরণ অপরাহ্ণের হস্তে পারিত কামনাই করি। কবিগুলো রবীন্দ্রনাথের ভাষায় আমারা শুধু মাত্র আমাদের নয় বিশ্বপাপের মার্জিন চাই।

cবিবিকানন্দ বাংলার বোধ করে আমরা বলব, “হে কবিগৃহময় ভূমি বিশ্বপাপ মার্জিন কর।”

-জয় বাংলা।

Ladies and Gentlemen,

Let me first of all thank the organizers of this conference to invite the People's Republic of Bangladesh to attend this august Assembly of the peace loving nations of the world. Let me also convey the goodwill of the people of Bangladesh to all the people of the countries whose representatives are present at this conference. I have come here on behalf of my Government to take this opportunity of meeting you and conveying the hope and aspiration of million peace-loving people of Bangladesh.

Ladies and gentlemen, we are at war. Bangladesh, formerly known as East Pakistan, is an independent state today and is a new nation of 75 million people. You have heard the stories of the genocide and atrocities that have been going on for the last one and a half months through newspapers and other means of communication. This occasion today gives me a further opportunity of acquainting you with the realities of our people and the circumstances in which our people are at the moment resisting the aggression of a well-trained army of West Pakistan equipped with the best weapons from the arsenals of the big powers of the world.

Pakistan came into existence on the basis of principles that were laid down in the Lahore Resolution of 1940 passed at the annual conference of All-India Muslim League. The people of Bangladesh sacrificed most to achieve independence from the clutches of the British colonial rulers. Blood was shed, lives were sacrificed, properties were given away but the independence was achieved. The aspiration of the people of Bangladesh had its sources from the above-mentioned resolution which guaranteed the creation of a con-federation of autonomous and sovereign states consisting of Muslim majority areas in India. On August 14, 1947 independence was materialized but the power was vested in the hands of the few West Pakistanis to rule whole of Pakistan. Since then the days of oppression and exploitation began.

In economic terms, Bangladesh, though having a majority of population the ratio being 56% to 44% was turned into nothing but a colony. Jute, the golden fiber, cultivated by the toiling masses of Bangladesh was the main source of foreign exchange earning and constituted 70% of the total earning of Pakistan including the export of tea, hide and skin, and other foodstuff and raw materials.

But these earnings were hardly used for our own development. Whereas with the foreign exchange earned through Bangladesh, massive industrial projects were materialized in West Pakistan. The deserts of the Punjab were turned into thousand shades
of green, dry hills and rough lands were rolled plain and beautiful broad roads were built. A small town of pre-Partition Karachi became the busiest commercial city of Asia. Islamabad, a rough and rugged plateau was turned into the capital at the expense of the resources provided by Bangladesh.

The last 23 years of independence were years of only exploitation for Bangladesh. The per capita income in West Pakistan increased three times compared to that of the people residing in Bangladesh. 60% of our national budget was deployed for the defense services whereas there has hardly been 10% of the total defense expenditure made in Bangladesh. In the Defense services, Bengali youths were deliberately not taken and, therefore, the total recruited never exceeded 7% including officers, whereas 78% of the total soldiers in the Armed Forces come from the Punjab alone. The major-development projects in West Pakistan including the famous Tarbella and Mangla projects were built outside the national budget and the millions of dollars aid came for the hundreds of similar projects in West Pakistan was solely invested in that part alone. Ninety-two percent of the total bank deposits were controlled by the West Pakistanis and almost 85% of the total capital of Pakistan was concentrated in Karachi. Eighty-seven per cent of the total private investment was monopolised by 22 families of West Pakistan.

The economic system that was sustained by the West Pakistan vested interests, established an intolerable structure of injustice. About 2 dozen families acquired control over 60 per cent of the nation's industrial assets, 80 per cent of its banking assets and 75 per cent of its insurance assets, 82 per cent of the total bank advances were concentrated in only 3 per cent of the total accounts. The tax structure in existence was one of the most regressive in the world, whereas oppressive indirect taxes were imposed on such essential commodities that would only hit the common man. Tax Holidays, huge subsidies in the form of bonus vouchers, credit and grants of foreign exchange at the artificially low official rate, had created special favorable conditions for the growth of monopolies and cartels.

Total revenue expenditure of the Government only rupees 15 thousand million was spent in Bangladesh against over rupees 50 thousand million in West Pakistan. Of the total development expenditure during the same period (up to 1968) rupees 30,600 million was spent in Bangladesh as against over rupees 60,000 million in West Pakistan. West Pakistan had imported goods worth more than rupees 30 thousand million as against its own foreign exchange earnings of rupees 13 thousand million and thus imports into West Pakistan were 3 times the value of import into Bangladesh.

It was made possible for West Pakistan to import goods worth rupees 20 thousand million in access of its export earnings by allocating its rupees 5 thousand million of the foreign exchange earning of Bangladesh and allowing to utilise over rupees 80 per cent of all foreign aid receipts.

The price of essential commodities had been 50 to 100 times higher in Bangladesh than in West Pakistan. The average price of coarse rice in Bangladesh had been prior to March 25, 1971, Rs. 45/50 per maund as against Rs. 20/25 in West Pakistan and that of wheat Rs. 30/50 in Bangladesh as against Rs. 15/20 in West Pakistan. The price of mustard oil was at Rs. 51- per seer as against Rs. 2.50 in West Pakistan.
Similarly the gold price had been Rs. 135/140 per tola in Karachi as against Rs.160/165 at Dacca (Bangladesh) during the period mentioned above.

In the official caders, the approximate number of employees engaged by Pakistan Government before March, 1971 is shown below:

This is in brief the account of the injustices that were inflicted upon the people of Bangladesh by the vested interests of West Pakistan for last 23 years.

Politically also we were utterly subjugated and the democratic people of Bangladesh hated to remain so. In 1940 when an attempt was made to impose Urdu as the only State Language of the country, Bengalis resisted and the struggle for democratic rights started. In 1954 a general election in Bangladesh was held for the first time after independence and the United Front under the leadership of Awami League dislodged the ruling Muslim League, part of the same coteries of today, by securing 97 seats. In 1956 the first Constitution of Pakistan incorporated Bengali as one of the two state languages. A general election all over Pakistan that was supposed to have been held simultaneously was later on scheduled for the beginning of 1959, but before that could happen, in October 1958 military Generals led by Ayub Khan overthrew the democratic Government and established a dictatorship. The Constitution was abrogated and the National Assembly was dissolved.

The civil and military bureaucracy connived and conspired and in 1962 Ayub introduced a political system by which they could only perpetuate their political authority and at the same time continue with the exploitation of the men and resources of Bangladesh. From October 1968 to March 1969 democratic forces gathered strength through an unprecedented mass upsurge and having found difficulty in managing the affairs of the country Ayub released Sheikh Mujibur Rahman from military custody and on his invitation a Round Table Conference was held at Rawalpindi in February-March 1969 with leaders of all political parties. At the end of the conference Ayub in his concluding speech although ignored the demand of Bangladesh but conceded to the demand of a federal parliamentary system and an immediate election on the basis of adult franchise. But again, the same hidden and vicious vested interests emerged and on March 25, 1969 instead of fulfilling his promise made at the Round Table Conference, Ayub abdicated and handed over the power to Yahya Khan, Commander-in-Chief of Pakistan Armed Forces.
The forces within Pakistan that ruled the country were basically anti-people. They were part of conspiracy between the military and civil bureaucracies and the monopoly capitalists. These forces collaborated hand in hand and never allowed the democratic forces to gather any strength. It was a deliberate effort on the part of these vested interests to suppress the growth of political institutions and at any time when an attempt was made to establish a democratic system these forces combined together and managed to succeed.

Ladies and gentlemen, at the time Yahya Khan took over the power from Ayub the Constitution was abrogated for the second time and the National Assembly was also dissolved; but however, restoration of democracy was promised by the junta and a legal framework order was introduced to elect a National Assembly on the basis of adult franchise. The people of Bangladesh believed the words of the Generals and the Awami League being a constitutional political party moved forward to establish a democratic system in the country. Between December 7 and January 17 this year, elections were held and according Yahya Khan they were "free and fair". At the end of the elections, Awami League secured 167 seats out of the total 313. In Bangladesh they secured 85% of the total votes cast and lost only 2 seats out of the total 169. They won 288 seats out of 300 for the Provincial Assembly of Bangladesh. Thus the Awami League not only established itself as an absolute majority party in the former province, but also an absolute majority party in the National Assembly, including West Pakistan.

The Awami League fought the election on a programme based on 6 point formula. As the people of Bangladesh suffered for 23 years and were deceived again and again by the ruling clique of West Pakistan, the 6-point formula presented a programme for an effective autonomy within the frame work of Pakistan. It reflected the hopes and aspirations of all the peace loving people of Bangladesh. The idea was that the Awami League would establish the democratic and economic rights of the people of Bangladesh through constitutional means and there would be no more exploitation of the Bengalis by the West Pakistani vested interests.

After the elections were concluded, leaders of all the political parties in the National Assembly had mutual discussions both between themselves and between individual party and President and 3rd of March, 1971 was at last fixed for the National Assembly session. In the meantime, following his decision to boycott the Assembly, Mr. Bhutto, leader of Pakistan People's Party, launched a campaign of intimidation against all other parties in West Pakistan to prevent them from attending the session. Mr. Bhutto having an electoral lead in the Sind and Punjab started behaving in a most undemocratic manner. In collaboration with Generals including Li. Gen. Umer, Chairman of the National Security Council, Lt. Gen. Pirzada, President's Chief of Staff and others, all close associates of Yahya Khan, Mr. Bhutto continued with his display of pressure tactics, but when signs of his failure were imminent and the members of the National Assembly coming from West Pakistan at last took their air seats to come to Dacca to attend the session, General Yahya Khan obliged Mr. Bhutto and the warlords of West Pakistan postponed the National Assembly session sine die through an announcement made over the radio suddenly on 1st of March, 1971.
The reaction of the postponement in Bangladesh was inevitable and spontaneous and throughout the land people took to the streets to record their protest at this arbitrary act. People now felt sure that Yahya never really intended to transfer power, and was making a mockery of parliamentary politics. The popular mood felt that the rights of Bangladesh could never be realized within the framework of Pakistan, where Yahya could so blatantly frustrate the summoning of an Assembly proclaimed by his own writ and urged that Sheikh Mujibur Rahman must go for full independence.

Sheikh Mujib, however, continued to seek a political settlement. In calling for a programme of non-cooperation on 3rd March he chose the weapon of peaceful confrontation against the army of occupation as an attempt to bring them to their senses. This was in itself a major gesture in the face of the cold-blooded firing on unarmed demonstrators on the 2nd and 3rd March which had already led to over a thousand casualties.

The course of non-cooperation movement is now a part of history. Never in the course of any liberation struggle has non-cooperation been carried to the limits attained within Bangladesh between 1st and 25th March. Non-cooperation was total. No judge of the High Court could be found to administer the oath of office to the new Governor, Lt. General Tikka Khan. The entire civilian administration including the police and the Civil Service of Pakistan, refused to attend office. The people stopped supply of food to the army. Even the civilian employees of the Defense establishment joined the boycott.

Non-cooperation did not stop at abstention from work. The civilian administration and police positively pledged their support to Sheikh Mujibur Rahman and put themselves under his orders.

In this situation the Awami League without being formally constituted Government, was forced to take on the responsibility of keeping the economy and administration running whilst non-cooperation lasted. In this task they had the unqualified support not only of the people but the administration and business community. The latter two subordinated themselves to the directives of the Awami League and accepted them as the sole authority to solve their various problems.

In these unique circumstances the economy and administration were kept going in spite of formidable problems are doing out of the power vacuum which had suddenly emerged in Bangladesh. In spite of the lack of any formal authority, Awami League volunteers in cooperation with the police maintained a level of law and order which was a considerable improvement on normal times.

Faced with this demonstration of total support to the Awami League and this historic non-cooperation movement, General Yahya appears to have modified his tactics. On the 8th March, he still seemed determined to provoke a confrontation when he made his highly provocative speech putting the full blame for the crisis, on the Awami League and not even referring to the architect of the crisis, Mr. Bhutto. It seems that he expected a declaration of Independence on 7th March. The Army in Dacca was put on full alert to crush the move and Lt. Gen. Tikka Khan was flown to replace Lt. Gen. Yakub to signify the hardening of attitudes within the Junta.
Sheikh Mujib, however, once again opted for the path of political settlement in spite of massive public sentiment for independence. In presenting his 4-point proposal for attending the National Assembly he not only had to contain the public mood but to leave a way open for Yahya to explore this last chance for a peaceful settlement.

It is now clear that Yahya and his Generals never had the slightest intention of solving Pakistan's political crisis peacefully but were only interested in buying time to permit the reinforcement for their military machine within Bangladesh. Yahya's visit to Dacca was a mere cover for his plan of genocide. It now becomes clear that contingency plans for such a crisis had already begun well in advance of the crisis.

As part of this strategy of deception Yahya adopted the most conciliatory posture in his talks with Mujib. In the talks beginning on 16th March, he expressed regrets for what had happened and his sincere desire for a political settlement. In a crucial meeting with Sheikh Mujib he was asked to positively state the Junta's position on the Awami League's 4-point proposal. He indicated that there were no serious objections and that an interim constitution could be worked out by the respective Advisers embodying the four points.

The basic points on which agreement was reached were:

1. Lifting of Martial Law and transfer of power to a Civilian Government by a Presidential Proclamation.
2. Transfer of power in the provinces to the majority parties.
3. Yahya to remain as President and in control of the Central Government.
4. Separate sittings of the National Assembly members from East and West Pakistan preparatory to a joint session to finalize the Constitution.

Once this agreement in principle had been reached between Sheikh Mujib and Yahya there was only the question of defining the powers of Bangladesh vis-a-vis the Centre during the interim phase. Here it was again jointly agreed that the distribution of power should as far as possible approximate to the final constitution approved by the National Assembly which it was expected would be based on 'Six Points'.

While negotiations were not yet declared to be complete, on 25th March at approximately 11 p.m. Yahya Khan committed an act of treachery that has no parallel in human history. A well-trained and mechanized army of West Pakistan clamped down over the weak and unarmed civilian population of Dacca. Without any warning or announcement or any order of curfew, tanks, mortars, artillery, machineguns, and rockets were indiscriminately used to kill the innocent people in the dark of the night. The major areas where the attacks took place were Police Barracks at Rajarbagh Headquarters, East Pakistan Rifles Headquarters at Peelphana, University student's hostels and teacher's quarters, Teigaon Industrial Area, ferry ghats, stations, roadside slums, Malibagh, Maghbazar, Babubazar, Nayabazar, etc. wherever there was concentration of population. The approximate number of people killed on the first two nights in and around Dacca is estimated to be 100,000. On the first night two daily newspaper offices ('The People' and 'Ittefaq') were shelled and completely burned down and two days later another Bengali daily newspaper ('Sangbad') was also set on fire.
The nature of the genocide that has been committed in Bangladesh has no similar example in modern history. The soldiers mostly coming from tribal background of Punjab and Frontier were only human beings in form but in reality behaved like hungry wolves. Their action was of destruction and annihilation. They killed, looted, arsoned and raped. On the first night they attacked the university dormitories and killed 300 students. They entered into residential quarters of the university teachers and killed all the available eminent scholars of the country. They picked up the philanthropic industrialists and after killing them, looted their properties and cash money.

On 27th morning when the curfew was apparently lifted after 33 hours, almost the entire population of Dacca started evacuating and within the next 24 hours approximately 75% to 85% of the population left the city. They have created such a terror that at the moment all the cities and towns of Bangladesh have deserted. Politicians, doctors, engineers, lawyers, teachers, students, businessmen, and intellectuals have all left their respective place of work and gone into the villages to join the liberation forces.

Before 25th March whatever number of Bengali officers and ranks in the armed forces stationed in Bangladesh and were within their reach, they were disarmed and were subsequently killed along with their families. In Jessore and Comilla cantonments almost all the Bengali officers, about 30 each, were killed including their families who were present at that time. Similar genocide took place in all the other cantonments and military bases. The cantonments in Bangladesh are based at Dacca, Comma, Rangpur, Jessore and Chittagong.

The account of the brutalities committed by the West Pakistani troops cannot be completed in such a short space. There are thousands of incidents of rape, loot and arson I can describe to you, ladies and gentlemen, that you would feel yourselves ashamed to be sitting here purportedly holding a conference for peace. Jinjira Bazar, on the other side of the river, was attacked in the dark of the night and a population of approximately 25,000 was put in peril. By setting fire, they damaged the entire area of approximately 10 to 15 sq. miles and killed approximately 10,000 to 12,000 people. Similar war of annihilation was exercised on Shantinagar Bazar, Rayerbazar, Bhadhi, Shakharihibazar, Tatibazar, Kaptanbazar, Chakbazar, Tongi and many other places. The total number of people killed in and around Dacca City alone till to-day would be approximately 150,000.

Bangalis had, however, accepted this challenges of war. Though in Dacca they were caught unprepared, the people organized themselves into liberation forces all over Bangladesh within 24 hours. Led and guided by the East Bengal Regiment (3000 strong regular army) and East Pakistan Rifles (a para-military force of about 17000), Police (40000), Ansars, Mujahids, youth in every district and sub-division immediately prepared themselves for resistance. Finding the collapse of administration all over Bangladesh and failing the control both the population and the land and that their whole calculation of winning to have gone wrong. West Pakistani Generals become more desperate and jittery. In every place where they found resistance, they have used strafing and bombing from the air by sabre jets. Besides thousands of villages, the towns which have been heavily mortared and bombed from air are, among others, Chittagong, Sylhet, Moulvibazar, Sunamganj, Habiganj, Sreemangal, Narshingdi, Brahmanbaria. Akhaura, Kasba, Comilla,
The West Pakistani troops are following the most heinous method of fighting a war. Before they send troops to a particular area they are bombing and strafing indiscriminately. By this, ordinary people are scared away and then their troops start arriving. On their way, they stop, kill anybody they find in front of them, loot houses, banks, jewellery shops, rape women, steal food grain and cattle and finally set little villages on fire.

Hospitals and medical centers have been bombed, nurses and sisters have been driven away from their patients, clergymen have been persecuted and missionaries were made to broadcast at gun point at Rajshahi. A huge population of Christians have been turned into refugees and there are many instances of churches and mosques being shelled and damaged.

In last six weeks although many areas have been bombed, liberation army has grown in strength (approximately 100,000). Adopting guerrilla methods they have been extremely successful in not only resisting the West Pakistani troops but also in recapturing many towns and areas by either killing them or driving them away. All their cantonments and military bases are at present fully surrounded by liberation forces and air lifting remains to be their only means of communication. All major bridges have been blown up and river ways are never safe for them. Recruitment and training centers have been opened and short but effective guerrilla courses are given to the youths who are pouring in every day in thousands to take up arms and defend their beloved land.

In the meantime, however, the elected representatives of the people of Bangladesh considered it to be their sacred duty to protect the life, liberty and property of their fellow countrymen and assembled in Mujibnagar, the new capital of our country. On the 10th day of April 1971, having held mutual consultations and in order to ensure for the people of Bangladesh equality, human dignity and social justice, the said elected representatives declared and constituted Bangladesh as to be a sovereign People's Republic and thereby confirmed the Declaration of Independence that had already been made by Sheikh Mujibur Rahman, undisputed leader of the 75 million people of Bangladesh A Capital has been formed with Sheikh Mujibur Rahman as the President of the Republic.

The Liberation Forces have allowed the West Pakistani troops to extend as much as they can only to surround them and fight them out at their own choice. The West Pakistani troops are, therefore, in effect, in control of only some cantonment towns or where they have military concentration. Even most of the towns and the small areas which have once been taken over by West Pakistani troops are retaken by the Liberation Forces and this process is going on for quite a long time. The Liberation Forces are now fighting to recapture Chittagong, Comilla. Sylhet and Jessore towns and continuous fighting is going on in these places.
The liberation Forces have survived very successfully during the most critical and
difficult phase of this war. This only indicates the strength they have gathered and
with the support of the entire population they are growing bigger every day and the
response from the youth is so much that some time it is becoming difficult to train and
accommodate all of them at a time.

West Pakistani troops are fighting a losing war. The simple war logistics suggest
that it will be impossible for the occupation army humanly or militarily to hold
Bangladesh any longer. At present they have approximately 80000 soldiers and with
their reinforcements can reach to a maximum of 140000 in next 4-6 weeks. They
cannot extend beyond this number in view of the large border of West Pakistan
territories.

The logistic impossibilities of the West Pakistan troops can be summarized in the
following terms:-

a) They have no adequate provision for supplies particularly food ration and other
   necessaries.

b) They have no immediate place of retreat being almost surrounded by India and
   Karachi being 3000 miles away now.

c) They do not enjoy any support from the population.

d) They are trained for conventional warfare.

e) West Pakistan industries have started to feel the strain and West Pakistan
   people have started realizing the impact of this war on their economy.

f) They have limited military manpower.

As the whole economy of the country has been ruined and a total dislocation has
taken place, the village economy of Bangladesh is undergoing a great strain. As the
towns are more or less evacuated now, the population in the village has increased. The
villages which have been burned or bombed remain uncultivated. The problem of
supplies has already created a near-famine situation. Diseases are widespread,
unemployment has reached its highest peak and daily necessities are becoming scare
every day. Food grains, salt, kerosene, matches clothing’s, petrol, diesel and medicine
are the most essential things to have to be supplied for more survival. International
agencies although eager to help have yet not come forward to extend any material
assistance whatsoever. While only keeping some dead towns in occupation, the entire
village population of Bangladesh is left with the Bangladesh Government and it has
become their primary responsibility to protect the life, liberty and property of these
people. They are 100 per cent relying upon the care and attention of the Bangladesh
Government and the Government has taken the full responsibility of the same.

At the moment, stories of further atrocities are pouring in from the occupied areas.
In these areas a war of attrition is going on. West Pakistan personnel have been
brought in vain to run the civil administration, border scouts from Frontier have been
imported to substitute the police force and non-Bengali local hooligans have been
hired to point out every Bengali in the area and loot his belongings, kill the young and
rape the women.
Ladies and gentlemen, the armed forces of Pakistan have been trained by the colonial and imperialist powers. The vested interests of West Pakistan have always used them for their own ends and they have been frequently used to suppress any democratic movement that took place inside the country. Having had all the privileges and security out of the national budget it itself became a part of the vested interest and assumed the responsibility again and again to rule the country instead of defending the borders from external aggression.

The military pacts like SEATO and CENTO gave a hand to the armed forces of West Pakistan in this direction. The Foreign military aid that came—whether from America or China—provided these West Pakistani troops with sharp and sophisticated weapons which are now being used only to kill the unarmed people of Bangladesh. The irony of the situation is that even when USSR or China extended aid and assistance to Pakistan, this only helped the monopoly capitalists of West Pakistan. The main purpose of the American aid to Pakistan was to maintain this status quo in the economic system and at the same time to grow a strong bourgeoisie which ultimately helped the West Pakistani business class to flourish by exploiting the resources of Bangladesh. All the machineries that have been working against the interests of Bangladesh for last 23 years were encouraged and assisted by the foreign aid of different countries. If aid and particularly military aid is given to strengthen the ability of a country to protect herself from external aggression, then why today we find that weapons manufactured both in America and China are being roared upon the innocent people of Bangladesh?

The people of Bangladesh have always believed in the struggles for freedom. In the past, they always supported the cause of Algerians, the Vietnamese and the freedom struggles of Libya, South Africa, Rhodesia, Cuba and also China. In 1956 when Britain attacked Egypt, the people of Bangladesh registered their support for their Egyptian brethren against the official policy of the Government of Pakistan. Our demand for last 23 years has always been to come out of SEATO or CENTO and other military pacts and international power blocks and pursue a policy of peaceful non-alignment.

Our present struggle is a struggle for our liberation. There is no difference between our struggle and the struggle of the people of Russia or China or Hungary or Cuba or Algeria which they had to sustain for their own liberation. This struggle is the same as that of the Vietnamese who are also struggling for their liberation. This struggle is the same in nature as that of the American struggle for independence in the 18th century.

Ladies and gentlemen, the West Pakistan Government is trying to make an appeal to the Muslim countries in the name of Islam. May I address you, the honorable gentlemen, from the Muslim countries, from this platform requesting you to search your heart and tell me whether in the name of Islam mother can be deprived of her child, a child can be taken away from his mother? What is that Islam upon which any grain of sympathy can be extended to these trigger-happy murderers who are now bombing our villages, looting our food silos and granaries, raping our young sisters, killing doctors, lawyers, businessmen and scholars who are overwhelmingly Muslims without any discrimination? Is it that Islam upon which the West Pakistani rulers are relying upon today? My appeal would be to you, gentlemen, to come forward and expose the true lessons of Islam and condemn
openly the atrocities, the brutalities and inhuman massacre that are being exercised by the West Pakistani troops in Bangladesh in the name of Islam.

Ladies and gentlemen, we are in a peace conference and we are to struggle for peace. Is not this war by the West Pakistani troops upon the 75 million people of Bangladesh impeding peace? This War of West Pakistani troops should not be taken to be only upon the people of Bangladesh but it threatens also the peace of the whole of South Asia. We are aware that we are a poor nation. We may appear to be helpless in the face of this materialistic world. The power blocks and the international power politics may not find 75 million people worth considering. But I ask you, ladies and gentlemen, what are the objectives of international organisations like United Nations or for that matter like the organisation which has sponsored this conference today? What are the ethics of inter-national solidarity and what are the principles of international relations? Because it does not suit the purpose of big powers, or because the ping pong diplomacy may be disturbed or because it will upset a so-called balance of power in the eye of Pentagon or Moscow or Peking, the 75 million people of Bangladesh are to suffer today. May I ask you, ladies and gentlemen, that is it the solidarity between the peace-loving nations, is it the morality of the freedom fighting socialist world, it is the philosophy of equality and justice that the 75 million struggling, suffering freedom-fighting people of Bangladesh have to be abandoned and left uncared and unnoticed.

We are fighting a winning war because we are fighting out of a conviction which is clear and straightforward. We know our ultimate goal and, if necessary, we shall continue to fight for thousand years till the victory is achieved. This war is not only a war for geographical liberation but this will be a war for the political and economic liberation of the 75 million people of Bangladesh.

Ladies and gentlemen, while I have come here with a message of peace, greetings and solidarity from the Government and people of Bangladesh and while I convey the deepest felicitations to you all, and particularly to the people and the government of Hungary, the host country of this conference. I have also an appeal to make. The appeal is simple. Give us formal recognition. Give us our honor and dignity that we most certainly deserve. Give us our formal status as a nation.
PAKISTAN GUILTY OF GENOCIDE

Pakistan army's "Mission" to kill and bum Bengalis still continues with utter disregard to the fundamental rules of international law. This calculated mass killing is the outcome of a nefarious design to eliminate every 'Bengali' whether Hindu or Muslim, Buddhist or Christian. The object is to destroy a nation whose people are ethnically and racially different from those in West Pakistan as a whole.

The 'fault' of the Bengalis was that they wanted their right to live. The ruthless economic exploitation that was exercised upon the people and resources of East Pakistan, as it was then still called had to be stopped if Pakistan as a single country were to exist. The majority people of a country could no longer bear the feeling of being colonized by a handful of people belonging to West Pakistan. This feeling was growing harder to bear for a long time but no redress was in sight as the Bengalis were deliberately kept away from the real corridors of power.

After the downfall of Ayub, came General Yahya Khan with the promise to hand over power to the elected representatives of the people. Elections were held throughout the country and the people's representatives were elected but when the intention to hand over the power was put to the actual test, it collapsed at once. Neither Z. A. Bhutto nor the Military junta was prepared to accept majority rule - the essence of democracy. While the negotiations between Yahya Khan and Sheikh Mujibur Rahman-leader of the majority party in the National Assembly, were still continuing, an organized army with modern war weapons suddenly clamped down upon un-armèd and innocent civilians. They killed and bummed, raped and looted with the single aim to destroy a people who were no more ready to suffer any further humiliation and exploitation.

Yahya Khan's speech on March 26 clearly indicated the design on which the whole operation of mass killing was launched. 'Sheikh Mujib and his party were enemies of Pakistan' and therefore they were to be eliminated. Looking at the results of December election which gave Awami League 167 of 169 seats from the 75 million people of the East, it is obvious that the whole population supported the programme which Mujib was trying to achieve through constitutional means.

The army therefore took the whole population as their target and killed and burnt indiscriminately. They did not limit their onslaught on some selected individuals but on the contrary launched a full-scale attack to eliminate any sense of Bengali nationalism from amongst the people. It is clear now that the Pakistan Army does not intend to let anyone live within their reach who would assert himself to be a 'Bengali', whether Muslim or Hindu.
Hitler's National-Socialist regime in Germany exterminated more than eight million people. Subsequently United Nations adopted in 1948 the Convention on the Prevention and Punishment of the Crime of Genocide and defined it in Article II as acts committed with intent to destroy, in whole or in part, a national, ethnical, racial or religious group by killing or causing serious bodily or mental harm to members of such group. The Convention also declared crime as punishable under International Law and made it applicable to rulers and public officials also (Article IV).

With this is connected the concept of fundamental human rights recognized both by the Universal Declaration on Human Rights and the Charter of the United Nations. If crime against humanity is an offence under International Law, then Pakistan Army's action in Bangladesh could be taken up by the United Nations and its organs for an appropriate action.

No other better or clearer case of genocide has emerged since the end of the Second World War then the one being committed by the Pakistan regime in Bangladesh today. By sheer brutal force Pakistan Army is committing 'double genocide'- one, elimination of Bengalis as a race, and two, Hindus as a religious group. Anyone who dares to proclaim himself a 'Bengali' is shot at sight whether Muslim or Hindu and anyone who audits to being a 'Hindu' is bayonnetted to death. In simple terms this is genocide and this is exactly what the Pakistan Army is doing now. If world conscience is to act, no issue could be more worthwhile to take up then the present case of Bangladesh. Genocide is a crime should never go unpunished.

Annexure I: The Genocide Convention.

Annexure II: Ten eye-witness accounts obtained from the Bangladesh refugees who crossed the border.

These accounts are in the form of individual letters which have already been sent to the Human Rights Commission at Geneva. Besides these accounts some of the members of the National Assembly who would be going to New York should write down their own experiences and they should also be submitted along with these.

Annexure III

Two personal statements given in English. Once by Kalimuddin Mia of Jinjira, Dacca and the other one Mr. Abdul Karim of Malibag, Dacca. Both of them lost their nearest relatives when they were shot dead by the Pakistani troops in front of their eyes.

Pakistan army junta has violated the following provisions of international law:-

I) Laws of warfare. The doctrine of immunity of non-combatants from belligerent attack.

II) Article 23 (G) of the Hague Convention II of 1899 and the Hague Convention IV of 1907. The article enacts "it is specially forbidden to destroy or seize the enemies property, unless such destruction or seizure be imperatively demanded by the necessities of war."
III) Fundamental human rights guaranteed by the Charter of the United Nations, (a) 
In the preamble one of the main objectives of the United Nations is "to 
reaffirm faith in fundamental human rights, in the dignity and worth of the 
human person, in the equal rights of men and women and of nations large and 
small".

b) Article I, Paragraph 2 is "to develop friendly relations among nations based on 
respect for the principle of equal rights and self determination of people."

c) Article I, Paragraph 3 is "to achieve international cooperation................in 
promoting and encouraging respect for human rights and for fundamental 
freedoms for all without distinction as to race, sex, language or religion."

d) Article 3 (b) of the Charter "the General Assembly shall initiate studies and make 
recommendations for the purpose of........assisting in the realization of human 
rights and fundamental freedoms for all without distinction as to race, sex, 
language or religion."

e) Article 55 (c), the United Nations shall promote "universal respect for an 
observance of human rights and fundamental freedoms for all without 
distinction as to race, sex, language or religion."

0 Article 56: "all members pledge themselves to take joint and separate action in 
cooperation with the organisation for the achievement of the purposes set forth 
in Article 55.

g) Article 76 (c) is "to encourage respect for human rights and for fundamental 
freedoms for all without distinction as to race, sex, language or religion.".

h) Article 66 (2) provides ECOSOC to make recommendations for the purpose of 
promoting respect for and observance of human rights and fundamental 
freedoms for all.

i) Article 68: the ECOSOC "shall set up Commissions” in economic and social 
fields and for the promotion of human rights.

j) Article I (2) right to self-determination of the people.

IV) The General Assembly of the U.N. proclaimed universal declaration of human 
rights on Dec. 10, 1948. It is the Magna Carta of men.

a) Article 3 fundamental right of every man "to life, liberty and the security of 
persons."

b) Article 15 recognizes the right of every man to belong to a nation i.e. to a 
nationality.

c) Article 21 "the will of the people shall be the basis of the authority of the 
Govt." and this will is to be expressed in "periodic and genuine elections" 
based on "universal and equal suffrage".

transformed two covenants on human rights into international conventions and 
adopted without any objection, and open for signature both the covenants. 
Pakistan voted in favor of both the covenants.
VI) The Genocide Convention, Dec. 1948. Pakistan was a signatory to this Convention.

a) Article 2: Genocide means "acts committed with intent to destroy in whole or in part, a national, ethnical racial or religious group such as by killing members of the group; causing serious bodily or mental harm to the members of the group; deliberately inflicting on the group conditions of life calculated to bring about its physical destruction in whole or in part; much measures intended to prevent birth within the group forcibly transferring children of the group to another group.

b) Article 3: Punishable acts; Genocide; conspiracy to commit genocide; direct and public incitement to commit genocide; attempt to commit genocide; and complicity in genocide.

c) Article 4: "persons committing genocides or any of the other acts enumerated in Art. III shall be punished, whether they are constitutionally responsible rulers, public officials, or private individuals.

VII) Charter of the Nuremberg Tribunal. Crimes against humanity are considered to be "murder, extermination, enslavement, deportation and other inhuman acts committed against any civilian population before or during war". Gen Assembly adopted a resolution without dissent and reaffirmed the principles of international law recognized by the Charter of the Nuremberg Tribunal and the judgment of the tribunal. Therefore crime against humanity is a crime under international law.

**GENEVA CONVENTION**

VIII) Art. 3 of the Geneva Convention of 1949. Pakistan ratified the conventions of 1949 and 1951. Pakistan ratified the Geneva civilian conventions with reservation to Art. 44 and 68 (2). There was no reservation to Article 3. Art. 3 is common to all the 4 Geneva Conventions which were adopted at the Diplomatic Conference at Geneva held from April 21 to August 12 1949. Article 3 reads:

"In case of an armed conflict not of an international character occurring in the territory of one of the High Contracting parties, each party to the conflict shall be bound to apply, as a minimum, the followings:

1) persons taking no active part in hostilities, including members of armed forces who have laid down their arms and those placed 'Hors de combat' by sleekness, wounds, detention, or any other cause, shall in all circumstances be treated humanely, without any adverse definition founded on race, color, religion or faith, sex, birth or wealth, or any other criteria. To this end, the following acts are and shall remain prohibited at any time and in any place whatsoever with respect to the above mentioned persons:

   (a) violence to life and persons in particular character of all in cruel treatment and torture;

   b) taking of hostages;"
c) outrages upon personal dignity, in particular humiliating and degrading treatment;

d) the passing of sentences and the carrying out of executions without previous judgment pronounced by a regularly constituted court, affording the judicial guarantees which are recognized as indispensable by civilized peoples.

2) The wounded and sick shall be collected and cared for (international law documents 1950-51, Naval War College USA Volume XLVII, Page 82).

These provisions apply primarily to civil wars in cases in which there has been no recognition of belligerency (Oppenheim) Volume II, Page 370).

IX) Pakistan refused to give permission to the members of the International Committee of the Red Cross to go to Bangladesh to offer relief and other aid to the victims. One paragraph of Art. 3 of the Geneva Convention of 1949 which applies to a conflict not of an international character meaning a civil war says "an impartial humanitarian body, such as the International Committee of Red Cross, may offer its services to the parties to the conflict." The Red Cross offer its services but Pakistan refused to grant permission.

X) The 4th Geneva Convention of 1949 which deals with protection of civilian person in times of war.

XI) WARFARE RULES

Violence of warfare rules: The Hague and Geneva Conventions safeguarding prisoners and non-combatence. The key theme is proportionately that is may not go beyond strict military requirements. The purpose is practical as well as humane: indiscriminating killing demoralized arms turned civilians into guerillas and endangered soldiers captured by an incensed enemy. According to US Arm Field Manual 27-10 (the law of land warfare), the law" requires that belligerents refrain from employing any kind or degree of violence which is not actually necessary for military purposes, and that they conduct hostilities with regard for the principle of humanity and chivalry".

The rules protect defeated enemy troops, the wounded parachuting airmen and other helpless people forbidden weapons including bullets and poison. Forbidden targets include Hospitals, Churches, Museums and coastal fishing boats unless used for military purposes. Torture, looting and political assassinations are band. Reprisals are permitted against illegal enemy acts to only on orders from Commanders and never, against civilians who may not be punished without trial before a court.

Crime against peace and crime against humanity

The 1949 Geneva Convention says "individual and mass force able are prohibited regardless of their motive". It further says" persons taking no active part in the hostilities shall in all circumstances be treated "humanely." Among specific prohibitions; "collective penalties" such as burning villages that may harbor guerillas. The 1907 Hague Convention prohibits "the attack or bombardment, by whatever means, on towns, villages, dwellings or buildings which are undefended".
RACIAL DISCRIMINATION

XI) Racial discrimination, resolution 103 (1) of the General Assembly, 1960. The General Assembly had declared that "it is in the highest interest of humanity to put an immediate end to religion and so-called racial persecution and discrimination'.

UNIVERSAL DECLARATION OF HUMAN RIGHTS

XII) The Universal Declaration of Human Rights.

Article-1: "Human beings are born free and equal in dignity and rights. They are endowed with reasons and conscience and should act towards one another in a spirit of brotherhood.

Article-2

Article-3

Article-5: No one shall be subjected to torture or to cruel, inhuman, or degrading treatment or punishment.

Article-7: All are equal before the law and are entitled without any discrimination to equal protection of the law.

Article-9: No one shall be subjected to arbitrary arrest, detention, or exile.

Article-10. Everyone is entitled in full equality to a fair and public hearing by an independent and impartial tribunal, in the determination of his rights and obligations and of any criminal charge against him.

Article-2 (1): Everyone charge with a penal offence has the right to be presumed innocent until proved guilty by court of law in a public trial at which he has had all the guarantees necessary for his defense.

(2) No one shall be held guilty of any penal offence on account of any act or omission which did not constitute a penal offence under national or international law, at any time when it was committed.

(3) The will of the people shall be the basis of the authority of Government; this will shall be expressed in periodic and genuine elections which shall be by universal and equal suffrage and shall be held by secret vote or by equivalent free voting procedures.

POSITION OF PAKISTAN ARMY

Pakistan Army has to place to retreat. The land mass of Bangladesh is surrounded by India except a small stretch of border with Burma. Other routes of escape are limited to
air and water transports on a journey of over 3000 miles along the Indian coast. In
other words the fellows have no retreat which is essential for any war. Therefore
psychologically they are weak and demoralized and because of this they are even
more desperate than they would be.

2. The ranks in Pakistan Army consist of people from Sind, Beluchistan and
Frontier also. Reports are there of conflict and fighting of soldiers of these provinces
in one hand and the Punjabis on the other. Reports are also there to suggest that one
many occasions Frontier and Beluch forces have treated our people less severely and
sometime with sympathy.

3. Every effort should be made to take advantage of this difference between the
Punjabis and non-Punjabis in Pakistan army.

4. Emphasis should be given more on getting the Pakistan soldiers, particularly
officers alone rather than lend. Direction should go in this line to Mukti Bahini units.

5. Behaving and treating the enemies well, always demonstrate self-confidence
and determination for victory for the host country. It enhances the prestige and
respectability and will show our..........to perform the obligation of international
warfare rule.

6. Pakistan will reciprocate and may also find it necessary to imprison the Mukti
Bahini members rather killing them with the expectation that they will get them now
back in exchange of ours once the war is over.

7. A good number of hostages particularly high ranking officers may also be
used for securing the release of Sheikh.

A 5-minute programme in Urdu especially meant for the members of Pakistan
armed forces operating in Bangladesh in each of the transmissions every-day is
suggested on the line as mentioned below.

1. Address the soldiers coming from Beluchistan, Frontier and Sind.

2. Explain the situation that the people they are killing are 90 percent Muslims and
they are misguided by the Punjabis in doing so. Narrate Islamic principles.

3. Welcome the attitude of Beluchistan, Frontier and Sind and appreciate their
feeling that they are also equally exploited by the Punjabis and that they have
been misguided by the Punjabis with regard to the War in East Bengal. They
were told that the war in East Bengal was against the Indians but on arrival they
have found that they are fighting the innocent people of Bangladesh.

4. Appreciate their sympathies and support for the people of Bangladesh on many
occasions and in many areas and that they should not allow themselves to be
misguided any more.

5. Explain that they do not have any retreat and narrate the lack of their logistics in
maximum detail. They are fighting on a foreign soil but victory will be ours.
6. Before time runs out they should surrender and give in to Mukti Bahini. Once they do that, they will be treated as prisoners of war. He will not be killed, rather he will be given food and shelter and once the war is over he can choose either to go to West Pakistan or settle in Bangladesh as an equal citizen. He will be assured that Bangladesh Government will treat him in accordance with the international laws of warfare.

West Pakistan Government has recently launched a campaign through its special ambassadors and paid agents in the Western world to defend its case against the murders and atrocities they are committing upon the innocent people of Bangladesh. The mounting public opinion throughout the world that has now crystallized against the unjust and genocidal act of Pakistan Government has compelled the West Pakistani rulers to device a defense for themselves. In doing so many attempts have been made giving all sorts of excuses and arguments but they have all failed. At present attempts are being made to divert the issue at a different level with a different color.

The cause which is no greater than a liberation struggle and no more sacred than fighting for freedom is being stinked with communalism. It is said that non-Bengalis have been killed by Bengalis and hence the action of Pakistan troops to control the situation. Nothing could be more a blatant lie than this mean and heinous propaganda. Bangladesh government is distressed to see that some of Western newspapers also are playing up with such concocted stories. Sunday Times of 2nd May, despatch by Anthony Mascarenhas has only given the West Pakistan version of a story which cannot be substantiated on any score. Same applies to the reporting of Mr. Rosenblbaum, who, of course, had a guided tour of Bangladesh by West Pakistani troops.

The malafide and falsehood of this propaganda can be found in the following facts:

1. Not within our knowledge a single newspaper ever published any news-item weeks before 25th March 1971 that a Non-Bengali in any part of Bangladesh was killed by Bengalis.

2. About 40-50 foreign journalists including West Pakistanis never wrote a line on this subject when they were in Bangladesh for weeks. It would have certainly come to their knowledge if any incident like this took place in Bangladesh.

3. Never any foreign or West Pakistani journalist for once asked any question to any of the leaders including Sheikh and Bhutto on this subject or referred this matter at all the series of Press Conference the leaders addressed.

4. Least of all, if it was the reason of this military atrocities, why Yahya Khan did not mention it in his speech on 25th March? Had there been any incident like that Yahya Khan would certainly have not missed the opportunity of making it a major point?

5. Six journalists were a conducted tour by West Pakistani troops but none one only mentioned this make-belief defense through his despatch. Whereas correspondent of Associated Press visited Bangladesh frequently and at least one was present for days in Dacca till 25th March before his expulsion but did not write anything on this subject.
On the contrary, in his speech, directives and Press Conference from March 1, till 25th Sheikh very clearly mentioned that Bengalis and non-Bengalis were all same and the definition of nationalism that has been established as an article of faith for all citizens by Sheikh in Bangladesh was that "all people, Bengalis, Non-Bengalis, Christians, Buddhists, whoever residing in Bangladesh are Bengalis irrespective of their cast, creed and religion."

Mr. Anthony Mascarenhas did not hesitate to give an account of dead bodies found in different areas supplied by West Pakistani troops. He has, however, not mentioned whether he saw the dead bodies himself or verified them to be that of non-Bengalis. Even if he saw them, the dead bodies were perhaps decomposed and could not speak any language. How can he then say that they were non-Bengalis?
CONFIDENTIAL
POSITION PAPER
INDO-PAKISTAN WAR

The possibility of an Indo-Pakistan war reached its peak in May and June of this year. But subsequently this possibility was in some way averted by the Indo-Soviet Treaty signed in August, 1971.

The underlying exposition of Indo-Russian Treaty can be summarized as follows:

India because of her own internal political situation particularly in the non-Congress and leftist states and when the heavy industries build up through last 24 years have just started paying dividends, did not intend in any circumstances to enter into any kind of confrontation with Pakistan. Besides, Indira Gandhi by her absolute majority in the Parliament has brought a considerable amount of political stability in the Central Government of India and this also could not be allowed to be disturbed and disintegrated.

Any confrontation with Pakistan would involve a total war and this India could take the risk of provided (a) she could be absolutely certain that there would be no involvement of any third party; (b) she could defeat Pakistan militarily; and (c) she could complete the war within a short possible time—within 7 to 10 days. Indian military strategies could never be assured of any of these three conditions above and had therefore always advised against a war.

The Indian assessment of the Bangladesh crisis is that:

(a) Pakistan cannot sustain a war in Bangladesh and cannot bring it under control. Even if it can bring for some time, the economy will never get on to the rails. Pakistan will get weaker and weaker and could never be a political or military threat to India.

(b) The effect of the economic collapse within Pakistan and particularly in West Pakistan will sooner or later affect the ordinary traders and the farmers and industrial workers. This will create pressure along with the pressure from the political elements from within which will ultimately lead to a confrontation with the army rulers. This will create a situation of a psychological moment when the Pakistani rulers would like to settle the issue with leaders of Bangladesh and is only at that time any settlement that may be reached will come to our favor. This settlement may be for the complete independence of Bangladesh.

(c) India, on the other hand, never thought of going to a war with Pakistan and this is clearly evident from the Indo-Russian Treaty. Therefore, in future also they will not do anything which will increase the possibility on an Indo-Pakistan war. This by implication means that India arms the Mukti Bahini in such a manner at this stage which may lead to Pakistan saying that India had invated Pakistan.
Any major victory of the Mukti Bahini will be considered at this stage by Pakistan as an armed intervention by India.

(d) So the question of recognition also does not arise. If India is willing to help the Mukti Bahini more with arms, she can help without any formal recognition. Therefore, recognition would not necessarily mean an increased assistance in all spheres, though the national impression of the ordinary people is that recognition would mean that India would extend massive support to the Mukti Bahini. Therefore, for India the time has not come for either the recognition or any assistance of serious nature.

Due to the internal political pressures and situation particularly in West Bengal, India may at a time convenient to the Congress Government may accord a formal recognition to Bangladesh but this will be merely a paper recognition if it comes within next six months.

So for India, their main purpose is served and is going to be served in near future as regards Pakistan vis-a-vis Bangladesh is concerned. In the meantime they will maintain the same position as they are maintaining now. They will continue to give assistance of such nature which will not allow us to achieve anything spectacular in the sense of receiving heavy arms or any air or artillery protection for holding any land permanently as a liberated zone.

Pakistan Government's main stand is that it is due to India that they are facing difficulty in bringing the situation in Bangladesh under control. It is therefore, an Indo-Pakistan dispute. To save their scheme and to bring the matter more under the control of the international jurisdiction, the Yahya Government at one time and still now would go for a war with India only for an international intervention to divert the main issue of Bangladesh.

This possibility is still there. For Pakistan September and the first half of October would be suitable time to have an international confrontation. They are, therefore, assessing right now whether once this period was over whether, India would do anything drastic with regard to Bangladesh. This is what they are trying to find out from the Russian Government. If they have information of such a design of the Indian Government, the Pakistan Government might attempt to venture a serious boundary confrontation with India during this time. If on the other hand, they have the assurance from the Russian (which they have always been receiving) then of course, there is no possibility of this attempt of Pakistan Government.

ASSESSMENT

Bangladesh Government should emphasis more on the arms assistance and supplies than on recognition. Because it should be absolutely clear now that we have to win the war ourselves. Sooner we can win, the better for us and therefore Bangladesh Government would have develop an independent policy of conducting the war and to win it. The time has come to assert her own strength can be the relationship with India as good as it is now India is far too committed for us and will have to give us recognition and the necessary assistance only when the time will be suitable from their point of view and we can play a role to bring that time nearer.
Gentlemen,

Bangladesh is at war. Since March 25th, 1971 our Liberation forces have been fighting an aggression by West Pakistani troops and resisting a very well-trained and mechanized army. Their attempt is clear. They would like to continue with their colonial policy towards Bangladesh. In their last desperate attempt to deprive us from our right to live, they have adopted a policy of destruction, annihilation, and attrition. West Pakistani troops have burned down hundreds of villages, killed millions of people, destroyed all our major industrial projects and vital installations. They have bombed and strafed indiscriminately. They have killed our mothers, raped our sisters and driven out thousands of helpless people outside the country. Wherever they go, they kill young boys and children, loot houses, banks, jeweler shops, steal food grains and cattle and finally desert the places, leaving no human being alive.

The heroic people of Bangladesh have, however, accepted this challenge of war.

The people all over Bangladesh have joined the Liberation Army within 24 hours after they heard of the massacre at Dacca on 25th night.

There is no instance of this kind of genocide ever committed in human history. The detail of the atrocities need not be noted here as we are certain that you have been receiving the same through world press and radios and particularly through Indian Newspapers.

We all have to take part in this war. Every Bengali whether in England or America or Japan or even in Iceland, is a part of our Liberation force. And we expect that each one of us shall fight this war through the means available to him, wherever he is residing. World opinion is vitally important today for the survival of the most helpless and poor 78 million people. This War is as important outside Bangladesh as it is inside.

Gentlemen, while the brave sons of our soil are now engaged in the marshy battle fields of Bangladesh to defend their soil from the enemy aggression, our citizens abroad can contribute equally by organizing themselves into liberation front’s, mobilising public and world opinion, holding seminars and meetings, collecting funds, sending reliefs and essential supplies,
WHAT SHOULD BE DONE:

1. From organizations in the nature of Liberation Front and if there is more than one such organisation in one country, establish contact with each other and from a coordinated federation-type organisation so that all correspondence and communications may be made through one particular body. Unless otherwise impracticable, follow the system mentioned above.

2. A bank account must be opened properly in the name and style of Bangladesh and should be operated by at least two persons. You should have a cable code for communication purposes and a permanent address to be mentioned in every correspondence.

3. The people of Bangladesh expect you to continue your struggle and Lobby the world public opinion, particularly with the American and Canadian Press, radio and television. Your organisation may sponsor a solidarity committee consisting of public representatives, journalists, lawyers, teachers and other important personalities and representatives from other national and international bodies, from different shades of opinion who would lead the movement on your behalf. You are to continue to get in touch with all the countries of the world including the members of the United Nations.

4. You ought to maintain day to day contacts with the USSR Embassy, the Indian High Commission and countries who are supporting our cause and also to follow up the developments.

5. Through your lobby you ought to follow up the notes of different countries in respect of Bangladesh.

6. Put pressure upon the Diplomats from Bangladesh to dissociate from Pakistan and wherever possible make them establish the Bangladesh Mission.

7. You must move a petition in the International Court of Justice for taking effective measures to stop genocide and to set up a trial for punishing Yahya Khan and his gangsters for committing crimes against humanity. You may also approach the International Commission of Jurists and follow up their condemnation already flashed through world press.

8. Please make maximum utilization of the UN Human Rights Charter and relevant forums for such purposes. Take advantage of Genocide Charter. Engage able, inspired and well-reputed international jurists.

9. An UN observation team ought to come immediately for an on-the-spot inspection of the actual position.

10. Disease and famine is imminent. As most of the food storages have either been looted or bombed by the military junta, a great scarcity of food-grain is prevailing. Millions of people are already at starvation stage. Please contact International Red Cross and all other humanitarian organizations to send relief materials immediately.

11. All your lobbying must be handled by nature political hands with utmost sophistication and care. Remember that one faulty step may disrupt what we have already achieved in the international world. At the appropriate time, our emissary will be sent and the world get in touch with you for necessary liaison. Our cardinal principal is
'friendship to all and malice to none'. Solidarity and friendship with freedom-loving people all over the world. We seek for peaceful co-existence and strive for world peace.

12. Since you are already aware about the atrocities reported through the Indian Press, we need not make this heavier by adding more to what you have already learnt. Read the Indian Press for getting the details. Foreign Press may be told that since Pakistan Army bundled out all foreign journalists, the only sources remains open is by way of crossing the border from Indian territory. The news thus collected should be given due credence and importance and we invite the British Press to come and see the situation for themselves, as to the effectiveness and stability of the Government of Bangladesh, and particularly the unparallel morale and determination with which our people have been fighting with the foreign army.

13. West Pakistani troops are only in occupation of the town and cantonment areas. The whole of the rest of Bangladesh is under the effective control of Bangladesh Government. The innocent and helpless people in the villages are completely relying upon this Government for their food, shelter and security. This a colossal task and it needs cooperation from every individual of Bangladesh whether he is inside or outside the country.

IMMEDIATE REQUIREMENTS:
(a) Medium-wave Broadcasting Transmitter to cover atleast 300 miles.
(b) Sophisticated arms and ammunitions (for specification and channel of transportation contact the authorized representative of Bangladesh Government in your country of residence. Do not plan till you are in contact with such a representative.)
(c) Walki-talkies and wireless transmitters for communication purposes.
(d) Food grains.
(e) Salt.
(f) Matches and Kerosene.
(g) Clothing’s (both civil and military).
(h) Medicines and medical units.
(i) Petrol, diesel and fuel oils,
(j) Other essentials.
(k) Cash money (not to be sent till clear instructions are given).
(l) Tents and tarpaulins,
(m) Boots and other outfits.

14. For correspondence and communication for the time being use the address of Bangladesh Mission, 9, Circus A venue, Calcutta-17.

Rahmat Ali
(For and on behalf of
Bangladesh Government).

RECOGNITION OF BANGLADESH

A QUESTION
TO THE CONSCIENCE OF THE WORLD

BY
SERAJUL HUQ
Advocate, Supreme Court.
Member: National Assembly, BANGLADESH

RECOGNITION OF BANGLADESH
As an independent Republic

Birth is always a painful process. The 75 million people, occupying 55 thousand square miles of the globe, have emerged on the map of the world through pain of death and destruction-as an independent Nation. No nation has possibly passed through so much of fire, against so heavy an odd. If sufferings and sacrifices are prerequisites of a birth of a Nation, Bangladesh has indeed created a new history stained with the blood of martyrs and innocents.

This struggle of the Bengalis is not an isolated incident-it is spread over a period of 23 years. Unfortunately, these ill-fated millions have always stood up for freedom and justice irrespective of caste, creed and religion-and that has brought on them the wrath of a people, who were yoked together in 1947 through a political arrangement of Lord Mountbatten-the last Governor General of undivided India, who presided over the game of partition. The intolerance of a section of people and ingratitude of politicians coupled with hatred and exploitation swept the people to accept a political arrangement, which may be called a "rape on Geography".

True this was accepted with reluctance with an expectation of a new opportunity, to give for the Indian Muslims ideals of freedom and justice a "local habitation and a name". But in between ideals and reality, there is always an yawning gap. A quick look at history will reveal the age of the conflict. It's roots tie deep in the basic cultural, geographical and traditional differences of the two wings of Pakistan. The difference was sought to be bridged with religion-rather in the name of religion. This experiment was an expensive one in terms of human lives. It became a tale of misery-too deep for tears. Yet the people of Bangladesh bent all their energy, made all accommodations for their uncongenial partners, both political economic and cultural, but they would not see reason. They would not care for the ennobling tenets of Islam, which to my mind is based primarily on the
principle of justice to all, and peace at any cost. These colonial minded ruling cliques of West Pakistan, stubbornly stuck to the gory side of religion and never appreciated the essence of any religion of the world. The rulers of the west proved themselves to be the most irreverent people of the world, ignorant of Islam and innocent of any higher civilized norm of life. I have no hesitation to declare that those who have no spilt the blood to stifle the voice of freedom can call themselves heathen but they have no right to call themselves Muslims.

It is an irony, that the poet, who dreamt of Pakistan, did not include Bengal as a part of that country. In December 1930, in Alahabad session of the Muslim League, Sir Muhammad Iqbal, could not conceive of such molestation of geography. His proposal reads as follows:

"I would like to see the Punjab, the North West Frontier Province Sind and Baluchistan into a single State".

The name of Pakistan was first suggested by a student Mr. Rahmat Ali of Cambridge University in 1930, in a leaflet, he too did not include Bengal in the territory of proposed Pakistan.

In 1933, in the round table conference in London at a session of the joint parliamentary committee Reginald Craddock asked the delegation of Indian Muslims, led by Yusuf Ali to comment on the scheme of Pakistan. The reply was "It is a students' scheme and there is nothing in it", he also added "we have considered it chimerical and unpractical." What then brought about the creation of Pakistan? It is the famous Lahore resolution of 1940 that gave the first glimpse of the new State. It was recorded in the language quoted below.

"No Constitutional plan would be workable in this country acceptable to the Muslims unless it is designed on the following basic principles-viz. the geographically continuous units are demarcated into regions which should be so constituted, with such territorial readjustments as may be necessary that the areas in which the Muslims are numerically in a majority as in the North Western and Eastern Zone & of India should be grouped to constitute Independent States in which the Constituent Units shall be autonomous and sovereign".

It is very clear from the language that the resolution, whatever is its merits, conceived, of "two sovereign States". Are we to say now that Mr. Jinnah, did not know the significance of the word, "Sovereign" or the use of plural number, after the word 'State' and 'Unit'. It is too frivolous an argument. On the 3rd June 1947, Mr. Nehru in a broadcast message accepted the proposal of Pakistan in the following words.

"For generations we have dreamt and struggled for a free independent and united India, the proposal to allow certain parts to secede, if they so will, is painful for any of us to contemplate. Nevertheless I am convinced that our present decision is right one even from the larger viewpoint".

I have referred to these legal documents only to invite the attention of the world, to show that two sovereign States were conceived in the very document which brought Pakistan into existence.
The sanction, and mandate of the people was in favor of two States. The birth of Bangladesh is not new feature in the political History of India.

The departure from the Lahore resolution is the cause of all evil. In the name of religion and so-called integrity, the 75 million people of Bangladesh were subjected to untold repression, colonial exploitation, and economic deprivation by the rulers of Pakistan. The people of Bangladesh, as I have said before, made supreme sacrifices, to impress upon their unimaginative partners that religion alone cannot bind a divergent people into a nation. Some philosophy of unity based on the principle of justice, equality, freedom and a democratic institution, is essential to keep a loose federation on the rail.

Their claim to a United Pakistan is primarily based upon religion-let us now examine, how religiously the rulers of West Pakistan have dispensed Islamic Justice to the Bengalis. Let cold figures speak for themselves.

According to the figures computed by Stephen R. Lewis (Pakistan: Industrialization and trade policies. London 1970. PP. 142-3). East Pakistan's share of total commodity imports from 1950 to 1965, divided into three plan periods was 30.5 per cent (highest). Whereas East Pakistan's share of total export is 61.4 per cent.

The foreign exchange thus earned, was canalised for the Industrial development of West Pakistan-Manufactured products were then sold to the protected market of East Pakistan. Only Textile goods, worth about 50 crores are sold to East Pak, every year. A colonial pattern of economy was the reward that East Pakistan received in the hand of West Pakistan. Up to the third plan period (1965-68), only 37 per cent of the development expenditure fell to the share of East Pakistan. Only 20 per cent of the foreign aid was spent in East Pakistan, and 80 per cent in West.

East Pakistanis constituted no more than 5 per cent of the officers of the Pak army-in Navy officers level is 19 per cent and technical cadre 9 per cent and in the Naval rank only 28.5 per cent. In Air Force 11 per cent Pilots are Bengalis. From 1947 to 1960, out of 50 senior army officers who attained the rank of Major General only one was Bengali.

According to the official Economist of Pakistan 20 families of West Pakistan, control 66 per cent of Industrial assets, 70 per cent Insurance funds and 80 per cent of the Bank-assets.

This is the backdrop of the present conflict. Turning to political aspect from 1948 to 68, - the western rulers persistently devised mischievous methods to squeeze out the Bengalis from participation in the administration of the country. Up to 1968, the East Pakistani representation in the Civil Service was only 36 per cent. The western rulers from the very day of inception of Pakistan began to indulge in conspiracies to retain the bastion of power in their wing-and a handful of millionaires, made a common cause with the ruling clique. The poor became poorer and the rich multiplied their millions. Whoever raised a protest came to be looked down after as a branded traitor. Even laws were framed for the benefit of the few. The History of Pakistan in short, is the history of deception under the guise of religion, and integrity. To the western rulers these two weapons were ideally suited to befool the vast majority of people of Pakistan-who in the
name of religion would readily accept even an irrational proposition. The difficulty that the rulers faced, was the growing consciousness of educated middle class and the student community.

As early as 1952, the rulers of West Pakistan struck the first blow on the Bengali language, and systematically attempted to trample underfoot the cultural heritage of the Bengalis. The Martyrs' blood was spilt and then only Bengali was grudgingly accepted as one of the State languages. The Bengalis were shaken into a consciousness that a long struggle is ahead.

The election of 1954, routed the rulers of Karachi but soon centre's rule was imposed in Bengal to smother the legitimate demand of the majority people of Pakistan A Constitution was framed in 1956, but before it could unberth its contents the hand of a dictator robbed the nation of its democratic institution. It was not merely a coup by Gen. Ayub to snatch power but to perpetuate the colonial supremacy of the west, and to complete the process of subjection of the east. From 1958 to 1969 Ayub, the ring leader of the western ruling coterie, threw to the wind all semblance of democracy and introduced one of his own, which in shod was a new device to rule through a chosen band of quislings, with a sham pretext of a 'democracy'. The continuation of the system for ten years is due to the efficacy of corruption, bribery, nepotism in human life. The entire nation was smarting and reeling under the feet of a dictator,-and it burst into action when their leader Sheikh Mujibur Rahman was being tried for treason (Sk Mujib's trial in Agartala conspiracy case). The dictator went out of the stage, leaving the state craft in the hand of his able general Yahya Khan. Gen. Yahia Khan, made his entry with a promise to usher in democracy through an election. His intentions were no better than that of his predecessors, but he adopted a new modus operandi, to establish colonialism through the expected dissension of political parties. But the people of Bengal being conscious of the sinister motive proved greater than the schemers of Pindi. They stood solidly behind their leader the Shaik with an indisputable majority and claimed transfer of power to them. The cat could no longer be concealed. Thus the long looked after event of March came to pass. The hounds of Yahia were let loose to hunt out the Bengalis-and annihilate the entire race. The death-knell of Pakistan was rung. Students were killed, women were raped, children were mutilated,-with the fond hope to kill the spirit of an awakened people. The Bengalis, stunned as they were, in the beginning-emerged almost immediately as an inspired people, with one mind, one soul and one purpose to break with the past, crush the aggressors and there was a birth of a nation-"The independent Republic of Bangladesh". A liberation force sprung up from the soil with spontaneity of a plant that sprouts,-and it is growing from strength to strength. The rulers of the West, pampered by the American rulers, and assured by their Chinese allies, are now making frantic attempts to save their soul, but their doom is near-nearer than their shadows.

The Bengalis as a nation is posing a question now to the conscience of the world.

Do we deserve recognition from you as an independent nation?

The question of recognition is not a pure question of law-the concept is more political and moral than legal. True there are certain established and accepted criteria, in determining the question, but all such considerations are subject to the enlightened
national interest of the State granting recognition. The golden rule for granting recognition is that the government of the emerging state should enjoy habitual obedience of the majority of the people living within well-defined territory with a reasonable expectancy of permanence. Secondly, the claim to recognition is not devoid of legitimacy and lastly the proclaimed policy and ideals of the State are in conformity with the natural law embodying the principles of justice and freedom.

Judging the case of Bangladesh in the light of the aforesaid rationale of recognition, it is by now as clear as day light that the Government of Bangladesh is not a myth but a reality backed by the entire population of 75 millions, except the few quislings, who can be counted on fingers. The people have not only habitually given allegiance to the government formed by their elected representatives, but they have been waging a righteous struggle in defense of their government. They are laying down their lives for the cause of independence against a brute force of imperialism and colonialism. Imposition of rule over the weaker people by means of force with political, economic, social and cultural implication is the accepted definition of imperialism and the people of Bangladesh is now engaged in one of the bitterest struggle against these colonial and imperialistic activities of the western rulers of the minority province of West Punjab.

If any particular government ignores the mandate of the people obtained through a fair election-and instead unleash the engine of torture, death and destruction only because the mandate favors a greater autonomy to the provinces-what the unarmed people can do? Should they surrender abjectly to the forces of evil which seek to crush the human values, the civilized norm of life and annihilate a particular section of people who call themselves Bengalis?

Will the signatories of the charter of United Nations tell us-What the Bengalis could do?

I am proud to say that the Bengalis, have only reaffirmed their faith in the fundamental human rights and are defending the dignity and worth of human being-on behalf of themselves as well as the humanity as a whole. If U. N. O. chooses to become the hand-made of a powerful state, and remains blind to the naked aggression upon an unarmed people-the signatories of the Chatter will have to declare someday that U. N. O. is nothing but an UNNECESSARY Organisation manufacturing tall talks signifying nothing.

How long can the U. N. O. hide its face comfortably under the cover of "domestic jurisdiction"? It is not a case of mutiny or rebellion. It is a case of a legally constituted party, democratically elected by the people-who has democratically decided to part with the forces of evil, to save the people from economic exploitation and political subjugation after exhausting all possible means to arrive at a peaceful solution. In this respect let me quote the opinion of "The News Week"-dated 12th April, 1971, a respectable organ of public opinion.

"Ironically as independence-fever mounted throughout Bangladesh, it was Mujib who sought to moderate the passion. Aware that any unilateral declaration of independence
would bring down the wrath of the army, Mujib desperately sought to compromise that would give Bengal the autonomy his people demanded while preserving at least a semblance of Pakistani National Unity as the army demanded. Mujib was the last hope that Pakistan's two distant and disparate wings might achieve some kind of accommodation. What finally undid Mujib's efforts was the supercilious attitude of the West Pakistanis, especially the Punjabi who dominate the army and who have been nurtured on impassioned patriotism and cliches about the inferiority of the Bengalis.

The die is cast now. The notions of Unity is reduced to a mere fiction. Yahia has successfully killed Pakistan. The Bengalis are merely carrying the costly coffin to its infamous grave. Bangladesh has come to stay with all the moral and legal right to be heard, appreciated and recognized by the world. The expectancy of Permanance of the new Government of Bangladesh is guaranteed by the will of its people and good will of the free world.

If the conscience of the world is not dead, Bangladesh will lean heavily upon it, and demand of it to reassert its will.

If News medias are any index of the public opinion of the world let me quote the observation by a renowned Editor.

The Sunday Telegraph (March 28, 1971) writes in its editorial "The Victims":

"It is hard for the Western mind to absorb the full dreadfulness of the Civil War in East Pakistan once again it seems that the full fury of the latter part of the 20th Century has fallen upon one of the poorest and vulnerable of peoples - the country which was conjured into being by an exercise in Political adroitness in 1947 is falling apart amid carnage. Whatever happens the old Pakistan is dead.

The rulers are trying to deny the fact by arms but the attempt cannot be other than tragic folly."

The Daily Telegraph said on March 29, '71 that all the bayonets from Punjab cannot shove back into the bottle the Genie of Bengali Nationalism.

The New York Times recorded its reaction on March 28th, 1971 saying "Even if West Pakistan troops succeeded in imposing a semblance of Central rule over the nation, the violence that is now sweeping the East Pakistan and the sustained repression that would be required to bend the Bengalis to the Islamabad will would add a, barrier of hate to the differences of race, language, customs and Geography."

Some International Jurists, may attempt to argue that Recognition to Bangladesh will be a 'precipitate recognition' under the International law. But I would like to repel such arguments by pointing out, that the recognition of the United States itself by France in 1778 was precipitate.

The United States accorded premature recognition in 1903 to Panama when it seceded from Columbia. America not only recognized but fought in aid of Panama so as to liberate it from Columbia.
The U.S.A. had recognized Texas in 1837 in spite of the resentment of the mother country Mexico.

U.S.S.R. and China recognized the Government of Sihanouk even though he was not in effective control of Cambodia.

To bring finality to question of legitimacy, I can profitably quote, what Mr. Justice M. C. Chagla of India has observed—which I believe cannot be improved upon:

To my mind it is the legally and validly constituted Government of Bangladesh that has a much better title to legitimacy than Yahia Khan whereas the Shaik claims the right through democratic forces, through the wishes of the people. Yahia Khan's claim depends solely on brute force and the strength of the military machine. Our Government (India) should not hesitate in coming to an early decision on the issue of recognizing the Government of Bangladesh. Let us take a bold and courageous decision now; otherwise History will not forgive us”.

I can only reiterate the words of Mr. Justice Chagla to the nations of the world and add that if you allow your conscience to sleep now, -in no time you will cover yourself with the ignominy of surrendering to a brute force, the specter of which may rise anytime anywhere in the world I invite the attention of the great people of America to seek peace in their own souls first and then in the distant shores of China. Peace will remain as illusive as the mirage, if you lend your guns to shed more blood to buy peace in China. If your great might becomes the scourge of humanity. History will not forgive you. If you allow your great nation to be bogged into petty consideration of diplomatic gains your image as a Champion of the free world will be shattered beyond recognition. Your allies will run away from you as a child does from the ghost. If you still choose to hide yourself under cloak of "Internal affairs"-you will not clothe yourself in eternal glory, but you will deface your own glorious struggle against the colonial rule.

To-day the people of India stands in recognizing the justness of our cause, we are overwhelmed with the warmth of their sympathy, the noble blood of the Prime Minister has apparently flowed a little quicker with the tidings, from the East, but coming to question of de jour recognition. India is limping with the weight of her conscience. So she too is, timorous to take the initiative. She is still groping in darkness and hesitating to leap forward into the heaven of light-truth and justice. I am sure they cannot long endure the conflict and she will accord recognition to us in no time.

In recognizing Bangladesh, the nations of the world will only register their sympathy for a cause—which they profess to believe. If they really believe in Democracy,-they are required to protect it without merely preaching the gospel. The league of nations, founded on the rock of narrow self-interest of the nations Who founded it. The U. N. O. will have no better fate if the great powers of the world do not strive to safeguard its ideals.

Is not America aware that when an embittered nation rises to a man to tear itself free from its own mother-country, no other nation can force them into that unholy alliance again. Political adroitness can make temporary arrangement but the unity cannot be
achieved. It is the mind of a nation that matters. Indulgence in soulless politicking will not bring peace, nor further the cause of freedom. A nation becomes a nation when it feels that it is so-all other qualifications are acquired in due course of time. Recognition need not depend upon other those minor considerations.

What harm will this new state cause to them? We are not against any particular state- we have a fund of friendly feelings to all, if they only allow us to live, and live with honor.

The question of recognition has a deeper implication of right and wrong. If any nation of the world believes that Yahia and his military govt. is on the right, we can hardly persuade them to recognize us, but it will be a great pity, if they yet send ship-load of arms to crush a people's war against tyranny and injustice. If Pakistan is falling brick by brick under the weight of injustice of its ruler,-can America build it again? If partners fall apart,-what the neighbors can do? Separation delayed is separation confirmed. The misery of the people can still be avoided if the great powers show signs of maturity in their assessment of facts. They should grow to appreciate that unity of the two wings of Pakistan cannot be achieved again. There is a rift in the lute. Nothing can bring back the symphony of unity-there is a revolt of the soul. The thin bond that linked the distant parts of the physical world-was not power but a will to live together,-a sense of common danger from outside-but if danger emanates from within, the will is snapped. Such is the case in Pakistan. All the arms of the world will not restore the inner urge to unite-because all the water of the Pacific will not wash the blood-that stains the hand of Pakistani rulers. The concept of Pakistan has vanished into thin air.

The people of Bangladesh believe that their cause has already transcended the limit of International law-it has seized and touched the fringe of international conscience. Our cause has taken the flight in to realm of thought, and it will in no time conquer the soul of humanity as our strength lies in our faith in truth, justice and democracy.

There is no death for the faithful. If no one responds to our call, we will march alone till the goal is reached.

JOY BANGLA
BANGLADESH
GOALS AND OBJECTIVES

Bangladesh is the lowest riperian delta of the Ganges. Erstwhile known as East Pakistan province of Pakistan, it ushered in as an independent sovereign nation and country on and from 26th March, 1971.

The land has a mixed population of 75 million people-Muslims, Hindus, Buddhists and Christians. This green pasture of land has a dominant agrarian economy with tremendous heitherto unexploited potentialities. The country has a vast man-power and labor availability. The industrial prospect is also bright. The people are democratic, religious, minded, honest and simple in nature and have all the oriental virtues.

Bangladesh measuring 55,126 sq. miles is bonded by India in the west, north, and east, Burma in the south-east and the Bay of Bengal in the south. The country is a continuous plain tract of land with innumerable rivers and brooks spread over as an arterial system. The language spoken is Bengali and the people are of the same monolithic origin.

Bangladesh as a country and nation has the following aspirations goals and objectives:-

FREEDOM & RIGHTS
1. The State will guarantee life, liberty and property of each individual irrespective of caste, creed and religion.
2. Freedom of speech, expression, association and religion is guaranteed by constitutional sanctions.
3. All individual offences of any description will be justiciable in the court of law.
4. Press will be free.
5. The judiciary shall be independent and neutral.

POLITICS
1. It is a democratic country with a government elected by the people on the basis of universal adult franchise. The Government is a parliamentary democracy.
2. The people are democratically oriented and have been consistently upholding oriental and democratic values in the face of historical invasions from many a direction.
ECONOMY

1. The economy of the new nation of Bangladesh has been enunciated as a socialistic pattern of economy. There must be sufficiency for all before there is superfluity for some.

2. Evolution through the process of democracy to reach the goal is the path to be followed both within and without. Planned development of economy through democratic process is her goal.

3. Progress and prosperity of all people are the broad objectives determining formulation of government decisions. Full employment in a free society is her objective.

4. There will be equitable distribution of wealth through various economic measures.

5. Monopoly and cartels will be done away with. All the financial sources will be nationalized along with the key industries.

6. Jute-the premier foreign exchange earner-is considered to be a national product and its trade will be nationalized.

INDUSTRY

1. The industry in Bangladesh is in an embryonic stage and with a monopolist bias. But the tendency will not only be arrested but reversed effectively.

2. Industrialization will thus be planned to make effective dispersal of capital and capital goods.

3. Cottage industry will play a predominant role in the country's industrial complex and will feed the big industries.

4. Industrial workers will be a classified factor of production.

5. Shares of industries and profits thereof will be distributed among the workers.

AGRICULTURE

1. Agriculture is the backbone of the country's economy and is bound to remain so. Everything possible to augment agriculture and agricultural economy will be done by the Government. Increasing application of science to agriculture is the motion of the Government.

2. There is no Zemindary (feudal) system in the country. But land holdings require to be rationalized and government is posted with the problem.

3. The peasants having holding up to 25 bighas (8 acres) of land will enjoy land revenue exemption.

4. The Government khas lands will be freely distributed among the landless peasants-

5. 'Land belongs to the tillers' is the central theme of the agrarian policy of the Government.
SOCIETY
1. All people are equal in the eye of law and society irrespective of caste, creed and religion. All are entitled to equal protection of law.
2. The society is a socular society based on mutual tolerance and accommodation of each others ideas.
3. The society is divided into segments of activities within the purview of the concept of local self-government being elected by the people on the basis of universal adult suffrage.

CULTURE
1. The culture is a Bengali culture enshrining universal contributions of poets, litterateurs, folk singers and intellectuals.
2. Nature in her bounty exercises a tremendous influence on the people and makes them fond of music tuned to the flow of the rivers and rivulets.

FOREIGN RELATIONS
1. Friendship towards all and malice towards none is the keynote of the foreign policy of the Government of Bangladesh.
2. End of political subjugation, economic exploitation, and cultural invasion is the objective of the foreign policy.
3. Bangladesh believes in peaceful co-existence on the basis of mutual understanding by the process of dialogues. The foreign policy is effectively conducted to achieve those goals and friendly relations with all the countries of the world.
4. Bangladesh denounces imperialism and neo-imperialism, colonialism and neo-colonialism and all other extraneous forces having their sinister influence on the smaller countries.
5. Bangladesh stands for and will persistently work for world and regional peace for the unhindered development of human civilization and prosperity.
JUSTICE ABU SAYEED CHOUDHURY

Please convey following message from Prime Minister Bangladesh to Mr. Heath and Mr. Wilson and send copy to Editor Daily Mirror with thanks for converge. Message beings respectfully draw your attention John Pilger's report Daily Mirror June sixteenth as also reports in Sunday Times June thirteenth and twentieth and various reports in the Times, Guardian, Daily Telegraph and almost all British and World newspapers. Reports clearly show how brute force used to massacre people to stifle democracy and aspirations of seventy five millions of Bangladesh. As occupation army it has flagrantly violated basic human rights of world citizens. Has committed undeniable genocide. Women in Bangladesh to-day no more than objects of disgraceful mass rape. Children being annihilated. Tens of thousands terror-stricken people fleeing to India daily. Famine conditions aggravated by calculated steps of Pakistan-Fifteen million may die of starvation by Pilger's estimate. Could be more. Whole race facing extermination. Appeal in the name of humanity, civilization and democracy intervene and assert your influence. Vital that Pakistan be denied further military economic aid. Respectfully-request that you deplore recent American arms shipment to Pakistan. Urge you to act now and recognize Bangladeshi immediately. Warm personal regards message ends:

**TAKEOFUKUDA**  
FOREIGN MINISTER, JAPAN

Pakistan Military has systematically appropriated equipment intended for Relief of Bengali people and used same for repression and slaughter of these very people. Japanese Toyota Jeeps sent after November cyclone are freely used by Pakistan Army officers. Bangladesh forces captured Gunboat recently at Khulna found to be Norwegian relief ship converted into gunboat. Similarly all other coastal vessels, helicopters, money etc. donated by foreign nations for cyclone relief used by Pakistan Army to kill and destroy in Bangladesh since March 25, FAO has submitted formal note to U. N. Secretary General accusing Pakistan of using FAO-supplied boats and vehicles for military purposes. Danish government and certain US agencies have also complained formally to Pakistan. Recently 200 Japanese trucks for famine relief reached Bangladesh. On arrival at Chittagong these trucks taken immediately into Pakistan Army custody under personal supervision of army commander. In this context we are gravely concerned at Japanese government’s decision to allow Pakistan to buy five coastal vessels In Japan. These boats will undoubtedly contribute to genocide of Pakistan Army in Bangladesh. Urge you to reconsider and prevent further sales. With friendly greetings to your Excellency.

Foreign Minister  
Bangladesh.
To win the liberation war we have two major tasks:

(i) Intensify our war efforts in the fields.

(ii) Organize publicity both in the home front and outside world.

Our home publicity has now been considerably organized. "Joi Bangla" and "Sadhin Bangla Betar Kendra" are performing their functions purposefully and these have brought excellent success so far and will continue to do so.

To mobilize our efforts for the outside world as far as foreign propaganda is concerned, it is necessary to organize and expand the external publicity wing.

It is essential that the favorable world press and opinion that we have been receiving should be sustained. All efforts should be made to see that our external propaganda machinery works smoothly and vigorously to strengthen our diplomatic potentialities in India & abroad.

With this view in mind the following structure may be suggested.

(1) The name of the Machinery shall be "External Publicity Division". This cell although will be under the Ministry of Foreign Affairs from administrative point of view but for all practical purpose it shall operate and function through the Mission in Calcutta.

(2) Mr. Taheruddin Thakur, MNA, may act as an Advisor to this wing.

(3) The major functions of this division will be as follows:-

(a) It shall be responsible for all publications including documentaries and photographs for international consumption.

(b) It shall publish a weekly English Bulletin for the outside world. This bulletin will mainly cover our battle news, atrocity and genocide news, International press reports, leaders speeches and statements and other relevant topical subjects in connection with our liberation movement.

(c) It shall maintain contact and liaison with Bangladesh organizations abroad and shall remain responsible to feed their needs.

(d) It shall deal with the foreign press and prepare international briefings and propaganda materials for all foreign agencies in India and abroad. It is absolutely essential that foreign press is conducted will in a coordinator manner. A report on every individual journalist should be prepared giving the details about their antecedents along with their personal and official views about Bangladesh affair. Some indication about their past work will have to be spelled out.
(e) It shall organize mainly press briefings and press conferences.

(f) It shall maintain close liaison with Sadhin Bangla Betar Kendra and All India Radio.

(g) It shall keep track of International conferences, seminars, and meetings and shall arrange lobbies for the same and particularly in the aid-giving countries and agencies. It shall organize a world conference on Bangladesh and a Court by world intellectuals for the trial of Pakistani War Criminals.

(h) It shall feed for information centers to be opened by Bangladesh Government abroad with adequate propaganda materials

(4) There shall be a Director or executive in charge of this wing for co-ordination and smooth day-to-day functioning.

(5) It shall have a research team to carry out, the different work as envisaged.

(6) There shall be an editorial board which will approve the publications and the Adviser, shall be an Ex-officio member of the Board.

**PERSONAL**

**BANGLADESH POSTAL ADMINISTRATION**  
**JESSORE SECTOR**

July 11, 1971

Dear Sir,

I understand you may be interested in our postal arrangements for Bangladesh. In the liberated areas we are providing a general and official Postal Service using the Post Offices we control. Also for the Army, the Mukti Fouj has established a number of Field Post Offices which enable the soldiers to communicate with their families in other liberated areas or in India.

We have found that this postal service has been a great morale booster for our people.

For the time being until our own stamps are available we are using the old Pakistani stamps overprinted Bangladesh similar to the stamps you see on this envelope. At the frontier with India our mail is accepted as international mail by the Indian Post Office with whom we have the most cordial and useful relationship.

We have now given approval for a special issue of our new stamps - the Independence Issue - and these will be issued here in Bangladesh on July 29.

If I can give you any more information please do get into touch with me.

Thanking you very much.

Yours faithfully,

SHARIF AHMED  
Post Master.

Mr. Kenneth Chapman,  
24, Maiden Lane,  
LONDON W. C. 2.
PHILATELIC DEBUT OF BANGLADESH.

Date of First Issue: July 29, 1971

The Government of Bangladesh, which in April 1971 broke away from West Pakistan and proclaimed itself an independent State, has authorized the international distribution of its first issue of postage stamps.

The first issue of eight Bangladesh stamps will be released on July 29. The stamps consist of 10, 20 and 50 paisas and 1, 2, 3, 5 and 10 rupees. (The rate of exchange is 20 Bangladesh rupees to the £1, the complete issue being equivalent to £1-09p.) This is a Definitive issue.

These stamps are replacing those which until July 29 were used in Bangladesh Territories. These were Pakistan stamps overprinted 'Bangladesh'.

This first series will be used for internal mail and for external postage being accepted by the Government of India for onward transmission.

The eight separate designs for this first series from the Government of Bangladesh dramatically and colorfully illustrate the great struggle for independence of the new State.

The designs are the work of Biman Mullick, the Bengalee graphic designer who designed the Gandhi Memorial stamp for the British Post Office in 1969 winning two gold international medals for the best Gandhi stamp issued by any country in the world.

The Bangladesh stamps are in the following denominations.

10p (paisas). Blue, scarlet, purple, Map of Bangladesh.

Size: 25.5 mm. x 38.5 mm.

Printed by a lithographic process on white coated unwater-marked security paper by Format International Security Printers Ltd.

Perforation: £4\frac{1}{2}x W/x.

In Britain, these stamps will be distributed exclusively to the philatelic trade by the Bangladesh Philatelic Agency who will sell direct at face value. Orders for the stamps, with remittance of £1.09p per set, plus 25p per order for registration and postage should be sent to: Bangladesh Philatelic Agency, Chobham, Woking Surrey.

HOUSE OF COMMONS
LONDON, SW1
11th August, 1971

My dear Moudud,

It was a great pleasure talking to you on the telephone this weekend, although the line was so bad.

I am glad that such satisfactory arrangements have been made at your end for the stamps. Since speaking to you I have seen an article which appeared in the New York Times last Sunday. This is very damaging to the stamp issue in that it alleges that they are not genuine stamps. Because of this article it becomes all the more important to ensure that the letters with Bangladesh stamps on do arrive at overseas destinations without Indian postal service marks on them. As you know, one envelope has already arrived addressed to me at the House of Commons. It will be useful if I could have some more there, but could you put some envelopes in the post of the following:

Mr. Marcus Samuel,
Philatelic Journal,
C/o. Robson Lawe,

Mr. Arthur D. Stansfield,
Philatelic Exporter,
P. O. Box 4,

Mr. A. L. Michael,

The Editor,

Mr. David Lidman,
New York Times,
New York, U. S. A.

It would be useful if in each envelope you could put a note asking the recipient to receive a cover which confirms that the Bangladesh postal service is operating successfully. In the note you could also confirm that the stamps are being used for internal postal service in the area controlled by the Bangladesh Government.

All best wishes.

Yours ever,

Signature.

Mr. Moudud Ahmed,
Bangladesh Mission,
9, Circus Avenue, Calcutta-19.
My dear John,

Thank you for your letters of September 13 and 16 received on the same date.

2. One of your letters arrived with a Bangladesh postage stamp having the seal of a London Post Office. It seems that British Postal Service is gradually accepting our postage and who knows that one day you will start saving money by putting Bangladesh stamp instead of Her Majesty's Royal postage. Any how it was all very pleasant.

3.1 shall be sending a letter to Dick Hardie as suggested by you but I have to get hold of Mr. Misra to finally arrange the posting.

4. It was very nice of you to sent the clippings which we hope we will continue to receive in future also. Is it possible to send you the despatch of Peter Hezelhurst of September 13 which appeared in the front page covering five columns and also his subsequent despatches? Peter is now here and I am trying to make him send as many despatches as possible. Our effort is however, suffering a setback because of the British Newspapers Industrial dispute.

With very best wishes.

Yours sincerely,

(Moudud Ahmed)

John Stonehouse, M. P.

Dated, November 1, 1971

My dear John,

Thank you for your letter of October 25. I am sorry to see that you have not received letters with Bangladesh stamps on which were sent by Mr. Misra. In the meantime I had a discuss on with the Indian External Affairs Ministry with regard to the transmitting of our letters. Because of the International Postal Union rules they say that it will not be possible for them to maintain the arrangement that was previously made. However, fresh arrangements are being made to settle this matter but goodness knows how long it will take.

The Postal service in the liberated areas however is functioning very smoothly. In Raomari area a postal zone has been established with 8 Post Offices and one Sub-Post office. This covers a huge area in the north with 500,000 people residing. The Post office is at Raomari as the Headquarter and the Branch post offices are at Datbhanga, Tapunchar Showlimari, Jadurchar, Rajibpur, Mohanganj and Makunchar.

Mr. Sadakat Hossain MNA, Convenor, Bangladesh Liberation Council, Raomari, P.O. Raomari, District Rangpur, Bangladesh is the political representative of the Government in this area. I have told him that you will be in touch but when you write please add-via Manikchar, Assam, India. I hope your letter will reach him.

With regards and very best wishes.

Yours sincerely,
(Moudud Ahmed)
