

# Re-defining Cultural Programs

**Culture and Open  
Knowlodge Program**

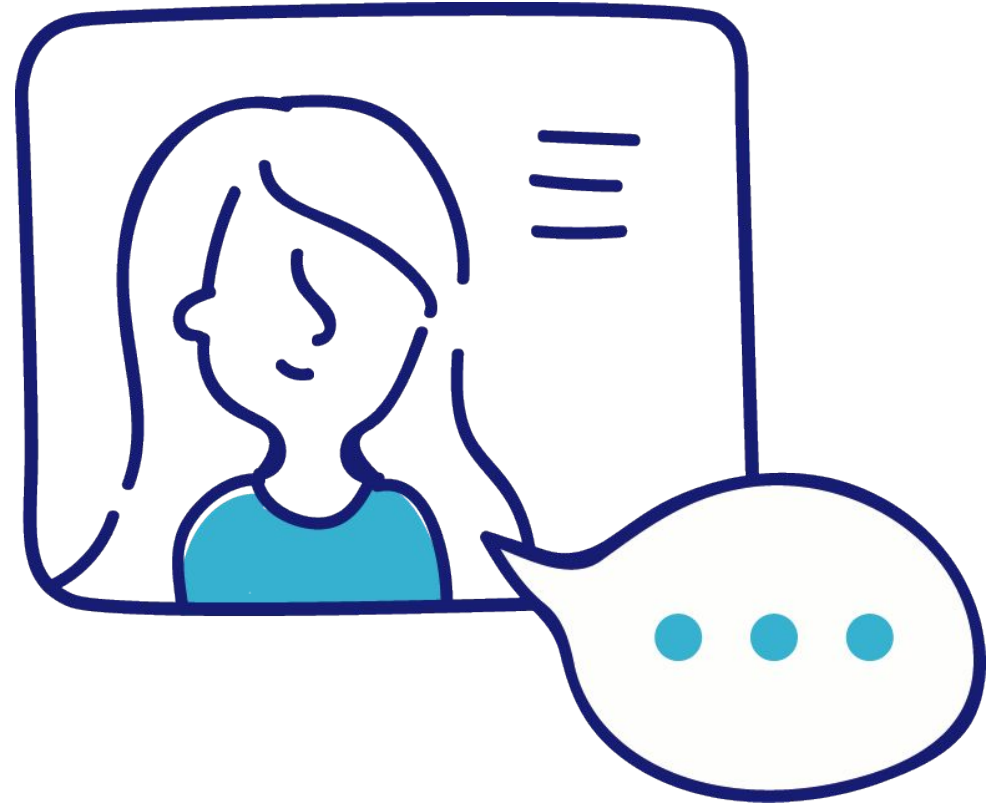

Why?

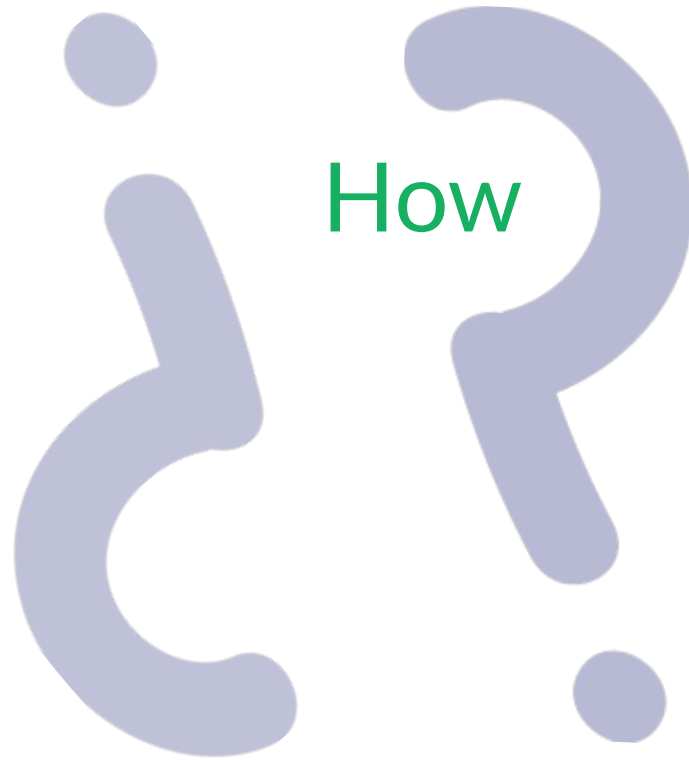

Cultural projects are  
more than projects with  
GLAM institutions

What can we do as a  
movement?

- We need to show other representations of culture in Wikipedia.
- We need to adapt the cultural program to the movement strategy.

How

- New approaches to culture
- Work with recent history: Human rights, gender, diversity.
- Work with content gaps

**#WikipediaenDebate**

[#WikipediaenDebate](#)

- Real-time coverage of the *speeches* in deputies and senators of Argentina.
- We share the Wikipedia articles of the *key concepts* they were naming.
- We incorporate Wikipedia as *a tool to check* the reliability of the contents named in the debates.

More than 40 hours  
of media coverage

More than 400  
concepts share with  
the community

Make visible specific  
contents: abortion  
and national budget.

The importance of  
these project is to  
know that not  
everything is  
inside Wikipedia
