# GERMANY BARRED FROM RUSSIAN DISCUSSION

## Plan Plebiscites On Sabbath And Tax Issues Here

### Police Board Agrees to Closed Sunday Referendum If Council Would Test Public Opinion on Improvement Tax; Mass Meeting to Ask Plebiscite on Sabbath Closing.

The City Police Commission decided this morning to agree to the submission of a plebiscite on the closed Sunday issue provided the City Council at the same time submits a plebiscite on the advisability of imposing an improvement tax here this year.

The Police Commission's decision to agree to a referendum on these conditions was sudden and unanimous. Police Commissioner J. C. North urged that, pending the outcome of the proposed referendum, conditions on Sunday here should remain as they were before the strict Sabbath regulations came into force last Sunday. Mayor Marchant and Commissioner Staneland, however, firmly refused to abandon their present position and insisted on strict enforcement of the Lord's Day Act.

## ANTI-BLUE SUNDAY LEAGUE MEETING Will Demand Plebiscite on Issue

### One Resolution May Call for Resignation of Mayor

There will be a crowded meeting at the Chamber of Commerce auditorium at 8 o'clock this evening. The Anti-Blue Sunday League will then open a discussion regarding the action of calling for a plebiscite on Sunday closing, which is the real object of the meeting. It is hinted that even stronger recommendations may be made, and it is reported on good authority that a resolution will be presented calling on Mayor Marchant to put the matter to a test by going to the polls.

In view of the reports that have spread broadcast regarding Victoria's closed Sunday, business men of the City, including many whose stores remain closed on Sunday, have expressed considerable indignation over the effect the order is having on the tourist trade.

## KILLED BY LIGHTNING.

Auburn, Ont., April 18.—Charles Prost, seventy-eight, was struck and killed by lightning during a storm last evening. Mr. Prost was sitting in the dining room of his home when the bolt came through the chimney.

## GERMANS CLAIM TREATY MOVES ABOVE BOARD

Berlin, April 18.—Special dispatches from Genoa suggest an affront to the powers which issued the invitations to the Genoa Conference. The dispatches declare that Chancellor Wirth and Foreign Minister Rathenau acted fairly and above board in concluding the treaty in the environment of the Genoa gathering.

## TEACHERS MEET IN VANCOUVER

### B. C. Federation Addressed by Hon. J. D. MacLean

### Parent-Teachers' Association Also in Session

Vancouver, April 18.—Hon. J. D. MacLean, Minister of Education, addressed the opening session of the annual convention here of the British Columbia Teachers' Federation this morning. Mayor C. E. Tisdall and Professor E. C. Matheson, chairman of the School Board, welcomed the visitors of the city, and J. M. Campbell, vice-president of the Federation, replied.

Several of the sessions of the convention will be held jointly with the Provincial Parent-Teacher Convention. The teachers' convention will continue until Friday.

## DELEGATIONS SEE FINANCE MINISTER

### State Views Before Ottawa Budget Speech

### Lighter Duties on Implements and Food

Ottawa, April 18.—(Canadian Press)—Preparations for the bringing down of the budget for the current fiscal year are under way at the Finance Department, and within the next week or so many delegations will come to Ottawa to press their views upon the Minister of Finance. Just when the budget speech may be expected is yet indefinite, but it is believed that the taxation proposals to be included in it have already taken fairly substantial form, and that they will be placed before the Cabinet for discussion in a very short time.

The form of these proposals and the changes to be made by the new Government are being closely guarded. It is understood, however, that there are likely to be several readjustments in line with the statements made during and since the campaign by the Premier and his colleagues. The changes this year, it is believed, will take the form of lightening the duties on certain commodities which come under the heading of implements of production and necessary articles of food and clothing.

It is understood, however, that there are likely to be several readjustments in line with the statements made during and since the campaign by the Premier and his colleagues. The changes this year, it is believed, will take the form of lightening the duties on certain commodities which come under the heading of implements of production and necessary articles of food and clothing.

## AURORA ONLY SHIP OF TYPE LEFT

### British Sell Canadian Cruiser's Sister Craft

London, April 18.—(Canadian Press Cable)—The crew of the light cruiser Undaunted, which was completed at Govan, Scotland, a few weeks before the outbreak of the war, was paid off to-day and the ship placed on the sale list. The Undaunted, which participated in the sinking of the four German torpedo boats off the Dutch Coast in December, 1914, belongs to the Arethusa type. This famous class of light cruiser disappears entirely from the navy list excepting the Aurora, which is now in the service of the Canadian Government.

## GEOLOGICAL SURVEY PARTIES TO WORK

### Eight Groups in B. C. During Coming Season

### Three Topographical Survey Parties Planned

Vancouver, April 18.—Eight geological and three topographical survey parties will carry on the work of the Geological Survey of Canada in British Columbia this summer. J. D. Mackenzie, head of the British Columbia office of the Geological Survey, stated on returning from a visit to the coast as the Minister of Mines.

While in the East he discussed the work of the Geological Survey in British Columbia with the Director of the Survey and the Deputy Minister of Mines.

"The amount of field work that will be done this year will be virtually the same as was done in the past two summers," said Mr. Mackenzie. "Detailed particulars of the investigations to be undertaken in British Columbia this summer will be made public as soon as the Minister of Mines has given his formal approval of the programme."

Mr. Mackenzie said that much of the geological and topographical work should be devoted to the areas of the Cariboo and Lillooet districts made prominent by recent gold discoveries.

## DRYDOCK DELEGATION DUE OTTAWA TO-DAY

### Reply Comes to Victoria Lib- eral Association Officers

The re-opening of the Parliamentary session to-morrow after the Easter holidays will find the Victoria drydock delegation at the national capital. They are expected to reach Ottawa either to-night or to-morrow morning.

Meanwhile Captain M. D. Harbord, president, and A. W. Staples, secretary of the Victoria Liberal Association, have received a letter from the Prime Minister on the question.

Hon. W. L. Mackenzie King states that the resolution from the Liberal Association, forwarded by wire, is having the careful consideration of the Government.

The pictures of the drydock, as it stands unfinished, forwarded by the Gyro Club to Ministers of the Government and private members, will have had time to circulate among the members of the House. They should prove of assistance to the delegation headed by Hon. John Hart, in explaining the situation there.

## MAN FELL SIX STORIES AND WAS NOT INJURED

Montreal, April 18.—During a gale blowing in this district this morning a workman named Vore was blown from the eighth floor of the new Mount Royal Hotel. He fell to the second floor, where he landed in some cement forms. An ambulance was brought and Vore insisted on walking to it. At the hospital where he was examined he was found not to have suffered any injuries.

## WOLFGANG KAPP NOW IN LEIPSIC

Berlin, April 18.—Dr. Wolfgang Kapp, leader of the 1920 uprising in Berlin, has arrived at Leipzig, where he is being detained pending action by the Leipzig supreme court on his demand for trial.

## Airmen Attempt Flight to Mid-Atlantic Rocks

Porto Praya, Cape Verde Islands, April 18.—The Portuguese trans-Atlantic aviators, Captains Sacadura and Soutinho, hopped off at 5.50 o'clock this morning for St. Paul Rocks, on the third and probably most dangerous part of their flight from Lisbon to Rio Janeiro. Their route lay over 900 miles of water, devoid of markers or guide ships, and they expected to reach the rocks in mid-Atlantic in from ten to twelve hours of flying.

The aviators flew here from St. Vincent yesterday in preparation for to-day's start, conditions here being more favorable for a successful getaway.

## FUNDS NEEDED FOR WOMEN MIGRANTS

### More Women Would Come From Britain If Aided

London, April 18.—(Canadian Press Cable)—"A far larger migration of women would be effected if financial assistance could be given," says the annual report for 1921 of the Society for Overseas Settlement of British Women. "Under the present conditions," the report continues, "the cost of the journey is prohibitive to most women, thousands of whom would be willing to go to the Dominions to do the work most required of them."

The report proceeds to point out the conditions of life in the Dominions, which are still little understood by the masses of the people in the United Kingdom. The pictures painted there are often unreal and girls and women start on the new venture in the hope of a better life.

From St. Paul Rocks the aviators plan to fly to Fernando Noronha Island, 350 miles off the Brazilian coast, and from there to Pernambuco.

The seaplane is awaited at the rocks by the Portuguese cruiser Retevon, which is carrying a supply of gasoline and oil and which will wireless the news of the aviators' arrival.

From St. Paul Rocks the aviators plan to fly to Fernando Noronha Island, 350 miles off the Brazilian coast, and from there to Pernambuco.

The Commission met at the Treasury, appointed Elliott Wadsworth, Assistant Secretary of the Treasury in charge of foreign loans, as executive secretary, laid the groundwork for negotiations with the foreign debtor nations and adjourned subject to call.

The next meeting of the Commission, it was said, probably will be held next month, at which time it is expected the formal steps for opening completed to-day with the organization of the Allied Debt Commission. The Commission, it was said, will move as rapidly as possible to put into motion the machinery for funding into long time obligations the demand notes of the Allies.

To-day's meeting, it was stated, was devoted principally to settling the details of the Commission's organization, such as the establishment of its offices at the Treasury. The discussion of the foreign debts so far has been only general, it was said.

## INDEPENDENT LABOR PARTY IN BRITAIN OPPOSES ALLIANCE

London, April 18.—(Canadian Press Cable)—The Independent Labor Party unanimously passed a resolution at its conference at Nottingham yesterday emphatically opposing a Labor-Liberal alliance, either inside the House of Commons or outside the House.

Montreal, April 18.—The preliminary hearing in the cases of Sir Montagu Allan and D. C. Macarow, charged respectively with having made negligently and willfully false statements to the Federal Government concerning the financial standing of the now non-existent Merchants' Bank, will not proceed to-morrow as had been planned. Both the involved parties are ready to proceed, but Judge Cusson finds it impossible to hear it at any length to-morrow on account of congestion of cases in his court. A postponement, therefore, will be arranged to-morrow morning.

C. A. Wilson, K. C., prosecuting counsel, stated that he is ready to proceed and that the main work of auditing the books of the bank is nearing completion. He already has evidence in his hands to carry the prosecution forward, he affirms. The bank officials' attorneys also state they are quite ready to proceed as soon as Judge Cusson can hear the cases.

No subpoenas have been issued yet, but it is believed that besides the auditors, one or two of the bank's employees may be called to give evidence at the first hearing. Denial is given by both counsel to rumors that Sir Montagu and Mr. Macarow has left the country. They affirm that both are in Montreal to-day, ready for to-morrow's hearing.

## B. C. STUDENT IN IDAHO ATE THIRTY EGGS

Moscow, Idaho, April 18.—Believe it or not, J. Arnold Cobley, of Vancouver, B. C., a University of Idaho student, ate thirty eggs for Easter breakfast and a hearty chicken dinner later in the day, and is able to attend classes to-day. The feat was performed at the annual Easter morning breakfast of Beta Theta Pi fraternity.

Close seconds to Cobley were Arthur Guerin, of Spokane, and Thomas Buckley, of Idaho Falls, who each ate twenty-two eggs. The breakfast was served at 8 o'clock and by 9 o'clock Cobley had had his fill.

Prior to this year eighteen eggs the record mark.

## SURGEON CALLS SEMENOFF FIEND

### Washington State Man Tells of Incidents

### Says Cossack "Gloried in Dealing Death"

Tacoma, April 18.—General Gregorie Semenov, now in jail in New York as a result of financial entanglements in Siberia, was a "fiend incarnate" and "gloried in dealing in death," according to Dr. E. C. Judd, of Sumner, Washington, who was an American Red Cross captain in charge of the largest hospital in Siberia in 1919 and 1920. Dr. Judd is now practicing medicine in Sumner and is a candidate for Mayor of that city.

Semenov's soldiers repeatedly fired upon American troops," Dr. Judd said to-day, and once a British officer and myself had to flee for our lives while one of Semenov's armored cars pursued us. Semenov moved about in a beautiful private train and carried with him a host of women. When he and his men tired of them they would have them killed off or maimed and then search the nearest villages for more girls.

Murders. Semenov was supposed to be aiding the Allied forces, but he did nothing more than engage in a kind of guerrilla warfare that worked hand in hand with the Japanese. His troops took an interpreter from our American train and shot him and they threatened my head. American nurse with worse than death. They killed two women for the amusement of the crew of the armored train by my charge on a train bound for the Chinese border.

## SNOW FALLS IN PRAIRIE DISTRICTS

### Unfavorable Change in the Weather Retards Farming

### Greatest Effects Felt in Sas- katchewan

Regina, April 18.—Snow started falling in the Regina district again to-day, shortly before 7 a.m. and is still falling. The storm is a follow-up of a miniature blizzard late Monday afternoon, which was followed by a clear, fine night.

Moose Jaw, April 18.—About three inches of snow fell between 2 o'clock this morning and nine o'clock. Between eight and nine o'clock a heavy storm almost reached the dimensions of a blizzard, as the snow swept by a strong North wind, made it impossible to see further than a hundred feet. The temperature has moderated during the past hour and there were only two degrees of frost at 10 a.m.

Saskatoon, April 18.—During the past twenty-four hours Saskatoon has been treated to every brand of weather known in this part of the province. A heavy blizzard of snow and sleet, and woke up this morning to find 12 degrees of frost. Monday started as an ideal Spring day, but by noon the sky was overcast and the wind was swirling the dust in clouds. At 12.30 a forty-mile blizzard started and continued until three o'clock, when the sky cleared. It remained cold during the night. Seeding operations will be delayed from seven to ten days.

Edmonton, April 18.—The weather continues cold in the Edmonton district and 15 degrees of frost were recorded last night.

Word comes from Camrose, which is outside the belt of Sunday's snowstorm, that seeding is proceeding in the Kelsey district, the farmers putting in big tracts of Marquis wheat.

## PLEA OF INSANITY IN DELORME CASE

### New Angle May Develop in Murder Trial

Montreal, April 18.—Lawyers acting in the interest of Rev. Father Delorme, now awaiting trial on a charge of having murdered his half-brother, Raoul, may enter a plea of insanity when the case re-opens before the Court of King's Bench in June. This information was secured this morning on the best of authority. This plea, it is stated, if entered will be vigorously opposed by the prosecution, which will employ its own alienists thoroughly to examine the accused priest.

It is announced that the prosecution will demand that Father Delorme stand trial on the murder charge, but should this plea fall it will have the abbe examined, not by the doctors employed by the defence but by a board of alienists appointed from local asylums.

The audit of Father Delorme's books, in which he kept track of his brother's estate, has not yet been completed.

## MAN FELL SIX STORIES AND WAS NOT INJURED

Montreal, April 18.—During a gale blowing in this district this morning a workman named Vore was blown from the eighth floor of the new Mount Royal Hotel. He fell to the second floor, where he landed in some cement forms. An ambulance was brought and Vore insisted on walking to it. At the hospital where he was examined he was found not to have suffered any injuries.

## Allies and Russia to Debate Agreement With Berlin Unheard

### That Is Outcome of Signing of German-Russian Treaty Sunday Last at Rapallo, Says Dispatch From Genoa, Scene of Conference.

Genoa, April 18.—The Allies have decided that Germany, having effected her own arrangements with Russia in the treaty signed Sunday at Rapallo, is debarred from further participation in the discussion of the conditions of the agreement between Russia and the various other countries represented at the Economic Conference.

Paris, April 18.—A high official of the Government declared this afternoon there was no possibility of continuing the discussions at Genoa unless the Russian-German treaty were cancelled. Even if it were annulled, he declared, the moral effect would remain of two of the parties to the Genoa Conference manoeuvring on the side to forestall the conference's work. Under these circumstances, the official added, it was clear that nothing could be done for either Russia or Germany.

Whether the conference could accomplish something for Central Europe, apart from Germany, was a different question.

## BRITISH PAPERS CONDEMN TREATY

### Russian-German Pact Fails to Find Approval

### London Times Urges Chal- lenge Be Taken Up

London, April 18.—It would not be easy to imagine any possible happening at Genoa which could excite greater astonishment or misgiving than the announcement of the Russo-German treaty produced in the majority of this morning's London newspapers.

With one or two exceptions the new pact is condemned in the strongest language as a deadly blow aimed at the conference, at the Versailles Treaty, and at the peace of Europe, and its negotiations are charged with complicity and bad faith.

The Times says: "It is an earnest defiance and a studied insult to Entente Powers, who summoned the conference, and in a less degree to all who were invited to attend it. The German pretence that the choice of time and place for the signature was without significance is pure impudence."

In many earnest and able observations the Entente Powers, especially England and France, will seize the earliest possible moment to take up the challenge so boldly thrown down and teach the Germans and Bolsheviks alike that the Allies are not to be defied and flouted with impunity. If the challenge is not taken up at once and firmly there is an end to the Entente."

The Daily Chronicle, staunch advocate of Mr. Lloyd George, argued that "more level-headed observers judging the terms of the treaty on their merits, need find little intrinsic fault with them."

## FRENCH CABINET CONSIDERS TREATY

### Proceeds Cautiously in Con- nection With Russian Pact

### Awaits Declaration of Other Nations' Views

Paris, April 18.—Premier Poincare assembled his Cabinet to-day to consider the attitude to be taken by France in case Russia and Germany purpose to retain a separate arrangement regarding the restoration of Russia. It was decided to withhold announcement of the policy tentatively decided upon until receipt from Genoa of word of the action taken at the meeting there to-day of the particular delegates, called to consider the treaty.

While a number of Cabinet members are absent from Paris, those present were unanimous regarding the pact signed at Rapallo as a violation of the Treaty of Versailles as well as the conditions laid down at Genoa as a basis for the Genoa Conference.

The clause in the treaty mutually according most favored treatment was regarded as in direct opposition to the peace treaty, and the new pact also was held to dispose of property in the hands of Germany over which the Reparations Commission had a prior lien.

It is understood the Cabinet approved further instructions to Vice-Premier Barthou at Genoa to regulate the action of the French delegation in case it is required to make a prompt decision.

The indications were that Premier Poincare was handling the crisis cautiously, awaiting a decided expression from the Allies before committing himself to any definite course.

(Concluded on page 4)

## SIGNING OF PACT AFFECTS THE WHOLE EUROPEAN SITUATION

Genoa, April 18.—The consternation caused by the German-Russian coup included in the treaty at Rapallo supplanting the Brest-Litovsk pact showed no signs of abating. The delegates to the Economic Conference continued their deliberations to-day.

On the contrary, as the different national groups examined the text of the new agreement and deliberated on its possible effect upon the future balance of power in Europe, they were impressed with the deep importance the signing of this separate pact was likely to have on the general political situation.

Dr. Walter Rathenau, the German Foreign Minister, in a statement made to the Associated Press, protested against the exclusion of Germany as unfair. He declared the treaty was not a secret one and not a violation of the conditions upon which Germany had entered the conference. He had not yet decided upon his attitude, he said.

The prophets who, when the Economic Conference was inaugurated, predicted that it would result in a great good or disaster to Europe, were inclined to-day to take the view that the congress seemed to be headed in the direction of disaster, which only the coolness of Premier Lloyd George in Europe, and other conference leaders could prevent. Some men in Allied circles read into the Russo-German treaty, and especially in Europe, a sign that it was signed, a future alliance between those two countries.

A Division. Premier Lloyd George himself went so far as to say the pact was a step in the direction of dividing the conference into separate camps, the very thing the conference wished to avoid.

Apparently the Germans were deeply disappointed at not being able to take part in the private conference of Allied Powers with the Bolsheviks in an endeavor to lay down the general lines of agreement before bringing the discussion into the conference commissions, thus reducing the chances of a break.

Success Desired. "Probably the Germans thought the Allies were trying to make a secret separate agreement with the Soviet," said a British delegate to-day to the Associated Press, "but nothing was further from our thoughts. We were merely trying to expedite the work of the conference, especially seeking by all possible honorable means to make the Genoa Conference a success. England, like every sane nation to-day, knows something helpful must emerge from Genoa."

Japan. As the preliminary conversations with the Soviet particularly concerned Europe, the Japanese leaders were not present, but they were kept informed concerning developments. They participated in yesterday's meeting of the Allied leaders, and now that the situation has assumed a broad international aspect by virtue of separate action on the part of

BENGOUGH SAYS SINGLE TAX WILL ULTIMATELY HOLD

Famous Cartoonist Luncheon Guest To-day Addresses Henry George Association on Taxation

Victoria's previous Councils passed on to the present administration a load of \$400,000 simply because they did not have the courage to enforce a proper system of taxation. Mayor Menzies of the local Henry George Association when introducing J. W. Bengough, famous cartoonist and humorist, who addressed the Association at the Dominion Hotel to-day on the Single Tax question.

"The equalization of the taxation burdens," was the object of the Henry George Association," said the Mayor. "If there is a body in Victoria taking the position that single tax will not work out I can only say they are imputing doubt on the intelligence of the Almighty," declared Mr. Bengough.

Catch as Catch Can. "They are practically saying there is no natural channel of revenue. Such a man is practically saying that after creating man and having fore-ordained the taxing of communities that the Almighty neglected to provide for their existence."

"As a self-existing unit there must be a revenue and means of getting revenue must not be left to the catch as catch can method of politicians. Man and woman are animals and in common with the lowest animal of the field they must eat and eat that which is wholesome."

Revenue and Food. "This applies to nations as to individuals, only in the case of nations we have in the country, and in the case of man it is food."

Statesmen and Calves. "I have studied calving very closely and have never known a calf that did not have enough sense to know where to go for its revenue, and I have never met a statesman who did," said the speaker.

"Are we supposed to believe that Providence has seen fit to provide food for the beast and not for the great masses of humanity. There are three great sources of possible revenue for the people," Mr. Bengough went on.

"The first source that belongs to the people and give them to the people and Canada can wipe off its national debt in other words, render unto Caesar that which is Caesar's."

"The three great sources I refer to are land, franchise and national resources values. The United States possesses a total of one hundred and forty-six billions of possible wealth, of which not an atom has been developed. It belongs to the people as a whole or should do. It is foolish to say that sufficient income from this huge wealth cannot be made available to meet the requirements of the country," said Mr. Bengough.

Difference of Terms. The speaker objected to the general interpretation of the word taxation. "It is not taxation to ask a man to render up to the community that which is not his but the community's. Taxation is the compulsory contribution by the individual citizen out of the source of wealth which he owns towards the public utility."

The speaker differentiated between ownership of the land and the right to the values that come from such ownership and claimed that while the individual had every right to own the land, he should not be allowed to own all the wealth it produced. He should be allowed to hold land peacefully and take one hundred per cent. of all he earns by his own labor.

Rendering to Caesar. "Because our law in all Christian countries gives a man title to all he collects from the land he owns without rendering anything up for it we have to put up with the present unequal system."

"If you will render unto Caesar the things that are Caesar's you will abolish all the evils of the present social condition," said the speaker, who prophesied that the principles laid down by Henry George would in due time prevail.

The speaker said that Sydney, N.S.W. had made a great success out of the single tax system, and could not be prevailed upon to even think of going back to the old system. A hearty vote of thanks was extended to Mr. Bengough for his excellent address.

GENOA MEETING IS CONTINUED

Allied Delegates Decide Discussion to Go On

Genoa, April 18.—The Allied delegates to the Economic Conference decided this evening they would continue the conference regardless of what attitude Germany and Russia may take toward the Allies' objection to the signing of the treaty at Rapallo by the German and Russian Foreign Ministers.

Paris, April 18.—Official instructions sent to Vice-Premier Barthou, head of the French delegation at Genoa, do not involve quitting of the conference by the French. It was stated.

The instructions suggest close cooperation with the other Allied powers and the members of the Little Entente, whose interests are regarded here as uppermost in the present circumstances.

WAR ON GOPHERS DECLARED BY B.C.

Laing Announces Scale of Bounties to Be Paid

British Columbia has declared war on the gopher, an officer for the Department of Agriculture announced to-day.

Gophers have grown worse, more determined have officials been to come to conquer them. He explained to-day that the pest has been the cause of much complaint recently in various parts of the Province. Because of this it has been decided to spend as bounties on a graduated scale, the money which will be paid by the legislature for gopher-extermination competitions.

Bounties will be paid to individuals who kill up to 250 at 2 cents each, 4 cents each; while on all over 1,000 the maximum rate of 5 cents each will be applicable. It is anticipated that local farmers' organizations will supplement the sums paid by the Department to such an extent that those engaged in the work of extermination will have a further incentive to work on the destruction.

Forms for application for bounties and copies of the regulations governing the anti-gopher fight are being issued by Dr. Warnock, Deputy Minister of Agriculture.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients in a large bottle, at little cost, at drug stores, known as "Weyth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautiful, dark, glossy, soft and luxuriant and you appear years younger. (Adv't.)

GYRO CLUB LUNCHEON

The Gyro Club held a "Musical Luncheon" at the Hudson's Bay store to-day. Several well-known local artists assisted on the programme which was thoroughly enjoyed by the members.

Mrs. Jesse Longfield sang two numbers delightfully, with the violin obligato by Drury Pryce. L. Longfield, pianist, and Drury Pryce, pre-arranged solos and Drury Pryce was heard to advantage in two instrumental numbers. Jesse Longfield played the accompaniments, and the Gyro orchestra responded to loud applause for a couple of sprightly airs.

Alex. Strath was the three-minute speaker, and he gave a very lucid account of the why and whereof of a collar button.

Plan Community Centre.—The projected community centre of the Lake Hill district was advanced a stage yesterday at a meeting of its supporters at the North Dairy School. J. Scott presiding. W. P. Jaume, on behalf of the Cloverdale Parent-Teachers' Association, tendered the support of the Cloverdale residents to such a suggestion. Mrs. Spurr, Mrs. A. McCallum, Miss Margaret Milton and Miss Dorothy Lowe contributed a pleasing musical programme. The further progress of the association is to be held shortly.

Susie Spratt she had no fat, her twin she had no lean. And so, betwixt them both, their names were plainly written. They never work, and though they shirk. They both are fortunes making: They sell their photos labelled thus: "Before and after taking." Joan: "Why won't mummy buy me a new doll?" "Because yours aren't broken yet, dear." Joan: "Well, mummy's had a new baby—and I'm not broken!"—Tit-Bits.

BOYS OF SIXTEEN AND UNDER IN ROBBERY GANGS

Remarkable Story Told Magistrate in City Police Court To-day

That two of the recent burglaries in the James-Bay district have been the work of three boys of the age of sixteen years and under was disclosed in the police court to-day. Two others will be tried in Juvenile Court to-morrow.

Noticing that his stock was disappearing in an alarming manner, that could not be accounted for by the sales from day to day, L. Patchette, of 204 Menzies Street, paid more attention to his shelves. He watched his stock closely for some weeks. He found that at more or less regular intervals whole lines of canned goods would disappear, also money was leaking away from the till. Sometimes it would be a ten-dollar bill that was missing, and at others cash to the total of \$100.

On complaining to the police, Detective Phipps and Constable McLennan investigated with the result that it was a robbery gang which had been working through a rear window, near a drug store. One boy, it transpired, was employed at the drug store. Interviewed by the police officers, he admitted taking food for picnics, and stated that he had guided other boys there, on more than one occasion. One night the party for a long time was taking food for picnics, and he would be only half that amount, he said. The sum of \$37 in cash was taken on the occasion, and it was said, the boys dividing the money between them. Magistrate Jay warned the boys that their offence was serious, and that if they were caught they could be sent for a long term of years. On this occasion they, he said, were charged with breaking and entering and would be accorded suspended sentence. The incident would be placed on six months probation and must report to the Chief of Police, said the Magistrate.

Constable McLennan stated that the accused, with another who is to be charged in the juvenile court, made an entry through a rear window of 141 Menzies Street, and stealing the sum of \$224. He was taken from the till, and the balance from a drawer in the rear of the counter. Of the \$224 taken \$140 was reserved until after the hearing of the juvenile court to-morrow.

HOUSE TO DEBATE MERCHANT SHIPS

To Make Decision Affecting Canada's Fleet

Ottawa, April 18.—(Canadian Press)—Among the first business to come before the House of Commons soon after it reassembles to-morrow is expected to be the annual statement in regard to the Canadian Government Merchant Marine. The point about which questions are centering is the policy to be followed by the new Government in regard to the ships, of which there are now sixty-five in commission. There are strong critics in the Government ranks of the policy of the Government operating a steamship line, but on the other hand the Government now owns the ships, and would involve a heavy loss to sell them at the present time.

Exclusive of all provision for depreciation and interest, the deficit on operation for the past calendar year was \$2,210,724. In addition, it has been the practice to make provision for interest to the Government on the cost of ships and also for depreciation. The amount charged as interest for the year 1921 is \$1,616,439, while for depreciation the debit is \$2,342,932. Adding these two amounts to the operating deficit for the year is \$4,169,095.

Four Per Cent. The figures just given as to the total loss on the Government Merchant ships are increased by change in policy in regard to the charging of depreciation, which has come into force this year. In making his annual statement to Parliament last year, Hon. C. C. Ballantyne reckoned depreciation at the rate of 2 per cent. on the total value of the ships in commission. The figures which Hon. W. C. Kennedy will present to the House will show that the rate for depreciation has been raised to 4 per cent. Up to the end of 1920, the total amount set aside for depreciation was \$18,841. The amount set aside for the year 1921 only for this purpose is \$2,342,932.

The increase in the amount charged for depreciation is also in part due to the fact that the government came into commission during this year.

NOT NEWS TO HER. The Visitor—My good woman, do you live in this village? Resident—Ay, sir. The Visitor—And I suppose you know every one here? Resident—Ay, indeed. The Visitor—Well, you can just tell them my name is Frederick Smith, and that I come from London, where I am a solicitor. That lady there is my wife, and those are my two children, Thomas and Elizabeth. We are having a holiday and intend staying here a week. We have hired the carriage. Last week we stayed at Invercauld.

Resident—Ay, sir, I kent 'at that frae ma daughter, who lives in Invercauld, but she was disappointed because she couldn't tell me my wife's name was afore she was married.—Punch.

AN INEXPENSIVE COMBINATION SPRAY

With spraying season here every reader who has trees, grows roses or has a garden will be interested in a good combination spray. By this is meant a spray which will be of use against all the numerous and one forms of insect life which threaten the life not only of fruit and bloom but also the tree and plant itself. Every person who wants perfect fruit or bloom and healthy sturdy tree plant or bush, must spray.

The combination spray which is most effective is known as Kero-Spray. It contains Black Leaf Forty, Arsenate of Lead, Kerosene, Whale Oil Soap and is inexpensive. A large bottle makes 5 gallons of spray and costs only 40 cents, 1/2 gallon tins (making 25 gallons) cost \$1.25, gallon tins \$2.00 and larger quantities at special price.

At any reader can obtain Kero-Spray at any Vancouver Drug Co. store Vancouver, Victoria and New Westminster. (Adv't.)

For Sale—Ladies' Fawn Boudleth Wrs., new. Cost \$60. Big sacrifice. Phone 7173. The Officers and Members of Mt. Newton Lodge No. 89, A. F. & A. M., Saanichton, will hold their annual ball on May 4 at the Saanichton Agricultural Hall, Saanichton. Tickets now on sale by the members only.

Figure Drawing and Painting Classes Saturdays, 2.30 to 11.30. Mondays, 7.30 to 9.30. Will Menzies, instructor, 242 1/2 Union Bank Building.

Tickets for the Banquet held in commemoration of St. George's Day may be obtained at Fletcher's, Hibbert's and Litchfield's, on Government Street, and Acton's on Douglas Street, Dean Quanton presiding.

Kiwianians—Don't forget the indoor picnic at the Y. M. C. A. at 8 this evening. Come and bring your friends and enough refreshments for your own party. Be on hand for the Grand March at 8.

Snapp—Hand Sewing Machine, \$13.75 Yates. That was ever cooked, all the new dishes that never were cooked, formula for the toothache, agreeable stories for old women, treatise for young women on the art of getting husbands, how to cure bunions without amputation, how to plant cabbage when the moon is not full, how to breed rabbits, how to interest dreamers, how to tell fortunes, how to get a divorce, how to reckon up the interest on a mortgage. The book for everybody!

But the audience was unappreciative, and he failed to dispose of a single copy. The cheap-jack looked over the crowd with a disgust that could not be disguised. "Ladies and gentlemen," he remarked, "I forgot to mention that in this incomparable book there is a blank page—for those who cannot read."—Tit-Bits.

400 TEACHERS ARE AT CONVENTION

Minister Answers Criticisms of B. C. System

Vancouver, April 18.—Answers to the many criticisms made by interested people in regard to the educational system and teaching methods in vogue in British Columbia, were the chief topics of Hon. J. D. MacLean, Minister of Education, who addressed the members of the B. C. Teachers' Federation, assembled to-day in the King Edward School for their third annual convention.

Over 400 teachers were present from all parts of the Province, coming from points as widely scattered as Prince Rupert, Fernie, Kamloops, Coal Creek, Merritt, Cumberland and Nanaimo. Dr. MacLean compared the cost of the education of a child in British Columbia with the cost in the other three western provinces. The cost of public, high school and university education in British Columbia, he said, was averaged at \$82 per child per year; in Alberta, \$88; in Saskatchewan, \$98; and in Manitoba, \$72, which low cost could be attributed to the centralization of the population in that province.

Elastic Control. Dr. MacLean said he believed in an elastic system of control which would put it up to each local school board to regulate matters such as the teachers' salaries, the erection of teachers' residences and such matters.

The Minister of Education announced that the Summer schools for teachers in Vancouver and Victoria would be maintained and that teachers would be permitted to take some degrees, but their work would be so regulated that they did not interfere with their preparation for work as teachers.

STEP LIVELY :: LOOK SHARP In Want-Ad-Land

Oh a wonderful land is Want-Ad-Land, Things from there are simply grand; Man-on-a-quest is trying to find A business partner warranted kind.

Man-on-a-quest wants a trombone, a good cashier, a file clerk, a telephone operator, an old edition, some foreign stamps, a child to board, a used canoe, a second-hand tent, some red-top boots, a place to work, a place to live, and the watch he lost.

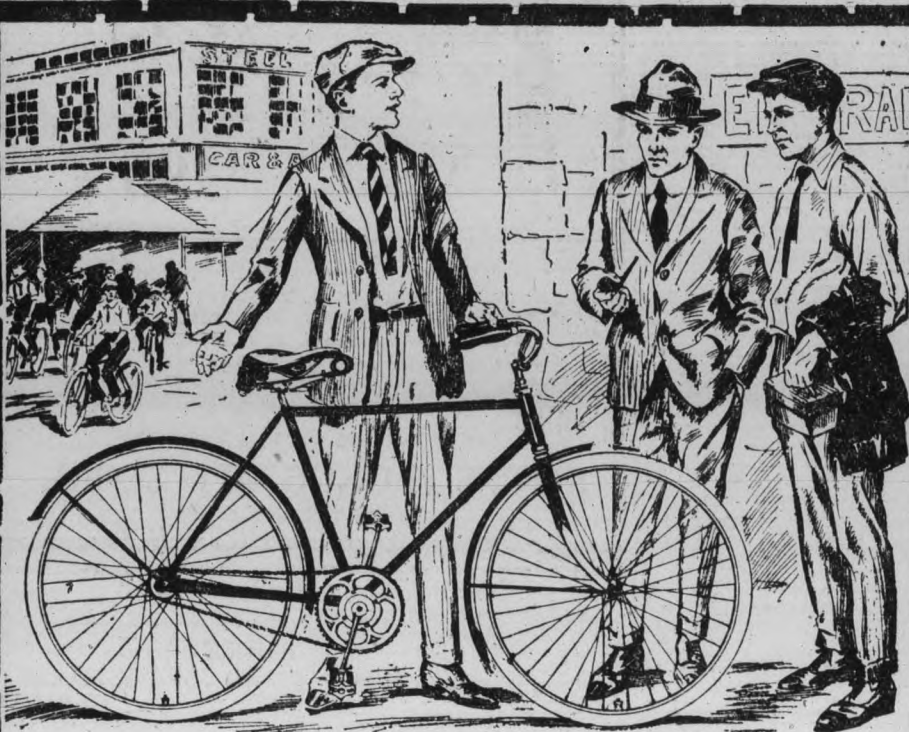

Oh, yes, he wants all of these things and more, and if you have any of the things he wants and you have not told him in a Times classified advertisement you have spoiled his whole day, and he'll either have to wait until you wake up to the usefulness of the classifieds or watch for a more enterprising chap's ad.

## Bill Says: "Cycling Has Street Cars or Walking Beaten a Mile"

"I THINK both you fellows are missing a good thing."

"Day after day you pay out your good money, Tom, for the 'sport' of hanging on to a strap in an overcrowded street car, having your feet tramped on and filling your lungs full of stale air."

"Now you're talking, Bill!"

"Yes, and I heard you grouching something terrible yesterday, Jim, about your 'long, tiresome walk. You were late and got docked. I started ten minutes later and had lots of time."

"Why, my bike and I have the laugh on both you fellows all the time. We miss all those maddening street car delays and jamming. We spin along home while you're waiting on street corners or trudging along. Cycling has both street cars and walking beaten a mile."

"Well, wheeling is very fine with a Real Bike Like Yours I wish I could afford one like it, Bill."

"Why, Tom, the money you're throwing away in street car fares, and the shoe leather you're wear-

ing out hoofing it on the hard sidewalks, Jim, would soon pay for a C. C. M. bike like mine. And then, you know, one like mine will last for years."

"That's so, Bill."

"Yes, and when you're buying a bike, Jim, be sure to get one with

**C. C. M. Triplex Hanger**

It makes a wonderful difference in the ease of riding. It gives your bicycle more speed—and pep—and power."

"How much extra is the Triplex Hanger, Bill?"

"Not a dollar. It's on every C. C. M. Bicycle at

**No Extra Charge"**

"What about that handy little brake on your bike, Bill?"

"You mean the Hercules Coaster Brake. It's been nicknamed, 'the Little Fellow with the Giant Grip.' You'll notice it hasn't any clumsy side arm. The Hercules is regular equipment on every C. C. M. Bicycle, too."

"It's some bike, Bill. Guess we'd both better get that kind and ride to work, too."

### WAS DROWNED.

Montreal, April 15.—Joseph Racine, thirty-nine years old, well-known notary of Casselman, Ont., whose body was found in Lake Lemoy, near Hull, Quebec, last week, after he had disappeared on December 8, 1920, died

by drowning, according to the statement of Dr. Wilfrid Derome, of Montreal, who performed a post mortem last Friday on the body.

Dr. Derome stated to-day that he had made a complete autopsy on the body, and gave it as his opinion that death was due to drowning, the in-

juries to the head being caused after death.

Says Nina Wilcox Putnam—"A good time to tell your husband anything that can be argued about in while he is fighting his way into a dress shirt."

## BANK NOTES AND BONDS EXAMINED

### U. S. Officials Move to Lay Rumor Many Counterfeits Exist

Washington, April 18.—Secretary Mellon to-day called upon The Plate Printer, organ of the Plate Printers' Union employees at the Bureau of Engraving and Printing, to furnish him immediately with any evidence upon which that publication had based its statements that the United States was flooded with millions of counterfeit bank notes, bonds, war savings and other stamps, war bonds and coupons. Any such evidence, he added, would be investigated at once.

The Plate Printer recently published an article criticizing what it declared was flood of Government securities with the recent reorganization of the Bureau by President Harding involving the removal of Director James J. Wilmeth and other officials.

In a letter to Frank C. Coleman, editor and business manager of The Plate Printer, Mr. Mellon said that "statements of this sort, reflecting, as they do, upon the Government bonds in the hands of investors, are calculated to cause widespread uneasiness on the part of such holders, and at the same time, if uncontradicted, might tend to injure the credit and standing with the public of the securities of the Government."

Mr. Mellon added that it had been the custom of the Treasury to send out circulars describing every counterfeit issue when discovered, and requested that he be furnished with any evidence other than that contained in such circulars.

The report of the special committee which has made an inventory of the stock of the Bureau probably will be completed this week, according to high Treasury officials, who, however, did not indicate whether the report would be made public by Mr. Mellon or would be sent to President Harding.

The situation at the Bureau was discussed yesterday at a conference between President Harding and Chairman McFadden, of the Public Banking and Currency Committee. Mr. McFadden said that very good progress was being made on the check-up of the Bureau.

### H. MOHANI IS ARRESTED IN INDIA

Simla, West India, April 17.—Hazrat Mohani, president of the All-Indian Moslem League, and who headed the separatist movement at the last Moslem congress, has been arrested at Cawnpore on a charge of sedition.

At the opening of the All-Indian Moslem League's sessions at Ahmedabad December 20, Hazrat Mohani, in an address, invited Mohandas K. Gandhi, the Non-Co-operationist leader, who was present, to form a "parallel" Government, with its own Parliament and army.

Mohani's plea was for an Indian republic, to be called the United States of India. The republic was to be declared January 1, and to be attained by guerilla warfare, if necessary. He admitted that such a Government could not be maintained by peaceful means.

During his speech, Mohani assured the Hindus that their apprehension regarding what might happen under a free India was groundless, because, he said, India belonged equally to the Hindus and the Mohammedans.

### BODY OF FLOOD VICTIM FOUND

Vancouver, April 18.—Drowned in the floods of last November, the body of Fred Wilson, a rancher, has been found in the Cheakamus River, according to a telegram received here by the provincial police.

Wilson had a homestead on Swift Creek, which runs into the Cheakamus, in late October and early November the Squamish Valley was visited by floods and on a November night settlers saw a house floating down the turbulent Cheakamus from which a light waived. Investigation showed that Wilson's house had been carried away by the flood, and it was presumed that he had been drowned. The discovery of his body on Sunday confirmed this.

### MINERS ACCEPT NEW AGREEMENT

Spring Hill, N. S., April 18.—The tentative agreement between the Dominion Coal Company and the local coal miners' committee, which was rejected last week, was reconsidered at a lengthy mass meeting here last night, and the final decision was to accept the main features of the agreement, provided working conditions and facilities intended to promote easy production.

It was also stipulated that in the event of a new arbitration award affecting all the miners in Nova Scotia being made, the whole agreement would be superseded.

### TORONTO AND ITS HYDRO SCHEMES

Toronto, April 18.—Mayor Maguire stated to-day that the city could not go on with the clean-up deal until the Government's future policy toward the hydro-electric system was known and until the hydro investigating commission had made its report.

The responsibility for the delay was entirely on the Government, Mayor said. The city could not risk \$22,000,000 until it knew definitely what the position of hydro was to be in the future.

### COMMITTED SUICIDE.

Vancouver, April 18.—The body of Mrs. Winnie Campbell was found in her apartment in the Shaughnessy Mansions here yesterday.

Beside the body was a bottle which had contained carbolic acid, and a note saying that a full explanation of her death had been sent to her sister, Mrs. Robinson, who resides at 314 Falling Street, Portland, Ore.

Very little is known here about Mrs. Campbell. She had lived in the Shaughnessy Mansions for nearly a year.

## UNIVERSITY HAS DECLINED GIFT

### New Brunswick Institution Not Ready for Amalgamation

Fredericton, N.B., April 18.—The Carnegie Foundation proposal that all the colleges in the Maritime Provinces be amalgamated in one university at Halifax, N.S., to which the Carnegie Foundation would donate \$5,000,000, has not been accepted by the University of New Brunswick, it is said here. No representatives of the University of New Brunswick attended the meeting of Maritime college presidents held in New York at the invitation of the Carnegie Foundation.

Some time ago the senate and various other organizations of the University of New Brunswick considered the proposal of the Carnegie Foundation and decided not to accept it on the grounds that the University of New Brunswick could not receive further provincial aid if either its control or its location were allowed to pass outside of the province.

### ROYAL NAMES FIGURE AT MANY CHRISTENINGS

London, April 18.—Mary Buckingham Jones, who received the two former names at her christening recently, is only one of thousands whose names will carry to the end of their lives a memory of Princess Mary's wedding.

Records now being sent into Somerset House by local registrars of births and deaths show that the names Mary, Lascelles, Harry, Buckingham and even Harwood, have attained enormous popularity during the past few weeks.

There is, in South London, for instance, a boy who will carry through life the combined names of Harry Harwood Simpson, and a girl whose parents thought fit to commemorate her birth and the royal wedding by the names of Mary Lascelles.

Names that figure prominently in the public mind are invariably bestowed on children born at the time.

### MAN DYING; HE KILLED HIS WIFE

Kitchener, Ont., April 18.—H. H. Geyer shot and killed his wife with a double barreled shotgun yesterday afternoon at their home and then turned the gun on himself. Geyer succeeded only in wounding himself, but it is expected he will die.

### ONTARIO CONSTABLE KILLED BY THIEVES

Chatham, Ont., April 18.—William Pickard, sixty-eight, constable of Thamesville, died in a hospital here yesterday from gunshot wounds sustained when he attempted to arrest three Indians who were in the act of robbing a store at Thamesville. The Indians, who are in the county jail here, will face a charge of murder, according to the authorities.

Winnipeg, April 18.—Douglas Burns died in the General Hospital yesterday of injuries received when he was knocked down yesterday morning by an automobile.

## SHOE MACHINERY COMPANY LOSES

### "Tying" Clauses in Leases in U.S. Declared Invalid

Washington, April 18.—The "tying" clauses in the leases of the United Shoe Machinery Corporation and its associated companies, "challenged by the Government under the Clayton Act, were to-day declared invalid by the Supreme Court in an opinion delivered by Justice Day. Justice McKenna dissented and Justice Brandeis did not participate in the consideration or decision of the case.

"This system of 'tying' restrictions is quite as effective as expressed covenants could be," the court declared, "and practically compels the use of the machinery of the lesser except upon risk which manufacturers will not willingly incur. . . . The power to influence them is omnipresent and their restraining influence constantly operates upon competitors and lessees. The fact that the lesor in many instances forebore to enforce these principles does not make them any less agreements within the condemnation of the Clayton Act."

Referring to the contention of the corporation that the form of lease it adopted after the Clayton Act became effective is free from the restrictive and tying clauses, and is therefore unobjectionable, the opinion pointed out that those leases are terminated upon thirty days' notice and stated "they were evidently framed in view of the Clayton Act and litigation likely to arise over the former leases in view of that enactment."

### MAN CONFESSES SHARE IN ROBBERY

Oakland, Cal., April 18.—James McNulty, arrested here Saturday for the authorities of Chatham County, Washington, has admitted, according to the police, having participated in a bank robbery in which \$9,000 was obtained, but at the cost of the life of one of the bandits, who was shot by an officer. A second bandit was convicted and sentenced to thirty years' imprisonment, according to McNulty's story.

The police say McNulty told them he had served a sentence in the federal penitentiary at Fort Leavenworth, Kansas, for a postoffice robbery. McNulty was captured while on his way to attend a dinner party. Two detectives, watching his wife, who limps, discovered him following about a hundred yards behind.

### MAN DYING; HE KILLED HIS WIFE

Kitchener, Ont., April 18.—H. H. Geyer shot and killed his wife with a double barreled shotgun yesterday afternoon at their home and then turned the gun on himself. Geyer succeeded only in wounding himself, but it is expected he will die.

### ONTARIO CONSTABLE KILLED BY THIEVES

Chatham, Ont., April 18.—William Pickard, sixty-eight, constable of Thamesville, died in a hospital here yesterday from gunshot wounds sustained when he attempted to arrest three Indians who were in the act of robbing a store at Thamesville. The Indians, who are in the county jail here, will face a charge of murder, according to the authorities.

Winnipeg, April 18.—Douglas Burns died in the General Hospital yesterday of injuries received when he was knocked down yesterday morning by an automobile.

### ROOM IN JAPAN FOR THE JAPANESE

#### Secretary of California Japanese Exclusion League Speaks

Oakland, Cal., April 18.—There is still plenty of room in Japan for the Japanese and there is no necessity of their emigrating to California, Joseph A. Garry, secretary of the Japanese Exclusion League of California, told the opening session of the forty-fifth annual meeting of the Native Sons of the Golden West here.

"There are 5,000,000 acres still capable of cultivation in Japan," Garry said. "That shows there is no question of over-population there."

Garry advocated legislation similar to the Chinese Exclusion Act to restrain further Japanese immigration. There were 163,000 Japanese in California, he said, and the births were 719 in 1910 as against 4,971 in 1920. In the decade between those two years 23,000 Japanese were born in California, he said.

Nominations for officers and the selection of the next convention city, which is expected to be Santa Barbara, will be features of the convention to-day.

### CAMP CLOSED.

Vancouver, April 18.—The civic relief camp for unmarried unemployed men at Hastings Park here closed yesterday after a successful winter's operation. About 350 men were still registered at the camp. Most of these are expected to find work for the next few months on the prairie farms.

### MEDICAL ETIQUETTE.

"Stay at home with your cold," says a physician. But, doctor, it is such infernally disagreeable company.—Boston Transcript.

AFTER EVERY MEAL

# WRIGLEY'S NIPS

10 for 5¢  
10 for 5¢  
10 for 5¢

This new candy-coated gum delights young and old.

It "melts in your mouth" and the gum in the center remains to aid digestion, brighten teeth and soothe mouth and throat.

There are the other WRIGLEY friends to choose from, too:

HATCHED IN CRIME.

One of the inevitable developments in Europe was an economic understanding between Germany and Russia. Lenin and Trotzky have not forgotten their peculiar loyalty to their Teuton taskmasters.

In a general sense a treaty between these two nations is just as natural as a reciprocity arrangement would be between any two neighboring countries.

That a pact of this kind should have been sprung at this stage of the proceedings of the Genoa Conference is a doubtful tribute to the sagacity of German statesmen.

It is not permitted to speculate upon what will happen during the next twenty-four hours; but it can be assumed that Great Britain and France will let it be known quite clearly that Germany cannot escape the payment of her reparations account any more than Russia can regain her place among the nations without compliance with the full list of conditions which the Allies will require to be accepted.

To suggest that the pact is a serious menace to the peace of Europe or an economic gain for Germany is going a little too far. Bismarck warned his country years ago that Great Britain could cut off the overseas trade of Germany at will.

VACANT LOTS.

If it were only for the reason that a well-kept garden is pleasing to the eye there would be sufficient to warrant a continuation of the campaign of cultivating vacant lots.

ANOTHER MASSACRE.

According to a dispatch from Athens on Sunday Turkish Nationalist Bashi-Bazouks have been indulging in their favorite pastime of massacre at a place called Samsun on the Black Sea coast of Asia Minor.

GRAIN MOVEMENTS.

If grain shipments from the Pacific Coast increase in volume during the next twelve months in manner similar to the marked difference between the 1921-1922 season and that of 1920-1921 this part of the Dominion will derive benefits of considerable importance.

It is not necessary to point out how much the grain trade means to the ports of the Province. Many more vessels come to the coast than would come under circumstances that did not exist two or three years ago.

THE LATE MR. H. V. ESMOND

Playgoers who remember his appearance in this city last year and more especially those who recall his many stage triumphs in the Old Land will regret to learn of the death of Mr. H. V. Esmond.

NOTE AND COMMENT

It is estimated that one million tourists will visit British Columbia during the present year. The refrain is "Let 'em all come."

That school of thought in Britain which argued in favor of immediate admission of Germany and Russia into the League of Nations will probably say that if both countries could have been dealt with earlier the new Treaty would not have been entered into without the consent of the rest of the members.

The more the so-called "President" of the Irish Republic endeavors to incite the general public to violence against the supporters of the Free State Government the more the great majority of law-abiding citizens who want peace will see to it that the result of the forthcoming general election firmly establishes the Griffith-Collins Party in control of Southern Ireland's affairs.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and to the point.

"DAYLIGHT SAVING."

To the Editor:—In view of the fact that in about two weeks time "Daylight Saving" is to be brought into effect, would it not be a good suggestion to have the school hours of the school board to change the hours of school as well for the children, and instead of beginning at 9 a. m., make it 10 a. m.?

A MOTHER.

To the Editor:—Would you mind me passing on two good jokes I heard first at a councilman's dinner every man should at least go to church once a week.

BLUE SUNDAY.

To the Editor:—Would you mind me passing on two good jokes I heard first at a councilman's dinner every man should at least go to church once a week.

THEIR FOOD EN ROUTE.

To the Editor:—The members of the Victoria and District Unemployed Council have instructed us to let the public know they strongly disapprove of the Mayor's action in sending destitute men to the Prairies and refusing to supply them with the means of obtaining food for the long journey.

THE BURDEN OF TAXATION.

The Editor:—The communications signed by His Lordship Bishop McLeod should receive consideration from those who are advocating "Single Tax," and all that goes with the imposition of taxation on the land alone.

I permit me to cite my own case. Thirty years ago I bought two lots on the outskirts of Victoria for the sum of \$300 with the intention of some day building a home.

Playgoers who remember his appearance in this city last year and more especially those who recall his many stage triumphs in the Old Land will regret to learn of the death of Mr. H. V. Esmond.

taxes. The man who pays \$2 per year to the city has a vote, and is entitled to all the privileges "I enjoy."

FERRY SKIPPER VISITS VICTORIA Captain Crosby, of Harvester King, in City

Visiting George W. Warren, Publicity Commissioner in connection with the inauguration of the Sidney-Anacortes motor-car ferry service, Captain Harvester Crosby, one of the owners of the Harvester King, was in the city to-day.

Germany, Japan, as well as the members of the Little Entente, will sit with the Allies and give of their counsel.

Genoa, April 18.—The spokesman of the Italian delegation to the Economic Conference, discussing the Russo-German treaty, said he was convinced it would not bring about a happy result in the conference.

Genoa, April 18.—A French communiqué issued here late last night said: "Everybody was astonished at the attitude of reserve and silence of the Germans with the French."

St. Thomas, Ont., April 18.—The Governor-General and Lady Byng were visitors here yesterday for two hours, during which time they received the warmest reception everywhere and by their gracious conduct entrenched themselves strongly in the good will of the people.

Genoa, April 18.—Commenting on the Russo-German Treaty, the Liberator Secolo-to-day remarks there has been a "very grave and unexpected coup de main, which has produced general stupefaction, while its consequences are as yet difficult to foresee."

The radical Caffaro says: "Unfortunately, gave problems can not be solved by coups de main, which are complicated matters."

The Catholic Cattadino expresses belief that the excitement over the new treaty is greater than is called for as the past. It thinks, aims at facilitating the work of the conference and helping in the reconstruction of Europe.

The Socialist Lavora also minimizes the importance of the pact, which he says was concluded, openly, not in the secret way "so dear to the diplomacy of the old regime."

"The moment the treaty was concluded," continues the Lavora, "it was loyally published. It does not interfere with the objects of the conference. Indeed, it helps them. If the conference breaks up the blame will fall upon those who take the treaty as pretext to prevent a European accord."

London, April 18.—(Canadian Press Cable)—Making practically all the running, Joseph Benson's four-year-old chestnut colt, Sangrail, by Santol out of Marie Lior, an out-of-the-betting, easily won the great Metropolitan Stakes to-day from a field of sixteen.

FRENCH CABINET CONSIDERS TREATY

Genoa, April 18.—The organizers of the Genoa Conference to-day were dazedly attempting to grope their way out of the debris and confusion caused by the explosion of the German-Russian bombshell, the secret signing of a formal peace treaty between the two nations at Rapallo on Sunday.

The experts later were to report to an assembly which included only the chief representatives of the five inviting powers, but also the leading delegates of the Little Entente nations, who were especially invited because of the momentous character of the question.

Without exception the delegations of the thirty-four countries represented here were wondering what the actual effect of the surprise treaty on the conference would be.

German Attitude. The Germans expressed surprise that the Allies should present what they called a perfectly logical outcome of negotiations previously inaugurated in Berlin.

Paris, April 18.—The dramatic stroke of the Russians and Germans in concluding their treaty at Rapallo, the news of which, incidentally, first reached Paris by way of New York, does not fill the French with consternation.

NEW PACT DOES NOT THROW FRENCH PRESS INTO PANIC

Paris, April 18.—The dramatic stroke of the Russians and Germans in concluding their treaty at Rapallo, the news of which, incidentally, first reached Paris by way of New York, does not fill the French with consternation.

GOVERNOR-GENERAL IS GREETED IN ST. THOMAS, ONT.

St. Thomas, Ont., April 18.—The Governor-General and Lady Byng were visitors here yesterday for two hours, during which time they received the warmest reception everywhere and by their gracious conduct entrenched themselves strongly in the good will of the people.

ITALIAN PAPERS EXPRESS VIEWS ON RUSSIAN TREATY

Genoa, April 18.—Commenting on the Russo-German Treaty, the Liberator Secolo-to-day remarks there has been a "very grave and unexpected coup de main, which has produced general stupefaction, while its consequences are as yet difficult to foresee."

ing almost of assistance among the newspapers supporting the national bloc at what they consider a distinct hit against Premier Lloyd George of Great Britain and at the same time the "clumsy blunder of German psychology," which, as M. Salate Brice puts it in The Journal, will perhaps "pull us out of the Genoa wasps' nest."

Mr. Lloyd George never thought, when he admitted the Berlin and Moscow people on an equal footing, "The Journal's editorial continues, "that they might interfere with his manoeuvres."

The Figaro, more nationalistic than The Journal, thinks "we may be assured that whatever the Soviet loses in European opinion will be gained by France."

**IN WOMAN'S DOMAIN**

**Handsome Presents From Canadian Officials to Princess Mary on Her Marriage**

Mrs. Weatherstone and Miss "Biddy" Floyd, left yesterday afternoon for Seattle.

Misses Isaac and Mohra Terry have returned from spending a short holiday in Seattle.

Captain and Mrs. T. H. Brown returned on Sunday from Vancouver, where they have been on a combined business and pleasure trip.

Captain and Mrs. Ord, of Prospect Lake, have been spending the week-end in town as guests of Mrs. Gerard Evans, Balfour Avenue.

Mr. Stanley Mc B. Smith, who has been spending the week-end in Victoria, left yesterday for his home in Nanaimo.

The many friends of Mr. Leonard Higgs, of South Pender Island, will regret to hear he is ill in the Jubilee Hospital.

Mr. J. E. Studd, of Vancouver, has been visiting her parents, Col. and Mrs. J. Holmes, Carberry Gardens, for a few days.

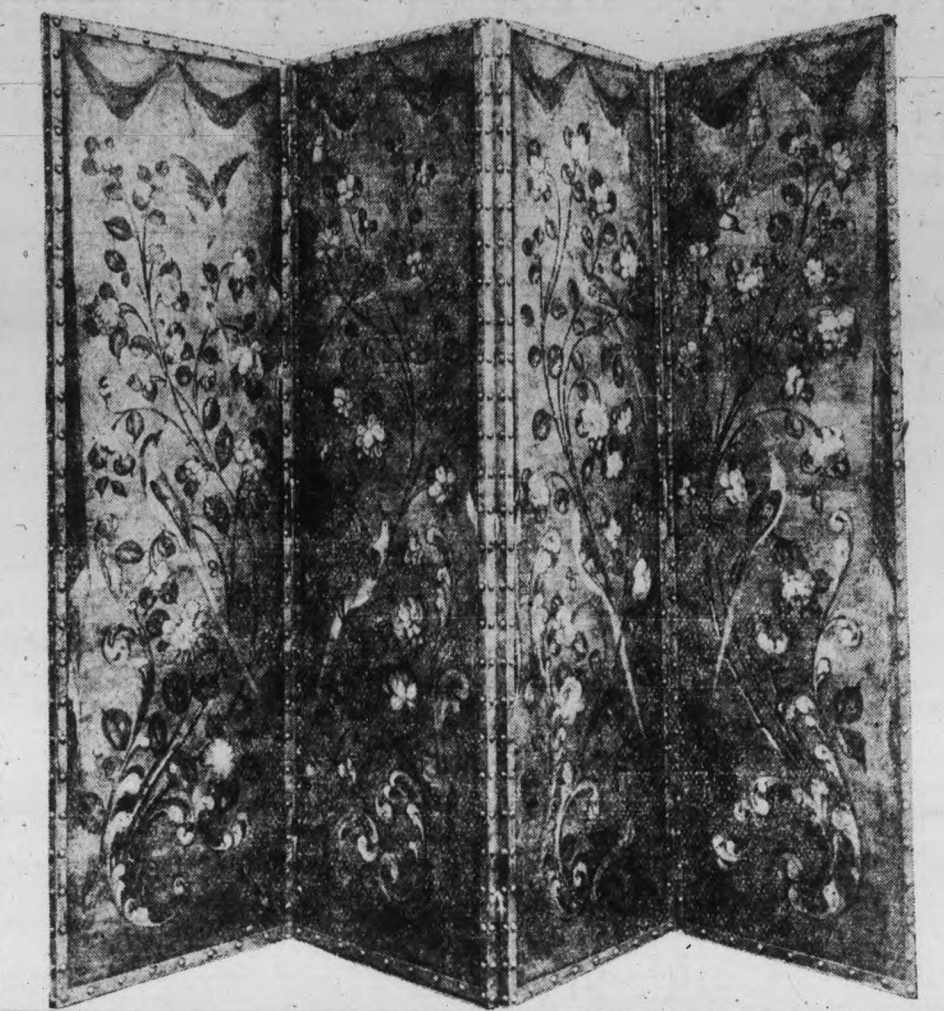

Mr. John Price, of Victoria, spent the Easter vacation in Vancouver, as the guest of Mr. and Mrs. Page Powell, Shaughnessy Heights.

Mrs. R. Marpole, who is visiting Mrs. Chesyre Janion, will be the guest of Mrs. Binns Johnson for a few days, before returning to her home at Oak Bay.

The many friends of Mrs. Scriven will be pleased to hear she is returning to Victoria, and will arrive here on the S. S. Ruth Alexander, on April 25.

Mr. Tom Sherwood, who has been spending the last few weeks with his parents, Mr. and Mrs. A. R. Sherwood, Quadra Street, leaves to-day for Vancouver to resume his work at the Mount Pleasant branch of the Royal Bank.

Mrs. W. E. Hodges, of Vancouver, entertained at a luncheon at Shaughnessy Heights Golf Club yesterday, in honor of Mrs. A. T. Govard, of Victoria, who has been the guest of Mr. and Mrs. C. C. Cator over the holidays.

These are photographs Premier Oliver has received from P. C. Wade K. Agent-General for British Columbia, in London, of the antique screen and china tea and coffee set presented to Princess Mary by Canadian women in London as wedding gifts. In the absence of a Canadian High Commissioner, at that time the presentation was handled entirely by the wives of the Agents-General of the different Provinces.

The screen and tea and coffee set were personally selected by the Princess and the Queen on a shopping expedition undertaken for that purpose. The tea and coffee service is of eighty-four pieces reproduced from an old Worcester example in the Trappell collection. The fourfold Spanish leather screen, hand-painted on gilt ground, is 180 years old.

Princess Mary sent a printed acknowledgment through Lady Dorothy Yorke, one of her ladies-in-waiting, as follows:

"I am desirous that the Princess Mary write and ask you to convey to the wives of the Agents-General and the other Canadian ladies who have so kindly contributed towards her wedding gifts, the very warmest thanks of Her Royal Highness, who so deeply appreciates their having thought of her in her happiness.

"The Princess only wishes she could have seen some of the Agent-Generals' wives, so as to have been able to thank them personally, as a letter always seems such an inadequate expression of gratitude. Will you forgive this great delay in writing, but the pressure of work has been almost overpowering just before and after the royal wedding."

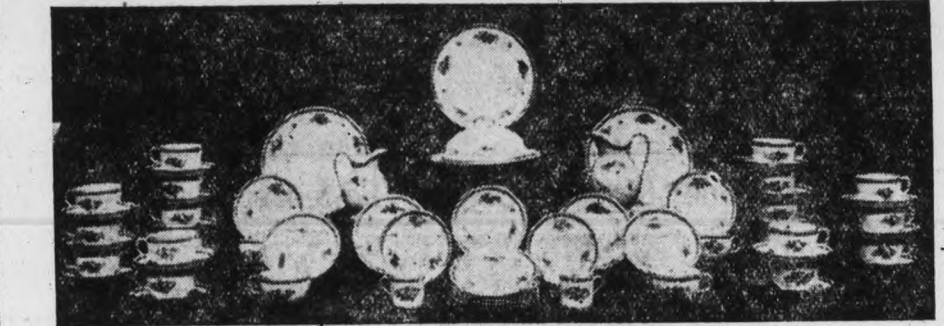

Very few tables are left for the bride and five hundred party to be held at the home of Mrs. Henry Croft, "Mount Adelaide," on Monday, April 24, in aid of the funds of the Estuim Chapter, I. O. E. E., and reservations should be made without delay to Mrs. McTavish, 937H or Mrs. G. P. Clarke, 4841.

Mrs. A. D. Becket, Rockland, on Saturday received the announcement of the wedding of her sister, Miss Leslie Jones and Mr. John Hale, of Marysville, California. The wedding took place in San Francisco, on Saturday, only immediate relatives and friends being present. Mrs. Hale is well-known in Victoria, having frequently been a visitor here with Mrs. Becket.

Mrs. Henry Croft will formally open the Primrose tea to be held tomorrow afternoon at 3 o'clock at the Sailors' Club, Esquimalt. There will be stalls for the sale of home-cooked, plain and fancy work; and delicious home-made candy, and Prof. Will will be singing flowers. Tea will be served and there will be an attractive musical programme. The funds will be used in the work of the Sailors' Club.

The marriage was solemnized quietly on Saturday afternoon at St. Mary's Church, Oak Bay, between Mrs. Col. C. B. Shreiber and Miss May St. John Chisholm, of Melbourne, Australia. The Rev. G. H. Andrews officiated. The ceremony, which was witnessed only by intimate friends of the bride and bridegroom. The bride, who was given in marriage by Mrs. S. D. Doe, of Oak Bay, wore a gown of sand color, and was attended by Mrs. H. Stanton, Dr. Scott-Moncrieff, Dr. and Mrs. D. M. Baillie, Mr. and Mrs. G. H. Gintz, of Sooke; Mr. G. H. Herbert, Stanton, and Mr. P. Doe. The groom had a most distinguished war record in the late war, leaving Victoria as adjutant of the 67th Battalion, Western Front, Col. Shreiber saw a great deal of front line service in France. Lieut. Col. and Mrs. Shreiber will make their future home at Gonzales Hill, Victoria.

St. Andrew's Presbyterian Church was on Monday the scene of a very pretty wedding when Marguerita, daughter of Mr. Archibald Hunt, Pine Street, became the bride of Ella McLean, son of Mr. and Mrs. A. M. McLean, Belton Avenue. The church was most tastefully decorated and the ceremony was performed by Rev. Dr. Clay. The bride entered the church to the strains of the wedding march from "Lohengrin," Mr. Jesse Longfield presiding at the organ. Preceding the "Voice That Breathed O'er Eden." The bride, who was given in marriage by her father, looked girlishly lovely in her gown of cream satin with side panels and sleeves of old lace, her veil being held in place by a wreath of orange blossom. She carried a bouquet of carnations. Flora, the youngest sister of the bride made a dainty bridesmaid, in a dress of mauve taffeta with hat to match and bouquet of pink carnations. Mr. Walter Liddard, as best man. During the signing of the register Mrs. Jesse Longfield sang "Because." After the ceremony about fifty guests assembled at the bride's home where a dainty buffet luncheon was served. The popular couple were the recipients of many beautiful gifts, and after receiving the congratulations and good wishes of their many friends, left on the afternoon boat for Portland, Ore., the bride traveling in a jumper suit of brown trowie with hat to match. On their return Mr. and Mrs. McLean will take up their residence on Belton Avenue.

**C. P. R. CLUB HOSTS AT ENJOYABLE BALL**

Brilliant Wind-up to Successful Season at Empress Hotel Last Night

Three hundred people attended the ball held at the Empress Hotel last night by the C. P. R. Social and Athletic Club. It was a most successful affair, marking the termination of an active social season in which the club members have participated. Dancing commenced at 9 o'clock, and the ballroom floor presented an animated scene until the early morning hours, when the dancers were reluctantly dismissed by the hostesses.

Special dance music was provided by Professor Ozard's orchestra, including "Ozardia," a novel fox trot hailed as one of the hits of the season, and frequent encores of the most popular numbers were given.

A buffet supper was served in the dining room, the dancers being admitted in parties to avoid unnecessary crowding.

Refreshments were served during the course of the evening in the palm garden, which had been reserved for the use of the guests.

The dance committee of the club is planning a flannel dance to be held in the near future.

Among the many guests noticed were Capt. and Mrs. Roy Truop, Mr. and Mrs. A. M. Anderson, Mr. and Mrs. J. W. Phillips, Mr. and Mrs. W. H. Rowlands, Mr. and Mrs. F. G. Mullinger, Mr. and Mrs. Copas, Mr. and Mrs. Carl Pender, Mr. and Mrs. P. Stuart, Mr. and Mrs. Blashfield, Mr. Edgar, Mrs. Boyd, Mr. Crocker, Miss Eilers, Mrs. W. Harris, Mrs. C. C. Seinty, Mr. and Mrs. D. J. Macdonald, Dr. and Mrs. R. Barker, Mr. and Mrs. Randall, Mr. and Mrs. Peter Brogan, Mr. and Mrs. G. Florence, W. Florence, Mr. and Mrs. Heather, Mrs. Fry, Mrs. Emery, Mr. and Mrs. Goodhue, Mr. and Mrs. D. McLeod, Mr. and Mrs. Haugh, Miss Hanbury, Mr. and Mrs. D. Whitaker, Mr. and Mrs. F. W. Baylis, Mr. and Mrs. D. Irvine, Mr. and Mrs. N. Haugh, W. Gardner, Miss Gardner, Mr. and Mrs. R. T. Freeman, Mr. Dowell, Miss I. Taylor, Miss Greenhields, Messrs. B. Osborn, E. J. Dentith, Little, B. Osborn, E. J. Dentith, Walter Gosse, W. Loughlin, B. Hub-

**WOMEN'S CANADIAN CLUB.**

Thirty-eight of the forty tables available for the bridge-tee arranged by the Women's Canadian Club at the Hudson's Bay store on Thursday afternoon have been taken and the social success of the undertaking is assured. The game will commence at 2:45 and players are reminded to bring their own cards, score cards and pencils.

**H. V. ESMOND, NOTED ENGLISH ACTOR DIES**

Paris, April 18.—Henry V. Esmond, English playwright and actor, suddenly died in Paris to-day at the age of fifty-two years.

Local playgoers will learn with regret of the death of the popular English actor who with his wife, Miss Eva Moore, appeared at the Royal Victoria Theatre in January of last year in the plays "The Law Divine" and "Ella Comes to Stay." The late Mr. Esmond was born at Hampton Court, London, the son of Dr. R. G. Jack, and married Miss Eva Moore, the well-known actress in 1891. He made his first appearance on the English stage in 1885, and scored many successes in London and the provinces as an actor-manager, some of his most successful productions being "Billy's Little Love Affair," "Under the Greenwood Tree" and "The Dangerous Age." He and his gifted wife met with conspicuous success on their all-Canadian tour, and had planned to return again with their company.

**WEST SAANICH INSTITUTE**

The regular monthly meeting of the West Saanich Institute was held in their rooms at Sluggert last Tuesday afternoon. A good attendance of members was present. Mrs. Buckle presided in the unavoidable absence of the president, Mrs. Murray. A discussion took place on forming boys' and girls' club competitions. The school teachers were asked to take up the subject with the children. Mrs. Woodward's splendid demonstration on mak-

**DOWAGER COUNTESS OF DERBY IS DEAD**

London, April 18.—(Canadian Press Cable)—The Dowager Countess of Derby, widow of the sixteenth Earl of Derby, a former Governor-General of Canada, died to-day.

The Dowager Countess of Derby prior to her marriage in 1864 was Lady Constance Villiers, daughter of

**The Boy Who Started to Town With a Hundred Dollars**

The advice they gave him for getting on in the world was simple and familiar enough: "Keep what you have, and build on it. Be careful what you do and it will grow into more."

It's a safe rule—with money or health, but a good many overlook the rule with health, until they have lost what they had. Then it's hard to get a new supply.

Postum is a splendid help in saving health from the very common losses through the drug elements of tea and coffee—whose effects on the nervous system any doctor can tell you.

Thousands of people who think it wise to be careful of their health are users of Postum. They find this famous cereal beverage a delightful drink with any meal, and it's free from any disturbing element.

You can begin with Postum to-day, with an order to your grocer. The road to health is a good road for anybody to follow. "Save what you have, and build on it," is sound policy for everybody.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes. Sold by all grocers.

**Style Achievements!**

To do one thing well—to perfect one idea—is to have "achieved."

The perfecting of Blouses is our creed!

For years we have concentrated all our efforts on Blouses. Our great idea has been "better" Blouses at lower prices; prices not usually associated with exclusive models.

Our brilliant Easter Blouse display is an eloquent testimony that we have achieved this great aim—"Better Blouses for less."

Authoritative styles fresh from Paris—from New York—made in our own workroom under the supervision of fastidious designers.

**Fry's**

DR. Andrew Wilson, the eminent British authority, once said of the cocoa bean—"It is a kind of vegetable egg which contains all that is needed to build up a living body." Tea and coffee are mere infusions—but cocoa is an actual food in itself. Business men should remember that.

Cocoa, made the FRY way, from the world's choicest beans, is pure, extremely soluble and of most delicious flavour. Nearly two hundred years' knowledge of the cocoa business stands back of FRY'S. Of course, remember

"Nothing will do but FRY'S"

**THE LOVE PETAL**

Another Big, Gripping Story by the Author of "A Gamble in Beauty," Which Recently Created Such a Sensation

By NANCIBELLE HALE

Another week had slipped away—a week of dull, uninspired days and troublous nights. During the days Neata, spurred by her desire to hide from inquisitive eyes her repugnance for the social activities in which she necessarily must take part, stimulated interest in things which she was growing to abhor. She was becoming something of an actress—as most women do who have heartaches to hide from prying inquisitors.

But during the silent watches of the night, when all save Neata were wrapped in soundless slumber, she lay wide-eyed, staring into the unsympathetic darkness—honest, wise herself at last, confessing that her heart ruled supreme—to the utter shame of her mind.

Her pillow was wet with scorching tears, as her cry went forth for just the sound of Colin's beloved face—the sound of his dear voice.

Exhausted, she fell asleep and awoke a few hours later, unrefreshed.

"My child, you look pale," said her mother at breakfast. "You are not eating anything—I am frightfully worried about you."

"I'm perfectly well, mother," Neata assured her.

"You need fresh air, I think. Suppose we take a hansom cab and drive through the park—it will put the roses back in your cheeks."

Neata knew that it would take far more than a drive through the park to change her appearance, but she did not wish to cross her mother's whim and she had no objection to the ride. The thought of it appealed to her slightly. There was no assurance that the hansom—relic of a bygone age—would be in existence longer and she liked to take advantage of the chance, whenever convenient, to ride in the slow-moving vehicle.

They walked to the entrance of Central Park at 59th Street and there, in front of the Plaza, climbed into the low two-wheeled cab, driven by a bay horse, which looked pitifully underfed. Neata hesitated, thinking that the weight of their bodies would be too great for the animal and then remembering that the horse had carried many others heavier than they and would probably live to carry numbers more, she closed the double lid-like leather apron which reached above their knees as they sat on the worn purple seat, and told the cabby where they wished to go.

The driver, clothed in all the dignity of his ankle-length rusty coat, on which glittered two irregular rows of tarnished buttons, and his high hat which might once have been silk, sitting high on his perch at the back of the cab, slapped the reins against the horse's bony thighs, and the hansom jolted on.

Crossing Columbus Circle and barely avoiding a collision with the army recruiting stand which was stationed in the centre of the Circle, the cabby swerved, and entered the wide driveway which swept into the park.

As they followed the pathway through the wide stretches of velvety grass and watched the changing landscape, viewing as they passed the thick shrubbery or rocky hillocks, approaching the peaceful boundaries of the miniature lake, in which white swans sported themselves at play.

Neata's nerves, which had been by the drowsy trotting of the nag behind which they rode.

She wished they could continue on as they were, forgetting all people and civilization—seeing only green grass and friendly trees.

"Dearie, I do not wish to force your confidences," assured her mother. "But I have waited for you to speak . . . and you have told me

nothing. Are you going to marry Emory Pinnel? Your aunt Tres has admonished me for allowing you to—

—as she calls it—"ruin your chances. I do not want to persuade you to marry against your wishes, but I do want to impress upon you the need for your marriage."

"Girls in your position are not reared for anything but marriage."

"That's the sad truth," interrupted Neata, bitterly. "If only I could work—I would do anything to support myself rather than marry a man I do not love . . . but you have cheated me of that opportunity."

"Cheated, Neata?" questioned her mother, laughingly. "You are ungrateful, I fear. You have been given an education befitting your station in life. I had no intention of bringing up a daughter who would develop into one of those freakish creatures who learn to use typewriters and investigate the filth of the slums. . . . They do no good in the world but only work and they must bore the poor people to tears. I really believe those people enjoy the dirt in which they live and do not do any one any good to interfere with them."

"You know nothing about them. How can you express such an opinion?"

"I don't care to know anything of them. . . . Nevertheless, I have my opinion. Of course, I know that they live and that they must have food. But there are many things in this world about which we need know nothing."

"Like an ostrich, eh? Hide our heads and refuse to see anything which we do not wish to see?"

"Some knowledge is unnecessary. I think you are wrong. Everything that exists is worth knowing about . . . the good because of the beauty it brings into our lives and the bad to make us appreciate its antithesis. I want my mind to broaden."

"Mother," she cried pathetically. "I do not wish to know anything of dances, teas, theatres—I feel such a waste."

"You would not feel that way if you were married and had a household to superintend."

"It is not just that—a household, not a home—without love."

"You talk like a foolish child," said her mother impatiently.

The cab was rounding a curve and the cabby was rounding a half asleep when, without warning, a long, low racer, the color of Spring violets, with pale trimmings and large wheels of solid metal, turned into the drive, frightening the horse, which lay his ears low and ran toward the embankment by the side of the road. Standing upright in the narrow, box-like seat above the cab, the driver pulled on the reins with all his strength, and brought the excited animal to a standstill.

Jamming the brakes on with a force that made them screech, the driver and the wheel of the racer stopped the car. Quickly he jumped out and, pulling off the hat which had shaded his eyes, approached the cab.

Not until he was at her side, did Neata, who had been engaged in quieting her mother's nervous screams, recognize Colin.

"Please forgive me, Mrs. Kent," he begged, not looking at Neata. He felt he must appear craven in her sight. "I am sorry that I have been driving like a fool, unmindful of the risk he ran of meeting other vehicles—not caring what chance he took of spilling."

"I am horribly distressed," he continued. "Something dreadful might have happened because of my cursed carelessness. Won't you please allow me to drive you home—or wherever you are going?"

"Oh, no—no, thank you," answered Neata, quickly. Her tone was icy. And then Colin met her eyes. Did she imagine that in his there was pleading? Was it possible that he wanted something of her . . . that he cared what she might think of him?

But she brushed the thought away firmly. It was merely imagination born of her wish that he was vitally interested in her feeling toward him. His desire to care for them was simply the result of his anxiety, caused by the threatened accident. His conduct was no different than that it would have been had perfect strangers been in their places. He was a gentleman and courtesy demanded that he comfort them at such a time.

"Yes, Colin, I think I would be less nervous in your car than risking another encounter while driving in the cab," volubly declared Mrs. Kent. "You may drive us home."

Mrs. Kent had suddenly bethought herself that this was an excellent opportunity in which to attempt to patch up the broken engagement. There might still be a chance to annex Colin and the part of wisdom was to take advantage of the opportunity provided by such a miraculous meeting. . . . They had been literally thrown into each other's paths. She did not look at Neata, knowing that her glance would be disappointing. . . . The child knew not what was for her own good. An older head was needed and, through Providence, was provided.

"Come, Neata," she commanded. She stepped from the cab and leaned heavily on her daughter's arm. Colin paid the cabby and dismissed him, turning to assist Mrs. Kent into his car, the single seat of which was broad enough to accommodate the three of them.

It was a delicate situation. Neata did not wish to appear ridiculous but she was determined not to sit next to Colin. His close proximity was robbing her of dignity. It was all she could do to control her desire to throw herself into his arms—to tell him that she was not the flimsy, capricious child he thought her—that he was her whole world and that nothing else mattered.

She managed to place her mother in the centre of the seat and to slide in beside her, separated effectually from Colin.

**SELF DENIAL WEEK SHORTLY**

Numerous Institutions Maintained in Western Canada by Salvation Army

Throughout the length and breadth of Western Canada the week of May 7 to 14 will be utilized to bring to the direct attention of the general public the constant and unremitting service which is being rendered in this country and every other country by the Salvation Army, and the opportunity extended to the public this year as on similar occasions in the past to help with subscriptions to swell the total of the Salvation Army annual Self-Denial Fund. This fund is the principle source of revenue out of which are provided the necessary costs of the homes and service institutions which the Army maintains.

Growing naturally out of the simple creed of this great organization which in little more than fifty years has spread its mission throughout the civilized world, a direct and essential service is rendered to the physical well-being of the community, the value of which can hardly be estimated. Here in Western Canada, for example, the list of institutions maintained for the public welfare by the Salvation Army is a long and imposing one, the very roster of which indicates the breadth of the Army's activities and the depth to which it reaches to help make our cities in this country better places in which to live. It is the existence of these institutions, the value of the work they do, which justifies the call which the Army makes upon the citizens once a year to help them in the heavy task of providing the money which is required for their upkeep and maintenance.

Eighteen Institutions in West. In Winnipeg alone, apart from its institutions which are intimately connected with its every day evangelistic life, it maintains Grace Hospital and its Children's Annex; The Kildonan Industrial Home for Girls; The St. James Hostel and the Sir Douglas Haig Hostel for men. East of Winnipeg at the head of the lakes in Port Arthur and Port William, hostels for men are maintained. The Salvation Army has a Children's Home in Brandon; and an Industrial Home in Regina; a Women's Rescue Home in Moose Jaw; a Men's Industrial Home in Edmonton; a Children's Home and Rescue Home for Women and Industrial Home for Men in Calgary; one of the world-wide chain of Metropole Hotels in Vancouver, besides hostel for men and rescue homes for women. A Men's Hostel is also maintained in Victoria.

But, wild horses couldn't drag. You are welcome out of me when he thanks me for the rent." Birmingham Age-Herald.

**Watch Your Gums—Bleeding a Sign of Trouble**

Medical science knows how serious is the sign of bleeding gums. For it knows that tender and bleeding gums are the forerunners of Pyorrhea, that dread disease which afflicts four out of five people over forty.

If the disease is unchecked, the gum-line recedes, the teeth decay, loosen and fall out, or must be extracted to rid the system of the Pyorrhea poisons which seep into the system and wreck the health. These poisons often cause rheumatism, nervous disorders, anaemia, and other ills.

To avoid Pyorrhea, visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhea or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean. Start using it today. If gum-shrinkage has already set in, use Forhan's according to directions and consult your dentist immediately for special treatment.

35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

**FOR CHILDREN THE SANDMAN STORY FOR TONIGHT**

THE LADY OF THE MISTY BLUE Part IV.

When he reached the bottom of the steps Peterkins found the mysterious lady sitting by a window. She began to tremble when she saw him and then looked toward the steps as if she expected the Ogre to appear. "He will never return," he told her. "How off your veil?" "Ah, you don't know what it hides," she replied. "Not until I start on my journey to the lake will my face be as you saw it then, to lure another

firmly. It was merely imagination born of her wish that he was vitally interested in her feeling toward him. His desire to care for them was simply the result of his anxiety, caused by the threatened accident. His conduct was no different than that it would have been had perfect strangers been in their places. He was a gentleman and courtesy demanded that he comfort them at such a time.

offering for the King. I am given my own features again, but the hour has not come." "But he is gone. Where is the magic charm that will break this cruel spell?" asked Peterkins. "Gone!" cried the lady. "Then we are lost. We will never be able to regain our former shapes and I am to blame for the others. But I was in his power; I had to obey his will." "Where are the others?" asked Peterkins. But just then he heard a terrible roaring like animals crying for food. "Under the castle," replied the lady and as she raised her misty blue covering Peterkins caught sight of the face which it had hidden, the face of a beautiful white kitten. "Some unfortunate Princess,"

thought Peterkins, "and I shall never be able to marry her, even if I had the charm which will free her." He had fallen in love with her before he was out of the silvery blue boat, but he was only a poor nobody; he could never make her his wife.

"Did the Ogre cast his spell over you and the others in any place but the tower?" asked Peterkins.

"The lady told him they had all been changed in the tower and when he wished them to take on another form it was always there he cast the spell over them."

"Go to the tower," said Peterkins. "Wait for me there." And while the lady went up the steps to the tower led to the dungeon under her castle, Peterkins went down the steps that

The light that came in through the small windows showed him a strange sight. A lion, a leopard, a bear, a tiger and two white horses sat there looking very unhappy and when they saw Peterkins they began to cry again.

He called to them to be still, and it was a strange procession that went up the steps to the tower. Peterkins ahead and the animals behind in single file.

When they reached the top, where the Lady of the Misty Blue was waiting, Peterkins told them he was sure this was the charmed spot of all the castle, and that he thought he knew the words that would break the spell which held them. They all stood very still while he repeated: Hecate! Hecate! Hecate!—Zim!

Change their shapes to suit my whim. The tower trembled, a flash of bright light was seen and then all was as dark as the darkest night, and when they could see again they were standing by the lake where they had all first beheld the Lady of the Misty Blue.

The animals were all men again and, after thanking Peterkins for their escape, they all hurried off to their homes.

The Lady of the Misty Blue no longer wore her blue covering. Instead she wore a simple dress and heavy shoes such as the peasants wear.

"Are you not a Princess?" asked Peterkins. "Oh, no; I am only a poor girl without any one to care for me." "You are more than a Princess," replied Peterkins, now very bold. "You are a Queen, my Queen you shall be if you will marry me, though I have nothing to offer but my heart."

The Queen—for what greater Queen can any girl be than the one who rules supreme in the heart of the man she loves?—gave him her hand and together they walked away from the lake and the spell of all bad witches or Ogres into the land of love and happiness which is and enchanted spot that only true lovers can find.

**GOOD IMPRESSION  
CREATED BY PRINCESS  
LOUISE ON SOUND**

**Capt. Troup Showered With  
Congratulations by Amer-  
ican Shipping Men**

That the new Canadian Pacific Railway coastwise liner Princess Louise created a most favorable impression in Seattle shipping circles, is indicated by the following printed by the Seattle Daily Times following the arrival of the Princess Louise on her maiden trip to Seattle:

"Ranking as one of the most beautiful and palatial passenger liners under the British flag, the steamship Princess Louise arrived here last night, temporarily taking the place of the Princess Alice in the Seattle-Vancouver route.

"The Princess Louise is of more than ordinary interest here, as she is a Pacific Coast product, having been built by the Wallace yards in Vancouver. She is the creation of Capt. J. W. Troup, of the Canadian Pacific. He was aboard last night and was showered with congratulations by Seattle shipping men who inspected the vessel showed that British Columbia, like the three American states on the Pacific Coast, can produce ships that rank with the masterpieces of the Atlantic Coast, Great Britain and Europe.

**Liner Is a Beauty.**

"The new liner is a thing of beauty from stem to stern, the social hall, the dining room, the smoking room, the writing room, the observation rooms, the music room and the state-rooms being finished in exquisite taste. The dining room—seats 142 persons. The smoking room, finished in English walnut, has a domed ceiling with art glass in the centre, showing a dogwood blossom design. At the forward end The Lions, the two mountains opposite the city of Vancouver, are shown in art glass, and at the after end is a representation of Sitwash Rock, Vancouver, in art glass. Art glass is used on a generous scale throughout the rest of the ship. The dining room is finished in light oak. The main observation room on the saloon deck and a combined library and super-observation on the deck above are finished in mahogany.

**Staterooms de Luxe.**

"The stateroom suites and single staterooms are exceptionally large. Some are finished in satin tapestry and ivory; others in birdseye maple, others in satin walnut. All are rooms de luxe, with beautiful lighting fixtures, spacious beds or bunks, running hot and cold water and steam and electric heat. One of the features is the abundance of lighting.

the rooms having as high as nine lights each. Each room has a large and comfortable couch. No stateroom has more than two berths or beds and the headroom is so high that the passenger in an upper berth is able to sit upright without touching the ceiling.

"The Princess Louise was received at Pier 1 by E. F. Sturdee, general agent here for the passenger department of the Canadian Pacific, with a number of prominent Seattle shipping men as guests. The liner is commanded by Capt. Thomas Rippon, veteran of the Canadian Pacific service. She was built for the company's route from Vancouver to Alport Bay, Prince Rupert, Ketchikan, Wrangell, Juneau and Skagway."

**SEATTLE INSPECTS  
PRINCESS LOUISE**

**Shipping Men of Sound Port  
Shown Over New C. P. R.  
Coastwise Boat**

Seattle, April 18.—The steamer Princess Louise, of the B. C. Coast Steamship Service, which arrived here Sunday night in place of the Princess Alice on the Seattle-Vancouver route was inspected by Seattle shipping men as guests of Capt. J. W. Troup, of the Canadian Pacific, under whose direction the Princess Louise was built.

The barque Janet Dollar will start loading 2,700,000 feet of lumber here for Japan Thursday. She is undergoing overhaul at present at the Todd drydocks. She is the former German barque Egon, and is commanded by Captain O. Arnesen.

The codfish schooner Wawona, owned by the Robinson Fisheries Company of Anacortes, sailed yesterday for the Bering Sea.

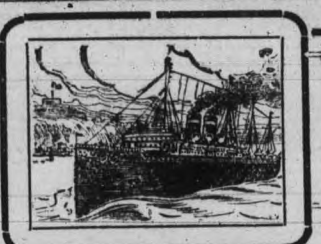

The motorship Retriever, a new type vessel just completed at Anacortes, will embark on her first cruise to the north the latter part of the week. The craft is a combination fishing and cannery ship, the fish being canned on board.

The schooner Azalea, operated as a cannery tender, will shift here from Anacortes for overhaul and provisioning preparatory to sailing for the north.

William Robar, chief engineer of the liner Pine Tree State, has resigned, and plans to take up ranching in Idaho.

**MUCH TONNAGE  
NOW TIED UP AT  
ITALIAN PORTS**

Rome, April 18.—The shipping crisis in Italy has resulted in the tying up of 152 vessels of a total tonnage of 730,755. There are fifty vessels at Genoa, 27 at Naples, 18 at Venice, 16 at Trieste and 10 at Tezia.

**S.S. IYO MARU IS  
RETURNING AFTER  
LENGTHY ABSENCE**

**N. Y. K. Liner Expected Here  
at Daybreak Thursday  
From the Orient**

After an interval of many years the N. Y. K. liner Iyo Maru is this week due back on the coast from Japan. Capt. Hirata, commander of the Iyo Maru reports by wireless to W. R. Dale, local Great Northern agent, that he expects to bring his ship into quarantine by daybreak on Thursday. The Japanese vessel will berth at Pier 1, Ethel docks, about 8 o'clock Thursday morning.

The ship has 23 steerage passengers for Victoria and 25 cabin and 79 steerage passengers for Seattle. The Iyo Maru was in the North Pacific service of the Nippon Yusen Kaisha some ten years ago and has since been plying in the Australian and European trade. She is a vessel of the same design and tonnage as the Kaga Maru, recently in port.

Alabama Coming.  
The Japanese liner Alabama Maru, of the Osaka Shosen Kaisha, is now on her way across the Pacific, according to advices received by Ethel Consolidated, Ltd., local agents. The Alabama Maru is expected to arrive here next Saturday.

**MANUEL QUEZON IS  
COMING ON KEYSTONE**

The steamship Keystone State, which sails from Manila April 30, will bring a Philippine congressional delegation, headed by Manuel Quezon, president of the Philippine senate, and including Amilo Aguinaldo, famous Filipino leader, to the United States on a special mission.

SHIPPING NEWS FROM DAY TO DAY

**DECISION EXPECTED AS TO PERMANENT BASE**

**CABLESHIP RESTORER**  
S. S. Restorer is still lying at Esquimalt awaiting the final decision of her owners regarding her future permanent base. The Restorer has been here since the beginning of March, when she returned from Midway Island. If the United States Government waives the duty (estimated at \$250,000), it is probable that the Restorer will return to her former base at Charleston, Puget Sound.

**CHINESE PORTS  
BACK TO NORMAL**

**Customary Smoothness Ap-  
parent at Ports Since Set-  
tlement of Marine Strike**

San Francisco, April 18.—Conditions in the Chinese ports have resumed their customary smoothness since the settlement of the marine strike March 5, according to officers of the China Mail liner Nanking, which arrived yesterday from the Far East after an absence of 97 days. The first copies of the agreement settling the strike show the strikers gained wage increases of from 15 to 20 per cent. According to the Nanking's officers, the terms were wholly favorable to the employees.

The wage increases granted were as follows:  
Chinese river steamers 30 per cent.  
Other Chinese steamers up to 100 tons deadweight 30 per cent.  
Hongkong, Canton, and Macao Steamboat Company, Limited, 30 per cent.

Other British companies river steamers taking the scale of the Hongkong, Canton and Macao Company as a basis, 20 per cent.  
Coasting steamers 20 per cent.  
Java lines 15 per cent.; Pacific lines 15 per cent.; European lines 15 per cent.  
Australian lines 15 per cent.

Far Eastern Coastal trade has assumed such activity that the China Mail Company is negotiating for the chartering of another vessel for the traffic, according to Herbert N. Thomas, of that company.

Mark Thue, treasurer, and M. O. Fodge, secretary, of the China Mail, returned here on the Nanking after a year in China. They brought word that Capt. John T. Kinley, of the China Mail steamer Nile, was married in Hongkong to Miss Peggy Hull, newspaper woman and writer. The couple will arrive here on the Nile in a few days.

The British motorship Tagua Rarotonga, for San Francisco with copper, has been out 77 days, indicating a rough voyage.

The steamer West Montop, which was towed in here last week from San Pedro has gone to the Moore drydock to be cleaned and painted before being taken to the vacation grounds at Benicia.

The steamer Mercedes arrived yesterday from Salina Cruz. She had engine trouble on the voyage.

The Pacific Mail Steamship Company steamer Equador will sail for New York to-day with a large passenger list and a fair cargo.

Baled rags constitute a considerable portion of cargoes of vessels

arriving recently from European ports. The motorship George Washington brought in 2,026 bales. The rags were mostly old military uniforms.

The T. K. K. liner Taiyo Maru sailed yesterday from Yokohama for San Francisco with 234 first cabin passengers, 78 second cabin, 415 steerage and 182 bales of silk of the largest shipments of the year.

**CAPT. DONALD WILL  
HAVE COMMAND OF  
S.S. PRINCE RUPERT**

**Former Master of Prince  
George Will Take Over  
Bridge of Sister Ship**

**S.S. Prince George Enters Ser-  
vice; Semi-weekly Sched-  
ule Starts May 8**

Capt. D. Donald has been appointed to the command of the G. T. P. steamship Prince Rupert and will be in charge of the bridge of the three-stacker when the semi-weekly service of the company is inaugurated on May 8. Capt. Morehouse will take over the steamship Prince George and the command of the Prince Rupert, made vacant by the resignation of Capt. Robertson, will go to Capt. Donald. The return of Capt. Donald to the command of one of the big vessels of the fleet will be hailed with genuine pleasure by his many friends at Victoria, Vancouver, Seattle and Prince Rupert. For many years he was the popular commander of the S. S. Prince George.

Capt. Nodden will now have command of the S. S. Prince John, and Capt. J. McKernan, chief officer of the S. S. Prince Rupert will take over the command of the S. S. Prince Albert.

**Summer Schedule.**  
Capt. C. H. Nicholson, manager of the G. T. P. coast steamship service, states that the double-weekly service of the company will become effective May 8 as formerly announced.

The S. S. Prince George, which has been late up at Prince Rupert, and will leave the northern terminal to-morrow and will arrive here on Sunday morning, taking the run of the S. S. Prince Rupert.

The latter vessel is being overhauled in drydock at Prince Rupert preparatory to taking up the Summer schedule.

**WENATCHEE IS NOW  
EXPECTED MONDAY**

**Capt. F. R. Nichols Will Re-  
turn in Command of Big  
Admiral Liner**

With Capt. F. R. Nichols, formerly chief officer of the S. S. Bay State, in command, the S. S. Wenatchee, of the Admiral Line, sailed from Yokohama on Saturday and to-day is less than 2,000 miles from this port.

The Wenatchee is expected to reach Victoria next Monday afternoon if she maintains her present speed, but her schedule calls for arrival next Tuesday morning.

Capt. Nichols took over the bridge of the Wenatchee at Yokohama, succeeding Capt. H. C. Thomas, who died from influenza at Manila March 31.

First Officer Clark navigated the ship to Yokohama, where she was turned over to Capt. Nichols.

Capt. Nichols had just completed his first voyage as master of the Admiral Line freighter Pomona, he having been promoted to the Pomona when Capt. Quinn took over the S. S. Bay State from Capt. Martin Tarpey.

The Wenatchee is bringing one hundred first class passengers and over fifty Asiatics in the steerage. Her local list includes nineteen first class and thirty-six steerage. The ship also has 220 tons of freight for discharge at Victoria. Her through freight amounts to 5,000 tons and includes over three thousand bales of raw silk.

Local Team May Go After Soccer Title

All-Star Eleven May Be Selected in Victoria to Try and Land Connaught Cup, Emblematic of Football Championship of Canada; Believe Team Would Stand Good Chance; Independent Men Would Pick Players

Victoria may pick an all-star soccer eleven and send it in search of the Connaught Cup, emblematic of the football championship of Canada.

Plans for such an enterprise were mooted over the week-end when officials from all over the Province gathered to attend a special meeting of the British Columbia Football Association.

The question of the B. C. elimination series for the Connaught Cup came up for discussion and the suggestion was made that Victoria make an effort to get into the play.

Victoria did not enter the B. C. series last year. None of the local teams could see their way clear and no one came forward with the suggestion that an all-star team be selected.

The Victoria team would be picked from the winners of the city's football talent. It would be selected by three outsiders, men familiar with the game, and players, but who hold no office in the various leagues, so that no charges of favoritism could be lodged against them.

The latest date for receiving entries for the Connaught Cup series was May 15.

Go Till Knocked Out. The Victoria Club would have to enter in the B. C. elimination series, which will likely include several up-Island teams and one or two from the Mainland.

The funds to defray the expenses of the local team should be derived from gate receipts and contributions. Development along this line will be eagerly looked forward to by the many soccer enthusiasts in this city.

Dates Set for Games. At the meeting of the B. C. F. A. arrangements were made for the games to decide the senior and junior B. C. championships.

There was a great deal of discussion over a protest filed by Nanaimo over the game which the Ladysmith Intermediates won by 1-0 in the Brackman-Ker series.

There was a great deal of discussion over a protest filed by Nanaimo over the game which the Ladysmith Intermediates won by 1-0 in the Brackman-Ker series.

Three Champions, Dempsey, Britton and Leonard to Battle This Summer

Michigan City, April 18.—Dates on which Jack Dempsey, heavy-welterweight champion, Benny Leonard, lightweight champion, and Jack Britton, welterweight champion, are to defend their titles in matches here, were announced last night by Floyd Fitzsimmons, promoter for the local post of the American League.

Fitzsimmons exhibited contracts signed by the champions, and said that Leonard would fight July 4, Britton would fight August 5, and Dempsey would appear Labor Day.

Leonard is to get \$40,000. His opponent's name will be announced late this week. Fitzsimmons said. The money and opponents of Dempsey and Britton will be fixed later.

Construction of an arena to seat 40,000 was begun to-day.

Bob Bone Wins B.C. Golf Championship

Former Victoria Golfer Wins Bostock Cup For Second Time in Brilliant Match With Jimmy Yellowlees at Vancouver Links Yesterday; Loser Missed Two-Foot Putt and This Put Different Complexion on Match.

Vancouver, April 18.—R. Bone, of the Vancouver Golf and Country Club, won the amateur golf championship of British Columbia for 1922 yesterday, when he defeated Jimmy Yellowlees, of the same club, three up and two to play in a thirty-six hole match at Burquitlam links.

The two men were in good form and were evenly matched. At the end of the morning round they were all square, Bone picking up the lead in the last eighteen by slightly more consistent play than that of his opponent.

Bob Bone started out in commanding fashion, taking the first three holes in two "fours" and a "three." The fourth hole was halved in a five and number 5 was squared in four.

Yellowlees took his first hole, the seventh when he negotiated a half stymie for a win. Yellowlees followed up this win with a beautiful birdie three at the long eighth and squared the match at the ninth when he stymied his opponent.

Yellowlees lead with Birdie. Ten was halved in four and then Yellowlees took the lead with another birdie three at the eleventh when he holed a beautiful putt. Bone took the short twelfth with a three. The thirteenth and fourteenth were halved in five and four, respectively. At this stage Bone took the lead again with a fine three at the meadow.

Yellowlees had two for the whole when he followed up a scorching drive with a fine approach. Bone had a chance for a half but he slipped on the 16th six-foot putt.

Seventeen and eighteen were halved in two fine fours which left the match even for the first 18 holes.

Bone Wins Holes Easily. The afternoon round started out with a hole in one for Bone. Bone took the next three holes in rather easy fashion. Five was divided in five after Bone had missed two shots.

Yellowlees had two for the whole but bad putting cost him three. Bone's lead was reduced to two at the eighth when he missed a short putt for a half but he picked up the hole at seven.

The eighth hole was played in beautiful style by both players. Bone in four, each player having a putt for a birdie three. Nine was halved in five when Yellowlees holed what looked like a dead swifter. This was divided in four as was the eleventh. Yellowlees took the twelfth in three after negotiating another half stymie.

Yellowlees had two for the whole at thirteen when he failed to sink a two-foot putt for a win. A win for Jimmy at this hole would have given him the match. However, Bone missed another two-yard putt for the hole. Three putts at the 14th hole gave Bone a 190 and 190. A. H. Goldfinch was its possessor. H. Combe again won it in 1902, 1902 and 1904. In 1905 C. J. Prior won the coveted silver trophy. H. Combe came back and won it in 1906. It fell to F. H. Sterling in 1907 and again to H. Combe in 1908 and 1909.

Martin a Winner. Youth became the proud possessor of what was now an historic trophy in 1910, when D'Arcy Martin, of Victoria, then in his early twenties, captured it. In 1911 L. P. Hargreaves captured it. The next year when the year after A. V. Price won it. Then H. Ricardo won it in 1914. This came four war years when the cream of British Columbia golfers were at the front doing their duty. Contests were resumed in 1919, when Robert Jones lifted the mug. Reginald Synnes, of Shaughnessy, won in a blinding snow storm in 1920. Last year A. V. Price was successful. The cup is a handsome one of rather old-fashioned-looking trophy, about nine inches or a foot in height. It stands on an ebony pedestal, which has silver shields giving the winners for each successive year.

TEAMS ARE READY FOR SEMI-FINALS

First and Huskies Play Opening Basketball Game Tomorrow Night at "Y"

The Huskies put up a good showing against the Crusaders when they defeated them on Wednesday night, but their stride will have to be polished up considerably if they wish to secure a victory over their next opponents. On Wednesday night they appear in the semi-final round of the city district basketball tournament.

The First Presbyterians, present holders of the British Columbia title, will tussle with the Huskies. The Firsts won their position in the semi-final round by defeating the St. Andrews last Wednesday.

The Presbyterians and Huskies are both fast aggregations, and if the latter team puts on the playing togs with a will to win there is some doubt as to the way the game will go, regardless of the fact that the First Presbyterians hold many championships. These two teams are to meet in the first game of the evening.

The second game also holds a surprise when the Y. M. C. A. quintette will meet the Duncan machine. The Duncan lads have been held in reserve, and have been practicing to win tomorrow night's battle when they are to make their initial appearance in the tournament. When the lads from Duncan drop down the line, the Y. M. C. A. will be prepared for them having fought their way right through to the semi-final and are determined that they shall not be ousted out of the finals. They put up a hard battle.

The first game is scheduled to take place at 8 o'clock sharp, followed at 10 o'clock with the Y. M. C. A.-Duncan game.

The winners of these two groups will meet in the final match next Saturday to decide the holders of the silver trophy for the coming season. The First Presbyterians were last year's holders, and are out to retain their title of champions of city and district.

JUNIOR BASKETBALL

Two fixtures in the Junior Basketball Championship for British Columbia were staged at the Y. M. C. A. gymnasium Saturday night when the West of the Fall season arrives much earlier than in these parts and patronage will fall away if the games are not played there when conditions are favorable.

If the Ontario Amateur Lacrosse Association give serious consideration to the present proposal, they will more than likely demand both twelve-man lacrosse and six foot nets with conditions as nearly as possible to its present rule. It is recognized here that standard rules are a prime factor.

ONE CANADIAN BOXER WINS AND THREE LOSE

Eastern Canucks Participated in U.S. Tournament at Boston; More Bouts

Boston, April 18.—Four score amateur boxers participated in the United States national championship tournament here last night. The finals in the eight classes will be decided to-night. All sections of the United States and Eastern Canada were represented. Following are the results in which Canadians took part: 108 Pounds—Arnold Bertram beat Clarence Robinson.

BASEBALL MEETING

A meeting to arrange for the organization of the Fraternal Baseball League will be held this evening at 8 o'clock in the Old Fellows' Hall, Douglas Street. All clubs which would like to get into this league are invited to send representatives.

YANKEES PAY BIG SUM FOR PLAYER

Athletics Receive \$18,000 for Outfielder Witt; Mann Released by Detroit

Boston, April 18.—Outfielder Lawton W. Witt, of the Philadelphia New York Yankees and reported here to-day. The Yanks paid \$18,000 for the outfielder. It was reported, but Manager Higgins of the Yanks, although admitting that Witt had been purchased, refused to name the sum.

Detroit, April 18.—Johnny Mann, shortstop, who joined the Detroit Americans from the Evansville Three-I League team, has been sent to the Rochester Internationals, according to word received here from Manager Cobb last night.

SPRING IS HERE ALRIGHT; CHANNEL SWIMMERS ACTIVE

Boston, April 18.—Charles Toth, of this city, who expects to swim the English Channel in August, has engaged passage on the Winnifredia, sailing for Liverpool on July 6.

WASHINGTON WINS A WEIRD BATTLE

Thirty Players, Including Ten Pitchers, Used in Funny Old Ball Game

Washington, April 18.—Washington defeated Philadelphia yesterday 11 to 9 in one of the weirdest games ever seen here. The visitors used fourteen players and the locals six. Ten of the total thirty players were being pitchers, five for each club. Of the entire pitching array, Phillips alone proved effective for more than one inning. The winning runs, made in the seventh, were charged against Yarrison, who yielded a single to Malotte and walked both Peckinpaugh and Gharrey to fill the bases, with none hits and Pittsburgh won from Charles Rentrop, of Little Rock, claimant of the middleweight title, here last night. Zbyszko took the only fall in an hour and five minutes. Rentrop was unable to continue the match, which was to have been a finish affair, two falls out of three.

WEDNESDAY CRICKET CLUBS ARE REMINDED

Secretaries of those clubs which intend entering teams in the Wednesday Cricket League are asked to remember that entries must be sent in to the League Secretary, T. H. Knappman, 526 Harbinger Avenue, accompanied by the fee of five dollars by April 22.

At Brooklyn—Philadelphia, rain.

Clubs, Schools—Baseball Players of All Ages

Our New Stock of Baseball Equipment is Now Completely Assembled. Whether you have a few dimes or many dollars to spend on baseball equipment, it will pay you to benefit by the big selection of reasonably priced merchandise at this store. Come in to-day and see this display. You'll be agreeably surprised at the prices we've secured this season.

Boys' Fielders Gloves, priced from \$1.00 to \$1.75. Men's Fielders Gloves, priced from \$1.75 to \$2.50. Baseballs, from \$1.00. Uniforms—Single Outfits or Complete Team Sets at genuinely reasonable prices.

AN "EAGLE" WITHOUT PLAYING ON FAIRWAY OR GREEN IN SOUTH

Chicago, April 18.—James Carberry, professional at the La Grange Golf Club, brought back the strangest freak shot of his winter golfing in Florida thus far recorded. On the 550-yard fifth hole on the Highline Park (Fla.) Club, Carberry put his drive into the rough 270 yards from the tee. He sent a 250-yard brassie straight down the edge of the rough and failed to get on the fairway. He then pitched a mashie into the cup, thereby scoring an eagle three strokes having been on the fairway or the green at all. For the try, it might be explained that an eagle is a score two strokes better than par, which is perfect golf, while a score one under par for the hole.

FRANK TROEH STILL BREAKING PIGEONS

Walla Walla, Wash., April 18.—Frank M. Troeh, of Portland yesterday won the Golden Pheasant over a 100-target event at the Walla Walla Gun Club shoot, with 100 straight. Mark Richard, of Covallis, Ore., won the inland Empire special with 98 out of 100. Troeh smashed 198 out of 200 yesterday and made a high run of 170. H. R. Seckel, of Boise, was second in total score of the day with 197. O. N. Ford, of Portland, was third with 196.

SPAIN DEFEAT BRITAIN IN TENNIS MATCHES

Barcelona, April 18.—A tennis contest between teams of the British Isles and Spain, concluded here yesterday, resulted in a victory for Spain by seven matches to none, in the hardest fought match. Manuel Alonzo, of Spain, defeated F. G. Lowe, 6-4, 9-7, 5-7, 3-6, 6-4.

HOLED OUT IN ONE

Dr. F. M. Bryant celebrated the week-end by making the four-hole at the Colwood Golf Links in one. This is a water hole of 155 yards, and Billy Black, the pro, is the only other golfer who has turned the trick of tricks at this hole.

OPENING BALL GAME IN SEATTLE TO-MORROW

Seattle, April 18.—Seattle's baseball club will open the home lot season against Vernon to-morrow determined to put an end to the slump that has followed the Indians on their first road tour of the season, according to William Bold, president of the club. The team, due here this afternoon, will go straight to the ball park for a work out. The Vernon team is due to arrive late to-night.

**Plaster Casts Fail to Carry Circumstantial Case Far Enough**

In spite of the fact that Chief Syme of the Oak Bay Police tried a plaster cast to his right foot with great symmetry and secured a perfect fit, Edward Baker, alias Edward Brown, was today discharged in the Oak Bay Police Court on a charge of breaking and entering the home of C. L. Harrison, the City Prosecutor. He was two previous and two flashlights when arrested, it is stated.

C. L. Harrison, in person, asked for a discharge on the ground that the evidence, as to the plaster casts and elsewhere, was purely circumstantial. In spite of the fact that he, personally, was interested, he would ask for the discharge of the prisoner. J. Allen Aikman appeared for the accused, who had pleaded not guilty.

**Vancouver Island News**

**HUNDREDS VISITED SOOKE FOR HOLIDAY**

**Urgency of Rail Connection and Ferry Demonstrated**

(Times Correspondence)

Sooke, April 18.—"We have heard a lot about Sooke we have known, upon our arrival in Victoria from Vancouver, how to get there; we heard of the stage service and hurrying to Broad Street to catch the car, and found eleven already ahead of us. However, we were not to be done out of the day's fishing we had promised ourselves, and we squeezed in somewhere." Such were the remarks overheard last Friday as the stage pulled up at Sooke Friday on the part of these enthusiastic anglers! Certainly the stages were crowded to their utmost limit, and made one think what Sooke Harbor would be as a resort with a regular gas-car service upon the Canadian National Railway. What plagues would be arranged this summer by the business houses in the city for their annual outing? What numbers of visitors would seize the opportunity of spending a day or two in this beautiful locality? Not only were the stages crowded upon Good Friday, but the number of privately owned cars driven over the Sooke main road that day was astonishing, and it was evident that the public wants to see more of this district. What a number of cars, too, took the East Fork Road with its wonderful view of Beecher Bay and picturesque island thinking, as so many others have done before, that they could reach on the other side of the inlet and had to retrace their steps disappointed, yet delighted with the scenery of the East Sooke Arm and the view obtained of the Strait of Juan de Fuca at the termination of the road. What would not this drive have been if only there had been a ferry across for the few hundred yards of water which divides the inner and outer basins of the Sooke Inlet!

**Community Day**

With the local residents the Good Friday holiday was variously spent. Some of the farmers could take no vacation being too busy ploughing and seeding. The Community Day called for by the recently elected directors of the Sooke Harbor Cemetery Company was well attended. Between twenty and thirty men volunteered either for the whole or for half the day clearing and burning the first block to be developed of the new public cemetery site. With such a public spirit as was here manifested no district can but help progress. One and all worked with a purpose, and it is surprising that those willing workers so unselfishly accomplished in the day-towards providing an undenominational public burial ground for the future in the Sooke Harbor District under the able supervision of Mr. McNamara, Anglicans, Presbyterians and Roman Catholics, men who have spent many years of their lives in the district and new settlers of but a few weeks, all joined harmoniously together in this local effort and many others who were unable to assist for various reasons on Good Friday have since come forward offering their services for another Community Day's work, which is very gratifying to those who have given much time in bringing about this district's need. Many of the visitors passing along the Sooke main road as they neared the river on Friday last must have noticed the volumes of smoke rising as the recently slashed brush and trees were piled on to the kindled fires.

On Saturday the local Boys' Naval Brigade paraded at the Sooke Cenotaph and rehearsed falling in for the short memorial service to be held next Saturday, April 22, in memory of the three Red Letter Days in British and Canadian history, namely: St. George's Day, the Second Battle of Ypres and Blockading of Zeebrugge, which ranks among the most wonderful achievements in all of annals. Upon this occasion the full brass band of the Victoria Boys' Naval Bri-

**SALT SPRING ISLAND NOW HAS MEMORIAL**

**Unveiled by Nurse Who Saw Overseas Service**

Some three hundred persons attended the unveiling of the monument in honor of the men of Salt Spring Island who gave their lives during the great war. The service was opened with a procession of the men, followed by a Lesson from Theologicals. Mrs. G. L. Crofton, who was a nurse during the war, unveiled the monument while the Last Post was sounded by Private McFay. The Rev. G. Aikens pronounced the Dedication. The names of the following men appear on the honor roll: C. Bland, G. P. C. Cott, E. Carter, J. Mason, G. H. Milles, G. F. Hayden, D. Falkner, E. Carter, A. H. Churchill, S. H. Corbett, J. D. P. Craig, C. G. Dean, H. Emerson, M. C. Heaton, C. C. Hedges, A. S. Kent, H. Longden, J. R. Lumy, H. Lumy, M. P. Miles, P. P. Norton, C. F. Scour, C. L. Storer, G. D. Whinnel and G. L. Gröfion. Mr. B. Jackson, K. C. M. P. P., attended the service.

**"TIZ" FOR TENDER, SORE, TIRED FEET**

Ah! what relief. No more tired feet; no more burning feet, swollen, bad smelling, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you've tried, without getting relief use "TIZ". "TIZ" draws out all the poisonous excretions which puff up the feet; "TIZ" is a relief in all cases of foot troubles so you'll never limp or draw up your face in pain. Your feet will never, never hurt or get sore, swollen or tired.

Get a box at any drug or department store, and get relief for a few cents. (Adv't.)

**NEWS AND NOTES OF THE MINES**

**Dunwell Mines.**

A big amalgamation scheme has been completed in connection with two large properties on the Bear River and a company is being incorporated to carry on development work with a view to making of it a second Premier mine, according to James Stewart, who is in charge of the Dunwell syndicate on Glacier Creek and the property of the Stewart M. and D. These adjoin each other and at the intersection of the veins is supposed to be the big ore body just as it was in the Premier mine.

Experience has shown that most of the big ore bodies are at the intersection of veins, and in the case of these properties the main vein on one property intersects with the main vein of the other at a point a few hundred feet distant from where the Stewart M. and D. drift took place.

**Work Already Done.**

About 2,000 feet of underground work was done on the Stewart group ten years ago and since then the property has been idle.

Considerable surface work has been done on the Dunwell claims and last season the main showing was stripped for about 300 feet. This vein strikes East and West and should intersect the Stewart veins, which run North and South about 200 feet North of the main Stewart drift.

The similarity of the ore occurrences on this property and at the Premier mine has led to investigations which have resulted in the formation of the Dunwell Mines Limited.

The new company is capitalized at \$350,000. The holdings consist of fourteen mineral claims, some of which are crown-granted. Active development work will begin about May 1.

**Was Troubled WITH HER STOMACH For Five Years**

Mrs. Samuel Ward, Millerdale, Sask., writes:—"I feel that I must write to you before another day passes I am so happy and so grateful to your splendid medicine, Burdock Blood Bitters, for after an illness of five years I am better. I had stomach trouble so bad, I could not bear the smell or taste of food of any kind, and got so thin and weak I could not work. I had four doctors attend me, but they did me no good. I was in no pain, but felt so ill, at times, I thought I would die in fact, all my friends were sure I could not live many weeks. At this time last year I saw where a man was relieved of stomach trouble by Burdock Blood Bitters, so my husband got me two bottles, but I had no faith in it after all the different medicines I had taken, however, he insisted, and after the first two days I must say I began to feel better, and after the first bottle I felt so much better I went out a little every day, but could not go alone I was so weak, but I soon got so I could walk and eat I am now quite stout.

"I am nearly seventy years of age and I feel better than I have for years, and can now do all my household work."

"You may make use of this letter if you wish, as it may be the means of making others as well as and as happy as I am."

B. B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ltd.—Adv't.

JAPAN URGED TO EVACUATE SIBERIA

Newspaper Would Withdraw Troops Despite Hitch

Blame Divided Between Chita and Tokio

Tokio, April 18.—While holding the Siberian Chita Government chiefly responsible for the breaking up of the Dairen conference, most of the Japanese newspapers to-day declare Japan is not without blame. The Jiji Shimpo says the Japanese Government blundered in failing to draw a clear line between the conference and evacuation of Siberia. The newspaper advises that evacuations be carried out regardless of the failure of the conference. Government officials to-day gave assurances that the troops to be sent to Siberia, as was announced yesterday, would not be reinforcements, but would simply constitute a relief force.

BUSINESS RECOVERY SHOWING IN RISE OF SECURITY PRICES

Era of Surprises on Stock Market Baffles Traders

Advance Due to Natural Cause of National Recovery

New York, April 18.—Cumulative evidence that deflation has been completed in practically every industrial and agricultural section of the country and that the tide of business has turned toward the flood is the mainprinciple of a stock market that has been somewhat of a mystery to the professional traders and a puzzle to many of the seasoned analysts. The rise in business almost continuous for several months and predictions of sharp reactions or of the movements' end in a complete collapse of the specialties that apparently have been groomed for popular favor by the pools remain unfulfilled. In the bull movement technical conditions periodically bring about recessions. These backward steps in a movement whose trend is forward are due largely to an overbought condition of one or several specialties that take profits usually by the professional element. On several occasions in the last month the market has seemed to have reached point where such a reaction would have been natural if not necessary to the restoration of wholesome underlying conditions. But when the advance has apparently begun to falter there has developed a new buying power that has swept the opening of the specialties to new heights.

STOCK EXCHANGE MADE RECORD

458 Issues Changed Hands at Yesterday's Session

Flood of Business Keeps Brokers Hurrying

New York, April 18.—These are busy days in the bond and brokerage houses of the financial district. The skyscrapers of Lower Broadway, ordinarily almost dark after 7 p.m., are now ablaze with light until around midnight as hundreds of weary clerks strive to keep with the business created by "more than a million share" days on the New York Stock Exchange and correspondingly increased business in other markets. Many firms have engaged extra help in order to facilitate the handling of the vast number of orders that come pouring over their counters during business hours. The number of separate issues changing hands yesterday, 458, established a new high record of a single day's business, the previous high record of 447 issues dealt in being made April 6. In the entire history of the New York Stock Exchange there have been only forty-two days on which the total sales exceeded 2,000,000 shares, and on only three occasions has the 3,000,000 share mark been passed. The record-breaking day yesterday followed a week in which the trading exceeded 1,000,000 shares a day.

FOR MANY MONTHS

We have advocated exchanging securities MATURING NEXT FEW YEARS for long term gilt edge bonds. Events have completely justified our advice. We repeat it and add, act promptly, the prices of long term securities are steadily rising. Our list on application.

SEATTLE PRIMARY MUNICIPAL CONTEST

People Voting To-day; Election Set for May 2

SEATTLE PRIMARY MUNICIPAL CONTEST

Seattle, April 18.—Following a week of cold and stormy weather, the sun came out brightly this morning as Seattle voters went to the polls to select two candidates for Mayor and six for the City Council to be installed on May 2. Seven candidates were entered in the mayoral contest. The widest campaign was waged between Walter S. Meier, Corporation Counsel, and Dan London, State Senator, the latter making his fight on a promise to "clean out the City Hall gang." Other mayoralty aspirants were Charles H. Miller, attorney; Thomas J. Cunningham, insurance man; Ira L. Lundy, canneryman; H. S. Turner, real estate dealer, and Dr. Edwin J. Brown, dentist.

CHURCH UNION PLAN IN BRITAIN NOT ADOPTED

London, Eng., April 18.—The special committee of the London Methodist Conference deputed to negotiate with a Presbyterian committee on the adoption of a plan of co-operation in the rural charges of the London district decided at a meeting yesterday to leave the whole issue in abeyance. The effort to bring about co-operation in the rural churches of this district has failed, it was explained, largely because some Methodist churches and practically all Presbyterian churches are against the plan.

MORGAN ASKED TO JOIN DISCUSSION OF GERMAN LOAN

Paris, April 18.—The Allied Reparations Commission, it was announced to-day, has asked J. P. Morgan & Company to accept membership in the financial sub-committee which will convene in Paris in a fortnight to consider the possibility of floating an international loan for Germany.

TORNADO CLAIMED VICTIMS IN U. S.

Danville, Ill., April 18.—Ten persons are known to have been killed and forty-one injured, several fatally hurt and a dozen seriously injured in a tornado which swept across Champaign and Vermilion counties, Illinois, and Warren County, Indiana, late Monday, doing damage estimated at a quarter of a million dollars. The little village of Hedrick, Ind., was almost wiped out. Four houses and two churches, comprising a group known as Pleasant View Corner, were razed and on the Ulrich Hunter farm, five miles north of West Lebanon, Ind., three houses, three barns and many outbuildings were destroyed.

DEATH LIST OF TEN SOUTH OF GREAT LAKES

Chicago, April 18.—Ten persons were killed and thirty-one injured, several fatally hurt and a dozen seriously injured in a tornado which swept across Champaign and Vermilion counties, Illinois, and Warren County, Indiana, late Monday, doing damage estimated at a quarter of a million dollars. The little village of Hedrick, Ind., was almost wiped out. Four houses and two churches, comprising a group known as Pleasant View Corner, were razed and on the Ulrich Hunter farm, five miles north of West Lebanon, Ind., three houses, three barns and many outbuildings were destroyed.

345-347 ADELAIDE ST. WEST TORONTO, ONT. December 20, 1921.

Canadian Daily Newspapers Association, 902 Excelsior Life Building, TORONTO, Ont.

Dear Sirs:— Having been consistent users of daily newspaper space in our advertising for many years, it affords us pleasure to say that we have found the results very gratifying.

In our opinion two of the main points of effectiveness in daily newspaper advertising lie in its directness and the means it affords of launching a selling campaign with the least possible delay.

The advertising of musical products in the main must be addressed to a public with the widest diversity of taste. In reaching this public with maximum selling force we have at all times found satisfaction in the employment of the daily press.

Canada is fortunate indeed in being served by daily newspapers which are clean, wholesome and progressive.

Yours very truly, R. J. Anderson CANADIAN MANAGER.

This company has found the daily newspaper a constant, practical force in distribution, and a swift-striking ally in taking timely advantage of a notable event in local music. No other advertising in the world can be changed when how and as quickly as such a business house requires. No other can reach many diverse tastes through the one which all men have in common, hunger for the news of the day.

Issued by The Canadian Daily Newspapers Association, Head Office, Toronto.

## CAPITOL

A mystery photoplay that is really a mystery until almost the very end was revealed last night at the Capitol Theatre where "Find the Woman" began a run of six days. In this Cosmopolitan-Paramount picture, featuring Alma Rubens, there is presented the most engrossing murder story ever filmed.

If you go in for thrills, adventure and tense situations you will have a feast in this picture, which was splendidly directed by Tom Terriss.

The story is built about the murder of a well-known theatrical agent. A woman is known to have been in his office and that woman is sought amid a series of extraordinary complications that make the pulse leap.

Admirably assisting Miss Rubens are: Eileen Hoban, George MacQuarrie, Harrison Ford, Norman Kerry, Ethel Duray, Arthur Donaldson, Henry Sedley and Sydney Deane. Harry Pigot, marimba soloist, is meeting with much favor for his fine rendering of "The Orpheus Overture" and other selections. He will appear at the De Luxe shows during the week.

## DOMINION

Should a wife accept lavish gifts from her husband as peace offerings after misbehavior on his part?

Can a husband, addicted to drink, hope to retain his wife's love after charging that he bought and paid for her and that she is his by virtue of such a procedure?

Can a wife's love and self-respect be bought by a man as one may buy a dog or some other domestic pet?

These questions constitute several of the vital problems in "Bought and Paid For," featuring Agnes Ayres and Jack Holt, which William de Mille has translated to the screen as a Paramount picture, from the famous stage success by George Broadhurst.

The picture was shown to delighted audiences at the Dominion Theatre last night.

In this story the husband, a millionaire, marries a working girl and lavishes upon her costly gifts. For a while they are happy, then the husband repeatedly comes home drunk. His wife, a woman of fine sensibilities is horrified.

At last, the climax comes, and when she refuses to kiss him, he insults her by saying that he has bought her and paid for her, and

## AMUSEMENTS TO-DAY

Capitol—"Find the Woman."  
Dominion—"Bought and Paid For."  
Variety—"A Ridin' Romeo."  
Royal—"Pay Day."

## VARIETY

Tom Mix put over another fine western picture at the Variety Theatre yesterday. It is called "A Ridin' Romeo" and is the star's latest William Fox production.

Besides being thrilling in this story, Mix kept the viewers laughing continuously by his enactment of the humorous incidents. Mix wrote the story himself.

## ROYAL VICTORIA

The face, the walk and the antics may be the same; but the laughs are different and the story is new in "Pay Day." Charles Chaplin's latest release which is showing at the Royal Victoria Theatre. Such, at least, is the contention of the comedian himself, who asserts that he has never given so much thought and time to putting humor into anything as in this latest picture, a short comedy which is fast equaling in popularity the record attained by some of the star's longer releases. He has been almost eight months in completing the picture, which is a record for a short comedy.

Included in the supporting cast are Edna Purviance, Mack Swain, Sydney Chaplin, Phyllis Allen, Henry Bergman, Loyal Underwood, John Lund and Alton Garcia.

Such a combination of distinguished screen artists as Naomi Childers, Sam de Grasse and Lionel Belmore, was too tempting a morsel for photoplay fans to miss, and the Royal Victoria Theatre was crowded last night, when the First National attraction, "Courage," opened an engagement.

In this screen version of Andrew Soutar's well-known book, directed by Sidney Franklin, Naomi Childers, in the leading role of Jean Blackmore, is seen as one of the finest as well as most beautiful actresses of the silent drama.

## PRINCESS

The stock company at the Princess will present for the first time here Wednesday a stage version of "The Three Live Ghosts." This play as a motion picture, made one of the largest hits ever registered by a film in this city. The stock company promises a fine performance, with all the favorites in the cast: Jack Phipps, Earl Moore and Howard Foster have been cast for "The Three Live Ghosts."

"Locked Out" is the title of Alice Calhoun's newest picture. This will follow "The Angel of Crooked Street." This charming young star is again being directed by David Smith, who was responsible for her greatest success, "The Little Minister."

## "FRUIT-A-TIVES" SAVED HER LIFE

### This Fruit Medicine Always Gives Relief

917 Dorion St., Montreal.  
I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good. I read something about "Fruit-a-tives," being good for all Stomach Trouble and Disorders of Digestion, so I tried them.

After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored; and I am writing to tell you that I owe my life to "Fruit-a-tives."

Mlle. ANTOINETTE BOUCHIER.  
50c. a box, for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives, Limited, Ottawa.

## YOLANDA MERO HERE ON FRIDAY

Yolanda Mero, the great Hungarian pianist, the "Brunnhilde of pianists," as Herman Devries of Chicago has called her, will give one of her recitals of music for the piano in this city next Friday, and it goes without saying that this interesting artist will give a brilliant performance, for she is one of the most brilliant pianists of our time. At a recent recital in Aeolian Hall, New York, she excited her audience to great enthusiasm and the American said that "she revealed her gifts in a brighter light than ever before. Indeed, from the beginning to the end of her programme her performance was so brilliant as to surprise even her most ardent champions. It was a performance which disclosed not only bravura powers of remarkable order, but genuine musicality and temperament."

She seems to be one of those very rare women who have not merely the delicacy and refinement which one expects to find in the playing of her sex, but also an enormous power and strength which she can summon to her service at her will. She has the fiery temperament of her race and yet it is under such perfect control that she excels not only in the performances of, for instance, Liszt's Hungarian Rhapsodies but in the sonatas of Beethoven and the charming fancies of Schumann. The New York Times has said of her that "grace and delicacy were as much apparent in evidence during the latter part of her programme as power and depth in the playing of Beethoven's sonata. The plan is now open at Fletcher Bros., music house.

## CONDUCTOR CREATORE HIGHLY PRAISED

The St. Louis Daily Globe-Democrat spoke very highly of Creatore, who will be guest conductor at the Capitol Theatre during the week of April 24. Creatore is on a tour of western cities, appearing exclusively for a time in the theatres of the "Famous Players" Canadian Corporation Ltd.

The following article appeared in the above paper:

"Giuseppe Creatore, the celebrated bandmaster and orchestra leader, who during the past two weeks has directed the Missouri Theatre orchestra in the capacity of guest conductor, closes his engagement at that popular motion picture house tonight.

"Judged by the success achieved by this veteran of thirty annual seasons, the management of the emporium of entertainment at Grand and Lucas Avenues did remarkably well in introducing this guest conductor to divertissement as a prime art feature.

"There is no question about the drawing power of so great a musician as Creatore, who in every large city of the country has his own numerous clientele.

"Nor was the local wonder of his achievement in any way lessened when coming before an orchestra of strings, reeds and brasses of full orchestral complement, 'this genius of the military band at once demonstrated his rare accomplishment as an orchestral dirigent."

"His thorough musicianship was apparent when at his first rehearsal, some two weeks ago, he directed from memory Maestro Gomez's difficult 'Il Guarany' overture. His reading of this thankful but little known number was a delight for confirmed orchestra concert patrons, who come to Creatore's Missouri Theatre concert for the sole purpose of hearing him present this beautiful composition.

"When during the same week he encored with the delightful Boccherini 'Minuet' these same experts openly declared that they never had heard that tonal trifle given with so much zest or with such informing clarity. Creatore played it not as a hackneyed dance, but as a refined morceau de concert and the merit of his performance was further enhanced by the self-sacrificing response of the men in the Missouri Theatre orchestra, one and all of whom declare that his conductorship was tantamount to them of a post-graduate course in music.

"During his second week Creatore displayed Verdi's magnificent 'La Forza del Destino' overture and his own arrangement of Nevin's 'Rosary.' Music lovers who have listened to the wonderful sketches of the latter composition say that while well aware of its beauty in the conventional sense they have never before heard so soulful an intonation of this prayer."

Creatore will conduct an orchestra of twenty-five pieces at the Capitol Theatre on April 24 and 25, matinees and evenings.

## Several producers in Movieland are outdoing themselves in the splendor of their sets for current productions.

This is true of Charles Ray's "The Tailor Made Man." Sets erected for the palatial ballroom scenes excel in elegance all previous structures put up at the Ray studios. The picture will require at least two months more of intensive work.

Vitagraph evidently believes in realism in casting a special production. Put O'Malley plays the chief role in its forthcoming special, "My Wild Irish Rose." Little "Mickey" Daniels also has a prominent part and the girl is played by Pauline Starke.

## JAZZLESS DANCING BILL MUCH SOUGHT BY CURIO HUNTERS

### Music Influencing Dancers to Use Jerky Steps, Banned

Copies of Measure in Demand as Example of Freak Legislation

Albany, April 18.—Hundreds of requests for copies of the Duke Jazzless Dancing Bill, killed at the recent session of the Legislature, have come to the clerks of the Senate and Assembly from all parts of the country. The first illustrated bill ever introduced at the Capitol, it is in great demand among collectors of curious manuscripts as well as social uplifters who plan to have measures patterned after it introduced in Legislatures of other states.

Catalogued as the most perfect specimen of freak legislation ever presented here, the Duke bill was conceived by Rev. Canon William Sheafe Chase, President of the New York Civic League. The four illustrations, printed with it, reveal the only positions in dancing that would have been tolerated in the Empire State had the bill become law. They were appended in order to enable the public to visualize the proposed law's decrees against modern dances.

The bill forbade the following:

"1. Vulgar jazz music which influences dancers to use jerky half steps and immoral variations. The following number of measures to the minute should be observed: Waltz, 48; two-step, 54; one-step, 66; fox trot, 40.

"2. The holding of partners tightly. Both dancers should assume a light graceful position.

"3. Checked or check dancing. The gentleman's right arm should encircle his partner's waist, his hand resting lightly on her back, just above the waist line and place his other hand in the opposite hand of his partner or to the side and free from his or her body. The lady's left hand should rest upon her partner's arm or shoulder but not extend to his neck or back.

"4. Dancing which consists of a shaking or jerking of the upper body while taking short steps or standing still, or which consists of alternating right and left short side steps.

"5. Dancing characterized by exceptionally long or short steps.

"6. Dancing characterized by movements above the waist rather than from the waist down.

"7. Dancing which consist of suggestive movements.

"8. The extreme dancing seen on the modern stage.

"9. The presence of any dancers in the room who violate any of the foregoing prohibited practices."

Canon Chase said after the bill was pigeonholed in the recent session's closing days that it had been introduced too late to receive the mature deliberation of the lawmakers.

"We shall present before the next Legislature with better prospects of its passage," he said.

## HINTS FOR YOUR HOME.

To prevent milk from running over when it comes to the boil, put a spoon in.

In buying mutton, see that the flesh is of a dark red color and the fat firm and white.

A stale cake can be made quite fresh again if dipped into cold milk (skim milk will do) and rebaked in a hot oven. It will not keep very long, however, after being treated in this way.

Fuller's earth is excellent for removing stains from a carpet. Mix to a paste with cold water and spread over the spot. When thoroughly dry, remove the paste and give the carpet a good brushing.

To make raw cucumber digestible, after paring it cut it in strips and leave it for half an hour sprinkled with salt in a glass dish. Cucumber prepared like this may be eaten with impunity by the dyspeptic.

English beans are best when they are not much bigger than a sixpence. Put them into boiling water with a teaspoonful of salt to a quart of water. Boil until tender. Serve with liquid butter or parsley sauce.

An excellent dressing for leather-covered furniture is made by adding two drops of turpentine to half a pint of milk. Any dust that has accumulated must be removed before application. Polish with clean, soft dusters.

Handles have a habit of parting

## COULDN'T DO HOUSEWORK HEART WAS SO BAD.

Many women get weak and run down and unable to do after their household duties owing to the heart action becoming impaired or the nervous system unstrung.

Nature intended women to be strong, healthy and happy instead of sick and wretched. But how can a woman be strong and healthy when day in and day out she has to go through the same routine of work, sweeping, dusting, cooking, washing, etc. Is it any wonder that the heart becomes "freaked" and she gets irritable and nervous, has hot flushes, faint and dizzy spells, smothering and sinking spells and can't sleep at night.

To all women whose heart is weak and whose nerves are unstrung we would recommend

## MILBURN'S HEART AND NERVE PILLS

as the best remedy to tone up the system and strengthen the weakened organs.

Mrs. Daniel Bezanon, Loganville, N. S., writes: "As I was troubled with a weak heart for nearly two years I am writing to tell you what your great remedy, Milburn's Heart and Nerve Pills, has done for me. "My heart was so bad at night I could not sleep, I would take smothering spells, and was so weak I could not do my housework. I tried two doctors, but got no results. A friend advised me to try your pills. I used six boxes and am completely relieved. I think your pills are the best remedy for heart trouble there is."

Price, 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. (Adv.)

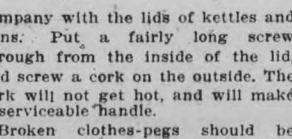

## Constipation Is Relieved

### Prompt—Permanent—Relief

CARTER'S LITTLE LIVER PILLS rarely fail. Purely vegetable—act surely but gently on the liver.

Relieve after dinner distress—relieve indigestion—improve the complexion—brighten the eyes.

Small Pill—Small Dose—Small Price.

company with the lids of kettles and pans. Put a fairly long screw through from the inside of the lid, and screw a cork on the outside. The cork will not get hot, and will make a serviceable handle.

Broken clothes-pegs should be saved for cleaning silverware. Cover with a soft cloth, the flat, rounded tip passes easily between the prongs of forks and into cracks that are difficult to get at without the aid of such an instrument.

## TEACHERS SHOULD KNOW HOW TO DRAW, BENGOUGH ASSERTS

### Shows How Pictures Would Aid Children; Two Interesting Lectures

School teachers should be made to learn how to draw so that they can illustrate their lectures to their pupils with blackboard sketches, J. W. Bengough, oldest of Canadian cartoonists, told an audience in the Metropolitan Methodist Church yesterday. Mr. Bengough drew a number of clever illustrations to prove his contention that the pictorial art would be of the utmost assistance in the schools.

During his lecture in the church in the evening Mr. Bengough drew a number of sketches of well-known Victorians, among them Police Commissioner W. E. Stanland holding a big pot of blue paint. "But it just means decency," Mr. Bengough added. He also depicted Police Commissioner J. C. North and former Commissioner Dr. Ernest Hall. A

## Internal and External Pains are promptly relieved by DR THOMAS' ECLECTIC OIL

THAT IT HAS BEEN SOLD FOR NEARLY FIFTY YEARS AND IS TO-DAY A GREATER SELLER THAN EVER BEFORE IS A TESTIMONIAL THAT SPEAKS FOR ITS NUMEROUS CURATIVE QUALITIES.

## Grand Cabaret

—AT—  
**Empress Hotel on Tuesday Evening**  
Under Auspices of NATIVE DAUGHTERS OF B. C., POST NO. 3 IN AID OF JUBILEE HOSPITAL

picture of Premier Lloyd George steering "A Mad World," was one of the best, and drew heart applause from the audience.

Mr. Bengough convulsed his audience with a description of how education is taught in "Chautauqua, N. Y." His mimicry of budding educationists was one of the cleverest items on his varied programme.

**TOUGH LUCK**  
Agent—But, ma'am, it's a shame to let your husband's life insurance lapse.  
Woman (over washtub)—I'll not pay another cent. I've paid regular for eight years and I've had no luck yet.

# Your Employees

## THEIR HOMES AND DEPENDENTS

The employee who knows that his firm is protecting his family from distress in the event of his death or disability has a load lifted off his mind.

He feels more like planning ways of doing his work better, of suggesting ideas for improving the output or the product—and so increasing his own earnings by cheerful co-operation with the management.

He has some of the load lifted off his purse too, so that his wages go farther for his regular expenses.

Our suggestion is that you buy Life Insurance, wholesale, for your employees, at group rates which are very low, and thus drive away the spectre of want from the widow and children—through Canada Life Group Insurance, which many, many times will be found to be

## Their Only Protection

And not merely the only protection—but with many, the only possible life insurance with total and permanent disability benefits—because Group Insurance is obtainable without medical examination of the individual.

Thus there is created a strong tie of sentiment and interest between the employee, his family and the Business he works for.

Considering its low cost and its far-reaching effects, Group Insurance is one of the cheapest and greatest benefits that any business can have bestowed on it today.

We know all this to be true from the evidence of how Group Insurance works out with hundreds of firms all over North America.

It is indeed "a dividend-paying investment in humanity."

## A Message to Employers

Group Insurance is an investment in human nature that pays.

It protects your employees and their dependents.

—bringing each home into closer touch with your business—

—relieving the distress of widow and children, free from the stigma of charity—

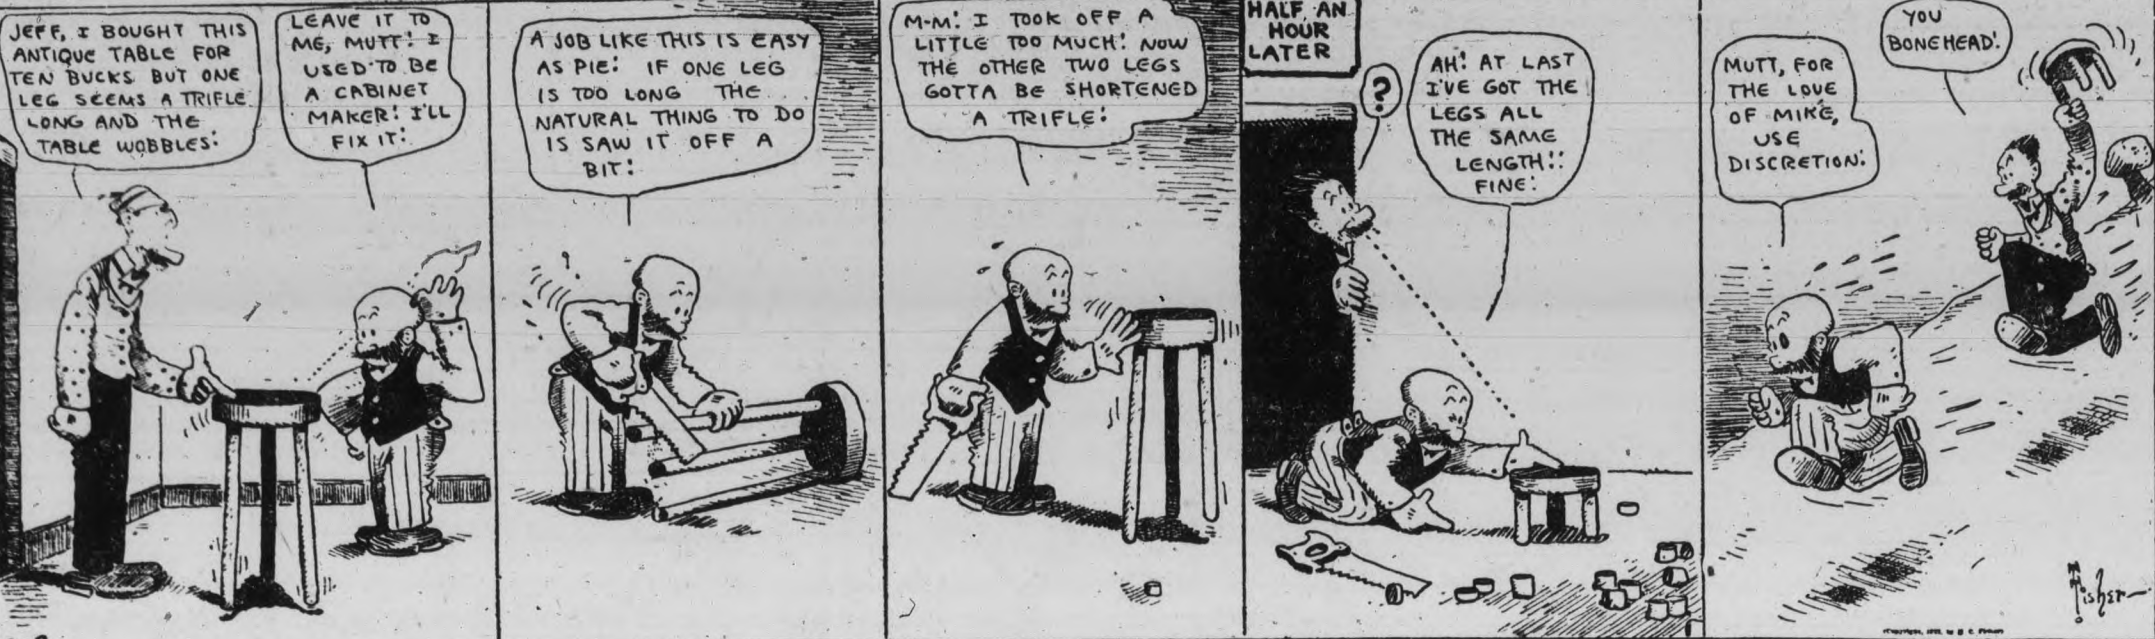

—and developing better interest and co-operation as employees see the benefits paid to their fellow-workers.

RATES FOR CLASSIFIED ADVERTISING

Situations Vacant, Situations Wanted, To Rent, Articles for Sale, Lost or Found, 15c per word per insertion. Contract rates on application.

No advertisement for less than 10c. Minimum number of words, 10.

In computing the number of words in an advertisement, estimate groups of three or less figures as one word, four or more and all abbreviations count as one word.

Advertisements who so desire may have copies addressed to a box at Providence Hotel, and forwarded to their private address. A charge of 10c is made for the service.

Birth Notices, \$1.00 per insertion. Marriage Card of Thanks and Memorials, \$1.50 per insertion. Death and Funeral Notices, \$1.50 for one insertion, \$2.50 for two insertions.

## BIRTHS, MARRIAGES AND DEATHS

**DIED**

LISSETT—On April 16, 1922, James Lissett, a resident of Victoria, since 1882, aged seventy-nine years, born in England. He was a member of the I.O.O.F.

The funeral has been arranged to take place on Wednesday afternoon at 2 p.m. from the B.C. Funeral Chapel, where service will be held. Interment in Ross Bay Cemetery.

McGRAW—On Sunday, April 15, 1922, at the residence, Victoria West, Catherine, widow of the late John McGraw, and dearly loved mother of Mrs. G. F. Mitchell, Mrs. A. Monsteth, Miss Catherine McGraw and Fred McGraw, aged sixty-one years. Funeral notice later.

MAAS—On the 15th inst., at the family residence, 1116 Colinton Street, the death occurred of Leonard Maas, beloved husband of Maria Maas, aged sixty-one years. Funeral notice later.

NORRI—On April 16, 1922, at St. Joseph's Hospital, Captain John Frederick Norri, a resident of this city for the past thirty-two years; aged seventy-five years. Born at Harbor Grace, New Brunswick.

The funeral has been arranged to take place from the B.C. Funeral Chapel Wednesday afternoon, April 19, at 2 p.m., proceeding to St. John's Church, where service will be conducted at 3 o'clock by the Rev. P. A. Chadwick. Interment in Ross Bay Cemetery. Harbor Grace and Newfoundland papers please copy.

WHEELER—On the 14th inst., at the family residence, 1605 Richmond Avenue, the death occurred of Harriet Wheeler, beloved wife of Captain Wheeler, aged eighty-one years, and a native of Bucklehampton, and a resident of this city for the past seven years. She leaves to mourn her loss her husband and three sons, Arthur, of Ottawa; Herbert, of Seattle; and Fred, of Scotland, also six grand children.

The remains are resting at the Thomson Funeral Home, 1625 Quadra Street, from where the funeral will take place on Wednesday afternoon, April 19, at 2:30 o'clock. The Rev. Joseph McCoy, M.A., of Knox Presbyterian Church, will officiate. The funeral will be held in Ross Bay Cemetery.

It is requested that no flowers be sent.

## IN MEMORIAM

RANDOLPH—In loving memory of Charlotte Randolph, who departed this life April 15, 1921.

"Peace, Perfect Peace"

Inserted by J. Randolph and family.

IF YOU ARE LOOKING FOR A HOME

"JUST A LITTLE DIFFERENT" HERE ARE TWO YOU CAN'T BEAT FOR ATTRACTIVENESS AND VALUE.

LARGE living room (15.5 x 14 ft.), two bay, cosy bedrooms, Dutch kitchen, lavatory, fully equipped bathroom and large sunroom, makes up one of the most charming and attractive little bungalows in the city. The living room has a six-foot pressed brick fireplace, handsome built-in buffet, leaded glass windows, all painted walls and ceiling, etc. The bedrooms are beautifully papered and tinted and contain clothes closets. All kinds of labor saving devices in the kitchen, which is finished in several coats of white enamel. Sundry with stationary wash tub. Well laid floors, all highly polished. Large, well built garage for two cars. Picturesque lawn and garden. This is really a lovely little home and guaranteed to be in perfect condition. A look at this property will convince that it is one of the best buys on the market at \$3,150, ON SUITABLE TERMS.

FOR \$1,500, on terms, we can offer one of the choicest sea view properties of its class in the city today. The house consists of a very large living room with picture windows with a wonderful view of the sea and mountains. A cheery dining room, paneled and beamed and finished in imitation leather burial. Spacious hall and comfortable little den, nicely paneled and with large open fireplace. Fine big kitchen, with a fully equipped range, stationary tub, etc. Nicely decorated with a view of the sea. The house (with exception of the kitchen) has well laid HARDWOOD FLOORING. The upstairs consists of three good bedrooms with clothes closets. One bedroom leads onto small balcony. There is a full sized cement basement, extra toilet in the basement, and there is an almost NEW hot air furnace, stationary tub, etc. Nicely decorated, level lot, facing southwest, and without a doubt in one of the choicest residential parts of the city. We know you cannot beat this wherever you go. PRICE ONLY \$4,200.

## Royal Dairy Ice Cream Is Carbonated

Healthized Process Patented  
Purer or Better Ice Cream Can't Be Made

When we heard of the newly discovered process for making carbonated ice cream we immediately investigated it. We have always made the finest ice cream money, brains and the purest ingredients can produce.

We knew the error of freezing ice cream in common air, which is never perfectly pure. So when we learned that a scientist had discovered a way to freeze ice cream in a sterile, pure, germ-free atmosphere we knew he had solved the greatest problem of ice cream sanitation.

We secured the rights to manufacture ice cream under the carbonated process. It is an expensive method, but it adds a maximum of safety to ice cream and, incidentally, it makes a much more delicious ice cream, richer, more flavorful.

When you buy our Royal Dairy Carbonated Ice Cream for the kids YOU KNOW IT IS SUPER-PURE.

Insist that your dealer provide it. He can get it if he hasn't it already.

#### SAUSAGE AND MASHED.

How the beautiful Empress Elizabeth of Austria, consort of the late Emperor Francis Joseph, defied the iron etiquette of the Court is told by Mr. Charles Kingston in "Royal Romances and Tragedies."

One day, when she sat down to the usual luxurious lunch, she pushed her plate away from her.

"I'm tired of all this!" she cried, petulantly. "Bring me a glass of beer and some sausages and mashed potatoes."

Her Majesty's demanding sausages and mashed potatoes, the food of common people! And larger beer! She must be mad. But Elizabeth insisted, and she had to be obeyed.

So whilst her mother-in-law, half-a-dozen archdukes and archduchesses, and a score of officers attached to the household ate the choice dishes prepared by the Royal chef, Elizabeth, Empress of Austria and Queen of Hungary, enjoyed sausages and mashed potatoes, washed down by Munich beer.—Tit-Bits.

Girl: "Does the climate agree with your wife?"  
Grass Widower: "That's more than I could expect of any climate."

## DR. BELL DAWSON SAILS BY MELITA

Superintendent of Tidal and Current Survey to Attend Rome Science Conference

When it was decided to hold an International Science Conference at Rome in May of this year, the National Committee of Canada appointed five delegates, three of whom are being sent to the Conference by their respective departments in the Dominion Government service. These are: Dr. Otto Klotz, Director of the Dominion Observatory, representing astronomy; Dr. E. Devay, Surveyor General, and Dr. W. Bell Dawson, Superintendent of the Tidal and Current Survey, Department of the Naval Service, Ottawa.

Dr. Dawson, who besides being a delegate to the Conference, is also president of the Section of Physical Oceanography of the National Committee of Canada, International Union of Geodesy and Geophysics, sailed for Rome, via Liverpool, on the Canadian Pacific, Melita, April 15. He is accompanied by Mrs. Dawson.

Scope of Conference. In explaining the scope and work of the International Science Conference, Dr. Dawson states that at the time that the League of Nations was formed in 1918, there was held in London an International Allied Conference to consider the necessity for the formation of a new international scientific organization. In November, 1919, a further Conference was held in Paris, and it was at this Conference that the International Research Council came into existence.

Under this Council there are two Unions; namely, the International Astronomical Union and the International Union of Geodesy and Geophysics. All the Allied countries were invited to participate in the necessary arrangements, and to cooperate with the International Research Council. In conformity with a general resolution which was passed by the Council, the International Committee shall be formed of representatives of appropriate scientific societies and public services, and by representatives of the Government. It shall be nominated by the principal Academy of Science of the country concerned; or by its own National Research Council, or by some other competent National institution.

"In conformity with the procedure thus indicated, the question of Canadian membership in the International Research Council and its Allied Unions, was taken up with the Royal Society of Canada and it was referred by this Society to the Research Council of Canada. It was felt that this country should be represented in the International Organization, which included the Unions of Chemistry, Astronomy and Geophysics. The Canadian Society of Chemical Industry agreed to accept the responsibility for Canadian membership in the International Chemical Union, and the Unions of Astronomy, and of Geodesy and Geophysics, presented a more difficult problem; since departments in the Dominion Government are more vitally interested in these sciences than outside organizations.

The Dominion Observatory. "Astronomy in Canada is carried on extensively by the Dominion Government which has a Dominion observatory in Ottawa, and an Astrophysical observatory at Victoria. The subject is also ably supported by the Royal Astronomical Society which has its headquarters at Toronto. It is thus quite fitting that an international committee representing Astronomy, should be formed in Canada.

"Under the International Organization, the Union of Geodesy and Geophysics is still more comprehensive. The work carried on under this heading by the Dominion Government, is under the direction of four different departments. In the Department of the Interior, there is the Topographical Survey under the Surveyor General the Geodetic Survey of Canada, including triangulation and leveling and also the investigation of earthquakes and terrestrial magnetism, under the direction of the Dominion Observatory. In two other departments there are the Geological Survey, and the Meteorological Service for the study of climate.

Tides. In the Naval Service department, there is the Hydrographic Survey engaged in making charts of the coastal regions and the Great Lakes; and the Tidal and Current Survey, which includes the investigation of the tides on the Eastern coast of Canada and on the Pacific, as well as in Hudson Bay. The National Committee of Geodesy and Geophysics for Canada includes the men at the heads of these various branches in the Government service; as well as a professor in one of our western universities, making ten in all.

Tidal Matters. "In the Union of Geodesy and Geophysics, the geophysical side is chiefly concerned with oceanography and the tides, and with meteorology. This presents some features of special interest, as it is only within quite recent years that any unity has been established in the tidal branch. In Canada, the one Super-

intendent has been in charge of the Survey of Tides and Currents since 1894; and by being first in the field, he had the opportunity to organize the Survey on broader lines than in most countries, as well as to establish a basis for the work of other surveys which require tidal data to begin upon. The tides in their origin are undoubtedly due to the movements of the sun and moon, and the astronomers claim them as coming entirely from their standpoint. On the other hand, those more directly interested in mundane affairs, such as the navigator and the ship captain, consider the tides to be chiefly of interest to themselves; and they looked to the hydrographer who makes charts for their benefit, to indicate that depth of water they could count upon, according as the tide should be high or low, and in what direction the tidal streams would carry their vessels. Again when extended leveling was inaugurated in any country, the surveyors required, first of all, the mean level of the sea as a datum to start from; and they found it necessary to make careful observations of the tide to arrive at a basis for their work. In some countries, such as Holland, where large areas are below sea level, the effect of storms in raising the tide above its usual height was the matter of supreme interest. An appeal was therefore made to the meteorologist to determine the extreme level during storms which the tide might reach, in order to make sure of their dyking system, and avoid flooding of the country.

"Because of this diversified viewpoint in regard to the tide, the discussion of oceanography on broad lines at the coming Conference, is anticipated with interest; as being a genuine attempt to unify the whole subject of oceanography in all its aspects. It is thus hoped to carry on tidal research with greater efficiency, and also to indicate lines of investigation which will lead to the best results, and which will command the co-operation of all countries which have any oceanic interests. The importance and are in any way dependent upon ocean transportation for the benefit of their trade and commerce."

#### NO LADY.

In a small country school during a recess period the teacher in charge of the playground saw one of the boys about seven years old strike one of the girls.

"Norman," said the teacher, "no gentleman would strike a lady."

After careful thought the boy replied: "Well, no lady would tickle a gentleman."—St. Louis Post-Dispatch.

## ESQUIMALT DOCK TO BE COMPLETED, MACDONALD SAYS

President of B. C. Liberals Home From Ottawa

Issues Full Statement on Drydock Situation

Construction work on the Esquimalt drydock, which has been discontinued at present, will likely go on and the dock be completed in the future according to original plans, according to M. A. Macdonald, K.C., President of the Provincial Liberal Association, who has just returned from a month at Ottawa during which he was in close touch with the Hon. J. H. King, Minister of Public Works, and members of the Government.

Mr. Macdonald declared that there is considerable uncertainty about the proposed drydock for Vancouver, in spite of the representations that have been made to Ottawa.

He has issued a statement dealing with the drydock situation on the Pacific Coast. This statement says: "I have made representations to the Government as strongly as I could in favor of proceeding with the work on the North Shore, and pointing out that the immediate financial burden would not be heavy as only about \$175,000 annually would be required to meet the interest payments; this to continue for 35 years."

"The inception of the work was, to say the least, unfortunately timed. It is true enough to say that the negotiations were under way for a long time by companies endeavoring to get the benefit of the subsidy for a drydock in Vancouver. The fact is that so far as the late Government was concerned, the contract entered into a few days before the last election was primarily for the purpose of electing Meighen candidates in and about Vancouver, and now the present Government is asked to pay the old Government's political gambling debts.

Inception Unfortunate. "It is not surprising under the circumstances that they are looking into it very carefully, although the delay is rather hard on the Wallace Company who, acting in a bona fide manner, was prepared to undertake the responsibility of building it themselves."

"It is also felt in many quarters that the drydock in Victoria, involving a direct outlay of the entire cost by the Government was intended to win a election for Dr. Poirer, Minister of Agriculture. I am not saying whether it is or is not a necessary part of the political game, but the unfortunate inception of these undertakings.

"I think that the work in Victoria will go on, and one half million have already been expended on it."

That fact, and the further fact that the drydock in Victoria, involving a direct outlay of the entire cost by the Government was intended to win a election for Dr. Poirer, Minister of Agriculture. I am not saying whether it is or is not a necessary part of the political game, but the unfortunate inception of these undertakings.

Keeping Informed. "It may be that the Government will feel that for the present there are other needs in other directions at this port, and they are keeping fully informed of conditions here. In this connection I urged upon the Minister of Trade and Commerce the need of additional elevator accommodations, and also the providing of such facilities as would reduce the cost of handling grain at Vancouver."

"However, we are going to have strong competition from Prince Rupert, as that place, represented by Mr. Stork, a Liberal member, is pressing the claims of the North pointing out the interest of the Government as owner of the Canadian National Railways in developing traffic through that port."

"The Minister promised careful consideration of the whole question, but Mr. Stork is very energetic and has made a very favorable impression with an address, comparatively short, which caught the ear of the House."

"I ventured during the late election to suggest the desirability of this Province making itself a strong factor in the new Government by electing Liberal members to take part in the framing of Government policies in view of the many serious problems we have on our hands here in B. C."

"I think it is now generally recognized that it would have been better to follow that suggestion rather than

Neeter Real Human Hair Nets 10c

Fine French Kid Gloves Price \$1.95

## Interesting Items for Half-Holiday Shoppers

### Special Values in Corsets at \$1.98 Pair

They are made of pink coutil, exceptionally well cut, have good boning and are rustproof.

A model in medium bust style, with elastic side piece, nicely boned with extra strong hose supports; sizes 21 to 28.

A long corset with short front steels and soft hooked extension; medium bust style; sizes 23 to 30.

A short corset in medium bust style, well boned with strong hose supports; sizes 21 to 28.

### Imported English Reversible Rugs

They are made of thick, heavy wool and as they are reversible they will last for years. The patterns are new and the color schemes delightful.

Size 2-4 x 5-0, price \$9.50 " 7-6 x 10-6, price \$69.50 " 2-8 x 6-0, price \$13.50 " 9 x 10-6, price \$79.50 " 4-6 x 7-6, price \$29.50

### New Wash Fabrics for Spring

Novelty Plaid and Stripe English Gingham. These come in choice designs and colorings, 27 inches wide. Per yard ..... 29¢

36-Inch Mercerized Poplins, fine quality in a selection of good colors. Yard 59¢

English Cotton Crepes, fine woven quality in plain colors; also in floral and stripe designs, 27 inches wide. Per yard ..... 35¢

42-Inch Mercerized Organdies, particularly fine quality in popular colors. Yard 65¢

40-Inch Mercerized Voiles in plain colors, very fine quality. Per Yard ..... 50¢

38-Inch Novelty Voiles in dainty floral and conventional designs. Fine quality for dresses and waists. Per yard ..... 49¢

36-Inch Sports, Suiting—a splendid fabric for children's wear; in plain colors. Per yard ..... 39¢

39-Inch Novelty Ratine in sport stripe designs, in beautiful colorings. Per yard ..... \$1.35

30-Inch Novelty Batiste, in dainty floral and conventional designs, beautiful fine quality. Per Yard ..... 50¢

Tobralco—a British made fabric of exceptionally fine quality shown in white, natural and fast colored stripes; 28 inches wide. Per yard ..... 75¢

30-Inch Cotton Crepes—best quality of fine texture and soft finish; in a good selection of new Spring colors. Per yard ..... 39¢

Crum's English Prints, standard quality, 32 inches wide, which will give excellent wear; shown in a wide range of patterns. Per yard ..... 39¢

## MARTIN-SENOUR'S PAINT 100% PURE "FIRST BECAUSE IT LASTS"

THE WELROSE COMPANY, LIMITED, 613 Fort Street Telephone 4068

COULDN'T BELIEVE THAT.

When Lord Lonsdale was in America he was entertained one night by some friends.

He told a story of how he had found a petrified forest in Africa. In it were many petrified lions and elephants.

A murmur of astonishment went round the table, but an American, "but down there all the scientific laws are petrified, too."

AVERTED A TRAGEDY

"Grigsby called me a liar yesterday and I told him that for two cents I'd whip him."

"Did he give you the money?"

"No, he had nothing but a stamp and I never take stamps."

# Abbey's SALT

## EFFERVESCENT

First Thing in the Morning

The man who smiles before breakfast is the man glowing with health and vitality—who has enjoyed a good night's sleep—and is ready for something good to eat.

He takes a morning glass of Abbey's Salt to keep his stomach sweet, his bowels regular, his kidneys clear, his blood pure and cool. He likes Abbey's Salt because it is so invigorating and refreshing. Try it yourself.

Only 2 Inches Wide

But all Eyes Center Here

Your collar is the most conspicuous item of your apparel. The collars we launder meet the test.
