BOMB THROWING IN BOCHUM LEADS TO A STATE OF SIEGE

French Give Germans Until Friday to Produce Person Who Hurlled Explosive Into Huge Auto Parking Station—Hold Citizen Hostages on Military Trains

Bochum, July 17.—A state of siege was again proclaimed here to-day in consequence of a disturbance Sunday in the huge depot at Weimar, near here, where thousands of confiscated automobiles are parked.

Bochum has been completely cut off from the surrounding country and severe punitive measures have been instituted: Almost Isolated.

Dusseldorf, July 17.—Bochum to-day is almost isolated from the rest of the Ruhr as the result of bomb-throwing. Street-traffic has been suspended and all the restaurants, picture shows and other places of public assembly have been closed. The French have allowed the German city authorities until July 20 to produce the person who threw a bomb from a street car Sunday. Should they fail to do so more serious measures will be taken, it is declared.

The Belgian authorities at Gladbeck, near Oberhausen, have arrested forty-eight citizens as hostages to a military train as a preventive of sabotage on railways.

The bomb thrown Sunday exploded in the huge automobile parking station at Weimar, a suburb of Bochum. Several citizens, including the head burgomaster, were arrested but all were released.

REPORTS SALMON PRODUCTION AT B. C. HATCHERIES

Department of Marine Says Vancouver Island Watershed Got Greatest Part

Ottawa, July 17.—(Canadian Press).—The Department of Marine and Fisheries reports a total output of over \$2,000,000 Pacific salmon of the different species, from its hatcheries in the province of British Columbia. This output was composed of 76,300-900 Sockeye salmon, 2,200,000 spring, 1,700,000 Coho and 3,000,000 chum. Distribution was made in the various watersheds in the following proportions: Fraser River, 26,800,000; Skeena River, 14,600,000; Rivers Inlet, 14, 280,000; Vancouver Island, 17,700,000.

The greater part of the output has already been planted on the more important spawning grounds of the province, and nearly 19,000,000 are being retained and fed and will not be liberated until they have attained some growth.

SMUTS HAS FEARS FOR BRITAIN

Will Be in Terrible Situation If Europe Does Not Recover, He Says

Pretoria, July 17.—(Canadian Press Cable via Reuters).—At the opening of the South African Party Congress here yesterday Premier Smuts, of the South African Union, referring to the troubles in Europe, declared that Europe does not recover and that great markets which are particularly English markets, do not recover, a terrible situation will arise for Great Britain with its population of 35,000,000. General Smuts proceeded to pay a remarkable tribute to Premier Baldwin, adding: "He is a simple, sincere and straight English gentleman with no nonsense about him."

He averred his intention to fight on behalf of South Africa for peace at the Imperial Conference.

FATHER AND SON DIE IN ATTEMPT TO RESCUE GIRLS

Montreal, July 17.—In an attempt to rescue two girl members of the family, whose canoe had upset, J. E. Bourcier and his fourteen-year-old son, Florent, were drowned in the St. Francois River, near St. Francois du Lac last evening. Bourcier's two daughters were rescued by another man.

DANGER OF FLOODS IN COLORADO PASSES

Denver, Colo., July 17.—Danger of serious floods in Colorado seemed to-day to have passed.

Reports from Florence and Portland, Colo., where floods prevailed last night, showed the water receding. Conditions are practically normal in the rivers in Pueblo and nearby. Advice from Pueblo said there was no danger of a flood in that district.

MISSING BRIDEGROOM IS FOUND DEAD ON BANK OF ELK RIVER

Fernie, B. C., July 17.—The body of Frank Gilbert, the missing bridegroom who disappeared from his home here on the morning of June 27, was found to-day on the bank of the Elk River, near town. A coroner's inquest will be held.

Protective Forces Take Over Strategic Points in Strike Area

Armed invasion of the strike-controlled coal mining areas commenced when two companies of infantry and a squadron of cavalry seized the strategic points around mines numbers 2 and 9, near Glace Bay, subsequently taking control of the pit mouths, the coal dumps and power houses. The picture shows troops on patrol outside the British Empire Steel Plant, Sydney.

HERE TO DISCUSS CO-OPERATION IN MINING WORK

Charles Cammell Makes Brief Visit to Victoria

Well-Known Explorer Now Associated With Federal Mines Department

The Geological Survey is giving greater attention to those areas which can be readily served by existing railways rather than the less known parts of Canada, in the hope that mines near transportation may be developed, according to Dr. Charles Cammell, Deputy Minister of Mines, who arrived in this city this morning, and will leave again this evening.

"There seems to be a tendency on the part of the prospector to go in search of minerals at great distances from railway transportation," observed the Deputy Minister to The Times. "The result is that if he does find anything of average value it can not be developed without the construction of a new railroad. This fact confines the prospector to the quest for precious metals.

"In the vicinity of the Canadian National, Grand Trunk Pacific and Canadian Pacific Railway lines," in this Province, there is much ground that could be examined by prospectors. Being close to transportation, bodies of lower grade ore could be worked profitably, whereas at present they would have no present value."

TO MEET OFFICIALS

Dr. Cammell came here for the purpose of conferring with officials of the Department of Mines. Dr. Cammell said that the relationship between the Federal Department of Mines and the Provincial Department of Mines was of the most satisfactory kind and would continue. Alluding to the situation in Ontario Dr. Cammell said the Federal men did the geological

(Continued on page 15.)

MORE DRUNKENNESS IN SAN FRANCISCO

Arrests Greater Up to End of June Than in Preceding Year

San Francisco, July 17.—More persons were arrested in San Francisco for drunkenness during the year ending June 30, than during the preceding year, according to the annual report of Police Chief O'Brien, made public today. During the year just ended, 7,738 persons were arrested for drunkenness as compared with 7,261 during the year ending June 30, 1922.

"During the last year there were 2,593 arrests for other violations of the State and Federal Prohibition laws. Of these, 1,483 were charged with violating the State Prohibition Enforcement Law, which has been in effect only since last December."

UKRAINIAN PARTY ON THE WAY TO CANADA

New York, July 17.—Two hundred Ukrainians, en route from Cuba to Canada, arrived to-day on the Orizaba.

EXHIBITS DIRECTOR COMING TO VICTORIA

Vancouver, July 17.—J. S. McKinnon, director of Canadian Exhibits of the British Empire Trade Exhibition, arrived in Vancouver this morning to confer with the manufacturers of the province regarding space in the Canada Building of the fair. He will leave this evening to meet the cabinet in Victoria and discuss with the ministers just what the Provincial Government proposes to do in the matter. Upon his return a public gathering is to be held when the plans and objects of the affair will be discussed.

YOUNG BOY DROWNS IN GOLDFISH BOWL

Lodi, Cal., July 17.—Remas Hoffer, one-year-old son of Jacob Hoffer, wealthy vineyardist of this city, was drowned in a goldfish bowl at his home yesterday. The child's mother found him head-first in the bowl, which contained about four inches of water.

KIWANIANS GLAD TO AID HOSPITAL COMPLETION FUND

Uphold Action of Hospital Committee in Accepting Drive Direction

At to-day's luncheon of the Kiwanis Club at the Dominion Hotel, trustee Mark W. Graham, as the first president of the club, reviewed the history of Kiwanis interest in development of the Jubilee Hospital during the four years which have passed since support of the institution was made the official policy of the Department of the Club.

He stated that the Hospital Board had offered the Kiwanis Club the honor of managing the forthcoming building of the new building, for completion of the new building, for completion of the utmost support would be essential from every member, as anything short of complete success would be regarded by the members as a disgrace to their organization.

Chairman Ferguson was accorded a unanimous show of hands when he called for a vote of confidence in the actions of the Club's Hospital Committee in accepting the tremendous task on behalf of their fellow members.

This sum of \$125,000 is the portion required from the public. With \$50,000 from the Government, and a number of bequests which have not reached the total expected, the hospital directors will be enabled to complete the new building.

AARON SAPIRO TO FORM WHEAT POOL FOR FARMERS' UNION

Saskatoon, July 17.—Aaron Sapiro is coming to Western Canada to organize a voluntary wheat pool and will hold his first meeting in Saskatoon, on July 27, according to a statement handed out last night by the executive of the Farmers' Union of Canada, which has been in session here all day.

The statement says the Farmers' Union executive realizes that Western Canada agriculture is in the most critical condition in its history and if something drastic is not done quickly, it will mean ruin to thousands of the best producers in the country and therefore to the business of the country as well.

SIXTY THOUSAND MEN NEEDED TO HARVEST WESTERN CANADA CROP

Winnipeg, July 17.—Western Canada will require 61,000 harvesters this year, according to an estimate made at a meeting of officials of the employment service of Canada, Canadian Pacific and Canadian National Railways and farmers' organizations here to-day. It is estimated 15,000 will be needed in Manitoba, 33,000 in Saskatchewan and 13,000 in Alberta, and most of them will be brought in from Eastern Canadian districts.

ISLAND LOGGERS FLOG COLORED MAN; THREATEN LYNCHING

Dramatic Occurrence Stirs Campbell River Settlement

Negro Alleged to Have Attempted Assault on Married Woman—Police Save Man From Mob

(Special to The Times)

Courtenay, B.C., July 17.—Suspected of attempted rape, a colored logger at Murphy & Macdonald's camp near Campbell River was in grave danger of lynching last night when the news got abroad in the logging camp. The victim of the alleged outrage is a married woman living in the camp who is of a quiet and home-loving disposition and universally respected and liked, and the incident has aroused the greatest feeling throughout the whole of the Campbell River district. It is alleged that he first of all discovered that the husband of Mrs. Barker would be away for the day. He then, according to her story, went to the house and told her that her husband had been in an automobile accident and to come at once. Alone with her on the road he assaulted her, knocking her down and tying a handkerchief over her mouth to prevent her screaming. Mrs. Barker finally managed to crawl back to camp and tell her story.

When the news got abroad the loggers set out to search for the colored man. They found him and flogged him, and it is likely worse would have befallen him if Constable Marshall had not arrived from Campbell River. He took charge of him and took him down to Nanaimo. There are doubts of the man's sanity.

Mrs. Barker is in Campbell River Hospital.

BUSH FIRES AT ANYOX ARE NOW UNDER CONTROL

Anyox, B. C., July 17.—Bush fires menaced this town on Monday, destroying the Union Church and parsonage, also the high level trestle between the mine and smelter.

This necessitated the shutting down of these units for one week. Heavy rains early this morning aided the fire fighters in eliminating the chance of further spread. The coke plant is doing business as usual. No one was reported injured during the excitement.

Officials of the Granby Mining Company, of Vancouver, said they were not alarmed over the situation, declaring that the blaze had probably started with a bush fire. The muskeg ground around the powder magazine, they said, would enable a fire to smoulder, spreading wide.

FREE STATE AND ULSTER LEADERS TO MEET IN LONDON

Belfast, July 17.—Speculation over the Ulster-Free State boundary dispute was renewed to-day when The Belfast News Letter said it had learned that President Cosgrave, of the Free State, and Premier Craig, of Ulster, were to meet in London within a few days.

BRITAIN STANDS ALONE IN DRAFT ON REPARATIONS

London, July 17.—Foreign Secretary Curzon drew up additional sections of the British draft reply to the German reparations note to-day, and it is hoped to present the full text to the Cabinet to-morrow. Copies of both documents will probably reach Washington by the end of the week.

The draft and the letter are exclusively British productions, as neither Italy or Belgium is being consulted in their preparation. Features of the proposed reply will be carefully phrased references to Germany's passive resistance and the American suggestion for the appointment of an international body of experts to audit Germany's assets. Great Britain does not regard such an impartial commission as necessarily incompatible with the Versailles Treaty, and hopes to win France around to this view.

SIGNATURES EXPECTED TO NEAR EAST TREATY IN NEXT FEW DAYS

United States Wins Struggle to Eliminate All Future Preferential Concession Rights for Foreign Companies—Soviet Invited to Sign Straits Convention

Lausanne, July 17.—The Near East Peace Conference to-day formally confirmed the agreement reached between the Allied and Turkish delegates last night. It was decided that the treaty should be signed next Tuesday, July 24.

Lausanne, July 17.—The Turkish peace treaty will be signed July 24 to 25, according to present expectations. The Allied and Turkish delegates now at Lausanne will be the signatories of the main treaty and the other documents to be signed, including the agreement for control of the Turkish Straits. The Russian Soviet Government has been invited by telegraph to take part in the signing of the Straits convention.

Session To-day

The agreement last night on the disputed questions of concessions and the evacuation of Turkish soil by foreign troops will be adopted at a plenary session of the conference this afternoon, it is expected.

MANUFACTURERS ASK MINIMUM WAGE CUT AT BOARD MEETING

Call for Reduction to \$12.50 Per Week at Opening Session of Board

Existing Arrangement in Regard to Hours of Labor Satisfactory

Vancouver, July 17.—Reduction of the minimum wage for girls from \$14 per week to \$12.50 was recommended by the manufacturers at the opening session of the Minimum Wage Board in the court house this forenoon. This reduction was strenuously opposed by the representatives of labor and by the women who acted as spokesmen for the girls.

Mr. George E. Moir, speaking on behalf of the manufacturers, presented a written statement of their case in which he emphasized the point that the minimum wage was higher in British Columbia than in Ontario and Quebec which offered the greatest competition with British Columbia manufacturers. There was a limitation of the advantage that was expected from reduction of railway rates if the manufacturers of this province were forced to pay several dollars a week more for their tonnage haulage.

In regard to the hours of labor the existing arrangement was satisfactory to the employers.

WEST ASSURED OF WONDERFUL CROP

Promise Throughout Season Maintained During Last Three Weeks

Winnipeg, July 17.—(Canadian Press)—Summing up the general situation in Western Canada in its fourth crop report of the season, the Manitoba Free Press says that it would appear that the excellent crop promise throughout the season has been maintained during the past three weeks, and with favorable weather from this on, the west will be assured of a beautiful crop, far above the average.

The three weeks, the newspaper points out, have been critical ones, as it is generally during this period that western Canada's crop is either assured or damage occurs from storms, hail, drought, rust or insects. There has been some damage, more especially from hail, but while many districts in Saskatchewan and Alberta report hail damage of more or less extent, the total does not appear heavy as it was generally confined to small areas with only partial loss in the majority of cases.

"The general verdict of the correspondents would appear to be that the outlook is so far as the wheat, oats, and barley crops are concerned, are the best since 1915, while the rice crop generally is only fair and somewhat disappointing in many districts, the Free Press states.

RICHEST RUSSIAN HELD AT FRISCO WITH IMMIGRANTS

San Francisco, July 17.—An Alsatian, rated before the revolution in Russia as the richest private individual in the Russian Empire, and his mother-in-law, Mrs. Klavdie Koshine, widow of the former president of the Russian Imperial State Bank, with 126 other Russians, are being held at the immigration station here because the July quota of immigrants from Russia had been filled before they arrived here.

CANTONMENT BELLS CHEAP

Newport, R. I., July 17.—The major portion of the war-built naval cantonment at Coddingtown Point, which cost \$6,000,000 to erect, was sold to-day to wreckers for \$61,050.

BAPCO PURE PAINT. Bapco Pure Paint does far more than merely beautify; it is a positive protection to the woodwork to which it is applied.

ANNOUNCEMENTS. Figure Drawing and Painting Class. Mondays, 7.30 to 9.30. Will Menzies, Instructor, 202-3 Union Bank Building.

FINAL CASE ENTERS THIRD DAY'S HEARING. Court of Appeals Is in Protracted Session. Running into an unexpectedly lengthy argument in the hearing of Elliott versus the Glenmore Irrigation District, the Court of Appeal adjourned for the luncheon recess to-day with W. C. Brown, K.C., counsel for respondent, still on his feet.

REVOKES CHARTER OF GLACE BAY MINERS. Atlantic City, N.J., July 17.—International President John L. Lewis of the United Mine Workers of America, to-day notified the officers of District No. 26 at Glace Bay, N.S., that the charter of the district had been revoked by him effective to-day, for the refusal of the officers to call off the strike of miners at that place.

MINE INTERESTS OF B. C. TO FORE. Dr. Charles Camsell, Deputy Minister of Mines for the Dominion, went to the Parliament Buildings today where he met the Hon. Wm. Sloan, Minister of Mines for the Province.

BOXING CLASSES TO BE OPENED TO-NIGHT. The V.I.A.A. free boxing classes will commence this evening at the Curtis Point Summer home, and will continue every Tuesday and Thursday night.

FIELD MOULD ON VALLEY RASPBERRIES A BLOW TO GROWERS. Huntingdon, B. C., July 17.—The appearance of field mould on the raspberries is a sudden blow to the fruit growers of the Fraser Valley.

TELEGRAPH BRIEFS. Baltimore, Md., July 17.—The conditions of Sir John Hendrie, president of the Hamilton Bridge Works Company, and former lieutenant-governor of Ontario, who is a patient in the Johns-Hopkins Hospital here, is reported as satisfactory.

Hongkong, July 17.—Shun Tze-leung, superintendent of the Chinese Telegraph Administration, was shot and slightly wounded while outside his office to-day by an unidentified assailant, who fled when the official returned the fire.

New York, July 17.—Eight hundred plumbers' helpers in Greater New York went on strike to-day to obtain a standard wage scale of \$6 a day from the Master Plumbers and recognition of the newly-formed United Plumbers' Helpers Union of Greater New York from the journeymen plumbers. The helpers have been receiving \$2.50 to \$4.50 a day.

ANNOUNCEMENTS. Figure Drawing and Painting Class. Mondays, 7.30 to 9.30. Will Menzies, Instructor, 202-3 Union Bank Building.

SAYS FARMERS NEED HUDSON BAY ROUTE. President of Prince Albert Board at Opening of Royal Grain Inquiry. Prince Albert, July 16.—(Canadian Press)—Stress was laid on the importance of the Hudson Bay as a wheat exporting route for the farmers of the Northwest at the opening of the Royal Grain Inquiry Commission here this morning.

TRAVELING EXHIBIT GIVEN FINE START. French Banquet Canadian Touring France to Advertise Products. Havre, July 17.—(Canadian Press Cable, via Reuters)—The Canadian Traveling Exhibition which is to tour France this summer advertising Canadian products, was given a fine start yesterday when the municipality of Havre tendered the Canadians connected with the exhibition a banquet.

MR. CRAWFORD'S CAREER. Joseph Crawford, whose death occurred here on Sunday at the age of eighty-two years, was well known in the city, having been in the Provincial service since he came here in 1896. He was first employed in the making of the filter beds at Elk Lake, and was then engaged in the laying out of the grounds of the Parliament Buildings.

WISE TENNIS TIPS. By WILLIAM T. TILDEN. Tennis Champion of the World, 1920-21. Champion of America, '20, '21 and '22. The national clay court tennis championship of America is at hand; in fact, when this appears it may actually be under way or over.

BRIDGEMAN DROWNED. Revelstoke, July 17.—In the changing of the shift Sunday, at the new bridge being built over the Columbia River at Revelstoke, the trolley cable car came off, throwing two workmen, W. S. Shoten and L. Lucas, into the raging torrent. Shoten grabbed the piling and crawled up to a cross brace, where his fellows rescued him. Lucas was drowned.

MAYOR OF MEXICALI REMOVED BY GUARD. Mexicali, Lower California, July 17.—Mayor Juan Lopez, of Mexicali, and fourteen political supporters who had been barricaded in the city hall since Saturday night, were removed to-day by a Federal guard.

"And the last war was a war to end war."

FIRE DESTROYS QUESNEL CHURCH

Contents and Stained Glass Windows Saved From Blaze of Unknown Origin

Quesnel, B.C., July 17.—Fire of mysterious origin completely destroyed the Anglican Church and large manse adjoining Sunday. The flames, which were first seen coming from one of the upstairs windows in the manse, had gained such headway by the time the nearest neighbors had reached the scene that all efforts to save the building had to be abandoned in order to rescue the contents of the church, of which practically everything was saved. Even the large doors and stained glass windows were taken out and carried to safety.

There is much speculation as to the cause of the fire, the buildings being vacant pending the arrival of the new vicar. Bishop De Pencier, accompanied by his wife, son and daughter, occupied the church house while on a visit here last week. After their departure every door on the premises with the exception of the front door of the church was securely locked and they were still in this condition at the time of the fire. The buildings, which were erected only a few years ago at a cost of some \$20,000, were partly covered by insurance.

GERMANY LAUNCHES LARGEST VESSEL

Anti-Rolling Tanks to Prevent Seasickness On Great Trans-Atlantic Liner

New York, July 17.—The Albert Ballin, largest trans-Atlantic vessel put into service by Germany since the war, arrived Sunday on her maiden voyage, a float museum of modernistic German art.

Stabilizers, consisting of anti-rolling tanks at the waterline, claiming to prevent tossing of the ship and thus to save passengers the pangs of seasickness, were said by the ship's officers to head a long list of new devices used, they said, for the first time on the new liner. The stabilizers, it was said, were used successfully by German submarines during the war.

The Albert Ballin is 602 feet long, and has a speed of 16 knots.

HEAVY DAMAGE IN SERBIA; AMMUNITION DEPOT EXPLOSION

Belgrade, July 17.—A number of persons are reported to have been killed and others injured and considerable damage caused to buildings through the explosion Sunday of a large depot of artillery ammunition at Krasjyevatz, sixty miles southwest of Belgrade. The disaster is believed to have been due to spontaneous combustion.

SAVED FROM AN OPERATION

Restored to Health By Taking "Fruit-a-tives"

Made of Fruit Juices and Tonics

The most convincing proof of the true worth of "Fruit-a-tives" as a medicine for women is found in the letters written by them to "Fruit-a-tives." For instance:

"I suffered with all the symptoms of female trouble, pains low down in the back and sides, constipation and constant headache. A doctor advised an operation. I started taking "Fruit-a-tives" and this fruit medicine completely relieved me of all my misery."

Mrs. M. J. GORSE,
Vancouver, B.C.
50c. a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa, Ont.

New York, July 17.—Addison G. Hanan, vice-president of the Hanan and Son Shoe Company, and one of the most widely known yachtsmen in the country, died suddenly yesterday at his country-home in Port Chester after a heart attack. He was 47 years of age.

GREAT TRIUMPH FOR MUSSOLINI

Italian Premier's Speech On Electoral Reform Bill An Event

Rome, July 17.—At the conclusion of one of the most historic speeches ever delivered in the Italian Chamber in defence of his electoral reform bill, Premier Mussolini on Saturday scored a triumph which is quite unprecedented in the annals of the Italian Parliament. Deputies from all sections rushed upon him and carried him shoulder high around the Chamber while those in the tribune rose to their feet and sang Fascist songs.

The Chamber of Deputies later adopted the Order of the Day, expressing confidence in the Government, 303 votes to 140, with seven deputies abstaining from voting.

HEAVY WEEK-END TOLL

Montreal, July 17.—Two dead and twenty-six injured was the toll of automobile accidents in this city over the week-end. The dead are Alphonse Poirier, 28, Montreal, caught beneath a car and his neck broken, and Mrs. S. Yoke, 49, Montreal, almost instantly killed when struck by an automobile.

RAILWAY WORKERS SEEK INCREASE

Canadian Line Conductors and Trainmen Want Twelve Per Cent Jump

Winnipeg, July 17.—Demands for a restoration of the old wage scale effective prior to August, 1921, will be made upon the Canadian railways by the conductors and trainmen within the next few weeks, according to an announcement to-day by H. E. Barker, general chairman of the Canadian National Railway conductors in the West, on his return from a meeting at Chicago, states The Winnipeg Tribune.

Based largely on the contention that the cost of living has not decreased to any appreciable extent since the last reduction, the men will ask for an increase of 12 per cent. above the present scale.

The demand for the increase will be made through the Canadian Railway Association at Montreal.

AUTO JUMPS BANK; TWO PERSONS KILLED

Wallace, Idaho, July 17.—Two men were instantly killed and two women and a man were injured when an automobile went over an embankment at Hillers Park, between here and Kellogg, Sunday afternoon.

The dead are Harry M. English, 25, photographer of Kellogg, and William McKinney, 59, hardware merchant of Kellogg.

ENTHUSIASM FOR GRAIN PROSPECTS

Vice-President of C. P. R. Optimistic After Annual Inspection

Winnipeg, July 17.—Making the rounds of the great grain areas of the West, Grant Hall, vice-president of the C. P. R., returned to Winnipeg this morning. He has been the practice of Mr. Hall to make a personal inspection of the grain fields each year about this time, as some idea can be obtained this early as to what equipment and additional facilities, if any, will be needed before the crop begins to move.

"In the long term of years in which I have watched the development of the grain crop, I feel safe in saying that never have I been quite so enthusiastic about the prospects," said Mr. Hall.

Generally at this time of year there are many reports of damage by drought or rust or wind, but so far we have had no such reports and we are laying our plans to move the largest crop in the history of the West. My trip has convinced me practically all the grain growing West. Leaving Winnipeg we went south to Souris and through Southern Saskatchewan to Saskatchewan, returning to Assiniboia, we came back to the main line and followed it to Calgary, from Moose Jaw. At Calgary we visited the Stampede and should say it was a pronounced success. Going north from Calgary to Edmonton we came east to Kerrobert via Lacombe and from there back to Moose Jaw. Going north again from Regina we visited Saskatchewan and came in by the north line through Brandon.

Branch Lines

"For uniformity and line growth, it is a great sight and unless some unlooked-for calamity occurs we shall see a great sight at harvest time."

"Yes," continued Mr. Hall, "we are preparing to move it and expect to keep up to all our previous good records in that line." As being next in importance to the main line, the moving of it, Mr. Hall was asked as to the progress made on branch lines in the West and to any possible extensions to the program.

The programme of branch line construction was announced by Vice-president Coleman early in the season and subsequent developments have not affected its scope or progress in any way, said Mr. Hall.

Enlarging on the branch line work Mr. Hall said that grading is proceeding on the first two sections of the Milten-Empress line.

First two sections of the Rose town South, second section of the Leader South, first section of the Cuthbert Northerly, second section of the Lanigan Northerly, first two sections of the Prince Albert-Turnip line. Track laying is following up the grading on the Empress-Milten and ballasting is proceeding on first two sections of the Leader South and on the first two sections of the Cuthbert Northerly. Although somewhat retarded by wet weather, work has been proceeding satisfactorily and it is hoped that substantial mileage will be ready for steel this season.

Accompanying Mr. Hall on the trip were: D. C. Coleman, vice-president, western lines; W. A. Black, managing director, Ogilvie Flour Mills Co.; R. R. Dobell, western manager, Ogilvie Flour Mills Co.; Geo. W. Allen, Winnipeg; F. O. Poirier, manager, Winnipeg; Grain Exchange Clearing House; A. E. Whitmore, Regina.

THE FLEISCHMANN COMPANY ANNOUNCES

The Greatest Health Contest ever held

\$5000.00 in prizes

for the best 300-word reports on

What Fleischmann's Yeast has done for you . . .

If you have ever eaten Fleischmann's Yeast for health, this contest is held for you!

Write the story of your experience—and win one of the 153 cash prizes—offered below. Everyone knows the health value of Fleischmann's Yeast. Millions of cakes are consumed daily.

And now we want a report from everyone whom Fleischmann's Yeast has benefited.

During the past six years the Fleischmann research laboratory, with the assistance of many of America's foremost scientists, has worked continually to discover all the facts

about Yeast as an aid to better health. Today we know the familiar little yeast cake with the yellow label is a food with a unique power.

It "tones up" the whole system and builds strength and vigor.

It corrects skin and stomach disorders.

It offers a simple and effective way to overcome constipation—permanently and without the help of habit-forming cathartics.

Proved by science—popular with millions—we know that. But we want to know more.

We want to know just what it has done for you. We want every man and every woman whom Fleischmann's Yeast has benefited prior to the first announcement of this contest to write us about it—telling their own story in their own way (employees of the Fleischmann Company alone excepted).

We believe this will be the greatest Health Contest ever held. It begins today. It closes August 15th. A board of impartial judges will award the prizes for the most interesting and convincing reports; and the prize winners will be announced in this paper during September.

This announcement will not appear again. Write us for full details today.

FLEISCHMANN'S YEAST

Win one of these 153 cash prizes—

First prize \$1000 — Second prize \$500 — Third prize \$500
— 10 prizes of \$100 each — 40 prizes of \$25 each
— 100 prizes of \$10 each

THIS CONTEST IS OPEN FREELY TO ALL

Write us at once—we will send you free, and without any obligation on your part, the special folder giving full instructions, together with the sheet on which all contestants' letters must be written.

THE FLEISCHMANN COMPANY
P. O. Box 1251, City Hall Station
New York, N. Y.

DEPORTATION FOR IRISH REPUBLICANS

Father O'Flanagan and Sean O'Kelly Leave New South Wales for England

Sydney, N. S. W., July 17.—Two Irish republicans, Father Michael O'Flanagan and John J. (Sean) O'Kelly, arrested here in April on charges of engaging in seditious activities, were removed from jail yesterday and deported on the steamer Mongolia, which is bound for London via India.

Ten days ago they were offered their release on provision that they agreed not to address public meetings. They refused and later declined another offer to leave the country voluntarily.

FOREIGN BANKNOTES REFUSED IN GERMANY

Banks, Cannot Get Mark Currency, Not Permitted to Use Foreign Currency

Berlin, July 17.—For the first time since the mark's depreciation began no official quotations of foreign currencies were announced Saturday.

The banks refused to buy any foreign banknotes or checks, even at Saturday's official rates, at which the dollar stood at 167,000; they told their patrons that it was impossible for them to do so, because they could not get mark currency themselves and were not permitted to use foreign currency.

The clearing house association has proposed that official quotations be announced only three days a week, but the stewards of the stock exchange, who still, considering the prospect, decided to defer definite action until next week.

TRAIN STRIKES AUTO; THREE PERSONS DIE

Los Angeles, July 17.—Three persons were killed and two were seriously injured Sunday when the automobile in which they were driving was struck by a Venice Street Line train.

The dead: William F. Morgan, a gunsmith, and his wife, believed to be his wife and daughter. The injured were two of his daughters.

BODY PICKED UP

Quebec, July 17.—The body of Wilfrid Caron, third officer of the steamer Arctic, who was drowned yesterday at Westport, off Cape Breton, was picked up by the crew of the Arctic at Ottawa, who were also distressed while trying to rescue Caron.

VOLCANOS ACTIVE: NICARAGUA IN PANIC

MANAGUA, Nicaragua, July 17.—The volcanoes Ometepe and Santiago are showing extraordinary activity. Seven earth shocks were felt in San Francisco, in the department of Morazan, each one stronger than the preceding. The populace of the country is panic-stricken.

ECZEMA

Special treatment for the relief of itching and burning. Consult your doctor or write to... (Small text, partially obscured)

St. Paul, Minn., July 17.—Election of Morris Johnson, Farmer-Laborite, as United States senator from Minnesota, was conceded last night by Governor J. A. O. Prewis, Republican, his principal opponent, in a brief statement to the Associated Press.

SENATOR GREEN'S 'EXPLANATION'

One or two Conservative Senators have returned to British Columbia with explanations of the reason why the Upper Chamber thought it advisable to refuse the request of the British Columbia Government in respect of liquor importation into this Province.

All I have to say regarding this matter is that the people of British Columbia are quite ready and able to manage their own affairs and all the Senate did was to make it necessary that the people of British Columbia should be asked and allowed to pass upon the question of debarment of the individual with the Province from importing liquor if he sees fit before he should be made to bow before the will of the present government and be excluded from a privilege he now enjoys.

There is in the foregoing at least an admission that the people of British Columbia are capable of looking after their own interests and conducting their own affairs.

Senator Green's observations oblige one to consider that he has reached the conclusion that the Legislature of this Province is unrepresentative of an electorate which defeated the old Prohibition Act and its facilities for importation and authorized the Government to go into the liquor business and control it—to put an end to the abuses that were many and varied under a dry law that was not dry because of free import privileges.

RIDING FOR A FALL

Supposing a political leader of any British state had led his party through the country with a demand for political power because of the inefficiency or obsolete form of government obtaining; supposing, after he had gained his objective, he had said to Parliament that he did not care a rap whether his policies obtained a majority or not because they were going into force anyway; supposing he had laughed at the idea of holding an election to find out whether the people were satisfied with him and his organization's policy; supposing he had dealt with electoral reform by demanding of Parliament the immediate adherence to a plan that would give the party obtaining the largest number of votes at an election two-thirds of the seats; supposing he had introduced these 'reforms' to the accompaniment of grand oratory and loud thumpings of his fists, what would the people be doing now?

This is the entertainment to which Premier Mussolini has treated the people of Italy. He positively electrified the Chamber of Deputies yesterday when he succeeded in defeating proportional representation for a policy of electoral 'reform'—that will give the party receiving the most votes at an election two-thirds of the seats in the Chamber.

"THOU SHALT NOT WAR"

In an address before the annual convention of the National Federation of Business and Professional Women's Clubs in Portland the other day Judge Florence E. Allen of the Supreme Court of Ohio declared that war should be made illegal by agreement among civilized nations.

Here lies the seat of the trouble. War has been a world institution governed by a set of rules and regulations that, in latter years at any rate, are immediately ignored in order that a combatant or combatants willing to forget national obligation may score an early advantage.

Discussion of the subject of war's prevention brings one back to the original argument in favor of a popular movement that will educate the people of every land in the matter of their own responsibility and their own ability to create an international brotherhood that is too strong for the servants of Mars.

EQUAL OPPORTUNITY.

Whether we like it or not we shall have to admit that California is a very much talked of State. It is California for holidays and California for business. How does this come about?

NOTE AND COMMENT

Premier Smuts says that it is his intention to fight on behalf of South Africa a battle of peace at the Imperial Conference. Most people will contend that this is a much better policy than a programme of battleship building.

If there are any statisticians in Victoria who are willing to employ their spare time in an effort to find out just how much paper money is in circulation in Germany they may as well know that the daily production during the first week in July was computed at 17,563,819,142 marks per hour.

Still a few more crises have been passed at Lausanne. After all the conference which has been running for several months has furnished new proof that there is a general fear among most statesmen lest any of their actions should plunge the world into new conflict.

OUR CONTEMPORARIES

MAY NOT KNOW THEN. Boston Transcript:—It is now estimated that the United States has coal enough to last 6,933 years, which indicates the length of time likely to be spent in investigating why it costs so much.

WINNING ELECTIONS. The Daily Ontario:—Mr. Drury is reported to have expressed some surprise at the result of the voting, as the Government always seemed to be getting the best of its opponents on the platform.

MERELY CONSULTATIVE. The Toronto Globe:—Those who have an exaggerated idea of the powers of the Imperial Conference, or who would like to see it assuming large powers, must bear in mind that they are faced not only with a jealous regard for Dominion autonomy, but with an equally jealous regard for the authority of the Government and Parliament of the United Kingdom.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and clearly written. The longer an article the shorter the chance of insertion.

A GALLANT AVIATOR. To the Editor:—I notice in The Times of today's issue a picture and paragraph about the lady who was formerly Irene Castle, the paragraph concluding with a statement that Vernon Castle was killed while learning to become an aviator.

AMERICAN CITIES IN TOURIST WAR

Victoria Party Left To-day to Ascertain Facts of Situation. Island Suffers By Portland-Seattle Squabble.

Reports have reached the Victoria and Islands Publicity Bureau from Seattle of statements which are rife at different points along the highways in Oregon, to the effect that the detour between Kelso and Toledo is well-nigh impassable, and that "the hotel-accommodation in Seattle is entirely inadequate."

Seattle Enraged. Mr. Warren stated this morning that Seattle people were very much enraged at the stories which kept coming from their legitimate tourist trade. The Washington State Hotel Association had issued a bulletin with a stinging headline:—"Correcting a Wrong Impression." Under this is a story of the great hotel accommodation of Seattle, sixth on the list of American cities, the hotels of which are famous, and in which there is ample room for all the tourists who will ever come to Seattle.

COUNSEL ASKS FOR GENERAL JAIL DELIVERY. Declares Oakalla Prison Farm Not a "Common Jail". That Oakalla prison farm was not a "common jail" and could no longer hold H. J. Murphy and four others committed to six months' hard labor there for infractions of the Government Liquor Act was the contention advanced by Stuart Henderson before Mr. Justice Gregory in Supreme Court Chambers to-day.

— IN WOMAN'S DOMAIN —

CHARMING NIPTALS AFTER WAR ROMANCE

Well-Known Native Son Finds Bride in Women's Auxiliary of Imperial Army

A charming Summer wedding took place yesterday at the home of Mr. and Mrs. H. J. Scott, 1046 Craigdarroch, when their third son, William Gilling Scott and Miss Myfawyn Davies of Bristol, England, were joined in matrimony.

The marriage gains special interest from the fact that it is the culmination of a romance of the war, the young couple having met in France when Mr. Scott, who served overseas with the 2nd C.M.R. and Canadian Artillery, French Motor Group, was first wounded in June, 1916.

At the time of their meeting, Miss Davies was serving with the Women's Army Auxiliary Corps, with which she saw three years' service in the war zone. She has already made many friends in Victoria, having spent the two previous Summers at the Coast and her Summers in the prairie provinces.

The ceremony yesterday was conducted by Rev. Dr. Leslie Clay, at 7:30 o'clock, the house being beautifully arranged with roses and sweet peas for the occasion. The bride, who was unattended, looked very dainty in her gown of fawn crepe de Chine, with a corsage bouquet of roses. Mr. George Henderson of Vancouver, attended the bridegroom as best man. A wedding breakfast was served before the departure of the happy couple for their honeymoon, which will be spent upon the island. The bride traveled in a becoming sports outfit of lemon colored camels hair with cloak and hat to match.

Mr. and Mrs. W. G. Scott will make their home at Edmonton, where Mr. Scott is connected with the local branch of the Canadian Explosives Limited.

Major J. C. F. Hyndman left for Vancouver last evening.

Capt. H. B. Babington has gone to his crab cannery at Naden Harbor.

Mrs. C. Blanche Davis, of Philadelphia, is registered at the Empress Hotel.

Mr. and Mrs. E. B. King, of Berkeley, Cal. are guests at the Empress Hotel.

Mrs. W. J. McLagan of 404 Linden Avenue, has left on a visit to Winnipeg.

Mrs. Joe Gorman left on Sunday for the East, where she will visit for the next four months.

Mr. Charles K. Chadwick, of Frankford, Phila., is a guest at the Empress Hotel.

Miss Kitty Parkinson and Miss Stella Porter are spending two weeks vacation at Crofton House, Ganges Island.

Miss Kitto and Mr. Geoffrey B. Kitto are visiting in the Mainland city for a few days, the guests of Mr. and Mrs. W. Watson.

Miss Stewart and Miss Johnson, of Victoria, were the guests of Mr. and Mrs. R. Grogan during the week at Ladysmith.

Miss Lenzie MacNeill, of Edmonton, is spending her holiday with Mrs. J. M. Lind, of Glasgow Avenue.

Miss Jean MacMillan, of Edmonton, is spending her Summer vacation with her sister, Mrs. P. R. M. Wallis, of this city.

Rev. W. Forbes Robertson, wife and daughter of Toronto, are visiting at the home of Miss Thomas, 420 Michigan Street.

Mr. and Mrs. William Cameron have returned to their home in Victoria, after spending a few days as the guests of Mr. and Mrs. Fred Booth, at Kerrisdale.

Mr. Gordon Drysdale, Junior, of Vancouver, who has been transferred to the management of the Victoria branch of the well known firm of Gordon Drysdale, Ltd., arrived in Victoria yesterday to take up his new position, and while here will make his residence at the Empress Hotel.

Major and Mrs. Hyndman entertained last evening for their two daughters, the Misses Beryl and Lenore, at a delightful informal dance at their home on Granite Street. About thirty young people were present, and the house was gay with Summer flowers, while the garden was strung with Japanese lanterns for the occasion. A buffet supper was served during the evening, and dancing was enjoyed until the early hours.

Miss Lottie Bowron, who has spent the past week in Portland, Oregon, has returned home to Victoria. Miss Bowron was one of the Kumtuka Club Delegates to the fifth Annual convention of the National Federation of Business and Professional Women's Clubs, and expresses herself as very delighted with her experience there. In addition to the remarkable insight into women's activities afforded by the convention, the delegates were most cordially entertained by the local organizations, among others to honor them being the Oregon Writers' League. So crowded indeed were some of their day's arrangements that breakfast had to be served at 7:15 in the morning.

TORONTO WOMEN WOULD IMPERSONATE FAIR NILE QUEEN

Toronto, July 17.—Dictionaries and encyclopedias are the vogue among a large portion of the sex of Toronto these days. Careful perusal of the original sources and a careful study of the records of antiquity has taken on a hitherto unprecedented interest. Feverish turning of pages of huge tomes taken with care from the shelves of past ages has taken on a new significance. These are the days of research with a new idea, for a new idea has become popular even among the beautiful women of this city.

For the authorities of the Canadian National Exhibition have announced that a Cleopatra is being sought for all over Canada for the spectacle before the grandstand during the evenings of that famous presentation. This year Anthony and Cleopatra are to hold the stage, and a search is being conducted among the fair ones of Toronto for a counterpart of that famous Egyptian princess who swayed the destinies of empires in the years of long ago.

Already numbers of applications have been received. There is an interest that is almost unrivalled. Last year Toronto produced a real impersonator of the smiling Prince, and this year she is being asked for a Cleopatra, and daily the phone tinkles in the exhibition offices. High and low, rich and poor, there is no end of aspiring Cleopatras. From an actress well known to Toronto audiences to girls at the ribbon counters, Cleopatra's contest has aroused interest in the hearts of femininity. Many and strange are the claims set forth to recognition, and numerous are the alleged authorities quoted in substantiation of the claims.

WOMEN'S MISSIONARY SOCIETY IN SESSION
 Address Is Given By Mrs. Jackson, Evangelistic Worker

The Women's Missionary Society of the Metropolitan Church held their July meeting yesterday afternoon at the home of Mrs. Fullbrook, at the Gorge. Forty-five members were present at the meeting.

An interesting address was given by Mrs. Jackson, who was welcomed to the meeting after an absence of two years at the Moody Bible Institute, Chicago, spent in preparation for evangelistic work. Mrs. Jackson gave an interesting account of the work done there, and told of her own strong desire to go as a missionary to China, where she felt the need was very great.

Mrs. Emily Yoo, of Vancouver, delighted the gathering with a very charming solo, and a social hour was enjoyed, dainty refreshments being served before the conclusion of the meeting.

MISUNDERSTOOD.

The bus conductor had difficulty in keeping himself supplied with small change. Many persons who patronized his car handed him half-crowns and florins in payment of their fares.

He managed to get along fairly well until a woman, carrying a tiny infant, boarded his car.

When he approached the woman for her fare she handed him a five-shilling piece.

"Is that the smallest you have, madam?" he asked, fearing another run upon his change.

The woman looked at the conductor and then at the baby, and replied: "Yes, you see, I have been married only twelve months."

AN EXPERT.

Two men were talking about their wives.

Said one: "I like a woman to have a trade. My wife is a tailoress."

"Aye," replied the other; "mine is a brass-finisher."

"That so?" said the first man.

"And did she serve an apprenticeship?"

"She must have," replied the other, "for she's a rare hand at it. The brass is always finished before the next pay-day, anyhow."

WILL PRINCE WED DAUGHTER OF MARQUIS OF BATH?

On account of the many speculations afloat regarding matrimonial intentions of the Prince of Wales his visit to Longleat House, England, seat of the Marquis of Bath, this week, is arousing much interest in England. It has been pointed out by those who are able to build lavishly upon very slender foundations, that there are many more young people than formerly included in the recent Royal House-parters, and the guest who is attracting most attention in this connection is Lady Mary Thynne.

Her father, the Marquis of Bath, is the King's Master of Horse, and Lady Mary's inclusion in the Ascot house party, and on several other occasions is therefore as a matter of cold fact not particularly remarkable. She is an especially intimate friend of Princess Mary and a particular favorite with the Royal family. She is also reputed to be the most beautiful girl in society at the moment, and possessed of a very charming personality, so that the rumors which are afloat regarding his Royal Highness could not include a more popular candidate for royal honors.

THE MANY FRIENDS IN VICTORIA OF MISS E. MCKENNEY, who underwent a serious operation for appendicitis on Saturday, will rejoice to know that she is making excellent progress towards recovery. Miss McKenney, who is supervisor of the Strathcona Ward at the Royal Jubilee Hospital and took her training at that institution, is a sister of Mrs. E. H. Griffiths.

YOUR HOME AND YOU

By HELEN KENDALL
 A Disappearing Ironing Board

"May I press out my frock without making you too much trouble?" inquired the visiting niece of a modern housewife. Her trunk had just come, and as usual all her pretty dresses were crushed and wrinkled, and though they had been hung in a wardrobe trunk. "Certainly, dear," called brightly from the kitchen, the aunt from her bedroom. "Go right down to the kitchen and turn on the electric iron. A silence followed this, and a few moments later the pretty niece called out: "Where's the ironing-board? I can't find it."

There was a laugh from upstairs, and down came the aunt, calling an apology as she came.

"My dear, I entirely forgot to tell you that practically everything in this house that can be built in, is built in—including the ironing-board. We have such small rooms that we simply had to conserve space."

She turned the handle of a cupboard door in the wall, swung the door open, and let down from the interior a large smooth ironing-board. The support for the board, which was hinged to its under side, dropped into place on the floor, and an electric iron which stood on the floor of this ironing closet, was quickly plugged into a wall socket, and the current turned on.

"Isn't it handy?" exclaimed the aunt. "Absolutely out of the way and out of sight until you want to use it, and then it appears. When you are finished, you fold the board back into the cupboard, and shut the cupboard door."

"These cupboards come all ready to insert into the kitchen wall, you know, ironing-board and all. This is another of the ingenious ready-made devices that are making the lives of housekeepers so much easier and smoother."

SOCIETY AND PERSONAL

Mr. B. C. Beech, and his brother, W. Beech, Arnold Avenue, en route to his home in Whittier, California.

Mrs. J. M. Ogilvie (nee Marie Robertson) left on last night's boat for Victoria yesterday to take up his new position, and while here will make his residence at the Empress Hotel.

Major and Mrs. Hyndman entertained last evening for their two daughters, the Misses Beryl and Lenore, at a delightful informal dance at their home on Granite Street. About thirty young people were present, and the house was gay with Summer flowers, while the garden was strung with Japanese lanterns for the occasion. A buffet supper was served during the evening, and dancing was enjoyed until the early hours.

HONORS VISITING OFFICIALS HERE
Majestic Council Royal Arcanum Tenders Dinner

Last evening the officers and members of the Majestic Council No. 1513, of the Royal Arcanum, held a dinner in honor of the visit of Grand Secretary E. J. Brandt and District Manager D. J. McMullan.

By the courtesy of the local order of Elks, the gathering was held in their club rooms, corner of Douglas and Broughton Streets.

Dr. William Russell, Regent of the Majestic Council, presided, and among those present were "Past Grand" Regent J. L. Beckwith, Past Regent Mark W. Graham, J. W. Bolden and other officers.

At the conclusion of the dinner the members were addressed by the honored visitor, who gave a resume of legislation passed at the forty-sixth annual session of the Supreme Council, held in Atlantic City, on June 11-16 last. In addition to the laid emphasis on the new forms of insurance now available to members and initiates, whereby not only straight life policies will be retained, but modern and up-to-date methods will be utilized in the form of twenty pay life and endowment-insurance—District Manager McMullan gave an interesting account of his travels since leaving Victoria in 1918, and explained the new plan of organizing the various grand council jurisdictions.

The Royal Arcanum is a fraternal insurance organization instituted in June, 1877, and incorporated that year on November 5, in the Commonwealth of Massachusetts.

The membership on June 1 of this year stood at 124,145. In the grand jurisdiction of Washington and British Columbia, presided over by Grand Regent C. B. Carmichael, of Seattle, there are 3,099 members. Since the organization of the order forty-six years ago, there have been paid in benefits to widows and orphans of members the large sum of \$28,574,849. In addition to this \$12,660,000 has been transferred to the emergency fund, thus making the order stronger to-day than at any period in its history.

At the next regular meeting of the Majestic Council it is expected that the initiation degree will be conducted under the leadership of Deputy Grand Regent Anderson and Grand Orator J. J. Murphy, of Seattle.

FORMER DUNCAN RESIDENT WINS LITERARY HONOR

Mrs. A. W. Johnson, of Duncan, who won honorable mention in the recent I.O.E. literary contest for her little play, "Love's Arbitration," is author also of a very charming novel entitled "The Probation of Kathleen Maxwell." This book, which was published in England by Stockwell several years ago, was written under Mrs. Johnson's maiden name of Nellie Rhodes, and depicts the adventures of an English girl who comes out to the Canadian prairie. Characters from British Columbia enter the story, and the writer draws on some interesting incidents in her own experience, which, woven in with the bright fabric of her imagination, make up a very readable story.

TWO SESSIONS OF WAGE BOARD
 Will Reconsider Present Rate of Minimum Wage

Vancouver, July 17.—A conference opened at the court house this morning to reconsider the order of the Minimum Wage Board fixing the minimum wage at fourteen dollars a week for experienced workers in manufacturing trades. The personnel selected to hear the representations from employers and employees consisted of J. H. McDonald, of the B.C. Manufacturing Co., New Westminster, George A. Campbell, of Campbells Ltd., Vancouver, and Mr. Ramsay, of Ramsay Bros. & Co., Vancouver, all representing the employers. The employees had as representatives, Mrs. F. Dolk, tailoress, Miss Isabel Buntin, garment worker, and Miss Elizabeth McCartney, boot and shoe worker.

Representing the general public, the following sat: Mrs. H. P. Hodges, Victrola; Mrs. Amy Ward, North Vancouver; Rev. J. Richmond Craig, Vancouver. Employers are seeking a lesser minimum on the ground that the present minimum was set at a time when higher prices prevailed and is not commensurate with the present period of deflation. Consideration will also be given to questions of apprenticeship periods of learning for inexperienced workers. J. D. Niven, chairman of the minimum wage board, announced. He holds that the skill required in the various industries is of so differing a character

TO PICNIC SATURDAY.

The annual picnic of the Sunday School and congregation of St. Paul's Lutheran Church, will be held at the Gorge City Park on Saturday afternoon. The picnic dinner will be served at 6 p.m. The sports will begin at 7 o'clock.

"Fred Jenks is your neighbor now, isn't he?" remarked a man while calling on a friend-one evening.

"Who did you say?"

"Fred Jenks. I understand he is a finished cornetist."

"Is he? Good! Who did it?"

IN THE ARCTIC
And the Tropics tooth troubles are rarely known

TWO WAYS FOUND

That discovery led dental authorities to search for the reasons. They found it in factors of diet. And now those principles have been applied to create a new way of teeth cleaning.

Millions of people in some 50 countries employ this method now. Dentists everywhere advise it. This is to offer you a delightful test, so you may know what it means.

To fight acids

A new-type tooth paste has been created, called Pepsodent. It brings some new effects which research proved essential, largely because of the lack of certain stimulating principles in our diet.

Pepsodent multiplies the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay.

It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids.

Combats the film

Above all, it combats the film on teeth, the cause of most tooth troubles.

Film is that viscous coat you feel. It clings to teeth, enters crevices and stays. No ordinary tooth paste can end it.

Two ways found

Dental science, after long research, found two ways to fight that film. One acts to curdle film, one to remove it, and without any harmful scouring.

Able authorities proved those methods effective. Then they were both embodied in this new type tooth paste for daily application.

New beauty comes

Pepsodent brings new beauty. You see glistening teeth everywhere today, because so many use it. That new beauty means greater safety, greater cleanliness as well.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film.

See how teeth whiten as the film-coats disappear. It will be a revelation. Cut out the coupon now.

Avoid Harmful Grit
 Pepsodent gently cleanses the film and removes it without harmful scouring. Its polishing agent is far softer than sand. Never use a file or emery which contains harsh grit.

WILL MAKE BOW TO CAPITAL.—Miss Betty Byrne is on the list of debutantes who, it is announced, will be presented to Washington society next season. She is the daughter of former Chief Justice Peels of the U. S. Court of Claims and Mrs. Peels.

At the THEATRES

COLUMBIA

Here's a thrilling one that Helen Ferguson tells on Charles Jones, who is starring in William Fox's production of Lincoln J. Carter's famous melodrama, "The Fast Mail," now showing at the Columbia. They were on location with the cowboys' company, and one evening after dinner they started a game of "follow the leader." Even the cowboys, over thirty, joined in just like a bunch of ten-year-olds.

AMUSEMENTS TO-DAY

Dominion—"Law of the Lawless." Columbia—"The Fast Mail." Capitol—"The Go-Getter." Royal—"What a Wife Learned."

CAPITOL

Frederick Santley, brother of Joseph Santley and who himself has been featured in many of Broadway's biggest successes, returned to the silent drama after an absence of more than ten years, when he began work in "The Go-Getter," a Cosmopolitan pictureization of a Peter B. Kyne story, which will be shown at the Capitol Theatre all this week.

ROYAL VICTORIA

A poignant romance of ambition, struggle and achievement is "What a Wife Learned," which is the attraction at the Royal all this week, the latest Thomas H. Ince production for the screen. It tells a modern-day love story of a primitive man, who is awakened to realization of his own powers by the striving of his wife for self-expression.

Deep, plays the part of the eastern playwright with finished skill. The picture has inspired endless discussions wherever it has been shown for it handles a problem that has stirred many a home to-day.

DOMINION

What is the difference between a gypsy and a Tartar dance? Theodore Kosloff in his triple capacity of actor, technical adviser and ballet master, was called upon to visualize these differences in the training of two groups of girl dancers used in the filming of "The Law of the Lawless," Dorothy Dalton's latest Paramount picture which is on view at the Dominion Theatre this week.

Dorothy Dalton and Charles de Roche in "The Law of the Lawless," Now Playing at the Dominion.

DOUGLAS DANCERS COMING TO PANTAGES

Hamilton Douglas, champion all-round step-dancer of the West, and a former Victoria boy, assisted by Donna Rickard, LaVerta McCormick and Glen Wells' jazz band and orchestra and twenty dancers, will open at Pantages on Friday and Saturday with matinees both days. The Douglas Dancers have appeared here several times, but the organization was never so large nor the programme so complete as at present. The youngest child is only four years old. Hamilton Douglas will play the latest in that line. Others are Russell MacDonald, the boy wonder on the xylophone; Willie Coban, in wooden shoe dancing; Fiore Cassidy, a Scotch lassie in Scotch dances; the Richardson Twins, in a new act; Peggy Standlee, who won the Mary Pickford contest in Seattle; and "The Changelings," who will appear in the contest. The winner of the contest will go to Seattle during the winter to compete in the international contest to be held there on Monday.

THE PLAYHOUSE

Although the action of "Billeted" takes place during the war, it cannot be termed a war play in any sense. The plot of the play concerns the difficulties of a wife living apart from her husband, and her embarrassment at finding that her husband has been billeted at her house after she had announced his death. The development of such a plot can easily be more than realized. In the hands of the Compton Comedy Company this bright comedy will receive a very capable representation and should add another laurel to the wreath they have already earned.

CHAMPIONSHIP PRIZE DANCE CONTEST THURSDAY

Hamilton Douglas, champion all-round dancer, will judge the contest in waltz, fox-trot and one-step at the Caledonia Hall on Thursday. Three best couples will appear Saturday evening at Pantages for the final.

"THE CHANGELINGS" WILL BE AT ROYAL FOR TWO NIGHTS

Henry Miller, surrounded by a brilliant company of stars, will be seen at the Royal next Monday night. His engaging play for two days, and the play in which the actor-manager and his gifted associates are to be seen in "The Changelings," the work of Lee Wilson Dodd.

CHEEKS COVERED WITH PIMPLES Also Chin, Large and Red. Cuticura Healed.

SS. MAURETANIA RETAINS WORLD'S RECORD FOR TRIP

Cunarder Averaged 24.16 Knots Per Hour Justifies Captain's Confidence in Vessel

Completing her trip across the Atlantic and arriving at Cherbourg at seven o'clock yesterday morning, the Cunard liner Mauretania once again demonstrated her ability to retain the blue ribbon emblematic of the speediest passenger vessel on the Atlantic and holder of the world's record for the fastest greyhound.

On her trip just completed the Mauretania averaged 24.16 knots per hour, and although this is somewhat slower than her previous three runs she has given an example of what she can do without exerting any effort.

It is interesting to recall the initial voyage of the Leviathan, which, contending for the world's record, when she made a speed of 23.65 knots an hour. The recent accomplishment of the Mauretania, with the knowledge that she can do even greater speed, tends to justify the quiet confidence expressed by Capt. Rostron on the occasion of the last arrival in New York as to the ability of the Mauretania to hold her own in any company.

Last Three Trips While the time made in the voyage just completed does not come up to the regular Mauretania standard, it furnishes an abundance of evidence of her capability of maintaining the blue ribbon acquired when she made the shorter cruise from New York to Cherbourg in the epoch-making record, four days ten hours and forty-one minutes.

The Mauretania is noted for the clock-like regularity of her crossings, her average during the last three trips between New York and Cherbourg being 25.29 the first trip, the same speed on the next trip and 25.27 on the third trip. Her record run, however, is much better than this. It will be remembered that on one occasion she made the trip averaging 26.45 knots. This record has never been approached.

Better Speed Presumably the Mauretania would have made better speed this voyage had it been thought desirable to land passengers at Cherbourg earlier than seven o'clock.

VESSEL MOVEMENTS

July 17.— Baltic, at New York, from Liverpool. Adriatic, at Liverpool, from New York. Empress of Scotland, at Southampton, from Quebec. Regatta, at Liverpool, from Montreal. Montrose, at Liverpool, from Montreal. Empress of Canada, at Hongkong, from Vancouver. San Francisco, July 16.—Arrived: Lassen, Gray's Harbor; Caspar, Casper; Gymronic, Southampton; Frank D. Stout, Brooklyn; Tazita, Papeete; Robert Johnson, Willapa; Lehigh, Port Alice; Hanley, Everett; Maru, Vancouver; B. C.; Cuba, City East; Gale, Tahiti; Namata, Rihne, of Newcastle, Hull; Eldora, Blaine, Mexico; Mazatlan; Ginteldijk, Rotterdam. Port Gamble, July 16.—Sailed: Walter A. Luckenbach, yesterday, New York.

San Pedro, July 16.—Arrived: Bart E. Haney, Redondo; Steel Scientist, Surdock, New York; El Lobo, Vancouver; Empress of Japan; Multino, Miller, San Francisco; Donna Lane, Seattle; Agkippod, Baltimore. Sailed: Wesley, Eureka; Bert E. Haney, Frank G. Drum, Devilton; Waimah, Warwick, San Francisco; Santa Gertrudis, Blaine; Yorba Linda, Tampico; Haycock, Baltimore; Santa Barbara, Redondo; Solano, Willapa Harbor; Printemps, Alhion; Stee, Traveler, New Orleans; Daisy Matthews, Portland; Admiral Schley, San Diego; Loridan, Seattle. Porter, Richmond, San Francisco; Astoria, July 16.—Arrived: Covenant, Los Angeles; Olympic, 15th, San Francisco. July 16.—Arrived: Point Bonita, San Pedro; Point Saunders, Trinidad. Sailed: Traveler, Port Saunders, Trinidad.

Tacoma, July 16.—Arrived: Gray, British Columbia, during night; Charlie Watson, San Francisco; Robin Adair, Everett. Sailed: Phyllis, Everett; Charlie Watson, San Francisco. Seattle, July 16.—Arrived: Carolina, Panaman, H. F. Alexander, San Francisco; President Jefferson, Orient; Whetton, Portland; Queen, Alaska; Redwood, Bellingham, via Point Wells; Tokiwa Maru, Vancouver; U.S.S. Melville and destroyers 313 and 355, Port Angeles. Sailed: Motorship Chalamba, San Pedro; Redwood, Bellingham; U.S. L. H. tender Heather, Sound trip. Bellingham, July 16.—Arrived: Alaskan, Seattle. Sailed: Hawaiian, yesterday, Savannah; Anson S. Brooks, Cascade, San Pedro. Southampton, Eng., July 17.—The Leviathan sailed for New York to-day with 1,170 passengers, 359 in the first cabin, 120 second and 700 third. The Canadian freighter is due at Victoria with a large shipment of corn from the Orient on July 27.

TWO RECORDS WILL BE TAKEN FROM OLYMPIAN TIME

Chicago, Milwaukee and St. Paul Will Give 72-Hour Service Olympian Will Make Trip to Chicago On July 29

Not satisfied with holding the trans-continental railway record the Chicago, Milwaukee and St. Paul Railway Company announces the cutting off of another two hours from the present 72-hour schedule from Seattle to Chicago, thus facilitating better travel for making connections with vessels in the East.

F. O. Finn, city representative for the company, made the announcement this morning on receiving advice from the East. The advice briefly states that two hours will be cut from the running time of the Olympian, of the Chicago, Milwaukee & St. Paul Railway between Seattle and Chicago. The new schedule will come into effect on July 29, it is intimated.

The cut will reduce the running time between Seattle and Chicago from seventy-two to seventy hours, the fastest schedule between these two terminals.

The distance is 2,189 miles, of which 650 miles is electrified. Recent improvements in the electrified zone has made possible the shortening in time, it was announced.

The Chicago, Milwaukee & St. Paul holds a reputation for fast service and carries most, and in fact, nearly all the silk shipments which arrive from the Orient. The consignments which come in on the Admirals Line boats are all taken east over this railway and the time they make in the trans-continental trip has not been approached by any other company yet.

Positions by Wireless

Estevan—Cloudy; southeast fresh; 23-28; 55; sea choppy; S. Kingsley, San Francisco for Victoria, 290 miles from Victoria; Siberian Prince, 304 miles from Cape Flattery at noon; July 16, bound Vancouver; Canadian Farmer, bound Victoria, 243 miles from Victoria; Hokk Maru, bound Astoria, 400 miles from Estevan; Tokyo Maru, bound Japan, 180 miles from Estevan; Walrus, 400 miles from Cape Flattery; Hound, bound Astoria, 400 miles from Estevan; Kurba Maru, bound Grays Harbor, bound Estevan; A. A. West, Cadron, 51.30 north, 138.42 west; bound; Empress of Australia, due William Head, 6 p.m.

Tyndarus, Hongkong, Sept. 6.

AWKWARD SITUATION ARISES IN UNITED STATES IMMIGRATION

San Francisco, July 17.—A number of Australians and New Zealanders may find themselves "without a country" for a few weeks when they reach this port next week on the liners Ventura and Tahiti from the Antipodes. The fact that a number of Russians now are here in detention camps at Angel Island, awaiting Washington's decision on their status under the immigration law, reminded officials to-night that the British quota, like the Russian, under the immigration law, is exhausted for this month, and that citizens of Australia come under the heading of Britons.

Unless some dispensation is made, any intending settlers from the Antipodes will have to return to their homes or go on to Canada, for a while.

EMIGRATION TO COME BEFORE CONFERENCE

London, July 17.—(Canadian Press Cable)—Replying in the House of Commons yesterday to a question regarding steps to test and prepare would be suitable for overseas settlement, Lieut.-Col. Buckley, secretary to the Overseas Trade Department, said the question of provisional training was still under consideration. The question would be fully considered at the coming Imperial Economic Conference.

Retains Blue Ribbon for Atlantic Record

The Cunard liner Mauretania, Capt. Rostron, further convinced shipping men of her ability to retain the world's record for fastest passenger greyhound and hold of the transatlantic speed record when she completed her recent trip to England, averaging 24.16 knots an hour and docking at Cherbourg at 7 o'clock yesterday morning. Her record for this trip, however, is 26.96 knots an hour.

WILE MAY BE SOLD FOR DOUBLE PRICE

Bid of \$80,000 Made for Old Mail Liner, Used by Shriners for Holiday

San Francisco, July 17.—William Semper has been appointed general freight agent of the Los Angeles Steamship Company. It became known to-day, Semper, formerly with the China Mail Steamship Company as general freight agent.

It was reported here to-day that an unnamed New York firm has bid \$80,000 for the former China Mail Liner Wile, which is twice the amount the ship brought June 15, under the United States marshal's hammer. Rosenthal and Sons, Oakland, bought the Wile for \$47,900. This is the boat on which the Shriners made their famous Pacific trip.

The owners are removing pig-iron from the vessel, valued at \$38,000, which arrived at Seattle and went along with it at the marshal's sale. Other saleable equipment on the vessel, it was said, would, together with the pig iron, net the owners virtually the purchase price.

Another ship, the Union Liner Tahiti, arrived here "bone dry" to-day from the Antipodes. The ship's liquor stores were taken off at Papeete en route, with the exception of enough to last passengers and crew on the three-mile line. In fact there was a bit more than enough and eighty bottles of liquor was cast into the sea at the three-mile line.

The oceanic liner Ventura, from the Antipodes, and the Matson Maul, from Hawaii, are due to-morrow with capacity passenger lists and large cargoes.

LATEST POSITIONS OF C. G. M. M. SHIPS

Canadian Importer, July 13, 12 p.m. Arrived Vancouver, July 10. Canadian Prospector, June 29, 12.30 p.m. Left Vancouver for Auckland, Sydney, Melbourne and Adelaide; arrive October 15. NEWS IN BRIEF

A dance in honor of the crew of H.M.S. Curlew will be held on Thursday at the Sailors' Home, Esquimalt, under the patronage of Mrs. Raftns, who has arranged a delightful programme of dance music. Miss Thain's orchestra will be in attendance. At the recent examinations, London (England), College of Music, held by Mr. Jennings, all Mrs. Skjodmore's pupils who entered were successful as follows: Intermediate section, Douglas C. Robertson; elementary section, Alice Thompson, Margaret MacLachlan, Elsie May-cour, Jean Anderson, Minnie McGowan; primary section, Percy Norris Riddle, Gladys Kinsey. The rifle team of H. M. S. Curlew has been invited to compete with Courtney marksmen and will leave this city Tuesday morning by the E. & N. Railroad. The Curlew's men are all excellent shots, and although somewhat out of practice should put up a very good showing against their antagonists. About fifteen men will leave the city for the competition. Consistent team members and markers. They are hopeful of success. On Monday afternoon another musical tea was held at Miss Clara Powell's Artistic Studios in the Hib-bon Bone Block. The rooms are airy and on the warmest days rest and coolness can be assured. Miss Clara Powell recited and sang at and from the piano with her usual charm, and patrons of these teas will be glad to know she will sing again on Thursday. Her selections include a number written by and presented to her by Maurice Beesley. Miss Ethel Anderson has kindly consented to dance again this time a Spanish dance in costume.

ALASKAN COAL TO COMPETE WITH B.C. PRODUCT IN STATES American Concern Will Seek to Enter Market Next Spring Expect to Sell Large Quantities of Fuel in Coast Cities Vancouver Island collieries, which ship to practically all points on the Pacific Coast will have a competitor in Alaska coal mines which will be ready shortly to send large quantities of fuel down to San Francisco, Portland, and other American points. Alaska coal, mined in the famous Moose Creek field and carried in ships owned by a syndicate of Alaskans, will invade the markets of the Pacific Coast early next spring. This is the word brought to Seattle yesterday by E. L. Bedell, president of the Alaska Bituminous Coal Company and former editor and manager of The Anchorage Daily Times. Bedell's company has a lease on 14,000 acres in the Moose Creek district, and prominent bankers and business men of Anchorage are interested in his big project of establishing outside markets for Alaska fuel. The project is made possible, he says, by the policy adopted by former-Secretary Hall in ending, as far as possible, governmental monopoly of Alaska's resources.

PREMIER HEARS OF BOWSER'S RETURN Is Not Discomforted; Third Party Seeks Chairman at Prince George Premier Oliver is not stirred by the remarks credited to W. J. Bowser, K. C., Leader of the Opposition, on his return from a political tour in the interior. "We heard a volume of criticism against the present Government. . . . the people are heartily disgusted. . . . longing for a change. . . . reckless financial policies. . . . Mr. Bowser is credited as saying. . . . The party is solidly entrenched throughout the Province," Mr. Bowser was reported to have said. "Well, what else could Mr. Bowser say, when he comes home from a trip planned to stir-up enthusiasm?" the Premier asked those near him. Later on, after the Premier had finished reading about all the "hostility" Mr. Bowser said there was against the Oliver Government, there arrived at the Parliament Buildings news that Bowser had chosen a third party, which was a surprise, because the Premier a few days ago had said that this party seemed to be lost altogether. This news came from Prince George, where the General addressed his first meeting last Friday, and found there was so little consensus of opinion that he could not choose a chairman and had to proceed without one. C. P. Deykin, known as the local third party leader, was found after the arrival of the General, held different views on the P.G.E. situation from those of his leader. When Deykin finally introduced himself and got going he explained that not only would he not consider the extension of the P.G.E. into the Peace River country, but he would hold out no hope for the completion of the 40-mile gap until the report had been received from the Royal Commission which has partly proposed should look into the entire railway question. He added that 98 per cent of the people were against the P.G.E. The Premier is fling that statement away.

TO ENTERTAIN H. M. S. CURLEW MEN A smoking concert will be given by the G.W.V.A. at the headquarters, Fairbanks-Morse Building, to the officers and men of H.M.S. Curlew and H.M.S. Patricia on Friday evening at 8 o'clock. The chair will be taken by President J. Food. HERE FROM CONVENTION. James Colley, of Lethbridge, Secretary of the Western Canada Irrigation Convention, is in the city meeting officials of the Lands Department. He reports a successful convention last week at Pentecost. ELECTS TRIAL BY JURY. Placed on his election before His Honor Judge Lampman in the County Court to-day, Stanley You-so, chose trial by jury. J. P. Walls, for the accused, obtained bail on the understanding that the Attorney-General's Department assents. In the sum of \$1,000 in two securities. The accused is charged with theft of a cabinet's set, a gramophone and other articles, the property of W. A. Cookson, Davie Street, Esquimalt.

NOT VACATION MATTER. Before Mr. Justice Gregory in Supreme Court Chambers to-day, a writ of mandamus sought by H. W. B. Moore on behalf of Chow Kee and 36 other Chinese was denied at this stage. His Lordship pointed out that the application was not a vacation matter. The vacation had been designed to give everyone a holiday. He held the court, and only the most urgent matters could be heard. The application was for a writ in the nature of a mandamus compelling His Honor Judge Lampman to show cause why the appeal of Chow Kee and 36 others were filed \$25 and costs in the police court, charged with signing C. L. Harrison appeared for the Crown and agreed to the adjournment of the matter until the vacation ends. The accused were not in custody and no harm would be done by the delay, held the court. "My dear," remarked the young husband, "you are the milkman why there is never any cream on our milk" "Yes, darling, and he explained quite satisfactorily. I think that is a great credit to him." "What did he say?" "That he always fills the Jug so full there is no room for cream."

Why Work Hard On Wash Day? Every day is big wash day at our big Modern Laundry. . . . Ask us about our three laundry services at 13, 17 or 25 lbs. for \$1.00 ECONOMY LAUNDRY Corner of Rock Bay Avenue and John Street PHONE 2228

TRACTOR HAS PNEUMATIC TIRES

The above is a photograph of the Dunlop Float which took part in the big parade, attended by nearly 150,000 people, on Danforth Avenue, Toronto, June 19. As far as known, this is the first time in the history of any such occurrence in Canada of a tractor being equipped with pneumatic tires. This innovation created a great deal of interest and the float, which was effectively decorated throughout in blue and white, took first prize. There were about one hundred and fifty floats in the parade.

AMERICAN ENGINEER RE-ENTERS CANADA O. J. Todd Endeavors to Interest Washington in Famine Relief Work

Oliver J. Todd, engineer representative of the China International Famine Relief Commission, was among the travellers on board the S. S. President Jefferson, on her arrival here Sunday night. Mr. Todd has been working with American timber piles and pile-drivers on the Yellow River in China, constructing dams and other arrangements for the safe-keeping of the population of the districts round about the river. Mr. Todd is on his way to Washington, D. C. and New York, where he will endeavor to interest authorities in the famine and suffering relief work in Asia.

ALASKAN COAL TO COMPETE WITH B.C. PRODUCT IN STATES

Mayor Reginald Hayward will shortly fill the position on the civic finance committee recently left vacant by the resignation of Alderman E. B. Andros. Doubt that the Mayor would replace Alderman Andros at all was set aside to-day by His Worship, who said he would fill the position with as little delay as possible. Alderman A. E. Todd will be offered the position. It was learned authoritatively to-day. It is expected, however, that Alderman Todd will refuse to serve as he is busy with a variety of other matters at present. If Alderman Todd does not want the post Alderman Robert Dewar can have it, but Alderman Dewar, it is understood, is too busy to accept it. This leaves only Alderman E. S. Woodward, John Harvey and George Sangster. Alderman Sangster is too busy as head of the city's works department to accept the position. It is understood, Alderman Woodward's emphatic and persistent opposition to Finance Committee policies this year have put him out of the running for the vacant post. If Alderman Todd and Dewar decline to serve, therefore, the Mayor will face a serious difficulty in getting his Finance Committee up to strength again.

LOCAL DELEGATES LEAVE FOR PORTLAND

A motor load of Victoria delegates to the Northwest Real Estate Association convention in Portland left this city this morning, including Mr. and Mrs. Alfred Carmichael, Frederick Landsburg, and his daughter, Mrs. Howe, A. R. Wolfenden, of the B.C. Lands and Investment Co., and possibly others. C. T. Cross, left the city with George Warren, on route to Portland. Mr. Cross travels in double capacity, as representative of the Victoria Chamber of Commerce, and one of the leading realtors of the city. He is attending the convention. It is expected, but will also look into the matter of tourist traffic. J. E. Andrews, of this city, who intended to attend the convention, found his absence from the motor party unavoidable on account of illness.

GOATBREEDERS TO MEET

The regular monthly meeting of the district members of the B.C. Goat-Breeders' Association will be held to-night at the Y.M.C.A. at 8 o'clock. Business includes presentation of show prizes, and arrangements for the Fall fair. TO HOLD PICNIC. Court Liberty, A. O. F., will hold a basket picnic on Saturday at Mount Douglas Park. Autos will leave A. O. F. Hall at 1 p. m. and 1.30 p. m. Prizes will be given for the sports. Tea and ice cream will be served free of charge. The committee expects their 200 members to turn out for this event, autos leaving the park at 8 a. m. and 9 a. m. "O MOTHER, I'M SO HOT" Thousands of little Canadians will run to and fro this Summer and whisper "O mother, I'm so hot." A natural condition? Yes, to be hot in hot weather, but not to whimper about it. If the blood condition is right, as it should be, the blood is acid instead of alkaline. Like the adult with acid blood, feels dejected, "all in" on a sultry day. There is but one way to make the blood acid—by improper feeding. "Excess Acid" foods, like white flour, refined cereals, meats, fats, sweets, make acid, or "heat" the blood. If the blood is alkaline there is no de-vitalizing sense of heat, no depression of bodily or mental vigor, how-ever the day. Nature intended foods keep the blood alkaline—whole grain cereals, milk, eggs, nuts, beans, greens and fruits. These are rich in alkali, and help to "cool" and "refresh" the mind and body, regardless of the heat. Roman Meal is the only richly alkaline cereal, one part in each 1,000 "Excess ALKALI" alkaline enough to correct the acids of white flour, other cereals, fats, meats and sweets. It makes delightful porridge, pan-cakes, puddings, cakes. Even hot Roman Meal porridge is more "cooling" than any cold, refined, acid-forming cereal. But you can now serve Roman Meal delightfully icy-cold, as BROSE-O, CHOCOL-O, JELL-O. See "Summer Recipes" on packages. With milk, cream, whipped cream, honey, preserved or fresh fruits, a hot-day treat, a child's delight which can be prepared in ten minutes. At grocers. (Adv.)

One Dollar a Week BUYS THIS VICTROLA

It's Just the Thing for Camp! This genuine Victrola, with six "His Master's Voice" records—twelve selections of your own choosing—will give you many years of enjoyment at a cost of only \$42.00. Think of the fun you could have in camp this week if you had this Victrola! Why not come in to-day and get it!

BEARS, LIONS AND TIGERS OFFERED TO CITY BY SALT LAKE City's offer before him to-day. Personally he does not favor accepting it. "We had enough trouble getting rid of the animals we used to have in the park without getting any more," he said. "Besides, the city council has plenty of things to think about without getting mixed up with a bunch of wild animals. All we have at the park now of any import-ance, outside of the deer, is an old goat. But after the next elec-tion there will be several others to keep him company, I guess."

CHILDREN CRY FOR "CASTORIA" Especially Prepared for Infants and Children of All Ages

Mother! Fletcher's Castoria has been in use for over 30 years to relieve babies and children of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and, by regulat-ing the Stomach and Bowels, aids the assimilation of Food; giving natural sleep without opiates. The genuine bears signature of Chas. A. Fletcher. (Adv.)

Our Mothers Knew

The makers tell you why our Mothers used Sunlight Soap. It is the best because it is made from the pure oil of the Coconut and Palm. Cocoanut Oil gives you that soft easy lather that saves your energy and saves your clothes. The Palm Oil makes Sunlight firm and hard so that it is the most economical Soap in the world to use.

Sunlight is the purest laundry soap in Canada.

ROOM OF DEATH TAKES REFUGEE TOLL

Six Persons Live as 20 Families Perish

Constantinople, June 30. (By mail)—In the Room of Death, a single basement room a dozen miles from here, twenty families lived. That was a month ago.

To-day six of these persons are living. All the others died.

There were eight of them left when a photograph was taken of the basement room. Even then two were dying—a ten-year-old boy having only three days to live, and a little baby just a week.

"They died of malnutrition," said Miss Pauline Allen, director-general of the refugee camps.

"I saw them dying," said D'Emery. "There were 1,500 deportees from Smyrna and Anatolia held virtually prisoners in a single camp until means could be found to remove them to Greece."

Hundreds of them were jammed into a stone building fronting on the shores of the Bosphorus. I managed to smuggle a camera past the guards.

"A large room on the second floor of the building was eighteen by thirty feet—and there were 200 people packed into it. They were all sick of typhus and smallpox. Despite all that Miss Allen and her helpers could do medical relief could not be found for them in time to save their lives."

"The worst suffering was in the basement rooms, all of which were under the level of the river, the most impressive of all—impressive from a standpoint of pity—was the

room where 200 persons had been living, where day by day this number dwindled until just eight were left, with two more marked with death, which came within a week after a picture of this scene was taken.

Barracks and Stables of Selimie, built during the Crimean War, seventy years ago. A stable that used to house forty horses now contains a thousand refugees. There are 10,000 in all.

D'Emery, preparing a report of his survey, blames politics for the plight of the Greek refugees. He says no immediate relief is in prospect.

WASHINGTON TREMOR SENDS ROCKS FLYING DOWN MOUNTAINSIDE

Everett, Wash., July 17.—An earth tremor was felt Sunday in the vicinity of Barrington in the mountainous northeastern section of this county, following three other shocks felt Saturday afternoon.

When this picture was taken in a basement room of a Constantinople refugee camp there were only eight survivors of the twenty families who went into the room a month before. The two children in left foreground both died within a week of malnutrition. Picture shows Miss Pauline Allen, American director of camps.

VACATION DREAMS ARE IN THE AIR

You feel like kings and queens.

Two weeks of freedom are due, with enough money to pay all charges—more than enough if you spend it well.

The advertisements in your daily newspaper at this season offer the best vacation goods at special prices. Read carefully and choose wisely.

And the vacationist who studies the holiday season advertising before he buys his outfit comes back with enough cash for a taxi-ride home.

And the buyer who follows the advertisements every day of the year is the best fed, best dressed and best satisfied individual in the community.

B. C. CAN STOP LIQUOR EXPORT, GREEN DECLARES

Has Same Powers As Quebec, Where There Are No Export Houses, He Says

The British Columbia Government can immediately stop the operation of liquor export houses, said to be the base of extensive bootlegging operations, according to Senator R. F. Green, who returned to Victoria yesterday after the recent session at Ottawa.

"If the British Columbia Government honestly wants to abolish the export liquor houses and the bootlegging that is said to accompany their operations there is nothing to prevent the Government from carrying out its wish," the Senator declared. This, he said, was the attitude of the Senate when it refused to pass an amendment to the Canada Temperance Act, framed to prevent the private importation of liquor into this Province and so to stop exporting.

Quebec, Senator Green said, has no more authority than British Columbia in connection with liquor export, and yet there is not a single export house in the Eastern province.

Senator Green defended the action of the Senate on soldier pension bills, asserting that amendments made to these measures would be beneficial to soldiers and would save the country much money.

He called the Government's plans for extending the Canadian National Railways at various points a pork-barrel scheme brought down as a railway programme instead of in the usual estimates.

If the Government had proposed these extensions in such a way that each individual project could be considered, instead of laying the whole programme before Parliament, and asking it to approve the plan, some of the extensions might have been endorsed, he said.

GARIBALDI'S WIDOW.

Cagliari, Italy, July 17.—Francesca Garibaldi, 75, widow of Italy's great hero, is dead here.

EMBARGO WOULD BE SERIOUS BLOW

New York Tribune Joins Chorus On Pulpwood Withdrawal Fears

New York, July 17.—Pointing out that Canada exported nearly 1,000,000 tons of free old pulpwood to the United States in 1922, approximately the half amount used in this country, the Tribune to-day editorially declares the withdrawal of this supply would be a serious blow to United States paper manufacturers and asserts the state department would be justified in asking the King administration to go slow in laying the embargo on the House of Commons has authorized.

Continuing the Tribune says: "Delay for some years would be an act of credit to Canada's part. But greater economic co-operation should be constantly aimed at. Canada and the United States are neighbors who can well afford to live together on terms of commercial and industrial accord."

MRS. THERESA SMALL DENIES INTENTION TO FINANCE THEATRES

Toronto, July 17.—Mrs. Theresa Small, wife of A. J. Small, missing theatrical magnate, last night described as incorrect the report from Montreal that she had made an offer to finance the trans-Canada Theatres, Limited, to prevent its liquidation and had stipulated that \$40,000 be spent in renovating the Grand Opera House here.

REFUGEES ATTEND REQUIEM SERVICES IN SAN FRANCISCO

San Francisco, July 17.—Requiem services in commemoration of the fifth anniversary of the killing of the czar and other members of the Russian Royal Family by the revolutionists, were held in the Russian Orthodox Cathedral here yesterday.

NEWS AND NOTES FROM THE MINES

Trail Shipments. Shipments from the Mountain Chief, New Denver, and the Granite, Tachum—the first of the year in each case—feature the weekly ore statement from the Consolidated Mining & Smelting Company of Canada.

The receipts at the Trail smelter for the first week of June being 9,758 tons of ore and concentrates. The total receipts for the year, to date, are thus brought up to 240,220 tons.

The week's receipts are made up of: Alameda Mill, Alameda, 17; Beaverdell, 43; Boson, New Denver, 25; Granite, Tachum, 3; Hercules, Burke, Idaho, 11; Knob Hill, Republic, Wash., 34; Mountain Chief, New Denver, lead 7, zinc 21; Monitor, Three Forks, 15; Quillip, Republic, 54; Ruth, Sandon, 48; Silver-smith, Sandon, lead 84, zinc 69; Van Rai, Silverton, 47; company mines, 9,103.

Good Ore on Cultus Creek. According to reports reaching Vancouver from the interior, a strike of good ore on the Iva Fern group, on Cultus Creek, has been made.

This property is owned in Spokane. The strike was made at a point in the workings 600 feet from the portal of the tunnel and at a depth in excess of 200 feet. A representative of the company will inspect the conditions in the near future.

An expenditure of \$30,000 was made on the property by the Consolidated Mining and Smelting Company, but operations were suspended and the bond relinquished two years ago when conditions became depressed in the mining industry.

CEREAL CROPS IN EUROPE FAVORABLE

Italy Shows Increase in Production of Wheat and Barley

Ottawa, July 17.—A cable received from the International Institute of Agriculture at Rome gives the following official crop estimates: The production of wheat in Italy is 199,150,000 bushels against 160,570,000 in 1922 and 192,838,000 in 1921; in Switzerland 5,034,000 against 3,771,000 and 5,238,000; in Algeria 2,877,000 against 18,233,000 and 23,764,000.

The production of barley in Italy is 10,105,000 bushels, against 7,578,000 last year; in Algeria 44,257,000 bushels against 19,505,000. The condition of the cereal crops elsewhere in Europe is generally favorable.

YOUNG FASCISTI WAR ON CATHOLICS

Leaders Frown On Demonstration of Youthful Supporters of Mussolini

Florence, Italy, July 17.—(Associated Press)—A group of youths after ringing the bells of several churches to call the people together, and shouting "Long live Mussolini," "Down with Parliamentarism," and "Down with the Catholics," proceeded to destroy Catholic headquarters yesterday. Thousands of copies of Catholic newspapers were burned by the mob.

The Fascist authorities rushed to the scene to put down the demonstration which it was declared was not approved of by the Fascist leaders. The Fascist official, Tamburini, expressed the belief that the demonstration was organized by non-Fascist elements. He found one of the Fascists among the demonstrators and clubbed him so severely he had to be taken to a hospital.

Yesterday afternoon there was another demonstration, during which the crowd again cheered Mussolini. There also were shouts of "Down with Parliament."

The Mayor of the city delivered a speech in which he praised the patriotic feeling of the people, but condemned unnecessary violence. Later the mayor visited Cardinal Mistrangelo, Archbishop of Florence, and expressed his regret for the attack on the Catholic headquarters.

Signor Mussolini has telegraphed the authorities ordering the immediate arrest of those persons responsible for the attack on the Catholic institutions.

"The Fascist," the telegram said in part, "has offered too many proofs of its profound respect for the Catholic faith to have its flag stained by such a deplorable action."

Yesterday a Socialist representative was overtaken at the station as he was about to take the train for Milan and was hissed and then clubbed.

EUREKA-VICTORIA MINE NEAR HOPE IS NOW WORKING AGAIN

Vancouver, July 17.—British Columbia's first metalliferous mine is again working. More than half a century has passed since a series of romantic misadventures resulted in the closing down of Eureka-Victoria, a silver property near Hope. To-day half a dozen men are working in the old tunnel where, before Confederation, tools were downed.

GERMAN PRINTERS WORK DAY AND NIGHT TURNING OUT MARKS

Berlin, July 17.—Forty-one German printing plants, working day and night, disgorged 17,568,813,142 marks' worth of fresh paper money every hour during the first week in July, according to figures available to-day.

The total paper currency circulation of July 7 was 20,241,782,966,000 marks, an increase of 2,956,721,615,000

STORE CLOSES TO-MORROW AT ONE O'CLOCK

Leader Will Revive Twelve-Mile Limit Bill If Treaty Fails

GEORGE E. MCCROSSAN ACCUSED OF SEDITION

Vancouver, July 17.—George E. McCrossan, corporation counsel, was accused of "sedition" in a letter presented to the City Council yesterday afternoon, by C. W. Sawers. The letter was the outcome of recent anti-diplomatic relations of Canada and Great Britain. The aldermen decided to file the communication.

THREE PERSONS DIE IN TRAIN SMASH

Three Baggage Cars On Los Angeles-Salt Lake Road Jump Rails

Salt Lake City, July 17.—Three persons were killed and ten injured, several seriously, when the locomotive and three baggage cars of train No. 3 of the Los Angeles and Salt Lake Road, were derailed and overturned three miles west of Sandy Sunday morning.

HEAD-FIX FOR Sick and Nervous Headaches

Headache and neuralgia and nervousness cured. NO OPiates or NERVOUS DRUGS. Just what your physician might prescribe to cure you.

SINGAPORE BASE PLANS NOT MADE PUBLIC

London, July 17.—The proposed extra facilities at the British naval base in Singapore were not made known to other nations represented at the Washington armament conference, and there is no reason why they should have been, questioners were told in the House yesterday by Lieutenant-Commander L. S. Amery, First Lord of the Admiralty.

THE TIMES DAILY PICTURE PAGE

OBJECTS FOUND IN TUT'S TOMB RESTORED—1. Rush-work basket similar in make to modern work in Egypt with dom-nuts as originally found. 2. The carved cedar wood head-rest of the king bearing "Thoueris" device. 3. The profile view of a magnificent portrait "Shawabti" figure of the

king in wood with inlaid inscriptions, gilt head-dress collar and insignia. (Note the protective emblem of Upper and Lower Egypt—"Nekhet" and "Wadjet"—on his forehead). Face is beautifully painted in flesh color, but unfortunately has suffered the havoc of time. 4. Two sistras (religious musical instruments) made in wood and bronze gilt. They ring as true to-day as when first made.

BUT DON'T TEAR HER AWAY!—Bathers at some of the Eastern beaches are being treated these days to a novelty. Several girls, one shown above, have appeared in paper bathing suits, paper socks, paper umbrellas and paper flowers. They even went into the water, and the suits didn't melt away.

BLIZZARD IN NEW YORK—Yep! Snow for Mr. Polar Bear! And right in New York City. But it was last winter that this "hot weather" photo was taken. It's a good way to keep cool, however. Just turn your mind back six months.

HE'LL BE HOME FOR DINNER NOW—John Muirhead, 11, of Long Beach, Calif., can't resist a train whistle's call. He's run away from home just forty-four times in his young life. So his parents are trying to hold him down with shackles. If he does get away they figure it won't be hard for policemen to identify him—that is if the chain will hold.

DEFIES CHURCH—Rev. Henry Van Dyke, former United States minister to the Netherlands and Luxembourg, writer and English professor, says he will have no quarrel with Presbyterian churchmen if they request his resignation for his recent utterances in which he refused to condemn the theory of evolution. He also is opposed to any new tests of orthodoxy and any attempt to impose a "wine abstinence pledge" upon all communicants.

MRS. JOSEPH GANDIER—Mother of Lady Falconer and Rev. Alfred Gandier, moderator of the Presbyterian General Assembly and principal of Knox College, who died at her home, Newburgh, Ont., on Friday, in her 85th year.

DR. F. W. MERCHANT—Who has been appointed by the government as Director-General of Education in Ontario. He will have classes of schools in the Province. Dr. Merchant has recently been in England on special educational work.

GUIDES THE RUDDER—This device is the ship's mechanical helmsman, automatically steering a vessel on its course once the gyro-pilot is set. Photo shows this mechanism on the first merchantman thus equipped in the run from New York to Los Angeles.

REV. FRED THOMPSON DOING A MOVIE STUNT—While many clergymen view the movie audience, or openly denounce it as a demoralizing influence, the Rev. Fred Thompson has forsaken the pulpit for actor's makeup because he regards the screen as a great channel of ministry. Sleepy congregations and the hamper of church formality, he says, sent him to the films, where, in his vigorous idiom, he is "operating as a plainclothes man in the interests of Christianity." Thompson—he doesn't care much for the "Rev." although he's entitled to it—was a famous Princeton college athlete before he donned the cloth, as pastor of Memorial Chapel in Washington, D. C.

SCHOOL DAYS By DWIG

LORETTO ABBEY—One of the fine buildings of Ontario, which is to be sold. It has stood on Front Street in Toronto since 1865, as the home of the Sisters of Loretto, and hundreds of young ladies have received their education here. A new site has been secured for the abbey in North Toronto, to which it will be removed.

JOSEPH DORRICOTT, who after 56 years of service as an engineer on the C. P. R., during which he drove everything from a wood-burner to gigantic Atlantic and Pacific locomotive, has just been pensioned off.

WORLD'S GREATEST DAIRY COW—In the picture above is shown Dekol Plus Segis Dixie, a Holstein cow, owned by Donat Raymond, of the Raymondale farms, Vaudreuil, Quebec, which in one year yielded 33,477.3 pounds of milk, which is equal to 1,685.5 pounds of butter. According to Dr. Hastings, medical health officer of Toronto, this cow has produced a sufficient amount of milk and butter-fat to provide all the nourishment required by ninety babies for one year.

BREATH OF OLD HOLLAND—No, they're not the Hansel and Gretel of the fairy tale, but Hansel and Gretel of real life. They're on an errand along the canal at Volendam, in the famed country of windmills and dykes.

HOW UNIVERSITY SCHOOL WILL BE ORGANIZED SHORTLY

Special Attention Will Be Given to Modern Languages

Following the example of some of the best residential schools, both in Great Britain and the United States, the University School in Victoria will make some changes in its courses. Dr. MacRae announces that there will be elementary, junior and senior departments. In the first two courses boys will be taught and trained in the subjects that belong to classes of younger boys. These lads will be thoroughly educated in English including history, geography, in reading, writing, arithmetic and physical drill. The other subjects, nature study, drawing, singing, will receive their fair measure of attention, but nothing will be permitted to interfere with the fundamentals. Many things can afford to wait, unless and until a boy has a thorough grounding in English and the three R's. In the senior department there will

CITY CONSTABLE IS SUSPENDED

Police Board Acts Following Gorge Road Accident

Two months' suspension without pay was meted out to Constable George Walton, of the Victoria force by the City Police Board last night. The decree of the board was promulgated at the conclusion of an investigation in camera into the accident on the Gorge Road when Mrs. V. Loraine, Dupplin Road, received severe injuries on Wednesday. In announcing the decision of the Board, Mayor Hayward pointed to the previous exemplary character of the officer who had served over ten years in the navy and four in the army without a blot on his good conduct sheet. The restriction of the Board was made retroactive to the date of the accident.

Boulevard Unnecessary. A suggestion that the boulevards adjacent to the southwest corner of Menzies and Belleville streets be eliminated, and the road widened there by the consequent six feet was advanced by Chief Fry to the Board. The Board expressed itself as alive to the necessity for having better traffic facilities at such an important junction, and took the matter under advisement. The opinion of the city solicitor on the rights of property holders who have paid improvement taxes at that point will be sought, it was intimated.

MUNICIPALITIES PLAN CONVENTION

Good Roads League Meeting Will Not Go to Prince Rupert

Officials are making progress for the annual convention of the Union of British Columbia Municipalities, to be held at Prince Rupert this Fall. A. W. Gray, secretary, is conferring with the president, ex-Mayor McHardy, of Nelson, on the question of the date. Alternative dates are suggested, namely, Aug. 20 to 24, Aug. 27 to 31, and Sept. 17 to 22. The August date appear to be the more favored, judging from the secretary's correspondence with the municipalities. It has been customary for the Good Roads League to hold its annual convention at the same place as the U.B.C.M. many of the good roads men being also delegates to the latter. On this occasion, however, arrangements are being made to hold the roads convention in Vancouver immediately prior to the departure for Prince Rupert of U.B.C.M. delegates. The Prince Rupert boat sails from Vancouver at midnight on the Monday, arrives at the northern city in the afternoon of Wednesday, and on its return trip sails from Prince Rupert at midnight on Thursday. This will give the U.B.C.M. half of Wednesday and all of Thursday for the transaction of business, a period that may suffice but would certainly leave no time for a good roads convention. Hence the decision to stage the latter affair in Vancouver on the Monday, where the U.B.C.M. delegates will gather for their departure. H. Frank, secretary of the Good Roads League, has had favorable replies to the enquiry sent out to municipal councils, boards of trade, automobile associations and good roads branches, proposing Vancouver as the place of the good roads convention, and there will likely be a full representation at what will be the sixth annual meeting of the league. Municipal councils have shown their approval by voting the customary fee—Victoria for the first time voting \$75.

2 MORE WOMEN JOIN THE ARMY

Of Those Who Have Been Restored to Health by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis.—"I had a bad pain in my left side and I could not lift anything heavy without having a headache. I tried different things. Then I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers and began taking it as the directions said. I feel very good now and can do all my work. I recommend the Vegetable Compound to all my friends, and you can use my personal letter." **HATTIE WARREN, 570 Garden St., Milwaukee, Wisconsin.**

Gained in Every Way
Buffalo, N. Y.—"I had some female troubles that just run my health down so that I lost my appetite and felt miserable all the time. I could not lift anything heavy, and a little extra work some days would put me in bed. A friend had told me to try Lydia E. Pinkham's Vegetable Compound and I gained in every way, could do better and felt stronger. I had found nothing before this that did me so much good." **Mrs. J. GRACE, 261 Weitz Avenue, Buffalo, N. Y.**

FUNERALS OF THREE PIONEERS DRAW MANY OLD-TIMERS

Yesterday will be a sad memorial in the minds of a large proportion of Victoria's old-time families, through the performance on this date of the obsequies of no fewer than three of its pioneer residents.

The last sad rites for David Russell Ker, who was so closely bound with the business life of the city and connected by his marriage to Miss Heisteman with another prominent family, took place at 2 o'clock, when, after a private service at the home, an impressive service was conducted at St. John's Anglican Church, by Rev. F. A. P. Chagwick, assisted by Rev. H. T. Archibald, who represented the Bishop of Columbia. Rev. P. H. Fatt. The service at the church was attended by a very large gathering of friends and was fully choral. Dr. R. Jennings Burnett presiding at the organ. The hymns sung were "Jesus, Lover of My Soul" and "Abide With Me," with the 90th Psalm. The employees of the Brackman-Ker Milling Co. attended in a body. At the close of the service the cortege, flowers in profusion on the casket and on following motor cars, wound its way to Ross Bay Cemetery where interment was made in the family plot. The pall bearers were: Honorary Senator G. H. Barnard, Captain J. W. Troup, and Messrs. J. R. Anderson, E. E. Blackwood, F. Nation, F. B. Pemberton, W. E. Robertson and J. E. Wilson. The active pallbearers were as follows: Messrs. F. A. Galbraith, F. H. Gibbs, H. A. Leigh, A. Miller, H. N. Rich and H. Streight.

Mr. Fraser's Funeral. Later in the afternoon the remains of Alexander McDonald Black Fraser, prominent in the life of Victoria for over thirty years, were laid to rest. Services were conducted at the family residence, 1224 Balmoral Road, at 9:45 o'clock by Rev. Dr. Leslie Clay and Rev. Joseph McCoy pastor of interment in the family plot at Ross Bay Cemetery. There was a large attendance of friends. "I Heard the Voice of Jesus Say" was the selected hymn. The pallbearers were as follows: L. U. Conners, J. A. McIntosh, Arthur Lee, D. D. Muir, B. C. Nicholas, F. E. Winslow, D. Miller and Dr. Lewis Hall.

Funeral of Mr. John. The funeral cortege of the late James A. John, of Saanich, a widely known and highly respected pioneer resident for fifty years past, left the R. C. Funeral Chapel at 1:30 after a short service, and reached Holy Trinity Church, North Saanich, about 3 o'clock, where Rev. T. M. Hughes officiated. Interment was made in Holy Trinity Cemetery. Two hymns, "Abide With Me" and "Jesus, Lover of My Soul," were sung; Mrs. Deacon presided at the organ. The large number of beautiful floral tributes to the memory of Mr. John, bore testimony to the great esteem in which he was held in the community. The following acted as pallbearers: H. Brethour, W. Armstrong, A. Munro, T. R. Smith, R. Bryce and E. J. Wall.

WOULD PRESERVE TIMBER ON HIGHWAY

Resolutions From Courtenay-Comox Board of Trade

The Courtenay-Comox Board of Trade will submit the accompanying resolutions to the annual meeting of the Associated Boards of Trade of Vancouver Island, to be held at Nanaimo next month: **Timber on Island Highway.** "That this meeting of the Associated Boards of Trade of Vancouver Island deplores the past policy of permitting logging concerns to obliterate all the virgin forest adjacent to the Island Highway, so that now from Victoria to Campbell River, a distance of nearly two hundred miles, there does not remain a single tract of timber; and that, in view of the ever-increasing number of tourists making use of the Island Highway, the government be urged to at once take steps to preserve what little timber is left, in particular at Oyster River and the approach to Strathcona Park from Campbell River."

Road into Strathcona Park. "Whereas considerable sums of money have been spent with the intention of making Strathcona Park accessible to the public, but for the want of a comparatively small further expenditure the road has never been completed, so that at present there is a break of two to three miles beyond Campbell River, and the road beyond there into Buttles Lake useless and all the money expended there unproductive, he resolved that this meeting urge on the provincial government the immediate completion of this road, and also putting into proper repair the existing roadway between Lower Campbell Lake into Buttles Lake."

Indian Reserves and Parks. "That this meeting of the Associated Board of Trade of Vancouver Island is of the opinion and urges upon the provincial government the desirability of turning into public parks a substantial portion of all Indian reserves surrendered by the Federal government, and that the interest of the provincial government in all such reserves be devoted to that purpose."

MIRAGE DEFLECTS RANGE ACCURACY

Artillerymen Have Difficulty With Targets, Shooting From Macaulay Pt.

A mirage, which has caused considerable inconvenience, has been detected by the regular troops in camp in connection with the annual training of the Fifth Regiment. Lieut.-Col. F. A. Robertson, Officer Commanding the regiment, attributes this to the fact that the camp was held in the month of July instead of in June, and that certain atmospheric conditions have arisen at this time of year which are missing in the earlier Summer. The tests which have been in progress have been to determine the standing of the regiment in the annual competitions of the Canadian Artillery Association. These are two in number; one, gunnery practice and second in importance, the target companies in training, Nos. 1 and 2 are exceedingly anxious to win a double first, and thereby secure the Governor-General's Cup. Each series carries 500 marks, and the tests are judged by officers of the permanent force. The two companies in camp are in command of Lieut.-Col. J. C. Harris, O. C. No. 2, and Major Fitzpatrick Crockett, O. C. of No. 1 Company. There are about sixty men in camp and it is planned to conclude the training by tomorrow night. The public will be cordially welcomed, said Colonel Robertson, to the practice of the six-inch gun at Fort Macaulay this evening. Tests have already been made with the quick-firing guns at Black Rock. "In camp this year," said Colonel Robertson, "every man is a specialist, and while our numbers may not be large, the efficiency of the personnel is exceptional."

HERE TO DISCUSS CO-OPERATION IN MINING WORK

(Continued from page 1.)

work, and left the development of the economic application of the discoveries to the geologists employed by the provincial authorities.

Many Men Engaged. The Survey has nearly as many parties in the field as in pre-war days, the Deputy Minister said. In order to cope with the new mining development in the Yukon and Ontario the Survey has a larger number of men in the field than at any previous occasion. In speaking of the work in British Columbia, Dr. Camsell stated that Professor D. Jenness, who accompanied the Stefansson Expedition as ethnologist, and who has since been engaged classifying the remarkable collection made by the expedition—of Arctic fauna and flora—will be engaged this Winter in the Hazelton district, examining the customs of the Indians of that section. Dr. Harlan Smith is again in the Bella Coola district, continuing his archaeological investigation. In British Columbia and the Yukon Dr. Camsell said, there were eleven parties at present in the field examining the geological formation of the country, while two topographical surveys were also being conducted, one in the Kootenay Park district, and the other in the Babine Range district. Then another geological party was making an examination of the bentonite deposits of Alberta and Eastern British Columbia. Bentonite is a

Jenness, who accompanied the Stefansson Expedition as ethnologist, and who has since been engaged classifying the remarkable collection made by the expedition—of Arctic fauna and flora—will be engaged this Winter in the Hazelton district, examining the customs of the Indians of that section.

A Remarkable Career. Dr. Camsell, who was formerly in charge of the Vancouver office of the Geological Survey, has had one of the most romantic of careers in the official of the Department of Mines. Son of a Hudson's Bay factor Dr. Camsell has been "jack of all trades" in the wilderness, and has written extensively on unexplored parts of Canada. Before becoming permanently attached to the department he was engaged for the Geological Survey, being formally associated with it 1904. Few men have seen more of the great waterways of the North. He is a member both of the Royal Geographical Society and the National Geographic Society of America.

The New Eveready Unit Cells

For All Tubular Flashlights -they Last Longer

Long-Lived Eveready Batteries with New Convenience

IT'S now easier to keep a reserve supply of Eveready Batteries on hand for tubular flashlights. The new Eveready Unit Cells are made in two sizes only—one or other fits every style of tubular flashlight.

Get an extra set to-day and keep them in a convenient place. Then, when your present battery is used up, your Eveready flashlight need never know a "lifeless" moment.
