CHASE

NURSERY
COMPANY

(Incorporated)

CHASE, ALABAMA

OUR 28th YEAR

HENRY B. CHASE

President

ROBERT C. CHASE

Secretary-Treasurer

Chase, Ala.,
Sept. 20, 1918.

To the Trade:—

This time our Annual Trade List is different,—reduced to 24 pages of solid matter, covering only nursery stock.

Supplies are cut out of this list because of the difficulty of illustrating and describing them properly in a 4½x8½ catalog.

Our complete Supply Catalog, size 6x9, showing Nurserymen's Supplies only, has been mailed you, and will, we hope, find a place, together with this, in that "handy spot" on or about your desk, where you can get to them quick. Both have the Chase Golden Rod covers you know.

We are here to serve you promptly, smilingly, decently,

Thankfully yours,

SPECIAL NOTICE—This list is intended for the **TRADE ONLY**. If it reaches people **NOT** entitled to **Trade Prices**, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected. We do not employ agents. We do not pack dealers' orders on our grounds, and do not authorize dealers to use our name.

TERMS AND CONDITIONS

SHIPMENTS

Please state how you want your shipments made, whether by freight or express; also route. Where no instructions are given, we will ship as we think best serves your interests without assuming responsibility.

The risk and cost of transportation belong to purchaser.

CREDIT

Usual terms to parties of known responsibility. We will not accept orders until we believe the buyer is good for the account. Cash before shipment required from parties unknown to us, or references with sufficient time for investigation before shipment.

PRICES

We quote prices per 10, per 100, and per 1,000, as our stock warrants, and will supply nurserymen and dealers at prices named regardless of the size of the order, except in cases of long assorted lists of small quantities, when an additional charge will be made to cover the extra labor involved. Prices are subject to market changes.

GRADES

We grade liberally by caliper and height. When both are specified, caliper measure governs, but we are careful to see that stock is uniform throughout. Our rule is: "When in doubt, put it in the lower grade."

All stock is graded and bunched in our storage houses, where we have water in abundance. Stock is handled from field to these buildings under large tarpaulins and roots kept moist until boxed.

BUNCHING

Fruit Trees, 1 to 2, 2 to 3, and 3 to 4 feet, are tied 25 to the bunch; all larger grades, 10 to the bunch. Please make your orders in multiples of these quantities.

LIABILITY AND CLAIMS

We are not liable for injury to stock from frost, hail, fire, or other causes beyond our control, and book all orders with this understanding. While we use every means at our command to secure prompt delivery, we are not liable for delays in transit; our responsibility ends upon delivery in good order to railway company. Remedy for loss must lie between the buyer and the railway company, but we will gladly render all the aid we can. Any other claims must be made immediately after receipt of stock.

NON-WARRANTY CLAUSE

We give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any nursery stock, seeds, bulbs or plants we sell.

SUBSTITUTION

We do not substitute unless instructed to do so, and then label true to name.

CODE WORDS—TELEGRAPHIC ORDERS

When more than one grade is listed, a code word is used. Much expense can be saved in telegraphic orders by using these code words in connection with Nurserymen's Telegraphic Code, a copy of which we will mail upon request.

BOXING

Charges as low as possible for well-made boxes, paper-lined:

30x30 in. heads, 7½ to 10 ft. in length.....	\$5.00
24x30 in. heads, 7½ to 10 ft. in length.....	4.50
24x24 in. heads, 7½ to 10 ft. in length.....	4.00
18x24 in. heads, 7½ to 10 ft. in length.....	3.50
18x18 in. heads, 7½ to 10 ft. in length.....	3.25
15x15 in. heads, 7½ to 10 ft. in length.....	2.50
12x12 in. heads, 7½ to 10 ft. in length.....	2.00

On orders for roses, small fruits, etc., we can frequently use dry goods cases or shoe boxes at lower cost, and shall endeavor at all times to make lowest possible charges.

Bales, 25 cents to \$1.50, according to size.

REFERENCE

For those who do not know us we refer to any bank or business house in Huntsville, Alabama, the Commercial Agencies, and the leading nurserymen of the United States.

NOTICE

Your particular attention is called to the clause "Liability and Claims" on page two. Our country is at war, transportation problems the greatest in history, and delays may be expected. All our sales are made on cars at shipping point, our responsibility ending when we get carrier's receipt for shipment in good order; we do not guarantee delivery. All claims for delayed or damaged shipments must be filed by purchaser with the delivering express or freight agent.

CONIFERS

All Evergreens have been transplanted twice, many of them several times. Where varieties are marked with a star the price includes balling and burlapping, as in our judgment these should not be banded without ball. Where the star is not shown the price is understood to be for plants with puddled roots. If wanted balled and burlapped there will be an additional charge as follows:

Plants under 2 ft.....	7c each
2 to 3 ft.....	10c each

CERTIFICATE AND FUMIGATION

Entomologist's Certificate of Inspection will accompany all shipments unless we are otherwise instructed.

When State laws do not require certificates we can ship under plain tag if desired.

We are prepared to fumigate with Hydrocyanic Acid Gas, and will do so when requested, or where State laws require it.
