WHO IS HERE?

We successfully finished two of our major projects, Wikispeech (a text-to-speech solution for MediaWiki which will make it easier for people that have a hard time reading accessing our material) and Connected Open Heritage.

We put focus on the gender gap.

Wikimania will be held in Stockholm in 2019!

3 MILESTONES IN THE PAST 12 MONTHS

We had to reduce staff at the end of 2017 and aim to rebuild our capacity when we have secured enough external grants or increased our donor base.
